No. 4 Battery Is In England Today

St. John Men of Other Siege Batteries Absorbed In It

Will Come Home as a Unit and Give City Opportunity to Show What it Can do in Welcome; Possibly Early in May; All Depends on Transportation

A brief personal cable to Mrs. Louis W. Barker, Princess street, from her husband, officer commanding the Fourth Canadian Siege Battery, received today states that his unit had reached England today from France. They will go to Watling Camp. The news will doubtless send a shiver of happy anticipation throughout that circle of homes from which brave lads went away under the general leadership. The men are to be granted eight days' leave for sight-seeing and general relaxation, and after that it will be a matter of transportation that will decide when they will be home.

REINFORCEMENTS ARE NEEDED BY ALLIES IN RUSSIA

Sir Ernest Shackleton Urges This Course—Fearful Tale of Killing of Bishops and Priests

London, April 4.—Sir Ernest Shackleton, explorer, who has just returned from Russia, says: "We must avoid the possibility of another Khartoum." He urged the need of sending reinforcements immediately to the front there. These, he asserts, can reach Murmansk from England in less than a week.

THE MERCHANTS AND DAYLIGHT SAVING

As to the attitude of the city churches to daylight saving, Rev. F. S. Dowling, president of the Evangelical Alliance, said that all the Protestant denominations will hold services next Sunday according to old time.

PROHIBITION POSTER DRAWS FIRE OF HON. NAPOLEON SEGUIN

Montreal, April 4.—A circular being distributed in Montreal in favor of total prohibition got some attention from Hon. Napoleon Seguin, who last night continued his campaign in favor of wine and beer licenses upon which a referendum is to be taken on April 10.

MAURETANIA TO LAND SOME BRITISHERS AT HALIFAX TOMORROW

Halifax, N. S., April 4.—The Cunard liner Mauretania, which sailed from Brest on April 1, with American troops for New York, will call here tomorrow to land eighty-two British army officers, twenty-four other ranks and twelve dependents. Among those on board is Vice-Admiral Simms, U. S. N.

HALIFAX EXPRESS HELD UP IN MAINE

Sherbrooke, Que., April 4.—The Halifax express, due in Sherbrooke at seven o'clock this morning is still held up by a train wreck on the Maine Central line, which crosses the C. P. R. between Matamoras Junction and Vanceboro. Reports from the scene of the accident indicate that a freight train jumped the track near the crossing, but no deaths or injuries have been reported.

REACHES SOUTH AFRICA

Peter, McIntyre received the cheering news this morning that his new schooner, the Ada A. McIntyre, has arrived safely at Durban, South Africa.

GOOD THINGS COMING TO THEATRES OF ST. JOHN

MUSIC TEACHERS, ATTENTION. "In connection with the recital to be given by Miss Anna Case of the Metropolitan Opera Company at the Imperial Theatre, Friday, May 2, under the auspices of The Great War Veterans' Association, there are seventy-five cent seats still available, which would enable your pupils to hear the first lyric soprano of the Metropolitan at a price far below what would be charged to hear her in New York or other American cities.

INTERNATIONAL LONGSHOREMEN'S ASSOCIATION, LOCAL 373. Regular monthly meeting Monday evening, April 7, 8 o'clock, in hall 35 Water street. All members requested to be present. By order of the president. 97167-4-8

LOCAL NEWS

IN THE HOSPITAL. Frederick Barrett and Roger Clancy who are in the General Public Hospital on account of serious injuries, were reported today as resting comfortably.

ACCIDENT. Gilbert Cormier, a longshoreman, while working at No. 16 wharf was hit on the head with a deal, knocked down and his chin cut. He was taken to the emergency hospital where his injuries were dressed.

UNDER ARREST. A young man was arrested this morning by Sergeant Detective Power and Detective Biddiscombe charged with stealing from his employers. The case will be brought up in the police court at a later date.

THEIR WORK DONE. The federal government chartered accountants have completed their examination of the records and accounts of the port of St. John bearing on the negotiations for the transfer of the port to the Dominion. They made record time. They started on Tuesday morning and finished today and will leave for Ottawa tonight. Every facility was granted them by the city officials and they appeared greatly pleased.

SUSPENDED SENTENCE. The case of Victor McLaughlin and a juvenile, charged with stealing two chains from F. B. Hazen, Marsh road, was resumed in the police court this morning. The lads were let go on suspended sentence.

BURIED TODAY. The funeral of Miss Alice Kelly took place this morning from the residence of her father, William J. Kelly, 64 Murray street, to St. Peter's church, where Requiem high mass was celebrated by Rev. Father Hogan with Rev. R. B. Fraser, deacon and Rev. Father Wood sub-deacon. Interment was made in the new Catholic cemetery. The funeral was attended by many friends and the relatives were pallbearers. The boys of St. Peter's school headed by Principal William Shea, marched in a band to the grave. Many beautiful floral tributes and spiritual flowers were received.

TOWN PLANNING VISITORS. H. L. Seymour, assistant to Thomas Adams, town planning expert of the commission of conservation, has arrived in the city from Halifax, accompanied by another member of the Dominion staff at Ottawa. They were in conference with Mayor Hayes, Commissioner Bullock and W. P. Burditt, chairman of the local town planning committee, this morning. Mr. Seymour said that it is felt that the success of any provincial town planning scheme depends upon the appointment of an efficient and energetic director of housing and town planning. This was essential to success. It is understood that the matter of federal grant to the provinces was considered this morning.

Notice of Births, Marriages and Deaths, 50c.

BIRTHS. PRICE—On April 3, to Mr. and Mrs. Price, 22 Somerset street, a son. LEONARD—Born to Dr. and Mrs. J. G. Leonard—a daughter, April 3. ROSS—On April 3 at the Evangeline Maternity Hospital, to Mr. and Mrs. Frank V. Ross—a daughter.

DEATHS. RYDER—On April 2 at her home, Lakeside, Minna, widow of Nathan Ryder, leaving one daughter and two sons to mourn. Funeral from her late residence Saturday afternoon, 2:30 o'clock. Service at Hampton Methodist church.

Until the day breaks the shadows flee. MARSHALL—At East St. John County Hospital, after a lingering illness, William Marshall, leaving one child, three brothers and two sisters to mourn. Funeral notice later.

HATCHETTE—At his parents' residence, Main street, Fairville, April 3, 1919, George W. infant son of Barbara and George Hatchette. (Trove papers please copy.)

HARRINGTON—At her residence, 89 Paradise Row, on April 3, 1919, Harriet, beloved wife of Joseph Harrington, and daughter of the late Patrick and M. A. Morgan, leaving a husband, two sons and one daughter and one brother and two sisters to mourn. Funeral on Sunday afternoon at 2:45 from his late residence. Friends invited.

MEMORIAM. WRIGHT—In loving memory of Emma J. beloved wife of Bruce Wright, who departed this life April 4, 1918. Sweet are the memories, dear Mother, that linger in our thought, Sweet were the comforts when in need you brought; How much we miss thee, there's no tongue can tell; But still we know there's no pain for There's peace in the place you dwell. HUSBAND AND FAMILY.

BAVARIAN ALLIANCE WITH RUSSIA COMING? Berlin, via Copenhagen, April 4—The Bavarian government has begun negotiations for the conclusion of an alliance with Russia, according to advices from Munich.

ICE BREAKERS CRIPPLED. Quebec, April 4—The two ice-breakers that were working up stream in an effort to help the river clear itself of the ice barrier are now crippled. The Lady Grey is idle among the Sorel Islands, while yesterday the Montreal disabled her rudder. These mishaps will likely delay the opening of navigation.

LIGHTER VEIN. The One He Wanted. Young Isaac stood in line at the library to draw out a book. When his turn came he asked respectfully "Please give me Miss Alcott's Jew book."

CONDENSED NEWS. There may be two seats for the league of nations—Brussels and Geneva. The South African house of assembly has voted 44 to 43 for woman suffrage. The New York senate has passed a bill which would give the municipalities local option on the question of exhibition of motion pictures on Sundays. The measure has not yet passed the assembly.

LIGHTER VEIN. He watched her daintily nibbling her crisp sandwich. "I know what it is!" he cried suddenly. "I know why you appeal to me more than any other girl I ever met, because you're the perfect combination of the spiritual and physical. Your fresh, plump beauty and your brilliant appetites."

UNDER ARREST. A young man was arrested this morning by Sergeant Detective Power and Detective Biddiscombe charged with stealing from his employers. The case will be brought up in the police court at a later date.

HUSBAND AND FAMILY.

MORE SERIOUS NOW

Than Ever Before Because of War-Raided Reserve Strength. The war has been far-reaching in its effects. It has caused worry and anxiety in every home, and has affected the health of every family. It has aggravated chronic troubles, increased their tenacity, and made all pressing ailments more serious.

As a result, a blood-purifying, stomach-toning spring medicine is more necessary this year than ever. People still take Hood's Sarsaparilla because it is an old family friend, has proved its worth to three generations—as a spring and all-the-year-round medicine in purifying the blood, expelling humors, restoring appetite, relieving rheumatism, banishing that tired feeling. It combines roots, bark, herbs, and berries often prescribed by physicians for spring ailments of the blood, stomach, liver and kidneys. Hood's Pills are a good cathartic.

CONDENSED NEWS. There may be two seats for the league of nations—Brussels and Geneva. The South African house of assembly has voted 44 to 43 for woman suffrage. The New York senate has passed a bill which would give the municipalities local option on the question of exhibition of motion pictures on Sundays. The measure has not yet passed the assembly.

CORN PRICES LOWER.

Chicago, April 4—Sellers predominated in the corn market today and prices went lower. Competition from Argentina was largely responsible for the weakness. In addition, bulls lacked confidence owing to the recent action of the exchange directors ordering a statement of all open trades in May corn exceeding 25,000 bushels. Initial prices, which ranged from 1-2 to 2-1-8 cents lower with May \$1.88 2-4 to \$1.85 and July \$1.84 2-4 to \$1.85, were followed by a slight rally and then by a material fresh decline. Oats sagged with corn. After opening at 8-8 to 9-cents down with May 68 2-4 to 66 2-4 cents the market rallied a little but again dropped, this time lower than before. Weakness in provisions resulted from a lack of confidence in the value of grain and hogs. Lard led the decline.

IN WALL STREET.

New York, April 4—Contrary to expectations, there was little liquidation at the opening of today's stock market, despite the continuing chatter of overnight developments. Steels were under further pressure as a result of a controversy among the Washington authorities, but fractional recessions were fully retrieved. Shippings were not disturbed by the failure of the mercantile marine deal and oilis discharged latest reports of conditions in Mexico. Motor specialties made appreciable gains with leather and distilling shares.

PHILIPPINES TO HAVE INDEPENDENCE

Washington, April 4—Members of the special commission of the Philippine legislature here seeking immediate independence for the islands, were today by Secretary of War Baker that he spoke President Wilson's mind when he said he believed the time had come to grant the complete independence desired by the Filipino people. He read a letter left by President Wilson when he went to Europe, expressing the hope that the mission would result in "bringing about the desirable ends set forth in the joint resolution of the legislature."

Francis Burton Harrison, governor-general of the Philippines, followed Mr. Baker with the statement that his experience in the islands had convinced him that the obstacles to independence that appeared to exist a few years ago had been cleared away.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., FRIDAY, APRIL 4, 1919

The Evening Times and Star

ST. JOHN, N. B., APRIL 4, 1919.

The St. John Evening Times is printed at 27 and 29 Canterbury street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

A PLOT THAT FAILED.

Another illustration was given yesterday of the calibre of the men who sit in opposition in the New Brunswick legislature.

To make the story plain it is necessary to go back to the afternoon of the last day of the legislative session last year. On that day Hon. B. Frank Smith had read before the public accounts committee a letter from Shippegan, alleging certain irregularities in connection with road work in that district.

Another western man expressed the hope that some middle course would be agreed on, through co-operation and conciliation, but the Star correspondent adds:

"There is one specific point on which the westerners are annoyed. They resent the tendency of certain manufacturers to use the seven and a half per cent extra war tax as a pawn in the present game."

This is the story—a shameful story of partisan malice—by another shameful chapter was added yesterday when sixteen opposition members, of whom fourteen had previously presented a motion that practically censured Hon. B. Frank Smith, rose up as one man at his bidding to vote for a motion to censure Mr. Veniot and Mr. Robichaud.

