FOR ENFORCEMENT COSTLY UNDERTAKING TO THE PROVINCE

Public Accounts Show Considerable Advances for Traveling Expenses.

HOW IT WAS SPENT

The cost of enforcing the Ontario Temperance Act for the year ending Oct. 31, 1919, amounting to \$35,454, which included many considerable advances for law enforcement, and traveling expenses:

J. A. Aylmer, traveling expenses \$3,500.00 C. Bromley, traveling expenses 1,850 C. M. Currie, insurance premium 229.50 T. P. Corey, traveling expenses 700.00 W. S. Dingman, traveling expenses 100.00 Evans & Gooch, insurance 52.50 J. D. Flavelle, law enforcement expenses 14,700.00 J. W. Gordon, traveling expenses 1,050.00 G. E. Morrison, traveling expenses 600.00 Special officers 9,442.00 J. H. Putnam, traveling expenses 900.00 W. N. Snider, traveling expenses 1,450.00 E. E. White, traveling expenses 7,632.00

Canada Temperance Act, Too. There is a further sum of \$2,106 for enforcing the Canada Temperance Act as well as contingencies for the board of license commissioners amounting to \$3,810, included in which is a subscription to The Christian Guardian, the only named newspaper which the commissioners acknowledge to patronize.

The names of George E. Morrison and E. E. White in the account will stimulate comment in the House.

HOUSES AND BARNES FLOAT DOWN STREAM

Families Homeless as Result of River Thames Flooding—Move About in Boats.

WATER STEADILY RISES

Chatham, March 19. (Special.)—Many families have been rendered temporarily homeless as a result of the flooding of the River Thames at Chatham, caused by a four-mile ice jam. Some families are still at their homes, but are forced to dwell in the upper rooms. They move in and out to place in boats. The flood has developed to serious proportions, and has caused damage which will run into hundreds of thousands of dollars. Reports received here late this afternoon were to the effect that about four miles still steadily rising. The inundated area covers many square miles.

The next step planned by the senate majority is a declaration of a state of peace to relieve the nation of the war status, which the Democrats maintain, can be ended only by the treaty's ratification. A fight on that proposal probably will begin when the senate reconvenes Monday.

The roll call on ratification came four months, almost to the hour, after the failure of the three attempts at ratification on Nov. 18. On that occasion, the greatest strength developed for ratification, with the Republican reservations 41 votes, only seven Democrats voting with the Republicans in the affirmative. The vote against was 61, made up of 13 Republicans and 33 Democrats.

In seven hours of debate preceding the vote, Republican leaders declared themselves ready to take the issue to the people. From the Democratic side several senators bitterly assailed the president for his stand, and declared the administration could not afford to carry the issue as it presented itself today into the campaign. There was no reply from those who opposed ratification.

After the roll call, the mild reservationists joined with the Democrats to set the parliamentary stage for a reconsideration that would permit another vote on ratification, but the effort soon was abandoned. Compromise Democrats advised the Republicans that they thought it futile to try to change seven more Democratic votes. The motion to reconsider, made by Senator Robinson, Democrat, Arkansas, finally was thrown out on a point of order and no appeal was taken.

The line-up of the entire senate today was 57 for ratification to 39 against, including members paired. Four months ago the 1920 alignment was 42 for ratification and 50 against, with one seat vacant.

URGE HIGHWAY IN WEST

Winnipeg, March 19.—A strong delegation from Manitoba will wait on the Ontario and federal governments next week to urge the construction of a highway from Winnipeg to Kenora.

Say No Naval Program Provisions in Estimates

Federal Votes, to Be Presented Monday, to Provide \$20,000,000 for Mercantile Marine and \$1,000,000 for Aerial Defences.

Ottawa, March 19.—Estimates for the coming fiscal year's expenditure will be tabled in the house on Monday. In view of the majority opinion expressed at the Unionist caucus a few days ago, it is improbable that there will be provision for any naval program, beyond the customary votes for naval service. It is understood, however, that there will be a vote of about twenty million dollars for continuance of the government's program in regard to the Canadian mercantile marine. There is also likely to be a vote of a million dollars, it is stated, for development of aircraft and aerial defences.

PROVISION FOR RAILWAYS. The result of the year's operations on the Canadian National Railway's and its program will be awaited with special interest. The loss for the year, in all lines, including the Grand Trunk Pacific, has been estimated in the neighborhood of \$28,000,000, and provision for this will have to be made. Monday's estimates, however, will be only the main estimates. Supplementary estimates will be tabled later in the session.

SENATE TURNS DOWN TREATY, SENDS IT BACK TO PRESIDENT AND WASHES ITS HANDS OF IT

Will Pigeonhole It if It is Returned—Peace Pact Now Certain to Go Into Political Campaign—Twenty-One Democrats Quit Wilson's Lead and Voted for Ratification—Failed by Seven Votes.

Washington, March 19.—The treaty of Versailles failed of ratification for the fourth time tonight and then the senate voted to send it back to President Wilson with a notification that it had finally "refused to advise and consent to its ratification."

On the decisive roll call the vote was 49 for ratification to 35 against, the opposition numbering in its ranks 20 Democrats who were unwilling to see the treaty go thru with the Republican reservations objected to by the president and three Democrats and 12 Republican irreconcilables. Twenty-one Democrats quit the president's lead and voted for ratification, but the defeat failed by seven votes of providing the two-thirds requisite to ratify.

The result was regarded everywhere in the capitol as having put over into the political campaign the decision of executive and the senate majority. A move to reconsider the vote and try again, the Democrats failed by seven votes of providing the two-thirds requisite to ratify.

Whether the president would return the treaty to the senate remained undetermined, but the Republicans served notice that he did it would require for many weeks to come in a committee pigeonhole. In the vote of 47 to 27, by which the senate washed its hands of the subject and sent the treaty to the White House, the Republican leaders had the support of the mild reservationists, as well as the irreconcilables of their party, while the Democrats voted almost solid in opposition.

To Declare Peace. The next step planned by the senate majority is a declaration of a state of peace to relieve the nation of the war status, which the Democrats maintain, can be ended only by the treaty's ratification. A fight on that proposal probably will begin when the senate reconvenes Monday.

The roll call on ratification came four months, almost to the hour, after the failure of the three attempts at ratification on Nov. 18. On that occasion, the greatest strength developed for ratification, with the Republican reservations 41 votes, only seven Democrats voting with the Republicans in the affirmative. The vote against was 61, made up of 13 Republicans and 33 Democrats.

In seven hours of debate preceding the vote, Republican leaders declared themselves ready to take the issue to the people. From the Democratic side several senators bitterly assailed the president for his stand, and declared the administration could not afford to carry the issue as it presented itself today into the campaign. There was no reply from those who opposed ratification.

After the roll call, the mild reservationists joined with the Democrats to set the parliamentary stage for a reconsideration that would permit another vote on ratification, but the effort soon was abandoned. Compromise Democrats advised the Republicans that they thought it futile to try to change seven more Democratic votes. The motion to reconsider, made by Senator Robinson, Democrat, Arkansas, finally was thrown out on a point of order and no appeal was taken.

The line-up of the entire senate today was 57 for ratification to 39 against, including members paired. Four months ago the 1920 alignment was 42 for ratification and 50 against, with one seat vacant.

CORK'S LORD MAYOR SHOT DEAD IN HOME BY MASKED PARTY

Unknown Gang Entered His Residence and Later Escaped in an Automobile.

London, March 20.—The lord mayor of Cork was shot dead at 11 o'clock this morning. The revolver was fired by one among masked persons, whose identity is unknown. They entered his residence, and after firing the shot, escaped in an automobile.

A half dozen men knocked at the door of the home of the lord mayor, Thomas MacGurk, Mrs. MacGurk opened the door and the men rushed in. Some of them held her while others ran upstairs to the mayor's bedroom. They took him to the landing and shot him in the chest. They then fled hurriedly.

Mrs. MacGurk phoned immediately for doctor and priest. The mayor died soon after the arrival of the priest.

Mayor MacGurk, a prominent Sinn Feiner, was interned after the Easter rebellion. The government is taking special precautions against possible outbreaks in Ireland on Easter Monday, according to The Daily Mail, which asserts that the authorities have known for some time that the Sinn Fein has considered the possibility of armed risings and drawn up its plans. "It is not believed, however," the newspaper adds, "that the movement is sufficiently supported to be really formidable, although it is possible there may be sporadic outbreaks in certain districts."

Precaution also has been taken at Glasgow, where the Sinn Feiners boast the possession of arms and ammunition and threaten a disturbance Easter Monday.

UTTERS A WARNING; NEWSPRINT DOWNDING

Proprietor of New York Globe Advocates Special Means to Reduce Size of Papers.

Montreal, March 19.—Some "truths regarding the great industry of advertising" were given today by Jason Verbitsky, owner and publisher of The New York Globe, in the address on "Relation Between the Newspaper Shortage, Advertising Agents, Advertisers and Publishers," at a special luncheon at the Montreal Press Association, held in the Queen's Hotel.

There was an enormous demand at present for newsprint, said Mr. Rogers, and the Montreal press was moderately curtailing the advertising, save space, even if they charged more for the advertising they published. If the advertising were cut on January and February they would get 10 per cent more of newsprint than in the same months of the previous year.

At a meeting last night of the executive of the Mount Pleasant Ratepayers' Association arrangements were made for the demonstration of citizens at the city hall on Monday afternoon in favor of the immediate construction of the Mount Pleasant car line. The whole district has been agitated by reports that the council will approve the board of control's recommendation that the line be built and financed by the issuing of debentures.

ALL REPORTS ARE NOW READY FOR CONSIDERATION OF SIR ADAM

Real Negotiations With Mackenzie Interests Will Go Forward After They Have Been Duly Studied.

Will Sir Adam Beck be successful in cleaning up his company, Mackenzie interests is the one question here. Sir Adam has digested Mr. Clarkson's report and has engineer's reports he will be in a position to check the Mackenzie values and arrive at a pretty accurate estimate of the real value of the joint undertaking. Sir Adam is prepared to be quite liberal in his view in regard to price, and if the Mackenzie interests are really prepared to sell there is no reason why the deal should not be closed soon after the negotiations in relation to price are opened.

PRESENT ESTIMATES IN FEDERAL HOUSE ON COMING MONDAY

Announcement by Acting Premier—Says No Application by Serbia for Loan.

Ottawa, March 19.—In another routine day, discussion in the house of commons turned this afternoon on such varied topics as certificates for master mariners and the agreement between the Dominion government and the city of Ottawa, with passing reference to shipments of coarse grains from the west, and a newspaper report that a wrong body had been sent from Kingston penitentiary to relatives of the deceased.

Sir George Foster said he knew of no application from Serbia for a loan of \$20,000,000 from the Dominion. He also stated that estimates would be brought down on Monday.

New Marine Certificates. The government resolution in regard to the master mariners' certificates was criticized by D. McKenzie, but secured the general support of Mr. Duff, Liberal member for Lunenburg. Mr. McKenzie thought the minister of marine should have followed the regulations of the British Board of Trade instead of laying "unholy hands" on them. Moreover, Mr. McKenzie argued, unless a certificate had the approval of the British Board of Trade, a captain might as well carry a yellow-covered almanac in his pocket. The resolution passed, and a bill based thereon was given first reading.

Coarse Grain Shipments. At the opening of the house this afternoon Mr. Robb (Chateaugay) presented a letter he had received from Winnipeg, stating, in regard to domestic shipments of oats (Continued on Page 13, Column 7).

WILL APPEAR IN FORCE TO URGE NEW CAR LINE

At a meeting last night of the executive of the Mount Pleasant Ratepayers' Association arrangements were made for the demonstration of citizens at the city hall on Monday afternoon in favor of the immediate construction of the Mount Pleasant car line. The whole district has been agitated by reports that the council will approve the board of control's recommendation that the line be built and financed by the issuing of debentures.

CHAOS IN BERLIN STILL CONTINUES MANY ARE KILLED

Hundreds Killed In Fierce Fighting

Leipzig, March 19.—Altho an agreement has been reached on Wednesday night between leaders of the workmen and military authorities for a peaceful settlement of the prevailing situation, the workers yesterday rejected the agreement and fighting was resumed.

Major-General Pilsch, commanding the city, late yesterday brought a Reichswehr brigade into the city to relieve the hard-pressed volunteers, and proclaimed a reinforced state of siege. Fighting continued throughout the day and late into the night, workmen everywhere building barricades. In the course of the afternoon, a military airplane dropped bombs on Johannesplatz, and another airplane was shot down by the workmen.

The general postoffice, railroad station, town hall and other public buildings are still in the hands of the volunteer forces. Losses in the fighting were extremely heavy, and rumors of hundreds killed and wounded in various parts of the city are met on every hand.

350 KILLED AT ESSEN. Berlin, March 19.—Essen surrendered this afternoon to armed workmen after violent fighting in which, it is estimated, 300 persons were killed.

It is reported that communists have occupied five railroad stations to the east of Berlin and that troops are being rushed thither in armored cars.

SLAUGHTER IN BERLIN. London, March 19.—The Exchange Telegraph issues a sensational report to the effect that a telephonic message from Berlin says that a hundred persons were killed in the fighting at Brandenburg Gate in Berlin, and that the dining-room of the Hotel Adlon was completely destroyed by machine gun fire.

DISORDER RAMPANT IN VARIOUS PARTS OF THE CITY—GRENADES FLUNG INTO CAR CONTAINING OFFICERS, AND OTHERS DRAGGED FROM TRUCK AND KILLED—STRIKERS REMAIN AWAY FROM JOBS AND FOOD SITUATION DIFFICULT.

Stuttgart, March 19.—The Baltic troops retiring from Berlin have entrenched themselves at the zoological gardens and at Charlottenburg, on the west side of Berlin, according to reliable reports received here this afternoon.

Berlin, March 19.—Berlin has not yet succeeded in emerging from the chaos into which it was thrown when Dr. Wolfgang Kapp and his associates, by a coup d'etat, took over the government a week ago. Altho most all, if not all, of the troops which formed the backbone of the revolt have left the city proper, disorders continued spasmodically during Thursday night and Friday. Many additional casualties, both in killed and wounded, occurred during this period.

In addition to further shooting, in which a number of persons were killed or maimed in front of the Hotel Adlon, three officers were shot dead and one officer mortally wounded at the clock tower by members of the security police stationed at the guardhouse at the Brandenburg gate. The police ordered an automobile containing officers, who were reported to have been members of the Baltic force which invaded Berlin, to halt, thereupon a crowd surrounded the car and the officers opened fire with revolvers and stink-bombs. An armoured car appeared upon the scene and the soldiers in its crew hand grenades into the officers' car and humiliatedly the officer fired, with his rifles upon it. The three officers fell dead and the other toppled over wounded. Unter Den Linden was crowded at the time, and the explosions of the grenades caused a panic. Six civilians were wounded by the bursting missiles, and were taken for medical aid into the Hotel Adlon.

In the early morning, two persons were killed and seven were wounded in disorders which ended in street fighting.

A party of soldiers attempting to pass the Alexanderplatz this afternoon was stopped by a crowd, whereupon the soldiers fired machine guns, killing some people. The number killed is placed at about thirty. Several persons were also killed in a crash at Potsdamerplatz.

The attorney general has instituted proceedings against Major-General Von Lusitzky, Gottlieb Von Jagow and others identified with the revolt.

