LAST PUBLIC SESSION OF THE LEAGUE COUNCIL

All Treaties to Be Published, or Not Binding

Financial Conference in Brussels Postponed to Await Report on Indemnity — U. S. Will Be Asked to Send Representatives.

Rome, May 20—The council of the League of Nations held its last public session here, yesterday.

"We are passing through difficult hours," continued Mr. Bourgeois, "but amid the social passions there is the voice of right and justice in solidarity."

The Greek representative read a telegram sent to President Wilson asking him if he were disposed to convene an assembly of the League of Nations on November 15, preferably in Brussels, without prejudice to the scene of future meetings.

With a view to guarding against the perils of what is termed "secret diplomacy," a clause in the league covenant requires both the registration and publication of all treaties concluded by any states parties to the covenant. Otherwise no treaty is to be regarded as binding.

The council of the league studied the creation of a legal section of the permanent secretariat in which treaties would be secured and inserted in the official journal of the League of Nations, perhaps contemporaneously with the issuing of a copy of the text to the press.

All the treaties will be subsequently bound in book form for sale, thus the public will have a complete collection of all the international agreements. Some such scheme has already been prepared and will be communicated to all the governments.

A financial conference originally fixed for May will take place in June at Brussels. The delay is due to the necessity of the League of Nations being informed of the conclusions of the international financial conference, to be held soon with a view to fixing the German indemnity and the manner in which it shall be paid.

The council of the league adopted a programme of work to be done, including the questions of reparations, war debts and debts contracted abroad by each country during the war.

Each state will present a report on its respective foreign debt, internal taxes, currency, amount of international loans, foreign exchange, internal debts and regulations regarding imports and exports.

The Allies must notify the president of the financial conference at Brussels of their decisions regarding the war indemnity claims from Germany.

The council came to the conclusion that it would be unable to do much with regard to typhus in Poland, except perhaps sympathetic resolutions and appeal for financial assistance, the members of the council not feeling able to bind their governments on financial matters.

A special report will be addressed to the United States that it send representatives to the financial conference at Brussels.

ASKS EXPORT SUGAR EMBARGO AT ONCE

Says 45,500,000 Pounds Exported to Europe in Last Four Months.

New York, May 20—Armin Riley, chief of the Department of Justice "tine" squadron of profligate hunters, announced on Tuesday that he had telegraphed to Washington, recommending an immediate embargo on export of sugar.

He requested authority to halt the sale of sugar to non-essential industries. Riley said that 45,500,000 pounds of sugar had been exported to Europe in the last four months and confectioners had received vast amounts.

STECHEK AND ZWYSZKO TO WRESTLE IN MONTREAL

Montreal, May 20—It was announced today that Joe Stecher and Wladek Zwysko have both accepted an offer of a \$10,000 purse made by the Canadian Hockey Club. This world's championship wrestling bout will take place in Montreal in the near future.

ADVERTISERS, PLEASE NOTE THIS!

FINES IMPOSED ON TRADE UNIONS

Inability to Pay May Mean Bankruptcy of Organizations.

Copenhagen, May 20—Three trade unions which were found responsible for the strike which paralyzed Denmark's export trade for nearly two months have been fined by the permanent court of arbitration on industrial disputes.

HUGE PROFITS ON STEEL MAKING

Estimate of Economist of the Railroad Unions in the United States.

Washington, May 20—Prices of basic iron and steel products have increased 800 per cent, since 1914, according to W. J. Lauck, consulting economist of the railroad unions.

In a brief filed with the railroad labor board, he estimated the profits of the larger steel companies during the war at \$750,000 "or a levy of \$80 on every American family."

The brief declared that the per ton profit of the United States Steel Corporation increased from \$4.69, prior to the war, to \$14.11 in the period 1915-19. He asserted that labor costs increased only 41 per cent in the same period.

PILING HIGH GERMAN DEBT

Billions of Marks Each Month — Elections to Be Held in June.

Berlin, May 20—Germany's floating debt has increased by three billion or four billion marks a month, Gustav Bauer, minister of finance, told the national assembly yesterday.

Convocation of the newly elected German Reichstag on June 16, ten days after the elections will be held, will be asked by the government according to the Tagblatt. It is considered necessary to call a session of the Reichstag before the allied-German conference at Spa, the newspaper says, because it is possible the elections will result in an altered coalition government.

SAYS PREDICTION OF BREAD AT 25 CTS. UNJUSTIFIED

Washington, May 20—Lack of transportation prevented the liquidation of a large part of last year's wheat crop in the United States and threatens delay in movement of the crop soon to be harvested, said grand dealers from the southwest and northwest yesterday.

This was at a conference called by Julius H. Barnes, head of the United States Grain Corporation, to discuss plans for meeting the situation to result from termination of government control on June 1.

Dealers said that cars for movement of grain must be furnished on a preferential basis if distress was to be avoided in the wheat belt.

The wheat director said he was not alarmed about the country's future bread supply. Predictions of \$40 four and 25 cent bread, he said, were without justification.

RUSH OF EMPTY CARS TO THE WEST

Effort to Relieve Situation Which is Becoming Acute.

New York, May 20—In an effort to move eastward vast supplies of food and fuel held in the west because of lack of railroad equipment the Pennsylvania railroad today began speeding westward along trains of empty box gondola cars.

All out-going freight has been halted by the Pennsylvania for forty-eight hours. It is expected that during the day other roads also will place short time embargoes in effect.

The car shortage, coupled with labor disturbances on the railroads, is rapidly creating an acute situation here, it was said by business men, who asserted that building operations were being seriously affected. Announcement was made by the merchants' association yesterday that some additional manufacturing establishments had been forced to close because of lack of raw materials and others would close perhaps every day from now on unless something drastic was done to relieve the situation.

Several cars of Canadian eggs are reported moving from Ontario points to seaboard for export to Great Britain.

Willie helps Uncle Ed. on the farm, but gets hold of the wrong handle. —Do away in Cleveland Plain Dealer.

PRE-BUDGET ORDER DOES NOT ESCAPE TAX

Delivery Constitutes Completion of the Bargain

Ruling on Some Questions Raised by the Budget by Canadian Commissioner of Taxation — Further Comment by Montreal Gazette.

Ottawa, May 20—R. W. Breadner, Canadian commissioner of taxation, was probably the busiest man in Canada yesterday. From early morning till late afternoon he was busy in his office inquiring as to how certain taxes would work out.

Mr. Breadner made several important rulings. For one thing he said that delivery constituted the consummation of a bargain. That is, if a man ordered a \$50 suit of clothes, a couple of weeks ago and if the suit was delivered only this morning, the buyer would be responsible for the entire tax on it. This, of course, applied to every other taxable article.

Moreover he said that the one per cent tax which wholesalers must add to their invoices must be paid by the retailer to whom the goods are sold and not absorbed by the wholesaler. That is, every wholesaler must show on his invoice and also collect the full price of his goods, and also the one per cent tax.

Montreal, May 20—The Gazette says: "A very favorable impression has been created in financial circles by the budget speech. According to the minister of finance not only will there be no fresh loan this autumn but the government will be able to raise sufficient revenue to meet current expenditure and also to make substantial reductions in the national debt which in the current fiscal year is expected will be reduced by \$74,000,000. Undoubtedly this will tend to strengthen the interest in the market for the Victory Loan issues."

WEATHER REPORT

Issued by authority of the Department of Marine and Fisheries, R. F. Stepan, director of water.

Synopsis—The area of low pressure which since the early part of the week has covered the Canadian west, is now moving slowly toward the Great Lakes. Showers have occurred almost generally in Ontario and more locally in Nova Scotia. Elsewhere the weather has been fair.

Mostly Fair. Maritime—Moderate variable winds, a few scattered showers but mostly fair today and Friday. Not much change in temperature.

Gulf and North Shore—Moderate winds, mostly fair today and on Friday. Not much change in temperature.

New England—Cloudy tonight and Friday. Moderate south to southwest winds.

Table with columns: Stations, 8 a.m., Highest Yesterday, Night, Lowest. Rows include Prince Rupert, Victoria, Kamloops, Edmonton, Prince Albert, Winnipeg, White River, Sault Ste. Marie, Toronto, Kingston.

QUET EARLY TODAY AFTER KILLING OF 12

Battle of Private Detectives and Miners

Mayor of Matoon Among Those Who Lost Lives — Shot by Detective, Who is Killed by Police Chief.

Matoon, W. Va., May 20—With 100 deputy sheriffs armed with rifles patrolling the streets, and detachments of the state constabulary expected to arrive at any moment, the situation in this mining village, the scene of the killing of twelve private detectives and citizens, was quiet early today.

Deputies rushed here last night by Sheriff Blankenship, had the situation well in hand at daybreak, and they made no effort to disperse gatherings of citizens at the Norfolk and Western Railroad station, where the state troops were expected to leave their trains when they arrived.

Last night's shooting, in which Baldwin-Feltz, detective, clashed with citizens and the Matoon police, resulted, according to authorities, from action of the detectives who evicted several miners from Stone Mountain Coal Company houses yesterday. Two Stone Mountain Company mines were closed recently when it became known that an effort was being made to unionize them.

The miners say that the detectives were sent to dispossess families of workers who have been dismissed.

A shot, said by the authorities to have been fired from the coat pocket of Albert Feltz, a detective, and which ended the life of Mayor Testerman of Matoon, was started the battle. An instant after he fired, Feltz, according to authorities, was killed by "Sid" Hatfield, chief of police of Matoon.

The shooting then became general and when the battle ended, seven detectives, and three other persons had been wounded. Feltz, it is said, had a warrant for the arrest of Chief Hatfield, on a charge that he had taken a prisoner from detectives some time ago.

The mayor was reading the warrant when he was killed.

SCHEME TO MEET THE FRENCH DEBT

Amortization Project by Investing Yearly in Securities.

Paris, May 20—A bill designed to bring about amortization of the French national debt has been introduced in the chamber of deputies by several members. It provides a sinking fund to be established by means of yearly purchases of securities on the stock market by the government. The securities would be held for some definite period and the interest used to purchase additional securities.

The authors of the bill say that an annual purchase of securities of 1,000,000 francs would permit amortization of the debt of 200,000,000 francs within thirty-nine years. Under the proposed law, an appropriation of 1,000,000,000 francs would be made in every year's budget from 1921. The bill also provides that so soon as the securities had reached a total value of 200,000,000 francs, the whole amount would be used in redemption of the national debt.

HE DID ALL HE COULD TO PREVENT FALL OF ANTWERP

Brussels, May 20—The minister of national defence has issued an army order giving the findings of the court of inquiry in the case of the fall of Antwerp in 1914. The order declares that Gen. De Guise, who was then military governor of Antwerp, exhausted all means at his disposal in defence of the fortress and conformed to the military laws when he capitulated.

U. S. TRADE FELL OFF IN APRIL BY MANY MILLIONS

Washington, May 20—Exports for April decreased \$185,000,000 while imports fell off \$90,000,000, as compared with the trade figures of March, so it was announced today by the department of commerce.

STRIKERS IN FRANCE RESUMING WORK

Paris, May 20—Decision by the miners union in the departments of Nord and Pas de Calais to resume work today has been ratified at a meeting of miners held in the town of Valenciennes in the south of France. Miners worked in the south of France and employees of transportation companies at Marseilles have also decided upon an immediate resumption of work. Early quotations for Liberty bonds indicated new low records for those issues in the course of the day.

MONTREAL MARKET

Montreal, May 20—The local market became somewhat uninteresting after a fairly strong opening, but towards the end of the first hour this morning it began to show signs of rallying. Sugar opened at 92 1/2 and lost a point and a half in the early trading. Brompton dropped to 99 after opening at 100, but gained a half a point later on. Dominion Steel lost two points to 68 1/2. Smelters gained a half point over its opening at 29 1/2. Dominion Glass was a strong pointer at 69 1/2.

As Hiram Sees It

"Hiram" said the Times reporter, "I saw you at the Good Roads luncheon yesterday."

"Yes, sir," said Hiram, "whenever I hear about anybody going to talk about good roads I try to be there."

"I tell you, when we get my government to set down on Sunday and let the preacher talk about a place where profiteers don't grab the vittles nor go used to had roads that when a feller comes along that's been in Quebec or California I want to get up close and drink in the story—yes, sir. An' I'm proud of what that there Dr. Doonittle said about the farmers' government in Ontario. Did you ketch on to that?"

"Them old hayscuds that couldn't do nothin'—an' that everybody was laughin'—an' they're goin' to spend more money on roads than either one of the old parties. I tell you, when we get my government in power down here we'll show you gits an' tories a wrinkle or two. Of course," went on Hiram, "we got some wooden heads yid. Now I've seen some of 'em around the store at the Settlement the other night. The supervisor he'd posted up what money was spent in the district an' who got it—an' two or three fellers was settin' around there figgerin' it out an' wonderin' what Bill Smith done fer that two dollars he got—an' why some other feller got anything at all. Some of 'em same fellers wouldn't turn out in winter to break the roads or do a thing to keep the freshest from washin' 'em away. But we jist got to go ahead in spite of 'em gab-hounds an' holier fer good roads. An' Dr. Doonittle has time to come out to the Settlement I'll look after him myself. He's got the right idee, Good roads is money, every time."

BUY NO SUGAR TILL THE PRICE TAKES A DROP

Announcement by Association of Makers of Jams, Jellies and Preserves.

New York, May 20—The National Preserves and Food Products Association announced here today that its members will stay out of the sugar market until the price of sugar comes down from its high level. The association claims to represent 80 per cent of the manufacturers of the country who make jams, jellies and preserves.

BISHOP FALLON MAKES ANSWER

Further Statement Arising Out of Proposed Legislation re Divorce.

London, Ont., May 20—In connection with the recent utterances of the Canadian Guardian regarding statements made by Bishop Fallon in sermons in London and Woodstock, Bishop Fallon last night gave out a statement for publication in reply, in which he said:

"You are the best people in this province. You are the keepers of its conscience. You are the moral backbone of the province. You are the ones who are going to argue the point. For ten years your cohorts have stamped up and down this province in organized campaigns against the Catholic Church and Sunday newspapers. You have succeeded in curtailing our liberty in regard to matters, indifferent in themselves, but which mean the abuse of the law going to connive at the enlarging of license in a manner essential to Christian civilization."

NATIONAL FUND FOR THE AID OF LARGE FAMILIES

Paris, May 20—Establishment of a national fund for large families has been approved by the French National Commission. It will be raised by taxes on bachelors and on heads of families who have reached a certain age and have fewer than three living children.

AGAIN SHORT OF MILK IN HOMES IN NEW YORK

New York, May 2—Milk deliveries in Manhattan and Long Island City were almost completely shut off today by the strike of milk wagon drivers which threatened to spread into the Bronx and Harlem sections. The few deliveries made were to hospitals, orphanages and similar institutions.

IN WALL STREET

New York, May 20—(10.30 a. m.)—Heavy liquidation of stocks was resumed at the weak opening of today's session. The urgent character of the selling was accepted as further proof of the effectiveness of the policy of credit deflation adopted by the federal reserve board with the co-operation of banks in all parts of the country. Initial losses in the various groups of industrial and special issues ranged from one to three points. United States Steel, which suffered severely in yesterday's break, forfeited only a fraction. Ralls also resisted pressure, although Canadian Pacific yielded, two and three-quarter points. Early quotations for Liberty bonds indicated new low records for those issues in the course of the day.

HON. FRANK OLIVER SAYS THAT WEST WANTS REDUCTION OF TARIFF.

Montreal, May 20—Hon. Frank Oliver, former minister of the Interior in the Laurier cabinet, interviewed here last night, said the western farmer was not to blame for the high cost of living, as he had made no profit out of the inflated prices of wheat. While the Canadian government was selling Canadian wheat to England, France and Germany at \$2.30 a bushel, the Canadian customer was paying \$2.50 a bushel for it.

Mr. Oliver says the west has never specifically supported free trade, but rather wants a reduction of tariff.

