WEDDINGS

LADELL-BARNES

A quiet but pretty wedding took place at the home of Mr. and Mrs. Chas. Barnes, Watford, on Thursday, November 20th, when their youngest daughter, Sadie Alexandria, was united in marriage to Mr. Laverne Ladell, son of Mr. and Mrs. W. J. Ladell, of Winnipeg, the Rev. H. V. Workman performing the ceremony.

The bride was prettily gowned in white georgette over satin, trimmed with silver ribbon and orange blossoms and wore the conventional veil caught with silver ribbon and seed pearls. Her flowers were a bridal bouquet of pink roses and carnations and she wore the groom's gift, a rope of pearls.

The bride was attended by Miss Dora Richardson, gowned in oakwood brown satin, while the groom was supported by his cousin, Mr. Lee Cook. The groom's gift to the bridesmaid was a white gold bar pin set with sapphires and to the best man a gold eversharp pencil.

After a dainty luncheon the happy couple left amid showers of confetti by motor for London. The bride travelling in a navy blue poiret twill suit, radio blue blouse with hat to match and Isabella fox neckpiece. They will reside in Detroit.

MISS CATHERINE CAMERON

The funeral took place last Saturday afternoon of Miss Catherine A. Cameron, who died on Thursday at the residence of her brother, D. A. Cameron, on the sixth concession of the township of Plympton.

The late Miss Cameron was a lifelong resident of Watford, and was a very active member of the Presbyterian church here, being treasurer of the women's missionary society for many years, and a member of the Sabbath school.

Besides her mother, Mrs. Mary A. Cameron, she is survived by three brothers: Dr. A. Cameron, Herman, Nebraska; Samuel Cameron in Warwick, and D. G. Cameron in Plympton; and three sisters, Mrs. William McKenzie in Warwick, Mrs. Charles Moore, near Sarnia, and Mrs. Speer, of Detroit.

The funeral, which was largely attended, was held from the residence of her brother, D. G. Cameron, sixth concession, township of Plympton, the services being conducted by Rev. H. V. Workman, assisted by Rev. J. C. Forster, of Corunna. Interment took place in Watford cemetery.

PLYMPTON

On Friday a conference of the Sunday schools and young people's societies was held in the South Plympton church. An interesting program was carried out. Addresses were given by Barrett Forbes, Miss Elizabeth Crowe and Rev. J. J. Monds of Petrolia. M. Collins sang a very effective solo during the evening. Rev. H. V. Workman led in discussions. The officers are: president, B. Forbes, vice-president, Miss K. Elliott, secretary, Jean A. Ewart; treasurer, Mr. Cole of Strathroy.

Mrs. G. M. Beggs returned to Toronto Wednesday, after spending several days with her sister, Miss Ella Anderson, Wyoming, and other relatives in the vicinity.

Mr. and Mrs. John Holmes of Detroit spent this week with Mr. and Mrs. Jones and family.

The first of a series of meetings of the Ontario religious education council was held in the South Plympton Presbyterian church on Monday evening. Dr. Brown of Camlachie was chairman. Mr. Waghorn of Mandam addressed the meeting in the interest of missions, after which teacher training problems were discussed. After a social half hour tea was served by the ladies of the church. The next meetings will be held in the Wyoming Methodist church.

"A voice from the tomb" was heard in Los Angeles the other night when it was discovered that to save room rent a man had established sleeping quarters in a vacant vault in the cemetery.

New Health for Suffering Women

Obtained Through Enriching the Blood Supply

Many women endure with silent patience, suffering that casts a shadow over half her life. But an aching back, tired limbs, sideaches, attacks of faintness and splitting headaches need not be a part of a woman's life. Such trials indicate plainly that her blood is thin and impure; that to drive away these troubles her system requires the new, rich blood supplied by Dr. Williams' Pink Pills. These pills are valued by suffering women, who have used them, above all other medicines because they make the rich, red blood that makes women feel well and at their best. Proof of these statements is given by Mrs. Eugene Deslauriers, Richot, Man., who says:—"A few years ago my health completely failed. I was subject to those troubles that afflict so many of my sex. Added to these I suffered from constipation, loss of appetite, dizziness, a ringing in my head and nervous prostration. I consulted several doctors, but their medicines failed to give me relief. After much persuasion I began to take Dr. Williams' Pink Pills, but without much hope as I believed that no medicine would help me. To my great joy, however, I found these pills were just what I needed, and I can honestly say they have made me a well woman. I can now do with ease all my own housework, and I strongly urge other weak, ailing women to give this medicine a fair trial, feeling that what it has done for me it will do for others."

