THE OPPOSITION CONVENTION.
The Provincial Opposition decided yesterday to put more powder in the gun. Although it had been long reported that Hon. Dr. J. B. M. Baxter would return to provincial politics and accept the leadership of his party there was some doubt in the mind of the public regarding the matter, but yesterday's convention ended the uncertainty and with Dr. Baxter's acceptance of the party command and the announcement of a platform the decks are cleared for a lively election in this province.

A TEARFUL BATTLE.
How effectively tear gas may be used to disperse crowds was illustrated, seemingly by accident, in New Jersey a few days ago, and police authorities in American cities are said to be richer in knowledge as a result, knowledge that they may put to good use when next they have to contend with mobs. The New Jersey National Guard had staged a sham battle on the outskirts of a small town, and some 2,000 people, most of them young women, turned out to see the gallant guardsmen in their martial exercises. In order that the show might look like the real thing the guardsmen were to have been provided with smoke bombs, which would enable them to give an imitation of bursting shells and lend additional dramatic interest to the performance. When the time came to throw the bombs the contestants entered into the exercise with great vigor, but there was no smoke. In a few seconds combatants and spectators began to weep, violently. The battle ceased at once and guardsmen and soldiers retreated, streaming tears, to all points of the compass. Everybody was smitten instantly with an overwhelming desire to go right away from there with all speed. It was subsequently explained that the bomb department at Trenton, the state capital, had made a mistake, the result being that they substituted tear gas bombs for smoke bombs. Naturally there was suspicion that the thing was a practical joke, but an investigation indicated that there was carelessness rather than purpose to blame. The police in some cities have used tear gas successfully in overcoming desperate criminals, but there has been some doubt about the effect upon a crowd because it had not been practicable to find out just what would happen by spraying any lawfully assembled crowd with the weeping mixture. The New Jersey incident is regarded as having adequately demonstrated that this form of gas would quickly disperse any mob, and that there would be no lasting injury except such as might be due to panic, a risk which the authorities would not hesitate to incur in extreme cases.

THE AUSTRALIAN TREATY.
The outlook for the ratification of Canada's trade agreement with Australia appears to depend largely upon factors that are not at the moment any too clear. Canada has sent a representative to Australia with the idea of having some changes made in the arrangement, but whether he will succeed in securing the modifications which the Dominion Government thinks necessary, or will do so before Parliament is prorogued, remains to be seen. The delay and uncertainty are all the more to be regretted because many business interests in Canada feel that the Australian treaty would be most beneficial and have been expressing by resolutions, by public speeches, and by letters to members of Parliament their reasons for urging that the treaty be put through. Premier Bruce of Australia was quoted some time ago as saying that unless the agreement is ratified at Ottawa during the present session it will lapse automatically. It is explained that the arrangement would have been ratified before this had it not been for certain regulations which the Australian Government introduced after the treaty was agreed upon. These regulations require that seventy-five per cent of the materials and labor in manufactured goods coming under the treaty must be of British Empire origin, excepting in the case of goods which Australia does not produce, the maximum required in regard to them being twenty-five per cent. Objection was made at Ottawa that three items in which this country is interested would be affected by the Australian regulations, namely, rubber, footwear, and vehicle parts. The United Kingdom has accepted the regulations, but Canada is still seeking to have them modified. It has been pointed out repeatedly that certain features in the treaty would be bound to stimulate Canadian business. An outstanding example is Canadian newspaper going to Australia, which is now subject to a duty of 25 per cent. Under the treaty it would have free entry. The Australians use more than 100,000 tons of newspaper annually, and it is estimated that Canada might well supply at least 50,000 tons. Contracts which Canadian manufacturers of newspaper have been considering cannot be closed until it is known that the treaty is going into effect. If the treaty were ratified it is estimated that Canada would send Australia some \$3,000,000 worth of newspaper a year.

The death of Mr. Sylvester L. Lynott, of Woodstock, for many years editor of the Carleton Sentinel, will cause general regret. He was one of the best known newspaper men in New Brunswick, and to the newspaper workers who had the good fortune to be acquainted with him news of his passing comes as a shock. His death will be a loss not to Woodstock alone but to the wider circle in which his work made him known and valued.

Looking at the situation broadly, it is not in our interest that the provinces east and west of us should feel that we are being enriched at their expense," says the Toronto Globe. "Their fair demands should be met."

"We don't need to go to Quebec and Ontario to find value in the home market," says the Calgary Herald. "The best place of all for the home content is between districts. From there it should spread to district and province, and province, and embrace all parts of the Dominion."

Major-General Sir Edward W. B. Morrison, who died in Ottawa this morning, was one of the greatest soldiers this country ever produced. He served in the Boer War, and rose to high rank by sheer ability as an artillery commander in France. For many years before the war he was editor of the Ottawa Citizen.

SAINT JOHN MAN STATE DEPUTY

E. J. Henneberry is Re-elected by Knights of Columbus.

Scholarship Plan is Being Extended—Banquet Closes Bathurst Convention.

BATHURST, May 27.—E. J. Henneberry, of Saint John, was re-elected state deputy at the annual convention of the Knights of Columbus of New Brunswick Jurisdiction today. The entire state board was re-elected as follows: Secretary, Charles O'Neill, Moncton; treasurer, J. W. P. Broderick, Bathurst; William Skidd, Chatham; vocate, Max D. Cormier, Mayor of Edmundston. A \$1000 scholarship was added to the seven already maintained by this jurisdiction and it was decided during the discussion that the objective was to be at least 27 scholarships in perpetuity valued at \$150 a year each for 36 years.

The scholarships will be awarded according to the financial contribution and numerical strength of each council in the New Brunswick Jurisdiction.

Welfare Work.
The convention endorsed the action of the state deputies of Canada in January at Winnipeg regarding immigration and welfare work. A sum of money for a preliminary survey of the field and has in mind the adoption and subsidizing of a vigorous policy in this connection.

The state council reaffirmed its allegiance to His Majesty the King and today delegates to that convention were named as follows: E. J. Henneberry, Saint John, state deputy; B. A. Bourgeois, Moncton, past state deputy, with alternates, T. H. McEvoy, Dalhousie, district deputy, and James L. Sague, Saint John, grand knight of Saint John council.

Banquet Held.
The delegates were guests at a banquet this evening when men high in the order gave addresses. The King was given the usual honors and E. J. Henneberry, state deputy, proposed Our Order, which was responded to by Dr. W. P. Broderick. The Church was proposed by B. A. Bourgeois and several clergymen, including Father Dalgair, who responded. C. T. Richard presented the toast to Our Guests and the reply was made by T. H. McEvoy. The Press was represented by W. R. Walsh and Mr. Bourgeois, M. P.

