2334 HOUSES BUILT UNDER HOUSING ACT

Ontario has loaned \$8,330,000 and no arrears are due. The 1920 Ontario Provincial Housing report shows that the total number of houses erected in 1919 and 1920 under the provisions of the act was 2,334. In addition there are 278 houses to be erected, applications for which have been approved. The province has loaned \$8,330,000 under the act, and various municipalities have raised another \$1,000,000 on debentures guaranteed by the province. The province has erected more than twice as many houses as all the rest of the provinces put together.

Toronto under its own housing scheme has erected 241 houses, according to the statistics in the report. To date there has been repaid to the province on account of the loans made for houses \$459,705, of which \$128,551 represents payments of principal in excess of the ordinary monthly payments. There are no arrears whatever due the province.

**RECENT DEATHS**  
Mrs. George M. Johnson.  
After a short illness the death of Mrs. George Johnson occurred yesterday afternoon at her residence, 68 Forest street. She leaves one son, George Harold, of Boston; one daughter, Miss Margaret, at home; one sister, Mrs. W. J. Tait, of this city; and one brother, Thomas H. Wilson, of Cambridge (Mass.). The funeral will be held on Wednesday from her late residence.

Mrs. Ruth Logan.  
The death occurred last night at 33 Johnson street of Mrs. Ruth Logan, widow of Joseph Logan. The late Mrs. Logan was a well known resident of this city and news of her passing will be learned with much regret by a large circle of friends. She was of Loyalist descent, her father, Thomas Stackhouse, having settled in Upper Loch Lomond, where Mrs. Logan lived for the most of her life. For the last few years she had resided with her son, Joseph, at 33 Johnson street. She leaves to mourn three sons—Joseph, Herbert of this city, Albert of McAdam Junction; and three

daughters—Mrs. William Cummings, of Reading (Mass.); Mrs. Amos Francis, of Somerville (Mass.); and Miss Mary, of McAdam. She is also survived by one brother, Thomas Stackhouse, of San Jose (Cal.), and two sisters, Mrs. Fred Pace and Mrs. Stephen Gray, of East Boston. The funeral arrangements have not yet been completed.

Frederick F. Howard of Haverhill, Mass., died on Sunday night, after a brief illness of heart failure. Besides his wife, who is a native of Belleisle, he leaves two sons and one brother. Mrs. Charles Leach, 62 Murray street, is a niece.

Mr. Janet Burpee died at the home of Mr. and Mrs. Aaron Lawson, Edmundston, on February 24. She was eighty-five years of age and leaves two son, four daughters, two brothers and two sisters, and several grandchildren. C. W. Burpee, McAdam, is a son. The late Hon. James Mitchell was a brother.

Captain A. J. Mulcahy left last night for Martin's Head to inspect two vessels, the Mildred K. and the Otis Miller, on behalf of the underwriters.

**REPORT ADVERSE TO RAISING OF BRIDGE AT FALLS**  
(Canadian Press Despatch).  
Ottawa, Feb. 28.—It is understood that the Montserrat report to the Hon. F. B. Carvell, chairman of the railway commission, is unfavorable to the elevation of the Canadian Pacific bridge over the reversing falls. According to the report, it is said that the raising of the abutment piers seven feet would require an entire rebuilding of the piers from the base. They were constructed to stand a certain strain at the exact height at which they now stand. Adding seven feet would destroy all the original calculations and make the bridge unsafe. It is now said to be too late to make a change except at great expense.

**LABOR TROUBLE FOLLOWS WAGES CUT IN BRANTFORD**  
Brantford, Ont., March 1.—Machinists of the Dominion Steel Products Company here are out as a result of a twenty per cent. cut in their wages. The men say they did not strike, but were locked out. They complained that the cut in their pay was made in an arbitrary manner, the company having refused to discuss a reduction, and that following their complaint they were locked out.

M. M. MacBride, M. L. A., at a conference of the men, said that a cut in wages was to be expected, but that such methods as the company had pursued would be fought by organized and unorganized labor.

**HOBNAIL SHOES CUT'S WASHINGTON \$125,470**  
Soldiers' Boots Do That Amount of Damage to Paris Hotel Floors—'So Sad,' Comments Frenchman.

New York, March 1.—The 200 American soldiers who guarded the American peace commission in Paris damaged the hotel Crillon to the extent of \$125,470, according to Henri Dequis, manager of the Crillon, who is at the Hotel Plaza.

It wasn't their fault, M. Dequis hastened to add. They were neither impolite nor boisterous, but they wore hobnailed shoes, and they had to tramp in and out of and all about the hotel all the time, and the hobnails played hob with the polished floors and rugs and such.