You can get these pills from your druggist, or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Miller's Worm Powders do not need the after-help of castor oil or any purgative to complete their thoroughness, because they are thorough in themselves. One dose of them, and they will be found palatable by all children, will end the worm trouble by making the stomach and bowels untenable to the parasites. And not only this, but the powders will be certain to exert most beneficial influences in the digestive organs. m

Stan. Trenouth Wins More Honors for Queen's

Stan. Trenouth, Watford's young athlete attending Queen's University Kingston, is winning more honors every week for himself, for Queen's and for his own home town, Watford. Below are reproduced clippings kindly forwarded this paper by a fellow student of Queen's, taken from the Kingston Daily Standard and Queen's University Journal.

TRENOUTH OF QUEEN'S WON ROAD RACE EASILY

(Kingston Daily Standard) S. Trenouth of Queen's won the five mile road race held at the "Y" yesterday in the record-breaking time of twenty-nine minutes and thirty-eight seconds. Geddes of Queen's came in second in thirty-one minutes and thirty-one seconds. Robertson also of Queen's placed third in thirty-two minutes and forty-eight seconds. Trenouth set a terrific pace right from the start and soon left no doubt as to the winner, though Geddes picked up some distance at the last. Both men finished with a fine dash. Capt. Harvey, Mr. J. Bews, Mr. W. F. Musselman, Mr. W. R. Allan, Mr. H. Wilder and C. O. Chamberlain were the officials.

By winning the race in such good time Trenouth not only gets the cup which Mr. Wallie Cusick donated but also gets his name engraved on the Nelles Trophy shield as he is now the record holder for this course. Geddes and Robertson each receive the medals donated by Dr. C. C. Nash. The record of this course has not been broken since 1908 when Cadet Watts made the course in thirty-one minutes twenty-nine and a half seconds.

It is planned to make this an annual race as much enthusiasm was aroused and a crowd of over a hundred watched the finish of the race. The "Y" hope to get the boys interested in running as it is a fine exercise. There is now some talk of forming a harrier club and of having a race for the younger runners while this fine weather lasts.

TRENOUTH WINS ROAD RACE

(Queen's Journal, Kingston) H. S. Trenouth, Queen's reliable Harrier runner has again stepped into the lime-light, this time by winning the Y.M.C.A. five mile road race and carrying off the handsome Cusick cup which goes to the winner of this event. Incidentally the record of the course, made by Cadet Watts in 1908 suffered a rude jolt when the speedy Queen's boy knocked a couple of minutes therefrom, finishing in the good time of 29 minutes, 38 seconds. This concludes a very creditable series of performances for Trenouth. Unknown early in the fall apart from the fact that he was the winner of last year's Queen's Harrier Meet he has stepped into the glare of publicity by winning the Interfaculty three mile race from a fast field, the Queen's Harrier Race and therewith the J. Bew's Gold Medal and permanent possession of the Cusick Harrier Trophy and in the Intercollegiate Harrier Run at R. M. C. he led the van the greater part of the way and giving way for first place only after a strenuous argument with Thompson of R. M. C. and Goforth, the McGill flash. Geddes ran his usual steady race and finished quite fresh just five seconds slower than the old record. Robertson gained third place quite easily leading the fourth man by several hundred yards. A Silver and Bronze medal go to these athletes. Congratulations to Trenouth, Geddes and Robertson for finishing in order for old Queen's.

Nothing to Equal Baby's Own Tablets

Mrs. George Lefebvre, St. Zenon, Que., writes: "I do not think there is any other medicine to equal Baby's Own Tablets for little ones. I have used them for my baby and would use nothing else." What Mrs. Lefebvre says thousands of other mothers say. They have found by trial that the Tablets always do just what is claimed for them. The Tablets are a mild but thorough laxative which regulates the bowels and sweetens the stomach and thus banish indigestion, constipation, colic, etc. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Mothers can easily know when their children are troubled with worms, and they lose no time in applying a reliable remedy—Mother Graves' Worm Exterminator. Use the "Want Ads" to buy or sell

Children Like This Delicious, Safe Beverage

YOUR children like a hot drink as well as you do. Here is one you can give them with perfect confidence. Instant Postum is healthful, satisfying and absolutely harmless for all. An ideal family beverage for those who realize the dangers of taking into the system the poisons Caffeine and Tannin—found in tea and coffee.

