TWO AUSTRIANS HIT BY MYSTERIOUS BULLETS

Men Didn't Know That They Were Wounded, Police Are Informed—One Shet in Groin.

Can two men be shot and not find it out till hours later? Here is the story told to the police last night by Renko Letivce, 30 years, and Paul Rybak, Austrian laborers living at 4 Pritham-place. They say that as they were walking north up the west side of Elizabeth-street about 8 o'clock Thursday night a man, whom neither of them knew, walked rapidly across the street in front of them. He took something from his pocket and pointed it in their direction, and it made a noise like the crack of a whip.

JARDINE FOUND GUILTY SENTENCED TO BE HANGED

Chief Justice Falconbridge Holds Out No Hope of Commutation—Counsel for Defence Makes Strong Plea for Leniency on Ground of Insanity.

GODERICH, April 14.—Edward Jardine was to-day found guilty of the murder of Leslie Anderson in a lonely spot near the fair grounds on Sept. 20 last, and was sentenced by Chief Justice Falconbridge to be hanged on the 16th of June.

The court was crowded when the trial was reopened at 9:30 this morning, and almost immediately L. E. Dancy, the prisoner's counsel, began his address to the jury. He declared that there was not a tithe of evidence on which to base a conviction, except the prisoner's confession to Dr. Smith.

There was, he contended, no reason or motive for the commission of this act. Let the indictment charges "malice aforethought." "If you find there is no malice, you will be quite justified in finding him guilty on account of the insanity, and to my mind that is the proper verdict in this case," he said.

Physicians for the defence and also Dr. Galloway, crown witness, gave the opinion that at the time of the crime the man being a sexual pervert, would have knowledge of the quality of his act.

"You have witnessed the conduct of the prisoner in the box, the most uninteresting man in court, apparently. Our hospitals and asylums are full of such as he. Can you decide for capital punishment in his case?"

Mr. Dancy spoke for 45 minutes, and was followed by Mr. Blackstock, who spoke for an hour. The jury went to the jury at noon. When court reopened at 1:15, the jurymen were in their places.

Chief Justice Falconbridge in sentencing the prisoner, declared that there was not the slightest hope that the sentence would be commuted.

He would recommend you to spend the remaining days left you on earth in preparation for the judgment of the world to come."

NORTH RIVERDALE CONS. WANT OPEN CONVENTION

New Association at Odds With Methods of Central Party Organization.

A smoking concert, at which Col. Sam Hughes will give an address, will be the form of the first public activity of the North Riverdale Conservative Association, next Friday evening, 21st inst., in Danforth Hall. The new association is an auxiliary of Ward One Association, and will operate in the district east of Broadview-avenue, north of Gerrard-street to the westerly limit of the Midway. It starts with a membership of 100.

It is intended soon to hold a mass meeting in alliance with the Midway, the Beach, and the First Ward Associations.

The association has arisen out of the disintegration of the central association to give effect to the resolution carried by the First Ward Association, requiring every member to be given the opportunity to vote in the selection of candidates. It is desired to do away with the present delegate system, whereby two or three members from each division exercise all the influence, and the average voter never has a chance to say a word about the man to be voted for.

Ward One and Two voted unanimously for this reform, which was held up in the central committee of the presidents and vice-presidents of the other wards.

An effort has been made to characterize the North Riverdale Association as "an independent" by the central authorities, but the membership is strictly confined to those who are enrolled in the association, and have paid their membership fee.

In order to make the general voting plan practicable it has been proposed to hold the association nominations as quite as rigorously regulated lines as the regular elections, except that to give every member a chance to vote, the polls must be open for nine days to the morning till nine in the evening. It is believed that better and more representative candidates can be chosen in this way.

### RATHER EXTREME?

THAT stiff hat does look extreme for it is many years since so wide a brim was worn on "Christy's." But this season the brim is flat and wide and the crown is unusually low. We have a full stock of these stiff hats of strictly 1911 design, but, though every other man on Broadway is wearing one this week, we have not bought exclusively of this style. We have an extensive assortment of medium styles, for the spring of 1911 brings medium shapes as well as extremes; and in both we offer you the very highest quality of felt. Our \$2.50 line, we think, is the best for the money in Canada, though if you prefer we can sell you a superior grade of flexible stiff hats for \$5.00.

Up-to-dateness will be found among our cheaper hats as well and if you want a \$1.50 hat we can give you great value for your money.

But the hat interest just now centres in the season's new models, which are bound to become popular among the young men who want to be strictly "correct" in their dress. They are very near to Queen Street—it will take only a moment to step in and see them.

### SEE THOSE TELESCOPES?

NOTICE the shade of difference in the two soft hats shown above? The one on the left is of a slightly lower crown than the other. Both are fashionable for this season but the higher crown is the very latest, though the fancy band is not necessarily worn. These high-grade hats are worth \$2.00 and \$2.50, though we have one special grade as high as \$3.75. Pearl is the favorite shade of grey and acorn of green and greys and greens are the season's colors. Some browns are being shown, especially in the cinnamon shade, but the greys predominate. Fancy bands may be purchased separately at 65 cents.

All our hats, whether of English or American make, are of the finest fur felt and no man who likes a natty soft hat should miss seeing what is commonly known as the "knockabout." They can be worn in fedora or trooper style and, in these too, greys and greens lead. In this shape you can get as choice a hat as anyone would wish to wear, at \$2.50. Of course we have them less than that; and some, more—in fact up to \$3.75, a very special grade. But the \$2.50 hat is the greatest value in Canada.

### Ride a "Raleigh" Bicycle—We Guarantee It

Inexpensive, easy running and easy to keep in repair. The name Raleigh stands for perfection in English bicycle workmanship. They have proven their worth for many years, and this season have the EATON guarantee for one year behind them.

- Complete with coaster brake ..... 28.50
- Less brake ..... 25.00

Ask for a price list of bicycle supplies. If you want to buy a bicycle, see the ones we're showing. We buy for cash and sell for cash, and therefore can save you considerable money on your purchase. If the wheel we sell you isn't satisfactory, we'll refund your money.

### The EATON Piano of Special Interest to Visitors

The train loads of people visiting this city for Easter should not fail to see and hear the EATON Piano. It is of special interest to our out-of-town friends for many reasons, but the most important fact is that this piano is the equal in tone, appearance and construction of pianos that sell at almost double the price.

The "EATON" Piano is of high-grade construction, workmanship, material and finish of a beautiful design, which makes an attractive piece of furniture. Its resonant quality of tone and responsive action are equal to high-priced pianos. Our cash system enables us to place a piano of this quality in your home at an almost inconsiderable low price. We put a fair profit on actual cost of manufacture, and that's why we can

sell the "EATON" for such an unusually low price. We guarantee the "EATON" for 10 years. You may give it three months' trial, and if the results are not satisfactory at the end of that time we take back the piano and refund you the money.

See and try the "EATON"—then look at the price, and in that there's a pleasant surprise ..... 185.00

### Chalmers Motor Cars Have a Reputation to Sustain

A Chalmers "30" won the 1910 Glidden tour, the most severe test of efficiency and greatest motor contest held on the American continent.

You may not want to buy a racing car, still it will interest you to know that the Chalmers' has made a reputation for speed and endurance.

The reputation they have attained in past performances, Chalmers cars are maintaining.

The Chalmers was the first car selling at less than \$4,000 to win the Glidden trophy. With such a proof of its sturdy and reliable qualities, the demand for 1911 models is going to be even greater than ever before.

This increased demand will not affect the Chalmers policy of building cars for quality, nor quantity. This is the principal reason for the fact that the Chalmers has never been defeated in any motoring event by any car of its price and power-class.

At the EATON Garage, Albert Street, you can see 1911 Chalmers models.

The Chalmers "30" is an ideal car for the requirement of the average man. Its efficiency has been proven by service. Ask to see the Chalmers "30" Touring Car and Roadster.

### DROWNED IN CANAL LOCK BY FALL OF A SCAFFOLD

Men Were Engaged in Painting the Masonry—Three Others Have Narrow Escapes.

TROQUOIS, Ont., April 14.—One man was drowned in the locks, and three others had narrow escapes with their lives, thru the failure of pins driven into the ground, on which was supported the scaffold on which they were at work painting the masonry in the locks of the canal this morning. The drowned man is Elgin Serviss, aged 40, a laborer, who was assisting the other men in the work.

The four men had been at work all morning on the scaffold in securing security, and were progressing with the work of making ready the canal for the opening of navigation. Without the least warning the pins, to which were tied the ropes holding the scaffold down the sides of the stone abutments, pulled up at one end, precipitating Serviss into the water, which was rushing along the bottom of the lock.

The other two men, Edward McRobie and M. Redmond, managed to catch the ropes at the other end of the scaffold and pulled themselves up. Sam Armstrong, the third man, was just mounting to the top of the wall when the accident occurred, and so he escaped easily. Serviss' body was recovered later in the day, after several hours' grappling. The current was very swift in the lock, as the valves are large and were open at the time. It is thought that Serviss was stunned by the fall to the bottom of the lock, and so was unable to prevent himself being drawn down by the current. Serviss was a married man, with a small family. He had been a resident of Troquois for many years, and was highly respected.

