

Stinging Reply By South Africa's Defence Minister

Beyers' Position Clearly Set Forth in Letter to Him and He is Handled Without Gloves

The action of Colonel Maritz and his command in joining forces with the Germans in the North West Cape Province of South Africa has naturally created surprise among the Boers. Doubtless Colonel Maritz's action was stimulated by the resignation of General Beyers from his position as commander general of the union defence forces.

It is interesting to note that the Boers are loyal to Great Britain, Colonel Maritz will receive a short shrift. In tendering his resignation to General Smuts, minister of defence, ex-General Beyers said that to his utmost surprise, parliament confirmed the resolution adopted by the government namely, to conquer German South-West Africa with any provocation towards the union from the Germans.

The reply of the minister of defence emphasizes in the most complete and unquestionable manner the crushing weight of the South African government for the insignificant number of malcontents, represented by the resignation of Maritz type. Penned by a man who, fifteen years ago, was one of the most active of the Boer generals against the British forces it is all the more remarkable in the vindication of the fairness of British rule. General Smuts wrote as follows under date of Pretoria, September 19.

It was with regret that I received your letter of the 15th instant tendering your resignation as the commander general of the union defence forces, and as an officer of the union.

The circumstances under which that resignation took place and the terms in which you endeavor to justify your resignation tend to leave a very painful impression. It is true that it was known to me that you entertained objections against the war operations in German South-West Africa, but I never received the impression that you would resign.

The principal officers were appointed on your recommendation and with your concurrence, and the plan of operations which is now being followed is largely the one recommended by yourself at a conference of officers. My last instructions to you before I left Cape Town to attend the special session of parliament were that in my absence you should visit certain regiments on the German border, and it was well understood between us that immediately after your operations were somewhat further advanced and co-operation among the various divisions would be practicable should you undertake the chief command in German South-West Africa.

The attitude of the government after this remained unchanged, and was approved by parliament after full discussion. One would have expected that approval would make the matter easier for you, but now I find that you anticipated that parliament would disapprove of the policy of the government, and that your disappointment in this became the reason for your unexpected action.

In order to make your motives clearer, the reasons for your resignation were explained in a long political argument which was immediately communicated to the press and came into the hands of the government long after publication. It need not tell you that all these circumstances in connection with your resignation have made a most unpleasant impression on my colleagues and myself. But this unpleasant impression has even been aggravated by the allegations contained in your letter. Your bitter attack on Great Britain is of a entirely new kind, but in the more unjustifiable coming at it does in the midst of a great war from the commandant-general of British dominions. Your reference to barbarous acts during the South African war cannot justify the criminal devastation of Belgium and can only be calculated to sow hatred and even division among the people of South Africa.

You forget to mention that since the South African War the British people gave South Africa their entire freedom under a constitution which makes it possible for us to realize our national ideals along our own lines, and which, for instance, allows you to write with impunity a letter for which you would without a doubt be liable in the German Empire to the extreme penalty.

As regards your other statements, they have been answered and disposed of in the House of Commons. It will be apparent that neither the British Empire nor South Africa was the aggressor in this struggle. War was in the first instance declared by Austria-Hungary and thereafter by Germany under circumstances in which the British government employed its utmost power to maintain peace in Europe and to safeguard the neutrality of Belgium.

So far as we ourselves are concerned, our coast is threatened, our mail boats are arrested, and our borders are invaded by the enemy. This letter does not occur as you say, in an involuntary manner, and with an apology which later, at any rate, was never tendered to the government. Under those circumstances it is absurd to speak about the aggressive action on the part of the British Empire. We have been drawn against our will and entirely in self-defence into this war.

As regards your insinuation concerning the loan of \$7,000,000 which the British government was kind enough to grant us and for which the public of the union as evidenced recently in parliament, are most grateful, it was of such a deplorable nature that there was no necessity to make any comment thereon. It only shows to what extent your mind has been obscured by political bias.

BRIGHT, HEALTHY, ATTRACTIVE GIRLS

This Condition Can Only Be Maintained Through Rich, Red Blood

It makes all the difference in the world to a girl whether she develops into a bright, healthy attractive woman or sinks into a sickly, unhappy, suffering semi-invalid.

The girl whose blood is poor and scanty—who is anemic as the doctor terms it—starts life under too great a handicap. She is weaker and more frail than her companions who have rich, red blood. She is more easily fatigued in body and mind, and work of any kind exhausts her. In time her health breaks down. She becomes pale, looks worn out, is languid, irritable and nervous. Her heart palpitates violently at the least exertion and she falls behind other girls in both health and capacity for enjoying life.

Abundant rich, red blood is the secret of good health to the many thousands of such girls. This rich, red blood is the secret of the success of Dr. Williams' Pink Pills. They have given thousands of weak, white-faced, bloodless, nervous, 'vicious' looking and high spirits. Here is a bit of proof.

Miss Olive Gauvreau, St. Jerome, Que., says: 'I have reason to be more than grateful to Dr. Williams' Pink Pills, for they restored me to health after more than a year's illness. I had been suffering from anemia. I was all run down, tortured with headaches, could not perform any exertion, and had no appetite, though of course I had to force myself to eat. I was in this condition for nearly two years, and although doctoring continually, seemed to be steadily growing worse, and was very much discouraged and despondent. Finally a friend urged me to try Dr. Williams' Pink Pills and I discontinued all other medicines and did so. In the course of a few weeks there was no room to doubt that I had at least found the right medicine. My appetite returned, the headaches began to come less frequently, and color was returning to my face. The continued use of the Pills for a little longer fully restored my health, and I have since been as healthy and active as anyone could wish. I cannot too strongly recommend Dr. Williams' Pink Pills to other weak and ailing girls.'

You can get these Pills through your medicine dealer or by mail. They cost 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

GERMANS TRYING TO CORRUPT THE SWISS

Geneva, Oct. 17.—From the beginning of the war, the Swiss authorities knew that a small army of German spies had entered the country. Recently these spies began to abuse Swiss neutrality.

Under Swiss names they started publishing one page newspapers in several towns, printed in German, giving only Wolf reports, receiving all news by special cables and great expense from Berlin, and offering news for nothing to Swiss papers. The Swiss papers declined unambiguously.

Severe measures have been taken during the last few days against these spies. They have been escorted across the German frontier and firmly requested not to return. Others received notice to leave the country, while their papers have been suppressed. Switzerland is determined to remain neutral.

Death of Maine Editor. Augusta, Oct. 17.—Samuel Lane Boardman, long one of the prominent newspaper men of Maine and a former editor of the Bangor Commercial, is dead here following a long illness. He resigned as editor of the Commercial in 1899 and had since lived here.

DIPHTHERIA SCARE. The school at Fredericton Junction has been closed, and all public meetings postponed, the residents fearing an epidemic of diphtheria. As yet only one case has been discovered, that of Miss Mary Clark, the ten-year-old daughter of Alex. Clark, and the house has been quarantined.

GOVERNOR TAKES LEASE OF WHITEHEAD HOME

Will Occupy Beauregard During Session—Fine Gift to Belgian Fund

Fredricton, Oct. 16.—Governor Wood, while here yesterday, secured a lease of Beauregard, the beautiful residence of Mrs. W. T. Whitehead, and will occupy it during the legislative session.

C. H. Giles, of Brooklands, sold a two year old Holstein bull at auction this morning and turned the proceeds, amounting to \$60, over to the Belgian relief fund.

IMPERIAL WEEK-END BILL A RICH ONE

Good Pictures and Special Acts—Mr. Golding's Interesting Announcement

Two powerful pictures and three entraining acts made up a very pleasing week-end bill at the Imperial Theatre and, again there were large waiting crowds of patrons last evening. The presentation along lines somewhat conventional but carrying to a pleasing conclusion, a well thought out story of this life and reform. The other picture was a chapter in the history of the world.

How well this story is being followed was shown by the applause which greeted the screen announcement that it was the next feature of the programme. This chapter is full of thrilling incidents and holds the attention fixed upon every movement.

Miss Elsa Marie has a pleasing number. Mr. Cockburn's two solos and several clever Russian children, the Solimines, aroused enthusiasm and more demands for their artistic piano and violin act. The excellent orchestra, as always, puts the Imperial stamp on the entertainment. It is an hour and a half very pleasantly spent.

Mr. Golding's announcement of Brewster's Millions as a big feature of next week; Johnston and Crane, vocalists and exponents of society dances aroused much pleasant anticipation.

