Rebelling Fourth Year Meds. Declare They'll Attend McGill

Students at Toronto University Will Desert Their Alma Mater If Faculty Increases Clinical Charges—Deep Dissatisfaction Existing in College Halls.

An incident unprecedented in the history of Toronto University occurred in one of the lecture rooms at the medical college yesterday afternoon. Scores of fourth year students, at the close of a meeting held among themselves, as students, rose to their feet and enthusiastically gave the yell of McGill University. It was not a joke. On many occasions in times past the different faculties have been at odds over sports and kindred matters causing inter-collegiate rivalry, but never has any animadversion been shown heretofore towards the alma mater as an institution of learning.

There is trouble brewing at Varsity and the medical college is booked as the centre of hostilities. The possibility of an increase in hospital fees, which the students claim is unjust, has caused all the dissatisfaction, and it was the management of the Sick Children's Hospital that precipitated the latest course of events.

For the privilege of allowing clinics to be held in the wards, the university gives an annual grant to St. Michael's Hospital and the Toronto General Hospital. Clinics are also held in the Hospital for Sick Children, but no grant is given to this institution as to the other two and that's why the sick has come from the H.S.C. As it is a charitable institution, the management of this hospital claim a grant similar to that given to the other two hospitals. Money is needed and it appears anything but unjust that the hospital should claim remuneration for giving clinical privileges equal to that of these other two city hospitals.

Consequently, the faculty of Toronto University have received notification that unless something is paid to them, students will no longer be allowed in the wards. Among the powers that be at the university this request has not been received with favor. The faculty, it appears, do not take kindly to the idea of making any such contribution, and would have gone around to let there be any extra payments to be made, the students will be allowed to make their own arrangements.

But apparently the students will not agree to any such proposition. After the matter had been discussed by the faculty, it is stated that Dean Clark had a talk with the president of the Medical Students' Society and suggested that if a cash contribution of \$1200 was subscribed from among the students and presented to the hospital it would tide over the ill-feeling for the present at any rate, and the difficulty would continue to be a principle.

In consequence, a special meeting was called yesterday by the fourth year medics to discuss the dean's suggestion, with the result that unanimous disapproval of such a procedure was expressed. The students do not object to the amount of money that is involved, but on the question of principle. They agree, every one of them, that the Sick Children's Hospital is a very worthy institution and that the suggestion to make a Christmas gift from the students to the hospital would be unanimously approved of.

But under the present circumstances and at the present time the medics incline to regard a cash donation to the H.S.C. as in the nature of a "bribe," and they won't agree to it. They claim that the university calendar advertisement clinics at the Sick Children's Hospital as well as the other hospitals, at the specified sum of \$150 for fees per annum. They claim further that when that fee is paid, the contract is closed with the university, and if any further charge is made by any of the hospitals, the university should foot the bill.

The result of yesterday's meeting was a unanimous decision to pay no extra fees whatsoever, and let the faculty take action. **Won't Stand for Injustice.** While it was admitted on all sides that Toronto University Medical College was an excellent institution, the students felt that they were not bound to it, if injustice was being done them. Other universities are offering degrees in medicine just as good as Toronto, McGill, with the same examinations, granted the degree of M.D., C.M., which is recognized in several western provinces of the Dominion, and which is, moreover, the only degree which will allow a doctor to practise medicine in the Province of Quebec. Enthusiastic applause greeted the suggestion that the entire class of fourth year students proceed to McGill University to finish their professional training. If the medical faculty persists in demanding extra fees for clinical instruction at any hospital in Toronto.

The Advance Sale of Seats. The advance sale of seats for Mav Robson's two plays, "A Night Out" and "The Rejuvenation of Aunt Mary," which will be seen next week at the Princess, opens this morning at the theatre box office.

Royalty's Garden Party

DELHI, India, Dec. 13.—(Can. Press)—A royal garden party was held at the fort this afternoon, King George and Queen Mary being given a great ovation by the 7000 guests as they walked thru the grounds. Later in the afternoon their majesties, wearing their crowns and coronation robes, appeared in a screened balcony on the wall of the fort, formerly used by the mogul. The emperor and empress remained seated on golden thrones, while for an hour and a half a long train of religious and other native processions passed in review.

PRINCESS LOUISE IMPERILED IN SHIPWRECK

Steamer Delhi Struck Rock Off Northwest Coast of Africa, and Rescue of Passengers Was Feat of Heroism—Duke of Fife Showed Gallantry.

GIBRALTAR, Dec. 12.—(Can. Press)—Princess Louise Victoria, Princess Royal of Great Britain and Ireland and sister of King George V., and her daughters, had a thrilling experience to-day when the Peninsular and Oriental steamship Delhi, on which they were voyaging to Egypt, struck the reefs off Cape Spartel, the northwest extremity of Africa. While being taken ashore by the long-boat of the British armored cruiser, Duke of Edinburgh, they were thrown into the water by the capsizing of the boat, one of the daughters having a narrow escape from drowning. She was rescued by a sailor and carried to land with the others, all suffering severely from the bitter cold.

Enveloped in Fog. The Delhi struck at one o'clock in the morning in a thick fog. Immediately all the passengers hurried from their staterooms half dressed and put on life preservers. Water poured steadily into the cabins, while enormous seas, sometimes mast-high, broke over the vessel. Signals of distress were sent out by wireless, and the first warship to arrive was the French cruiser Friant.

It was long past daylight before the Friant's steam launch was able to come alongside the Delhi. In the meantime preparations were made aboard the stranded steamer to send the women and children ashore. One of the boats of the Delhi was lowered and filled with passengers. The launch succeeded in getting this in tow and then steamed to the British cruiser, Duke of Edinburgh, where the frightened woman and children were safely taken aboard.

Panic Was Averted. The cruiser Duke of Edinburgh with thirty-eight of the rescued passengers from the Delhi, arrived here to-night. It was expected that the royal party would reach Gibraltar aboard the battleship London, but latest reports state that they had decided to remain for the night at Tangier, where they are housed in the British legation.

One of the women passengers, in describing the wreck, said that there was not the slightest panic after the vessel struck. The passengers were summoned to dress and go on deck, but were assured that there was little danger. Arriving on deck they found the fog dense and the seas beating heavily against the ship. There was little confusion or excitement. They remained assembled on deck until 10 o'clock in the morning, when the Friant's boats, after considerable exertions, succeeded

HYDRO SOON TO BE A GREAT BOON TO FARMERS

Hon. Adam Beck Impresses Great Practical Utility at Winter Fair Public Meeting—Gratifying Increase in Fat Stock.

GUELPH, Dec. 12.—(Special)—With the entries larger than ever before, and with increased accommodation, all that was necessary to make the winter fair of 1911 the greatest in its history was for the attendance figures to be larger than those for any previous year and this bids fair to be the result. The attendance figures for yesterday were 547, being an increase of 2105 over 1910, when there were only 342 on the first day of the fair. To-day the station platforms were black with people when the trains discharged their passengers, and an enormous crowd thronged the buildings all day long.

In the evening a big public meeting was held in the city hall, over 1200 people being in attendance. Hon. J. S. Duff, minister of agriculture, who acted as chairman, in a brief address, stated that this year the show was the best ever held in the Dominion, the attendance being greatly in excess of other years.

Hydro Power on Farms. Hon. Adam Beck followed, dealing with the hydro-electric power question as regards the supplying of electricity for use on the farms of the province. He gave a heart to heart talk with exhibitors from the rural districts and described the many ways in which it was used in Europe, especially in Germany, in many sections of which it was used on every farm, and showed how the farmers of Ontario would be benefited by its installation, as it was the intention of the government to extend main lines thru other parts of the province form which municipalities and

TRADE GROWING WITH BRITAIN BUT NOT SO FAST AS WITH U.S.

Canada's Exports to Mother Country Show Shrinkage But Imports Are Greater—Balance of Trade With U.S. Continues to Pick Up in Latter's Favor.

OTTAWA, Dec. 12.—(Special)—The section of the annual report of the department of trade and commerce dealing with trade between Canada, Great Britain, France and Germany has been issued. The report shows that during the fiscal year, which closed on March 31 last, Canada's total trade with Great Britain amounted to \$247,551,912 as against \$245,313,994 for 1910. A considerable increase in imports of British goods, and a decrease in exports to Great Britain are shown.

The total imports amounted to \$110,386,801 as compared with \$95,679,877 in 1910. Exports last year amounted to \$136,065,111 as against \$149,634,107. **British Trade With the U.S.** Canada's total trade with the United States for the same twelve months reached a total of \$913,813,003, as compared with \$832,221,327 in the previous year. Both imports and exports increased, the former from \$230,070,540 in 1910 to \$294,415,202 in 1911, and the latter from \$113,150,778 in 1910 to \$119,396,801 in 1911. The duty collected on imports from Great Britain amounted to \$20,756,811, and on imports from the United States \$37,954,728.

Buying German Goods. The figures of trade with Germany show a slight increase, the total for the year being \$12,750,216 as compared with \$10,459,455 for 1910. The imports of German goods amounted to \$10,057,199 as compared with \$7,958,264 in 1910. The figures show that while Canada bought more largely from Germany, the increase in exports from Canada to Germany was very slight, the figures being \$2,501,191 for 1910, and \$2,693,017 for 1911.

Total Trade Growing. Canada's total trade in 1911 amounted to \$789,443,905 as compared with \$698,211,221 in the previous year, and the duty collected increased from \$63,769,707 in 1910, to \$72,935,639 in 1911. The exports as well as imports of coin and bullion show very large increases, the imports being \$6,017,589 in 1910, and \$10,206,210 in 1911, and the exports \$2,594,536 in 1910, and \$7,196,155 in 1911.

KEEP THE BALL ROLLING, ROBERT.

GERMANY TO STRENGTHEN NAVY ARMY TAKES SECOND PLACE

Recent Acute Crisis in Morocco Makes Public Interest Keen In Forthcoming Program—General Military Bill To Be Deferred for Several Years.

BERLIN, Dec. 12.—(Can. Press)—The possibility that measures for strengthening the navy or the army or both will be submitted to the next Reichstag, which is to be elected on Jan. 12, 1912, as a result of the international crisis of last summer, is arousing the most intense interest in the press and among the public. Until now not the slightest indication of the government's intention in the matter has been evoked. According to an apparently authoritative statement, which appears in the Boersen Zeitung to-day, however, the navy and not the army is to be the chief beneficiary of the new program. The army at the same time will figure in the appropriations asked for. These were included in the last budget, but the minister of war withdrew them out of consideration for the financial condition of the empire.

Navy Comes First. In connection with the published report that a new military bill which will add two entire corps to the army, is to be introduced instead of increasing the navy program (a statement which The Boersen Zeitung calls semi-official), the newspaper remarks that the remark in this sense is false. The building up of the navy is regarded in authoritative circles as more urgent and the reorganization of the army will be taken up only after what is necessary for the navy has been accomplished. A general military bill is not to be expected for several years. In the meantime the ministry of war will probably seek minor appropriations.

The statement of The Boersen Zeitung does not mention the nature of these appropriations, but it is believed that they concern aviation and the provision of more machine guns.

THE CROAKERS! Toronto has suddenly put up a flock of croakers. They say the city has come to her limit. The assessment commissioner declares that the city will buy land two years hence for less than it brings now—a nice knock for the city that supports him. As a matter of fact, there is no more progressive and thriving city on the American continent to-day than Toronto and her suburbs. Yet these men say the city is about to stop growing! And we are only beginning to find ourselves. We have one transcontinental terminal here, that of the Canadian Pacific; within two years at most the Grand Trunk will be running trains from Edmonton to Toronto, and so the Canadian Northern; and our railway business will be double of today. The Canadian Northern plans great car and engine shops in Toronto, its headquarters. The Canadian Pacific has 10,000 acres on its Montreal payroll, and these 10,000 support 40,000 others. We are planning new stations, we are shouting for new freight yards, the merchants have so much business that the railways cannot handle their stuff! Chairman Mabee is here to help away the congestion!

The citizens will have a chance of saying at the coming civic elections whether they belong to the "Wee Yorkites," who take their inspiration from Muddy York, or whether they are "Twentieth-Century Torontonians." The Telegram has more than doubled its building and plant, and The World is following suit. Does that mean the end of Toronto? The development of New Ontario on Whitney's new lines will put two hundred thousand more people in Toronto! And yet they croak!

THE WEE YORKITES. Assessment Commissioner Forman: "The time to buy parks is two years hence, when the unhealthy land boom will inevitably collapse."

Sir Donald Leaving. Sir Donald and Lady Mann will leave to-night for California, where they will spend the winter.

PERSIAN LAMB JACKETS. A very large and unique display of Persian Lamb jackets may be seen to-day in Dineen's showrooms. There are nearly five hundred new designs, made from the last marketing of this splendid fur in Leipzig. Very fine skins of sharply curled, glossy fur. Something indeed in quality and price that you may not run across again in many a day.

The Home Bank.

The New York police have issued a warning to women shoppers, advising them to carry their money in their stockings during the Christmas rush. Sergeant of Detectives Alex. Mackie of the Toronto force adds the weight of his opinion to that of the American officer. It is pointed out that this is the only really safe place for a woman to carry her cash. There are always ladies' waiting rooms in the stores where a woman may go, and a few cents carried in the purse will be ample for such needs as cabs and the like. It is just as respectable and many times as safe to carry your money in your stockings as anywhere else, and you avoid the nuisance of alternatives of an asp orant to prosecute in police court or the loss of the cash.

CHILD'S HEART ON OUTSIDE OF BODY

Unusually Rare Case at Sick Children's Hospital—Little Two-Day-Old Girl's Abnormally Placed Organ Beating Lustily—Has a Chance of Life.

One of the most remarkable freaks of nature imaginable is to be seen at the present moment in the Sick Children's Hospital. A tiny baby girl, two days old, lies in a little white cot with its heart beating like any ordinary child, but with this difference, that the heart is outside the thorax instead of inside. There is neither skin nor bone to protect the vital organ, which is hanging out on the chest wall. It is beating peacefully in its little bed, is this diminutive marvel, quite unconscious of the sensation and comment it is creating. For all day long it has been intently watched and discussed by medical minds ranging from the open-eyed student to the various professions.

In fact, yesterday afternoon some of the clinicians became so interested that a nurse was despatched with the little enigma to the university, where its condition was thoroughly examined. By the aid of an ingenious mechanism its heart-beat was registered. A glass bell was placed over its heart and connected by a rubber tube to a lever which graphically recorded on a revolving drum, covered with smoked paper, even the most minute movements of the ectopic organ. It is beating, about 100 times a minute, and quite strongly, too. One can readily determine the force of the beat because the whole thing can be held in one's hand, as it lies exposed without covering of any nature. Moreover, one can see the blood rush into the chambers, watch them fill up, then when the heart contracts the blood is forced into the arteries to be distributed thru the body. The child appears quite healthy and

Continued on Page 7, Column 6.

A Touching Picture Don't forget that the Christmas number of The Sunday World will be out on Saturday evening next. It is check full of good things and reasonable prices.

You should read "Two Christmas Eves in Toronto—A Study in Contrast," by Margaret Bell, with illustrations by Lillian Scott. It is a touching picture of the inequalities of modern city life, which strike all the more when the season brings round again the glad festival of rejoicing and "good will towards men."

LAW IS IN ERROR MRS. HEBERT'S ARGUMENT

Extraordinary Mistake Has Crept Into Quebec Jurisprudence Respecting Validity of Marriages, Says Counsel—Mutual Consent is Determining Factor of Marriage Legality.

MONTREAL, Dec. 12.—(Can. Press)—That under the Roman law, French law, British common law, and under the law prevailing in the Province of Quebec before the cession of 1760, the one great essential for the validity of the marriage was the mutual consent of the contracting parties; that Catholic priests officiating at marriages in the province prior and subsequent to the cession acted simply as officers or witnesses on behalf of the state in the matter, and that, consequently, all attempts to read into existing statutes exclusive powers for Catholic clergymen to officiate at the marriages of Catholics could not be based on the contention that such exclusive privilege existed prior to the promulgation of the present civil code—such was to-day the burden of a lengthy address delivered before the practice court by Arnold Wainwright, counsel for Mrs. Hebert, in the marriage annulment case. His address occupied the whole afternoon session and will be resumed to-morrow. **Hebert's Contentions.** According to the attorneys for Mrs. Hebert, the position of Hebert is that, taking into account the ancient practice existing in Quebec prior to the time when the French colony came under the dominion of the British throne, the marriage of Catholics, to be valid, had of necessity to be contracted before the parish priest or bishop. Hence, if it could be proven that such was not the case, the position assumed by Hebert in the matter would become automatically untenable. As it was it was a decree of the Council of Trent, as well as an ordinance of the French state, issued in 1687, that Catholics had of necessity to be married before their parish priest or bishop; all that had to be proven was that neither the decree nor the ordinance had ever been in effect in French Canada before the cession. This counsel endeavored to do.

