Russians Defeat The Germans Decisively In Poland - Is Chief Fighting News of The Day

Czar's Men Break Up Great Army of the Kaiser In All-Important Battle

Stirring News From Unofficial Sources is Confirmed by Staid Official Announcement From Petrograd—Enemy Fleeing Towards Frontier, Says One Report — An Entire Regiment Surrenders

Paris, Nov. 24.—The Petrograd correspondent of the Matin says: "The Russians, after having checked the German offensive on the Plock-Leszyn front, gained on that side a brilliant decisive victory. The enemy, who had heavy losses, is flying with all speed toward the German frontier. An entire German regiment surrendered to the victors. The Russians are energetically pursuing the enemy."

"The Russians also are vigorously attacking along the Czestochowa-Cracon line. This day seems to mark one of the most important and, perhaps, the decisive phases of the war."

GERMAN ARMY BROKEN UP

London, Nov. 24.—The Times' Petrograd correspondent, in a despatch, supplementing one declaring that private advice received in the Russian capital had confirmed the reports of a Russian victory over the Germans in Poland, says:

"According to unofficial information, reaching here, the German army of 400,000, which made an eruption between the Vistula and Warta Rivers, has been broken up into several parts, one of which is compelled to divert its course southward, and another northward."

"Apparently in each case the Russian forces succeeded in getting behind these disjointed corps and inflicted upon them great losses. The Germans are believed to have suffered very heavy reverses at Breziny and Tuszyn. It is impossible to give even approximate figures."

GERMAN RETREAT, OFFICIAL STATEMENT

London, Nov. 24.—An official communication given out in Petrograd, according to an Exchange Telegraph despatch, announces a German retreat in Poland. The statement follows:

"Between the Vistula and the Warta the Germans have retreated from the line running from Strykowo, Zgierz, Szadek, Zunska wola and Wozniki."

The line from which the Germans have retreated, according to the despatch, runs from the northeast of Lodz down past Mlowna, and to the southwest.

NEARLY 600 NOW IN THE 26TH

Recruiting Campaign Being Carried on With Spirit — A Clerks' Company—Local Soldier News

Slowly but steadily the ranks are filling. The tramp of marching feet is heard louder, swelled by sturdy ranks of the city and province adding to the many already enrolled—will it be the tramp of a thousand? "Your King and Country Need You" was the message on leaflets carried through the city today in front of every street car. "Your King and Country Need You" is on orange printed sheets in store windows and on billboards. "Your King and Country Need You" is heard on all sides today, there is no fear but that the call will be heard. But will the summons be fully answered?

Already 591 have been enrolled. As many more are needed. New Brunswick will have to seek in other fields to fill the places of her sons. "Fifty men a day" is the watchword, and that number must daily be secured for the New Brunswick battalion will be dependent upon west for its men. Today automobile sites of recruiting officers again visited outlying sections of the county and added more names to the lists. Other officers were busy about the city and are conducting a tour of the various business houses, with the hope of being able to form a "clerks' company" in this or they are meeting with a ready response. Some fifteen men were taken on the strength of the 26th this morning at the army, almost all of whom were from St. John, while there were several from rural parts. By tonight he expectations are that the battalion will have about 600 men.

TURNING OF TIDE IN FAVOR OF RUSSIANS; NO CHANGE IN CONDITIONS IN BELGIUM AND FRANCE

Accepting the official reports of the Russians as correct, the tide of the great battle in Poland, has turned in their favor. How important the change is and to what extent it will influence future operations in the struggle between Russia and Germany was not apparent today.

The Russian war office, whose statements were vague and noncommittal for several days, when the tension was running highest, and the Germans, to all accounts, were pressing swiftly toward Warsaw, made today its first definite announcement concerning the crucial battle. It is announced that between the Vistula and the Warta Rivers, the Germans had retreated. Germany's latest official statement gave partial confirmation, although there was no hint of a retreat. It was to the effect that the arrival of Russian reinforcements had postponed the decision.

In the war with Turkey, also, Russia claims the advantage. The forces which pushed down through the Caucasus into Turkey which Petrograd admitted a few days ago had been compelled to retreat, are now said to have assumed the offensive and to have pushed toward Erzerum, a Turkish city near the eastern end of the Black Sea. The general staff of the army of the Caucasus announces that a Turkish column was put to rout.

It states also that the Turks were defeated in two engagements in northern Persia.

In the west the opposing armies still held to the positions which they have maintained with few changes, for the last two months. Here and there along the 300 mile line, notably at Ypres and Soissons, and in the Argonne, there was slight fighting but apparently with no results other than momentary advantages for one side or the other.

Germany scouted the idea that she is desirous of making peace. The semi-official Cologne Gazette characterizes reports of this nature as belonging to "The region of high political idocy."

OFFICIAL FRENCH STATEMENT

Paris, Nov. 24.—The official statement given out in Paris this afternoon says that generally speaking the situation on November 23 showed no changes of importance.

The text of the communication follows: "Speaking generally, it may be said that the situation during the day of November 23, has shown no important changes."

"Along the greater part of the front, the enemy manifested his activity particularly by an intermittent cannonading, which was, however, less spirited than on the preceding day."

"Nevertheless there were here and there some infantry attacks, all of which were repulsed. As we have come to expect these attacks were particularly violent in the Argonne, here we gained some territory, and in the region of Four-Bains."

"There is nothing to report between the Argonne and the Vosges and further west, where a very heavy fog has interfered with operations."

"The sanitary conditions of the troops are favorable."

GERMANS NOW 4,000,000

Paris, Nov. 24.—The Temps correspondent at Copenhagen reports from the Danish frontier a telegram saying that Krupp has increased its capital by 70,000,000 marks to a total of 200,000,000 marks, in order to build new factories to execute the enormous military orders of the German government.

It is stated that the German government has ordered the construction of nine army corps, four millions of men, known now to be in the field.

ARMED MOTOR FLEET

London, Nov. 24.—A Times correspondent in Amsterdam says the Germans are placing in shape a large number of armed motor boats for use on the Belgian canal. They are, he says, high in engine power, and are armed with quick-firing guns.

Disgraced. Amsterdam, via London, Nov. 24.—The Berlin correspondent of the Telegraph states in a large number of officers who broke their parole and escaped from Holland, have arrived at Ossabruck. They were summoned before a court of honor, the correspondent declares, and must leave the army.

D.D. DAMAGE AT ZEPPELIN SHEDS

More Details of Thrilling Raid By Aviators

WERE THERE FOUR AIRMEN?

Report in Switzerland Says One Was Drowned—New Zeppelin, Just Ready, Said to Have Been Badly Damaged

Geneva, via Paris, Nov. 24.—Details of the aeroplane raid on Friederichshafen have been received here from Roman-shorn, a Swiss town eleven miles from Constant. From this account it appears that two French and two English aviators, the former on monoplane and the latter on biplanes, arrived above Friederichshafen at one o'clock on Saturday afternoon, flying at great speed and keeping at a great height.

