HAYWOOD TAKES THE STAND DENIES ORCHARD'S CHARGES

Never Suggested or Discussed Murder of Steunenberg, He Swears, Nor Did He Ever Give Orchard Money—Cross-Examination of Moyer Ended.

BOISE, Idaho, July 11.—William D. Haywood took the oath to-day as a witness in his own defence and in a lengthy narrative of his life and work as a leader of his fellow-miners, which was interrupted by adjournment, denied the guilt of the murder of Frank Steunenberg and the manifold crimes charged against him by Harry Orchard.

Haywood was pale and trembling with nervousness when he left the witness stand, began sobbing softly. He denied that he met Orchard until some time after the Vindicator mine explosion.

He denied that he sent Orchard back to Crispie Creek to blow up the Independence Station. He denied participating in the murder of Detective James Gregory.

He declared that he never made a threat against Steunenberg, which was regarded only as a politician swayed by capitalist influence.

He related a number of occasions when he met Orchard in Denver in the ordinary course of his relations with the federation and George A. Pettibone, and said he saw Orchard for the last time in August, 1905, when Orchard told him he was going to Alaska.

Hammering at Moyer. The state completed the cross-examination of Chas. H. Moyer at noon and in dealing with his testimony directed his strongest attack against the circumstances under which the federation, at Simpkins's suggestion, came to the rescue of Steunenberg.

Senator Borah, who conducted the examination, emphasized the relations of Simpkins with the federation and the fact that the federation without enquiry as to the guilt or innocence of Orchard furnished \$1500 from its treasury for his defence.

Moyer denied any knowledge of the \$100 that Haywood sent to Jack Simpkins a few days before Steunenberg was assassinated, which is traced to Orchard by an unsigned note he got at Caldwell jail and a coincidence of dates.

Work of the Federation. Haywood became a member of the executive board of the Western Federation of Miners in 1900, holding that office until June of 1901, when he was elected secretary-treasurer, an office which he still nominally fills.

Healthful nutriment is in every drop of honest, old-fashioned Port Hope Pale Ale.

KING PLEASED WITH WELCOME

"Warm and Appreciative Gratitude" is Expressed to the Irish People.

DUBLIN, July 11.—King Edward and Queen Alexandra attended the races at Leopardstown to-day, driving to the course from Kingstown in motor cars with an entire absence of formality.

The Earl of Aberdeen last evening entertained their majesties. Invitations had been sent out broadcast, and consequently thousands had an opportunity to see the King and Queen.

CANADIANS ARE FOURTH IN M'KINNON MATCH

At End of Second Stage—Dropped a Place at the 900 Yards Range.

(Canadian Associated Press Cable.) BISLEY, July 11.—The Australian team of eight men have arranged to return home by way of Canada.

In the "Association Cup, S. H." Pte. George Milligan, of the 45th, Toronto, scored 32 out of 75 at 200 yards, and 31 out of a possible 35 at 300 yards.

At the 900 yards range the scores were: Caven 41, Carr 40, Graham 41, Kerr 32, McHarz 45, McVittie 35, Milligan 45, Mitchell 40, Mitchell 36, Moscrop 42, Morris 45, Smith 37. The total score at the 900 yards range were: Canada 470, Australia 508, England 413, Ireland 472, Scotland 483.

At 1000 yards the Canadians scored: Caven 37, Carr 42, Graham 38, Kerr 35, McHarz 38, McVittie 35, Milligan 35, Mitchell 37, Mitchell 32, Moscrop 39, Morris 45, Smith 35.

Port Hope Ale puts color in your cheeks. Try it at home.

DO IT NOW

Let us quit this namby-pamby talk about Toronto being a well-governed city. Except for presenting an address now and then to a Japanese prince or an Indian runner, there is nothing done to remind us that a civic government exists.

The panic at the Bay-street crossing Wednesday night which so narrowly escaped its culmination in the indiscriminate slaughter of men, women and children in lawful possession of the highway is but a symptom of conditions in this city that can not be paralleled in the worst governed municipality in the United States.

Toronto Island is the natural breathing space and playground of Toronto. It should be freely resorted to by our citizens, including children. They do resort to it, and they also come to and from passenger boats that are able to enter our neglected harbor, but they do so at peril of life and limb, the city streets being used as a railway yard and turned into human shambles for their reception.

These grade crossings are not a new thing. For how many years have we heard about the Yonge-street bridge until the very name has become a jest and a by-word throughout the country? Now when the situation is more than ever acute, we find the city government chloroformed with a suggestion to keep on "building" the Yonge-street bridge and maybe some other bridges later on and to erect a fence across the city from Yonge to Parliament-street.

The Board of Trade has carefully studied this subject. It finds, in effect: 1.—The railway viaduct, in the end, will cost no more than the required bridges, including their maintenance.

2.—The viaduct plan will give all passenger and freight traffic safe and level passage to the waterfront. 3.—It will furnish a permanent and adequate solution of the present intolerable conditions.

4.—The bridge plan contemplates closing certain streets, fencing in a part of the city, and imposing a burden of 20 cents per ton for the additional haul required by the bridge, with its steep approach, upon every ton of coal and other freight that is brought to Toronto by water.

The railways claim that it would take three years to build the viaduct, and that this will interfere with traffic. However that may be, building the viaduct will certainly interfere—and permanently interfere—with killing citizens, and making a trip to the island dangerous. It will restore their highways to the public.

The question must be fought out now and decided right. Do the streets of Toronto, and the waterfront, belong to the people, or do they belong to the railway companies?

Where is Hermann Bartels? It was a week ago yesterday since the Auburn, N.Y., brewer vanished down the corridors of Osgoode Hall. Cut in the street, where did he go? Where did he re-appearing in his new concealmant?