MORE TROOPS ARRIVING IN IRELAND

Still Fewer in Number Than a Year Ago

Huts or Blockhouses, With Barbed Wire Defences and Machine Guns to Be Used — Man Killed Last Night in Limerick.

Dublin, May 20—Contingents of British cavalry and infantry are arriving in Ireland, but the total number of troops now on the island is still considerably below that of a year ago. Many men then on duty had enlisted for the duration of the war and have since been demobilized. Soldiers in many places are doing ordinary police work which is a form of duty in which police are exposed to great risks. Government operations are being directed to the maintenance of ordinary law. When cattle are driven from farms, troops are not used by soldiers. Difficulties of the dispute between farmers and riders, but are trying to punish the cattle drivers and with the aid of cavalry, round up and restore the cattle to their owners. The wholesale burning of police barracks in the recent past appeared to be more wantonness on the part of raiders, since many of the buildings had been abandoned by the police, but now it appears these acts were attributable to the foresight that the British government had anticipated that an extension of military activity was contemplated by the government and that these barracks would be used by soldiers. Difficulties are apprehended in finding lodgings for soldiers in remote districts. Some private houses have been taken over for this purpose, but there are many places where such structures are not available and there is talk of the construction of huts which might be described as blockhouses, probably fortified and protected by barbed wire. It is expected that at least one machine gun will be installed in each of these huts.

General Sir Nevill Martin of the Irish administration, because it is felt the forcible assertion of law is more urgent than any other policy.

The commander-in-chief says he has nothing to do with policy, and is interested only in military affairs. He was sent to Dublin by the cabinet to report on the situation, and now, having been given all the power he believes necessary, he is organizing the military forces and bringing them into co-ordination with the police.

One man was killed and two women wounded in rioting last night in Limerick, where police and soldiers are on duty.

G. W. V. A. FAIR WILL OPEN ON MONDAY, MAY 24

St. Andrew's Rink never looked more attractive than it will on Monday afternoon when the Great War Veterans will open their Big Spring Fair. "The Best Yet" is the slogan that has been adopted by the fair committee and every member is working to make it so.

The fair will run from Monday afternoon until the evening of June 3, taking in both holidays. Many new and novel attractions have been secured, the band will be in attendance each evening, and handsome door prizes will be given. It is anticipated that this year's fair will be even a greater success than that held last fall.

FATAL ACCIDENT ON WATERFRONT

One of the most pitiful tragedies that has ever occurred in St. John and one which nearly resulted in two fatalities and possibly three, occurred last evening when Morris Downing, of 55 Victoria street, died in the General Public Hospital from the effects of a fall from the North Wharf into the water of the slip. His two companions, Patrick Mariner and Michael Cogswell, who were making ineffectual attempts to save him from drowning, when city detectives arrived on the scene, are in the police station on drunkenness charges. It was impossible to ascertain last night how the unfortunate affair had begun, as Mariner had also nearly succumbed and Cogswell could not remember very clearly the preliminary events of the evening. So far as is known, both Downing and Mariner, who were sitting on the edge of the wharf, fell into the water, which was about five feet deep at that particular point. Police Constable Henry B. Young was the first rescuer on the scene and it was largely due to his efforts that Mariner is alive.

In consequence of a telephone message the detectives rushed to the scene in the patrol and found Cogswell holding a rope, while in the water Policeman Young was attempting to rescue Downing and Mariner. Policeman Young was the first to arrive and seeing that the men in the water needed assistance, jumped in, but a schooner was lying close to the wharf and this made the rescue difficult, but he succeeded in tying a rope around Downing and then turned his attention to Mariner, who by this time had partially collapsed. The two men were finally rescued and the ambulance called as Downing was in a critical condition. Detectives Biddiscombe and Domineau took the men to the General Public Hospital and Sergeant Detective Power took Cogswell and Mariner to the police station, where they were soon revived. Downing did not recover consciousness in spite of the efforts of the nurses and the detectives but died shortly afterwards.

BRUSH FIRES THREATEN DAMAGE NEAR THE CITY

Several brush fires have been raging in the vicinity of the city recently and the lack of rain to put them out thoroughly is being felt.

In the Millidgeville locality a brush fire was burning on Monday last and Commissioner Thornton and Fire Chief George Blake were out. They offered to send out some of the apparatus but it was not considered necessary as the residents got the blaze under control. Yesterday another fire was rather close to the summer residences, but by last night it was out.

A considerable fire was burning near Board's Head on the Narrows yesterday and at a late hour last night had assumed considerable proportions.

Smoke has also been noticed from brush fires back of East St. John during the last few days and a good rain fall would help.

This is your opportunity to secure the things you will want at a bargain price. See advertisement on page 20.

CROWD ATTACKS AND BURNS THE CITY BUILDING

(Canadian Press Despatch.)

Rome, May 19.—Serious disorders have occurred at St. Michele, a village in the province of Venetia near the mouth of the Tagliamento river, according to a message to the Popolo Romano.

A crowd attacked the city hall, setting fire to the structure and wounding the royal commissioner. City officials were forced to jump from the windows of the building, which, with all the town records, were destroyed.

TELLS JUST WHY HE KEEPS ON USING THEM

QUEBEC MAN GETS RESULTS FROM DODD'S KIDNEY PILLS.

Mr. H. Dinelle Suffered from a Complication of Kidney Troubles and Tells How Dodd's Kidney Pills Helped Him.

Cheneville, Que., May 19.—(Special.)—I suffered for eight years from diabetes, neuralgia of the heart and rheumatism.

"A year ago I commenced to take Dodd's Kidney Pills.

"My health is very much improved."

In these three concise sentences Mr. Hyaenthe Dinelle, a well-known and highly respected resident here, tells why he recommends Dodd's Kidney Pills.

Mr. Dinelle is still using Dodd's Kidney Pills. He believes that his troubles are caused by sick kidneys and that Dodd's Kidney Pills are the remedy he needs.

Sick kidneys are the cause of many serious diseases. When the kidneys are not right they fail to do their full work of straining all the impurities, all the acids of disease, out of the blood. There can be no pure blood if the kidneys are wrong. There can be no good health unless the blood is pure.

Ask your neighbors of Dodd's Kidney Pills are not the sovereign remedy for sick kidneys.

Halifax Bank Clearings.

Halifax, N. S., May 20.—Bank clearings for the week ending May 20, with figures for corresponding period last year: 1920, \$5,859,639; 1919, \$4,255,254.

GOOD THINGS COMING TO THEATRES OF ST. JOHN FAMOUS MODELS AT OPERA HOUSE

Have Been Making a Big Hit — Four Other Good Numbers and Another Episode of "Daredevil Jack" — New Programme on Friday.

Patrons of the Opera House who have not seen Weston's Famous Models in their novel artistic offering, "Visions d'Art," should make a point of doing so this evening. The act was a feature in many of the leading vaudeville houses throughout the States and has made a big hit since coming to this city. Another act which has made a favorable impression, is that of the "Two Chums," who are good singers and entertainers. In addition there are Leonia Kern, a pleasing singer and violin player; Frank and Tobie Shell, in a comedy singing and dancing skit; and Lester and Vincent, in a blackface comedy skit. There is also another interesting episode of "Daredevil Jack," the "Two Chums," champion heavyweight pugilist of the world. The new bill for Friday will have some stellar attractions, which should make a bit hit with all.

QUEEN SQ. THEATRE, "OH GIRLS", TODAY

Today an entire new show—costumes, songs and comedy, will be presented by the Rivoli Musical Comedy Company at the Queen's Theatre. The new bill will be "Oh, Girls." The scenes are laid in a school room. You'll enjoy it because it will bring back the happiest days of your life and its full of fun and has fifteen musical numbers. Don't miss it.

MARGUERITE CLARK AND LARRY SENON UNIQUE FOR THE WEEK-END.

The Unique change their programme today and present "Come Out of the Kitchen," a delightful starring vehicle for dainty Marguerite Clark and provides one of the best offerings this popular little star has achieved. The comedy end will be taken care of by Larry Senon, who will appear in "School Days," one of his best comedies. It has been held over for the week-end to give the kiddies on Saturday an opportunity to enjoy a good hearty laugh. The two features will provide splendid entertainment for both young and old alike.

THRILLING PRODUCTION COMING TO UNIQUE.

The big special production of "The Courage of Marge O'Doone," by James Oliver Curwood, will be shown at the Unique Theatre all next week. It is a graphic story of the Canadian northwest filled with thrills and suspense, and staged in a manner that will make it a production long to be remembered. It is in a class by itself.

BLAMES "FUNNY MEN" FOR FRICTION BETWEEN BRITAIN AND STATES

New York, May 20.—Sir John Foster Fraser, special British parliamentary correspondent, speaking at a dinner of the National Budget Committee, said that one of the causes of friction between Great Britain and the United States was that there are always "making jokes about each other."

"It's just this way," said Sir John. "Whenever you've got some stupid joke, you fasten it on some Englishman. I really believe if humorists were asked to cease their calling the relations between the two nations would be more amiable."

PLEDGE UNFALTERING SUPPORT OF WILSON.

Grand Rapids, Mich., May 20.—Support of the League of Nations covenant and the peace treaty without amendment and "unflinching support of President Wilson, who has given all but life itself to the service of his country and the world," were pledged in resolutions adopted by the Michigan State Democratic Convention here yesterday.

Thirty uninvited delegates to San Francisco were selected.

TURN DOWN PROPOSAL TO UNITE WITH THE J. H. FLYNN ORGANIZATION.

Montreal, May 20.—By an overwhelming majority the Grand Army of Canada, Vimy Post No. 4, last night turned down a proposal to amalgamate with the United Veterans' League, an organization proposed by J. Harry Flynn for a union of returned soldiers with the purpose of organizing for direct political action and in order to secure the \$2,000 bonus for returned soldiers.

NITTI SAID TO HAVE FORMED NEW CABINET

London, May 20.—Francesco S. Nitti has formed a new ministry, according to a Central News despatch from Rome.

HAVE CONFESSED.

Detroit, Mich., May 19.—Sydney Last of Toronto, and Sam Gold of Detroit, have confessed, according to the police, to the daylight robbery of a downtown pawnshop on April 29, when they escaped with more than \$100,000.

Police are looking for a third man said to have been implicated.

FREDERICTON MARKET.

Mail, Wednesday: Prices today were about as follows:

Potatoes, 80 a barrel.

Apples, 85 a barrel.

Turnips, \$1.50 a barrel.

Butter, 50 to 55 cents a pound.

Eggs, 45 to 50 cents.

Live pigs, 87 to 88 each.

Smoked ham, 30 to 35 cents a pound.

Veal, 10 to 12 cents a pound.

Goat Gets Fighting Jag.

Greensburg, Pa., May 19.—Billy, mascot of the coal miners, is an anti-Volstead goat. Fired with ambition, Billy started quenching his thirst on chemicals from a broken fire extinguisher. When he started the room was full of stenographers and bookkeepers. When he finished it contained only Billy.

The 24th of May

"That grand and glorious feeling"—How it thrills one, when we realize that the first of the spring and summer holidays is at hand. Whether you are planning a jaunt in the country, or a fishing trip along some well stocked brook you know of, you will add much to the pleasure of your excursion if you go prepared against the Black Fly (and his co-workers) and the effects of the Sun on an unprotected skin. Keep a record of your outing by taking along your Kodak and plenty of Films. — Let us equip you with these articles for your trip.

KODAKS		FILMS
As a source of pleasure and information a Kodak is hard to beat. Easy to carry, inexpensive to operate. How many times have you said, "Wouldn't that make a dandy picture? Oh, how I wish I had a camera?" Call in and let us show you the different models. We have all sizes in stock, both Brownies and Kodaks, and the prices run from \$2.90 to \$35.00		We have just received a big fresh stock of films for the holiday. You can be sure that any roll of film you purchase from us is never out-dated, or in other words, too old to give good results. We carry the film that fits YOUR Camera. Come in and let us fit you out.

ITALIAN BALM	SKEETER SKOOT	THE JONTEEL LINE
Although health may be retained by plenty of open air exercise and judicious use of proper medicine, from some cause—atmospheric or otherwise—the complexion will get out of order. Exposure to the sun's hot rays, keen winds, dusty streets, etc., will cause roughness, redness, freckles and blemishes, which soap and water and even medicine will not eradicate. What is required is a food for the skin because the skin is full of little mouths that are constantly opening to eat and drink everything within reach and if these little mouths are not provided with proper food they will take in improper food. Supply your skin with the proper food— ITALIAN BALM —and be sure of a good complexion.	A little of this preparation applied to the exposed parts of the body will keep away Mosquitoes, Gnats, Black Flies, Punks, etc.	Jonteel Toilet Articles have no equal. The line consists of Cold Cream, Combination Cream, Talc, Odor Jonteel, Toilet Water, Face Powders and Soap.
	This is the best article in its line that we have ever handled. It really does what is claimed for it, and is not in the least offensive. Be sure and take a bottle with you.	Thousands of dollars were spent to make these goods the peer of all toilet articles. The odor is a combination of twenty-six flowers, skilfully combined by experts.

CHARACTER BULWARKED BY PUBLIC FAITH IS THE GREATEST ASSET A PHARMACY CAN POSSESS

Confidence comes from knowledge—and the people of this community are learning all the time that the service which we render is of the most reliable character. We endeavor to conduct a store that will thrive and grow because of its real value to the public—and solicit your trade on the basis of being able to serve you well and to protect and promote your interests in every way.

"OLD CLOTHES CLUB" FORMED IN PARIS

Already Counts Among Members 100 of Paris' Richest Men.

Paris, May 20—Named after Chodruc Ducloux, known as the "Modern Diogenes," because for years he has appeared in the Paris streets clad in rags in protest against alleged unfair treatment at the hands of the Bourbons, an "Old Clothes Club" has been founded by

Alexander Duval, Paris "Restaurant King," hitherto titled "Alexander the Superb" on account of his fastidiousness in dress.

The club already counts among its members more than 100 of the richest men in Paris. They are pledged not to buy any new clothes for one full year, but wear a cotton garment designed by Duval himself, which gives the wearer a smart appearance, though it costs only \$4.

KILLED HIMSELF.

Greenville, Ills., May 19.—After hiding in woods, five days, and nights while posse men hunted him on charges of having murdered his wife and two babies, Harley O. Besley, 25 years of age, went to the graves of his alleged

constituted the battery for the Red Sox and Cosman, Griffin and LeBlanc for the Rovers.

Game Last Night.

The Young Red Sox trimmed the Rovers by the score of 11 to 2 in a game on the Gilbert Lane diamond last evening. Ferris, Wall and Cummings

FINE PLANTS ADDED TO CITY'S NEW INDUSTRIES

Modern Building With Latest Equipment Turns Out Large Quantities of Ice Cream Daily.

A new industry with a \$48,000 plant, spots, most up-to-date and planned for getting the maximum results with the greatest speed of production, has opened in St. John, and perhaps the kiddies around Stanley street and Summer street are the most aware of its operation.

The Purify Ice Cream Company, of which A. L. Stearns is manager, commenced the manufacture of ice cream in the new plant which has its receiving entrance in Summer street and its shipping entrance in Stanley street, about one week ago and is now, with a staff of seven men, Herman Stearns foreman and John T. Shanahan, expert from Philadelphia, directing the process, making daily the cream of the milk of 1,000 cows into luscious ice cream of all varieties of flavors, and new and tempting flavors being prepared each day.

The building, the largest of its kind in the maritime provinces, is concrete throughout with fittings of the latest and most perfect type, all of solid copper heavily tinned. Claire Mott was the architect of the building, but the plans were largely drawn up along suggestions made by Mr. Stearns who visited all the leading ice cream manufacturing plants in the United States for the express purpose of gaining all information that could be used to facilitate the process of manufacture in his new plant.

