28TH YEAR

SIR JAMES WHITNEY SPEAKS AT MONTREAL ON GOOD GOVERNMENT

In Strong Address Ontario's Premier Contrasts British and Canadian Ideas of Politics and Assails the Liberal Maladministration at Ottawa.

MONTREAL, Oct. 9.—(Special.)—For the first time in several years, Sir James Whitney appeared on a public platform in Montreal to-night, and the premier of the sister province was accorded a hearty welcome.

Sir James addressed two gatherings, one in the Stanley Hall, and the other at Westmount, and at each he showed himself to be possessed of the power of oratory to a marked degree.

Also it was late when he reached the Victoria Hall, Westmount, it being past 10 o'clock, Sir James found a large crowd awaiting him, and he plunged almost immediately into a forcible argument, showing why the present government should be ousted from office if the people of Canada were desirous of good government in the best sense of the word.

That there could be such a thing as a good government, Sir James modestly asserted, clinching his statement by pointing to the record of the present Ontario administration.

One of the features of his speech was his eulogy of R. L. Borden as a man of sterling worth, who had taken hold of the Conservative party when it was in the depths of despair.

Mr. Borden, he declared, had proved himself to be possessed of a grasp of public questions second to no man in the country, and when he came into office, which Sir James believed he would do very shortly, he would find himself the possessor of a trained knowledge of procedure and the craft of statesmanship.

One point of the premier's which aroused much amusement was at the outset of his speech. Referring to the number of ladies present, he declared he was not a suffragette by any means.

There can be good government, he opened with the history of party government, and the important part that party played in bringing out all that was good in any system.

Whether there could be good party government, he declared that he had come to Montreal at the request of the people of Canada to have a good government.

If there was not a government of that type in Ottawa, then it was the people to say whether there could not be.

Sir James then dilated for a moment on the position Canada occupied in the world, and the train of his remarks was due to her climate, the national spirit, and behind all the power and majesty of the British Empire, "for which," added Sir James, with a smile, "we pay \$50,000,000 a year, and not sorry."

Party prejudice, he said, was a government by party meant, in Sir James' opinion, that there must be party prejudices. The national spirit, he said, was a clever party government, and it was by the clash and clamor of party and by the mental friction that the best was evolved.

Comparing Canadian conditions of political life with those of Great Britain, Sir James remarked that whereas in Canada once a government got into office it stayed there for an indeterminate number of years; in Great Britain there were different conditions to be faced. There, there were no long hours straggling in the necessities of life, and not like the favored people of Canada. As a consequence government number of years in Great Britain were criticized by the men in the street, by the men who earned their living by the spade and shovel, by the pick and shovel.

Thus it was, then, in England, by-elections went against the government, and the wonderful phenomenon was seen of a man voting for a candidate one year and voting against him the next, because a policy had worked to or for his advantage. There was in England, which was something to be proud of, the British-American people of this continent.

As an example of what the party Rouge had done, he pointed to the ballot act passed in Mackenzie's time. The Liberal successors in Ontario had been burning the ballots. (Laughter.)

Whitney to The French Canadians

"The Dominion of Canada has been in existence about 40 years. Provinces separated from each other by long distances, by differences of race, language and religion came together, having in view a common object, namely, the formation of a confederation on the North American Continent enjoying all the privileges, the advantages and the security of British institutions.

"Having regard to the differences I have already mentioned, I think the dispassionate observer will not hesitate to admit that the experiment has been a success. There have been trifling misunderstandings and differences, but none of any real importance.

"The Liberal-Conservative party, formed in 1854 by the joining together of moderate men of both political parties, stood forward from that day as the champion and protector of the rights of the people and of minorities, and has never changed its policy in that respect. All thru the years which followed, under the leadership of Tache, Caron, Morin, Cartier and Chapleau, the same policy obtained until, in 1896, the Liberal-Conservative party went down deliberately to defeat, because it persisted in standing by and defending what it understood to be the rights of minorities in the different provinces.

"I am anxious to express myself on this point, because the Conservatives of Ontario have suffered from the slanders and false accusations of dislike for and hatred of the people of the Province of Quebec. Men who are not patriots but demagogues have endeavored to induce the people of Quebec to believe that the Liberal-Conservatives of Ontario are their enemies instead of their friends. The action of the party in the struggles to which I have alluded proves the contrary to be true.

"And let me ask Sir Wilfrid Laurier, Mr. Marcell, Mr. Monk, Mr. Bergeron and Mr. Bourassa, whether they have received at any time other than the most hearty welcome when they came to the Province of Ontario. I know right well that the late lamented Mr. Tarte would have said on this subject what he here with us to-day. Moreover, Conservative leaders in Ontario entertain and do not hesitate to express a high respect for Sir Wilfrid Laurier.

"In my opinion, sir, it is unfair, unjust and unmanly that such accusations should be so broadcast in the Province of Quebec with regard to the Conservatives of the Province of Ontario. In the present provincial government of Ontario a French-Canadian holds a portfolio, and in June last the people of Ontario, by a majority of about 100,000, endorsed and approved of his presence there.

"I only ask, sir, for fair play, and I know right well that is what our friends, the people of Quebec, desire to give us. I protest, therefore, earnestly against a continuation of the slanders uttered against the Conservatives of Ontario—slanders which have for their object mere

OPERATOR WAS MIMICO SLOW

Didn't Have Time to Pull Hook From Switch, and Fatal Mimico Wreck Resulted.

Just why the switch was not closed behind the Grand Trunk transfer engine on the night of the fatal wreck at Mimico could not be determined at Coroner Bull's inquest last night, and will not likely be learned until Lorne McTaggart, the missing operator, can be located, but the evidence of Fred Townsend, who saw McTaggart immediately after the accident, nearly explained it.

Townsend is the regular night man at this station, but was doing day duty on Oct. 1. He said he had seen McTaggart at 7 o'clock that night and again immediately after the wreck. It was the noise of the collision between the C.P.R. express and the derailed engine that brought him to the scene.

In the little telegraph office he had encountered McTaggart, who said he had left the switch open, and when he heard the express approaching he ran to close it, but the hook was thru the bolt and he didn't have time to pull it out before the train passed him.

County Crown Attorney Drayton asked if McTaggart had said anything about forgetting that a thru train was due, but witness answered no; he had merely spoken about two sentences, and in the excitement he did not see him again.

Asked if the duties at this station were exceptionally heavy, witness said he had never considered himself at all overworked. It was his own custom to do this main line switch first attention in preference to all other duties.

Townsend was the last witness called, and at the conclusion of his testimony most of the evening were for bringing in a verdict there and then, but the foreman and a few others wanted to hear the evidence of Engineer Smith, Fireman Jarvis and a man named Carmichael, who is said to have been in the operator's office reading a paper when the accident happened.

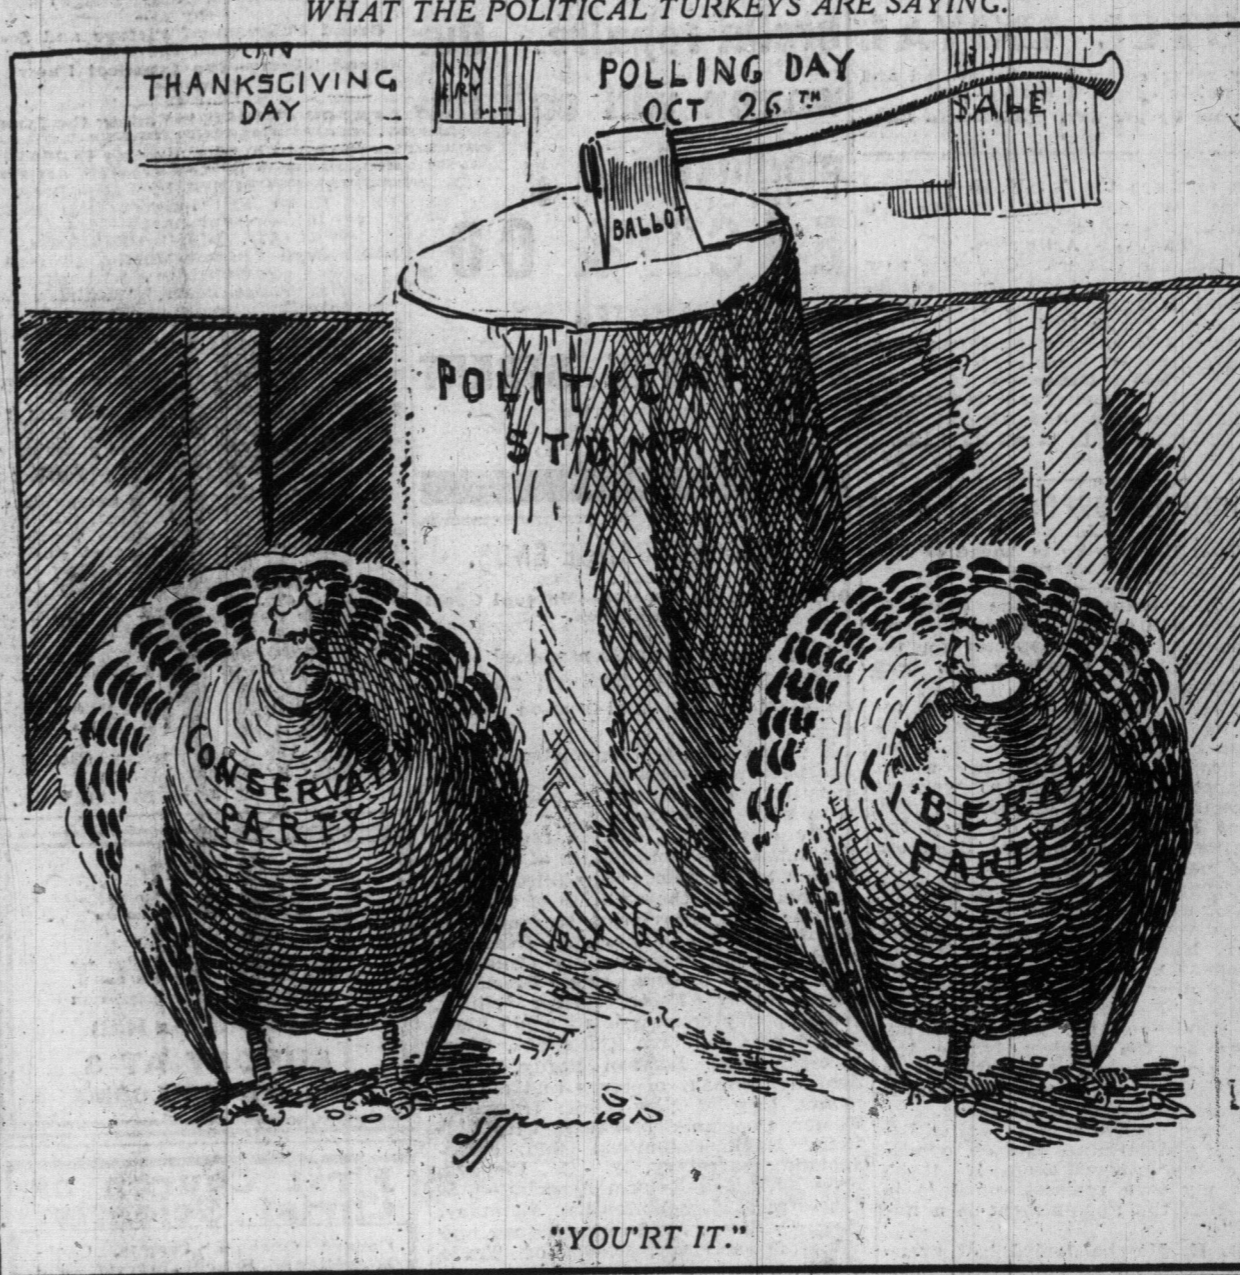

Carmichael is a conductor who runs out of Hamilton. An endeavor will be made to secure his evidence next Friday night, when his evidence will resume in the Mimico School.

No word of McTaggart has been heard by the authorities since the accident, although the Lawton of Toronto assured Mr. Drayton that he was making every effort on behalf of the boy's uncle to locate him.

Fireman Klesack of G.T.R. engine 198 was the first witness. He had been standing in the engine and knew nothing of the run-in until she was struck by the express.

Conductor Emery, on the C.P.R. express, said that the brakes were set after the train stopped at the station. Deceased Engineer Quinn was a freelance man and had been on the road for 22 years.

Brakeman Wilson of the same crew said the block light at Mimico showed "safe." After the accident he had run down to the switch and found it showing a green light, which meant "go slowly." The engineer's duty, he said, was to watch out for the switch lights as well as the block lights.

CARNEGIE GIVES \$20,000 TO REPUBLICAN FUND

And 10,000 Business Men Are Invited to Send \$50 to Help Swell the Treasury.

NEW YORK, Oct. 9.—The fact that Andrew Carnegie has contributed \$20,000 to the campaign fund of the Republican national committee was announced to-day by Chairman Timothy L. Woodruff.

Mr. Woodruff also announced that Mrs. Russell Sage had contributed \$1000 to the same fund. There have been no other large contributions, Mr. Woodruff said.

An appeal for contributions to the Republican national campaign fund for \$50 each to 10,000 business men was issued to-day by George R. Sheldon, treasurer of the Republican national committee. The appeal reads as follows:

"The legitimate expenses of the Republican national campaign are necessarily large. Under the law, corporations may not contribute, and we therefore ask individuals to contribute more generally.