It was for that, according to the Crillon's manager, that the \$125,470.82 bill for damages to the hotels was rendered—the bill mentioned in the itemized statement submitted by President Wilson to the senate.

"The boots of the French soldiers," "would have done the same," the hotel declared M. Dequis, deprecatingly, "nailed boots of the British soldiers," he continued reassuringly, "caused, I believe, more damage to the Hotel Majestic than that suffered by the Crillon. It is very sad."

It cost the hotel, M. Dequis said, 650,000 francs to replace the carpets alone, and the management spent 5,000,000 francs to put the hotel to order.

The American Peace Commission, he explained, paid the Crillon for rent, services, damage and all other items. The hotel asked 4,000,000 francs, but changed its mind after taking it over with the heads of the American commission.

**RHINE WEDDING PROBLEM**  
Paris, March 1.—Marriages between French soldiers in the Rhine army and German girls have given rise to a complicated question of international law. According to French military regulations, soldiers have their civil marriages carried out by their commanding officers. The German authorities are contesting the validity of these unions, saying that a German registrar should be present at the ceremonies. The French retort is: "Where the flag is there is France."

**REDUCING THE FOREIGN DEBT OF GREAT BRITAIN**

(Bankers' Trust Co. Letter.)  
 New York, Feb. 28.—Great Britain entered upon the final quarter of the fiscal year 1926-27 with \$14,000,000 toward the £234,000,000 surplus which the chancellor planned to apply to the reduction of foreign debt. This £46,000,000 represents the balance of revenue over the amount expended in the nine months from April 1 to December 31, 1926.  
 However, the final quarter of the British fiscal year is distinguished by heavy receipts, which, in the last three months of the fiscal year 1926-27, amounted to almost as much as was realized from the revenues for the preceding nine months of the year. The question interesting British fiscal experts, therefore, is whether the present year-end collections will provide the additional £188,000,000 surplus of revenue over expenditure to complete the chancellor's debt reduction fund. January net revenue provided £45,000,000 of it.  
 Detailed statistics received by the foreign information department of the Bankers' Trust Company of New York show that British revenue collections in the first nine months of the fiscal year 1926-27 amounted to sixty-three per cent. of the chancellor's estimate of total revenue for the year. For the corresponding period of 1919-20 the revenue returns equalled fifty-eight per cent. of the estimate, so that the British chancellor faces the final quarter of the present fiscal year in a better position than his situation at the equivalent period of the preceding year. The following table indicates the relative positions.  
 British Revenue Returns.  
 P. C.  
 Estimate Actual returns  
 returns to estimate  
 for 12 mos. for 9 mos. made.  
 1919-20 £1,901,100,000 \$686,231,000 36  
 1926-27 1,408,300,000 \$88,288,000 63  
 Indicating the gains which may be expected in the period up to March 31, when the present fiscal year ends, revenue for January amounted to £129,276,000, or about one-half the total amount realized in the preceding three months. Expenditure amounted to £24,191,000. The difference, £105,085,000, added to the £46,000,000 surplus shown at the end of December, gives the chancellor £151,085,000, or more than one-third of the sum

**NEW RED CROSS WORK**

(Toronto Globe.)  
 The Canadian Red Cross Society will inaugurate its crusade for good health by a public meeting in Toronto on March 3, at which his excellency the governor-general will deliver an address upon the reasons and objects of this work.  
 In becoming a member of the League of Nations Canada subscribed to Article XXV. of the covenant, which reads as follows:  
 "The members of the league agree to encourage and promote the establishment and co-operation of duly authorized voluntary National Red Cross organizations, having as purposes the improvement of health, the prevention of disease and the mitigation of suffering throughout the world."  
 For this reason the Red Cross did not suspend its work after the war as it did after the South African war, but heeded from parliament in 1919 an amendment to its charter to enable it to carry out its new and additional duties.  
 One revelation of the war was the shockingly poor condition of the men of the British Empire. In Canada medical examinations found 181,229 out of 361,605 draftees under the Military Service Act, or about one-half of them, to be physically unfit for full service in the field. The disabilities were not the result of active disease, but evidently in most cases the

(Canadian Press Despatch.)  
 London, Feb. 28.—Cape Town cables report that a mob at that place composed mostly of colored men caused a considerable disturbance, following a reception given to Earl Haig, who arrived recently in South Africa to attend the empire convention of ex-service men. The trouble lasted about two hours during which the police were attacked and many shots fired. Ultimately after several charges the police managed to disperse the mob, which showed an ugly mood.

consequence of poor nutrition, neglect of personal hygiene and insanitary conditions of working and living.  
 The Red Cross has undertaken as part of its duty to stimulate and maintain the interest of the public in health reform, to educate the public, and thereby create public opinion in favor of supporting even better public health service. It does not desire to undertake or to compete with work already being carried on by official authorities or to assume work which is being done by other existing voluntary organizations. Its function is to strengthen and assist them financially and otherwise in the new work to which it has been called by the League of Nations.

