

See That You Get GOLDEN RULE "WHITE EAGLE" FLOUR FROM YOUR GRAIN AND TAKE NO OTHERS. Miramichi and the North Shore, etc.

I. S. S. COMPANY'S Steamer change their time table on Monday. See advt.

PLANT CULTURE - On Wednesday morning, 10 o'clock - will be for sale to-day at Irving's Park, Water Street, Chatham.

GRAND MARCH - To be organized, at the residence of Mrs. Robert Nichols, 10, St. John's Street, Chatham, on September 18th.

GRAND MARCH - On Sabbath evening at 8 o'clock the closing service of the series of annual meetings will be held in St. Luke's Church.

THE "ADVANCE" for sale at Johnson's, Diamond building, next door to the Telephone Exchange.

S. HAYES AND S. FAULSTICH - There will be the usual services on the steamer "S. Hayes" at 6 a. m. and 6.30 p. m. in S. Mary's chapel, and at 3 p. m. in S. Paul's.

REV. G. B. STANTON has received a handsome invitation from the quarterly board of St. Luke's Church for a fifth year. He is asked for a few weeks to consider the matter.

THE BIRMINGHAM LTA. - Birmingham to Messrs. C. E. & L. L. in the Miramichi on the 17th. While the launch is undergoing repairs. There is a chance of good speed and is performing the service quite acceptably.

MIRAMICHI MARKET WORKS - No experiment in buying from us. We always send out the best stock and work that can be obtained. See order too small, open too large. We are watching the mails for your correspondence on the subject of cemetery work.

J. H. LANTIER & CO. The prompt sale of Ayer's Serravallo will invariably cure all affections of the kidney.

QUINQUINA - S. & H. in, which cleared from this port for Liverpool on the 10th inst., grounded on the Roseboro Bar, and discharged part of her cargo to get off. She loaded yesterday morning and will be ready to proceed on her voyage.

FOR SALE AND WINTER GOODS - J. D. Campbell, Esq., on Monday, the 16th inst., has gone to Montreal and other winter cities to supplement his fall and winter importations from the British and continental markets, and will also take in the big Exhibition.

CHATHAM - Mrs. Thomas Elvers died Friday, the 14th inst., at her residence at Chatham in the thirty-second year of her age. She was one of the oldest, best known and most industrious women in the town. A native of the County of Kent, Ireland, she came to this country 72 years ago.

SPORTING - The trout fishing season ended to-day. The partying shooting season will open next Sunday. - St. John's Globe 16th.

WE are sorry to say that the Globe is weak as to the trout-fishing season. It ought to end on the first of September, but it doesn't end until the 30th.

FOR TWO HOURS each afternoon and evening in the Amphitheatre Hall at the St. John's Exhibition a comedy and acrobatic performance will be given by one of the best theatrical companies. No feature is objectionable to anyone will be introduced and the public will witness a number of interesting and novel acts.

THE BOARD OF HEALTH - Alderman Bennett appeared to be under a misapprehension in reference to the alleged non-performance of duty by the Board of Health, which he referred in the Town Council on Monday evening. If the Council performs its duties as well as the Board of Health does there will be no cause for the action of the Council and Board.

TO FURNITURE AND BOOKS - The Magazine Progress says that apples and eggs may be kept two years by simply wrapping them in newspaper. In order not to make a failure of this business, however, only newspapers that have been paid for should be used, otherwise the dampness resulting from the dross may cause them to spoil.

DEAR CHATHAM - The extraordinary scene of a horse running through the streets pursued by a crowd, was witnessed here on Wednesday afternoon of last week. The animal took refuge up a telegraph pole, and was captured by Mr. George Morris, who had him in charge to the station stable. It was one of three captured by Mr. John Connell of Bathurst and sold to Mr. Alexander Brien of Truro, as stated in last week's ADVANCE.

ST. JOHN'S EXHIBITION - To meet the wishes of the exhibitors it is now proposed by the St. John's Exhibition Association to admit live stock up to Tuesday evening, 22nd September, and to permit them to be removed at any time after the session ends to be held on Wednesday, 30th. The Association will provide the services of an auctioneer, free of charge, for all who wish to sell stock on that day; and will also provide a fair Saturday 20th. Entries will still be received.