Disorder in Outskirts. There was much disorder last night in the outlying sections of Berlin in the workman's district-east and north of the city, and even in the semi-fashionable Schoenberg section, where it is reported that armed army officers leaving the city in trucks were dragged off the vehicle by a mob and severely beaten, and several of them killed.

Reports from cities and towns in various parts of Germany tell of continued operations by radicals, but in some of the cities the radical movement seems to be waning, and workmen are returning to their jobs. This is especially true in south Germany.

The expectation had been that President Ebert and his faithful ministers would arrive in Berlin today to join Gustav Noske, minister of defence, and Dr. Schiffer, minister of justice, and aid them in their efforts to stabilize the situation. Information from Stuttgart, however, is to the effect that the departure of the Ebert government to the capital has been postponed, and that its appearance here cannot be expected before Sunday, and possibly not until next Tuesday.

Strike Continues. Hope had been entertained that with the overthrow of the short-lived Kapp regime conditions resembling even in a small measure, might return, but most of the strikers in Berlin continued to absent themselves from their posts. Consequently the normal life still was experiencing difficulty in obtaining supplies.

Until the disturbed railroad situation again is brought to normal, the situation will remain acute. Some of the railroads have made attempts to resume service, but their efforts have not proved altogether successful.

This morning Spartacan placards were seen in various parts of the city. These accused Noske of responsibility for the formation of the Kapp-Vo. Luttwitz dictatorship.

At Kottbus, Prussia, an agreement is reported to have been reached between the senior garrison officer and the leaders of a so-called Red guard formed of workmen of the Sentenberg lignite region. The officer promised not to have the Red guards prosecuted if they immediately surrendered their arms and ammunition and released the prisoners they had taken away at the same time. The troops would release about 100 workmen who had been made prisoners.

FOR SALE BUSINESS SITE, QUEEN STREET EAST, NEAR YONGE.

# PROVINCE'S DEFICIT WILL REACH TOTAL OF OVER ONE AND HALF MILLIONS

### Ontario Public Accounts Are Tabled in Legislature, Giving Details of Financial Standing—Where the Money Goes and Where It Comes From.

The province of Ontario shows a deficit of \$1,559,802.54, according to the public accounts, for the year ending October 31, 1919, presented to the legislature yesterday by Hon. Peter Smith, provincial secretary.

The balance sheet is given herewith, without details of balances, as per public accounts of 1919:

—Receipts—	
Balances as per public accounts, 1918	\$5,140,176 35
Domination of Canada	2,000,000 00
Subsidy on population, B. V. act, 1907	\$2,015,364 40
Subsidy, 47 Vic. cap., 1914	142,414 48
Special grant, B. N. A. act, 1907	240,000 00
	\$2,299,778 88
—Payments—	
Civil government	\$1,105,804 27
Legislation	315,768 16
Administration of justice	350,550 04
Education	3,902,487 91
Public institutions maintenance	2,606,875 52
Colonization and immigration	67,661 20
Agriculture	1,101,263 16
Hospitals and charities	782,589 71
Repairs and maintenance	348,665 11
Colonization roads, maintenance	140,002 87
Charges, crown lands	1,180,947 57
Refunds	25,330 74
Game and fisheries	25,402 19
Highways department	14,725 52
Attorney-general's department, miscellaneous	129,131 86
Provincial secretary's department, miscellaneous	354,250 13
Treasury department, miscellaneous	131,471 53
Miscellaneous services	71,138 26
Hydro-Electric Power Commission—expenditure charged to province	202,537 49
Public buildings	218,228 38
Public works	386,354 75
Statutory expenditure, ordinary	302,978 86
Statutory expenditure, extraordinary	5,673,719 60
Expenditure, 1910, war tax	1,491,722 87

Total ordinary receipts—\$19,904,772 04  
Ontario teachers' and inspectors' superannuation fund, 7 Geo. V. Cap. 58, approximate amount which is payable period to October 31, 1919, is \$530,000.

Teachers' Superannuation.  
Ontario teachers' and inspectors' superannuation fund, approximate amount of which payable by the province for the period to Oct. 31, 1919, is \$530,000. It is not apparent that the fund is in a position to meet the obligations of the fund. Eleven loans were made during the year at from 6 to 6 1/2 per cent, according to terms.

The total charged to capital account of the T. & N. O. is \$23,343,318, including an advance by government for 1919 of \$2,117,174.

Deposits with Banks.  
In the statement of balance, it appears that the Bank of Montreal carries the largest current balance, \$1,846,073, and the Home Bank and the Commerce the largest special deposits, respectively, \$2,100,000 and \$1,200,000. Among the larger receipts from succession duty revenue were the sums of \$150,000 from the estate of John McMartin; \$190,977, W. R. Brock; \$100,000, Duncan McMartin; \$552,280, W. D. Matthews.

The assets of the province in cash and liabilities are placed at \$119,219,422, and indirect liabilities and guarantees amounting to \$19,203,744.

There are estimated assets in resources of the province of \$505,000,000.

The particulars of war expenditure for the year ending October 31, 1919, are as follows: Orpington Hospital, \$72,180 25; General grants and gifts, 487,531 30; Guarding public buildings, 5,607 40; Ontario resources, 350,000 00; Miscellaneous, 145,000 00; Returned soldiers' aid and land settlement, 338,675 25; Patriotic grants, 4,870 40; Greater production, 83,029 25; \$1,491,722 87.

# YORK COUNTY AND SUBURBS

## REAL ESTATE BOOM BACK TO SCHOOL Tired and Cold

### In Some Districts Price of Land Has Advanced Over Hundred Per Cent. All But One of Boys Who Escaped From Mimico Home.

Real estate on the Vaughan road Heights and Eglinton avenue is about to have a jump within the next few days, the agents out here having made arrangements for a big sale of land during the Easter holidays. New stores are now open for business and the new branch of the Dominion Bank is approaching completion. This district is only one and quarter miles from St. Clair avenue and it is said that the old country people who are about to come out to Canada this spring will likely as not settle in this northwest section as so many English people live here and it is only natural that their kindfolk should settle here also. Land on Eglinton avenue and the Belt Line has jumped up 150 per cent within the last six months and as soon as the warm weather comes and the snow is off the ground there will be a great rush for building lots. The Fairbank public school on the Vaughan road is big enough to take care of any influx of children and Resey Miller promises additional accommodation when needed.

Hungry, cold, tired and footsore, the boys who escaped on Thursday afternoon from Victoria Industrial School, Mimico, have one by one, or in groups, been returning to school, either voluntarily or under police escort. Of the twelve boys, aged 13 and 14, who escaped from the school dormitory by picking the lock of the door, all but one have now returned, and this last boy was expected at any time last night.

Were Hungry and Cold.  
Four of the boys reached Hamilton, and three others got as far as Toronto, where they were found by the police, hungry and cold, and, in most cases, glad to return. The only clothing worn by the boys was their ordinary school clothes, which formed a poor protection from the raw night wind. The night was spent by most of the youths in sheds or stacks of hay, where their ardor was somewhat dampened by thoughts of the warm and comfortable beds they had left, and the hot supper they had missed. Several of the boys declared that they had had nothing to eat for more than 24 hours.

One by one, as they came in, the boys were given a warm bath and a bowl of hot soup. Their feet, sore from walking, were bathed and bandaged, and dry clothes were supplied. A lesson, as taught by the unpleasant teacher, experience, has been learned, and the boys will not soon contemplate a second escape of the kind.

The Aberdeen Branch and Kincardineshire Association held their annual dance and dance at Alhambra Hall last night. There was a large attendance of members and friends. Hon. President Controller Robert Cameron occupied the chair and was supported by A. B. Law, president; William Wingo, retiring president, with James Mitchell, the first president of the association. In a brief address Controller Cameron congratulated the association on the large increase in membership and wished all success. A first-class program of Scotch songs, bagpipe music, and Highland dancing was rendered which was greatly appreciated by the audience. Refreshments were served after the dancing.

Agitation for a partition of the township has about died out insofar as this section is concerned, the difficulties being too complex to handle. The realizable property of the township in business and income amounts upwards of 25 million dollars and the total assessment reaches the large sum of over twenty million dollars. The one great difficulty in York township is its area and the small number of members of the council who represent it. The troubles, however, would be largely increased if separate towns were made and the cost of such incorporation would be altogether out of the question to the advantages gained. The lighting and sewerage work of the township has taken many years to accomplish.

Mrs. Watson of Earlscourt has been appointed captain for this district with the city of A. Sande, of Wales' branch of the Disabled Soldiers' Tag Day campaign which takes place next Thursday, March 24. Mrs. John Watson is a member of the committee and several Earlscourt ladies are on the committee.

**OIL LAMP EXPLODES CAUSING BAD FIRE**  
Owing to the upsetting and explosion of a coal oil lamp in the one-story frame stable at the rear of J. Cooper's residence, 73 Gowan avenue, Todmorden, at 7:25 last evening, one horse was burned to death, and the building, with an adjoining storehouse, was burned to the ground, causing property damage to the extent of \$1,800. The value of the horse was estimated at \$250. The stable contained a team of horses, and one was rescued in the nick of time. The fire, which was of a spectacular character, attracted crowds of people for miles around, and a loud report followed the explosion of the blazing oil, of which it is stated there was a couple of large cans in the storehouse, caused a scare among the residents. The fire reels from Rose avenue and Bolton avenues, under Chief Tate, were promptly on the scene and used the chemicals to good effect, saving the adjoining buildings by their united efforts.

**DANFORTH RATEPAYERS.**  
Annual At Home and Social Attended By Large Number of Members.  
The third at home and social gathering of the Danforth Park Ratepayers' Association was held last night in Secord School, Barrington avenue, when a large gathering of the members, with their wives and children, thronged the building, which was tastefully decorated for the occasion. The chief features of the evening were the dancing, heartily indulged in by the young people and not a few of the older guests, to the strains of a fine orchestra, and euchre, which attracted many of the lovers of the game. A musical program was also contributed by local artists. Refreshments were served by the ladies' committee and the proceedings were under the supervision of a large committee, among whom were W. C. Curtis, chairman; J. A. Groh, president; Dennis McCarthy, W. Oxley and J. Moore.

**FOR BEREAVED FAMILY**  
A concert in aid of the Spicer family, who lost all their possessions in the recent fire at 10 Mossong avenue, will be held under the auspices of the joint G.A.C. and U.V.L. Riverdale branches, in Allen's Danforth Theatre on Sunday by permission of Jule and J. J. Allen, who have given the theatre free for the occasion, under the supervision of H. G. Jennings, manager. A good program has been arranged.

# Dineen's Overcoats for Men

The prices of Dineen's Overcoats tell the story. Come in today and see for yourself and compare values. Every overcoat is high-class and consists of loose-fitting and tight-fitting styles—Ulsters, Raglans and Chestfields. Spring colorings, new materials, new shapes, in Scotch tweeds and Homespun, \$30.00 to \$75.00.

The W. & D. Dineen Co., Ltd. 140 Yonge Street Toronto

**WANT CAR LINE AND NOT SECESSION**  
The proposed secession of North Toronto from the city and the Mount Pleasant car line were the two live questions debated with vigor at a well-attended meeting of St. Cuthbert's Men's Club, Leaside, last night. R. C. Smith, vice-president, was in the chair. The principal speakers were C. Maxey and J. M. Letche. A strong feeling was in evidence during the proceedings against the city council, or, at least, against the councillors who voted against the building of the Mount Pleasant line. Criticism was directed against Ald. Beamish for his attitude in the matter. A good case was made out by the speakers for the immediate carrying out of the work of construction and the benefit to be derived by the citizens of the north end. Also the parish is situated in Leaside, a majority of the members are citizens of North Toronto.

Regarding the secession of North Toronto from the city, a discussion followed the debate. Many interesting points were driven home for and against the movement. Also no action was taken, the decision against secession was given on points by the chairman.

"We don't want to secede; but we want the car line," was the general opinion of the meeting. Among those present was Rev. J. M. Lamb, rector, EAST YORK Y.M.C.A.

A meeting of the East Toronto Y. M. C. A. board of management was held last night in the board room, Main street. A. McMillan occupied the chair in the absence of J. W. Branden, president. It was decided to proceed with the following necessary improvements during the ensuing year at an approximate cost of between \$8,000 and \$10,000: The exterior and interior renovation of the building, the construction of a tennis court, quoting pitch and a baseball diamond.

H. J. Pearson, secretary, gave a report of the term from October 20 to March 15. Although the work of the season had been interrupted, Mr. Pearson pointed out that considerable good work had been accomplished. Twenty-one sessions had been held during the year, and 1,025 boys attended the boys' work department. The hockey league had also a successful season.

# MAY REQUEST INQUIRY BY ATTORNEY-GENERAL

### Soldiers Incensed Over Dismissal of Robert Boyd for Alleged Betrayal of Young Girl.

Hamilton, March 19.—Local war veterans are aroused over Magistrate Jelfs' statements and decision in police court yesterday when he dismissed a case of betrayal lodged by the parents of a 14-year-old girl against Robert Boyd, a colored man. More than 100 returned men gathered last night to the sole purpose of discussing the magistrate's action and favored the calling of a public mass meeting. A representative was instructed to make arrangements for the meeting to take place in the Market Square and to invite the general public to attend. On further consideration today, however, it was decided to move slowly in the matter. Facts were placed before officials of the Discharged Soldiers' and Sailors' Federation, representing all veterans' organizations in Hamilton, and there was reached the conclusion to call a special meeting of that body for Tuesday night, when a plan of action would be formulated. It is intimated that an investigation by the attorney-general's department may be sought.

**Maintains Decision.**  
Magistrate Jelfs stubbornly maintained that his decision in dismissing Robert Boyd in the police court yesterday was in every way just and unprejudiced. The magistrate declared today that as he gave the testimony more consideration and thought over the facts of the case he had become more certain in his conviction that he had done right in giving Boyd his liberty.

The arguments of the crowd that no corroborative evidence of an offence of the nature alleged to have been committed by Boyd was necessary, were incorrect, he said, and added: "Had a white man of respectable standing in the community occupied the pen instead of Boyd, the city of Hamilton would have been routed to anger if he had been convicted on such evidence as was produced against the colored man."

# DEPOSITS CHEQUES VALUED AT \$30,000

### A. Sande, Missing Architect, Opened Accounts in Four Different Banks.

Hamilton, Ont., March 19.—The disappearance from the city of A. Sande, a consulting engineer, after cashing marked cheques received from contractors, who had tendered on a million-dollar job for the Casapedia Pulp and Paper Company of Quebec, has caused quite a sensation among contractors and builders, architects and engineers, many of whom had formed a more favorable impression of Mr. Sande. Detective Williams, of Toronto, a member of the staff of the Canadian Contractors' Association, who had located Sande, stated today that he had learned that the missing man had opened accounts in four different banks in this city, and that the contractors' cheques had not all been deposited in one bank, but had been divided between the four. About a dozen cheques were deposited, representing about \$20,000.

The amount of each cheque was \$2,500. Only one Hamilton contracting concern put in a bid, and a forfeit in accordance with the terms of the invitation to bid on the big paper mills. Others, however, had made \$25 deposits as a guarantee of the blue prints supplied by Sande, and the cheque in one case, was cashed.