You'll welcome as well the ease with which Instant Postum is made. Simply put a teaspoonful in each cup, pour on boiling water or hot milk and stir and sweeten to taste. It makes a delicious hot drink—fragrant, full-bodied. Costs half-a-cent a cup. For those who prefer it, there is Postum Cereal, made by boiling for twenty minutes. Ask for Instant Postum at your restaurant, your club and on the train. Take advantage of Carrie Blanchard's offer. Send the coupon.

Carrie Blanchard's Offer

"I want you to try Postum for thirty days. I want to start you out on your test by giving you your first week's supply. It seems to me that it would be a wise plan for mothers, particularly, to think of this test in connection with the health of their families. Will you send me your name and address? Tell me which kind you prefer—Instant Postum or Postum Cereal (the kind you boil). I'll see that you get the first week's supply right away."

"There's a Reason"

INSTANT POSTUM

You know how many children do not like the taste of milk. You know how they like to have the same drink as the "grown-ups." You know, too, how good it is for them to have a hot drink!

Make Instant Postum for them, using hot milk instead of boiling water! They'll like the taste immediately! And they will get the food elements of wheat, plus the nourishment of milk, in a hot drink that is economical and so easy to make!

White Star Line to Dispose of Four Vessels

Only Tashmoo will Run From Detroit Next Year—Wauketa For Sale

"Detroit, Nov. 25.—Stockholders of the White Star Line at a special meeting yesterday approved a course of action proposed by the directors which means the virtual liquidation of the second largest vessel line operating out of Detroit. Next season the company will operate one vessel only, the Tashmoo, which will make a daily trip to Tashmoo Park and Port Huron.

Enforcement of the seaman's act and competition from motor bus and motor truck lines has so increased operating costs as to make this move necessary, according to C. F. Beilman, Jun., general manager of the company. The company was organized in 1894.

Sell Four Boats The company will place on sale the steamers Greyhound, City of Toledo, Awana and Wauketa. It will also offer for sale Sugar Island in the lower Detroit river and Star Island in Lake St. Clair. The company's docks, embracing 100 feet on each side of Griswold street and extending from Atwater street to the harbor line, will also be sold.

Service will be discontinued between Detroit, Sugar Island and Toledo. There will be no afternoon boat to Tashmoo and Port Huron. Freight service will be discontinued entirely. The Tashmoo will make a morning trip to Tashmoo Park and Port Huron and will carry moonlight

DO YOU EVER HAVE AN EYE-HEAD-ACHE?

AN eye-headache some times accompanied by an earache and burning sensations of the eyes is caused by an over effort of the brain to understand a blurred image that has been thrown on the retina of the eye. In the eye-camera the foci are changed by the eye muscles that swell and reduce the shape of the crystalline lens. When these muscles become weakened an optometrist must prescribe the outer-man-made lenses to bring about this focus accommodation.

"The Covered Wagon"

At the Iroquois, Petrolia
 Dec. 1st, 2nd, 3rd

To our Watford and vicinity patrons we wish to extend our sincere thanks for the support that they gave us during the run of The Sea Hawk. And now again we have to offer for your approval "The Covered Wagon" another Super Movie Production, which we claim will be well worth coming miles to see. Never before have you ever saw such a picture and never again will you. "The Covered Wagon" is a picture that is different from all others, and in many ways to. It isn't one of those pictures that every one ought to see, but will.

It not only prints in indelible and realistic colors, pictures of the west in its making, but it unfolds a love story of great sweetness. With its cast of some three thousand actors—three hundred covered wagons, a two mile train stretching across the wastelands, six hundred oxen, three thousand horses, all of which is only a bit of the vastness of this great picture, that shows the early days and the making of a great country. Lois Wilson, J. Warren Kerrigan, Ernest Torrence, Allan Hale, Tully Marshall, head an all star cast of principles. We earnestly request every one to be seated by 7.15 and 9.15, which is the time that the "Covered Wagon" goes on the screen each evening and at 2.30 on Wednesday afternoon matinee. We thank you.

