The copy filmed here has been reproduced thanks to the generosity of:

National Library of Canada

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol ➡ (meaning "CONTINUED"), or the symbol ▼ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Bibliothèque nationale du Canada

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole ➡ signifie "A SUIVRE", le symbole ▼ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

Explanation of the Articles in the Calendar.

The pages are calculated for Toronto, Quebec, Fredericton and Halifax, and for ordinary purposes will serve with sufficient accuracy for every city in the Dominion of Canada.

The times of the SUN'S RISING AND SETTING are given for the upper limb, and are corrected for refraction for Toronto, Quebec, Fredericton, Halifax and Fort Garry.

The civil times both for the rising and setting of the Moon's centre are given for every day for Toronto, Quebec, Fredericton, Halifax and Fort Garry.

The column, SUN ON MERIDIAN, gives the time that a watch should show when the shadow of a sun dial is on the noon mark.

MOON'S AGE.—This column shows to the nearest tenth of a day the Moon's age at Toronto, noon.

The column, MOON ON THE MERIDIAN, gives the mean time at which the Moon's centre passes the meridian of longitude 4h. 46m. W. When in the column headed Moon's rising or setting, or Moon on meridian, the letters A.M. occur, unaccompanied by any number, they denote that the numbers given for the succeeding days relate to the morning, and those for the preceding days to the afternoon, and that the Moon does not rise or set or cross the meridian (as the case may be) on that day.

The MOON'S MERIDIAN ZENITH DISTANCES are given to the nearest tenth of a degree for a point in latitude 45° and longitude 4h. 46m. W. They are not corrected for parallax or refraction.

The column, UPPER TRANSIT OF POLE STAR, shows for every day the mean time at which the Pole Star makes its upper transit across the meridian of longitude 4h. 46m. W. It passes the meridian in the morning from April 10 to October 9. It passes the meridian twice on October 9; and in the afternoon during the rest of the year.

The time at which the lower transit of the Pole Star occurs may be found by adding 11h. 58m. 2s. to the time of the preceding upper transit.

The six last columns will serve with sufficient accuracy for the whole of Canada.

From the time of the upper transit of the Pole Star may be found the time of its greatest western or eastern elongation, by adding or subtracting the constants given in the annexed Table.

Latitude	42°	43°	44°	45°	46°	47°	48°	49°	50°
Constant	h m s	h m s	h m s	h m s	h m s	h m s	h m s	h m s	h m s

	-1.8	-1.8	-1.8	-2.0	-2.0	-2.0	-2.2	-2.3	

MOON'S PHASES.—This Table gives the times for the four meridians when the Moon passes the geocentric longitudes of 0°, 90°, 180°, and 270° east of the sun. It gives also the times of her greatest and least distance from the earth.

Twilight.—In this Table are given the times at which twilight begins in the morning and ends in the evening, i.e., the times when the Sun's centre is 18° below the horizon.

GREATEST ELONGATION OF THE POLE STAR.—This column gives the greatest azimuth of the Pole Star east or west from the meridian as observed at a place in latitude 45°. When the greatest elongation corresponding to any other latitude is required, the number given in the column should be corrected by means of the following Table.

Latitude	42°	43°	44°	45°	46°	47°	48°	49°	50°
1st Correction for Degrees.....	-5' 38"	-3' 51"	-1' 50"	0' 00"	+ 2' 4"	+ 4' 18"	+ 6' 35"	+ 9' 2"	+ 11' 37"
2nd Correction for each minute of latitude	+ 1".8	+ 1".9	+ 2".0	+ 2".1	+ 2".2	+ 2".3	+ 2".4	+ 2".6	+ 2".7

The 1st correction for the degrees of latitude is to be subtracted from the greatest elongation given in the calendar or added to it, according as the degrees of latitude are less or greater than 45°.

The 2nd correction, which is always additive, is found by multiplying the number given in the third line of the Table by the number of minutes in the latitude.