 OF NEW YORK  
 Special Representative and a Director of the International Bible Students' Association.

During his visit Mr. Macmillan addressed capacity houses in practically all the leading cities on the Continent as well as Great Britain, thousands failing to gain an entrance. He is thoroughly convinced that present events are in fulfillment of prophecy and indicate Christ's Kingdom is near. If that be true, then

VOCATIONAL CLASSES RE-OPEN

The vocational classes were re-opened last evening. Each pupil had received personal notification through the mail of the time when his or her class would begin again, and nearly all were on hand. The expense of the domestic science students is to be less than was at first estimated and pupils will probably have about half their fee returned to them.

"CRIME TRUST" DID \$12,000,000 BUSINESS IN CHICAGO IN 1919.  
Henry B. Chamberlain Declares It Has Been Well Organized, Centralized and Commercialized.

Chicago, Feb. 28—Crime does not come in waves in Chicago, but is an established business and in 1919 the "crime trust" did a \$12,000,000 business in Chicago, Henry Barrett Chamberlain, director of the Chicago Crime Commission, told members of the executive club yesterday. "It has been well organized, centralized and commercialized until it is as steady a business as any you gentlemen conduct," he said. "It is not the result of hard times, poverty or bad weather. It is just the plain choice of a majority of those who follow it as an occupation."

Methods of combatting crime in which he urged business men to take an active share, were explained by Mr. Chamberlain. "The man or woman who believes that the existing criminal class can be tolerated and that 80 per cent. can be converted into useful citizens is a dreamer with faith in hope for the utterly impossible," he said. The Crime Commission, of which he is operating director, is an organization backed by leading business men to keep check on the activities of courts, police and criminals, created in 1917 to investigate law enforcement.

DARING MEN AWAY THROUGH SNOW TO THE FAR NORTH OIL FIELDS

Dawson, March 1—Arrivals from Mayo, the Yukon's silver metropolis, state that several parties have snowed out on a long march over the snow to the Fort Norman oil fields. They travelled seventy miles up the Stewart River to Lanning, outfit there and then proceeded on their 800 mile journey to the McKenzie River.

U. S. SHIP DECISION

Washington, March 1—Merchant vessels which are the property of a friendly state or in its own service can be libelled in United States courts, so the supreme court ruled yesterday. The opinion of the court was given in the cases of the Italian ships Pesaro and Carlo Poma, which had been libelled by shippers for damages resulting from losses to cargo. Decrees of the district court at New York dismissing the libel attachments were overruled.

DAIRY OUTPUT OF MANITOBA

It Has Considerably More Than Doubled Since 1912—Where Product is Marketed.

The 25,000 farmers engaged in dairying in Manitoba disposed of nearly \$16,000,000 worth of dairy products last year, according to the annual report of the provincial dairy commissioner. Milk alone was valued at nearly \$8,000,000; creamery butter at almost four and a half millions; dairy butter at over \$4,000,000; sweet cream at upwards of one and a half millions, and cheese at \$615,000.

"In the matter of disposal of creamery butter this product," says the report, "found its way during the year into wider markets than ever before. While the great bulk of our butter was disposed of to Canadian buyers, both east and west, a large quantity was shipped to the United States markets, such as Chicago and New York, also to European countries."

The number of creameries in the province has increased from twenty in 1912 to fifty-three last year, and the output from less than 3,000,000 pounds to over 7,500,000.

NEW WONDER IN THE CLOCK WORLD

Chicago, March 1—Michael Bulka of Chicago has invented a remarkable astronomical clock which has attracted much scientific interest. In a glass dome on top of it are a miniature sun, earth and moon whose movements duplicate those of those bodies in the heavens. The sun remains stationary, but the earth turns on its axis, the moon revolves around the earth, and both planets circle the sun. The globes representing the sun and moon are coated with phosphorus and show the night and days and the various phases of the earth's satellite. Eclipses of the sun and moon are clearly indicated.

The amazing thing about it is that the earth revolves every twenty-four hours, and the earth and moon take twelve months to complete their circle about the sun while marking off the four seasons. While these planetary movements are visible, a dial on the face of the clock records the changes in days, weeks, months and years. Another dial records time, as ordinary clocks do, in minutes and hours. For all its complicated mechanism, the clock is of ordinary size and not too cumbersome to occupy the customary place on a mantelpiece.