ONE DAUGHTER IN ST. JOHN

Moncton, N. B., Oct. 17.—James McQuaid, aged 69, died on Friday evening after an illness of six weeks at his home in Irishtown. He is survived by four sons—John, of Dedham, Mass., Thomas, Clement and James of Irishtown, and seven daughters—Mrs. Galt, of Dorchester, Mass., Mrs. John McKendrick of Moncton, Sarah of Cambridge, Mass., Mary and Maude of Boston, Margaret of St. John and Katherine at home.

NEW BRUNSWICK FRUIT

As evidence of what the St. John river district is capable when it comes to fruit producing, two large boxes of delicious pears were received in Indiantown yesterday from Herbert Williams of Williams' Wharf, in whose orchard they were grown. They were placed on display by W. H. Dunham in Main street. The pears were remarkably large for native growth, were tinted a ruddy hue, and had a tempting flavor. Mr. Williams has met with much success in his fruit experiments. Ordinarily New Brunswick pears are of the preserving quality, but these were splendid specimens of the eating variety.

THE WAR NEWS.

The end of another week has come without news of the hoped for victory by the allied armies, which would have afforded ground for hope of an early expulsion of the Germans from French and Belgian soil.

The war has entered upon a new phase. The battle-line in France extends practically from the Swiss border to the North Sea, and there can be no further attempts by either side to outflank the other.

The operations in France will continue to be the centre of interest, however, since it is there Germany has attempted her master-stroke and has thus far failed.

MUCH PAIN FROM KIDNEY DISEASE

Doctored in Vain Until Dr. Chase's Kidney-Liver Pills Were Used.

Kidney derangements are often associated with disorders of the liver and bowels, and under these conditions ordinary kidney medicines usually fail to effect cure.

Mr. Emanuel Bernard, farmer, St. Paul's, Kent county, N. B., writes: "About eighteen years ago I was afflicted with kidney disease, and suffered greatly from headaches, pains in bowels, and stomach, and her heart was affected."

the institution must continue to be a very important factor in the city's life, from the social and intellectual standpoint, and in the development of a fine public spirit among the women of St. John.

Mr. F. Hopkinson Smith anticipates Zeppelin raids upon London and Paris. Such raids, while they might do a certain amount of damage, could have no effect on the final result of the war.

Not only will there be an excellent steamship service during the coming winter, the trade would be benefited in a season when the ordinary cut of lumber may be smaller than usual.

The Montreal Star is unable to believe for a moment that the Borden government has any intention of breaking the party truce which was reached "deliberately and with patriotic unanimity."

THE REASON WHY

You don't take sauce? Perhaps not, but if you look for the reason why, you will find it in the fact that the word "sauce" suggests to your mind a thin, dark, hot-tasting fluid, which, if taken at dinner, runs all over the plate, saturates the vegetables and eventually leaves a disagreeable burning sensation in the mouth.

A new sauce has been introduced by the Midland Vinegar Company of England, which is known as H. P. Sauce, and is quite different to the old-fashioned sauces referred to.

H. P. Sauce has proved an immediate success, and is now used regularly by those who previously never took sauce. It is prepared by blending together the choicest Oriental fruits and spices with pure malt vinegar.

H. P. Sauce is also used very extensively in the kitchen, for housekeepers have discovered that old and familiar dishes of which everyone has grown tired become tempting and delicious when enhanced and enlivened with H. P. Sauce.

All family grocers are selling H. P. Sauce. Of course its success has brought many imitations, but if you ask for H. P. and see that these letters appear on each label, you will preclude the possibility of disappointment.

He Was Uneasy. "What's the matter, John? You act like a fish and a dog."

With a Castle in Spain. "Kitty's father was a self-made man."

"And her husband?" "Yes, my dear," responded John, as the auto came to a halt.

"He turned out to be a self-made count."

MRS. KUHRING NEW PRESIDENT

Annual Meeting of the Women's Canadian Club

AN INTERESTING REVIEW

The Year's Work Told of by Mrs. E. A. Smith—New Members, The Officers and the Advisory Board

Mrs. E. Atherton Smith, who has been president of the Women's Canadian Club for the last five years, and who has seen it grow from a membership of 120 to more than 800 and become a great force in the social and intellectual life of the city, retired from office at the annual meeting last evening, and was succeeded by Mrs. G. A. Kuhring, who has also been a leader in the club, especially in its educational work.

The resignation of Mrs. Smith was accepted with great reluctance; but she insisted upon retiring, because her duties in connection with the tuberculosis hospital, various patriotic movements and other duties make such demands upon her time.

The Year Reviewed

In the course of her annual address Mrs. Smith reviewed what has been the most interesting year in the history of the club. The lecture season began with an address by J. Norton Griffiths, M. P., on Imperial Unity. There was an historic evening treating of Fort Howe, and the president was able to say not only that the plans for a national park there had been prepared, but that the federal government had granted \$8,000 toward the LeTour memorial, and further aid had been promised by the province and the city. Reference was made to an address by Mrs. Warren on Life in Singapore, and words to the war crisis and the

those by Rev. Dr. Symonds, Talbot Papeau and Rev. T. A. Drumm, and the president's illustrated address on Historic London. The Loyalist Day celebration this year was of exceptional interest.

After the burning of the Salvation Army Metropole the club gathered clothing for those burned out, and provided a banquet for the 250 citizens who conducted the great campaign for funds to build a new metropole. Illustrated lectures were given in the school buildings, flags were presented to several schools and prizes provided for the pupils of the deaf and dumb institute. A grant was made to the hospital ship fund, and the president noted that the three Canadian Women's Clubs of St. John, St. Andrews and St. Stephen gave \$800 for this cause. The local club also provided some equipment and lunches for the soldiers who went to the front. Members are actively interested in the work of the Red Cross Society, the Soldiers' Wives League and other patriotic organizations. The president expressed the club's thanks to Walter H. Golding, Mayor Frink and the press of the city. Reference was made to an address by Mrs. Warren on Life in Singapore, and words to the war crisis and the

of Canadians, quoting at the end the stirring poem of Agnes Maule Machar, a Canadian poetess, on Our Lads to the Front.

Mrs. James F. Robertson and Mrs. Kuhring paid warm tributes to the splendid service of Mrs. Smith during these five years.

Officers for the year elected were: Patrons, Lady Tilley; honorary president, Mrs. E. A. Smith; president, Mrs. Kuhring; first vice-president, Mrs. H. A. Powell; second vice-president, Mrs. L. P. D. Tilley; third vice-president, Mrs. Richard O'Brien; recording secretary, Miss Ethel Jarvis; corresponding secretary, Mrs. Melrose; treasurer, Miss McGivern; and literary correspondent, Mrs. Lawrence.

The advisory board was elected as follows: Mrs. Robert Thomson, Mrs. Geo. E. Smith, Mrs. John McAvity, Mrs. Frink, Mrs. J. F. Robertson, Mrs. E. H. Estabrooks, Mrs. David Hutchinson, Mrs. G. K. McLeod, Mrs. Arthur Coster and Miss Leavitt.

The following were the new members: Miss Ida A. Northrup, Mrs. Frank E. Crabbe, Mrs. Frank Smith, Miss McLean, Miss Margaret Hennessy, Miss Lillian Curry and Miss MacDonald.

The advisory board was elected as follows: Mrs. Robert Thomson, Mrs. Geo. E. Smith, Mrs. John McAvity, Mrs. Frink, Mrs. J. F. Robertson, Mrs. E. H. Estabrooks, Mrs. David Hutchinson, Mrs. G. K. McLeod, Mrs. Arthur Coster, and Miss Leavitt.

Lady Tilley asked for the club's cooperation in aiding the work of the Shoreline Hospital for British soldiers, including colonial, and in providing

Christmas boxes for Canadian soldiers at the front.

Mrs. George J. Clarke and Miss Gohell gave very interesting addresses at the recent convention of the federation of Canadian Clubs held in Vancouver.

Both were greatly impressed by the scope of the excellent work of the Canadian clubs throughout Canada. Mr. Clarke at that convention was elected vice-president for the maritime provinces.

Mrs. Kuhring, in accepting the presidency of the club, insisted on the adoption of a rule that hereafter a president shall be asked to serve for only one year.

THE ELECTION TALK

Salisbury Plains.
 Charles Ledford, secretary of Marlborough Lodge, Sons of England, has an intimate knowledge of Salisbury Plains, having been trained there in his youth as a soldier in the 40th Middlesex Rifle Volunteers. He says that Canadian troops will be immensely pleased with the place as a training centre as the grounds are remarkably well suited to the purpose.

HAD NO POWER OVER THE LIMBS
 Locomotor Ataxia, Heart Trouble and Nervous Spells Yielded to Dr. Chase's Nerve Food.