It is said the cheques cashed came from firms as far east as Quebec City. Sande's offices have been closed, three of the four employees having left for Toronto last evening. The staff up to a few days ago believed that Sande had returned. They spoke in the highest terms of Mr. Sande as an engineer and an employer.

# DON'T PAY MORE

A lot of downtown diners have discovered to their great satisfaction that no better value is obtainable anywhere than the appetizing full course meal served by Cafe Florence, 30 King street west, at sixty cents. The new management are determined to excel and the dinner fulfils the fondest anticipation.

# COMFORT AT ALL SPEEDS

THE dependability, the speed and the efficient performance of the McLaughlin Master Six are characteristically Canadian. The demands of business and the long distances to be covered in Canadian tours, both demand the sureness, the speed and the comfort of "CANADA'S STANDARD CAR."

### NO CHEAP HOUSES IN NEAR FUTURE

Price of Lumber Will Not Be Lower for Some Years.

The outlook for building cheap houses in the near future is not very bright, if A. J. Clark of the Canadian Lumbermen's Association is correct in his estimates. In addressing the Electric Club yesterday Mr. Clark stated that for at least two years to come there would be no reduction in the price of lumber. To even meet the housing conditions of the continent it is now necessary to crowd production to the limit, declared Mr. Clark, and when that is done the cost of producing lumber must increase temporarily at least.

In explaining the great demand for lumber, Mr. Clark stated that one factory in the United States who makes gramophones consume a million feet of lumber annually. Then again much more wood is being used today in the manufacture of paper than formerly.

Production Decreased. "The excess profits, tax means," said Mr. Clark, "that production is decreased. No man will increase his output when over half the investment is for standing timber, which may be reduced at any time. The limitation of our profits to 7 per cent. means inevitably that lumber costs will go up, and I say that the government itself is keeping up the cost of lumber by this cursed tax."

Mr. Clark pointed out the high cost of obtaining lumber from the forests as the average camp is about 40 miles from a railway line, thus making the cost of supplies very great. In most cases the lumber is not marketed for two years after the expense of bringing it out is incurred. Since the war the cost of a sawmill has increased from 600 to 900 per cent., he stated.

**W. B. BRUMELL'S ESTATE.** Probate of the \$99,209 estate of the deceased Walter Blacket Brumell, of the Boyd-Brumell Co., has been granted to W. G. Thurston, K.C., and the Toronto General Trusts Corporation. The widow, Kate Brumell, gets the dwelling on Russell Hill road, property in Oakville, household furniture, and personal effects. She also gets a life interest in the estate, subject to an income of \$400 per annum to deceased's mother. The children inherit equally on the widow's death.

**ROBBERY WITH VIOLENCE.** Sentence of three months at the jail farm was handed out to Patrick Doyle yesterday by Judge Coatsworth. Accused was charged with robbery with violence.

**CITY MUST PAY.** Judgment has been given by Justice Middleton against the city for \$3,950 and interest in \$2,450 from August 31, 1914, until judgment, in favor of E. G. Law, contractor. The litigation was in connection with building the centre piers and abutments of the St. Clair avenue bridge.

### SEEKS IDENTITY OF PULP CONCERN

Hartley Dewart Makes Company Subject of Inquiry in House.

Identity of the Great Lakes Pulp and Paper Co. with the owners of the Pic River and Black Sturgeon River timber limits that have been so often the subject of inquiry in the legislature is indicated in the motion which H. H. Dewart, leader of the opposition, will make on Tuesday next. On Wednesday Sir Adam Beck had an interview with Premier Drury and other cabinet ministers, as a result of which it was announced that settlement of all matters in dispute between the Great Lakes Pulp and Paper Co. and the government had practically been reached.

**Gives Notice of Motion.** Mr. Dewart's motion reads: "That this house disapproves of the agreements entered into between the government of the province of Ontario and J. J. Carrick, dated the 8th day of May, 1917, and the 8th day of May, 1918, relative to the sale of the Pic River and Black Sturgeon River timber limits in the district of Thunder Bay, subsequently assigned and now appearing to be held by the Great Lakes Pulp and Paper Co. "And in view of the fact that no substantial development has been made, or any successful move made to commence manufacturing, or to utilize

the Hydro-Electric power now being developed, by any of those to whom the limits were sold or assigned or are now held, this house is of opinion that, subject to compensation and repayment of all sums received by the government under the agreements, the title of the Great Lakes Pulp and Paper Co. and all other parties, to the Pic River and Black Sturgeon River limits should forthwith be canceled and the limits immediately advertised for sale on the express condition that development must commence immediately and that Hydro-Electric power be used."

**BANK RETAINS JUDGMENT.** The appellate court has dismissed the appeal with costs of W. J. Carson and others, guarantors to the Bank of Ottawa for the indebtedness of the Currie-Levaek Company of Ottawa. The trial judgment was for \$800 and \$600 interest.

**MERCHANTS FRAUDEDED.** Ebenezer Hancock was sentenced to 60 days at the jail farm by Judge Coatsworth yesterday for obtaining \$180 from merchants by false pretences.

**UTTERED FORGED PRESCRIPTION.** Judge Coatsworth yesterday fined Lawrence E. Sylvester \$100 and costs for uttering a forged liquor prescription in the name of Dr. J. T. Courville.

### "THE END OF ROAD" POWERFUL PICTURE

Shows What Social Service and Popular Appeal Can Do.

The uplift film is sometimes discounted because it is so much more popular than film. Propaganda sometimes falls to put itself over because it tries to jump too far out of the screen. "The End of the Road," which will be shown for five days in Massey Hall, beginning next Saturday, is a faultless example of what may be done by combination of social science which is social morality and popular appeal. Only an incurable brute could see it without deep appreciation of its object and its high utility. Only a silly fool, misplaced in man's or woman's holy estate, could fear to speak of it in terms of warm acknowledgment.

"The End of the Road" is the story of two girls, one of whom, in childhood, is told by her mother whence she came. The other has a prudish, but mercenary mamma. The first becomes a nurse, the second, in search of a husband, becomes a mistress, and a syphilitic. She is saved from the worst consequences of her folly, after she is shown what becomes of neglect—a powerful and repellent episode, but salutary, and restrained withal. The childhood incidents of the prodig are exquisitely portrayed, and

### HOUSEBREAKERS STEAL UNREGISTERED BONDS

Housebreakers entered the home of William J. Murray, 69 Constance street, and stole two \$500 Victory bonds. The bonds were not registered. Entrance was gained to the house by way of the dining-room window. Two rings and some watches were also stolen.

Entering the home of George C. Goebel, thieves stole a \$100 Victory bond, a wrist watch, diamond ring and necklace. A window was pried open by the burglars. Entering a house at 182 First avenue thieves stole \$32 in cash.

**HUSBAND'S AND WIFE'S WILL.** Probate has been granted to Henry J. Wriggle, barrister, and Agnes G. Saunders, of the late Albert Tompkins, gardener, and of his wife, Ann Tompkins, the latter of whom left an estate valued at \$18,259, in which she left a life interest to her husband. The husband's estate is valued at \$14,868. His property passes to his niece, Agnes G. Saunders, subject to the payment of three legacies of \$500 each.

**JUDGMENT REVERSED.** The appellate court yesterday reversed the decision of the county judge, who awarded \$500 damages to the parents of Antonio and Pappina Santaldi, thru their having fallen thru this ice covering the place where S. C. Denison of Napanee had been cutting ice and were drowned.

### CONVICTION QUASHED.

"Having regard to the unfairness of the whole proceedings, the conviction must be quashed, with costs to be paid by the magistrate," said Justice Maaten yesterday, in disposing of the appeal by Sam Hogan against a conviction for B.O.T.A. registered by Justices of the Peace Hunter and Rutten of Kingston. Immunity from an action for damages was granted the justices.

**\$10,000 VERDICT UPHELD.** The appellate division, yesterday, dismissed the appeal of the Toronto & York Radial against the judgment by which George M. Fell was awarded damages for \$10,000 for the loss of a leg in a collision while he was a passenger in one of the radial cars which collided with a motor truck last summer.

**ATTEMPTED THEFT.** One month at the jail farm was imposed on Gordon Seymour by Judge Coatsworth yesterday, for attempted theft of an auto.

### RATE OF EXCHANGE IS TO CONTINUE

#### Canada Will Be Unable to Borrow From Great Britain, Says Banker.

That the exchange situation is to continue, and that Canada will not be able to borrow advantageously in Great Britain for some time were two statements made by D. A. Cameron, manager of the Toronto branch of the Dominion Bank of Commerce, at a general meeting of the board of trade yesterday.

Mr. Cameron expressed the ideal condition is when exports balance imports and exchange between these countries is used as a bar. When a country exports more than it imports the excess of the exports over the imports must be paid in gold, and when it has no gold the credit is not good, an adverse exchange rate must be paid, which is the present situation between Canada and the U.S.A.

**Canada's Credit Balance.**

The speaker showed that Canada's export credit balance of \$200,000,000 on last year's trade was in reality an adverse balance of between thirty and fifty millions. Canadian exports to the value of \$1,200,000,000 are in the U.S.A., on which we have to pay annual interest charges of \$50,000,000. The Canadian has little to say to the U.S.A. except that he is disappointed of it, but he is extremely anxious that it should import luxuries.

"It will likely be a long time," he said, "before we can expect to be brought up to the high rate of interest, but we particularly on account of the adverse exchange rate which now prevails and which is likely to continue for some time between Great Britain and the United States."

### TERRIBLE CONDITIONS IN MIDDLE EUROPE

Lieut. Frank Connes, interpreter of the supreme court of New York, yesterday gave a vivid description of the conditions existing in eastern and central Europe. The occasion was that of the luncheon given to the members of the Canadian Jewish War Relief. Lieut. Connes has just returned from Siberia, where he is attached to the American Red Cross.

The announcement was made at the meeting, of which Leo Frankel was chairman, that Sir William Mulock had consented to act as honorary president, and Sir Edmund Walker as honorary treasurer of the relief fund. The objective for Canada is \$1,000,000, one-fifth of this sum being the amount set for Toronto.

Lieut. Connes, who was in Moscow when Kerensky was in power there, told of the deplorable conditions of the Jews in Russia. He stated that hospitals were conducted cruelly, and that 50,000 Russian prisoners were murdered in Germany. The speaker also referred to the conditions in Rumania, where, he said, starvation and pestilence were rife. Lieut. Connes concluded his address with an appeal for reference to the plight of thousands of Jews who were looking to Canada for deliverance from their suffering and starvation.

### DIAGNOSE AND TREAT, NOT JUDGE AND PUNISH

"The mission of the Toronto juvenile court is to diagnose and to treat, not to judge and to punish," declared Judge Mott yesterday, in addressing the Rotary Club at the King Edward Hotel. The judge said he thought a great step forward had been taken when convicted children under 16 years of age ceased to be looked upon as criminals, but as delinquents.

Judge Mott is somewhat anxious about his estimates passing the city council, as he has developed plans for the establishment of a juvenile court much on the lines of the famous Chicago institution. The judge hopes to have a staff including a medical man, a psychiatrist and a social worker to deal with the environment of each child. This department, the judge thinks, may develop into a school for parents, where fathers and mothers can receive advice in dealing with their wayward offspring.

### New Sleeping Car Service Between Hamilton and Montreal, via Grand Trunk Railway System.

Commencing Sunday, March 21st, from Montreal, and Monday, March 22nd, from Hamilton, Grand Trunk Railway System will inaugurate new Sleeping Car Service, leaving Hamilton daily, 9:20 p.m., arriving Montreal 7:30 a.m., and leaving Montreal 11:00 p.m. daily, arriving Hamilton 8:20 a.m.

For further particulars and reservations apply to the Grand Trunk Agent or C. E. Horning, District Passenger Agent, Toronto, Ont.

### RADIAL RY. LOSES APPEAL.

The Toronto and York Radial Railway appealed against a judgment of Justice Keenan, by which he awarded \$7,085 damages to Mrs. Annie Vaughan and \$175 to her daughter, Doris, for injuries sustained by them when two cars belonging to the company collided at Farman avenue. Yesterday the appellate division affirmed this decision.

### SPRING WEATHER HARD ON BABY

The Canadian spring weather—one day mild and bright, the next raw and blustery—is extremely hard on the baby. Conditions are such that the mother cannot take the little one out for the fresh air so much to be desired. If it is confined to the house, which is often the case, the baby is over-heated and badly ventilated. He catches cold, his little stomach and bowels become disordered, and the mother soon has a sick baby to look after. To prevent this, an occasional dose of Baby's Own Tablets should be given. They regulate the stomach and bowels, thus preventing or relieving colds, simple fevers, colic or any other of the many minor ills of childhood. The Tablets are sold by medicine dealers or by mail at 25 cents a box from the Dr. Williams' Medicine Company, Brockville, Ont.

### LEGISLATURE NOTES

Mr. Pinard returns to the subject of motorist gasoline. He asks the minister of public works said under the department of public works in commission for the use of that department of the government, commonly used by the minister of the crown or any of them; and if so by which minister for their own personal and family use?

John O'Neill will inquire what sums have been granted to ministers of the crown since the 13th day of November, 1919, for non-accountable expenses and what authority.

Serjeant-Major McNamara wishes to be informed how many appointments have been made to the various government departments since Dec. 1, 1919. How many of these positions have gone to returned soldiers?

Serjeant-Major McNamara will ask the government what efforts have been directed made on behalf of the Ontario government since Oct. 20, 1919, to promote the emigration of Ontario agricultural laborers from Great Britain. How many have actually been imported to date, and what cost per capita? What efforts have been made by the Ontario government since Oct. 20, 1919, to procure a sufficient number of resident Canadian citizens to engage in labor on Ontario farms for wages, and what conditions of service have been offered, and what wages? Is it the intention of the Ontario government to continue to induce agricultural laborers to emigrate to Ontario from Great Britain at the expense in part of the government?

Mr. Dewar asks for the names of all civil servants dismissed, retired, or re-elected, and whose positions have become vacant from any other cause, from the first day of January, 1914.

John O'Neill will ask the government upon what recommendation did the government act in the removal of E. W. Boyd from the position of judge of the juvenile court in the City of Toronto, and in making his appointment as magistrate-ordinary. Upon whose recommendation Mr. Boyd's successor was made?

It is the intention of the government to introduce legislation in the very near future providing for the appointment of a commission of probably five members, with power to fix the minimum rate of wages for women workers in the province.

The bill will provide for the establishment of wage conferences as a preliminary step to the commission interfering. These wage conferences will comprise an equal number of employers and employees with a neutral chairman appointed by the commission. The permanent commission will ratify the findings of the wage conferences if they consider the minimum wage established is sufficient in the locality.

If the wage conference is unable to come to a satisfactory arrangement, the commission will take action. The fundamental principle of the workings of the scheme will be to seek to establish satisfactory rates of wages without government interference.

L.F.O. members had a caucus yesterday when legislation to be brought down was discussed again. One of the matters particularly discussed was the new election act which the government intends to bring in.

It was decided that the government will conduct the hours of voting, and make it uniform all over the province. In urban and rural constituencies alike, the hours will be from 7 o'clock in the rural districts and from 7 till 8 o'clock in the large cities, the polling hours will be from 8 a.m. till 3 p.m.