SAYS WEST IS THE COAL FIELD

Montreal, March 1—That western coal is the guarantee of our national independence was the declaration made at a Canadian Club informal luncheon yesterday by F. W. Gray, editor of the Canadian Mining Journal. He said that in the west lies the future workshop of Canada, and that Canada had 17 per cent. of the world's supply and 71 per cent. of the empire's supply of coal. The maritime provinces contained 0.7 per cent. of our coal reserves, he said, all good bituminous coal, while the western fields contained the balance.

### NEW GROUP ON CROSS BENCHES

#### Two Supporters of the Campbell Amendment

#### Necessary Business, Adjourn House, Have Census, Then Re-distribution and Election His Suggested Programme.

Ottawa, March 1.—(Canadian Press).—A new group has taken definite shape in the cross benches of the House of Commons. It supports a scheme whereby parliament is asked to take a prolonged recess as soon as essential legislation is disposed of, to await the completion of the census and the drafting of a bill for the redistribution of electoral constituencies. An amendment to this effect was introduced in parliament yesterday by J. A. Campbell, Nelson, and is supported by two other members of the "no man's land" contingent, F. L. Davis of Newpawa, Man., and W. A. Buchanan, Lethbridge.

There were no indications last night of any further support for the Campbell amendment. In some quarters it is suggested that the completed census could not be prepared in time to permit of

A. C. BILLMAN, of Indiana, who says Tanlac is unquestionably the greatest medicine he ever heard of. "It put me back on my feet after I had practically given up all hope of ever being well again," he states.

"Tanlac is unquestionably the greatest medicine I ever heard of. After I had practically given up all hope of ever being well again, it put me right back on my feet, and I am feeling one hundred per cent better than I have for twenty years. I have gained ten pounds in weight, and every one says I don't look like the same person.

"For several months I suffered from a serious stomach disorder. I had no appetite and couldn't eat enough to keep up my strength. Very often when I sat down to a meal I would leave the table without touching anything, scarcely much less eat it.

"I was losing in weight and my friends would often ask me: 'What is wrong with you? Why are you looking so thin?'

"I also suffered terribly with pains across the small of my back and over my kidneys. It was almost impossible for me to get out of bed in the morning, as my back would pain me so I would almost fall over when I would first stand up in the morning. At night my back pained me so it was almost impossible for me to sleep. I would lie flat on one side and then on the other, and would roll and toss all night long; I had almost given up and thought maybe my age was against me as I had taken so many different kinds of medicine without results.

"The first bottle of Tanlac didn't help me, but I made up my mind to give it a fair trial. After starting on the second bottle I began to feel better, and would roll and toss all night long; I had almost given up and thought maybe my age was against me as I had taken so many different kinds of medicine without results.

legislation being brought down before the end of the year.

First reading was given to Hon. C. J. Deberry's bill to amend the copyright law, and also to a bill respecting gas and gas meters.

Speakers in the debate on the throne speech were: Dr. R. J. Mason, Fort William; J. H. Sinclair, Guysborough; J. A. River, Alta.; F. J. Pelletier, Matane; H. M. Shaw, MacLeod, Alta.; C. A. Gauvreau, Teniscouata; E. T. W. Myers, Kindersley, Sask.; Thomas Hay, Selkirk, Man.; F. Bolton, Lisgar. The debate was adjourned at 10.40 p. m. by Dr. Michael Clarke, Red Deer.

Hon. Hugh Guthrie, minister of militia, tabled the regulations for the Canadian air force and the air board act; also the annual report of the department of militia and defence for the fiscal year ended March 31, 1920. The report contained the demobilization work of the department during the past fiscal year.

Referring to the question of imperial military policy, it stated that this was a question which would doubtless be fully considered by the cabinet ministers when

#### C. P. R. TO RESUME HOLIDAY RATES

Toronto, March 1.—It was said here last night that special summer holiday rates will be restored by the C. P. R. on June 1 next when a reduction of 25 per cent on the regular rate will be granted on occasions.

This will be the first year for special inducements to tourists since the special holiday rates ceased on account of the war.

AN ECHO OF THE WHITLEY RIOTS

Commissioner Coming to Canada From England

Commission Coming to Canton With the Troubles in "Tin Town" in 1918-19—Statements by Counsel.

Ontario, Surrey, England, Feb. 5.—(By Canadian Press, by mail.)—An echo of the Whitley riots was heard in the king's bench division of the law courts today when a commission was authorized by Mr. Justice Coleridge to proceed to Ottawa for the purpose of taking evidence in connection with an action brought against the Surrey county council for damages sustained by six storekeepers of "Tin Town" at the time of the Canadian military riots in 1918-19.

Sir Richard Muir appeared on behalf of the Surrey county council, and explained that the application for a commission arose through an action, or a series of actions, brought against the council by the tenants of shanties called "Tin Town" which were annexed to one of the Canadian military camps at Witley.