THE ST. MIRAMICHI has been on the head up since the upper Main Road wharf last Monday undergoing repairs. She had been leaking badly for some time and when she was taken out of the water it was found that the iron tube through which the propeller shaft passed was worn and rusted out and the lignum vitae bearing loosened and loose. Other repairs were also found necessary. The work will, probably, be finished and the boat launched in time to resume her trips on Saturday.

AN ATTRACTIVE to buyers of family groceries, provision, dry goods and general household supplies is offered by Mr. Roger Flanagan at his well known store on St. John's Street, Chatham, in the form of silver spoons and forks, silver spoons, silver cutlery and boxes of tea. He issues tickets which are presented by customers every time they make purchases, and no matter how small the amount, they are punched off, and when the purchases aggregate either \$15 or \$30, as the case may be, one of the articles specified will be a reward, or a dozen of silver knives or forks for a \$30 ticket or a \$15 ticket is given free.

FURTHER - A cooking-party consisting of Senator and Mrs. Snowball and four daughters, the Misses Dietrich of Oak Hill, and Rev. Fred. W. Harrison, 16th Chatham, in the form of silver spoons and forks, silver spoons, silver cutlery and boxes of tea. The day was perfect and about ten o'clock that night, they started early next morning for the fishing ground, about thirty miles north of the river. The day was perfect and about ten o'clock that night, they started early next morning for the fishing ground, about thirty miles north of the river. The day was perfect and about ten o'clock that night, they started early next morning for the fishing ground, about thirty miles north of the river.

THE SATISFACTORY running of the Ferry across the Miramichi at Chatham was also for as Mr. Coleman was concerned, and

to their friends. This catch weighed about half a ton. The week before, a catch of three quarters of a ton (307 ood fish) was made on about the same ground between 8 a. m. and 4.30 p. m. by a party of twelve gentlemen in the St. Nicholas, including Mr. Moore Kelly of Toronto and Mr. Harry Shirrell of Hall. If there is any place other than the Miramichi, where such good and sure fishing is to be had we have not heard of it.

R. P. S. - Mr. Thomas Flanagan, Chatham, and Mr. E. Leo Street, Newcastle, have just received a new supply of the great remedy, Holloway's Red Blood Purifier. This wonderful preparation for pale, weak, nervous persons or those run down by overwork, disease or excess, cannot be overpraised. From information gained through the press, it is having a larger sale than any other preparation of its kind on the market, and in places in which it has been extensively sold, has been the means of decreasing the death rate and improving the health of the community.

PROMINENT LONDONERS. LONDON, Oct. Chatham's Ointment is an invaluable remedy for Ointment Piles and in my own case I would pay \$50 per box for it if it could not be otherwise had.

A BRILLIANT WEDDING. St. John's - Fairholme, the handsome residence of the late Senator K. B. Barnes, was the scene of a pretty wedding on Tuesday, at 8.30 o'clock p. m., when Miss Minnie Vincent Barnes was united in marriage to Herman Frederic Wines, of London, England. The ceremony was performed by the Very Rev. T. Barry, V. G., during which the bride and groom exchanged vows. The bride looked charming, as she wore a white tulle and satin dress, trimmed with real lace and orange blossoms, and carried a bouquet of white and pink roses and a handkerchief, tied with white satin ribbon. Her train was borne by two bridesmaids, Misses Emma, Helena, and Georgiana Barnes, sisters of the bride, trimmed with white tulle and pink ribbons. The bridesmaids were accompanied by two flower girls, Misses Emma and Georgiana Barnes, sisters of the bride, trimmed with white tulle and pink ribbons. The bridesmaids were accompanied by two flower girls, Misses Emma and Georgiana Barnes, sisters of the bride, trimmed with white tulle and pink ribbons.

PERSONAL - In the Province Secretary Tweedie, who went to Quebec County in connection with the late Senator K. B. Barnes, was the scene of a pretty wedding on Tuesday, at 8.30 o'clock p. m., when Miss Minnie Vincent Barnes was united in marriage to Herman Frederic Wines, of London, England. The ceremony was performed by the Very Rev. T. Barry, V. G., during which the bride and groom exchanged vows. The bride looked charming, as she wore a white tulle and satin dress, trimmed with real lace and orange blossoms, and carried a bouquet of white and pink roses and a handkerchief, tied with white satin ribbon. Her train was borne by two bridesmaids, Misses Emma, Helena, and Georgiana Barnes, sisters of the bride, trimmed with white tulle and pink ribbons. The bridesmaids were accompanied by two flower girls, Misses Emma and Georgiana Barnes, sisters of the bride, trimmed with white tulle and pink ribbons.