The Best Remedy For Kidney Trouble
QUEBEC LADY RECOMMENDS DODD'S KIDNEY PILLS TO ALL SUFFERERS WITH BAD KIDNEYS.

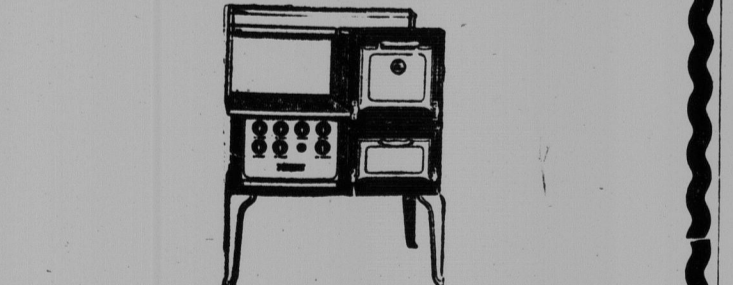

Madame G. Boudart Was Almost Unable to Walk and Found Relief in Dodd's Kidney Pills.
"AL BARRIETTE, Que., May 27.—(Special)—"I have suffered so much from bad kidneys," states Madame G. Boudart, a well-known resident of this place, "I was almost unable to walk any more and it was necessary that I walk every day. I have taken several boxes of Dodd's Kidney Pills and am now quite well. I always keep them in the house. I take a box from time to time and that keeps me well. I advise all those who suffer with bad kidneys to do the same as I have done."

The sooner any person perceives symptoms of these horrible and painful disorders brought about by bad kidneys takes a reliable remedy, the better for their future welfare and happiness. Don't wait for relief to come of its own accord. See to it at once. Take Dodd's Kidney Pills. But, do it now!

Saving Against Gas Cooking

The New York Bureau of Public Utility Research has published an official test of how far Gas will spin out. The local Gas company reprinted it in an advertisement, and here is what it says about Gas cooking—
"A thousand feet of Gas will cook all the meals of five people for a week."
Figure the local price of 1,000 feet of Gas at \$2.25 and you come to a monthly cost of over nine dollars. These are the Gas Co.'s own facts.
Contrast this with the \$3.65 for which a Hydro Range cooks all meals of five people—not for a week, but a month. This figure is based on the records of four concerns selling both gas and Hydro in Ontario—and worked out at Saint John Hydro rates. Spend less and get more with a Hydro Range—ten months' terms.

The chairman of the various committees were as follows: Banquet, E. J. Wiltier; reception, W. F. Kingston, grand knight of Bathurst council; house, J. J. Pitre; music, John Gilmore.

An orchestra of eight pieces, under Director L. Doucet, furnished music for the occasion.

To Shrink a Fleeshy, Flabby, Wrinkled Face
The woman whose face has a bloated appearance at times, as well as she whose face is permanently over-fatty or flabby, should use the simple axolite solution. This is made by dissolving one ounce of powdered axolite in one-half pint of witch-hazel ingredients which any druggist can supply. Use as a wash lotion. There is nothing better to reduce the face to a normal appearance. The loose skin shrinks, bagginess and wrinkles are ironed out. The effect quickly shows in one's improved firmness and snugness. This treatment is far superior to massaging with firmness and snuggles. This treatment, as a matter of fact, can afford relief to temporary puffiness and its continuance tends to break down the tissues and aggravate the trouble.

Swims For Hours With Dead Man In His Arms
NEW YORK, May 28.—Charles Abramson, 27, of Brooklyn, captain of a sand scow anchored off Roslyn, is in Nasaau Hospital at Mineola suffering from exposure as a result of an unsuccessful battle with storm-whipped waves 40 feet off the Roslyn shore in an effort to save two other barge captains after a row boat capsized, throwing all three into the water.

The two men who were drowned were Hans Hansen and a man known to Abramson only as "Louie." Abramson swam about for more than an hour, sometimes holding to the capsized boat with one hand while he held the other arm around "Louie," and sometimes swimming with the unconscious form of "Louie" without the support afforded by the boat. When finally rescued, Louie was still in his arms, but was dead.

FOUND IN COAL BIN.
Yesterday morning at 8:30 O'clock police sergeants Scott and Dykeman responded to a call to 51 Hazen street and found John William Moore lying in a weak state in a coal bin in the rear of the residence. The man had been in the Municipal Home and is thought to have wandered into the shed for shelter. The officers conveyed him to the General Public Hospital for treatment, but as the doctor in charge found nothing very much the matter with Moore he was then taken to the Municipal Home.

McCOY'S
Cod Liver Oil Compound Tablets
60 Tablets 60 Cents

Forget the nasty tasting, stomach upsetting cod liver oil and give the thin, puny, underdeveloped children of your family the best of both worlds. McCoy's Cod Liver Oil Compound Tablets if you want to give them a good appetite and put pounds of good, healthy flesh on their bones. Doctors know all about them and so do Watson's two stores, Ross & Co., Wm. H. Hilder & Sons, and most pharmacists all over America. They are in great demand, because they are not hygienic but show results in a few days. They are not expensive either—60 tablets—60 cents, and children take them like candy. A very sickly child, age 9, gained 12 pounds in three months and is strong and healthy. One skinny woman gained 9 pounds in 21 days.

G.P. HOSPITAL GRADUATION ATTRACTS MANY

Seven Nurses Complete Period of Training and Receive Diplomas

MISS H. V. HARRIS IS ALUMNAE WINNER

Words of Congratulation and Advice Are Given at Exercises.

It was the first Newfoundland nurse to graduate from the training school of the General Public Hospital, Miss Hilda Varina Harris, who was awarded the Alumnae prize at the graduating exercises for the seven members of class 1925 held last evening in the Nurses home.

Miss Elsie MacLaren was maid of honor and wore a lovely straight line gown of French green with gold and scarf of a paler shade of green. Her hat was of green straw trimmed with green leaves and she carried a bouquet of lilies of the valley and butterfly roses.

The address to the graduates was given by Dr. W. W. White, and the second address of the evening was by Rev. J. S. Bonnell, minister of St. Andrew's church.

Other speakers were Mrs. J. Boyle Travers, president of the Women's Hospital Aid; Rev. Eugene Reynolds, acting rector of the Cathedral parish, and Warden R. W. Wigmore.