Thus for latitude 45° 20'... 1st correction = -3' 51" 2nd correction $+1.9 \times 20 = +0' 38''$
 " " 47° 40'... " = -4' 16" " " $+2.3 \times 40 = +1' 32''$
 " " 45° 10'... " = -0' 0" " " $+2.1 \times 10 = +0' 21''$

THE PLANETS.—The times of rising and setting of the five chief planets are calculated for Toronto, and are corrected for refraction. The times of culmination, although computed for the meridian of Toronto, will serve approximately for the whole of Canada. The meridian zenith distances, being designed merely to aid in finding the planets, have been given only to the nearest tenth of a degree, as seen from the latitude of 45°.

Star Table.

From the times of the upper transit of the Pole Star may be derived, with the aid of the following Table, the times of culmination, and of the rising and setting of the principal fixed stars, as seen from the parallel of 45° north latitude.

To ascertain when any star found in the following Table will be on the meridian, add the number in the left-hand column of figures to the preceding meridian transit of the pole star given in the calendar. To find the time of rising of a star, subtract the number opposite to it in the right-hand column of figures from the time of its meridian passage. For the setting of a star, add the same number to the time of its meridian passage. Those stars marked (....) revolve in a circle of perpetual apparition, and do not rise or set at places in and to the north of latitude 45°.

FISHERIES OF THE DOMINION.

It is very satisfactory to be enabled to state that the fisheries of Canada are still improving in their condition and yield. Their produce last year compares favourably with the returns of preceding years. The value in 1877 had reached \$12,020,957; and in 1878 it increased to \$13,215,678. There are no details of the catch in Manitoba and other portions of the North-West Territories, but it may be estimated at \$40,000. The increase over last year is \$1,225,721. This difference is principally in the Cod, Mackerel, Salmon, and Lobster Fisheries.

POSTAL INFORMATION.

LETTER RATES, ETC.

Canada.—Letters posted in Canada, addressed to any place within the Dominion (including Manitoba, British Columbia and Prince Edward Island), 3 cents per $\frac{1}{2}$ oz.; if unpaid, such letters cannot be forwarded, but will be sent to the Dead Letter Office. If liable to more than one rate of postage, and insufficiently prepaid, the letter will be forwarded to the destination and double the deficiency charged on delivery. Letters mailed at any office for delivery at or from the same office, are charged 1 cent each, and must be prepaid; otherwise they are sent to the Dead Letter Office.

Post Cards.—From any place in Canada to any other place in Canada or to the United States, 1 cent each. British and Foreign, 2 cents each.

United Kingdom.—Postage on Letters 5 cents per $\frac{1}{2}$ oz., whether by Canadian or New York Steamers. If sent unpaid, double postage will be charged.

Newfoundland.—Postage on Letters 5 cents per $\frac{1}{2}$ oz. Newspapers (see "Transient Newspapers"). Post Cards, 2 cents each. Prepayment necessary.

Bermuda (via Halifax or New York).—Letters 5 cents per $\frac{1}{2}$ oz. Newspapers 3 cents each. Printed matter 1 cent per 2 oz.

United States.—The rate on Letters to the United States is the same as in Canada, but must be prepaid.

REGISTRATION OF LETTERS.

Persons posting Letters containing value should be careful to require them to be Registered, and to obtain from the Postmaster a certificate of receipt for Registration.

The charge for Registration (use Registration Stamp), in addition to the Postage, is as follows, viz.:

On Letters to any other place in Canada or	
British North America	2 cents.
On Letters for the United States	5 "
On Letters for the United Kingdom	5 "
On Parcels, Patterns or Samples, in Canada ..	5 "
On Book Packets and Newspapers to United Kingdom	5 "

Both the Postage charge and Registration fee must in all cases be prepaid.

Registered Letter Stamps have been issued of the denominations of 2, 5 and 8 cents, which may be obtained at any Stamp Agency.

Registration is not an absolute guarantee against the miscarriage or loss of a Letter; but a Registered Letter can be traced where an Unregistered Letter can not, and the posting and delivery or non-delivery can be proven.

BOOK POST.

A Book Packet may contain any number of separate books, publications, works of literature or art, maps or prints, photographs, daguerreotypes, when not on glass, or in frames containing glass; any quantity of paper, vellum or parchment (to the exclusion of letters); and the books, maps, papers, &c., may be either written, printed or plain, or any mixture of the three; and may be either British, Colonial or Foreign. No package must exceed 5 lbs. in weight, nor must the size exceed two feet in length, or one foot in width or depth.