An inspection of the plant, which has been thrown open to the general public to visit at any time, reveals marvels of ingenuity. On the Summer street side of the building are the doors for receiving cream, coal and ice. The doorways are all made at such levels that there is no lifting necessary. The cream cans are removed from the vans at one entrance and the ice unloaded at another each at the proper level. An ice storage room with a capacity of twelve tons give direct feed to the freezing machines downstairs and to the brine tanks on the upper floor where the milk is received. The slope of the land has been used to excellent advantage.

When the cream arrives, it is emptied at once into a large white enamel mixing and sterilizing tank and by electricity is heated to 190 degrees. It passes through lined coils to the condenser and is subjected to 5,000 pounds pressure. From there it goes to the large brine cooler which reduces it almost to the freezing point in the short space of time that it takes to trickle down the coils. Still through pipe connections and without being handled at all, the cream goes to its electrically driven vat into the holding vat where brine coils keep it at a low temperature.

These holding vats feed the two freezing machines below the mixing room in a small room off the mixing room are the supplies of flavors and other ingredients all neatly stored and there is

a complete testing apparatus for ascertaining the fat content, water adulteration and purity of the cream received. The remaining space on the receiving floor has brine tanks for holding cans of cream which are not needed for immediate manufacture and has also an elevator which sends the empty cans to the wash room on the lower floor. Compactness and convenience were evidently the aims of the builders, as purity and richness has been the motto of the company. On the lower floor next to the wash room, which has rows of shelves to receive the clean cans as quickly as they are washed, is the boiler room with the large fifteen horsepower boiler and the lavatory and shower bath for the employees. These are on the Summer street side of the building on the lower level where is also the storage room for cans of ice cream awaiting shipment.

In the centre of the lower floor are the two freezing machines fed with ice from the upper floor and with brine from a brine tank. It takes just eight minutes from the time the mixture enters the freezer from the holding vat till it comes from the freezer in thick wrapping folds of ice cream filling the cans waiting to receive it. Wheeled trucks are used to move the big ice-packed cream cans to the trams at the Stanley street entrance and the company has three drivers who are kept busy taking the finished product to its patrons.

A convenient office where four clerks are busily engaged and a smaller private office for the manager, are also reached from the Stanley street entrance. The value of ice cream as a complete food has been more fully realized of recent years, while its temptings as a delicacy did not require much discernment to realize. Mr. Stearns has opened a new industry that supplies a sure demand in St. John, gives employment to a staff of workers and a market for dairy produce.

GOOD ROADS.

Three important results of good roads were set forth by Dr. Doolittle yesterday in his address before the members of the Canadian Club and the New Brunswick Automobile Association.

In the first place good roads tend to develop rural districts and stop the movement toward the cities. This means increased production, which is the basis of trade and of prosperity, providing the merchants of the cities and towns with a large and better market. Dr. Doolittle proved his case in this matter by a comparison between two Ontario counties and the chief city of each.

In the second place good roads increase the value of farm lands. Dr. Doolittle proved the truth of this statement by the experience of one county in Ontario, where the price of land went steadily up in a purely farming neighborhood in proportion to the improvement of the roads.

In the third place good roads bring tourists who spend large sums of money, as in southern California, where the people capitalized their climate, built permanent roads through the desert areas, and reap a great annual harvest from Canadians as well as Americans in our winter season.

"You have the summer climate," said Dr. Doolittle, "which is the complement to the winter climate of California. Provide the roads and the tourists will come."

The speaker pointed out that California, which had already spent millions on roads that are the joy of the traveler, has set out to expend \$77,000,000 more. There is here a very striking lesson for New Brunswick. Good roads are a most valuable asset, as Quebec as well as California has discovered, for tourists from the United States spend many millions of dollars in Montreal alone every year. Nor do they go there merely because they are thirsty folk. They buy large quantities of furs and other goods to take to their homes.

Dr. Doolittle brought an inspiring message from Ontario. The farmer-government in that province has largely increased the provincial grant to municipalities for road purposes, and added greatly to the proposed mileage of durable roads to be constructed in the various counties. It has gone much farther in this direction than its predecessor.

One bit of good advice the good roads man from Ontario brings us, and it is that we should next spring at the latest change the rule of the road. He asserts that no longer in the maritime provinces should we remain out of step with the other provinces and the States, and points out the grave danger constantly to be faced when touring motorists come this way. He has small patience with those who declare that we should not alter the rule to please other people, for these people are coming to spend money freely, and if there is not a common rule of the road there will be constant danger of accidents resulting in loss of life.

The benefits to be derived from a great modern hotel were also alluded to by the speaker, who very truly said that the visitors who find good accommodation will come again and tell their friends to come.

Dr. Doolittle never loses an opportunity to speak in behalf of the trans-continental highway in which he is so much interested, and which he sees moving toward accomplishment. It will be a great asset for the country from coast to coast. What his St. John hearers are most interested in, however, are good roads for New Brunswick; and those who heard yesterday's inspiring address will be more than ever disposed to encourage the provincial government and the municipalities to forward the movement, for the reasons set forth in the opening paragraphs of this article.

THE OLD TORY POLICY.

The press report of Hon. Mr. Ballantyne's speech in the budget debate last night says:

"Mr. Ballantyne did not believe that Mr. McMaster really wanted an election just now. And there was no reason why this government should go to the country before its term of office expired. When that time came in 1922 or 1923 the issue was going to be free trade versus moderate protection, Mr. Ballantyne said, and he had no fear of the issue. He had no political ambitions himself, but he felt sure that the Canadian people would not brook interference with the country's fiscal policy. The next election would prove that the policy followed by this government had been followed by the best for all classes."

If Mr. Ballantyne speaks the mind of the government it means to hold on to office as long as possible. Just what the minister understands to be moderate protection is not clear, but what most people would describe as a moderate tariff has not yet been adopted, and the present government evidently has no intention of putting such a tariff into effect. His Mr. Ballantyne foreshadowed the new Union policy? If so, is it not the old tory policy?

In selecting Mr. D. C. Clark as president of the board of the Protestant Orphan's Home has made an excellent choice.

A BITING CRITICISM.

The New York Evening Post is a caustic critic of the United States Senate, which is always ready to pass resolutions and to tell other nations what they should do, but is not so eager when it comes to a question involving any responsibility for the American people. Note the following comment on the Senate's action in regard to Armenia:

"We have all been unjust to the United States Senate in the matter of Armenia. Senators have been thoughtless about Armenian needs, and slow in doing anything to meet them. But only consider the magnificent set of resolutions just reported from the committee on foreign relations. They begin with three whereases in which are movingly recited the wrongs of Armenia; the intense sympathy of the people of the United States and the desire of our government to help the republic of Armenia. Then come three resolves, the first being to extend the 'sincere congratulations of the Senate' to the people of Armenia, while the second expresses the hope that their 'nationalistic aspirations' may soon have full realization. The final and crowning resolve, up to which all the preliminaries have led the reader with kindling hope, is truly noble. It is that the president be requested not to do a little thing like taking an Armenian mandate—but to send a United States warship and a force of marines to the port of Batum, in order to protect the lives and property of citizens of the United States along the railroad to Baku. In the name of the Armenian martyrs, oil!"

TOWN MANAGER A SUCCESS.

The town of Woodstock is well-satisfied with the town-manager plan of government. Noting the fact that Chatham has been discussing this plan, the Woodstock Press says:

"As the first town in Canada to put the scheme in force, Woodstock is in a position to give good advice to the north shore town. There is only one way to successfully conduct the business of a town and that is by the town manager scheme. If the right man is engaged, any town will be pleased with the system. Woodstock did not take up that movement hastily. It was considered, talked about, written about and agitated for years; expert were consulted, and finally the town manager of a leading city near Boston was brought to Woodstock and explained the movement to the citizens at a public meeting. There is no question as to the success of the scheme in this town. The few who scoffed at the movement at its inception now cannot give it too much praise. Why is it that the tax rate in Woodstock is only \$1.90 on the \$100, probably the lowest taxed town of its size in the maritime provinces? Because the taxes are collected at the right time; every body pays, and, under the present system, there are no leakages."

Apart from the eulogy of the system itself there is implied in the remarks of the Press a very high compliment to Mr. R. Fraser Armstrong, son of Mr. R. E. Armstrong of St. John, who is the town manager of Woodstock. He has achieved a very gratifying success.

The late Levi P. Morton, ex-banker and ex-president of the United States, is dead at the age of ninety-six years. His career, as an exchange observer, "demonstrates the success that may be achieved from humble beginnings when energy, ability and integrity are predominant factors." Mr. Morton was the son of a Vermont clergyman who had to support his family on a salary of six hundred dollars a year. The son went into a dry goods store at an interest in a store in Boston, became a successful merchant, a banker of international reputation, a member of congress, American minister to France, and vice-president of the United States.

Women have gained recognition in a notable way in connection with the police department of New York. The Tribune says: "Equal rights for women in the New York city police department with those of men have been granted with the signing by Governor Smith of the Dowling bill changing the title of police matrons to police women and placing them at patrolmen's rank and pay. This is a victory for the police women, who conducted a vigorous campaign for this legislation."

Both Dr. Doolittle, the Ontario authority on good roads, and Mr. T. P. Regan, president of the New Brunswick Automobile Association, at yesterday's luncheon spoke in terms of high praise of the road work done in this province under direction of Hon. Mr. Veniot.

With unemployment increasing in New England, and strikes also affecting business, the hope for increase in production which is essential to lower prices is not being realized.

Peter Mahoney's grocery store was broken into Tuesday night and about \$20 in money and quantity of cigarettes and tobacco was taken. The offenders made an entrance through the rear window.

(Copyright by George Matthew Adams.)

THE DISMAL DAY.

The day is dark and chilly, and nasty showers descend; the winds are sad and silly, their wailing has no end. The men have quit their hoing until the weather's dry; the women drop their sewing, and gaze outdoors and sigh. On such a day a fellow is willing to believe that all the world is yellow, this life designed to peeve. The cheerful words of Browning that all the world is well, can't stop his heavy frowning, or soothe him for a spell. He feels that all the sages and barbs who sing of hope can never earn their wages by sprinkling sunshine dope. The weary winds are blowing. It is a beastly day; no cheerful cows are crowing no blithesome roosters neigh. But all the outdoor critters are wet and cold and blue; no wren or robin twitters and makes a howdydo. But hold, the ducks are joyous, the he ducks and their wives! The rain-storms that annoy us bring joy to their young lives! Let's resume our grinnings and caper round again; the ducks must have their innings as well as hens and men.

CANADA—EAST AND WEST

Dominion Happenings of Other Days

THE HIGHLANDER SETTLERS.

At the close of the eighteenth century the Highlands of Scotland contained a larger population than the soil of that land could support in comfort. The landlords, moreover, found it more profitable to pasture sheep on their estates than to rent the land to farmers. The latter were therefore turned from farms and compelled to seek a living elsewhere.

In 1773, 300 sailing in the ship Hector to Nova Scotia found homes in the county of Pictou. At the beginning of the nineteenth century a great stream of immigration set in towards Nova Scotia and Cape Breton, where the scenery reminded the Highlanders of the home they had left, but where the soil gave a much better return for their labors. During the next twenty-five years 40,000 of these thrifty and hardy people arrived. Their descendants form by far the largest proportion of the population in this part of the country. Other Highland colonies were established in Prince Edward Island. The first of these numbering about 800 souls, was sent out in 1803 by Lord Selkirk, who was anxious to improve the condition of his poverty-stricken countrymen and whose colonizing efforts later in the northwest were heroic. Near this settlement has since arisen the city of Charlottetown, the capital of P. E. Island.

In the following year 1,100 emigrants from the western Highlands were settled on the banks of the St. Lawrence. To the district around they gave the name of their old home—Glenarry. Many of these men had seen service in the British army and the wear of 1812 broke out a great many delinquent again and fought bravely in defence of the land and their new homes.

IN LIGHTER VEIN.

Penniless.
He fairly tottered into the room like a man reeling under the effect of some terrible mental blow. His wife looked on aghast. "What is it?" she asked in trembling accents.
"It is not my fault," he murmured incoherently. "How can I tell you? We are penniless."

"Penniless!" she repeated, in a half-dazed way. "Oh, but my dear husband, I can keep the wolf from the door. But, tell me this, have you been gambling or speculating on that dreadful stock exchange? Tell me you have done nothing to tarnish your honor."
"Nothing—nothing," he replied.
"Oh, thank goodness for that!" she cried. "Now let me hear anything—anything—Where has your money gone?"

The wretched, grief-stricken man placed his arm around her, and drawing her close to his side, gasped out: "I have paid the gas bill!"

The Culprit.

Mother—Now, Bobby, was it you who ate all the white meat off this chicken?
Bobby—Well, mother, to make a clean breast of it, I did—Pearsons Weekly.

Discharged.

"It's too bad," said a condoling friend. "I thought you were right in line for promotion."
"No," mournfully replied the other. "I was right in the firing line."—Boston Transcript.

Best Money Could Buy.

Visitor—You have some fine scenery about your home, Mr. Newrich.
Newrich (complacently)—Yes, we always get the best of everything.
Magistrate (to prisoner charged with having caught fish under standard weight)—And what have you to say in answer to this charge?
Prisoner—"Nothing, your honor, except that I thought the fish weighed more than two pounds."
"It seems to me, sir, that your judgment was entirely at fault; you should have weighed them when they were caught."
"But I had no scales," protested the prisoner.
"No excuse!" snapped the magistrate. "There were scales on the fish. Five! five pounds!"

EXPERIMENTAL FARMS.

Almost every farmer in Canada is interested in some phase of the agricultural work carried on by the Dominion Experimental Farms System both at Ottawa and on the twenty branch farms distributed between the Atlantic and the Pacific. The work covered on these farms includes investigations with live stock, field crops, fruit growing, tobacco, bees, poultry and, in fact, all branches of agriculture adapted to Canadian conditions. The report of the Dominion Experimental Farms for the fiscal year 1919 is obtainable from the publication branch, Department of Agriculture, Ottawa. This report records many valuable and interesting experiments that are under way. Among these are experiments in feeding live stock for market, and summer and winter experiments in fattening swine; the bee division gives a preliminary report of its experiments with two queens in one hive, and in the division of economic fibre production the variety test and the prairie flax straw experiments are outlined. Throughout this publication there are many valuable conclusions stated which are based on the experimental work conducted at these farms.

Emerson & Fisher Ltd.

McClary's Simplex

KITCHEN too cold to do without a coal or wood range in winter? It is a mighty uncomfortable place in summer if the same range has to do the cooking and baking during the warm months—that is, unless the range is a McClary's Simplex Interchangeable. A range that burns coal or wood and gas! That is just what the Simplex does. It can be changed to a gas range in the fraction of a minute by a simple turn of a lever. It is the range you need. Come in and see it.

producers by passing adequate laws, and we are not troubled with exorbitant prices for sugar or meat. Sugar sells for nine cents a pound and steak can be had for sixteen cents. The government owns all the grazing lands, the mines, and also operates the railroads. We have laws for the protection of widows and children and compensation laws for the employed."

Paris Big Phone Scheme.
Paris, May 20—An ambitious plan to make Paris the telephone centre of Europe has been completed by M. Deschamps, under secretary of states for posts and telegraphs. It provides for the expenditure of \$800,000,000 and for the laying of 250,000 miles of new trunk lines, not only for improving the connections between Paris and the provinces, but also for reinforcing the systems between Paris, London, Madrid, Rome, Bern, Berlin and Brussels.

GENERAL AGENTS

MR. LIVESAY IS NOW GENERAL MANAGER

Has Been Acting Chief of Canadian Press

Mr. Knowles Goes to Toronto to Telegram - Publishers From All Over Canada at Meeting - Improved Cable Service.

(Canadian Press.)
Toronto, Ont., May 20.—Daily newspaper publishers to the number of between forty and fifty from every part of the Dominion yesterday attended a successful special general meeting of the Canadian Press, Limited, the co-operative and mutual organization of Canada for the supply of domestic and foreign news services that includes within its organization every daily paper. Problems of internal administration and finance were thoroughly canvassed, and satisfactory resolutions were reached. Proposals for an improved cable service, to be entirely within the control of the Canadian Press, were advocated. The Canadian newspapers as a body, although grateful to the British government for its offer of financial aid, decided, however, that they could not, in self-respect, burden the British taxpayers but were prepared, from their own resources, and by continuation of aid received from the Ottawa government to develop a service of inter-imperial cable news.