A sparrow fell dead at the feet of a St. Thomas man who was running his auto in the garage with the door shut. The man at once realized the danger he was facing and opened the door. In a moment more he would have been overcome and another victim added to those killed with monoxide gas.

Exeter Advocate:—Mr. Wm. Hooper of Huron street last week lifted an enormous turnip which was solid all through. He only had an old-fashioned ball and beam scale to weigh it and with top and all it registered 40 pounds. Mr. Hooper wasn't sure whether the scales belonged to an iceman or not but from the feel of the turnip on lifting, it must have been very close to being accurate.

A Chinese applicant for a job wrote as follows: "Sir—I am Wong. I can drive a typewriter with good noise and my English is great. My last job has left itself from me, for the good reason that the large man is dead. It was on account of no fault of mine. So honorable sir, what about it. If I can be of use to you I will arrive on some date that you should guess."

In St. Marys during the winter season the young people commandeer the sloping sidewalks for sleighriding etc., to the extent that this year the Council felt it advisable to build a large toboggan slide on one of the side hills. In the Stone town all the streets run up and down hill with practically no level spots; consequently every street in town was a slide for the kiddies in the icy season.

"Look here!" bellowed an irate customer in the General Store. "You say you won't sell me a shovel unless I get a permit from the authorities and sign my name in a book. What's the big idea?" "We ain't taking no chances," answered the proprietor, firmly. "Governments mighty keeful these days. You fellers buy a shovel, dig up the ground, plant barley, make it into malt, then start brewing beer. No sir-ee! Sign up or you don't get the shovel."

Liquor export warehouse operators won a complete victory last week, in Windsor police court, when at the request of J. C. Makins, K.C., of Stratford, special prosecutor, all cases pending were withdrawn, and confiscated liquor valued at approximately \$150,000 ordered returned. This action was taken after Magistrate Gundy had ordered 1,100 cases of whiskey and 1,000 cases of beer returned to Fred Weaver of Ecorse. About \$200,000 worth of beer and whiskey was seized from a dozen defendants a month ago. Not satisfied with their victory, the attorney, John H. Rodd, announces suits against the Ontario Government to recover damages for breakage.

HARRY WILLIAMS, by A. E. Mc Kercher and B. Saunders.

After closing the hour of nominations and reading the names of those so nominated, Mr. Fuller was unanimously acclaimed Chairman of the ensuing meeting, and in his opening remarks reminded his audience that he had filled in the capacity for 21 consecutive years. He thought the retiring Council and Boards should be called upon to answer for their year's stewardship and each member proceeded in his turn.

REEVE CONNOLLY was particularly pleased to see such a splendid turnout of ratepayers and it was with a great deal of satisfaction that he could look back upon the Council's year's work.

He explained the raising of the assessment from \$432,000 to \$492,000 and the tax rate being reduced from 62 to 52 mills. He pointed to the fact that the Council had raised nearly \$1,000 less in taxes this year than last, notwithstanding the fact that the Board of Education had called for over \$1,200 more. 1923 taxes amounted to \$27,990; 1924 to \$27,029. Rigid economy had been practiced and preached at every meeting throughout the year, and although some expenditures for repairs etc., had run into more money than had been anticipated, considerable saving had been accomplished.

He wished to publicly thank the other members of the council for their constant co-operation and assistance and said that they had been

practically unanimous on every question that came up throughout the year, each member doing his part to guard the expenditures and to keep the town in a good state of repair at the lowest possible cost.

He touched on a few points, where in he was aware that he had received a little criticism, but believed after a little comment and explanation, most of the ratepayers would agree that the proper course of procedure had been taken.

There had been a change made in the cleaning of Main street pavement getting it away from the system of voluntary contributions and properly affixed on a frontage basis. Property owners in the business section paid a very small frontage tax, whereas previously some merchants with short 22-ft frontage often contributed ten times their share.

Commenting on the greatly improved conditions of Watford's side streets (with the exception of Wall street) he said the town owed a vote of thanks to Councillor Jno. Doar for his persistent pleas to the C.N.R. for more cars of cinders for the roadways. When they had been unable to secure cinders, gravel had been purchased until now the streets are in their best condition.