THE TARIFF FIGHT

Mr. J. S. McKinnon, second vice-president of the Canadian Manufacturers' Association, stirred up a hornets' nest by a recent speech delivered before the Rotary Club of Toronto. The officials of the Club took pains to disclaim any championship of his views, and the western members at Ottawa, in street parlance "went up in the air."

with "heading for free trade," and declared that they must wait. They seemed, he said, to be seeking to avoid nearly all taxation. He drew a gloomy picture of unemployment and falling revenue if the tariff were disturbed.

On the day following the delivery of this speech the Ottawa correspondent of the Toronto Star wrote:

"Opinion in the corridor this morning among Western members is unanimous that the Canadian Manufacturers' Association and eastern tariff interests have made a mistake in 'stirring things up' again. They referred to Mr. J. S. McKinnon's speech in Toronto, where he is said to have declared war on the west."

"I am surprised at the short-sightedness of the manufacturers. As Fielding said yesterday, if they had been wise they would have accepted reciprocity in 1911. It wasn't going to hurt them. All they were afraid of was 'the entering wedge'."

Another western man expressed the hope that some middle course would be agreed on, through co-operation and conciliation, but the Star correspondent adds:

"There is one specific point on which the westerners are annoyed. They resent the tendency of certain manufacturers to use the seven and a half per cent extra war tax as a pawn in the present game."

This is the story—a shameful story of partisan malice—by another shameful chapter was added yesterday when sixteen opposition members, of whom fourteen had previously presented a motion that practically censured Hon. B. Frank Smith, rose up as one man at his bidding to vote for a motion to censure Mr. Veniot and Mr. Robichaud.

The Story of the Diamond

Chapter 9.—The Mines of South Africa.

In the year 1867, an old hunter and trader, John O'Reilly, stopped for the night at the home of a farmer named Van Niekerk.

O'Reilly was sufficiently interested in one of the stones to take it to Dr. Atherstone at Cape Colony, who pronounced it a diamond weighing 23 1/2 carats and finding sale for it at nearly \$2,000.00.

This stone created quite a sensation at the Paris Exposition of that year, where it was on exhibition.

Niekerk was alive to "the main chance," and having in mind a very large stone of the same character which he

had seen used for incantation purposes by a Kafir doctor, he "got a line on it" and finally secured it for 500 sheep, a number of horses, and some other farm chattels, disposing of it on the same day for \$50,000.00—motto evidently being "quick sales and not too small profits."

This stone weighed 84 carats in the rough, and when cut was finally sold to the Earl of Dudley for \$125,000.00, being known to-day as the "Star of South Africa."

Ninety-five per cent. of the world's diamonds now come from South Africa, all other sources of supply being virtually extinct.

To-morrow we'll tell you how diamonds are mined.

"Birks Diamonds are finest Quality"

RECENT WEDDINGS

Mesereau-Kirkpatrick. A quiet wedding took place last evening at the Portland Methodist parsonage when Rev. N. McLaughlin united in marriage Raymond Mesereau, of Hoyt Station, to Miss Elsie Kirkpatrick, daughter of Mr. and Mrs. George Kirkpatrick, also of Hoyt. A few friends were present at the ceremony. Mr. and Mrs. Mesereau will reside in King street, St. John.

Lofthouse-Sargood. London, April 2.—(Canadian Associated Press)—The marriage is announced here of Bishop Lofthouse, of Kewatin, to Catherine Jane, widow of George Sargood.

RECENT DEATHS

Dr. Arthur D. Howden. Mrs. Myrtle I. F. Carvell, of the Canada Life, received a telegram yesterday afternoon stating that her brother-in-law, Dr. Arthur D. Howden, Dewar Lake, Saskatchewan, had died suddenly of heart failure on Wednesday, April 2. Mrs. Howden was Miss Mary Fowler, of Lakeville, Carleton Co. (N. B.), and she had gone to her western home only two years ago. Dr. Howden was survived by his widow and two little girls, Glenn, aged ten, and Margaret, aged six months.

Miss Mary Palmer. The death of Miss Mary Palmer occurred at Bloomfield Ridge on March 26. She was a native of London, England, the daughter of the late Ebenezer Palmer, and grand-daughter of the late Rev. Samuel Palmer, of Hackney, England. She was ninety-one years of age. She leaves to mourn Dr. Howden, John Slickney and Mrs. Edmond Kennay, both residing at Bloomfield Ridge.

Mrs. Joseph Harrington. The death occurred yesterday at her home, 89 Paradise Row, of Mrs. Harrington, wife of Joseph Harrington, principal of St. Malachi's school. Mrs. Harrington was born in the North End, lived there all her life, and was well and favorably known by a wide circle. She will be greatly missed in the North End district, and much sympathy is extended to her family and other relatives.

Mrs. Harrington was a daughter of the late Patrick and Mrs. Morgan. She leaves besides her husband, two sons and one daughter, as well as a brother and two sisters. The sons are Genard Harrington, in the Canadian Dental Corps, and Freddie, at home. Miss Helen Harrington, a teacher at St. Malachi's school, is the daughter. The brothers are Thomas Morgan, and the sisters are Mrs. Ellen Foster and Mrs. Elizabeth Callahan.

Mrs. Sarah Manley. The death of Mrs. Sarah Manley, wife of Captain Manley, took place in London, Ont., on Wednesday. She was a daughter of the late John and Sophia McParland of this city. She leaves her husband, three daughters, one son, who was with the U. S. aerial force, and three sisters, including Mrs. James Doherty and Miss Theresa McParland of this city. Madam Manley of the Sacred Heart is a daughter.

One day a barber shop had but one empty chair. A man wearing a very big hat and walking with a great deal of swagger, entered, hung his hat on a peg, and then drawing a revolver he turned to the idle man and said: "I want a shave—just a common shave. I want no talk. Don't ask me if I want a hair cut or a shampoo. Don't speak of the weather or politics. If you speak to me I'll shoot." He took the chair, held the revolver across his legs, and was shaved with promptness and dispatch. When he got up he returned the shooter to his hip pocket, put on his hat, and after a broad chuckle he said to the cashier: "That's the way to keep a barber quiet. He didn't utter a word." "No, sir—he couldn't." "Couldn't?" "No, sir; he's deaf and dumb."

NOTICE
The Department of Marine and Fish-
eries of Canada is desirous of ac-
quiring the whereabouts of relatives of
the late D. Hamel (D. O'Mal) who lost
his life on the C. G. S. "Simcoo" on De-
cember 7, 1917. A considerable com-
passionate allowance is awaiting pay-
ment.
The late D. Hamel (D. O'Mal) left
the C. G. S. "Dollard" in May and re-
joined in September, 1917; later was
transferred to the C. G. S. "Simcoo."
Any information respecting his rela-
tives will be appreciated by the under-
signed.

REPORTED BIG PURCHASE
OF FRASER COMPANIES,
LIMITED, BONDS

Montreal, April 4—It was announced
yesterday that the Royal Securities Cor-
poration has purchased from Fraser
Companies, Limited, New Brunswick
lumber operators, \$2,000,000 six per cent
first mortgage bonds, maturing serially
from April 1, 1919, to April 1, 1929.

SOLDIERS SAY THEY MAY
HAVE TO TAKE ACTION

Trouble in Australia Over Bolshe-
vists—Declare Government Too
Tolerant

Brisbane, Australia, April 4—(Cana-
dian Press despatch from Reuters Lim-
ited)—A labor newspaper which ap-
plauded the carrying of a red flag by
Russian demonstrators has had its win-
dows smashed by angry crowds. Rus-
sian ships were also damaged. All
Brisbane hotels have been closed until
further notice.
Returned soldiers and others have
passed strongly worded resolutions de-
manding deportation of Bolshevik Rus-
sians and sympathizers, including two
labor members of parliament. They also
urge that the state government cease its
apathetic attitude towards traitors, and
that the commonwealth government
abandon its tolerant attitude. Other-
wise, they declare, the returned soldiers
will take drastic action.

An Oil Deal.
London, April 4—It is officially con-
firmed here that the Royal Dutch Shell
Oil Company interests have acquired

control of the Mexican Eagle Oil Com-
pany.
The famous humorist had partaken
too heartily of the Christmas feast. Acute
indigestion had laid him low. As his
friends gathered about him he smiled
feebly. "At any rate," he murmured be-
tween spasms of pain, "I am able to
keep up my reputation as a humorist."
His friends were puzzled. "Di-gest-ing?"
he gasped.—The Forecast.

Pimples are a sure sign that the blood
is not in its proper shape.
While the skin is the seat of the ir-
ritating, unsightly pimples, the real dis-
ease is in the blood.
Medicated lotions and powders may
alleviate the itching and irritation, but ne-
ver cure no matter how long and faithfully
continued, and the condition is often ag-
gravated and the skin permanently in-
jured by their use. The disease is more
than skin deep; the entire circulation is
poisoned.
Burdock Blood Bitters quickly and ef-
fectually cures blood and skin troubles,
because it goes direct to the root of the
disease and stimulates and restores nor-
mal, healthy action to the different or-
gans, cleanses and enriches the blood, and
thus relieves the system of all poisonous
secretions.
B. B. B. cures permanently because it
leaves none of the original poison to fer-
ment in the blood and cause a fresh at-
tack.
Miss E. M. Davidson, Daysland, Alta.,
writes—"Last summer I was greatly
troubled with pimples breaking out all
over my face, arms and neck. I was ad-
vised to try Burdock Blood Bitters, and
after taking two bottles, the pimples had
almost all disappeared. I shall always
recommend this remedy to anyone af-
flicted with skin troubles."
B. B. B. is manufactured only by The
C. T. Milburn Co., Limited, Toronto, Ont.

Notice To Advertisers

It is important that advertisers in The Evening Times take notice that, under the prevailing conditions due to a change of time on the railroads, this newspaper is obliged to issue one hour earlier than usual, in order to make mail connections and, consequently, begin to work an hour earlier in the day, therefore the business office will be open from 8 a. m. to 5 p. m., (old time) and advertisers are requested to have their copy in the office one hour earlier than usual. This to ensure prompt service and change.

LOCAL NEWS

SCOTIAN ARRIVES.
The C. P. O. S. liner Scotian arrived off the Island this morning and docked early this afternoon. She has on board more than 1,700 troops.

MORE INFLUENZA.
It was reported to the Board of Health yesterday afternoon that influenza has broken out in another family.

DEATH OF CHILD.
Mr. and Mrs. George Hachette of Main street, Fairville, have the sympathy of friends in the death of their infant son, George, which occurred yesterday.

NEW POLICEMAN.
John A. McElhenney, a returned soldier, was sworn in for duty on the police force this morning. This makes eight returned soldiers out of fifty men on the force.

PROBATE COURT.
Letters of administration were granted in the probate court today in the estate of Charles E. K. Jones on behalf of Charles D. and Jane McE. Jones. Personal property was valued at \$2,500. P. J. G. Knowlton is executor.

PROPERTY SALE.
A property belonging to the estate of the late Daniel Doherty at Nos. 88-89 and 87 Main street was sold at auction at Chubb's corner today at noon by T. T. Lantalam. The property was purchased by Sheriff A. A. Wilson who bid in his own name.

SENDS CONGRATULATIONS.
Commissioner Jones received a letter this morning from Otto Charles Mowry, a member of the Canadian expeditionary forces in France, extending congratulations for winning in the last civic election. He said he had only received news of the election. He wrote that he is fully recovered from shell shock sustained at Cambrai.

BYE-LAW MATTERS.
In the police court today two automobile cases were disposed of under the traffic by-laws. Abraham Levine was charged with driving under the gates at the crossing on Mill street, but as it was his first offence, it was allowed to stand. E. S. Ritchie appeared for the defendant.

FIRST CONTINGENT MAN.
Gunner John White of the North End called at Mayor Hayes' office yesterday afternoon and paid his respects to the official head of the city. Gunner White has been absent overseas during four years and seven months, having crossed with the first soldiers from Canada in the 8th C. G. A. When he left the other side he was attached to the 10th Field Artillery.