### ESPAÑOLA'S LIVE QUESTIONS.

Editor World: These are a few questions we could answer with facts to back them, but are willing to hear the other side of the question. Are the peon and espionage systems in full force or are there evil flaws in them? Is it for the good of the worker or the corporations or so-called respectable people who use it for evil or otherwise. Are provincial and other police agents thereof directly or indirectly? In what class is the buyer of stolen timber, knowing the party selling has none of his own? Why do the latter party and their class find no trouble in getting work? Who reaps the benefit? What was the primary cause of the last two shooting scrapes at Espanola? Are thieves and pickpockets allowed full swing as long as they are of benefit to respectable people and then put in jail as soon as they are thru with them? Do the corporations require and get fifteen days' notice from their employees? Are the men granted the same privileges as the men paid off when leaving or discharged? If not, for whose benefit is it done? The corporations, boarding houses or those who buy their time at 10, 20 and 50 per cent. reduction. Why was the clock system of payment inaugurated? Was it for the worker who pays from 15c per cheque to 10, 20 and higher per cent. for cashing thereof? Are workers whom corporations are interested in crushing prevented from

### COBBOURG BOARD OF TRADE.

COBBOURG, April 13.—(Special)—Cobourg Board of Trade at its last meeting unanimously elected the following members of the council for this year: J. D. Hayden, A. J. Armstrong, E. H. Osler, J. E. Skidmore, J. N. Sutherland, John Dick, T. S. Chatterton, A. J. Hanson, Dr. Elliot, Col. MacLachlan, A. B. Roberts, A. L. Jek, Sam Clarke, M.L.A., J. P. Field, J. B. McColl, M.P., R. J. Craig, John Henderson and Wm. Delaney. The board of trade will make an effort to have the toll gates removed from roads leading into the town. A committee was appointed for this purpose.

### OUR ORCHESTRA POPULAR.

LONDON, Ont., April 14.—The Sheffield Choir and the Toronto Symphony Orchestra delighted immense audiences at the armories this afternoon and evening. The big building was filled on both occasions. The work of the choir drew forth great applause, but the orchestra was the more popular, judging by the applause.

### THE BEST MEDICINE SO MOTHERS SAY

Mothers say Baby's Own Tablets are the very best medicine they can give their little ones. It is the happy experience of one mother that helps others to keep their little ones well. Thousands of mothers have found the Tablets a never-failing cure for the ailments that afflict their little ones. Mrs. E. Sandwell, Coldwater, Ont., says: "I find Baby's Own Tablets the best medicine any mother can give her little ones. I tried 'soothing' mixtures, but they did not help my baby, but as soon as I began giving him the Tablets they made his teething easy and I would hardly know he was cutting a tooth. I would not be without the Tablets, and always recommend them to my friends." Baby's Own Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

Boxing Up to the Final Bouts

Sports Program

President McCaffery of the Toronto Baseball Club returns tomorrow from the south and speaks glowingly of the outlook for his team.

Lacrosse events were travelled thick and fast on Thursday and Friday. What occurred at the O.L.A. meeting was not given out to the general public.

A bill to place boxing bouts under the control of a N. Y. state commission was introduced by Senator James J. Frawley at Albany next week.

The hunts committee of the U. S. National Steeplechase and Hunt Association has announced the schedule of dates for this year's amateur race meetings as follows:

A well-known physician, who the story goes, was somewhat of a golf enthusiast, was attending a little girl who had been quite seriously ill.

WASHINGTON, D.C., April 14.—(Staff Correspondence.)—The Senators presented the game with Lynchburg to-day.

The weather indications are fair and cool. Mueller and Winter will do the pitching for Toronto.

The baseball club that represented Toronto in 1887 was a wonderful aggregation of ball players.

Wallace will most likely keep all four of the catches he now has, at least for some time.

Pittsburg has kept a sting to Eugene McKeon the second baseman.

There was a meeting of the Printers' League to-night at 8 o'clock at the Toronto Bowling Club alleys to arrange about the tournament to be held next Saturday night.

On account of the wet morning, the good Friday shoot of the Balmby Beach Gun Club will be held, as usual, this afternoon at the Balmby Beach.

SEVENTEEN SEMI-FINAL BOUTS IN MUTUAL ST.

Palmer Wins Two Battles in Welterweight Class—The Summary and Draw.

Seventeen bouts were decided on semi-final night of the Canadian boxing championships in the Mutual-street rink before another big house.

W. Pettie, B.U.A.C. v. W. Williams, B.U.A.C.—Pettie had a defence which Williams was unable to penetrate and worked a swinging right to the head and body and forced his opponent at every stage of the bout.

Wm. McCormick, Montreal, v. James Freeman, Ottawa A.C.—Freeman had a slight margin of victory in the final round.

Frederick Williams, Brantford, v. George McDonald, Parkdale A.C.—Williams received in this event, which he was awarded to Young Freeman, the "old pitcher going to the well once too often."

Albert Fox of the Soo, Like Willie Hughes, is a willing mixer, and he was compelled to extend himself to limit to secure the decision.

Palmer, B.U.A.C. v. Carr, Bellamy—Palmer was much the better in this bout, and was awarded the decision in the first round.

Palmer, B.U.A.C. v. Price, Galt—Two hard-hitting 146-pounders opposed each other in this contest.

It is up to final night of the boxing tournament, and with only fifteen bouts left to be fought, it is reasonable to expect that the program will be wound up before midnight in the Mutual-street rink.

WESTERN FOOTBALL ASSOCIATION ANNUAL CONVENTION

Officers and Committees Chosen at Convention in Woodstock Teams Entered.

WOODSTOCK, Ont., April 14.—At the annual convention of the Western Football Association held to-day, Dr. Ralph Lederman of Milverton resigned the presidency and Dr. Louis Deering of Midway, a vice-president for 10 years, was elected unanimously to succeed him.

President Dr. L. Deering, Midway; first vice-president, J. M. McCutcheon, Stratford; second vice-president, Frank Sills, Stratford; hon. secretary, Dr. Forth, Stratford; hon. treasurer, Dr. A. Res (Woodstock); G. G. Elliott (Galt); H. Brown (Berlin); G. G. Elliott (Galt); and two more to be named by the president.

Owing to Woodstock not being as contented as other places of meeting and also to the fact that a number of the towns have not yet organized, the attendance at the meeting was not as large as usual.

At the Pines to-day there will be a double-header played. The first game will be between Carleton Place and the Toronto Thistles, and the second game between the Thistles Intermediates and the Toronto Thistles.

The Boys' Union football league held their annual meeting at the Broadview Boys' Institute Thursday. The season promises to be one of great interest.

The feature event of J. & J. Taylor's indoor meet Thursday night was the tug-of-war between Toronto's team of picked Englishmen and Jack McGlone's team of picked Canadians.

Alfred Jordan of London, champion draught player of England, played nine boards on Good Friday afternoon at the rooms of the Toronto Checker Club.

On account of the wet morning, the good Friday shoot of the Balmby Beach Gun Club will be held, as usual, this afternoon at the Balmby Beach.

New York Nationals May Never Play at Polo Grounds Again

NEW YORK, April 14.—The New York National League Club may never play baseball again at the Polo Grounds. The city authorities will insist on strictly fireproof structures to replace the grand stand and part of the bleachers destroyed by fire early to-day, and this raises a serious doubt as to whether the promoters care to invest thousands of dollars in steel and concrete on a leased site.

President Brush was too ill to take any active part to-day in the settlement of the temporary troubles of the Giants. He has long been in favor of building a concrete and steel stadium, but has insisted because of uncertainty of the future of the Polo Grounds as a baseball park.

The manager of the National in the Beaches League requests that all players who wish to participate in the New Gardens baseball grounds this afternoon at 2:30, when the team will be selected for practice.

An enthusiastic meeting of the Northern Senior Baseball League was held in St. Paul's Hall, Yonge-street, Thursday night.

PROGRESSIVE PAIRS—EVENING. Biggar and Higgins, plus 85.

## Annual Convention Held in Labor Temple — Many New Amendments Carried — The Officers for 1911.

Upwards of 30 delegates were in attendance when the annual meeting of the C.L.A. commenced in the Labor Temple yesterday morning. President Eby of Hespeler presided.

Due to the unfavorable weather many of the delegates failed to be on hand at the hour appointed and it was well after one o'clock when the proceedings began. Most of the morning session was taken up with a fireworks display, in which the former President J. C. Miller and the McGibbon of Bracebridge were the chief performers. The discussion between these two gentlemen was anything but complimentary, but nevertheless in the words of the speaker each man was allowed to have his say uninterrupted. The remainder of the morning meeting was taken up with the reading of the report of the McGibbon of Bracebridge, who discussed in detail the misadventure season between the O'Keefe and Bracebridge teams, in which the gate receipts, place of pay-off, date of games and decisions of the executive were under fire for over 30 minutes.