Directors were elected as follows: Maritime division—C. Fred Pearson, Halifax Chronicle, and J. B. Black, Fredericton Gleaner. Ontario and Quebec division—H. Gagnon, Quebec City, Le Soleil; C. P. Cranford, Montreal Star; John Scott, Montreal Gazette; E. Norman Smith, Ottawa Journal; T. Stewart Lyon, Toronto Globe; Irving E. Robertson, Toronto Evening Telegram; T. H. Preston, Brantford Express, and H. H. Pickett, London Advertiser. Western division—E. H. Macklin, Manitoba Free Press; R. L. Richardson, Winnipeg Telegram; Burford Hoole, Regina Leader; J. H. Woods, Calgary Herald, and Griffith Hughes, Victoria Times.

At a subsequent meeting of the directors the following officers were elected unanimously: President, E. H. Macklin; 1st vice-president, E. H. Macklin; 2nd vice-president, G. Fred Pearson. C. O. Knowles, general manager since the organization of the new association in 1917, resigned to become assistant managing editor of the Toronto Telegram, and J. F. B. Livesay, assistant general manager since 1917, with headquarters in Winnipeg, and acting general manager since last November, was appointed general manager in his stead.

RECENT WEDDINGS

A quiet wedding took place last evening in the rectory of St. James church, when Arthur Daniel Knappman was united in marriage to Miss Lilian Louise Hyson. Rev. H. A. Cody was the officiating clergyman and the bride and bridegroom were unattended. The bride is the daughter of Israel Hyson, of Annapolis Royal (N.S.), and Mr. Knappman is employed with the Christie Woodworking Company, Limited. Mr. and Mrs. Knappman will reside at 173 Carmarthen street.

Miss Hattie Loretta Devers of Milltown was united in marriage in the Catholic church yesterday morning to Frank Bonnell of St. Stephen. Rev. Father Moore performed the ceremony.

THE BUSINESS SITUATION IN THE DOMINION

(Financial Post.)

The action of the banks in deciding to curb current loans and the unsettled conditions in lines of trade particularly affected by the unseasonable weather, have had their influence in business circles and there are widening evidences of growing appreciation of the price situation in relation to labor and commodities values, with appreciation as to what a re-adjustment may entail if advances are carried further. Details of the April bank statement will be awaited with interest as showing what actual effect the decision of the banks has had. Regarding that policy, C. A. Bogert, chairman of the Canadian Bankers' Association, makes the following statement:

The Financial Post—
Owing to the high prices of all commodities requests for increased commercial credits are numerous, and with the inevitable decline—which many people believe is not far distant—to be faced, the banks are, naturally, discouraging such applications.

Dealing with the fact that there have been newspaper criticisms to the effect that the banks—particularly in Western Canada—are unreasonably restricting credits to farmers, Mr. Bogert says that such statements are quite inaccurate, and adds:—
A responsible farmer requiring advances for his legitimate farming operations with a view to increased production, is being dealt with liberally by the banks, and receiving all reasonable accommodation.

The banks, like all other business and financial interests, are naturally interested in increased agricultural production in Canada, as they realize fully the extent to which the prosperity of the people is dependent upon our farming operations.

Perhaps the greatest handicap which agriculture is suffering from at this time is shortage of labor. For this the activities of the organized unions in raising the rates of pay in the cities and towns are largely responsible as they have the effect of drawing workers from the farms. Reduction of hours is having anything but the effect it is supposed to in creating real prosperity by making more "jobs." This theory has been thoroughly exploded. The situation today is not that there is a shortage of production, with the result that people are competing for the available goods with their easily earned money and prices continue to advance. It is to be hoped that a realization of this situation may become more general before a crisis is forced upon us.

Labor and Farm Production.

Demand for big wage increases have recently been made by such unskilled workers as construction laborers and street railway employees. When we find the employees of the Toronto Street Railway, who represent labor not more or if as much skilled as that required for the farm, demanding eighty-five cents per hour and using union organization to back up the demand, it is not hard to realize that men are going to demand corresponding wages to work on the farms or they will not stay. And if common labor is raised to this level and skilled labor given a proportionately large reward, and if higher wages are again accompanied by a reduction of

hours and more pleasure seeking, it is difficult to see wherein we are to achieve that increased production so necessary to a successful solution of the problem of the high cost of living.

The Trade Situation.

The trade and business situation shows a continuation of those tendencies which have been previously referred to. In clothing and apparel demand has been seriously interfered with by the weather and this has permitted some over-production, which has in turn been reflected throughout the business and in kindred lines. Silks have been particularly affected by the squeezing of some of the speculators, but as regards woolen and cotton staples the outlook is for a continued shortage of supply unless there is radical curtailment of consumption.

In the American markets there are increasing indications of a reaction. New York reports reductions in prices in some commodities, but none of such a serious nature as to portend anything ominous for the immediate future. Silk, rather, fur, clothing and some lines of

woolens goods have all sold off during the past few weeks.

It is noticeable that the experiment of the Wanamakers stores referred to last week to stop the vicious circle of increasing costs by cutting 20 per cent. off the retail price of every article is having its effect on other merchants and "sales" are very frequent, with the "reductions" involving real cuts in prices. But the real declines are confined largely to wearing apparel, including shoes. In other lines there is less interest being shown for certain luxuries, but not sufficient to threaten a collapse in prices.

Clever Centerville Lady.

The following refers to Miss Vera, daughter of Dr. Frank A. Brown of Centerville:

At the close of the session in the faculty of arts at McGill University, Miss Vera L. Brown, sessional lecturer in history, will leave for England to continue her work on a thesis covering a branch of colonial history, which was interrupted by the war and which will

complete the course required for the granting of the degree of doctor of philosophy at Bryn Mawr University.

Miss Brown graduated from McGill with the degree of B. A. in the spring of 1912. The following year she received her M.A. from McGill and in the autumn of 1913 proceeded to Bryn Mawr, and at the close of a year's work she was awarded the European traveling fellowship in history, but was unable to make use of it on account of the outbreak of war. In 1914-15 she completed the requirements for the Ph. D. degree.

GERMAN HATE NOW TAKES-NEW FORM

Berlin, May 20.—The German soul is filled with hate, Dr. Koch, minister of interior, declared in an election address before a group of college students.

"Labor hates employers and the small bourgeoisie is embittered because labor is better off than they are," he said. Meanwhile Berlin is raging against the Junkers east of the Elbe, and the citizens are angry with a degenerate officialdom."

S. E. ELKIN IN BUDGET DEBATE

Pleads for Higher Tariff — Member for Brome Says Protection as a Policy for Country Is Dead.

Ottawa, May 19.—When S. E. Elkin, Unionist member for St. John and Albert, spoke in the budget debate in the commons late tonight, he hurled a broadside of criticism into the farmers party and free traders of any ilk. The address was a carefully prepared defence of the government's protectionist policy. One suggestion he offered was that the income tax should be lowered next year. "In this country we have reached a position where a man should face the conditions exactly as they are," said Mr. Elkin. "Conditions which may have warranted free trade in the past do not exist today. There is every indication that the tariff should be higher between Canada and the United States, and we are to build up a nation within the empire we must keep out these American goods. The people of this country will well to carefully consider the situation compared with the United States."

Referring to the remarks of Senator Underwood in the United States senate which were paramount to a threat, Mr. Elkin said Canada should develop her own resources. In that way she could be independent of the United States except for luxuries which could be done without in times of stress. "Canada," he said, "hasn't a protective tariff because manufacturers want it but because the nation wants it. The nation has so expressed itself at the polls both when Conservative and Liberal governments were in power during the last forty years." The speaker asked if it were right that the policy of the government should be decided by farmers and others who had nothing at stake but notoriety.

The recall system, which was endorsed by the farmers, was a dangerous and retrograde step. He strongly condemned the operations of the United Grain Growers Company, Limited, in the west claiming that its methods worked a real deal on the working men. Its catalogue showed that many of the articles it sold were bought in the United States. "Does he know that the implements sold by the Grain Growers Company, Limited, come from the United States?" interrupted J. F. Re. MacKenzie. Before the western farmer could enlighten Mr. Elkin he was ruled out of order by deputy speaker Bolvin. It has been rumored that the Grain Growers Company is interested in some of these factories in the United States, continued Mr. Elkin.

The Farmers.
The farmers complained, proceeded Mr. Elkin, that it was the city people who dictated the tariff policy. He contended that it was the public in urban centres who were long suffering because the farmers virtually had no votes in city folk one. This was because of the proportion of representation.

"Is Canada to be the only free trade country in the world with free trade a misnomer as at present?" he asked. In view of the demands of the west for a lowering of the tariff, the speaker said it was only right that the claims of our allies should be considered. France was not lowering her tariff but like Italy and Great Britain she was restricting imports. South Africa had announced an increase in tariff. Nothing had been heard Newfoundland, Japan and Portugal. It of reductions in New Zealand, Australia, was practically certain, too, that there would be a higher tariff in the United States. The free traders could be challenged, he said, to point out one country that was lowering its tariff now.

Mr. Elkin suggested to the finance minister that the income tax should be lowered next year. He did not think it worth while to bother collecting the small amounts.
Hon. C. C. Ballantyne, minister of marine, and A. R. McMaster of Brome also spoke. Mr. McMaster said that protection as a policy for the country was dead. Mr. Ballantyne was in favor of a moderate protective tariff and he asked the opposition leader, Hon. W. L. Mackenzie King, whether he was in favor of the abolition of all tariff duties but the opposition member said he was not. This gave rise to the question how the revenue would be raised if the free trade policy was carried out to the extent advocated at the Liberal convention last August.

POLICE COURT.

In the police court yesterday afternoon Crockett and MacMillan were charged with supplying invalid port wine to Bertha Johnson without a prescription. J. Herbert Crockett appeared and said he was not aware that it was necessary to have a prescription to supply this beverage. Mrs. Johnson said she had gotten wine at this store before. Inspector McAlain also gave evidence. The case was postponed until this afternoon.

William Matheson, charged with stealing a horse, was set up for trial. Campbell Cormier, charged with stealing a watch, was allowed to go if he would leave the city. Mrs. Whitneck, alias Mrs. Fulton, who was arrested yesterday afternoon for bigamy, was remanded to jail.

To Free Your Skin of Hair or Fuzz

(Boudoir Secrets.)

No toilet table is complete without a small package of delatone, for with it hair or fuzz can be quickly banished from the skin. To remove hairs you merely mix into a paste enough of the powder and water to cover the objectionable hairs. This should be left on the skin about two minutes, then rubbed off and the skin washed, when it will be found free from hair or bluish. Be sure you get genuine delatone.

YOU HAVEN'T MUCH TIME TO DECIDE

If You Wish to Take Advantage of the Final Days of

OAK HALL'S BACK HOME SALE

Not like any other sauce—different—quite different.

WARNING SPARED PARLIAMENT A DEMONSTRATION

Women Temperance Workers Were Prepared to March on British House.

London, April 30.—(A. P. Correspondence)—Parliament was spared a demonstration by delegates to the world's convention of temperance workers recently held here only because one of the London members warned the women that such action would be illegal. The proposal was made by Mrs. Lew Cowle of New Zealand, who aroused the enthusiasm of the delegates by telling them that New Zealand women had been successful in a temperance demonstration. She said that when the New Zealand government was too busy with the war to attend to temperance legislation, the temperance workers there organized the "silent march" in Wellington which so impressed legislators that the temperance bill was passed by the house of parliament by a small majority. She said, however, that the bill would have to be adopted by three-fourths of the house before it became a law in New Zealand.

"Why don't you women march on parliament from this convention," she urged. "You don't want hatchets and hammers. If you don't get into parliament the very fact that you march to the house to pray may show that you

"Oh, but it's Wonderful"

5 GREAT NEW FEATURES make this the Champion of all mops! One big improvement is the full, yarn center which gives far greater cleaning surface than any other mop. It affords complete protection to floors so that mop cannot scratch. The swab is removable so that mop may be easily cleaned. Simply pull swab from frame as you would a curtain from a rod. Wash, wring out, dry and replace on frame. The long 54 inch handle may be used at any angle. No adjustment to make.

LIQUID VENEER MOP

MOST wonderful of all is the Liquid Veneer treatment which renders your floors as sparkling, clean and beautiful as your piano and keeps them so, free from oil and grease. It makes such an improvement.

Separate swabs may be obtained at moderate cost. Simply slip new swab on the old frame and you have a new mop.

Try this mop. \$1.75 complete, at all dealers. Sold on approval.

BUFFALO SPECIALTY CO.
Buffalo, N.Y. Bridgeburg, Ont.

A PROFESSOR SHOWS HIS TATTERED COAT AS WARNING TO UNION.

Boston, May 20.—Exhibiting the tattered lining of his coat, Professor William D. Ripley of Harvard told the Amalgamated Clothing Workers' convention here the public could not afford to buy clothing at present prices.

The workers had just pledged themselves to cut their working hours to forty a week at present prices.

"If you will look at the clothing of more than one-half of the people of the country today you will see that it is worn, old, or made over," said Professor Ripley.

"If in saving yourself and the manufacturer you ask large profits to divide up between you and forget us, we, the public, will not buy, and there will be nothing to divide."

NEW CHICAGO RIVER BRIDGE.

\$10,000,000 Structure Started in 1904 Formally Opened.

Chicago, May 19.—The Michigan Boulevard link connecting this great thoroughfare with the North Boulevard along the Lake Shore is completed by the formal opening of Rush Street bridge, spanning the Chicago river. This \$10,000,000 project was started under Mayor Harrison in 1904 and developed by succeeding administrations. Work actually was begun April 13, 1918, after long legal battles were decided in favor of the city.

It is estimated that 20,000 vehicles will pass over this bridge daily.

Bid High on Harvest Hands.

Kansas City, Mo., May 20.—With prospects for a record-smashing yield from

approximately 15,941,716 acres of wheat this season in Missouri, Kansas, Oklahoma and Nebraska, farmers are facing the greatest labor problem in the history of the southwest. Harvest hands will be fewer and higher paid than ever before. Hands may be paid seventy cents and even \$1 an hour to cut the wheat. The country will be combed for hands.

USE The Want Ad Way

are in earnest and at any rate they might give Wales her bill."

This suggestion was received with much enthusiasm, until Lady Canlie pointed out that it would be illegal, and that the convention would have to arrange a delegation and not a demonstration to go before the house. It was decided to send the delegation.

Miss Agnes Slack, summarizing the progress of the temperance movement, said that Finland and Iceland have obtained prohibition and that in Denmark the work was nearing completion. Nothing had been heard of the temperance movement in Russia and Bulgaria for three years.

"In China," she said, "the work is overwhelming because the liquor traders from the United States and Canada are trying to make a centre for the sale of their liquor there."

KILLED BY FALLING FROM STEPLADDER

Cobourg, Ont. Nurse Succumbs to Fracture of the Skull.

Cobourg, May 19.—While engaged in cleaning a window Miss Annie Russell, a highly esteemed nurse of Cobourg, fell from the stepladder which she was standing on the pavement below, suffering a fracture of the skull, which caused her death about 3 o'clock this afternoon.

Dr. W. E. Willing was summoned immediately, and, deciding that the skull had been fractured, had the unfortunate nurse rushed at once to the hospital. She died, however, without regaining consciousness.

PICTOU MAN BUYS A FAMOUS HORSE

(Halifax Echo.)

Alf White, a Pictou horseman, has purchased from W. P. Murray, of Cleveland, the famous stallion "Toddington," sire of a world champion pacer. This champion pacer is Frank Perry, with a yearling record of 2:15. Toddington himself, with a record of 2:20, is also the sire of L. E. O., 2:01 1/4, Ann Toddington, 2:10 1/2, Signal Toddington, 2:16 1/4, and a dozen other fast travellers with records between 2:10 and 2:19.

