**Muravieff Has Resigned
Witte to Take His Place**

St. Petersburg, July 12.—M. Muravieff has resigned his position as chief plenipotentiary in Japan. It may be regarded as practically certain that he will be replaced by M. Witte, president of the committee of ministers, who all along has been considered the Russian statesman pre-eminently qualified to undertake the difficult task of negotiating peace with Japan.

However, the emperor, who, on two previous occasions, flatly declined to accept M. Witte, has now indicated his readiness to make the appointment, the commission will not be actually signed until Foreign Minister Lam-dorf, who through has been M. Witte's warm supporter, has had an audience with the emperor to-day. To that extent only the matter may be regarded as settled, nothing being certain in Russia, as a prominent diplomat remarked last night, until the emperor's signature has been affixed.

M. Witte's selection will undoubtedly be hailed as a practical assurance of success. While it would be a mistake to denominate him as a peace-at-any-price man, M. Witte earnestly believes that a struggle to the end should be succeeded by an understanding between Russia and Japan which would be in the interest of both nations. Indeed, he is personally believed to be in favor of a Russo-Japanese alliance.

Will Inspire Japan.
The conduct of the negotiations by M. Witte, it is felt by the peace party here, would inspire instant confidence in Japan.

Sir Mackenzie Bowell was sure that everyone who had heard the explanation would acquit Mr. Scott of any idea of rash excitement or those feelings excited by the news of the appointment.

At midnight the senate adjourned its debate until to-morrow, when Senator David of Montreal will resume the six months' hold for the bill to-night, but Hon. Mr. Scott moved the second reading of the bill to-day.

Regarding the educational clause, he said it was fearful to eliminate the name of God from the schools in the United States, and it led to murders, forgeries, etc. There was no country where more improper practices were carried on than in the United States. He believed it would be almost better to teach the doctrine of any church rather than to exclude God. In the end of days there was no more moral and honest community than the people of Canada. He attributed the increase of crime to the fact that we had excluded religion to a great extent from the schools.

**ORANGEMEN EVERYWHERE IN FORCE
THE RAIN MARS FULL DAY'S GLORY**

**CALLS ON ORANGEMEN TO FIGHT
FALSE FRIENDS OF COMPROMISE
WHO HAVE CAST OFF PRINCIPLE**

**EXHORTED TO CHERISH THOSE
PRINCIPLES TO WHICH THEY ARE
PLEGED—Premier's Treat-
ment of Autonomy Warmly
Denounced at Exhibition Park.**

Gatherings Thruout Ontario
Exhorted to Cherish Those Principles to Which They Are Pledged—Premier's Treatment of Autonomy Warmly Denounced at Exhibition Park.

The day dreamed of by every Orangeman in the land, the 12th of July, has come and gone. The Orangemen and every order affiliated with them have again laid away their regalia, their life and drum, the silk hat, and the banner, and this morning as they look at a discolorated yellow lily drooping its head and fading away, the lily of all lilies in the big parade, a head is nodded in memory and inwardly there is the thought unspoken. "Even if it did rain it was a glorious walk."

Scheduled to form in the Queen's Park at 9 a.m. the big procession did not get under way until some hours later. The steady downpour of the rain put all efforts at forming the line of consideration. About the lodge rooms and other places of assembly the men, to whom the Twelfth of July of the big day of the year, loafed about, now and then taking a look outside with the hope of seeing one rife in the clouds.

But Orange parades are never known to fail. Their walk is as necessary as the faith in their principles, which have made their order great. When Dr. Sproule, M.P., grand master of British North America; William Johnson, past grand master of Ontario East, and Rev. James Coburn of Toronto, past grand master of Ontario West, were present, among them being F. M. Clarke of Belleville, grand secretary of Ontario East; Jas. G. White, P.G.D. of N. A.; Wm. G. S. White, P.G.C.; Capt. John Gaslin, Kingston, past county master; Robert Gordon of Twoh, G.T. of O.E.;

**Tramped Flag in the Mud
London Has an "Incident"**

Visiting Americans Made a Nasty Remark Which Patriotic Orangemen Resented on Port Huron's Lodge Colors.

London, July 12.—(Special)—The American flag was torn from its pole at the head of Loyal Orange Lodge, No. 67, of Port Huron, Mich., to-day by a group of angry Canadians and trailed in the dust.

As the crowd thus performed, defiance was hurled at the 800 visitors from Detroit and other Michigan places who had come to London by special train to celebrate the anniversary of the battle of the Boyne with their brethren in this city.

There had up to the moment been the best of good fellowship shown between the American and Canadian Orangemen all day. In fact, the evidences of international friendship were being celebrated in an hilarious manner in front of the City Hotel on the main business street.

Then an American, his name is not known, suddenly shouted "To— with Canada, she has not shown us."

"It's only a country for suckers any— some one else offered an insult.

Then a crowd gathered. Canadian patriots were shaken under American noses and anyone wearing an American uniform immediately became the centre of an excited and argumentative crowd. Just then the Port Huron lodge was unfortunate enough to march down the street. At the head flew a splendid Stars and Stripes.

"We will show you," shouted a Canadian patriot, and he led a rush for the flag. In a moment it was trailing in the street, splattered with mud and marked with the imprint of his shoe.

The police interfered and restored order.

The Americans show no animosity whatever over the affair. They regard it as an answer to insult such as they themselves would make.

**100,000 IS THROWN AWAY
TO DEEPEN HOLLAND RIVER**

Grant Affects Ten Mile Stretch Where There's Hardly Water for Boys to Swim In.

Ottawa, July 12.—(Special)—There was quite a breeze in the house to-night over the item of \$100,000 under the heading of "Trent Canal, improvements on the east branch of Holland River to Newmarket."

Hon. Mr. Emmerson explained that the total cost would be \$300,000, also he appeared to be very misinformed as to the real facts of the case. There was a great deal of opposition to the vote on the part of Messrs. Oiler, Bennett and R. L. Borden, while the vote was supported by the minister of railways and Archie Campbell.

Mr. Oiler thought there was never a chance of the bill passing. It was a mere waste of money, and he protested against the government launching out into reckless expenditure of this sort. He was convinced that the respectable element of North York would vote against the bill, and that the whole vote was merely an example of the minister's mischievousness.

Archie Campbell heartily supported the scheme.

The minister admitted, however, that he had no report to show, but said an oral report had been given by Mr. Wright, an engineer, who said the distance was 10 miles, and that the great bend in the river would make it a better investment to build a summer hotel here.

When he asked Mr. Oiler if he would be a general laugh, Mr. Oiler caused a general laugh, and the minister said he was strongly opposed to vote. It finally passed on division, but the whole house opened its eyes at the astute of the postmaster-general.

**GOVERNMENT GETS FOR \$14
WHAT TORONTO IS ASKED \$40**

**Cataract Power Co. Has a Widely-
Ranged Scale of Prices for
Niagara Current.**

Ottawa, July 12.—(Special)—An interesting contribution on the value of electric power was made in the house to-night by Hon. Mr. Emmerson on the item of \$40,000 for electric lighting and power plant on the Welland.

The minister explained that the amount was in addition to the \$100,000 appropriated, rendered necessary by a change of plans.

"Where is the power generated?" W. F. Maclean asked.

"We buy it from the Cataract Power Company," the minister replied, "and pay for what we use up to 500 horses power per horse power."

"How much per horse power?" asked Mr. Maclean.

"For ten dollars," was the answer.

"An very glad to hear that," said Maclean, "but a proposition is now being made for the generation of 1000 horse power for power generated at the Falls, and this announcement of the prices paid by the government may considerably affect the situation."

**REGARDED AS STATE SECRET
LEST VENGEANCE FOLLOWS**

**Mr. Fielding Explains Why North
Atlantic Trading Co. Promoters
Are Unknown.**

Ottawa, July 12.—(Special)—The afternoon sitting of the house to-day was devoted to consideration of the bill of \$100,000 for expenses in connection with Dominion lands, the discussion developing into a sharp criticism of the methods of the interior department, both as regards the administration of the lands and the management of immigration.

Dr. Roche made a strong protest against the importation of undesirable immigrants.

Asked who composed this North Atlantic Trading Company, Mr. Oiler said the contract was made originally by the high commissioner, and the names of the promoters were not disclosed to the public until after the contract was made. He said he did not wish to divulge the names of the promoters, as the persons composing it might, by promoting immigration, be rendering themselves liable to prosecution in certain European countries.

Mr. Oiler believed that it was these 45 people who were becoming so numerous and such an annoyance to Toronto, engaged mostly in rag and bone picking; people of low stature and scraggy appearance.