IN HONOR OF SOLDIER.
Pte. Gilbert Mearns, an adopted son of Mr. and Mrs. Gilbert Ducey of 96 1/2 Victoria street, was given a hearty welcome home on Wednesday morning. He arrived in Halifax on Tuesday and that evening entertained for St. John, arriving here on the early morning train. He went overseas early last year in a construction corps and saw service in England and France. This evening relatives and friends are to tender him a reception in honor of his homecoming.

CAMPBELLTON BILLS HEARD BY COMMITTEE

All Three Are Passed—The Guides and the Game Laws

(Special to Times.)
Frederick, April 5—Three bills relating to the town of Campbellton were taken up by the municipalities committee today. They were an act to authorize the town to assess in aid of the Hotel Dieu Hospital, and others to amend the acts relating to town council. Hugh A. Carr, town solicitor, appeared in support of the bills. All were passed. The Moncton bill which seeks authority to tax non-residents working in the city again came up. The town solicitor, E. R. McDonald, and the mayor, Alex. McQueen, of Shediac, were heard in opposition on behalf of men whose homes are in Shediac but who work in Moncton. Hon. C. W. Robinson spoke in favor of the bill. A large delegation of guides waited on the government last night after adjournment of the house to discuss the game laws. They protested vigorously against requests made to the government for the cancellation of the law prohibiting the sale of game meat and asked that the law should continue as it stands.

POLICE COURT

John E. Simpson was in the police court today charged with supplying lemon extract to John DeLay who, it was said, gave it to William Gibson and George Harrison. The defendant pleaded guilty, and some evidence was taken. The matter is under consideration.

The case of Arthur Kelly, Albert O'Connell and James Kane, charged with stealing a goose, was postponed until this afternoon. W. M. Ryan appeared for the defendants. Thomas Davis, Edward Harrison and three juveniles were charged with breaking and entering and stealing goods from the McAlary grocery store on Douglas avenue. The crown side of the case was finished today and the lads were sent up for trial at the next sitting of the county court. W. M. Ryan appeared for two of the juveniles.

Albert Handrahan was charged with being drunk and having liquor in his possession other than in his private dwelling. He was fined \$5 and was remanded.

Nine men were also charged with drunkenness and were fined \$8 each. One of the number, George DeForest, was found by the police at 4 Queen street in a coal bin. It is said he damaged a bench and other articles in the police station.

TUG IS AWAY TO PUBLIC LANDING

Flushing Will Bring Down Tow of Logs—Milkish People in For Supplies

Today practically saw the opening of navigation on the St. John river when the tug Flushing went to Public Landing with a scow in tow to bring back a raft of logs consisting of 100 joints. There is still considerable ice floating about, but the Flushing is one of the largest and strongest towboats on the river and should not experience any difficulty en route.

John Whelpley of Carter's Point, arrived at Indian town in a motor boat a few days ago, the first man to come down river this year. John Morrow of Milkish Island arrived at Indian town this morning with about twenty people to replenish their supplies, after being practically marooned by the ice becoming unsafe for crossing several weeks ago.

RECEPTION IN HONOR OF MISS AGNES WARNER

Delightful Function This Afternoon as Tribute to Nursing Sister

Nursing Sister Agnes Warner, who returned home via New York after five years of self-imposed hospital work exclusively among the heroic soldiers of La Belle France, for which labor she wears coveted decorations expressive of that nation's gratitude, is being honored by her home city at a reception in the Studio Social Suite, Germain street, this afternoon.

Royal Standard Chapter, Daughters of the Empire, is tendering the reception under the leadership of the energetic regent, Mrs. E. Atherton Smith. It was expected that the attendance would be fully representative of the chapter, as all members have been especially enthusiastic in appreciating Miss Warner's work. American Consul H. S. Culver, Geo. S. Cushing, members of Miss Warner's family circle and a few others were to be guests.

The programmed order of the welcome function included the national anthem, coupled with The Star Spangled Banner—Miss Warner being American-born—an address in French read by Mrs. Daniel Muller—Miss Warner's reply and playing of The Marseillaise by the orchestra. Afternoon tea was to be served and there were to be vocal numbers in which Louise Lecheur was to sing "The Rose of No Man's Land."

The rooms had been very daintily decorated for the occasion with panoplies of British, French and American flags, fleur-de-lis motifs here and there, and spring flowers.

FOUND OLD GOLD COIN WHILE DIGGING IN UNION STREET

An employe of the water and sewerage department made a lucky and interesting find yesterday afternoon. He was employed with other workmen in digging up a sewer in Union street when he found an English sovereign dated 1815 and issued during the reign of King George III. It is said that the piece of money was exceptionally bright.

REAL ESTATE NEWS

Transfers of property in St. John county for the week have been recorded as follows: Janet M. Fowler to F. A. Lawrence, property in Wright street. First Presbyterian church, to W. E. Brennan property in Prince street. J. B. Jones to Annie B. Innis, properties in Broad and Sheffield streets. Heirs of Eliza J. Long to William Long property at St. Martins. Marine Construction Company, Limited, to D. H. Saker property at Strait Shore. Eliza Wilson to Robert McAllister, property in Gilbert's Lane.

EVANGELISTIC

The evangelistic services conducted under the auspices of Carleton Methodist, Charlotte street and Ludlow street Baptist churches continue to increase in interest and numbers attending. The meeting last evening was held in the Methodist church and was presided over by Rev. E. A. Westmorland. On the platform were Rev. Peter McArthur, Rev. J. H. Jenner and Rev. W. R. Robinson. The vestry was filled with an interested congregation who listened with profound attention to a soul-inspiring address by Rev. McArthur on the story of Philip and the Eunuch. He traced the history of this man's wonderful conversion in graphic language, the whole being replete with anecdote and illustration, leaving a lasting impression on all present. Rev. McArthur's appeal to the unconverted was firm and full of sympathy. Several decided there and then to lead a new life.

BAND PLAYS SCOTIAN UP HARBOR TO PIER

The band from No. 7 Canadian Garrison Regiment, left at one o'clock today on the launch Sissiboo to go out to the C. P. O. S. liner Scotian and play her in to Sand Point. The large liner has more than 1,700 troops on board. She was to dock about three o'clock.

Have You Seen the Leather Den Set Now In Our Window?

They say every person has two countries—his own and France.

Same with regard to taste in Den Furnishings. No matter what style of suite is chosen, in wood or tapestry, an all leather set is always attractive.

The set now showing consists of three-pieces—lounge, chair and rocker—and is of the over-stuffed style with spring back and sides.

Leather, while stout and highly durable, is soft and very appealing to eye and inviting to body.

A "close-up" inspection costs nothing and will serve in good stead when you do buy a set of this kind, even if this isn't the set.

Not overly expensive either.

GERMANS FIGHTING BOTH EAST AND WEST

Troops Called to Frankfurt to Quell Disorder; Engaged With Bolsheviks in East Prussia

Anything May Happen in Hunland With Soviet Republic Strong Possibility—Government Not Willing to Give Way on Territorial Concessions.

London, April 3.—German troops are resisting a Bolshevik offensive in East Prussia, according to an Exchange Telegraph despatch dated Wednesday in Berlin transmitting reports received there.

"NOTHING CERTAIN BUT UNCERTAIN."

Paris, April 3.—(By the Associated Press)—Competent German and foreign observers are chary of making any definite predictions of what will come out of the writer of political and economic disorders and developments in revolutionary Germany.

The former Berlin correspondent of the Associated Press, returning to Paris after six weeks devoted to a study of conditions in Germany, left that country, however, with the distinct impression that the tenure of the present coalition government was by no means secure, although it is for the moment in control of the situation, that there is no alternative except a radical Socialist administration with a strong drift toward a soviet republic possible if the present government falls; that a renewal of Spartacan activities against the present regime by further strikes and uprisings is almost certain; that although the great mass of people are opposed to a Bolshevik government, they can count only upon the comparatively small force of Noske volunteer troops to keep down this insurrectionary movement, the masses at present being politically too amate and apathetic to give more than passive support in an emergency; that while the Noske troops have been able to handle the Spartacan insurgents as long as they can take sectional uprisings in turn, success would be difficult if the Spartacans and their independent Socialist allies should be able to stage a really general strike and insurrection.

If the Spartacan leadership is not able to organize such a widespread movement the government probably will be able to maintain itself until peace is signed.

Troops Sent to Frankfurt.

Coblenz, April 3.—(By the Associated Press)—German troops opposite the Coblenz bridgehead began moving early this morning toward Frankfurt, where a Spartacan revolt has been causing disorder.

Before entering Frankfurt, which is in the neutral zone beyond the French-Prussian military authorities had to obtain permission from the French tenth army. According to information reaching American headquarters here the trouble in Frankfurt became serious Tuesday. The workmen formed groups in the streets and eventually a mob of more than 10,000 began parading the streets. The mob stormed a large warehouse and the members helped themselves to the food stored there. Hundreds filled baskets and sacks with food of various kinds. Street fighting followed an attempt by the local authorities to gain control of the situation. The German troops opposite the American bridgehead were then called on for help.

BECOMES PARTNER.

H. Carson Flood, son of Mr. and Mrs. G. H. Flood, formerly of St. John, has resigned from the position of manager in Montreal for the Eastern Trust Company, and has joined the bond house of Nesbitt, Thompson & Company, as a member of the firm. The firm specialized in issues of public utility and hydro-electric bonds.

Your Money's Worth in a Stetson Hat

A MAN is often put to it these days to know whether merchandise is worth what he is asked for it.

You expect your hat to give you quality, style, service.

That means a fine hat—the best you can get—a Stetson. It means a Stetson because the Stetson Company has never made anything but fine hats.

Especially in these difficult times, a Stetson Hat is always worth more than it costs.

When you ask for a Stetson Hat—make sure that you really get a Stetson. Each hat is signed with the Stetson Quality Mark.

JOHN B. STETSON COMPANY PHILADELPHIA, U. S. A.

ST. MARY'S LOOKS BACK ON YEAR OF ADVANCEMENT

Annual Report of Rev. R. T. McKim, Rector

ALL BRANCHES FLOURISHING

Financial Report Shows \$4,800 Receipts and Balance of \$302.56—New Features Introduced—Dolan Property Being Purchased for Rectory

The following interesting report of St. Mary's church, Watford, Quebec, for the year 1918-1919, has been drawn up by the rector, Rev. R. T. McKim.

All branches of work in St. Mary's church for the past twelve months have been flourishing and reports from all the organizations show a year of progress and of decided increase. The various branches of the Women's Auxiliary, the Anglican Young People's Association, the Mother's Association, the "Trail Rangers" and "Twin Boys" of the Canadian Standard Efficiency programme, the men's and women's Bible classes, have all been working conscientiously and zealously for the advancement and up-building of the kingdom of God.

Through the influenza epidemic closed our church for five weeks in the fall, which was a very severe handicap, yet the attendance at all church services has been very good. A feature of the morning service has been the increased attendance of children. The Junior congregation of St. Mary's gets its special sermon every Sunday morning and we look upon them as becoming in the future the senior congregation. The choir have been assisted at the evening services as well as the morning by an orchestra, and as more and more of our old St. Mary's Band gets together from the front, the orchestra is increasing in numbers. Many words of commendation are heard throughout the congregation on this decided improvement in our church music.

The total receipts from the church, Sunday school and other sources amounted to \$4,800; the church treasurer closed his books with a credit balance to the general fund of \$302.56. This year we have had a special offering of \$483.26, and the Easter offering \$618.40. The Sunday school closed its books with a balance of \$61.83.

During the past year the Sunday school building has been thoroughly repaired and given two coats of paint outside and part of the interior has also been re-decorated. At the moment of writing the carpenters are busy putting on an entire new shingle roof on the church building. The interior of the church has been re-stained and varnished and the pews have all been painted, presenting a much more attractive appearance.

NEW FEATURES.

Every Member Canvas.

At the commencement of the new year the vestry of the church decided that it was time for a forward step in the matter of church financing, and it was decided to hold a men's banquet early in January and invite the bishop to give us an address along these lines. The members of the vestry and of the Men's Bible Class worked strenuously to get all the men of the congregation present at this banquet. The ladies prepared for sixty guests and more than double that number attended. After the bishop's excellent service and to use that word which is used in the "Every Member Canvas" each captain chose five men for his team, and these teams went out in couples, covering the entire parish, and when they brought their returns in the result exceeded our utmost expectations. Old subscribers increased their subscriptions and subscribers who had grown careless were revived and 250 new subscribers were added, making a total of 405 now contributing towards the up-keep of our church, a large number of these giving also to missions.

