

FOUR THOUSAND AND FIFTY NEW FINAL BUREAU IN MASSEY HALL

Leader Who is "Honest Enough to Be Bold" Enunciates His Policy—Declares That Ross Does Not Intend to Build Temiskaming Railway—Promises to Develop Province's Latent Resources and Give People Honest Ballot.

The Conservative rally in Massey Hall last night was a real rally. Four thousand citizens who are interested in the political welfare of the province listened with rapt interest to the coming Premier, Mr. Whitney, and the Conservative who are the candidates in the Toronto constituencies. It was a gathering which showed a most respectful attention to the orators, cheering every reference to Mr. Whitney and maintaining a respectful silence when the shortcomings of the Ontario government were shown.

The feeling of the large audience was manifested when Dr. Beattie Nesbitt predicted that the Premier of Ontario would meet His Majesty the King at the coronation would be Mr. J. P. Whitney. It was further strongly shown whenever the name of any local Conservative candidate was mentioned.

The ladies were much in evidence in the first balcony, which was crowded. They were as energetic in their applause as were their companions of the sterner sex. The balcony was wrapped in a large, truthful looking streamer, which said in bold blue letters on white ground, "Whitney Will Win."

With the exception of a few seats in the top gallery, the hall was filled. In the front row on the ground floor were some natty attired pretty little girls, who presented bouquets to the various speakers amid applause. Charlie Brody gave a bouquet of roses to Dr. Nesbitt, May Taube gave a bouquet to Mr. Fox and Gertrude Taube made the presentation to Mr. Whitney. They were all kissed. A speaker who was not on the program, but insisted on opening the meeting before the chairman took his seat, was a foreigner. He spoke in fairly good English, remarked: "I have been emigrating in Canada since 1852, and I ought to know a little about politics. I hope you are all Conservatives, and I hope you will sustain Mr. Whitney, who will be the best Premier we ever had, excepting Sir John A. Macdonald."

The platform was filled to capacity of the seating room. Chairman Stephen W. Burns opened the meeting a few minutes after 8. At his left was Lead

er Whitney, who received a grand welcome from the big gathering. On the Platform. The following also occupied seats on the platform: Dr. B. A. Pyne, Thomas Crawford, Dr. Beattie Nesbitt, A. E. Kemp, M. P. Edmund Bristol, Col. Patterson, E. B. Ryckman, Jas. Baird, John Greer, John Wickett, Jas. L. Hughes, Ald. Dunn, Foster, Hubbard, Woods, London, J. H. McGinnis, A. J. Kelly, E. M. McConnell, David Mitchell, Napier Robinson, W. H. Ashworth, W. Ellis, Dr. Noble, John Galbraith, Edward Lloyd, John Kelly, Miles Vokes, Samuel Platt, C. E. Macdonald, J. Shumer.

For half an hour previous to the opening of the meeting, the band of the Queen's Own Rifles, under Bandmaster Timpon, played a number of popular airs in a splendid style. George Smith sang a capital campaign song, "It's the Worker in the Rank Who Will Give the Fight to the Air of 'The Man Behind the Gun,'" and was applauded heartily. Another capital campaign song rendered during the evening by A. L. E. Davies was "Whitney Will Win," sung to the air of "The Evening Breeze."

Chairman Burns' introductory speech was a model of brevity. The province, he said, was on the eve of one of the most important events in the history of the country. The people, he was sure, would vindicate Mr. Whitney's course and give him the office he was cheated out of. [Cheers.] Then, too, they had to vote for the man who would be the best Premier we ever had, excepting Sir John A. Macdonald. Mr. Whitney, he said, was the man who had been emigrating in Canada since 1852, and I ought to know a little about politics. I hope you are all Conservatives, and I hope you will sustain Mr. Whitney, who will be the best Premier we ever had, excepting Sir John A. Macdonald.

Toronto convention, and he would represent that riding in the next legislature in the place of the man who had seen fit to go back on his leader. [Cheers.] The first speaker was Dr. Beattie Nesbitt, and he was given a rousing reception. In commencing he expressed his appreciation of the warmth of his reception. Proceeding, he said Ontario was at the close of one of the most momentous campaigns ever waged in the province—a campaign of the people for the people. It was a campaign whether the man behind the box should do the voting or the people themselves. The Liberals of the province were quietly thinking over the deplorable disclosures made in the courts and press, and the honest, fair-thinking ones would decidedly express their condemnation of such practices as have disgraced the province. [Cheers.]