"What nationality are they?" asked Mr. Oiler.

"The Lord only knows," was Mr. Oiler's answer.

It was stated in the course of the discussion that for the past three years the company had been paid \$37,000, finally Mr. Foster moved to reduce the appropriation to \$25,000, the amount of the salary of Nixon, the Maclean agent, who failed to return public money, and was subsequently promoted.

The motion was defeated by 61 to 25.

The appropriation having carried, the committee passed a further item of \$25,000 for Indians, the minister explaining that the expenditure on Indian relief would be \$300,000, an increase of \$100,000 over the expenditure of two years ago.

**USED STICK FOR PADDLE
SAVES LIVES OF TWO MEN**

**Courageous Young Woman Rescues
Victims of Leaky Boat on
Small's Pond.**

There is a heroic act to the credit of Gertrude Watson, a clever young lady, who lives at 1858 Queen-street, and two young men who were in a leaky boat on Small's Pond.

Late in the afternoon the young men were crossing Small's pond, opposite the Woodbine, in a leaky boat. When they were near the waterfall, the boat collapsed, and they were floundering in deep water. They cried for help, but no one was near. It was a very bad day, and the water was very high.

Gertrude Watson, who was walking along the bank, saw the boat capsizing. She ran to the aid of the young men, and used a stick for a paddle to save their lives. She was very brave and resourceful.

The young men were rescued and taken to the shore. They were very grateful to Gertrude Watson for her heroic deed.

**LIGHTNING STUNS FIVE
TATTERS ORANGE BANNER**

**Demonstration at Renfrew Inter-
rupted by Violent Storm and
Almost Marred by Calamity.**

Renfrew, July 12.—Thousands of people and nearly 30 Orange Lodges were here to-day. A fine day was enjoyed, and the procession was formed, and before the last of the nearly two miles of lodges had passed the head of Main-street there was a downpour, and shortly after getting back to the park the worst thunderstorm of the season came.

During its course a bolt of lightning descended a tree and five of the visitors were struck by it. The victims were Samuel Adams and a Mr. New of Ottawa. Peter Phillips, wife and son of Douglas. They were all rendered unconscious, and remained so for a time, but were resuscitated. A team of horses was knocked flat, and a banner of Ottawa Lodge No. 27, was torn to shreds and part of it embedded in the tree against which it was standing.

A girl and a woman at the other end of the town were struck, but the blaze was quickly put out. Speaking in the park was abandoned.

**WEST BOOSTS ITS ESTIMATE NOW
AWAY UP TO 100,000,000 BUS.**

NO BAD SIGNS ANYWHERE SEEN

which in previous seasons has been known to average 250,000,000 bushels, is not far off.

Barley is very forward, and promises well, while oats generally are making good progress. The oat late heavy land there is so much straw that the grain will be late in maturing.

Having well started generally in Manitoba in a week or ten days, and will make good returns to those farmers who can dispose of it conveniently. With this excellent outlook money appears to be rather free in the country districts, and stockholders should be able to meet all their liabilities and the general feeling is relieving pressure on wholesale houses.

RIVER THAMES ON RAMPAGE

London, July 12.—(Special)—The River Thames is again causing the residents of West London some uneasiness. Since 6 o'clock this evening the stream has risen a foot and a half and it gives every indication of continuing. Reports from towns along the north branch are to the effect that the tributary streams are running wild.

Considerable debris is floating down the river.

Block Tin Pipe, any Size. The Canada Metal Co.

**KAISER AND VOX BUELOW
TO MEET OSCAR TO-DAY**

Gele, Sweden, July 12.—Emperor William and Prince Von Buelow, the imperial artillerist, have arrived in Gele on board the imperial yacht Hohenzollern. They will meet King Oscar to-morrow.

Battery Kings, all kinds. The Canada Metal Co.

V.C. Cigarettes for sale everywhere.

UNMASKED.

(Canadian Associated Press Cable)
London, July 12.—The Daily News reiterates the opinion expressed by the press that the real reason for the Canadian cattle embargo is to protect British stock-market against colonial. The incident shows the shallowness of this sort of imperialism.

Superior workmanship on Union Label Cigarettes.

Ticket's "T. & B." 10 cent plug.

Smoke Blue Union Label Cigarettes.

THEY WANT HIM

(Canadian Associated Press Cable)
London, July 12.—For Indians, the minister of Justice at Exeter Hall, Rev. J. D. Freeman, of Toronto, has announced that he has received a proposal from the Baptists in the Christian Church, which was followed by a discussion.

Prof. Sheppard of Manitoba also spoke at the conference.

CHURCHES WANT HIM.

(Canadian Associated Press Cable)
Christiania, Norway, July 12.—The proposal to make Prince Charles of Norway King of Norway is supported by those having the power of deciding, and also would be enthusiastically received by the majority of the Norwegian people.

NOT FOR THAT

Ald. Galery and His Coming Visit to Rome.

Montreal, July 12.—(Special)—Ald. D. Galery, who sails for Great Britain and the Continent on Friday, stated to-day that he was not going to Rome to attend the appointment of a new English-speaking bishop, although he is interested in the matter.

INSANE FROM THE HEAT

Twelve Deaths and Sixty Cases of Prostration in Gotham.

New York, July 12.—Undimmed heat yesterday marked the fifth day of the torrid wave that has afflicted New York, and to-night there is no immediate prospect of relief.

The mercury climbed steadily until at 11:30 at 87, the highest point of the day. Some of the victims of the heat were rendered insane by their suffering. In Brooklyn Laura Clingan, the wife of Harry Town, died after a long illness. She was 64 years old, and was in poor health. She was taken to the hospital on Friday, and died on Saturday.

At the Western Hospital on Wednesday, July 12, 1905, Elizabeth A. Spicer, aged 50 years, died. She was the wife of W. A. Spicer, aged 50 years. Her funeral will be held on Friday, July 14th, at 3 p.m., at Mount Pleasant Cemetery.

IT'S GOING TO BE SUNNY

Besides being sunny it's going to be real, real hot. You have no choice if you want to be comfortable—get a Dineen straw. The hat that looks right and collects all the breeze there is stirring.

VERY WARM.

METEOROLOGICAL OFFICE, TORONTO, JULY 12.

INTENSE FEELING SHOWN IN SPEECH AND PARADE

Demonstration at Caledon East Largely Attended by Enthusiastic Orangemen.

Caledon East, July 12.—The "Glorious Twelfth" was celebrated here today in a manner befitting the occasion.

OXFORD HOMESPUNS If there is any better foundation to build a summer suit than Oxford Tweeds we have never discovered it.

OAK HALL —CLOTHIERS— Right Opposite the "Glens" 115 King St. E.

COMMISSION DEMAND FACTS A TIP TO MANUFACTURERS

Montreal Herald, With Semi-Official Emphasis, Hints at Protectionist Disappointment.

Montreal, July 12.—(Special.)—The Herald of this city, which is generally held to discuss Dominion issues as Hon. Sydney Fisher requires them to be discussed, says: "Some well-intentioned newspapers seem to be moderately surprised at The Herald's suggestion that the tariff to be brought down next year may turn out to be rather different from what high protectionists expect."

TO SUCCEED BISHOP DECELLES. Mr. Bernard Will Be Given St. Hyacinthe's Vicarage.

Montreal, July 12.—(Special.)—Mr. Bernard, administrator of the diocese since the death of his long-lingering predecessor, is generally regarded as the next Bishop of St. Hyacinthe.

Good Reason for Its Success Without doubt the largest selling catarrh medicine in America is Cattarrone.

FOG SPOILS THE TEST. Virginian is Delayed and Rapid Transit is Off.

Montreal, July 12.—The Allan Steamship Line officials have given up all hope of the tugboat Virginian and the cruiser Canada breaking the cross-Atlantic record for Canadian mail.

Low Fractured. While carrying a heavy lithographer's stone, Joseph Devine, a young man employed with Ralph, Clark & Co. let it fall upon his leg last night.

You Employ an EXPERT In Food Selection when you eat Grape-Nuts The most perfectly made food for human use.

THE HEINTZMAN & CO. PIANO "A thing of beauty and a joy forever."

MURAVIEFF MAY NOT COME CZAR GREET'S HIM FRIGIDLY Peace Party Striving Vigorously to Upset the Appointment and Will Likely Succeed.

St. Petersburg, July 12.—Strong influences have been brought to bear on Emperor Nicholas to induce him to replace M. Muravieff as peace plenipotentiary.