Did he get in a carriage, jump on a car, or just run to some haven of refuge within this city's gates, or did he hasten a few blocks south to the depot which he had left a short while before, and take train east or west?

For a week, the police have hunted high and low. What success has been their is their own secret. But Inspector of Detectives Duncan does say that the force are not impressed with the identification of Syracuse man who says he saw Bartels at Hamilton on Tuesday evening.

But he is not with them. The police know them—some of them, anyway—and have assured themselves to that extent. Hotels, apartment houses, private rest homes and other such places have been also under surveillance, while the custody sources from which the airtight detective secure valuable information have been appealed to. But all in vain.

He's safer hidden away in Toronto than he would be to attempt to move about the country, was the candid opinion of a well-known private detective, who added that the circuit stunts leading up to the escape were most unusual.

ALL-RED ROUTE.

Canadian Associated Press Cable. LONDON, July 11.—Rumors are in circulation that the government are inclined to abandon the proposal to create an all-red route. The special committee appointed to consider the scheme is, however, still sitting. The reports, therefore, can scarcely be justified, tho, as The Glasgow Herald states, the reported action of the Australian Government may cause a hitch.

THEY WANT TWO CONSTITUENCIES

One of the Requests to Government Party by Keewatin Petitioners.

KEEWATIN, July 11.—(Special.)—This has been the quietest day for Messrs. Cochrane and Reame since the tour began. They arrived here at noon, the party being broken by the defection of Mr. Gamey, who went west from Winnipeg to view some land holdings, but who will join the party again at Port William.

The afternoon was spent inspecting the Lake of the Woods flour mill, and the mill of the Keewatin Lumber Co. Then a steamboat ride was taken thru the lakes past the Hundred Islands occupied in summer by Winnipeg people.

At a meeting held in Oddfellows' Hall the speakers were Messrs. Cochrane, Reame, Aubin, Smythe and local men. The district has no grievances in the sense that Rainy River people consider their needs, but they would like a few things, and their requests were summed up as follows: Open the Township of Pellat as a free grant of land to settlers without restrictions as to timber or mineral rights.

That in working out the new school consideration should be given to the difference of conditions between Old and New Ontario, with greater aid to new school sections and a reduction in the number of schools in insuperable.

That fishing regulations be modified and wanton destruction of fish be made illegal to the new owners of the union hall. When the men come for their belongings the union will endeavor to get them to join their ranks. Secretary Boyly is out at the Cobalt mine this afternoon, and a settlement may be made there. A carload of ore from the Foster Mine was being loaded yesterday when, acting under misapprehension, the strikers' committee called out the men engaged in filling the car. The Foster had till tonight to accept the union terms. The Nipissing and Coniagas have men at work.

EDITOR GOES DOWN. Refused to Pay \$25 Fine for Contempt of Court. HOT SPRINGS, Ark., July 11.—R. O. Schaefer, managing editor of The Citizens' Bulletin, a reform paper, was sent to jail to-day for refusing to pay a fine of \$25 assessed against him March 3 last for contempt of court. A warrant on a similar charge is out for the Rev. T. A. Amis, leader of the Reform party, and editor-in-chief of The Bulletin.

The article objected to alleged that election contests pending in the county court were bungled, and delayed by "pettyfogging tricks." CROWD TO SEE LOGIE. Alleged Counterfeiter Taken Back to Lindsay. LINDSAY, July 11.—(Special.)—Robert Logie, charged with being a confederate of Charles Burke and others in the making of counterfeit money, arrived at 10:15 to-night in charge of Government Detectives Rogers and Parkinson. There was a crowd of 200 people at the station, although the train was an hour late. Logie was taken immediately to the jail in a hack. On the way up from Toronto he smoked incessantly. He had little to say and did not refer to the crime with which he is charged.

Logie was arraigned before the police magistrate to-night. He neither pleaded nor elected, and was remanded till Thursday. To-morrow night DeMunition Inspector Parkinson and Provincial Inspector Rogers go to Sault Ste. Marie to return Wynn and Boyley.

Caught With the Goods. Thomas White, 38 years, Bond-street, was arrested in the Robert Simpson and Archibald. The detectives say that they followed him from the Eaton store, where he had taken five penknives and a small piece of jewelry, and that in the Simpson store he had just taken a guernsey. White said it was a first offence. Port Hope Ale helps your food feed your body. Try it to-day.

NO. 79. Not Good After 12 o'Clock Midnight July 22, 1907 Trip to London Ballot THIS BALLOT GOOD FOR 1 VOTE For District No. Address County City

When fully filled out and received at The World Office by mail or otherwise on or before expiration of date shown above. Not good after that date. Void if name voted for has not been properly nominated. No ballot will be altered in any way, or transferred, after being received by The World.

OWNERS DECIDE ON CONFERENCE WITH MEN

Committee of Six Named—Union Officials Declare Recognition is Not What They Are After.

COBALT, July 11.—(Special.)—The management of the Temiskaming mine has adopted the union scale and agreed to the eight-hour shift underground. As a result the men return to work to-day to-morrow. Fifty men were employed there last week, and this number will start again.

Organizer Roadhouse denies that the union told Secretary Acland of the labor department, now in camp, that the union insisted on recognition, and states that the federation makes no objection to the mines employing non-union men. The strikers name a committee of twenty, who were employed at different Cobalt mines, to meet a committee of the mine owners or mine managers. These latter held a meeting this afternoon to decide whether they would confer with the miners' committee. It is known that some of the mine managers are very strong in their determination to do nothing like recognizing the union. A committee was appointed by the mine managers to confer with the strikers, but it can be said that the managers, or mine managers, this afternoon decided to stand resolutely opposed to the union scale and to the eight-hour shift.