It would be easy to tell you how Dr. Chase's Nerve Food cures locomotor ataxia and derangements of heart and nerves, but it may be more satisfactory to you to read this letter.

Mrs. Thos. Allan, R. F. D. 3, Somers, Ont., writes: "Five years ago I suffered a complete breakdown, and frequently had palpitation of the heart. Since that illness I have had dizzy spells, had no power over my limbs (locomotor ataxia) and could not walk straight. At night I would have severe nervous spells, with heart palpitation, and would shake as though I had the ague. I felt improvement after using the first box of Dr. Chase's Nerve Food, and after continuing the treatment can now walk, eat and sleep well, have no nervous spells and do not require heart medicine. I have told several of my neighbors of the splendid results obtained from the use of Dr. Chase's Nerve Food." Dr. Chase's Nerve Food, 60c a box, for \$2.50, all dealers, or Edmondson, Bates & Co., Limited, Toronto.

A BUSINESS COSTUME.

This model is admirably suited to the needs of the business woman, for it consists of a blouse and skirt which are both sufficiently distinctive to give it a dressy effect, while they are at the same time eminently practical. Light-weight French serge is used to develop the costume; color, Dauphin blue. The skirt is one of the new tunic effects with a hip-yoke, and the simple waist is trimmed with braid and white linen collar and cuffs.

As it is an unusual model, the blouse deserves a special lesson in its construction. The entire costume requires 6 yards of 44-inch material, but the waist alone may be made from 2 1/2 yards of goods.

After cutting it out from a fold of the serge, proceed with the construction by first hemming the vest as notched. Watch for large "O" perforations to determine the center of the front. Now turn under front edge of front on slot perforations; lap on vest to small "O" perforations, notches even, and stitch. Close under-arm seams as notched. Gather lower edge of front, back and vest between dots, and edge edge. Adjust stay to position under-neath buttons, center and lower edge even, small "O" perforation at lower edge of stay at under-arm seam. Sew large collar to neck as notched. Fine soutache braid makes the most acceptable trimming for the front of the waist.

Here join sections of the bodice according to notches; then pleat, creating on slot perforations; bring folded edges to corresponding lines of small "O" perforations and press. Center-front indicated by large "O" perforations. Sew to lower edge of waist, center of waist.

Close the sleeve seams, also those of the cuffs. Sew lower cuff to long edge of sleeve. Sew cuff to long edge of sleeve. Sew cuff to long edge of sleeve. Sew cuff to long edge of sleeve.

Dauphin blue serge made into a dressy costume for the business woman. It is trimmed with soutache braid and white linen collar and cuffs.

TO GET OXYGEN UNDER WATER
 (New York World.)

The fish can breathe or extract oxygen from the water. Why should not men in submarines be able to do the same thing and thus make it possible to stay under the surface for weeks? It is Thomas A. Edison who asks the question on the occasion of his first visit on a battleship and in a submarine on Saturday, and he answers it nonchalantly with: "It can be done in half an hour's work." This is rather important if true to be able to equip these underwater craft with fish-gills, as it were. And "the Wizard" usually does what he says he can do. Such an equipment must vastly increase the efficiency of the submarine as an arm of the navy, and it is already a question whether it is not destined to displace the Dreadnought.

FOR BETTER FARMING

Business Men of Manitoba to Take up Movement—The North Dakota Plan.

The Canadian Credit Men's Trust Association, Limited, of Winnipeg sends out the following circular to its members:

September 23, 1914.

Those of our members who attended the meeting at the Royal Alexandra hotel on the 15th inst., heard a suggestion made by Mr. Vere Brown relative to action being taken by this association to start a campaign for better farming throughout the west.

Information has been sought with regard to the movement in North Dakota and the following is a copy of a letter just received which briefly outlines the plan adopted by the St. Paul and Minneapolis financial and commercial men: "Answering your letter of the 19th instant, in re the better farming movement in North Dakota, it gives me pleasure to be able to answer your enquiries in this matter, especially so since the results that have been attained are exceedingly encouraging, and the same plan pursued in your territory would no doubt prove as beneficial.

"The movement seems to have been conceived by A. R. C. Brown, a man of extensive interests in Canada, and P. L. Howe, both of Minneapolis, some time ago in 1912. The North Dakota Better Farming Association was organized with an executive committee consisting of the above mentioned gentlemen with E. J. Weiser, C. B. McMillan, R. C. Kittle, C. W. Kelly, E. Y. Serles, and other more or less prominent North Dakota business men.

"Aided by the Northern Pacific and Great Northern railways this executive committee raised a fund of \$45,000 to be contributed each year for a period of three years. A manager for the association was found in the person of Thomas P. Cooper, who formerly had been in charge of the statistical work of the Minnesota Agricultural College. Mr. Cooper at once secured as assistants twenty of the more capable men, of both practical and scientific agricultural training, that could be found.

"The avowed object of the association was to bring the school to the farmer. Taking the county as a unit, one or more workers are employed. To secure the assistance of the state association, the people of the county must contribute to a general fund as much cash as the association puts up—this usually amounts to \$2,500 to \$3,000 per annum. A local agricultural expert or adviser is then assigned to the county; he is furnished with an auto and spends his time traveling from one farm to another, wherever his advice or counsel is needed or desired.

"By December, 1912, the association was operating a few demonstration farms, rather supervising the operation of same, the farmer supplying his farm for a period of five years and taking up the work outlined for him by the association. The principal work so far has been systematic rotation of crops.

"In addition to the demonstration farms, there were about 120 plots, ranging from twenty to 150 acres, under supervision, divided into three, five and six year rotations, depending on prevailing conditions.

"Bulletins are issued at intervals, usually covering specific instructions on some point of interest, such as the formation of farmers' clubs, selection of seed, corn, etc.

"Interest in corn growing was stimu-

FOR BETTER FARMING

lated by establishing corn contests, for which substantial prizes were offered."

A meeting of the board has been held and it has been decided to call a monster meeting of the business and financial men of this province to discuss the whole proposition. Notice of this meeting will be given when arrangements are completed.

In order, however, that the very fullest information shall be laid before our members and the public generally it has been suggested that a representative from the various bodies be asked to proceed to North Dakota and obtain by going over the ground information concerning the modus operandi and the results already obtained up to the present.

This information will then be laid before the meeting in question for their decision.

Yours faithfully,
THE CANADIAN CREDIT MEN'S TRUST ASSOCIATION, LIMITED,
 HENRY DETCHON,
 General Manager.

THE FALL WEATHER HARD ON LITTLE ONES

Fortunate Moment.

"I am very sorry to see you here," remarked the woman, turning to the convict. "Is it true that you stole a piano?"

"Yes, ma'am," was the frank admission of the convict. Then he added: "I did it in a moment of weakness."

"In a moment of weakness?" gasped the elderly visitor. "Mercy me! I presume that had your usual strength you would have walked away with the whole house!"

Canadian fall weather is extremely hard on little ones. One day it is warm and bright and the next wet and cold. These sudden changes bring on colds, cramps and colic, and unless baby's little stomach is kept right the result may be serious. There is nothing to equal Baby's Own Tablets in keeping the little ones well. They sweeten the stomach, regulate the bowels, break up colds and make baby thrive. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Carry Your Patriotism Into Your Buying!

For ten years we have been talking practical patriotism—urging Canadians to buy the Canadian-made Gillette Safety Razor in preference to cheap German makeshifts.

The war has clinched our arguments. So confident are we of the future of the only safety razor made throughout in Canada, that we are bringing out within a few weeks a New Model the

GILLETTE "BULLDOG"

It's British to the hilt, and looks the part. The price stands at \$5.00—no increase over the Standard Gillette Set. Watch for the Gillette "Bulldog" ["what we have we'll hold"] in the shop windows—you'll like it.

The war has not checked Gillette progress. Our factory is running full time, with complete staff. Thus we are doing our part toward maintaining Canada's prosperity. Do yours by buying, in preference, goods

DON'T BE AFRAID TO SAY NO

(Quoted from Pictorial Review, October, 1914) The young man or woman new in the world of business, faces an ever increasing number of problems. Most of these come in the form of what might be termed financial temptation. In the average business concern, salaries are not made public. One man can only guess shrewdly at what the other man is earning. False pride often makes the newcomer hide the smallness of the salary he is receiving. Certain of his fellow workers know this weakness and play upon it. They cleverly insinuate that he is drawing a pretty big salary for a young fellow, that he ought to buy cigars or take up the lunch check or treat. And he lacks the courage to say "No, he can't afford it."