The government, Dr. Nesbitt went on, were handing out the public domain in the matter of pulpwood limits, mineral limits and timber limits as if they owned the whole province. But this would all be remedied after May 28, for then Mr. Whitney and his party would be in power. [Cheers.] "And yes," he added, "Mr. Whitney will attend the coronation, for he has not King Edward invited the Premier of Ontario to be present." [Cheers.] Continuing, he declared that under the government's taxation of companies' policy, the city of Toronto loses \$63,000 a year. The Conservative party will give a business administration, and strive to supply all necessities at the lowest cost wherever possible.

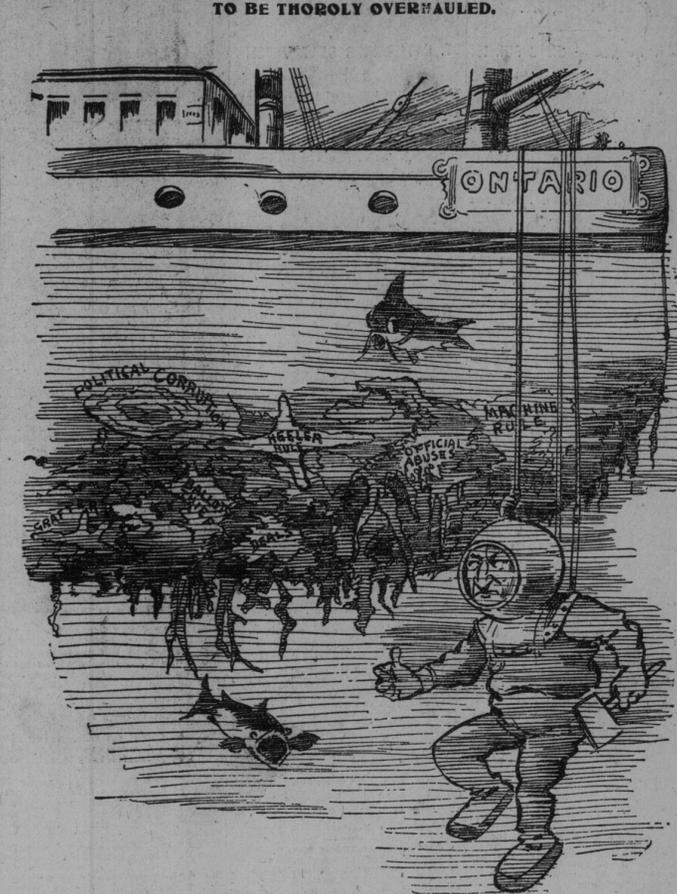

Turning to the school book question, Dr. Nesbitt said that for years the government had been hand in glove with the school book ring. They said the publishing of school books was open to competition, yet when one reputable firm applied for the right to publish the books, the government said they were incapable of remedying the state of affairs. No other firm was allowed to compete. A royal commission had at one time been instituted to investigate the matter, yet the evidence, so eagerly awaited by the public, was never forthcoming. Why? Because the witnesses apparently had had the power to stipulate that whatever they said must not be made known. John R. Barber, late member for Halton, had admitted this.

Concerning pulp wood, the Conservative policy was that the concessions should not be given to political partisans, but should be carefully made upon and sold by public auction. The government said that this would be done, but it was not to be done. It was a stipulation that proper development should be done each year. The Province of Quebec had proven that it could be done.

AFTER CONTROL OF THE C.P.R.

Rumor of Morgan-Hill Attempt to Secure the Property Revised and Denied.

MUCH TRADING ON LOCAL EXCHANGE

Over Ten Thousand Shares Changed Hands Yesterday—How to Figure Out the Value.

Montreal, May 26.—The special correspondent of The Montreal Star in Wall-street, regarding the heavy buying of C.P.R. stocks, says that some of the largest holders are anticipating an attempt to acquire the property, and are buying the stock in large quantities to prevent such a coup.

The land sales of the company have recently been enormous, and its income from regular traffic, aside from these sales, shows a large dividend on the part of American capitalists, but the prolonged activity in a stock of this character can be based entirely on considerations of its earnings. The indications rather point to an absorption of the stock for the purpose of control.

The Americans who are after the Canadian road are supposed to be those identified with the Northern Securities Company; in other words, the Hill-Morgan affiliated interests.