Committee Appointed. An unsuccessful attempt was made by the minority to have the entire question at issue referred to a conciliation board under the Dominion Act. The names of the twenty men appointed by the miners as a committee were submitted to the managers, and seventeen of these names were objected to. However, the managers appointed a committee of six to meet a committee of six miners. The word union is objectionable, and is not being used. The prospect is now much brighter.

Managers Loring, Leonard, Drummond, Flynn, Brighter and another compose the mine owners' committee. The Nipissing is bringing men in in small numbers. A lot of baggage came in to-day for men at the Nipissing. It was placed on wagons and driven over to the mine, but the strikers got the teamsters to take their teams from the mine to the new owners' camp. The Nipissing is bringing men in in small numbers. WITHOUT FOOD FOR DAYS ENGLISH FAMILY SUFFER

Woodstock Citizens Relieve Their Necessities When the Facts Become Known.

WOODSTOCK, July 11.—(Special).—An English family named Kent, who have been in the city for several days, was found to be penniless and starving to death in a little room over Lawson's Bakery.

James Kent, head of the family, is a sober and industrious worker, and had been engaged for four months since coming from England on a farm near Norwich. He found it impossible to make things go sufficiently to support his wife and four children, and, in consequence, came to Woodstock to get work.

He did not find work when he came here, and for four days the family has been existing without a morsel of food and without a penny to purchase relief.

Their straightened circumstances were discovered by Peter Irving, a local auctioneer, who secured work for Kent. The latter, weakened by the absence of bodily nourishment, lasted only two hours at work, when he collapsed.

A collection was taken up and food secured for the family.

EIGHT OVERCOME BY GAS And Die in Pennsylvania Mine—Rescuers Nearly Suffocated.

HAZLETON, Pa., July 11.—Eight Italian miners were killed and five injured in an abandoned mine of the Lehigh Valley Wilkes-Barre Coal Company, at Honeybrook, today. Two of the men were taken into the mine to measure the water. Then two more were sent in to assist them. It was believed that the force was inadequate, and the others were ordered to help them. When the men did not return after a reasonable time an investigation was made and the presence of fire damp was discovered.

FIVE BOY VAGABONDS. Galt Police Make a Round-Up—All Go Down.

GALT, July 11.—(Special).—A quintet of hard-looking young lads, shackled to a post, were taken to the Galt police station today. They were captured in a coal car at the C.P.R. at 2.30 p.m. There were five altogether in the coal car, as the chief entered the boys made a dash for liberty, but three of them were secured. The other two ran down the track. Three miles east on the country road the officers overtook the fugitives.

SIGHT TEST FOR CHAUFFEURS German Medicos Believe That It Should Be Demanded.

BERLIN, July 11.—A strong plea for the institution of a sight test for motor car drivers is now being put forward in Germany, where it has the support of most of the leading medical practitioners and high officials. It is pointed out by the promoters that a test of the sight is compulsory in the case of all railroad men.

Excursion to England and Ireland. The Canadian Pacific Atlantic Line have decided to stop the "Lake Erie" on this trip at Queenstown in order to give passengers an opportunity to visit the great exhibition at Dublin. We have excellent one-class accommodations (second cabin) and storage to offer. If you wish to make this trip secure our rates, also remember our fine steamer "Empress of Britain" will leave Quebec July 26th. For full particulars apply to S. J. Sharp, Western Passenger Agent, 71 Yonge.

NEW TEACHERS. WOODSTOCK, July 11.—(Special).—Three new teachers have been appointed to the local collegiate institute staff. They are: Wesley B. Salter, B.A., of

Sold by all druggists or sent prepaid on receipt of price. Free pamphlet. Address: The Cook Medicine Co., Toronto, Ont. (formerly W. S. Cook)

HAMILTON Happenings

TWO MOVING PICTURES A SHOCK FOR TRUSTEES

Work for the Citizens' League is Unearthed at Board of Education Meeting.

HAMILTON, July 11.—(Special).—On motion of Trustee Booker the Board of Education this evening appointed a committee to wait upon the police to get them to take proceedings to prohibit some of the moving picture Trustee Booker, who had been indicted by the Citizens' League and Wilkes had made an investigation, and were dreadfully shocked. Mr. Booker objected to the citizens' league meeting to find out the "Leads" and "Sowing Wild Oats" were the pictures objected to principally. Trustee Booker said the secretary was instructed upon the government to cut down the curriculum in the schools. Miss McPherson will be continued as domestic science teacher at the collegiate institute and supervisor of the science in the public schools at a salary of \$150. The secretary was instructed to advertise for manual training teachers, and a special committee was named to wait upon the government to find out its intentions with regard to the subject. The flags will be hoisted on the schools on all holidays. The board adjourned until September.

The separate school board awarded the coal contract to Myles & Son at \$6.50 a ton. A. C. Turnbull got the stationary contract for \$711. A special committee will arrange for the annual picnic.

David Morris was this morning acquitted at police court of the charge of intimidating workmen. J. C. Coats was fined \$25 for selling liquor at the Winona Park Club House.

Wedded at St. James' Rev. Canon Abbott, M.A., rector of Christ Church Cathedral, the Miss Rachel, daughter of Lieut.-Col. Gwyn, Dundas, was married in St. James' Church, Dundas, this afternoon. Miss Marlon Gwyn was maid of honor and the bridesmaids were Miss Mary Gwyn, Miss Mary Osler, Toronto; Miss Marie Mortimer, Hamilton; Miss Alice McConochie, Chicago. Master Philip O'Reilly, Toronto; George Gibbons, London; Arthur Colville, Campbellton; Alan Glasco and Walter Harvey, Hamilton. Rev. E. A. Irving, assisted by Rev. Herbert Gwyn, Chicago, officiated.