"Many would-be contributors are deterred from subscribing lest the amount, when published, be the subject of comment as being too small, or, on the other hand, too large.

"I have therefore determined to ask a uniform contribution of \$50 from each of 10,000 business men, so vitally concerned in the continuance of Republican principles.

"If you will place yourself on this roll and send me your cheque, for which an official receipt will be sent you."

EARL GREY AN ADVENTURER

Has Been Having a Thrilling Time in the Rockies.

WINNIPEG, Oct. 9.—(Special.)—Earl Grey is returning to Ottawa from a perilous trip over the Rocky Mountains.

He traveled on horseback thru the southern part of British Columbia. Reaching the summit of the mountains near Argenta he was delayed by snowstorms. After much suffering the party were compelled to go on foot with their backs over risky paths until the foothills were reached. The party were taken to Cranbrook, B.C., on a handcar.

BRITISH WAR VESSELS SAIL FOR AEGEAN SEA

Will Be Ready for Emergency—Servia Seems to Be the Danger Point.

VALETTA, Oct. 9.—The battleship Prince of Wales, flagship of Prince Henry of Battenberg; the battleship Glory; the cruisers Diane and Suffolk; and the torpedo-boat destroyers Angler and Banshee sailed to-day for the Aegean Sea. The squadron will be followed later by the battleship Canopus and the cruiser Minerva.

Calling Out Reserves. BUDAPEST, Oct. 9.—An explanation is being demanded by Belgrade regarding the reported calling out of the Serbian reserves.

In the meanwhile Austria-Hungary has notified the signatory powers of the necessity adequately to protect her frontiers, including that of Bosnia and Herzegovina.

Baron Von Aehrenthal, the foreign minister, in view of the more pacific tone of to-day's despatches from Belgrade, is hopeful that Servia will refrain from any further hostile action.

King Peter in Danger. BELGRADE, Servia, Oct. 9.—Theatre Square to-day was the scene of renewed demonstrations by the populace. They were directed mainly against the government, the demonstrators demanding the resignation of the cabinet.

The already strong movement against King Peter is growing in strength, and the organizers of it are demanding that he should declare war against Austria-Hungary or abdicate in favor of his son, Crown Prince George.

The members of the national assembly are arriving for an extraordinary session of that body, to be held to-morrow. This session is being awaited with intense interest.

The Austro-Hungarian legation here is strongly guarded by gendarmes.

New Car is Popular. PHILIPPOPOLIS, Bulgaria, Oct. 9.—"The Car of Bulgaria," or Prince Ferdinand as he is still known officially to the rest of the world, entered Philippopolis, the capital of Eastern Rumeia, at 5 o'clock this evening.

He was greeted by salvoes of artillery, and the enthusiastic shouts of the populace. He was welcomed at the railroad station, gaily decorated in his honor by the civil and military authorities and high dignitaries of the church, who accompanied him on a triumphal tour of the city.

Outside the railroad station the people had erected an imposing triumphal arch. The mayor and the municipal corporation presented Ferdinand with the customary bread and salt, while hundreds of school girls waved flags and showered flowers in the path of their ruler.

GAME WARDENS SHOOT AT U. S. FISHERMEN

Lively Time is Reported to Have Occurred Away Up Lake Superior.

SAULT STE. MARIE, Ont., Oct. 9.—(Special.)—According to reports brought down to the Soo from up Lake Superior, there is something doing that will interest the fishery departments of Canada and the United States.

For some days Game Wardens Calbeck and Hand have been on a tour of investigation up the lake, with authority from the respective governments to apprehend certain Americans who, it is alleged, have been fishing in Canadian waters.

Report has it that yesterday the Canadian surprised the Americans opposite Whitefish, or a little west, and upon the Americans refusing to leave to when requested to do so, the Canadians opened fire on them with rifles, but it is not yet known whether the fusillade from the Canadian boats resulted in any casualties.

"Don't you think you were better off with the help of 50,000 persons in storming the house."

The agitation to suppress the American fishermen is due largely to the action taken by the local branch of the Ontario Fish and Game Protective Association, which has put the question up to the government in such a light that some action had to be taken.

ONTARIO BANK CREDITORS

Must File Their Claims With Royal Trust Company.

OTTAWA, Oct. 9.—(Special.)—Notice is given in The Canada Gazette that under the winding up order creditors of the Bank of Ontario are asked to file their claims with the Royal Trust Company, Toronto, liquidators of the bank.

If they fail to do so they will be excluded from the benefits of the winding up order.

The report of the liquidators on the claims of creditors will be made to the official referee on Oct. 30.

FAIR WARNING. The World yesterday received a postcard dated New York, Oct. 8, 1 p.m., on which was scrawled the following: "We will leave New York City Hall Saturday, Oct. 10, 3 p.m., for Montreal to organize Canadian republic. Col. Abe Shipley, Canadian Army, 1st Regiment."

BORDEN OPENS THE CONSERVATIVE CONVENTION

Nearly 4000 at Sudbury to Hear Him—Is Promised Two Memos.

SUDBURY, Ont., Oct. 9.—(Special.) Hon. Frank Cochrane, minister of mines, presided at a great mass meeting addressed by R. L. Borden, Conservative leader, in the risk to-night, Mr. Borden reached Sudbury at noon and was taken at once to Copper Cliff, where he inspected the copper and nickel smelter.

The rink, which will accommodate 4000 people, was almost filled and the greatest enthusiasm prevailed when Mr. Borden arrived. Among those who joined in the welcome to the Conservative leader were: W. R. Smyth, M. L. A.-elect, and candidate in East Algoma; George Gordon, candidate in Nipissing; Henry Morel, M.L.A.-elect; Peter White, Jr., of Pembroke; Mr. Plamit, member of the Quebec Legislature for Beauharnois, and Mayor McLeod.

Chairman Cochrane read a telegram from North Bay Conservatives promising a majority of 300 for Mr. Gordon, and Mayor McLeod read an address, signed by every member of the town council, extending a welcome to the Conservative leader.

Mr. Borden was observed to be a winner in the neighboring riding, and Mr. Smyth, who was received with vociferous applause, gave the assurance that North Bay was ripe for a change and that he and Mr. Gordon would go to Ottawa as supporters of the next premier.

Mr. Borden was observed to be a winner in the neighboring riding, and Mr. Smyth, who was received with vociferous applause, gave the assurance that North Bay was ripe for a change and that he and Mr. Gordon would go to Ottawa as supporters of the next premier.

After referring to the sacrifice entailed by Mr. Smyth's acceptance of the nomination, Mr. Borden said he held it to be the duty of every citizen to obey the call to public service, and emphasized the view that the government of a country would be no better than the people desired or deserved.

Policy of Expediency. Mr. Borden featured his Halifax platform, and on the other hand painted a picture of a government having no fixed policy save that of expediency.

"If they find it to more political advantage to copy higher than to believe that the people desired or deserved, they will impose higher duties; if they find it to their political advantage to impose lower duties, they will impose lower duties," he said.

Then passing to the immigration question and the surrender of control over the influx of the Japs, Mr. Borden aroused enthusiasm by the declaration that "Canada must be dominated by those races which have inhabited and dominated the country since the first of time."

That from five to ten million dollars a year had been squandered in the past few years was the next observation of Mr. Borden in review of the administrative record of the government. He reiterated that he had reason to say that a member of the civil service commission believed in the "W. B. The condition of affairs such as has been revealed by this commission would, in Great Britain, drive any government out of power within 24 hours.

Mr. Fielding's answer to the charges of extravagance and graft was "simplicity, absurd and insolent. It was 'treating a grave public matter with absolute impertinence and indifference.'"

Quebec Memories. Mr. Borden referred to Sir Wilfrid's statement at Quebec the other day, that after his death the words "Quebec bridge" would be engraved upon his heart. Mr. Borden said that the same words would long be engraved upon the hearts of the people of Canada in memory of the eighty who perished in that disaster, and who went to their death, he said, "because the government saw fit to entrust to a company having no capital, the construction of a great national work, the credit and financial ability of which were pledged for its construction."

The subsidized Liberal press and also proposed by the party in opposition, had been in power within the past year to a greater extent than the Liberal platform of 1892 had been carried out in ten years.

Mr. Borden's proposition that he would extend with power the Conservative would extend the provisions of the Civil Service Reform Act to the outside service would, he said, be a great step toward the political pull and patronage which have been the bane of the control of the Intercolonial Railway and the railway placed under the control of a thoroughly independent commission, just as the state-owned railway of Ontario was managed.

Arthur L. Plamit, M.L.A.-elect, spoke in French and warned his compatriots by his appeal. He extolled Premier Whitney and Sir John Macdonald, declaring that they were the true friends of the French-Canadian race. He was especially effective in his criticism of the government policy of bonusing undesirable immigrants.

FOR THE ONE YOU WANT—STORE WILL BE OPEN TO-NIGHT

Made expressly for the W. & D. Dineen Co., Limited, Toronto, Canada. Is the label on the boxes of men's new hats for fall from the principal makers of England and America. SAL VOLATILE WINS THE FALL HANDICAP

Park Row Second—Nicol Puts Up Poor Ride on King Cobalt —Results.

Friday was a bad day for favorites at Hamilton, only two out of the seven winning, the initial race starting with Pimpante, a 20-to-1 shot, landing. Heidmore won the second at a good price, his performance being a creditable one, as this was his third start in as many days, or fourth within a week. Bannell justified his backers' confidence in him by coming home a winner in the steeplechase, while in the fourth Royal Oxy was made the favorite, and he ran true to form.
Cliff Turney in this race broke down, Jackey Garner having to dismount and lead him back to the stand. Moonraker unseated Jockey Ross on the back stretch, but the latter was not injured.
The feature race of the day, the Fall Handicap, saw Sal Volatile returned the winner, also by the way the other horses were ridden, especially King Cobalt, it looked very much as if Park Row was the one elected. Estralla was the good thing in this race but he was not fit. Sal Volatile and Estralla raced the first furlong heads apart. The latter then quit, King Cobalt coming along with Park Row third. So they raced down the stretch, with Nicol, on King Cobalt, doing his best to bump Sal Volatile. This he was unable to do, and Park Row, coming with a great burst of speed, nipped Cobalt at the wire for place money. Nicol lodged a claim of foul against Sal Volatile, but it was promptly dismissed, and the wise lot were, therefore, unable to cash their tickets on the favorite.
Tartar Maid was the best in the sixth race, while Niblick repeated his Wednesday performance by landing the first race of the day at good odds from the long shot, Wilton Lackaye.

The World's Selections

BY CENTAUR.
—Hamilton.—
FIRST RACE—Waterbury, Park Row, Night Mist.
SECOND RACE—Aronack, Simcoe, J. H. Reed.
THIRD RACE—Gold Heart, Mollie Montrose, Momentum.

THE HUNT RACES TO-DAY

Program Includes Four Races Thru the Field—Gates Open to All.

The Hunt Club races and gymkhana, which will take place this afternoon on the Hunt Club grounds, Kingsford-road, will provide an afternoon of rare sport, as there are many entries in the different events, and the cross-country races will have in some excellent leppers. It is a well-known fact that the steeplechase course on the club grounds is one of the stiffest in America, and it takes a right good horse to go thru. The races are open to the public, and if the weather is at all favorable there should be a record attendance.

The following is a list of the entries in the cross-country events:
Hunt Club Steeplechase, 2 Miles.
Alfred Rogers' Heatherbell (Murray Hendrie).
R. K. Hodgson's Sir Yussuf (R. K. John Rogers' Finn McCool (John Rogers).
Geo. W. Beardmore's Highflyer.
J. C. Palmer's Capt. Fairplay (J. C. Palmer).
K. R. Marshall's Dramatist (K. R. Marshall).
W. W. Farrell's Jimmy Bell.
Chas. Temple, M.D.'s Major.
Frank Proctor's Norseman (Frank Proctor).
E. Phillips' Buffer (E. Phillips).
R. R. Scheib's Viking (R. R. Scheib).
Frank Davies' Martin Brady (Frank Davies).

Berwick Takes Feature

LOUISVILLE, Oct. 9.—Berwick, carrying 125 pounds, annexed the feature race of the afternoon at Douglass Park to-day. The Alana-Dale colt made most of the pace and won at the end of 113 1/2 yards. Dark Night was third. The six furlongs race was won by the favorite, Berwick, and an outsider divided the card. Powers rode

Sal Volatile 9-2 - Won

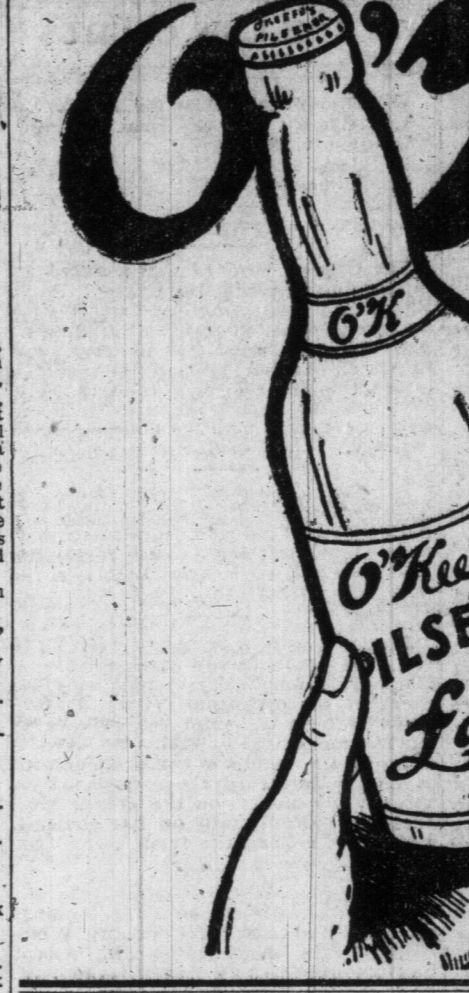

SAL VOLATILE, 9-2, won, was your UNCLE BILL DIXON'S one best bet yesterday, and she won in a common center. The champs went to Park Row, and that such a horse King Cobalt, who fell by the wayside beaten. Other winners on my card were:
BANNELL - - - 6-5, WON
TARTER MAID - 5-1, WON
ROYAL ONYX - 8-5, WON

MY ONE BEST BET CAME HOME

I gave the above horses to win, and to win they winners that win at a good price is always my aim, and I invariably make good.

