

THE DREADFUL CHOLERA

CONFERENCES IN SOUTH-AMERICA.

MEMBERS OF BELGIUM-RETURNING FOR IT

WASHINGTON, July 16.—The treasury

department has been informed that paper

and rags supposed to have been collected

in the cholera-infected districts of Europe,

are being imported into the United States

through Canadian ports.

On July 16.—Some excitement was

caused here by the report that a steamer

had landed a quantity of rags which came

from the cholera-infected parts of France.

Investigation showed the rags came from

the north of France and had been duly in-

spected.

PHILADELPHIA, July 16.—The health

officers say the sanitary condition of the

city is such as to make any thinking man

shudder at the mention of the word

cholera. They say it is not their fault, as

they are allowed only \$16,500 to abate

nuisances.

PARIS, July 16.—The academy of medi-

cine has referred to a commission what

measures ought to be taken to promote

public health and prevent the introduction

of cholera.

THE COMITE DE PARIS has given the Ton-

ton sufferers \$10,000.

TOULON, July 16.—The deaths from

cholera last night were 22. Admiral Fu-

quet's wife is among the victims. Muni-

cipal councillor Alazard was attacked last

night and died. There were 11 deaths

since last night, including the chief

of police and the chief person

ware. Two members of the government

are here on a visit of inspection.

MARSEILLE, July 16.—The deaths dur-

ing the twenty-four hours were 53.

THE FIVE CHOLERA EPIDEMICS OF FRANCE.

Cholera first penetrated west of Russia

in 1831, in which year, after ravaging

Egypt, it passed to England and thence

to France. On March 15 it made its ap-

pearance in Calais, but it was not until Feb-

18 of the following year that the first case

occurred in Paris. Ninety deaths took

place in March; 12,733 in April. In May

the mortality fell to about 800, but in the

latter half of June again increased. In

July 2573 deaths from cholera were regis-

tered, and about 1000 in August, after

which the death rate declined greatly. By

this epidemic 18,402 persons perished in

Paris alone from March to September.

The epidemic of 1849 came also, according

to Dr. Bouchardet, by way of England

and during its course more than 19,000

persons died in France. The third epidemic,

that of 1865-66, killed 7929 Parisians; that

of 1883-84, 5751, while in that of 1873 only

854 persons perished. The diminished

number of deaths from the latter epidemics

may be partly attributed to the increased

knowledge of methods of combating it

in 1852 there were few cases, and in 1849

the municipal authorities and their medical

advisers knew so little of the nature of

HOW THE FULLANES-DEMPEY

FIGHT WAS STOPPED.

ROSE MACKENZIE RETIRES FROM THE

CROSS-COUNTRY-THE NATIONAL TROT-

TING-COURT-SPORTING NOTES.

Deputy Marshal Frey thought it odd

that so many out-of-town sporting men

were seen hanging around the centre of

the city on Sunday. He set a number of

private officers to work and discovered

that George Fullanes of Toronto and

John Dempsey of Williamsburg, N. Y.,

proposed to participate in a prize fight in

this vicinity. It was to be fought with

hard gloves between the hours of 4 and 10

a. m. The ground was to be 550 miles

from New York city. "Roebuck" on the

Back river had been chosen. The fight

was to be for \$1000. The man who failed

to appear on the grounds between the hours

named was to forfeit the battle and lose

his money. Richard K. Fox of the Police

Department was appointed referee. Thomas

Murphy of New York and Charles Carroll,

superintendent of Bayview asylum of

Baltimore.

The police authorities discovering that a

crowd of sporting men were at Charlie

Carroll's and Larry Mayberry's "Pimlico

house," on Howard and Mulberry streets,

sent a squad of police there late on Sunday

night. Deputy-Marshal Frey headed this

squad, and the police were nowhere to be

seen. Maral Frey told Carroll that he had

full authority to arrest the principals, their

seconds and backers if they did not dis-

continue the fight. The statement that the

fight was to be with gloves was no excuse,

and to satisfy the police Carroll and

Dempsey promised that there should be no

fighting. This put an end to the fun at

once. The threat of the police was ad-

vised to Fullanes and Dempsey. Fullanes,

it is said, took it very quietly. Dempsey

and his backers were very much

disgusted. There was some talk of with-

drawing the money from Fox and placing

it in other hands.

Fullanes and his seconds, Barney Aaron

and John Flood, kept very quiet after the

police took a hand. It was not known

whether they left the city yesterday after-

noon or not. Dempsey's backers claim

that there was some "crooked" business

about the way the police got hold of the

news. A. F. Tuttle, one of Dempsey's

backers, says that he was told that

"I know it's ticklish work to have a

prize-fight down here. But if both men

backed business there's no harm in it.

The whole thing is all around. I'm willing

to bet that Fullanes and his seconds are

somewhere in this city now."