Protestant Clergy's Rights. "We contend that a Protestant clergyman has the right to celebrate marriage in the case of two Catholics," explained Mr. Wainwright. On the other hand many reasons against such a contention have received judicial sanction. The principle on which court rulings were based is that, under the old law, a Protestant minister did not have such a right, and that under the existing code, they cannot be said to possess such a right. It is, therefore incumbent upon me to prove that, under the old law, the marriage of two Catholics solemnized before a Protestant clergyman was not illegal. "In doing this I will prove that the marriage in the present instance cannot be attacked, and thus an extraordinary error which has crept into the jurisprudence of the province will be set aside."

Hangs on Mutual Consent. Proceeding Mr. Wainwright said the general fundamental principle underlying the law of marriage, was that the one great essential was the common consent of the two contracting parties. By a process of gradual evolution the necessity of some outward formalities, was made imperative, but simply to be admitted as proof of the existing contract. There was no need of any authorities on the point, as under the Roman law the common consent of the two parties was not only a sign of marriage, but was of the very essence of marriage, in fact the consent constituted marriage. **No "Onerous Penalties."** The rights granted Catholics under

HAMILTON HAPPENINGS

BLUE RIDGERS WANT TO CUT MORE LICENSES
Temperance Federation Will Adopt Civic Slate—Alleged Express Co. Robbers Released.
HAMILTON, Dec. 13.—(Special.)—Reduction of liquor licenses in the city was likely to be an issue in the coming municipal elections. Notwithstanding the sweeping reductions made by the license commissioners early in the year, the temperance people claim that there are still several license-holders in the city who are not "keeping hotel," and a call has been sent out by the Hamilton Temperance Federation for a meeting of the Y.M.C.A. Thursday night, at which it is proposed to formulate a campaign. It is likely that a full slate of candidates for the city council will be named.
Out on \$10,000 Bail.
After remaining in jail for nearly two weeks, Joseph Acheson and J. D. Gillman, the two young men charged with the theft of \$300 from the Canadian Express Co. last September, were released from custody this afternoon on bail in the sum of \$10,000 each. They appeared in police court this morning, and at the request of their attorneys they were remanded for another five days, at the end of which time the police expect to be able to proceed with the charges against them.
Death of John McArthur.
John McArthur, a widely known and highly esteemed citizen, died suddenly at his home, 21 Bold-street, last night. He had attended to his usual business during the day, and until within a few minutes of his death was apparently in the best of health. Mr. McArthur was 87 years of age and had lived in Hamilton all his life, having been born here. For many years he was a hat manufacturer, but for the past twelve years had conducted a book and stationery store. He took part in the rout of the Fenians, at the battle of Ridgeway, and had also been a member of the Third Regiment, and was a member of the Army and Navy Veterans' Association. He is survived by his wife and four sons.
Charged with shooting at Terence Scott with intent to kill, Charles Cimino, an Italian, was arrested by the police today. The alleged offence was committed last October at Scott's house, on King-street west.
Two Serious Accidents.
Peter Jackson of Burlington fell thru a railing at the terminal station early this evening and received serious injuries, which rendered necessary his removal to the City Hospital. His right hip is badly fractured and he otherwise injured.
John O'Brien, 13 James-street, last night, lies at the City Hospital, where

he was taken in the police ambulance this morning, after being picked up by P. C. Wallace at the corner of King and Walnut streets, where he had fallen and it is feared he fractured his skull. His recovery is doubtful.
Travelers' Certificates.
Commercial travelers' certificates for 1918 can now be had from Fred Johnson, Room 8, Federal Life Building.
Germania Hotel, John and Main streets, first-class table and rooming accommodation.
Farmer Goes to Jail.
CHATHAM, Dec. 13.—(Special.)—Grant Vanmeer, charged with assaulting James Chittum of Raleigh, was sentenced to one month in jail without the option of a fine by Judge Dowling this afternoon. The assault was the outcome of a dispute over possession of a farm. The defendant started upon Chittum when he and his brother attempted to move a threshing machine into the barn on the property.
LT.-GOVERNOR AT BRANTFORD.
BRANTFORD, Dec. 13.—(Special.)—Lieut.-Gov. J. M. Gibson, formally opened Brantford's new children's shelter here today, the gift of Mrs. Peter Wood to the Children's Aid Society. His honor was tendered a luncheon by civic representatives and was escorted to the new shelter by the cadet corps and scouts.
The shelter, which is the residence of the late Rev. Dr. Martin, is said to be the finest in Ontario and congratulatory references were made to the work of the society in Brantford. His honor was accompanied by Sheriff Middleton, Hamilton and J. J. Kelso, Toronto.
Noble Deserter Surrenders.
LONDON, Dec. 13.—Edwin Rutherford, aged 15, who deserted last May from the British army, has surrendered himself to the Windsor police on Dec. 11, fearing arrest and punishment. Rutherford formerly resided with his parents at 149 Egerton-street, this city.
Bouquet for Speaker Sproule.
LONDON, Dec. 13.—The Woman's Christian Temperance Union, at its regular meeting, placed on record its appreciation of the stand made by the Hon. Dr. Sproule in prohibiting the use of intoxicants at social functions. The membership also expressed its grateful appreciation of the part Mr. Sproule played in bringing about this happy event.
Hamburg Historical Festival.
The third recital of the series of five will be given by Jan and Boris Hammbourg, at the Margaret Eaton School, on Saturday, Dec. 16, at 8.15. The program will consist of works by Mendelssohn, Chopin, Schumann and other masters of the romantic school. Plan is now open at the Bell Piano Co., 146 Yonge-st., and at the Hamburg Conservatory, 100 Gloucester-st. Phone N. 2841.
Thorold Beats Railway.
ST. CATHARINES, Dec. 13.—The Niagara, St. Catharines and Toronto Ry. Co., last night accepted the terms of the Town of Thorold as to renewal of the franchise of the Port Dalhousie St. Catharines and Thorold Street Railway owned by the former company, and the service was resumed this morning. The company grants all the terms, and the town leases a site to the company for a new station.

WANT \$95,000 MORE

Infants' Home Have Allowed Themselves Till Saturday to Raise Sum.
The sum of \$95,000 has now been received in aid of the Infants' Home and Infirmary, but the committee in charge of raising the fund want \$10,000. The campaign will be closed on Friday. Every effort is being made to raise this sum, which is most urgently needed. The canvassers are quite sanguine that the amount will be obtained.
A BLACK LIST.
For robbing John Tait up an alley during the dark hours of a December night with the aid of a big stick and a colored lady almost as dark as the night, Thomas Rogers was sent to the Central Prison from police court yesterday morning. The dusky accomplice was put away for 30 days, while in the dark night, the alley and the big stick escaped without further punishment than the uncontradicted aspersions upon their respective reputations.
In England, Mrs. Pankhurst stated, women's clubs were yet in their infancy. The ones that exist are for purely social purposes.
A large and enthusiastic audience of the members of the Women's Canadian Club greeted Mrs. Pankhurst when she addressed the club yesterday afternoon in the lecture hall of the Young Women's Christian Association.
Mrs. Pankhurst first referred to the formation of clubs for women as being a factor in disproving the statement so often made concerning women in the past that they were not loyal to one another, but the existence of many clubs and the United States Council for educational purposes, the study of social science, etc., proved that women's sense of responsibility was keenly awake.
Mrs. Pankhurst referred to an article in a Montreal paper which stated that 20,000 men had been deprived of their vote because they had not paid the water rates regularly but never have the chance to vote at all.
Mrs. Pankhurst spoke forcibly and movingly upon the great necessity of more and better legislation affecting such vital questions to women as the white slave traffic, child labor, the proper remuneration of women workers in all of which it was vitally important that women's voice and views should be heard.
A DIFFICULTY SPLENDIDLY OVERCOME
To those who are puzzled in their minds as to what to choose for a suitable Christmas present, the tip is hereby freely given that nothing adds more delight to a festive Christmas season than a box of sparkling and invigorating Radnor Water. Why not send a box of Radnor as a Christmas present?
Kingston's Intake Troubles.
KINGSTON, Dec. 13.—(Special.)—Medical Health Officer Dr. Williamson says tests at the intake pipe show water is contaminated, and if the city is to be free from typhoid fever conditions must be remedied.
James Campbell was found guilty by a jury of stabbing Arthur Johnson at Perth-road No. 20, and given two years' hard labor in the penitentiary.
Arthur Hawkes to Speak.
Arthur Hawkes, special commissioner of emigration for the Dominion, will address the board of trade luncheon at the St. Charles on Friday, at 1 o'clock on "Emigration into New and Old Canada."

Feet So Sore Couldn't Walk Down Stairs TIZ Cured Her Quick

If you have sore feet, tired feet, sweaty feet, lamely feet, smelly feet, corns, callouses or bunions, read what happened to Mrs. Crockett, of Jeffersonville. TIZ DID IT. Mr. Crockett says: "After the second treatment she walked downstairs one foot at a time, and after the third she was able to walk downstairs before in past five years, except by stopping down on each step with one foot at a time. This is remarkable. Send five more boxes.
No matter what ails your feet or what under heaven you have used without getting relief, just use TIZ. It's different. It acts right off. It cures sore feet to stay cured. It's the only foot remedy ever made which acts on the principle of drawing out all the poisonous exudations which cause sore feet. Powders and other remedies merely clog up the pores. TIZ cleans them out and keeps them clean. You will feel better the first time it's used. Use it a week and you can forget you ever had sore feet. There is nothing on earth that can compare with it. TIZ is made only by Walter Lather, Dodge & Co., Windsor, Ont., and is for sale at all druggists, 25 cents per box.

MORE CLUBS THE BETTER SAYS MRS. PANKHURST

Argument of Anti-Suffragists Refuted by Work Canadian Women Societies Are Doing.
A large and enthusiastic audience of the members of the Women's Canadian Club greeted Mrs. Pankhurst when she addressed the club yesterday afternoon in the lecture hall of the Young Women's Christian Association.
Mrs. Pankhurst first referred to the formation of clubs for women as being a factor in disproving the statement so often made concerning women in the past that they were not loyal to one another, but the existence of many clubs and the United States Council for educational purposes, the study of social science, etc., proved that women's sense of responsibility was keenly awake.
Mrs. Pankhurst referred to an article in a Montreal paper which stated that 20,000 men had been deprived of their vote because they had not paid the water rates regularly but never have the chance to vote at all.
Mrs. Pankhurst spoke forcibly and movingly upon the great necessity of more and better legislation affecting such vital questions to women as the white slave traffic, child labor, the proper remuneration of women workers in all of which it was vitally important that women's voice and views should be heard.

The Fund is Growing Rapidly, but Your Contribution is Required

For the sake of your Baby at home, won't you please give something to the Infants' Home Fund to help them save all poor motherless or deserted babies?
Cheques and subscriptions may be sent to the Treasurer, Infants' Home Campaign, Jarvis Building, 103 Bay Street.

"HELP THE HELPLESS" \$150,000 is the Amount Required

HAWKES ON IMMIGRATION
Commissioner Has Been Busy Confering With Provincial Governments.
OTTAWA, Dec. 13.—Immigration Commissioner Arthur Hawkes is in Ottawa today in connection with the report which he is to present to the government. Mr. Hawkes, who has been appointed to prepare a report on the most scientific and practical methods of obtaining settlers for the Dominion, has been out west, and also in Quebec. He will be here for a day or so, and will then go to Toronto. His work will, after Christmas, take him over to England, and he expects to have his report ready about February.
He has already seen about six of the provincial governments with regard to overlapping in immigration.
"it was up in New Ontario last week to meet some of the incoming settlers," he said, "An idea has for some time prevailed that it is possible to dump immigrants into New Ontario like coal into a cellar, but this, root, hog or die scheme brings failure and discontent."

TWO MOTOR SHOWS, MAYBE
Owing to dissatisfaction with space allotments it is reported the several motor dealers who desire to show cars at the Ontario Motor League Show in February will hold a little exhibition all their own in St. Lawrence arena.
A representative of the league said yesterday that no hard feelings would exist and that there would be enough exhibits for both shows.
STUDENTS' NIGHT.
To-night is students' night at the Royal Alexandra. The theatre will be lavishly decorated with blue and white hunting. Marshals will see that their fellow students keep order. Miss Gunnings expects an enjoyable evening.
The Bal Foutou is reproduced in two pictures in the Art Section of the Xmas Sunday World—until this week. Only five cents per copy—order two copies from your newsdealer or newsboy. Keep one and send the other to friends abroad.
HAMILTON HOTELS
HOTEL ROYAL
Every room completely renovated and newly carpeted during 1917. \$2.00 and up per day. American Plan.
ST. JUDE'S CORNERSTONE
With a large number of the members of the congregation gathered about him, Bishop Sweeney at 8 p.m. yesterday, laid the cornerstone of the new St. Jude's Church. The new edifice is at the corner of Roncesvalles and High Park-aves.
A short service was conducted in the old church, preliminary to the cornerstone ceremony, at which the bishop spoke briefly.
The stone was to have been laid last Saturday afternoon, but the event was postponed because of the death of the son of the pastor, Rev. J. L. P. Roberts.

League Scores

Note and Comment

Welcome to the farmers, hotelmen and other Scots comprising the team of 31 curlers who are soon to visit these shores. They will be accompanied by their own pipes and will have music wherever they go to cheer their journey and rouse the enthusiasm of their British hosts in this country.

During the tour of the curlers thru Canada four test matches will be played for the cup presented by Lord Strathcona. The first will be at Halifax, the second at Montreal, the third here, and the last at Winnipeg. The aggressive scores in these four matches to determine the destiny of the cup for the time being; while it is left to the branches in this country, if they are victorious, to determine which branch shall have the custody of the cup for the year.

The Royal Canadian Curling Club voted a sum of \$500 toward the expenses of the trip. In addition to this sum, the council of the Royal Club have decided to present each member of the team with silver badges and Tam-o-Shanter bonnets.

The Scotchmen cannot understand the fact that the Winnipeg bonnet is scheduled for a certain date and that it will be commenced on that date. In Scotland they have to wait until the ice is good, and in many parts do not get any curling at all. When the ice will bear then the bonnets commence. The largest of these bonnets in Scotland is that at Chadwick, in which 3600 curlers take part. The Scotch curlers are usually victorious in this contest. Why this is so has never been explained, for the Northerners have a longer spell of frost and consequently more practice.

There may also be another international league of the outlay variety, according to a western despatch. Winnipeg and Brandon will probably see outlay baseball next summer. The clubs of these towns think they are outgrown the Western League class of stuff and are endeavoring to organize an international series consisting of Duluth, Superior, Minneapolis and St. Paul. This circuit, it is believed, would prove a big success. Lehigh Valley and Regina may return to the Western Canada League.

Race track men are coming back from the south with many tales of woe, says the New York Times. Some have been trying to make ends meet at Jamestown, while others have decided that there is nothing at Columbia, S.C. "There's no money anywhere," they say. "Expenses are so great that the owners grab all the coin. It's a game in which the sharks predominate. The outsiders have no chance at all. The racing is a burlesque on a clean sport and everything else. The Jamestown meeting didn't make a dollar, while Columbia is losing money. The trouble lies in the sharks predominating. They have left the game and the poor men cannot win enough to keep their heads above water. There's nothing but rag, tag and bobtail at the winter tracks, and if you've got any coin don't let it become known."

Ottawa Have Only Signed Three Players

OTTAWA, Dec. 13.—The Ottawa Club will be quite willing to have the Toronto team play their home games on the Montreal arena, as has been suggested by O'Farley Moore, president of the club, says that they would like to see the Toronto team in, and feel that without them the league would be very much weakened, so much so that it might prove to be a financial failure. He thinks that they could draw large enough gates at the arena to pay their expenses, and if they decide upon this course, the Ottawa Club will support them in the matter. N. H. A. as it would also save money for Ottawa on traveling expenses.

As yet the Ottawa have not signed up their players, and there are rumors of the men jumping to the west, although Frank Clark claims that he would not take any of the champion team. "Doubtless Kerr is mentioned as having received an offer, and there is a good chance that he will accept. He has held back from affixing his signature to an Ottawa contract, and this looks as if he is thinking seriously about the western offer.