Whether the advent of the new lacrosse organization—the O.L.A.—had anything to do with the temper of the meeting or not remains to be seen, but there was scarcely as much enthusiasm as in former years and not so many delegates were present.

Applause greeted Mr. Thomas' remark that he hoped the Bracebridge team would remain in the C.L.A. They haven't said a word yet about what they intend to do or whether they purpose joining the O.L.A. or the C.L.A., said he. I have taken it upon myself to enter an intermediate team in the C.L.A. this season. I don't know what the boys will say about it, but I'm getting too old to worry about these temporal affairs. "The outland league" is the way President Eby referred to the new O.L.A. It was quite plain from his remarks that he was not in favor of any organization that attempted to oust the predominance of the C.L.A. in local lacrosse circles.

It remained for former President J. C. Miller, however, to start the fun going in earnest. "There is one man in Bracebridge that I am happy to say does not represent the sentiment of the Bracebridge lacrosse team," he said. "If Dr. McGibbon was a first-class sport with executive before starting to flirt with a rival organization. The sooner the C.L.A. gets rid of that sort of man the better."

Dr. McGibbon, in reply, absolutely denied the charge made against him by Mr. Miller that he had called at the home of Secretary Hall when the secretary was on his vacation last August, and persuaded a lady member of Mr. Hall's family to sign a certificate, entering some Bracebridge players in the league.

The rule is that players' certificates cannot be signed after Aug. 1, but Dr. McGibbon claimed that the C.L.A. executive had assured him that the procedure was perfectly permissible, otherwise he would not have done it. Dr. McGibbon also produced a telegram sent Aug. 5, supposedly sent from Secretary Hall's office, granting permission to another player to take part in a game at another place. This telegram Secretary Hall denied having sent and maintained that he didn't know anything about it.

"Well, you should be responsible for certifying players sent out from your office," was Dr. McGibbon's reply. The retiring president, O. S. Eby, said in part in his address: "I regret that during the past year I have not had the hearty support and cooperation of all the members of the executive, several of whom have displayed rather unusual, and, to my mind, most

unsportsmanlike earnestness in an apparent desire to make the performance of my duties as president of this association unduly arduous, and who, in their envious or fanciful—have been guilty of gross betrayal of that trust you imposed on them when you elected them as members of your executive one year ago today, inasmuch as they have endeavored to organize and foster an outland league, in opposition to this association, which still members of your executive. Such conduct is most reprehensible and cannot be too strongly condemned.

I also regret the incidents attending the Mann Cup competition, and the circumstances thru which the Young Toronto forfeited their membership in this association, and in this regard I must express my firm conviction that your executive adopted and carried out the only course possible with honor to themselves and due regard to the dignity and integrity of this association. The joyous and Cathartian Athletics in this matter is deserving of the very highest commendation.

Your executive, after due consideration, deemed it in the best interests of the future of the game to affiliate with the Ontario Amateur Athletic Union, and the preliminary steps in this direction have already been taken.

The following are some of the amendments to the constitution, regulations and rules that were carried:

By Toronto: Amend Section 1, Article II, of constitution, by striking out all the words after the word "definition," in the fourth line, and substituting the following: "An amateur is a person who has not competed in any open competition, or for a stake, public or admission money or entrance fee; who has never at any period of his life taught or assisted in the pursuit of any athletic exercise or sport as a means of livelihood; whose membership in any lacrosse club was not brought about, or does not continue, because of mutual agreement or understanding whereby his becoming or continuing a member of any lacrosse club would be of any pecuniary benefit to him, either directly or indirectly, who has never, either directly or indirectly, received any payment in lieu of, or in time while playing as a member of any lacrosse club, or any money rendered as a player, except his actual traveling or hotel expenses, and who has never made any offer, which if it had been accepted, would have made the recipient a professional."

Every charge against the status of an individual must be supported by statutory declaration, and the onus of proving his innocence shall rest with the accused.

Add next section to Article II, of constitution: "No player who has been professionalized, whether by this or any other recognized association, or who has become a professional under the conditions of Section 1, shall be eligible for reinstatement into this association upon any ground whatsoever; and the executive shall have no power to even entertain an application for the reinstatement of any such player. All applications for reinstatement must be considered at the annual convention, and must be sent to the secretary of the association not later than one week before the date of such convention."

Last Stag of Season. The last fortnightly stag party will be held at the Parkdale Canoe Club Saturday night. This will end a very good winter for the boys, who are already getting their boats into shape for the coming summer, and if things turn out as they look now, it will be the biggest the P. C. C. has ever had.

By Osear S. Eby, Hespeler: Add to Article I, Section 1, the following clause: "Not more than one certificate shall be issued to any player during the season." Amend Article IV, Section 5, to read: "The necessary expenses of the match, as defined in the fifth line, and substituting the following: "Any player may play as many games as he desires in any series in which his club is entered, there being no restriction on players playing in higher series than that in which they have

Sellers' Team Wins West End Harriers Run Thru the Mud. In spite of the inclemency of the weather the West End Harriers pulled off their annual two-and-a-half mile team race yesterday and the race was a huge success from every point of view. The time, while not so fast as last year, due to the sloppy going, was nevertheless a fair index of the condition of the men as in, and goes to show that the West End Harriers will give a good account of themselves in the coming outdoor season. The runners finished in the following order:

### BRITISH POLO TEAM AFTER CHAMPIONSHIP

NEW YORK, April 14.—Captain J. Harcourt Lloyd of the All-England polo team, who is to play the American team for the international polo championship, arrived to-day from England, accompanied by Herbert Wilson, one of his players.

Charles (Chick) Evans, western open golf champion, will compete in the British amateur championship at Prestwick, Scotland, next June.

The great double-deck grand stand and the right field bleachers at the New York National League baseball park were destroyed by fire early yesterday morning, causing a loss estimated at \$100,000. The club house and the centre and left field bleachers were saved and the fire, which started at 12:30 a.m., was under control two hours later.

The fire was one of the most spectacular ever seen in New York. The whole of Harlem and the Bronx was illuminated when the great tongues of flame, fed by the dry woodwork of the stand, shot high in the air and sent showers of sparks swirling still higher. The definite announcement was made by New York City, that the National League team will play its home games on the American League grounds. Consents from all the National League Clubs to the arrangement were received. It was announced and the offer of the Washington Heights grounds made by President Egan. It is suggested that both leagues join in making the greatest baseball and athletic stadium in the world.

Jockey Ruled Off for Life. PENNSACOLA, Fla., April 14.—Jockey Ralph was ruled off the turf for life this afternoon by Judge Brown, owing to his riding of Gus Hartbridge in the second race at Kyrupian Park. The reason given was that Ralph apparently had kept the horse under a stout pull all the way, enabling Charlie O'Brien to win the race by a small margin.

SATURDAY MORNING, APRIL 15, 1911

TORONTO FOR A MILLION.

We have regarded the attainment of a population of a million for Toronto as a certainty by 1925 as almost a certainty, and have suggested and commended and expected with that probability in view for some years.

We are, therefore, thoroughly in sympathy with any movement that indicates an awakening to the fact. The meeting of the Toronto Publicity League has taken a sensible step in attempting the crystallization of public opinion upon the important question of expansion.

The sub-committee, consisting of Mr. Maguire, J. P. Murray, George Wright and Stephen Murphy, have a proper conception of what is needed, and after a conference with George Horgan, the publicity commissioner for Buffalo, propose the establishment of a publicity fund of \$200,000 and the development of the city to a million by 1918.

Properly carried out a campaign for this purpose should meet with nothing but success. Toronto, we believe, is destined to be the New York of Canada, just as Winnipeg will be the Chicago. Ocean-going transportation will be necessary for such a destiny in the future, but with a full awakening of the sleeping Toronto energies, the construction of an ocean canal to the St. Lawrence will be little among the projects of the great Canadian nation of a generation hence.

We have tried to impress upon our big rulers in recent years that the day is approaching, and that if they do not rise to it, it will sweep over them and submerge them. Already our younger business men are weary of the petty-fogging altercations of the city council, and the miserable issues that occupy so much time to the neglect of important and pressing matters.

Year after year has seen the postponement of the most urgent affairs. Even Ex-Mayor Oliver, who was regarded as progressive, neglected to seize the opportunity offered him to widen York-street. It would have made his mayoralty historic, but he could not see it. We have many men yet in the council who do not see the big things ahead, the extension of city territory, the construction of tubes, the development of the harbor and Astor's Bay, and other projects which a population of a million makes imperative. If they cannot get into line the new current will sweep them aside, and they will be left in the eddy.

We believe Mayor Geary has caught something of the advanced spirit, and the controllers are fairly imbued with it. Among the aldermen those who will represent the former city areas are Messrs. Maguire, McCarthy, Yeomans, Hilton, Sweeney and May. We trust these gentlemen may prove to be cables and Josias, and not merely get flagrant dimpees of the future.