Delightful music was enjoyed. Mrs. L. M. Curran and A. C. Smith, as vocal soloists were accompanied by Mrs. F. J. Hodgson, and Mrs. J. M. MacPherson.

years and expressed the belief that public money could not be better expended than in the upkeep of such institutions. If he was to give advice to the graduates he believed that advice was found in the one word "moderation." He urged moderation in all things, and coming to the realm of very practical things he urged the nurses always to be circumspect and cautious, to respect the privacy of the individual, and never to indulge in gossip concerning their patients; never to criticize the doctor or to usurp his prerogative. He closed his address by extending his hearty good wishes.

Dr. White addressing specially the graduating class urged its members to follow the advice of Hippocrates and remember the institution from which they derived their knowledge. Then he recalled the early days of the hospital, telling how Dr. Bayard ran the gauntlet of public professional and civic disapproval in obtaining the establishment of the institution, how at first the public held it a disgrace and highly dangerous to go to the hospital for treatment, how 20 years there was no training school and how when the training school was finally established it was expanded with the growth of the hospital. He recalled the fact that the training school of the General Public Hospital in Saint John was the first established in Canada.

Money Well Spent. Dr. White has been connected with the General Public Hospital for 35 years.

SCENE BRILLIANT AS MISS A. A. HAZEN WEDS D. L. MACAULAY

Ven. Archdeacon Crowfoot Officiates at St. Paul's Ceremony—Guests From City and Outside Places—Guides Form Guard of Honor.

Saint Paul's (Valley) church was the scene of a pretty wedding yesterday afternoon at 5 o'clock when with Rev. Archdeacon A. H. Crowfoot officiating, Ada Althea Hazen, youngest daughter of Sir J. Douglas and Lady Hazen, became the bride of Douglas Lawson Macaulay, son of T. B. and Mrs. Macaulay, Montreal.

The church was very beautifully decorated, the chancel being banked with hydrangeas, dainty plants and palms; on the altar were vases of white snap dragon and carnations. As the bridal party entered the church they were met by the choir which preceded them to the chancel steps singing the hymn "The Voice That Breathed O'er Eden."

The bride, who was given in marriage by her father, wore a beautiful gown of ivory crepe backed satin, having a long straight bodice with full skirt of tulle embroidered with satin orange blossoms. A long court train lined with tulle hung from her shoulders. Her bridal veil of tulle was made with a coronet front of rose point lace and bands of orange blossoms. She carried a shower bouquet of lilies of the valley, white roses and maiden-hair fern.

Following the ceremony a reception was held at the home of the bride's parents, Hazen street. The drawing room was very fragrant and beautiful with quantities of snap-dragon and spring flowers. The bride's table was lovely with its decoration of white tulips and narcissi and centred with a five tier wedding cake.

Later Mr. and Mrs. Macaulay left by train for Montreal, whence they will motor to Washington and other American cities. The bride travelled in an ensemble suit of lawn green, the dress of printed crepe made on the new straight simple lines. With it she wore a smart small green corded silk hat.

On their return they will reside for the summer at Hudson, P. Q. The out-of-town guests were: Mr. and Mrs. T. B. Macaulay, Montreal; Mrs. King Hazen, Fredericton; Mrs. George Allen, Miss Hazen Allen, Fredericton; Mr. Douglas Cushing, Miss Edith Cushing, Mr. Sutton, Mr. H. B. Griffiths, Mr. Thomas R. Ker, all of Montreal; Miss Frances Tibbets, Miss F. Burnside, Mrs. A. J. Gregory, Fredericton; Mrs. F. M. Ross, Montreal.

Guard of Honor. The St. Paul's company of Girl Guides of which Miss Hazen had been captain, formed the guard of honor. Special seats were reserved for them in the front of the church and at the close of the ceremony they formed in two lines from the church door to the bride's carriage and stood at attention as the bride and groom passed from the church.

James F. Browne was at the organ and had composed special music for the occasion, "We Lift Our Hearts to Thee, O Father."

OFFICERS ELECTED. The officers and directors of the Cornwall and York Cottons, Ltd., were re-elected at the annual meeting held here yesterday. The annual reports were read at the meeting. The board follows: President, A. O. Dawson, of Montreal; vice-president, F. P. Starr, secretary, A. Bruce, of Montreal; manager, W. V. Boyd; additional directors, J. G. Harrison and H. F. Puddington.

ON EXTENDED TOUR. Dr. and Mrs. C. S. Morton and H. S. Morton, of Halifax, passed through Saint John last night. They are on a tour which will include White Mountains, Ottawa and other points. They were at the Royal Hotel last night.

Contributions. Warden Wigmore, extended congratulations on behalf of the Municipality and said it was thought the Municipality was nigardly in its contributions to the hospital, it must be remembered that in 1910 the total which it had given for all of the county institutions was \$110,000, and last year it had given more than \$125,000 for the hospital alone. He praised the work done in the hospital and paid a special tribute to Mrs. J. V. McLellan for her zeal in all matters of the hospital welfare.

Father Reynolds said he had made a special effort to be present that night as he wanted to express his appreciation of the unfailing kindness of the nurses to himself in visiting in the hospital. He urged the nurses to follow the examples of Camillus, patron saint of nursing, of Florence Nightingale and of the Prince of Wales in all his activities being kind.

Miss Mitchell as honorary president of the Alumnae made the presentation of the Alumnae prize of a \$10 gold piece to Miss Harris, who was very warmly applauded.

WOMEN RENEW THE WAR ON CHILD LABOR

Will Seek Reconsideration of Legislation Passed by States
TRY TO PURIFY NEWS PUBLISHED TODAY
Will Ask Members to Buy Only Papers That Meet Purity Ideas.

WEST BADEN, Ind., May 27.—Believing that the child labor amendment to the Constitution was rejected owing to misunderstanding and misrepresentation, an active campaign to have the matter come again before the states with a view to persuading state legislatures to reconsider adverse votes will be waged by organized women of America.

A resolution, prepared by Mrs. Gilbert Davis, Windsor, Vermont, legislative chairman in the General Federation of Women's Clubs, will be submitted to the 10th biennial council of the General Federation here in June.

The General Federation following the council is expected to wage an active adverse propaganda campaign. It is charged, by many interests who profit from child labor, and who, it is said, spent more than \$1,000,000 in printed matter and its distribution, appealing to states to defeat the child labor amendment on the grounds of "state rights" and "parent's control of children," two arguments which the women declare "had the desired effect because of popular appeal, but which distorted the facts."

In their new campaign of education they plan to put the results of child labor before the legislatures, and ask for federal protection such as was had by Congress before the previous child labor law was declared unconstitutional.

Urging each club in the General Federation to suggest that its home newspaper "try out" "no crime or scandal news" for a period of a week or more and report the opinion of its readers.