Ferry Lesieur, Jack Darragh and "Skeene" Ronan are the only men who have been signed up as yet.

The Toronto Hockey League will meet at the Boys' Club, Central Y.M.C.A., on Friday night at eight o'clock.

The Wychwood hockey team reorganized this year and will play in the inter-section league. An organization meeting will be held in the Wychwood Presbyterian Church on Monday night to organize a church team.

The presentation of medals for last year's champions of the Toronto Hockey League will take place this evening at the Troqueus Hotel, Maltdands won the junior city championship, while North Riverdale won Juvenile B series.

Stanley Barracks Beat Prince George. The Prince George soccer team put up a better game against Stanley Barracks yesterday afternoon at Bayville Park than the score indicates, viz. 10 to 2. The boys displayed a commendable spirit in facing the seniors, and would likely do better in a return game.

Rugby Gossip. Oxford University defeated Cambridge University in the annual Rugby football match, played at Queen's Club to-day, by a score of 19 to 4. A big crowd was in attendance.

Meet of the Hounds. The hounds will meet to-day at Upper Canada College at 8 o'clock.

EIGHT CLUBS WILL PLAY SENIOR O.H.N. THIS YEAR

There Will Be in All 110 Teams—Suspension of Both Markdale and Baden Removed.

The executive of the Ontario Hockey Association met last night in the Telegram Building and adopted the grouping of the one hundred and ten teams desirous of playing in the big association this winter. The groups are as follows:

MANY PLAYERS CHANGE CLUBS AT LEAGUE MEETING

Negotiations Pending in Deals for Providence Club—No Baseball War.

NEW YORK, Dec. 13.—The market in baseball players was brisk compared to that of the past two days and trades were lively. The biggest reported deal on the negotiations for the Providence Club between Frank Noyes, owner of the Detroit Americans, and T. J. Crowley, J. Lavin and Hugh Duffy. Negotiations, it was reported, had not closed tonight. Noyes is reported to have offered \$25,000 for the club.

The Newark International League Club bought First Baseman Swarlow from Mobile and Brooklyn parted with outfielder Humphries to the Springfield Mass. Club. Rochester acquired Blair, Klepper and Otis Johnson of the Highlanders, Toronto and Montreal. Cobb, referee of Toronto taking Ed. Holly and giving in exchange Tony Smith.

Jersey Jumper Jones to Rochester, who also announced that it had purchased Pitcher Gray from Washington.

The baseball war which exists on paper between the American and National Leagues went merely to-day, but indications were plenty that it was to be a war of words only.

Officially the National League attended severely to its own affairs, re-electing President Thomas J. Lynch and ignoring the resolution adopted yesterday by the American League, asking that the American League be merged with the National League.

"I don't see how it can be," said O'Day, with a boyish smile. "I can be friendly with everyone now. Even McGraw and I may see along."

O'Day was the pitcher and Connie Mack the catcher on the old Washington team in 1888. O'Day later became a pitcher on the New York Giants.

"Are you going to wear a uniform, Hank?" the league president, "to express my best wishes to all the umpires in the National League."

"I'm not sure," said O'Day, "but I'm going to wear a uniform, Hank."

A large crowd is expected to attend the boxing bouts put on by the Personal Club and the National Club meet to fight it out for second position. The scores:

NIGHT HAWKS WIN FIRST SERIES.
By winning three straight from D. C. Co., Royal Grenadiers, the Night Hawks clinched the first series of the Central League. E. Tolley made the second game sure when he put in a 232 count, game assisted all three when he put in counts of 188, 182 and 184, totaling 546 in the night. The game of the season will be on Friday night, when the Brunswick and Philadelphia clubs meet to fight it out for second position. The scores:

Public Utility League.
In the Public Utility League, at the Toronto Bowling Club last night, Hydro Electric No. 2 defeated No. 3 in all three games. The latter had a good change in the last two when Barker, their outside roller, stuck in counts of 208 and 207, respectively, but with poor support both contests were lost by small margins.

INDIANAPOLIS, Ind., Dec. 13.—(Can. Press.)—Nation-wide interest will centre here to-morrow when the weeks of work by detectives, attorneys and accountants who have compiled evidence alleged to show the complexity of others than the McNamara brothers in a dynamiting conspiracy, will be turned over to the federal grand jury for formal investigation.

Letters and records of the International Association of Bridge and Structural Iron Workers have been abstracted and checked, against statements of Orrie E. McManigal, confessed dynamiter in the employ of John J. McNamara, the convicted secretary-treasurer of the association.

CREW SAVED FROM WRECK.
HALIFAX, N.S., Dec. 13.—The American schooner, "Mooween," Captain L. McDonald, from Bank Quebec for Boston, struck on Pollock Point, at the western end of the Lunenburg coast, last night, and is likely to be a total loss. The crew were saved.

DAVY ROWAN SOLD.
Davy Rowan, the local boy, whom the Leafs used as utility outfielder, has been sold to the Mobile Club of the Southern Association. The deal was put thru in New York last night by President McCaffrey. Davy Rowan, whose proper surname is Drohan, was very popular with the local fans during his short stay with his home town team. Drohan learned the game with the Nomporels, junior city team, some years ago.

PILES.
Do not suffer another day with itching, bleeding piles. Use the only reliable, non-surgical, non-poisonous, non-painful, non-operative treatment. Dr. Chase's Ointment will relieve you at once and cure you for good. All dealers, or Ed. J. Johnson, Toronto. Sample box free if you mention this paper and enclose 2c. stamp to pay postage.

LANGMUIRS WIN ODD GAME IN BUSINESS MEN'S LEAGUE

Reids Put Up a Stiff Fight—Night Hawks Win First Series in Central League—Scores.

In the Business Men's League at the Toronto Bowling Club last night the A. T. Reid Co. gave James Langmuir Mfg. the fight of the season to get away with the odd game, the latter winning the first, which proved to be the rubber, by only 18 pins, while Reids put over their only win on the last game when the Langmuirs were apparently caught off their guard, putting up their lowest total of the season. Walter Ely, the ex-charcoal king, proved to be the Little Eva for Langmuirs when he stuck in a 232 count in the first encounter, while in the second game plus high for the night. Claude Brooks of the same team was second with 204, while Ely Reid again led his forces with 208. The scores:

Huckvale	186	164	158	230
Cory	149	161	150	456
Moran	148	150	148	422
Temple	141	158	152	451
Reid	121	128	126	375
Totals	810	712	770	2300
Langmuir Mfg.	1	2	3	7
Boyd	150	145	138	433
Sinclair	141	178	158	477
Doc Reeve	148	143	121	412
Brooks	139	150	154	443
Ely	120	120	120	360
Totals	823	857	738	2418

Athenaeum Individual League.
In the Athenaeum Individual League yesterday afternoon, Karrys won three from Geo. Robinson, while Cameron took the same number from Rutherford, Frank Johnston and Arthur only lost one to Bill Voden and Cleor, respectively. Johnston put up the best total of the day, scoring 266, with Bill Karrys a close second, with 268. The scores:

Karrys	190	166	188	167	109	889
Robinson	149	157	201	200	184	891
E. Johnston	182	178	184	190	224	958
W. Voden	171	188	182	177	187	805
Cameron	1	2	3	4	5	7

Night Hawks Win First Series.
By winning three straight from D. C. Co., Royal Grenadiers, the Night Hawks clinched the first series of the Central League. E. Tolley made the second game sure when he put in a 232 count, game assisted all three when he put in counts of 188, 182 and 184, totaling 546 in the night. The game of the season will be on Friday night, when the Brunswick and Philadelphia clubs meet to fight it out for second position. The scores:

Night Hawks	1	2	3	7
Poster	175	168	188	531
Fraser	133	161	124	418

Public Utility League.
In the Public Utility League, at the Toronto Bowling Club last night, Hydro Electric No. 2 defeated No. 3 in all three games. The latter had a good change in the last two when Barker, their outside roller, stuck in counts of 208 and 207, respectively, but with poor support both contests were lost by small margins.

INDIANAPOLIS, Ind., Dec. 13.—(Can. Press.)—Nation-wide interest will centre here to-morrow when the weeks of work by detectives, attorneys and accountants who have compiled evidence alleged to show the complexity of others than the McNamara brothers in a dynamiting conspiracy, will be turned over to the federal grand jury for formal investigation.

Letters and records of the International Association of Bridge and Structural Iron Workers have been abstracted and checked, against statements of Orrie E. McManigal, confessed dynamiter in the employ of John J. McNamara, the convicted secretary-treasurer of the association.

CREW SAVED FROM WRECK.
HALIFAX, N.S., Dec. 13.—The American schooner, "Mooween," Captain L. McDonald, from Bank Quebec for Boston, struck on Pollock Point, at the western end of the Lunenburg coast, last night, and is likely to be a total loss. The crew were saved.

DAVY ROWAN SOLD.
Davy Rowan, the local boy, whom the Leafs used as utility outfielder, has been sold to the Mobile Club of the Southern Association. The deal was put thru in New York last night by President McCaffrey. Davy Rowan, whose proper surname is Drohan, was very popular with the local fans during his short stay with his home town team. Drohan learned the game with the Nomporels, junior city team, some years ago.

PILES.
Do not suffer another day with itching, bleeding piles. Use the only reliable, non-surgical, non-poisonous, non-painful, non-operative treatment. Dr. Chase's Ointment will relieve you at once and cure you for good. All dealers, or Ed. J. Johnson, Toronto. Sample box free if you mention this paper and enclose 2c. stamp to pay postage.

EATON'S for Stylish Hats for Men

Croft and Knapp Hat For Particular Men

THE HAT shown here is one of Croft & Knapp's New York productions, and characterizes the distinctly young man's shape so much in vogue this season. It is superior quality of fine fur felt, with corded silk trimmings, and men of distinctive taste are showing a decided preference for it. The low, rounding crown and wide brim are the lines upon which this stylish hat has become famous. See it in the Men's Hat Section. Price \$4.00—Main Floor—Queen Street.

To Welcome Marine Men.

OTTAWA, Dec. 13.—(Special.)—The Canadian Government is already preparing for the entertainment next July of representatives of the International Marine Congress at Philadelphia. Twenty thousand dollars will be appropriated for this purpose, and the marine men, representing shipping interests the world over, will be shown the St. Lawrence and the principal shipping ports of Canada. They will be taken in charge by Canadian government officials at Port Arthur and will visit Owen Sound, Toronto and Montreal.

Next Week at Shea's.

Next week at Shea's Theatre the bill will be headed by Chas. E. Evans & Co., presenting a good comedy entitled, "It's Up to You, William," the pen of George Arliss. The special features for the week will be George B. Reno & Co. in that nonsensical absurdity, "The Mist Army," and the Four Lukens world's greatest casting act. Included in next week's bill are: Low Flouren, a comedian; Charlie O'cott, Hilda Hawthorne and "Johnnie" Robert Troupe, and the kinetograph. For Xmas week Manager Shea has specially engaged Gus Edwards Song and Revue of Bill, assisted by Lillian Boardman and a company of thirty. Seats on sale Monday.

CHRISTMAS

Just arrived, my import of choice Champagne, Brandy, Port, etc., also Scotch and Irish Whisky, which completes one of the best sorted stocks for Xmas trade. I am anxious to give a first-class order.

'Lefty' McDonald Has Been Awarded To New Bedford

NEW BEDFORD, Dec. 12.—The baseball board of arbitration 10-day decided that no president had been elected for the Virginia League, the two factions have held elections.

Frenchman a Winner. PARIS, Dec. 12.—Georges Carpentier, the French heavyweight champion, won the decision over Harry Lewis, the American pugilist and welterweight champion of England, in a 30-round fight at the Cirque de Paris tonight.

Maple Leaf Quoting Club. The Maple Leaf Quoting Club held one of their large quoting games on Sunday afternoon in their new winter quarters. Mr. C. Ellis was the winner.

Don Valley Senior League. The officials of the Don Valley baseball League promise a splendid winter season for their members and their friends who attend their annual banquet and presentation of prizes to be held in Williams, 120 Yonge street, on Monday, Dec. 18, at 8 p.m.

John White a Benedict. CORNWALL, Dec. 12.—John White, the famous dark-skinned defence player of the Cornwall Lacrosse Club, has become a Benedict, having taken unto himself as a lifelong partner Mrs. Benedict, widow of David Benedict, whose maiden name was Anna Torrance daughter of Francis Torrance of Hogansburg, N.Y.

Interassociation Basketball League. There will be a meeting of the league on Monday, Dec. 18, at 8 o'clock sharp to draw up the schedule of the senior and intermediate divisions. Any teams wishing to enter must have their fees in on that meeting. The meeting will be held at Parkdale Church on Dunn avenue.

The enthroning of an Emperor—pictured in a page of views—in the Xmas number of The Sunday World—out this week; for sale by all newsdealers and newsboys. Price five cents.

FARMERS AND HOTELMEN ON SCOTCH CURLING TEAM

Military Men and Contractors Also Figure Prominently on List—The Itinerary.

The Scottish curlers will arrive in Halifax early in January, sailing from Glasgow on the Allan liner Ionian on Dec. 23. The following is their official traveling schedule, as given out by the Canadian Pacific Railway:

Table with columns for departure/arrival dates and times for various cities like Halifax, St. John, Moncton, Quebec, Ottawa, Kingston, Peterboro, Toronto, Hamilton, and Galt.

After the Winnipeg curlers completed the tour, they will be unable to accept invitations to visit Alberta, Saskatchewan and Regina. As the team has no time to go beyond Winnipeg, they will return to Scotland at the end of February, after an absence of about three weeks.

The latest Scottish newspapers to hand give the names, clubs and occupations of the members of the second Scottish Canadian team, as at present constituted, as follows:

NEW YORK, Dec. 12.—The baseball board of arbitration 10-day decided that no president had been elected for the Virginia League, the two factions have held elections. Other decisions were: Claim of Joseph Sheehan against the Eastern (now the International League), disallowed; Robert 'Lefty' McDonald claimed by New Bedford, Mass., and Hamilton, Ont., was awarded to New Bedford.

PARIS, Dec. 12.—Georges Carpentier, the French heavyweight champion, won the decision over Harry Lewis, the American pugilist and welterweight champion of England, in a 30-round fight at the Cirque de Paris tonight.

STEEL AND IRON BOUNTIES.

A despatch in our paper yesterday says that the steel and iron mills of Canada have asked the Ottawa government to grant this session an immediate and temporary bounty on pig iron until such time as the proposed tariff commission can get into operation, and report on the facts and the situation. Otherwise the mills will be crippled in their production and in their commitments.

The World believes in such a grant. It is necessary, in order to build up a great iron industry, to apply adequate protection in some shape or other, and such a proposal is on the line of sound national policy.

Iron is the basis of all national development, and Canada must make iron if she is to hold her own in the race of nations. Protection made the iron industry of the United States the greatest in the world. True, also, the United States has a steel trust. But even in that case iron is cheaper all the world over because of the policy of the United States. And the prices of trusts can and must be regulated, whether a tariff obtains or not. But we haven't yet reached that point.

More than ever do we believe in protection for the upbuilding of Canada. And we have now a government and a party in office that believe in protection. The rejection of reciprocity was a most emphatic reassertion of the principle of protection. Our people do not wish any of our great native industries, even the possibility of industries, to get a setback like the preferential tariff and the withdrawal of all bounties. The iron production of coal, of iron ore, of pig iron, of steel, etc. The great bulk of the cost of home-made iron goes to wages of labor and ultimately to the consumption of the products of our farms. Not even did the Liberals deny this proposal—in fact, they gave what the Conservatives failed to give in order to get the mills and mines going. Conservatives must therefore uphold the principle in iron or abandon it all along the line. We believe the house and country will overwhelmingly sustain the government in giving immediate, even if temporary, assistance.

The principle of protection admits of readjustments; and the farmers and other consumers of iron understand that readjustments are possible that will fairly distribute the burden of a bounty to the benefit of all.

Let us have a tariff commission, but let the country know at the earliest moment that protection to native industries, that national policy, is still the guiding principle of the party in power and some cohesion to the prayer of the steel men is the best way of asserting it.

Bounties to our mind are, in cases, the easiest and least onerous way of giving encouragement to home industries, and this is especially true of iron.

OPPOSING CITY PROGRESS.

The Toronto Globe publishes two columns of news about the anticipated improvements in Toronto harbor, the expectation of a population of a million in a short time, and other matters indicating the development of the city. But the editorial columns present a wall of alarm that the city is going to the everlasting bow-wow. "The pace is too swift" for the rheumatic limbs of the Globe, and the officials of the city hall are invoked in alliance with The Globe to fight the street railway company's battle against tubes, the Bloor-street viaduct, and expansion of the city territory.