On Armistice Day, November 11, 1918, there was a riot of Canadian soldiers in the camp, he said, and damage was done to some buildings. Therefore, the occupants of the shops, apart from several other considerations, had the warning of the riot they were running keeping shops and goods there. In February, 1919, there was a further riot, Sir Richard continued, and further damage to shops and contents were done, and there was a third riot, with more damage, in June, 1919.

The camp was one which was governed entirely by the military, he said. The civilian police had no jurisdiction there at all, and were not allowed in the camp. The military police and officers were quite unable to cope with the soldiers, he said, who took it into their heads to riot. The occupants of the tin shanties made a claim against the Canadian government, some in respect of the riots of February, 1919, and some, Sir Richard thought also, in respect of the riots in June, 1919.

Some of them, compensation, others of them recovered none at all. Some did not apply to the Canadian government for compensation, he said.

Sir Richard told the court that approximately six tenants of the tin shanties were suing the Surrey county council for damages which the claimants said had arisen from a riot. They were suing the council under the Riot Act, he explained.

"But this was a riot of soldiers in a camp under military control, and in a place where the Surrey police would have no jurisdiction, and where, of course, they would not have a force which would possibly cope with them."

That was the claim against the Surrey county council, Sir Richard said. The Surrey county council said they were not liable, Sir Richard said, and if they were liable the ratepayers of Surrey would have to pay the damages. The position taken by Sir Richard was that the whole of the records of the court enquiry held after the riots and all the witnesses had been moved to Canada. An effort had been made, he said, to get documentary evidence from Ottawa, but this had failed.

Sir Richard proceeded to argue that if the people who owned the tin shanties had put up their prices to such an extent that they provoked a riot, then they were not entitled to damages. Upon that the Surrey county council relied on evidence from the dominion, he said.

J. B. Melville, on behalf of the claimants, said the compensation made by the Canadian authorities was inadequate, and censured the Surrey council for not taking steps to adjust the claims before the evidence and witnesses were removed to the dominion. "They did not pack up their tents and fit away immediately after the commission sat," he added.

Sir Richard then explained that the Canadian government had given the claimants what they thought they were entitled to after a full enquiry.

"They have had their life in the Canadian authorities," Sir Richard said. Mr. Melville replied that on November 11, 1919, the ratepayers were informed by the Canadian authorities in offering a contribution of five hundred pounds that "the Canadian authorities regret the circumstances and are making good their contribution not as an admission of liability but as an expression of regret and as an act of grace."

The commission which Justice Coleridge has authorized to proceed to Ottawa will endeavor to get evidence from Canadian demobilized soldiers that would enable the court to say whether or not excessive prices were charged the soldiers while they were stationed at Witley, and whether there was justification for a riot taking place.

In the meantime, the case will stand over for a month until the return of the commission.

The question of costs was raised, and the court agreed to a request by Mr. Melville that so far as the costs of the commission were concerned they should be reserved to the judge at the trial.

Says They Are The Best on the Market

STEPHEN McLEAN'S TRIBUTE TO DODD'S KIDNEY PILLS.

Now Scotland Who Has Tired Dodd's Kidney Pills and Found Them Good Recommends Them to All Who Suffer From Kidney Ills.

Whitley Pier, Sydney, N. S., Feb. 28 (Special Correspondent).—I do not find Dodd's Kidney Pills beneficial, so I recommend them as the best on the market.

This wholehearted tribute comes from the lips of Mr. Stephen McLean, who resides at 1424 Victoria Road, this city. He is just one more of the thousands of Canadians who have tried Dodd's Kidney Pills for their kidney ills and found them good.

"Any sufferer who wants to recuperate their original health I would recommend them to use Dodd's Kidney Pills," Mr. McLean states further.

"There is no disease so common in Canada as kidney disease. The kidneys are the scavengers of the body. Their work is to strain all the impurities out of the blood. It is easy to see how neglecting them may be the cause of serious illness. Rheumatism, dropsy, urinary troubles, diabetes and heart disease are some of the penalties that follow neglecting the call of sick kidneys."

"Ask your neighbors if Dodd's Kidney Pills are not the remedy sick kidneys are crying for."

AMERICAN PAPERS making much ado over the fact that John D. Rockefeller paid a tax for the year 1918 on an income of \$89,000,000. The office returns just made public disclose his contribution to the national exchequer to have been on that basis. Let us hope that it was; for the man who has an income of such proportions could very well spare a sum for general use that would be fabulous to most men, without his missing it in the least. The incident has led to considerable speculation as to the volume of principal which created the income, and the guesses show a variation of hundreds of millions of dollars. This is a very small amount when we begin to talk about money in figures beyond those with which we are familiar by personal experience we are in a realm where numerals lose their significance. We do not know what we are talking about.