WORLD'S GREATEST KIDNEY REMEDY

"Fruit-a-tives" Have Proved Their Value In Thousands of Cases

WONDERFUL RECORD OF A WONDERFUL CURE

Only Remedy That Acts On All Three Of The Organs Responsible For The Formation Of Uric Acid In The Blood

Many people do not realize that the Skin is one of the three great eliminators of waste matter from the body. As a matter of fact, the Skin is the system of more Urea (or waste matter) than the Kidneys. When there is Kidney Trouble, Pain In The Back and Acid Urine, it may not be due to faulty Kidneys at all, but be due to faulty Skin Action, or Constipation of the bowels.

"Fruit-a-tives" cures weak, sore, aching Kidneys, not only because it strengthens these organs but also because "Fruit-a-tives" opens the bowels, sweetens the stomach and stimulates the action of the skin.

"Fruit-a-tives" is sold by all dealers at 50c a box, 6 for \$2.70, trial size, five or will be sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

NEW YORK GUNMEN GET ANOTHER ONE

Gang Outbreak Near Broadway; Victim Keeps Silence

HENNESSY DYING

Two Men Held But He Refuses to Identify Them — Police Believe Woman Led Him to His Fate

(New York American)

"The gangsters of New York have already forgotten 'Lefty Louis,' 'Gyp the Blood,' 'Dago Frank' and 'Whitney Louie' said Captain of Detectives Gildea yesterday after trying vainly to drag from William Murray Hennessy, dying in the Polyclinic Hospital, the name of a man who shot him a little after midnight yesterday morning in the vestibule of Arthur Poppers cafe, Seventh avenue and Fifth street.

"Hennessy is a true gangster," continued Gildea. "He knows who shot him and why, but he is going to keep quiet. Hennessy, loyal to the law of gangland which decrees that the wages of the 'squealer' is death, was shot twice after being lured out of the 'ladies' cafe' in Poppers place, where he was 'bounced' it occurred within a short block of Broadway and within hearing of the orchestras of the garish Broadway tango restaurants. Hennessy was shot as was Herman Rosenthal—lured to his death—and, in a place almost prominent, declared Gildea. "If Hennessy had been forty-second in reading Broadway. Some one fired a gun to get him, and the gunman got him."

Two Men Held
 Arthur Lawrence, of No. 248 West Thirty-eighth street, and George Gordon, who said he lived in Pittsburgh, were held without bail in the West Side Court by Magistrate Harris for a further examination charged with the shooting. There was a hole in Lawrence's coat pocket which looked as though it had been bored by a bullet and it was surrounded by powder. In the hospital Hennessy admitted that he knew them, but that he did not know who shot him.

Inspector Farrot, pointing to the hole and powder burns, flatly accused Lawrence of doing the shooting. Lawrence's reply was a grin and a shrug.

"Some wise guy," sneered Lawrence. "Well, I ain't going to say nothing. Get me a lawyer."

As far as Captain Gildea and Lieutenant Regan have been able to learn, Hennessy was marked for murder because of his knowledge of the murder of "Cush" Thomas' partner two years ago, when Thomas had a saloon at the corner of Broadway and Seventh Avenue. Hennessy was supposed to know who did the shooting, and it is said that the murderer appeared in the city last week and was warned by Hennessy to get out of town.

Woman Seen in Place
 Although no police say that they have no definite knowledge of just how the shooting was engineered, Gildea says he knows that a woman entered Poppers' place, went to the "ladies' cafe" in the rear where Hennessy was seated, and did something to him. Hennessy acted in the double capacity of relief bartender and "bouncer" in Poppers' cafe. Hennessy left the woman and made his way down the hall leading to Seventh avenue. While he was in the vestibule two shots rang out.

Gavelty in the "tango bar" was at its height. In less than fifteen minutes several hundred persons—gayly dressed women, couples from the expensive dance cafes of Broadway, and the habitués of the less pretentious places in Seventh avenue—were buzzing around Poppers' place, and the streets were thronged with people who were trying to see what they believed might be a second Rosenthal or Stanford White murder.

Detectives fanned out more than twenty persons in the crowd, but only Lawrence and Gordon were held.

Hennessy Was Married
 According to Gildea, it is possible that Hennessy was "booked" for the shooting. He is known to the "ladies' cafe" at that time got wind of "trouble," according to Gildea, and found a girl in the vestibule in consultation at Thirty-eighth street and Broadway. When Pheasant demanded to know what they were doing in Poppers' place, they were doing a New Jersey license and drove away.

On Monday night, soon after eleven o'clock, Pheasant saw the same group further up Broadway and told them to "get out."

Pheasant now believes that he had arrested the gangsters on suspicion charges the shooting of Hennessy might have been averted.

Believing that he was going to die, Hennessy sent for his wife and his three children yesterday. They live at No. 92 Division street. Mrs. Hennessy said that she has been married to the injured man ten years.

"He won't tell me who did it," she cried as she left the hospital. "He is a good man. If I knew who did it I'd get them."

Hennessy, early in May, 1901, shot and killed Jeremiah Moore, an ex-convict and gunman, at Mickey Silvey's ball at No. 127 Chrystie street. It was said that one Kitty Brescol—"Kitty the M.I."—was responsible. Hennessy was tried and discharged on September 7 by Judge Foster on the plea of self-defense. He was shot on March 18, 1902, tried on the charge of burglary and sentence was suspended. On November 26, 1908, he was arrested on a charge of petit larceny and was discharged. On April 15, 1913, he was arrested on the charge of being "a suspicious person," but again was discharged.

To Grow Hair On a Bald Head

BY A SPECIALIST

Thousands of people suffer from baldness and falling hair, who, having tried nearly every advertised hair tonic and hair-grower without results, have resigned themselves to baldness, and its attendant discomfort. Yet their case is not hopeless, the following simple home prescription has made hair grow after years of baldness, and is also unequalled for restoring gray hair to its original color, stopping gray hair from falling out, and destroying the dandruff germ. It will not make the hair greasy, and can be put up by any druggist: Bay Rum, 6 ounces; Lavender Compound, 2 ounces; Menthol Crystals, one-half drachm. If you wish it perfumed, add 1 drachm of your favorite perfume. This preparation is highly recommended by physicians and specialists, and is absolutely harmless, as it contains none of the poisonous wood alcohol so frequently found in hair tonics.

How Thin People Can Put on Flesh

A NEW DISCOVERY

Thin men and women—that big, hearty, filling dinner you ate last night. What became of all the fat-producing nourishment it contained? You haven't gained in weight one ounce. That food passed from your body like unburned coal through an open grate. The material was there, but your food doesn't work and stick, and the plain truth is you hardly get enough nourishment from your meals to pay for the cost of cooking. This is true of thin folks the world over. Your nutritive organs, your functions of assimilation, are sadly out of gear and need reconstruction.

Cut out the foolish foods and funny sawdust diets. Omit the flesh cream rub-ons. Cut out everything but the meals you are eating now and eat with every one of those single Sargol tablets. In two weeks note the difference. Five to eight good solid pounds of healthy, "stay there" fat should be the net result. Sargol charges your weak, stagnant blood with millions of fresh new red corpuscles—gives the blood the carrying power to deliver every ounce of fat-nourishing material in your food to every part of your body. Sargol, too, mixes with your food and prepares it for the blood in easily assimilated form. Thin people gain all the way from 10 to 25 pounds a month while taking Sargol, and the new flesh stays put. Sargol tablets are a scientific combination of six of the best flesh-producing elements known to chemistry. They come 40 tablets to a package, are pleasant, harmless and inexpensive, and all druggists sell them subject to an absolute guarantee of weight increase or money back.

A PRETTY SKIN MAKES A PRETTY FACE

Stuart's Calcium Wafers Cleanse the Skin Very Quickly and Make It Clear and White

Do you envy the girl with the delicate tints and the rosy glow of good health on her face? Do you long for the perfect freshness and beauty of her complexion? The means of gaining them are within your reach this very minute. Stuart's Calcium Wafers will work this wonderful miracle of good looks for you within a very few days. No matter how covered with pimples, rash, eczema or any sort of skin eruption your face may be—no matter how dull and yellow your skin appears—your complexion will be transformed most instantly into all that is lovely and desirable.

"Everybody loves a pretty face and a delicate skin."

Face lotions and creams merely alleviate the irritation of the skin—they are of no permanent value. Stuart's Calcium Wafers go right after the cause of the troubles—the poisons and impurities in the blood. They chase them into the pores, change them into gas that is easily eliminated and then stimulate the pores into throwing them out. There is no waste of time—no fooling around. These little wafers assimilated into the blood work night and day until every impurity is gotten rid of and you not only have a clear complexion but pure, vigorous blood that endows you with new life and energy.