Book Packets must be open at both ends or both sides, and must not contain any letter or sealed inclosure.

The rate on Book Packets between any two places in Canada, and to Newfoundland and the United States, is 1 cent per 4 oz., which must be prepaid by Stamps.

PARCEL POST.

The charge on Parcels by the Parcel Post, which is limited to places within the Dominion, is 6 cents for every 4 oz., or fraction thereof (with 5 cents additional if Registered). No Letter must be inclosed; if any discovered, the amount paid will be forfeited, and the Parcel charged at unpaid Letter rates. No Parcel must exceed 5 lbs. in weight, and must be prepaid by Stamps.

Parcels cannot be transmitted by Post to any place beyond the limits of the Dominion of Canada, nor can any Parcel be forwarded to British Columbia or Manitoba via the United States, which exceeds in weight the limit of 2 lbs. 3 oz.

Eye glasses and spectacles may be sent by mail when properly put up and prepaid by Parcel Post.

MISCELLANEOUS MATTER.

Miscellaneous matter, described as under, may pass between places in the Dominion of Canada upon prepayment of a rate of 1 cent per 4 oz. The limit of weight is 4 lbs.

Under this head is comprised pamphlets, occasional publications, printed circulars, hand bills, book and newspaper manuscripts, printers' proof sheets, maps, drawings, engravings, photographs, when not on glass, sheet music, printed or written, deeds, insurance policies, &c.

This matter must be done up in covers, open at both ends or sides, or in such a manner as to be easily inspected by the Post Office authorities, and must contain no Letter or other communication to serve the purpose of a Letter.

TRANSIENT NEWSPAPERS.

Transient Newspapers.—that is to say, Canadian Newspapers posted otherwise than from the office of publication, and American or British papers posted or re-posted in Canada—must be prepaid if less than 1 oz., $\frac{1}{2}$ cent; if over 1 oz., 1 cent for every 4 oz., or fraction thereof, prepaid by postage stamp, or they cannot be forwarded—except only *British Newspapers* distributed to regular subscribers by Canadian Booksellers or News Agents; such papers pass free as they would do if received in the Canadian Packet Mails. Transient Newspapers to the United Kingdom, 2 cents per 4 oz. Must be prepaid.

PERIODICAL PUBLICATIONS.

The rate on all Periodicals, other than Newspapers, passing by mail in Canada, save such as may be addressed to or received from the United Kingdom, is 1 cent per 4 oz. weight of package containing Periodical matter, whether the package contains one or more numbers.

Any fraction of 4 oz. to be charged as a full rate.

Transient Periodical matter posted in Canada must, in all cases, be prepared by postage stamps.

Periodicals printed and published in Canada may be posted addressed to any place in the United Kingdom by Canadian Packet, on prepayment by postage stamp of 2 cents each number.

No package of periodicals can be sent through the Post if it exceeds 5 lbs. in weight.

PATTERNS AND SAMPLES WITHIN THE DOMINION.

Patterns and Samples of Merchandise and Goods for sale, not exceeding 24 oz. in weight, may be posted in Canada, to be forwarded to any place within the Dominion, on prepayment by postage stamp of a rate of 1 cent per 4 oz., under the following regulations:

If such rate be not fully prepaid by the stamps affixed, the packet to be rated with the deficient postage and a fine of 5 cents in addition.

Packages of Samples and Patterns, addressed to any place in Canada, may be registered on affixing thereto a registered letter stamp of the value of 5 cents in addition to the postage rate, and provided such packet be handed into the Post Office for registration.

Patterns or Samples must be sent in cover open at the ends, so as to be easy of examination. Samples, however, of seeds, drugs, &c., which cannot be sent in open covers, may be inclosed in bags of linen or such like material, fastened in such a manner that they may be readily opened; or in bags entirely closed, provided that they be transparent, so that the officers of the Post Office may be able to satisfy themselves as to the nature of the contents.

POST OFFICE SAVINGS BANK, CANADA.

Post Office Savings Banks in Ontario and Quebec are open daily for the receipt and repayment of deposits, during the ordinary hours of Post Office business.

The direct security of the Dominion is given by the Statute for all deposits made.

Any person may have a deposit account, and may deposit yearly any number of dollars, from \$1 up to \$300, or more with the permission of the Postmaster-General.