The Globe's editorial policy is plain. It is one of opposition to the plan of public competition with arrogant corporations.

The Globe objects to tubes because tubes would give the people of the north end a chance to get down town quickly without the intervention of the street railway. Tubes would compete with the street car company. So don't have tubes, says the Globe.

The Bloor-street viaduct would assist the development of the east end and enable the people who are cooped up in the present city limits to get to cheaper and healthier localities, and the new civic street car lines would furnish them with transport. But all this would interfere with street railway company business. So don't let us have the Bloor-street viaduct, says the Globe.

The annexation of North Toronto is another of The Globe's terrors. Like the city treasurer, it is "greatly concerned" over this problem. There is room in the present city territory, say

the city officials, while The Globe says "hear, hear," for 350,000 more people. It will be eight years before Toronto is full, and then some of the people can stand and move up in front and hang on to the straps, the same as they do in the street cars. In fact, The Globe would like to run the city on the street car plan as long as the street car franchise lasts, and eight years would nearly settle it. If all the people can be kept inside the street car limits it will be good for street car business. But if the people go outside into new territory and use civic cars, it would injure the street railway company, and that would never do. Dr. Hastings, the medical health officer, says the health of the city will suffer if the people are packed into slums and crowded through the city generally. But The Globe says, what does Dr. Hastings know about health? You can see the people crowded in street cars every night, and they are quite healthy. We want to crowd them into the city that way, 250,000 more of them, and so we don't want to annex North Toronto, says The Globe.

"The ratepayers," says The Globe, "will be asked on New Year's Day to vote additions of eight millions to the city debt." On the contrary, the ratepayers will be asked to add to the city's credit by investing nearly eight millions on some of the most profitable projects that a financial corporation could invest in. But The Globe objects to the city making the investment. The Globe would prefer to see a private company putting its eight millions into the profitable business, and no doubt some of The Globe's friends would like to share in the investment.

So don't let us vote for any progressive measures for the city, says The Globe. If the citizens can be persuaded to stay out, our friends may have a chance to get in.

TORONTO AN OCEAN PORT.

There is a good deal of pleasant talk being indulged in just now in regard to Toronto being an ocean port, but so far it is merely talk. The great thing is to find out whether it is feasible to make Toronto an ocean port. It may be, and if it is, it is the greatest public improvement that could be started in Canada to-day, because if Toronto can be made an ocean port, so can Kingston, so can Port Colborne, so can Buffalo, and other ports on Lake Erie, so Chicago, and so on up to Port Arthur. In other words, ocean grain vessels could lead up to Port Arthur, because if Toronto can be made an ocean port, the Welland Canal could be easily deepened to accommodate ocean vessels, and a proposition of this kind is worth forty so-called Georgian Bay ship canals via the Ottawa. Toronto could afford to spend a large amount of its own money in getting a report by the most eminent engineers as to the feasibility and the cost of enabling ocean vessels to enter Lake Ontario. It is simply a proposition that turns on the St. Lawrence canal.

The greatest check on the railways that do business in Canada would be ocean ports on our great lakes.

The Mail and Empire contributes this gem of dialectics to the woman's suffrage discussion: "Probably each reader knows at least one child who would make a wiser voter than the average man. Nevertheless, we do not hear of any particular demand for the enfranchisement of children." A little more of this will be sufficient to change even Sir James' views.

THE CENTURY HANDICAP.

Editor World: I have read with interest your leader entitled "The Century Handicap." It would have been even more interesting and instructive if the first two decades of the two centuries had been compared.

In 1901 the population of Canada was 5,371,815; the census of 1911 gives it 7,071,889, an increase of 1,700,074, or 32 per cent. In 1800 the population of the United States was 3,900,000 and in 1910 it was 72,239,861, an increase for the decade of 1,831,869, or 26 per cent. and this notwithstanding as you point out, the smaller area, the scanty immigration, and the lack of facilities of those earlier days. These figures cause us to pause and reflect.

It is of course an open question whether a written or an unwritten constitution is the better and one which deserves thought and study. Generally speaking the conservative is in favor of the one, the radical of the other. Under a written constitution such as that of the United States the rights of property are safeguarded, so that under its provisions any such measure as the proposed spoliation of the Welsh Church would be impossible. Many English publicists look on the American constitution with longing eyes; in fact the old country has made a practice of copying the American constitution in the direction of a written constitution in the parliamentary measure curtailing the veto of the house of lords, and doubtless this process will continue and grow. So eminent an authority as Mr. Gladstone has commended the American constitution in the highest terms, as has also Lord Rosebery. It cannot be commended otherwise. Under it a great people have developed in a manner unparalleled heretofore in the world. It has stood the stress and strain of the greatest civil conflict in history, and under its provisions the

Editor World: It would be well to draw the attention of the provincial authorities to some of the inaccessibility and unsatisfactory polling booths provided for the recent election. The writer had occasion to visit a polling booth in East Toronto, and had difficulty in finding the booth owing to the meagre display of signs in front, and the fact that it was located in the rear of a private residence in a summer kitchen. It is generally conceded that sufficient money is allotted for this purpose to enable the authorities to provide a polling booth with a front street entrance, and if there is not, provision should be made for it. It is neither dignified nor fair that an elector should have to find his way to some back alley to the polling booth. Dispensers of patronage should at least require the recipients of these favors to give the proper accommodation as regards accessibility and proper indications. I have no hesitation in saying that the candidates undoubtedly lost votes by reason of the location of this booth. It is generally conceded that sufficient money is allotted for this purpose to enable the authorities to provide a polling booth with a front street entrance, and if there is not, provision should be made for it. It is neither dignified nor fair that an elector should have to find his way to some back alley to the polling booth. DIAMONDS FOR XMAS PRESENTS MAKE AN IDEAL GIFT.

Nothing is quite so acceptable for Xmas gifts as diamonds, and especially in this case if they come from Scherer's. Mr. Edmund Scherer was one of the first wholesale importers of diamonds in Canada, and by constant, courteous and honest dealing with the public has established a reputation as a jeweler, selling only high grade merchandise at wholesale prices. For forty years Mr. Scherer has been perfecting his methods of perfect gems as you can select from anywhere in the world. He has a most perfect plan for cashing or exchanging them.

His store abounds in Christmas suggestions. In addition to the diamond jewelry, you have at Scherer's beautiful assortment of high-grade jewelry and watches. You cannot do better than call at Scherer's and purchase your Christmas presents.

PHONE RATES IN MANITOBA.

WINNIPEG, Dec. 13.—(Can. Press).—The Manitoba Government has announced its intention to reduce the rate of telephone calls to 10 cents per month, and to 2 cents per call. The rate for residential calls will be 10 cents per month, and for business calls 20 cents per month. The rate for long distance calls will be 10 cents per month, and for international calls 20 cents per month. The rate for telegrams will be 10 cents per message, and for international telegrams 20 cents per message. The rate for telegrams will be 10 cents per message, and for international telegrams 20 cents per message.

TRAFT STILL HOPES.

J. A. Culverwell, hydraulic engineer of this town, was a delegate to the convention of the Atlantic Deepwaterways Association held at Washington, and addressed the association on the subject of canals.

Mr. Culverwell met President Taft, and the president said to him that the United States would have reciprocity with Canada yet. Mr. Culverwell replied that Canada was not worrying about reciprocity, but was constructing canals and busy thinking of building more.

Shares in Poor Demand. Sheriff Mowat sold at auction 110,000 shares of the Keeley Mill stock to Theo. Lawson for the sum of \$111 yesterday. The shares were sold at the instance of the Farmers' Bank liquidator, to satisfy a claim of about \$900. Even at the low price for which the shares were sold, the bidding was decidedly tame.

LITTLE ORPHANS AND OTHER HOMELESS GIRLS AT THE INFANTS' HOME.

great combinations of capital are being successfully combined in order to serve instead of dominating the people. Since its adoption it has quite often been amended as occasion seemed to require, and is continually being interpreted, adapted and broadened by the decisions of the supreme court of the United States.

The difference between the British and American systems was most briefly set forth in the British system is the more elastic and immediately responsive to the contemporaneous thought and will of the people, while the American answers to their second thought, but in both the people rule, and herein lies their basic similarity.

Gastanogué, Qué., Nov. 22. "Lex."

POLLING BOOTHS IN FRONT.

Editor World: It would be well to draw the attention of the provincial authorities to some of the inaccessibility and unsatisfactory polling booths provided for the recent election. The writer had occasion to visit a polling booth in East Toronto, and had difficulty in finding the booth owing to the meagre display of signs in front, and the fact that it was located in the rear of a private residence in a summer kitchen. It is generally conceded that sufficient money is allotted for this purpose to enable the authorities to provide a polling booth with a front street entrance, and if there is not, provision should be made for it. It is neither dignified nor fair that an elector should have to find his way to some back alley to the polling booth. Dispensers of patronage should at least require the recipients of these favors to give the proper accommodation as regards accessibility and proper indications. I have no hesitation in saying that the candidates undoubtedly lost votes by reason of the location of this booth.

Quirk declared he committed these crimes at the instigation of Brewer, who sought revenge because he had been court-martialed and dismissed from the service for conduct unbecoming an officer and a gentleman. He was found guilty of appearing in an intoxicated condition at a ball given by the enlisted men, and using language unbecoming a gentleman and officer, to men and women present.

Quirk, in his confession, said he blew up the bridge across the Kaw River June 24 last, and the cavalry stable at Quirk, when 35 cavalry horses were burned to death. He said also that he blew up the watermain which supplied the post with water.

PLUMBERS WANT BILL PAID

The case of W. J. Griffiths and S. M. Adamson, Toronto, plumbers, against Fred Elliott, a builder in this city, for a bill of \$950 still unpaid for plumbing work, was begun before Judge Morgan yesterday afternoon. Elliott had engaged Griffiths and Adamson to heat his home at College and Harwinway streets, but when his work was done he claimed it was not warranted in a neat and workmanlike manner and was not according to the terms of the order.

However, on the demands of the plumbers that he settle up he paid \$100, and the latter now take this as one reason why the bill should be paid in entirety. They claim that the payment of \$100 precluded any possibility of Mr. Elliott claiming the work was not up to the standard. The only witness heard yesterday was Mr. Griffiths. The case will be resumed this morning.

C.N.O. 230 Mile Link.

Another line in the Canadian Northern system is being planned. The company has let a contract to Angus Sinclair to build the section from Pembroke to Carleton Place, a distance of about 230 miles. This work must be completed by the end of 1912.

Meeting Trouble Half Way. The hydro-electric department announces that they are now ready to attend to complaints from users of the service at any hour of the day or night. By calling Main 323 and asking for the trouble department, anybody can get help.

DOES YOUR BACK ACHE?

If You Have Bladder or Urinary Troubles and Weakness of the Kidneys—Read Below.

Your back aches and fairly groans with the distress of kidney trouble. You're discouraged, but you mustn't give up the battle any quickly when Dr. Hamilton's Pills get to work. These kidney specialists bring new health and vitality to young and old alike. Even one box proves their marvelous power. Continue this great healer, and your kidneys will become as strong, as vigorous, as able to work as new ones.

Remember this: Dr. Hamilton's Pills are purely vegetable; they do not hurt liver, bladder and kidney trouble. They will cure you, or your money back.

Mrs. W. E. Rosner, wife of a well-known merchant in Kensington, writes as follows: "Ten years ago my kidney trouble started, suffering dreadful pains in my spine and around my waist, my back feeling as if hot irons were running through it. I couldn't sleep, had no appetite, was pale, thin and very nervous. Cruel headaches, and dependency added to my burden. No until I had used Dr. Hamilton's Pills. I got relief. They proved capital and helped me. I immediately bought a second box, and now I do my own housework, feel and look like a new woman."

Your complete restoration to health is certain with Dr. Hamilton's Pills of Mandrake and Butternut. Refuse substitutes. 25c per box, five for \$1.00, at all dealers, or the Carthozoos Co., Kingston, Ont.

BAPTIST PASTOR ACCUSED

Charge is That He Caused Explosions to Wreak Vengeance.

JUNCTION CITY, Kas., Dec. 13.—Rev. Charles M. Brewer, formerly a chaplain in the United States army, now a pastor of a Baptist Church in Okemulgee, Okla., has been accused in a confession by Private Michael Quirk of implication in a mysterious series of explosions which have baffled military authorities at Fort Riley for six months.

U. S. Commissioner Chase to-day stated that Brewer had been arrested at Okemulgee and was being held for United States marshals. Mrs. Anna Jordan of Kansas City, also implicated in Quirk's confession, was arrested today in Kansas City, following a telegram to the police.

Quirk declared he committed these crimes at the instigation of Brewer, who sought revenge because he had been court-martialed and dismissed from the service for conduct unbecoming an officer and a gentleman. He was found guilty of appearing in an intoxicated condition at a ball given by the enlisted men, and using language unbecoming a gentleman and officer, to men and women present.

Quirk, in his confession, said he blew up the bridge across the Kaw River June 24 last, and the cavalry stable at Quirk, when 35 cavalry horses were burned to death. He said also that he blew up the watermain which supplied the post with water.

AT OSGOODE HALL

ANNOUNCEMENTS.

Dec. 13, 1911. No motions have been set down for single court for Thursday, 14th inst.

Preemptory list for divisional court for Thursday, 14th inst., at 11 a.m.: 1. Sheppard v. Sheppard. 2. Re Zuber and Hollinger. 3. Myles v. Bailly. 4. Goodchild v. Sandwich W. & A. Railway Company.

Masters' Chambers. Before Oatwright, K.C. Master. Wills v. Kemmerer—E. B. Ryckman, K.C., for defendant. M. P. Vandervoort for plaintiff. Motion by defendant for an order requiring plaintiff to give security for costs, on the ground that he is merely a nominal plaintiff and has no beneficial interest in the matter of the action. Judgment: There does not seem here any evidence that the action is other than that of the plaintiff. If this and other claims have been assigned to the Standard Bank yet he is interested in their being collected and applied to reduce his liability to the bank to which they have been pledged, but not assigned absolutely. In any case the motion cannot succeed here, as the matter is at present pending before Mr. Justice Clute and has been partially tried. I think the motion should be dismissed with costs in the cause. This will be without prejudice to an application to Mr. Justice Clute if defendant is so advised.

Northern Crown Bank v. Matzo—W. J. McWhinney, K.C., for defendant. G. A. Arnold, K. C., for plaintiff. The plaintiffs having given notice to proceed with a pending motion for judgment as against defendant Gantman, his solicitor now moves to have the question of an alleged settlement made by the bank with their client tried before any further proceedings are taken. Judgment: Plaintiff's motion for judgment dismissed, and let the defendant set up the defence in his statement of defence. This will be without prejudice to his renewing this motion hereafter (the I do not wish to be understood as endorsing any such attempt). Costs to both plaintiffs and defendant's motions will be in the cause.

Abbott v. McCarty—E. G. Hill for defendant. Motion by defendant on consent for an order changing venue from North Bay to Toronto. Order made. Costs in the cause. Sackrath v. Co. v. Vivian-Miller (Parker & Clark) for plaintiff. Motion by plaintiff for an order shortening time for appearance to 12 days. Order made.

Grice v. Bartram Parkin (Master) for plaintiff. Motion by plaintiff on consent for an order valuing delivery of reply and allowing it to be included in the record. Order made. Edgewood v. Allen—F. Aylesworth for defendant. W. A. McMaster for plaintiff. Motion by defendant for an order setting aside service of writ as irregular. Motion stands sine die pending settlement. Stay of all proceedings meantime.

Alex v. Bardwell—D. W. Saunders, K.C., for plaintiff. No one contra. Motion by plaintiff for judgment for possession. Order made. Lindsey v. Le Seuer—E. C. Cattaneach for plaintiff. H. S. White for defendant. Motion by plaintiff for leave to amend writ and statement of claim. Order allowing amendment of writ and statement of claim as plaintiff may be advised in a week. Costs to defendant in any event. Defendant to plead thereto in eight days after service.

Smith v. Nelson, Limited—G. Shaver for defendant. J. E. Jones for plaintiff. Motion by defendant for an order changing venue from Simcoe to Hamilton or Guelph. At request of plaintiff motion enlarged one week. Re Durrant and Confederation Life Association—Costello (C. R. Smith) for the association. Motion by Confederation Life Association for order authorizing payment of \$1111 into court. Order made for payment in, less costs of motion, fixed at \$20.