MY ONE HORSE WIRE

Bear in mind that my BEST EFFORTS are ALWAYS PUT FORTH for my ONE-HORSE WIRE clients. THE BEST THING on my ENTIRE RACING MESSAGE is MY ONE-HORSE WIRE. MY ONE-HORSE WIRE clients receive the CREAM of ALL MY "INFO." MONEY, start in TO-DAY and subscribe to my ONE BEST BET and follow from DAY TO DAY. Turfites, do you notice how I duck the favorites at odds-on that fall by the wayside beaten? I know every angle of the game from A to Z.

O.K. because the water is filtered.
O.K. because only the finest hops and malt are used.
O.K. because brewed as they brew it in Pilsen, Germany.
O.K. because the lager is filtered after brewing.
O.K. because "Pilsener" Lager is pasteurized after bottling.
O.K. Pilsener is "The Beer With a Reputation."
O.K. Pilsener is "The Light Beer in the Light Bottle."

HUNT RACES TO-DAY

The Program Consists of four Steeplechases, One Polo Pony Scurry--A Costume Race.

4 STEEPLECHASES

An egg and spoon race, Ladies' rescue race, etc. Eleven events in all—Take Kingston Road cars at the Woodbine. Admission 50c.

ESTABLISHED 1866

AUCTION SALES EVERY TUESDAY AND FRIDAY. PRIVATE SALES EVERY DAY.

250 Horses

Tuesday, Oct. 13th

150 HORSES!

Friday, Oct. 16th

100 HORSES!

Commencing Each Day at 11 o'clock.

The largest and best consignments that we have offered for many years past will be sold at these auctions. The selections in every class are of the choicest.

ALL CLASSES—Heavy Draught, General Purpose, Express, Delivery, Carriage and Saddle Horses, and Workers.

THE NORTHERN TIMBER CO., Penetanguishene, Ont., have shipped for sale on TUESDAY, OCT. 16, without reserve,

Two Carloads of LUMBER HORSES.

These are the very best kind of Heavy Drafts, all seasoned, good workers. The company have more horses on hand than they can use this season, and have instructed us to dispose of this shipment for whatever prices are obtainable at Tuesday's auction.

On Tuesday we will sell a number of CARRIAGE HORSES and GOMBINATION HORSES of specially high quality. Anyone seeking to buy a first-rate horse of any kind, in harness or under saddle, will find this sale an uncommonly good opportunity.

Black Shieland Friesian 11 1/2 hands, winner of several first prizes, and very handsome, has been constantly used by children.

Four-passenger Cart, cob size; Pony Cart; several sets Silver and Brass-mounted Harness; Pony Harness; Pligskin Saddles; Blankets; Rugs; Boots, Saddle Hatters, and all equipment.

This outfit is all of the finest quality, and none better is to be found anywhere.

FOR SALE ON TUESDAY, "Wings at Bay," a thoroughbred chestnut colt, foaled 1894, by "Alles d'Or," dam "Thistle," a colt of the greatest breeding and full of promise, as well as an extra good looker. His owner is leaving the district, and will sell him for the best offer at this sale.

ALSO FOR SALE ON TUESDAY, "Young Belinda," dapple chestnut Belgian Shire stallion, a grand horse, and sure foal-getter. His sire is "Locking Albert," a leading English prize-winner, dam a notable Shire mare. This horse is sound and healthy every way, and will be an excellent investment to a buyer.

Clearance Sale of Balance of \$20,000 Manufacturer's Stock belonging to MR. G. S. BRINTON, 123, entirely without reserve. The remainder of this fine stock of Carriages, Wagons, Harness, Blankets, Rugs and Horses Goods of every description will go under the hammer on Tuesday, without reserve on any article. Owing to the very large sale which we had on Tuesday last, we were obliged to hold over a considerable part of these goods, and much of the best of it, therefore, remaining to be sold on Tuesday. This is all the very soundest and best of the sale, when money will be at once refunded if the horse is not up to the representation made.

C. A. BURNS, General Manager and Auctioneer.

stables will be sold at auction in New York this fall. As about 25 horses will be sold, the exceptions being Borama, Laska Devil and a few others. Arnold Lawson, who is a director of the New England Breeders' Association, owners of the Readville track, states that the coming foreclosure sale of the property and the consequent end of the well-known race course are ten reasons for his father's decision to quit the turf.

her head. C. H. Brown, her jockey, was also badly hurt, but will recover. Faulquier was by 50c, out of Gray Queen. At London, Eng., the Imperial Produce Stakes were won by Vivid, with Whirlpool second and Phalaris third. Twelve horses ran. The odds were 8 to 40 on Vivid, 9 to 2 on Whirlpool, and 10 to 1 on Phalaris.

Telegraphic advices from El Paso, Texas, say New York and Mexican capitalists have obtained a concession from the Mexican Government and will invest a million dollars in a race track.

Arnold Lawson, son of Thomas V. Lawson, announces that the Lawson

The Toronto World

A Morning Newspaper Published Every Day in the Year. MAIN OFFICE, 83 YONGE STREET, TORONTO.

A favor will be conferred on the manuscript if subscribers who receive papers by carrier or thru the mail will request any irregularity or delay in receipt of their copy.

Forward all complaints to The World Office, 83 Yonge Street, Toronto.

FORGING AHEAD.

With the final acceptance of Mr. McLaughlin's offer for the construction of the public power transmission line and the prospect that next week will see the closing of the contract for electrical equipment, the way is all but clear for the immediate commencement of the necessary work.

Mr. William Mackenzie is reported to have unhesitatingly admitted that he is desirous of taking over the Toronto Electric Light Company's undertaking and its president observes a significant reticence regarding the declaration.

Without forest fires. In this year of extensive forest fires it is worthy of note that the federal forest reserves of the United States were all but entirely free from the scourge.

TO DETERMINE STOCK. Enquiry Will Be Made and Results Submitted to Judge. After four days of litigation, the National Insurance Company's case is just about over.

INDUSTRIAL CONCILIATION IN OPERATION. In view of the recent discussion concerning the working of Mr. Lemieux's Conciliation Act, it is instructive to have a really authoritative account of the effect of the New Zealand system.

Judge Winchester Summarily Throws Out the Dece Case. In the sessions yesterday morning Col. J. K. Leslie came up for trial on the charge of obtaining \$2000 from Charles H. Doe by false pretences.

MANILA, Oct. 9.—Reports from the provinces show that the typhoon, which has prevailed since last Sunday, inflicted considerable damage. The new town of Taft, on the island of Samar, is said to have been completely destroyed.

Michie's Teas are regular in their superior quality and flavor. The English Breakfast Blends at 40c lb. and 50c lb. are favorites, but there is variety to suit all tastes.

IN THE LAW COURTS

Divisional Court List for Monday. Western & Co. v. Goodwin. Bradley v. Sinclair. Dabole v. Thomas. Gunnings v. Clark. Horman v. Malcolm. Scott v. Pickard.

The City of Toronto was granted an injunction yesterday to prevent F. E. Fieldhouse proceeding any farther with an extra storey on top of a building at 1188 and 1180 East Queen-street.

In the divisional court case of The Red Book Corporation v. The Imperial News Company, the latter were ordered to file a defence forthwith. The case will go to trial Dec. 7 in the non-jury sittings.

Justice Teetsel's ruling of July 16, in the case of Jasperon v. Township of Romney, was upheld yesterday by judgment of the divisional court. Jasperon's farm was seized for arrears of taxes amounting to \$241. To save it from sale he paid the taxes under protest, and then sued the corporation to recover his money.

Justice MacMahon dismissed the action for damages of one Allard against the Cleveland Saw Mill Company. While employed in the latter's mill, Allard had the top of two fingers taken off, and charged negligence. The judge found that the rollers could not be protected.

Chancellor Boyd dismissed the action of Elizabeth Simpson v. John E. Webb. Plaintiff is the widow of William Simpson, who had been killed in defendant's employ at Phoebe-street school by a falling derrick boom, which was being operated by a man named Wright. Since the trial Wright's evidence had been secured, and it went to show that Simpson had been told not to work the derrick at all, that there were two special men for that purpose.

A five-year order was made for the payment out of court to E. and W. L. Moorehouse of the interest of \$542.36, which stands to the credit of each of them in court.

The Central Canada Insurance Company has issued a writ to compel the payment of a \$100,000 guarantee bond given for a firm of agents, which the writ says has defaulted to that amount.

In a writ issued yesterday, Aaron and Abraham Collis seek to restrain John C. Nichol from trespassing on the roof of the premises 108 Pape-avenue, and also to restrain them from using a pipe from these premises to those of plaintiffs.

H. C. Barker will be allowed to amend his defence a little and file more material in the action brought against him in the non-jury court before Chief Justice Mulock by J. W. Blackledge, a Chicago broker, to compel him to take \$25,000 worth of stock in the Peas Canoe's Company of Wisconsin. The case will resume again in two weeks. He claims he only signed an option to purchase. Barker admitted that certain things he had said during his examination for discovery were wrong. This was in connection with a statement that the solicitor said he would be allowed a bonus of 40 per cent. on common stock for signing the \$25,000 agreement for preferred.

ROYALTY WITNESSES FLIGHT. BADEN POWELL IN AIR. LEMANS, Oct. 9.—Wilbur Wright, the aeroplane pilot, made several flights which were witnessed by Dowager Queen Marguerita of Italy, and among his passengers were Lieut.-Gen. Baden-Powell of the British army, Count Serge Kaznakoff, a chamberlain to the Russian Emperor; M. Hebolite and Com-mandant Bouteleux, director of the military aerostatic park at Meudon.

Our great northland is coming more and more into the limelight as well of literature, and justly so. We are pleased to announce in this connection two volumes of more than ordinary interest, the first being "Across the Sub-Arctic of Canada," written by that veteran Canadian explorer, Mr. J. W. Tyrrell, C.E. This is a new edition of his previously published book, which had such a large sale in Canada and contains additional chapters on the Hudson Bay as a sea route to Europe, and on musk-ox hunting. At the present time, when the Hudson Bay Railway scheme and the new sea route to Europe are being discussed as a practical question of the day, and, in fact, forms one of the planks in the political platform of the government at the present day, the issue of this volume is particularly opportune. The book is well illustrated by the publisher, Mr. William Briggs, is not very beautifully illustrated with a number of new pictures which have never been seen before. The book is to be ready some time in November, and will no doubt be one of the important books of the holiday season. The second book is entitled "Where the Buffalo Roamed," by Edith L. Marsh, and is the romantic story of exploration, discovery and development of the Canadian west. In a series of striking chapters, the author brings in a style that will at once captivate the young readers, also the older. The story of the great explorers of the west and their arduous journeys and momentous discoveries since the days when Col. Butler, now General Butler, traversed this vast unknown tract in that day known as "No Man's Land" down to the present time, is romantically interesting. This volume will no doubt have a very large sale in the west, and ought to be of interest also in the east as describing the conditions which existed in our great west in the early days.

EATON'S DAILY STORE NEWS

ON SALE TO-DAY

1200 garments Men's Winter Underwear, Scotch wool. Each . . . 50

600 American Fancy Colored Shirts, latest colorings. Each 69

SCENE SHIFTS TO NEW YORK

Marine Probe is Going Deep—Judge Cassels is Impressed.

MONTREAL, Oct. 9.—(Special.)—"Like a surgeon's knife cutting into a wound" has been the experience of the royal commission during the last days of the marine investigation in Montreal.

Mr. Watson, the counsel, remarked that deeper probing would have to be conducted than he originally anticipated, and Judge Cassels said: "Yes, the surgeon's knife cutting into a wound."

What has to be definitely established in order to further the commission's conclusions is a definite basis for comparison of cost and selling price to see just what profits were made on goods sold to the marine department through government officials.

New York is likely to be the next place of sitting for the commission, as it is only there that the books of the Safety Car & Heating Co. and the Submarine Signal Company can be examined. Mr. Watson will go to New York next Monday.

Towards the close of his evidence today, U. P. Boucher, former Montreal agent of the marine department, was asked to what extent he had made gains as a result of personal use of the department's money.

"I never made a cent out of it, I swear that positively," he said. Mr. Boucher's salary from the government was \$1800 a year.