Mrs. G. A. Blair, the daughter of Miss Helen Blair, and Miss Mary L. Blair, of Chatham, left for England on the Steamship Helen last Friday. Some of their Chatham friends have, however, called on them this week, as they are still residing on board, while the vessel is waiting to get away for the Archipelago.

Mr. F. D. Dyke who spent the summer in Chatham in the office of E. E. Nesbitt, Esq., in his home in Liverpool, England, on Tuesday evening, via Rimouski. He was accompanied to the railway station by a large party of young ladies and gentlemen, a number of the latter going as far as the Junction with him. All his acquaintances here hope he will return next year, as he is very popular with everybody.

F. R. Coleman, Esq., of Fredericton was in town on Tuesday and was heartily welcomed by old friends.

H. A. Austin, Esq., ex-M. P. P. was also in town on Tuesday.

A. E. Hanson, Esq., C. E. is in town, engaged in making a survey of Water Street. Dr. J. S. Benson fell while descending the steps leading from the left of his stable on Sunday evening and received a severe injury which laid him up on Monday. He is, however, glad to see him again.

Mr. and Mrs. Wines left by the 11.30 a. m. express en route for Montreal, Ottawa, Boston and New York, where they will embark for England, their future home.

400,000 Free Samples given away in the Night. Chatham's Kidney-Liver Pills are the only kidney pills known with sufficient merit to guarantee the proprietors in giving away hundreds of thousands of sample packages. Ask your druggist for a sample if your kidneys or liver is deranged.

Town Council Meeting. The meeting of Chatham Town Council, which was adjourned on Monday evening of last week, reassembled on Monday 14th inst. after the adjournment of the meeting of the Council on the 7th inst. The minutes of last meeting were read and confirmed.

Ald. Watt from the Fire Committee submitted the plan of an engine house which had been procured some two years ago by the street and fire commissioners.

In reply to Ald. Bennett, Ald. Watt said no tenders had yet been asked for a steam fire engine.

The Finance Committee, through Alderman Nicol, submitted a report on the accounts of the Sheriff for holding the council election of June last.

The Committee had thought that the inspection of ballots should be paid for by candidates. They, however, recommended payment of the amount by the Town Council.

In reference to future elections Ald. Bennett said it was for the Town Council to hold them and the expense would be so large. In Fredericton, he understood, it was not only the Town Council but the ratepayers who were to pay for the election.

The Mayor said, in regard to the survey of Water Street, that Mr. Hanson was in town and would be ready for work on Water Street on Tuesday.

Ald. Nicol said, in reference to the proposed sidewalk in front of Mr. Craugh's property, that it would hardly be worth while to bring people here to lay so small a sidewalk. Perhaps before Mr. Craugh's property there might be some other work to be done.

It would be worth while to undertake the work if it would be worth the expense of occupying property on Water Street, from Ball Corner to Henderson Street, in front of his property by paying one half of the cost, the work to be under direction of the Works Committee, provided all the owners in one block agree to have the work done at the same time.

The Mayor said he had noticed in the laying of sidewalks that the work was very irregularly done. Much might be done to straighten streets and to down hills as work progressed or new work was undertaken, and it was plain that a competent person was needed to take charge of that service and prevent the zig-zag lines so often followed by our sidewalks from being so frequently seen.

Ald. Nicol said there was hardly a straight street in the town, and it was a matter of opinion as to whether the sidewalks should follow the line of the streets. He had seen some remarks in a town paper last week criticizing the lines on which the sidewalks were laid and saying that anyone standing at Pallen's corner could see how badly they were. He had taken the trouble to do that and found that if you start at Pallen's corner and lay sidewalks straight, you will have them not more than two feet in some places and if they are laid straight from a little below that on both sides of the street they will meet further down.

The Mayor read an application from Sidney Bondure for the position of street commissioner and caretaker of the steam fire engine. No motion was taken on it.

Ald. Nicol said he agreed that a street commissioner ought to be appointed to look after work to be done this fall, of which considerable would be required. The Station road was in a very bad condition and it was the intention that a sidewalk with a cinder curb and to be laid in suitable material should be laid there. He thought a permanent overseer or commissioner should not be appointed this fall, but that such a man as Mr. Patrick Coleman might be put over the work at service next summer.