McCole v. Perth Felt Co., Ltd.—J. G. Smith for defendants. W. J. McCarly for plaintiff. Motion by defendant for an order transferring action from the county court of York to the county court of Perth. Order made. Costs in cause.

Becher v. Miller—G. T. Denison, Jr., for plaintiff. Motion by defendant for an order requiring plaintiff to give security for costs, on the ground that he is merely a nominal plaintiff and has no beneficial interest in the matter of the action. Judgment: There does not seem here any evidence that the action is other than that of the plaintiff. If this and other claims have been assigned to the Standard Bank yet he is interested in their being collected and applied to reduce his liability to the bank to which they have been pledged, but not assigned absolutely. In any case the motion cannot succeed here, as the matter is at present pending before Mr. Justice Clute and has been partially tried. I think the motion should be dismissed with costs in the cause. This will be without prejudice to an application to Mr. Justice Clute if defendant is so advised.

Divisions Court. Before Falconbridge, C. J.; Britton, J.; Goodchild, J.; Sandwich Windsor and Amherburg Ry. Co.—F. Aylesworth for defendants. J. W. G. Winnett (London) for plaintiff. An appeal by defendants from the judgment of the chancellor of 17th October, 1911. At request of counsel for defendants argument of appeal postponed until 14th inst.

D'Alvignon v. Bomerto—J. F. Boland for defendant. J. W. G. Winnett (London) for plaintiff. An appeal by defendant from the judgment of the chancellor of 25th October, 1911. An action by the sheriff of the County of Essex, assignee of the estate and effects of James Bomerto, set against a chattel mortgage made by the said James Bomerto to the defendant, his father, to declare same null and void, and that the moneys realized by the sale of goods, etc., covered by the said mortgage are the property of the estate of James Bomerto. At the trial judgment was given for plaintiff as asked. Appeal argued and judgment reserved.

Myles v. Bailly—F. Aylesworth for defendant. F. McCarthy for plaintiff. An appeal by defendant from the judgment of the chancellor of 18th October, 1911. By consent of counsel argument stands adjourned until 14th inst.

Before Falconbridge, C. J.; Britton, J.; Shepard v. Shepard—W. E. Raney, K.C., for plaintiff. Thomas Shepard and three defendants. A. G. F. Lawrence for two plaintiffs. E. C. Cattaneach for the official guardian. An appeal by the plaintiff, Thomas Shepard, and the defendants, Albert James Shepard, Ann Jane Holmes, and Elizabeth Shepard, from the order of Latchford, J., of 13th November, 1911. By direction of court argument of appeal stands until another judge present, on 14th inst. it may be.

The concern manufactures tailors' machinery. The Canadian plant will be in operation in two months.

Justice Chambers. Before Teetzel, J. Becher v. Miller—G. T. Denison, Jr., for plaintiff. Motion by defendant for an order requiring plaintiff to give security for costs, on the ground that he is merely a nominal plaintiff and has no beneficial interest in the matter of the action. Judgment: There does not seem here any evidence that the action is other than that of the plaintiff. If this and other claims have been assigned to the Standard Bank yet he is interested in their being collected and applied to reduce his liability to the bank to which they have been pledged, but not assigned absolutely. In any case the motion cannot succeed here, as the matter is at present pending before Mr. Justice Clute and has been partially tried. I think the motion should be dismissed with costs in the cause. This will be without prejudice to an application to Mr. Justice Clute if defendant is so advised.

FAYOR WELAND CANAL

BERLIN, Dec. 13.—At a meeting of business men here to-day D. B. Detweiler introduced the question of ocean navigation up the St. Lawrence and the great lakes. Mr. Detweiler has investigated the proposition for some time and considers it a profitable one.

The proposed Georgian Bay Canal, which has been suggested for some time by English contractors, is the subject of a committee of Messrs. Detweiler, C. H. Mills and H. J. Bowman was appointed to call a meeting in Berlin to-day to start a national organization for the development of the inland waterways.

Why Not Spend the Winter in California?

Attractive rates will be quoted by variable routes, affording finest scenery.

LAW IS IN ERROR MRS. HEBERT'S PLEA

Continued From Page 1.

The Treaty of Paris were to be interpreted as privileges and not, in the sense that Catholics, as such, should be submitted to onerous penalties at the hands of their religious superiors.

The present Hebert case is an instance, said Mr. Wainwright, "of two Catholics who gave their mutual consent to a marriage. They secured a license from a duly qualified representative of public law—the lieutenant-governor. They went before one whom they had every reason to consider a duly qualified minister or officer empowered to celebrate marriages. They were married, lived together, and had a child. And now, simply because they are Catholics, enjoying free exercise of their religion, the church claims the right to step in and undo what they are not man and wife. I claim that such a state of affairs cannot be said to flow from the Treaty of Paris. The church has no right under such a treaty to make such a declaration."

PRINCESS LOUISE IN PERIL FROM SHIPWRECK

Continued From Page 1.

In conveying some of the aboard the British cruiser.

Duke of Fife's Herald.

All preparations had been made here for the reception of the royal party, which included the Duke of Fife, who, it is learned, remained aboard the Delhi until most of the passengers had been transferred. Wireless despatches say that they are in good health and spirits, but much fatigued and exhausted from their dangerous adventure, the ride on horseback to the light-house and the journey thence to Tangiers.

The Delhi is reported to be in a critical position. She is broadside on the rocks. The salvage vessel Gibeon, has sailed from here with lights and will make an attempt to save the passengers, mails and luggage. The weather has moderated somewhat, but heavy seas are still breaking over the stranded vessel.

Four Sailors Drowned

LONDON, Dec. 14.—The Daily Mail's Tangier correspondent says that the Princess Royal, the Duke of Fife and their two daughters and physician were landed by the French cruiser Du Chayla's boat, with enormous danger and difficulty, the sea washing completely over the craft. They landed below the signal station and had to walk drenched to the skin over the rocks to the light-house, where the Spanish guardians gave them some sort of dry garments.

Most of the other passengers were also landed. Some of them camped on the beach, while others rode or walked into town. The sudden rising of the sea swamped one of the Du Chayla's boats, drowning four of the sailors.

MANY HANDS HELPING

At the meeting of the Citizens' Christmas stamp committee, at the National Club, on Tuesday, encouraging reports were submitted from the various sub-committees, who are making it their special work to push the sale of stamps among different classes of the community. The committee on financial associations, on legal offices and allied trades, on the heads of offices calling, each showed encouraging signs of success. Newspapers and advertising agencies, through their chairman, Mr. C. T. Pearson, general manager of The News, reported a list of fully subscribed sales to the amount of \$523.00.

Mr. South, chairman of the committee on banks, reported that the banks largely were co-operating most heartily with the head office calling upon the local branches to do all that was in their power to help on with the work. Women's organizations are lending a hand. There are nearly \$100 worth of stamps in the hands of the different chapters of the Daughters of the Empire. This organization has always been successful in placing a large amount of stamps on the market. The King's Daughters is another society this year, as in the past, that is lending splendid aid.

Harper, Customs Broker, McKinnon Building, 10 Jordan St., Toronto, is equipped from Industrial School. An 18-year-old lad named Bennett, escaped from the Industrial School at Mimico last night and is being sought by the police. He was wearing neither coat nor cap when he left the institution after dark.

Free Text Book in Quebec

MONTREAL, Dec. 13.—(Special.)—The Roman Catholic religious authorities have given in their support to free text books in this province. It has just transpired that at a recent meeting of the Roman Catholic section of the council of public instruction, a resolution was adopted supporting the principle of free school books and it is understood that Sir Lomer Gouin will bring in a measure next session in accordance with the expressed wish of the educational body in question.

The only dissenting voice was the leader of the opposition, Mr. M. J. Faucher, who has a seat on the board. It is also learned that the Quebec premier will arrive at the approaching session to bring up the average salary of teachers from \$120 to \$175 per annum.

HYDRO SOON TO BE GREAT BOON TO FARMERS

Continued From Page 1.

townships could secure power at a very low rate.

"It will relieve the burden of household work and will lighten work on the farm," declared Mr. Keck. "Cheap electricity will work wonders and benefit the farmer greatly, as he will be able to cook, wash, milk, heat his dwelling and operate his machinery with electricity, and even do his threshing and plowing with it."

Continuing, the speaker stated that he knew a farmer in Germany who farmed 23 acres who did all his plowing and farm work even to milking his cows, by electricity.

Work of the O. A. C. President Creelman of the O. A. C. College spoke on the benefits received by the counties where graduates of the Ontario Agricultural College were sent as experts. There were not twenty experts working all over Ontario. There should be more, for everywhere they went they were received with open arms by farmers, who were anxious to receive the "gospel of agriculture," which they carried. Every farmer and farming community was entitled to the services of these graduates.

Among other speakers who addressed the meeting were Mayor Thord, H. J. Schofield, M.L.A., and W. Smith, M.L.A., for South York.

Visitors Poured In. Whatever the future may hold in store for Ontario's Winter Fair, nothing in the past has ever approached in point of attendance and exhibits today's magnificent showing of horses, cattle, sheep and swine. It was a revelation to the visitor and a credit to the farmers and stock-breeders of the province.

The morning broke cloudlessly, but later in the day the clouds rolled off, dispersing rain to the westward. The surroundings were in a state of north, brought scores of representative farmers from every part of the province, accompanied by a fair sprinkling from the republic to the east. They came expecting to see a great show, and it is safe to say that not a man of them will go away disappointed.

The two outstanding features of the Guelph Winter Fair to-day are the magnificent growth and the deplorable lack of accommodation to properly care for and foster it. The growth in phenomenal, but the Ontario department of agriculture has failed to keep pace with it, and broader and more comprehensive plans must be adopted if the fair is to retain its supremacy and educational force. That any attempt to remove the winter fair from Guelph to another point, would be strenuously opposed, was made manifest to-day at the annual banquet. General sentiment, too, among the stockmen, is opposed to any change along this line.

More Government Support. The chief speakers at the mid-day lunch were Hon. James Duff, minister of agriculture; Hon. Nelson Montle, ex-president James Duff of the O. A. C.; D'Arcy Scott of the Dominion Railway Commission; J. P. Downey, ex-M.L.A., and John Garthhouse, together with a number of leading business men of Guelph, and through there was nothing but unanimity as to the present location, together with an insistent demand that the Ontario Government should deal generously and along broad lines.

President John Bright, dealing with the lack of funds to carry on the fair, made the following significant statement: "We want the provincial government to give us their ear and take the advice of the leader of the opposition, when he urges them to spend more on agriculture, for they are not spending enough at the present time." The statement was enthusiastically received.

Special Features. As to the fair itself, in the cattle buildings the exhibit of short-horns, Herefords, Aberdeen-Angus, Galloway, beef grades and crosses, Holsteins, Ayrshires, and grades is exceptionally good.

The sheep too are an exceptionally fine lot, embracing Cotswolds, Lincolls, Leicesters, Oxford, Shropshire, Southdowns, and Dorset Horns. Every nook and cranny is filled and yet there is no crowding. The same may be said of the swine, but here there is probably not the same ratio of increase noticeable in other departments.

In the Clyde department that the big features of the show are shown to the best advantage. Tho an immense addition was this year made, there is still a lack of space and twenty-five or thirty horses are quartered in other parts of the city.

Clyde is King. The Clyde holds sway and this year never more clearly exemplified than

How Many Men

ON Your Xmas List?

You can save yourself a lot of worry if you will simply look off Wilson's stores for smokers. After each man's name that comes here and set a real present, we should say, a present that any man will really enjoy getting. You are always sure of the quality of every "hine you buy here" and Wilson's guarantee it you.

Wilson's appreciate a pipe better still, a set of pipes, a cigar or cigarette case, a holder, a tobacco jar, a humidifier for pipes.

Then with our immense stock of imported or domestic cigars you can have any box you choose sent to a list of friends or employees. Just save the address and your card and we guarantee appropriate Xmas packing and prompt delivery. See these specials.

Caring for Beef Cattle

An interesting feature of the fair was the address by Prof. Grisdale of the Ottawa Experimental Farm on "The Economic Feeding of Beef Cattle." In this he advocated the feeding of steers in bunches of from eight to ten, running loosely in an open shed rather than tied in stalls, as is the usual custom in Ontario. Ensilage and roots twice a day, with rough hay an equal number of times during the day and an abundance of good water, together with plenty of ventilation, cleanliness and gentle handling, were the chief requirements in the mind of the professor.

The Toronto Board of Trade to the number of between 60 and 70 were in the city during the day and visited informally the big show. They were delighted with all they saw and heard, returning on the evening train.

Quality in Heat. Two fine horses that attracted great attention here to-day were a pair of four-year-old Clydesdale geldings, imported from Scotland. One of these massive animals was the winner at the great Highlands Show of 1910-1911 and won 50 other prizes. They were purchased to-day by Mack Gardhouse of Weston and will later be shipped by that gentleman to British Columbia.

Millers in Session. A special meeting of the Dominion Millers' Association will be held in the chemistry department, Agricultural College, to-day at 1.30 p.m. sharp. Prof. Harcourt will report on the operation of the terminal elevators, grades of Manitoba wheat this year compared with the same grades last year. The government ownership and the effect of the terminal elevators will also be considered. The address will be presented to Mr. Watts at the annual meeting will be written to him.

CHILD'S HEART ON OUTSIDE OF BODY

Continued From Page 1.

comfortable, weighs about 7-1/2 pounds and sleeps contentedly.

During the procedure at the university yesterday afternoon, in order to show how important part it played in the act, just as the professor was recording the tracing it gave a big, prolonged yawn and so spoiled the tracing to a certain extent and caused a hearty laugh all round.

Several men have offered an explanation of this malformation, in as many different ways, but they all bore down to this: that about the second month of development something arrested the growth of the chest wall. Now, what that "something" was nobody knows, nobody will ever surmise, but that it was interfered with the body developed normally, so we have really a "hernia of the heart," or, to be technical, "ectopia cordis."

Just now it might be interesting to note that the heart in at first two long tubes which run the whole length of the body. Gradually a bulging takes place in these tubes at the site of the future heart, and then by twisting around on each other form a complex shape affair, which later becomes thickened and eventually assumes the shape of the fully developed heart.

One might well ask, "Can this child possibly live?" It has a chance. But such a thing is not at all probable, tho, judging from the vigorous clump of the heart at the present time, one would be inclined to think it might grow to maturity. Nevertheless, no medical man entertains one thought that it will survive for any length of time.

CONTROLLER SPENCE LAUNCHES CAMPAIGN

At Riverdale Meeting Praises Danforth Car Line, But is Silent on Bloor Viaduct.

We have again come around to that season of the year when aspirants for civic honors hold forth to the populace at large, telling them of things that are past and the future that is yet to come to this great city of ours.

The first meeting of this kind took place last evening, when Controller Spence, assisted by lantern views of civic improvements, spoke of anything from city statistics to a home for lunatics.

After the chair had been taken by Ald. Chisholm, J. G. O'Donoghue, a labor candidate for the board of control, said a few words. He dwelt largely on the fact that he had not come out to make a speech, but to listen to the words of wisdom that fell from the lips of Brother Spence.

The genial controller was then called upon. His topics were many and varied. He had a list of city statistics with him that would make a mathematician turn green with envy, but still they were of the kind that were easily

The city was up to its neck in debt, according to the controller, and it was up to the citizens at large to consider the bylaws that were to be voted on at the next election very carefully, and only support those that were to be of any material good to them.

The Danforth car line, in his estimation, was a worthy project, and would receive his support. His great aim, tho, was to see the hydro bylaw passed. He pointed out very carefully the fact that although the hydro system was costing a lot of money at present, and would cost still more, it would cost the city nothing in future, its revenue being paid for in a short time. He was mum on the Bloor street viaduct.

The home for the perpetual drunk was then dealt with. He thought it was a shame and a disgrace that a man should have to come before his worship, Magistrate Denison, and hear the old familiar "dollar and costs or 30 days." A man of that kind should somewhere where he would have a chance to get medical treatment and also lots of hard work and ozone. The controller advocated the establishment of a city farm for the tubercular.

After dwelling on the tubercular project for a few moments, for which he did not seem to care a great deal, lantern views of various civic improvements were shown. These were very instructive and were much appreciated by the large audience present (57).

But as the lantern views did not show the leaks in the filtration plant, they will not be used as evidence at the civic enquiry now going on.

PUBLIC AMUSEMENTS

"The Chocolate Soldier" at the Royal Alexandra.