Friends of Fullanes insist that the only

reason they objected to fighting was the

fact that it was useless to attempt to elude

the police. They say that the fight may

be fought in the city of Virginia. Fullanes

is 32 years of age. He weighs 125 pounds.

BERNARD ALBERT GILBERT LOST

HIS LIFE AT HIS FURNACE.

Half a Dozen of His Comrades Painfully

Injured—Two Valuable Horses Burned

to Death—To the Rescue.

Last night was a very disastrous one for

Toronto's noble fire brigade, and it will

be remembered. The Court street

factory especially suffered, and this morn-

ing the bodies of the noble firemen who

died in the flames were being lowered

into the city morgue. The fire broke out

at 10:30 p. m. A fire had broken out in

the "bay-loft" of the stable behind T.

Hill's grocery and butcher shop, at

the corner of Court and Mulberry

streets. The stable adjoins the store on the

latter street, and there is an entrance from

one to the other. The fire started in the

stable, and spread rapidly to the store.

Mr. Hill was absent from home at the time

of the fire, and a couple of his employees

were on duty. A young man, who was

walking along Parliament street,

saw a World reporter just after he

noticed the fire. He saw two men run

from near the stable. The fire evidently

started in the hay-loft, as the roof was

speedily burned. A World reporter

was on the spot, and he saw the

firemen do to extinguish the blaze. Four or

five streams were kept going to work, and

in less than half an hour all prospect

of the fire being extinguished was

past. A roughest dwelling adjoin-

ing the stable was singed pretty badly

by the flames. The unfortunate Gilbert

was the Assistant Chief, Foreman

man Frank Smith of the Court street

For a period of somewhere from twelve to eighteen months we have been suffering from what is the fashion to call "depression."

Direct from Marseilles. The fact that a sailing vessel direct from Marseilles has arrived at Miranich, in New Brunswick, will startle us from our dreams.

The beginning of the End. If the salvation army goes on as at present it will soon get to the end of its string.

Good News for School Children. The legality of keeping a child in school after regular hours for not learning his lessons was tested in an English law court recently when the mother of a little boy pleaded before the court.

How to Make a City Clean. Pending a general inspection of the city by the health officers, a great deal might be done by each citizen making a personal inspection of his own premises.

The Mail man in an article on Leech and Du Maurier exclaims: "Who is absolutely essential? Which of us cannot be spared?" This would indicate that at last the writer had brought to a proper frame of mind.

Here is what we consider a good sign. A Winnipeg dealer advertises in these terms: "The choicest Manitoba butter always in stock."

Street Sweeping Too Early. Sixty - It is in accordance with the order of affairs - pertaining to street sweeping - that the residents of Adelaide street, between the post office and Church street, particularly, should be made to suffer that choking annoyance caused by the two wheeled street sweepers.

The University Question. Sixty - As you are in almost the only journal which dares to discuss the vexed question of university consolidation, I would like through your columns to make, from the point of view of the provincial non-sectarian institution, a few suggestions as to the best available solution of the difficulty.

A FREE WHARF AT BROOK STREET.

Defeat of a Resolution to Get a Revenue from that Piece of Corporation Property.

Ald. John Irvine (Chairman), Blvina, Defoe, Hastings, Harris, Sheppard, Steiner, Walker and Woods turned up at the public committee meeting yesterday afternoon.

The lumber steamer ferry company were granted a like franchise for the erection of a wharf at High park at their own cost.

The commissioner will look into the question of erecting a bridge over the lagoon at the West point to reach the new building houses on the spit.

Ald. Defoe failed in his effort to get the company to agree in his suggestion to levy a tax on steamers calling at the Brock street wharf.

The Police Commissioners through their secretary Chief Draper announced that they had not consented to the selection of Vernon Hill, Brockton, as the site of a new police station.

The building will have to be purchased at any event, the alderman appointed a sub-committee to endeavor to effect an arrangement with the police board.

No action was taken on a communication from the university solicitors calling for the performance of certain work on the avenue.

The commissioner was ordered to fix a site for a caretaker's cottage in the Queen's park.

A sub-committee was appointed to get the police commissioners' views on the Bolton street school lot as the new St. Matthew's ward police head station.

Ladies' fancy dress muslins, worth 14c wholesale, for 5c per yard at the Bon Marche, Farley & Co., 7 and 9 King street east.

A Delightful Summer Resort. Mr. Dunham, the popular proprietor of the Exchange hotel, Point St. Charles, has purchased the beautiful property and summer hotel at Sturgeon Point on Sturgeon lake near Lindsay, and thoroughly refitted and furnished the hotel throughout.

The hotel is kept in Mr. Dunham's well-known first-class style—excellent table, comfortable rooms and the best of attendance. There is a separate building for the bowling, billiard room, cafe and ball room.

The latter is a very large hall in which a new and excellent dancing floor has been laid this season which the guests of the house enjoy by having a "hop" every Saturday evening.