He reminded the ratepayers that although the Council had stood ready to make a substantial grant to the Old Home Week fund, everyone was proud of the fact that it had not been needed, so like true Scots they had kept their money in the town's pocket. The Committee now had a splendid surplus of nearly \$1,500 to add to the Soldiers' Memorial Fund, which with the active co-operation of all citizens should be brought into form next year.

He explained that two years ago a vote of opinion was taken and a large majority authorized the Council to provide \$2,000 when needed towards the erection of a suitable Memorial. He was aware of the diversified opinion as to where the Memorial should be placed and in what form it should be. He felt there was now sufficient funds to warrant procedure next year, and it was now up to the town to become unanimous as to location and design. If he was re-elected as Reeve he would consider its erection one of the year's tasks.

He spoke of his two years' work in the County Council; had been honored this year by appointment to the Public Buildings Committee and assured his hearers that in every case the village of Watford had received considerable praise for its steady progress from every member of the Council. County Council had seen fit to continue their good roads grant to Watford, although the County received no subsidy from the Provincial Govt. in return. He reminded the ratepayers the 1923 grant amounted to \$1438.28, while in 1924 this was increased to \$1763.90, all of which was used to retipe our pavement de-benture.

Commenting on O.T.A. enforcement he said Watford authorities stand ready to enforce all laws and statutes and that the necessary by-law authorizing our officers to enforce the O.T.A. had been passed years ago. He maintained that it was the duty of every citizen (not the Reeve and Council only) to see that the much discussed O.T.A. was enforced and was quite confident that if any complaints were laid to our local officers instead of calling upon the county or provincial officers then any fines resulting would find their way into the corporation treasure chest.

HARRY HOLLINGSWORTH, Councillor, outlined the work accomplished in his Division; admitted that he had only expended \$256.15 on many repairs and roadmaking which had been badly needed, and was sure the Reeve had given an excellent accounting of the year's work.

J. R. MCCORMICK was not present. JOHN DOAR reported work done in his Division; said he had done considerable graveling where it was most needed and had been successful in securing over 50 cars of cinders from the C.N.R. which had not cost the town a cent. These had been used on the streets with great success.

J. D. BROWN, who had taken the seat vacated by Councillor Phil. E. Fuller on his removal to Detroit, was the next called. He remarked that the crowd reminded him of the nomination meetings they had in the old days. He recalled the stormy days of the past generation and commented on the often hopeless fights that a new candidate had to wage to win his spurs and his first seat on the Town Council. Competition was keen then and a successful new man would find himself hedged in between a bunch of veteran runners. He recalled the election of January 1st, 1900, where he was elected to the Council for the first time. In that year the tax rate was 21 mills and when a few years later the rate increased to 28 mills there were more protests and maledictions hurled on the heads of

HER NERVES BETTER NOW

Received Much Benefit by Taking Lydia E. Pinkham's Vegetable Compound

Chatham, Ontario.—"I started to get weak after my second child was born, and kept on getting worse until I could not do my own housework and was so bad with my nerves that I was afraid to stay alone at any time. I had a girl working for me a whole year before I was able to do my own washing again. Through a friend I learned of Lydia E. Pinkham's Vegetable Compound and took four bottles of it. I gave birth to a baby boy the 4th day of September, 1922. I am still doing my own work and washing. Of course, I don't feel well every day because I don't get my rest as the baby is so cross. But when I get my rest, I feel fine. I am still taking the Vegetable Compound and am going to keep on with it until cured. My nerves are a lot better since taking it. I can stay alone day or night and not be the least frightened. You can use this letter as a testimonial and I will answer letters from women asking about the Vegetable Compound."

—Mrs. CHARLES CARSON, 27 Forsythe Street, Chatham, Ontario.

Mrs. Carson is willing to write to any girl or woman suffering from female troubles.

NOMINATIONS

(Continued from Page 6)

The Council than when it touched the high spots at 62 mills last year.

In 1913 the total tax was 25 7-10 mills while in 1924 with a rate of 52 mills, 22 8-10 mills were for schools alone—practically as much as the total rate of ten years ago. The next year (1914) the War came on and salaries and expenses grew skyhigh. The present age demands modern ideas and what we have to pay for. The money had been spent, the debentures were there and had to be paid and there was no possible way of reducing the taxes until the debts were paid.