Suddenly two of the machines plunged down to about 400 yards above the city and amidst a hail of shot and bullets from six quick-firing worked by the men of the Bavarian regiment, circled about for half an hour during which they threw about ten bombs in the vicinity of the shed and machinery therein. It is reported that one of the latest Zeppelins which was ready to be launched was badly damaged, but the Germans deny this.

The thousand or more workmen employed about the place were at dinner when the raid occurred, or the loss of the workmen has been greater than it was. One house was destroyed by the bombs and several persons were killed, including two soldiers.

The number of the German soldiers brought one of the aviators to earth with his machine. He proved to be a British naval officer. The three other machines disappeared, but one of them, supposed to be manned by the other Englishman, is reported to have fallen into the lake and the aviator drowned.

Another report says the second machine was forced to land in Wuerzburg. In any event, only two machines were seen later flying toward Belfort, which is 120 miles from a direct line from the Zeppelin establishment.

The raid is said to have caused much anxiety in Friederichshafen. The number of quick-firing has been doubled and all foreigners, it is said, have been expelled as it is believed that spies gave the information that another Zeppelin had been completed. The lake is being searched for the aviator who has not been accounted for.

The British official report on the air raid is as follows: "An announcement in the House of Commons by Mr. Churchill, First Lord of the Admiralty, declared that only three aeroplanes, all manned by Englishmen, took part in the raid."

Mr. Churchill announced that one of the aeroplanes was brought down by the German gun fire and that the aviator, Commander E. F. Briggs, of the Royal Naval Air Service, was taken to a hospital a prisoner. The other machines with their aviators, he said, returned safely to French territory.

FAT FEES FOR THE ATTORNEY-GENERAL

Succession Duties to Give Province Record Contribution in Coming Year — Fatality in Maine

Federated, N. B., Nov. 24.—The government of New Brunswick is likely to collect a record breaking revenue from succession duties during the coming year. It is said that three citizens of St. John who have recently acquired estates aggregating more than a million dollars. Then there is the case of Lord Stillsmead, a former resident of Carleton Place, Ontario, who has recently acquired a large estate in the New Brunswick Railway Company, which owns many thousands of acres of timber land in York, Carleton, Victoria and Madawaska, and worth, it is said, some \$4,000,000. His interest in this property is liable to succession duties and negotiations for settlements are now being carried on. Last year the attorney general was paid \$3,000 for collecting succession duties, and already the present attorney general has upwards of \$10,000 in sight.

Stillsmead, a prosperous farmer of Carleton Place, a former resident of Southampton, York Co., was accidentally killed on last Friday by a premature explosion of dynamite on his farm. His face and part of his head was blown off. He had set the dynamite the night before, but it failed to explode. Next morning, while probing at it with a crowbar it went off. His body was found by his brother. Interment was at Southampton on Sunday.

FINALLY GET THERE

The embargo that was placed on all cattle from Canada during the outbreak of the foot and mouth disease epidemic in the United States was the cause of two carloads of sheep enjoying an excursion about the country. The sheep were shipped two weeks ago and arrived at Boston about the time the embargo was placed on Canadian cattle. They were from Kane & McDonald, of this city and were destined for Armour & Co., Chicago. On account of the ban on the Canadian animals they were sent back to the shippers here. They immediately prepared the woolly fellows for shipment to Montreal, and they were in the cars, ready to leave on Saturday, when the announcement came that the embargo had been lifted. So they were sent along to Chicago, for which city they were originally intended.

Steam Schooner Hanalet Struck in Fog on Rocks Near San Francisco—Death Comes After Awful Hours of Suspense

San Francisco, Nov. 24.—The steam schooner Hanalet, ashore on Dixbury Reef, broke in two just before dawn today with fifty eight souls aboard. Three passengers and two seamen swam ashore. There seemed small hope for any others.

The schooner, which has been pounded by the surf since yesterday when she ran ashore in a fog, went all to pieces. Her bows, which hung over the reef and had been twisted to a right angle, slid into deep water and drifted to within 100 yards of the beach. The quietude that came ashore swam from this wreckage.

Sixty-five persons were huddled on the decks of the schooner early today, as she pounded on the reef. Ashore life saving crews shot lines toward the craft as she was slowly breaking up. Some of the bombs fell short, one hit the side of the vessel. Her masts and rigging were a sweep of wreckage over her side.

Dixbury Reef is at the end of a deep narrow channel running north from San Francisco harbor along the very side of the cliffs. Big and little boats follow it in and out to avoid a big welter of shoal water known as the "Potato Patch," which begins just beyond the channel and runs for miles to sea. In the weather it is easily navigated.

Later. San Francisco, Nov. 24.—Thirteen more persons were rescued, including Captain J. J. Carey, of the Hanalet.

RECRUITING INQUIRY BEING MADE IN STATES

Charge of Attempt to Inveigle Two Men Into Enlisting

Chicago, Nov. 24.—An investigation of alleged attempts to recruit Chicagoans for the Canadian expeditionary force is being made by United States District Attorney Charles F. Cline, who has ordered Edward Jacobs and Gustav Bachman to appear today to sign statements in the hands of government officials, which they were investigated, as it is charged, into a trap from Chicago to Winnipeg two months ago.

The men say they understood they were to be given employment on a grain ship. That at Winnipeg they were taken to the Fort Osborne station and an effort was made to recruit them. They say that when they refused to swear allegiance to King George they were left stranded in Chicago.

Bachman and Jacobs, it is said, were spoken to by James T. Deacon, who, they say, is the local representative of Captain Eugene H. Houghton, of Winnipeg, Deacon, in a letter which now is in the hands of government officials, admits, it is said, acting as a recruiting agent, but insisted that the two men were aware they were to enter the army.

MATTER OF JAMES READY'S WILL IN PROBATE COURT

In the probate court today, in the matter of the estate of James Ready, there was return of a citation to pass the accounts of Alexander E. Barnhill, Miss Mary Ready, T. Louis Ready and The Eastern Trust Company, the executors and trustees. The accounts which were not final, were gone into; found correct and passed.

The executors and trustees have not been able to ascertain the whereabouts of two of the sons, James Francis Ready, who was last heard from at a military camp in Leavenworth, Kansas, and who is entitled to the interest on \$10,000, and Hugh Ready, who was last heard from from Chicago, for whom there is interest on a like sum. Any one knowing the whereabouts of either is requested to communicate with the executors or with the court. Barnhill, Ewing & Sanford are proctors.

The will of John Willet, blacksmith, was proved. He gives all his estate to his wife, Bertha Amelia Willet and nominates her as executrix. She was sworn in as such. A fine example of generosity in the treatment of employees who are enlisting is being given by Manchester, Robertson, Allison, Ltd. SIXTEEN ABOVE THIS MORNING; LIKELY WARMER TOMORROW

St. John felt another chill last night from King Winter's icy breath, which sent the mercury down during the early hours of the morning to sixteen degrees above the zero mark. A stiff little breeze from the north made the case of those who were out single. This morning at nine o'clock the mercury had climbed but four degrees but a slightly stronger wind cooled matters up. The temperature is still below the freezing point, but the forecast for tomorrow promises rising temperature.