From the practical point of view, all of us should be more deeply concerned in how much money Mr. Rockefeller has parted with than how much he has left. The personal pronoun is apt, because Mr. Rockefeller has happily begun to extend his benefactions on a somewhat liberal scale to Canada; which is as it should be. If his object is to help humanity, we can fairly claim to come within that comprehensive classification. His industrial activities long ago crossed the international boundary, and for more than half a century Canadians have been free buyers of his products. We may therefore accept his gifts without undue humility. The gratitude he may take for granted.

Mr. Rockefeller has in one way and another given away \$275,000,000, which is conceded to be very much the largest sum ever disposed of by one man. Andrew Carnegie came next, with \$50,000,000 to the credit of his generosity. If their giving was in the right spirit, they may have realized a joy equal to, if not greater than, that of the recipients. They quite deserve that it should be; for both these great money makers, to whom fell far more than their share of worldly possessions, were fine exemplars of the free hand. Neither was made the subject of a title, nor would they have been in any degree ennobled by such recognitions of distinction.

The example of Rockefeller and Carnegie was needed in a world considerably given over to greed and selfishness. It is conceivable that neither of these noted captains of industry really made

well. Yet there are many with money to spare, and it is noteworthy that they hold first place in philanthropic effort. It is fashionable to rail against the rich, but white tie men their bounty to the needy they are not open to blame. Only the tightwad and the stony-hearted are fitting objects of opprobrium. All honor to those who give.

U. N. B. PLANS FOR MEMORIAL HALL

Meeting of Those Interested Here Yesterday—Dinner and Organization Meeting to be Held Later.

Graduates and former students of the University of New Brunswick resident in St. John met yesterday afternoon in the Admiralty court rooms to discuss ways and means of raising money to help in the erection of the proposed Memorial Hall at the university.

The meeting empowered its chairman, Dr. P. B. Perkins, to appoint a committee to make arrangements for a dinner at which the matter would be discussed further and an organization completed. Those in charge of the campaign at Fredericton are expected to be represented at this dinner.

The Memorial Hall is proposed to commemorate U. N. B. men who fell in the Great War. It will contain physics and chemistry laboratories and a convocation hall. A. N. Carter was secretary of yesterday's meeting.

Minard's Liniment For Burns, Etc.

The partial closing of the food gates at the entrance to the mill pond has checked the inflow to such an extent that the maximum height of the tide in the pond has been reduced two feet below the maximum of former years. This will obviate the annual spring flooding of Rodney street and other areas nearby, it was said at city hall.

RT NEWS OF A DAY; HOME AND ABROAD

FLING. Games Last Evening. Industrial League—McCarthy's 4; Newark Pulp and Paper, 0; Commercial League—C. P. R. 4; Timms, 0; Ellington League—G. W. V. A. 8; Grant House, 1; M. C. A. Senior League—River, 4; Riverside, 0; M. C. I. League—Robins, 4; Spar, 0. The Robins rolled high, 1407; string was 221. Maher and Jenkins for high average with 10478 and Chester had a single of 125.

A Tie Game. team known as the United Farmers one from Kinghurst rolled a tie on the Victoria allays last evening each getting two points. Kinghurst—Total, Ave. 87 89 87 263 87.2-3; Upper 71 68 81 223 73-3; Middle 84 78 86 258 84-3; Lower 78 80 77 240 80-3; Total 280 286 301 843-12. Chatham Defeat Sackville. The Chatham hockey settee, champions of the N. B. A. H. League, won last evening from Sackville, of the Eastern League, seven to two. The game was played in Chatham and although the poor ice rendered good playing impossible a large crowd saw the home team win.

N. H. L. Results. The Canadiens at Montreal last night defeated the St. Patrick's of Toronto, but one that is able to win fifty per cent of the games played, Montreal will not only be able to support a team in the league, but should prove to be one of the greatest money makers in the circuit. This is for the very reason that since this city was a member of the circuit, it has grown not only so much in population as to be numbered the fifth city, but has become one of the greatest convention and tourist centres on the American continent. As fully ninety per cent of this tourist trade comes from United States points, it can readily be seen what this means to the baseball attendance at the games. Again, under proper ownership and management, both the French and English press will undoubtedly give the game the support that is accorded to it by the entire press of the country to the south of us.

Handball. The monthly meeting of the St. George Athletic Club was held last evening, when preparations for an active season were begun. Boxing and wrestling are going strong at the club and entries will be made in the city and provincial championships, and the maritime boxing championships. The club will also have a baseball team this summer.

Accept Challenge. Sgt. Detective Power and Fred Scully, who posted a "def" to any two handball players for the championship of the Y. M. C. I., have had it taken up by Charles Owen and W. Knoll. Much interest has been aroused over the match, the date for which has not yet been set.