Stuart's Calcium Wafers contain nothing harmful—nothing but what thousands of physicians have used and recommended. Its chief constituent, calcium sulphide, is universally recognized as the most powerful of blood purifiers.

Surprise your friends by meeting them with a face radiant with loveliness instead of the disagreeable, pimply one they are used to. Give yourself the supreme happiness that the consciousness of good looks and the power of attraction will bring you.

Buy a box of Stuart's Calcium Wafers today and see how quickly the pimples will disappear. They can be obtained at any drug store at 50 cents a box. They come in a form convenient to carry and are pleasant to the taste.

A small sample package will be mailed free by addressing F. A. Stuart Co., 175 Stuart Bldg., Marshall, Mich.

DRINK AND UNEMPLOYMENT HAND IN HAND

When the last comes and the factory and office doors are closed, where are the first to be laid off? This falls because on their wives and families they have no other resource. A man who has been drinking spends so much on it that there is usually no money left to support his family.

Always stop the craving for drink and take the Sargol tablets. It is guaranteed to stop the craving for drink and to give you strength and energy. Always No. 21 is the voluntary treatment. Can be had by mail for 50c per box. Ask for Sargol Tablets, E. C. Brown, Druggist, St. John.

URIC ACID IN MEAT CLOGS THE KIDNEYS

Take a Glass of Salts if Your Back Hurts or Bladder Bothers

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush out the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then set fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia water drink.

FOR HEAT AND LIGHT BURN ROYALITE

ALL kerosene is not alike—there are many varying grades and qualities.

Royalite is the registered trade name of The Imperial Oil Company's pure, high grade, extra refined kerosene. When properly used it will not give any smoke or soot, and it is always absolutely uniform.

The Imperial Oil Company is the largest refiner in Canada. Because of its extensive manufacturing resources and its system of delivering direct from the refinery to the store or the consumer, it can offer Royalite at a price which, considering the quality, is remarkably low.

You can get Royalite everywhere—in villages as well as cities and towns. You can also get Rayo Lamps, and Perfection Heaters and Stoves, for which The Imperial Oil Company is general distributor.

Royalite Oil plus the Rayo Lamp means a big light for little money.

Royalite Oil plus Perfection Heaters and Stoves means most heat at lowest cost.

GOOD WORK OF Y. M. C. A.

Concerning the work of the Y. M. C. A. at Valcartier the following statements, letters, extracts, etc., will prove interesting:

"A soldier who had been obliged by our Post-Office Chief, wished to pay for the obligation, and when he found he could not, and was told the Y. M. C. A. men were in Camp for the sole purpose of obliging and helping the soldiers, replied: 'See here, I've been watching this Y. M. C. A. outfit for nine days to see if I could discover where the graft was, and now I really believe there isn't any.'"

"A neat looking, fully equipped soldier called at our dry Canteen the other evening to say good-bye. 'Well, good-bye, you Y. M. C. A. fellows! you've done a great job in this Camp for us soldiers, and we all appreciate it; and in our letters home you bet we give you a good boost.'"

"You fellows are doing a grand piece of work down there, and I want to thank you for it. Headquarters Officers all appreciate it very much."

COL. WILLIAMS, Adj. General, Commandant, Valcartier.

"I hear great reports of your work in Camp, and take pleasure in making this small contribution to its support."

"Transport Officer to Y. M. C. A. man 'What! want a wagon this time of night? Oh, it's for the Y. M. C. A. is it? That's all right, I didn't recognize you.'"

FREE KINDERGARTEN.

At a meeting of the Free Kindergarten Association yesterday the treasurer reported the funds enriched by the sum of \$185.00, the net proceeds of the Kriens concert in Canterbury hall. It was also reported that the free kindergarten conducted in Murray street mission, in charge of Miss Norton, had been removed to King's hall, St. James street. The school in Brunette street church, conducted by Miss Eteley, has been moved to Glad Tidings hall, Brunette street. Until the public school system includes the teaching of four to six-year-old children, the association is faced with an expenditure of \$2,500 a year, and further calls on the public will be necessary. It was reported that Lend-a-Hand Circle of the King's Daughters had offered to provide during the winter the children of one kindergarten with luncheons ofackers and milk.

CAPTURING GERMANY'S TRADE IS A QUESTION OF PRICES, SAYS A CORRESPONDENT

To the Editor Evening Times-Star:—There has been an awful lot of newspaper talk just lately about grabbing Germany's trade getting into communication with buyers of German goods, &c., &c. If Canada wants to capture all Germany's custom, we can easily do so by selling goods to those customers—at Germany's prices.

There is the whole question in a nutshell, and if Canada won't do it, you may be quite sure that some one else will. Just one case as an illustration. The English buyers of pit props for coal mines, as soon as they came here, picked the bubble-made newspaper talk, and the trumpet blowing of the board of trade, by the simple statement of actual prices now being paid to continental firms, for the same article, as against Canadian prices.

Naturally enough buyers will buy in the cheapest market, and it is up to our merchants to make some sacrifice to secure the trade, which they must remember, will be permanent, and also that this opportunity may never occur again. We Canadians are so used to paying high prices for everything, that we are inclined to think all other goods at a cheaper rate must be no good, either inferior in quality or workmanship.

We are apt to forget that included in the Canadian price, is the price of the political pull of the manufacturers on the government to keep up the tariff, and hold off all outside competition. These plausible gentlemen tell us that unless the tariff is kept up, wages would be lowered, and the prosperity of the country would be gone for ever. It is the combination of the workers that will regulate the wages, assisted by that law of demand and supply, which is as old as the pyramids of Egypt. Just one case in point. The masses get the highest wages in Canada. Why? Because they have a strong trade union to protect their interests. No tariff there, my friends. No political pull.

England built up the greatest trade the world has ever seen. But she built it on free trade, sell to all comers, under sell other nations in order to get the trade, and incidentally, fight others to retain the trade after she had got it.

A small profit on orders extending over long periods, will pay better than large profits for a short period, so that Canadian merchants had better abandon the idea of making Germany's customers in their hour of need, as they seek us here in Canada. Let them get right down to business, and offer their goods at prices that will induce people to buy them. The little island of Guernsey, in the English Channel, between England and France, governs itself, just the same as Canada, but is a free port, no tariff there. But you can buy cigars—and a good one too—for one cent and a bottle of French brandy, or port wine for a quarter; and there is not a hobo to be found on the island. Ask your political boss to explain that.

Don't take my word for the above statement, but write for information to the postmaster at St. Peter's Port, Guernsey, as to prices there.

Who is it that gets all the benefit of the tariff? The manufacturer, or the retailer, or the worker who has to pay

Makes Face Young—Tightens Loose Ties

A fraternal expression, a wrinkled face and a faded complexion, give the male members from home than is commonly supposed. It was one of my greatest difficulties to appear smiling, fresh and happy when my dear ones were with me. But I have overcome all that. I have found it second nature to look cheerful. Due partly to this, partly to a remarkable treatment recommended by a friend, my appearance is now so remarkably five years younger than before.

The Board of Trade publishes in today's Telegraph a statement made by a Mr. Smeraldi, who says he can secure a market for Canadian goods in South America—"at reasonable prices"—that is the pivot on which the whole thing swings. If the Canadian manufacturers will charge reasonable prices, such as the South American people have been paying for Germany, then Canada, will get the trade, and keep it. But she won't get it if manufacturers are greedy and try to make the new customer as they make the old ones.

They must look to the future, and strain every nerve to catch the new customers, even at a loss in the beginning. Having captured the new business they can, on that, build the solid bulwarks of Canada's future commercial greatness.

I remain, Sir,
Yours respectfully,
CIVICUS.

Feet and ankles so swollen, she could not walk up stairs

Every woman and every man, who suffers with Rheumatism—who has acute attacks of Rheumatism, Sciatica or Lumbago—whose Kidneys are weak and whose hands and feet become swollen and painful—should read carefully these two letters of Mrs. Salsbury about the magical effects of

Gin Pills FOR THE KIDNEYS

On February 14th, last, Mrs. J. A. Salsbury wrote about Gin Pills, "I can certainly say Gin Pills have done a lot of good for me. Some six years ago, I could not walk upstairs, my feet and ankles were so swollen, but I took three boxes of Gin Pills and the trouble has never returned. My mother, 80 years of age, is taking them and feels fine". Writing again on April 22nd, in reply to a request for permission to publish her letter, Mrs. Salsbury says, "You may do so, as I think it was Gin Pills that cured me, as I have not had the Rheumatism since and it is six years this spring since I was so bad".