Sir Adam Beck, Mayor Little and Ald. Bridges of London yesterday conferred with D. M. McLaughlin, chairman of the Ontario Railway and Municipal Board, concerning a possibility of a tie-up on the London and St. Catharines Railway system when the agreement between the company and the men expires on May 1.

The department sought information as to the powers of the Ontario Railway Board in the event of the cessation of the railway. The board were told that the board had full power to take over and operate the system, as was done in Toronto and Windsor last summer.

### T.M.A. BENEFIT.

The 35th annual performance of the T.M.A. was presented yesterday afternoon at the Grand Theatre, a packed house. An act from the Gayety Theatre opened the program and a number from the Star and the big show to a wonderful ending. Thru the courtesy of the actors and managers of the various theatres, headline acts and singing stars brought the big show to the Grand Theatre. The evening show at the Royal Alexandra. Their turns were well appreciated, especially the singing of Miss Dagmar, Roy Cummings and Billie Shaw, also came over from the Royal with an entertainment, 15 minutes. The Bennett Twins from Lewis are clever pair and they shared the bill with the top-notchers, Fluke O'Hara and company gave the first act of the play, "Down Limerick Way."

Mr. O'Hara's songs won the hearts of the crowd and they applauded him repeatedly. Tom Smith and Austin Ralph had a funny turn from Shea's Theatre, as did Moran and Alexander with the halcyon duo, Richardson, with Star and Mulvey from the Hippodrome. Their acts consisted of phonographs and singing and dancing. Miss Marie Mayne, prima donna at the Gayety, sang delightfully, accompanied with the pianist, and the piano, and her chorus from the Star put over a big musical success.

### WANT LOWER TARIFF.

Independent Labor Party Goes On Record as Desiring Material Change.

A meeting was held last night of No. 5 branch of the Independent Labor Party when a committee was appointed to attend the London convention. This committee will be composed of the following members: Andrew Glen, John Connor and Joe Marks, with Tom Ward as an alternative delegate.

A resolution was passed in favor of the independent labor party in the general tariff, with special regard to clothing and agricultural implements. The formation of a non-political tariff board, to consist of one laborer, one farmer and one business man, was also agreed upon.

### S. OF S. ENTERTAIN.

Under the auspices of the Sons of Scotland, Christie Camp, Riverdale, last night attended euchre party was held last night in Player's Hall, Danforth avenue. Refereements were served by the ladies' committee and prizes were awarded the successful contestants. J. Thompson, president, presided.

### STRUCK BY MOTOR.

Mrs. Hearst, 120 Denison avenue, was slightly injured last evening when she was struck by a motor car at Dundas and Augusta avenues. Russell W. 73 Aude street, driver of the car, drove the injured woman to her home.

15 to 31 King St. E.

## Of Special Note Among Today's News

### The New Spring Suit "Obey That Impulse"

Do it now. Don't delay the choosing of your Spring suit till the last hurried moment before Easter. Having made up your mind that the new suit is essential, why not make a choice while the variety is large and not limit yourself to a few styles?

Knowing at this time of the year the suit is the thing, and only what I spent for the time in our Suit Section looking over the new models so as to tell you of some of them.

Tricotine and serge are the favored materials, while navy blue appears the only color. Everything is navy blue. But so skillfully and artistically are embroidery, braids and other decorative touches used that all idea of sameness or monotony is avoided.

The popularity of the navy blue suit is not to be wondered at, for it is so adaptable to wear and just naturally finds a place in every woman's wardrobe.

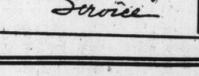

For the slim woman I saw many suits with long jackets, some with box coats and a few with blouses, with deep crushed belts, and other styles of fine French serge of navy blue with a contrasting back and was buttoned tightly down the front, giving a dress effect. Rows of white soutache cloth and motifs of apple green cloth trimmed the coat and skirt. Pronounced bell sleeves had edging; lining of navy crepe.

The embroidered suit on longer lines will appeal to the woman of more pronounced figure. One deeply slashed, with rat-tail embroidery forming panels on the bodice, tucked roll collar, double-breasted belt, coat sleeves, lining of marine. The skirt strictly tailored.

Another suit of the same material has deep scallops with same embroidery, and gay lining of navy blue. Others have fancy braids stitched with colored silk, making an unusual trimming. Several smart suits in navy blue have rows of flat silk braid on the front, and pockets of the same material, with a contrasting color, while again the braid is used as a binding, giving that tailored appearance that many people like in a Spring suit.

Just to let you know that here and there a suit of other than navy did appear. I will describe a sand-colored tricotine with a waistcoat of black with a deep blue embroidered in sand and taupe. The skirt was a speckled blue, with a contrasting color. The larger designs. This also forms a trim, and the panel handings and crushed silk.

The smartly tailored skirt is very narrow and fitted up. A careful selection of an Easter wardrobe is undertaken by our Shopping Service Bureau for any out-of-town reader.

### Two Sales of Compelling Interest to Women

Finest of Spring Suits for Women An 8.30 Sale of Smart Sports Coats for Women

MURRAY-KAY COMPANY, LIMITED

### STRUCK BY TRAIN, HURLED THRU AIR

Two Motorists Have Miraculous Escape From Instant Death.

Two men were hurled a distance of 100 yards at 7:50 last night when a motor car skidded and fell from the railway crossing on Bloor, near Lansdowne avenue, and was struck by an incoming train. Arthur Beal, 114 Summerhill avenue, driver of the motor car, and his passenger, were in the rear seat of the automobile, the more seriously injured. His left eye was so badly injured that it would be necessary to remove the eye. Beal is also suffering from head and flesh injuries.

Utni Burn, 191 Church street, driver of the motor car, escaped with a laceration on the forehead. From what the police could learn from the accident last night, the motor car, owned by the harbor commission, was traveling west on Bloor street. The gateman lowered the gates when he received the signal from the engineer of the approaching train. Balm applied the brakes of his car and the car skidded in thru the gates. The engine struck the car headlong and carried pieces of the car on the front of it for the distance which it took for the engineer to stop his train in.

### LOOTED FACTORY OF SERGE CLOTH

Second-Storey Workers, Make Get-Away With \$1500 Worth of Goods.

The home of Mrs. Lucy McLean, 32 Marmaduke street, was entered last night and ten dollars and cash and two rings stolen. Mrs. McLean and her daughter had been out visiting and on their return home at ten o'clock in the evening Mrs. McLean was attracted by a youth running out the front door of her home. She called to stop the thief and the man took up the chase. After a run of several blocks the thief managed to dart up a side lane and made good his escape. On entering her house Mrs. McLean at once telephoned for the police. The house had been ransacked from top to bottom and last night as far as she could make out only the \$10 and the rings were missing.

### Nice Second-Storey Workers.

Second-storey workers worked a successful job, when they broke into the American Cloak company premises at 92 Peter street and made a clean get-away with about \$1,500 worth of blue serge cloth. The factory is situated on the second floor and to get to the rear of the building it is necessary to climb over several fences. Placing a ladder against the window-sill the burglars climbed to the second-storey and breaking the lock of the window raised it and entered the factory. They evidently left by the same way with their booty. A motor car was reported to have been seen standing on Charlotte street, which is in the vicinity of where the robbery occurred and it is thought the thieves drove off with the cloth in this car. Just recently three men were arrested for breaking into the same factory. As yet no arrests have been made in connection with either of these thefts.

### SOMETHING NEW IN NAMES.

By deed poll registered at Osgoode Hall, William Burns divests himself of both his baptismal Christian and surnames. He elects to be named "Meriangs."

### VETERANS

Items of Interest to Returned Soldiers Will Be Printed in This Column if Phoned or Sent In.

### WATERLOO WILL HELP UNITED VETERANS

At the opening of the Waterloo branch of the United Veterans' League in Waterloo, Ontario, the mayor occupied the chair and stated that the local board of control have decided to make a grant to the league of sufficient money to open and furnish club rooms of their own. In the meantime the labor club rooms have been generously loaned to the branch for their use until such times as their own place is fitted up.

Mayor Speaks.

In his speech, the mayor expressed his dissatisfaction with the treatment that is being accorded returned men throughout the Dominion and stated that he was surprised at the toleration and patience of the veterans. Dominion President J. Harry Flynn addressed the meeting at some length on the gratuity issue and other matters of interest to the new members. Captain Rooney has been elected provisional president of the Waterloo branch.

### COL. C. READMAN DIES.

Montreal, Que., March 19.—Lt.-Col. C. Readman, commander of the Fourth Canadian Cassars, died this morning in Notre Dame Hospital. Col. Readman saw war service with the first contingent, being a major in the forty-first regiment. He organized the 167th (French-Canadian) regiment.

### U.V.L. FOOTBALL CLUB.

The football club of the United Veterans' League held a business meeting at their headquarters on Friday night, when the following officers were elected: President, R. H. Johnston; secretary-treasurer, J. V. Cook; trainer, S. A. Forbes. All players will be expected to be in attendance next Wednesday at the Central Y.M.C.A., where training will be commenced in earnest. A hearty welcome will be extended to all prospective players on that occasion.

### ARMY AND NAVY VETERANS.

A large company assembled last night at the S.O.E. Hall, Bert street, for a euchre party and dance in aid of the funds for the band, which has recently been formed. Under the baton of Commander Chessell, they performed their selection with a creditable manner, and the dancers were free with their applause.

### PETITION FOR GRATUITY

Ottawa, March 19.—(By Canadian Press.)—Further notice was given at a meeting of the Ottawa branch of the United Veterans' Association today by W. D. Ender, North Waterloo. The petitions from different sections of the country are becoming almost a daily item in the commons, another having been introduced yesterday by W. Smith, South Ontario.

### HAVE 3000 MOTIONS FOR DOMINION G.W.V.A.

Montreal, Que., March 19.—The resolution committee of the Great War Veterans' Association today began its work of consolidating the numerous resolutions from the different branches which will be considered at the annual convention, beginning here March 22. Something like 3,000 resolutions have been sent in. These will be boiled down to about 80, with several clauses in each. The committee consists of one delegate from each province. On Saturday a meeting of the Dominion executive will be held and many important new policies will be considered by it.

### WEST ENDERS WANT STADIUM.

Willowdale Park, On Bloor Street is Suggested as Desirable Site.

At a meeting of the Bloor-Bathurst Business Men's Association the matter of the location of the Stadium was discussed at some length. The debate led to the conclusion that Rosedale residents do not want the stadium, should not have it, and, apparently, will not get it, and Willowdale Park was suggested as an alternative. According to the business men Willowdale has by far the superior claim and possesses all the characteristics that should qualify a district for selection as the site of the proposed stadium. Accessibility and the fact that it would not interfere with the business of the residents seem to be the principle reasons in the Willowdale platform.

### RUB RHEUMATIC, ACHING JOINTS AND STOP PAIN

Instant Relief With a Small Trial Bottle of Old "St. Jacobs Oil."

Rheumatism is "pain" only. Not one case in fifty requires internal treatment. Stop druging! Rub soothing, penetrating "St. Jacobs Oil" right into your sore, stiff, aching joints, and relief comes instantly. "St. Jacobs Oil" is a harmless rheumatism liniment, which never disappoints and cannot burn the skin.

Limber up! Quit complaining! Get a small trial bottle of old, honest "St. Jacobs Oil" at any drug store, and in just a moment you'll be free from rheumatic pain, soreness and stiffness. Don't suffer! Relief awaits you. "St. Jacobs Oil" is just as good for sciatica, neuralgia, lumbago, backache, sprains,

### ARMY AND NAVY VETERANS.

A large company assembled last night at the S.O.E. Hall, Bert street, for a euchre party and dance in aid of the funds for the band, which has recently been formed. Under the baton of Commander Chessell, they performed their selection with a creditable manner, and the dancers were free with their applause.

The Toronto World

FOUNDED 1893.

Sunday World—4c per copy, \$2.50 per year, by mail.  
To Foreign Countries, postage extra.

For Toronto.

Sir Adam Beck looks for a showdown next week about the primary radial situation of Toronto, which, if it is the right showdown, should be the first great step in the transportation and reconstruction of the city. It has been known for some time that negotiations were on with the Mackenzie interests, looking to the acquisition of the Metropolitan and the Toronto and York Radial lines by the Hydro, the lines to become part of the great system of the province on which Sir Adam has been at work for several years.

Sir Adam Beck tells us that the Mackenzie interests are hard to negotiate with. They appear to have been reluctant to supply all the information the Hydro requires. It is a pretty safe guess that this information relates to the amount that should be written off for depreciation since the lines were built.

It would be possible, of course, to buy almost any line on its apparent book value—the sellers' terms—but even supposing properties were estimated at amounts roughly corresponding to what it would cost to place them under the much higher prices of labor and material which the war brought about, it is equally, if not more, important that proper allowance should be made for past wear and tear. Few railways were maintained during the war period in the structural efficiency which must obtain during normal times.

It is contended that fifteen years is a good lifetime for an electrical system. Under an ideal condition of public ownership, probably depreciation might be written off at 10 per cent. per annum, but perhaps it would be too much to demand that, at the end of the ten years, a public utility should be run upon the assumption that it cost nothing.

Privately-owned railways do not proceed upon that basis. Otherwise the case for paying dividends on original capital would not look good to actual or prospective investors. Naturally, the Mackenzie interests try to get all they can for their properties, and to some extent, they may be expected to give way to the temptation of which railways have always complained—a temptation of the owner of land which it is desired to cross, to place fancy values upon his property and upon the damage he would sustain thru steel rails crossing it.

There is another side to the Beckification of the Mackenzie electrical interests of Toronto and vicinity. Sir Adam's slogan is "all or nothing." In the absence of anything from Sir William Mackenzie, it may, perhaps, be assumed that "all or nothing" may cut both ways. It is scarcely likely that with the impending disappearance of the Toronto Railway Company, and the desired public ownership of the radial lines, the Mackenzie interests will remain in the electrical business in Toronto.

Sir Adam has not yet stated whether he is negotiating to buy the Toronto Power Company, including its great plant at Niagara Falls and its transmission lines. It would appear that he is not figuring on this, because he intimated that by the time Toronto is ready to take over the street railway power for running it will be supplied from Chippawa Creek, and the immense plant that is under construction at Queenston.

It looks as if the demand for power for industrial, as well as municipal and railway purposes, will continue rapidly to increase. Sir Adam is confident that it will. He may be figuring on showing that for a time at least it will be possible to meet the need from Chippawa, and thus get the Toronto Power Company's plant and equipment at a lower figure than the Mackenzie interests would now be willing to accept. Whatever the details, the first requirement is a showdown—a public showdown. That is the best way, indeed, the only way, to do the right thing for Toronto.

Recovery Impossible?

Sir Adam Beck has let a little light into the difficulties that have beset the use of public water powers for public purposes. The Hydro is selling power in old Ontario at an average price of \$18 per horse power per annum. In the north, where private exploitation has had too much of its own way, some mines are paying as high as \$10. Sir Adam makes it clear that he blames the government of which he was for many years a member for an unnecessary attention of public assets.

There are two ways of finding out just what has been done in the north and why. Sir Adam Beck can tell the inside story of his difficulties with a government which he felt compelled

to leave, or the Drury government may delve into the files and reconstruct the story from the written evidence.

But evidence of the sort the public looks for is not committed to writing more than is absolutely necessary. The motto of some of the old line politicians has no doubt been observed by the old line exploiters—"Don't write—Send." Another saying may be useful when it comes to preventing repetition of past errors, and, perhaps, to recovering some past losses. It is: "Don't beat about the bush—Tell."