The members of this party profess to believe today that they have a victory, and that while M. Witte will not head the Washington delegation, M. Pokotiloff (Russian minister to China), Witte's right hand man, will lead a mission.

The Associated Press is informed by friends of M. Muravieff that the ambassador really recognises the expediency and thankfulness of the rule of negotiating a treaty of peace under the present conditions.

SCOTSMAN SURVIVOR DEAD. Shock of Wreck Was the Doom of Mrs. Martin.

As a result of heart trouble contracted six years ago when she was despatched to the island of St. Helena in the crew of the ill-fated Scotsmen, Elizabeth Martin, wife of Henry Martin, contractor, 232 Palmerston avenue, died early yesterday morning.

China's Place. According to information obtained at the foreign office, it seems that China did not ask for a dual representation at the Washington conference.

1000 IN CASH PRIZES. It is really wonderful to hear people talk of the great relief that Foot Film gives to those who suffer from tired, aching, weary, blistered, paralysed feet.

ABSOLUTE SECURITY. Genuine Carter's Little Liver Pills. Must Bear Signature of Dr. Wood.

SPYING ON LAWSON'S TRAIL. CONTRIBUTOR TO HIS CAMPAIGN. Fairbury, Neb., July 12.—Thomas W. Lawson informed his audience at Fairbury, Nebraska that three spies employed by his enemies are following him thru the west, watching his utterances and the temper of his audience.

Mr. Lawson learned that the railroad lines running into Albert Lea, Minn., have announced the cancellation of all excursion rates and special train schedules for the day of his appearance there.

My enemies and those who may suffer from my work call what I have to say "rot." After I got thru talking in Kansas City one of the papers said: "Why, there is nothing new there. That is the old Kansas, Missouri and Nebraska populism."

Do not know whether it is or not, for I have been so very busy in my lifetime doing those things that I know about that I have not had much time to spend hunting for other people's business, which I did not see any connection with mine.

The Toronto World

A Morning Newspaper published every day... Telephone-private exchange connecting all departments... SUBSCRIPTIONS IN ADVANCE... One year, DAILY, Sunday included \$5.00...

Special terms to agents and wholesale rates to newspapers on application... THE WORLD, Toronto, Canada. Hamilton Office, Royal Carter, James Street North, Telephone No. 985.

FOREIGN AGENCIES... Advertisements and subscriptions are received through any responsible advertising agent in England, the United States, France, Australia, Germany, etc. The World can be obtained at the following New Zealand offices...

READY TO FLEECE THE PUBLIC... It becomes clear that heavy responsibilities rest on the power commission, which has just been appointed by the Ontario government. A rough estimate of the rates that are to be charged by the Electrical Development Company of Niagara Falls has been given by a high official of the company. These rates are such as to stagger the credit of people who have been hoping for emancipation from excessive power charges.

GET RID OF THE SYSTEM... Toronto is being bled every day by a system which enables paving companies to purchase names to petitions and lay an inferior pavement at exorbitant rates. There seems to be no way of abolishing the abuse of direct payment of signatures except by getting rid of the petition system altogether. The city engineer is the official who should be made responsible for the paving of the city streets, and the city engineer's initiative would be a good substitute for the present plan of granting paving contracts on the petition of ratepayers.

THE TRAFFIC WILL BEAR... It looks very much as if the Niagara Falls power companies propose to take the fullest possible advantage of the unrestricted privileges that were conferred upon them, and that they will tax the consumer, not in proportion to the cost of development and transmission, BUT EVERY CENT THAT THE TRAFFIC WILL BEAR.

ADOPT GENERAL PLAN... The mistaken policy pursued in the annexation of the Avenue district should not be repeated in the case of future annexations. If outlying districts want to come into the city they should be prepared to share the responsibilities of the citizens of Toronto, and they have no right to exemptions of any kind. The outlying districts have more interest in becoming annexed to Toronto than Toronto has in annexing them.

OBJECTS TO U. S. FLAG... A Canadian Briton writes The World from Victoria, B. C., complaining of the display of United States flags in Canada, comparing the Canadian attitude with that of the United States in the case of the Bump of Rochester. He gives a number of instances where the appearance of British flags in the United States has agitated some of the warm-blooded citizens of the republic.

CASTORIA... The kind you have always bought. For Infants and Children. Bears the Signature of Dr. J. C. Ayer.

CANADA, A NATION, OYAL TO CROWN, NOT TO ENGLAND

Public-owned trunk lines to solve telephone puzzle. Demand for Treaty-Making Powers Is Only an Expression of Our Nationalism.

In the course of a leading article on "Domination Day" The London Empire Magazine, after referring to the amazing growth of Canada, proceeds to speak in terms of sympathy and approval of Canadian nationality and the new conception of the nature and destiny of the empire, which Canada has been instrumental in introducing. The article is worth reading in its entirety. It has long been obvious that Canada must be made the corner-stone in any practicable scheme of imperial consolidation, and the present tendencies of Canadian opinion in regard to imperial affairs should be more fully studied by British statesmen. The all-important tendency may be summed up in the word "Canada." Canadians no longer regard themselves as "colonials" with the inferiority implied in the word. They are viewed as a unit, not more loyal to England than they are to France, but they are and they remain loyal to the British crown, which is, for both British and French (for Mr. Bourassa, as well as Mr. Bordas, the symbol of national unity consisting of independent kingdoms indissolubly bound together by common ideas and principles, and a common deriving community of interests. Sir Wilfrid Laurier's much-criticized opinion in the House of Commons on the subject of the Alaskan boundary dispute, may not be acquiesced with by the members of the government, but it would infringe on the business of the express companies, and in this way the public is being bled by an organization which, while enjoying all the privileges of a common carrier, is subject to none of its restrictions.

Dependence on U. S. A second most important principle of Canadian policy is expressed in the universal desire of Canada never to become an economic dependency on the west-east trend, which is the present policy of the British government. It is the fact that the postoffice department refuses to add facilities to its present postal system, but the improvements should affect the revenues of the express companies. It is about time that Canada should get rid of the extortion that is being practised by these companies. The express business should be controlled just as the railway business is controlled, and the rates of the express companies should be subject to revision, while the rates are subject to revision. What the public must understand is that the interests of the railway companies and the express companies are identical, and that the only way of securing fair charges to the public, and interest in the railway companies as well as the railway companies under the jurisdiction of the railway commission.

Yoyam's silence may not be golden, but it is ominous. The sensible people walked yesterday. The foolish tried to save time by taking a street car. "Sir transit the auditor-general" has decided that ripe Latin scholar, Senator James MacMillen. It is doubtful if King William of immortal memory got as wet crossing the Boyne as did his loyal sons who celebrated yesterday.

According to Lord Roberts the British army has fallen away sadly since the times when Private Mervyn declared he was capable of taking St. Petersburg in his underwear. If the cruiser Canada had persisted in its mission to the coast of the Caribbean Sea, it would have been driven to the desperate expedient of declaring war for the satisfaction of getting an enemy to sink her.

Perhaps it's but a wild flight of fancy that an auditor-general who was good enough for Mackenzie, Macdonald, Abbott, Thompson, Bowell and Tupper should be good enough for Laurier.

There is no limit to the work that Canada's ministers of the crown are prepared to take on their already overburdened shoulders. Every one of them is willing to add his own account. Concerning yesterday's procession we suppose The Globe will say that London and North Oxford are living proof of the fact that it isn't the first time the Protestant horse has been soaked.

MANAGER FLEMING DISGRACIFIED

UNCERTAINTY IN WILL

Justice Meredith Orders Request to Church to Be Faid in.

Chief Justice Meredith has decided that the legacy left by the late Alex. McKenzie of Lucknow to the Free Presbyterian Church in Canada, in connection with the Free Presbyterian Church in Scotland, must be paid out until some beneficiary succeeds in making good the legacy. The chief justice decides that there is a legal uncertainty as to whom the money should be paid. There is more than one "Free Presbyterian Church in Scotland," and the evidence shows that several groups of individuals have been hard to estimate, but those who are handling the local legacy state that the subscription ran to several thousand dollars through their hands.

LOTS OF MONEY FOR JAPS.

How much Canadian money was subscribed for the Japanese war loan is hard to estimate, but those who are handling the loan locally state that the subscription ran to several thousand dollars through their hands. The Bank of Montreal received the subscription, and most of the local money was sent to its head office at Montreal or to Kahn, Loeb & Co. of New York, who offered \$500,000 of the bonds for sale. It was to the advantage of the investors to send their money to the larger place, as the bonds are sold at a premium. Canadian subscribers are mostly financial institutions, who have been attracted by the bonds in view of their suitability for foreign credit.