Frank P. Henney, editor of the American Horse Breeder, writing Alf White, says: "Toddington's representatives of standard performers is highly creditable. There are none better or more fashionable bred. I am sure that he will sire a lot of speed provided you can get good mares for him."

"Toddington is a beautiful bay and a clean stepper, weighing 1160. He is under the care of Harry Kayenbourg, and Pictou county looks for Toddington foals

Knocking, Knocking Who Is There ?

All day today, tomorrow and the next day; Yes, and perhaps even into next week, Salvation Army Lassies and Men will be knocking at the doors.

Some doors will be opened to them. Some doors will be closed.

The door does not matter, But the heart does.

Most of the people called upon during the daytime in their homes will be women.

From no others will Self-Denial be more real than to the women of the household.

We know how much it costs to buy even the bare necessities of life.

We know how much many women, especially mothers, deny themselves already, in order to provide comforts for their homes and for their children.

We believe our Self-Denial appeal to the women in the home, will touch a most responsive chord.

The Salvation Army has been kept alive by the gifts of those who can least afford to give. But the spirit of Christ prompts the heart.

When the knock comes to your door, open your heart and give.

Yours is a gift in His Name and for His Service, and will be blessed indeed.

THREE STORES
 will pay the government your Luxury Tax!

We lead, others follows. On April 10th we had the nerve and determination to announce drastic reductions in prices of all kinds of merchandise at the height of the season when every manufacturer was demanding highest prices in history. We hoped our example would cause other sellers to follow and thus reduce prices. That we have succeeded you can easily judge by a glance at the newspapers. They speak for us. Now for the holiday trade we set another example by still further reductions which will enable everyone to buy at prices they can afford to pay. The values listed below speak for themselves. Your efforts to secure lower prices on highest-class merchandise can now be rewarded at Amdur's three stores.

By "BUD" FISHER

ST. JOHN MAN

WHO HAS MADE GOOD IN WEST

Geo. F. Doig in Big Brandon Business - Winnipeg Dry Goods Paper Says Some Good Things.

The Western Dry Goods, a trade journal published in Winnipeg, devoted a lot of space in its April number, to the Brandon firm of Doig, Rankin & Robertson, Ltd., and the success of how the firm "came back."

"In the year of 1914, suffering considerable loss through the effects of a terrible fire, forced to do business under severe handicaps, to rebuild, re-stock and equip; today carrying on in one of the finest dry-goods stores in the province, with up-to-date stock, equipment and layout; such is the history of Doig, Rankin and Robertson, Limited, of Brandon, during the last six years, at least four of which were fought against difficult circumstances. The success of their business today, and the reputation of their store is a monument to the unshakable determination of these men to win, and their ability to overcome discouraging obstacles.

"That the fire was in some respects a blessing in disguise, is evident in the attractive appearance and efficient arrangement of the present store. From the ashes of the old store has arisen a modern establishment in which has been built an enviable and permanent business. A new store, flooded with sunlight, locked with the good things that money can buy, and crowded day after day by those with the money to buy them, bears witness to the fact that a proper spirit does much to make something of what would otherwise be but a tragedy.

"Doig, Rankin and Robertson have been many years in the dry-goods business. George F. Doig was for some time connected with the London House, St. John, N. B. John McL. Robertson was formerly with the Fitzgibbon Company of Montreal. Mr. Rankin, who entered into partnership with Mr. Doig and Mr. Robertson after leaving Merchants, Limited, has retired from active business, and moved to California. The firm was incorporated at the time of building the new store, and though Mr. Rankin has retired, the firm name remains the same."

Zerks and Equipment.

The paper then gives a description of the store and continues: "The working staff of the store today averages thirty persons. Clerks are kept in sufficient numbers to handle the business with varying seasons. Efficient arrangement and modern equipment take care of too many on the pay roll. A cash-carrier system installed in the store has saved considerable money in the matter of wasted time on sales, and quick service. A minimum of office staff is maintained to efficient work, and assisted by modern equipment keep the affairs of the business in surprisingly up-to-the-minute and proper shape.

"We believe in modern equipment as a means of efficient service," Mr. Doig explained to a representative of Western Dry Goods. "Too often a store maintains an over staff of clerks and office help because there are no efficiency methods, or no assisting equipment that can be done by helpful devices. It never pays to overwork the staff, because they must be interested in what they are doing in order to give the desired results. We try to meet them half way and treat them in the best possible manner. It always pays. The store is open from nine to six, and we give each person an hour-and-a-half for dinner, so that they may go home, no matter how far from the store they may live. From June to September, the store closes for Wednesday evenings. I believe that we have an satisfactory and as efficient a staff as

MRS. M'DONALD

NOW TESTIFIES

Says Tanlac Proved Its Worth by Restoring Her to Splendid Health.

The remarkable results being obtained by the use of Tanlac are further evidenced in the case of Mrs. D. A. McDonald, of Reserve, Cape Breton, while speaking of her experience with the medicine which has been so beneficial to her, Mrs. McDonald said:

"If it hadn't been for Tanlac I believe I should have had to give up entirely, on account of being troubled with the worst kind of indigestion. I couldn't eat a thing but what gas would form and bloat me up so badly that I had to loosen my clothes. The distress caused by this indigestion was specially bad at night and often I had to get up and pace the floor before I could get any relief. I used to have violent headaches that kept me in bed for days at a time and drove me almost frantic with pain. My nerves got so bad that the least little thing upset me and I couldn't bear to have anybody around. I couldn't sleep at night and by midday would be completely done up.

"I had tried so many medicines without getting any relief, that when a friend advised me to try Tanlac I thought it would only be like all the rest. Still, I gave it a trial and I hadn't got through the second bottle before I began to improve, and by the time I had finished the fourth, I was as well as could be. I can now eat anything I want to and am never troubled with gas or indigestion. I am no longer troubled with shortness of breath or palpitation of the heart. Headaches are a thing of the past, and my nerves are as steady as a clock. I sleep as soundly as a child every night and get up in the morning feeling so fresh and strong that my work is no trouble to me at all. Tanlac is certainly wonderful, and after what it has done for me I am glad of the chance to recommend it."

Tanlac is sold in St. John by the Ross Drug Company and F. W. Munro; by E. W. McKay, Beaver Harbor; Willard J. Colwell, Evans; C. V. Pearson, Highland, and by the leading druggists in every town.—(Advt.)

can be found in any store in the province.

"Our windows are a great factor in our constant advertising policy," Mr. Doig said. "We believe in their effectiveness and have a high grade man who does nothing but look after this end of the business. Our windows have been spoken of as among the best in the west. The balance of advertising we do through the newspapers. We go into that thoroughly, and have seen results which warrant our policy. Aggressive methods are necessary these days. We are proud of this business, built up in spite of serious drawbacks which resulted from the fire. Today we have a store of which we need not be ashamed. We have put into it a great deal of ourselves, in hard work and serious thought. We consider it a good store, but above all things to us it is—our store."

"Any pride which the partners may feel for their store is more than offset by the business as it stands today is something worthy of a great deal of pride on the part of those who built it against obstacles. It is a worthy monument to a commendable spirit—a sunshine store built from the ashes of a dark period of handicaps."

Mr. Doig is a son of D. B. Doig, for many years of the St. John water-works staff. Friends here will be pleased at the success of his son in the west.

Just What is Extravagance?

We hear about it at present a lot and there is danger of misapplying the term. A well dressed woman or man is not necessarily extravagant. True Economy lies in the Wise Selection of beautiful materials.

There are many "wise selections" to be made here

TENDER GUMS - A WARNING

Beware of gum tenderness that warns of trouble. Four out of five people over forty have Pyorrhoea—many under forty also. Loosening teeth indicate Pyorrhoea. Bleeding gums, too. Remember—these inflamed, bleeding gums act as so many doorways for disease germs to enter the system—infected the joints or tonsils—or causing other ailments.

Forhan's positively prevents Pyorrhoea, if used in time and used consistently. As it hardens the gums the teeth become firmer.

Brush your teeth with Forhan's. It cleans the teeth scientifically—keeps them white and clean.

If gum-shrinkage has already set in, start using Forhan's and consult a dentist immediately for special treatment.

35c and 60c tubes in Canada and U.S. If your druggist cannot supply you, send price to us direct and we will mail tube postpaid.

THE PENSIONS FOR MOTHERS

In Ontario Province and Municipalities Will Share the Cost.

(Financial Post.) When the Ontario government took up the question of mothers' pensions it was decided that the cost should be divided between the province and municipalities. Several reasons have been advanced for charging a portion of the cost to the towns and cities, and there is undoubtedly a precedent in the division of the cost of maintenance of hospital and charitable institutions of various kinds.

Mothers' pensions have been definitely put through the Ontario legislature but the bill has government support and undoubtedly will be placed on the statute books; some details of the scheme have yet to be worked out, however. The province will have control of the administration of the pensions, and will bear the cost of the central administration. In addition it will contribute one-half the amount involved. The municipalities for their part will bear the cost of local administration and pay the other half. One reason for dividing the responsibilities is that if the municipality were given entire responsibility it is felt that there would not be a uniform satisfactory standard of administration throughout the province. In backward

communities, the legislation would be a dead letter, in others, administration would be overdone. And if too great responsibility were given the province local markets would weaken.

Moreover, it can easily be seen that it is in the interests of every municipality as a community to have its widowed mothers in a position to bring up her children as good citizens. Statistics tend to prove, too, that a mothers' pension scheme increases the health of a community, and especially is the improvement noticed in the infant mortality rate.

Ontario Not the First. Ontario's scheme for mothers' pension—and, by the way, it is not the first in

Canada, as Manitoba and Alberta already have legislation in this regard—aimed to enable a mother, dependent on herself for support, to give her family some of the advantages they would have if their father were still alive. Widows, of course, are the first consideration; but the law will hardly stop there. It is felt that the deserted mother, the mother whose husband is insane or serving a life term of imprisonment, and even the unmarried mother in some cases is deserving of a pension.

In determining the amounts of pension to be paid officials will keep in mind that the allowance in every case should be sufficient to enable the children to have satisfactory home care and that the allowance should be conditional upon its receiving such care.

The scheme is not one of interest to social service workers alone; it is a problem to merit the attention of all leaders in municipal life, not only because of the direct financial obligations involved but because of the ultimate effect upon the life of every community.

VIENNA BREAD TICKETS EXCEED POPULATION. Vienna, April 28.—(Associated Press correspondence)—While the recently completed city census showed Vienna to have a population of approximately 1,800,000, it has been discovered that more than 2,000,000 bread tickets are in circulation. The loss on this excess ration is estimated at 1,000 carloads of flour a year.

The explanation is that families fail to report deaths or departures of members to obtain the additional ration for themselves or sell the tickets to the left-hand trade. The matter has been placed in the hands of the police for investigation and remedy.

THE HIGH PRICES. Dr. J. W. Robertson, C. M. G., who has returned after an official trip overseas and across Canada, says it is useless to look for an immediate remedy of the present high cost of living, because the world's production of foodstuffs is not equal to the demand.

Thursday, Friday and Saturday Specials Blouses

LOCAL NEWS
BANK CLEARINGS.
The St. John bank clearings for the week ending today were \$3,928,207; last year \$3,094,898; in 1918, \$2,218,922.
ROADS ARE GOOD.
A citizen who drove from Sussex to Head of Millstream this week says the roads in that part of Kings county have been greatly improved, and are very much better than in former years.
A ST. JOHN OARSMAN.
Harry Vail, formerly of St. John and Gagetown, who has been rowing coach at the University of Wisconsin, Madison, Wis., for the past three years, may come east again next year. Vail was formerly coach at the Weld Club on the Charles River, Boston.
NOVELTY SHOWER.
At 18 Prince street, St. John, West the residence of Mr. and Mrs. James McAfee, in honor of Miss Myrtle McAfee, friends gathered last evening and tendered her a complete surprise in the form of a novelty shower. The number and daintiness of the gifts testified to the esteem in which Miss McAfee is held by a very large circle of friends. The guests partook of an excellent supper, while music, dancing and games passed away the time until an early hour in the morning.

HABEAS CORPUS GRANTED.
Before His Honor Judge Crockett in Chambers this morning a writ of habeas corpus was granted on petition of Tony and Frances Cobell for the release of Mary, McGonnell from the Home of the Good Shepherd. She is a daughter of Frances Cobell by her first marriage. Rev. Wm. Duke appeared with the girl and gave her over to the custody of her step-father and mother, R. A. Davidson, appeared for the petitioners.
THE RENFORTH CASE.
In the Renforth tragedy case, Sheriff S. A. McLeod of Kings county, accompanied by Isaac Campbell, deputy, arrived in the city this morning and conducted Currie, Beverly, Wilkinson, H. G. and Kennedy to Hampton on the noon train for a preliminary examination before Stipendiary Magistrate P. W. F. Brewster, on a charge of manslaughter. W. B. Wallace, K. C. D. C. L., conducted the prosecution for the crown, and J. B. M. Baxter, K. C. D. C. L., appeared for two of the accused. Max Deane, one of the six defendants, was not able to be taken to Hampton, as he has not yet fully recovered from his injuries.

ANOTHER ST. JOHN GIRL SUCCEEDS
A visitor to this, her home city at the present time, is Miss Margaret Belyea, daughter of Mrs. T. M. Belyea, who is enjoying a brief vacation before assuming the superintendency of the Butler Hospital training school for nurses in Providence, R. I. The Butler Hospital is a well known institution for the treatment of nervous and mental ailments, and is affiliated with a group of the chief medical, surgical and obstetrical hospitals in Rhode Island. The St. John nurse has had a very thorough experience in the United States for more than twelve years and was attached to one of the large medical units in the American Army during the later overseas campaign.

WOMAN IN COURT ON CHARGE OF BIGAMY
Husband Gives Evidence of Wedding in 1911 — Exmouth Street Church Pastor Also Testifies.
A case of alleged bigamy was before the police court this morning in which Mrs. Matilda Whitenet, also known as Mrs. Francis Woodford Fulton, was charged. She was arrested yesterday afternoon on a warrant by Sergeant-Detective Power and brought before the court and remanded to jail.
Thomas Whitenet of this city but at present doing carpenter work in Moncton, said the woman was his wife; that he was married to her by Rev. T. P. Drumm in Campbellton on July 29, 1911. One witness was John R. McDonald. The husband said he lived with her until 1913 in Brussels street, St. John, when she left him and he published a notice to that effect. He said he had since seen her in the city several times.
G. H. V. Belyea, counsel for the defence, objected to the evidence of the complainant as being incompetent, but the evidence was accepted subject to this objection.
On cross-examination by Mr. Belyea, the witness said that while in Moncton he received a wire informing him that the accused was in the city where he came here to have her arrested. He also said he was unwilling to take her back and live with her. He said they had no children.
Rev. G. F. Dawson, pastor of the Exmouth street Methodist church, said he could not recognize the woman, yet he believed he had seen her before. He also said he had a record of marriage of Francis Woodford Fulton, bachelor, and Nellie Demeau, spinster, by license No. 489, June 9, 1918. Mr. Belyea objected to the evidence of the pastor, because he could not recognize the woman, but the evidence was allowed. Bail was asked for, but the magistrate emphasized that he would not admit to bail on a remand for charges of bigamy and adultery. The case was postponed until tomorrow afternoon.
Mr. Belyea acted for the defence and G. Earle Logan conducted the prosecution.
A juvenile, charged with stealing lumber from the ward of Halsey Bros, Broad street, was sentenced to an indefinite term in the Boys' Industrial Home.
Four men and one woman, charged with drunkenness, pleaded guilty and were remanded.

IN HALIFAX ALSO.
Echo—Last night Charles Hall parked his car while he was attending the "Oh Boy" performance at the Majestic, and going to the parking place between acts he found the auto gone. This had happened a couple of times previously, the car being returned each time, so Mr. Hill notified Detective Reyno, who was on board when the car came back and arrested Frank Regan, who was driving it.