BRITISH AND CANADIAN TRADE. Canada's secure position and growing importance as a world factor is the theme which Mr. Richard Grigg, the Dominion Commissioner, has seen the Dominion, expands and illustrates in his report recently published by the imperial government. The notable expansion which suggested, and sustains the anticipation that the twentieth century Canada's century this competent authority regards as not an incident but a permanent condition of this country's economic life.

For that judgment he has good reason founded on the indisputable fact that the Dominion, with a habitable territory probably one-third as great as the whole continent of Europe, has a population equal only to London and its suburbs. Add to this tremendous natural resources in soil, minerals, forests and water powers and the double frontage presented east and west, and even the least kindled imagination must be fully assured that the tide of progress is but at the first of its flood, and that recession can be no more than slight and partial and cannot affect the general movement.

In his survey of Canadian conditions and prospects Mr. Grigg takes special notice of Northern Ontario and its great clay belt north of the height of land above Lake Huron, estimated to contain 15,835 square miles of excellent land, well suited for agricultural settlement. This timber-clad tract, differing in that from the western prairie,

ries, must be cleared as were the virgin forests, but, fortunately, it is no longer necessary to burn valuable wood.

Mr. Grigg holds that there is indeed ample ground for the opinion that the exploration of the resources of the hinterland of Quebec, of New Ontario and of Northern Alberta will offer in the immediate future abundant incentives for the continued flow of capital and population towards the Dominion. In the latter part of his report the commissioner examines the trade situation, with particular reference to British and Canadian exchange. While holding that this shows no sign of declining, attributable in part to the preferential tariff, he points out how it can best be increased and the necessity of counteracting the strenuous efforts made by the United States to control, indeed dominate, not only the trade, but the whole commercial life of the Dominion.

SIR ELZEAR TASCHEREAU.

By the death of Sir Elzear Taschereau, the Dominion loses another of the dimishing band whose names will be inseparably linked with confederation. A member of an old and well known French Canadian family, he had a highly successful career as a member of the bar of Lower Canada, and was returned to its assembly in 1861, and actively supported the movement for political union till the general elections of 1867, when he failed to secure re-election. His later career was more particularly associated with the bench of Quebec, until his elevation in 1902 to the chief justiceship of the Dominion. His discharge of the duties attending that exalted position and those connected with the judicial committee of the privy council, gained him well merited respect and appreciation both within the Dominion and throughout the empire. Sir Elzear Taschereau has gone to his rest ripe in years and honors.

PLAYGROUND SUPERVISION.

Considerable and growing favor is being shown in the United States towards the suggestion, approved by the Playground Associations of America, to create recreation commissions to direct city children in play. Last year twenty cities had commissions of the kind and movements are in progress in many other cities for the purpose. It is felt that with the rapid increase in the number of playgrounds the task of superintendence has become too great for voluntary associations to cover satisfactorily, and the benefit of intelligent and sympathetic direction of children during their play hours is too evident to be questioned.

TARIFF REFORM AND BRITISH TRADE.

The movement for tariff reform in the United Kingdom is still advancing in a fair degeneration from the return of Mr. Bonar Law to parliament as member for Bootle with a majority double that given the Unionist candidate at the general election. Mr. Law, as was only to be expected from the prominent part he has taken in its advocacy, made tariff reform the head and front of his electoral campaign, and it cannot be said that the defeat of his opponent by 2194 votes was other than decisive. Once the constitutional issue is settled one way or other it is certain that the fiscal question will be found to remain the first plank in the platform of Unionist constructive policy. Nothing has occurred to cause its suppression, rather have recent events tended to make its position more secure and to rally the party and the country to its support.

Of these not, the least important is the official announcement that the United States Government will not recognize the claim of other countries to share in the reduction of duties contemplated by the reciprocity arrangement with Canada under the most favored nation provision in their treaties. They will be given that privilege by making corresponding concessions. The United Kingdom cannot do this, and in these circumstances the need for a tariff which can be used for the purpose of securing admission to the United States market on equal terms with nations able to negotiate for lower duties must become clearly apparent. Even if the United Kingdom only levied duties sufficient for that purpose and removable by agreement the end could be obtained without affecting to any material extent its present policy of free trade. In this connection it is not without significance that the new treaty with Japan is couched in terms providing for a possible change in the British fiscal system.

That rumor of the possible annexation of Canada to the United States has reached the Grand Trunk Railway Board in "dear old Lunnon" and the creation of the new Union Station has been postponed until the Monroe doctrine is abated.

SALE OF ELECTRIC LIGHT AND GAS FIXTURES.

Had Severe Pains In His Back. Could Hardly Work.

Mr. Alfred E. Davis, Gorrie, Ont., writes: "For some years I suffered from severe pains in my back and could hardly work at all, and when I stopped down to pick up anything, my back must break. I was advised to try Doan's Kidney Pills, and after taking two boxes I was entirely cured, and feel that I cannot speak too highly in their favor. "This was nearly four years ago and I still remain cured." Those who have never been troubled with kidney trouble do not know the suffering and misery which those afflicted undergo. Weak, lame or aching back comes from the kidneys, and when the kidneys are out of order the whole system becomes deranged. Doan's Kidney Pills are a specific for all kidney troubles. They help the kidneys to flush out the acid and poisonous impurities which have collected, thus clearing out the kidneys, bladder and urinary passages. Price 50c per box or 3 for \$1.25, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont. If you wish direct specify "Doan's"

To grasp at first sight the varied utility for study or for reference of so vast and original a work as the Eleventh Edition of the Encyclopaedia Britannica is impossible. To consider the most obvious uses which any intelligent reader will make of it is to look ahead for years.

Yet, unless the question of the price to be paid is altogether disregarded, the decision to examine the details of the present limited offer with the idea of becoming a subscriber on the most favorable terms possible must be immediate.

In fact, the present occasion may be regarded in the light of a two-fold opportunity. In making his application now the reader will (1) receive the benefit of the "advance-of-publication price"; (2) obtain early delivery of his set. All orders are being filled in rotation. Prompt subscribers will therefore receive their books far in advance of the thousands who delay entering their orders until April or May.

TERMS OF PAYMENT

1,500 Men of Learning Men of Action and Practical Experts from twenty-one countries have co-operated with sixty-four editors to produce The New (11th) Edition of the Encyclopaedia Britannica

The authority traditional to the Encyclopaedia Britannica has been more than maintained in the Eleventh Edition. Of the Specialists who contributed, and who were selected on the sole ground of supreme eminence, regardless of nationality, 704 are members (past or present) of 146 seats of learning in England, Scotland, Wales, Ireland, Canada, Australia, India, Germany, France, Austria-Hungary, Italy, Norway, Sweden, Denmark, Holland, Switzerland, the United States, Turkey, and Japan.

The authoritative character of the contents of the New Edition of the Encyclopaedia Britannica in all questions of learning and research is paralleled by its practical utility as a work of reference in every-day emergencies. How closely it is designed to meet modern requirements in this respect is reflected in the following classification of contributors:

The New Encyclopaedia Britannica is protected by copyright in every civilized country in the world.

When the 9th (the last completely new) edition of the Britannica was published, 1875-89, the state of the copyright laws in the United States was such as to afford no protection to works which had primarily been issued in another country. The consequence was that in common with other English books the Encyclopaedia Britannica was "pirated"; and garbled and mutilated reprints purporting to be the real work were foisted wholesale on an unsuspecting public; so that the English publishers who had sunk a large sum of money in preparing and issuing the 9th edition were robbed of the just rewards of their enterprise.

The New (Eleventh Edition) of the Encyclopaedia Britannica is a fresh and original survey of Human Thought, Learning, and Achievement in 1910, and complete and authoritative exposition of knowledge. It consists of 28 Volumes and Index, comprising 27,000 pages and 40,000 articles, and will supersede and displace previous editions and unauthorized and garbled American reprints.

To grasp at first sight the varied utility for study or for reference of so vast and original a work as the Eleventh Edition of the Encyclopaedia Britannica is impossible. To consider the most obvious uses which any intelligent reader will make of it is to look ahead for years.

ed his right, wrote to the Colonial Office and received a favorable answer. He retired from his judicial position in 1868.

Attended the Privy Council. The deceased gentleman had attended a number of sessions of the judicial committee of the privy council and was there last year. It was his intention to go over this year, but he had stated not many days before his death, after having recuperated from his first stroke, that he was thinking of attending the coronation.

He was married in 1837 to Mary Antoinette, daughter of the late Hon. R. T. Horwood, M.L.C., Quebec, who predeceased him in the year 1884. He again married, in the year 1897, Marie Louise, daughter of the late Chas. Panet, of Ottawa. His first family consisted of two sons, Elzevir, of the supreme court, Ottawa, Rev. Auguste, of Riviere du Loup, and three daughters, Mrs. P. Board of Ottawa, and Mrs. Eugene Panet, of India. His present family consists of three sons, De Montarville, Maurice and Edward.

"Good Advice." Wait for the unclaimed baggage on April 20th, Henderson's auction rooms. You may get just what you need for your summer vacation trip. Trunks, valises, hand bags, suit cases, telephones, electric fans, there are also some sewing machines and a canoe. Make a memo of the date.

