A Commission under the Great Seal, appointing the Honorable Jonathan Bliss, John Saunders, Ward Chipman, and John Murray Bliss, Esquires, or any one or more of them, Commissioners for the purpose of administering the oaths prescribed by Law, being produced---when the Honourable John Murray Bliss, one of the Commissioners named therein, attending---the following Members took the oaths and subscribed the declaration, to wit,---Peter Fraser, John Allen, Stair Agnew, John Dow, Harry Peters, Stephen Humbert, Hugh Johnston, John Ward, Zalmon Wheeler, Thomas Millidge, William Botsford, James Easterbrooks, Joseph Crandal, Rufus Smith, Colin Campbell, Hugh Mackay, John Campbell, David B. Xenophon Jouett, Esquire, Gentleman-Usher of the Black Rod, delivered the following Message :---

"His Excellency the *Lieutenant-Governor*, commands the immediate atten-"dance of this Honourable House, in the Council Chamber."

The House attended accordingly---when the Honourable Jonathan Bliss, Chief Justice, spoke as follows :---

"Gentlemen of the Council,

" and Gentlemen of the Assembly,

"The Licutenant-Governor has been pleased to command me to acquaint "you, that he doth not think fit to declare the causes of calling this General, "Assembly, until there shall be a Speaker of the House of Assembly.

" It is therefore His Excellency's pleasure, that you Gentlemen of the House " of Assembly, do repair to the place where the House of Assembly usually " sit, and there choose a fit person to be your Speaker, and that you present " the person who shall be so chosen, to His Excellency, for his approbation, " immediately."

The House having returned----

Mr. Johnston rose, and addressing himself to the Clerk, said,

"Mr. Wetmore,---His Excellency the Lieutenant-Governor having been "pleased to direct this House to proceed to the choice of a Speaker, I therefore move that William Botsford, Esquire, be elected Speaker of this House. "That Gentleman's qualifications being so well known to every Member of "this House, renders it unnecessary for me to make any comments on his ability and integrity; I therefore trust he will be unanimously chosen."

Which motion being seconded by Mr. Millidge; and the House appearing to be unanimous, Mr. Botsford was taken from his seat and conducted to the Chair; and, when on the steps, he expressed " the high sense he entertained of " the confidence reposed in him by the House. That if his conduct hitherto " in the Chair had met with the approbation of the House, it must have been " owing to the support and assistance he had received from them. With the " assurance that they would be continued, he would most cheerfully submit " to the wishes of the House"---and took the Chair nem. con.

A Message from His Excellency the Lieutenant-Governor, by the Gentleman Usher of the Black Rod, requiring the immediate attendance of this Honourable House in the Council Chamber---Whereupon Mr. Speaker elect, with the House, attended His Excellency the Lieutenant-Governor---and, being returned, Mr. Speaker reported, that he had addressed His Excellency to the effect following :---

" May it please your Excellency,

"The House of Assembly of this Province, in obedience to your Excel-"lency's command, and according to their acknowledged right, have pro-"ceeded to the choice of their Speaker, and now humbly attend to present me "to your Excellency as the person elected; but being sensible of my own "inexperience

. ...

" inexperience and inability to perform the duties attached to so important " and arduous a station, I trust that your Excellency will be pleased to disap-" prove of their choice, and command them to elect a person more capable."

Whereupon the Honorable Chief Justice Bliss, spoke as follows :---

William Botsford, Esquire,

"I am commanded by His Excellency to acquaint you, that he hath so "good an opinion of your integrity, diligence and sufficiency, for executing "the important office into which you are elected, that His Excellency is per-"fectly satisfied with the choice which the House of Assembly have made, " and he doth allow and confirm you to be their Speaker."

" and he doth allow and confirm you to be their Speaker." That the Speaker then said,---" Since your Excellency has been pleased to " approve of the choice the House has made of me for their Speaker, I have, " in their name and on their behalf, to claim all their ancient privileges---parti-" cularly that they may enjoy liberty of speech, and have free access to your " Excellency's person whenever occasion shall require."

To which the Honorable Chief Justice replied :---

" Mr. Speaker,

. . . . W

"The Lieutenant-Governor hath the greatest confidence in the duty and affection of this House of Assembly to His Majesty's Person and Government, and in the wisdom, temper, and prudence which will accompany all their proceedings; and His Excellency doth readily and willingly grant and allow them all their privileges in as full and ample a manner as they have at any time been granted and allowed."