Coming at a time when the London Stock Exchange is closed and financial markets are in a state of confusion, the success of the loan is considered a remarkable indication of the determination of the country to enable the government to prosecute the war to a successful end.

"At the first of the year I intend to go south with my wife to rest. I have had a pretty strenuous time, and I think that the trip will do me good. I do not know when I will return, but I will likely be away for at least a year. I have not the faintest idea of what I will do in the future."

A CALL TO ARMS

(By Joseph S. Knowles) Come from the office and come from the farm and come from the forge; Come from the rich and come from the poor; Come to the aid of our own King George.

Chorus:—March, March, Loyal Canadians; March, March, Loyal Canadians; What are you waiting for? Why don't you come.

March, March, Great Britain wants you! List to the bugle-call, and roll of the drum.

When our banner spread flutters above your head, Think of our soldiers' deeds, famous in story; Come and make ready then; how proud you'll be when King and the Empire's glory.

Chorus:—March, March, etc. Why do you hesitate, when Great Britain's aid? Depend upon you for assistance and aid? Volunteer now, young men; later may be too late. Answer the call—to arms and join the Brigade.

Chorus:—March, March, etc. (Copyright applied for)

REV. R. J. HAUGHTON REPLIES TO STANDARD

Declares the Pulpit Should Fearlessly Proclaim the Right and the Truth — A Caustic Oration

St. John, N. B., Nov. 24, 1914. Editor Times: Sir—While I have no apologies to offer to any man for my sermon against unrighteousness and dishonesty, preached last Sunday evening, I am convinced that the time is already here for it to be perfectly understood that when the Christian pulpit must remain mute upon the great principles of honest living and righteous government, then will not only individual character but national character and existence as well be in serious peril. One of the greatest utterances of the Church was made in Pikes when he said: "To this end was I born, and for this cause came I into the world, that I should bear witness unto the truth; whosoever therefore will live in him, he must love the truth; and the truth shall make us free." It is the "truth" that too often we do not want to hear today. Lots of people inside the church as well as outside do not wish the "truth" and yet it is not that always the mission of the pulpit—to bear witness unto the truth.

In reply to the charge of the Standard that my "righteous indignation did not burst forth when Dr. Pugsley borrowed from the provincial treasury the sum of \$5,000 and only returned it after the government he supported had been swept from power and exposure imminent," I must very emphatically say that this is the very first intimation of such a transaction on the part of Dr. Pugsley, for I was not in the province at the time of the alleged misdeed. And yet, I do know it is a misdeedman to "borrow" Lots of men have to "borrow." However, if Mr. Pugsley or any other public official, belonging to any political party whatsoever, were shown guilty of the acts of Mr. Flemming, I should feel perfectly justified in preaching as I did on Sunday evening last, and should do so again.

Character is still the greatest asset of any man in his dealings with his fellow men, and the greatest passport to positions of trust and responsibility in the business world; and politicians of each and every party must come sooner or later to learn the same great truth. It is not fair for the Standard to seek even in a roundabout manner to muzzle the preacher and stifle and misconstrue his message. Every Christian minister has the right to ask the question that Peter and John asked of the Jewish rulers, "whether it be right, in the sight of God, to hearken unto men more than unto God, judge ye?"

Can it be true this age is repeating the experience of the times when Isaiah said: "This is a rebellious people, lying children, children that will not hear the law of the Lord, which say they see; they say they know, but they will not understand; they have despised his word and trued in oppression and perverseness, and know not his counsel, therefore shall they be as a breach ready to fall, swelling out in a high wall, whose breaking cometh suddenly in an instant." (See Isa. 60-61) Very truly yours, RALPH J. HAUGHTON.

J. L. SUGRUE REPLIES TO COMMISSIONER POTTS

St. John, N. B., Nov. 24, 1914. Editor Times: Sir—In your issue of Saturday, November 21, you publish an interview from Commissioner Potts on the Trades and Labor Council meeting of Thursday, November 19, in which Mr. Potts makes a direct attack on me as president of the council. Commissioner Potts quotes me as having said on the public platform, during the last civic campaign, that he and I were the only candidates who had a platform that commanded the support of the labor party.

This is a mis-statement on the part of the commissioner. My remarks at that time were the same as those made by Commissioner Potts when addressing the Trades and Labor Congress convention, that is, that the electors should insist on candidates who they support publishing their platform or telling them what they intended to do if elected. In regard to having assured Commissioner Potts of my support if defeated, I wish to say that I had sufficient reason for changing my plans, after the action and tactics of some of that gentleman's supporters in the primary election. I have absolutely no recollection of ever having given the commissioner any definite assurance of support.

In his interview he hints at reasons which induced me to change my plans. Over the telephone on Sunday, November 22, he informed me that these reasons were that I had received hundreds of dollars for supporting other candidates. This is an absolute falsehood, and I am prepared to make an affidavit to this effect before any justice of the peace. Of course I presume Commissioner Potts is ready to inform the public he won his election without paying a dollar to his ward representatives or other supporters. It might be worth while for him to know that the delegate to the council who was particularly anxious about a recall was one of his most ardent supporters in the last civic campaign. If Commissioner Potts feels he can cover up his position by a personal attack on me he sadly mistakes; for a man who pretends to be, and made the canvass the gentleman did, as a labor candidate, he certainly, in my opinion, could have made 't'hold have, made some recommendation to the council on the matters referred to him by the Trades Council. But no, Mr. Editor, Mr. Potts, as he informed the council, is running his own department.

In conclusion, I wish to say that I still have faith in the city council, despite the fact that he (Potts) is a member. Yours, etc., J. L. SUGRUE.

Quebec, Nov. 24.—In the severe storm that swept the Gulf and lower St. Lawrence on last Saturday the Hendon Hall of the Furness-Wilby Company, Montreal, lost her way and crept up the rocks of Trinity Bay near Pointe-aux-Monts, Quebec coast, and foundered, tipping her vessel on her side. All the crew escaped but the vessel is regarded as a total loss. She was on her way from Cardiff to Montreal for wheat. She was in charge of Captain E. Frost.

GLASS OF SALTS IF YOUR KIDNEYS HURT
Eat Less Meat if You Feel Back-ache or Have Bladder Trouble
Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.
To neutralize these irritating acids and flush out the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salt is made from the acid of grapes and lemon juice, combined with lithium and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.
Three letters have been found in the treasury department at Washington, after having remained in a crack in the wall for twenty-seven years. One of the letters contained money sent to the treasury to be refunded, while one of the others was an outgoing letter. It was mailed the day after it was found.
Twenty-five dollars "for scrubbing of the tombstones of my neighbors in the graveyard" was one of the peculiar bequests in the will of Mrs. Margaret H. Schmidt of Belleville, Ill.