The Mayor, Stewart instructed City Solicitor Waddell to appeal to the Ontario railway and municipal board for an order compelling the street railway to double the number of cars it is operating during the busy hours.

The property owners have petitioned to have that portion of Barton Township, west of Garth-street, as far west as the Hamilton Golf Club links, annexed to the city.

The vandeville; 252 latest and up-to-date selections on the Muhl-Phone. Tel. KINDERGARTEN DIRECTORS.

Those to Whom Certificates Have Been Granted. In accordance with the reports of principals and staffs of the Normal School Kindergartens at Ottawa and Toronto, the education department has awarded certificates as kindergarten directors to the following students:

A JUDGE FROM WINNIPEG.

The Welsh Elateddof Came to Canada for One of Its Critics. The committee of the Royal Elateddof, the great musical festival and patriotic celebration held this year in Swansea, has sent to Winnipeg for one of the judges of its choral competition.

THE SECRET OF PERFECT HEALTH.

It used to be the general idea that there was some mystery about getting well and staying well. Sellers of quick nostrums took advantage of this fact and grew rich. We are growing wiser, however, and know that good food, fresh air, and cleanliness are all that are required. Cleanliness, however, means that you must be clean inside as well as outside. If your kidneys, liver and bowels are not properly performing their functions, they are accumulating a mass of filth, as a result of your violation of some natural law, and you must assist nature in nature's way to cleanse the system. No necessity, however, to risk using some secret preparation. You can obtain a perfect compound of vegetable remedies, every one of which is endorsed by your physician. The formula of King Palmetto Compound is printed plainly on the wrapper. No secret, no mystery. Just plain common sense. King Palmetto Compound will regulate the liver, bowels and kidneys, tone the system and prevent serious results which might arise from neglect. Give it a trial. Write for a free sample bottle to the King Palmetto Co., Bridgeburg, Ont.

RAILWAYS BLAME SHIPPERS.

MONTREAL, July 11.—The C.P.R. and G.T.R. are blaming the merchants for the congestion of the freight in this city.

BIG DREDGE FOR PACIFIC.

The Polson Iron Works are building a dredge to cost \$150,000 for the Pacific coast. It will be shipped west of fifteen flat cars.

The Toronto World CHILDREN'S HUMANE LEAGUE

For this week the subject is, "Canadian Squirrels in Park or Wood." Contributions are not to consist of more than two hundred words, and are to be written on one side of the paper and signed with name and address of the writer. A silver pin with the letters T. W. H. L. is the prize. The competition closes July 13. If you are not already a member, fill out the blank below and send it with your letter.

Why We Should Love and Protect Our Birds. Whenever we find a bird's nest never destroy it, or if there are any eggs in it try to persuade your friends not to take it. If you once get into the habit of stealing birds' eggs it is very hard to get out. If we kill all our birds, what will we do for birds? Try to love and protect our songsters and birds. Joseph W. Clark. Go-Home P.O., Ontario.

I wish to become a member of The Toronto World Humane League. Name: Address:

THE WORLD'S HOME MAGAZINE FOR WOMEN Edited by LAURA L. E. McCULLY, B.A.

Why I Became Tennis Champion

Tennis, in my opinion, is at once the most enjoyable, the most exhilarating, and the most healthful of sports, or physical endurance can there be than is provided by what has always been to me the most absorbing of games? I have heard it said that walking is the best all-round form of exercise, and, as I am passionately fond of walking, and regard it as one of the most valuable means of training for tennis, I should be the last to wish to depreciate its value. But every limb and muscle which is brought into play for walking is likewise brought into play for tennis. Every stride, moreover, tends to develop the chest and strengthen the lungs. Consider, too, what an open-air life the devotee of tennis leads. I suppose I may take myself as an example. All my spare time has been spent in tennis, walking, and as a result of this open air life I have, happily, never known what bad health is. Some say that tennis is a nervous, enervating, entails a bad nervous strain. I suppose that is the case, for one cannot go from tournaments to the devotee of tennis leads a life of constant exercise and life in the open air. It is only in the last few years that we have awakened to the necessity for physical training. As a result, while our men-folk play tennis a great deal, our girls are not so keen on it. There has been something lacking in our educational system hitherto, and it will take the American girl three or four years to catch up with the English girl at tennis. The medical man who says that tennis is a nervous strain is wrong. The medical man who says that tennis is a nervous strain is wrong. The medical man who says that tennis is a nervous strain is wrong.

The Misogynist. Who? And Why?

Many women of the old school pride themselves on declaring that the "womanizer" is a recent product, the result of women going into new spheres, in fact, one evil effect of the novel species of creation known as the new woman. This view is far from being correct. The misogynist has existed and always will exist. His is not a result of the new woman at all. His origin is just about the time when feline characteristics first appeared in woman and canine characteristics in man. The misogynist, moreover, is born, not made. He is simply the man who is destined from birth to fall in love with a sweetly feminine specimen of his race, and having once fallen in love, to obstinately persist in thinking himself abandoned and disillusioned because the object of his affection can scratch and caterwaul as well as purr. For this reason, because he misplaced his affection in the first place, he insists on regarding woman as a hateful and treacherously insidious temptation to err. Thus the misogynist is not a result of the new woman, but a result of the old woman who is destined from birth to fall in love with a sweetly feminine specimen of his race, and having once fallen in love, to obstinately persist in thinking himself abandoned and disillusioned because the object of his affection can scratch and caterwaul as well as purr.

World Pattern Department

2005—Ladies' Tuckered Eton Jacket. With Eton Sleeves. Paris Pattern No. 2005. All seams allowed.