"I may say fairly and frankly," said Mr. Boucher, "that I do not know of any information that has been given to me that you live at a rate three or four times above your official income."

"No, I do not," in giving evidence for his department supplies, witness also said that he had never shown favor.

"How do you account for statements that have been made against you?" Mr. Boucher was asked.

"I suppose some of the officials in Montreal were talking about it," he said.

Hotel Wincheater. Those wishing a pleasant "home" for the winter before settling are advised to see the beautiful apartments in the Hotel Wincheater, corner of Parliament and Winchester-streets. Hand-some rooms en suite with private bath and most pleasant single apartments on the bath room flat. Reasonable terms. First-class care in connection.

Rev. Prof. Wrong of Toronto University will preach in All Saints' Church Sunday morning at 11.

FISHER ON AMES' CHARGES. Doesn't Go Into Details, However, in His Denials.

MONTREAL, Oct. 9.—(Special.)—Hon. Sydney Fisher appeared here this evening as a special pleader to oppose the effect of the findings held by Mr. Ames and to prove that the arguments advanced by the member for St. Antoine were false.

Mr. Fisher spoke for over an hour. It was understood that he was to give a general reply to the charges made by Mr. Ames in recent speeches in Montreal. Mr. Fisher made his reply decidedly general, and did not discuss the details of a number of matters that were elaborately dealt with by Mr. Ames.

N. W. Rowell, K.C., will address the Calgary Canadian Club next week. Robert John Kelly, 47 Eastern-avenue, charged upon a warrant with theft of harness from John Malcolm, 5 Cornwall-street, was arrested last night.

THE WEATHER

Yesterday was one of those days that restored hope of a brightening off with the first battalion of "hard workers" on the early cars.

There was nothing to mar the beauty of the day at any hour of it, and the only thing that marred the pleasure of about 25,000 young folks was the fact that they couldn't get out for a long walk thru the beautiful High Park.

There was nothing to mar the beauty of the day at any hour of it, and the only thing that marred the pleasure of about 25,000 young folks was the fact that they couldn't get out for a long walk thru the beautiful High Park.

Minimum and maximum temperatures: Dawson, 24-40; Atlin, 24-42; Victoria, 44-60; Vancouver, 42-62; Kamloops, 42-68; Battleford, 48-62; Calgary, 48-68; Qu'Appelle, 48-62; Winnipeg, 38-70; Port Arthur, 38-64; Parry Sound, 32-58; London, 32-60; Montreal, 48-68; Ottawa, 42-62; Toronto, 48-68; Quebec, 48-64; St. John, 52-56; Halifax, 50-58.

Lower Lakes and Georgian Bay—Fresh easterly to southerly winds; fair, not much change in temperature.

Maritime—Fresh to strong northerly and northeasterly winds; partly fair and cooler, but some showers.

Lake Superior—Strong winds or moderate gales from southeasterly to southwesterly; showers by night.

Manitoba and Saskatchewan—Fair and cooler.

SCENE SHIFTS TO NEW YORK

Marine Probe is Going Deep—Judge Cassels is Impressed.

MONTREAL, Oct. 9.—(Special.)—"Like a surgeon's knife cutting into a wound" has been the experience of the royal commission during the last days of the marine investigation in Montreal.

Mr. Watson, the counsel, remarked that deeper probing would have to be conducted than he originally anticipated, and Judge Cassels said: "Yes, the surgeon's knife cutting into a wound."

What has to be definitely established in order to further the commission's conclusions is a definite basis for comparison of cost and selling price to see just what profits were made on goods sold to the marine department through government officials.

New York is likely to be the next place of sitting for the commission, as it is only there that the books of the Safety Car & Heating Co. and the Submarine Signal Company can be examined. Mr. Watson will go to New York next Monday.

Towards the close of his evidence today, U. P. Boucher, former Montreal agent of the marine department, was asked to what extent he had made gains as a result of personal use of the department's money.

"I never made a cent out of it, I swear that positively," he said. Mr. Boucher's salary from the government was \$1800 a year.

"I may say fairly and frankly," said Mr. Boucher, "that I do not know of any information that has been given to me that you live at a rate three or four times above your official income."

HARD FIGHT IN CENTRE PARTY ISSUE IN SOUTH

At Enthusiastic Conservative Meeting, Nature of Campaign is Discussed.

The elector who belongs to the class usually spoken of by political economists as the horny handed, is to decide the issue in Centre and South Toronto, so it appeared from the tenor of the remarks at the Conservative rally in Victoria last night.

It was a very satisfactory meeting, and while there was no risk of suffocation, the hall was very comfortably filled, and the various expressions of enthusiasm were unstinted.

Thomas Hook was chairman, and on the platform were Edmund Bristol, A. C. Macdonell, Hon. J. C. Crawford, M.L.A.; G. H. Gooderham, M.L.A.; E. S. Cox, Jacob Cohen, E. H. Randall, E. J. Owens and others.

The chairman said that a hard campaign was to be fought, but that the "boys" liked a fight.

With one exception, didn't think his prediction of certain victory too hopeful. This individual made constant interruptions during Mr. Hook's arraignment of the government, but finally, after a heart-to-heart talk with an aroused elector, went out into the night.

Mr. Dr. Pym was received with effusion. He was sorry that poor old Sir Richard Cartwright had been induced to come to Toronto.

The visit of the venerable knight showed that the Liberal party was in very dire straits indeed. Sir Richard was mentioned as being so near the rocks ahead.

The speaker's estimate of the cost of building the G.T.P. from Moncton to Winnipeg with that of Hon. Mr. Graham's estimate of the cost of the G.T.P. from the other side, another blot on the Fielding escutcheon was his unexceptional sentiment of years ago.

For Rev. J. A. Macdonell's estimate of the cost of fighting stock, why didn't he accept Hon. Mr. Foster's challenge to debate?

Friends of Labor. Hon. Dr. Pym's bespoken solid support for Messrs. Macdonell and Bristol, who had shown themselves good friends of the workmen and had done much to defeat Comtee legislation.

E. H. Randall, speaking as a labor man, saw futility in the labor party's attempt to win political office, and must always be straight cleavage on party lines.

The party to support was the one with the safest tariff. The speaker's estimate of the cost of building the G.T.P. from Moncton to Winnipeg with that of Hon. Mr. Graham's estimate of the cost of the G.T.P. from the other side, another blot on the Fielding escutcheon was his unexceptional sentiment of years ago.

WHITNEY AT MONTREAL

Continued From Page 1.

His platform and Sir Richard Cartwright's cry that \$8,000,000 was a monstrous sum to pay for the running of a country such as Canada.

"Yes," added the premier, "during the last weeks of the past session of parliament, there were 23 and a half millions voted for railway bonuses, and I venture to say that large sums of money are now being poured into the mails to those parts of the country where they will do the most good, and I think you can guess where some of this money comes from."

Premier Whitney took up the plank of land for the settler and handled Messrs. Burrows, Fraser and Turfill with Mr. Fielding for proof that these men did things they were alleged to have done.

Mr. Fraser had been until recently the government candidate for Ottawa. Now Sir Whitney had taken in and said "No, you must not be."

Mr. Adamson had been told that he must retire too. Why had these men been told to retire if they were innocent, and why in the case of Mr. Fraser should Sir Wilfrid Laurier step in when Sir Wilfrid himself was the man who made the deal which was the combination to do their work.

Touching on the G. T. P., Sir James said it was a good scheme from Winnipeg.

What Happened in Ontario. He then launched out into a description of what a good government had been about Ontario.

For eight years before 1905, the state of affairs in that province he declared was absolutely rotten. That would be admitted by every adult in the province.

Ballots were either stolen or burned, bribery was practiced wholesale and there was an aroma in the political atmosphere which was in the nostrils of every man.

"Then in 1905 the people rose in their outraged majesty and, following the example of Quebec a few years before, had said, 'we will not tolerate these people any longer.'"

"The Conservative party had a majority of 42 after the elections. After three and one-half years' quiet, steady government there was the quietest election that was ever known. There was no excitement and nothing was said, because there was nothing to say. The result was out of 106 the Conservatives elected 38."

Of what he, with his ministers, had been able to do during their term of office, Premier Whitney mentioned with pride the pulpwood deal, which was sold to Messrs. Booth at a bonus of \$300,000. The grant to the public schools had been trebled; a law had been passed requiring that 50 per cent. of the succession dues should be paid to the university, the nucleus of several agricultural colleges had been changed, and he had received over 200 letters from clergymen congratulating the government on the change, and the price of school books had been cut down one-third in price.

"We have simply kept our heads," added the premier, "and refused to adopt violent or extreme measures, no matter whether urged by our men of the enemy."

People Have Faith. Premier Whitney referred to the improved financial condition of the province and the faith the people had in it, as evidenced by the subscribing for the three and a half million loan recently by the people themselves.

"And having done this, just imagine how much more we might have done if we had been the heaven-born statesmen of the Ross regime," he said. "The thought is too ponderous to be carried long."

Then followed Premier Whitney's remarkable tribute to the sterling worth of Mr. Borden. He was aware that the prophet ran great risk.

"He will get into power. Mark my words to the effect that with all my heart I hope that he will, but whether on Oct. 26 or not, five years more will never go round with the Laurier government in power," said Sir James.

Sir James closed his remarks amid much enthusiasm, appealing for a cleaner and higher conception of public life, which could only come when every man lived both socially and politically so that they might be worthy of the magnificent empire, and with the eloquent address directed towards the "our French-Canadian friends."

Prof. W. R. Nevell of Chicago, who is well known to Toronto people is again in the city conducting an evangelistic and Bible study campaign. He will speak at a mass meeting of men in Association Hall to-morrow afternoon at 3 o'clock.

Rev. Prof. Wrong of Toronto University will preach in All Saints' Church Sunday morning at 11.

FISHER ON AMES' CHARGES. Doesn't Go Into Details, However, in His Denials.

MONTREAL, Oct. 9.—(Special.)—Hon. Sydney Fisher appeared here this evening as a special pleader to oppose the effect of the findings held by Mr. Ames and to prove that the arguments advanced by the member for St. Antoine were false.

WHY CORBY'S "SPECIAL SELECTED" RYE IS THE BEST WHISKY IN CANADA

BECAUSE it is made of the best material; nothing is used in its manufacture but the best grain, pure, whole and sound.

Because the grain is fermented correctly and with the greatest care.

Because the distillation is perfectly and scientifically performed, the distillery plant being the most modern and complete on the continent of America.

Because at every stage of its manufacture CORBY'S "SPECIAL SELECTED" RYE is constantly tested by expert chemists to ensure absolute purity and uniformity of product.

Because it is purified by filtration and by distillation repeated many times.

Because it is matured for years under the most favorable conditions possible.

ANALYSIS:

MILTON L. HERSEY, M. Sc., LL. D., Provincial Government Analyst, has issued and signed the following certificate:

"I hereby certify that I have conducted a careful analysis of a sample of Rye Whisky marked 'CORBY'S CANADIAN WHISKY,' distilled and bottled in bond by the H. CORBY DISTILLERY CO. LIMITED CORBYVILLE, ONTARIO.

I find it to be a pure spirit, of excellent flavor and can recommend it to those desiring a pure Rye Whisky."

OF INTEREST TO WOMEN

The Aberdeen Association. The Toronto branch of the Aberdeen Association is beginning work for the winter season, and would be much obliged for gifts of books, magazines and illustrated papers, their shelves being almost empty.

Hospital Superintendents. OTTAWA, Oct. 9.—The lady superintendents of training schools will meet next year as the Dominion National Association of Trained Nurses at London, Ont.

The Unhappy Woman. NEW YORK, Oct. 9.—Cardinal Gibbons, head of the Roman Catholic Church in America, in an interview published here to-day, made what might be called a corrective reply.

Evening Dress. The vogue for black in the realm of evening wear is all in favor of the girl whose allowance is limited, and who, with a all-black toilette in the tray of her trunk, feels perfectly safe, modestly speaking, for any eventuality which may await her.

Seen in New York Shops. Some of the feather-turbans now shown on the counters of the department stores are very pretty and will appeal to the woman who has talent for trimming her own hats.

MY FREE TRIAL TREATMENT MAY CURE YOU. Orange Lily. Kingston, Ont., June 6, 1904. Dear Mrs. Currah—I feel so very much better after using the ten days' treatment of Orange Lily.

Orange Lily is recommended, and sold in Toronto by the T. Eaton Co., Ltd.

extending to the back at the left side. The plianess of the new long sleeve, which seems all the more trying for the vivacious trifler that has done duty for so long as arm coverings, is relieved on a good many of the new gowns by a triple arrangement, the third sleeve being introduced between the short upper sleeve and the long net under-sleeve.

A wistaria window was one of the attractions in a 23rd-street shop. It was not filled with flowers, but with tailored gowns in the new wistaria broadcloth. This color seems to be a union of pink, blue and grey, and was trimmed with velvet and satin or with trimmings of black soutache braid and self buttons.

In Society. The marriage of Miss Emma Robertson and Mr. Henry D. Elliott took place very quietly at the residence of the bride's mother, Mrs. Elliott, on Oct. 7.

At the annual dedication services at St. Matthew's Church, Bellwoods-avenue, on Sunday, Rev. J. H. Beveridge, rector, preached in the morning and Rev. Canon Macnab in the evening.