That clubwomen who decry sensational journalism live up to their resolutions by buying only newspapers that come up to their ideals of clean journalism.

Asking each state university to hold summer courses of "Little Lessons in Journalism" for clubwomen;

That club news representing "women at work" be separated in columns and heads from society news, which is women at play, in newspapers;

Directing efforts toward solving the problems of pollution of water, "disastrous to health, a hindrance to the recreational use of water and detracting from natural beauty of our land";

Deploping the diminishing of the country's timber supply and looking toward conservation of existing forests; reforestation of waste areas and the headquarters of streams; protection of wild life; preservation of public lands and lessening the devastating effects from forest fires.

Urging that the General Federation, through education and legislation, secure the establishment of proper reserves and refuges for the continuance of wild life of the nation;

Continuing adherence to the Mammoth Cave project and urging that this be acquired by the 69th Congress of the United States as a national monument;

Urging each state federation to promote a state park system and a county park system;

Indorsing a campaign for legislation to preserve species of wild flowers and Christmas greens now threatened;

Urging a uniform and divorce law and showing that the United States now has "forty-eight marriage and divorce laws, no two alike."

NEED \$1,800 FOR CAMP AT FAIR VALE

Care for More Children—Examination at Health Centre on Friday.

The sum of \$1,800 will be required to finance the Lady Byng summer camp at Fair Vale this year, which is \$800 more than was contributed by the citizens last year, but the larger expenditure is required because more children are to be received at camp, and there will be three cottages instead of two occupied this year. The cause is one which has always had a generous measure of public sympathy and support, and the organizers are confident the support will be forthcoming again this year.

Besides the gifts of the Gyré Club and the Rothery, Red Cross some other contributions to the camp's needs have already been received by Miss H. Dykeman, director of the Health Centre under the auspices of which the camp is conducted.

Contributions.

Besides some private contributions she has received \$25 from the Saint John chapter of the Graduate Nurses' Association, and a sum of money from a private bridge club of two tables which will be sufficient to buy three cots for the equipping of the third cottage. The Rothery Red Cross is providing curtains for this cottage and doing all the painting that is necessary, and Miss Dykeman said yesterday that living room furniture would make a most acceptable gift.

Donations Sought.

Donations of provisions, equipment and cash are now to be canvassed for and a number of toys for boys are also solicited from interested friends. The lack of cots and other toys for the boys made the camp life needlessly strenuous at times during other years as the youngsters had not the means of amusing themselves.

The examination of the children applicants to attend the camp will be conducted at the Health Centre on Friday, and it is certain there will be no lack of candidates for the camp life.

The camp is to be opened early in July.

EXILED WOMAN TO RETURN TO MAINE

Reunion With Children to Follow Message From Governor's Mother.

CHICAGO, May 28.—Chicago newspapers, taking up the story published in Bangor that Mrs. Margaret Keene, exiled from her home and family for 12 years, had been invited to return by Mrs. William E. Brewster, mother of Governor Ralph O. Brewster, announced that Mrs. Keene will make plans immediately to return to her home in Maine.

The story published in Bangor began with a request from Mrs. Keene to aid her in locating her three children, whom she had not seen for many years. The woman's plea, falling under the eyes of Mrs. William E. Brewster of Dexter, Me., met with an instant response from Maine's distinguished woman.

By a queer trick of fate, under the very Brewster roof was Evelyn, daughter of the exiled woman, who, Mrs. Brewster said, "is a sweet, good-looking girl, bright in her studies and a member of the choir of the Methodist church."

Evelyn is a junior in the high school at Dexter, Me.

Nearby, also, were the two other children of Mrs. Keene, Newton, 23, and an older boy, Fremond. A reunion between the children and their mother will take place when the latter returns to Dexter.

REV. C.M. HATHEWAY IS GIVEN FAREWELL

Will Leave Next Week For Arctic Region to Work Among Eskimos.

The congregation of St. Luke's church last night held a farewell social for Rev. C. Murray Hatheway, one of its members, who is leaving on Thursday for next week to go to Bernard Harbor in Coronation Gulf in the Arctic to enter upon missionary duties. There was a very large gathering to honor Mr. Hatheway and a substantial purse of gold was presented to him by W. P. Cronk, senior warden, on behalf of the congregation. The gift was to help defray the expense of the costly outfit required, and was accompanied by many kind words of greeting.

Mr. Hatheway in his reply spoke in warm appreciation of his associations in St. Luke's Sunday school, congregation and Bible class. He had been all his life a member of St. Luke's congregation and had gone from the Bible class to enter Wycliffe College to train for the ministry. He left college to enlist and served overseas with distinction in the air force, being awarded the military medal.

Continued Studies.

Returning to Canada he continued his studies and graduated this spring. He had volunteered for missionary service before leaving college.

Rev. Canon R. P. McKim, rector of the church, presided and having conducted the short missionary service spoke of the reason the gathering had been assembled. The good wishes of the various organizations of the church were extended to Mr. Hatheway. II. A. Finch spoke on behalf of the Sunday school. W. E. Craft spoke on behalf of the Athletic Association of which Mr. Hatheway was a distinguished member. T. H. Carter referred to the ideals of arousing a national spirit in Canada and of the good which such endeavor as that which Mr. Hatheway is undertaking will accomplish. H. Usher Miller, junior church warden, spoke of the call of Christ to young men to enter the ministry and the mission field and urged the young people to enlist in such service.

At the close of the evening refreshments were served.

WOMAN JUDGE SAYS GIRL STANDS GOOD CHANCE FOR SUCCESS IN LAW

Can't Expect Cases From Men and Good Looks No Asset.

By HORTENSE SAUNDERS.
COLUMBUS, O., May 28.—What chance has a woman in the legal profession?

I put this question to the woman who has reached the highest pinnacle in the judicial world, Judge Florence Allen of the Supreme Court of Ohio, one of the ablest lawyers in the country.

"She has every chance in the world," Judge Allen replied. "The limitations are within herself, not in the profession. But the law is one of the most conservative of professions and the progress of women has been slower and less spectacular than that achieved by the women in the commercial world. Law offers a less glamorous invitation to women than almost any other profession."

No Wedding Bells.

"It has no place for the woman who wants to do something interesting, but doesn't want to work hard, or to the woman who wants to get experience while bridging the gap between school and matrimony, or to the woman who wants to make a fortune in a short time."

"It is no place for the 'average woman' because a woman has to be better than the average man lawyer to get by. It has nothing for the woman who isn't serious about her work. It doesn't place charms above ability or looks above brains."