Mr. Dunham has erected a new boat house this season and stocked it with a nice lot of new boats enabling his guests to enjoy the excellent fishing and boating in the vicinity.

Visitors can leave Toronto by Midland railway at 7 o'clock a. m., and arrive at the hotel at 12:30 in time for dinner; also leave at 4 o'clock p. m., and arrive at 9 o'clock p. m. Retiring—can leave the hotel any morning (except Sunday) and arrive at Toronto at 11:30 a. m. Return tickets, good for thirty days, \$8.30.

A Superior Coal Thief. Thomas Watson, 42, of No. 108 Elizabeth street, was arrested yesterday by Grand Trunk Detective Flynn on a charge of systematic robbing from the company, who employed him as a coal checker.

Watson looked after the receipt and delivery of coal to merchants. His defence came about by a letter he sent to his superiors saying that he had been robbed of \$84 and would have to make it up monthly.

After arrest he admitted stealing a whole car load of coal and selling it to Wm. Hunter, coal dealer, of Spadina avenue, for \$4.50 per ton. He will have a hearing before the magistrate to-day.

Remember at the Bon Marche for 15c during the great summer clearing sale.

Doing the Lakes. The steamer Spartan of the Owen Sound steamship line, running in connection with the Canadian Pacific railway, is about to take a large party of ladies and gentlemen to all points of interest along the line of that railway on Lakes Huron and Superior.

R. W. Elliot, president, and G. R. Magann, secretary of the company, will be with the party. They leave Toronto on Tuesday evening at 4:40 by the Toronto, Grey and Bruce railway for Owen Sound to join the boat there.

Arrested on a Charge of Manslaughter. Charlie Thompson and Charlie Reid, who were held before the coroner for being in some way connected with the death of the boy Martin and discharged, were re-arrested again by Detective Hodgins yesterday on a charge of manslaughter.

They were admitted to bail in \$500 each. Mr. Thompson bailing his son and Mr. Woods the other lad.

Those Popular Hops. Metaw & Winnett of the Queen's Royal, Niagara, give one of their popular hops on Saturday night. The steamer Arnetta will leave Yonge street wharf at 3:30 p. m., and returning will leave Niagara on Monday morning at 7 a. m. Chicago tickets are good on Arnetta.

During the clearing sale the Bon Marche offers all summer goods at far less than wholesale prices. Farley & Co., 7 and 9 King street east.

Dear Willie. Jamieson's pony "Oscar Wilde" will be given away at the Horticultural gardens on Friday evening to some fortunate little fellow. A grand promenade concert will wind up the entertainment.

THE BRIBERY COMMISSION.

Mr. Blake Announces when the Crown will Close its Case.

The bribery commission set up 4 o'clock yesterday afternoon. Mr. Blake announced that he expected all the evidence for the crown would be in by Friday.

Commissioner Proudfoot complained that too much time was being lost. Mr. Meek said he did not exactly know when he could be ready with the defence, as he did not know what he would have to answer until all the crown evidence was in.

Judge Proudfoot said it was understood that the names of all the witnesses he intended to call should have been handed in by July 4. It is likely Mr. Kirkland will take the stand before the enquiry closes.

The witnesses examined yesterday were H. P. Dwight, general manager of the Great Northwestern telegraph company; D. H. Mienaker of Cobourg; and the following M.P.'s: P. Hudson, East Hastings; A. P. Ross, Cornwall; Andrew Broder, Dundas; Pat Bankerville, Ottawa; G. W. Monk, Carleton; L. McCallum, bank clerk; Hamilton; Mr. Sills, West Hastings, closing with Wm. Caldwell of North Lanark.

Imparting Valuable Instruction. "Papa," asked a little boy of the New York Sun editor, "a man who steals a lot of money, is he a thief, isn't he?" "Yes, a dastardly thief."

"Is a man who steals 10,000 a thief, too?" "Well, no, my boy, scarcely. Definitely, I think, is the more appropriate word. 'And what is he called when he steals \$1,000,000?'" "There is no such thing as stealing 1,000,000, my son. It is termed 'diverting.' When a gentleman diverts 1,000,000 he is spoken of as a financier."

—The reason why "Nonsequi Washing Compound" should be used in preference to all other washing preparations is that it is perfectly harmless. Second, it saves more than half the labor. Two Excuses Exchange Counterfeit. "It's a cold day when I get left by the girls," remarked the plate of ice-cream. "You're a cool one, I know," tartly replied the lemon; "but the girls can't get along without my aid in summer." This led to their usual disagreement.

No other name sells half so sweet to me as this beloved old Anglo-Saxon word. Whose simple mention stirs some silent chord Within my heart, and brings me back to those days when I was a little boy, and my mother, when I was a babe, my fondling fancy soared with me to a little world of my own.

From out this eye—so full of sanctity, When I was a babe, my fondling fancy soared with me to a little world of my own.

Settling alone, while thou thy steps retrace Back to him who lives in endless day.