Not outside garment that has appeared in this season reveals more of the elements that constitute style than this pretty Eton. For development, volute, Panama, serge or mohair, linen, pique and popeline would be all found adaptable. As represented, it is made of popeline with insertion of Richefeu embroidery set into the deep collar and the tie-ends. The pattern is in five sizes—32 to 40 inches, bust measure. For 36 bust the jacket requires 2 yards of material, 3 inches wide, or 2-3/4 yards 36 inches wide, 2-1/2 yards 42 inches wide, or 2-1/2 yards 48 inches wide; 2 yards of insertion to trim. Price of pattern, 10 cents.

bat with plumes, and she carried a bouquet of white roses. Mrs. Elvin Hamilton, her sister, was bridesmaid in a princess gown of white muslin and lace, with lingerie hat, and carried pink roses. Mr. Langford Robinson presided over the group. All during the ceremony a reception took place. Guests were present from Hamilton and St. Catharines, and Mrs. Elvin received in black voile with lace. Later in the afternoon the bride and groom left for the Kawartha Lakes, where they are travelling in pink linen, with hat, shoes and gloves to match. The groom's gift to the bride was a sunburst brooch, built to carry coal in a pearl brooch, and to the best man a pearl tie pin.

Ornaments and Superstition.

The World has been requested by a local jeweller to supply a number of swastika ornaments which are for sale in several Yonge-street stores at present. The swastika is a religious symbol, of course, but is also used by the occult sciences, to bring the worst of evil upon those who wear them. The World's informant states that, however much some may sneer at this, ladies would do well to see the swastika in the cross arms of the cross, and the swastika in the direction of the hands of a clock. The reverse symbol is one of black magic, but possesses the talismanic influence of bringing good fortune to their wearer. In Yonge-street the ornaments are for sale at the rate of one for one. The swastika, according to all the rules of occult science, to bring the worst of evil upon those who wear them. The World's informant states that, however much some may sneer at this, ladies would do well to see the swastika in the cross arms of the cross, and the swastika in the direction of the hands of a clock. The reverse symbol is one of black magic, but possesses the talismanic influence of bringing good fortune to their wearer.

PERSONAL.

Mr. and Mrs. Philip Richards announce the engagement of their daughter, Clara Anna, to Gerald W. Morely. The wedding will take place on Wednesday evening, July 17.

The marriage took place very quietly last night of Miss Aileen Carveth, eldest daughter of Dr. George Walter Leuk of Toledo, at the home of the bride's parents. The wedding was a simple one, and only immediate relatives and friends were present. The ceremony was performed by the Rev. Mr. Broughall.

At half-past two o'clock yesterday the marriage took place of Miss Kathleen Hamilton, daughter of the late Mr. Hamilton, to Mr. Ralph Carleton Murton, son of the late Sheriff Murton of Hamilton. The wedding was at the home of the bride's mother, Mrs. Hamilton, on Manning-avenue. The ceremony was performed by the Rev. Mr. Broughall.

OMAHA, July 11.—Judge Munger today refused the Adams, Wells-Fargo, American United States and Pacific express companies an order restraining the Nebraska railroad commission from putting in effect new laws reducing express rates in this state 25 per cent. Judge Munger, however, ordered the state railroad commission to appear next Saturday and show cause why the injunction should not be issued.

KAY'S Famous for Fine Furnishings KAY'S KAY'S JULY FURNITURE SALE

For this Sale Regular Prices of all Furniture in stock ARE REDUCED 15 to 50 per cent.

Let us emphasize the fact that this is not a sale of goods made especially for the occasion. Our regular stocks only are concerned—furniture of the best makes, much of it built especially for us, and for the rest carefully selected for artistic merit in design and good construction. July Sale inducements make it well worth while to buy now even for future wants. COME AND SEE.

Parlor Furniture Den Furniture Office Desks Dining-room Furniture Grandfather's Clocks Filing Cabinets Bedroom Furniture Brass Bedsteads Card Cabinets Library Furniture Hall Furniture Office Chairs

JOHN KAY COMPANY, Limited 36 and 38 KING STREET WEST

REGISTRAR DISMISSED.

Charges of Partisanship Held Proven by Commissioner. Thomas McDonald, registrar of the County of Dundas, has been removed from office, and Robert Johnston Dillon of Morrisburg appointed in his stead.

THE TRENT VALLEY CANAL.

Editor World: In your issue of this date appears a letter from W. A. Bailey of Peterboro, reading as follows: "The need of the canal could not have been better demonstrated, than by your correspondent, J. H. Duthie. The objection to so small a canal is a mistake. A similar canal, the famous Inglewood, built to carry coal in Lancashire, has paid well. It might be wise to deepen the canal to Trenton."

CAME BY BELLE ISLE.

MONTREAL, July 11.—The Allan Line steamship Corinthian arrived in Port Huron, having completed a pulpwood route, being the first steamer of the season to come that way. The fact was not known even to the head office in this city until the vessel's dock.

New Books at the Library.

Vanderlip, Business and Education; Commons, Races and Immigrants in America; Beckwith, Legal Terminology in English and American Monetary History; Starke, Alcohol; The Song of the Sea; Handel's Theory of Good and Evil, 2 volumes; Sanders and Fowler, Outlines for the Study of Biblical History and Literature; Oswald, German Cookery for the American Home; Gummere, The Popular Ballad; Omund, English Metrists in the Eighteenth and Nineteenth Centuries; Benson, Papers of a Pariah; Collingwood, The Lake Country; Wallace, The Long Labrador Trail; Reed, Anthony, Cororan, An Autobiography, by Adams; Henderson and Forrest, Jamaica; Given, Making of a Newspaper; Fletcher, Daniel Quany; Meade, The Girl and Her Fortune; Benson, Beside Still Waters; Reynolds, House of Rest.