"But knowledge of the law gives women a chance to get at the heart of things, and to exercise her ability for the highest possible service of mankind. It offers the supreme opportunity for constructive welfare work and the bettering of living conditions, not only for women and children, but for everyone in which a woman need not fear."

JUDGE FLORENCE ALLEN.
"It is a profession of prestige and dignity if she has made a place for herself that she will be set aside for youngsters."

JEW'S BUILDING PALESTINE A NEW

Max Steinkopf, Winnipeg Barrister, Back From Holy Land University Opening.

WINNIPEG, May 28.—Palestine, devastated and unproductive under the rule of the Turk, is slowly but surely being enriched by the Jews, whose strenuous efforts to reclaim their land are meeting with success.

So declared Max Steinkopf, Winnipeg barrister, who has returned after an extensive tour of Europe and the old land.

The old-fashioned cities and towns of the Turk domain are gradually disappearing. Cities with all modern improvements are now taking their place, and up-to-date schools, libraries and hospitals, Mr. Steinkopf said, are being erected.

Arabs and Jews abide together in perfect harmony, largely due to the fact that since the advent of the Jews in Palestine the Arabs, Mr. Steinkopf stated, are no longer slaves of the landlord or land-owning class.

The Arabs are earning more money than they have ever earned before, they are better clothed and fed, and their children are receiving education of a high standard.

ON MODERN LINES.

The Jewish people are building on thoroughly modern lines, Mr. Steinkopf said. The city of Tel Aviv, situated near the ancient city of Jaffa, built since the war, and with a population of 30,000 inhabitants, is constructed along the most up-to-date lines.

"The more important thoroughfares," said Mr. Steinkopf, "are as wide as our own Portage avenue, and are built of asphalt. Hygienic milk depots have been established, where Arab as well as Jewish mothers may obtain milk for their children. On the day that I visited the Jerusalem clinic fully 80 veiled Arab mothers were in attendance with their little tots."

France and England Exchange Children

PARIS, May 28.—The desire of many French and British parents to exchange their children during the summer holidays, and the lack of organization for facilitating such exchanges, was the main subject of a discussion between M. de Monzie, Minister of Public Instruction, and a delegation representing the Association of Head Mistresses, headed by Miss Tanner, a few days ago.

The British delegation suggested that not only an exchange of pupils, but also an exchange of instructors, would have distinct advantages.

It is hoped that an increasing number of British schoolboys and schoolgirls will find their way to France, and of French school children to England as a result of the discussion.

OPPOSITION TAKES STAND FOR ECONOMY

POLICIES ANNOUNCED BY RESOLUTIONS AT MEETING

Adopt Principle of Having Grand Falls Developed by Independent Commission, If Project Decided Upon

WOULD CANCEL CONTRACTS SIGNED

Material Assistance to Industries and Revision of Auto Tax System Urged—Out For Enforcement of Prohibition Act As Long As It Is On The Books

RESOLUTIONS calling for retrenchment in provincial finances; the appointment of an independent commission to handle the construction of the Grand Falls development, if proceeded with; material assistance to industries, including agriculture, in the province; and a revision of the auto taxation system, formed the subject matter of several resolutions adopted unanimously at the largely-attended convention of the Opposition party in the Seamen's Mission here yesterday.

The speech of Hon. Dr. John B. M. Baxter, K. C., M. P. for Saint John-Albert in which he accepted the leadership of the party in the coming campaign was frequently interrupted with applause while his appearance on the platform when his name was placed in nomination was the signal for a great outburst. In his speech, Dr. Baxter said that the Grand Falls development was of vital importance to the province and that the small amount of information disclosed about it by Premier Veniot was not sufficient for any voter to exercise a business judgment on it.

MOVED BY MR. RICHARDS.
Dr. Baxter's name for the leadership was placed in nomination by Charles D. Richards, M. L. A., Fredericton, leader of the Opposition house party for the last four years, and was seconded by Hon. Dr. J. D. Palmer, Fredericton, M. P., and K. C. Moncton, Mayor Potts, Saint John. G. Earle Logan acted as secretary.

RESOLUTIONS ADOPTED.
Resolutions framing the policy to be adopted carried unanimously. They referred to hydro, prohibition, agriculture, gasoline taxes, municipal rights and economy.

Regarding hydro, the convention went on record as favoring hydro development on business principles and that the work at Grand Falls when proceeded with, should be placed in the hands of an independent commission, free from political dictation.

Respecting prohibition, the convention desired to place itself on record for the enforcement of the law so long as it is on the statute books.

WOULD HELP AGRICULTURE.
Concerning agriculture, the convention adopted a resolution favoring greater encouragement to this industry, the promotion of canning industries and promotion of wild markets.

AUTONOMY PLEDGED.
Safeguarding of the autonomous rights of the various municipalities formed the subject matter of another resolution, while another resolution calls for a discontinuance of the present motor vehicles system of taxation and the introduction of a new system providing for a reduction of the tax and the imposition of a tax on gasoline, with exemptions for agriculture, industrial and fishing purposes.

The final resolution adopted called for greater economy in government administration and pledged the Opposition party, if returned to power, to adopt a determined and vigorous policy.

Mothers! When Buying Shoes

Think of Quality—Not of Price

Because it is the length of life of a shoe that determines its real cost to you. You may save a few cents in the original purchase, but have cheaper shoes that wear out in half the time.

Hurlbut are without doubt the highest quality of children's shoes made today—the fact that they cost more per pair is entirely offset by the far longer time they last and keep their shape, and by the comfort and perfect fit they give.

Liberals Resented Application of Closure in Debate on Finance Bill.

LONDON, May 28.—The House of Commons by a vote of 306 to 27 today rejected a Liberal motion for a vote of censure of the Speaker, the Right Hon. John Henry Whitley.

The motion to censure the Speaker, a very unusual proposal in the House of Commons, had additional rarity from the fact that it was made by the Liberal party, of which the Speaker himself, is a member.

SOLD HALF HIS CHANGE; STILL HAS \$190,000

Owner of Manna Also Big Sharer in Stock Exchange Sweepstakes

HAD HALF INTEREST IN WINNING TICKET

Other Section Held by London Insurance Manager and Clerk.

LONDON, May 28.—Manna's easy victory in the Derby was side-tracked in the discussions of race followers today for some of the caprices of Lady Luck as exemplified in the outcome of the various sweepstakes.

An employee of a Liverpool shipping firm, James Carew by name, leaped into sudden wealth by holding the coveted ticket in the Great Calcutta Sweepstakes. He had sold two quarter interests in his chance for about \$10,000, but will still be able to collect approximately \$190,000.