New Rectory.

The Dolan property adjoining the church, was offered for sale and after several meetings of the vestry and congregation it was decided to purchase this free-hold lot and house thereon for the sum of \$25,000. It makes a special effort on Easter Sunday to have a large offering to make the first payment on the purchase price. \$2000 has already been paid down to bind the sale and we look forward to taking over the property on the first day of May.

Women's Bible Class.

After the influenza epidemic it was decided to discontinue the usual Wednesday night service and to use that night for a women's Bible class, trusting that we could gather into the church more women in this way than were coming before. This plan was launched out on this new venture with faith, yet there was a certain amount of misgiving as to whether or not it would be successful. The women took hold of the idea with great interest, and we have at present a total enrollment of sixty-five, with an average attendance of fifty. We look for even larger numbers before the season closes.

St. Bartholomew's Church.

On account of the shortage of student lay-readers owing to war conditions, no outside help was available for the work at St. Bartholomew's, but H. W. Barton, our senior warden and lay-reader, responded to the call for work here in a splendid manner. He has been acting as superintendent of the Sunday school and in this connection tells me that he has a total enrollment of forty teachers and scholars, with an average attendance of thirty-two.

Both J. N. Rogers and H. W. Barton.

YOU'RE GOING THIS TIME, JOHN.

U. S. GOVERNMENT WILL NOT PURCHASE I. M. M. FLEET

Offer For Nearly 1,000,000 Tons of British Owned Shipping Withdrawn—Company Now in Good Position.

New York, April 3.—The United States government has withdrawn its proposal to purchase the British owned tonnage of the International Mercantile Marine. This was announced today by P. A. S. Franklin, president of the International Mercantile Marine Co., who said that he had been informed by the government authorities that "They would not further consider possible acquisition of the ownership of our (the company's) British tonnage and that we were free so far as they are concerned to deal with the property as we may consider desirable."

The tonnage involved in the proposal now abandoned, includes such ships as the Baltic and the Olympic. They were to be sold to a British syndicate for \$22,000,000 and the deal was in progress when the United States government stepped in last November, disapproving of the sale and offering to take over the vessels upon the terms of the British offer. Mr. Franklin announced that the company was undecided whether to renew the negotiations with the British syndicate or to retain the ownership of the vessels.

"The conditions in shipping have materially altered since our negotiations with the British syndicate," Mr. Franklin said. "The armistice has, in the meantime, been signed, and there have been changes in the United States income and excess profits tax laws and in the exchange situation. All these matters make it essential that the board of directors should carefully review the whole situation before deciding whether it is now desirable to renew the negotiations with the British syndicate, or whether it might not be preferable to continue our ownership of the various properties, with a view of developing them under the American and foreign flags."

"The position of the company is very satisfactory as the liquid assets, including cash, of the company and its subsidiaries, amount to about \$78,000,000, of this sum, approximately \$41,000,000 represent the proceeds of steamers sold or lost in replacement of which other vessels must ultimately be secured in order to adequately maintain our service at the pre-war standard. It should be further understood that the larger part of the above cash is in the possession of the British companies, and that the earnings of these companies can only be obtained from them through current dividends.

"While definite figures are not yet available, the most recent estimates indicate that the earnings for 1918 will be approximately the same as those for 1917.

"The tonnage of the I. M. M. company fleet, including its interest in steamers of the British companies, included approximately 984,000 tons gross, divided subsequently as to the flag it follows:

"American 118,000 tons; British, 883,000 tons; Belgian, 18,000 tons.

Mr. Franklin said he did not know the reason for the United States government's withdrawal from the deal.

IN HONOR OF RETURNED ST. JOHN SOLDIERS

A pleasant reception was held at the home of Mr. and Mrs. Harry Arbo in Milford in honor of Private John Clarke, Mrs. Arbo's brother, who recently returned from France, after having served eighteen months in the trenches. The evening was pleasantly spent with songs and games. The house was very prettily decorated with flags and bunting. There were about fifty present, among them several returned soldiers, including Privates George and Harold King, who only just arrived that morning on the Royal George, after having gone overseas with Private Clarke. At about eleven o'clock a delectable luncheon was served. The national anthem closed the evening.

our two lay-readers, have done magnificent work at St. Mary's and at St. Bartholomew's, Coldbrook.

My utmost thanks must be given to all officers of our church and officers of the different organizations, as well as to the members of St. Mary's, for their loyal and whole-hearted support in every movement we have undertaken for the welfare of the church. God's good and gracious hand has been upon us. To him be all the honor, praise and glory.

R. T. McKim, Rector.

LOCAL NEWS

The Women's Auxiliary of the Canadian Imperial League met last evening at the G. W. V. A. headquarters. Mrs. E. Atherton Smith, elected honorary president; Mrs. John H. Lang was appointed secretary, Mrs. J. M. Powers, treasurer; Mrs. F. E. Flewelling, the president, was in the chair.

At St. David's last evening the weekly sing-song, R. E. Armstrong presiding, was greatly enjoyed. Miss Cruikshank was in charge and solos were given by Mrs. Montgomery, Miss Tweedie, Miss Williams, Mrs. Osborne, Sergeant McNeill and Mr. Baker. Refreshments were served to the large number of sailors and soldiers present followed by the usual chorus singing in hearty fashion.

A very enjoyable concert was given last evening in the Main street Baptist church under the auspices of the Ways and Means Committee of the Sunday school. Rev. Dr. Hutchinson acted as chairman. The programme included numbers by Miss Phyllis Barber, C. K. Cowan, Miss Audrey Mullin, Norman Magnuson, Miss Marjorie Pierce and Miss Beatrice Flett.

Captain Harry O'Leary, M. C., son of Richard O'Leary, Richibucto, was in the city yesterday on route home. He arrived at Halifax on the S. S. Cedric. Captain O'Leary made an excellent record overseas. He won his commission, was awarded the military cross and was mentioned several times in despatches. He was met in the city yesterday by his father.

The many friends of Miss Musetta A. Compton, 19 Kennedy Place, who has been a nursing sister for the last two years, will be interested to know she has been transferred to the invalid soldiers' commission. She expects to be stationed at either St. John or Fredericton, but before entering upon her new work she must go to Toronto for a two months' special course. Miss Compton will probably leave Monday night. For some time past Nursing Sister Compton has been stationed at the St. James Military Hospital.

LOCAL NEWS

A short course of study for household nursing has been adopted by the General Public Hospital commissioners. The course is to be along the same lines as that of the V. A. Ds. J. King Kelley, M. E. Agar and Frank Flewelling are to prepare the course.

Honorary Captain and Catholic Chaplain, Rev. Hector Belliveau, is now out of military life. While stationed in Moncton he joined the first depot battalion under Lt. Col. McAvity. He has two brothers who have seen active service. Father Belliveau is a graduate of St. Joseph's University.

Mr. Ransford Trafford, of Carleton county, and Miss Ora Campbell were killed and several injured at Fort Fairfield on Tuesday when a cornice, fell from the roof of W. F. Churchill & Sons' grocery store to the sidewalk. Those injured were Guy U. Maines, a farmer, who sustained a broken leg; Katherine Ames, the fifteen year old daughter of Stephen E. Ames, and Evelyn True, the eleven year old daughter of George C. True. The accident happened while shoppers were passing along the sidewalk and a number of others had narrow escapes from injuries. Mrs. Crawford was fifty years of age and lived near the Maine border at Cashingford. Miss Campbell was twenty years of age.

MORNING NEWS OVER THE WIRES

The attempt of the Bolsheviks against the Allied armies on the Archangel front and the seriousness of the situation in the Murmansk district are the cause of anxiety in London.

Marshal Foch arrived at Spa yesterday morning and laid before Herr Erzberger the decision of the entente. Erzberger, after the conference, returned to his train. He appeared deeply moved. Martin Dollard is reported shot in the leg by dominion police officers, when it is alleged, he was attempting to escape. He is reported in rather serious condition and will be taken to the Moncton Hospital.

BRITISH LABOR UNION DEMANDS

London, April 3—A resolution demanding the withdrawal of all British troops from Russia, the raising of the blockade, the withdrawal of the military bill from parliament and the Trades Union Congress were adopted by acclamation today by the Trades Union Congress.

Robert Smillie, leader of the miners, in moving the resolution, declared the miners would strike for the removal of conscription and the raising of the blockade.

Winston Spencer Churchill, secretary of state for war, announced in the house of commons today that the government had decided to liberate conscientious objectors who had served two years in prison.

Sunday Schools

Institute is Opened Here in Centenary Church Hall

The opening session of the Sunday school institute under the auspices of the Maritime Sunday School Association was held in the Centenary church hall yesterday. The afternoon session opened at 2 o'clock and the evening session at 7:30 o'clock. The programme included addresses by Rev. W. A. Ross, general secretary of the Maritime S. S. Association; by J. L. Rogers, general secretary of the Wisconsin S. S. Association; by Rev. G. F. Dawson, A. M. Gregg and Miss Estelle Vaughan.

The afternoon session was opened by devotions led by Robert Reid, county vice-president. This was followed by an address by Rev. W. A. Ross on "Studies in Child Training."

J. L. Rogers next gave a very interesting Teachers' Problems.

Miss Estelle Vaughan next gave a talk on "Methods With Beginners and Pri-

mary Children." In connection with this theme several papers were read including one on "Music in the Department," by Mrs. Morris; and also one by Miss Everett on "Methods in Dealing with New Scholars." Miss H. Hannah gave a very interesting talk on "Giving," and Miss Dykeman sang a solo very acceptably.

A. M. Gregg, former boys' work secretary of the Y. M. C. A., also gave a very interesting talk on "The Canadian Programme for Teen Age Boys." Mr. Gregg presented the problems that are confronting the younger boys of today and the solutions that the Canadian committee have adopted to overcome them.

Evening Session.

The evening session was opened with an address by Rev. W. A. Ross on "The Church and Her Children." Mr. Ross said that the church of Jesus Christ was now more and more realizing and recognizing its great responsibility to child life. For long centuries the church had forgotten children, but now it has been rediscovering the glory of child life and its possibilities. It is left for those of the present day to make a special study

of child nature growing out of a revised interest in general education. The church for a long time has been considering children as miniature adults and has been trying to press down on them adult ways of thinking and reasoning. The speaker pointed out that children have a right to be properly understood and emphasized the fact that the impressions made during childhood are the ones that are going to stay in the mind the longest.

The Sunday School and the New Day was the subject of a very interesting and instructive address by Rev. G. F. Dawson, pastor of the Exmouth street Methodist church. Mr. Dawson opened his address by the words, "What we are tonight we are because of the education we received." He said that the future men and women of the country are being moulded in the school life; and when the great trouble in Europe and Russia are considered it is realized that something must have been radically wrong in the past and in the educational system. Germany was the centre of the college and student life of Europe, and the world and every person was smacked after what they have seen from that country. A German once said that "if you wish to put a thing into a nation you have to put it into the schools." For the last thirty years the deeds that Germany has done in the war were put into the schools, and the German soldiers actually learned the Hymn of Hate while they were still attending school.

Japan's Rise in World.

Mr. Dawson then considered the case of Japan and pointed out that through its educational system this country had come in less than two generations from a position of feudalism to a most modern country and it now abrest-of the world. He also stated that through the war he has seen the danger of applied science being divorced from religion. Mr. Dawson stated that the teachings of religion must be dignified, strengthened and improved, and suggested that it should be a subject of instruction in the public schools, and

that when the prospective teachers are going through Normal school they should also be instructed in it.

J. L. Rogers, general secretary of the Wisconsin Sunday School Association, gave the closing address for the evening. He said that the men of today face conditions that men before them have never faced, because things are developing that have never done so before. A tremendous effort lies at hand and the power and vitality of the people must be conserved to meet it. During the past few years men have freely responded and given their lives in response to the great call; but during the 2,000 past years there has been a greater call and the men have not responded.

Church Playing With Job.