SOME THINGS ON WHICH YOU MUST PAY TAX
Where the Budget Hits the Family Man
Items of General Use and the Tax Which Ottawa Government Imposes on Them — Further Details Received.

HAMPTON TENNIS CLUB.
The annual meeting of the Hampton Tennis Club was held last evening in J. W. Smith's store, Hampton, with the president, J. E. Angevine, in the chair. The secretary-treasurer, A. R. Smith, submitted the reports for the year. The standing of the club financially is satisfactory. It was decided to renew the lease with the C. N. R. for the land on which the courts are situated, as it is understood there will be no new station built this year. Work will be commenced on the courts and it is expected they will be ready in a few days. The following officers were elected: J. E. Angevine, president; Miss Panny Langstroth, vice-president; A. R. Smith, secretary-treasurer; Miss Marguerite Adams, Miss Gladys Smith, K. S. Kennedy and F. W. W. Bartlett, executive committee, and Miss Louise Scribner, Miss Fanny Langstroth, Miss Marjorie Barnes and Miss Marguerite Adams, tea committee.

Robbing The Moth of His Daily Bread!
Her spring suit is in just as good condition as when last fall she packed it away in her new moth proof cedar chest.
What a Contrast to Last Spring!
Before she owned the cedar chest she had a dreadful experience.
She put away her suit the fall before in her trunk, wrapping it with newspapers, because she had been told that they kept out the moths.
But they didn't!
When she opened the trunk in the spring, that suit looked like a tea strainer. But she had learned her lesson.
When she bought the new suit, she also bought a new cedar chest, and she hasn't seen a moth from that day to this, and isn't likely to, either.

Mr. Macaulay Says Power Company Ready to Go Ahead When Agreement Is Reached

Delegation From Lancaster Again Asks for Athletic Grounds Site - Will Receive as Gift, Purchase or Lease - Same Site Suggested for New Exhibition Buildings.

A delegation from the parish of Lancaster appeared again before the common council in committee this morning to ask for a grant of a portion of the city's townsite for a recreational centre.

Mr. Macaulay, manager of the New Brunswick Power Company, advised the council that the power company was prepared to extend the lines so soon as the agreement between the city and the parish of Lancaster was signed.

Commissioner Bullock said the proposed area covered about 100 acres and was divided into 160 lots at \$200, making a total value of \$32,000.

Commissioner Bullock asked if it were not possible to consider the whole area as a site for exhibition buildings for the city of St. John.

The delegation withdrew to consider the matter of a lease. On their return before the commissioners Mr. Earle said that they would prefer a deed, but if that were not available, would accept a lease.

On motion of Commissioner Frink permission for the N. B. Telephone Co. to lay lateral conductors in Waterloo street opposite Cliff street and in Brunswick street at Haymarket square, subject to the approval of the road engineer, was recommended.

On account of Monday being a holiday the regular committee meeting of the common council has been postponed to Tuesday morning at 11 o'clock.

CARRANZA SAID STILL TO BE FREE

Mexico City, May 20—(Associated Press)—President Carranza, with a few followers, was reported on May 18 to be in the village of Chignahuapan, in the northern part of the state of Puebla.

It is believed he is heading toward the virtually impregnable mountain fastness of the Zacapaxtla mountains which Cleoforo Huerta failed to occupy after a year's campaign in 1914.

Generals Blanco and Mariel have deserted the fugitives and have surrendered to revolutionary forces.

NEW ENGLAND'S COAL SITUATION LOOKS SERIOUS

A warning to a business man that New England is facing the most critical fuel situation that has developed during or since the war was uttered by David A. Ellis, chairman of the Chamber of Commerce's special committee on the fuel situation, at the annual meeting of the chamber on Tuesday in Boston.

PLANS FOR NEW G. P. R. BRIDGE

Copy Presented to City Council for Approval - Will Be Discussed in Committee.

Plans of the new cantilever bridge at the reversing falls to be erected by the C. P. R., were submitted to the city council this morning with a request that the approval of the mayor and commissioners be attached and the plans returned to the company.

It was decided to take the matter up in committee of the whole and discuss the situation. It is likely that the matter of an overhead crossing at the end of Douglas avenue will be taken up at the same time.

ELDERDOWN PRODUCT OF FARMS OF ICELAND

The elastic qualities of elderdown are well known, but perhaps few know just how it is obtained and prepared for the market.

The elder-duck is eagerly sought as a wild sea bird, but when its breeding places are protected and it is partly or wholly domesticated it becomes even more valuable.

Separate buildings on the Icelandic elder farms are devoted to the drying of the product. Down clings tenaciously to anything on which it is thrown, a circumstance that is utilized in cleaning it.

Wireless Experiments

Valuable experiments in wireless telegraphy are being conducted by the French war ship Albatross, which has been cruising in the Pacific near the Chatham and Bounty islands.

BIRTHDAY PARTY

The home of Sgt.-Major and Mrs. G. W. Stegmann, Queen square, was the scene of a happy gathering yesterday afternoon when little ones assembled at a birthday party in honor of their daughter, Prinnie.

Annual Meeting in Fredericton Today

Department Receives Report of Six Forest Fires in New Brunswick, the Most Serious Northeast of Sussex.

(Special to The Times.) Fredericton, N. B., May 20—The New Brunswick Telephone Company is holding its annual meeting in Fredericton today. The executive met this morning, and at 2:30 the directors met with the annual meeting of the shareholders following at four o'clock.

PROCLAMATION

Whereas at a meeting of the Common Council held at the City of Saint John on the 28th Day of April last, it was resolved that the City of Saint John adopt Daylight Saving Time to become effective at midnight of the 22nd day of May instant and to continue until midnight of the 11th day of September next, and that all citizens be requested to adopt the said time.

NOW THEREFORE I DO HEREBY PROCLAIM AND DECLARE that from midnight of Saturday the 22nd day of May instant until midnight of Saturday the 11th day of September next the time of the day shall be observed by the City of Saint John at the City Hall and in all its departments, and I do hereby request all citizens to observe the said time, and at midnight of Saturday the 22nd instant, under their clocks ahead one hour.

THE LAST DAYS OF OAK HALL'S BACK HOME SALE

Saturday will be the last day for you to take advantage of the saving to be had at the Oak Hall Back Home Sale now in full swing at the corner of King and Germain streets.

Those who have already been to this sale at Oak Hall have not only been pleased with the low prices at which they were able to purchase, but particularly have they been pleased with the high quality of merchandise offered at these low prices.

FLAMES SWEEP NEAR VILLAGES; PUBLIC PRAYERS

Quebec, May 20—Fire has broken out in the woods surrounding the villages of St. Camille, St. Fabien, Paquet and Daquam, Bellechasse county. The flames are sweeping over the hillsides and are in danger and the inhabitants are fleeing. Wood valued at more than \$100,000 is exposed to destruction. Public prayers are being offered.

CONFESSOR OF GANG THEFT OF \$1,200,000

New York, May 20—Richard Armstrong, a Brooklyn youth, who today pleaded guilty to burglary in the federal court here, confessed that he had been a member of a gang of three men who had stolen \$1,200,000 worth of securities obtained by burglarizing safes in the financial district below the famous police "dead line for crooks."

FATHER SAVAGE IMPROVED

Moncton Transcript, Wednesday—The Reverend Edward Savage, rector of St. Bernard's church here, very successfully underwent an operation in the Boylston Hospital, Montreal, yesterday, and word this morning from Montreal was that he was greatly improved. Father Savage went to Montreal some few days ago. All will learn with pleasure the success attending the operation.

FERRY ON THE ONE MAN CAR SYSTEM IS SUGGESTED

That Was Settled This Morning - Determine Next Week as to the Schools.

The question of the operation of the ferry on daylight time was settled this morning and the mayor announced that all the departments of the city would operate on the new system. This he said, was in accordance with a resolution passed at a meeting of the council held in April, and he called upon the citizens to fall in line with the movement.

Power Company Asks Permission for Loops and Switches

Modern Waiting Room at King Square - All Lines to Radiate from City Market - Letter to City Authorities.

The institution of the one man car system in the city was forecasted in a letter read at the committee meeting of the city council this morning in which T. H. McCauley, general manager of the New Brunswick Power Company, asked for the city's permission to put in several switches and extensions of their tracks in the vicinity of King square and on the west side. The matter was referred to the committee of the whole for discussion at an early date.

STOLE 100 BAGS OF POTATOES FROM JAIL

Washington, May 20—Last night, while armed guards paced the walls of Bordeaux jail, thieves sneaked up to a small shed in which is stored the jail's supply of vegetables and stole 100 bags of potatoes.

PAY DAY AT CITY HALL

Today is pay day at City hall for officials and members of the permanent staff of the departments. The following amounts are on the pay roll:

Table with 2 columns: Position and Amount. Includes Police, Market, Ferry, Fire, Sundry, and Total.

Washington, May 20—Another series of conference between sugar dealers and the department of justice will begin here today.

ASK THE BRITISH GOVERNMENT TO FULFILL PROMISE

British Zionists Want Palestine Restored as Jews' National Home.

Leeds, Eng., May 19.—(Associated Press Correspondence)—British Zionists are demanding, now that Great Britain has received a mandate in Palestine, that the British government fulfill its promise to restore that country as a national home for Jews. Some of them betray some apprehensions that the claims of the Arabs to Palestine may prevent a full realization of the Zionist hope.

"We want to begin our work," says the Rev. J. E. Geller of Leeds. "We are ready to provide money—£50,000 or £100,000 is nothing once we are sure of our position—and to arrange for the emigration of Jews not only from England, but from Poland and elsewhere to Palestine.

"We must know definitely if the British government is going to stand by its promise, or betray the soul of the Jewish people? The promise was distinctly that of a national home, which means, ultimately, a Jewish state in Palestine.

"There has always been drawn across the course of Jewish nationalism the red herring of Pan-Arabic ambitions. We are clear that we are prepared in Palestine to deal justly, fairly, and generously with the Arab problem, but for the Arabs to want Arabia, Mesopotamia, and Palestine as a triple Arab kingdom, ere they have proved their capability of governing a single autonomous unit, is tragically absurd.

"If our fears prove to be well-grounded that what shall be flung to us will be but the shadow of a home, then there is a great section of us, of which I am the least earnest, that will raise the cry: 'To your tents, O Israel!' and we shall leave the Jewish problem to be solved by a future and better age, one which shall recognize, if this age does not, that the problem of the Jew in the world is the acid test of civilization."

LEAVES BRIDE TO SERVE LIFE TERM

Pretty Girl Had to Be Torn From Sentenced Man Going to Sing Sing.

New York, May 18.—A bridegroom of a few hours, Jacob Miller, twenty-six years old, a salesman, of 640 East Sixth street, was taken from the Bronx county jail in the custody of Sheriff James F. Donnelly and Deputies Hanratty and Flynn to Sing Sing to commence serving a life term in the state prison. He was sentenced by County Judge Louis D. Gibbs, following his conviction as a fourth offender for burglary.

Miller, who was convicted under the alias of George Davis, was married at the Bronx marriage license bureau to Hannah Rosenbaum, a pretty girl, who gave her age as twenty-one years, her occupation as a seamstress and her address as 1079 Washington avenue.

Embracing Miller after the ceremony, performed by Clerk Matt McCabe, the bride avowed her eternal devotion to the life term. It required the combined efforts of the clerk and many of her friends to separate her from her sentenced husband.

Clerk McCabe wished the bridegroom "the best of luck," and offered him and his friends cigars. The bride wept copiously.

This is the first time, according to the Bronx marriage license officials, a man sentenced to life imprisonment has been married in this state.

The bride, her family and friends and the family and friends of the convicted prisoner were assembled at the bureau a short distance from the jail when Miller was led in, handcuffed to the sheriff. The chains were released during the ceremony.

The bride visited him every morning. He was arrested with two other men, for the attempted burglary of the dental manufacturing establishment of Edward Rowan, 625 East 168th street, the Bronx. About \$200,000 worth of gold was in the place, but the three were arrested before anything was taken. The two others pleaded guilty, one receiving six years and the other from five to six years.

GROCERY REPORT FROM THREE CITIES OF THE DOMINION

The following comment on the market situation as regards food stuffs appeared in Canadian Grocer last week:

All markets continue firm with the tendency on many lines of commodities to reach even higher levels. A shortage of sugar is manifest in all markets and higher prices are expected. Business and collections are reported in good condition throughout the dominion.

Toronto—The situation in sugar remains unchanged. All refineries, with the exception of the Atlantic, remain closed, awaiting raw material, and it will probably be ten days before sugar is again rolling this way. Supplies of sugar in wholesale hands are cleaned up, but retailers appear to be fairly well supplied. Corn syrups are ruling firm under recent advances. The market for cereals is firm under a quiet demand. Spot stocks of coffee are getting low, due to the prolonged railroad strike in the United States, which is making transportation difficult from the port of New York. No new developments are manifest in the market for teas; spot stocks continue short and primary markets are firm with indications for higher prices, especially on the finer grades. Advances have been registered on salad dressings, A. & H. sal soda, sweet pickles, marmalade, jelly powders and condensed milk. Gallon canned apples have advanced 25 cents per dozen. There is no change in the market for rice; supplies are short, though a few small shipments have arrived. The primary markets for rice are firm with indications for higher prices. The market for spices is firm with spot stocks in a limited supply, vanilla ginger has advanced about ten cents per pound in primary markets, but local prices have not changed. Potatoes are in scant supply and prices are higher, southern vegetables and fruits are at

The Last Corn

When you end your corn with Blue-jay, it will be the last corn you let grow. You will know how to stop the pain. And how to quickly and completely end all corns.

There are millions who use Blue-jay now, and they never let a corn remain.

The new-day way
Blue-jay is the new-day way, the scientific method.

It was perfected in a laboratory world-famed for its surgical dressings. It is supplanting the many treatments which are harsh and inefficient. It has made paring as ridiculous as it is unsafe, for paring doesn't end corns.

Do this tonight:
Apply to a corn a Blue-jay plaster or liquid Blue-jay—whichever you prefer.

Mark how the pain stops. Then wait a little and the corn will loosen and come out.

© B & B 1920

What that corn does all corns will do. Some 20 million corns a year are ended in this way.

Don't suffer corns. Don't have your feet disfigured. They can be ended almost as easily as a dirt-spot on your face. They are just as incurable.

Don't forget this. It means too much to you.

Ask your druggist for Blue-jay.

Blue-jay
Plaster or Liquid
The Scientific Corn Ender
BAUER & BLACK, Limited Chicago Toronto New York
Makers of Sterile Surgical Dressings and Allied Products

Living in fair quantities. Flour is likely to be higher in view of the advance on wheat. The advance will probably be around \$1.55 and \$1.80 per barrel.

Both pork and beef cuts have advanced one to two cents per pound. Butter and eggs are easier. Cheese is firm and quotations higher. Smoked and cooked hams have shown slight advances.

Winnipeg—The markets here this week are firm. Sugar is unchanged, but prices are expected to advance in the near future. Rogers' cane syrup is practically off the market. Corn syrup and molasses are firm. Evaporated apples declined slightly. Other dried fruits are steady. Cereals and especially rolled oats are ruling strong and higher prices are not unlikely. An advance is expected on all canned goods. Some lines of nuts are easier. The coffee market has strengthened, while tea is unchanged. The fruit market is very active, supplies are being cleaned up immediately upon arrival. Navel oranges are over, but Valencia are arriving freely. New southern vegetables are in scant supply and the few that are coming through are shipped by express.

Select hogs have advanced. Eggs are easier. Butter is also easy, while cheese has strengthened.