And that then His Excellency the *Lieutenant-Governor* made a Speech to both Houses---of which Mr. Speaker said he had, to prevent mistakes, obtained a copy, which he read to the House, as follows :---

Gentlemen of the Council,

" and Gentlemen of the Assembly,

" It is with the deepest concern I announce that the lamented indisposition of *His Majesty* still continues.

"It cannot but be a subject of anxiety and regret, that a spirit utterly "hostile to our excellent Constitution, and subversive of all order in society, "has so fully manifested itself in various parts of Great Britain; but I trust "that the sentiments of veneration for *His Majesty*, and decided determination "to resist all innovation, expressed in the addresses of the industrious and "more respectable classes of society, to His Royal Highness the *Prince Regent*, "will dissipate this, I hope, temporary gloom---an event which would afford "to none a more lively satisfaction than to the loyal Inhabitants of this Pro-"vince; and it would give me, Gentlemen, much pleasure to have the honour "of conveying to the Throne, from you, their sentiments upon those proceed-"ings, so highly interesting both to *His Majesty* and His People.

"As no Country can be independent which is obliged to draw its subsistence "from another, it becomes imperative upon Governments to encourage, by "all the means in their power, its production within their own territory. I, "therefore, recommend the Agriculture of the Province to you as a primary "object of most serious deliberation.

"I have also to recommend to your attention, the further improvement of "the Great Roads of communication, and the propriety of giving aid to the "Inhabitants upon the other Public Roads, to improve those parts of them "where the statute labour alone may be found to be inadequate. I cannot "quit this subject without observing, that an easy-communication from this "Province to Canada is obviously an object of the greatest importance to "these Colonies, and also to His Majesty's service; and I have no doubt but "that you will pay it that attention which its importance so highly merits."

"As

" As the trade carried on upon the great rivers in this Province has been. " progressively increasing for some years past, and is now become of great. " moment, I submit to your consideration the necessity of adopting such meas-" ures as may tend to encourage and facilitate it, by the removal of obstruc-" tions, the forming of towing paths, and the deepening of the rivers where it • may be necessary.

" The destitute and distressed situation of Emigrants on their first arrival "has been such as to render the benevolence of the Emigrant Societies and " that of individuals, altogether insufficient for their relief; and their poverty -" and ignorance of the labour of the country, preventing them from making-" immediate settlements upon land. I feel it to be my indispensable duty to " submit the subject to your humane and considerate interference; confiding-" in your wisdom to make such provision, and to devise such measures, as may " alleviate their present distress, and render them useful members of the com-" munity.

" The great increase of trade, navigation, and population, in the Province, " within the last few years, having rendered it necessary that the Circuit Courts " should be held in the several Counties much more frequently than hereto-" fore, I feel myself imperiously called upon to request your particular atten-" tion to the making some permanent provision for the Judges who may have " to discharge those extraordinary and indispensable, but expensive and labo-" rious services.

" Gentlemen of the Assembly,

" 'The Treasurer's account, with the documents and vouchers which may be " necessary for its explanation, and all other papers which may be requisite " for your information, shall be laid before you. I have much satisfaction in " observing, that the duties were so productive the last year, that the Revenue " will be fully sufficient to discharge all demands upon the Treasury.

" Gentlemen of the Council,

" and Gentlemen of the Assembly,

" I congratulate you upon the flourishing state of the Revenue, which can-" not but be highly gratifying, as it will enable the Government in future to " make prompt payment to the public creditors ; thereby relieving them from " the heavy discounts that for some time past have been exacted; and will " also operate beneficially upon all the public services, particularly those " which are to be performed upon the roads. Start Start

"The abundant harvests with which it has pleased Divine Providence to " reward the labour of the husbandman for the last two years, and which have " diffused the blessings of plenty throughout the country, ought to impress " us with sentiments of the most unfeigned gratitude and thankfulness.

" Undisturbed by the suggestions of seditious Demagogues, and fully sen-" sible that neither private nor social happiness can be obtained but by the " cultivation of the principles of religion and a just subordination to lawful " authority, I am confident that His Majesty's dutiful subjects in this Province, " will avail themselves of this season of peace to promote its prosperity, by " directing their attention to such pursuits as promise to be permanently be-" neficial. - 1966 AF DAT MANDLADD AN ARA BAR PARTY

C, is Moses Vernon's account, with affidavit, for 1819, one of the Supervisors of the great road from St. John to St. Andrews, to amount of £103: 14. There are vouchers for £49: 9, and £10 for his attendance as Supervisor. No vouchers for the remainder £45: 5.