Deposits may be made by married women, and deposits so made, or made by women who shall afterwards marry, will be repaid to any such woman.

Deposits for children under 10 yrs. of age may be made—
Firstly—By a parent or friend as trustee for the child, in which case the deposits can be withdrawn by the trustee until the child shall attain the age of ten years, after which time repayment will be made only on the joint receipts of both trustee and child.

Secondly—In the child's own name—and, if so deposited, repayment will not be made until the child shall attain the age of ten years.

A depositor in any of the Savings Bank Post Offices may continue his deposits at any other of such offices, without notice or change of Pass Book, and can withdraw money at that Savings Bank Office which is most convenient to him.

Each depositor is supplied with a Pass Book, which is to be produced to the Postmaster every time the depositor pays in or withdraws money, and the sums

paid in or withdrawn are entered therein by the Postmaster receiving or paying the same.

Each depositor's account is kept in the Postmaster-General's office, in Ottawa, and in addition to the Postmaster's receipt in the Pass Book, a direct acknowledgment from the Postmaster-General for each sum paid in is sent to the depositor. If this acknowledgment does not reach the depositor within ten days from the date of his deposit, he must apply immediately to the Postmaster-General, by letter, being careful to give his address, and, if necessary, write again, because the Postmaster's receipt or entry in the Pass Book is not sufficient without the further receipt for the money from Ottawa.

Every depositor must send his book once a year, viz., on the anniversary of his first deposit, for comparison with the books of the Department, and for insertion of interest. The book will be returned to him by first mail. At no other time should a depositor suffer his book to be out of his own possession.

When a depositor wishes to withdraw money, he can do so by applying to the Postmaster-General, who will send him by return mail a cheque for the amount, payable at whatever Savings Bank Post Office the depositor may have named in his application.

Interest at the rate of 4 per cent. per annum is allowed on deposits, and the interest is added to the principal on the 30th June in each year.

In cities the Trustees are all appointed by the City Council, except where there is only one school in the county. The head master must be a graduate of a British or Colonial University, unless certified and appointed before 18th September, 1865. Besides fees, local rates to the extent of half the government grant must be raised for the master's salary. The grant is payable to those schools only which attain a certain standard, and is based on the average attendance of pupils in the prescribed studies. High Schools which have an average attendance of 60 male classical pupils, may be made Collegiate Institutes, and receive \$750 additional grant. An extra grant is provided for masters taking certain meteorological observations and giving scientific knowledge preparatory to military instruction. Pupils attending these schools are prepared for Matriculation in the Universities. There were 94 High Schools and 10 Collegiate Institutes, with 10,574 pupils, in Ontario in 1878. James A. The Judges reside at Ottawa, where the Supreme Court holds annually three Sessions, the first beginning on the third Tuesday in February; the second on the first Tues- day in May, and the third on the fourth Tuesday in Octo- ber. The Exchequer Court, presided over by the same Judges, possesses concurrent original jurisdiction in the Dominion in all cases in which it is sought to enforce any law relating to the revenue, and exclusive original jurisdiction in all cases in which demand is made or relief sought in respect of a suit or action of the Court of Ex- chequer on its revenue side against the Crown, or any officer of the Crown.

Hon. William Johnston Ritchie, Chief Justice.
Hon. Samuel Henry Strong, Puisne Judge.
Hon. Telephone Fournier, Puisne Judge.
Hon. William Alexander Henry, Puisne Judge.
Hon. Henri Eliezer Taschereau, Puisne Judge.
Hon. John Wellington Gwynne, Puisne Judge.

THE LAW SOCIETY OF ONTARIO.

The Law Society was first established in 1797, by the Act 37 Geo. III. c. 13, which enabled the then practitioners of the law to form themselves into a society and make rules for its government. By the Act of 1822, 2 Geo. IV. c. 5, "the Treasurer and Benchers of the Law Society" were formally incorporated; and under these and other statutes the Society has continued to be governed by a Board of Benchers, in the same manner as the various Law Societies of England. By Revised Statutes of Ontario,