New York, May 26.—Reports coupling the "Morgan-Hill interests" with extensive buying of Canadian Pacific stock are flatly denied by a representative of the Morgan banking house. "We have absolutely no interest in the affairs of the Canadian Pacific road," said Mr. Morgan's partner.

Greatest on Record. Canadian Pacific stock was in heavy demand yesterday from the opening until the close of the local market. The business in it was the largest yet recorded, total trading for the day amounting over ten thousand shares.

CANADIANS MAY BUY C.A.R.

Reported in Ottawa That Capitalists and Contractors Will Join Dr. Webb in the Venture.

TOOK SPECIAL TRIP OVER THE ROAD

Senator Cox, Messrs. Mackenzie and Mann and Z. A. Lash Piloted by Webb's Report.

Ottawa, May 26.—A report is on foot that a number of prominent Canadian capitalists and contractors may join Dr. Seward Webb to take hold of the Canada Atlantic Railway.

Since the Meyer crash in New York, when some associates in stock transactions of Dr. Webb came to grief, there has been doubt of his purchase of the Canada Atlantic going thru. The purchase was to have been practically made by the Rutland Railway Company, which Dr. Webb controls, but two meetings of the shareholders have been held without conclusive action being taken.

The report now regarding Canadian aid for Dr. Webb arises from the fact that within the past couple of days a special trip has been made over the Canada Atlantic system by a party under the leadership of Dr. Webb's solicitor and on a special train ordered by him. The party included Senator Cox of Toronto, Messrs. Mackenzie and Mann and Z. A. Lash, K.C., of Toronto, solicitor of the Canadian Northern Railway Company.

It is reported also that Mr. Clarke is interested. The situation is that if the Webb-Clergue-Mackenzie-Mann interests united, there would be now or soon completed a thru railway route from Boston to Grasset, half way around the north of Lake Superior; and a comparatively easy link would remain to connect this with the Mackenzie and Mann roads in Manitoba and the West.

New C.P.R. Chief Engineer. St. Paul, Minn., May 26.—E. H. McHenry, for several years chief engineer of the Northern Pacific, and one of the receivers of that property, returned to-day from a trip in China and the east. He will leave immediately for Montreal to become chief engineer of the Canadian Pacific Railway on June 1.

Traveler Shoots Himself. Buckingham, Que., May 26.—E. A. Ford, traveler for the Capital Breving Co. of Ottawa, accidentally shot himself this morning while on a fishing trip. He is in a very critical condition, and was taken to St. Luke's Hospital, Ottawa, on the train to-day.

PROCLAMATION OF PEACE ONLY A MATTER OF HOURS

Optimistic Feeling Prevails in South Africa, Tho' the Protracted Conference is Not Necessarily a Hopeful Sign—Referenced to European Boers Refused.

Pretoria, May 26.—The prevalence throughout South Africa of the optimistic feeling in regard to the peace negotiations is not necessarily a hopeful sign. The delegates to the conference, who they have abandoned their hopes of securing independence, still have many points of difference with the government, while an obstinate minority continues to regard the resumption of hostilities as the best outcome of the present situation, and at any moment these points of difference may be accentuated into a refusal to continue the negotiations.

It is most unlikely that those who are in favor of peace will throw up the sponge, so long as a decent minority is desirous of continuing the struggle. Lord Balfour, however, has had to concede to the issue of the new negotiations.

Any Hour Now. London, May 26.—Persons expecting a definite announcement of peace in South Africa on the reassembling of parliament this afternoon were disappointed, for the government leader in the House of Commons, A. J. Balfour, declined to make any statement as to when the government would be able to make a statement. Better informed people do not believe that the credit for the accomplishment of the great task is due to Lord Kitchener's refusal.

The Hague, May 26.—It is said in Boer circles here that the peace proposals made to the Boers, under the condition that the Boers in the field be allowed to consult with the British government, is not an offer of an armistice, but a definite offer of peace.

It was reported in the lobbies of the House of Commons to-day that the proclamation of peace may be followed by an abandonment of the tax on grain.

The Daily Mail this morning says the cabinet council to be held to-day will decide upon points of detail, most of which will be communicated to the Vereeniging conference by delegates at Pretoria, says the paper, and adding the best obtainable terms, they will almost certainly be accepted.