D, is Thomas Wyer, junior's account, with affidavit and vouchers, for #48:17:6, one of the Supervisors of the road from St. John to St. Andrew's, for 1819, except 17s.6d. to the Printer, which he could not procure, as he has left the place.

E, is John Campbell, the late Christopher Hatch, and Gabriel De Veber's general account current with the Province, with affidavits, up to 1st January 1820, as Supervisors of the road from Fredericton to St. Andrews. They state the expenditure at  $\pounds4916:8:5$ ---They credit the Province  $\pounds4613:15:10$ ---which leaves a balance of  $\pounds302:12:7$ , due them. No report accompanies this account.

F, is vouchers of the late Christopher Hatch, for #161:5:1---from John Campbell, for #4:10----and from Gabriel De Veber, for #1----the whole amounting to #166:15:1.

G, is Ichabod Lewis' report, one of the Supervisors of the road from Fredericton to Westmorland. He states that his contracts are completed, except about  $\pounds 30$ , which he will have finished the next season. The road from the bend of the Peticodiac river to James Blakney's, wants considerable repairs---that that part leading through the woods, when it comes to settle, will be very uneven : there are also two or three bad hills that require considerable work ---that from James Blakney's to Mr. Pitfield's, will require  $\pounds 500$ ---from thence to Wm. M<sup>4</sup>Leod's,  $\pounds 300$ .

H, is Ichabod Lewis' account, with affidavit and vouchers, for #356:13:1, expended on the road from Fredericton to Westmorland. He gives credit for #371 received from the Province, as by his statement last year---which still leaves a balance due the Province #14:6:11.

I, is Caleb Wetmore's account, with affidavit, as Supervisor of the road from St. John to the Finger-Board, for  $\neq 48: 16: 6$ ---also vouchers of money expended on said road to amount of  $\neq 43: 15: 6$ . No report accompanies this account.

K, is Thomas Wyer, jun. and Moses Vernon's report, as Supervisors of the road from St. John to St. Andrews, dated 25th January 1820. They state that

the road from Musquash to Leproe (distance 10 miles) is very bad, owing to no money being laid out last year---the causeways require to be repaired. The road from Leproe to Magagaudavic (distance 20 miles) has had £75 laid out upon it this season, owing to its being in a very bad state---A great part of this road still requires to be causewayed and covered with earth, and can only be made in this way or by turnpiking, as the ground is very swampy---This part of the road requires to be opened five rods wide, as the fire has been through the woods the trees will fall in and block it up. The road from Magagaudavic to Bockabec (nine miles) has had nothing done on it this season, a part of which is very swampy and requires to be causewayed----That the road from Bockabec to St. Andrews (eleven miles) is opened four rods wide this season: a part of this road is very rocky, and the ground very hilly, and it would require a good deal of money to be laid out on it to make it a good road,

Ordered that the Bill be read a second time on Monday next, and that the Parties be then heard by their Counsel at the Bar of this House.

On motion of Mr. Wheeler --- That whereas by Act of Parliament certain duties, commonly called Crown Duties, are levied upon all Molasses, Coffee, and Pimento, brought into this Province from any part of the British West Indies, and, in some instances, from other places,---viz. upon Molasses, one penny per gallon; Coffee, three farthings, and Pimento, one halfpenny per lb. all sterling; also a like duty upon all Wines imported into this Province from the place of their growth, or from any place where these Crown Duties have not been paid; which said Duties have no connexion with the Revenue of this Province, but are all transmitted to His Majesty's Exchequer in England; and which said duties are also attended with the peculiar hardships of being liable to no drawback whatever upon exportation of the said articles from this Province, and of being wholly payable in hand upon their entry at His Majesty's Custom-House---no bonds being taken or any credit allowed therefor : And whereas since the establishment of the Free Port of St. John, large quantities of Molasses, Coffee, and Pimento, have been brought there for the purpose of being reshipped to the United States of America, a great portion of which is never landed, but transhipped immediately into American vessels; and it is to be expected that Wines would also be brought for the same purpose, but for the aforesaid duties, which, from their admitting of no drawback, operate with peculiar severity upon such trade in Molasses, Coffee, Pimento, and Wines, and, as is represented, hindered much beneficial trade to this Province---

Be it therefore resolved, that an humble Address be presented to His Royal Highness the *Prince Regent*---praying that His Royal Highness will direct measures to be taken that may tend to relieve the importation into this Province of Molasses, Coffee, Pimento, and Wines, from its present liability to pay the Crown Duties immediately upon entry, and from the inconvenience which rests upon it in consequence of no drawback being in any case allowed upon the said articles being exported---

And be it further resolved, that the Honourable His Majesty's Council be requested to join this House in an humble Address as aforesaid.