Rowing Revival. Present indications are that the rowing revival, started in the last few years, will be going as strong as ever this summer. Greenville McCavour, fourteen-year-old oarsman, will have a new shell, built by Harry Belyea and H. McCall. A four-oared shell is also being built for the R. K. Y. C., and other indications point to an active summer.

Challenges Gorman. M. J. Perry of Moncton has challenged Charles Gorman, maritime champion, to a battle to be skated in the Moncton arena March 8, from opposite sides of the rink.

Presentation of Prizes. On Thursday evening at the Y. M. C. I., the prizes won at the maritime championships will be presented to the winners. A smoker, athletic and musical entertainment will be held in conjunction with the presentation.

Association Games. London, Feb. 28.—In the second replay of their tied game in the association football cup third round, Chelsea today defeated Plymouth two to one and will now meet Cardiff next Saturday in the fourth round of that competition.

Wrestling. Zbysko the Winner. New York, Feb. 28.—Stanislaus Zbysko, of Poland, defeated Charles Peters, of Nebraska, in a catch-as-catch-can wrestling match here tonight in 46 minutes and 44 seconds. Zbysko, it was announced, will meet Joe Stetcher here on March 14 in a final match.

Boxing and wrestling are going strong at the club and entries will be made in the city and provincial championships, and the maritime boxing championships. The club will also have a baseball team this summer.

Accept Challenge. Sgt. Detective Power and Fred Scully, who posted a "def" to any two handball players for the championship of the Y. M. C. I., have had it taken up by Charles Owen and W. Knoll. Much interest has been aroused over the match, the date for which has not yet been set.

Rowing Revival. Present indications are that the rowing revival, started in the last few years, will be going as strong as ever this summer. Greenville McCavour, fourteen-year-old oarsman, will have a new shell, built by Harry Belyea and H. McCall. A four-oared shell is also being built for the R. K. Y. C., and other indications point to an active summer.

Challenges Gorman. M. J. Perry of Moncton has challenged Charles Gorman, maritime champion, to a battle to be skated in the Moncton arena March 8, from opposite sides of the rink.

Presentation of Prizes. On Thursday evening at the Y. M. C. I., the prizes won at the maritime championships will be presented to the winners. A smoker, athletic and musical entertainment will be held in conjunction with the presentation.

Association Games. London, Feb. 28.—In the second replay of their tied game in the association football cup third round, Chelsea today defeated Plymouth two to one and will now meet Cardiff next Saturday in the fourth round of that competition.

Wrestling. Zbysko the Winner. New York, Feb. 28.—Stanislaus Zbysko, of Poland, defeated Charles Peters, of Nebraska, in a catch-as-catch-can wrestling match here tonight in 46 minutes and 44 seconds. Zbysko, it was announced, will meet Joe Stetcher here on March 14 in a final match.

MONTREAL WILL BE A HELP TO INTERNATIONAL

Joe Page Writes of Baseball Entry Gets a Good Team in Akron Organization — It Should Prove a Good Paying Proposition if Well Managed.

(By Joe Page.) The possibility of Montreal again becoming a member of the International Baseball League for the coming season has been the cause of a lot of ripe speculation and talk, the consensus of which is that if the Montreal or other people who may be behind the club financially are prepared and will give the baseball news the game in a comfortable manner, together with good able management and a team—not necessarily a winner—but one that is able to win fifty per cent of the games played, Montreal will not only be able to support a team in the league, but should prove to be one of the greatest money makers in the circuit. This is for the very reason that since this city was a member of the circuit, it has grown not only so much in population as to be numbered the fifth city, but has become one of the greatest convention and tourist centres on the American continent. As fully ninety per cent of this tourist trade comes from United States points, it can readily be seen what this means to the baseball attendance at the games. Again, under proper ownership and management, both the French and English press will undoubtedly give the game the support that is accorded to it by the entire press of the country to the south of us.

Handball. The monthly meeting of the St. George Athletic Club was held last evening, when preparations for an active season were begun. Boxing and wrestling are going strong at the club and entries will be made in the city and provincial championships, and the maritime boxing championships. The club will also have a baseball team this summer.

TWO DAYS ONLY—WED. and THURS. James Oliver Curwood presents Nomads of the North From the novel by James Oliver Curwood Directed by David M. Hartford A FIRST NATIONAL ATTRACTION

"A Beggar in Purple" Powerful Story—Good Travel and News Reels. Now that the rainstorm and flooded streets are over and it is agreeable to venture out-of-doors again the programme at the Imperial this change of affairs special inducements. The leading feature "A Beggar in Purple" is Andrew Soutar's novel, telling the story of a boy who grew up to avenge his poverty-stricken mother's starvation death in the busy markets of London, using the stock market as his weapon. There is powerful mother-love interest in the action, with labor agitation and Red Flagism, and a pretty affair of the heart throughout. The sudden blindness of the hero at the intense climax is a new touch in film plays and added a strong element of surprise. Although this Pathe production was splendid and its repetition for the last times tonight will doubtless attract many.