Mr. Day, he therefore, moved that the Mayor read a letter from James Allen, of Chatham, stating that the Town was encroaching on a piece of his property which he was willing to sell.

Mr. Watt agreed with Ald. England, so far as Mr. Coleman was concerned, and

discussed, and an order was passed that the Town Council, which has control of the ferry, should be memorialized with a view of having the ferry run under improved regulations as to regularity of trips and a substantial reduction in the rates of ferrage.

Mr. Loggie has, since the above meeting, interviewed Mr. Gibson and Tom, and the other railway men interested, and reports that he has reason to believe the promised reduction in rates will be made within a short time.

Ald. Bennett said a good deal of care had to be exercised in building tanks and he did not know whether Mr. Coleman could safely leave them at the present time to look after the streets. The water works committee had power now to engage a man to look after street work and the matter might be left to them.

Ald. Watt agreed with Ald. Bennett. Ald. Nicol said it would be well to have someone to take the responsibility of the street work and the crooked sidewalks.

Ald. Bennett said that could not be done, as the Council was responsible for the manner in which each work was done. The matter was laid over.

Ald. Bennett, through the courtesy of the Provincial Secretary, laid on the table the report of the Board of Health for the province. He said the Council could not appoint a Board of Health for the Town unless the present Board had jurisdiction in the district would resign. He referred to the report of the Board of Health and said people did not seem to understand that they were liable to a fine for burying any person without a permit from the Board of Health. He read a paragraph of the report which stated that the Board had received a number of complaints from the public health as to the subject of the public health as to the subject of the public health as to the subject of the public health.

Ald. Bennett corroborated Ald. Coleman's statement as to the roadway practiced in the lower part of the town, and even granted life of life was needed there at times, as proved by matters which came under his own observation.

The Mayor endorsed the remarks of Alderman Coleman and Bennett as to the drainage, profanity and other blackguarding of the town in the quarter named, and cited a recent case of a young man who was engaged at the St. John's mill, being wretchedly set upon and beaten. The case could not rest at night for the noises these roughs made, but the trouble seemed to be that the people assaulted would not come to the aid of the assaulted. When they prevailed such disgraceful practices were encouraged.

Ald. Bennett said he thought he knew five or six names of the roughs who had come to him in his professional capacity and he had ordered them out of his office; he would not countenance or defend them, and they were referred to by Ald. Coleman as a gang of drunks and annoying that neighborhood, as well as committing other depredations, he believed, known and if the Alderman would give him their names as they were known to him or his neighbors he would spend a half day in prosecuting them, free of charge. He had reason to believe these roughs were encouraged in their law-breaking by those who had their houses next to the street, and he would be glad to make complaint against them.

Ald. Watt thought the policemen should do their duty better in the lower part of the town.

Ald. Bennett referred to a case in which policeman Forrest entered a complaint of being assaulted by two of these characters while in the performance of his duty, and afterwards withdrew the charge because he was afraid to prosecute. That was an encouragement of such lawlessness and the courage these Chatham toughs are dealt with the better. He did not believe the undue leniency was from the police magistrate, who had done much to promote sobriety and good order in the town, but it was the duty of the police to prosecute.

At the suggestion of Ald. Bennett and the Mayor, the Alderman proposed that a considerable length, the Mayor was requested to procure a table for the use of the council.

Ald. Watt said that in order to have the proposed engine house built on the old No. 2 engine house, it was necessary to demolish the building, and he moved that Mr. Crimmins be served with notice to that effect.

Ald. Coleman said the site of No. 2 engine house was all made up ground. He was afraid to proceed with the demolition of the building and drop the lower floor so as to get it in, and they could not get a proper foundation to bear the weight, but he had a party timber under to support the building. He did not know what to do with the building. He knew that a great deal of sawdust had been put in to fill the place up especially at the rear.

Ald. Watt said that Ald. McIntosh had been concluded to have trial pits sunk. A person well acquainted with the locality had told him that there was good soil rock there for a foundation.

Ald. Coleman - Not out at the rear of the building - I'm sure of that.

Ald. Loggie argued, from his knowledge of the rear line of the Johnstone property, that there must be a good foundation on No. 2 site.

Ald. Bennett said his information on the subject agreed with what Ald. Coleman had said at that meeting.