The sale of seats for "The Chocolate Soldier" which created such a profound impression upon its presentation here last year, begins to-day at the box office of the Royal Alexandra, where the superb Strauss opera will play an engagement of one week from next Monday with the usual matinee on Thursday and Saturday. The large number of mail orders which have been received indicates the eagerness with which the many lovers of Toronto delight in the return engagement of this delightful opera, the first real opera bouffe in a generation.

Practically the entire original cast which made a record run of 900 nights in New York will be here, including Alice York, Vivian Weadon, Juanita Fletcher, Mildred Rogers, Charles H. Bowers, George Tallman, Francis J. Boyle and George O'Donnell, and Mr. Whitney has provided a special orchestra of 40 musicians under the direction of John Lund in order to afford audiences a perfect conception of the full beauties of the score. For the first time and in spite of the brilliant cast, the highest prices for seats will be \$1.50 at nights, and \$1 at the Thursday matinee.

AT THE PRINCESS.

May Robson in Two Plays.

May Robson's new comedy, "A Night Out," illustrates the quaint characteristics and unchangeable good nature of an elderly woman, who believes in hereditary influence from grandfather to the third generation. Miss Robson will appear at the Princess Theatre next week, presenting "A Night Out" on Monday, Wednesday and Friday nights, and Wednesday matinee. "The Rejuvenation of Aunt Mary" will be presented on Tuesday, Thursday, Saturday nights and Saturday matinee. Seat sale opens this morning at 9 o'clock at the box office.

AT THE GAYETY.

"The Love Kiss."

What Louis Robie's big show, the Knickerbocker Burlesques, intend to dish out to the audiences who attend the Gayety Theatre next week, is described in Robie's advance reports as a goodly and plentiful supply of what is

Home Complexion Peeler Works Wonders

(From The Woman Beautiful.)
To keep the face, neck, arms and hands truly beautiful and youthful in appearance, the treatment which seems most sensible is one which will actually remove the skin itself immediately it begins to age, fade, coarsen or discolor. The only treatment we know of which will do this, aside from painful, expensive surgical operation, is the application of ordinary mercurized wax which is as harmless as it is effective. The wax is put on at night just as you apply cold cream, and washed off in the morning. It absorbs the dead and half-dead surface skin in almost invisible flaky particles, a little each day, no discomfort being experienced. With the disappearance of the old cuticle, the newer, healthier skin underneath gradually appears, richly beautiful with the flush of youth. This mercurized wax, which you can get at any drug store, is indeed a veritable wonder-worker.

SOCIETY

Among those noticed in the large audience at the Toronto Symphony Orchestra Concert in Massey Hall last night were: Mr. and Mrs. H. C. Cox, Dr. and Mrs. Vogt, Mr. and Mrs. Ed. Cox, Dr. and Mrs. McKinnon, Miss Chipman, Miss Louise Watt, Major and Mrs. Deacon, Mr. Gerald Larkin, Miss Larkin, Prof. Ramsay Wright, Mr. and Mrs. Guest, Mrs. H. D. Warren and her two daughters, Mr. Cochran, Mrs. and Miss Wignore, Mr. Young, Mr. Murray Alexander, Mr. Marvin Rathbun, Mrs. E. Y. Eaton and her daughter, Mrs. Burden, Prof. and Mrs. Michael Harbour, Mr. and Mrs. Wallace Barrett, Mrs. Jones, Mr. Jones, Mrs. and Mrs. Goudkins, Misses Goulnok, Miss Mary Hanna, M. de Champ, Mr. Benedict, Mr. Albert Nordheimer, Mr. Davidson Harman, Prof. and Mrs. McLennan, Mrs. Miller, Mrs. Lash, Miss Brock, Mrs. B. Morton Jones, Miss Clara Hagarty, Mrs. Gerhard Heintzman, Miss Heintzman, Mr. W. Langlois, Mrs. Wainwright, Miss Frances Harman, Mr. Russell, G. MacLean, Dr. Phillip, Mr. Beverley Robins, Mr. and Mrs. Blackford, Mrs. Jones, Mr. and Mrs. G. W. Maclean, Campbell, Misses Boulton, Mrs. and Miss Nevitt, Mrs. J. Bruce Macdonald, Mrs. Barton, Miss Grace Smith, Mr. and Mrs. Forsythe, Mrs. and Mrs. Friedland and gave a supper in honor of the soloist after the concert.

Mrs. Frederick Turner is giving a girls' tea on Dec. 21.

Mrs. W. B. Maclean has sent out invitations to a house dance on the 27th of December for young people.

Mr. and Mrs. Herbert Cavthra have sailed for Southern France.

Mr. and Mrs. Charles D. Warren have issued invitations to the marriage of their daughter, Jessie Adeline, to Mr. Carroll Kemmer, Warmouth, on Wednesday, January the third, at 2.30 o'clock in St. Thomas' Church and afterwards at the Prince George Hotel.

Dr. and Mrs. Walter E. Willmott have issued invitations for an at-home on Friday evening, December 22, at 8.30 o'clock at 74 Grosvenor road, to celebrate their crystal wedding.

Mrs. Prince gave a small bridge party last night.

Miss Helen and Miss Charlotte Coutlee, Ottawa, who have been spending a month in St. Catharines and were Mrs. Walter Fleming in Toronto, have returned home.

Mrs. Fred Denison gave a bridge party yesterday.

Mr. and Mrs. Alfred Fripp are leaving Ottawa to-day for Montreal to attend the St. Andrew's ball in Montreal and will spend the week end at Calcedonia Springs.

Mr. and Mrs. Chase Casgrain give a dinner in Montreal to-night for the Right Hon. R. L. and Mrs. Borden.

The Right Hon. the Premier and Mrs. Borden entertained at a delightful dinner party on Monday evening, when the guests included Hon. Robert and Mrs. Rogers, Hon. Nesbitt and Mrs. Kirchoff, Mr. and Mrs. W. B. Northrup, Mr. and Mrs. P. D. Ross, Mrs. Charles Road, Commander Roper, Miss Ethel Aldous of Winnipeg who

has been staying with friends in Toronto, has arrived in Ottawa and is visiting her grandfather, Sir Henry Bate.

Mrs. Murray McFarland gives a tea to-day.

Mr. and Mrs. Charles Irvin returned to Ottawa the end of the week.

Col. and Mrs. Vaux Chadwick are giving a dinner this evening for Mr. and Mrs. Acton Fleming.

Dr. Augusta Stowe Gillen gave a luncheon of twelve covers at the Brown Betty yesterday in honor of Mrs. Fankhurst, to whom she gave a bouquet of violets and American Beauties. In the evening the Canadian Suffrage Association gave a dinner for Mrs. Fankhurst in the palm room at McConkey's where a large number of prominent men and women were present and many interesting speeches were made.

St. Alban's School Old Boys' dance takes place at the Metropolitan this evening at 8.30.

Col. and Mrs. Sam Hughes, Miss Roby Hughes are returning to their home in Lindsay to spend the Christmas holidays.

Mrs. Knox, Walmer-road, was the hostess of a bridge yesterday afternoon.

Miss Forsythe, Montreal, is in Hamilton and expects to visit friends in Guelph, Oshawa and Toronto before returning home in January.

CARBERRY, Man., Dec. 12.—At the most elaborate wedding ceremony ever witnessed in Manitoba, at Carberry this afternoon at 3 o'clock, Miss Hazel Margaret, eldest daughter of Mr. and Mrs. W. W. Ireland, and Mr. Robert T. Eaton, first vice-president of the T. Eaton Company, Toronto, were united in the holy bonds of matrimony by Rev. G. W. Findley, pastor of St. Agnes' Anglican Church. The bride party entered the church to the strains of the wedding march from Lohengrin, played by C. L. Cope, organist of St. Agnes' Church. The bride entered the church leaning on her father's arm, preceded by her maid of honor, two bridesmaids and the ushers. The church was a perfect bower of palms and huge bunches of white double carnations. The pews for the relatives and guests were marked off by satin ribbons and clusters of pink and white carnations. The bride's gown was a creation of white liberty satin, with heavy silver lace. The gown was cut on empire lines, with a square train of the silver embroidered nylon, edged with tiny silver balls. A tunic of nylon fell from an empire waist line having a border of chantilly lace edged with a pearl fringe. The bride and ushers' sleeves were of tulle over flesh pink chiffon. The veil of Brussels net had

a French cap, which fitted over the bride's dark hair, and was edged with orange blossoms, and she carried a shower bouquet of bride roses and lilies of the valley, all of each.

The maid of honor, Miss Alleen Murphy, wore a robe of pale blue charmeuse and bruce lace, with empire train, on which were bands of brown marabout. Around the corsage were touches of the marabout and on either side of the front panel was a dainty French bow, centred by a silver ornament. A pink and silver Juliet cap with white opey was also worn, and she carried a coronation bouquet of carnations. Miss Bertie Murphy and Miss Gwen McGregor, Brandon, the bridesmaids, wore similar costumes carried out in pink. Mrs. Thomas Eaton, cousin of the groom, supported him.

The ceremony was followed by a large reception at the residence of the bride's parents, where Mrs. Ireland received in a rich gown of old rose charmeuse and nylon, with oriental embroidery in gold, and coral pink picture hat with plumes. Among the guests were Mr. and Mrs. J. C. Eaton, who arrived in their private car from Toronto, and the groom's sisters, Miss Emily Eaton, Miss Clare Eaton and Miss Maggie Eaton. The newly wedded pair left later for California, and an extended trip of the Pacific coast. There were two cars of cut flowers and wedding presents. The T. Eaton Co.'s gift was a cheque for \$1500, and the employees gave Mr. and Mrs. Eaton a grand piano. They will reside at 383 Brunswick-avenue.

Mrs. Anna Gillan gave a reception at her home, 5 Beatrice-street, in honor of her daughter, who was married recently.

At Erie, Pa., on the 15th inst., Robert J. Rattray, a former well-known Torontoian, now living in New York, was married to Miss Amy Gertrude Payne, daughter of the late John B. Payne, formerly president of the Anchor Line of steamships, and grand-daughter of the late Elijah Rabbitt, a son.

most distinguished member of the Erie County bar, Mr. Rattray is a son of the late Dr. Charles J. Rattray of Cornwall, and a brother of Lady Howland, widow of the late Sir William F. Howland.

Receptions.

Mrs. E. C. Fox, 58 Poplar Plains-road, to-day.
Mrs. Herbert Victor Tyrrell (nee Young, Newcastle), 19 Walter-street, will receive to-day.

**Rational Home Remedy
For Wrinkled, Baggy Skin**
(From Life and Beauty.)
Bathing the face in a simple, harmless lotion made as follows, is the best thing I know of to disperse wrinkles, from the finest lines to the deepest crow's feet. Powdered sazonite 1 oz., dissolved in witch-hazel, 1/2 pt. Your nearest druggist can supply the constituents at small cost. It is a natural and rational treatment, as it tends to remove the cause of the tell-tale signs of advancing age. Having both astringent and tonic properties, the solution tightens the too-loose skin, vivifies and solidifies the underlying muscular tissue. This smooths out the wrinkles and gives the skin a firmer supporting foundation.

Obviously this effect must also be due hanging cheeks, double chin and baggy neck. The remarkably prompt action of this lotion is another commendable feature. Those to whom I have recommended this formula report most gratifying results.—Emily Con-

Christmas Opportunities in Organ-50c a Week Will Buy an Organ.—Organs that carry with them the names of Bell & Co., Goderich, Dominion, Karn-Morris and other well-known makers, are being offered to-day by Heintzman & Co., Ltd., 133-135-137 Yonge-street, in payment of 50c a week. These organs come to this firm in exchange when selling their pianos. Every instrument has been thoroughly overhauled and made in good condition. The prices range from \$15 to \$25—a mere fraction of the manufacturer's price, aside from the liberal terms at which they are sold.

630,720 glasses of milk that is really pure—one thousand seven hundred and fifty-five glasses a day—costing \$6,321.85—consumed last year in these Muskoka homes.

A Touch of Sympathy

Miss Margaret Lash, Superintendent of the Cottage Hospital, Toronto, shows her sympathy and interest in the tuberculous sick in the following letter, and the kind act of which it tells. She says: "Our nurses, patients and friends are sending a box to the Muskoka Free Hospital this Christmas. One of our patients gave us this cheque towards our Christmas cheer for the patients in the Free Hospital. Will you kindly accept the same?"

Absolutely Unfit for Work

Many appeals for admission to the Muskoka Free Hospital for Consumptives come through the attending physician. A letter now in the hands of the Secretary is from one of the medical men of Almonte, Ont., who asks if something cannot be done for a young man of twenty years, at present residing in Smith's Falls. The doctor says: "I found him far advanced in phthisis, and he is now begging food and clothing. He is absolutely unfit for work, and needs care. Would he be a patient who could be admitted to one of the sanatoria in your charge? His people cannot do anything for him. His father is living, but has skipped out, leaving a boy of 18 years to take charge of mother and younger son. Let me have all needed particulars."

Tent Life at Muskoka—Taking the Cure Summer and Winter.

Not a single patient has ever been refused admission to the Muskoka Free Hospital for Consumptives because unable to pay.

Contributions may be sent to W. J. Gage, Esq., 84 Spadina Ave., or Sec.-Treas., 347 King West, Toronto.

"The growth of this institution (The Muskoka Free Hospital for Consumptives) emphasizes the need for greater financial support."—From Report of Dr. R. Bruce-Smith, Government Inspector, July, 1911.

The Best of All... Christmas Gifts

Something for oneself? Surely not—that would be selfish. Something for those who have abundance of riches already—at least many comforts? Do they need more? Rather, shall it not be something for those who have nothing—and are handicapped in getting anything, because that scourge of all scourges—the dread white plague, consumption—has made them its victims. **IS NOT THIS THE BEST OF ALL CHRISTMAS GIFTS?** For them we plead—for the sick and suffering—157 in residence to-day—the patients of the

Muskoka Free Hospital For Consumptives

Remember them—will you not—in your Christmas givings? Mail your contribution to-day.

Contributions may be sent to W. J. Gage, Esq., 84 Spadina Ave., or Sec.-Treas., 347 King West, Toronto.

NO MORE RESCUED ALIVE
37 BODIES RECOVERED

Hopes of Adding to List of Survivors of Mine Explosion at Low Ebb.

BRICEVILLE, Tenn., Dec. 13.—With the passing of another day without the discovery of any more live men in the Cross Mountain mine, hope for the rescue of the fifty odd men still unaccounted for reached its lowest ebb. Today the report spread thru the village that three more survivors had been found and practically the whole population flocked to the mine for news only to be disappointed in finding that it was untrue.

Progress in the search was obstructed by a smoldering fire, which raged from early yesterday until 3 o'clock this afternoon, requiring the efforts of half the government helmet crew to extinguish it. Thirty-seven bodies had been brought out of the mine up to nightfall and several more had been located. The owners officially announced today that there were 55 men in the mine when the explosion occurred.

Friends and relatives of miners unaccounted for are manifesting great impatience because the rescuers are not making more headway. There are about 20 miles of mine way to explore and less than 25 helmet men who can penetrate to all corners. Canary birds are being used to detect the presence of poisonous gases, with great success. Miners without helmets are not permitted to enter chambers in which the birds cannot live.

York County and Suburbs

WEST TORONTO.

WEST TORONTO, Dec. 13.—(Special)—During the first nine days of December the following building permits for West Toronto were issued by the city architect: Davenport Methodist Church, two-story brick Sunday school, near Laughton on Davenport.

H. J. Cummins, one pair semi-detached two-story brick dwellings, on Rowntree, near Woodville, 3400.

Glidden Varnish Co., two-story brick and steel warehouse on Wallace near Perth, 115,700.

The total value of the above permits is \$19,800.

The West Toronto Club of West Toronto held its third meeting of the season to-night at the home of Miss K. E. B. 5 Elm Grove-avenue. A very enjoyable evening was spent in dancing from 8:30 to 12 o'clock. The following are the officers of the club for the present season: President, Miss Nora T. Bisher, secretary, Mrs. Marjorie Hoop; Treasurer, G. MacLynne; executive, Miss Jamie Clendenen, Messrs. V. A. Bero and T. G. Croxson.

The new Annette-street School is nearing completion and a large start is being made in the work. It is expected that the new building, which is 27,000 sq. ft., will be ready for occupation after the Christmas holidays.

The Victoria Minstrel Club have decided to hold their first annual concert on Friday evening, Dec. 22. Practices are held twice weekly at the club rooms.

Sam Ryding, returning officer for the riding of West York in the recent election, has prepared the official returns, which are as follows: Godfrey 2847, Verel 1377, majority 1326.

The Boys' Club of St. John's Church held a musical and literary meeting to-night in their rooms in the school-house. H. M. Wodson, the hon. vice-president, presided. A new and attractive service was used for the first time.