Michigan Law Hits Milliners.

An important feature of the Michigan game law passed by the last legislature, which prohibits the sale of the plumage of non-game birds. This will hit milliners who have been using the feathers of such birds as the trimmings of women's hats. The law relates what will be considered as game birds, such as quail, partridge and others, and then says: "The State of Michigan shall not allow the sale of any such wild non-game bird after it has been killed or caught, or its plumage, skin or body or any part thereof, for the purpose of sale, or the sale of its plumage, skin or body or any part thereof, for the purpose of sale, or the sale of its plumage, skin or body or any part thereof, for the purpose of sale."

Lightning Strikes a Church.

Winnipeg, July 12.—During heavy electrical storm early this morning the walls of a new Catholic cathedral leveled by storm. The walls were struck by lightning. The walls were struck by lightning. The walls were struck by lightning. The walls were struck by lightning.

Managers Fleming Disgracified.

Winnipeg, July 12.—The street railway manager Fleming was disgraced yesterday. A great inconvenience to many citizens, especially those who have important engagements down town, or who are leaving by train and street car, was caused by the fact that the cars were not running on regular time. On most car routes the cars were diverted to other streets to accommodate those who were in a hurry. But Yonge street was blocked for nearly an hour.

The Mosquito's Deadly Sting.

No pain after applying Nerviline to the sore spot. Just a drop or two, and the various troubles, such as summer complaint, headache, cramps, and nausea, nothing else, "Nerviline's" Nervines, and only \$1c a bottle. Get it today.

Our Connections.

Leave Toronto 9:45 a.m. and 5:30 p.m., by C.P.R., arrive New York 10 p.m. and 7:50 a.m. respectively, by New York Central. Through sleeper on evening train, Toronto to New York, L. Drago, 62 Yonge street, for full information, 25415.

Raided Lottery.

Chicago, July 12.—U. S. government officials have raided the Imperial Bank, New York, July 12.—John E. Foster, 83, died yesterday. His is the first death in the family in nearly 70 years. Mr. Foster was an inventor of machinery for making gold coins.

CUBA—THE LAND OF SUNSHINE

CANADA-CUBA LAND AND FRUIT CO., LTD. INCORPORATED UNDER THE ONTARIO COMPANIES ACT.

REMEMBER, ALL FRUIT LANDS MUST BE OF A SANDY LOAM SOIL—Practical Experience Teaches This. Second Issue of Ten Thousand Acres Only Will Be Sold at \$20.00 an Acre

After this is sold a further issue will be sold at \$40.00 per acre. Buy Now and Save Money. You can't duplicate this land for less than \$50.00 per acre to-day in Cuba. Buy a business lot at \$50 to \$75 which will rapidly increase in value. Terms cash; or 25 per cent. cash and 25 per cent. each month till paid for.

Deeds of the Property in Our Possession and Free From Encumbrance. Titles Guaranteed.

VEGETABLE GROWING IN CUBA

By PROFESSOR C. F. AUSTIN

Chief of Departments of Horticulture, Cuban Experiment Station, Santiago de Las Vegas.

All Classes of Vegetables Successfully Grown in Cuba.

Comparatively few people in the United States know that nearly all classes of vegetables with which they are familiar in their home gardens or markets can be successfully grown in Cuba, and the few who are aware of the main fact usually have mistaken ideas as to the conditions which govern truck raising here.

During the past winter, from November to May, the horticultural grounds of the Cuban Experimental Station have yielded a continuous supply of the following vegetables in excellent condition: Forty varieties of American lettuce, all classes of garden and stock beets, radishes, turnips, rutabagas, endive, salinity, tomatoes, eggplant, Bermuda onions, Swiss chard, cabbage, kohlrabi, parsnips, sweet potatoes, Irish potatoes, peppers, carrots and celery.

People Coming to Cuba Can Count on Good Gardens.

From this report it will be seen that people coming to Cuba may not only count upon being able to make good gardens for their own use, but may consider vegetable growing for market as one of the openings which the country offers. Already Cuba exports several hundred thousand crates of vegetables every winter, the principal varieties now grown commercially being tomatoes, eggplant, peppers and Bermuda onions. Gardens about thirty miles from Havana on the United Havana Railroad, has for years been the leading district for truck farming, though there is now a considerable acreage of vegetables at Taca Taca and some other points on the Western railroad. Along both these roads the opportunities for vegetable growing are excellent, as they have quick and competent service in connection with the steamship lines.

Cow peas, velvet beans and probably other leguminous crops grow successfully during the summer or rainy season and may be turned under in the fall, thus putting the fields in good condition for vegetable crops during the winter. The use of commercial fertilizers has largely begun.

Three Distinct Types of Soil.

In the region to which I am confining this discussion there are three distinct types of soil—the red, the black and the sandy or loamy—with many intermediate grades. The Guinea vegetable district is an example of what is known as "maulato" land, an intermediate between the black and the sandy. This is a deep soil, sticky in wet weather, but loose and mellow in the dry season. When properly handled it gives excellent results. The sandy and loamy soils which prevail in Pinar del Rio Province are also proving well adapted to vegetable growing and weather, but loose and mellow than either the red lands, so that by thorough cultivation crops may be produced on them with less water than on soils of any other type. As a rule the black lands are considered to be better adapted to sugar cane than to truck gardening, being very heavy and having a poor natural drainage, yet suffering badly from wet weather on account of their tendency to bake into unfrable crusts and clods.

Red Soils Not Profitable for Vegetables Without Irrigation.

On the red lands we have been able to grow all classes of vegetables successfully, yet this soil probably suffers more severely than any of the others from drought, having almost too perfect a natural drainage and at the same time a tendency to dry out; even with the most careful cultivation watering has been necessary in order to maintain the amount of soil moisture necessary to a growing crop, so that without a good system of irrigation I do not believe the red lands would be profitable for vegetable raising. On the other hand, I wish it distinctly understood that with irrigation just as fine vegetables and just as large a yield can be produced from this soil as from any on the island.

Profitable Vegetables for Cuba—Celery.

Returning to the subject of the vegetable crops which can be most profitably grown in Cuba, I wish to call special attention to some of the more promising ones. As I have already said, tomatoes, peppers, eggplant and Bermuda onions have made their way from Cuba into the markets of the United States and I believe that celery can also be successfully grown here for export and for local use. Our work has demonstrated that its production is possible. I enclose a photograph of our celery fields here at the station. Seed planted in October gave excellent stalks in March. For commercial purposes the crop should be ready to handle during January, February and March, for in April the weather begins to get too warm and several fungus diseases appear, doing great damage. The celery now sold in Havana is imported from the United States and you would be surprised to know that a little poor stalk of American celery will bring 25 cents—and bring it quick. The people of Havana seem to be exceedingly fond of this vegetable and would buy it eagerly if it were supplied to the market.

Letting is another crop which I know could be profitably grown for local consumption and probably for export. I can say that I have never seen finer lettuce than we have grown here during the past few months. From sowing till harvest a crop can be made in from eight to ten weeks, or from four to six weeks after transplanting the seedlings to the open field. Of the larger varieties, we have been able easily to grow solid heads weighing from 1.2 to 2 pounds, or over more, while the loose varieties have been equally satisfactory. Though we are still planting lettuce in the open field, we do not expect that it will succeed much longer without shade; but from October till May it can be easily, cheaply and successfully grown, and there is an excellent local market, for Havana is never supplied with a good grade of lettuce, and in the smaller towns it is rarely or never seen.

Letture.

Letture is another crop which I know could be profitably grown for local consumption and probably for export. I can say that I have never seen finer lettuce than we have grown here during the past few months. From sowing till harvest a crop can be made in from eight to ten weeks, or from four to six weeks after transplanting the seedlings to the open field. Of the larger varieties, we have been able easily to grow solid heads weighing from 1.2 to 2 pounds, or over more, while the loose varieties have been equally satisfactory. Though we are still planting lettuce in the open field, we do not expect that it will succeed much longer without shade; but from October till May it can be easily, cheaply and successfully grown, and there is an excellent local market, for Havana is never supplied with a good grade of lettuce, and in the smaller towns it is rarely or never seen.

LAND IS THE BASIS OF ALL WEALTH

As a permanent place of residence as well as a health and pleasure resort, Cuba, owing to its climatic and scenic charms, is attracting wide attention. Any person from a northern climate can live in Cuba in summer with as much comfort as in Canada, while the winter months are, of course, very much more comfortable than in a land of snow, sleet and blizzards.