**SAVINGS BANK.**  
The people of St. John doing business with the Dominion Savings Bank were somewhat more thrifty during February than in the corresponding period last year, the net gain of deposits over withdrawals being \$24,972.14, while last year the difference was \$25,039.65. The amount of business done was much larger for February of 1921. The total deposits were \$79,770.85, and the withdrawals \$54,798.81. In February, 1920, the deposits were \$61,808.46, and the withdrawals \$88,263.81.

**HARBOR MATTER.**  
A by-law case against Captain O. Olsen, master of the S.S. Stanja, charged with dumping rubbish into the harbor, was resumed in the police court this morning. The captain said he ordered the crew but when it came along side of the steamer, there was some water in it and he could not tell whether it was defective or not. He said he acted in good faith and had no intention of violating the law. Stanley Brown said he was working on the steamer and there was a quantity of rubbish dumped into the sea. The magistrate said in view of the fact that the captain seemed to be acting in good faith the case was dismissed.

**ELECTRICAL MATTERS.**  
The monthly report of the city electrician, Harry Wilson, shows that permits for the installation of electricity in the city had fallen off in February, compared with January. In the month just closed fifty-nine permits were issued, compared with seventy-three for the previous month. The number of permits completed, however, were greater in February, being one hundred, compared with ninety-seven in January. The amount received in fees for permits was \$55.26, compared with \$62.78. This rate is based on the voltage called for.

**MENTORS' ASSOCIATION.**  
The semi-monthly meeting of the St. John Mentors' Association was held last evening at 6:15 at the Y. M. C. A. A hearty supper was served by the Young Ladies' Guild. The president, R. H. Parsons, presided. Nelson McEwan spoke regarding the coming national tour and the matter of athletic meets. The guest of the evening was Rev. Isaac Brindley, who gave an eloquent address on a Boy's Religion. He said that a boy lived in four worlds—the physical, intellectual, social and religious—but the religious was the most wonderful part of his nature if once developed. A hearty vote of thanks was tendered the speaker. A short discussion concluded a very successful meeting.

**ITS SIXTEENTH ANNIVERSARY**  
**Rotary Has Special Night—Dr. H. L. Stewart Speaks—Club Approves Vocational Classes.**  
The Rotary Club last evening, by vote, declared itself in favor of the continuance of vocational evening classes and the early opening of day classes. It also heard a delightful address by Dr. H. L. Stewart of Dalhousie University on Rotary Ethics.

When the chairman, Ronald McAvily, called upon Canon Armstrong to ask a blessing the dining hall at Bond's was filled with Rotarians and guests. The head table and three long tables down the room had every seat taken. Each Rotarian had been asked to take a guest and there were therefore nearly as many visitors as members. At the very outset President E. J. Terry, just returned from the West Indies, was received with musical honors, and throughout the evening Dr. Spangier and Miss Ewing kept the members reaching for their song books and joining in choruses.

The name of R. Patterson was put in nomination as district governor for next year for the election to be held at the district conference. Russell C. Holt was elected a member of the club. Members owning cars were asked to notify A. E. Everett so that he could make arrangements to meet visiting Rotarians when the district conference is held. It is expected two members will go from St. John to the Edinburgh convention in June.

After a short discussion, a motion by A. M. Belland seconded by Alex. Wilson, that the club place itself on record as in favor of the continuance of vocational evening classes, and the opening as soon as possible of day classes, was adopted without dissent.  
As last night's luncheon was a celebration of the sixteenth anniversary of Rotary, Prof. Herbert L. Stewart of Dalhousie University, a Halifax Rotarian, had been invited to address the club on Rotary Ethics. Dr. Stewart is no stranger to St. John, and he did not disappoint his friends last evening. His address was delightfully humorous as well as impressive, as became a Rotarian, and his auditors every now and then were moved to hearty laughter by some delicate thrust or funny illustration of a point to be made. He has a rare reserve of apt anecdotes upon which to draw. In his closing remarks, however, Dr. Stewart laid his hands on the eloquent sentences summed up the principles of Rotary, and dwelt upon what this new force may do in bringing harmony and good will to a war-torn and nerve-racked world.  
Dr. Spangier named two Rotarians for each ward to take part in the by-life survey of St. John to be made this month, and urged them all to attend the meeting this week in the board of trade rooms to perfect the organization for that important work.
