THE "OLD DUKE" BURIED TODAY.

Magnificent and Impressive Service at Westminster

Funeral Service and Cortege that Made a Magnificent Military Spectacle

LONDON, March 22.—The Duke of Cambridge was buried today, after a funeral such as has not been accorded to any English soldier since the death of the Duke of Wellington. King Edward, Queen Alexandra and nearly all the members of the royal family, representatives of foreign monarchs, a majority of the nobility, the diplomatic corps and the entire British subjects in all walks of life attended the impressive service at Westminster Abbey. The body of the "old Duke," as he was affectionately known to the public, was taken to Kensal Green cemetery and buried beside that of his morganatic wife. Thousands of troops marched through and lined the streets and dense crowds watched the spectacle, which in military magnificence rivaled the funeral of Queen Victoria.

THE JAPANESE CLEVER WORK.

A Reliable Story of the First Bombardment

Of Port Arthur—The Russ Says That the Japs Have Violated the International Law.

PROBABLY ACCURATE.

TACOMA, Wash., March 21.—A description of the first attack on the Russian fleet at Port Arthur by the Japanese, February 2 to 4, is given in a letter to the Tacoma News from Purser Fairweather, of the steamship *Platades*, which arrived at Port Arthur with a cargo of four or five days before the attack was made.

THE "OLD DUKE" BURIED TODAY.

Lieut. Col. White, D. O. C., yesterday received instructions from headquarters to the effect that "a salute should be fired in St. John, as elsewhere, in honor of the memory of the Duke of Cambridge. Acting under the instructions received, Colonel White ordered that a salute of sixty minute guns be fired from Dorchester battery, commencing at 11 a. m. This was done. The detachment of artillery that the flag on all public buildings and private establishments should be flown at half mast and this request was generally complied with.

JOHN L. SULLIVAN ILL.

The Great Fighter is Approaching that Bourne From Whence No Traveller Returns.

NEW YORK, March 22.—John L. Sullivan is seriously ill at the home of his sister in Roxbury, says a despatch to the World from New York. Sullivan, of all prize fighters is suffering from a wasting disease which has gradually reduced him to a mere shadow. It is not believed that he can live long. Sullivan is also suffering with his eyes, so that his sight has become impaired, and the indications are that before long he must give him great pain.

VANCOUVER HUNTER MURDERED

John Spittal Found Dead in a Boat House on Lubea Island.

(Special to the Star.) VANCOUVER, March 22.—John Spittal, a hunter, was found murdered in a boat house on Lubea Island, B. C., near here, on Sunday. He had been found in the boat of his house dead, but no clue to the murderer has been discovered.

LIVERY SOLD AT AUCTION.

J. B. Hamm This Morning Disposed of the Biggest Part of His Equipment.

Much of the equipment of Hamm's livery stable was sold by public auction this forenoon, and on the whole the prices received were very fair. This is about the worst time of year for selling sleighs, but those that were offered sold at good prices. The whole stock of carriages, sleighs, and harness, comprising sixty lots in all, was disposed of. Only one coach was sold, for no one appeared to want these rigs. Mr. Hamm had in his stables fifty horses, a number of which were boarders. Of the remainder all but fourteen have been cleared out by private sale, and with those still held Mr. Hamm will re-open another livery on a small scale, at 20 Germain street. He has taken the premises in rear of Mrs. Jones' establishment.

WILL SUPPORT HOME RULE.

DUBLIN, March 22.—The Nationalists in the St. Stephens Green Division of Dublin yesterday, elected Lawrence Waldron to fill the vacancy in the house of commons caused by the death of James McCann by a majority of 69 over the Unionist candidate, Mr. Matheson. Mr. Waldron is a wealthy stockbroker. While he was not an official Nationalist candidate, Mr. Waldron is pledged to support home rule, and the proposal to establish a Catholic University in Dublin, and to oppose the present financial relations between Ireland and Great Britain.