WINTER RESORT

Cuba will be a favorite winter resort for the people of North America, because of its favorable location and uniform temperature. At the time when the Northern States are clothed with snow and ice this island has the climate of June. With its fine sandy beach for bathing, its land-locked harbor for yachting, the rolling lands in the background for beautiful scenery, and Canadian people for neighbors, Ocean Beach should be the most desirable as a winter resort. The scenery on Guadana Bay is grand and inspiring. Our estate is covered with tropical foliage. The water is so clear that the gravelly bed from ten to twenty feet below can be seen distinctly, abounding in certain sections with Spanish mackerels, a species larger than the mackerel of our Northern markets and fully as palatable.

HOW ONTARIO CELEBRATED THE TWELFTH

SEE HIM IN THE PARADE? WELL, HERE'S HOW HE LOOKED

Nearly All the Old Familiar Faces Were in Line Under Umbrellas, But Smiling Sunnily.

Too bad it rained. Orange blues, fives and drums due for re-appearances July 12, 1906.

The smile which greeted the sight of Dr. Beattie Nesbitt was missed. He made an address at Southampton.

Did you see Canada First McConnell? He walked with Lord Stanley Lodge, 566, and was the best dressed man in line—so the ladies said.

Alton McCarthy Lodge had for its mascot a white goat with a live in its horns. The lodge turned out 60 strong.

Ed. Jones was dodging the drops behind 693.

Ex-Aid, Steve Burns was hot stuff. Being an M.P. includes a walk on the 12th. Ask Ed. Burton. He walked with McKimley Lodge.

The 12th of July regatta. Was a corking good thing for the matter.

Waterworks James Boyd marched with 32, to see that it rained all right.

Jimmy Stephen, C.O.P., Grand officer of the community. Bossed the whole ceremony on the busy corner.

Bro. S. Walker of 412 has been a 12th of July walker for 29 years. He was in the order in Ireland.

The Duke of York himself was not with 886, but James Purse was all there in a hack.

The long-lost, Frank Woods hopped to suddenly, looking fine with 779, dividing the honors with Aid. Keeler.

At least one of the processionists wore a silk hat that was as good as he himself. He was juvenile Finlay.

For 14 years ago since Joe. First marched behind the banner.

For 13 twofifs he couldn't go. Got caught in some strange manner. But yesterday he led the way.

Just like a gay first prize, and all the way he heard folks say. Why there's Joe Vitalizer.

Alex. Burgess scintillated brightly in the life-saving corps attached to 275. Some of the standard-bearers carried L.O.L. 913, whose banner was drawn by a couple of horses.

lay, son of his father, who is a brother in McKimley Lodge. 884 didn't care. They stayed with the rain that was there.

While all being soaked. Most of them joked. And held a levee, as it were.

It's too hard to say who was really the best dressed man in the parade. Until the starch commenced to weaken in his collar it was for further particulars.

They looked remarkable, but it is the proper Orange caper if the book is followed. Cavan Lodge 257 wore the real wine-colored, white trousers, black coat and silk hat.

The rumor was too thin. It is absolutely untrue that Aid. Carson for a moment entertained the earnest request of his friends to go into the fat man's race.

Western L.O.L. 864 would take up a couple of pages in the city directory. They all take to the water well and had a big turnout.

A score or more Mont-eal Orangemen are in town for the celebration. They can't walk comfortably in Montreal and enjoyed the comforts we were able to give them.

John Sullivan doesn't sound like it, does it? but he is an Orangeman. He came over from Buffalo to participate in rain couldn't dampen his enthusiasm.

The indications are that W. D. McArthur will again be a candidate for mayor and that Aid. S. A. Jones is either after that or a controllership. Great glad looks yesterday.

Not a judge in the procession made a better showing than Queen City 527. They had the Grandmasters' Band and a score of other bands.

Not a judge in the procession made a better showing than Queen City 527. They had the Grandmasters' Band and a score of other bands.

Not a judge in the procession made a better showing than Queen City 527. They had the Grandmasters' Band and a score of other bands.

Some of the enthusiastic old gentlemen in the parade were Matthew Warnock, 275; John Hill, 207; William Small, 207; Thomas Bailey, 675; Daniel Murray, 455; Alfred Coyell, 455; J. Weaning, 111; H. Worthing, 111; Hugh Gordon, 281; John Orr, 275. The figures after their names represent the lodge they are affiliated with, not their ages.

The real thing in the life and the drum band that was for further particulars. They had them just like we have them at home.

"How to ride in a hack" with charming illustrations by John Lang, 911. The rain made some of the five white like orange canaries.

The distinguished looking person who was marching yesterday was Ned Medical, who has had much experience.

It was rather a shame that the rain should ruff the hat of Fred Dane, like other silk hats it couldn't escape being knocked all out of synch.

George Hamilton had all conveniences except a towel for a bath in his big brass bath.

Jupiter Pluvius wept so much because John MacMurchy wouldn't walk.

"Oh, Joe, the boats are going over," said Fred Dane. "It isn't a boat its a block," encouragingly responded Joe Thompson.

Ed. Floody was conspicuous. They are going to name the day after him. O. boys, Burton didn't mind the rain: Walked with John Ross Robertson.

R. S. Burrows with 207 looked recklessly cheerful and didn't care even if the hack was like by the hour. Sergeant Jimmy Kennedy of 404; Silk hat, pretty fat, marched once more.

Of course there were a few brethren who got pretty wet inside as well as outside.

Conspicuous by reason of his erect carriage, acquired during 23 years' military service, there rode at the head of the parade, under the wing of Marshal W. F. Busted. The ex-quarter-master-sergeant of the Body Guard, rode a fine bay, and was one of the most striking figures in the parade.

William Burton, paymaster of the city treasury's office, and J. Ross Robertson, walked together behind the flag of L.O.L. 404, of which lodge they are members. This is the forty-fifth time that Bro. Robertson has turned out on the Twelfth. He was initiated in L.O.L. 391 in 1859 and afterwards with 404 some years later.

Hickory Coulter hasn't changed much in twenty years, but he says he has changed all he could get.

THE DAY IN TORONTO

Continued From Page 1.

understood the meaning and the occasion which had called them to the spot. He was also an anti-Brute and put thru by those who while understood to represent the people were without ideas of political morality.

Landed at the levee site on Monday evening April 24, 1905, from the steamer which stopped opposite the camp and let us off. I spent three days in looking over the town-site and plantation property, and congratulate you on your success. The charge had been a prettiest place for a town that I have seen on the Cuban coast.

The bathing beach is grand, extending as it does on two sides of the town for several miles, and in places having a beautiful view of the bay and the mountains of the town, where the bay and ocean can be seen miles.

I find most of the southern part of the plantation land fairly level, with sandy loam soil underlying in places with a level and a gradual slope to the east of the town, where the bay and ocean can be seen miles.

You can raise as fine oranges and other citrus fruits, peaches, grapes and pineapples, etc., as I ever grew in Florida during my 30 years' experience in fruit growing there, and I am thoroughly convinced that a grove can be raised here by giving some cultivation as is given in Florida in one third less time and with less expense. I believe also the land will produce fine figs, melons, both sweet and musk, but proper irrigation is necessary.

I find in the ponds large quantities of muck formed by decomposed vegetable matter, by taking which out, making a compost, mixing konoel or German salt, bone meal and lime, a good fertilizer will be made for any crop mentioned. The land can be greatly improved by sowing cow peas broadcast, or velvet beans planted, and when fully grown, have same plowed under.

The county master Fred Dane was the first to address the throng. His words were full of vigor and enthusiasm.

"There never was a greater traitor to his country than Sir Wilfrid Laurier," declared the past grand master, with warmth of feeling, adding that a strong fighting policy was the only one to be adopted in any war.

The premier had blundered the country, and had never opened his mouth as to his real intentions. Nor had he had the courage to appeal to the country on the great issue. If he had done so, the government would have been wiped out of existence.

The county master drew consolation, however, from the reflection that the time would come when Canadians would have a chance to express their views.

The excellence of the turnout, despite the rain, was commented upon by Mr. Dane. The gathering was not one of men who held bigoted opinions, no matter what blundersites in Quebec might say. His heart was with the Orange Order in Ontario, but he felt that there wasn't half enough opposition to their goal. If there were more, the members would be more faithful and true.

H. C. Hocken Speaks. The demonstration, declared H. C. Hocken, editor of The Orange Sentinel, was not designed to foster resentment among Roman Catholic citizens, but to enforce those things that the battle of the Boyne had secured—a fuller measure of civil and religious liberty. Given a little more time and money, the order might expand from 200,000 to a strength of a million or two.