He outlined the work in his Division, fixing sidewalks, gravelling, etc., on which he spent \$212.85. He touched on the deplorable condition of Wall street, said he had been promised cinders for this job but up until now had been unable to secure them. Referred to the sidewalks on Wall street and reminded the citizens of that division of the nine years yet to run on that debenture, so that if the town proceeded to erect new walks it would have to be on a frontage basis, which would mean each property owner paying for two walks, and only getting one. At this juncture, he was questioned by Mr. Joshua Saunders regarding certain Commissioner's fees on Ontario street waterworks installation, which he explained away in a few words.

The members of the Board of Education were then called.

DR. G. N. HOWDEN remarked that the chairman of the Board, Mr. W. E. Fitzgerald, would no doubt be able to give a thorough accounting for the Board. Both schools were now in excellent condition and Watford retained its exceptionally high standard in educational facilities.

DR. J. MCGILLICUDDY had nothing to add at the present time; he would probably have more to say later on in the evening, if given an opportunity.

GEO. O. STEPHENSON also procrastinated, reserving his speech until another opportunity.

FRANK LOVELL explained that he had been appointed to fill the vacancy caused by the resignation of Dr. W. G. Siddall on his removal from Watford a month or so ago; and as he had not yet attended a meeting he had really nothing to say.

Before calling upon the retiring members of the Public Utilities Commission, Chairman Fuller wished to take this opportunity to laud the public-spirited work of his good neighbor, W. L. Millar, who has devoted so much of his time and energy to the most difficult office of the town, the Hydro-Electric and Waterworks Commission. He has labored in and out of season to place these public utilities on a proper basis and the hearty approval voiced by his hearers attested to the recognition that the town extends to Mr. Millar for his faithful efforts.

W. L. MILLAR thanked Neighbor Fuller for his kind words and admitted that any work he had done had been in the endeavor to make our public services of light and water a greater asset to the town and a greater benefit to every consumer. The Hydro-Electric had a substantial surplus and it was possible the Ontario Commission would permit a still lower rate in the near future. The

Waterworks had been run without a cent from the town but as over \$1,000 had recently been spent for more new meters, this branch was in debt about \$150, so that it would not be long before they would be barking at the Council's door for a little money. He felt that he had done his share of public service and no persuasion would change his decisions; he was not a candidate for next year.

P. J. DODDS, the other retiring member, was not present.

The list of retiring officers being then completed, the chairman at once proceeded to call upon the newly nominated candidates:—

W. G. CONNOLLY announced that he was a candidate for the Reeve-ship for another year and appealed to the electors for their vote providing they thought he was still capable of filling that office.

W. E. FITZGERALD, as Chairman of the Board of Education, commented that the other members of the Board had left all the explaining for him to do. He admitted that the Schools had apparently taken the major portion of the tax rate; but there had been many repairs, etc., this year which seemed unavoidable. The Public School had taken extra expenditures and good concrete side walks had been laid in front. He had endeavored to reduce the teaching staff by one teacher but the majority of the Board and the Inspector had given him no support. He was still convinced however, that the staff should be reduced. Even if we cannot have the highest possible degree of efficiency, the ratepayers' pocketbooks must be considered, and he believed many of the ratepayers would favor a little lowering of our educational standard if the excessive tax rate could thereby be reduced.

Touching on the High School, he explained an extra expenditure of \$400 in installing waterworks in the Science room to replace the old water tank which had been in a very bad state of repair. Teachers' salaries were thus:—Principal Cameron \$2600; W. O. Erb \$2250, Miss Mitchell \$1850, Miss McCaw \$1850, and Miss Minore \$1700.

He was not a candidate for Reeve but he would like to lay a few suggestions before the new Reeve that should be acted upon during the coming year. He then touched on the formation of a Board of Trade to extol the advantages of Watford and thus help to secure more new industries; criticized the O.T.A. enforcement and in regard to fines said we should leave our money in our own town instead of sending it down to Toronto. He again urged the formation of a town band, advocated persistent petitions to the Dominion Government for our new postoffice and customs house which have been help up since 1914. Commented on the disgraceful condition of Wall street road and sidewalks and hoped next year's Council would see that it was put in proper shape like the rest of the town.

HARRY HOLLINGSWORTH was not a candidate for Reeve.

SANFORD STAPLEFORD was not present.