VERY LIVELY LEGAL MIX-UP.

Former Members of an Old Legal Firm.

Offer Contrary Advice With the Result that the Polos Were Called in, Trouble All Round

Yesterday the police were called into the bookstore of James Crawford to see a representative of the firm of Pattillo Bros., of Truro, N. S., who desired to take charge of Mr. Crawford's stock in order to secure an indebtedness of some six or seven hundred dollars.

THE JAPANESE CLEVER WORK.

The trouble is reported to have arisen in this way: James Crawford, the proprietor of the store, has for some time past been confined to his bed. Yesterday a representative of Pattillo Bros. called upon him at his house and induced him to sign a paper which effected a transfer of a portion of the stock in his store. Mr. Crawford has been dealing with Pattillo Bros. for some time and is in their debt to the extent of some hundreds of dollars. The paper which he signed was meant to secure the indebtedness, but Mr. Crawford, it is said, was not in the full possession of his faculties at the time.

THE JAPANESE CLEVER WORK.

On the authority of this paper the Pattillo representative appeared at Mr. Crawford's store a little later and proceeded with little formality to take charge of a portion of the stock. Miss Crawford, who was in charge, objected to such a proceeding and threatened to call in the assistance of the police if it were not put a stop to. The Pattillo representative, however, did not heed her objections and proceeded quietly to take possession. Miss Crawford was then compelled to secure the assistance of the police. The police quickly ejected the Pattillo representative and under her instructions removed the goods to the store. The store was then closed and locked.

WANT THE MONEY.

NEW YORK, March 22.—Notice of contest has been filed over the will of George Winthrop Thorne, a New York millionaire, who died in Paris, February 17. He bequeathed the bulk of his estate to Helen Leigh, of London, and Marie Valadier, of Paris. The former was the widow of Dudley Leigh, son of Lord Leigh. The contest was brought on by Helen S. Thorne, a sister. She charges that the will was obtained through undue influence practiced by Marie Valadier and Helen Leigh, or some other acting in them.

CORBETT FOOLED BY A REPORTER.

Speaking of encounters between newspaper men and pugilists, "Jim" Corbett was once made the victim of a reporter's wit. There was a party sitting in a San Francisco cafe one night, discussing the game in general, and Corbett's chances in a coming fight in particular.

RUSSIA'S LATEST PROTEST.

ST. PETERSBURG, March 22.—The Russian editorial today on Russia's new protest against the violation of the Hague convention in bombarding the islands, March 10. No protest on the subject has reached the Tokio government.

DIPLOMAS PRESENTED TO NURSES.

(Special to the Star.) MONTREAL, Que., March 22.—Lady Minto at Royal Victoria Hospital yesterday presented diplomas to a graduating class of twelve nurses, including Misses B. B. Purdy, Amherst, N. S.; L. N. Hart, Sackville, N. B.; J. A. Hervey, Shelburne, N. S.; A. P. Crocker, Newcastle, N. B.; and F. McMillan, Charlottetown, P. E. I.

LOST A RECORD FEE.

Failure of a Clergyman to be on Hand.

Resulted in Another Gain—End of a Pretty Romance, the Groom is Ten Times a Millionaire.

(Special to the Star.) GLACE BAY, N. S., March 22.—In the New Aberdeen Presbyterian church last night there was a wedding which has caused a sensation in the county. The bride was Mollie E. Newhook, of Till Cove, N.S., who is spending the winter with her sister, Mrs. J. D. Strong, of New Aberdeen. The groom was Frederick R. Strong, many times a millionaire, formerly of Twillingate, Nfld., later of Vancouver, B. C., later of Dawson City, and now mine owner in South Africa. The ceremony was to have been performed by the clergyman who was to have received a fee well up in the thousands. Only a small number of the bride's friends witnessed the ceremony. She was gown in blue silk and wore a rich and flowing bridal veil. The newly married couple left by the nine o'clock car last evening for Sydney, and take today's train for St. John, N. B., where they connect with the steamer for Capetown, South Africa.