The result should be announced officially this morning, or Friday of this week, probably on Friday, the day upon which King Edward's birth is celebrated. Peace is quite certain, says The Daily Mail, and the delegates at Pretoria are only engaged in a desultory conference to give the Boers a chance to see the proposals.

The Daily Mail says further: "Our despatches from Pretoria as to the numerous communications are passing between Lord Kitchener and Milner in South Africa and London." Lord Kitchener has been in appearance as a result of the severe and continuous strain which he has undergone. The consensus of opinion is that the recent negotiations have proved Lord Kitchener to be a great soldier. It is difficult to appreciate the magnitude of the difficulties Lord Kitchener has had to overcome, and the credit for the accomplishment of the great task is due to Lord Kitchener's refusal.

The Hague, May 26.—It is said in Boer circles here that the peace proposals made to the Boers, under the condition that the Boers in the field be allowed to consult with the British government, is not an offer of an armistice, but a definite offer of peace.

PHENOMENON IN BOHEMIA

Water of Mineral Springs Turns Reddish Brown for an Hour.

Vienna, Friday, May 23.—A strange phenomenon was observed yesterday at Tepitz in Bohemia. All the water of the mineral springs assumed a reddish brown color for about an hour, after which it became clear again. The inhabitants are intensely alarmed, as the springs constitute the principal means of the city. It is of course, assumed that these springs contain some volcanic material, and a similar incident occurred at Tepitz on Nov. 1, 1755, and very shortly afterwards news came of the great Lisbon earthquake.

Montreal, May 26.—The steamer Montreal, built in Toronto, entered the first rapids of the St. Lawrence this afternoon under her own steam. She is the largest vessel that ever ran the rapids.

Touched Live Wire. Montreal, May 26.—Whitford Bourdon, aged 50, was killed to-night by a shock from an electric wire, in attempting to disengage a bad named Arabambault, who had been caught in the wire. He pulled the wire with both hands and was instantly killed.

Trusts the Leaders. Dr. Goldwin Smith, seen by the Article yesterday, said that his article in the Weekly Sun did not intend to arouse distrust in the Conservative leaders in the provincial campaign.

Political Frobs. Stormy with much wind till the 25th; then a wholesome change.

New York Hints. After all aren't the New York fashions in gentlemen's hats the best thing you know of for style and quality? The City Hat Co. makes a specialty of them—of the best New York agents, and that's a guarantee in itself. All the newest styles for the season, and you can't purchase outside our doors in Canada.

Fair and Cool. Meteorological Office, Toronto, May 26.—(8 p.m.) Showers, but very general again to-day from Ontario to the Maritime Provinces, and in the lake region there has been a marked change to cooler conditions. Decidely fine warm weather has set in over British Columbia and the Northwest Territories.

Lower Lakes and Georgian Bay—Westerly to northerly winds, fresh during the day; generally fair and cool; a few scattered showers at first.

Lower St. Lawrence—Fresh to strong westerly winds; generally fair and cool; a few showers, but partly fair and cool.

Upper St. Lawrence—Fresh to strong westerly winds; generally fair and cool; a few showers, but partly fair and cool.

A HITCH IN PEACE NEGOTIATIONS UNCONFIRMED RUMOR LONDON

London, May 27.—Just before parliament rose after midnight last night a rumor reached the lobbies that a hitch had occurred in the peace negotiations.

Nothing official concerning this rumor could be ascertained, but the despatch to the Associated Press from Pretoria in which it was said that the prevalence throughout South Africa of the optimistic feeling in regard to the peace negotiations was hardly based upon solid facts may be regarded as an indication that such a hitch has occurred.

Little information from Pretoria has been able recently to pass the censor there. That the Government yesterday fully anticipated a speedy conclusion of peace is believed to be shown by the postponement from yesterday until Friday or later of the budget bill in the committee stage with the view, as was frankly admitted on the Government side of the House, to enabling the budget to be re-cast in the event that peace is secured.

Against Tax on Grain. London, May 26.—The tax rate on grain has proved so unpopular throughout the country and has had such an unexpected effect in reuniting the Liberal party with a most effective election cry that there is little doubt the government will welcome an excuse to drop it.

The belief that the government intends to drop the tax on grain is so strong that all members of the House of Commons who have leanings towards disunion with the Ministers have sent an appeal to the Ministers to disown with this tax.