Manna's Owner Wins
H. E. Morris, owner of Manna, in addition to taking the Derby stake is credited by the Daily Mail, with having the good fortune to share in the rich London Stock Exchange sweepstakes, worth about \$242,500. The winning ticket was held by Drummer Graves, an insurance manager, and G. R. Detsen, a clerk, but according to the Mail, they parted with a half share to Mr. Morris for about \$14,000.

None of the other winnings was on such a scale as these two big sweepstakes. The next figures known being that of R. C. Parr, a member of the Royal Automobile Club, whose ticket brought him \$24,000.

Are Illegal
Sweepstakes are illegal and have been frequent grounds for prosecutions. It is recalled that the Labor government declared its intention last year of suppressing them and that later the O'Leary Conservative Club was successfully prosecuted for conducting an "illegal lottery."

In consequence of this movement the stock exchange people decided upon great secrecy this year, and entirely altered the form of their tickets, calling the sweep a "mutual subscription fund." The tickets made no mention of the horse race and it was stated that the trustees of the fund were empowered to use the money for some undefined object.

The mystery as to this object was left to guess whether the winners men employed are busy at the quarry announced by the Daily Mail would keep the money or be obliged to "allocate" it elsewhere.

NEW PRESIDENT COMING TO CITY

Rev. H. C. Rice, Elected By Methodists, Will Take the Queen Sq. Church.

Proposal to Sell Portland Parsonage is Referred to Church Committee.

SACKVILLE, May 27.—Rev. H. C. Rice, B. A., of Bathurst, and who is to assume charge of Queen Square church, Saint John, was elected president of the New Brunswick and Prince Edward Island Methodist conference here today. Rev. F. H. Holmes was selected secretary but resigned and Rev. D. R. Chown was named in his place.

Afternoon Session.

The afternoon session opened with Rev. Mr. Rice in the chair.

Rev. P. A. Fitzpatrick reported for the business committee. Revs. Dr. J. H. Philip, W. F. Godfrey and secretary of conference were appointed a committee on pulpit supply.

A proposal to sell the Portland church parsonage was referred to the committee on church property, as was also a proposal to sell some property on the Long Reach circuit. A request from the Charlottetown circuit to sell Kennington Hall was referred to the church property committee.

Service Address.

The address of the service was given by Rev. H. S. Young. The conference, he said, had come to the most sacred hour in all its sessions. Nothing awakened such tender feelings as when Christian people gathered at the Lord's table to partake of emblems of His broken body and shed blood.

MEETING POSTPONED.

The annual meeting of the St. Martins Telephone Company, scheduled for yesterday, was postponed until early in June as there was not a quorum of the directors present.

SIGNS ON SCHOOLS TO NAME LOCALITY

Red Cross Juniors Asked to Take up Matter—Reports on Work.

The Junior Red Cross of New Brunswick has now one little girl, Winnifred, a patient in the General Public Hospital and is making arrangements for the care of a second girl, Margaret, who is in need of hospital treatment. While the Juniors have assumed this responsibility they have heard of two girls and a boy from three different counties in the province who ought to receive hospital treatment this summer and the Junior Red Cross supervisor, Miss Jessie Lawson, is wondering if the members can make their crippled children's fund stretch out to provide all of this special treatment. The members' contribution to the fund this month has amounted to \$37.43.

Mark the Schools.

Recently C. B. Allan asked the Junior Red Cross supervisor if the Junior branches could be interested in having signs placed on the school house to inform strangers of the name of the locality and in the News Letters which has just gone out to the Junior branches this suggestion has been passed on and reference is made to the fact that at Rockville, the Junior Red Cross branch has already had such a sign proudly displayed.

NO CONCERT FRIDAY

St. Mary's band has been granted the use of the bandstand in King Square for a concert to be given shortly. In error it was announced in the evening papers that the concert would be held on Friday evening. The exact date of the concert is not yet decided and will be announced later.

Auto Crashes Into Pole; Occupants Injured

FREDERICTON, May 27.—John E. Giles and his chauffeur, George Robinson, met with slight injuries this afternoon when the limousine in which they were coming from Davidson Lake, where Mr. Giles has a camp, left the road on the Springhill grade. The car swerved to pass another and failed to pole smash it off, and the pole fell on the car. The latter was considerably damaged and the occupants bruised and cut.

CHECK SUIT ENDS

Judgment For Plaintiff in Full in Case of Fern vs. Givan.

Judgment for the plaintiff to the full amount claimed was delivered by Judge Barry in the County Court yesterday afternoon at the close of the case of Fern vs. Givan. This was an action brought to recover \$179, the amount of two checks alleged to have been made by the defendant and subsequently cashed for a third party by the plaintiff. Francis Kerr appeared for the plaintiff and C. D. Turner, of Sussex, for Mr. Givan.

TWO CARD PARTIES

Assumption and St. Rose's Bring Series to Close—The Prize Winners.

The closing card parties of the season were held in two of the Catholic parishes, Assumption and St. Rose's, last night. The series of card parties in both parishes have been well patronized and have realized a substantial sum.

Assumption parish party, held in St. Patrick's hall, was under the auspices of the Ladies' Society and cards were played at about 40 tables. The Boy Scouts assisted during the evening. The prize winners were as follows: Ladies, first, Miss Nan Kindred; second, Miss Marie O'Keefe; consolation, Miss Joan Lawlor; men's, first, J. J. Peters; second, Louis Goldie; consolation, Raymond Joyce. The proceeds of the series will go to the school fund.

The Ladies' Society of St. Rose's church were in charge of the party in St. Rose's hall and served dainty refreshments at the close. The prize winners were as follows: Ladies, first, Miss Margaret Costello; second, Miss Alice Garey; consolation, Miss Margaret McGovern; men's, first, Mr. Conwell; second, J. O'Toole, Jr.; consolation, Donald Gillis. The conveners of the evening were Mrs. C. Logue and Mrs. Thomas Clark.

TOURING MARITIMES

Mr. and Mrs. Lincoln B. Smith, of Holyoke, Mass., were in the city yesterday at the Royal Hotel. They are on an automobile trip through the Maritime Provinces.

"I Got It For Passing My Exams"

"GEE, George, I bet my dad will get me a C.C.M., too. I studied hard all year, and I passed my exams, well. I think I deserve a bike, don't you?"

"I hope you get it, Eddie. Then you can join the rest of us fellows in our runs out into the country and our picnics."

"I'm taking mine away on my vacation, too. There are lots of country roads to ride along and dandy woods to explore, some streams to fish in and other things to see, all within easy riding distance."

"Mother says it will be so handy to have a bike around. There's always the mail to go for and other errands to run."