LOST A RECORD FEE.

Mr. Strong is 35 years of age. Going west eighteen years ago he made half a million in the Klondyke, investing it in South Africa claims he quadrupled it in a year, and is now rated at ten million. Coming back he took up extensive areas in Labrador, to which place he will return in October. His return and marriage is the climax of a pretty little romance.

COMMITTED FOR TRIAL.

Preliminary Examination in the Gee Case Ended.

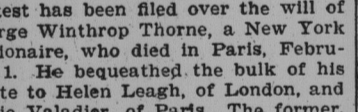

(Special to the Star.) WOODBROOK, March 22.—The hearing before the magistrate in the Gee murder case was continued this morning. The greater part of the time was taken up with the evidence of Dr. Brown, who conducted both the ante and post-mortem operations. He claimed death was caused by peritonitis the result of such a procedure and that the ante-mortem operation was not contributory to the death in fact at the direct court in April.

COMMITTED FOR TRIAL.

Miss Bertha Cochran, of St. Martins, who has been in the city for the past week, returned to her home today.

COMMITTED FOR TRIAL.

Manifests were received at the Custom House this morning for the following United States goods in transit to the old country: 4 cars of cattle, 5 cars of lumber, 7 cars of corn, 1 car of meats.

JAPAN'S TACTICS.
The armchair general is having a great time telling an interested world just what each side is going to do in the next few weeks or months and giving the combatants a valuable assortment of gratis advice.

DISCONTENT WITH THE G. T. P.
Dissatisfaction with the amended G. T. P. contract is not confined to the maritime provinces. The Victoria, B. C. Colliery is making a strong demand that construction on the coal field should begin simultaneously with work in the eastern end. It claims that when the project was first announced in the despatches from Ottawa, it was stated that it was one of the conditions imposed on the company. Such a stipulation does not appear in the act passed last session. Now that the company is being granted further and important concessions, the Colliery demands that the government should insist on this condition.

OTTAWA, March 21.—The house opened for an hour and a half this afternoon. It was private members' day and the question paper was pretty well wiped out, although the government asked that several questions stand for the present.

Leaurot promised Jordan that the auditor general's report would be tabled tomorrow and that the militia bill would be brought up then to be followed by further consideration of supply.

Dr. Daniel today put the following questions on the notice paper:

- (1) Is it true that two I. C. R. employees, viz., James P. Donnell, a checker and delivery clerk, and Oscar Peterson, a foreman car cleaner in the round house at St. John, have been summarily dismissed?
- (2) How long has each of these men been in the employment of the Intercolonial Railway?
- (3) For what reason or reasons have they been dismissed?
- (4) Is it proposed to hold any investigation into the cause of these dismissals?

COMPLIMENT FOR G. S. MAYES.

Alderman Who Had Opposed Him Urged Payment of Bill for Extras.

When G. S. Mayes was awarded the contract for the erection of the new warehouses at Sand Point a certain North End alderman strongly opposed the granting of the contract. Mr. Mayes' tender was several thousand dollars lower than any one else and this alderman thought the work could not be done by Mr. Mayes at the figure and in the time specified. Mr. Mayes finished his work on time to the day, and yesterday when a bill for some extras came before the council the alderman who had opposed the granting of the contract to Mr. Mayes moved that the bill be paid and expressed his pleasure at being able to do so, adding that the work had been well done. It was certainly a high compliment to Mr. Mayes' ability as a contractor.

Mr. Dickie had refused the call to St. John and the congregation had accepted his explanations as sufficient and in consequence had no idea of further considering him.

THE FIRE PATROL.

At the Opera House last evening the Dalley Stock Co. presented a thrilling drama, the first water and the deep blood color in the shape of The Fire Patrol. Curtain calls were many and the performance was generally considered a success.

The Fire Patrol will be repeated this evening, and tomorrow afternoon and evening.