Montreal—The feature of the market here this week is the sharp advance in the price of flour. The advance is \$1.45 per barrel. Other flours besides the hard wheat flour are also up. Cornmeal is up, as predicted by Canadian Grocer. Advances in most vegetables have occurred. The sugar market is exceedingly strong and higher prices are expected in the near future. There is very little change in the prices of fruit, but some fruits are almost withdrawn from the market. The new tea crop will likely be fifteen per cent higher than the prices quoted on last year's crop when it was first marketed. Lard is one-half cent a pound lower this week. Crisco is also lower. Hay and grain are advanced this week. Cheese is one cent a pound higher this week. Butter is quoted five cents a pound lower. Lard in some quarters is

reduced one-half cent a pound lower. Meats are unchanged, as is also the case with eggs. Flour is higher this week as a result of the consent of the wheat board to raise the price. The sugar market is exceedingly strong. Fresh fish is in good supply and easier prices is the result. Hay and grain are higher this week and milfeeds are almost unobtainable. The vegetable market is considerably higher and fruit is unchanged, but grapefruit and some oranges are very scarce.

THE MARKETS AT A GLANCE.
(Hardware and Metal, May 15.)
Prices on hardware commodities continue to advance and many important hardware lines are affected this week. Ammunition has again been revised upwards. Silver flatware also has higher prices. Cast iron, hollowware, electric fans, clothes line pulleys and galvanized clothes line wire all have advanced in price.

Other lines that have higher quotations are: Vulcanizers and vulcanizing materials, plain wire, extras for repacking wire nails, padlocks and night latches, wrenches and screwdrivers, range boilers, handcuffs and leg irons, garden shears, emery, wood planes, repair chain links, cabinet clamps, saw sets, steel and jute halters, ice tongs, curry combs, machinists' punches, hammers, etc., wax candles, children's sleds and wagons, revolvers, brushes, firepots and torches, cobbler sets, asbestos millboard, hack

Baby Happy After His Bath With Cuticura Soap

Nothing more refreshing for baby than a warm bath with Cuticura Soap, especially if his skin is hot, irritated or rashy. After bathing, gently touch any irritation with Cuticura Ointment. They are ideal for all toilet uses.

Soap 25c, Ointment 25c and 50c. Sold throughout the Dominion. Canadian Depot: Luggans Limited, St. Paul St., Montreal. Cuticura Soap shaves without lather.

ions are: Vulcanizers and vulcanizing materials, plain wire, extras for repacking wire nails, padlocks and night latches, wrenches and screwdrivers, range boilers, handcuffs and leg irons, garden shears, emery, wood planes, repair chain links, cabinet clamps, saw sets, steel and jute halters, ice tongs, curry combs, machinists' punches, hammers, etc., wax candles, children's sleds and wagons, revolvers, brushes, firepots and torches, cobbler sets, asbestos millboard, hack

saw frames, trowels, stocks and dies, hat and coat hooks, post hole augers, surface hinges, iron handles, floor wax, cotton packing, sash and awning cord, golf clubs and fire backs.

The freight embargo on the United States railroads has been the means of tying up many industries and has held up shipments of nearly all hardware commodities, and jobbers state their warehouse stocks are becoming low and immediate relief is not looked for as it is believed that some time may elapse before the congested freight in nearly all shipping centres is straightened out.

The warmer weather of the last few days has stimulated the already heavy demand and jobbers state they are unable to secure sufficient supplies to completely fill their orders, although heavy shipments are being made. Collections are very satisfactory and money continues to circulate freely.

BAPTIST YOUNG PEOPLE HOLD GRAND RALLY.

The recently formed Baptist Young People's Union of St. John city and county held its second grand rally in the German street church last evening. Rev. Dr. Bowley Green, pastor of the first Baptist church, Moncton, delivered an eloquent and inspiring address. A choir of thirty voices of the Y. M. A. of the German street church, under the direction of Dr. P. L. Bonnell, was heard to great advantage. Stanley A. Fisher, tenor, was the soloist. The president, R. H. Parsons, presided. Rev. J. H. Bone of Central church offered prayer. Roll call followed.

The music included an anthem by the choir and a solo by Dr. Bonnell and J. Willard Smith.

Sir Walter Scott

Planned his Novels while he shaved

IN his diary, Sir Walter Scott reveals that his best thoughts came to him during the shaving hour, just after he awoke. Even in his greatest prosperity, the famous author of "Marmion" always performed this homely task himself, considering it a "hardy and independent personal habit."

And this lovable, simple country gentleman used a razor which justly rewarded his skill—that old time model whose perfect balance makes it seem part of your own hand—a long, keen blade that can lie on your cheek at only one—the right—shaving angle. All that Scott's fine old razor needed to make it a perfect shaving tool was the double-edged, guarded, detachable blade of the

DURHAM-DUPLEX A Real Razor—made Safe

Lay this real-razor-made-safe against your cheek. It feels as comforting and shears as smoothly as the old-time blade—only it won't cut your face. And because it has two edges, it naturally doubles your blade mileage. In addition it has the longest, strongest, keener, best-tempered blade on earth—a blade that you can instantly detach and strop of bone and so save money. These vital improvements on what hitherto has been the best of all razors have led eight million men to change to the Durham-Duplex, a real razor made safe. Why not have these extra conveniences for yourself—today?

A Serviceable Roof and A Handsome Roof

Combine service with beauty and good taste in roofing your home. It costs no more to use good roofing—roofing that gives an air of dignity and refinement so lacking in ordinary roofing.

NEPONSET TWIN SHINGLES

Asphalt Saturation—Slate Surfaced—Fire Safe.

Supply a roof that combines durability and service with a pleasing and attractive appearance.

For protection from heat, cold, rain, storms and the risk of external fires, caused by sparks and burning embers, "Neponset" Twin Shingles are rendering excellent service on thousands of residences, bungalows, churches, schools and public buildings throughout Canada.

"Neponset" Twin Shingles are the only Twin Shingles manufactured. They are two shingles in one, thus reducing the time of laying, and the number of nails required by one-third.

"Neponset" Twin Shingles are so designed that they can be laid close together, assuring a roof that is absolutely weather-tight, while retaining the appearance of a slate roof.

"Neponset" Twin Shingles are made in two colors, red or green.

There is a "Neponset" dealer in your district. Write us for his name and a copy of our illustrated booklet "Roofing Canada."

Made in Canada by **BIRD & SON LIMITED, Hamilton, Ont.**

"Canadian money, Canadian made, should be spent in Canada for Canadian trade."

NEW BRUNSWICK WATER POWERS

Interesting Report of Investigations by Government Members Yesterday at Lepreau.

Premier Foster, several members of his government, and others accompanied C. O. Foss on an inspection trip yesterday to the government power site on the Lepreau river.

From data secured Mr. Foss said last night that the natural fall of the Lepreau river from the head to the foot of the big falls is fifty-five feet.

The site examined yesterday is only one of three on the Lepreau which will be developed. The lower falls, right at the tide, will have a head of practically seventy feet, or seven-tenths as much as the falls visited yesterday.

Then on the north shore it is planned to develop the Tete-a-gauche river, in Gloucester county. There is a small plant at the upper power site on this river, now using about sixty feet head, but there is no storage, and as the stream is largely fed by melting snow the river gets very low in the dry months.

TOW LINE SNAPS; NOVA SCOTIA MAN DROWNED

Yarmouth, N. S., May 20-(Canada Press)-Lugar H. Dentremont of Low West Pubnico was drowned yesterday by the capsizing of his motor boat while towing a schooner. The tow line part and the boat swung sideways and capsized. Peter Amiro was rescued. Dentremont was caught under the boat and drowned. He was fifty-two years of age and leaves his wife and six children.
At the Anglican Synod meeting at Halifax yesterday, W. W. Judd was elected a governor of King's College.

CITY OF PARIS Premium Bonds Interest 5%

City of Paris Bonds are a sound investment, carrying 5% interest. They participate annually in six bi-monthly drawings for 2,610 prizes, totalling 6,000,000 francs. There is one capital prize of 1,000,000 francs drawn each year and several others of 200,000, 100,000 francs, etc.
Price: \$50.00 per bond of 500 francs (subject to daily fluctuations)
If exchange returns to normal each bond of 500 francs will be worth \$76.50, and the interest yield would be equal to 10%. The numbers drawn every other month are published in 'Economic Canadian', a monthly financial review edited by L. G. Beaubien & Co.
A descriptive circular, with full list of prizes will be forwarded on request.

CASKETS MUST BEAR THE UNION LABEL

Otherwise, Heirs Are Not Entitled to Funeral Donations.

Washington, May 20—A proposal that members of carpenters' unions must be buried only in caskets bearing the union label has been sent to labor headquarters here for sanction.

WILL IMPROVE TEETH OF BRITISH CHILDREN

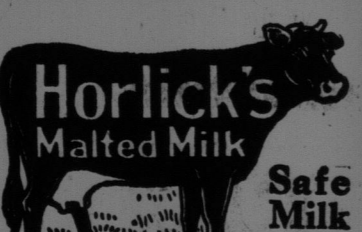

London, May 19—London medical authorities, alarmed at the rapidly increasing numbers of children with bad teeth, have just conducted experiments at Croydon, near London. They found that of 486 children examined only seventy-three had sound teeth. A country-wide campaign for the improvement of teeth is now planned.

Erected Own Scaffold.

London, May 20—Harry Olsen, a boarding house keeper, ran a wooden plank across the top of two ten feet timber stacks, put a noose around his neck and hanged himself. He had worried over a raid on his house for alleged illegal beer selling.

Temperance Work in Carleton.

Discussing with the Woodstock Press the coming plebiscite on prohibition and the rapid advance in temperance sentiment throughout this county, Rev. Bamford Colpitts, who is nearly ninety years old, said that he had full charge of the enforcement of the Canada Temperance act in that town and county for twenty-five years, and he could write an interesting history of the trials of the Scott act inspector in Carleton county and along the borders of Maine. He had never been seriously hurt, although he had raised—sometimes alone and sometimes with county and American officers—the lowest joints along the boundary line; he had been roughly handled at times; revolvers had been pulled on him, but he was always game and generally landed his man. When he retired a few years ago it was easier for him to keep the law breakers in place than it was when he entered upon the job. The good work of Inspector Colpitts had much to do with the improved temperance sentiment in town and county.

FOURTEEN SLEEP IN THREE BEDS

Some Slum Conditions Revealed by Anti-Tuberculosis Secretary.

Quebec, May 18—Miss Alice Fitzpatrick, secretary of the Anti-Tuberculosis Branch of the Red Cross, making her report on conditions in the city of Quebec, writes in part as follows:

"I have heard it said that there was no need for effort in the cause of tuberculosis, because only one section of the community was affected, and that their own people should look after them. I wonder if many of you know that the second cook in one of the most exclusive and smartest eating places in Quebec is a patient at the dispensary. One would be shocked to hear even the suggestion of slums in the city of Quebec. Well, I dare to state that if there are not slums, slum conditions exist here, for instance: A family of fourteen sleeping in three beds in two rooms, ten children, boys and girls, sleeping in one room, the father, the mother and two other children in one bed in the other room. Another case is that of a tubercular woman of sixty-six whose brother, a half-wit, sleeps in her room on the floor. This woman, who owns the house, rents the other three rooms to a widow with nine children and she is tubercular as well as her children."

Liverpool, Eng., May 20—A cold storage plant which will be capable of accommodating 80,000 tons of foodstuffs, including meat, fish, poultry, eggs, butter, cheese and other commodities, is nearing completion. It will have a cubic capacity of over 3,000,000,000 feet.

Matter of Allies' Debts and Payment

London, May 20—Austen Chamberlain, chancellor of the exchequer, said in the House of Commons yesterday that the question of Great Britain's indebtedness to the United States was being dealt with independently of any question of Great Britain's share in the indemnity from Germany. His statement was called out by a question to whether an arrangement had been made with France that she repay her indebtedness to Great Britain when France receives her share of the German indemnity and if so, whether it would be possible for Great Britain to repay her borrowings from the United States when Great Britain receives her share of the indemnity.

Mr. Chamberlain said that France's net debt to Great Britain after considerable adjustments had been made probably would total under five hundred million pounds.

The nominal value of French government treasury bills, held by Great Britain in respect to advances since 1914 was £218,440,000, but there were considerable adjustments to be made before France's net debt to Great Britain could be determined.

Sheffield, Eng., May 20—When Mrs. Kate Hancock applied for a revision of the maintenance order against her husband, John Hancock, it was said that they had lived under the same roof for three years without exchanging a word. Both did their own cooking on the same stove.

TWO STORES NOW—282 BRUSSELS AND CORNER UNION AND SYDNEY

Bassen Opens New Store At 282 Brussels St.

Will Operate Two Stores in Important Points in City's Buying Centre—of Interest to South End

Here is the most important news the big South End has had in years: Bassen has taken over, remodelled, renovated and stocked with the freshest and most up-to-date goods for men, women and children. The store at 282 Brussels street, formerly occupied by N. J. Lahood.

The new store is now in full operation and invites your patronage. As a special introductory bow we are offering some extra price inducements on seasonal goods, and you'll find those here listed. Glance at them. Note the price quoted and compare with market prices. Then come in and get acquainted with this new enterprise.

Situated at the corner of Hanover and Brussels streets, the store is handy to Haymarket Square and thus will afford the people of East St. John and Glen Falls an opportunity to procure quality goods in short order.

The new store, operating with the parent store at the corner of Union and Sydney streets, will also serve to cut prices to the lowest possible quotation, because of the big buying power we will control. All of which means briefly, "WATCH BASSEN GROW!"

BASEBALL

Yesterday's Games.

In the American League excellent support for Clete held Boston to a three two victory, although the winners de fourteen hits for a total of nine bases. Coveleskie, defeated on Saturday, came back strong yesterday and an impressive victory for Cleveland against New York. Philadelphia and Oldham after being retired in one out of the box against Detroit. In the National League both Cooper and McQuillan pitched good ball in a St. Louis-Pittsburgh encounter. St. Louis bunched four hits with two passes the fifth for five runs, Hornsby tripping with the bases full, and easily defeated Philadelphia. Summary:

American League.
Cleveland 5, New York 0.
Detroit 4, Philadelphia 7.
Chicago 2, Boston 3.

National League.
Boston 1, Pittsburgh 2.
Philadelphia 2, St. Louis 6.
New York 17, Chicago 2.
Cincinnati-Brooklyn, postponed, wet winds.

International League.
Syracuse 4, Akron 5.
Jersey City 8, Toronto 11.
Rochester 8, Baltimore 0.
Buffalo 1, Reading 2.

Magnate Gets \$10,000.

In a will filed at White Plains, Mrs. are Ellison Page, a widow, who committed suicide on Feb. 10, in her suite at the Hotel Vanderbilt, the larger part her estate of \$10,000 is left to Charles Stoneham, president of the New York Giants and head of the firm of Stoneham & Co., New York. All of her personal effects, furniture, silverware and pictures are bequeathed to Mrs. Julia Stoneham, sister-in-law of Charles A. Stoneham, at 8 Ridgewood road, South Orange, N. J.

In Temporary Charge.

Akron, Ohio, May 20—Johnny Ensmann, of the pitching corps, was made temporary manager of the Syracuse International League baseball team. Nelson Lajoie declined an offer to manage the team. Ensmann formerly pitched for the Cleveland American League club and Harrisonburg and Newark of the International League.

City League Plans.

At a meeting of the executive of the City Baseball League held last evening, the G. W. V. A. rooms, it was decided to officially open the league on Tuesday evening, May 25, and that 14 games on May 24 would be exhibited.

tion games. The opening game will be between St. Peter's and the G. W. V. A. and will take place on St. Peter's grounds. The official sanction of the M. P. B. of the A. U. of C., was received and all games will be played under strict amateur rules.

Fewster Recovering.

New York, May 20—Wilson Fewster, New York Americans' second baseman, who was seriously injured by a pitched ball on the training trip, rejoined the Yankees today. It probably will be five weeks before he will take his regular place on the field. Fewster was hit at the base of the skull, and an operation was necessary to restore his speech. The Atlanta Club of the Southern Association is announced by the club.

AQUATIC

Barry Well Received.