"Well, George, I'm going to get my dad to go with me to the C.C.M. dealer's and see the new models—especially that dandy Curved Bar Sport Model and the other one a boy won't outgrow."

"Don't forget to tell him, Eddie, that C.C.M. Bicycles are away down in price. \$20 to \$25 less than the war prices. Also that they're made of English Seamless Tubing and equipped with the C.C.M. Triplex Hanger, Gibson Pedals and the Hercules Coaster Brake without extra charge."

"If he says he's short of cash, Eddie, tell him he only needs to pay a few dollars down, and the rest in small weekly or monthly payments."

"And I'll offer to help pay the balance, George. There are lots of jobs for a boy with a bicycle during the summer holidays, delivering small parcels, running messages, and doing other things. It will be good experience and heaps of fun, too."

"Well, so long, Eddie. Go to it and get that C.C.M. Bicycle."

New Policy—New Plan—New Prices

Amazing reductions in the prices! Partridge has effected one of the greatest advances in the history of tire manufacture and merchandising. Manufacturing costs have been reduced. Production has been increased. Distribution costs have been cut. Selling prices greatly lowered. Yet the high quality of Partridge tires has been carefully maintained. Partridge tires are by far the best value on the market to-day. They are tough, long-lived and cheaper than such quality tires have ever been before. And the Partridge guarantee is as substantial as ever.

WHY WE CAN DO IT

The Partridge factory has been newly equipped with greatly improved machinery of the latest design. Production has been speeded up—costs greatly reduced. Then, too, Partridge merchandising methods have been changed. Increased production enables both factory and distribution costs to be cut. And the sum total of all these reductions means a big cut in the sales price—a great benefit to every buyer of Partridge Tires. Buy Partridge Tires at the Partridge "Quality" Tire Shops. They are durable, easy-riding, and free from ordinary tire trouble. Why pay more for other kinds? Remember the Partridge factory at Guelph stands solidly back of their product and their dealers to guarantee you entire satisfaction.

Let us show you these wonderful Tire values.

"GUTTA PERCHA" BALLOON LOW PRESSURE TIRES

Are creating new history in Tire Service —from the first day on

"Gutta Percha" Balloon Tires are writing a new page in the annals of tire service, a history in terms of comfort, mileage, and economy that should be the personal experience of every car owner in Canada.

This is made possible because the men who build them and the Canadian institution that sponsors them are pioneers in the rubber industry on this continent.

More cushion effect. Great flexibility to side walls, sturdier, tougher, stronger and longer wearing. Perfect distribution of bending and flexing properties giving greater comfort and smoother performance—these are some advancements and refinements found exclusively in "Gutta Percha" Tires.

Over forty years of unexcelled specialization are built into every "Gutta Percha" Balloon Tire. This is the reason for both the flexibility and the toughness of the rubber in them; for the scientific road-gripping tread and the easy steering of this big, wear-resisting, mileage-giving tire. Canada is proud of a product that will pay tribute to your judgment—from the first day on.

SAINT JOHN TO HAVE REPRESENTATIVE IN CANADIAN HENLEY

LOCAL SCULLERS START TRAINING FOR BIG RACES

Outlook Bright For Big Revival In This Sport

It is now assured that Saint John will have a representative in the Canadian Henley regatta, which is to be held at St. Catharines during the summer.

Start Next Week

Next week Harry Giggay, senior sculling champion of the Maritime Provinces and former intermediate champion, will start in training on the Kennebecis river.

Lots of Competition

As Hilton Belyea has already announced his intention of getting into condition for the Canadian Henley, it looks as if rowing is due for a big comeback this year.

In addition to the proposed elimination other meets are to be held. There are several promising junior scullers in the city who give promise of developing into championship calibre.

Thrilling Races Assured. Harry Giggay is considered one of the best oarsmen in the Maritime Provinces with an exception of Hilton Belyea.

McTigue To Change Style In Big Bout

NEW YORK, May 28—The elusive Mike McTigue is expected to change his style of battle tomorrow night when he risks his light heavyweight title in a 15-round bout at the Yankee Stadium with the hard-hitting Paul Berlenbach.

McTigue must abandon the defensive tactics that have characterized his no-decision bouts and exchange blows with his challenger, "the knockout king," in the opinion of critics, or he will lose his crown on a decision. There is a strong belief that Berlenbach will render a decision unnecessary, but McTigue's friends say he can punch hard when necessary.

M'GILL STAR TO ENTER WEST SIDE ATHLETIC MEET

Nathan Rubin, son of the Dock street merchant and student at McGill University, who has gained fame in intercollegiate circles as a long-distance runner, is home on vacation, and will wear the colors of the Y. M. C. A. at the provincial track meet on the new West Side grounds, June 6.

ORDERS DUNDEE TO MEET TERRIS AT CONEY ISLAND

DUNDEE will be able to box on June 9, however, is doubtful. He advised the commission that he was suffering from a heavy cold, which prevented his training properly for the match and sought to have the battle postponed, but this request was denied because the bout was important as the opening attraction at the Coney Island Stadium.

Boxing Commission Issues a Mandate To Boxer

NEW YORK, May 28—Johnny Dundee must go through a match against Sid Ferris, east side lightweight at the Coney Island Stadium on June 9, or on some other date if the Italian finds himself unable to box up to his true form then. This decision was made by the State Athletic Commission.

Complains of Cold

Whether Dundee will be able to box on June 9, however, is doubtful. He advised the commission that he was suffering from a heavy cold, which prevented his training properly for the match and sought to have the battle postponed, but this request was denied because the bout was important as the opening attraction at the Coney Island Stadium.

TROJANS WIN FROM THE SAINT JOHNS

Triples by Bartlett and Fraser Were Responsible For The Victory.

Triples by the two Walters of the Trojans line-up, Messrs. Bartlett and Fraser, added considerably to last night's City League game on the North End park, the Trojans winning out from the Saints by the narrow margin possible, 5 to 4. Fraser's smash should have been a homer, while Bartlett's came with two men on.

VICTORY OVER CUBS PUTS THEM IN THIRD PLACE

Giants Drop Third Straight Game To Boston

NEW YORK, May 28—Heavy hitting behind good pitching has plunged Pittsburgh into the thick of the National League struggle again. Two days ago the Pirates were on the fifth rung of the ladder, but by making a clean sweep in three games with the Cubs, they are now in third position.

ORDERS DUNDEE TO MEET TERRIS AT CONEY ISLAND

DUNDEE will be able to box on June 9, however, is doubtful. He advised the commission that he was suffering from a heavy cold, which prevented his training properly for the match and sought to have the battle postponed, but this request was denied because the bout was important as the opening attraction at the Coney Island Stadium.