Ald. Nicol said that Ald. McIntosh had been concluded to have trial pits sunk. A person well acquainted with the locality had told him that there was good soil rock there for a foundation.

Ald. Coleman - Not out at the rear of the building - I'm sure of that.

from Calvin Craig for the position of caretaker of the Town steam fire engine. The Mayor said that the Town Council was in connection with the Town election was ordered to be held.

Ald. Nicol, referring to the fact that Surveyor Hanson was about to put down boundary stakes marking out the line of Water Street in the lower part of the town, and as such stakes had been pulled up on other occasions, moved that a bye-law be passed imposing a penalty upon anyone who should remove such stakes.

Ald. Bennett pointed out that the removal of the stakes of Canada the removal of such stakes was punishable as a criminal offence by (he thought) two years in the penitentiary. (The penalty is five years penitentiary.)

Ald. Coleman returned to the vote of police protection in the lower part of the town and recited facts to show that special assemblies there on Sunday nights, especially from the different wards and indulged in drunkenness and profanity, to an extent that was disgraceful, annoying to the well behaved residents and at times threatened danger to passable citizens. The police were unable to control their presence and attention to the other districts and neglected the lower part of the town. He thought a third policeman should be appointed to protect the lower part of the town.

Ald. Nicol said the town used to get along very well with only one policeman. This proposition would increase the tax and should not be entertained just for the sake of the lower part of the town. The Town market who was to be appointed would also be a day policeman.

Ald. Coleman said Ald. Nicol's district had all the benefits of the present policeman, and that should continue to be the case. He would not be appointed would also be a day policeman.

Ald. Coleman said Ald. Nicol's district had all the benefits of the present policeman, and that should continue to be the case. He would not be appointed would also be a day policeman.

and confidence in which the medicine is held. One of these noted institutions that has given testimony for Paine's Celery Compound is the immense conventional educational house on the St. Lawrence, near Montreal, and known as the "Convent of the Holy Name." The ladies of this house write as follows: "We feel it a duty to add our testimony in favor of your 'wonder-working' Paine's Celery Compound. Many Sisters, suffering from debility, dyspepsia, sleeplessness and indigestion, have been completely relieved after taking it."

It is proposed to take 440,000 gallons of Paris water, from a distance of about 310 miles. London may have a new supply of fresh water, of equal importance to the Paris supply, from a distance of 310 miles at an altitude of 2,700 feet above the sea level, particularly the region from which spring the Towy, Ux, and Wye.

It has been estimated that the expenditure of power necessary to walk five miles would drive a bicycle on an ordinary road twenty-five miles.

Fifty bicycles were impounded in one day in Paris recently because they failed to have the owner's name and residence inscribed on them as the law requires.

Zigzag hill climbing on the bicycle is easier than the straight lift. The cyclist can hear learn of the rule. No rule native to a mountainous region takes a straight course up hill with a load, but "weaves" continually from one side of the way to the other.

Why should you go limping round when Patman's Painless Cream Extensor will remove your corns in a few days? It will give almost instant relief and a guaranteed cure in the end. Be sure you get the genuine Patman's Cream Extensor, made by Patman & Co., Kingston, for many substitutes are being offered, and it is always better to get the best. Safe, sure, painless.

To the Open Hearted. AN APPEAL TO THE PEOPLE OF CANADA IN FAVOR OF THE SOBERLY APPLIED TREATMENT OF THE TOWN OF TIGNISH, PRINCE EDWARD ISLAND.

A great calamity has befallen the once pretty and rising town of Tignish. On Sunday the 20th August last, a fire accidentally broke out, which in a few hours destroyed over two-thirds of the entire town, comprising stores, hotels, dwelling houses, and workshops. The fire was preventable from the start, because of the very strong wind that carried it forward in its work of destruction, and so uncontrollable did it become in its mad career that some of the burning buildings were carried by the breeze to a distance of over two miles, where farm houses and other buildings were in danger of becoming ignited. Indeed fire was found to have started in many places even at that great distance.

In this, as has always been the case with great fires in cities and towns in the past, the consequences to the inhabitants of Tignish are disastrous, and we fear, irreparable. What should, however, appeal most forcibly to the sympathy of the public in connection with this case is the pitiable condition of so many families who have been almost ruined and rendered homeless. Families have been divided and billeted out here and there among the farmers and other of the surrounding settlement