Virginia Harned Refused Divorce. (RENS) Nov. 9.—Judge Pike yesterday refused to grant Virginia Harned Southern a divorce from her actor-husband, Edward H. Southern, saying: "This, I think, is a unique proceeding for a party to attempt to secure a divorce without appearing in court."

Choice of Canada's Best Citizens. A very wide demand exists in all parts of the Dominion for the diminutive portable piano made by the old firm of Heintzman & Co. Limited.

Chief of Company Crowns on Sale. Dolly Varden Company Were Not in Favor of Cut Price Sale. Manager of Company Writes, Explaining Their Position, and Says That the Closing of 110 Yonge Street will Not Mean Cessation of Selling in Toronto—They Have Made Other Arrangements.

The BELL Playerpiano

The Bell Playerpiano is two pianos in one. It can be played by hand in the ordinary way, and is in every respect a magnificent instrument. It can also be played with the use of treadles and music roll, and in this way any best-known, player and non-player can play artistically and well any composition that he may like.

Bell Piano Warerooms 146 YONGE STREET Pianos Rented

In The Churches. Harvest festival services will be held in St. Mary's Church, Dovercourt, corner of West Broad-street and Delaware-avenue, to-morrow, Oct. 11, at 11 a.m. and 7 p.m.

At the annual dedication services at St. Matthew's Church, Bellwoods-avenue, on Sunday, Rev. J. H. Beveridge, rector, preached in the morning and Rev. Canon Macnab in the evening.

The Montreal is to Help Beautify Winnipeg's Main Street. WINNIPEG, Oct. 9.—The Bank of Montreal has purchased the Canada Permanent block on the corner of Portage-avenue and Main-street, and will erect a structure to cost about half a million dollars.

BABY'S OWN TABLETS WILL CURE YOUR BABY. If your little ones are subject to colic, simple fevers, constipation, indigestion, worms, or the other minor ailments of childhood, give them Baby's Own Tablets.

REUMATIC LIVER OVER STRAINED KIDNEYS Caused Sickness That Puzzled Able Physicians—Was Cured By Ferrozone. A Real Miracle.

CHIEF OF COMPANY CROWNS ON SALE

Dolly Varden Company Were Not in Favor of Cut Price Sale. Manager of Company Writes, Explaining Their Position, and Says That the Closing of 110 Yonge Street will Not Mean Cessation of Selling in Toronto—They Have Made Other Arrangements.

From Boston the managing director of the Dolly Varden Shoe Company has written to place the company's position before the public in the advertising of genuine Dolly Varden shoes at less than the stamped price. He says: "We opened the Dolly Varden store in Toronto ourselves, and we are in a position or who was willing to sell shoes in Toronto at the close prices."

As manufacturers of an ideal shoe which is sold always at the standard price, we regret the change in the close of 110 Yonge-street, and we wish to explain our side of the case. We cannot disown the percentage of the shoes now being sold. They are genuine Dolly Varden shoes. But our company does not approve of the slaughter sale now going on in the first Dolly Varden store opened in Canada.

FINER BANK BUILDING. The Montreal is to Help Beautify Winnipeg's Main Street. WINNIPEG, Oct. 9.—The Bank of Montreal has purchased the Canada Permanent block on the corner of Portage-avenue and Main-street, and will erect a structure to cost about half a million dollars.

REUMATIC LIVER OVER STRAINED KIDNEYS Caused Sickness That Puzzled Able Physicians—Was Cured By Ferrozone. A Real Miracle.

REUMATIC LIVER OVER STRAINED KIDNEYS Caused Sickness That Puzzled Able Physicians—Was Cured By Ferrozone. A Real Miracle.

Selected by the Prince of Wales for use in his private apartments, Quebec, during Tercentenary week. Selected by the Sheffield Choir for exclusive use during their Canadian tour this Fall. A diminutive Grand Piano as used by the Prince of Wales.

The Heintzman & Co. Piano. Representing the highest achievement in piano construction. THIS great Canadian-made piano has won recognition the world over—among the world's most noted citizens. This recognition is the outcome of real and genuine merit. That's all—and that's everything.

Artistic Wedding Gifts. Break away from the overdone practice of giving cut glass and silverware for wedding presents. At every wedding there is such a lot of this kind given that the bride usually does not know what to do with half of it.

Makes Wash Day a Pleasure and Bathing a Delight. Large packages 10c—at all dealers. A Sample will shortly be left at your home.

Varsity Appointments. The board of governors of the University of Toronto have made the following appointments: H. E. T. Haultain to be associate professor of mining in the faculty of applied science, succeeding Professor G. R. Mickie, who has resigned.

ENO'S FRUIT SALT. HEALTH-GIVING. REFRESHING. INVIGORATING. VIOLET WAS VIOLET. Violet Meyers, a half-breed girl, 19 years of age, was sent to the Mercer Home Police Court yesterday morning for six months for beating an aged woman who asked her to pay her board bill, so severely that she has just come from a six-weeks term in the hospital.

SHREDDED WHEAT. The Richest Man in Canada. Cannot give his stomach anything better than Shredded Wheat. Two wheat biscuits with milk, a little fruit and a cup of coffee will supply all the nourishment needed for half a day's work at a cost of seven or eight cents.

AT THE THEATRES

There is every good reason to infer that Henri Bernstein had met in the mind when he wrote "Samson," the great Paris play, in an adaptation of which, by himself, William Gillette is to be seen on the American stage for the first time in nearly two years at the Princess Theatre on Monday evening.

Mr. Bernstein's theme is manifestly suggestive, in his large degree, of Wallace at its best and its worst. The play is credited with possessing the one thing essential above all others for popularity, namely—a big, throbbing melodramatic scene.

As Mr. Gillette is stage realism personified, he may go further than even Mr. Bernstein has done in the way of realism, in the forthcoming version of the latter's famous creation, for Mr. Gillette has invariably sought an atmosphere of reality for every play in which he has appeared, simply by exacting the usage of real material and real things to the utmost, and by this rational resolve has succeeded in getting for the productions that actually, which theatregoers the world over so highly appreciate.

Mr. Gillette's coming presentation of Bernstein's "Samson" promises to be a conspicuous illustration of all this, for its remarkable stage effects are all to be essayed by the distinguished actor in a manner Mr. Gillette's company is Miss Constance Collier, late of Mr. Beerbohn Tree's company, at His Majesty's Theatre, London. This is Miss Collier's first visit to America, and she was especially engaged by both Mr. Frohman and Mr. Gillette for this production of Mr. Bernstein's latest dramatic triumph, his first having been that of "The Thief," which is still holding the attention of the American stage. Also especially engaged are Frederic de Belleville, Arthur Probert, H. J. Ginn, Pauline Frederic and Henry Carville.

Marie Cahill's Company.

John E. Kellard, one of the leading legitimate actors of the American stage, will be with Marie Cahill in her new musical play, "The Boys and Betty." This means a story of great dramatic interest will come to the Princess the week of Oct. 19.

Starting with to-day's matinee, the Imperial Opera Company will present at the Royal Alexandra the charming comic opera "The Wizard of the Nile." The opera will probably be more elaborately rendered than any of the previous offerings of this noted home company, and its past productions, it is well known that the Imperials have been maintaining a higher standard throughout than any other company in the history of comic opera.

This opera represents the best of the combined efforts of Harry B. Smith, the author of the piece, and Victor Herbert, who wrote the music. "The Wizard of the Nile" is decidedly a fun lovers' opera, and offers a vast field to the comedian. From the artistic viewpoint, it is a rare production for the quaint and remarkably beautiful scenery of the Nile country, and the gorgeous costumes of ancient Egypt give an unlimited latitude to a stage director.

The story opens in Egypt under the reign of King Ptolemy. The Nile country is suffering from a water famine, and in his despair confronting the supernatural king, he offers his daughter's hand to anyone who will cause the river to overflow and rescue the country. Kibosh, a Persian magician then in Egypt, is given the credit of causing the overflow and claims Cleopatra's hand, but finds a rival in Ptarmigan, her music teacher, who eventually wins her. Another rival is Cheops, the deposed weather prophet. Simoona, the queen, is a very strenuous person, and seems only happy when she can order someone to a variety of punishments, the climax of which is to be walled up in one of the pyramids. Thru his wit and bold frontery however, Kibosh is enabled to outwit his rival and bring the story to a pleasant ending.

The Imperials' strong cast, will be made up of Miss Agnes Cain Brown, the little prima donna who is so popular in Toronto's musical circles, in the role of Cleopatra; Miss Marie Reynolds, the more than popular soprano, as Ahydos, Miss Elvia Crox as Simoona, Miss Irene Ward as Obelisk, Miss Alice Casner as Nebocris, Miss Helen Ormonde, as Merza, Clarence Harvey, the great comedian, as Kibosh, Hellen Mostyn as King Ptolemy, Carl Hayden as Ptarmigan, W. H. Pringle as Cheops.

The Imperials' chorus has been drilled to a point of perfection and will certainly reflect great credit, as does the entire production, upon Frank M. Stammers under whose direction this opera has been staged.

Howard Thurston, the famous magician, who comes to the Grand next week, is the nephew of United States Senator Thurston of Nebraska, and was born in Ohio. He was destined by his parents for the ministry, and in obedience to their wishes he spent five years at Moody's school at Northfield, Mass. A book on magic, however, had fallen into his hands when he was only a boy, and he became so fascinated with it that he abandoned his studies and devoted himself to the study of magic. Leaving school he wandered over the west practicing magic, and gaining after a time considerable reputation. Afterwards he came to the east, where he also managed to make a hit. Then, going abroad, he performed with great success in London, the provinces and on the continent. People of all classes, from royalty down, attended his entertainments. Among his patrons were King Edward, the Shah of Persia and Emperor Francis Joseph. Once, in Copenhagen, he gave an impromptu exhibition at a railroad station in the presence of King Christian, King Edward, King George of Greece and the Czar, which greatly pleased the four monarchs. In a three-year's tour of Cuba, Panama, the West Indies and South America.

In a three-year's tour of Cuba, Panama, the West Indies and South America.

A grand scenic production is Langdon McCormick's new sensational melodrama, "The Convict and the Girl," the offering at the Majestic next week. This is one of the author's best plays teeming with good wholesome dialogue, alternating with laughter and tears, introducing an abundance of stirring and startling situations, enlivened by good comedy.

Starting with to-day's matinee, the Imperial Opera Company will present at the Royal Alexandra the charming comic opera "The Wizard of the Nile." At She's. William Rock and Maude Fulton will head the bill at She's Theatre next week. This musical comedy pair were the hit of the Orchard and latter of Puntin in New York. Then they joined the vaudeville ranks and the best act in vaudeville has been the verdict of

CHARLES FROHMAN PRESENTS WM. GILLETTE IN HENRI BERNSTEIN'S NEW PLAY, "SAMSON AT THE PRINCESS NEXT WEEK."

managers ever since. This means a great deal, but Rock and Fulton will make more than make good any promise made for them. William Rock is the greatest eccentric dancer on the stage and Maude Fulton, a dainty and clever dancer, assists him. This is not an ordinary singing and dancing turn, but is attractively set with special scenery and each character song is appropriately staged.

The special attraction for the week will be Howard and North, who are making their first appearance of the season and they have their latest success and the sequel to "Those Were Happy Days" in "Back to Wellington." The pair play the characters they have long been identified with and the new act is said to be as good as the first, and as "Those Were Happy Days" was one of the most popular acts in vaudeville.

Frank Nelson and his company in Sewell Collins' one-act character sketch, "Thirty Dollars," is new to Shegongos. The act was first seen in New York last summer and met with the greatest success. Mr. Nelson's finished work in the part of Phillip, a wayward boy and race track tout, has put him among the best character actors on the stage. John King and Miss De Shelle ably assist Mr. Nelson.

Jewell's Mannikins on their mimic stage, are always a delight and the grown-ups as well as the kiddies marvel at the working of the little wooden figures.

Ella Granbon is another newcomer at She's and the dainty singing comedienne is sure to please as she has elsewhere.

William Cahill, "The Man From Ireland," has not been seen in Toronto in a long time and he comes with a budget of new songs as tuneful as the old ones.

The Dandy George Trio have a novelty act that is picturesque and introduces their dog wonder, Rosie. The show closes with new pictures in the kinetograph.

The first of the gift nights at the Majestic has been arranged for Friday evening, Oct. 23, during the engagement of "The Ninety and Nine." Every Friday following a section of the tea set will be given away.

At She's. William Rock and Maude Fulton will head the bill at She's Theatre next week. This musical comedy pair were the hit of the Orchard and latter of Puntin in New York. Then they joined the vaudeville ranks and the best act in vaudeville has been the verdict of

MISS GERTRUDE LONSDALE One of the Soloists With the Sheffield Chorus.