BEGINS AT 2.10 AND 8.15 SHARP.

The management of the Royal Alexandra Theatre, "The Chocolate Soldier," desire to impress on their patrons the fact that the evening performance begins at 8.10 and the matinee at 2.10 sharp. If this is borne in mind by those attending the theatre, it will add much to their enjoyment, as some of the principal numbers of the opera are sung at the commencement of the performance.

SPRING IMPURITIES IN THE BLOOD

Make the Use of a Tonic Medicine a Necessity. Dr. Williams' Pink Pills are an all round tonic blood-builder and nerve restorer. But they are especially valuable in the spring when the system is loaded with impurities as a result of the indoor life of the long winter months. There is no other season when the blood is really so much in need of purifying and enriching, and when a dose of these Pills helps to make new, rich, red blood. In the spring one feels tired and weak—Dr. Williams' Pink Pills give strength. In the spring the appetite is often poor—Dr. Williams' Pink Pills develop the appetite, tone the stomach and aid weak digestion. It is in the spring that poisons in the blood find an outlet in skin eruptions, pimples, eruptions and boils—Dr. Williams' Pink Pills speedily clear the skin because they go to the root of the trouble in the blood. In the spring when both men and women are afflicted with anemia, rheumatism, neuralgia, and other troubles are most persistent because of poor weak blood, and it is at this time, when an nature regains life, that the blood most seriously needs attention. To improve and fortify the blood is the special mission of Dr. Williams' Pink Pills, and that is why they are the best spring medicine in existence. If you feel the need of a medicine this spring give Dr. Williams' Pink Pills a fair trial and you will receive in new health, new strength and new energy, and will be especially fitted to stand the torrid heat which comes a little later. These Pills are sold by all medicine dealers or sent by mail at 50 cents a box, or six boxes for \$2.50 by Dr. Williams' Medicine Co., Brockville, Ont.

Good Friday Concert Pleasid.

An audience which comfortably filled Massey Hall last evening enjoyed the excellent program provided by Manager William Campbell for his popular Good Friday concert. The artists for the occasion were: Harold Jarvis, Miss Jessie Alexander, Paul Hahn, Miss Etelba Foster, Miss Leta Shugart, and the Glasgow Quartet. There were 12 numbers on the program, and every one drew an encore. Numbers which especially attracted were Elzevir's "Agnus Dei," by Mr. Jarvis, with cello obligato by Mr. Hahn, Offenbach's "In the Dusk of the Twilight," by Miss Sheppard, and Foeter's Paterson's "Aton Water," by the Glasgow quartet, and every offering of Miss Alexander was greeted with such spontaneous applause that it would be difficult to tell which was the most popular. Mr. Hahn's rendition of the "Robin Adair" was quite up to his usual form, and for those familiar with the artistic interpretations of this clever cellist further comment is unnecessary.

Gounod's "Redemption."

One of the many features in Gounod's "Redemption" is the majestic "Robin Adair" chorus, which closes the second part. A grand effect is produced with the celestial choir in antiphonal work with the chorus, and of this number, accompanied by full orchestra, six trumpets, harp and organ, one can never forget the grandeur. A special chorus of boys will augment the regular chorus when this work is given at Massey Hall on Tuesday, April 22. The plan opens April 21.

RAGING HEADACHE STOPPED AT ONCE

When He Took "Fruit-a-tives."

Shanly, Ont., Sept. 23, 1910. "You certainly have the Greatest discovered Headache Cure in the world. Before 'Fruit-a-tives' came before the public, I suffered tortures from Headaches caused by Stomach Disorders. "One of your travelers called on me when I had one of my raging headaches and had my head almost raw from external applications. "I hated to see any person coming into the store (much less a commercial traveler) and I told him, very curiously that I had a headache, but he insisted on my trying 'Fruit-a-tives.' "I did so with what I would call amazing results. They completely cured me and since then (nearly six years ago) it is only necessary for me to take one occasionally to preserve me in my present good health. I was five years old yesterday and have been a general storekeeper at the above address for twenty-five years."

Bloody revolver found in the sink was used by him.

The women at 40 Agnes-street told the police last night that when the police came they were holding Donato because he wanted to again attack his victim and that he had said, 'I must get him to-night.'

TO PROVIDE HAPPY HOMES

A "Colonial Intelligence League" for English Women.

(C. A. P. Cable.) LONDON, April 14.—A letter appears in the Standard from the Incorporated association of head mistresses of public and secondary schools, six members of which have been appointed a colonial intelligence league, stating that they propose to establish next month responsible, paid agents to report constantly to the London office all matters connected with women of the educated class of society. They will undertake responsibility for any candidate who cannot satisfy the committee of definite training for the post, for which she is to be recommended.

AT THE PRINCESS.

Montgomery and Stone in "The Old Town."

The many-sided talents of David Montgomery and Fred Stone have never been so fully displayed as in their performance of "The Old Town," in which the two comedians come to the Princess Theatre for a week's engagement with matinee Wednesdays and Saturdays.

Being a Charles Dillingham production it was to have been expected that the details of artistic scenic illustration and special music. The engagement of Montgomery and Stone at the Princess Theatre will be all next week, including Wednesday and Saturday matinees.

AT THE GRAND.

George Sidney in "The Joy Rider."

With seven previous triumphs to his credit, George Sidney (Busy Izzy) the funny little comedian who has always been a welcome favorite, will come to the Grand Opera House next week. He has been seen in a new edition of "The Joy Rider." It is said to be a rollicking musical satire, on the same lines as all the Sidney shows, but with dialogue novelty. The scenery is all new, and the costumes were made from the latest designs and most expensive fabrics.

The cast embraces some of the most prominent and pleasing comedians, including Miss Carrie Webber, who is well known to theatre-goers of this city, and a large proportion of the fifty people in the organization are vivacious dancing and singing girls; in fact, it can be termed a veritable "land of girls" set to music and the poetry of grace and motion. All are bent upon unrestrained recreation, and everybody is kept busy. The costumes are changed every minute, jokes fly fast and furious, and a veritable kaleidoscope mass of color and music, sparkling with nonsense. In fact, "The Joy Rider" is a combination of all the elements of a successful musical comedy. Mr. Sidney is well known to the theatregoing public, and such interest will undoubtedly be taken in his engagement here. The scenic setting, the costumes and electrical effects are said to be a wealth of beauty

PUBLIC AMUSEMENTS

AT THE ROYAL ALEXANDRA.

"Chocolate Soldier"—Second Week.

The engagement of "The Chocolate Soldier" at the Royal Alexandra Theatre is record breaking for the theatre, and the sale for the second week of the engagement continues to increase in the most gratifying manner. The famous and successful actor, F. C. Whitney, has long been noted for the even brilliancy of his vocal and acting ability of his players, and Toronto papers have been unanimous in praise of the present cast, both individually and as a body of singing artists. Alice York, the prima donna, sings the music of Nadia like a bird. She has arch and dainty ways and coquettish and from "My Herbie" she is the first act to her "Letter Song" in the last act, hold her audience captive and from "The Falling Glove" song gets encore after encore, and when she sings "The Falling Glove" she gets the light-hearted joys of the performance. Miss Kennedy's splendid contralto is another gem, and the role of Aurelia, she is particularly well cast. The opening trio of the opera exploits and contrasts their voices. Forrest Hild, the comic actor, is the merry fellow of the New York production, he makes Bunce an old established character, he triumphs galore. With a fine voice and light comedy gifts of a high order, he makes Bunce an old established character, he triumphs galore. Green Stockings Coming.

The wearing of green stockings by young unmarried girls at their sister's wedding is an old established practice, both in England and Ireland. This custom is the foundation for Margaret Murphy's old friends back with a new comedy, "Green Stockings."

Carrie De Mar a Feature.

Carrie De Mar, the electric spark of graceful comedy singing, will make her reappearance at Shea's Theatre next week. Miss De Mar has a new repertoire of songs, including "The Hobbie Skit," "Nobody's Satisfied," "Come to Bed," "The Old Cock-a-Do," "Do," and "Three Days on the Ocean."

NEW LIFE TO THE WEAK. The foundation of life in the body is Electricity. The nerves are full of it; the stomach, heart, kidneys and other organs are run by it; and the health of every man depends upon the supply of Electricity in the body. If you have pains or aches, rheumatism, nervousness, poor circulation, indigestion, weak kidneys, inactive liver, draining varicocele, or a weakness of any organ, it is because the supply of Electricity in the body has become exhausted. If you will infuse a strong, steady current of this life-giving force into your body for a few hours every day, all pains and weakness will disappear, and a healthy, vigorous constitution will result. I have done this for thousands of cases of men who could not find benefits from any other remedy, but an application of

Dr. McLaughlin's Electric Belt. My Electric Belt generates a strong, continuous current of Electricity every time it is applied to the body. It is far ahead of any other form of electric treatment. You put it on when you go to bed, and arise in the morning full of new energy and life, rested from the night's sleep, and anxious for the day's work. It removes that tired, sleepy feeling, and makes you live and ambitious. Its cures are known the world over, and I can

## THREE JOCKEYS HURT IN SPILL AT JAMESTOWN

Kerran, Whin and Forester Fall in First Race—Bad Day For Favorites—Results.

