"For two years I suffered from a severe pain in my right side, and had other troubles caused by a torpid liver and dyspenaja. After giving several medicines a fair frial without a cure, I began to take Ayer's Sarsaparilla. I was greatly benefited by the first bottle, and after taking five bottles I was completely cured."—John W. Benson, 70 Lawrence st., Lowell, Mass.

Wonderful Results.

Another marked effect of the use of this medicine was the strengthening of my sight."—Mrs. Carrie Adams, Holly Springs, Texas.

"I had a dry scaly humor for years, and suffered terribly; and, as my brother and sister were similarly afflicted, I presume the malady is hereditary. Last winter, Dr. Tyron, (of Fernandina, Fla.) recommended me to take Ayer's Sarsaparilla, and continue it for a year, For five months I took it daily. I have not had a blemish upon my body for the last three months,"—T. E. Wiley, 146 Ohambers st., New York City.

"Last fall and winter I was troubled with a dull, heavy pain in my side. I did not notice it much at first, but it gradually grew worse until it became almost unbearable. During the latter part of this time, disorders of the stomach and liver increased my troubles. I began taking Ayer's Sarsaparilla, and after faithfully continuing the use of this medicine for some months, the pain disappeared and I was completely cured."—Mrs. Augusta A. STOVE BOARDS. JUST RECEIVED:

Dated at Fredericton, the first day of Septem- 3 Doz, CRYSTALIZED STOVE BOARDS, or, A. D. 1888. NEILL'S HARDWARE STORE. JAMES E. CAMBER,

The rich man's son inherits cares The rich man's son inherits cares;
The bank may break, the factory burn,
A breath may burst his bubble shares,
And soft white hands could hardly earn
A living that would serve his turn;
A heritage, it seems to me,
Ohe scarce would wish to hold in fee.

What does the poor man's son inherit?
Stout muscles and a sinewy heart,
A hardy frame, a harder spirit,
Ring of two hands, he does his part
in every useful toil and art;
A heritage, it seems to me,
A king might wish to hold in fee.

What does the poor man's son inherit?
A patience learned of being poor,
Courage if sorrow come to bear it,
A fellow feeling that is sure
To make the outcast bless his door;

To make the outcast bless his door;
A heritage, it seems to me,
A king wight wish to hold in fee.

Orich man's son! there is a toil That with all others level stands: Large charity doth never soil
But only whitens soft white hands— This is the best crop from thy lands; A heritage, it seems to me, Worth being rich to hold in fee.

O poor man's son! scorn not thy state; Open mane son! scorn not my state;
There is worse weariness than thise
It merely being rich and great;
Toll only gives the sour to shine,
And makes rest fragrant and benign;
A heritage, trocuma to the,
Worth being poor to hold in fee.