The era of secret diplomacy is past. Mr. Drury likes openness. Here is an opportunity of getting it—even if it comes a little late, and neither opposition leader may press for it.

Kapuskasing.

The penultimate chapter in the story of Kapuskasing appears to have been concluded with the submission of the Nickle Commissioner's report on the ill-starred soldier settlement colony. This commission is to be congratulated so promptly reporting. It has achieved what is probably a record of celerity in transacting public business. So far the Drury government has accorded.

Very critical persons are saying that the Hon. Mr. Ferguson should be driven from public life because of the failure of the costly Kapuskasing experiment. That would be a harsh judgment, however much the former minister of lands and forests may deserve criticism. If miscalculation as to the cost and efficiency of a great public venture should drive men from public life, where would Mr. Fielding and the members of the late Laurier government be in connection with their colossal blunder about the expense of the National Transcontinental-Grand Trunk Pacific scheme?

The Hearst government undoubtedly hoped to gain political kudos from Kapuskasing, and Mr. Ferguson has always had his four eyes skinned for political advantage. Two fundamental mistakes were made which ought never to be repeated. If a soldier's settlement colony had to be planted in northern Ontario, it should have been done in a locality where farming has already been proved a success. Any quantity of land is available far nearer than Kapuskasing to agricultural markets. If this had been used, climatic conditions could not have been blamed for failure.

The other blunder was equally as serious and equally blameworthy. It was foolish to put men on northern lands—as it is to put them on any land—without taking much care to ascertain their suitability for pioneer life. But apparently the governmental officials, anxious to make a spectacular settlement, failed to master this elementary condition of success. Because a man who has been most of his life in a city beautifully dreams of a nice little farm, well tilled, and imagines that pioneering quickly becomes a matter of reclining upon his own vine and fig tree, is no reason for allowing him to go to such a place as Kapuskasing.

In every province, including the prairie provinces, where it is much easier to put lands under cultivation than it is anywhere in Ontario, there are thousands of farms which were first settled by people who abandoned them because they were not to the pioneering manner born.

Pioneer with ax and plow requires qualifications which few men possess. Experience is not absolutely essential, but under modern conditions inexperience is entitled to a degree of guidance which very seldom accompanies in land settlement ventures. It is no use blaming unsuitable people for falling at a job which is peculiarly difficult, laborious and enduring.

The experience of the soldiers' colony may be worth while if it is really appropriated by the government and land settlement is put on a sane and scientific basis.

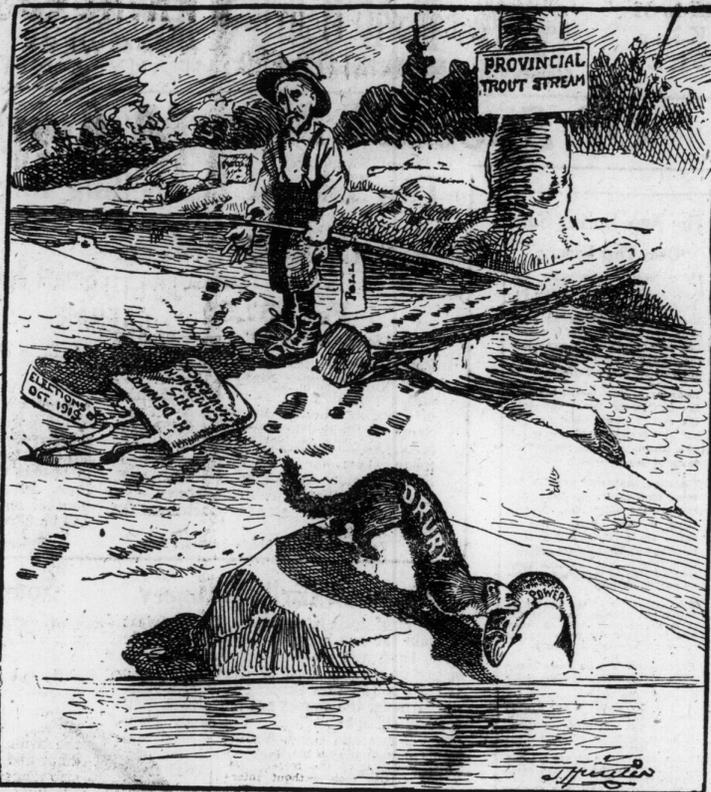

Waiting for Action.

Premier Drury could set an example to the Dominion government in getting quick action in the Hydro radials. It is some weeks since it was thought the Grand Trunk would be doubled-up with the National Railways, but there is a hitch at Ottawa and it may be some time, notwithstanding the ratification of the agreement by the Grand Trunk shareholders, before there is a direct passenger train service between Toronto and Ottawa over Grand Trunk and National.

In the case of the Toronto and Eastern, Mr. Drury must see that early action by his government is the surest way to give relief to the situation complained of at Oshawa. The same is true in regard to the street railways at the border towns being put under public ownership. This was promised months ago; but is there a hitch anywhere between the Hydro Commission and Queen's Park?

PLAN ESTABLISHMENT CANADIAN AIR FORCE

Ottawa, Ont., March 19.—Plans for the establishment of a Canadian Air Force are being worked out by the air board with the concurrence of the government, and the requisite legislation and appropriation will be brought down during the present session. The first appropriation is estimated to be around \$1,000,000. Hon. A. L. Sifton, vice-president of the air board, which is behind the plan, has outlined the regulations regarding aerial services.

MR. GUTHRIE: That ought to land the beauties. Eh, what?

UNABLE TO REDUCE HIGH LUMBER PRICES

Sir George Foster Tells Western Members Government is About Helpless in Matter.

MIGHT AID SMALLER MILLS

Ottawa, March 19.—(By Canadian Press).—That the Dominion government, while anxious to seriously consider any suggestion that might help the smaller mills to increase their output, but it was pointed out that such mills would have by this time laid out their logging plans and would not be in a position to increase their output for at least another 12 months.

One telegram from Prince Albert stated that the prices there had increased to the extent of 35 per cent. in the last 12 months, and that like a corresponding increase in the cost of production. This was due, it was pointed out to the abnormal demand from across the border, and also pointed out that western lumber men had been, for the past two or three years, urging Canadians to buy instead of wait for a fall price, which has not materialized and which is not likely to do so for at least another two years.

Drop in Winnipeg Prices. Comforting tidings were brought, however, in a new report from Winnipeg that lumber had dropped \$5 per thousand feet within the last few days. The cause of this drop, it was stated, was the inability of the Canadian Pacific Railway to provide cars to ship the lumber south, and the compelling manufacturers to sell their product at home.

Asked if they would favor an embargo, several members stated that this was the last thing they wanted to do. "But," they added, almost ominously, "we must have lumber this spring; in fact, we must have it right away if we are to keep things going." The speaker was sending telegrams pointing out the increasing seriousness of the situation, and he is helping the matter up with the government to see if there is any possible way of obtaining relief. The prices are simply prohibitive.

It was declared that there is approximately \$20,000,000 available for investment in building in western Canada alone this year, if sufficient lumber could be got at reasonable cost. "But nobody will attempt to do anything while the prices are so high," said a member of the deputation.

Man Terribly Lacerated By Falling Against Saw. Belleville, March 19.—(Special.)—Marshall Howard, of Crookston, Hastings County, was on Thursday the victim of a terrible accident. He was assisting his father sawing wood when he suddenly fell against the saw, with the result that he was terribly lacerated from his knee to his shoulder. The side of his face was also badly cut, and required between six and seven stitches to close up the wounds, which were very deep. Had it not been for the fact that he was slowing down he would have been cut in two.

WINNIPEG CLAIMS 27,158. Winnipeg, March 19.—Greater Winnipeg has a population of 27,158, according to the new city directory, issued today.

WORLD'S DAILY BRAIN TEST

BY SAM LOYD. 6 Minutes to Answer This. No. 140. This double matrimonial affair suggests in puzzle form the name of a yellow flower. What is its name?

HEARING CONCLUDED IN NEWSPRINT CASE

Decision in Price Bros.' Appeal Affects Federal Right to Fix Prices.

Ottawa, March 19.—(By Canadian Press).—Hearing was concluded this afternoon in the supreme court of Canada in the application of Price Brothers and Company to have declared unconstitutional an order issued by the board of commerce of Canada, fixing price and disposition of newspaper paper manufactured at Price Brothers' mills in Quebec. Decision in a few days should be forthcoming.

WANT QUEBEC PROBE OF LIQUOR SITUATION

Dominion Alliance Charges That Province "Reeks With Drunkenness."

Montreal, March 19.—A vigorous denunciation of the manner in which the liquor law is administered in the province of Quebec was the gist of an address given by Thomas G. Woods this afternoon before the convention of the Dominion Alliance in the Emmanuel Church. Mr. Woods said Quebec was "reeking with drunkenness." He also claimed that more liquor than ever before was being sold, and that the Quebec government was condoning the sale of liquor. He had had different beers and ales analyzed, he said, and had found that they contained from 2.7 to 7.5 per cent. alcohol. Mr. Woods named liquor stores in which he had been able to procure whiskey by merely asking for beer, and also claimed that the liquor traffic in Montreal. In his presidential address, S. J. Carter demanded an investigation or a royal commission.

READY TO PRESENT FLEET TO CANADA

Jellicoe's Report Shows Britain Prepared to Give Warships Already Built.

Ottawa, March 19.—(By Canadian Press).—Examination of the report of Admiral Jellicoe, recently tabled in the house of commons, shows that the British government is prepared to present to Canada a fleet of ships which at pre-war prices, would be worth \$18,500,000, and at present prices would have a much higher value. These vessels, as indicated in table number four of the admiral's report are as follows:

One light cruiser, four torpedo boat destroyers, eight patrol-boats, one flotilla, leader, eight submarines and four mine-sweepers. In connection with the gift of these vessels, the suggestion of Admiral Jellicoe is that the necessary expenditure to give Canada a small navy, which would be necessitated by capital outlay, would therefore, appear to be about \$4,500,000 annually.

Admiral Jellicoe's scheme provides for an increase by construction of new cruisers in Canada, but this need not be undertaken until the finances of the country would warrant it.

OSGOODE HALL NEWS

Second Divisional Court; Peremptory list for Monday, 22nd inst; Buckley v. Toronto Railway; Antiknap v. St. Catharines; Scamion v. Liquid Carbonic; Prozella v. Wilson; Rex v. Zura; Rex v. Ollikkala; Paton v. Fillion.

THE GIRL WHO SMILED THRU

By MARION RUBINCAM

BLANKNESS

CHAPTER 38. So a week passed—a week when there was no laughter in the gray, blue eyes, and no smile about the mouth of the girl the children called "The Happy Lady." Alice could make no pretence of business. She said: "It's just as she had died." Clara said to Mrs. Fairbanks one afternoon. It was a hot day in early August, and Alice was standing in the vegetable garden among cornstalks tall, and she was, and beans that leaned their glossy dark green weight upon long poles. A glimpse of her cotton house dress and her blue sunbonnet could be seen now and then as she walked about.

"She hasn't much life or spirit," Mrs. Fairbanks said. "There's one thing about her, the Clara. She used to be so afraid I might work, or make an unnecessary movement that she fairly had me wrapped in cotton wool. Whatever I wanted to do, she was there ahead of me to do it first. And that wasn't good for me. She's been indifferent about things lately, and I've had a chance to prove I can still be physically useful."

"Well, that's good, anyway," Clara said. Alice came around the house with a basket on her arm, laden with vegetables, her cheeks scarlet from the exercise and heat. She had, for once, tucked up neatly under her bonnet. She dropped on the steps of the porch to rest, and smiled mechanically at her chimney.

"Want to go to a party at the Ovens?" Clara asked. "Mrs. Oyen asked me to bring you. She's telephoning around to get up a dance tonight."

"No, I don't want to go, thanks," Alice answered, listlessly. "Clara did not urge. Ordinarily, Alice would have been enthusiastic over any such little affair. She loved people and lights and life, and there was very little entertaining among her friends, and very few chances of amusement in the little town."

That afternoon, late, when it had cooled a little, Alice walked over to Shanty town to find her little friend, Peppita. The little crippled girl held out her arms as usual, and hugged Alice with all the enthusiasm that only a 12-year-old girl can feel for an older woman.

"I'm happy today, Happy Lady," she announced, her black eyes dancing merrily. "That's good," Alice said, with surprising indifference. She was usually in hearty sympathy with all the tiny pleasures that came the way of this little girl.

ed; judgment to be entered for plaintiff for \$725 and costs. Counter-claim of defendant dismissed with costs. Costs thrown on high court. Montreal v. Ontario Asphalt Co. Appeal allowed; reference directed to master for valuation to ascertain and report as to lasting value of lands made by the respondent on the lands in question and as to the amount by which the value of the lands has been enhanced by such improvements and reserving further directions and costs till after master's report.

Shaw v. Hossack; W. J. McCallum for plaintiffs moved to commit defendant Hossack for refusal to attend for examination and to produce certain books and papers; D. J. Coffey for defendant. Order directing Hossack to attend for examination and to produce books. No order as to costs.

Clarkson v. Davies; A. C. McManis for defendants, Dunn and Crawford moved for leave to appeal from order of Lennox, J., 16th inst., and to stay all proceedings in Young v. Davies; J. W. Bam, K.C., for liquidator. Re Hamilton infants; F. Roney for applicants moved for order for production of children on motion for custody of children; judgment to be entered for plaintiffs for \$2,323.11 with interest from October, 1918, and costs reserved.

Riches v. Riches. Argument concluded on yesterday and judgment reserved.

Winnipeg, March 19.—That the challenge to Canada's status in the league of nations constitutes a very real problem was the statement of J. W. Daffoe, who was Canada's press representative at the peace conference, in addressing the Winnipeg Canadian Club yesterday. The situation, he continued, showed the necessity for Canada to bring her imperial and national status into harmony and to square the facts as to the imperial relationship with the apparently contradictory records.

J. W. DAFOE SPEAKS ON CANADA'S STATUS

Winnipeg, March 19.—That the challenge to Canada's status in the league of nations constitutes a very real problem was the statement of J. W. Daffoe, who was Canada's press representative at the peace conference, in addressing the Winnipeg Canadian Club yesterday. The situation, he continued, showed the necessity for Canada to bring her imperial and national status into harmony and to square the facts as to the imperial relationship with the apparently contradictory records.

FIVE LIVES ARE LOST IN ST. JOHNS FIRE

St. Johns, Que., March 19.—Five lives were lost in a fire which destroyed the residence of Philippe Lariviere, 24 Queen street, St. Johns, last night. The victims are: Mrs. Philippe Lariviere, aged 29 years; Salim Besette, her brother-in-law, aged 30; the three Lariviere children, one aged four years, one three and the third an infant. The house was a double two-story tenement. The fire started in the sleeping quarters of the Lariviere house, presumably by the explosion of an oil lamp attached to the wall.

LETTER CARRIERS' NOTABLE SESSION

Transact Considerable Business Amid Really Calm Deliberations.

A. E. Hull, financial secretary, Letter Carriers' Association, in his report to the delegates to Ottawa on recent meeting stated that last night's largely-attended meeting of the association at 50 E. Main street, Dr. Kocoube and the civil service commission had recommended that if the house carried these recommendations the carriers would receive a maximum of \$1200 a year, provided that they had received maximum salaries for at least five years.