The Story of "Samson." Jacques Brachard, the Samson, is a coppery king, who works his revenge thru the stock market. He has risen from poverty to enormous wealth thru a succession of bold manoeuvres. In the rush of business he has not been able to show very much attention to his wife, and she has felt the unintentional neglect, in a social way. A young business acquaintance has taken advantage of this loophole, greatly to Samson's

distress; but Samson has given no evidence of his misery. Discovering that the would-be despoiler of his home has a considerable fortune invested in copper, Brachard, the Samson, at once begins to sell. He orders his brokers to sell to every bidder without question. And during this proceeding he confines himself to his hotel apartments and invites his foe to lunch with him. There is a ticker in the apartments that advises the two men of the movements in the stock exchange. The guest deludes himself with the conviction that his host knows nothing of his pursuit of the wife. Brachard controls his feelings without a break, thereby throwing the younger man completely off his guard. Messengers soon pour into the apartments with telegrams and notes that the market is out of hand and in a state of violent unrest. The brokers are advising, in these notes and by telephone, against any further sales on the penalty of ruin. But Brachard holds his resolution and orders the selling to continue. Finally, when word comes that he has

ISABELLE MILLER Charming Burlesque Artist with the Rentz-Stanley Co.—Gayety.

The Toronto Oratorio Society began the season's work on Tuesday evening. There was a large attendance of members and Haydn's "Creation" was taken up most enthusiastically. Practices will be held every Tuesday evening in the lobby of the Y.M.C.A., corner Yonge and McGill streets, at 8 o'clock. Particulars may be had by phoning Mr. J. M. Sherlock, Main 6107. All singers are invited to join.

The opening of the new organ in the Conservatory of Music Concert Hall next Saturday evening will be one of the most notable events of the early fall season. The distinguished organist, Edwin H. Lemare, has been engaged for this important occasion and his very attractive program has already been published. Mr. Lemare is an Englishman and not a Frenchman, as might be inferred from the sound of his name, and in a comparatively short time has demonstrated himself to be the equal of any living organist who may have visited this country. With the new conservatory organ Mr. Lemare affirms that he is completely satisfied. The lack of such an instrument in Toronto up to the present time has been often severely felt, and the gratitude of the public will be the result of the new organ. The Conservatory of Music for supplying so great a deficiency. Mr. Lemare's selections on the occasion of his recital on the 17th will include several of his own compositions and also one by Mr. Wheelton, a gifted fellow-organist and composer.

The Schubert Choir has been reorganized this season on the lines of the famous Leslie Choir of England. Henry Leslie, it may be remembered, tutored the balance of parts of the choral body. His theory is that the soprano should number one-third of the whole, the basses one-quarter, the tenors one-fifth and the altos the remainder. In testing the voices for this season's choir Mr. Fletcher has not accepted a soprano who could not sing "A," and the consequence is that the soprano section is one of the finest and most brilliant that have been heard in Toronto. The volume of tone is so great that the other parts will have to be increased. Any tenors, basses or altos who wish to join may apply to the secretary, D. S. Towell, 28 West Adelaide. The beautiful chorus will sing the welcome ode at the civic reception to be given the famous Sheffield Choir on Nov. 5 at the city hall.

Emil Sauer's Recital. The public this side of the Atlantic has not heard Emil Sauer for nine years, but it is safe to say that no one who heard him then will have forgotten the very impression he made. His mother was a Russian and a professional pianist herself, so that he absorbed knowledge of the piano, not at the mother's knee, literally on the untold advantage of an early association with Liszt, who took the greatest interest in him. It may be news to many people in Toronto, but in Germany Sauer is regarded as the greatest pianist of his day, not even excepting Paderewski, and approaches most closely to the ideal of the immortal Rubinstein. This incomparable artist comes to Toronto on Thursday week, October 22.

A feature of the coming visit of the Sheffield Choir to Canada has perhaps been just sight of "the undertaking of bringing to large cities a two hundred piece across the Atlantic for a flying visit, involves such a tremendous outlay that no possible profit can result from the tour. This is a fact fully appreciated by the members of the conductor, and the members of the Sheffield Choir, and most of all by Dr. Charles A. E. Harris, on whom the financial responsibility rests. He has decided that rather than try to make both ends meet by charging a higher scale of prices, to make their prices as popular as possible. It is for that reason that tickets are being offered on the present reasonable scale in all the ten cities which the choir visits. There is no question that the public response to this consideration will be very great, and crowded houses will everywhere welcome the finest body of singers in Europe. The railways have granted a special rate of a single fare for the round trip for all concerts. The de-

HOWARD THURSTON, THE MAGICIAN AT THE GRAND NEXT WEEK.

Of the many burlesque shows on the road, none have taken such a popular hold on the theatre-going public as "The Merry Maidens." This beautiful production has been declared by the critics of all the principal cities to be far superior to anything of its kind. The opening burlesque, a bunch of nonsense entitled "Cafe Boulevard" and the closing "At Coney Island," were both written and staged by that ever popular comedian Sam Rice, who plays the principal comedy role in both, in which one also sees many beautiful girls, who can sing, and with telling effect. The harmonious rendition of the "Merry

IN MUSIC'S REALM

Touching the new symphony orchestra, which has lately received some notice in these columns, we believe we are not overstating the case when we affirm that the greatest interest manifested in this organization during its first and second season, that interest will this year be much augmented. While the directorate, faculty and pupils of the Toronto Conservatory of Music will still be intensely keen to know of the orchestra's progress and no doubt voluntarily continue to support it as liberally as they are able, the symphony orchestra is now entering upon an independent career and is no longer identified or affiliated with any coterie or institution should make for increased sympathy and encouragement at the hands of the public.

Artistic undertakings as differentiated from commercial and utilitarian ones are of necessity often nursed and protected in the early stages, and in this respect the Conservatory of Music has cheerfully and enthusiastically done what clearly had to be done in order that such an organization might be floated at all. Now, however, the first crying needs and requirements of the orchestra are nearly over and any one who is conversant with the working of our leading school of music and the immense amount of business that has grown up within and around it, must admit that it would scarcely be possible for the officials of the conservatory to continue the hard work imposed upon them by the symphony orchestra much longer. We think, therefore, that on the whole the promoters and friends of the orchestra are wise in their resolve to take up at once an independent position, while at the same time they, in common with all lovers of good music, will forever feel that they owe very great and genuine obligations to the conservatory.

It may be said of Mr. Herbert C. Cox, chairman of the committee, that he possesses strong qualifications for the post. He is an experienced man of business, and if the idea of a five-year increment has originated with him, it is a proof of the excellent manner in which he proposes to deal with the financial problem. It will be altogether better for the conscience of the community if a proper division of expenditure can be arrived at instead of a million or two to "finance" the undertaking. Two concerts are being arranged for in December and March and subscriptions are now in order.

IDOLO SECO SHERRY

BOTTLED IN SPAIN ONLY. THE WINE OF QUALITY exported by the "premier" sherry houses of the world, Messrs. GONZALEZ & BYASS, of Jerez, Spain, is their celebrated brand, IDOLO SECO SHERRY, bottled and sealed exclusively at their own Bodega. It is pleasing to the healthy, beneficial to the sick and a necessity on all dinner tables. For sale at all leading Hotels, Cafes, Restaurants and Wine Merchants the World over. Lawrence A. Wilson Co. Ltd., Canadian Agents, - Montreal, 15

mand for tickets from outside places for the Toronto concerts on November 5 and 7, in a massing of very large. The subscription list, which is now filling up rapidly, closes on October 20, a week from next Tuesday. As subscribers will receive first choice of seats, no time should be lost in signing the lists. The four programs for Toronto are of a most interesting character and it is provided that in many ways the singing of the choir will be a revelation even in this city, the home of choral music in Canada.

Marie Cahill's new musical play, "The Boys and Betty" promises to be a positive sensation. It will be seen at the Princess Oct. 19. The book is by Geo. V. Hobart and the music by Silvio Helt. Mr. Hobart collaborated in the writing of Miss Cahill's play "Molly Moonshine," and Mr. Helt has composed the music of all her successes. "Nancy Brown," "Molly Moonshine" and "Marrying Mary," it is said to be one of the cleverest combinations of good story and music ever offered the lovers of musical comedy.

That Miss Cahill's manager, Daniel V. Arthur, has every confidence in the new piece is shown by the very expensive cast which he has provided for his star. Eugene Cowles, the eminent bass of the famous Bostonians, will again support Miss Cahill. John E. Kellard, one of the best Shakespearean actors, is cast for the part of Casimir Barbois; Edgar Achison-Ely, a popular singer, will play the part of Girard; Clara Palmer, for the past two seasons leading woman with James T. Powers, will have a French soprano role; James B. Carson, Edgar Norton, J. DeVarny, Anna Mooney, Bonnie Maud and Margaret Benford all make up one of the most expensive casts ever engaged for the support of a star.

Then there is the famous "long-skirted" chorus, increased this year to twenty-four girls, and judging from the former Cahill choruses they will be the most beautiful of beautiful singers ever seen here. George Marley by Mr. Wheelton, a gifted fellow-organist and composer.

THE TORTURES OF NERVOUSNESS

The Sufferer Feels That Unless Relief Comes Insanity Will Follow.

There is no torture more intolerable than nervousness. It is a constant irritation by day and sleeplessness by night. The sufferer starts at every noise, is shaky and depressed. Although in a completely exhausted state is unable to sit or lie still. For trouble of this kind absolutely the best thing in the world is Dr. Williams' Pink Pills. The nerves are jaded and jangled because they are being starved by poor, watery blood. Dr. Williams' Pink Pills make new, rich blood which feeds and soothes the irritated nerves. There is absolutely no doubt about this; thousands can testify of the blood-making, nerve-restoring qualities of these Pills, among them is Mrs. Thomas Harpell, Wallace Bridge, N.S., who says: "Some years ago I took sick and the doctor pronounced the trouble nervous prostration. To describe the tortures of it is impossible. God and myself only know what I endured. The doctor gave me medicine, but it did not seem to help me. Then he ordered me away for a change, but I was afraid to go, as I always seemed to fear some impending calamity, and was afraid to spend the night alone, as I used to think each night that I would die before morning. I tried different kinds of medicines, but with no better results, and finally decided I would go to my parents to see if the change would benefit me. I went to their doctor, but with no better results. My mother urged me to try Dr. Williams' Pink Pills, and got me a box. Of course, I did not expect a box would help me, but I continued taking them, and in about a month began to feel better. From that on there was an improvement in my condition every day, and in the course of about three months I was again enjoying the great blessing of perfect health. I gained about twenty pounds in weight and my friends could hardly believe I was the same person. My nervousness would have been in my grave long ago if it had not been for Dr. Williams' Pink Pills."

Dr. Williams' Pink Pills are good for any disease due to bad blood or weak nerves. That is why they cure such troubles as anaemia, indigestion, rheumatism, neuralgia, St. Vitus' dance, paralysis and the ailments of girlhood and womanhood. Sold by medicine dealers at 50 cents a box or six boxes for \$2.50, or may be had by mail from The Dr. Williams' Medical Co., Brockville, Ont.

CARRIE-REYNOLDS, SOUBRIETTE, IMPERIAL OPERA COMPANY, AT THE ROYAL ALEXANDRA.

1175

Multiplicity gives Economy - on - Cost

Skill and experience develop rapidly in a given grade of work.

Rapidity is the result of concentration and practice—the making of some one thing over and over again—thousands of times by the same person.

Such rapidity is only possible where there is multiplicity enough to dissect the work into oft-repeated units.

It is not possible in Custom Tailoring where each workman completes a whole garment to order.

Semi-ready Tailoring

Semi-ready Clothes are made for 150 stores in one big workshop. Each coat in the making is contributed to by thirty-one tailors—each one of whom has grown skilled and rapid in the making of one particular part of that coat.

The completed garment is made quicker, better and cheaper than a Custom Tailor can make it. And a further result is great economy on cost. Systematic specialism is further protected by giving the wearer the benefit of that economy-on-cost—for the plain price mark is fixed by the Company.

Ed Mack, Limited, 81 Yonge Street.

PASTOR RUSSELL'S SERMON

PITTSBURG, Pa., Oct. 9.—(Special.)—Pastor C. T. Russell preached in Allegheny Carnegie Hall to an audience of about 600, which gave closest attention. His text was, "Let the peace of God rule in your hearts to which also ye are called in the one body." He said:

"Has it occurred to you, dear friends, that inventions, conveniences, comforts, luxuries, which are daily becoming more and more common to the masses, are not bringing to them the peace, rest, contentment, which might have been expected? On the contrary, is it not true that while statesmen are measurably successful in avoiding great wars by the maintenance of terrific armaments, nevertheless there is a growing spirit of discontent which is ready to burst forth under almost any pretext? Is not this the explanation of the increase of violence within the last ten years? Is not this restless, dissatisfied sentiment the explanation also of the alarming increase in the number of suicides, which in our county weeks at a time have averaged one per day? And the remainder of the world is apparently in the same plight. Others attempt an explanation by suggesting that business and labor are operating upon a pressure basis which, even with shorter hours, is more exhausting than the long hours and less pressure of the past. Others suggest that the evil spirits, the fallen angels, have more to do with the scattering of the human mind, especially along the line of the fallen propensities, and that this is the special cause of present restlessness. Others charge the difficulty to present social conditions and offer socialism as a panacea. Many other explanations are tendered us by those who seem to be wise and thoughtful. There may be truth in some or in all of these explanations; but we, dear friends, will not discuss that feature of the matter, but allow each philosopher to have his own theory while we proceed to offer the remedy—we may say the only remedy for such conditions. We may be curious to know the cause of the disease, but we are much more interested to know the remedy for it.

"Let the Peace of God Rule."