CANADA IN THE WAR
S. E. Elkin, manager of the Maritime Nail Works, returned yesterday from London. He said that business in London was very good and the people were not in fear of any German invasion. Following the announcement of any reverse of the allied forces, he said, there was always a rush at the recruiting offices, while when everything was going all right volunteers came in slowly. Mr. Elkin visited Salisbury Camp and was talking with Major Sturdee, Captain Ronald McAvity and Lieut. Welsh. Joseph Mahoney, of this city, with the first Canadian contingent, has been promoted to the rank of corporal.
The St. John City Rifle Club held a special meeting last evening with a view to preparing for any emergency of defence. It was decided to recruit the club to 125 and make arrangements for drill and rifle practice. A recruiting committee of Capt. E. A. Smith, Capt. James Manning, A. G. Staples, R. A. C. Brown and Sgt. J. G. Sullivan was appointed to arrange for an indoor range.

It is also likely that the honorable minister will seek a loan of \$20,000,000 in New York to pay a deficit in the ordinary account this year.
Recruiting for the 28th battalion yesterday was better than it has been for some time and the recruiting campaign about the province is beginning to show results. Capt. Elliott, from the vicinity of St. Stephen, sent the names of twenty prospective members. H. A. Powell, K. C., and Bishop Richardson will speak at a meeting in St. Stephen Thursday evening.

To emphasize the British government's appreciation of the gifts which the people of the United States are sending in the Santa Claus ship Jason, the government has decided to have the Earl of Beauchamp and Francis D. Ackland meet the vessel on its arrival, and welcome the American commissioners and receive the toys intended for British children. They will leave London for the port of the Jason's arrival on Wednesday morning and on that evening will entertain the American commissioners and officers of the Jason at dinner.

THE WAR NEWS

The most satisfactory news for some days past is that which comes from Petrograd today in an official communication announcing that the Germans have been compelled to retreat between the Vistula and Warta Rivers, where they had been making the most desperate efforts to break through the Russian centre and capture Warsaw.

The necessity is the greater for a complete revolution in provincial affairs. These men have been tried and found wanting. They must give place to men who entertain higher views concerning the conduct of public affairs.

THE MUNICIPAL CONVENTION

Tomorrow and Thursday the annual convention of the Union of New Brunswick Municipalities will be in session in the court house in this city, and the meetings will be open to the public. This will be the ninth annual convention of an organization which has already done the province good service in promoting desirable legislation and opposing the adoption of legislation of a pernicious character.

If recruits are required at the rate of fifty per day in this province to fill up the ranks of the New Brunswick battalion in the required time, the response must be much more hearty than it has been thus far.

FLEMMING MUST GO

The Times reprints the comments of the Ottawa Citizen and the Toronto World, which are Conservative papers, and the Liberal Toronto Globe and Montreal Herald on the political situation in New Brunswick, with special reference to Premier Fleming.

The pulp is joining with the press in speaking plainly regarding the premiership of New Brunswick. How much longer is the present condition of affairs to be continued?

"If his honor the lieutenant-governor does not feel it his duty to dismiss Mr. Fleming, we hope for the sake of decency in public life that the Conservatives of New Brunswick will rise in their might and repudiate Mr. Fleming as their leader."

The St. John Standard and Fredericton Gleaser stand alone in defence of Mr. Fleming, and in open defiance not only of the report of the Royal Commission but of the denunciations of public life. It must be added, however, that they are encouraged to retain this attitude by Mr. Fleming's colleagues.

Not only in Montreal, Ottawa and Toronto, but throughout the province of New Brunswick right thinking people are beginning to ask with growing insistence what action Lieut.-Gov. Wood proposes to take in the face of the Fleming letter and the inaction of Mr. Fleming's colleagues.

COMPLETE CHANGE NEEDED

The Fredericton Gleaser, which got some of the Valley Railway money, says that Mr. Carvell is welcome to any satisfaction he may be able to get out of the findings of the Royal Commission, and it asserts that "the general opinion among the people of New Brunswick is that in the matter of the Dugal charges his bluff has failed him once more."

Hot water is the best treatment for a sprain. It relieves the soreness and reduces the inflammation. Absolute rest is necessary. After bathing the injured part with hot water it should be bandaged and kept damp with witch hazel.

If the sprain is very bad this treatment may be used until the doctor arrives. Always keep a bottle of tincture of ammonia in the house to be used in case of bruises, cuts or wounds. Wet a cloth with it and apply around the injured spot. It will be found to be cooling and soothing.

APPLE BUTTER

(By Peter McArthur) The chief trouble with apple butter is that it is altogether too good to be used as a liberal part of the daily ration. Those who are not accustomed to it are likely to begin by eating it as freely as if it were merely "apple sass," and it is so rich that they become satiated and perhaps even "take a condiment or relish. Spread thinly over bread and butter it adds a touch of unusual palatableness that makes children fortify themselves with great quantities of the stuff of life. Sandwiches made with it make them enjoy the lunches carried in their school bags and workmen find it equally appetizing in their dinner pails. But apple butter is so strong, so concentrated, that it must be taken with discretion if it is to be used regularly.

In the good old days, the days when practically all the food products used on the farm were made at home—when we cured our own bacon, dried and canned our berries, preserves and canned foods—thriftier farmers' wives thought nothing of making a barrelful of apple butter that they could have to use in those months when fresh apples cannot be procured. I have distinct recollections of the barrel of apple butter that used to stand in the milk house through the winter. It didn't hurt it a bit to get frozen at ordinary temperatures. This cider was delicious to drink on the sly and a spoonful of it added to a glass of hot water made a drink as refreshing as the first cider made from the early harvest apples. But the good old days are a memory now and apple butter is now most all the other farm delights is now made in factories and sold in little jars that hardly suggest the contents of the old oak barrel filled to the brim. When it comes on the table now it is as a rival of marmalade and to the taste of many it is more grateful and stimulating.

This year, however, the prodigious wealth of apples in the country has led anyone with the courage to make a barrel of the old oak barrel filled to the brim. When it comes on the table now it is as a rival of marmalade and to the taste of many it is more grateful and stimulating.

"The Follies of the Day" Replete With Mirth Provoking Comedy and Catchy Music—Second Week of Thompson Musical Comedy Company

The Imperial commenced another well warranted to keep the interest the highest pitch throughout the next days. Dai Marion and Avis Cameron are a duo of New York vaudeans who impart the true Broadway to their very dainty performances. A dressy little entertainment they very and Miss Cumberland's Scotch dancing and modern dancing with Marion are truly remarkable. She perhaps the cleverest exponent of the forms of dancing yet seen in St. John. Forbes Law Duguid is singing "A of the Desert Am L" with stirring music effect. other surprise was the unannounced showing of a special war bulletin taken by the Eclair Company of Paris. This contained the exciting scenes following the German occupation of the Belgian city of Ghent. It showed the Belgians hurriedly retreating and the Kaiser's army entering the place. On Friday and Saturday the Imperial will show another budget of special views depicting the arrival of the British at Ghent—with the Belgians who drove the invaders out. A splendid Edison Japanese drama, the Heart-Song Weekly with more war pictures and a Biograph comedy completed the bill. Tomorrow a five-part Kaleidoscope story "Shannon of the Sixth" will be the unusual attraction.