London, March 19.—Winston Spencer Churchill, the war secretary, today added fuel to the political conflagration started by the proposal of Premier Lloyd George that the Coalition Liberals and Unionists unite into a new party to oppose Labor and extremists.

In an article in The Evening News Mr. Churchill reiterates the premier's call of yesterday and characterizes the so-called Socialist party as the most dark and formidable menace with which British civilization is confronted.

In the meantime, Andrew Bonar Law, the government leader, is making a speech also upholding the coalition. Labor has been quick to accept the challenge, and Labor statements today indicate that the Laborites are prepared to fight to the bitter end to determine which party shall hold power in the government.

Mr. Hull asked Dr. R. M. Coulter, assistant postmaster-general, what was done respecting needed reduction in road taxes. The question of seniority for promotion, the hours of starting work in the morning, and the reduction of railway fares to postal employees on their annual holidays, the replies he received were mainly noncommittal, and in many cases passed the buck on to Postmaster Lennox, Toronto.

Mr. Hull expressed himself as strongly protesting against the lack of sufficient men on route work in the city, a lack which necessitated carriers carrying loads of 90 pounds in many cases. Said one man: "The Roberts' rules of orders, in this case of the rulings of the civil service commission distinctly point out that no carrier is to carry more than 35 pounds a load. That is explicit and self-explanatory. If your load is larger, leave the surplus on the table, and go without them." It was pointed out that the excess loading was really responsible for the delays in delivery of important mail in future, so it is expected, carriers will carry only 60 registered letters a trip.

The association decided to increase the dues for membership to \$1.50 a quarter. The following men were nominated for the position as delegates to the biennial convention which is to be held at Peterboro this year: E. V. Browning, H. Crocker, Henry Bandy, M. Pyatt, C. J. Onley, C. J. Saunders, P. J. O'Neill, Sam. Mayes, A. E. Hull, John R. Reeves, R. H. McDonald, R. H. Cox.

It was resolved that, whereas about 90 per cent of the returned men are of the wage-earning class, the convention pledge its moral support to labor in all their just demands and use influence to discourage veterans from taking places of striking workers, or remaining at work where reasonable strikes are declared. Another petition requests the government to enact legislation making it a civil offence for any employer to take advantage of employees receiving pensions in fixing their wages.

E. D. O'Flynn N.W. President. Comrade E. D. O'Flynn of Belleville assumes the presidency of the provincial command of the G.W.V.A. The following five delegates were nominated for the position: R. A. McKessock of Sudbury, J. Hossack of Westboro, O. E. Wilson of Toronto, C. E. Jenkins of Belleville. The first nominees withdrew. Comrade O'Flynn succeeds Comrade C. E. Jenkins of Brantford. The election of Comrade O'Flynn was unanimous.

This afternoon R. Harrison of Windsor was elected first vice-president and J. Hossack of Westboro second vice-president. J. Payne of the West Toronto branch introduced a resolution calling for the resignation of Secretary W. E. Turley. The resolution was overwhelmingly defeated. The convention endorsed the work of the board of commerce and expressed the hope that it would continue with a broadened scope. The government will be asked to provide means of securing long-term loans for veterans purchasing homes, independent of any municipality and the administration of this be under the soldiers' settlement board.

## MONTREAL COLLEGE EASY FOR RED RING

Loyola College Defeated Sixteen to Four in Junior Semi-Final.

The second eastern Canada entry for Dominion hockey honors has made the journey to the Queen City and departed. Of course no honors went with the travelers. Loyola College, who won the right to play in the O.H.A. Memorial Cup series by defeating all the talent in the east, were defeated by Toronto Canoe Club Juniors, 16 to 4, in a sudden death semi-final game at the Arena last night.

The local team are now ready to meet Kentville, the best that western Canada can produce, in the finals, which will be staged Tuesday and Thursday nights of next week. Loyola College presented a fair forward line last night, but their defence that knew nothing about stopping puck was a good article and with any protection would have looked fit for good company.

In Benard the visitors showed a clever stick-handler and his work drew applause time after time. Kelly was another that was noticeable. He packed a wicked shot, but the whole Loyola team were strangers to body work, and all a forward needed to do was to slip around and the sealing was clear.

The whole paddler team were clever. They had a good workout at the passing game in preparation for the finals and could have added even more goals if they had felt inclined.

The teams:

T.C.C.	Loyola College
Winters	Goal
Konischer	Defence
Appelbach	Defence
Burch	Centre
Wright	Right
McCurry	Right
McLennan	Sub.
Kinston	Sub.
Referee	W. J. B. Bux.

The summary:

1. Loyola	2.00
2. T.C.C.	1.00
3. T.C.C.	0.10
4. T.C.C.	2.00
5. T.C.C.	3.00
6. T.C.C.	2.00
7. T.C.C.	2.00
8. T.C.C.	2.00

### GOOD ICE FOR OTTAWA-SEATTLE.

Ottawa, Ont., March 18.—Unless there is a remarkable change in the weather within the next twenty-four hours, the Ottawa and Seattle teams will fight it out over a good sheet of ice at the Arena next Monday night, in the first game of their series for the world's championship and the Stanley Cup.

### NICK BAWLF PICKS VARSITY.

Kingston, Ont., March 18.—Nick Bawlf, the well-known coach, picks Toronto University hockey team as the Allan Cup. He says that university teams are hard to beat, and that in his opinion, Varsity has this season displayed the best form of any of the competing teams.

### CAMBRIDGE SHOULD BEAT OXFORD.

London, March 18.—Captain Allan Poynton, a well-known Toronto varsity man, who has seen both the university teams at their preparatory work for the race tomorrow week, says that Cambridge, with four of last year's winning crew, including stroke and number seven, show considerably better form than Oxford. The combined coaching of Steve Fairbairn and Arthurton should give them the victory. Hartley, the Cambridge stroke, has developed a chill.

## CANADA'S HOCKEY TEAM TO BELGIUM

Sail for Antwerp on April Third—Should Win a Title.

The Allan Cup winners will sail from St. John's, N.B., on the steamer Melita, on April 3, to represent Canada at the Olympic games. Secretary W. A. Hewitt of the O. H. A. will accompany the team as the official representative of the O. H. A. and the A. A. U. of C.

The hockey series will be staged in Antwerp from April 20 to 30, and the Canadian team should be in Belgium about a week before they meet the world's best hockey without substitutes will prevail.

This looks like Canada's best chance to win a world's title, and the winners of the Allan Cup are looked upon as the world's best at amateur hockey.

## Granites and Sudbury Play Again Tonight

Sudbury and Granites stage the second act of their great tussle at the Arena tonight. Another full house will be the order, with all the seats disposed of last Wednesday. The bleacher doors open at 7 o'clock. About two thousand will be accommodated there. The standing room crowd enters Dalhousie street, with the doors thrown open at 8:15.

The Bank League are preparing for the finals. Next week will see hockey on its last legs, and the bankers want to get things cleared up. With this end in view, Commerce and Dominion have been ordered to decide their group at the Arena this afternoon. These teams are tied at the top of Group 1, and in their two previous meetings to games to decide the winner. Summary:

Granites	3
Sudbury	2
Commerce	1
Dominion	1

## DENTALS BEAT PITTSBURG.

Pittsburg, March 19.—The Toronto Dentals defeated the star hockey team of the Pittsburgh Athletic Association tonight by a score of 5 goals to 4, an extra period of ten minutes being necessary to decide the winner. Summary:

Dentals (G.)	5
Pittsburg	4

## Jess Willard Would Fight; Does Not Draw Color Line

Lawrence, Kas., March 19.—A warrant for the arrest of Jess Willard, former heavyweight champion, for disturbing the peace, was sworn out today by Fred Logan, a negro policeman. Willard tried to pass with his automobile a wagon driven by Logan, says the latter, and when he failed, called the constable names and challenged him to a battle. Logan declined.

Aston Rovers will hold a special meeting on Monday evening at 8 o'clock in Room 5 of the Central Y.M.C.A. building, College street. Special business is to be put before the meeting for discussion, and it is in the best interest of the club that every member make a special effort to attend.

# Boxing Tournaments at U. C. C. Athletics Central 36 West End 23

## ALL KINDS OF BOUTS ON THE FIRST NIGHT

Pittsburg Boxers Win Their Four Starts at the International Tournament.

Sixteen bouts were decided at the international boxing tournament at Riverdale Arena last night. As usual, the first night provided all kinds of bouts—good, bad and indifferent. The visitors from Pittsburg cleaned up all four bouts in which they were entered, but they are likely to strike some snags before they finish, Monday night. Owing to the long program, only the 135-pound class was limited, and the large crowd went away satisfied with a good evening's sport.

**100-Pound Class.**  
Pifflet, Maitlands, won in clever style from McConkey, Classics.

**110-Pound Class.**  
Griss, Classics, lost to McGrath, of the Riverdales.

**120-Pound Class.**  
Proctor, Classics, won in the second round from Wallace, and Edward, St. Charles, put up a rattling good battle, but the Pittsburg was always the best, and carried the decision.

**135-Pound Class.**  
Poole, of the Classics, made it interesting for Wagman, Riverdales, Wagman won by a straight left and a wicked right easily won the decision.

**145-Pound Class.**  
McCarthy of Galt, dropped back from the 135-lb. class and took on Grimshaw, a portlander, of the Riverdales. The Galt boy gave the Riverdale youth a bad beating.

**155-Pound Class.**  
Green, Riverdales, was no match for Zivic of Pittsburg, and the referee stopped the bout in the first round.

**165-Pound Class.**  
Brooks of Riverdales looked all over a winner against Mogg of Galt for two rounds. In the third the Galt boy came out a terrific grueler from Stratford, and won by a straight left and a wicked right easily won the decision.

**175-Pound Class.**  
Cliff Graham had no difficulty in stopping Hancock of the Classics in the first round.

**Walter Newton** made a brave showing, in the final of the annual boxing tournament. He defeated Mogg of Galt for two rounds. In the third the Galt boy came out a terrific grueler from Stratford, and won by a straight left and a wicked right easily won the decision.

**Alkens of Classics** put it all over George of Riverdales and the referee stopped it in the third round.

**McKay of Classics** was putting up a nice bout, and had a slight lead over Rooney of Pittsburg, when his knee went bad in the second round and he had to stop.

**Jenkinson, Riverdales**, had it on Dunsmore of the Classics.

The referee decided that McFadyen of the Classics had furnished his share of the entertainment after he had faced Chris Newton of the Riverdales for two rounds, and stopped the bout.

**100-Pound Class.**  
Pifflet, Maitlands, beat McConkey, Classics.

**110-Pound Class.**  
Griss, Classics, beat Galt, Classics.

**120-Pound Class.**  
Proctor, Classics, beat Wallace, Classics.

**135-Pound Class.**  
Poole, Classics, beat Grimshaw, Riverdales.

**145-Pound Class.**  
McCarthy, Galt, beat Grimshaw, Riverdales.

**155-Pound Class.**  
Green, Riverdales, beat Zivic, Pittsburg.

**165-Pound Class.**  
Brooks, Riverdales, beat Mogg, Galt.

**175-Pound Class.**  
Cliff Graham, Classics, beat Hancock, Classics.

**Walter Newton** beat Mogg of Galt for two rounds. In the third the Galt boy came out a terrific grueler from Stratford, and won by a straight left and a wicked right easily won the decision.

**Alkens of Classics** put it all over George of Riverdales and the referee stopped it in the third round.

**McKay of Classics** was putting up a nice bout, and had a slight lead over Rooney of Pittsburg, when his knee went bad in the second round and he had to stop.

## RECORD PRICE FOR TROTTER

New York, March 19.—The sale of Hope Frisco, an 11 month old black filly, for \$13,000, was announced here today as the record price for a trotter of her age. She was bought by Thomas W. Murphy, a prominent grand circuit driver, who was said to be acting for R. J. Reynolds of Winston-Salem, N.C.

Hope Frisco is a daughter of St. Frisco, 2:04 1/2, Lu Princeton, 2:01, and other noted horses. The trotter was back in direct line to Clara, dam of Dexter, 2:17 1/2, champion trotter of fifty years ago.

## Toronto Irish Again To Play British Rugby

The Toronto Irish Rugby Football Club is taking a leading part in the strenuous effort which is being made to revive interest in British rugby in Toronto, and the executive of the club is desirous of increasing the membership of the organization with a view to putting on the field, when play starts, a team or teams which will be creditable to the tradition of the club and of Irish rugby in general.

Before the outbreak of the war the club had two teams playing, and both of them gave good accounts of themselves in the league and in the cup games. In the cup competition they reached the semi-final, and in the league table they finished high. In common with the other rugby clubs in Toronto, the Irish Club's members enlisted early in the big game, and the club lost a large number of its playing members and officials through deaths in action and from wounds. Those who have returned are just as keen as ever, having played the game in England and in France with various military organizations. The club has already been able to welcome some of these men back to the club, and a still larger number, consequently, all Irishmen who have played the game at any time are invited to join the club, either as playing or non-playing members, and Irish-Canadians are cordially invited to come along and learn the game. Information regarding the Toronto Irish Rugby Football Club will be given gladly by W. T. Freeman, P.O. Box 202, Toronto, Phone Main 6930 and Beach 2472.

The annual general meeting of the club will be held shortly, and an announcement will be made in the press at an early date.

## MITCHELL AND DUNCAN PASS UP THE VISIT

New York, March 19.—Official confirmation that Abe Mitchell and George Duncanson, the British professional golfers, had declined to visit Toronto and play in the Inter-Church Golfers' Association tournament, was received here today. Mitchell and Duncanson were expected to visit Toronto and play in the tournament, but they have decided to pass up the visit.

The Inter-Church Golfers' Association tournament, which is being held at the Royal Victoria Golf Club, will be held on Monday and Tuesday next. Mitchell and Duncanson were expected to visit Toronto and play in the tournament, but they have decided to pass up the visit.

## BASKETBALL

In the Inter-Church Basketball League juvenile series last night, Simpson Avenue A beat Simpson Avenue B by 37 to 12.

THE ROSS STABLE HAS FOUR RIDERS

Sande, the Star Rider, With Nolan, Wessler and Veitch.

Havre de Grace, Maryland, March 19.—The four jockeys who will come to Havre de Grace track in the first week of April with the forty odd thoroughbreds of various ages and kinds that will prepare here for racing in the east, in Canada and in Kentucky, under the silks of Commander J. K. L. Ross of Montreal, are Sande, Nolan, Wessler and Master Lee Veitch. These lads have been engaged and are all at the Ross farms in Howard county, Maryland, helping H. G. Bedwell get the Ross thoroughbreds ready by shed exercise for real training in the open, and they are already in condition for riding. Sande will be the star rider of the stable, and Sande's conduct over winter might well have been amply demonstrated by his jockey in the United States. Sande has not missed a day. He lives at the Ross farms, exercises his own division of the string, and never goes to town without permission. Nolan, whose work last year indicated that he was an clever a jockey on three-year-olds as could be found, seems to be quite as industrious as Sande. Nolan, who is a natural horseman, has the honor of taking care of Sir Barton, which is a stallion of some stobornness. He will do much of the three-year-old riding of the outfit. Wessler, probably, will do most of his riding in Canada, although Commander Ross, who has put in much of the winter at Ross farms, nor Trainer Bedwell, is certain yet just what horses other than a string of Canadian-bred two and three-year-olds reared at the Ross farms near Quebec will race under the orange and black on the northern circuit.