Accused Woman of Assault.

Albert Hoam, who owns a lot of houses on Fee-place, had Mrs. Jenn Caldwell, who lives at 8 Fee-place, a tenant of his, up before Magistrate Patterson, in the afternoon police court, on another charge of assault. Hoam stated that he tried to serve Mrs. Caldwell with notice to vacate the house, and that she struck at him with a chair, after telling her husband to smash him in the mouth. Mrs. Hoam and several neighbors corroborated the statements of the complainant. Mrs. Caldwell stated that she only showed a chair against Hoam, who was a nuisance to the whole street. Again, the case was dismissed. Mrs. Caldwell will leave the house on the 21st of the month.

Will Open New Church.

The new University-avenue Baptist Church (closed), corner University and Edward-streets, will be formally opened next Sunday with services lasting the entire day. Rev. J. C. Nash of Buffalo will preach in the afternoon, and Rev. R. Brady, a former pastor, in the evening. Platform service in the afternoon.

Stychnine in the Butter.

KINGSTON, July 11.—The family of George Lee, living near Yorker, had a narrow escape from death by strychnine poisoning. Mr. Lee had placed in the cellar a pound of butter, well dosed with strychnine to kill rats. By mistake it was used on the table, and all the family were poisoned.

New C.P.R. Train to Hamilton.

New Canadian Pacific train leaves Toronto at 11:45 a.m. daily, except Saturdays, for Hamilton and Buffalo, carrying through sleeper for Pittsburgh.

PULP MILL FOR SARNIA.

One Proposal Under Consideration by Michigan Parties. Pulp manufacturers from Michigan are negotiating with the T. & N. O. Railway Commission with a view to obtaining special rates on pulpwood cut on the line of the government railway. This material is cut by settlers on their homesteads and the manufacturers want to get it down to Port Huron on thru transit. A proposition to put up a pulp mill at Sarnia is also under consideration.

THE UNITED STATES AND JAPAN

While it cannot be affirmed that the question at issue between the United States and Japan is without any dangerous element it is hard to believe that either nation is anxious for war or unwilling to avert it by all honorable means. In both countries the matter in dispute is complicated by particular political considerations, not quite of the same order, but in their respective ways none too easy to handle by the governments in power. In the United States the position illustrates the difficulty experienced by the federal authorities in controlling the action of individual states which constitutionally possess sovereign rights limited only by what was voluntarily conceded for the common good.

Neither country—Japan least—can hope to gain any advantage that would outweigh the burden war, whatever its result, would entail. The United States would be an opponent of quite another caliber and temper to Russia and failure in the case of Japan would set her back for generations. It is inconceivable that statesmen who have shown themselves so alert and adaptable should fail to appreciate the risk involved in defeat, or to exhaust every resource of diplomacy before embarking on so hazardous an enterprise. Nor is it likely that they will fall victims to any self-deception regarding the policy of the United Kingdom if any other course were pursued, and it may be taken as certain that British influence will be thrown unreservedly on the side of peace. Fortunately, the governments of both countries have shown no inclination to view the controversy other than dispassionately or to depart from an absolutely correct attitude. Even the announced despatch of the United States fleet to the Pacific Coast has not ruffled the diplomatic current, nor will the ultimatum that large supplies of Welsh coal have been ordered for the use of the fleet. Nevertheless, such provisions for possible contingencies have an ugly look, however much their reasonableness may be allowed. Their advisability justifies the contention that the surest preservative of peace is preparedness for war. Whatever else wise provision may do it at least obviates the necessity of taking enforced action, which, from its very character, may easily aggravate a strained situation. One thing the action of the federal government certifies—its confidence in the permanence of the understanding between the United Kingdom and the United States.

JUST A TRIFLE MIXED UP.

The American Review of Reviews is being hauled over the coals for publishing the photograph of Sir Frederick Borden, and describing him as "minister of militia and defence and leader of the opposition." These blunders seem inevitable when anyone attempts to write about a foreign country. A leading Canadian newspaper once discussed at some length the presidential possibilities of a prominent politician of the United States, who at the time had been dead and buried for months. In 1896 the leading newspapers of Germany gravely announced that "McKinley" was a native of China. The fact that he hailed from Canton bore out the suggestion. The ordinary United States daily, in commenting upon the Russian douma, or the German reichstag, must often perpetrate the same species of unconscious humor.

Just now our sedate contemporary, The Mail and Empire, is possessed with the idea that President Roosevelt is about to declare war on Japan in order to bring about his re-election as president. Whether this be true or not, and it is a very serious charge against the ruler of a friendly nation, the arguments in support of it, supposed to be drawn from history, are remarkably inaccurate to say the least:

(1) The Spanish-American War, we are told, was brought on during President McKinley's campaign for re-election. "Spain would scarcely have been attacked," it is said, "had the blowing up of the Maine happened in the first or second year of a presidential term." What are the facts? Mr. McKinley became president in March, 1897; the Maine incident happened in February, 1898, and the entire Spanish-American War was over by July, 1898.

(2) Grover Cleveland is credited with the Venezuelan message to promote his re-election. But as a matter of fact this incident occurred in the second year of his second term, and had passed into history long before the next election, at which, by the way, he was not a candidate.

(3) Finally we are told that "by sending home Sackville West, President Harrison risked war with Britain to make political capital in his struggle for another term of office." But the Sackville West incident happened in 1888, and Mr. Harrison was not president at the time, nor was Sackville West in the United States. But inaccuracies like these do not disturb the ordinary reader, and it is likely that only those who live, or had lived, in Canada saw how absurd it was to find the same man labeled "The Review of Reviews" as "minister of militia and defence" and also as "leader of the opposition."