Then we will be a match for any papal ablegate or any solid province priest. Our cause was a hopeful one, struck that brought responsive hand-clapping.

Tribute Paid E. F. Clarke. The loyalty of members of the order shown in such a gathering under adverse conditions was spoken of by John McMillan, P. G. M., Ontario West, who said that, as years went by, it but increased in strength in Toronto. If Sir Wilfrid Laurier or Bourassa or Ferguson were present at the gathering, they would have to admit that connection with the Orange Order in Toronto did not detract from respectability or alienate a man from the company of a good body of citizens.

for the best type of Canadian citizenship. Alien and Un-British.

The speaker vigorously protested against the "iniquitous measure" that "servile majority" had made possible.

Protestant citizens desired no favors not given to French-Canadians large body of emigrants from other shores, but, declared the speaker, "we must have perfect liberty to work out our own religious and political salvation, and while liberal-minded, remind the French-Canadians that this country is not their exclusive heritage." With an appeal that the battle of provincial rights be fought from ocean to ocean, Mr. McMillan concluded.

Pacific Another Derry. Grand Chaplain Canon Dixon spoke of civil and religious liberty thruout the world as having been secured by the life-blood shed at Derry. The time had been when the line had to be drawn and it must be drawn. There were Derrys still to protect.

A great standard was being set, and a great public service was being rendered by the order, in the opinion of J. H. Scott. Walkerton, grand master of Ontario West, who had been made at one time that the order was a political one, but this imputation could not now be made.

Due to Orange Order. The Orange Order in the late issue before parliament had taken the same stand as it took in 1886. There was a great deal to be said for the order, and for its existence the Orange Order was largely entitled to the credit. There had, however, been too much carelessness and indifference.

MACHINE REIGNS NOW.

Essery, D. G. M., Makes Fervid Address at London.

London, July 12.—(Special.)—Eight thousand Orangemen were in Queen's Park this afternoon at the Twelfth of July demonstration, when speeches were made by Deputy Grand Master Essery and others. Mr. Essery made a fiery address, in which he said Liberal-Conservatism was dead, and that the machine reigned instead. He warned Mr. Borden and Mr. Whitney that if they did not call off their dogs that there would be trouble. Other speakers were Messrs. Geo. Neely, Aid. Carson, W. C. Coe, Rev. G. B. Sage, J. S. Trita, Detroit; Rev. H. McIntyre, Toronto, and others.

The parade to the park was the great feature of the day, being more than a mile in length, and thickly interspersed with brass and fire and drum bands and banners. The brethren looked epic and spon, despite the fact that they had to travel over muddy streets. The program of sports was not called on until after 5 o'clock, and then it was rattled thru and made a capital success.

Among the prizes were the following: Lodge coming longest distance, McKimley, Detroit; largest attendance, Londeborh Lodge; best banners, Woodstock 1, Abolish, London; 2; McKimley 3; best bands, brass, Sarmia 1; Omeda 2; five and drug, Petroleum 1; Fort Huron 2.

SCHOOL CHILDREN OF CALAIS EVEN FRANCE IS DEPENDENT UPON GREAT BRITAIN'S NAVY

Get Half Holiday in Honor of Event—Great Program Arranged in Paris.

(Canadian Associated Press Cable) Paris, July 12.—The C. M. A., to the number of 130, arrived here last night by special train. They went from London to Calais by special train and boat and were received there by the mayor, the president of the Calais chamber of commerce and a number of councillors. The customs inspection of baggage was waived by special order. Luncheon was given at the Terminus Hotel, the tables being decorated with Canadian flags. President George, in proposing the toast of the President of the Republic, praised the loyalty of the French-Canadians and the harmonious relations of Quebec and Ontario. The mayor proposed the health of King Edward and the English national anthem was sung, the French joining. Vice-President Hembert of the chamber of commerce said strong bonds attaching France to Canada were not unknown industrially. In Calais trade with Canada was increasing yearly. He dwelt on the greatness of Canadian and the courageous and sympathetic character of her inhabitants, which made them welcome the moment they put foot on French soil. The children of the schools were given a half holiday. The party arrived at Paris in the evening by special train and were received at the station by the mayor, the commissioner-general for Canada, by the president of the Paris chamber of commerce and a number of councillors. They were followed by a visit to the national office of foreign commerce. To-night they attend the opera, the Comedie Francaise. By invitation of the minister of commerce on Thursday the party will divide, visiting the national manufactory of tapestries, the mint and the Credit Lyonnais. In the afternoon they will be a municipal reception and in the evening a banquet at the Palais d'Orsay, tendered by Senator Mascarin and the republican committee of commerce and industry. Friday being a national holiday President Loubet will review the troops at Longchamp, and the Canadians are invited.

NEGRO KILLS SHIP'S CREW THEN SCUTTLES SCHOONER

Startling Tragedy is Reported in the South Seas—Woman Escaped by Swimming.

New Orleans, July 12.—The Norwegian steamer Bremen, Cape Horn, from Ceiba, Honduras, reports a startling tragedy on the small trading schooner Olympia, bound from Ullula for Truxillo via Ruatanan, to purchase cattle. The crew and passengers, twelve in all, were all murdered by a negro named Robert McGill, except one passenger, a young woman, who escaped by leaping overboard, after having been struck on the head with an ax. McGill is a resident of Ullula. He shot of seven victims, including the crew of the schooner to scuttle her. McGill then shot him and escaped in a dory. He was subsequently captured at El Proverer, Honduras. The captain of the Olympia had \$1400 in his cabin.

OHIO LUMBER COMPANY'S EYES TURNED TO MEXICO ENQUIRIES POURING IN FROM EVERY PART OF CANADA.

It is just becoming known that our largest subscribers are men who began planting rubber a few years ago. Their manager is a well-known Toronto man. They are now selling rubber at \$1.10 per pound, which costs to produce, when in bearing, less than 10 cents. We know that rubber is as easily grown as willow or poplar, that no pests affect it, that the sap flows at any time of the year, and that the harvest is sure and wonderfully profitable. We know that one 5000-acre tract planted in rubber will pay a sum equal to our total capitalization yearly; behind that is \$65,000 coming to our shareholders from another 5000-acre tract just sold; 120,000 acres of similar land, and fine furniture and carriage woods of an estimated value of thirty millions of dollars. We are paying one million dollars for this great privilege, 203 square miles of the finest tropical land in the world, a notable heritage for every investor. Every acre of land under cultivation is worth \$1000. Ten years from today this garden spot will be dotted with prosperous towns, electric power plants, lumber mills, factories, rubber, sugar, cacao and coffee plantations, and the profits will run into millions. Our manager is now en route to Mexico to commence operations. Our mill cutting 30,000 feet per day of these beautiful woods will pay 18 per cent. on the total cost of the property. If Canadians know anything they should know the lumber business. The annual shipments of Mexican woods amount to sixteen million dollars. Logging is done in the crudest possible way. We propose to employ the latest modern methods. Please send book containing information about Mexico. Name Address

CECIL B. SMITH NAMED Chief Engineer of Ontario Power Commission.

Cecil B. Smith, chairman and chief engineer of the Temiskaming and Northern Ontario Railway Commission, has been appointed chief engineer of the hydro-electric power commission of Ontario, for such is the official designation of the body recently appointed by the Ontario government to investigate the question of making use of water power and its cost. Mr. Smith was appointed at yesterday morning's sitting of the government council. He receives an honorarium of \$3000 from the government as engineer of the railway, and the power commission will, it is expected, duplicate this. The decision to set joint quarters is taken to mean that the new railway will be operated by electricity. It is known that this is one of the projects that are now being considered by the government. Pending the appointment of a secretary, W. C. Wilkinson of the law department will act as secretary.

CHIMAPAPA LAND CO. 88 TO 90 YONGE ST., TORONTO.

HORSEBREEDERS ASK \$2000. SUICIDES IN POLICE CELL.

Government Urged to Continue Grant to Horse Show. Essex Man Arrested for Intoxication Hangs Himself. Woodstock, July 12.—George Mustard, aged about 55, committed suicide this morning by hanging himself in the police cell. Deceased had been drinking the last few days, and last night was arrested. At 5 o'clock this morning he appeared to be quite sober and respected to the constable of the grant of \$2000 a year to the show.

USED GASOLINE FOR WATER. MEBBE AND MEBBE NOT.