The scenic features were attractively arranged and the mountings in the

second act, when there was a glimpse into Hades showing many a poor creature being spending eternity, were especially original. There was much fun in last week's piece "The Travelling Man"—there was even more fun in the second production which will continue all this week.

"The Follies of the Day" abounds in amusing situations bright, crisp, dialogue, and sprightly dancing and singing. It affords laughter "by the yards," and the responsibility for much of the fun is placed upon the leading comedian of the clever little company, Jack Westerman, who rises most capably to the demands upon his talent, and whether it be to his credit to use the remarks or not, he certainly made a fine devil.

The theme of the musical piece hinges upon the doings of the present, the hereafter and, as Tom Walker, a colored servant, Mr. Westerman had the centre of the stage most of the time and the audience welcomed his every appearance, both while he was on earth" as the servant, and in "Hades" taking the place of His Satanic Majesty on his fiery throne. While the laughs were abundant during Tom's early predicaments in the home of Mr. Dupree, in which Allen Carter again made a successful showing, there was a greater display of mirth during his reign in the afterworld when he sent out "justice" to those who came before him, apportioning each to his fated lot, while he himself, sought the position of "foreman of the cold storage department."

Several pleasing song hits were given in the production and the music was of the "crazy" variety, with a tuneful, jaunty swing to it; local touches and applications of home affairs to the dialogue provided additional humor. Among the more popular song numbers were "I want to go back to Michigan" in which Mr. Carter afforded pleasure, assisted by the chorus; "Teach Me How to Swim," sung by Josephine West, with the chorus provided an attractive tableau, and "When a Maid Comes Knocking at Your Heart," sung by Miss Janice and Mr. LeRoy. Other song successes were given, adding to the general attractiveness of "The Follies of the Day."

THE RED CROSS NURSE BIG FEATURE AT GEM

Patriotic Drama With Present War as Background—Appropriate Orchestra Music

A three part feature of patriotic interest, making adventure and romance from the battle front was given at the Gem Theatre yesterday, entitled "The Red Cross Nurse." The audience was shown the stirring scenes through which the brave little woman in nurses uniform was compelled to pass in ministering to the wounded.

The orchestra had a programme of patriotic numbers and there was a Lubin comedy, "He Woke Up in Time," which was very laughable. This show will be given again today.

The story of "The Red Cross Nurse" is not one of the old hackneyed type. It is something entirely new, and original, and deals with characters and scenes in the present war. The nurse is of royal blood and her kingly father forbids her marriage to one who is thought beneath her rank. The climax to the romance is wrought through a courageous act of the nurse on the field of battle, and wedding bells for a brief period give way to the noise of battle.

EIGHTEENTH CHAPTER OF MILLION DOLLAR MYSTERY A STARTLING EPISODE

Although the phrase "The best yet" is inclined to convey a rather far-fetched and not altogether authentic meaning, the eighteenth chapter of the Million Dollar Mystery, bearing the title of "Trapped by the Flames," is worthy of its application in every respect. The outstanding feature of this edition is the wonderful and most spectacular fire scene and the sensational rescue of the heroine from a regular seething mass of flames. No more thrilling scene has been pictured than the collapse of the stairway, weakened from the fire that envelops it, just as Jess Cruise is about to descend carrying Flo La Badie to safety. The fact impresses the spectator that the fire is not a stage one, and the actors are actually battling against death. The masquerade ball is also somewhat of an innovation, a marked contrast to the aftermath of fire. The costume of this number is excellent, while the scenic investiture merits no small amount of praise.

On the same programme is a delightful majestic study of western life, The Angel of Contentment, and a Keystone farce, The Masquerader, introducing Chas. Chaplin in the role of leading lady.

KEENEY AND MACK WITH Mlle. LAURIENT SCORE AT THE LYRIC. A form of entertainment that recently launched itself in the American centres, and one that has proved very popular with all classes, known to the many exponents of the vaudeville stage as "Nat Comedy," is being exploited in a decidedly clever manner by Keeney and Mack at the Lyric theatre.

In a recent issue of THE LITERARY DIGEST is published the result of an absolutely impartial canvass made by its editors among the editors of American newspapers to determine how the sympathies of the American press and public in the present war are divided.

This article is just one of the many important features of the war news which Canadians will read with interest and which is exclusive with THE LITERARY DIGEST.

THE PRESS AND MR. FLEMMING

His Usefulness at an End. (Toronto Globe, Liberal).

It is difficult to understand the attitude of Premier Fleming of New Brunswick toward the report of the royal commission which investigated the charges of extortion brought against him by L. A. Dugal, a member of the legislature. Mr. Fleming was not haled before a partisan body. Two members of the commission were trained and experienced jurists, the chairman being a member of the supreme court of the province. The third member was a leading Conservative merchant of St. John, who had no bias against the premier. This court, after probing as fully into the case as the absence of some of the material witnesses permitted, finds that money was being collected for a purpose unquestionably improper, and that he directed the disposition of such money when collected, and that in a second case he himself was guilty of compelling a railway contractor to pay him \$2,000. Mr. Fleming declares that the finding is a cruel injustice, and announces his determination to fight out the matter before the legislature when it meets.

Should Not Shield Those Deserving Punishment.

(Toronto World, Conservative.) We would be sorry to do any injustice to Premier Fleming of New Brunswick, but it appears from the report of a royal commission of his own selection that he has been guilty of grave improprieties, to say the least. A sum of money was extorted from the holders of timber limits with the knowledge and approval of the premier. It is claimed that a similar raid was made by other preceding governments, in order to create a campaign fund. That is as it may be, but the practice was criminal no matter with whom it originated or by whom it was adopted.

It is true that the enemies of Mr. Fleming charged that he must have been seeking to enrich himself personally, because he could have required no campaign fund immediately after his overwhelming success at the general election of 1912. We can appreciate why that particular charge was hotly resented, for a man will for his party, and he would scorn to do for himself, and we are glad to believe that party men are not so easily swayed. Mr. Fleming's present position is a present predicament. From a legal standpoint, however, it is quite immaterial what motive prompted the extortion.

Mr. Fleming's "Cheap Heroics."

(Ottawa Citizen, Conservative.) Hon. J. K. Fleming, premier of New Brunswick, adjudged guilty in the railway change, indulges in cheap heroics when he offers to contest Carleton county against Mr. F. B. Carvell, leading spirit in the prosecution, as a test of public confidence. If Mr. Fleming was given a fair trial, as we must presume he was, he should now be cleared ineligible for election to any public office in the country. Mr. Carvell's popularity or Mr. Fleming's magnetism at the polls is not the issue. In New York State Governor Sulzer was rightly impeached and ousted from the highest office in the gift of the people. But by raising a race and religious cry he polled 100,000 votes a year afterwards in a contest for the governorship and might have won were it not for the presence of several other candidates. But this did not make his guilt any less. So in Mr. Fleming's case, vindication at the hands of the electors is quite the proper thing in politics, in matters affecting charges of crime, and in the courts a popular verdict means nothing unless we concede the judicial mind and training to every elector, and in addition, consider political affiliation, personal friendships and other influences non-existent. Yet, strange to say, the dramatic challenge to "save the voters" often conveys an impression of injured innocence and injustice.