Lee Veitch is a sixteen-year-old son of Silas Veitch, for years a more or less famous jockey and trainer of steeple-chase horses, who will begin his career as a jockey this season. Little Veitch is quick and intelligent, a good judge of pace on the exercise track, and a lad of considerable address. Both Bedwell and Frank Hackett, the business man of the Ross stable, are willing to stake their reputations as judges on the reflection that little Veitch will have made his mark before the season of 1920 is out.

Perron, at Havana, Wins The Preliminary Derby

Havana, March 19.—The races today resulted as follows: FIRST RACE—Six furlongs, four-year-olds and upward, claiming, purse \$600: 1. Mary Lou, 108 (Wilson), 4 to 1, 2 to 1, even. 2. Daisy L., 105 (Tryon), 5 to 1, 2 to 1, even. 3. Will Soon, 110 (Brown), 5 to 2, even. 4 to 2. Time, 1:13 1/5. Acclamation, Blanche Donalton, Jack Dawson, Twenty-Seven, Prince Bonero, Jutland and King Tuscan also ran. SECOND RACE—Six furlongs, for four-year-olds and upward, claiming, purse \$600: 1. Burlingame, 110 (Jarrill), 8 to 1, 3 to 1, 1 to 1. 2. Jack Healy, 107 (Hunt), 6 to 1, 5 to 2, 2 to 1. 3. Magic Mirror, 113 (McCrann), 7 to 2, 4 to 1, 2 to 1. Time, 1:13 2/5. Unwise Child, Homam, Leoma, Bill Simmons, Lady Langdon, Frank Burke and Beverly James also ran. THIRD RACE—Six furlongs, for four-year-olds and upward, claiming, purse \$600: 1. Yankee Track Owners In Canada Getting Out

Ottawa, March 19.—Mr. Bradley Wilson, the new general manager of the Devonshire Park Racing Association of Windsor, Ont., in the capital. Mr. Wilson has submitted to the government a list of stockholders of the Devonshire Park, showing that it has passed ownership by out of the hands of Messrs. Grant Hugh Brown and Tom Dugan, of Detroit and Montreal, respectively, and that it is now controlled by a large number of Canadian and American horse breeders and owners. Mr. Wilson leaves several days hence for Maryland, after which he will visit Kentucky to submit to the approval of his directors the dates selected for the spring meeting at Devonshire Park, which are July 27 to August 2.

CENTRAL ATHLETES WIN THE INDOOR MEET

Defeating West End by Eleven Points and Varsity by Twenty-Three.

One of the most successful indoor athletics ever pulled off in Toronto was held under the auspices of the Central Track and Field Club of the Central Y. M. C. A., last night, when twenty-two athletes from West End Y. M. C. A. and seven from U. of T. battled against twenty-two of Central's athletes. The meet was called off by the A. A. U. of C. officials, who were in attendance, to allow Geo. Goulding to walk an exhibition walk against time. Goulding, who is not in training at all, wears well, for the time he put across last night was like his old-time form. Mr. Merrick stated afterwards that it was too bad Goulding was not allowed to compete as an amateur, as he was good for one or two more Olympics. His time of 6:47.5 was excellent considering the circumstances. Results: 30-yard dash—1st heat, Chas. Kelly, 3:4.5; 2nd heat, G. Chisholm, 4. W. E. Y. 1st heat, W. Wardrop, 3. C. Y. Final: 1. Wardrop, 3:4.5; 2. Kelly, 3. Chisholm. Running high jump final—L. J. P. MacDonald, C. Y.; 2. Carruthers, U. of T.; 3. W. E. Turner, W. E. Height, 5 ft. 7 in. One-mile walk—1st heat, Hill, C. Y. 15 sec. handicap; 2nd heat, Barnes, r. r. Final: 1. Hill, C. Y.; 2. Barnes, W. E.; 3. Jarrat, C. Y. Freeman won the event, but under the circumstances refused to take prize. 60-yard potato race, final—F. Armstrong, W. E.; 2. B. Lindsay, C. Y.; 3. C. Chillum, C. Y. Time, 1:45.5. Standing broad jump—1. Carruthers, U. of T.; 2. Fitzgerald; 3. W. Wardrop, 9. 11 1/2 in. 300-yard run—1. Kelly, C. Y.; 2. W. Wardrop; 3. Joe Breen. Time, 39:4.5. Shot put—1. T. A. Baker, W. E. Y.; 2. Foster, U. of T.; 3. J. F. Macdonald. Distance, 45 ft. 8 1/2 in. Half-mile run—1. Phillips, W. E.; 2. Robertson, W. E.; 3. Jamison, U. of T. Time, 2:20. West End Y. won the relay and were the better team, although Central's men ran in their street clothing. Central—Johnson, J. Wardrop, L. Judges, Kelly. West End—Chisholm, Crofoot, Armstrong, Markle. Exhibition walk by Geo. Goulding was made in 6:47.5. The scoring by points on the evening's performance counted 5 for first, 3 for second and 1 for third. Central—1 first, 20; 4 seconds, 12; 4 thirds, 4. Total, 38. Varsity—1 first, 5; 2 seconds, 6; 2 thirds, 2. Total, 13. West End—3 firsts, 15; 2 seconds, 6; 2 thirds, 2. Total, 23. West End won the relay, not counted in the above.

ACCOMPLISH GREAT WORK AMONG GIRLS

Big Sisters' Association Reports an Encouraging Year's Achievements.

A great work was revealed in the report of Mrs. H. V. Laughton, general secretary of the Big Sisters' Association, given yesterday afternoon at the annual meeting of the organization, held at the residence of Mrs. Susan Brydges, 613 Jarvis street. Mrs. Laughton reported that 819 girls have been assisted since the organization of the association. There are now 205 active cases. The number of girls adopted by the association has, year was only 50 per cent. of the 1919 number. This is accounted for by preventive work and by the fact that many defective girls are refused owing to the impossibility of obtaining successful results. In the course of her presidential address Mrs. Sidney Small said that the Big Sisters' Association is giving its attention to the improving of housing conditions, the securing of proper care for the tuberculous, and the adjusting of certain laws that have been unjust to women and children. The election of officers had the following result: President, Mrs. Sidney Small; Vice-presidents, Mrs. M. M. L. Burns, Mrs. Gordon Ramsay and Mrs. S. Jacobs; hon. secretary, Miss Ethel Ames; treasurer, Mrs. Chauncey Toque. To make it possible for young girls to remain in school longer, a scholarship fund has been established. At the noon hour a luncheon in honor of Judge Archibald was given by Mrs. Small, president of the Big Sisters, and Mr. C. L. Burton, president of the Big Brothers, to which the members of the juvenile court committee were invited. In his speech Judge Archibald urged the importance of an adequate detention home in connection with juvenile court work, stating that owing to the fact that the Ottawa detention home is one of the most up-to-date on the continent in building, equipment and in methods, he has only been obliged to send to institutions in the past year four out of 210 boys and girls who were brought up before him.

HOBBERLIN QUALITY TAILORING

Smart Easter Styles

Card Game Ends in Stabbing; Soldier Lies Seriously Injured

Kingston, March 19.—(Special.)—John Stuffer, a soldier who served overseas, is in the Sydenham Military Hospital in a critical condition, as a result, it is alleged, of stab wounds received when he got into an argument with a man over a card game.

Heads of Departments of O.A.C. Are Granted Salary Increases

Guelph, March 19.—The announcement made today by the provincial civil service board, dealing with the departments at the O.A.C., was read with interest by everyone at the college. It has been known for some time that the maximum had been placed in the neighborhood of \$4000 a year, but there was a little surprise when it went to \$4200, as in the case of the field and animal husbandry departments.

Kingstons Citizens Ask Grant To Enlarge General Hospital

Kingston, March 19.—(Special.)—A Kingston deputation waited upon the Lennox and Addington Counties Council at Napanee and asked for a grant of \$70,000 towards the Kingston General Hospital enlargement fund.

# GUARD AGAINST THE 'FLU

### Serious Outbreaks of Influenza All Over Canada.

### GOOD HEALTH IS THE SUREST SAFEGUARD

### "Fruit-a-tives" Brings Vigor and Vitality and Thus Protects Against Disease.

There can be no doubt that the situation regarding the spread of influenza throughout Canada is one of grave concern. It is quite true that the number of cases does not constitute an epidemic such as caused the suffering and sorrow during the terrible days of 1918. Yet there is no disguising the fact that everyone should be on their guard against the disease.

In Montreal alone, from January 20th to February 21st, three thousand one hundred and twenty-two cases of influenza and 139 deaths from the disease were reported to the Health Department.

If the outbreak had come at the beginning of the winter instead of the very cold weather would check the spread of the disease. But coming as it has, at the end of the winter, there is grave fear that an epidemic may occur. For spring, with its slush and rain under foot, its dampness and chill, its constant changing from cold to warm and back again, is a prolific source of coughs and colds, pleurisy and pneumonia.

The best protection, in fact, the only safeguard against the 'Flu, is, **GOOD HEALTH.**

Those who are not as well and strong as they should be; those who are underweight; those who are "run-down" through overwork or sickness; should build up at once. What they need is a blood-purifier, a body-builder, a strength-giver, like "Fruit-a-tives" the wonderful fruit medicine. "Fruit-a-tives" regulates the kidneys and bowels, causing these organs to eliminate waste regularly and naturally as nature intended. "Fruit-a-tives" keeps the skin active, and insures an abundant supply of pure, rich blood. "Fruit-a-tives" tones up and strengthens the organs of digestion, sharpens the appetite, brings restful sleep and renews the vitality of the nervous system. "Fruit-a-tives" contains everything that an ideal tonic should have; to purify the blood, to build up strength and vigor, and to regulate the eliminating organs, so that the whole system would be in the best possible condition to resist disease.

Now is the time to build up your health and strength, not only as a precaution against the ravages of influenza, but also to protect you against "spring fever" and the inevitable reaction which comes with the appearance of warmer weather. Get a box of "Fruit-a-tives" today and let this fruit medicine keep you well.

"Fruit-a-tives" is sold by all dealers at 50¢ a box, 6 boxes for \$2.50, or size 25¢, or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

### STREET ORDERED CLOSED.

On the application of the Dunlop Tire and Rubber Company, Natalie street west from Booth avenue, and the lane running south from that section of Natalie street, have been ordered closed. Although the land is shown on the maps as a street, it has never been accepted as a highway.

### SUED FOR SISTER'S BOARD.

The appellate court has allowed Daniel Morrow \$5 a week for the period during which his sister, Mary Jane, resided with him. Daniel sued his brother Robert, executor of Mary Jane, for \$2967 for board and lodging provided to deceased, which action Justice Lennox dismissed.

### FALSE PRETENCES CHARGED.

Samuel E. Todd was sentenced to 30 days in jail yesterday by Judge Coatesworth on two charges of obtaining \$186 by false pretences from the T. Eaton Co.

## TAKE SALTS TO FLUSH KIDNEYS

### Eat Less Meat if You Feel Backachy or Have Bladder Trouble.

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels, removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The uric acid is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.

To neutralize these irritating acids and flush off the body's urinous waste, get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous saline is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys; it stops bladder irritation, Jad Salts is inexpensive, harmless and makes a delightful effervescent lithia water drink, which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.

## LIQUOR PERMITS ARE GIVEN FREE

### Authorized Warehouses Secure Certificates Without Payment of Fees.

The principal business of the government in the legislature yesterday was the supply of information to members in reply to questions standing on the order paper.

A summary of the news thus communicated embraces a return of all allowances in the enforcement of the U.L.A., and a list of liquor warehouses authorized prior to the Dominion order-in-council. This list was a good deal longer than the number authorized since the new government took command. But the interesting thing in connection with this branch of the liquor traffic is that no fees are charged or received from any of the parties to whom certificates have been issued.

Hon. Peter Smith informed Wellington Hay that the present government has made four sales of provincial bonds, two of \$3,000,000 each, one of \$2,000,000 and the last, \$1,250,000 to the Dominion government, under the housing scheme. The first loan went at 9 1/2, the second at 9.41 (New York funds), the third, payable on demand, 100.65. The Dominion government bonds, of course, were at 100. The first three loans were at 5 1/2 per cent, and the last at 5. Amellus Jarvis placed the market loans.

Capt. Ramsden was given particulars concerning the board constituted under the optometry act on the recommendation of the then attorney-general, Mr. Lucas.

John O'Neill's Bill.

John O'Neill introduced a bill to enable the bankers' trust to do business in Ontario.

The first bill introduced by an U.F.O. was oddly enough one to admit a gentleman to practice law.

Premier Drury introduced a bill relating to the establishment of the ministry of mines.

H. H. Dewar asked whether there was anything in the bill beyond what its title indicated.

Premier Drury: There is nothing beyond the necessary co-ordinating of parts of the department.

Joseph Thompson introduced the City of Toronto bill.

Sale of Milk.

Hon. Manning Doherty introduced two bills, one respecting the sale of cream and milk and the other community halls. The latter he explained proposes to extend the advantages of community halls to incorporated villages as well as townships and to make it possible at the discretion of the minister to do away with the requirement of three acres for an athletic field where there is sufficient ground for the purpose.

Mr. Heenan introduced a bill to amend the railway men's voting act. The proposal is that railway men who vote early may in the future vote for school trustees and money bylaws.

### CITY HALL NOTES

According to several members of the city council, Sir Adam Beck, at the civic luncheon tendered him on Thursday, had expressed himself as favorable to the construction of the Mount Pleasant civic car line. They state that when the subject was broached to the Hydro knight, his advice was "Go ahead and build it." The World representative spoke to Sir Adam regarding the matter, but he said that he thought he had said enough for one day. However, he did come out very strongly on the Metropolitan issue, which looks very promising as far as the Mount Pleasant line is concerned.

Salary increases to civic employees, it is understood, occupied the attention of the board of control at a private session yesterday morning, and according to what information could be gleaned from the reticent controllers, it would appear that the employees' demand that last year's high cost of living bonus of \$3 weekly would be made permanent was granted.

The 20 per cent. general increase, as recommended by the heads of civic departments, did not apparently find absolute favor with the board. There appeared to be a feeling that individual increases should be based on merit. There was also talk of reducing the general increase to 15 per cent.

The controllers approved an expenditure of \$1450 required to alter the Bay street firehall to make it suitable for accommodating the city's industrial department, which is now located in the city hall.

The mayor thought that the harbor board should hand over to the city its industrial section, so that the whole business would be under civic control.

An alternative was proposed by the board with regard to the suggestion of eliminating street signs printed in any foreign language. It had been proposed to seek legislation giving council the power to prohibit these signs, but this did not find general favor. The controllers yesterday thought that instead of applying for this legislation, they should obtain legislation whereby it would be compulsory for foreign signs to carry an exact English translation underneath. That is, the sign must be in two languages, one of them English.

Approval was given of the legislation committee's recommendation, that a citizen may on request be assessed on an income of \$400 in order to obtain a vote at the municipal elections. That is, when sufficient income is not earned over the exemption allowed by law to entitle the citizen to such a vote.