Another strong reason for the desire to do away with this tax is the effect it has had in the colonies, where it has been regarded as an opportunity to demand preferential treatment—a demand which will be strongly pressed at the coming conference of colonial premiers in London, and which is likely to cause the government considerable difficulty by emphasizing a sharp defined divergence of opinion in the cabinet.

WHOLE BATTALION ANNIHILATED

Turkish Rebels Slaughter the Sultan's Troops. London, May 26.—A despatch to the Daily Express from Cairo, Egypt, says a report reached there that a whole battalion of Turkish troops had been annihilated by rebels near the seaport of Mocha, in the Turkish vilayet of Yemen, in the southwestern part of Arabia. The governor of Mocha is said to have been carried away by the rebels as a hostage.

Coal Strikers Depressed. Wilkes-Barre, Pa., May 26.—The action of the engineers and pump men in the Shamokin region in refusing to obey the call of the United Mine Workers to strike on June 2, in case the operators do not grant an eight-hour work-day at the present wages, has had a depressing effect in strike circles in this region, also the leaders of the miners say there is no reason for disagreement.

Triple Tragedy. Kansas City, Mo., May 26.—Frank Robinson, aged 20 years, to-day shot and killed his sweetheart, Gertrude Rawlins, aged 16 years, short and fatly wounded his rival, Albert H. Ferguson, aged 19 years, and shot and fatally injured himself, in an apartment in this city.

Came From Montreal. Boston, May 26.—A lot of sealskins seized by United States treasury agents while being smuggled into this country were sold by auction at the Boston Custom House on June 2. The sale brought about \$10,000. It is said that the skins were all shipped from Montreal.

POLICE ARREST SOCIALISTS

Robert Roadhouse and Lockhart M. Gordon, His Driver, Locked Up and Bail Refused.

ELEVEN FOR KERR, EIGHT FOR NEILL

Ald. Ten Eyck Created a Scene When the Bylaw for Tax Collector Came Up.

Hamilton, May 26.—The Socialist Labor party held another meeting on the Gore to-night, with the same old result—police interference.

Robert Roadhouse and Lockhart M. Gordon, the candidates for West and East Hamilton, respectively, were in a buggy near the Macdonald monument.

The former was the speaker, and Gordon acted as driver up to the time the blue-coats arrived.

When Roadhouse had spoken about 20 minutes, Mayor Kerr and a posse of police arrived and arrested the outfit.

Two constables jumped into the rig and drove Roadhouse and Gordon to the cells, charging them with obstructing the street.

About a thousand persons were present, and a big brawl was made at the arrests, as the meeting was a peaceful one.

Magistrates refused to grant bail for the prisoners.

Kerr the Favored.

The City Council met this evening and the aldermen voted over two hours to the transaction of business.

They met until 11:30, when they adjourned, and a quorum and business could not be done.

A fight was precipitated at the outset, when the third reading of a bylaw appointing W. A. Kerr tax collector was moved.

Ald. Findlay moved for that A. T. Neill be substituted for that of W. A. Kerr.

Ald. Ten Eyck warmed up while asking for information why Mr. Neill had been appointed.

He asked for the names of the aldermen who voted for Kerr and for Neill, and the bylaw was given its final reading.

Ald. McFadden, for the Fire and Water Committee, moved that tenders be called for the various civic departments to be asked for.

Some of the aldermen thought all the institutions of the city should be included.

The matter was laid over, but the want of a quorum prevented it being disposed of.

Accept the Offer.

It was decided to accept Hon. J. M. Gibson's offer to deed to city 433 feet, continuing Wilson-street from Chestnut-avenue to St. George-street.

An 18-inch pipe sewer is to be laid along the extension.

The recommendation of the Finance Committee respecting City Solicitor Macklean being given effect by the City Hall, was amended so that the change will be made on his agreeing to give up his private practice as solicitor and councillor.

August 4th a Holiday.

Ald. Ten Eyck and others kicked strongly in favor of a list of delinquent rate and taxpayers being printed in the next report of the Finance Committee.

Ald. Kerr warned the Council that such a course might cause trouble, and an amendment was passed ordering the preparation of the list and its publication, providing the City Solicitor approved or consented.

Aug. 4 was fixed as Civic Holiday.

The corporation employees will be given from 12 to 2 o'clock on Thursday to record their votes.

Rousing Conservative Meeting.

A rousing and enthusiastic meeting of Conservatives was held to-night in the Association Hall.

The place was jammed almost to suffocation, and hundreds were turned away.