London, May 19—The Sydney, Australia, correspondent of the Daily Mail describes the enthusiastic reception extended to Barry, the ex-sculling champion of the world, when he landed. Felton, the present champion, whom Barry will meet in an attempt to recover his title, was the first to greet him.

TURF

A Great Performance.

Paris, May 18—Winning three handicaps in as many consecutive days on different tracks was the feat performed by Arin, a five-year-old horse belonging to Count de la Cimetra of Spain on French race-tracks last week.

Going to the post an even money favorite at Le Tremblay on Wednesday, Arin won the mile and seven-eighths event. Arin faced the starter again on Thursday at Longchamps. He won at one mile and seven-eighths and paid about three to one in the entries.

Count de la Cimetra decided to start Arin Saturday at St. Cloud, and after a grueling race of two miles and a quarter the horse won in a great drive at odds of twelve to one.

This is the first time since 1899 that a horse has finished in three races on successive days on the metropolitan tracks.

Has Good Entry.

(Montreal Herald.)

Some high class horses have been nominated for the stakes which are to be decided at the spring meeting of the Montreal Jockey Club, Blue Bonnets, the week of June 9th to 10th. Commander J. K. L. Ross, who presently operates the largest racing establishment on the continent has named the best performers in his string to carry his colors. Among these are the redoubtable Sir Barton, winner last year of the Kentucky Derby and the French Stakes, besides numerous other purses and stakes, and the fast sprinter and distance runner Billy Kelly, the sensational two-year-old of 1918. Besides these others that the Commander has named include Boniface, the winner of five races out of six starts this year, concluding with a stake at Louisville on Saturday last that was worth over \$10,000. Milkmaid, his good Peep O' Day filly, and also Royal Jester and War Pennant. From the foregoing are to be chosen the horses that will represent the stable in the Windsor Hotel Handicap and the Connaught Cup. For the selling stakes, the Jacques Carter, Wilhelm's Folly has been named. In the Kindergarten, which is for two-year olds, the stable has named Silent West, a Calgary-Cypher colt, Marjamine, Astorian Queen and Thornway, all three by the sire Prince Ahmed, the two Dorante fillies Aunt Lin and Sudor and Ajom, a filly by the English sire Aleppo out of the imported mare Pella Hill.

THE RING.

Ten Fast Rounds.

Detroit, Mich., May 20—Johnny Dundee of New York and Mel Coogan of Brooklyn fought ten fast rounds here last night. Newspaper men called it a draw.

Fifteen Rounds.

Cincinnati, May 20—"Knockout" Brown of Toledo was given the decision over Elmer Hogan of Detroit at the end of a fifteen-round bout here last night. The men fought at 146 pounds.

Victory for Tender.

Milwaukee, Wis., May 20—Lew Tender of Philadelphia, lightweight boxer, was given the newspaper decision over Pinky Mitchell of this city, in a ten-round bout here last night. Tender's award, it was said, was based principally on his aggressiveness. Mitchell emerged without a blemish, while he caused the blood to trickle from Tender's nose in the last session. Tender's blows were directed principally to the body. Mitchell held the easterner even in several rounds and slowed him up on several occasions with stiff rights to the jaw.

Philadelphia Bout.

Philadelphia, May 19—Mike O'Dowd knocked out George "Knockout" Brown of Chicago in the sixth round of a scheduled eight-round bout here tonight with a right uppercut to the jaw. O'Dowd had the advantage all the way. Despite a crippled right hand, Pete

NOW ON!

The House Was Pinched!

Honey-suckle! In a had fallen. Its soul-dolous joys were ended. The Pleasantville jail was full for the first time in seven years—full of frantic wives and trembling bunnies—their only hope in the shield of their names of jollity.

And when, in the cold gray dawn, they said, "Good morning, Judge"—oh, what recognitions!—what revelations!—You'll laugh till you're weak.

"WHAT'S YOUR HUSBAND DOING?"

Second great fun picture of the most captivating starring team on the screen. Their first, "Twenty-Three and a Half Hours' Leave," was hailed throughout the country as the "best comedy of the year." "What's Your Husband Doing?" is funnier yet.

CANADIAN PICTORIAL KIMOGRAMS

RECITAL ENJOYED AT ST. VINCENT'S

Robert Quait, Tenor, and Senorita Pujol, Violinist, in Delightful Concert Under Auspices of G. W. V. A.

An enjoyable recital was given in St. Vincent's Auditorium last evening by Robert Quait, a noted tenor, and Senorita Pujol, a talented young Cuban violinist. The concert was given under the auspices of the G. W. V. A. and was greatly enjoyed by those in attendance.

Mr. Quait possesses a beautiful tenor voice with a wonderful range, and his various numbers evoked hearty and well merited applause. Senorita Pujol entertained the audience with a number of very pretty violin selections, which were a real treat. Both artists were forced to respond to repeated encores. Mrs. Kent Scovil presided at the piano and her accompaniments were cleverly executed and were appreciated by all.

COLDSTREAM CAPTAIN GIVES HIMSELF UP ON FORGERY CHARGE.

New York, May 20—Marcel G. Seelye, formerly a captain in the British Coldstream Guards, who has been sought all over the globe since his indictment here six years ago on a charge of forging a \$8,500 draft, has surrendered to the district-attorney's office. He was held in \$2,200 bail. Seelye came here from Toronto to surrender. He advanced from private to captain in the war, in which he was wounded, gassed and shell-shocked. He now draws a pension from the British government.

YOUNG ONION THIEVES USE DOG AS AN ALLY

Wingham, Ont., May 20—A new method of diverting attention while a raid is being made on a vegetable garden appears to have been discovered by some small boys here who have been raiding the onion beds of citizens and selling the produce in town. The lads are alleged to have taken a dog with them on their visits to the gardens, and locating somebody's cat, then set the dog on it, the barking of the dog at the cat guaranteeing the lads sufficient freedom from observation to secure their supply of young onions.

Eight from Dalhousie.

Halifax Herald.—Eight track and field athletes will represent Dalhousie at Moncton on Friday, when the gold and black will go against athletes from Mount Allison, University of New Brunswick, Kings, St. F. X. and Acadia universities for the intercollegiate championship of the Maritime Provinces. This was decided upon when Fred Jones, who is in charge of the locals, stated that shot putters, jumpers, middle distance runners and sprinters would comprise the team. Dais chances for a victory are bright, and the squad shows improvement every day.

Acadia will be strong in the meet, and in Walter Johnson, the Wolfville boys will have a strong contender for the middle distance events. Johnson is a strong runner, and may give Grant Holmes, Dalhousie, a stiff argument. Outside colleges will probably yester in the weight events, Dal having only a few men in these events. The meet will be held on the M. A. A. grounds.

LIFE OF MANY MUCH DISTURBED IN ICELAND Scores Make Sleeping Places in Many Places to Avoid Arrest.

Dublin, April 30—(Associated Press Correspondence)—Scores of men in this city are "on the run," which means that the police or military hold warrants for their arrest, yet they go about the streets unmolested by policemen.

Sinn Feiners here, and incidentally few men will admit they are members of that organization say that the police are afraid to arrest one of their members on the streets because a crowd collects, often shots are fired and usually the prisoner is rescued. It is at night and at home that they are in danger of arrest. The police do not admit they are afraid to make an arrest in public, but they dislike to create a scene where many people may gather quickly.

One of the "runners" confided some of his troubles to a newspaper man. He is thirty-eight years of age, has a wife and children and has served several terms as a political prisoner. He said: "My wife and the kiddies are getting rather tired of the suspense of not knowing whether I am coming home or going to jail. I have four places where I sleep. It is only at infrequent and irregular intervals that I go home and then never to sleep in a bed. I roll up in a blanket on a couch or floor partly dressed. If they come for me, which they have several times, I get out of the house and they find no evidence that I have been there. I do not have to lie out along a hedge or hide behind a tree as long as I might if they knew I had been there and instigated a thorough search."

"This is only an outline of the sort of life many of us are leading these days. We all follow about the same system in which much is left to chance, but it really has kept many of us out of jail for intervals at least."

This informant said nothing would suit him but an Irish Republic, and he would fight for it as long as he lived.

PINNED UNDER BUCKET FILLED WITH LIMESTONE Ingersoll, May 20—Pinned under a huge bucket filled with limestone weighing more than a ton, Egin Whaley of Centerville, son of Thos. Whaley, narrowly escaped death in Downing's quarry, near Centerville. The bucket had been filled with limestone and was being hoisted by a derrick. Whaley was in a stooped position directly under the ascending bucket. Something happened whereby the bucket dropped, and although Whaley was caught, he was not hurt. He was borne down by the huge weight, until the bucket caught upon a projecting boarder. Although helpless, the weight of the bucket was not upon him and he was released as quickly as possible. Three physicians were summoned and while Whaley, who is a young married man, is seriously injured, he is expected to recover.

"LOVE, HONOR AND OBEY" REMAINS IN CEREMONY. London, May 20—Another attempt to alter the "oath" for matrimony was ordained "has been defeated by the lower house of convocation. The Dean of Canterbury moved to give first place to a solemn promise between the contracting pair "to love, comfort and help each other through life." He argued the tone of the present marriage service does not correspond with the feelings of women nowadays. However, for the present, women will have to continue to "love, honor and obey."

CLAIMS \$15,000 FOR LOSS OF HER BEAUTY. New York, May 19—Gladys Bergman, an actress, recently paid \$800 to Dr. Augustus W. Pratt of New York to have some surplus fat removed from her chin and to lose some facial wrinkles. She took legal action against the doctor because she alleges an abscess formed and she suffered injuries which have kept her from the footlights. She thinks \$15,000 a fair compensation for the damage she says was caused to her face.

LAW SAYS NO ENCOURAGEMENT GIVEN POLES London, May 20—The question as to whether the Allies are supporting the Polish offensive again caused discussion in the House of Commons yesterday. Bonar Law declared: "We gave no encouragement whatever to the Polish government in its offensive and expressed no opinion."

Replying to another question he said that Poland had not asked for Great Britain's views regarding the Bolshevik peace proposals and that Great Britain made it clear that the responsibility whether terms would be accepted rested with Poland.

1,000 SHOE CUTTERS IN HAVERHILL OUT OF WORK Transportation difficulties and a slackening in demand for goods were assigned by shoe manufacturers on Tuesday for the suspension of nearly 1,000 cutters in various factories. All branches of the trade were said to be affected but the lay off was most marked in the factories making turn shoes. It was estimated that not more than 400 cutters remained at work and these were mainly in shops making McKay stitched shoes.

Sole leather cutters in the smaller plants were idle and it was said that the larger plants were only keeping their men employed by piling up goods in the hope of relieving the congestion of manufactured products soon.

SEWING SILK SOLD BY JEWELER'S WEIGHT Vienna, May 20—Sewing silk is now being sold here by jeweler's weight. The salesmen use fine jeweler's scales and the price is twelve crowns for one-third of an ounce. Formerly the same quantity sold for twelve heller. A consignment of sewing silk stolen from a freight car was valued at ten million crowns.

STRIKE TIES UP WORK IN HAMBURG SHIPYARDS Hamburg, May 20—Work in the big Hamburg shipbuilding yards is at a complete standstill. This is due to a strike of the clerical employees.

EBERT POSTPONES THE EXECUTION OF 150 IN RUHR Berlin, May 20—The carrying out of 150 death sentences pronounced by the court martial in the Ruhr district has been postponed by President Ebert's order. The sentences will probably be revised.

Bernhardt's Two New Roles. Paris, May 20—Mme. Sarah Bernhardt is to make her debut as a novelist. During a long convalescence in 1918 she wrote a novel which is to be published shortly called "The Little Idol." She wrote the book after the amputation of her leg. The actress is also looking forward to appearing in a leading part in a new play called "Daniel" which will be produced next autumn at her own theatre. Her role will be that of a morpho-maniac.

Objects to Gift of Tank. London, May 20—On the ground that it is a "constant reminder of bloodshed and death" and a source of danger to climbing children Aylesbury mayor and corporation are being petitioned to remove from the town the newly-presented tank.

Book Famine Threatened. New York, May 20—Publication of books will cease if the price of paper and wages of workmen continue to rise, according to John Murray, London publisher. He says that book prices will become prohibitive unless wages and materials are radically reduced in price.

Burial Fees Doubled. London, May 20—The Vicar of Ilford, in deploring the fact that burial fees had been doubled, said the only things that appeared to remain the same were the water rate and the marriage fee. He thought it only fair that the clergy should be granted permission to raise the marriage charge.

A fire occurred last evening, shortly after 8 o'clock in Holder's bar, Main street, close to the old car barns. The alarm was rung in from Box 128, and the firemen were quickly on the scene. The blaze did not amount to a great deal, but the barn had to be torn apart somewhat to get at the flames.

STILL STICK TO OLD CUSTOMS Philippine Natives Practice Self-Whipping to Appease Divine Wrath. Manila, P. I., April 19—(A. P. Correspondence)—The practice of self-whipping in public to appease divine wrath which flourished in certain countries of Europe centuries ago, still exists in the Philippine Islands, although in a diminishing degree each year. Advice from the provinces where educational advantages are not enjoyed show that the practice was indulged in during the Easter holidays this year, though not by as great numbers as in former years.

Hundreds of Americans and other foreigners gathered at an open field a few miles from the centre of the city to witness the weird performance, but only six appeared to do penance.

These beat themselves over the backs with heavy flexible bamboo flogging rods. Later they walked to seven places in the field, denoting the seven points of the cross, where they were beaten by the master of ceremonies. When the lashing is completed they throw themselves into a pool of mud and as they come from the stagnant water their wounds are washed with pure water and healing medicines applied.

LIGHTS T. N. T. TO GET RID OF IT, KILLED BY FLYING STUMP. Egg Harbor, N. J., May 20—Wishing to get rid of two pounds of T. N. T. Bert Vallaster, a section foreman, put it into a drain pipe, covered it with straw and lighted the straw. There was a terrific explosion that tore down and uprooted trees for 400 feet around. Part of a tree struck Vallaster in the right eye. As he turned, a tree stump struck him in the cheek. He died in ten minutes.

NATIONS CONTINUE STUDY OF SCIENTIFIC WARFARE. London, May 20—Secret experiments for the application of science to warfare are still being held in Europe, declares Prof. Frederick Soddy of the University Museum, Oxford, whose own researches are principally directed towards the control of the power of atomic energy. "Results far in advance of those at the time of the armistice have been obtained," he says, "and the study of scientific destruction is still proceeding behind closed doors. Every country imagines itself to be principally directed towards the study of the application of science to warfare."

CAUGHT 13 MUSKRATS IN AN OTTAWA CELLAR Ottawa, May 20—A Turcott, 18 Third avenue, caught thirteen muskrats in his cellar. The back of his lot is near a inlet from the Rideau Canal. He first set the trap, thinking there were house rats in the basement of his residence, and was surprised to find the muskrat the next morning. He consulted the game warden and took out a trapper's license. He continued to catch a four-bearer each night until he had thirteen.

NOT EAGER FOR UNION. To the Editor of The Times-Star. Sir—Having noticed the remarks made by one of the St. John commissioners welcoming East St. John into the city of St. John, and the use of the city water, I beg for sufficient of your valuable space to say that the water used by the city comes from the parish of Simonds, of which St. John is a part. A water main was laid for the accommodation of the St. John County Hospital, and those in a position to use this pay for the privilege and are under no obligation to the city of St. John.

With West St. John talking secession, with St. John's building record for a month reaching the magnificent total of one permit to repair an old house, and with more houses being built each month in East St. John than are built in St. John each year, it strikes me as a poor time to "take any gate down at Kane's corner." Better to hinge it so it will only swing one way—and that eastwardly where there is something doing.

Yours truly, ANTI-UNION.

Our Big Special Value-Giving Sales Are Offering Bargains That Measure Up to the Importance of the Occasion. You Have Two More Days to Share in This Event

We Have Still a Few of Those Lovely Pussy Willow, Habutai Silk Underskirts

Here Are a Few Lines of White-wear, Very Specially Priced