Mr. Rogers said that he considered this matter very seriously and has tried to reason it out and the only solution that he could arrive at was that the call of God had not been understood.

Mr. Rogers then dealt with the religious instruction that boys of different creeds receive. He pointed out that every year the Jewish boy receives 400 hours, the Roman Catholic boy receives 150 hours, while the Protestant boy receives about 26 hours, or thirty minutes every Sunday. The church has been playing at the job and the religious training of its boys and girls is utterly ridiculous.

Mr. Rogers went on to say that if there was to be an adequate religious instruction it must be done on other days than Sundays, and the price of this would be the establishment of church schools which would be as efficient in educational training as the public schools.

Mr. Rogers said that one of the big tasks of the day was for the people to remember that they are Christians and as Christian men and women they are responsible to the community life. He pointed out that they could better the community life in the following four ways: First, by a community survey to find out just where they stand; second, by holding a daily vocational school of religion during the opening days of the summer holidays. The school would be held for the boys and girls every morning for at least two weeks, during which time they would receive religious instruction. In these two weeks they would receive as much instruction as they would receive in a year at Sunday school. The third was the training class for local church; and the fourth was a community training school to be held one night a week for twenty-four nights during each winter.

A TELEPHONE DANCE.

Last evening the "Hello" girls and male phone employes again staged a pleasing entertainment when some hundred employes and friends participated in dancing, games and other amusements. An enjoyable programme was carried out and under an energetic committee as follows: solo, Mrs. McClure; reading, Mr. Smith; solo, Miss Scribner; solo, Miss Woodruff; solo, Miss Foley; solo, E. Till. After tripping the light fantastic to the melodious strains of Bond's orchestra an inviting spread was served. A feature of the occasion was the Grand Pease Tea served by one of the firm which was donated to the girls by G. E. Barbour & Company. The committee in charge last evening were: Miss Hall, Miss Youmans, Miss Scribner, Miss McCavour, Mr. McArthur, Mr. Betz and Mr. Mercereau.

Women's Meetings

Matters of Interest at Sessions of
Several City Organizations

The Women's Hospital Aid Association of the General Public Hospital of St. John held an executive meeting in the board of trade rooms yesterday afternoon when most of the time was taken up hearing the most excellent reports of the denominational vice-presidents regarding the membership enrollment. More than 1,000 members are already enrolled with many more coming in. As the hospital can now be visited the work of the aid will start at once in real earnest.

Mrs. E. Atherton Smith, the president, was in the chair yesterday and the committee reported that the Seaman's Institute had been very kindly offered to the aid for holding its meeting for this month, and the board of trade rooms will no longer accommodate the members. When all of the denominational vice-presidents had given their membership reports showing how the enrollment had increased and was still increasing, it was decided that it was no longer possible to notify members of meetings by means of cards, and that it would be necessary to use the columns of the press to announce the meetings each third Thursday.

It was reported that several cases of follow up work were already being undertaken. This work consists of visiting patients in their homes after they have been discharged from the hospital and seeing that they receive proper care and any special delicacies or appliances that they may require. It has been said that this work alone will justify the aid's existence and will in a great measure prevent many cases being returned to the hospital.

The visiting committee with a convenor appointed monthly and three visitors appointed weekly, will start its work of kindness at once, and the house committee after consulting with the lady superintendent of the hospital, will probably report at the next meeting.

At the regular meeting of the Y. W. P. A. last evening, Miss Charlotte Dodge, second vice-president presiding, further plans were made for the Veterans' tag day which the association has taken in hand. A grant of \$100 was made towards expenses so that the Veterans will reap the benefit of all contributions. Miss Helen Church reported plans for stringing this evening of the 20,000 tags to be used and the labelling of the boxes. This is a task of some magnitude, but the young ladies believe they are equal to it.

Letters of thanks were read from Mrs. Harold Lawrence acknowledging on behalf of the local Red Cross port committee the gift of furnishings for the nurses' rest room at the dependents' hospital. An appeal from the Anti-Tuberculosis Society met with a prompt response of a vote of \$50. The treasurer's report, read in her absence by Miss Keeffe, showed a balance in the general fund of \$1,864.24, in the reserve fund \$126.10 and returned soldiers' fund, \$557.

On motion of Miss Calkin \$100 was voted to the citizens' reception committee. Miss Dickson reported on a needy family in the country and assistance was granted. Miss Storm reported for the war savings society, showing a total membership of thirty-two and continued interest in this worthy work.

Reports were also received from the ushering and entertainment committee and on successful concerts at the Old Ladies' Home and at the Seaman's Mission. Announcement was made by the chair that at the next meeting petitions would be signed by all members regarding the incorporation of the society under the war charities act.

Members of the canvassing committee for the Y. W. C. A. sustaining fund campaign that will be conducted next week, met yesterday afternoon in the building, 23 King street, with Mrs. John A. McAvity presiding. Mrs. McAvity

had prepared, and read at the meeting, instructions for the canvassers in which she set forth clearly the need for support of the association in the city as it should be brought before the people who were being asked to assist the project. She referred to the furnishing of the new home with money donated last fall by the business men of the city and explained that it was now the intention to enroll as many of the women of the city as possible as sustaining members contributing \$5 each year in order to put the Y. W. C. A., the need of which every citizen felt most strongly, on a firm and lasting basis.

It was the opinion that Mrs. McAvity's instructions were admirably thought out and when put into practice by the large body of canvassers next week that they would undoubtedly reap a much needed and well deserved harvest for the Y. W. C. A.

High School Alumnae.

A meeting of the High School Alumnae was held at the residence of Miss Grace Campbell, 47 Hazen street, last evening, and there was a very large attendance of members present. Final arrangements were made for a lecture to be given in the German street institute next week by Nursing Sister Agnes Warner, who will also address the club at the May meeting. It was also definitely decided to establish a scholarship in the high school as a memorial for all the boys and girls of the high school who had given their lives in the great war. Several contributions have already been received for this scholarship. The honor roll of the high school is to be unveiled on Empire day. This honor roll will include the name of every high school boy or girl who enlisted for military service.

CORP. A. W. WATSON HOME FROM WAR

Among the St. John boys to arrive home this week was Corporal Albert W. Watson, son of Andrew Watson, of 191 Carmarthen street. Corporal Watson has been doing his bit in Flanders and France for the past two years, and has seen much service. In the battles of Passchendaele and Vimy Ridge, the Canadian Engineers, did much commendable work.

In the first of the New Year, 1918, when the call was sent out over the dominion for more men, Corporal Watson responded at once and donned the khaki to help out in the great fight for democracy. After bidding farewell to his friends and relatives he then proceeded to the training depot at the Canadian Engineers at St. John's, Quebec, and while in training there was stationed in England. After a short training he was detailed with many other St. John boys for Active Service in France. After doing his bit for nearly a year Corporal Watson was sent to one of the base hospitals suffering from shell-shock, which he was again sent up to the base prior to entering last summer's fighting, and while there he met a number of St. John boys who went overseas with the 115th battalion and are now transferred to the Fighting 20th.

Among them were John (Daddy) Allen, M.M., and Fred Killen, son of Patrick Killen, of this city. Corporal Watson again entered the fray with his old unit which did much magnificent work in the final dash towards the German frontier. Some two months ago Corporal Watson left France and was sent to England pending his being sent to Canada. While in the city he had been renewing old friendships and he expects to leave in the near future for the west, where he has been offered a position with a Toronto firm. A few years ago Corporal Watson was a member of the mailing room staff of The Daily Telegraph.

The auxiliary schooner Grace L., Captain Ralph Welsh, is ashore at Chebogue Point. The craft was bound from Westport for Publico when the accident occurred. At low tide the vessel is high and dry on a rocky coast. The crew is standing by.

B. F. Smith Dealt With Effectively

His Allegations Shattered by Hon. Mr. Veniot

Statements Prove a Boomerang—Not Much Likelihood of Legislature Being Prorogued Before Easter

Fredericton, N. B., April 3.—A boomerang is a dangerous plaything especially when it is directed by venom rather than judgment.

B. F. Smith, of potato fame, not only learned this lesson but had it rubbed in this afternoon. Mr. Smith is still suffering from the sting of the resolution of censure in which he was named and from the ignominy of the invitation to resign his seat, and he has been looking for revenge. Apparently accepting as justification for remaining in public office the regret and deprecation of his opposing colleagues and their effort to conceal their real opinion of him by the evasion of responsibility which marked their amendment last week, Mr. Smith appeared this afternoon in the role of a reformer and champion of regularity and business-like methods.

His excuse for this attitude was his attempt to detract attention from his own case by an attack on two government members. In accordance with his motion, the report of Hon. Mr. Veniot on the investigation into road matters in Gloucester county was the order of the day. After the report had been read, Mr. Smith in a speech which was largely a mass of misrepresentations, introduced a resolution of censure directed against the minister of public works and Mr. Robichaud.

Then the boomerang which he had hurled with such malicious intent turned in his flight and circling back over the chamber, crashed against the reputation of the man who had thrown it. As Hon. Mr. Veniot and Mr. Robichaud retired to Mr. Smith's remarks and arguments, the latter found himself in the role not of the accuser but of the accused with the evidence of his guilt too unmistakable for him to deny.

It was shown by the gentlemen on the government side that he had made his allegations, but had not sufficient confidence in them to put them in the form of charges—on reports forwarded to him by one Martin J. Robichaud, a former member of the legislature who had been driven from the house by the report of a royal commissioner. It was further shown that his chief witness had given the sworn contradictions of reputable citizens, was a man who had served a term in jail for perjury and who faced charges of two break-jacking. Other witnesses on whom Mr. Smith had relied were not to be women whose reputation was such that he had shrunk from placing them on the stand, and Mr. Smith did not deny it.

The irregularities upon which Mr. Smith had laid so much emphasis were shown to have been condemned by the minister himself to his regularity in the investigation, but not to have been of a nature to have cost the province a dollar. The investigation was shown to have been conducted with such impartiality that the minister had chosen a defeated Conservative candidate to serve as interpreter.

It was proved, and Mr. Smith did not question the evidence, that the charge against Mr. Robichaud that he had been doing his bit in Flanders and France for the past two years, and that instead Mr. Robichaud had saved the province considerable money by the disposal to the province a large quantity of road material.

Coming to the insinuation contained in the same opinion, which was issued for work on the roads had been endorsed by somebody other than the payee, and that the money had gone to the way of Mr. Robichaud, it was proven that this had occurred through an act of charity on the part of the member.

The man who had earned the check was the man whom Mr. Robichaud had sent to jail on charges of perjury and battery, but it was shown that he had advanced money to this man, taking in exchange an assignment of his check and power of attorney for his clerk to endorse the check.

Every allegation was fully answered, and the defence was a smashing arraignment of the man who had adopted in attempting to support them.

In the face of all this Mr. Smith allowed his motion of censure to stand and sixteen other members of the opposition—their full voting strength, the remaining three being absent on their stand-up at the crack of the party whip and voted with him for his resolution, which was defeated by the unanimous vote of the government party.

Mr. Murray (Kings) said that when a vote was taken on a matter in the house this week the four members involved had retired from the chamber. He thought a similar course should be adopted in the resolution.

Hon. Mr. Veniot said that he had no objection to retiring, but his conduct as a member had not been called in question. The resolution declared that his finding was partisan, but did not reflect on his conduct.

Hon. Mr. Baxter after reading the rule of the house applicable to the case, said that the honorable member (Robichaud) had withdrawn from the house but he did not see that it was necessary for the honorable minister of public works to do so.

Mr. Baxter said he trusted the resolution called for the censure of the house. Had he read it the same way the other day as it is now been read he need not have retired as there was no charge against him.

The house divided on the resolution which was a vote of nineteen nays and seventeen yeas.

CORPORATIONS COMMITTEE

Fredericton, N. B., April 3.—Committee room, April 3, 1919.—The committee on corporations met this morning and considered the bill to incorporate the Associated Alumnae of the University of New Brunswick. The bill was allowed to stand in order to obtain the Christian names of all those to be incorporated.

The bill relating to the Restigouche & Bay Chaleur Soldiers' Memorial Hospital was reported as amended.