Mr. Fleming Must Resign.

(Montreal Herald, Liberal, Nov. 20.) "Morally guilty on one point and technically on another." This statement epitomizes the finding of the commission appointed by the New Brunswick legislature to investigate the charges against Mr. Fleming, the premier of the province, made on the floor of the house by Mr. Dugal, leader of the small Liberal opposition. The commission finds that money was diverted and improperly charged. Vindication at the hands of the electors is quite the proper thing in politics, in matters affecting charges of crime, and in the courts a popular verdict means nothing unless we concede the judicial mind and training to every elector, and in addition, consider political affiliation, personal friendships and other influences non-existent. Yet, strange to say, the dramatic challenge to "save the voters" often conveys an impression of injured innocence and injustice.

War Cannot Slaughter MORE VICTIMS THAN PNEUMONIA.

Pneumonia is described as a preventable disease if taken in time. Pneumonia is the scourge of the abed-died men and women "a little run down perhaps" but strong in the belief that they can fight off a cold. Colds are not easily fought off in this northern climate. The first sign of a cough or cold, our advice to you is "Get Rio or It." The slight cold, the irritating cough, the tightness of the chest, if not attended to, will sooner or later develop into some serious lung or bronchial trouble.

DR. WOOD'S NORWAY PINE SYRUP and you will find after the first two or three doses have been taken the cough or cold will quickly disappear. Dr. Wood's Norway Pine Syrup is put up in a yellow wrapper; three pine trees the trade mark; the price, 25c and 50c.

Peppas little tablets, neatly wrapped in air tight gum paper wrappers. They contain certain medicinal ingredients, which, when placed upon the tongue, immediately turn into vapor, and are once breathed down the air passages to the lungs. On their journey, they soothe the inflamed and irritated membranes of the bronchial tubes, the delicate walls of the air passages, and finally enter and carry relief and healing to the capillaries and tiny air sacs in the lungs.

HOSTILITIES OVER 58 PER CENT OF GLOBE. London, Nov. 12.—(Correspondence.)—With the addition of Turkey and Portugal to the ranks of the belligerents, the area of hostilities has been extended to approximately 88 per cent of the land surface of the globe, and about 60 per cent of the total population of the earth is occupied by the eleven belligerent, says the London Daily Chronicle.

INVESTIGATION OF THE MILBURN'S HEART AND NERVE PILLS. Upon a report that nine cows in Colchester, Conn., were infected with the hoof and mouth disease, a veterinarian was sent immediately to investigate. After last evening's play Arthur O'Connell was leading with eight games out of ten, with four players tied for second place with six games each.

Mrs. John Harper, Toronto, Ont., writes: "I have used Milburn's Heart and Nerve Pills for the heart and nervous system. I was confined to a grocery store for twelve years, and had to give up business, as I became terribly run-down and nervous, and had heart trouble and I am sure I am gaining very fast now. I feel that nothing did me any good until I tried your Heart and Nerve Pills, and I am positive they will cure me. The nerves of one hand would tremble and then seem to go numb so that I could not write or sew. Now my hand is quite steady, as you can see by my handwriting. This is a big change which delights me so much for I thought all was done that could be done. I was about to give up in despair when I tried this last remedy, and even after I had only taken half a box the change started to come."

FOR THE EMPIRE!

BRITAIN NEEDS MEN

LORD KITCHENER SAYS:—

"TO THE PEOPLE OF THE EMPIRE:—EVERY FIGHTING UNIT WE CAN SEND TO THE FRONT MEANS ONE STEP NEARER PEACE"

WHO WILL VOLUNTEER TODAY FOR OVERSEAS SERVICE

HERE ARE THE CONDITIONS

Recruiting for the New Brunswick Regiment Must be Completed Within Ten Days

THE VOLUNTEERS

THE PERIOD OF ENLISTMENT is for the duration of the war and for six months after termination if required.

THE RATE OF PAY is \$1.10 per day and found for seven days a week, equal to \$33.00 per month.

IF DISABLED, the soldier will receive a pension at such rates as may be fixed by the Government.

IF WOUNDED OR ILL, the soldier will be well cared for and sent back to his home at the proper time.

THEIR FAMILIES

SOLDIERS MAY ASSIGN any portion of their regular pay to wives or others, and such sums will be paid regularly to the persons so designated.

WIVES OF VOLUNTEERS will receive twenty dollars per month separation allowance from the Canadian Government over and above the soldiers pay.

THE PATRIOTIC FUND will supplement this with an additional allowance as described hereafter.

SHOULD ANY OF THE SOLDIERS BE KILLED, their wives and children will become wards of the Canadian Government, and generous provision will be made for them.

The National Patriotic Fund Committee has decided on a basis of distribution of funds among the wives and children, and other dependents of volunteers. It is estimated that a wife on her own account requires Thirty Dollars Per-Month for her maintenance. The Canadian Government provides Twenty Dollars per month of this amount and the Patriotic Fund the remaining Ten Dollars, if required. Children between ten and fifteen years of age are allowed twenty-five cents per day; from five to ten years of age, fifteen cents per day; and under five years of age, ten cents per day. Thus a wife and three children of the ages of three, seven and twelve, may receive a total monthly allowance of Forty-five Dollars, of which Twenty Dollars is payable by the Canadian Government and Twenty-five Dollars by the Patriotic Fund. This is of course in addition to the Thirty-three Dollars per month paid to the soldier, and which may be assigned by him to his family.

Besides the above, provision is made for a compassionate allowance for temporary extraordinary need such as accident, sickness, etc. In short, the whole purpose of the Patriotic Fund is so to supplement the Government allowance as to provide all reasonable comfort for the families of men on service. Such provision, in each individual case, is subject to the report of local committees, who shall consider all the circumstances of families affected, with respect to the earnings of members of such families, amounts received from former employer of the soldiers, and other sources of income.

Every reasonable provision is thus made for dependent relatives, and volunteers need have no anxiety regarding the welfare of those left behind.

The 26th New Brunswick Regiment, 2nd Canadian Overseas Expeditionary Force requires Six Hundred more men at once. The full strength must be completed in ten days.

WHO WILL ENLIST?

Recruits Will Be Received By the Following Officers:—

SPORT NEWS OF THE DAY, HOME AND ABROAD

Making Stringent Rules
The newly appointed Boxing Commission of Cleveland lift the lid of a club wishing to secure a fight must go through considerable red tape. It must submit its proposed program. If the commission believes that has been poor match-making, that has been matched with a spilling, the license may be refused. The club must submit the names of referees acceptable to the commission. It will appoint one of the three to hold his name until just before the fight is to start. Every boxer must be examined by a physician 24 hours before the fight, the club physicians also being passed upon by the commission. The commission will also regulate the persons under sixteen years of age will be allowed to witness bouts;

no persons under twenty-one years of age will be permitted to witness bouts unless accompanied by male parent or guardian; no boxer under 18 years of age will be allowed in the ring; no boxer less than 21 years of age will be allowed in the ring without written consent of parents or guardian; the seconds are limited to three in number; the last bout must start by 10 p. m. Two judges, who must be newspaper men, will give decisions, and if they do not agree the referee will decide on the winner.