There was no mistaking the feeling evidenced in the hall.

MOB CHARGED A CONSTABLE

William Stevens Had Wished 250 More Miners Had Been Killed in Fernie, B.C.

DEATH ROLL ACCOUNTS FOR 151

Cow's Nest Pass Coal Co. Doing Everything to Alleviate Present and Future Distress.

Fernie, B. C., May 26.—Charged by a sober but angry mob of 500 miners and citizens, William Stevens, provincial policeman, lost no time in placing himself outside the town limits last evening.

What incensed the miners against Stevens was the report that last night he had stated that he wished two hundred and fifty more miners had been killed in the terrible explosion. It is freely stated, now that the intense excitement has subsided, that had it not been Sunday evening and the saloons all closed, Stevens' chances for a whole skin would have been exceedingly small.

As it was, it was a matter of difficulty that the cooler heads saved him.

Fernie is but recovering from the stupor of mind into which it was thrown by the explosion. Men who were in the vicinity of the tunnels when the calamity occurred state that the top of the tunnel and the fan shaft just east and west of the explosion house shot one thousand feet into the air, while around them fell tons of coal dust and small stones.

Careful and conservative checking of information from all sources now leads to the placing of the number of killed at 151, and at midnight but 51 bodies had been recovered.

Seventy-two hours after the disaster, the chaotic condition of affairs which obtained at the explosion immediately after the explosion occurred, has given place to order, and it is expected that many bodies will be recovered during the night.

Cow's Nest Coal Company directors authorized that the company will pay all funeral expenses, relieve against immediate want and assist in providing permanent aid for any destitute.

They state that, so far, the cause of the explosion is unknown, but that the day preceding the accident the mines were certified by Government Mine Inspector Joseph Dick, who issued his written certificate that the mines were safe.

Inaccurate telegrams from the west as to the mines being dangerous, and reporting various causes for the explosion, should not be heeded, and when the work of recovery has taken place at the mines, Men were recently fired by the manager, and the explosion into the mines, tobacco being found upon the person of one man who had been in the mines, but on being searched, they were found in his hair.

The safety lamps were only being opened by magnets. Very little damage has been done to the mine, and when the work of recovery is completed operations can be immediately recommenced upon the mine, which may resume their occupations at an early date.

TECUMSEH LACROSSE TEAM BEATEN AT ORANGEVILLE BY FOUR GOALS

Orangeville Team Beaten at Orangeville by Four Goals

ST. CATHARINES BEAT VARSITY

Varsity Defeated in First Scheduled U.L.A. Match at Chatham.

Orangeville, May 26.—The lacrosse season opened here to-day, with a closely-contested exhibition game between the Tecumseh and Dufferin, the locals went into the game shy of practice and it was apparent from the start that only their lack of condition prevented them from winning easily.

The champions were without four of their regular team, Angus, Soles, O'Connor and Grimes being the absentees, four men who showed up splendidly and took their place in the lineup.

Cobourg, 1 to 4, Lydette, 1 to 4, Livonian, 1 to 4, and Advocate, 5 to 1, Also Winners.

Red Robe and Kite to 1 shot were the winners on the fourth day of the Ontario Jockey Club's races at Woodbine Park. Noto and Avyrrah had been split-favorites in the 2-year-old race.

The former being noted out by the longest shot of the meeting, Gold Cure was at 2 to 5 for the Woodstock Plate, but the weight and Blake's good judgment on Red Robe gave the victory to the second choice.

Frank McKee, the good thing of the day, and backed by the stable, was beaten in the last race by Advocate in a drive.

It was an ideal day for racing, and there was a good crowd present. Short odds prevailed, with all the boards changing the odds in concert, and, altogether, it was a great day for the men on the block.

A few players caught the kite as high as 30 and 40 to 1, but the price paid all this for backing Noto and Avyrrah had.

Gold Cure's defeat was a general surprise, but many of the extra weight taken up by the Seagram 3-year-old, Danagon, was not dug in the lead for a mile, when Blake went out with his mount and won handily.

Cobourg made a show but was again first race, pulling up to a gallop at the

Games today: Buffalo at Toronto, 10 to 1; Montreal at Toronto, 10 to 1; Worcester at Toronto, 10 to 1; Providence at Toronto, 10 to 1.