Boxing Commission Issues a Mandate To Boxer

NEW YORK, May 28—Johnny Dundee must go through a match against Sid Ferris, east side lightweight at the Coney Island Stadium on June 9, or on some other date if the Italian finds himself unable to box up to his true form then. This decision was made by the State Athletic Commission.

Complains of Cold

Whether Dundee will be able to box on June 9, however, is doubtful. He advised the commission that he was suffering from a heavy cold, which prevented his training properly for the match and sought to have the battle postponed, but this request was denied because the bout was important as the opening attraction at the Coney Island Stadium.

TROJANS WIN FROM THE SAINT JOHNS

Triples by Bartlett and Fraser Were Responsible For The Victory.

Triples by the two Walters of the Trojans line-up, Messrs. Bartlett and Fraser, added considerably to last night's City League game on the North End park, the Trojans winning out from the Saints by the narrow margin possible, 5 to 4.

POWER COMPANY LACKS FUNDS TO EXTEND LINE

That Is Plea Before Utilities In East Saint John Case

JURISDICTION POINT IS RAISED

Board Hears Both Sides and Takes Matter Under Consideration.

It was argued by Dr. F. R. Taylor, K. C., yesterday afternoon before the New Brunswick Board of Public Utilities that the board had no jurisdiction to deal with the application of the property owners of East Saint John for the extension of the street car lines to Lee's Corner and even if they had jurisdiction it would be no use for the board to make an order as the company was without funds to make the extension and could not get the money from any source that they knew of to pay for the rails and labor incident to the work.

Afternoon Hearing. The hearing opened at 2 o'clock. The chairman of the board, J. M. True-man, announced that as he was interested in East Saint John he had decided not to sit on this matter and T. C. Burpee was asked to take the chair. W. A. Ross appeared for the petitioners and Dr. F. R. Taylor, K. C., for the Power Company.

Mr. Ross, in opening, read a letter from Premier Veniot in which he undertook that the government would build the bridge necessary to carry the tracks across the Little River if given a guarantee that the Power Company would extend the lines, as the present bridge was inadequate for the highway traffic on this road and additional expenditure would not be needed unless the street cars ran to Lee's Corner.

Families to Benefit. He called Edward B. Babcock, Little River, who testified that about 116 families would be benefited by the extension of the street railway to the point asked for and that all the names on the petition were those of property owners in that district.

Mr. Pooler on Stand. This completed the evidence for the petitioners and Dr. Taylor called Mr. Pooler to the stand for the Power Company. He said the gross revenue of car lines in Saint John for 1924 was \$48,199 and the expenses \$44,600, making a net loss of about \$1,400 for the year.

Mr. Taylor: Then so far as the company is concerned it cannot do the work no matter what the board says? Mr. Pooler: "That is right."

Lancaster Costs. Mr. Ross asked what the cost of the recent extension in Lancaster was and Mr. Pooler said the estimated cost was \$16,000. The length of this extension was about 2,100 feet and that asked for in East Saint John was about 4,100 feet.

BLIND MAN'S KITE. BALTIMORE, May 28—Perry Hale, Yale football star of 1900 and now blind, has invented a kite which he says will fly higher with less wind than the ordinary kite. He learned the toy making art in the Hospital for the Blind at Evergreen, Md.

"THE GOOD OLD DAYS." LONDON, May 28—After a debate by women at Irvington recently, the women in the audience decided they would have been happier if they had lived a hundred years ago.

LOSES ON FOUL. NEW YORK, May 28—Charley Rosen, New York lightweight, lost to Len Kemp of England on a foul in the seventh round of a 10-round bout here last night.

AGE MEANS LITTLE TO DOLLAR FOR HE HAS WORK TO FINISH

In Spite of Advancing Years, Plans on Taking Over More Ships

SAN FRANCISCO, May 28—Old age and advancing years just naturally don't mean a thing to Captain Robert Dollar, head of the shipping line that bears his name.

At 82 he has launched a round-the-world steamship line; and he is planning to take over a whole new fleet to strengthen his company and to bring him \$100 million.

"Getting too old!" the distinguished Scotchman snorts at the idea, "I should say not. I have more 'go' now than I ever had."

"I am just as enthusiastic, maybe more so, for new things than I was 10 years ago."

The old man, erect and spry, dismisses the idea that there might be some secret to his remarkable activity at his age.

"Simply work and right living," he says.

A Life of Romance. Dollar's life has been a life of romance of the northwest, of the timber lands and of growing America.

Born in Falkirk, Scotland, he went to school until he was 10. Ever since then he has worked.

At 12 his mother died and his father brought him to Canada, where he earned \$6 a month in a stove factory, working 12 hours a day.

CAPTAIN ROBERT DOLLAR

grandchildren we are not apt to run out of names," Dollar says. An interested sidelight on the incidents of his early life is quoted from his diary:

"Our stores had salt pork, four and peas. Once in a happy while a few sacks of potatoes were sent in; but there were no fresh vegetables or milk or cheese. No wonder we were subjected to certain annoying ailments, such as 'black leg' or scurvy, as the Japanese call it, and night blindness that made us unable to see anything, even candle, until daybreak."

LOVE OF COUNTRY IS STRESSED BY PASTOR

Rev. Dr. M. F. McCutcheon, Formerly of Saint John, Speaks in Montreal.

Love of country rather than the spirit of militarism is the twentieth century conception of patriotism, declared Rev. Dr. M. F. McCutcheon, formerly a Saint John pastor, in preaching last Sunday morning at First Baptist church, Montreal, on "Twentieth Century Patriotism."

Among problems and dangers of the day to be studied, Dr. McCutcheon mentioned the peril of sectionalism, the spirit of exclusiveness in relation to Asiatics and dominance of mammonism. If Canada chose to build up her greatness on wealth and the exploitation of resources regardless of principles of justice and right, then she would make the great refusal and take the road to the world's rubbish heap.

LONDON TOWER SCHOOLS. LONDON, May 28—Two schools are conducted in the famous Tower of London. These are for the children of soldiers garrisoned there.

"If we drank some milk or ate some cheese the blindness vanished!" Outside of his charitable activities, particularly with foreign missions, Dollar seems to have no diversion from his work.

"Work and sobriety," he insists, "are success. And I shall go on working without a drink. I have no objection to smoking, although I myself have never smoked."

Education and opportunity? Well, I have a practical criticism of college men—they do not succeed as well as common school and high school trained men because they come into our company with a great deal of vanity, and do not want to start at the bottom to work up.

"Recreation—hobby?" he repeats the question. "Just more work."