Johnson's Return
Jack Johnson figures that he will be just as safe in South America as he is in Europe and besides, it will be easier for him to get to the scene of his proposed bout with Jess Willard next year. Johnson has shipped his automobiles to South America and will start on his way there in a short time.

To Meet Tonight
Freddie Yellic, who is to meet Champion Freddie Welsh at the Atlas A. A., Boston, Mass., tonight, does not want any one to feel that he is not going to give Welsh the contest of his life. The Taunton lightweight will be in the best of physical condition when he steps into the ring in the most important match of his career.

Yellic saw Welsh box several times, and is confident that he can do better than some lightweights who have faced the champion.

BASEBALL
He Wanted Matty's Old Glove
New York, Nov. 22.—Christy Mathewson, the veteran of the Giant pitching staff, is getting so much mail these days that he is afraid he will have to get a secretary. As "Matty" grows older his popularity increases. He goes to his offices of the New York Club every day and spends much time reading his voluminous mail.

Much of the pitcher's mail comes from admiring boys. One youth named Nathaniel Rosenberg wrote requesting Matty to send him his old glove. Matty has an old glove but he wouldn't part with it for a lot of money. Another youngster, Joe Burwell, wanted "Matty" to tell him just how to throw the "fade-away." There was also a letter from a man who said that he had heard that "Matty" was going to try to throw the most ball next year and he gave the pitcher a lot of advice against using it. He told Big Six that he would ruin his arm if he tried to throw it.

Mathewson also got a letter from Ty Cobb who is down in Georgia. Ty Cobb has been hunting and lugged a lot of wild turkeys and a deer. He wants "Matty" to go down south and take a hunting trip and Big Six may accept the invitation. Mathewson also received several letters from manufacturing concerns who want the pitcher to put his "OK" on new collar buttons, gloves, shoes, pipes, cigarettes and smoking tobacco.

DOPELETS BY FULLERTON
Charlie Wreghman wants the Cubs, and next October we'll ask him why. Evidently there is one portion of the game of baseball that the minor leagues play better than the majors do; politics.

The Cincinnati club has issued \$50,000 more of preferred stock—which adds about 50,000 votes to Herzog's load. Down in Redtown they'd buy a share of stock just to get the right to roast a manager.

SHORT JOBS FOR ALL-ROUND SPORTS
Hats off to Ad Wolgast, the greatest little prophet of them all. In one newspaper Ad picks Welsh to beat White, and in another he picks White to beat Welsh. He was correct, unless they drew—which they did.

Now they want Mike Donlin to manage the Yankees. Frank Chance had an unblemished record until he tried it.

The German government paid an American 12,000 marks for an old auto that cost 14,000 new. Save your cars.

Baseball fans will not turn any homeless tramps away from their back doors this winter. They may be ball club owners who can give you passes next summer.

If B. Johnson lets W. Johnson get out of that league he'll need more than a white paper to explain it.

"The Red Cross Nurse"

The story of "The Red Cross Nurse" is not one of the old hackneyed type. It is something entirely new, and original, and deals with characters and scenes in the present war. The nurse herself is of royal blood, and her kindly father forbids her marriage to one who is thought beneath her rank. The climax to the romance is wrought through a courageous act of the nurse on the field of battle, and wedding bells for a brief period give way to the noise of battle.

A SUGGESTION THAT IS WORTH TAKING UP

It has been suggested that the vacancies in all public institutions, caused by those who have enlisted for the defense of the empire, should not be filled by people who themselves would be fit for foreign service, but should be given only to those who are physically unfit for military activities. The government is paying full salaries to all of their employees who have enlisted, besides the usual military pay. Why then, it has been asked, should they be discouraged to a certain degree other young men from enlisting by allowing them to take up lucrative positions laid down by others for such a worthy cause? The same principle, it is suggested, might be followed out by merchants and prominent business houses, by giving positions to men who are beyond the fighting age, or are in some way physically unfit for military service. In many cases, perhaps, the positions might, it is contended, be filled by women.

STOLEN JEWELRY WAS LEFT IN THE HALL WAY. That the person who broke into the home of A. W. Corey, in Mecklenburg street, on Saturday, knew something about the layout of the house and was evidently afraid of detection, is shown by recent developments. It appears that entrance was made by the way of a window in the bath-room on the ground floor. Outside the window was found the print of what seemed to be a gift shoe, but it is not known to whom it belongs. The jewelry was returned to the owners by somebody, also unknown. It was left in the hall-way, wrapped in a paper parcel.

THE ANNUAL REPORT

Society For Prevention of Tuberculosis Hears of the Year's Work—Fewer Subscribers—The Patients—The New Hospital

At the annual meeting of the St. John Society for Prevention of Tuberculosis this afternoon the annual report of the year ended November, 1914, was read as follows:

The executive of the St. John Association for the Prevention of Tuberculosis beg to present their report of the work done since the last annual meeting held in November, 1914.

Dispensary. The work of the dispensary has been carried on steadily during the year under our experienced nurse and an efficient staff of doctors.

It has been open 160 days in all, sixty-two for children and 108 for adults, with an attendance altogether of 782—181 children and 601 adults; 74 prescriptions were filled.

At the beginning of the year there were twenty-seven children and fifty-eight adults on the books—a total of eighty-five and seventy-two new cases were reported during the year. Of these sixty-seven were discharged and thirteen died, leaving seventy-seven on the books at the present time. Some of these cases are there for examination and observation; and are discharged after the doctors are assured that they are non-tubercular.

While the attendance has been larger than last year, your committee still feel that there are a great number of cases they are unable to reach, and will be glad if any one knowing of such cases, would bring them under the notice of the staff or the nurses, or any one member of the executive.

Only one other nurse heard of a very advanced case. A young girl who had never heard of the dispensary, was living among others, with no cure at all. It is such cases as this that spread the disease.

We have to regret the loss of three of our staff, Dr. Margaret Parks and Dr. G. G. Corbet, who have gone with the first Canadian contingent, and Dr. T. H. Lunney, who has gone to California. The dispensary is still the examining centre for River Glade, and Dr. Townsend is here on the first Thursday in every month, when cases offer for examination. One case at least can be reported to River Glade, and after being left there for six months, with the help of the De Monts Chapter of the Daughters of the Empire and others, has returned home cured. Any one member of the association, or anyone interested in the work, may be a welcome visitor at the dispensary.

Nurses. We still have Miss Sutherland with us, and she has done a large amount of work during the year, making 1,400 visits to the homes of the patients besides being in the dispensary three afternoons in the week. These visits are of the utmost importance, for they are given for the care of the patient and the prevention of the spread of the disease. Miss Sutherland was absent during the year for a three months' vacation in England, and during that time her place was taken by Mrs. Mathie Blanche, who also proved a very efficient nurse.