NORFOLK, Va., April 12.—Several spills added to the interest in to-day's races at the Jamestown track. The large crowd of the meeting was present. Hoffman, with Oles, won the Old Point Comfort Purse, with Guy Fisher a close second.

In the first race, for three-year-olds, won by Black Branch, with Eddie Dugan up, Jockeys Bell and Adams were so badly hurt that they had to be sent to a hospital. There were twelve horses in the race, and Adams, who was on Whin, and Bell on Kerran, were crowded against the rail in the back stretch. Adams had a leg broken and has arm separated by coming in contact with the fence. Bell had a splinter run in the muscles of his right arm and his left shoulder was injured. Jockey Oles was unscathed and was thrown in the back-up and slightly injured. Eddie Dugan was bumped from the saddle and caused his horse to throw Whin, with Adams up. Whin was so badly injured that he was shot on the track. He was owned by Albert Sumons of Memphis and was considered a fair sprinter.

**FIRST RACE**—Three-year-olds and up, 5/4 furlongs: 1. Black Branch, 104 (Dugan), 2 to 1 and even; 2. Belmont, 84 (Byrne), 6 to 1, 2 to 1 and even; 3. John Marrs, 104 (Bergen), 4 to 1, 2 to 1 and even.

## Union Horse Exchange

While Directnell Also Wins in Straights—Good Sport at Dufferin Matinee.

One of the most successful openings matinees ever held at Dufferin Park was given yesterday under the auspices of the Dufferin Driving Club. Early in the day it did not look as if it would be possible to hold the meeting, but as the day progressed, the sun shone, and with the west wind blowing, by 2:30 the track was in very fair condition, and the first race was called by Starter Patterson.

The audience was good, but not so large as expected; however, the day was as good as it would have been had the day opened up earlier. The first race called was the trot, when Eddie Stewart, third, and Shaun Rhue and Norma Lee on the outside, with very little delay they were away to a good start. Before the quarter was reached Shaun Rhue and Directnell were racing like a pair. They raced this way to the stretch, with the others well out. Directnell seemed to have the foot of the race and made the handily, with Shaun Rhue second. Directnell was very steady and consistent, and was a lot of speed.

The third and final heat was finished in the same order, but was the fastest heat of the race—1:14.

The second race was for Class C pacers, and had six starters. Major Direct drew the pole. They were some time in getting away, but when they started they gave the word they were all on their feet. Major Direct seemed to have it on his field in this heat, but he was handled, with No Trouble second, and the same time as the first heat, 1:14.

In the second heat, Major Direct led well into the stretch, but one of the wheels of his heavy fly came out, and Lady Medium came on with a great burst of speed and upped him at the wire. Time 1:14.

Lady Medium was the third heat, with Major Direct second and Smutt third. Time 1:14.

The fourth heat was a dead heat between Lady Medium and Major Direct, with Smutt in third. Time 1:14.

The fifth and final heat was won by Smutt right at the wire. Lady Medium seemed to have the heat won, but the driver of Smutt did not let up and just nudged the mare out at the wire. Time 1:14.

The races were contested on the five-hundred and purses divided according to summary. The Class A geldings were the last to race, and four classy side-wheels and regular Collingwood Rooker (2114), Harry Hill (2154), Sidney Mack (2154), and Capt. White (2024).

The race was very close, getting them away. The race seemed to be between Collingwood Rooker and Sidney Mack, but John Head, with Harry Hill riding, and when they entered the stretch he came on and just nudged out Collingwood Rooker for the place. Time 1:06—pretty fast time for so early in the season.

The second heat was also won by Harry Hill, with Sidney Mack second. Time 1:14.

We are guaranteed for our two sales next week some of the finest Heavy Draught Horses in Canada. Some of these are already in the stables, and anybody wishing to get first choice of a very desirable bunch would find it greatly to his advantage to see these on Saturday. At this season of the year, we make it our business to solicit consignments of gentlemen's private turnouts, and have some such lots in for absolute disposal at every sale.

We would call your particular attention to the following special consignments, which we shall sell on

## MONDAY NEXT The Hope Lumber Co., Blind River, Ont. LUMBER HORSES

This is a first-class consignment. The horses are the biggest and most powerful it was possible to obtain at the time of purchase. They are young and in the pink of working condition, and ready for a lot more hard work. In the bunch are a number of mares, these being on account of their size and quality, the best working or brood mares that can be bought. There will be bargains lying around at this sale, as we have instructions for immediate disposal of every horse.

CONSIGNED BY C. LEWIS, ESQ., 8 HAWTHORNE AVE. CITY. his entire gentleman's turnout, consisting of one very fine brown mare, trotter, by Chicoma. This mare is a beautiful driver, perfectly city broken, and a lady can drive her. Another beautiful brown mare, perfectly broken, and also broken to saddle. Also one two-seated Surrey, nearly new, and one Concord Buggy, nearly new, and three sets of single harness. This outfit is in really high-class condition, and is consigned with instructions to sell without the slightest reserve.

CONSIGNED TO US BY A CITY GENTLEMAN, who is giving up horses, three Saddle Horses, for private sales only. They may be described as follows: One roan gelding, 7 years, 16 hands; one chestnut gelding, 7 years, 15.3 hands, and one brown gelding, 15.2 hands and sound. These are excellent saddle horses, and are also perfectly broken to harness. One of these horses is an imported horse, one of the finest saddlers in Canada. These horses will not be offered by auction, but are reserved for private sale. They are now in our stables, and may be seen at any time. They are consigned for positive sale.

AND ON MONDAY AND THURSDAY WE SHALL ALSO SELL a number of Serviceably Sound Workers and Drivers, consigned to us by city people who have no further use for them, also a number of vehicles of all descriptions, and an unlimited number of sets of harness, etc.

**MAY NOT ENQUIRE INTO MOTIVE OF LEGISLATION**

Russian Council of the Empire Sustains Contention of Premier Stolypin.

**ST. PETERSBURG, April 14.**—The council of the empire to-day heard Premier Stolypin's explanations with regard to the interpretation attacking the government, which the council adopted in solemn session April 8, following a discussion devoted to criticism of the government's action in promulgating the Zemstvo bill by imperial prerogative during an artificially created recess of the council of the empire.

Keen interest was displayed in the diplomatic and the grand ducal boxes as the prime minister in a forty minute speech denied the right of the executive bodies to examine into the nature of the extraordinary circumstances which were the motive for the passage of legislation by imperial prerogative, in accordance with paragraph 87 of the fundamental laws of the empire.

The determination of such circumstances, M. Stolypin declared, was subject to the sole competence of the monarch, based on the representations of the cabinet. The government contends that extraordinary circumstances may precede dissolution or adjournment of the two legislative chambers, which is an indisputable prerogative of the crown, the premier continued, and the government maintains that the interpretation placed on paragraph 87 of the fundamental laws by the council of the empire is wrong and unacceptable.

Returning to the circumstances obliging the government to resort to paragraph 87 when imperial legislative measures were threatened, M. Stolypin said that the rejection of the Zemstvo bill by the council of the empire meant the wrecking of the Russian national policy.

After Premier Stolypin had concluded his speech, an order of the day declaring that the thesis of the interpretation had not been raised by the prime minister's explanations was passed by a vote of 9 to 83. The vote just failed of a two-thirds majority, which would have imposed submission of the matter to his majesty.

Count Olsufief in closing the debate, which was facilitated in dramatic features, declared that it was useless to enact laws if the ministers played cards with them.

**A CITY IN THE LIME-LIGHT.**

Calgary, Metropolis of Sunny Southern Alberta, Has Revenue of \$880,000 This Year and Tax Rate of Only 13 Mills.

**CALGARY, April 14.**—(Special)—The civic estimates for the present year, as now compiled, show a total revenue of about \$880,000. The assessment of the city is \$55,000,000. The general tax rate is 13 mills. This is a low levy for a fast-growing city of 55,000, and will prove an assurance to property-holders against the drag and vexation of "high taxes."

This \$880,000 is, of course, entirely municipal income, and embraces the revenue from public utilities, which the corporation owns and administers—the street railway, the waterworks and the electric light and power service, and which are all good earning investments. In truth, public ownership in Calgary has proved a dramatic success that the city is held up as an example of municipal enterprise and progressiveness all over the continent.

The city is held up as an example of municipal enterprise and progressiveness all over the continent. It is generally believed that the C. P. Pacific Railway will spend \$5,000,000, including \$1,000,000 for a palatial hotel. The Canadian Northern's outlay will be immense as will also be that of the Grand Trunk Pacific. Three roads contemplate numerous branch lines radiating from Calgary.

But city expenditure is very far from being repressed in the \$880,000 of current revenue. Ordinary building operations for 1911 are conservatively estimated to reach \$12,000,000. The Canadian Pacific Railway will spend \$5,000,000, including \$1,000,000 for a palatial hotel. The Canadian Northern's outlay will be immense as will also be that of the Grand Trunk Pacific. Three roads contemplate numerous branch lines radiating from Calgary.