Italian Laborers Dumped It in Kettle and Explosion Followed. North Oxford Conservatives and How They View a Protest. Woodstock, July 12.—(Special.)—Lending members of the Conservative party in this riding, sent in reference to the possibility of a protest against the election of George Smith in North Oxford, Ontario, on the 21st inst. The investigation conducted since the election would warrant them in bringing in a protest. They are not yet in a position to not such action will be taken. The voiding of the election would have no effect on the party's view of the government of the government in the house. Others again contend that if there were irregularities they should initiate nothing undone to properly ventilate them.

STARVE PASTOR OUT. ONE LABORER KILLED.

Congregation Cut Off Contributions and He Quit. Baltimore, July 12.—While workmen engaged to-day in excavating an old well in the Glenn Building on St. Paul-street, the wall suddenly collapsed, two laborers being buried in the ruins. One of these, John Hartman, was quickly alive and will recover. The other, John Allen, colored, was dead when taken up.

TO JAIL OR TO ENGLAND.

St. John, July 12.—Judge Forbes of St. John county has struck a blow at the English magistrate who recently sentenced a criminal in England to a British prison or Canada.

Widow's Sues for \$10,000.

Kingston, July 12.—The widow of a man who died of cholera, has sued for \$10,000 in damages, claiming that her husband was suffering from the disease when he was taken to the hospital.

Three Lives Lost.

New York, July 12.—It is believed that three lives were lost last night when a steamer was wrecked on the rocks off Cape Cod.

Girl Sees Swims in Fatal Fight.

Wheeler, W. Va., July 12.—William Murray was stabbed to death to-day by John Hawthorne at Ashton, near here. The young men were rivals and the killing was done in the presence of the young woman who was the innocent cause of the quarrel.

For Sick Children's Hospital.

The trustees of the H. Spaulding for Sick Children beg to acknowledge receipt of twenty dollars and twenty-five cents being proceeds of a recital in the town hall at Eglington given by the pupils of Miss Pugsley.

GOVERNMENT DREDGE LAUNCHED.

An Event at the Canadian Shipbuilding Co's Yards. The Canadian Shipbuilding Company at their Toronto shipyard, foot of Bathurst-st., on Tuesday launched the government steel dipper dredge which has been under construction at their shipyard for some months.

AN EVENT AT THE CANADIAN SHIPBUILDING CO'S YARDS.

The Canadian Shipbuilding Company at their Toronto shipyard, foot of Bathurst-st., on Tuesday launched the government steel dipper dredge which has been under construction at their shipyard for some months. Owing to the absence of the president of the company, Frederick Nicholas, there was no special ceremony attending the launching, which took place at 2 o'clock sharp, immediately after the arrival of George Manager Angstrom. The practical arrangements for the launching were in the hands of James Whelan, who has had charge of the successful launching of a number of ships at the yards, namely the Montreal, Kingston and Toronto.

THE DREDGE WILL BE USED ON THE LOWER ST. LAWRENCE RIVER.

The launching proved a complete success, the hull entering the water perfectly evenly. The hull of the dredge is 30 feet long by 36 feet wide by 9 feet deep at one end and 8 feet deep at the other, and is built entirely of steel. The dredge is of the boom type and carries a 2000-horsepower motor. It will be used on the Lower St. Lawrence River, and is therefore fitted with both salt and fresh water machinery. It is expected that the dredge will be completed in a few weeks, when it will be turned over to the Dominion government.

DIVISION OF WATER POWER. SENATE COMMITTEE DISCUSSES PORT FRANCES AFFAIRS.

Ottawa, July 12.—The senate railway committee discussed at length this morning the Ontario and Minnesota bills, J. K. Kerr of Toronto, representing Port Frances, right. What Port Frances wanted was that water-power was its birthright. The Ontario bill would give half to go to the United States. Mr. Kerres once more strenuously urged that the bill be amended to permit both parties to come together. The promoters agreed to change the bill. In regard to the Minnesota water company's bill, A. R. Scott presented a declaration on behalf of the government that half of the water power be reserved for the Canadian side. The promoters refused this.

FIGHT WITH KANSAS OUTLAWS.

Railway Detective and Both Bad Men Lose Their Lives. Windfall, Kan., July 12.—C. S. Calhoun of Kansas City, an Atchafalaya, neka & Santa Fe Railroad detective, was shot and instantly killed at Cedarvale early to-day by two outlaws, who were shot down later by a posse of citizens of Hewins, seven miles from Cedarvale.

SHOULD NAME HIM WILLIAM.

Son Was Born to Princess of Wales Yesterday. London, July 12.—A son was born to the Princess of Wales yesterday.

MORE ABOUT PREFERENCE.

(Canadian Associated Press Cable) London, July 12.—Recent statements in the Canadian house again have received the attention of the British cabinet.

Division Court Appointments.

The following division court appointments have been made by the Ontario government: William Shaffley of Wellington, bailiff of the second division court of the County of Ontario; J. Carson Willis, resigned; William Scott of Beaverton, bailiff of the sixth division court of the County of Ontario; A. Levis of Sturgeon Falls, clerk of the first division court of the County of Nipissing; William Low of Warkworth, bailiff of the ninth division court of the County of Northumberland; Robert Williamson of Sherbrooke, bailiff of the sixth division court of the County of Frontenac.

Mokokans in Bad Flight.

Winnipeg, July 12.—The party of Mokokans who arrived in Winnipeg last week are beginning to prove a big white elephant on the hands of the immigration department. Not one of them has secured permanent work as yet, and a number are penniless. Unless some change takes place shortly the whole party of one hundred souls will be stranded in Winnipeg. These people, it seems, never intended settling here, but were bound for the Mokokan colony at Los Angeles.

Narrow Escape in Mid Air.

Kingston, July 12.—Fireman John Hall had a narrow escape from death last evening. There was a cross somewhere in the alarm system. Just as Hall fixed it, his hand came in contact with a live wire, which burned through to the bones. The fireman cleared the wire by raising himself up and standing on the cross-arm, he hugged the top of the pole, fifty feet in the air. The hook and ladder wagon came, and a number of men, and the fireman effected the rescue of their comrade.

Second Bowler Personally Conducted Excursion.

To California and Lewis and Clark Exposition, Portland, Ore., Aug. 29 to Sept. 24, 1905; \$160.00, including transportation, meals in dining cars, sleeping car accommodation in train and hotel for above period. As party will be limited to 125 early reservation is necessary. For full particulars call Grand Trunk agents or address E. C. Bowler, Room 308, Union Station, Toronto.

Killed by Falling Coal.

Frank, Alberta, July 12.—A miner named W. Carmichael was killed in the Canadian-American coal and coke mine yesterday by falling coal. Other workers are afraid to attempt to secure the body owing to danger of further collapse of the roof.

Flashed Within the Limit.

Vancouver, July 12.—The Canadian government steamer Kestrel has reached port with the American fishing schooner North of Seattle in tow as a prize. The North was seized by the Kestrel off Quatsno Sound, Vancouver Island, with dories out, fishing halibut well within the three-mile limit.

Open Window Saves His Life.

Kingston, July 12.—Early this morning W. Crawford of Clarendon Station, North Frontenac, was discovered unconscious in his bed. He had blown out the gas and gone to bed. The escaped gas nearly asphyxiated him. His life was saved by his window being open.

Stays as Manager.

Kingston, July 12.—The services of John M. Campbell, electrical expert, have been retained by the city as general manager of the municipally owned gas and electric lighting plants. His salary is to be \$2000 per year.

DOMINION SECURITIES CORPORATION LIMITED

WE HAVE JUST PREPARED OUR QUARTERLY LIST OF INVESTMENT OFFERINGS, WHICH COMPREHENDS SOME VERY ATTRACTIVE GOVERNMENT, MUNICIPAL AND CORPORATION BONDS AT SPECIALLY FAVORABLE RATES.

Today's local stock market opened dull and rather heavy, but gained strength through the day and closed with an advance in one of the most important classes.

Foreign holders of N.Y.C. 8 p.c. of our starting stock, as against 8 p.c. last year, were the cause of the rally.

Stocks plentiful in loan crowd. Thirty-five roads for the fourth week of June show average gross income 8.4 p.c.

Operations of foreign banks are tending to slacken money market.

While plenty of subscriptions will be given for the liquidation of Tuesday, bond traders are not so sanguine.

London, 3.30.—Improvement has made further progress in the stock market, especially in the afternoon.

Philadelphia.—It is stated by a very reliable authority that some important news will be made in a few days.

Best.—Annual meeting of Mackay Company held at 10 a.m., Lawrence H. Mackay presiding.

Joseph says: Investors will be heard from today on all things to be in evidence.