Swollen hands and feet are a sure sign of Kidney Trouble. Mucus or brick dust deposits in the urine. So is incontinence or suppression of the urine. So is Gravel (or Stone in the Kidneys). If the urine is hot and scalding, the bladder is irritated or inflamed. In all these cases you need Gin Pills at once. Take them as Mrs. Salsbury did and cure yourself!

Gin Pills are sold in every part of Canada at 50c. a box, six for \$2.50—and every box is sold with our spot cash guarantee of satisfaction or money back. Sold in the United States under the name "GINO" Pills.

MARGARET ANGLIN'S GREAT SUCCESS TO BE NEXT WEEK'S OFFERING

The Awakening of Helena Richie Presented By the Thompson-Woods Players

Next week at the Opera House the Thompson-Woods Anglin's great success "The Awakening of Helena Richie." The story of Helena Richie is a very pathetic one. When a small child she was brought up by a cruel old woman and in order to escape her she married a man who promised her every kind of happiness and gave her every kind of misery and while in a drunken rage killed her child. She then ran away with Lloyd Fryor, who promised to marry her, but when the opportunity came ten years later he wanted to continue living as they had lived in Old Chester where he had been known as her brother.

During her stay in old Chester she had made many friends, among them Dr. Lavender, the preacher, who had become very much attached to her. When an orphan named David had been brought to Dr. Lavender for a home he immediately gave him to Mrs. Richie to care for and bring up. She becomes very much attached to him and when it comes to a choice between marrying Fryor or giving up David she decides to keep David. Meanwhile Dr. King learns the life she has been living and demands that she tell Dr. Lavender, as he isn't quite sure that she is the right sort of person to be trusted to bring up David. She tells Dr. Lavender of her life with Fryor and he thinks it best for her to give up David, this she consents to do but when Dr. Lavender finds out her true nature he brings David back to her telling Dr. King that "there are some good folks who don't begin to know their Heavenly Father as the sinner who has climbed up to him," a dangerous doctrine to preach as he says, but one he knows to be true.

Miss Lois Howell will be seen in the part of Helena Richie, a most exacting part and one in which she will have an excellent opportunity to display her ability as an emotional actress. Mr. Howard will be seen as the good friend Dr. King and Mr. Dimock will have the part of Dr. Lavender. The full strength of the company will be used and the production promises to be one of unusual merit.

Matinees will be given on Wednesday, Friday and Saturday.

WAR WOUNDS, PAINLESS

New Anesthetic Discovered by Paulin Makes Them So.

Paris, Oct. 17.—Battlefield suffering has been greatly reduced by the application of a new anesthetic. It is based on analgesine, discovered by Georges Paulin, which already has been found to render childbirth painless.

Analgesine is fermented morphia, which injected on the battlefield, renders wounds painless for six hours, giving time to transfer the wounded to base hospitals. Fermented morphia does not induce coma, but merely numbs the nervous system.

AMHERST WOMAN WITNESSED SOME GERMAN OUTRAGES

German savagery is all that is charged to it, and more. Ghastly testimony to the barbaric cruelty practiced on the innocents of poor Belgium was revealed to the horrified gaze of an Amherst woman, and she brings home her own experience of the sufferings of these fatal people. Mrs. Jas. Murray, of 6 Palmer street, saw Belgians maimed and crippled for life, helpless victims struck down to satisfy the blood lust of treacherous tyrants.

Says The Amherst News:—Standing in a London railway station, Mrs. Murray saw "ever so many" women and children, their lives blighted by the brutality of the invaders.

"They came in with other refugees," Mrs. Murray declared today, "women and little children, all cut up dreadfully. The little ones had their feet and hands severed, hundreds of them. It was mostly the boys between four and five years old, because the Germans said they did not want them to grow up and fight like their fathers. There was one woman with a bandage over her face; we asked what for and were told her nose was chopped off by a bayonet. Another had her ear off, and then there was another who had one of her breasts cut off.

Had to Leave At Behind.

"Oh, it was frightful, and there were so many of them all so helpless just the way they escaped, half dressed, no hats or belongings, wearing blood-soaked bandages. One had to take pity on them. Many were adopted right there. Some Scotch farmers I know sent down to take care of them for life, even though they would never be able to do much for themselves.

"Mrs. Murray offered these words for the benefit of those who refuse to believe stories of German atrocities. It is such spectacles, she said, that brought out the wish that they had taken the lives of the Belgian mites rather than have them always helpless and dependent on charity.

Mrs. Murray was in the old country for five months. Staying there, she says, she was anxious to get away from home. London is darkened at night and the sky whirled continually by searchlights on the watch for bomb-dropping Zeppelins and at least one airship is kept flying on guard. One of these machines was wrecked near where Mrs. Murray stayed in London, the aeronaut being killed on striking the aerodrome on a misjudged descent.

While at Fort George on the coast, Mrs. Murray saw ninety Germans captured while laying mines. Their ship had just been struck by a shell and the commander handed over his flag.

NO AID FROM LOCAL GOVERNMENT FOR N. B. REGIMENT

Fredericton, N. B., Oct. 16.—Following advice from the militia department the provincial government has decided to make no grant for a New Brunswick regiment for foreign services. This was decided today at a meeting of the local government.

Regarding the Dugal report and the findings of the court of enquiry into St. John police conditions, it was said that they would not be made public for a time.

For Belgian relief purposes 15,000 bushels of potatoes were voted.

DOMINION ELECTION PLANS CANCELLED?

In spite of the insistence of the Rogers wing of the Dominion government, it now appears that common sense has prevailed in the councils of the Conservative party to the extent, at least, of deferring indefinitely the proposed election. Protests from financiers, manufacturers and business men against the proposal, when the semi-official announcement of an election was made, have convinced the leaders that the time for a political contest has not arrived. Another reason for the delay is the difficulty which has been experienced in effecting the changes in the cabinet to retire the Nationalist element. It is intimated now that Hon. Mr. Crothers, also, is willing to retire and that he will go out at the same time as Messrs. Pelletier and Nantel.

DEATH OF FOREIGN MINISTER WILL NOT AFFECT ITALY'S POLICY

It is authoritatively stated in Italy that the death of Marquis Giuliano, foreign minister, which occurred yesterday, will not affect the foreign policy of the government. He had been friendly to Germany, and had frowned at demonstrations of sympathy towards the allies. Premier Salandra will assume the foreign portfolio temporarily.

OLD HYMNS, NEW TUNES

American Bishop Condemns Present-Day Irreverence

Detroit, Mich., Oct. 17.—Setting the old-time hymns to tunes that savor of the modern music hall or of "Yankee Doodle" was deplored by Bishop Edward Osburn, of Springfield, Ill., at a meeting of the Synod of the Fifth Province of the Protestant Episcopal Church in the United States. The remarks of Bishop Osburn occurred during a debate on the adoption of the report of a committee appointed to prepare the publication of an inexpensive selection of Sunday school hymns.

"I want to be assured that none of these hymns will have irreverent tunes," said Bishop Osburn. "I notice that 'Jerusalem the Golden' is among the hymns listed. I have heard that hymn sung to a tune that is most irreverent, that sounded like 'Yankee Doodle.' The latter is all right in its place but its place is not in the church of God."

Completing New Bridge

Hundreds of people yesterday crowded the Suspension Bridge to see the last connecting cord set for the arch in the new bridge. Owing to unfavorable weather in the morning, the work was not completed, but the second link will be connected this afternoon.

Penmans Hosiery

Finer Hosiery Means Better-fitting Footwear

You wouldn't expect foot comfort in shoes worn over ill-fitting hose. Penmans Hosiery is shaped-in-the-knit to conform to every curve of foot and leg. Reinforced where necessary and seamless. **NOTE—Nobody nowadays wears seamed hose.**

Penmans Hosiery is unshrinkable, also has greater durability than you are perhaps accustomed to. Its silky smoothness and sleek, velvety feel tell unmistakably of superior yarns.

Try naming the make—say "Penmans"—and mean it. You'll get better hose.

Made in cotton, cashmere, hile and silk, for men, women and children.

Players Known In St. John

Their Activities This Season — Katherine Rober In Vaudeville — Marguerite Fields in Stock — Rose Melville and 'Sis' — Local Stock's Third Week — News of Stage in General

Katherine Rober, who played to popular favor in St. John some years ago opened this week in vaudeville in Keith's Theatre, Lowell, Mass. Miss Rober is appearing in Una Clayton's playlet "What Would You Do?" She is supported by Leander Blandon and a company of two and her tour is under the direction of Alf T. Wilson.

Rose Melville has "Sis Hopkins" out again this season. It is interesting to recall that when she played her famous piece in St. John some years ago, Lyman R. Abbe, now playing characters with the Thompson-Woods Co. here was in her support.