These activities," adds his worship, "may seem extraordinary, almost incredible. But don't you think what they mean. And remember that the young city of Calgary is only at the outset of its marvellous career!"

Funeral of Major-General Wilson at Montreal.

**MONTREAL, April 14.**—The funeral of the late Major-Gen. Wilson took place at noon to-day. There was no funeral service, it having been the expressed wish of the deceased that he should be buried at Quebec, at which city he was in command for so many years. The body was escorted from his late residence on Crescent-street to the Place Viger Station by 150 men

of the Second Montreal Heavy Brigade Canadian Garrison Artillery, under command of Major Lacey R. Johnson, the body being carried on a gun carriage. A large number of officers of the Montreal Garrison were also in attendance. The funeral service will be held in All Saints' Church, Quebec, to-morrow.

**Auto Racer Killed.**  
**KANSAS CITY, Mo., April 14.**—Ned Crane, driving a Buick racing car in a practice test at Elm Ridge track here this afternoon preparatory to an attempt to-morrow to establish new records, was instantly killed when his

machine threw two fires and turned over. An employe of the Buick factory riding with Crane was dangerously injured.

**British Welcomes League.**  
 Sunday is the last servico to be held at the present premises of the British Welcome League, owing to the removal to other headquarters at the corner of Spadina-avenue and Front-street. The lieutenant-governor has kindly promised to preside on this occasion, and the Rev. J. A. Macdonald, D.D., LL.D., will give the address.

**A UNIQUE PROCESSION.**  
**LONDON, April 14.**—A procession of the members of the Church of England, consisting of 300 clergymen, 300 laymen and 700 choirmen-to-day paraded from Trafalgar Square to St. Paul's Cathedral in the presence of immense crowds. It was the first ceremony of the sort ever held in London. The Bishop of London and several other bishops headed the procession. "There is a green hill far away" and "Jesus, Lover of My Soul" were sung at a service held in St. Paul's Cathedral, following which exercises appropriate to the coronation year were conducted.

**A Hot Dish for a Cold Day**

It is not easy to warm a poorly nourished body. Heat and strength do not come from overcoats or flannels. Bodily warmth and vigor come from foods that are rich in blood-making, tissue-building material. Fuel for the human engine should be free from "clinkers." You can't "get up steam" in winter on impoverished foods.

**SHREDDED WHEAT BISCUIT**

is all fuel-food—no waste, no indigestible material to clog the system and tax the vitality. Shredded Wheat is made of perfect whole grains of wheat steam-cooked, shredded and baked. Two Shredded Wheat Biscuits, heated in the oven and served with hot milk and a little cream, for breakfast, will supply all the heat and strength needed for a half day's work. Not "pre-digested," but "ready-to-digest"—not compounded, flavored or "treated" with anything—just plain, whole wheat, steam-cooked, shredded and baked a crisp, golden brown. Being made in biscuit form it also makes delicious combinations with baked apples, stewed prunes or other fruits, fresh or preserved. Your grocer sells it.

**TRISCUIT is the Shredded Wheat wafer—a crisp, tasty, nourishing whole wheat Toast, delicious for any meal with butter, cheese or marmalades. Always toast it in the oven before serving.**

THE TOWN OF TO-DAY  
THE CITY OF TO-MORROW

## WATCH WELLAND GROW

The Canadian Pittsburg. The Great Steel City

WELLAND is to-day Canada's greatest manufacturing town.  
It will be to-morrow Canada's greatest manufacturing city.

THE STORY IN FIGURES—Population—1906 had 1700, 1911 has 6,500, 1912 should be 12,000, 1915 should be 15,000. Factories—1906 had 1, 1911 has 25, 1915 should have 40.

American industries who have built Canadian plants in Welland in the last four years:

No.	NAME	Estimated Capital Invested	Estimated Employees
1	Canadian Billings & Spencer Co., Ltd.	\$150,000.00	100
2	Quality Beds, Limited	50,000.00	50
3	Supreme Heating Company	100,000.00	75

### This Year WELLAND Needs 5000 Men

WELLAND Needs 2000 Houses

- LIST OF PLANTS TO BE BUILT IN WELLAND.
- (1) Montreal Steel Company—Construction of blast furnace and improvements to plant purchased from Ontario Iron & Steel Co., to cost over \$1,250,000; expected to employ about 1000 men
  - (2) Page-Hersey Company—Construction of entire plant; expected to employ about 1000 men
  - (3) Beamish Bag Company—Construction of entire plant; expected to employ over 1000 men
  - (4) John Deere Company—Construction of entire plant; expected to employ over 2500 men
  - (5) Automatic Transportation Company—Construction of entire plant; expected to employ over 100 men
  - (6) United Motors, Limited—Construction of entire plant; expected to employ over 100 men
  - (7) Chemical Laboratories, Limited—Construction of entire plant; expected to employ over 100 men
  - (8) (Name withheld for the present)—Splendid and substantial industry.
  - (9) Arrangements completed, but not yet ready for publication, for still another large one.

### WHY? All This Wonderful Growth

Because Welland has seven railroads. Because Welland has the Welland Canal. Because Welland has the cheapest electric power in Canada (\$12 per h.p.). Because Welland has the cheapest natural gas in Canada (\$80 per thousand).

### Common Sense

If you have money to invest, why not invest in real estate in a fast growing town? Why not pick a town with a good past, present, and future?

### To Investors

We are placing on the market a few choice lots in the working-men's residential sub-division of Welland South, close to the Union Station, and the largest plants. Every lot is within easy walking distance of the large factories, such as the Steel Plant and the Smelter. The property has fresh water on one side of it, and the river for drainage on the other side. All lots are high, dry, and level, and exchangeable within ninety days for any unexpired lot of the same price, or money allowed on one of a higher price. We believe every lot will double in value this year.

ALL OUR PRICES WILL BE RAISED AFTER EASTER, but on applications received up till TUESDAY NIGHT, APRIL 18th, we will sell

- A few lots at \$75.00 per lot. \$25.00 down, and \$10.00 per month for 5 months.
- A few lots at \$100.00 per lot. \$25.00 down, and \$10.00 per month for 7½ months.
- A few lots at \$125.00 per lot. \$25.00 down, and \$10.00 per month for 10 months.
- A few lots at \$150.00 per lot. \$25.00 down, and \$10.00 per month for 12½ months.
- A few lots at \$200.00 per lot. \$25.00 down, and \$10.00 per month for 17½ months.

### A BOGUS HEIR

Said He Was a Son of the Late Senator Forget.

NELSON, B.C., April 14.—The city police have under arrest a well-dressed and a well-educated young man of about 25 years of age, who registered at a local hotel Tuesday under the name of L. J. Marsh, but who states that he is a son of the late Senator L. J. Forget of Montreal, who died a few days ago in Nice. He says that his real name is Roy Marcel Forget. He is wanted in Spokane to answer a charge of having obtained by false pretences from Mrs. F. F. Fox, wife of a well-known real estate man, a diamond pin worth \$75, which he tried to sell in Nelson for \$100.

MONTREAL, April 14.—The late Senator Forget had no sons, his only children being four daughters.

"And when the Sabbath was past, Mary Magdalene and Mary, the mother of James and Salome, had brought sweet spices, that they might come and anoint Him"—a picture in the Art Section of this week's Sunday World that will appeal to everyone.

### AFTER THE SHAREHOLDERS

Want to Make Them Pay for Bonus Stock in Defunct Company.

CORNWALL, April 14.—(Special).—The McGill Chair Company of Cornwall was organized in 1896, largely with local capital. A short time afterwards it undertook to issue bonus stock to the shareholders, giving an extra half share with each one actually paid for. Early in 1910 the company assigned for the benefit of its creditors, and subsequently went into liquidation. The Trusts and Guarantees Co. of Toronto being appointed liquidators. The liquidators are now after the shareholders, who got bonus stock, and are endeavoring to compel them to pay for the same. The amount involved is about \$18,000.

### ESTATE NOTICES

IN THE HIGH COURT OF JUSTICE—Judicial Sale—Ward vs. Waddell.

Pursuant to the judgment in this action, there will be offered for sale by public auction with the approval of the Master-in-Ordinary at 81 King Street East, by Charles M. Henderson, Auctioneer, at the hour of twelve o'clock noon on the 22nd day of April, A. D. 1911, the following lands and premises in one parcel namely: The south half of lot number 3 in the second concession north of Day's street, Township of Toronto, in the County of Peel, and except 30 acres at the northwest corner, and two acres at the southeast corner, and subject to a right-of-way or use of a lane across the south half of said lot. On the property are said to be erected a stone dwelling house, frame barn, 90 stone foundation, and frame driveway. The land is rolling and is partly clay and partly sandy loam. There are eight (8) fields. The farm is situated about one (1) mile east of Burnhamthorpe Village, convenient to school and church, and is only about 15 miles from Toronto market. A stream crosses the farm near the dwelling. The property will be sold subject to a lease expiring on the 1st day of April, 1912, under which landlords can enter on the property and fall ploughing after removal of 1911 harvest. Lease will be produced at time of sale. The vendors will be required to produce any abstract of title, or any deeds or other evidence of title than those in their possession to said lease. TERMS: 10 per cent of the purchase money is to be paid down at the time of the sale to the vendors or their solicitors, and the balance within 30 days thereafter, without interest, into court to the credit of this action. Upon such payment the purchaser will be entitled to a conveyance subject to said lease. Further particulars can be had from Messrs. Aylesworth Wright, Moss & Thomson, Traders' Bank Building, Toronto, plaintiffs solicitors, or F. W. Hartcourt, K. C., Home Life Building, Toronto. Dated 24th March, 1911. GEO. P. ALCORN, Master-in-Ordinary.