Our text gives the remedy: "Let the peace of God rule in your hearts." Wherever that peace is received and granted the rule, the control of the heart, of the affections, of the will, the result will be peace—not necessarily an outward peace, however. Our Lord distinguished between the outward and inward peace, saying, "My peace I give unto you; not as the world giveth. Let not your hearts be troubled, neither let them be afraid." Many men know an outward peace with all circumstances favorable to his joy, but know an inward unrest, unhappiness; likewise, some have learned that there is such a thing as an inward peace and joy which can be maintained, notwithstanding all manner of outward disturbances, conflicts, distresses. This is the peace of Christ, the peace of God. There is none other like it. Many have no knowledge of it experimentally, and can but imperfectly understand what others describe of their experience in this life. This is the peace of which the apostle writes, "The peace of God, which passeth all understanding." Even those who possess the peace can with difficulty understand, fully comprehend, the philosophy of it, so contrary is it at times with the outward experiences upon which human peace generally depends.

It is called the peace of God for several reasons: (1) Because it is the kind of peace which God Himself has, which rules in the divine character and fulfills the peace which comes from realization that every condition in the universe is under divine control; (2) because it is the peace which comes from God as a gift, not to all mankind, but to certain ones to whom it is His good pleasure to give this comfort, this rest of heavenly peace.

"Not all mankind can receive this peace. It is the heavenly peace, the good pleasure to give it only to those who become His children.

On the other hand we have the divine power. This is reserved to some degree in every member of our race. The original image and likeness of God, in which Father Adam was created, has come down to us much marred, much blurred, degraded; nevertheless there is in all something of that original image of God.

As each individual reaches a development of mind he realizes to some extent his situation, that right and wrong are before him, and that be-

TO RETIRE JOHN JONES ON ALLOWANCE OF \$5400

Board of Control Favors This Course and Legislation Committee Falls Into Line.

The civic legislation and reception committee yesterday decided to forward to the city council a recommendation voiding the bylaw under which John Jones was appointed street commissioner, when his department was transferred to that of Dr. Sheard. There was no discussion. In the morning, the board of control, Controllers Spence and Ward opposing, recommended that Mr. Jones be given a retiring allowance of \$5400, being two years' salary.

Stewart Houston, manager of Massey Hall, asked that the Sheffield Choir of 200 members, who are to give concerts in Toronto, Nov. 5, 6 and 7, be entertained by the city. He said that the Schubert choir was willing to assist in any ceremonies at the city hall. It was agreed that a civic reception should be given the choir on Friday, Nov. 6, at 2 p.m., and that they be afterwards given a drive around the city, weather permitting.

The city solicitor reported that the city has power to pass a bylaw compelling heavy vehicles to keep close to the curb. The committee recommended such a bylaw.

The city engineer, reporting on W. R. Membery's complaint that oil dropped by automobiles made the pavements slippery and dangerous for horses, said there was no such danger, but that he thought the pavements might be injured and was investigating.

Can't Appoint Officer.

That the board of education hasn't the power to appoint a medical health officer for the schools is the opinion given by Dr. Sheard, who says his decision is the result of a careful scrutiny of the Medical Health Act.

He says that the law compels school inspectors to report sanitary and health conditions in the schools to the medical health department, and that the department can make any inspection regulations required, but hasn't even power to appoint health inspectors, and will have to obtain legislation to be independent of his department.

"But if they want a job for some man I have nothing more to say," he concluded.

Knock for "Tech" Site.

The board refused to take action on the board of education's request that Herick-street be closed in connection with the project of erecting a new technical school on Sussex-avenue. The controllers' advice to the school trustees was to get the land first, and as the city council, which has the ruling voice, has flatly declined to consent, the scheme is practically dead.

The mayor thinks the present site on College-street is the best, and that 200 feet of land adjoining can be bought to provide for extensions. Controller Hocken's opinion is that the site should be on University-avenue.

Knox Property as Park.

The fearsome prospect that an English department store might purchase the Knox College property, moved Controller Spence to propose that the city buy it as a park, the price being a mere bagatelle, one of \$18,000.

Controller Hocken thought the figure a trifle steep, but said that, if the surrounding property owners were willing to contribute \$85,000, he would be satisfied.

No action was taken.

Alexander Dow's terms as electrical consulting engineer were accepted. Mr. Dow will receive a retainer of \$1200, \$100 monthly and \$50 a day for time actually spent in Toronto.

The city engineer will report on what will have to be done to apply electrical power to the waterworks plant.

Appoint Mr. Mitchell.

A recommendation that Chas. Mitchell be appointed assistant city engineer at a salary of \$4000 a year, was sent on to council by the board. Mr. Rust said that Mr. Mitchell was the best man available.

The controllers, with the exception of Controller Hocken, are in favor of allowing the street railway to extend its tracks on Richmond-street from Victoria-street to Church-street. The issue comes up at Monday's council meeting.

Parks Commissioner Wilson Is Enthusiastic About Acquiring 14 Acres of Park on the West Side of Willowvale.

The land can be had for about \$35,000, or the more desirable portion for \$44,000. The aldermen are likely to do some cogitating, however.

Beatrice Street Assessment.

The court of revision yesterday confirmed the assessment on Beatrice-street property owners, although a strong deputation representing from Nos. 187 to 225, and Nos. 182 to 250, appeared for a reduction. The value of the street was assessed at \$30 a foot, or \$10 more than last year, while the appellants maintained that the value had decreased. A. R. Frankland of the assessment department submitted figures to show that the land was assessed at only 80 per cent. of the selling price.

War on Tussock Moth.

While the war cloud is gathering in the Balkans, there is a prospect of a stern campaign being waged in Toronto. Park Commissioner Wilson says the tussock moth must be exterminated this fall, and will report on the means of war necessary.

Mayor Oliver yesterday called on Marconi, the famed inventor, who is stopping at the King Edward. He said Mr. Davis, director of the wireless companies, were given an automobile ride around the city.

The Sunbeam Incandescent Lamp Co. is desirous of obtaining from the city another block of land on Dufferin-street, with a frontage of 125 feet, for the erection of another large factory. Some months ago the company succeeded in buying a narrow strip of land on Dufferin-street at \$30 a foot, although valued at \$75 by the assessment commissioner, and, as a fine brick factory is going up, the city appears to have made a good bargain.

Building permits issued by the city architect from Oct. 1 to Oct. 7, call for the construction of 87 dwellings and a number of other structures to cost approximately \$299,300.

CORNS CURED IN 24 HOURS

You can painlessly remove any corn, either hard or bluish, by applying Putnam's Corn Extractor. It never burns, leaves no scars, and is harmless because composed only of healing gums and balsams. Fifty years in use. Cure guaranteed. Sold by all druggists.

POTNAM'S PAINLESS CORN EXTRACTOR

SELLERS-GOUGH FUR COMPANY, LIMITED

"Furs Exclusively"

Furs of Quality = Exclusive in Style = One Price

HUSBAND'S DEADLY JEALOUSY

Enraged Man Killed His Brother, Who Was Soon Avenged.

MANSASAS, Va., Oct. 9.—As the result of husband's jealousy, two men are dead and another seriously wounded at the Old Fair Farm at Canova, six miles from Mansasas, to-day.

Edward Fair and his wife, and brother, Allen Fair, called on their neighbor, Tucker Posey. While there Edward Fair's attention was attracted to a girl named Edna, who was the daughter of Tucker Posey's wife. It was reported that there was a friendship between his wife and his brother Allen.

Angered by their conduct he hurried

from the Posey home and procured a gun. They found that interment had been made in the woods at the back of the house and they returned to the body and gave it a proper burial at Getler.

The Popular Service to Buffalo via Niagara Falls.

WILLIAM TAYLOR & SON (INC.), also proprietors of the St. Denis Hotel.

HOW TOM ROBINETTE FIGURES HE'S WONNER

"T. C." the "Favorite" in the Centre Toronto Political Handicap Race.

Hon. Charles Murphy, secretary of state, accompanied by W. O. Riebel, secretary Toronto Reform Association, to the various committee rooms of T. C. Robinette, the Liberal candidate in Centre Toronto. When at the committee room 244 West Queen-street Mr. Murphy was shown the canvassing books of the campaign. The secretary of state expressed gratification at the big lead which the canvassing showed for Mr. Robinette.

The sporting element has been figuring on the Centre Toronto result. Two wagers are reported, one of \$500 to \$400 in favor of Tom Robinette winning out, another of \$150 to \$100 on the same line.

Public meetings at the noon hour at the factories continue to keep Mr. Robinette on the back of a mid-day and his clear explanations of the many reasons why the wage-earners should stand by the Liberal government are everywhere received with enthusiasm.

Arrangements are being made by Mr. Phalen for a rousing meeting at Victoria Hall on Tuesday evening, when the young men of the division will be addressed by number of the most prominent men of the Dominion on the great progress of Canada under the Laurier regime.

Eight hundred tickets will be afforded an opportunity to hear Senator G. W. Ross, Rev. J. A. Macdonald and T. C. Robinette at Association Hall.

Mr. Shayne is considered one of the best authorities on the prevailing sentiment of the public in Centre Toronto at election times, has been making enquiries right and left, and he finds that the popularity of Tom Robinette has obliterated party lines with a multitude of electors who, were the fight devoted to the personal element, would vote in favour of the Liberal leanings.

The worthy doctor finds that his conferees in the medical profession express the same view. Arrangements are being made by Mr. Phalen for a rousing meeting at Victoria Hall on Tuesday evening, when the young men of the division will be addressed by number of the most prominent men of the Dominion on the great progress of Canada under the Laurier regime.

Public meetings at the noon hour at the factories continue to keep Mr. Robinette on the back of a mid-day and his clear explanations of the many reasons why the wage-earners should stand by the Liberal government are everywhere received with enthusiasm.

Receipt That Cures Weak Men --- Free

Send Name and Address Today-- You Can Have It Free and Be Strong and Vigorous.

I have in my possession a prescription for nervous debility, lack of vigor, weakened manhood, falling memory and lame back, brought on by excess, unnatural drains or the follies of youth, that has cured so many weak and nervous men right in their own homes without any additional help or medicine.

This prescription comes from a physician who has made a special study of men, and I am convinced it is the surest-acting combination for the cure of deficient manhood and vigor-failure ever put together.

I think I owe it to my fellowmen to send them a copy in confidence, so that each man, anywhere, who is weak and discouraged, may stop struggling with harmful patent medicines, secure what I believe to be the best rest-acting restorative, and take care of his health from the start.

An offer of this property was made by the Assessment Commissioner Forman at \$50 per foot, with a frontage of 20 feet, 8 1/2 inches on the west side of Avenue-road, by the same depth as an addition for playground purposes.

One class of Lead-street school will be moved to Pape-avenue and one class from Morse-street school will be located in the hallway of Queen Alexandra school.

NEW SCHOOL SITE.

Old Yorkville Waterworks Property Has Been Selected.

The old Yorkville waterworks property on Avenue-road was decided upon yesterday by the property committee of the board of education, as the site for the new public school, to the north and to relieve the overcrowding in Cottingham-street school, and to take care of pupils from the Wychwood district in the event of near annexation.

Justice Anglin dismissed the appeal of William Gill against a sentence of three months in Central Prison imposed by the magistrate of Port Arthur for breaking glass insulators on the railway.

VERY GRAVE OFFENCE.

Justice Anglin condemned this indulgence thus: "It is only necessary to recall that the safety of passenger trains carrying sometimes hundreds of human beings, may often depend upon the efficiency at a critical moment of the electric telegraph lines of a railway company, to realize what a serious offence a wanton and mischievous interference with such telegraph lines really is."

Sale of High-Class Organs.

Highman & Co., Limited, 115-117 West King-street, Toronto, are making a clearing of a large stock of organs of leading Canadian and American manufacturers.

COBOURG.

Major John Murphy, assessor, has returned from the assessment roll, which shows that the population has increased from 4883 last year to 5285 this year.

Say He Deserted Horse.

On Oct. 9, (Special)—On Oct. 2, Ernest Smith of Haldimand Township had a horse and buggy stolen by a man, it is alleged, giving the name of Harry Watson, who made off with the horse and vehicle and deserted the turnout West Toronto.

Veterinary College Opening.

The opening exercises of the Ontario Veterinary College will be held at the college of Temperance-street on Monday at 2.30 p.m. Prof. A. A. Grant, V.S., M.S., who has been appointed principal, will deliver his inaugural address from President Falconer and others.

Miss Cumming's Funeral.

The funeral of Miss Cumming, who was killed in the street car accident which took place this afternoon at 2.30 from the Western Baptist Church to Prospect Cemetery.

Standard Mining Exchange Aids Legitimate Developments

History of an Organization Now the World's Leader in Mining Shares Transactions.

There are two ways in which the mineral resources of a country can be utilized; first, by means of the prospector, and second, by the development of such capital as is available...

The mineral resources of Canada have unfortunately until recent years received very little attention, largely because of the difficulty of getting financiers interested to the extent of supplying the money to investigate the mineral deposits...

There are two ways of financing mining properties, the one by means of private subscription to a joint stock company, the other by way of public subscription to a joint stock company...

In this financing the readiest all means for the sale of the securities, whether mining or otherwise, has always been by way of stock exchanges...

The Standard Mining Exchange of this city, a photo of which appears in The Sunday World of October 11th, that this means of advancing the mining interests of the Dominion is provided...

The Standard Mining Exchange, which was first inaugurated in 1895, like the institution, its beginning was small, a few enterprising Toronto brokers in that year conceived the idea of organizing an exchange to encourage the development of the mineral districts of British Columbia...