The intention of raising the historic Boston theatre in about a year for the purpose of erecting a new hotel for commercial purposes involving an investment of approximately \$2,000,000, was followed by an announcement that William H. Leahy, the present lessee of the Boston, is planning to jump to the National, a Keith controlled house, built about three years ago, and which has a seating capacity of 3,800. The National has been dark since last spring. Any immediate intention of taking the National is denied by Leahy, who says that his lease of the Boston holds until Sept. 1, 1915.

Third Week of Stock The continuation of fine weather in the city with the general interest in the war and local patriotic endeavors has probably been responsible for the lack of appreciation shown the Thompson-Woods Stock at the Opera House, but local stage-followers who have been attending the performances know that those who have not attended have been missing something worth while. This week the rural comedy drama: "Our New Minister," familiar to St. John people since the days of Ellis and Daley, was produced with much success from the point of view of presentation but was not as well patronized as might have been expected. The reason is not with the comedy, for the players are particularly clever in their respective roles. However, last year it took about six or seven weeks before the stock was introduced to the general stage public here, and before a following was established to a "warming-up" basis, and it may be the same will be true this season. "The Awakening of Helena Ritchie," in which a local favorite, Marguerite Anglin, won fame, will give next week to Miss Howell an opportunity which she has not enjoyed in the productions made thus far in which Mr. Howard has had the major portion of the stage to satisfactory advantage.

Marguerite Fields, leading woman with Kirk Brown in St. John, is at the head of her own stock company this season. Henry Crosby, another Kirk Brown player here, his wife and daughter, Carole, have returned to Kansas City, where Mr. Crosby recently opened with the Auditorium Stock for another season.

An avalanche of British playwrights is pouring into New York. The advance guard, composed of Sir James M. Barrie and E. W. Mason, threw up in-

trenchments three weeks ago. Since then Louis N. Parker, Henry Arthur Jones, and Hubert Henry Davies have arrived. But until G. B. S. comes the invasion cannot be said to be an overwhelming success. Now that his "Pygmalion" is to be done in New York by Mrs. Patrick Campbell there is a possibility of a lively encounter between the Shavian wit and the ship news reporters' persistence.

In the competition for the Edwin Booth Memorial, the figure decided upon is that submitted by Edwin T. Quinn. The figure mounted upon a pedestal designed by Edwin Sherrill Dodge, portrays Mr. Booth as Hamlet. Reviews Head Here, Too.

After having been the dramatic critic of the New York American for nineteen years, Alan Dale, the most widely known reviewer of the legitimate stage, has resigned.

The general trend toward commercialism in all departments of certain metropolitan dailies, in which movement Hearst publications have for a long time been leaders, is said to have brought about Dale's resignation. He has always observed the ethics of newspaper work as commonly accepted by all special writers such as he is. Newspaper men seemingly conversant with Dale's stand, say he left the American with his independent flag flying.

According to report the direct cause of Dale's leaving was the American's treatment of the play, "Miss Daisy," that opened at the Shubert. In his notice in the American Dale said it was a poor entertainment. The Sunday American printed several stories in its first issue after the Dale notice had appeared in the daily edition, to the effect that "Miss Daisy" was a great play. The records show that Dale was correct in his opinion. "Miss Daisy" has since been removed from Broadway and did very little business at the box office while there.

AUSTRALIA TO SEND TWO THOUSAND EACH MONTH TO THE ARMY

Melbourne, Australia, Oct. 17.—The 20,000 men forming the first contingent to the British army have all been collected and have gone to the front. The men have got the right spirit, for they feel they are going to join a great army, whose feats of arms will live long in history, and whose success will be glorious. Now that the first contingent has been got away, what of the others? At headquarters there is no doubt that men will come forward in plenty. The first 20,000 were raised without any outward show of organized recruiting, and the government have no fears of getting other men to respond. Kitchener's appeal has been taken to heart here in Australia. The government has stated that it will send as many men as possible, so long as they are required. As they become incapacitated, will replace them at its own expense. She could put into the field now a full 100,000 men, providing they could be drilled at all. The government has laid it down that whatever else happens, Australia is to send 2,000 men monthly to the front to maintain the first army at more than its war strength. She is also to send a further contingent of 20,000 in addition to this regular shipment. If people want a sign that the business of war in Australia has been tackled in grim earnest, they have only to look to

"I believe the Canadian apple to be the finest in the world."—SIR GEO. E. FOSTER. "Canadian apples are all right—firm, juicy, well-colored, good keepers."—LUTHER BURBANK. For the Patriots' palate. Baked Apple and Cream.

Outweighs all foreign breakfast fruits in food value. WHAT can be compared with a great, luscious, Canadian apple, sun-ripened into ruddy beauty in our arcadian valleys—nigh-bursting with stored-up mellow sweetness? A banana or orange, picked green and ripened in a freight car, or even the shaddock masquerading as grapefruit? Never! Good apples were never so plentiful, so economical an item of food—so valuable an addition to every meal. How many Canadians realize that there is no fruit in the world so luscious—so beautiful, so economical and so health-giving? The Canadian Apple—envied of all nations to such an extent that heretofore, until the war prevented their getting them, the wealthy foreigners have bid so high that the cream of our crop has gone to Europe! Which means that heretofore Canada—the home of the apple—has known only "seconds" and inferior imported fruits. Serve apples often. Give them to the children between meals and for their school lunch-baskets. Keep a box in the office. One before luncheon is a good appetizer. Join the Apple Consumers' League. Membership fee: One Canadian Apple per day. GET THIS BOOK TODAY "The Book of Apple Delights" has 209 delicious recipes and instructions how to keep apples all winter. A Cautious Owner. A Pennsylvania farmer was the owner of a good Alderney cow. A stranger, having admired the animal, asked the farmer, "What will you take for your cow?"

The farmer scratched his head for a moment and then said: "Look a-here, be you the tax assessor or has she been killed by the railroad?"

An Easy Way To Stop Head Noises

Good Advice For Those Who Fear Deafness

Men and women who are growing hard of hearing and who experience a stuffy feeling of pressure against their eardrums, accompanied by buzzing, rumbling sounds in their head like water falling in steam escaping should take prompt and effective measures to stop this trouble. Headnoises are almost invariably the forerunners of complete or partial deafness and most deaf people suffer from them constantly. Sometimes these noises become so distressing and nerve racking, with their never ceasing "hum" they drive the sufferer almost frantic and complete nervous breakdown and even violent insanity have been known to result.

Thanks to a remarkable scientific discovery made recently in England it is now possible to almost instantly lessen the severity of these headnoises and in a very short time to completely and permanently overcome them. With the disappearing of the head noises, the hearing also greatly improves and very frequently can be restored to normal. This English treatment is known as Parmit and can be easily and safely administered at home. Leading druggists in St. John and vicinity now have it in stock. Get from your druggist 1 oz. Parmit (Double Strength) and mix it at home with 1-4 pint of hot water and 4 oz. of granulated sugar. Stir until dissolved and then take one tablespoonful four times a day until the noises disappear and hearing improves. Parmit is used double strength in this way not only to reduce, by tonic action, the inflammation and swelling in the Eustachian tube and thus to equalize the air pressure on the drum but to correct any excess of secretions in the middle ear and the results it gives are both remarkably quick and effective.

Not to Be Distinguished. Visitors from a rural district were in the strangers' gallery in the House of Commons trying to recognize their member on the floor. "I can't distinguish him," said one after a hopeless visual observation. "Of course not," was the honest reply. "He can't even distinguish himself."

The Man In The Street

After hearing the German demands for money and supplies the citizens of Antwerp are probably wondering if they cannot declare a moratorium.

Despatches talk about the Germans assuming the offensive. Thought they were offensive enough already without assuming anything more.

There is a lot of solid satisfaction in the official announcement that the Canadian troops are safe on solid ground. The conflicting reports of their sailings and arrivals were beginning to earn those transports the reputation of a phantom fleet which could be in half a dozen places at the same time.

Pretty nearly time for some one to take another crack at Crecow.

The man whose wife, in her enthusiasm for the relief of the distressed Belgians, made a clean sweep of his wardrobe is thinking of organizing a relief committee for his own benefit.

The high cost of living may worry the householders of St. John but most of us can be glad that we are in a city where it is possible at least to earn even a living these days.

The Villain Discovered.

A quaint application of an oft quoted saying was made in a local kindergarten the other day. A little miss came to school with eyes reddened by weeping and to her teacher's questions replied that she was crying because someone had killed the household pet, her lovely Tabby. "I know about that," spoke up another tot, who had heard the sad recital, "and I know who killed it. They're a man gets around don't you know?" said "Mr. Curiosity killed the cat."