ADMITTED EVIDENCE OF DECEASED WITNESS

Also Received Testimony of Man Now in England—Medical Experts on Stand.

COBOURG, April 14.—(Special.)—Although this is Good Friday, the usual proceedings of the court are being carried on. This morning the prosecution in the Matthews murder trial carried their point in securing the admission of the evidence of the deceased witness, George Teasdale and John Smith of Wexford, taken at the inquest in December last.

English Literature, French and German, Physical Culture, Voice Culture, Interpretation, Oratory and Dramatic Art. There were marks of external violence. To question, "With your experience can you say what caused death?" witness replied: "Strangulation. Death was due to air being shut off from the lungs. The girl's mouth, the doctor stated, was full of vomit matter, the tongue swollen, and the stomach and intestines extended with gas. The veins were filled with dark blood, the blood vessels on the neck were ruptured. These conditions witness considered were due to some violence. There was no indication of disease in the brain or elsewhere that would cause death. The heart was normal and so were the blood vessels in connection with it. Taking all the conditions of the body into consideration, the witness affirmed his statement that she had been ravished and death was due to strangulation. Cross-examined he said this was his opinion. To the question "If the throat was held tight enough to stop out all air could you not expect the Hutchinson answered "I think it possible," and to the question "If a hand was held tight over the mouth could you not expect the Hutchinson to choke?" Hutchinson replied, "I think it possible."

Saw Matthews Going Home. Station agent at Cobourg, L. J. Gill, was called to prove the time that the local train arrived in Cobourg Station on the night of Dec. 17. The train was four minutes late, arriving 24 minutes after 8 o'clock. Yesterday Charles McGillivray, a C.N.R. man, testified to having gone to Cobourg by that train, and that on his way to the village he saw Matthews and another man going towards their homes at Lakeside.

This afternoon's session was taken up by the testimony of Dr. J. W. Powell, crown finishing his case at 4 o'clock, after which Dr. Powell, of Toronto, was called for the defence. Dr. Heavonson, of Toronto, gave his opinion that death was caused by suffocation, but the cause of this was a matter of pure speculation. His opinion of the post-mortem led entirely away from strangulation. To the question, "From the evidence given could strangulation have been caused by a hand over the mouth, witness thought the mark on the left cheek was insufficient evidence. The spots on pillow and semi-conscious state. The vomit came before death and took place on the bed where the body was found. Dr. Powell did not see anything to support ravishing, but theory. There was no doubt, the witness thought, that death took place in the bed where the body was found.

## Claims in Tisdale Well Picked Over Golden City To Have Pure Drinking Water

### And Prospective Buyers Are Leth To Take on Absolutely Undeveloped Properties.

Porcupine City, April 11.—(From Our Man Up North.)—Claims in the Township of Tisdale have been picked over at a bargain sale, and claims that have been turned down by private buyers are now being put into stock companies. Buyers are leaving the camp regularly, satisfied that the real good things are now called up or placed under option so that no one can touch them for several months.

Western men who have been here looking over the camp and who did want claims for mining purposes are packing and leaving till the summer is on. They have not found claims at their prices, and are now willing to wait till a later date.

"We are satisfied that there are many good leads in the camp which are true and genuine," said one to "The World" today, "but we are not satisfied to take them, undeveloped as they are, at the prices offered for the best claims have been sorted out, leaving the husks so far as the work now shows up."

### Saddle Horses Used For Traveling Trails

### Stage Teaming Fast Being Abandoned in Porcupine Owing to Bad Roads.

Porcupine City, April 11.—(From Our Man Up North.)—Stage teaming is fast giving away to saddle horses traveling now that the snow is also passing and from every indication now the western style of using saddle horses for trail traveling will be in vogue here.

It is more impossible to travel the trails and make time, and many men who have miles to make, can do so with a couple of good saddle horses for this kind of work. The head-and-yoke appears to be the most adapted to the work and already several are ready to hit the trail.

Some of the pictures that will appear in this week's Sunday World, and which will interest many of the readers, are portraits of Mr. and Mrs. S. Conway of Oshawa, Mr. and Mrs. John Wighton, formerly of Perthshire, Scotland; Bradley of the Leafs running to first, with Winter holding down the bag, in a practice stunt, on the training trip, also "Kocher" with a couple of "picks," officials of the Meteorological Service experimenting with balloons; Gordon Middleton, boy dancer, in Highland costume; Masters Alexander and George Richmond; Margaret and Joseph MacKenzie of Listowel; the Aurora High School hockey team, winners of the 1911 series.

### TO PAY FOR WRECKED RAILWAY

### Japanese Loan to China—Charged With Selling Human Flesh.

SEATTLE, Wash., April 14.—A topic of discussion in Japan when the steamship Kamakura departed from Yokohama, on March 28, was the loan of \$5,000,000 by Japanese banks to the Chinese communication department, the money to be expended for railway purposes. The issue price of the loan was 95, and the rate of interest five per cent. The money will be used to pay for the Peking-Hankow Railroad, wrecked under pressure by the Chinese Government.

Lawlessness continues in Manchuria. Six Japanese were killed recently in a village on the Chinese Eastern Railway.

While a party of Russian soldiers were proceeding along the border near Harbin they were fired at by 200 Chinese troops. The Russians fled.

The abatement of the plague in Manchuria continues. Kumatao Hisanara, in charge of the crematorium in Kinzababaya, was arrested March 25 charged with selling human flesh. According to the Krokumun and other Tokyo papers, a search resulted in finding a large quantity of human flesh, either roasted or salted, and ten human tongues preserved in pots.

### TWO AVIATORS FELL

### CHEVREUSE, France, April 14.—Lt. Bysse of the navy, while making an aeroplane flight here to-day, fell with his machine, and was mortally injured.

### RHEIMS, France, April 14.—A monoplane, driven by M. Delange, collapsed when at a height of 100 metres to-day, and the aviator was seriously injured.

### We Advise the Immediate Purchase of Porcupine Tisdale

This Company has:  
120 acres in Tisdale, adjoining the Timmins and near the Hollinger, 80 acres in Tisdale, near the Armstrong McMillan, and 40 acres in Deloro, cornering on the Timmins group.

These properties are owned outright and are deeded to the company. Sufficient funds in the treasury to carry on development work for a year.

800,000 shares are still in the treasury. Buildings erected on the Deloro property and the big vein stripped for about 350 feet—striking on this vein will be started this week.

Buy this stock at the market. We advised the purchase of Great Northern around ten cents. It has since advanced above twenty. We expect Porcupine-Tisdale to double its present price.

The market for the Porcupine stocks will offer unusual opportunities for making profits. Porcupine is yet in its infancy, and during the constructive stage many stocks will be thrown over by those who do not know their intrinsic value. I have my own man on the ground. I have a knowledge of all the good properties, and my clients can rely on the facts I issue. PORCUPINE GOLD REEFS, under development, will make one of the camp's big mines. I recommend these shares while they are to be had cheap. Get my Porcupine Map free, and write for any information on any of the stocks now on the market.

PEACE AGAIN REIGNS IN CHAMPAGNE DISTRICTS

Authorities Hopeful That Rioting is Over—Women Rushed to Rescue of Arrested.
EPERNAY, April 14.—Peaceful conditions reign to-night in the department of Marne. The day was taken up with the trials of wine growers, who had been arrested during the disorders of several days past, and the summary jurisdiction courts here and at Rheims sentenced a number of persons charged with slight offences from one week to two months' imprisonment.

CHURCH RAISES \$20,000

Howard-Park Methodist Needs But \$5000 to Reach Coveted Goal.
The three-day lightning campaign of the Howard Park Methodist Church is rapidly nearing a close. It was decided on Wednesday evening to attempt to raise \$25,000 in three days. Already \$20,000 has been subscribed, and no trouble is expected in raising the remaining \$5000 to-day.

FOUND BY FINGER PRINTS

NEW YORK, April 14.—Finger prints of 220 workers in a novelty factory were affixed by detectives to-day for duplicate marks found upon the door and cash drawer of the safe, which was looted Wednesday night of \$688. Among the lot the detectives found one they say identical with the tell-tale imprints, and they arrested Joseph Roberts, a negro porter, who was locked up, charged with being implicated in the robbery. It took nearly two days to take the imprints and compare them.