Toronto 2, Buffalo 12. Toronto was defeated yesterday afternoon by Buffalo in an uninteresting game by 12 runs to 2. The game started in a pitch for Toronto, but made way for Buffalo as the home team pitched better. The features were the grand slam by seven runs had been scored. With Bruce the slab the hitting Buffalo team did not get up, but called five runs by consistent hitting. Amole, the Buffalo pitcher, was brilliant, allowing only five hits off his delivery, although he pitched quite raggedly. He held the batting and poor fielding, the tale of the game, although there was a couple of hitting double plays executed on Dowry's Toronto batters seemed to drive the nail into Toronto's coffin. Bruce's 12 to 2 Buffalo went first to bat, when Getman singled and reached second on Harry's error, while Bruce reached first on Carr's low throw. Getman reaching third on a double play executed on Dowry's error, the bases were filled when Bannan's error allowed Getman on first. Lynch, the next man up, rapped out a pretty hit to second, scoring two runs while Albertson's three runs up, scored on a double play. Dowry's error and a charity to reach first. The bases were filled when Bannan's error allowed Getman on first. Lynch, the next man up, rapped out a pretty hit to second, scoring two runs while Albertson's three runs up, scored on a double play. Dowry's error and a charity to reach first.

Another ragged hit scored in the third on Carr's hit to third. The local pitcher, White, retired the side.

Buffalo scored in the sixth when Getman singled and reached second on Harry's error, while Bruce reached first on Carr's low throw. Getman reaching third on a double play executed on Dowry's error, the bases were filled when Bannan's error allowed Getman on first. Lynch, the next man up, rapped out a pretty hit to second, scoring two runs while Albertson's three runs up, scored on a double play. Dowry's error and a charity to reach first.

Toronto did not score until the fourth inning, but went to bed in the fifth. In the fourth, Massey, the first man up, sent the bases flying, scoring on Dowry's error. The latter being sent in by Albertson's error, when Albertson got a triple along with base, scoring on Law's easy fly to first. Law going to second on this play. Albertson, who was requested to be sent to bat, scored on Dowry's error.

HARRY NEW'S LONDON DERBY

South Trumble, Favorite in the Betting, Five Lengths Behind the 5 to 1 Chance.

OPENING DAY AT HAWTHORNE

Salvable at Odds on Won the Vernal Stakes—Greenwood Summary.

Cincinnati, May 26—Harry New, from the stable of C. B. Ellis, won the Latory Derby today, as easy fashion before a crowd of 40,000 people. South Trumble, who was favorite in the betting, coupled with Martin Burke as an entry, finished second, with his stable companion taking the little grudge he came away from the others and finishing fourth. South Trumble landed the place handily. Also Frank made 100 for the money at the end of the race. South Trumble seemed to fall on his speed and he dropped behind in the end. South Trumble was last when the stretch turn was reached and was not equal to the task of taking the lead when called upon to do so.

The other five races furnished lively betting and good sport. The track, despite the heavy soaking of the morning, was in fairly good shape, but far from being fast. Weather, rain, track and sun.

A STUBBORN COLD OR BRONCHITIS.

yields more readily to Scott's Emulsion of cod-liver oil than to anything that you can take; and if persistently used a few days, will break up the cold.

When you awake in the night choked up and coughing hard, take a dose of the Emulsion, and you will get immediate relief, where no cough medicine will give you relief.

It has a soothing and healing effect upon the throat and bronchial tubes.

British Believe He Would Cause a Break in Anglo-American Friendship.

ST. PETERSBURG, June 26.—The Sun prints a special cable from London which says: A remarkable insight into the future development of international politics along the lines of commercial rivalry has been given this week.

marks the beginning of the revolution which has so long been prophesied in the diplomatic world, and recognizes a new power for shaping international destinies, of which Mr. Morgan is the pioneer representative.

The Times was the first to call attention to this matter in significant articles dealing with the alleged efforts of Germany to use the steamship route to stir up hostility between England and the United States.

As the Spectator sees it, "Germany, by the same policy which she has followed in the past, is now endeavoring to break up the Anglo-American friendship by first triumphing over our armaments, and then urging us to arm and withstand the American invader before it is too late."

The German Intelligence Department has grasped that the British public has not that co-operation in the carrying of our food supplies, which would have an important effect on our future war and England and the world, which is destined to do us not, what we stand to gain politically, and to us to lose.

Another extremely interesting article printed in The Spectator discusses the Kaiser's efforts to inactivate himself and his countrymen by flattery.