The bill to incorporate the Albert Mines Holding Company, Ltd., caused some discussion. F. J. Hughes, of Fredericton; E. Lorne McDougall, of Ottawa, and Mr. Fraser, of Montreal, appeared in support of the bill. Mr. Peck said that it was desired to put all the Albert county mining properties in order so that they could be sold.

Mr. Baxter claimed that the recital should be supported by affidavit. There was precedent for that. Mr. Tilley was of the same opinion.

Mr. McDougall was heard in support of the bill. He said he appeared for interests representing liabilities against these mining properties amounting to \$114,000. They were in accord with the promoters of the bill and the only prospect for recovering their money lay in the hope that the promoters would make good.

Mr. Burchill, the chairman, suggested the appointment of a sub-committee to report on the statements and figures presented by the promoters.

Mr. Magee moved that a committee of five be appointed.

R. B. Hanson, who appeared for certain interested parties, took objection.

Mr. Baxter said there had been too much ball-tossing from group to group with regard to all mineral deposits in New Brunswick. In this particular he wanted protection for the public. If that were given he would be willing to support any effort of the government if it proposed to take over these deposits on behalf of the province.

There was further discussion and the committee rose at 1 o'clock with the intention of considering the bill further.

DELIGHTFUL EVENING WITH KINGSLEY.

This week the meeting of the Wednesday evening club was held at the residence of Mr. and Mrs. A. W. Estey, "Brunswick Place," Douglas avenue. The subject was "The Centenary of Kingsley"—Kingsley as Poet, Social Reformer, Novelist and Geologist. The programme was as follows: brief introductory talk by the president; Kingsley as Geologist, by Dr. George Matthew, who explained that although Kingsley was a member of the geological society, he used geology in a practical way as "Town Geology", and not as a study, or in an historical way. Mrs. Matthew followed with humorous selections from "The Life of Kingsley" written by his wife, and Rev. Mr. Crisp gave an original criticism of Kingsley as a preacher and writer; also a vivid description of the land of his birth, he himself having been born in that vicinity. Mrs. Montgomery delighted all with her excellent rendering of Kingsley's "Three Fishers Went Sailing" and other selections; and all joined in singing "The Roast Beef of Old England." Mrs. Matthew read from Kingsley's life the conditions under which he wrote "Three Fishers Went Sailing."

Application for Admission of Pupils of New Brunswick School—Massachusetts Relief Fund's Great Assistance

(Halifax Echo.) In the sixty-first report of the School for the Deaf, Professor Forrest, chairman of the board of directors, says the last year was simply one of prolonged effort to get the building reconstructed and fit for occupancy again, in which the directors had been wonderfully successful in spite of difficulties such as were never before experienced in Halifax. The directors placed on record their deep sense of the loss sustained by the school in the death of ex-Principal Fearn who had been with the institution since 1892. The directors were fortunate in having on the staff George Bateman, who had been in the school for fifteen years and who was placed in charge after Mr. Fearn's demise. The New Brunswick school had been closed and the superintendent of education for that province applied for the admission of its thirty pupils to the Halifax school which has been agreed to on the same terms as pupils from other provinces. There is ample accommodation for them but an increase in the teaching staff will be required. In this report Principal Bateman refers to the temporary removal to Wolfville last year and the accommodation and assistance given there. The explosion disorganized the staff as well as interrupting the school work. Miss Whitteher went to her home in the United States. Miss Fearn accepted a position at Belleville, Ont. Miss Fanning could not go to Wolfville and resigned, as also did Mr. Lawrence, who had been on the staff thirty-two years and whose place was filled by Mr. Goucher. Miss Wilson, the matron, was succeeded by Mrs. Taylor. Positions on the staff were given Miss Helen A. Kelley, a graduate of Mount St. Vincent, who had taught in the School for the Blind for several years, and to Miss

TOOKE SOFT COLLAR Tooke Bros. Limited

Winnie P. Wood, a teacher of experience in the public schools. The committee in charge of the Massachusetts relief fund have most generously undertaken to re-furnish the building. The management express thanks for this and would like their thanks to reach all the good people of Massachusetts who helped to make this possible. During the last three months of the year a course of lessons in speech-reading had been given by the teachers to a soldier who returned from overseas with defective hearing. This man took great interest in his instruction and made good progress. Charlie Crane, the deaf-blind boy, spent the summer at his home in British Columbia. His father came for him. His mother brought him back to school in the fall. He continues to make astonishing progress. The treasurer's account showed receipts of \$61,540.98, including \$25,000 from the Halifax relief commission, \$1,500 from bequests, \$7,722.20 from municipalities, \$7,500 from the province of Nova Scotia, \$1,250 from Newfoundland, \$387.50 from New Brunswick and \$899 from P. E. Island. The expenditure included \$34,504.43, an amount of explosion repairs, \$7,105.03 in house expenses, \$8,557.64 salaries and \$1,847.90 fuel. Of thirty-eight Nova Scotia pupils last year two boys and two girls were from Halifax county. Requests to the school in recent years were the estates of W. E. Barry, Halifax, \$300, Hon. D. McKeen \$200, C. E. Young (Windsor) \$1,000 and J. H. Marsters (Windsor) \$100.

UNIFORM SUITS FOR THE SCHOOL GIRLS

Such Movement Underway in Maine to Curb Extravagance in Dress

Brunswick, Me., April 4.—Practically all the girls' preparatory schools in Maine are backing a movement to curb school girls' needless extravagance in dress, by the adoption of a uniform costume, the so-called "Peter Thompson" suit being the most favored. The plan was first advocated by Principal C. P. Quinby of Westbrook Seminary, and is gaining favor everywhere. Eventually, Maine school heads believe, some such dress as the "Peter Thompson" will be worn uniformly by all the school girls of New England. Any parent harassed by the struggle to meet soaring prices with modest resources will understand the reason for this. Clothing costs more than ever, but with the continued increase in the prices has come an increasing tendency to dress extravagantly on the part of young girls; and many parents have carried a needless burden of worry because of it. This year, when many of the industries are running on short time, the problem is more acute than ever. It has long been a theory of many principals that the girls should wear the same kind of dress to school. At present one of the maids appear in silk and patent leather shoes. Others whose parents are not able to afford such expensive clothing, wear cheap little dresses, and as a result often go home and have a good cry because they cannot appear at school clad in a pretty dress like their classmates. It has seemed to many that during the past few years the girls have made an effort to outdo each other in the matter of school dress, with the result that a few of the lasses have appeared at school in gowns that would be more appropriate for the ballroom than the school-room. With the adoption of the "Peter Thompson" suit, all the dresses will be like and the girls will be able to give more attention to their studies and less to dress. There will be no attempt to wear something better than their classmates. The "Peter Thompson" suit has been worn for several years by girls who attend private schools in different parts of the country. The garment is made of blue serge and is a sailor blouse, gathered up at the waist. It has a sailor collar, and a tie of any color can be worn with it. The skirt is simply made, no tucks, ruffles or braid—and is of a modest length. While the suit is inexpensive, it is durable and will last for a school year. Another problem that will be eliminated, and one that has caused the teachers much concern, is the low-necked dresses. Some of the gowns might be proper for a dance, say the instructors, but are not fitting for school wear. Again, some of the skirts worn by girls of sixteen and seventeen are extremely short. It is a delicate matter for the faculty to insist that the skirts be longer, and the waists of a more modest type. As a result, the dresses each year have been of a more pronounced type, and the teachers, while realizing that some steps should be taken to prevent the wearing of the garments, were unable to know how to act. Then along comes Principal Quinby with what is believed will be a solution of the vexed problem.

HOUSEHOLD NECESSITY Gillett's Lye has long been regarded as a household necessity because of the fact that it is useful in so many ways, and so satisfactory in every respect that no woman feels that she can keep house without it. Makes the finest kind of soap for washing and cleansing. One can of Gillett's Lye will make ten pounds of good soap in twenty minutes. Many of its uses are shown in booklet under the label. "GILLETT'S LYE EATS DIRT" Made in Canada.

THE HOUSING SCHEME. Renfrew Journal.—The Housing Bill has been adopted by the Ontario Legislature this week, the purpose of which is to provide government funds for the erection of houses costing not more than \$3,500 each, including the land. The conditions under which advances will be made to municipalities are easy and favorable. The type of houses to be constructed is most desirable. It will meet the requirements of many in Renfrew who desire to own their own homes, but who are prevented by financial reasons from doing so. There is a demand in Renfrew for just this type of house. The Journal has recently had many inquiries to rent such houses. The town council has not yet given the matter any attention, but it is time that it did. The amount of money for distribution is limited. Why should not Renfrew get in on a good thing while the getting is good? The meeting of the recently organized women's auxiliary of the Canadian Imperial League, held last night, was well attended. Mrs. F. E. Flewelling, president, occupied the chair. Mrs. J. H. Lang was appointed secretary, and Mrs. J. M. Powers, treasurer. Mrs. E. A. Smith was chosen honorary president.

Coughs and Colds Mean Restless Nights GRAY'S SYRUP OF RED SPRUCE GUM

TEMPERANCE PARTY IN SOUTH AFRICA IS STRONG. London, March 14.—(Correspondence of the Associated Press)—While an important section of the London press never misses an opportunity to poke fun at the United States for adopting the prohibition amendment, the newspapers today were called upon to chronicle the fact that within the empire there is a native king who not only endorses prohibitory principles, but insists that his people shall agree with him. King Khama, ruler of Bechuanaland, South Africa, was informed that a government commission had recommended the sale of light wines and beers to the natives. He declared that if the plan was carried out he would forbid his subjects from working in the gold mines. The industrial situation, already rendered almost intolerable by the loss of thousands of native workers, would thus become alarming. The temperance party led by the king, is strong in South Africa. There was another large attendance at the Oddfellows' fair on the West Side last evening. Those participating in the different events enjoyed themselves thoroughly. The prize winners for last evening are as follows: Bagatelle, Mr. Terry; ladies' bean toss, Mrs. H. Robson; gent's bean toss, Roy McCavour; air gun shoot, Charles Wilson. The dove-throwing contest was won by the lucky winner left it uncalled for.

ASTHMA INSTANTLY RELIEVED WITH ASTHMADOR OR MONEY REFUNDED. ASK ANY DRUGGIST

Lowest Cost Per Mile I HAVE ridden my C. C. M. bicycle pretty regularly for sixteen or seventeen years," writes an enthusiast, "and it is still a good machine." What was the cost per mile of that splendid service? Certainly far and away less than that of a cheap, inferior bicycle. Never forget this: the few dollars you might save on an ordinary wheel are likely to be lost over and over again in the shorter life and poorer service of such a machine. Make certain of lowest cost per mile with C.C.M. Bicycles. The famous C.C.M. models combine sturdiness with easy pedalling and sensitive response to control. Could you see the inside of the frame joints, you would find there a "fish mouth" reinforcement of unusual length and special design. This greatly increases the strength. This typical example of sincerity is found at all points of heaviest strain—always with a reserve of strength. What has extra finish to do with service? Note the depth of brilliancy in the enamel and nickelling. C.C.M. handle bars and all bright parts are generously nickelled over a coat of copper—and copper can't rust. Years after ordinary bicycles are not fit for good company the sparkle of your C.C.M. makes you proud of it. All C.C.M. bicycles have the Hercules Coaster Brake—the brake without a side arm. It is light, simple, powerful and effective. After coasting the clutch engages without slipping and with utmost smoothness. We back this brake with our guarantee. Ride a C.C.M. bicycle. Ride the wheel you know is made in fullest sincerity in every seen and unseen part—the bicycle that means lowest cost per mile. There's a C.C.M. dealer close to you. Look for These Nameplates when choosing a Bicycle. All of these well-known lines are in the "C.C.M." family. Red Bird, Massey, Cleveland, Perfect, Columbia. 90% of the Parts of Every C.C.M. Bicycle are Made in Canada and Each Machine is Fully Guaranteed by Canada Cycle and Motor Co., Limited. Montreal Toronto WESTON, ONT. Winnipeg Vancouver

"Shoemakers to the Nation" A LARGE part of the Canadian public depends upon this company for shoes, and the number of those who do so is increasing every year. Our factories are so equipped and our organization so effective that we are able to supply all of the normal requirements of the average family for footwear. Our range of styles for men, women, boys, girls and children is complete. In our six large branch warehouses, these lines are carried in stock, within easy reach of any retailer in Canada. More than 5,000 retailers at present use this quick service to cover many of their requirements. Ames Holden McCready shoes are therefore easy to obtain in any section of Canada. Their reputation for goodness is a safe guide in buying. Particularly helpful in solving your shoe problem is our booklet, "How to Buy Shoes." It is sent free of all charge on request to our home office address, Montreal. AMES HOLDEN McCREADY "Shoemakers to the Nation" LIMITED. ST. JOHN MONTREAL TORONTO WINNIPEG EDMONTON VANCOUVER. When you buy Shoes look for—this Trade-mark on every sole.