MINING POLICY.

When the political and economic troubles of the Transvaal are traced to their source it will be found in the over-capitalization of the gold mines. This is the reason why its wealth of precious mineral has become rather a curse than a blessing. The necessity that called for dividends on capital representing not proper expenditure on plant and equipment profits, but speculative and anticipated profits, was the true cause of the demand for cheap Chinese labor. Prudent action on the part of the Transvaal Government at the time would have obviated or at least greatly relieved the series of events that culminated in the late war and have left many serious difficulties and problems in their train.

WHO IS RESPONSIBLE?

Mr. Justice Riddell is right in saying that the honor of Canada is at stake in the matter of the escape of Mr. Bartels. The Gaynor-Greene escapade is too recent for another scandal growing out of an extradition proceeding against a wealthy prisoner, to be desirable. Surely someone is responsible. Everything indicates that Bartels' disappearance was not the carrying out of a momentary impulse. There is everything to show that it was planned, and that more than one person was cognizant of it, and that he is now benefiting by their efforts in his behalf. With the guilt or innocence of the man himself, and with the technical defects which may, or may not, exist in the proceedings for his extradition, we have nothing to do. The fact remains that a man in custody of the law walked off in broad daylight and has not been apprehended. What does the provincial government propose to do about it? Is any officer

GRAIN CARRIED ON THE LAKES

The following statement, showing shipments of grain by vessel from Fort William and Port Arthur since the opening of navigation, April 29, 1907, has just been received at the Toronto Board of Trade from F. E. Gibbs, wheat inspector at Fort William:

Table with columns: Port of Consignment, Wheat, Oats, Barley, Flax. Totals: 11,834,162 bushels of wheat, 4,371,543 bushels of oats, 368,336 bushels of barley, and 281,410 bushels of flax.

Encouraging reports of the local wheat crop have been coming to grain dealers from all over the province since the first of the month. Of course, it's rather difficult at present to get a line on the probable grain production for the present season, as reports on this point are rather conflicting, but it is certain that, with the continuation of the present fine weather, the next few weeks will assure at least a three-quarter crop of wheat, while coarse grains will be up to the average. Advances from the district round Thorold state that a crop of anywhere from one-half to one-third last year's may be anticipated. The spring crop is rather backward. Hay is reported as somewhat light. About Lis-towel half the crop was badly damaged by the recent unseasonable weather; the other half, with the continuation of fine weather, will likely yield an average crop.

News from the west is by no means bright or encouraging. James Carruthers & Co. have received a telegram from their traveling expert, who states that crops from Melita to Oxbow are much dried up. Around Carleton Place, thousands of acres may never be cut, also some districts will yield a fairly good crop. It is not likely that the average will be higher than ten to twelve bushels. From Estevan to Moosejaw there has been an abundant rainfall, too much in places.

The outcome of the crop here is rather uncertain. Crops look well along the main line from Moosejaw to Regina, but are easy two weeks late. The agent of the Winnipeg Elevator, who has been touring Southern Manitoba the last ten days, says that, in general, the crops there won't average above seven bushels, and that many large areas will have to be plowed up. Taking this estimate as fairly accurate, the total yield of wheat this season will not be more than 60,000,000 bushels, or 40,000,000 bushels less than last crop.

Everyone who makes this delightful trip wants to repeat it, as it cannot be described. It is not simply an open lake trip, but a continuous panorama of scenery winding in and around the thousands of islands scattered throughout the Georgian Bay and Manitoulin Channel, restful also. Leaving Toronto at 8:10 a.m. Tuesdays, Thursdays and Saturdays, in parlor car, on Grand Trunk line, you arrive at Collingwood at 1:30 p.m. Round trip rate from Toronto, \$29.25. Includes meals and berths on the steamer. Includes meals and berths on the steamer. Includes meals and berths on the steamer.

TRADE WITH JAPAN.

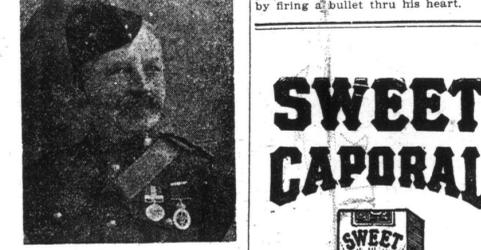

Exports Increase and Imports Show a Falling Off. OTTAWA, July 11.—(Special).—The Hon. T. Noyes, the Japanese consul-general, has received a telegram from Morioka, the Japanese consul at Victoria, B. C., denying that a head tax of \$25 has been imposed on immigrant Japs.

The commercial treaty between Japan and Canada, he said, is working well, and Canada is now exporting more goods to Japan than ever, especially such lines as flour, condensed milk, agricultural implements, steel, nails and paper. The trade in these is growing fast. The imports have been decreasing lately, particularly in tea and silk, due to the present high prices and to keen competition.

Billiard Player's Death. DETROIT, July 11.—John Sweeney, widely known as an amateur billiard player, committed suicide here to-day by firing a bullet thru his head.

CAPT. McCALLUM RETIRES. Leaves the 29th Regiment After an Honorable Career.

Capt. Frederick H. McCallum has been retired from the 29th regiment from the rank of captain, by a late militia order. Capt. McCallum was for years in charge of No. 3 Company, I. N. W. Hamburg company, of this regiment. He is one of the best known citizens of New Hamburg, he reached his 57th year, and has been identified with the militia for the past 40 years or more.

of New Hamburg, he reached his 57th year, and has been identified with the militia for the past 40 years or more. In October, 1864, he was attached to the Queen's Own Rifles and came out of that service a 66 veteran. He has been identified with the 29th regiment since 1870. He comes natural by his liking for military affairs, because the story is told that his father was a lieutenant in the Little York militia in 1837, and was the man who put the torch to the Caroline, which did much to bring disaster upon the ambitions of William Lyon Mackenzie. Capt. McCallum is the oldest druggist in New Hamburg and is considered one of the most enterprising and lively citizens of that town. He is in the city attending the wedding of his niece.