New York, July 12.—The directors of the Bank of Montreal have declared a dividend of 2 1/2 per cent.

Montreal, July 12.—The Bank of Montreal has declared a dividend of 2 1/2 per cent.

Theory on the board is that J. J. Hill has arrived in the city and that his soon to be announced action will have a marked effect on the market.

The movement in these two stocks woke up the entire market and started a scramble to cover shorts all round the room.

Ballie Brown & Co., 42 West King-st., furnished the following current prices for unlisted stocks today:

On Wall Street, Marshall, Spader & Co., wired J. G. Besty (King Edward Hotel) at the close of the market today.

The market developed strongly today from the opening in nearly all directions and with the progress of the session it became evident that interests were limited.

Marshall, Spader & Co., wired J. G. Besty (King Edward Hotel) at the close of the market today.

The market developed strongly today from the opening in nearly all directions and with the progress of the session it became evident that interests were limited.

Dineen's Cor. Yonge and Temperance Sts. THE GOVERNMENT REPORT Continued From Page 9. Fluctuations on the Chicago Board of Trade to-day:

Table with columns: Wheat, Open, High, Low, Close. Rows for July, Aug, Sept, Dec, and Corn, Dec, and Pork.

Chicago Cattle. Marshall, Spitzer & Co. wired J. E. Heaty, King Edward Hotel, at the close of the market to-day. The government report, indicating very early 700,000 bushels of winter wheat, was so much in excess of general expectations that it had a very depressing effect, the more so as the weather showed general improvement. Deferred interest in all markets from 10 to 25 cents, Minneapolis, which has heretofore been a fairly quiet market, has been active and the market looks somewhat better. The sentiment is getting somewhat bullish and the market is getting somewhat better.

Wool Market. The government report, indicating early 700,000 bushels of winter wheat, was so much in excess of general expectations that it had a very depressing effect, the more so as the weather showed general improvement. Deferred interest in all markets from 10 to 25 cents, Minneapolis, which has heretofore been a fairly quiet market, has been active and the market looks somewhat better. The sentiment is getting somewhat bullish and the market is getting somewhat better.

CATTLE MARKETS. Cables Steady—U.S. Markets Dull and Some Easier. New York, July 12.—Beefs—Receipts, 85,000 head; steady; steers, \$4.10 to \$5.80; bulls, \$3.75 to \$4.40; exports, 250,000 quarters of \$1.75 to \$4.10.

Montreal Live Cattle. Montreal, July 12.—(Special).—The receipts were 1000 cattle, 20 milch cows, 200 calves and 175 heifer calves. Steers and cows were there were several hundred head of cattle, which were on the market, and were sent out to pasture to wait for a better market. The excessive supplies in such a short time, and the fact that the weather was so much in excess of general expectations, has had a very depressing effect on the prices all round, and a large number of the cattle will be sold for next week's markets. Prime steered calves were sold at \$2.50 to \$3.50, mixed at \$2.25 to \$2.50, and common at \$2.00 to \$2.25.

Word to the Wise is sufficient. We have decided to make a clearing of all our Summer goods—Our decision is a good thing for your pocket and your comfort as you will be able to get a perfect two-piece Summer suit tailored at \$23.00.

higher, but to-day it looks as if the long were taking their losses. Corn—By using a higher average per acre than was used when the government report was issued yesterday, the newspapers this morning made it appear as though we would have a sensational crop of corn this year. They also reported today were only 222,000 bushels, which was 91 less than estimated, and a sharp falling off. Prices eased off with wheat, but on the heels of the bull leaders who sold some yesterday, bought it back again, and we continue to recommend buying it on every sharp decline.

Wheat—Receipts, 12,500 bushels; exports, 1,700,000 bushels; market, 2,000,000 bushels. Flour—Receipts, 1,000,000 bushels; exports, 1,000,000 bushels; market, 1,000,000 bushels. Corn—Receipts, 1,000,000 bushels; exports, 1,000,000 bushels; market, 1,000,000 bushels.

CATTLE MARKETS. Cables Steady—U.S. Markets Dull and Some Easier. New York, July 12.—Beefs—Receipts, 85,000 head; steady; steers, \$4.10 to \$5.80; bulls, \$3.75 to \$4.40; exports, 250,000 quarters of \$1.75 to \$4.10.

Montreal Live Cattle. Montreal, July 12.—(Special).—The receipts were 1000 cattle, 20 milch cows, 200 calves and 175 heifer calves. Steers and cows were there were several hundred head of cattle, which were on the market, and were sent out to pasture to wait for a better market.

Word to the Wise is sufficient. We have decided to make a clearing of all our Summer goods—Our decision is a good thing for your pocket and your comfort as you will be able to get a perfect two-piece Summer suit tailored at \$23.00.

You "auto" Wear a Gaberdine Slip-on Coat—the best-there-is for short trips and touring or for the street. Rainproof—windproof—dustproof—a light to carry—15.00.

The Motor Cycle Cape—6.50 and 7.50. Other things for autoists—as well. Duck for outing—Duck Trousers—1.00 up. Flannels—light stripe tweed—Irish homespun and tropical worsted outing trouses.

Our shirt maker says: "Few men really know the comfort of a perfect fitting shirt"—have him make you up half-a-dozen or so and get to know what comfort is—1.50 to 3.50. Outing and "Sporting" Hats and Caps—50c to 3.00.

New York and London Fancy Vest Vests—Hundreds to choose from at set net values which are 75 to 80% below the market here—1.50 to 3.00. Cool Underwear—Cool Sox—Cool Neckwear and Comfort Collars.

YORK COUNTY AND SUBURBS ROWDY STONE CARS Football Players Escape Injury—One Passenger Struck—Offenders Will Be Prosecuted. East Toronto, July 12.—The intermediate football match between the locals and the Dundas football team brought together a record crowd of more than 1000 enthusiasts.

Word to the Wise is sufficient. We have decided to make a clearing of all our Summer goods—Our decision is a good thing for your pocket and your comfort as you will be able to get a perfect two-piece Summer suit tailored at \$23.00.

DR. W. H. GRAHAM, Late of No. 125 KING STREET WEST. A. Lawrence Square, cor. Spadina Avenue, Toronto, Canada treats Chronic Diseases such as PIMPLES, ULCERS, ETC.

off by his friends of the Merton-street mission last night. Mr. Turnbull is leaving to take up residence with his friends in the Northwest. The annual service of St. Clement's church congregation was held in the parlour grounds on Tuesday afternoon and evening. The attendance was large and a very enjoyable time was spent. Engineer Birchard has again taken charge of the pumping and electric light plant after a month's vacation. Mr. Birchard is much improved in health and now hopes to be able to handle his work with satisfaction to the council. Eglington L. O. L. turned out in excellent numbers yesterday. The early rain had no dampening effects upon the spirits of the brethren, owing largely to the buoyant temperament of W. Bros. Tomlinson and Goulding, Bro. C. Jennings and J. Burke tried to make the early record of reaching the hall, but in this they were head off by Bro W. Douglas, who were headed close after 5 a.m. The lodge paraded with the city brethren and were accorded the privilege of leading the procession.

DALRYMPLE REPORT WITHHELD. Experts' Opinion of Chicago May Be Disappointing. Chicago, July 12.—The long expected report from James Dalrymple of Glasgow, Scotland, as to municipal ownership of street railways in general, and those of Chicago in particular, has reached Mayor Dunne. The mayor, however, said he could not give it out until he had read it thoroughly himself, and claimed he had not had a chance to do that during the day. "From what I have been able to learn of Mr. Dalrymple's communication, from the cursory looking over I gave it, I would hardly call it a report," said the mayor. "A letter might be the better word. I can say nothing about it just now, however, as I am not thoroughly enough acquainted with it. I cannot discuss it."

The informant was that from what the mayor had learned from the letter he was not entirely satisfied with it. It was hardly expected he would be after the publication of Mr. Dalrymple's ideas, made while in Glasgow expert was in this country. Speaking of the stock on the theory of municipal ownership as a remedy for trusts owned by Tom Lawson of Boston in his Kansas speech, Mayor Dunne said: "The informant was that from what the mayor had learned from the letter he was not entirely satisfied with it. It was hardly expected he would be after the publication of Mr. Dalrymple's ideas, made while in Glasgow expert was in this country."

Shipped and fell on the pavement her foot. And all were dismayed. When 'twas seen she displayed No rubber heels made by Dunlop. Made in Canada of newly imported Para rubber. Put on by all shoe dealers. The Trade Mark of the Dunlop Tire Company—a guarantee of quality in rubber.