Not a Hero Yet

A local Italian who has been daily awaiting word that his country is involved in the war and that he will be needed at home to carry a gun is firmly convinced that he had a narrow escape this week.

He was at work on some repairs in one of the King street wholesale houses and happened to be the only man in the department at the time when a member of the local corps on active service entered. Clad in full uniform, with an official looking document tucked in his belt, the soldier marched in and, with an impressive manner, handed the paper to the son of Italy with a word or two in explanation. The Italian cannot speak English but he thought that he knew

PEACEFUL EVENING OF A VETERAN'S LIFE

An incident in the Work of The Daughters of the Empire

The local Daughters of the Empire, whose patriotic work has been before the public since the late war, are doing more, however, than is generally known. There comes to the Times the story of one act that carries a special appeal at the moment.

Some weeks ago there came to the General Public Hospital, from a place a short distance up river, a veteran of many years of service under the British flag. Enlisting first with the regulars when they were at Fort Howe, he served successively in Halifax, Bermuda, Ireland and Italy, and then, his time expired, came back to his native land.

A growth on his hand was the reason for his stay in this hospital. It demanded such drastic treatment as the amputation of the hand, despite his eighty-one years. He recovered, but meantime his case had been brought to the attention of the Daughters of the Empire, and his days in the hospital were brightened by visits and flowers and gifts and when he left for home it was seen that he was not unprovided with funds.

Yesterday he was brought back to the city by an expeditionary force to be placed in a home found for him with the family of a St. John man who had left with Canadian expeditionary force to fight for King and country. There his days pass more pleasantly than he has known and the evening of life is peaceful.

CONSECRATION OF ST. LUKE'S

Ceremony To Be Performed By Bishop Tomorrow

HISTORY OF THE CHURCH

Property Free From Debt and Much New Building Work Done—The Rector and the Officers of St. Luke's

An interesting ceremony will take place at eleven o'clock tomorrow morning in St. Luke's church when the building, which was dedicated to the service of Almighty God thirty-four years ago will be consecrated by His Lordship Bishop Richardson as a place of public worship as it is now free from any worldly debt or encumbrance.

The present St. Luke's was built in 1880, during the time when Rev. L. G. Stevens was rector of the parish. The building was designed originally by the late D. E. Dunham but has since undergone many alterations to meet the needs of a growing congregation. Rev. E. L. Silbald succeeded Mr. Stevens as rector in 1889. Rev. Mr. McKim came from St. John's church, West Toronto, to become rector of the Parish of Portland at that time the parish was \$5,000 in debt but not only has this been wiped out but many improvements have been made to the church, besides the building of the rectory last year and a total sum of more than \$25,000 has been expended on repairs and new buildings.

The parish is now in a very flourishing condition and the Thanksgiving offering this year presented by the congregation without any special appeal, amounted to \$41,000.

The debt of \$5,000 which was on the church when Rev. Mr. McKim assumed the rectorship was wiped out in ten or twelve years ago when all mortgages and other documents signifying any indebtedness were voluntarily burned. The church could then have been consecrated according to the letter of the canon law, but that we still a floating indebtedness and until that had all been cleared up, the congregation felt that they would rather wait before they could feel that they were free to ask the bishop to consecrate the church.

At the service tomorrow Bishop Richardson will be assisted by the rector and Rev. J. L. Cotton, who has been curate of St. Luke's for nearly two years and by D. H. Nae and W. F. Cronk, church wardens. Rev. W. B. Armstrong, a former curate of St. Luke's, now residing in the city, has also been invited to take part in the service.

A petition signed by the church wardens and others will be presented to the bishop in the church hall immediately before the service, praying His Lordship to consecrate the church and certifying that the church is free from all encumbrance as set out in a deed between the Corporation of St. Luke's church. The bishop will then proceed to consecrate the church, after which the Communion Service will be said during which the holy table and the vessels and books will be consecrated.

The Parish of Portland is the oldest in the diocese and the first service of which there is any record in the Province of New Brunswick was held by Rev. Thomas Wood on July 2, 1769, the time when missionaries sent out from England visited from house to house holding services intermittently. The first church built in the parish was on Portland Point in 1829 and was known as Grace church. This was afterwards moved on rollers near to the site of the present St. Paul's church and in 1888 the first St. Luke's church was built. It was destroyed by fire in 1875 and was rebuilt about five years later; this is the church now to be consecrated.

The present officers of the church are Rev. R. P. McKim, rector; Rev. J. L. Cotton, curate; D. H. Nae and W. F. Cronk, wardens; W. A. Smith, J. K. Scammell, W. A. Steiper, G. C. Jordan, G. B. Taylor, J. A. Warwick, John McKim, A. L. Mowry, G. T. Martin, W. E. Craft, H. A. Miller and C. Harrison, vestrymen.

The rector and congregation of St. Luke's are being heartily congratulated on the prosperity of the church and the day of consecration will be one of great rejoicing to all.

REPORT SAFE ARRIVAL OF ALL CANADIAN SIGNALERS

A cablegram received today by Mr. and Mrs. John LeLachur will bring rejoicing to many homes in the city where sons have gone forth in the empire's service with the first overseas Canadian force. It was from their son, Lewis, a corporal in the Canadian Signaling Section under Major T. E. Powers, and told of his safe arrival, with a word or two to the effect that "all the signalers had crossed safely."

In view of the announcement from England that two of Canada's brave young men had been lost overboard en route, the situation pretty closely, "the Russians claim they have won while the Germans say they have beaten the Russians but you know, Alie," he said, "those Germans are such awful liars that I guess the Russians must have beat them."

MORE THAN TWO HUNDRED CONFIRMED IN CATHEDRAL

Two hundred and eighteen children were confirmed this morning in the Cathedral by His Lordship Bishop LeBlanc, who celebrated mass also, assisted by Rev. Mr. O'Brien, Rector, Belliveau.

In administering the sacrament of confirmation, His Lordship was assisted by Rev. Mr. O'Brien, Rector, Belliveau, Father O'Neill gave an inspiring sermon, and after the service, His Lordship addressed the newly confirmed. In St. Peter's church tomorrow afternoon at 8:30 o'clock, Bishop LeBlanc will administer the sacrament of confirmation to another large number.

The Forty Hour Devotion opened in the convent of the Good Shepherd yesterday morning, and will close on Sunday evening. His Lordship Bishop LeBlanc officiated at the services last evening.

RECEIVE THE PURPLE

The investiture of Rt. Rev. Monsignor Herbert of Buctouche, vicar general, as domestic prelate, will take place there on Sunday, Oct. 25. His Lordship Bishop LeBlanc will conduct the ceremony, and Rev. Father Robichaud, of Fox Creek, will preach.

POULTRY STILL SCARCE

In the country market this morning there was again a scanty stock of poultry. Turkey and geese were particularly scarce, while chickens were slightly more plentiful, but ranged quite high in price. Meats were in good quantity, but dairy products had not been brought in in large supply. Vegetables were abundant.

DEATH LIST LONG THIS WEEK

Four cases of tuberculosis and four of cholera infantum were included this week in the records of deaths at the board of health offices, which totalled 27. The others were: mania, and pneumonia, three each; meningitis and heart disease, two each, and marasmus, softening of the brain, cancer, premature birth, spina bifida, arterio sclerosis, endocarditis, typhoid fever, and old age, one each.

Mr. and Mrs. Isaac Dobbin of Rothesay, arrived home last night after a two months' visit to their daughters, Miss Beatrice and Mrs. Grantham, of Winnipeg.

THE STRAIGHT ROAD

"On a straight road no one can be lost."

There is a message in that sentence for every national manufacturer seeking a market for his product.

There are no "pitfalls" on the straight path, no gaps to be filled in.

Turn this thought to your own advertising and merchandising problems.

The straight path is the "daily newspaper."

It not only reaches the consumers who buy the goods but influences the dealers who sell the goods.

Newspaper advertising not only creates demand, but it makes sales. Manufacturers, manufacturers, find the straight road are invited to address the Bureau of Advertising, American Newspaper Publishers Association, World Building, New York.

A CHANCE FOR SOME MISSIONARY WORK

A Times reader draws attention to a crowd of boys who spend the time at which they should be at school in demonstrations along the corner of St. Patrick and Richmond streets. Apparently lacking parental care, or denying parental authority, they look neglected and do as they will. Window breaking, cigarette smoking and use of language gives a shock to hearers as features of their idle lives. The complaint is made not solely because of the annoyance they give people, but in their own interests and the suggestion is added that a round-up by the trust officer would be in order.