#### PRAYERS.

Mr. Smith, from the standing Committee to examine and liquidate public and private accounts, reported as follows:

L, is Benjamin Wilson's report for 1819, as Supervisor of the great road from Fredericton to Westmorland. He states that in his report of last year there was a balance due the Province  $\neq 145$ : 2: 7, occasioned by his not being able to obtain vouchers for money which he had actually paid and some of the jobs he had then let, were not completed.

of the jobs he had then let, were not completed. He further states that it was necessary to build two bridges within his district, one over Fox Creek near the bend of Peticodiac river, and the other over Tantamar river, in Sackville: the former has not been attended to, but the

1 ( **N** )

latter is completed, except the small butments at the ends, which can be finished in two days by eight men : the difficulty in procuring timber and brush in the summer, is the cause of this delay. In the event of the failure of the old bridge, the new one can be made passable for travellers in a few hours, with plank. The bridge over the Memramcook river will want repairs early in the spring, as one of the piles on which the bridge stands is worn off by the running ice : if not repaired as early as the ice begins to run, the bridge will be in danger --- piles are preparing for that purpose. The roads from the bend to Shediac and from Wheldon's to Shediac, are of great importance to the public, and are almost impassable in the wet season of the year. With respect to the great line of communication between Fredericton and Nova-Scotia, the report of last year contains the necessary supplies that come within his knowledge---the accounts at this time are much larger than he expected, owing to the expense of the bridge---he had made some contracts in 1818, which were not completed that season---he expended the money he had in hand, to make the necessary payments, having no doubt but the Legislature at their last meeting, would have continued their supply for the use of the great roads, and that it would have been in his power to have made the payments out of the public funds by the time the work was completed; but he found his mistake, and had to apply private property to the use. He flatters himself that the House will not hesitate to reimburse him at the present meeting of the Legislature.

M, is Benjamin Wilson's account, with affidavit, for the expenditure of  $\pounds 331: 7: 5$ , as Supervisor on the great road from Fredericton to Nova-Scoria--- $\pounds 234: 13$ , of the above, expended on the road---on which his time and expenses are charged at  $\pounds 10$ ---the remaining  $\pounds 96: 14: 5$ , was expended in building a bridge, on which his time and expenses are charged at  $\pounds 5$ . There are vouchers for  $\pounds 321: 7: 5$ . He gives credit for balance of account in 1819,  $\pounds 145: 2: 7$ ---which leaves a balance due him of  $\pounds 186: 4: 10$ .

N, is John Campbell and Gabriel De Veber's report, as Supervisors of the road from Fredericton to St. Andrews, up to 3d March 1820. They state that in consequence of no appropriation having been made the last Session, they have been prevented from making the improvements so much wanted on said road. From Whittier's to Garden's ridge, (three miles) a large sum is wanted to render it passable in the summer season, owing to the immense number of large rocks without any soil over them. From the summit of the Pleasant Ridge to the Magagaudavic (four miles) will also require a great deal of labour to put in repair. The whole road continues nearly in the same condition as stated in their last report. The bridges are now in a tolerable state of repair, but in consequence of the accidents which happened to the Digdeguash and Piskihagan bridges, they were constrained to enter into contracts which exceeded the total amount granted to them the sum of 282:1:5--and there remains now due them 2302:12:7, on contracts for labour performed principally in the year 1818.

Ordered that the report be accepted.

### Council Chamber, 2d March, 1820.

Read a second time, the Bill, " to provide payment for certain services."

Whereupon. on motion of the Attorney-General, resolved that it is the opinion of this House, that the granting of a remuneration to the Members of the House of Assembly at so high a rate as 20s. per day, is a lavish and improvident grant.