c. 138, the Benchers theretofore appointed, from time to time, by their own body, are made, exclusive of *ex officio* members, elective by the Bar, the *ex officio* consisting of the Attorney-General of the Dominion for the time being, if a member of the Bar of Ontario, and all members of the Bar of Ontario who have at any time held the office of Attorney-General of the Dominion or of Ontario, or of Attorney or Solicitor-General of the former Province of Upper Canada, and any retired judge of the Superior Courts of Law or Equity of Ontario; the *elective*, thirty in number, being chosen by ballot, for a term of five years, by the members of the Bar, in manner prescribed by the Act. Vacancies during the term are filled by the remain- ing Benchers. The Judges of the Superior Courts are Visitors of the Society, and, on the first day of Easter Term, annually, the Benchers appoint one of their body to be Treasurer, who is also President of the Society. The benchers sit in Convocation every term for the call of Barristers, the admission of Attorneys and Solicitors to practice, and of Students to enter the Society, the fees paid by whom form the revenue of the Society. Osageo Hall appropriately named after the first Chief Justice, is the Ontario "Inn of Court," or headquarters of the Society, in which is provided accommodation for the Court of Appeal and Courts of Equity, and for the sittings in term of the Superior Courts; with a valuable and exten- sive library.

In respect to elections for the Local Legislature of Ontario, the Judges of the Court of Appeal and of the Superior Courts of Law and Equity meet annually in Michaelmas Term and severally select, by a majority of votes, a Judge of their respective Courts to be placed on the rota for the trial of election petitions. COURTS OF REVISION.—The County Judges hold annually Courts of final revision of the Assessment Rolls of each Municipality, being in the light of Courts of Appeal from the first Court of Revision held by the Municipality; and also Courts for the Revision of the Voters' Lists, being equivalent to the Courts held by Revising Barristers in England.

INSOLVENT DEBTORS' COURTS.—These Courts, which have reference to traders only, are regulated by the Act known as "the Insolvent Act of 1875," which consolidated and assimilated the practice in Bankruptcy and Insolvency in the several Provinces of the Dominion. The County Judges in the several Counties preside, and official assignees are nominated by the Governor in Council, and are officers of the Court having jurisdiction in the County or District for which they are appointed. An appeal lies to the Court of Appeal of Ontario.

Their jurisdiction extends to actions of debt or contract amounting to \$100; injuries or torts to personal chattels amounting to \$40; and personal actions to that amount, if not excepted from their jurisdiction; but not to actions for gambling debts, liquors drunk in a tavern, or notes of hand given therefor, ejectment, title to land, &c., or any toll, custom or franchise, will or settlement, malicious prosecution, libel, slander, crim. con., seduction or breach of promise, or actions against a J. P. for anything done by him in the execution of his office, if he objects to it. WM. NORRIS & SON,

8 ADELAIDE STREET EAST, TORONTO.

1880.

JOHN MACDONALD & CO.

ESTABLISHED 1849.

The large and spacious premises of the firm, enlarged, and extending from WELLINGTON to FRONT STREETS, are said to be

The Largest and Most Commodious in the Dominion.

The Turn-over in each Department is so large as to render a SPECIAL DEPARTMENTAL BUYER necessary.

An attractiveness is thus secured for each Department in the quality of Goods, as well as in the perfection of style, which would be simply impossible, were not the time, thought and attention of each Buyer given exclusively to his own Department.

THE STAPLE DEPARTMENT

IS ON THE

1st FLOOR.

It is no boastful language in claiming that it is the
LARGEST & FINEST STAPLE DEPARTMENT
IN THE DOMINION!!!

THE DRESS GOODS DEPARTMENT,
THE MANTLE DEPARTMENT,
THE HOSIERY & GLOVE DEPARTM'T,

ARE ON THE

2nd FLOOR.

These Departments exhibit immense growth every year.

1880.**JOHN MACDONALD & CO.**

ESTABLISHED 1849.

THE WOOLLEN DEPARTMENT

IS ON THE

3rd FLOOR.

And becomes every Season, in the extent of its Stock and character of the Styles, more important.

THE

Haberdashery and Fancy Goods Department

IS ON THE

4th FLOOR,

And is in extent and variety vastly larger than any Department of its kind in this Country.

THE CARPET DEPARTMENT

IS ON THE

SPECIAL MEDICINAL PREPARATIONS, &c.