A pleasant social evening was spent at the home of Mr. and Mrs. Atkinson.

Out of Season Opportunities

This is about the dullest season in real estate, and, as every real estate man knows, it is the best time to be a buyer. This is particularly true for those who want to build in North Toronto. There is good picking in lots in

Lawrence Park (North Toronto)

We advise those who intend building in the spring to look over the lots we have in beautiful Lawrence Park. Make an appointment. Full particulars and a beautiful book on Lawrence Park sent on request. Lots are \$20 per foot up.

Dovecourt Land, Building & Savings Company, Limited

24 Adelaide Street East Tel. M. 7280

30,000 Square Feet More Floor Space

You motorists who have patiently waited your turn for getting Dunlop Traction Treads, here is good news for you: We are adding 30,000 square feet more floor space to our automobile tire plant. Operations have already begun. This big addition will be devoted to the manufacture of Dunlop Traction Tread Tires. Thus we hope to catch up on all back orders, and to keep up somewhat better with the tremendous demand which this tire's great success on the road has brought about.

DUNLOP TRACTION TREAD

While Dunlop Traction Tread is a tire any motorist might be proud to own the season through, it is a tire whose virtues will be especially appreciated from now right on to next April. The reason for this tire making good at a time of the year when motorists formerly thought auto-billing was unsafe, is because Dunlop Traction Tread is a real, downright scientifically built Anti-Skid tire; a tire the virtues of which can be seen with the naked eye; a tire which can make headway through slush, rain, mud, or grease, without the aid of chains. There are no fears for the car owner when Dunlop Traction Treads are used.

Dunlop Tire & Rubber Goods Co., Limited

HEAD OFFICE AND WORKS—TORONTO BRANCHES:—Toronto, Montreal, Winnipeg, Vancouver, St. John, N.B., Calgary, Victoria, London, Ont., Regina, Ottawa, Hamilton, and Nelson. Toronto City Branch and Tire Repair Station—86 Adelaide Street West. Phone Main 5140.

GLENMOUNT PARK

On the Gerrard Street-Civic Car-Line Here are a few facts about the above SUBDIVISION: REMEMBER, all our SUBDIVISIONS are within the OLD CITY LIMITS; that the property is a beautiful, scenic estate, sloping gradually to the lake; that the completion of the CAR LINES will more than DOUBLE the value of this property, and, finally, if you are going to get in at rock-bottom prices you will have to come and make your selection TO-DAY.

CALL, PHONE OR WRITE—AND MAKE AN APPOINTMENT. Owners: W. N. McEachren & Sons, Limited 63 Victoria St. Phone Adelaide 236

WAREHOUSE TO RENT To lease for term of years, near King Edward Hotel, four floors, 2500 sq. feet. Immediate possession. ENGLISH, LIMITED, 29 Victoria.

TO RENT FURNISHED A BEAUTIFUL MODERN HOME On north St. George Street, newly decorated and well furnished. To let for period of six to twelve months.

ELIA. A Christmas tree and concert will be given in the Foresters' Hall on Dec. 20 by the pupils and staff of Elia. Keep this date open. Anniversary services will be held in Elia Methodist Church both morning and evening on Dec. 17.

DUBLIN'S CORNERS. A Christmas tree and concert will be held in Dublin Public School on Thursday evening, Dec. 21, to be given by the pupils of Dublin School. Concert at 8 o'clock sharp. Admission 15 cents.

MAY NOT RETIRE. W. J. Haycroft, warden of Ontario County, resigns the statement in The World a few days ago, that he is retiring at the close of the year from municipal life. Warden Haycroft says he will make no official statement as to his intentions until nomination day.

SOUTH YORK CONSERVATIVES. The annual meeting of the South York Conservative Association will be held in the Leabur Temple, Church-street, on Saturday, Dec. 16th at 2:30 p.m. sharp. A full attendance is requested. 2486

PROPERTIES FOR SALE

Real Estate Sales Co.'s List. THE REAL ESTATE SALES CO., Standard Exchange Building, Scott and Colborne, Main 219.

\$5000—AVENUE ROAD: a large brick house, with considerable grounds. This house is most substantially built and the situation would be ideal for a large apartment house. It is within a block of Bloor street.

\$21000—A BEAUTIFUL residence of 14 rooms, on Russell Hill facing west, with every modern comfort, the house even being fitted with piping for vacuum cleaner. Automobile drive at side. This house will be ready to occupy in a few days. We are exclusive agents and will be pleased to answer all enquiries.

\$11500—ROSDALE: never before occupied, large brick house of 14 rooms, finished throughout in hardwood, billiard room, basement, two bathrooms and extra lavatory, electric light and hot water heating; room for garage in rear.

RENT—This house may be rented for \$15 per month.

\$3500—SPENCER AVE. Parkside, new, imposing, solid brick residence, splendidly situated on the most beautiful street in South Parkside. Three shaded lawns, lot 40 x 120 x 120, tiled bath, separate toilet, large reception hall, dining room exceptionally beautiful, trimmed in select quarter-cut oak, beamed ceiling, large bay windows, highly-polished oak floors, artistically decorated, ample kitchen and pantry conveniences; the cellar is well lighted, has ceiling 7 feet in the clear and is fitted with laundry, fruit cellar and furnace room; two verandahs and two balconies; automobile drive.

\$10000—ST. ANDREW'S GARDENS, complete, 12 rooms, 2 complete bathrooms, man one tiled; separate toilet, w.c. in cellar; 2 verandahs and one balcony; hot water heating; 4 mantels, trimmed in quarter-cut oak, first and second floors oak; enameled laundry tubs, beamed ceiling in dining room, hall paneled in oak; exceptionally good cupboard room; lot 40 x 120; auto drive.

\$9000—YORK LOAN district—Beautifully situated, detached, two-story, opposite High Park Gardens and overlooking High Park. 11 rooms, large billiard room, on ground floor; tiled bathroom, separate toilet, hot water heating, laundry tubs; large verandah and balcony; 3 mantels; this house is trimmed in quarter-cut oak; dining room ceiling beamed; first and second floors hardwood; auto drive; lot 40 x 120.

\$12500—ST. ANDREW'S GARDENS, complete, 12 rooms, 2 complete bathrooms, man one tiled; separate toilet, w.c. in cellar; large billiard room in basement with open fireplace; large verandah and balcony, ample cupboard space; dressing room off main bedroom; hot water heating, enameled laundry tubs, four mantels; house trimmed in quarter-cut oak; beamed ceiling in dining room; first and second floors oak; lot 40 x 120; auto drive; four rooms on ground floor.

\$7500—DOWLING AVE., between King and Queen, detached, two-story, solid brick, nice roomed house, brown stone pilared verandah, with 10 ft. drive in side and room for garage at rear. This house is in the midst of a high-class residential section, the ground floor is finished in quarter-cut oak and the second floor in Georgia pine. Source hall and grates, electric light and hot water heating. At this price the property is a snap.

\$1500—MELOUBNE AVENUE, near Cowan-avenue, detached, solid brick, slate roof, 12 rooms and bath, basement tiled, finished throughout in Georgia pine, side drive and room for garage in rear. Could be made into a fine apartment house, being block from King and Queen cars, and only 15 minutes run to Yonge-street.

\$6900—ALBANY AVE., 10-roomed house, hot water heating, electric lighting all modern conveniences. For quick sale.

\$9000—ROSDALE. A modern nine-minute of street, fully furnished throughout, with hot water heating and electric light; side and back entrance, with verandah in front and verandah and balcony in rear. Side drive and room for garage; newly and tastefully decorated; extra w.c. in basement. This is a splendid value, and in an ideal location.

\$4000—CASH, or \$400, with \$300 down. Six solid brick up-to-date houses in High Park district, semi-detached, with hardwood floor on first floor, front and back verandahs, electric light and all conveniences. Two of these houses are now ready for occupancy. See us about this.

\$4500—CLOSE AVE., a ten-roomed, solid brick detached house, hardwood on first floor. A very modern house with easy access down town.

KINGSION ROAD—A beautiful residence, in close proximity to the Hunt Club, situated on 5 acres of property, with stable, garden, horses and improvements which have cost at least \$15,000. For reasons which can be explained, this property will be sacrificed. The property could be profitably cut up into high-class building lots, also we would prefer to find a buyer for the whole own residence. This must be seen to be appreciated.

\$108 A FOOT—Sherbourne street, near Bloor. A 2-foot lot may be bought. In view of the full price in the neighborhood, it should be a good buy. A splendid site for club or centrally located hotel.

LOTS—Glen Grove lots are recognized as one of the best real estate investments available; we have them listed at from \$15 to \$25 per foot.

GLENCAIRN AVE.—A lot of 67 feet frontage may be had for \$25 per foot on this street. This part of Glen Grove is already built up, and the lot is surrounded by many expensive houses. A big chance to realize profit.

MOORE PARK—Two splendid 66-foot corner lots on St. Clair avenue, east of Yonge street; 40 per foot, if both lots are taken, 100 per foot if sold singly. Many expensive houses are situated in this district. It is a sacrifice at this price, as the lot is immediately adjacent to a lot selling for \$65 per foot.

GLENVIEW AVE.—A very choice 64-foot lot for \$25 a foot. Get particulars, as it won't last at this price.

STOAKES—Yonge street, 2nd floor—Two large stores, with basement, new front and rear elevators, and a fine retail centre; one with heating, \$100 per year, and the other of slightly smaller frontage, with heating, \$2000. Let us show you these.

FARMS—Several 2-acre farms within 10 miles of Toronto, may be had on payment of \$50 down and 1 month, until the total price, \$250, is paid. These farms are ideal for fruit growing and poultry-raising. Investigate this opportunity.

WHICH millions of acres—We have this quantity of C.P.R. lands in Northern and Central Alberta, from which you can choose, at prices from \$10 an acre up. The finest wheat country in the world.

WELLAND LOTS—The town with the town that is growing. In this town you can make money out of our lots in this place; priced at \$150 to \$200.

ENGINEERS ADDRESSED BY JUSTICE RIDDELL

Classes Unscrupulous Mining Men With Meanest Perjurers— Appeals For Accuracy.

"Do for Canada and the world at large your very best. You can only do this if you are as honorable as you are accurate. 'Pretty near' is not near enough. It is 'pretty near' that builds Austen, Pennsylvania, dams and similar engineering failures. It is 'near enough' that is killing and maiming Canadians every day. The engineer must be accurate."

Justice Riddell made the appeal at the Engineers' Club yesterday. His address was one of the most inspiring Canadian engineers ever listened to. "The only pleasure worth while," said the justice, "is in the intellectual pleasure, and the true engineer is the one who takes most pleasure in his work. The utilization of the raw material nature gives him represents the engineer's translated thought."

"Engineers usually make the best expert witnesses," he continued. "But men of high standing sometimes fall in this respect. So-called mining engineers claim ability to see clearly with the naked eye, the value of which neither the mine owners nor anyone else see with a microscope. Lord Bramwell's story at the expense of his brother, Sir Frederick Bramwell, one of the cleverest of British engineers, is rather apropos. 'There are three distinct types of liar,' said the eminent jurist. 'The first is the ordinary liar, the second the d-m liar and the third is my brother Fred.' I am glad Canadian engineers are not in the my brother Fred's class. The unscrupulous mining engineer deserves to be treated no better than the meanest perjurer in Kingston Penitentiary."

Capt. K. L. Gamble, president of the club, presided and Dean Galbraith of the faculty of applied science, University of Toronto, added a word to the vote of thanks.

REVENUE GREATLY INCREASED

T. and N. O. Railway Has Made Rapid Strides During Past Year.

Great increases in the receipts of the T. and N. O. Railway are reported by the provincial treasurer. During the month of September the net earnings of the government railway amounted to \$75,214, as compared with \$21,904 during September, 1910. The gross receipts for September, 1911, were \$200,337, against \$119,972 during September of last year.

The gross revenue of the T. and N. O. Railway from Nov. 1, 1910, till Sept. 30, 1911, amounts to \$1,568,546, as compared with \$1,480,518 during the corresponding 11 months previous. After all expenditures have been deducted, the net revenue of the government railway from Nov. 1, 1910, till Sept. 30, 1911, is \$482,832. Last year it was \$384,841.

SUING MISSING MAN

Alleged Reginald Eyre Didn't Pay Part of His Note.

In the county court Wednesday morning, Judge Denton began the hearing of an action brought by M. J. Ferris, broker, against R. R. Gordon, a mining engineer, Reginald Eyre, a barrister, and W. S. Milne, secretary. "On Dec. 5, 1910," according to the claim of Mr. Ferris, "Messrs. Gordon, Eyre and Milne executed a promissory note for \$1000, payable in two months to Ferris at the Traders' Bank. When the note fell due, it was not paid, but on March 10, 1911, the defendants paid \$323.33, leaving a balance of \$676.67. Ferris alleges that no further payments have been made. The affair recalls the incident of the disappearance of Reginald Eyre, of Eyre & Earnsey, lawyers, and who left town suddenly some months ago, and for whom the police are still looking in connection with the Little Nipissing mine affair."

RHEUMATISM AND SPRAINS

Zam-Buk is a Cure!

When you have a sprain or feel the aching, gnawing pain of rheumatism or the acute agony of lumbago, rub Zam-Buk well in. Mrs. Frances Wyatt of 25 Guy-ave., Montreal, says: "I have found Zam-Buk most soothing and valuable for rheumatism and stiffness of joints and muscles. I suffered long and acutely from rheumatism and tried one liniment after another in vain. I also took medicine generally, but it remained for Zam-Buk to effect a cure. It seemed to penetrate to the very seat of the pain, driving them completely out, and I am now cured."

Zam-Buk is also a sure cure for piles, ulcers, cold sores, chapped hands, cuts, burns, scalds, scalp sores, babies' rashes and all skin injuries and diseases. All druggists and stores, 60c box, or Zam-Buk Co., Toronto, for price. Refuse substitutes.

SURPRISING

When Miss Virginia Collins, 158 Berkeley-st., went to wait upon a woman who entered Eaton's restaurant Tuesday afternoon, she was somewhat surprised to observe that the customer was wearing a dress, a brooch and a gold chain which she had lost from her home. She called upon Store Detective Black and then Detective Mitchell was called. The girl admitted that the goods had been taken from her house, and was willing to return them. She was locked up charged with theft. She gave the name of Isabel Carr, 167 Jarvis-st.

Labor Can Beat Liquor.

WASHINGTON, Dec. 13.—The laboring man is the hope of the country in the fight against rum traffic, declared John B. Lennon, treasurer of the American Federation of Labor, to the delegates at the annual convention of the Anti-Saloon League of America, here to-day. "The liquor forces had boasted," said Mr. Lennon, "that as long as organized labor stay back of them they had no fear of the church. This combination can be broken up," he said, "just as soon as Christian men and women begin to interest themselves in organized labor."

Dufferin School Dinner To-night.

ARTHUR STRINGER

"A Sense of Humor"

OUR funny faculty sometimes get the "blues"? If so, you'll settle down to read with zest this latest story of Arthur Stringer's, which he calls "A Sense of Humor."

It deals with the amusing fortunes of Benjamin Spindel, Optimist. Spindel is also an actor, a plodding playwright, with designs on fame; but that is merely incidental.

In his cheerful determination to write a play that will win the applause of the critics and make a first-night hit to be remembered even in the theatrical annals of Broadway, he comes near to developing a real tragedy instead of the make-believe one of the stage. But here Fate, or his Good Fairy, as he calls her, who also has a sense of humor, takes a hand in the game, and brings it to a startling finish, just when things look most interesting. Stringer, in this narrative, displays all the fine qualities of his art. His inimitable knack of story-telling has never been revealed to better advantage or dressed in more entertaining style than in this original little Christmas tale.

This is but one of the many good things that Christmas Saturday Night provides for your enjoyment. The contents page is packed closely with entertaining, vital and interesting features contributed by famous writers and artists. Consider these for instance:

- 1. "My Christmas Bargain," by Sir Arthur Quiller-Couch. Illustrated by W. S. Broadhead. Short story.
- 2. "Rev. Jack Matheson, Sky-Pilot of the Green," by Agnes C. Laut. Illustrated from photographs taken by the author. Story of real life.
- 3. "You Never Can Tell," short story, by Nellie L. McClung. Illustrated by Geo. A. Longbridge.
- 4. "A Painter's Holiday," Poem, by Bliss Carman.
- 5. "A Church Following," short story, translated from the French of Francois Coppee. Illustrated by J. W. Beatty, A.R.C.A.
- 6. "Island Song" and "The Nut Wood." Poems, by Marjorie L. C. Pickett.