The wisdom of the first organizers of what is now the largest mining exchange in the world, is fully testified to by the business now being done by the 40 members of the present organization...

In 1897, the first incorporation was sought, as the Toronto Mining and Industrial Exchange, from the late Judge McDougall's "The British Columbia Mining Act"...

In 1903, the exchange took up permanent quarters at the corner of Scott and Coburne-streets in this city, the building occupied being specially fitted up for exchange purposes...

With the collapse in the British Columbia mining boom, public interest languished, and it was with some difficulty that the members of the exchange were kept together...

Some idea of the business transacted at the Standard Exchange can be had when it is realized that in 1907 no less than 6,715,842 shares were dealt in. The year of 1908 will surpass these figures, and in all probability double them...

The Standard Exchange can first claim the credit of being the first to quote or recognize the Cobalt stocks, thereby producing the necessary stimulus for the money for legitimate mining development...

Some idea of the business transacted at the Standard Exchange can be had when it is realized that in 1907 no less than 6,715,842 shares were dealt in. The year of 1908 will surpass these figures, and in all probability double them...

Cobalts Little Influenced By European Affairs

Mining Shares Decline Under Realizing Sales, But All Offerings Are Well Taken.

World Office, Friday Evening, Oct. 9. The war scare in Europe had its influence to a large extent over other exchanges and of course affected the reaction to nominal conditions, due probably to the fact that the report of the finding of the Temiskaming vein on the Beaver property...

News From Buck Township. News has been received from Buck Township, Cobalt, to the effect that the compressed air plant has been installed on the Floyd Silver Mine...

MAPLE MOUNTAIN MINING CO. LIMITED

PRICE 20 CENTS PER SHARE PAR VALUE \$1 FULLY PAID AND NON-ASSESSABLE

This Company owns Proven Silver and Gold Properties, a total acreage of 285 acres, with no indebtedness against them. An enormous amount of work is now being performed to develop the properties.

The Silver Claims owned by the Company are situated in the Temagami Reserve, Montreal River District of Cobalt, consisting of 90 acres.

The question of silver being on these properties has been established and one property is expected to ship ore this winter, which will advance price of the stock rapidly and a ready market will be obtained for the same.

No. 1 shaft on M.R. 395 is sunk 70 feet. Native silver has been struck, a strong showing of smaltite and cobalt. Cross cutting from the 70-foot level has been commenced due eastward to strike the main vein and three parallel veins.

Arrangements are being completed for the purchase of mining machinery and accessories and it is expected to have it in operation by the end of the year.

If investors buy this stock at the present price, 20c per share, there will be no difficulty in disposing of same at a large profit after shipments of ore commence, which is an essential point to buyers of mining stock.

Mail or wire your order before the next advance.

QUITE "DISTINGUE"

There is a hat for every face, a hat which makes that face a shade more manly. You'll find it in our store this moment and waiting for you.

The Dineen hat business has fifty years of history behind it. Fifty years of introducing hat novelties in Toronto, and handling only exclusive designs.

Every hat we sell is positively unlike what will be seen generally upon the streets to-day. Our hats are conspicuous in the crowd for their individual style.

Derby Hats, in stiff felt, of brown or black, and made according to the latest blocks, English and American, \$2.50. Guaranteed latest designs and splendid material.

Derby Hats, English or American designs, Dineen's XXX and Christy's superior blocks, \$3.00.

Henry Heath's celebrated Derby Hats, of English felt, \$4.00. Dineen's special Derby, \$5.00.

Store open Saturday Night.

MARKHAM FAIR MAKES GREAT BIG NEW RECORD

Directors Claim That 20,000 People Entered the Gates—Great Show of Horses.

MARKHAM, Oct. 9.—(Special).—Glorious weather favored the third and closing day of the Markham Fair here this afternoon, and this fact, coupled with the national reputation attained, served to render the event a memorable one in the history of the society, breaking all previous records by a big margin in attendance and exhibits.

A brief summary of the situation by the directors to-night shows that more than 18,000 people passed thru the turnstiles, to say nothing of the 2,000 odd passes and complimentary tickets issued.

Every sideroad and concession in the county contributed its quota, to swell the throng, while the Grand Trunk Railway ran two heavy double header specials from the city, in addition to the regular train service.

From the north a heavily loaded special was run from as far north and east as Jackson's Point, and Peterboro. A fact which speaks volumes for the personnel of the visitors is that not an arrest was made on the grounds or in the town, and the work of the special constables was wholly a sinecure.

Some Who Were There. It was a representative gathering of business men and agriculturists assembled here to-day.

Among a few of those noticed on the grounds from the city were George H. Gooderham, Dr. Orr, W. J. Stark, Ald. Church, James Baird, "Joe" Clark, Jos. E. Thompson, Wm. Houston, Frank Brentnell, John A. Ramsden, ex-controller Ramsden, Walter Garbutt, Robert Graham, Walter Renfrew, F. W. Hamlyn, Wm. Houston, W. B. Milliken, A. Harris, and Geo. Green.

From the county were Arthur Johnson, Peter Christie, Capt. Tom, Wallace, Aieg. McCowan, M.L.A.; John A. White, E. C. H. Tisdale, W. J. Barnes, Sandy Doherty, John Little, Wm. Cox, H. G. Marr, J. H. Speight, Reeve Lapp, Markham; Reeve Annis, Scarborough; Reeve Henry, York, and a host of others.

Great Show of Horses. The horse ring was naturally the great centre of interest and here in the general purpose classes shown by the paddock the display during the afternoon was simply superb.

Some of the winners in the heavy classes were: The judges in the hackney and carriage classes were Tom Crowe and Richard Rolston of Toronto, and in the roadster and harness classes shown by Kelley and Dr. Brodie, Clarendon, and the greatest satisfaction was expressed at the decisions given.

Draught and team classes. Cart horse—J. W. Cowie & Son 1, Jas. Russell 2, Jas. Scott 3. Cart horse—J. W. Cowie & Son 1, Graham and Renfrew 1, Graham Bros. 2.

Stallion, 2-year-old—Graham & Renfrew 1, Graham Bros. 2, Wm. Trave 3. Stallion, 1-year-old—Graham Bros. 1, Brood mare, with foal by side—A. G. Gormley 1, A. G. Gormley 2.

Imported, 2-year-old—A. G. Gormley 1, A. G. Gormley 2. Filly, 3-year-old—J. W. Cowie & Son 1, A. G. Gormley 2. Filly, 2-year-old—A. G. Gormley 1, Graham Bros. 2.

General purpose team—J. H. Lawrie 1, George Bennett 2, W. A. Patterson 3. The decision was protested on behalf of Reuben Stiver of Hutonyville, the owner of a splendid team of bays, which were thrown out by the judges as unsound. The decision giving J. W. Cowie & Sons 1st in draught team was also protested. The animals shown in this ring were of unusual excellence, and the work of the judges a difficult one. The officers were on general purpose—John Vipond, Brooklin, and W. J. Cowie, with Dr. J. M. Armstrong director in charge.

The judges on draught horses were John Bright, Myrtle, and Thomas Roddy, Dominion Transport Co., Toronto.

Many Light Horses. Some of the awards in the light horses were: Single roadster—Thomas Graham, Clarendon, 1; Patterson Bros., East Toronto, 2; W. F. Baiter, Brooklin, 3.

Cavalry horses—N. C. Brown, Whitby, 1. In high stepping hackneys Brigham Radiant 1, and Plymouth Horse 2, both owned by G. Graham Bros., excited great admiration by their splendid action and style.

The handsome cup presented by the Sovereign Bank for the best gentleman's tug-out, single horse, gelding or mare, was won by Walter Renfrew of Graham & Renfrew. Mr. Renfrew won the prize last year, which now becomes his property.

In the lady drivers there was the keenest competition, eight ladies competing. The awards were: Mrs. G. A. M. Davison, Parkdale, 1; Miss Graham, Clarendon, 2; and Miss Leask, Oshawa, 3.

The running and trotting furnished magnificent sport, and the winners were: 250 foot pace: Mattie 1 1 1 Hester Stidley 2 2 3 Sued Jane 2 2 3 Jennie K. 3 4 4 Time 2:40, 2:39 1-2, 2:46.

Rubbing race, 1 mile heats: Ormy 2 1 Roose 1 4 Renaissance 3 2 Weather Van 4 3 Time 1:15, 1:14, 1:13. Free for all, trot or pace, mile heats, best 2 in 3: Belmont Wilks 1 1 4 Brian Boru 4 3 2 Idoff 3 4 4 Time 2:31, 2:32, 2:37. The officers were: George Watson, starter; R. Darling and G. M. Sinclair, judges, and J. G. Martin, starter.

Some Great Cattle. The show of cattle was the largest and best seen in Markham in years, and among the exhibitors in Durhams were Arthur Johnston of Greenwood with two magnificent imported bulls.

In Polled Angus Jas. A. McLeod of Gore's Landing showed 14 head, Davidson and Kerr of Balsam showed 8 fine Durhams.

In Herefords Harrison Bros., Mt. Albert, with 10 head, and Mrs. Joseph of Markham, and Freeman Bros., with 12, made good exhibits in Jerseys.

Notes of the Fair. H. C. Marr was an active member of the society, was on the grounds to-day. "When we first started this fair," said Mr. Marr, "we utilized a tent, and the first year took in nearly \$60. See it now."

Lockie Wilson, superintendent of fairs, was a delighted visitor. "It's a brick, brick, brick," said Mr. Wilson, "and a country fair I never saw a better."

Secretary "Archie" Milne is a treasure and the society knows it. Comptroller of the fair, Jos. Thompson was in charge of the Dufferin Old Boys, who drove out in a tallyho with two spanking fine teams of white horses. They had dinner and supper at the Queen Hotel, Unionville, and the party voted Mine Host John Hemingway a model landlord.

"This gives a follow a new lease of life."

NORTH TORONTO. Town Council Met and Discussed Many Items.

NORTH TORONTO, Oct. 9.—The town council met in special session to-night when a bylaw was passed prohibiting the erection of buildings on Broadway-avenue other than stone, concrete and having the street deteriorated as residential. Anyone violating this bylaw will be subject to a fine of \$50 and the necessary alterations. The bylaw comes in force forthwith.

The York Masonic Hall Co. have made application for a permit. Town Solicitor Gibson presented an exhaustive report to Raleigh-avenue as found in the registry office, and opined that neither Mr. Glen nor Mrs. Glen-Shaw has any claim to 35 feet deep of the thoroughfare.

Frank McCrae wants to install an electric line in his new butcher shop, but as the town is burdened with a franchise scare no permission could be granted.

Chief Collins was instructed to prosecute anyone dumping refuse on the public highway contrary to the town's bylaw.

After the council meeting the parallel roads committee met and decided that instead of jogging 300 feet east on Davidsville-avenue the digression should be only 35 feet, and from there a straight line thru the Glebe properties. Some objection was made, but the committee is determined to have a straight line thru the Glebe properties that had by Engineer Gibson.

The mayor, town clerk and assessor were busy this evening selecting jurors.

Town Clerk Douglas will start his two weeks' holiday to-morrow (Saturday).

The public meeting to be held under the auspices of the Ratepayers' Association to-morrow (Saturday) evening in the town hall promises to be an interesting one.

The pupils of the Davidsville public school will give an entertainment in the town hall on Friday, Oct. 23.

The school board, at a special meeting held last night, accepted the plan of Architect Langley for enlarging the Davidsville school by two, and the Eglinton school by four rooms.

A cool smoke after a refreshing shave at Fenwick's barber shop. Try it.

Carter is Grand Master. COLLEGE BUS, Oct. 9.—W. S. Carter of Peoria, Ill., was last night elected grand master of the Brotherhood of Locomotive Firemen and Engineers, to

The "Wine of Barley"

Ale, the wine of barley, is said to have originally been made by the ancient Egyptians. It was the favorite beverage of the Anglo-Saxons and the Danes, and before their conversion to Christianity they believed that drinking it formed one of the chief felicities which those heroes enjoyed who were admitted into the hall of Odin, the great patron of bravery and culture.

Through all the ages ale has been used. The unconquerable Briton, the hardy Anglo-Saxon and Dane—they all recognized its worth—the "wine of barley" was their favorite beverage.

To-day the same can be said. Ale—that is, pure ale—is the favorite beverage of the masses as well as the classes. It is wholesome, pleasing to the taste and, when brewed in the good old-fashioned way, as "East Kent" ale is brewed, it is "foaming deliciousness."

For three generations the Holiday family have been brewing "East Kent" ale in the quaint, little brewery, which is one of the best known landmarks in Guelph. They brew it as it should be brewed—as it was brewed in "the good old days." They use water which flows icy cold from a deep, clear spring; they use the very choicest of malt and hops, and they bring to bear years of experience, with the result that "East Kent" ale is pronounced by those who are competent to judge to be the perfect ale—the Bass' ale of Canada.

In Toronto "East Kent" is bottled by T. H. George, 709 Yonge Street, and every household into which it has once been introduced invariably welcome it as an old friend.

Successor John J. Hanrahan, Mr. Carter has been secretary of the organization for a number of years.

THE SIMPSON COMPANY, LIMITED

H. H. FUDGER, President; J. WOOD, Manager, Saturday, Oct. 10