J. D. BROWN explained that he had withdrawn last year to save the town the expense of an election and would probably do so this year if an election was not necessary. If he did run it would be as an independent candidate with no strings attached to any party.

For Councillors

HARRY HOLLINGSWORTH announced that he was again a candidate for Councillor and if elected would work for the interests of the town just as he had in the past.

JOHN W. DOAR said he would seek re-election also on the same grounds.

BASSEL SAUNDERS was undecided and would rather defer his decision until the eleventh hour.

RICHARD WILLIAMSON felt it might not be good policy for him to be a candidate as, if elected, he might disturb some of that tranquility and harmony which had pervaded the council room throughout the year.

NELSON HAWN—Not present.

FRANK A. PRITCHETT—Not a candidate.

A. RUMFORD was undecided.

J. R. MCCORMICK—Not present.

W. G. CONNOLLY asked for a few moments in which to reply to Mr. Fitzgerald's comments and criticisms. Regarding the O.T.A. he was glad that Mr. Fitzgerald had agreed with him in that Watford did have the necessary machinery for the enforcement of the O.T.A. and he was convinced that if complaints were laid to the local constable instead of to county or provincial officers that action would immediately follow and resulting fines would be paid to Watford. He stated the very nominal salary paid our local guardian of the law which certainly did not pay him for 24 hour service in patrolling the highways and byways to intercept illicit drinking, bootlegging, etc., and

asked the ratepayers would they approve of the Council increasing police salaries to the 24-hour basis. He thought not.

At this juncture Fred C. Eastman, Reeve of Arkona, was discovered in the audience, and on being welcomed by the chairman, proceeded to thank the citizens of Watford for the splendid assistance extended to Arkona a few nights previous, when fire threatened a major portion of the business section. Commenting on Reeve Connolly in County Council he wanted to assure the town of the high respect and admiration he commanded from every member of the County Council; he had done great work for the County in the past two years and the majority of the members had been pleased to continue the good roads grant to Watford on account of its progressiveness and service to the surrounding country.

Public Utilities

JOHN T. KERSEY—Not present.

W. L. MILLAR, was not a candidate and could not be persuaded to again stand.

RAY MORNINGSTAR, was not a candidate, and J. R. MCCORMICK and HARRY WILLIAMS were not present.

Board of Education

GEO. O. STEPHENSON said the Chairman, W. E. Fitzgerald, had made a very full report. He reminded the ratepayers that the H.S. rate had not increased in three years, although the P.S. rate was raised on account of necessary repairs. He was sure there had been no money expended lavishly. He was again a candidate for next year.

DR. G. N. HOWDEN, commenting on the impracticability of Mr. Fitzgerald's agitation to reduce the teaching staff of the P.S., said there was no room with an attendance lower than 25 at the present time, with a total enrolment of 140. He was undecided as a candidate.

J. W. McLAREN—Not present.

H. W. NIXON was not a candidate for the Board but he believed Watford has the highest efficiency standard in the High and Public Schools of Western Ontario. He would like to see the present Board re-elected.

DR. J. MCGILLICUDDY remarked that his predecessors had made such great speeches that there was nothing left for him to say. Thought the Chairman had made a good report of the schools, which can not be run nowadays without excessive expense. The H.S. was in need of various repairs. He was undecided until to-morrow night.

REV. T. D. RAYNER, T. B. TAYLOR and F. A. PRITCHETT were not present and RICH. WILLIAMSON was not a candidate.

DR. HICKS had no intention of accepting a nomination on the Educational Board as he had served several years and thought he had done his share, and believed these responsibilities and privileges should be passed around. He would favor no election.

FRANK LOVELL was undecided until tomorrow night.

This completed the meeting and the crowd dispersed. The names of those who qualified the following evening at Clerk W. S. Fuller's office and made it an acclamation are given on Page One.

Whence Came the Corn Borer

Experts who have examined the situation estimate that the farmers of Western Ontario, as the direct result of the operations of the corn borer, will this year suffer a loss of not less than \$1,230,000. This is stated to be a conservative estimate, based on ten per cent. of the value of the crop, and the loss is placed at a considerably higher figure by other authorities that have investigated the damage. The insect reached the province only fourteen or fifteen years ago, having been introduced so far as can be determined, into Elgin County on broom corn brought from Austria about 1909 or 1910. From the few borers that then arrived have come in this brief interval many billions, already spread over almost all the province.