PANCREATIC EMULSION.—MEDICINAL FOOD FOR CONSUMPTIVES.—

For persons suffering from CONSUMPTION and WASTING DISEASES, it takes precedence of Cod Liver Oil, and all Oily Emulsions. It is not only the necessary food for the Consumptive, but also the most reliable form of nutriment for counteracting the tendency to Phthisis, and other wasting diseases. It is agreeable to the taste, improves the appetite, and increases strength and weight.

PANCREATINE contributes essentially to the digestion and assimilation of food, while its peculiar agency in the digestion of fats and oils renders it specially valuable as an adjunct to Cod Liver Oil in preventing Nausea, &c. **PANCREATINE WINE**.—An excellent vehicle for taking Cod Liver Oil and promoting its digestion.

PEPTODYN—For INDIGESTION.—A combination of the whole of the digestive secretions—PEPSINE, PANCREATINE, DIASTASE, &c., and is an invaluable remedy in all forms of Dyspepsia, and all diseases arising from imperfect nutrition. Taken after eating it prevents the discomfort which often follows the partaking of a full meal, even in persons in good health.

THE BEST FOOD FOR INFANTS.—The **ROYAL NURSERIES** of England and Russia are supplied with this Food, which has supplied the approval of the Medical Profession in all parts of the world, who recommend it for its highly nutritive and digestive qualities.

DATURA TATULA—In ASTHMA, CHRONIC BRONCHITIS, and other diseases of the respiratory organs, the use of "Datura Tatula" gives instant relief. "The smoke causes no nausea. I have never known an instance in which relief was not obtained." GENERAL ALEXANDER.—India. Prepared as Cigars, Cigarettes, Pastilles for inhalation, and in tins for use by means of a pipe.

JEREMIE'S SEDATIVE AND ANTI-SPASMODIC.—This celebrated preparation has been for many years largely employed in India as a remedy for Cholera, Diarrhoea, Dysentery, &c. &c. Originated by Captain Jeremie, Opium Department, India, &c. Sold in bottles.

MEDICINE CHESTS.—Prize Medal 1862, and Silver Medal Paris, 1867. "For Excellence of Manufacture of Medicine Chests, and for an ingenious method of fitting Fanniers for Military Service."

143, NEW BOND STREET, LONDON.

THE ABOVE PREPARATIONS ARE

Sold by all Chemists, Druggists and Storekeepers throughout the World.

THE DOMINION ANNUAL REGISTER AND REVIEW FOR 1879. Edited by HENRY J. MORGAN, Keeper of the Records, Ottawa; assisted by A. M. BURGESS, J. G. BOURINOT, Dr. ROBT. BELL, JOHN MACLEAN, and others.

THE REGISTER AND REVIEW is framed on the same model as the English *Annual Register*, and is designed to furnish a full and faithful record of the year's transactions. The first volume, for the year 1878, appeared in June last, and was everywhere received with unbounded satisfaction, as witness the following opinions of leading public men:

"It will be a most useful work in every way, and seems to have been carefully got up. Please put me down as a permanent subscriber."

Right Hon. Sir JOHN A. MACDONALD, K.C.B.

"Judging from its general plan and from the execution of your former works, I make no doubt it will be a very valuable work; and I hope that you will meet such encouragement as may result in its being an *Annual Register*."

Hon. EDWARD BLAKE, Q.C., M.P.

"I think you have succeeded in producing a work that is useful and interesting. I hope your effort will be appreciated by the public, and that you will be able to publish the *Register* annually hereafter, and so place the means of ready reference to past events within the reach of all who take an interest in the history and progress of Canada."

Hon. Sir W. B. RICHARDS, late Chief Justice of the Supreme Court.

"It did not require a minute perusal to enable me to perceive that it is calculated to be extremely useful, and that the execution is equal to the design."

Chief Justice MOSS.

"I have as yet only had time to glance through the work; but even this imperfect perusal has fully well assured me that you have succeeded in well supplying a want which must have been often felt by everyone who takes an interest in the public affairs and the history of this country. I only wish your work could be extended backwards on the same scale, over the years preceding 1878. We have really nothing like an *Annual Register*, so far as I am aware, to which we can refer for past events."

Prof. GOLDWIN SMITH.

"I have read your *Annual Register*, with much interest."

Hon. H. G. JOLY, M.P.P.