Resolved further, that the giving a preference to the grant for remunerating the Members of Assembly to all other grants for all other services (as provided by the Bill now under consideration), is a direct infringement of the powers of the Executive Government, and thus far a violation of the Royal Instructions.

Therefore, on motion of Mr. Justice Chipman, ordered that the further consideration of this Bill be postponed for six months.

Resolved, That this House have seen with regret and surprise, the resolutions of the Council, as reported by the Committee appointed by this House to search the Journals of the Council, as to their proceedings upon the Bill, " to provide payment for certain public services," and which appear to express the reasons for the postponement of the further consideration of the Bill for six months:

That this House conceive that they are the sole judges of their own rights, in the appropriation of money for the public service:

That in making the provision for the payment of the Members of the present House of Assembly at twenty shillings per day each, the House did conceive that the principles of the Bill were in conformity to the proceedings of the Legislature in the year 1818:

That this House therefore see no just reason why a grant to defray the expenses of the Members of this House during their attendance in General Assembly, should be deemed lavish and improvident, when a similar one met with the concurrence and approbation of the Council in the year 1818.

PRAYERS.

Mr. Smith, from the standing Committee to examine and liquidate public and private accounts, further reported, that

N, is Edward W. Miller's report, as Supervisor of the Great Road from Fredericton to St. John, up to 1820. He states that the bridge which crosses the Mill Creek, two and a quarter miles below Fredericton, on the Great Road, was not built sufficiently high to clear the freshet in the spring of the year : He has therefore thought it expedient to raise the bridge 64 feet higher than before, which expense is £195:9:3. The bridge in the Parish of Lincoln which he was obliged to take down, from its dangerous situation, the last year, has now become a matter of serious inconvenience to the public, as the communication will be entirely stopped for several weeks in the spring; and uns less some more extensive aid can be afforded to that particular object, than the small proportion which is allotted to his district out of the grant of the present year, the bridge must remain nearly in its present state; it will require at least # 300 to make the bridge, as was intended, of solid materials. With the small balance that was in his hands in the year 1818, he began a foundation and built a water course of 40 feet long, 5 feet high, and 4 feet thick, and 3 feet in the clear, with stones, and covered with large flag stones 4 feet long, sufficiently strong to support any weight. With the assistance of the statute labour in that small district, he was enabled to make the bridge passable in the summer and winter seasons, having a steep bank to rise on each side. He, therefore, hopes the Honorable Committee will take this important circum stance into consideration, and give it that attention the case requires. He would also recommend a small sum of 40 or  $\pm 50$ , to be appropriated to filling up, with brush and stone, a breach in that part of the road on the intervale near the Oromocto. The road from thence to Mr. Currie's, near Gage-Town, is tolerably good---From Mr. Currie's to Gage-Town, will require some assist A more particular account is given in a Petition, hereunto annexed, ance. from the Inhabitants of the Parish of Lincoln, of the bridge referred to in this report.

He credits a balance due the Province in 1818, of  $\pounds 25:4:11$  ---also money received from the Treasury,  $\pounds 66:13:4$ ---Which leaves a balance due him,  $\pounds 10:3:11$ . Q, is N. H. De Veber's report, as Supervisor of the Great Road from Fredericton to Westmorland, up to 1820. He states that in his account of last winter there were some small errors in adding it up, which are now corrected in his present account :

That the principal part of the road under his direction is in a very bad state, particularly that part between the Washademoac Lake and Belisle. At a very low estimation, it will require  $\pounds 1000$  to make a tolerable road for carriages. The causeway on the marsh near Joshua Oakley's, is also in a very bad state, and will require at least  $\pounds 100$  in addition to the  $\pounds 50$  granted last year, which would enable travellers to pass over that place, when they are prevented travelling on the intervale on the opposite shore, in time of Ireshet.

R, is N. H. De Veber's account, with affidavit, as one of the Supervisors of the Great Road from Fredericton to Westmorland, for the expenditure of  $2795: 10: 3\frac{1}{2}$ --in which is included 210 for his services as Supervisor in 1819---also 23 travelling expenses to St. John, to receive the money. He gives credit for 2856: 10, received from the T-reasury---Which leaves a balance of  $260: 19: 8\frac{1}{2}$ , due the Province. No vouchers accompany this account. Ordered that the report be accepted.

Ordered that the Bill be engrossed.

Read the third time, the engrossed Bill, " to appropriate a part of the pub-" lic revenue for the services therein mentioned."