RECITAL AT IMPERIAL A MUSICAL TREAT

Talented Soloists Brought by Misses Lugin Entense Audience

A joint recital, given by Miss Marion Elizabeth McKnight, soprano, and Fred Patton, baritone, in the Imperial Theatre last evening under the auspices of the Misses Lugin, was one of the most noteworthy ever heard in this city. The occasion was one that will not soon be forgotten by the music lovers who were present, and many were the flattering compliments showered on the Misses Lugin for the marked success achieved as a result of their efforts.

- The programme was as follows: Fred Patton, baritone. Miss Marion Elizabeth McKnight, soprano. Bayard Currie, accompanist. It is Enough (from Elijah) Mendelssohn. Fred Patton. Aris—One Fine Day (from Madame Butterfly) Puccini. Miss McKnight. Blow, Blow, Thou Winter Wind Sargeant. Banjo Song Sydney Homer. Give a Man a Horse He Can Ride Geoffrey O'Hara. I'll Sail on the Dog Star Pursell. Fred Patton. Scotch songs: Mary of Argle Nelson. My Ain Fireside Hamilton. Cuddle Doon Sidney Homer. Gin a Body Green a Body Miss McKnight. Aris—Du Diochidise (from Lebeoo) Apollon. Encore—Kitty of Coleraine Old Irish. Fred Patton. English songs: When a Boy Comes Home Oley Speaks To a Highlander Lily Strickland. A Khaki Lad Aylward. Miss McKnight. I Want to Be Ready Burleigh. Armorer's Song (from Robin Hood) De Korr. Roses of Memory Bernard Hamilton. The Muleteer Henrion. Encore—Tommy Lad Margetson. Fred Patton.

DOCTORS AND CLERGYMEN ARE NOT EXEMPTED

They Come Under Prohibitory Clause of Nova Scotia Bill Re Motor Vehicles

A bill aimed at regulating the loads of motor vehicles and establishing a closed season for automobiles came before the committee-of-the-whole in the legislature of Nova Scotia on Tuesday. It was favorably reported upon for the third reading, and passed, but not until an amendment exempting doctor and clergymen from the prohibitory clauses had been defeated by a vote of eight to six, following a debate of considerable warmth.

FRECKLES

Now Is the Time to Get Rid of These Ugly Spots. There's no longer the slightest need of feeling ashamed of your freckles, as Othine—double strength—is guaranteed to remove these homely spots. Simply get an ounce of Othine—double strength—from any druggist and apply a little of it night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful, clear complexion. Be sure to ask for the double strength Othine as this is sold under guarantee of money back if it fails to remove freckles.

established, and chauffeurs' fees were being raised from two to five dollars per annum. The speaker struck a note of warning against being too optimistic as to the betterment of provincial roads, but said that he felt that, with the proper management, there would be considerable improvement. The interests of the public were being awakened, and the board asked for their co-operation and constructive criticism. The federal government grant would be a great help to the board, he said, but he hoped that the money spent on roads might be even still further augmented. No provision was made in the act for the removal of snow, said Mr. Wickwire, and the board would have nothing to do with that part of the work.

PUBLIC HEALTH

Important Investigations Under the International Joint Commission

Several years ago the governments of Canada and the United States requested the International Joint Commission to investigate the causes and extent of pollution throughout the boundary waters between the two countries, and to recommend such remedies as would adequately safeguard the public health of the people on both sides of these waters. This investigation naturally fell into two branches. In the first case the commission brought together and secured the views of representatives of the federal, state and provincial boards of health. As a result of this conference the commission was able to outline in a general way the scope of its investigation. It then engaged a corps of sanitary experts who under the general direction of Dr. Allan J. McLaughlin of the public health service of the United States; Dr. J. W. S. McCullough, chief officer of health of Ontario, and F. A. Dallyn, provincial sanitary engineer of Ontario, carried out what has been described as the most extensive bacteriological examination of waters the world has ever known. It embraced in fact the entire system of international boundary waters between the two countries, extending for a distance of some 2,000 miles from the St. John River in the east to the Lake of the Woods in the west. One of the most gratifying results of these bacteriological surveys was the assurance that the great bulk of the Great Lakes water remains practically in its original purity, in spite of the fact that eight or ten million people have contracted the very bad habit of dumping all their sewage into these waters, and that the entire shipping of the Great Lakes, carrying in one season not less than 16,000,000 passengers, has followed the same evil practice. Serious pollution was found at many points along the boundary waters, and particularly in the Detroit and Niagara rivers, where the cities of Detroit and Buffalo, with a number of smaller communities on both sides of the boundary, have been doing their best to make the water of these rivers unfit for human consumption. Severe epidemics of typhoid fever have for years past warned the lake cities that, while they were spending hundreds of millions of dollars on their streets and buildings, and parks, and in other ways adding to the comfort and convenience of their inhabitants, the most vital consideration of all, that of public health, was being neglected. If the International Joint Commission should achieve nothing more than to awaken the cities of the Great Lakes to the vital importance of protecting their water supplies, it will have more than justified its existence.

Having completed the first branch of its investigation, that is as to the sources and extent of pollution, the commission took up the very important question of remedies, and as an initial step held a conference in New York with a group of sanitary engineers, including men of international standing such as George W. Fuller, Earle B. Phelps and George C. Whipple of the United States, and W. S. Lee, F. A. Dallyn and T. J. Lafreniere of Canada. As a result of this conference and the subsequent deliberations of the commission it was decided to adopt, at least tentatively, certain fundamental principles for the preservation of public health upon which the experts were in agreement. The most vital of these principles is that, while in certain cases where the ratio of water to sewage is unusually large the discharge of the latter into boundary waters may be made without danger to the public health, "effective sanitary administration requires the adoption of the general policy that no untreated sewage from cities or towns should be discharged into boundary waters." The other principles adopted relate to methods of sewage purification and water purification.

Field work in connection with the second branch of the investigation was carried out by a corps of sanitary engineers and bacteriologists and sanitary engineers on the two branches of the investigation have already been published. The commission has now issued its own final report to the two governments, embodying its conclusions and recommendations. In that report, after setting forth the character and extent of the pollution, and the remedies recommended, it is suggested that the two governments confer upon the commission jurisdiction to regulate and where necessary to prohibit the pollution of boundary waters and waters crossing the boundary. While nothing has yet been done in the direction of conferring upon the commission jurisdiction to carry out its own recommendations, the two governments have within the past few weeks requested the commission to draft rules and regulations designed to meet the needs of the situation.

PEACE GARDENS

Edmonton Journal—Every pound or bushel of roots, fruits, or grain that can be grown in Canada this year will find a place in the nation's economy. More than that, the gardening habit proved one of the best tonics for busy Canadians that ever was. It did the average man a world of good to get out into the open and plant, hoe, water, watch and harvest. It made him a partner with nature as well as a producer for the nation, and it is safe to say that the aggregate benefit from the campaign in clearer heads and stronger muscles equaled the food value that came out of it all. Let there be peace gardens, then, this year. It is a habit well worth fixing solidly into the national system.

"Aren't you the man who used to sign yourself 'Taxpayer'?" "Yes," replied the citizen with a bunch of note-books. "Now they are not satisfied with my mere signature to that effect. The revenue collector requires an affidavit to it."—Washington Star.

PRINCE ALBERT'S NEW POST OFFICERS

The London Daily Chronicle learns that Prince Albert is now attached to the Air Ministry. Officially the only information obtainable was the admission that "Prince Albert is engaged on special work in connection with the department."

Unofficially, it may be added that the young prince's earnestness and interest in his work have been marked by those who come into contact with him, while his courtesy to everyone has made him popular among the staff officers.

already one of the most popular staff officers.

Although he has been in attendance at the Hotel Cecil for more than a week, few of his fellow-workers at the ministry were aware of his presence, for the prince is engaged on work in which he has his own attendants, and occupies a separate office.

Old civil servants confess their memory does not enable them to recall any other case of a prince of the royal family being attached to a government department for service.

Cabinet Prayer Meeting

The Rev. Samuel Chadwick, presiding at the anniversary meeting of the Birmingham Wesleyan Mission at the New Central Hall, Birmingham, told "how the War Cabinet resolved itself into a prayer meeting at one critical stage of the war."

"A message came through from Sir Douglas Haig saying, 'We have our backs to the wall.' The War Cabinet received the news in silence. Then a member said, 'Well, it has come to this now. It is Heaven help us!'"

The Prime Minister said, "Yes, that is just where we are; it is Heaven help us, so let us ask Heaven."

"Probably for the first time in British history a War Cabinet meeting was turned into a prayer meeting," concluded Mr. Chadwick.—Lloyd's Weekly.

A surprise party was held at the residence of Mr. and Mrs. George Ring, 24 Murray street, last evening in honor of their two sons, Harold G. and George W. Ring who have just recently returned from overseas, where they have been for more than two years. During the evening a beautiful gold pin was presented to each of them, accompanied by a suitable address. The presentation was made by W. Spencer. About fifty young people were present and a most enjoyable evening was spent in games and dancing.

"How's things in Plunkville?" "Well, bad little boys better look out now."

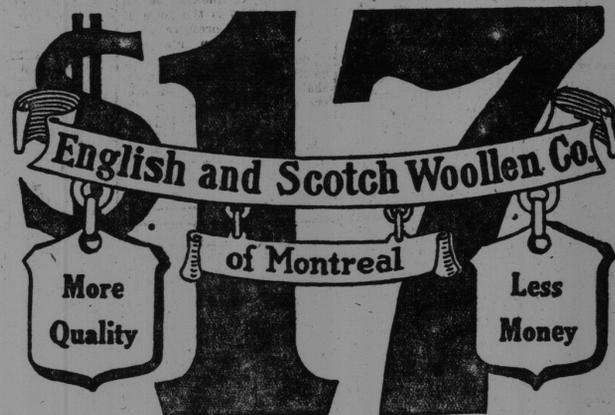

"Why so?" "We got a policeman."

"Does she carry a club or a slipper?"—Louisville Courier-Journal.

RIFLE— Trapshooting.

There will be trapshooting on the Rifle Range on Saturday afternoon, April 5, commencing at 2 o'clock, daylight time, sharp. Following are the events:

- 1—Five target match, for novices.
- 2—Five target team match for novices, two men to each team.
- 3—Ten target match, open.
- 4—Twenty-five target match, open.
- 5—Ten target, miss-and-out, match.
- 6—Special fifty target two-man match.

James McLaughlin of the Dartmouth Gun Club and mate, against O. J. Killam, of St. John, and mate.

This latter match is for a silver trophy, the winners being subject to challenge once only each month by two members of any trapshooting club in the maritime provinces. Mr. McLaughlin and mate are two of the best trap shots in Nova Scotia, and lovers of the sport will probably witness some spectacular work if all four men are in good form. In the recent fifty target match at Truro (N. S.), between McLaughlin and Killam each man broke 47, Killam winning in the shoot-off by the narrow margin of one point.

Jack Learment, representative of the Dominion Cartridge Co., who is well known to trapshooters throughout the maritime provinces, is coming over from Truro to take part in the shoot, and it is expected that the local shots will attend in large numbers.

Ammunition, targets, etc., will be for sale on the grounds and a competent committee will handle the various events. No guns larger than twelve bore can be used and all shooting will be from the sixteen yard line, flying targets, unknown angles.

BASEBALL

Alexander on Way Home.

Chicago, April 3—Grover Cleveland Alexander, premier pitcher of the National League, has sailed from France on the Rochambeau and is due to arrive in New York April 14, officials of the Chicago Nationals were advised today.

This news was conveyed in a cablegram from the star. Alexander probably will come directly to Chicago upon receiving his discharge. Officials of the Cubs hope to have him pitch the opening game, if possible on April 23.