There is plenty of work for two nurses, and we had hoped before now to have had a second one, but the state of our finances does not admit of that at present.

Funds. With regard to funds, we are still a long way from the 1,000 subscribers at \$1 a year, which we expect to have, and which would give us sufficient funds to run the dispensary.

Both the number of our subscribers, and the amount of the subscriptions are further off this year, of course, than in the past, as they are given for the war and the number of other calls people have had upon them. We had only 611 subscribers as against 379 last year, and \$688.25 as against \$817.48 last year, which, had it not been for last year's balance would not have been nearly sufficient for running expenses.

Our milk and egg fund is also at a low ebb, and we have had to draw on the general fund for this purpose.

In spite of the war we want these sixty-eight subscribers back again, and many more, during the coming year. It would be a great pity now, when we are beginning to reach the people and the work of the dispensary is increasing year by year, to have to close down for want of funds.

Hospital. We are glad to be able to report that the much talked of hospital for advanced cases is fast becoming a reality, and any one of you looking across Courtenay Bay can see its red brick walls rising very rapidly. The hospital commissioners having considered the present site a better one than the Douglas avenue site. This hospital, when completed, will be of the greatest help in tuberculosis work, for it has been a grave question to know what to do with advanced cases.

Now we have the circle complete, the dispensary for examination and home

The Boss Always Knew

A newspaper man was trying to sell a merchant some advertising. "If the boss wanted to advertise he would do so," said his assistant.

"But he may not know the advantage it will be to him NOW," persisted the solicitor. "Oh, the boss always knows," said the assistant.

Six months later the newspaper man passed that way. The sheriff's sign was on the merchant's door. "Yes," murmured the newspaper man to himself—"The boss always knows."

BASKET BALL LEAGUES AT Y.M.C.A. OPEN THE SEASON; TWO GAMES

Yesterday afternoon the Y. M. C. A. High School Class Basketball and the Junior "B" League started off on their season's schedule. The High School boys started their game first. The teams to clash were Dummer and McAndrews. Both teams were evenly matched and a very hot contest was shown through the entire game. McAndrews was the star goal thrower, while Halley and Sumnerville played well on guard.

For Dummer's team, Wadding, Forward and Taylor at guard did fine work. The score ended 17 to 14, in favor of McAndrews.

Immediately after the first game the junior "B" class opened its league. Carnes and Trentowsky had set out for a fifteen and ten minute half. In the first half the score stood five to four for Carnes. In the second half Carnes and Nas managed to get a field goal which put them in the lead, but Carnes' team came back strong and put a few more on their opponents and won, thirteen to eight. Coster and Allwood did star work for Carnes, while Carnes and Nas did the work for their team. From now on games will be played every Monday afternoon from four to five and on Saturday afternoon from two to four. The employment boys' league will open next week, while the Senior League will open in the following week.

CLARENCE KENNEY NOW A CORPORAL

St. John Soldier Wins Advancement in Service at Salisbury Plain

Word from Salisbury Plain tells of promotion won by Clarence Kenney, son of Factory Inspector John Kenney, of St. John. He is with the first contingent, now in England and has been advanced to corporal.

P. J. Legge, boys' secretary of the Y. M. C. A. here, has received an interesting letter from George H. Estabrooke, one of the St. John boys with the first Canadian contingent now at Salisbury Plain.

Estabrooke speaks very highly of the work which is being accomplished by the Y. M. C. A. among the soldiers. He says "The Y. M. C. is a bright spot here and I put in all my spare time serving behind the counter." He appears to be in good health and is working hard.

A letter received by Miss Zella Harrington of St. James street from Hugh Bates who left here with the first Canadian contingent, tells of his enjoying himself with the lads in camp at Salisbury Plain. He writes of having had five days' leave of absence and of going to visit his old home in Glasgow, Scotland, where his parents reside.

"The peculiar thing about it was," young Bates wrote, "that it didn't seem so much like home as it used to—I have become so used to Canada that I really regard it as my home."

FUNERAL OF LT. COL. TUCKER

The body of Colonel Tucker, who was honorary lieutenant-colonel of the 62nd Fusiliers, will be laid to rest with full military honors tomorrow afternoon.

The firing party will be supplied from the 29th Battalion overseas contingent, consisting of 125 men, with the band and drums of the 62nd and the pall bearers will be six officers of the rank of lieutenant-colonel. Lieutenant Colonel McAvity has charge of the arrangements, and requests all officers of the active militia as well as reserve and retired officers to attend as mourners; uniforms will be khaki service dress, or undress with greatcoats and forage caps for those not wearing khaki; a gun carriage will be supplied by the artillery. The service will be in Trinity church at 2:30 and the procession will leave the churchyard immediately the service is concluded.

The association has met with a great loss this year in their president, Doctor Murray McLaren, he having been given command of No. 1 Canadian Base Hospital, one of the best appointments in the hands of the Canadian government.

While we congratulate Doctor McLaren on the honor done to him, we greatly regret his absence from our meetings, and miss his guiding hand at the head of the association.

In conclusion the executive beg to thank the following—Doctors Pratt, Logie, Lunney, Margaret Parks, W. E. Rowley, and Corbet, who have attended so faithfully during the year, the committee of the Public Hospital for board and lodgings of nurses, the city commissioners for use of their dispensary rooms, the St. John press for printing of the reports, etc. from time to time, the De Monts Chapter of the Daughters of the Empire, St. Monica's Guild, and all those who have contributed during the year to the support of the association.

Signed on behalf of the executive, HELEN SIDNEY SMITH, Acting President. Sec.-Treasurer.

A Plain Talk About Men and the Clothing They Buy

The hope of all that is worth while in the world of business and merchandise is the man whose buying motto is—I want a good article, I will pay a fair and just price for it—but let there be no mistake—I want a good article.

It is only because there are still so many men of this kind around that good things continue to be made.

If you are a man who believes in wearing a good suit of clothes and paying a just and fair price for it—a suit in which you will be glad to look at yourself in a mirror, and in which you can look the world in the face, a suit that was made to be a good suit, in the belief that there are more men who want good suits than bad—the Oak Hall Clothing Store is ready to serve you today with a winter stock in which there is neither snare nor flaw from the first stitch to the last. And being manufacturers we save you the middle-man's profit by selling to you direct.

MEN'S SUITS, \$6.00 to \$35.00. MEN'S OVERCOATS, 10.00 to 40.00.

It Is Not Too Soon to Think of Christmas

and this season, beyond all others we have known, is the time to buy useful gifts. There is no home where new pieces of furniture will not be welcome, if only to replace others which have seen their best days, and no individual, man, woman or child, who cannot be made more comfortable by a gift of something really useful.

Such gifts are sure to be thoroughly appreciated, and you will have the satisfaction of knowing that your money will not have been wasted, and that they will give pleasure and comfort to the recipient long after the usual flimsy and expensive trifles have been discarded.

We have made a study this year of getting together an immense variety of articles especially selected for this purpose, and will be glad to have you look them over and make selections as early as possible.