Resolved that the Bill pass. Ordered that Mr. Miles and Mr. Wetmore, carry the same to the Council, and desire their concurrence thereto.

Mr. Agnew, from the select Committee to which His Excellency's message, accompanied by the report of the Surveyor-General and his and several accounts of Deputy-Surveyors, for laying out Lots for Emigrants, was referred, reported,

That Mr. Lockwood's account for surveying 1700 acres of land, about 3 miles south of the Washademoac, agreeably to His Excellency's warrant, No. 490, is a correct account, amounting to  $\neq 20:2:6$ .

The account of Mr. George West, for surveying 42 lots, amounting to  $\pounds 59:10$ , is overcharged  $\pounds 3:5$ , agreeably to the notice taken of it by the Surveyor-General---making the sum of  $\pounds 56:5$ .

The account of Adam Allan, Esq. for surveying 44 lots, marking a road and plan of the Country from the Oromocto to the Nerepis, with the necessary expenses incurred for this service, amounting to  $\pounds 63:1:3$ , ought, under the circumstances alluded to by the Surveyor-General, who subscribes the account, to be regarded as correct.

Another account of Mr. George West, for surveying 100 lots, on the road leading from St. John to St. Andrews, amounting to  $\pounds 183:5$ , is overcharged  $\pounds 9:12:6$ , making  $\pounds 173:12:6$ , agreeably to the recommendation of the Surveyor-General---(vide the account.)

Colin Campbell's account, to the amount of  $\pounds 21:10$ , is reduced by the Surveyor-General, for reasons assigned by him, to the sum of  $\pounds 20:5$ , which the Committee think correct.

Mr. Morehouse's account,  $\pm 61: 10: 6$ , is not vouched by the Surveyor-General---Mr. Morehouse having declined to submit to deductions of his account. The Committee therefore recommend to the House, not to pay any of these accounts where the Deputy is not possessed of the approbation of his Premier.

Another account of Mr. George West, for surveying 34 lots, viz. the Cardigan Settlement, amounts to #45, including all charges. This account is vouched by the Surveyor-General as a reasonable charge.

Mr. Bernard Kiernan and Philip Mosher's account (vide the account,) amounting to #32: 16: 5, for surveying (by Mr. Kiernan) 100 lots, including the necessary expenses. This account is recommended by the late Surveyor-General, (George Shore, Esq.) and is accompanied with vouchers. It was sent to the House of Assembly during the Session of 1819, and appears then to have been overlooked, not being provided for in the appropriation of #296: 2: 4, for expenses of survey.

Lieut. MacLauchlan's account is recommended by the Surveyor-General, 24th February, 1820, and amounts to the sum of #75---viz: for 36 days surveying, at 22s. 6d., #40:10; 4 days making plan, #4:10; 4 chain bearers, 20 days, at 30s. per diem, #30---making the above sum of #75.

Another account of Lieut. MacLauchlan, amounts to  $\pm 70:0:9$ , and is recommended by the late Surveyor-General (Shore). The charge for expenses in this account, is at the rate of 7s. 6d. per day, for 29 days. From this charge the Committee are of opinion that 5s: per day ought to be deducted: the charge then would be similar to other charges in these accounts, reducing the sum to  $\pm 62:15:9$ .

Total amount of these charges against the Province, £610: 8:11. The Committee recommend to the House, to pay particular attention to these accounts.

" Gentlemen of the Council,

" and Gentlemen of the Assembly,

"Having assented to the several Bills brought up for that purpose, I feel ti incumbent to express my satisfaction at the liberal grants that have been made for the public service, and in consideration of their importance towards promoting the prosperity of the Colony, I have not withheld my assent to the Appropriation Bill, although containing an item of expence which has been deemed by the Legislative Council, during the Session, "a lavish and improvident grant:" At the same time I cannot but entertain a hope, that the period is not very distant, when the Members of the House of Assembly of this Province will consider it more consistent with the dignity of that honourable branch of the Legislature, and more agreeable to the practice of the Mother Country, to render their services without taxing their Constituents so largely for remuneration."

And that the Honourable Mr. Justice Saunders, then said, ---

" Gentlemen of the Council,

" and Gentlemen of the Assembly,

" It is His Excellency the Lieutenant-Governor's will and pleasure, that the General Assembly be prorogued to the first Tuesday in June next, and the General Assembly is accordingly prorogued to the first Tuesday in June next."