Cobb With Detroit.

Augusta, Ga., April 4—Ty Cobb announced last night that he had virtually closed an agreement to sign again with the Detroit Americans and that all arrangements would be completed within the next two days.

RING

THE KENNEL

Local Club Meeting.

At the regular meeting of the New Brunswick Kennel Club, held last evening

the best known men in sporting affairs in St. John is behind the project and is expected to play a prominent part in the new management here.

It is also said that when the time comes for a complete announcement it will be found that the other tracks in New Brunswick will be found very largely at least linked up in the circuit with the Fredericton Park Association. In other words, if the circuit is not able to complete arrangements so that a meeting at St. John will follow the opening meeting at Fredericton on June 30 and July 1 and 2, Chatham will come in on those dates and the route will be around the circle in that way instead of from here to St. John, thence to Sussex, and so on. It is even said in most reliable quarters that the Moncton track—the Dominion Day meetings—over will prove one of the best members of the circuit.

HOCKEY.

The Sick Players.

Seattle, April 4—Joe Hall, one of five Canadian players, who contracted influenza here, is in a critical condition with pneumonia, and three members of the Seattle team—Roy Riecky, Muzay Murray and Manager Muldoon—yesterday developed the disease. There will be no further games. Hall's condition is causing the doctors much concern. Manager Kennedy is feeling much better, while Belandier, Coutre, Lalonde and McDonald are all reported on the road to recovery.

WRESTLING.

Zybaszko Wins.

Springfield, Missouri, April 4—Wladek Zybaszko, heavyweight champion wrestler, defeated Helmer Bjorkman here last night, taking two straight falls, one in twenty-eight minutes with a reverse body hold and the other in nine minutes with the toe hold.

RING

"A Joke" Offer.

Great Falls, Mont., April 4—It developed today that an offer of \$250,000 for the Willard-Dempsey fight made in a telegram to New York yesterday, was signed "Great Falls, A. A." and that it was sent to a local telegraph office by a stranger. As there is no such organization in the city, local fight followers regard the matter as a joke.

THE TURF.

Talk of a Match Race.

An endeavor is being made to match Baron A., owned by George Lawson, and Tommy Cotter, owned by H. L. Dryden, the race to take place in May.

CURLING

Thistle Club Annual

The annual meeting and banquet of the Thistle Curling Club was held in Bond's restaurant last evening. There was a full attendance of members, and an exceptionally enjoyable social time was spent.

The members met at the restaurant at 6.45 o'clock. An excellent banquet was served and to which, it is not necessary to add, all did full justice. The toast to the King was then proposed by the president, F. A. McAndrew, and was responded to by the singing of the National Anthem. Speeches were given by several of the members, and a particularly humorous one by Major Weeks.

After the conclusion of the banquet the meeting was called to order by the president, F. A. McAndrew, and the election of officers for the ensuing year was proceeded with. The following officers were elected: President, W. A. Shaw; vice-president, Dr. L. A. Langstroth; secretary, T. C. Ledingham; treasurer, D. McEllis; and chaplain, Archdeacon W. O. Raymond.

During the evening the prizes and trophies that were won in curling this season were presented by the president to the winners. The president's trophy was won by J. S. Malcolm, whose rink included Colonel McAvity, A. W. Estey and A. E. Prince. The junior trophy was presented to H. D. Sullivan, the other members of whose rink were A. G. McMulkin, R. M. Bartsch and C. J. Warwick.

After the usual speeches the meeting adjourned and the members spent the next few hours very enjoyably in games, cards and songs. R. S. Coupe acted as pianist and played most acceptably.

Semi-ready Shop Talk:

"You cannot buy good clothes for less money," said a merchant in a small town, in an interview published in his local paper.

Alex Kemp, whose experience as a practical tailor has long been known in Norwood, spent a year in travel and study of the business situation before opening his present store in this town.

One question put to every merchant he met on his travels: "Can the big stores buy Semi-ready tailored clothes any cheaper than I can?"

"They cannot!" was the invariable reply.

The people in the small towns and villages are urged to buy in large cities and through mail order houses with the argument that the large stocks in city stores are bought at less money, and can therefore be given to the public at smaller prices.

"This is not true about any dependable goods," said Mr. Kemp. "Cheap German imitations and home manufactured counterfeits by aliens who have brought in German methods were at the bottom of the five and ten cent stores and the Friday bargain department stores. Tawdry imitations of the real thing are manufactured, imported and sold to innocent buyers who did not even pretend to understand values and quality.

"I am selling Semi-ready suits at less profit than any department store works on. They are not cheap suits, but they do give as good service and satisfaction as the best custom-made-to-measure tailoring, which they actually are."

In the larger cities like St. John we sell at the label price, the identical same price East as West.

King and Gernsala.

Robins Win from Falcons.

In a bowling match on the Y. M. C. L. alleys, last evening, the Robins won from the Falcons by three points to one. The highest score for the evening was 111 and this was rolled by Stack of the winning team. The scores for the match were as follows:

Robins—	Total. Avg.
Carney	90 86 78 254 84-3
Stack	83 96 111 290 96-3
Milan	81 68 82 231 77
Cusack	82 78 79 239 78
Duke	88 88 94 268 89
	419 411 434 1264

Falcons—

McLaughlin	77 87 72 236 78-3
Bridgeo	87 81 75 243 81
Mahoney	103 75 109 287 95-3
Hennessey	72 82 91 245 81-3
Cotter	83 80 82 245 81-3
	422 405 429 1256

Pilots Take Three Points.

The Pilots took three points from the Lions in the City League series at Black's alleys last evening. The usual match game will be rolled tonight. The summary:

Pilots—	Total. Avg.
Beattay	85 98 83 266 88-3
McIntyre	90 86 85 261 87
Ramsay	104 89 80 263 87-3
Cromwell	82 90 94 266 88-3
Coughlan	99 131 79 309 103
	469 494 431 1368

Lions—

Lunney	99 105 82 286 96-3
McLeod	107 89 88 277 92-3
Flowers	79 85 87 247 82-3
Wheaton	88 107 91 286 95-3
Wilson	88 92 89 269 89-3
	450 478 447 1375

Barbour's Win Four.

In the Commercial Bowling League on Black's alleys last evening the team from G. E. Barbour Co. Ltd., won from the team from W. F. Hatheway Co., Ltd., taking all the four points. The highest score for the evening was 107 and this was rolled by Stagers of the winning team. The Post Office and Emerson & Fisher Ltd. will roll tonight. The scores for the match were as follows:

TRAPSHOOTING

All persons interested in Trapshooting are invited to attend a meeting to be held in the Board of Trade Rooms, Friday evening, April 4th, at 8 o'clock, Daylight Saving Time, for the purpose of forming a Trapshooting Club. The attendance is urgently requested of all those interested in this form of sport and in the preservation of game and in the maintenance of our game laws. It is intended that the St. John Association shall affiliate with various others now being formed throughout Canada and the opening matches of the season will be held on the Rifle Range, Saturday afternoon at 2 o'clock and will be open to all members.

In the club rooms, eighteen new members were elected. The committee reported that the evening shows held during the winter were a good financial success.

The thanks of the club were tendered to the judges who officiated, Sergt. Thos. McCullough, Ralph Preston and William W. Leung, for able services rendered also to Commissioner Thornton for kind assistance in making the shows successful. The club decided to open permanent headquarters at once and a room committee was appointed to make all arrangements.

Two important amendments to the constitution were proposed, and it was decided that at the May meeting action would be taken on the advisability of holding the annual fall show.

TURF.

New Brunswick Circuit.

J. D. B. writes in the Fredericton Gleaser:—

"One of the most important statements that can now be made is that, despite other information to the contrary, the promoters of the circuit have been working quietly on the proposition of having St. John as one of the principal cogs in the circuit machinery and that it is expected Moosepass Park will be operated under the most progressive management that has been in charge of the famous course for many years. One of

OTTAWA'S TURN

Montreal Herald:—In Washington bankers, manufacturers and workers are organizing to get at the roots of Bolshevism and present a united front to the elements of disorder. In England there is a country-wide movement to promote co-operation in every phase of the nation's industrial and commercial life. Tom Moore, the president of the Dominion Trades and Labor Congress, states that there is trouble in the air, and adds that the remedy for the unrest and impatience which breed the menace of lawlessness is co-operation, a getting together of capital and labor, employer and employee, to remove exasperating differences and obstacles and hammer out a common basis of action. Surely Ottawa is able to give a lead in such a movement just as well as Washington or London!

FIVE SHIPS WITH MARRIED SOLDIERS AND DEPENDENTS

London, April 4—(Canadian Associated Press cable)—Five sailings for married men and dependents have been arranged for April.

The Wellington
THE UNIVERSAL PIPE

The Wellington
is more than a good pipe—

it's a WDC Pipe, a genuine French briar; it's a good smoke; it's peace; it's comfort; it's quiet meditation—all done up in one sweet brown package. The well catches all moisture and the top-opening bit sends the clean, dry smoke up away from your tongue. Good dealers have the Wellington in the shape and size you want, at \$1.00 and upward.

GOVERNMENT MAY TAKE OVER THE GRAND TRUNK

Probable Outcome of Situation Says Sir Thomas White

POSSIBLE ALTERNATIVES

Criticism of the Government and Answer to Critic—Finance Minister Speaks of Credit of Canada in Motherland

Ottawa, April 4—That acquisition of the Grand Trunk Railway by the government will be the probable outcome of the present railway situation was a statement by Sir Thomas White, when the bill confirming the appointment of a receiver for the Grand Trunk Pacific was being considered in committee of the House of Commons yesterday. Sir Thomas said he could not make this statement definitely, and suggested as possible alternatives that the government might resort to suit or foreclosure.

When pressed by F. S. Cahill for a more definite statement Sir Thomas said that it was impossible for him to say more, as negotiations are proceeding. Hon. Charles Murphy asserted that under such circumstances it was not reasonable to expect the house to proceed with the bill.

There was some criticism of the action of the government by Major Thomas A. Vieu, who regretted that an order-in-council appointing a receiver had been passed before the government had declared its railway policy. He maintained that the government had relieved the Grand Trunk of its liability in respect of the G. T. P. and that it has done just what it wished to avoid.

R. L. Richardson of Springfield was critical of the attitude of the previous speaker. He declared that there appeared to be a conspiracy on the part of certain newspapers to help the Grand Trunk, and resented the suggestion that the Grand Trunk Company should be treated with generosity. It would be useless, he said, to pour more money into the railways, and there was nothing left but public ownership. "The babies," he said, "had been left on our doorstep and we had to nurse them."

Sir Thomas White explained that under the receivership the government will not pay interest guaranteed by any of the provinces. The government would pay only enough to operate the system. He denied that the action of the government in regard to the Grand Trunk would hurt the credit of Canada in London and read a cable from Sir George Perley to the effect that the credit of the dominion was good in the mother country.

GOES TO RUSSIA IN COMMAND OF ENGINEERS

An interesting letter was received from Lieutenant-Colonel J. Carleton Brown, R. E., this week, written in February before he left for Batum, Southern Russia, with the 273rd Railway Company of the British Saloniki force, which has been re-fitted and reinforced to form part of the army of occupation in the Middle East. In an extract from his letter, he says:

"It is with great satisfaction I am to take with me intact my old company, the 273rd Royal Engineers. They are all picked men, fine soldiers and well trained in railway construction. We go by the way of Constantinople to Batum a port on the Black Sea, where I will be in charge of railway work, in all its branches, for the army of occupation. A railway of 300 miles runs across the country to Baku, a town on the Caspian Sea. Some of the fiercest battles were fought by the Russians and Turks in this vicinity consequently, much has been destroyed. We expect to camp in or near the Caucasus Mountains. Lieutenant-Colonel Brown, in 1915 went overseas with the 55th Battalion as a lieutenant. Shortly after arriving in England he became attached to the 273rd Railway Company of the Royal Engineers and was sent with a draft of men to Saloniki where he has been since that time. His career has been a fine one and his capabilities as a soldier and in engineering have been fully recognized by those in authority or he never would have been given command of such an important expedition. He is a New Brunswick man and St. Stephen in his birthplace. He expects to remain in the Middle East for a year or more.