Ten Pages of reproductions of the best paintings viewed in Canada by Canadian and foreign artists, reproduced in simple form. Four pages in color process: Illuminated frontispiece by A. H. Howard, R.C.A., Christmas Message of Peace and Good-will, engraving by St. Thomas Smith, R.C.A.; "Piloting Her Home," by W. H. Y. Tilcomb; "Sveinberts," by E. Sculzer.

PROSPECT HALL, COR. PROSPECT SATURDAY, 16th INST.

DIVED HIS LAST DIVE Captain Midford Must Hand Over His Log Book.

Notwithstanding the fact that the board of control and many aldermen caught Capt. Midford in the act of diving on his independent inspection of the intake pipe, while they were showing the breakwater along the island shore to Hon. Messrs. Monk and Hazen, they have decided to stop his work. The board of control yesterday issued orders to the effect that the captain discharge his crew and make his report on the data he now has.

So far the investigation has cost about \$1500. On ten days the captain made descents. The rest of the time he was too rough or he was prevented by mishaps. On one day he went down seven different times.

MOTORIST MULCTED \$1000. Judge Britton yesterday awarded \$1000 and costs to the widow and children of Martin Ashick, a farmer of Alice, who some time ago died as the result of injuries sustained when he was riding home one night. Lorne Hale, lumber merchant of Pembroke, Ontario, was passing along the highway at the time to his motor and frightened Ashick's team. The plain-

Big English Mining House Takes Interest in Hollinger

Mining Market Trails Along In Wake of Hollinger Spurt

Big Issue Scores Another Advance of 55 Points—Buoyancy Throughout Whole List—La Rose Leads the Cobalts

World Office, Wednesday Evening, Dec. 13.

Further strenuous upbidding of Hollinger, thru which the shares were carried up an additional 55 points to \$12.95, was the feature of the mining exchange to-day. Outside of this issue, there was comparatively little doing, but it was quite apparent that the continued buoyancy was having an effect all its own in creating a better feeling in relation to the whole list, and this was amply borne out by another round of advances in some of the more active cheaper issues.

Traders have advanced many theories to account for the rapid bulge in the big Porcupine stock during this week. The shares since Monday have undergone one of their characteristic surges, which did so much to brighten up the markets earlier in the year, and at today's top price show an advance of \$1.90 over the opening sale on Monday.

The bulge is due more than anything else to the anticipation of the favorable physical report on the property, which is due shortly, and the fact that Porcupine shares are to the effect that Manager Robins' statement will prove a decidedly bullish document, and the market has set out to discount the realization of this.

Indications of Strength.

The movement in Hollinger was again reflected in the cheaper issues, and several sharp advances were noted on top of those recorded yesterday. Dome Extension was in particularly strong demand, and sold up an additional two points to \$2.40. Vison was up about a like extent to \$8, and Crown Chartered also came in for more attention, and regained the 53 cent mark. Other strong spots were American Goldfields and Swastika.

A six-point advance in La Rose, which sold up to \$3.96, was the feature of the Cobalts. The buoyancy was founded on the report that the management were considering the disposition of the \$1,516,644 surplus, and that they would shortly notify the shareholders of their decision.

The market has shown a decidedly improved undertone during the last few days, and it is felt that the market in some time. Short covering is likely to become more pronounced on the way up, and on this account sentiment is veering stronger than ever to the bull side.

PORCUPINES CAN COME BACK

The feature of the stock exchange during the last few days in fact ever since the opening of the Monday session this week, has been the decided improvement in evidence in the sentiment ruling in the mining markets. Hollinger has, of course, been the leader in the trading, and the sharp spurt in these shares has been carried on to such an extent as to be reminiscent of the early attitude of the big Porcupine issue. The advance has been by no means confined to that one security, however, the whole market benefiting greatly as a result of the resumption of buoyancy, and several of the cheaper stocks scoring sharp advances thereby.

A special despatch from London, via Montreal yesterday, reported that Werner, Bell and Co., of London, Eng., the great English mining house, were heavy buyers of Hollinger, and that the firm had taken an active interest in the big Porcupine company. News of this nature is more than likely to give a decided fillip to the market.

WITH his many years of study and experience both in this world and the old, Mr. Broderick is acknowledged the correct authority in Canada on evening dress wear.

HE makes personal selections annually from the best makers of dress materials, as worn in London, Paris and New York, and no expense is spared in securing the highest class talent in the tailoring world.

THIS is the season for evening dress suits.

Price from \$40.00

SPECTACULAR ORE

Rich Specimens From Martin Property Now on Exhibition.

Some of the finest samples of gold ore ever brought into Toronto are now to be seen at the offices of H. O. Thomas & Co., Room 1423, Traders' Bank Building. The ore was blown out of the Martin claim on Saturday last by Capt. Wilson.

Everyone who has seen the ore was struck by the spectacular gold showings. Small nuggets of gold are clearly visible in each piece of the sixty pounds, while the oxides pan gold freely.

It is of particular interest to the Martin shareholders that the ore comes from a part of the property not hitherto considered the best section. The vein of the Martin, which has attracted so much attention, runs diagonally from the southwest corner, but the vein from which the ore was shipped is well north of this, and is now shown to be one of the real Porcupine domes. The vein is 18 feet wide on the surface and free gold can be picked up at any point across it, since the surface capping was blown off.

A prominent mining engineer, who has examined the ore, told the World last night that he was much impressed with the quality of the quartz. This he classed as kind, and totally different to the hungry, glassy variety. In the latter the World's informant stated that the quartz itself carried small values, whereas in that from the Martin the yellow metal was percolated through the whole mass.

Those interested in Porcupine should certainly see the samples at Messrs. H. O. Thomas' office.

JUDGE SEVERE ON SPIES GERMAN PLANS LAID BARE

Ship Broker Schultz and Others Heavily Sentenced For Supplying Information to Britain.

LEIPSIK, Germany, Dec. 13.—(Can. Press.)—Heavy punishments were meted out to-day to the English spies arrested at Hamburg on March 18, and who have been on trial behind closed doors before the imperial court for several days.

Max Schultz, an English ship broker, was sentenced to seven years' penal servitude. One of his associates, an engineer named Hipsch, was condemned to twelve years in jail; another engineer named Wilf was sent to jail for two years; a merchant named Von Maack and Max Schultz's housekeeper each received three years.

Max Schultz was accused of using his profession as a ship broker for covering for corrupting shipyard workmen and getting them to betray German naval secrets. He was for a long time closely watched by the police during his frequent trips between Hamburg and Bremen, at which ports German warships of different types were at the time of his construction.

Clique Broken Up.

The judge in sentencing the accused said that their arrest had broken up a group of spies, the nucleus of which was dangerous in the highest degree to the safety of the empire. Hipsch particularly, who had been twelve years employed as an engineer in one of the principal naval shipyards, was able to collect designs and information from all the German yards. This he handed over to the agents of an English information bureau exposing Germany's most important military secrets.

Max Schultz, whose sweeping admissions had established the guilt of both himself and the others had organized according to the judge, a network of spies throughout Germany. Those reported directly to the English information bureau.

The severity of the sentences, which were meted out in a public hearing, not in a fortress, as is usually the case, indicates how gravely these cases of espionage are regarded.

The merchant, Von Maack, according to the testimony, furnished documents, showing how the steamers of the Hamburg-American Line and the German Lloyd were to be used in the event of war as well as data in reference to the Diesel motor, which is now building for the navy at Nuremberg.

Wilf, it was stated, dealt with the question of submarines of which even the number built and building is a secret in Germany. He also provided information concerning the battleships under construction at Kiel.

PORCUPINE STILL ADVANCING

Yesterday's market showed further big advances and shows no signs of abatement.

The stocks to buy now are Pearl Lake, Dome Extension, Vison and Eldorado. Buy to-day and wire your orders.

EXTEND EXPRESS BOUNDARIES

Ontario Railway Board Will Be Asked to Enlarge Operation Area.

The matter of the area within which the express companies operating in Toronto will operate a free delivery and collecting system will be referred to the Ontario Railway Board. The board of control yesterday dealt with the plan, but declined the system should cover the whole city.

The area they propose to operate in is bounded by High Park, takes in all of the city, including the College Heights and the Rosedale districts, and going east as far as Greenwood-avenue in East Toronto and along Queen-st. to Birchmount.

Gripped With Sore Back

Kidneys Were Badly Displaced and She Didn't Know It

Was Completely Cured by Less Than Three Boxes of

DR. CHASE'S KIDNEY-LIVER PILLS

Women are very often deceived and mistaken in regard to kidney disease. The pains in the back are attributed to other derangements, and kidney disease is allowed to run on and on until beyond the reach of medical science.

There is needless suffering, and life itself is risked, because backache is not recognized as the most marked symptom of kidney disease. It is relieved and cured by kidney pills in the back as Dr. Chase's Kidney-Liver Pills. As proof of this read Mrs. Patterson's letter:

"Mrs. Richard Patterson, Haldimand, Gespe Co., Que., writes: 'I will gladly say that I was cured of kidney trouble by using Dr. Chase's Kidney-Liver Pills advertised and decided to try them.'

'I had not used two boxes before my back was free, and I had completed the third box and was entirely cured. There has been no return of the old kidney trouble, and I therefore believe the cure to be permanent.'

One pill a dose, 25c a box, at all dealers, or Ed. Mansion, 75 St. & Co., Limited, Toronto.

LOOKING INTO INTERCOLONIAL

OTTAWA, Dec. 14.—(Can. Press.)—Owing to many complaints received by the government about the management of the Intercolonial Railway, it has been decided to fully investigate conditions on that road.

As a means of investigation, Hon. Frank Cochrane, minister of railways, has appointed Emilio Jolly of Quebec, and James A. MacDonald, commissioners, to look into the charges of parsimony and neglect of duty preferred against some high officials of that company.

Waits for Friend

William Langmuir, alias Budrik Fraser, who was arrested yesterday morning near the premises of a sporting goods store on Yonge-street, which had been broken into, was released a week in police court yesterday morning to give the police a chance to land his companion on the job, who escaped when Langmuir was being taken to the police station.

Sent Osborne Letters

ST. CATHARINES, Dec. 13.—(Special.)—The jury in general sessions of peace this afternoon found Burner Goodall, Beamsfield man, guilty of sending threatening and obscene letters thru the mails to Premier Arthur Blanding. SYNOPSIS OF CANADIAN NORTH-WEST LAND REGULATIONS.

ANY person who is the sole head of a family, or any male over 18 years old, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Land Agency or Sub-Agency for the district. Entry by proxy may be made at any agency on certain conditions, by father, mother, son, daughter, brother or sister of intending homesteader.

Duties.—Six months' residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 30 acres, solely owned and occupied by him or by his father, mother, son, daughter, brother or sister.

In certain districts a homesteader in good standing may pre-empt a quarter section along his homestead. Price \$5.00 per acre. Duties.—Must reside upon the homestead for pre-emption six months in each of three years from date of homestead entry (including the time required to earn homestead patent) and cultivate fifty acres extra.

A homesteader who has exhausted his homestead right and who desires a pre-emption may enter for a purchased homestead in certain districts. Price \$20.00 per acre. Duties.—Must reside upon the homestead for three years, cultivate fifty acres and erect a house worth \$200.00.

Steel Trade on Better Plane in U. S. --- Market on Up Grade

U.S. Steel Leads the Market In Sharp Upward Movement

Speculation on Wall Street Lifted Out of Its Apathy and Sentiment Turns More Buoyant—Toronto Market Firm.

NEW YORK, Dec. 13.—After drifting idly thru most of the day, the stock market became strong and active in the last hour. Previous to that time quotations had barely moved, but in the final upward the steel and copper stocks, the Harriman issues and some of the coalers rose a point or more above the final prices of yesterday.

United States Steel was the backbone of the market. Although the trend of prices was downward during the forepart of the day, with losses running up to a point among the representative stocks, the steel shares defeated all efforts to depress them. The quotation rose steadily, and toward the close of the session transactions in the stock reached an enormous scale. Blocks of 100 to 200 shares were traded in frequent lots and at the end of the day the price stood at 66 3/8, a gain of 1 7/8. This is the highest price since last September, before the beginning of the slump in the steel industry culminated in the break to 50, at the time the dissolution suit was filed. The movement in U. S. Steel affected the whole market, and the business was transacted in the last hour than in all the preceding portion of the day.

S. G. BAYNE, President of the Seaboard National Bank, New York.

Continued improvement in the copper metal market was an important influence in strengthening the copper stocks. The metal market held strong to the higher prices recently established. American Agricultural Chemical made one of the best gains among the industrials, the movement being explained as in anticipation of possible dividend action.

Transactions for foreign account were brisker to-day. Dealings with London exceeded 40,000 shares, about evenly divided between buying and selling. The advance in foreign exchange rates continued, reflecting easier money conditions at home and the increased requirements abroad. Time money was easier.

TORONTO STOCK MARKET.

World Office, Wednesday Evening, Dec. 13.—The Toronto Stock Exchange gave no indications of anything new to-day's session, speculation in the general list being of a decidedly apathetic nature with nothing beyond small price changes evolved in any of the usually prominent issues.

The market has apparently drifted into a rut of quiet trading, which it will take something out of the ordinary to get away from, and which promises to hold prices within a narrow range for the time being. This is quite a usual occurrence at this time of the year, however, the month of December in the stock exchange being usually only notable on account of its extreme dulness.

STEEL LEADS THE MARKET.

The New York market was in a decidedly buoyant mood yesterday, under the leadership of U. S. Steel, which scored a full two-point advance at 66 3/8, and closed right at the top figure of the day. The bulge in this issue is, of course, largely attributable to the improvement which is manifest in the steel trade, and is having an effect all its own on the market as a whole. The general list responded to the strength in steel, and advances of about a point all round were realized. Speculation continues of a dormant character, but the change in sentiment is becoming more pronounced, and should have a further effect on prices, should any improvement in the volume of trading be evolved.

MONTREAL STOCK MARKET

Further Strong Movement Under Way—Power Again in Lead.

MONTREAL, Dec. 13.—Heavy buying of Montreal Power and Shawinigan, accompanied by sharp advances, was the feature of the Montreal stock market to-day. Power was the leader, furnishing transactions of 3485 shares to the day's turnover. Opening at 189 1/2, as compared with 188 3/8 at the close yesterday, the price advanced before the close of the morning session to 190 1/2, and in the late market it had a further advance, selling up to 192 1/4. Shawinigan, in which the transactions amounted to 1178 shares, opened at 121 1/2 and advanced to 124 1/4, as compared with 121 1/2 at the close yesterday. At the close 124 1/4 was bid, with 1 1/4-1 1/4 asked. Canadian Pacific which was fairly active, opened at 121 1/2, after weakening to 121 1/4, advanced at the close to 121 3/4, with 1 1/4-1 1/4 offered under 241 1/2. So-called at 133 1/4 to 133 1/2. Richelieu, after selling at 121, eased off to 120 3/4. Lake of the Woods was weak, declining to 134.

ON WALL STREET.

Erickson Perkins & Co. had the following: All sorts of rumors were circulated to account for the strength in steel. The business situation has changed and the steel trade is now in for a substantial recovery. With sentiment rapidly improving it is not clear that orders for steel will be in great volume and that corporations will be compelled to make up for the wear and tear which has been allowed to go on for two years? We would not be surprised to see some of the steel plants turning away business before next year is over. With steel stocks leading the remainder of the market will take care of its ill. Railroad issues will go up as a matter of course.

COMPULSORY TRAINING WON'T DO.

LONDON, Dec. 13.—(C.A.P.)—Truth disarms Dr. Lee's scheme for compulsory military training. It says: "Compulsory training would only intensify the procession of young Canadians to the U. S. Neither the navy nor the militia arouses enthusiasm in Canada. Both programs threaten to be as a result for Mr. Borden as for Sir Wilfrid Laurier."

THE DOMINION BANK

Notice is hereby given that a dividend of three per cent. has been declared upon the Capital Stock of this institution for the quarter ending 30th December, 1911, being at the rate of 1 1/4 per cent. per annum, and that the same will be payable at the Head Office of the Bank and its Branches on and after Tuesday, the 2nd day of January, 1912, to shareholders of record of 30th December, 1911.

The Annual General Meeting of the shareholders will be held at the Head Office of the Bank in Toronto on Wednesday, 31st January, 1912, at twelve o'clock noon.

By order of the Board,
C. A. BOGERT,
General Manager.

Toronto, 17th November, 1911.