Permits for buildings to cost \$52,550 were issued by the city architect's department during the past 24 hours. These include eight dwellings, the installation of seven 500-gallon gasoline tanks, and the erection of several industrial buildings.

### LAWYER HELD LIABLE.

Justice Sutherland has given judgment in the action brought by James W. Steinhoff, farmer, Wallaceburg, for a declaration that Matthew Wilson, K.C. of Chatham, holds \$10,000 stock in the Dominion Glass Co. in trust for him to secure the payment of an annuity of \$2000. His lordship decides that Wilson holds 112 common and 50 preference shares in the Dominion Glass Co. in trust, and orders him, within 30 days, to replace it. If it is not replaced there will be a reference to the local master to determine its value as of July 23, 1917, and judgment for the plaintiff for that amount.

### ARGOS GIVEN SITE ON MUGG'S LANDING

A conference was held late yesterday afternoon between Parks Commissioner Chambers and several officials of the Argonaut Rowing Club, and a satisfactory arrangement was made. The Argos, who are forced to vacate their old quarters at the foot of York street, asked for a suitable place on Mugg's Landing, at the Island, and

the commissioner today agreed to recommend that they get it. The Argos officials met the parks committee earlier in the week, and the members, who all expressed themselves as favorable to granting the club's request, suggested this conference with the commissioner. His report will be considered next week by the committee and in all probability the club will get the new site. It was originally intended by the parks department to situate all aquatic clubs together on Spanish Island, but the Argonaut officials pointed out that it would not suit their purpose to be alongside a yacht club, as the two clubs would hamper each other's operations. Mugg's Landing is situated just east of Island Park.

### TERRORISTS GET "PEN."

Alphonse La Terrier was sentenced

to five years in Kingston Penitentiary, and Harley Smith and James J. White to three years, in yesterday's police court, on charges of robbery and hold-up. In the case of one storekeeper, they entered the store armed with revolvers, gagged and bound the victim, and threw him into the cellar, afterwards robbing the till.

### PRISONER REFUSED BAIL

Charles Dowell, charged under the O.T.A. on Thursday evening, registered

Do not suffer another day with itching, bleeding, or protruding Piles. No surgical operation required. Dr. Chase's Ointment will relieve you at once and is certainly cure you. 50¢ a box; all dealers, or Edmondson, Bates & Co., Limited, Toronto.

ed a complaint in yesterday's police court that, although he asked to be released on bail when taken to the police station, was told to wake up a magistrate. Magistrate Denison said it was not necessary to have a magistrate. The charge for B.O.T.A. was dismissed.

### GUILTY OF ARSON.

The appellate court has upheld the decision of Judge Gould of Wentworth, finding Angelus Ercolino guilty of arson. The accused had a grocery store in Hamilton, which was destroyed by fire, when some old clothes were found saturated with oil.

### B.O.T.A. CONVICTIONS.

The following fines were imposed in yesterday's police court for B.O.T.A.: David Connor \$200, William Lilley \$300.

### JUDGMENT RESERVED

On a motion by counsel for plaintiff, Judge Vance reserved his decision in the action tried before him and a jury yesterday, wherein Edwin P. Hurst sues Dr. Alexander M. Murray for \$2000 damages for death of his son, who died. It is alleged, from injuries sustained when he was struck by the defendant's auto in February, 1919. The jury found he had not died as a result of the injuries sustained, and returned a verdict for \$800.

### MURINE Night and Morning.

Have Clean, Healthy Eyes. If they Tingle, Itch, Smart or Burn, If Sore, Irritated, Inflamed or Grittiness, use Murine often. Soothes, Refreshes. Safe for Infant or Adult. At all Drugists and Opticians. Write for Free Eye Book. Made by Dr. J. C. Kane.

SCARCITY OF FEED CAUSING ALARM

Stock Farmers and Dairymen Are Facing Serious Situation.

Stock farmers and dairymen of Ontario face a serious situation through prevailing scarcity of bran and shorts. Hon. Manning Doherty, minister of agriculture, and the ministers of agriculture of Quebec and New Brunswick will endeavor to get the Canadian Wheat Board to take prompt measures to relieve the situation.

Previous to the advent of the present Ontario government, Mr. Doherty pointed out to the federal authorities that a great shortage of bran and shorts existed in European countries, and that in purchasing from Canada they would buy wheat rather than flour, in order to get possession of the mill-feet. He suggested that the quantities of wheat be required to take a certain percentage of flour in order that some mill-feet might be left in Canada.

On March 4 last Mr. Doherty wired Chairman Stewart of the Canadian Wheat Board, suggesting that if new export business in flour developed Ontario mills would get their share of the business, March 13 he outlined a policy that would afford relief even if export buying of flour did not develop.

"Would it not be possible for you to place with our Ontario mills an order for flour, which you would have no difficulty in disposing of within the next three or four months?" "Unless the live stock and dairy farmers of this province are able to get mill offal within the next few weeks, the production of live stock will be materially reduced and an additional element of discouragement added to the already heavy load."

At the same time Mr. Doherty wrote to Hon. Joseph E. Caron, LL.D., minister of agriculture for Quebec, and Hon. F. Tweeddale, minister of agriculture for New Brunswick asking that they lend their support. Both have promised co-operation.

LABOR NEWS

MASTER MARINERS DISCUSS REFORMS

Consider Many Schemes for General Improvement of Marine Service.

Colonel Williams, well known as a platform speaker for the Unionist party in 1917, was also popular speaker before the association. He traced the relationship between the mercantile marine and the navy, pointing out that British and other allied countries owed much of the great victory of 1918 to their navy, and especially the British navy.

Another matter which was taken up at last night's meeting was that of legislative reforms among these, one calling for amendments to the act promoting the appointment of real seafaring men to posts within the purview of the minister of marine and fisheries.

OFFER CHALLENGE TO BITTER DEBATE

Jack O'Driscoll, member of the executive of the Canadian Housing Engineers, has issued a challenge to the International Union of Housing Engineers, an international organization for the internationalization of labor as against internationalism. This was the information given yesterday by the secretary, William O'Brien, business manager for the Canadian union.

Comrade O'Brien (returned soldier) stated that his union now comprised 108 members, all properly qualified housing engineers and fully paid up. Frank Healey stated that his organization now had between 80 and a hundred members in Toronto. The international is Local No. 782.

Addressing the Electrical Workers' Union, Lord Brudenell, business manager for the International Brotherhood of Meat Cutters, touched at some length upon the development of the service status among the workers of the country. He traced the modern tendency of legislation to make the workers dependent on the government, and to create a system of labor legislation which would make the workers subject to forced labor, benefiting only the owners of industry. Canada was considered as an example. This country had strongly entrenched itself in orders-in-council, in a system of compulsory arbitration, and had deprived the workers the right to strike.

PROPOSES BUILDING GUILD

James T. Gunn, business manager for the Electrical Workers' Union, is proposing to the Building Trades Council the adoption of a building guild similar to that now working in Manchester. The function of such a guild would be to build houses and buildings generally at absolute cost. The guild would include all the building trades as well as architects.

BIO ORGANIZATION MEETING

Automobile workers are holding a great mass meeting at the Labor Temple on Thursday, March 25, for organization purposes. Officials of the Automobile Union stated yesterday afternoon that this meeting would prove momentous to the automobile industry in Ontario.

\$50.00 PRIZES FOR CANADIAN SCHOOL TEACHERS

THE LITERARY DIGEST TOPICS OF THE DAY will, until further notice, give a weekly prize of \$50 to Canadian school teachers who submit the best fifty-word paragraph, suitable for reproduction with The Literary Digest Topics of the Day screen feature in hundreds of moving picture theatres, as to why teachers should have more pay. Send your paragraph to Topics Editor, The Literary Digest, New York City.

How Union Labor Feels Toward the 'Red' Agitators

For months editorials from city and country papers alike have warned us of the danger of "Red" agitators. We have been told that they are making every effort to foment strikes, hoping they eventually will end in revolution; that the American workingman is becoming infected with the virus of Bolshevism; that he is already turning Bolshevik, as evidenced by recent strikes of great magnitude. For these reasons The Literary Digest was determined to find the views of the workers themselves. We accordingly sent a letter to hundreds of labor-leaders throughout the country, and in order to make no mistake about it, we did not merely ask if the workers disliked or disapproved the "Red" agitators—we asked if they approved their deportation. In plain language, should they be kicked out of the country?

A comprehensive summary of the 526 replies received is given in THE LITERARY DIGEST for March 20th. It will prove astounding reading to those who have ventured to doubt the loyalty of the American workmen. The article is well illustrated with pertinent cartoons.

Exploration Completed on the HERRICK GOLD MINES Main vein cut at 800 feet by diamond drills indicating existence of a shoot containing a huge tonnage of ore—average assays show a value of over \$15 in gold to the ton.

THE big vein of the Herrick Gold Mine, which is 1000 feet long on the surface, has been proved by diamond drilling to a depth of 800 feet. The existence of an ore shoot 1000 feet long, 800 feet deep and at least 10 feet wide is strongly indicated. Extensive sampling and assaying give a value of over \$15 in gold to the ton. This is a remarkable development and illustrates the great possibilities of the property.

Installation of an adequate mining plant is being rushed to completion. Shaft sinking, cross-cutting, drifting and general mining operations will begin as soon as steam is turned on. A large tonnage of excellent milling ore should be "blocked out" in a few months of aggressive development. A mill should be in operation within a year. In view of this very favorable outlook the shares should have a substantial rise even within three months. The treasury is well fixed, therefore, the present offering is a limited one of 100,000 shares at 40 cents a share. The allotment will not last long. Subscriptions should be forwarded to us early. Write for descriptive booklet and map of this fine property.

**"Veiled Charms"**

are always the most fascinating, but never will it be so true as this season when Milady draws over her face one of the stunning veils our Easter displays are setting forth.

Veils whose draping would require a master at the art—veils whose intricacy of pattern and delicacy of finish are so alluring as to be quite indescribable—and veils that falling in deceptive fashion just below the eyes drop their long lengths behind and are altogether as Oriental as Dame Fashion demands for this season. Some new trick of coquetry—some gleam of shifting color—by all these they conquer.

**Caught in the Web**

Any hat would be the more attractive if held fast in the broad square mesh of an exquisite Paris veil in the collection. It is in brown, with a beautiful allover scroll in delicate cornflower blue.

Diversity is one of the bewitching features of the new veils, as in new frocks, suits or other fashions of the Spring season. You will find it expressed in another brown veil (brown is immensely fashionable, you know) with a deep border of woody pine cones embroidered in wool and silk.

The smartness of black and white is exploited in a handsome drape veil with square black mesh, on which black and white chenille dots leave the delightful impression that the veil is beaded.

Made Veils in fancy hexagon meshes, featuring this season's scroll borders. Colors navy, black, taupe and brown. Special, today, each . . . . . 1.50

Shetland, Made Veil with border in navy, brown, taupe, violet and black. Special, today, each . . . . . .73

Made Veils in hexagon mesh, with chenille spotted border. All the bright season's shades upon which Fashion smiles so benignly. Special, today, each . . . . . .58

**Lingerie Land of Loveliness**

*The Realm Where Camisoles, "Teddies," Nighties, Etc., Reign in All Their Beribboned Glory.*

Trailing clouds of beauty wafted into the most unique creations of Camisoles, Teddies, Nighties and Underskirts. Inspired by Paris and fashioned in Canada, they will send Fair Femininity into one series of ecstasies.

**The Genius of Beauty**

seems fluttering through every garment, dropping a wee basket of forget-me-nots peeping out from a bed of lace here, and old-fashioned nosegay there, and tying them up with narrow changeable faille ribbon.

**Vanity Fair**

When you enter our Lingerie Land you will feel transported into the realms of Vanity Fair. Case after case of lingerie, each more beautiful than the other, dazzles your already bewildered vision, and you are almost whirled off your feet in one rapturous outburst.

**Lovely for the Spring Bride**

No Spring bride, even in her wildest dreams, could fancy more creative bits of ingenuity than these little frills and furbelows tingling with that "fussiness" so dear to every girl's heart.

**The Vogue of the Georgette Blouse**

demand a pretty camisole to shine through its sheerness. All the delicate pastel shades of pale pink, white, mauve and yellow are displayed.

Lovely little creations they are, of ribbon and lace. Some have pretty yokes with gaily-colored butterflies wandering in and out in a dainty little flower garden of ribbon roses and forget-me-nots.

**"Teddy" Combinations in All Their Beribboned Glory**

When we get a glimpse at these lovely Teddy Combinations, how glad we are that Spring is coming and our Winter underwear may be "willed" to the cedar chest.

One style comes in the quaintest little pink checkerblock, washable satin, all "fussed up" with little sprays of flowers and ribbons of the palest blue shades.

**Silks That Rustle With the First Breath of Spring**

**Tricolette Jersey Silks**  
Quite the nicest thing for the Spring dress, middies, smocks, etc. 40" inches wide. Colors include brown, navy, copen, gray, taupe and black. Specially reduced for today. \$5.50 a yard.

**Chiffon Taffeta**  
So much in vogue for the Spring matinee suit. Soft, supple weaves in deep full black, indigo blue and navy. 36 inches wide. Special . . . . . 3.44

**Florentine Silk**  
Effective color combinations and exclusive designs for kimonos and linings. Today, yard . . . 2.50

**Silk Foulard**  
On which Fashion still smiles. Daintiest designs, which make up so prettily for the early Spring street frocks. The ground colorings are mostly browns, taupes, grays, navy and the brighter tones of copen blue. Priced at \$4.50, \$5.00 to \$7.50 a yard.

**2,000 Yards of Ninghai Silks, Regularly \$2.24 and \$2.50, Today, \$1.89**  
So fashionable for Spring wear, in good range of shades, in blues and brown. Today . . . . . 1.89

With dull laced top, Goodyear welt double soles. Made on a medium recede-last. Sizes 1 to 5½. Price . . . 4.75

**Tan Calf Blucher Laced Boots, built on a round toe last, with Goodyear welt leather soles. The backs are made in one piece, with full length back strap. Sizes 1 to 5½. Price . . . . . 6.00**

**For the Smaller Boys, Gunmetal Blucher Laced Boots, with leather soles. A comfortable shoe for growing feet. Sizes 11 to 13½, price, \$4.00, and a similar shoe in dark brown at \$4.25 pair.**

Simpson's—Second Floor.

**Amazing Book on German Indemnity**

It assuredly caused a great clatter in the clubs and resorts of European and American statesmen—this book of John Maynes Keynes on the economic aftermath of the war. Is he in favor of extracting the last pound of flesh from Germany? Hardly. The whole trend of his book (which is quite new) is to the contrary.

Every business man should read it. It promotes a broad outlook and presents a new viewpoint.

The Economic Consequences of the Peace Conference, by J. M. Keynes, C.B., representative of the British Treasury at the Peace Conference. Price 3.00

Phone the Book Department—Main 7841.

Simpson's—Main Floor.

**Men Like the Regent**

*Because it is New From England and is Almost a Spring Essential.*

An imported English gabardine trench coat. This desirable model is found in a rich fawn wool-gabardine cloth; single-breasted, raglan shoulders, convertible collar, all-round detachable belt, bellows pockets, ¼-lined with fancy shot silk. Sizes 34 to 42. A very smart Spring Coat and, in wet weather, a very swaggy Raincoat.