GOOD CIGARS SCARCE ALL DUE TO STRIKE

Labor Situation in Havana Has a Distressing Effect on Smokers.

There is a famine in good cigars in Toronto and everywhere else in the North American continent, and is due to the fact that there is a strike on between the manufacturers and workers in Havana, Cuba. The strike has been on for over a year, and there seems to be precious little prospect of any easement. The Havana Post of June 30 has the following to say regarding the strike: "All hopes of an early settlement of the differences between the striking tobacco workers and the manufacturers seem to have faded with the passing of yesterday. The strikers held meetings during the day and last night of the 29th, and in nearly every instance the agitators whose handiwork the strike is, and insisted on the rejection of the proposition made by Don Burney Book in Cuba. 'The listeners were told that their brothers in all parts of the world would aid them in resisting the manufacturers and in obtaining compliance with their demand for payment in American money instead of Spanish gold. Thus the strikers failed, the last effort to relieve a distressing situation and the outlook is far from bright. The refusal of the strikers to accept the proposition made by Don Burney Book was expected, but it was thought that when the final moment arrived, some compromise would lead the army of workers from the danger of serious want and thus end the most unfortunate strike in which has occurred in Havana in many years. The ultimatum issued by the Havana Tobacco Company will stand and it seems now to be a question of the survival of the fittest. The offer of a 5 per cent. increase in wages has, however, been refused. The strikers are not very anxious just at present to meet the demands of their workmen, because raw material for the cigars is very limited this year. The last two crops have been rather poor, and there is very little hope that the situation will be bettered by the new crop, and it is hoped, better crop will come into the market in the fall. The strikers are not very anxious just at present to meet the demands of their workmen, because raw material for the cigars is very limited this year. 61 1/2c to 62c, Toronto, lake and rail
freights.

ST. LAWRENCE MARKET.

Receipts of farm produce were 100 bu.
of grain, 12 loads of hay, and 1 load of
straw.

Oats—100 bu. sold at 52c.

Hay—12 loads sold at \$14 to \$15 per ton.

Straw—One load loose straw sold at \$7
per ton.

Ducks—Spring ducks are almost un-
available, as the ducks enter, that is, the
price is high.

Market Notes.
Joshua Ingham bought 90 yearling
sheep at \$5.50 per cwt.; 100 calves at \$2
per lb. dressed.

Grain—
Wheat, spring, bush, \$1.05 to \$1.08.
Wheat, fall, bush, \$1.05 to \$1.08.

Hay and Straw—
Hay, per ton, \$14.00 to \$15.00.

Fruits and Vegetables—
Potatoes, per bag, \$1.15 to \$1.20.

Poultry—
Turkeys, dressed, lb., \$1.10 to \$1.15.

Fluctuations on the Chicago Board of
Trade:

Table with columns: Wheat, Open, High, Low, Close. Rows for July, Sept, Dec, Oats, Corn, Pork, Lard, Ribs.

Chicago Gasop.

Melady & Co. had the following at the
close:
Wheat—The government report was
neutral and to that extent it was a

reception to-day, 4 1/2, shipments
3 1/2; last week, holiday; last year, 148, 355.

101 CARS AT CITY YARDS
GENERAL QUALITY POOR

Trade Brisk at Steady Prices—
Sheep, Lambs, Calves and
Hogs Firm.

Receipts of live stock at the city market,
as reported by the railways, were:
201 cars, consisting of 1218 cattle, 1434
hogs, 1251 sheep and lambs, with 543
calves.

There was a large number of the cattle
that were far from being of good
quality.

Trade was brisk in nearly all the differ-
ent classes, especially for choice
steals, which are fully 50c per
cwt. dearer than grassers.

Several buyers from Montreal and
other outside points caused trade to be
especially strong for best butchers' cat-
tle.

There was practically nothing doing
or next to nothing in exporters, ex-
cepting a few bulls, which sold at \$4.50
to \$5.25 per cwt.

Butchers.
Best butchers sold from \$5 to \$5.50;
fair to good, \$4.50 to \$4.90; good cows,
\$3.50 to \$4.25; common cows, \$2.25 to
30c per cwt.

Feeders and Stockers.
Harry Murby reports light offerings,
albeit he could have placed some, but
had but of good quality. Mr. Murby
bought 3 loads of stockers and but-
chers at \$3.25 to \$3.75 per cwt.

Milch Cows.
About 40 or 50 cows were offered and
sold on Wednesday and Thursday at
\$20 to \$25 each, and one brought as
high as \$60, but the trade incows was
far from being as brisk as a month
or six weeks ago.

Veal Calves.
Notwithstanding the fact that there
was a large number of calves offered,
the trade was fairly good at \$4 to \$5.50 per
cwt., with a few odd calves reaching
\$7 per cwt.

Sheep and Lambs.
Export sales were at \$4.75 per cwt.;
lamb at 7c to 8-12c per lb.; yearling
sheep for butchers' purposes sold at
\$5.50 to \$5.75 per cwt.

Hogs.
Mr. Harris reported the market
strong at \$6.75 per selected and \$5.50 for
lights and fats.

Representative Sales.
McDonald & Maybee sold: 25 but-
chers, 110 lbs., at \$3.70; 9 butchers,
110 lbs., at \$3.70; 7 butchers, 90 lbs.,