LADIES' DAY.

Retail Millinery Openings Attended by Large Numbers of the Fair Sex.

Last night's drop in temperature and the forbidding aspect of this forenoon's sky had little effect upon hundreds who were bent on inspecting the headwear for spring and summer as displayed in the leading houses today. Though the outward conditions were not very suggestive of burning buds and gamboling lambs the interest displayed infused a new enthusiasm in the minds of all who saw them, for they were bright and happy forerunners of the most welcome months in the whole twelve. Attendance at all the openings was very large and sales were correspondingly brisk. Many gorgeous decorations set off the showing of millinery and noticeable features were the innovations along these lines by some of the houses, considerable expense being outlaid in making the surroundings suitable to the occasion.

All day long—at least up to a steady stream of ladies wended their way to the several openings. At Manchester, Robertson, Allison's, Limited, all expressed themselves as highly delighted with what they saw and bought. The showing was made in the silk room, on the second floor of the main building, and with natural light excluded the inspection of hats, etc., went merrily on, and will continue to go on tomorrow. There are lights and several rows of incandescents set for a pleasing brilliancy upon the delicate output of Parisian millinery establishments, and with flowers in basket effects, foliage, a wealth of trimmings and materials in their shimmering variety, natural appearing fruit, etc., the scene was one of richness and exquisite tastefulness. Not a color clashed, particular attention being given to the harmony of tints and shades; even the adornments of the ledges and corners were a sort of tulle frame—corresponding with the general attractiveness of the surroundings. The millinery exposed on stands in the centre of the big apartment and in an enclosed booth Miss Vaughan and other of the head milliners, met purchasers and aided them in their selecting. Every facility was thus afforded purchasers.

The trimmed millinery itself was of the highest order, having been selected by A. V. Branscombe in Paris a short while ago. The Napoleons, Topedo, Gainsborough and poke shapes, the latter for children, seemed to be the most in evidence, though there were others of which the shoppers thought a great deal. National lines were quite distinctly drawn, the English hats seeming to be smaller than those of our American cousins, and trimming and materials being less daring in color. Velts are here again and will be worn in long drapes and one of the chief materials is Maline, a net in all the popular shades and tints. It is very pretty.

PERSONALS.

M. McDade arrived home from Montreal yesterday.

Frank Ross as witness at what took place.

Two boys were seen at the depot on their way to work.

Edward Speight and George Brown, two boys, appeared in the police court this morning to answer to the charge of discharging a revolver into a Chapel street on the 17th instant. Both boys denied the charge, and explained that the were firing off cartridges by means of rocks.

The police who reported the matter brought forward John Leitham and Frank Ross as witnesses of what took place. Both witnesses swore that they saw Speight and Brown with a revolver on the day in question and saw them discharging it. The boys flatly denied all that was testified against them, and the case was adjourned until this afternoon, when more witnesses are to be heard.

About two weeks ago a number of revolvers were stolen from Komienka's Main street. The police believe that Speight and Brown know something about the robbery.

A number of other boys were up this morning for driving a snowball on the Sheriff's street. They were Alex. Miller and Chas. Graham, for throwing snowballs on Sheriff's street, and Albert Doherty and Morry an Vernon Cassidy, charged with throwing snowballs at people passing along Main street.

Miller and Graham said they were only in fun. The magistrate, however, would not accept the excuse, and fined each of them \$8.

Young Doherty was the only one of the second lot of boys who appeared. He pleaded guilty to the charge and the magistrate imposed the like fine of \$8. The magistrate intimated that it was about time that some means were taken to suppress snowball throwing in public places. Boys were taking upon themselves too much liberty, and it was necessary that an example should be made.

DELINIA FROM BUCTOUCHE

Will Compete With Chinese Laundrymen for a Few Months.

Delinia Gallant, who recently, while on her way from Buctouche to Salem, Mass., by some mischance found herself in this fair city of the Loyalists, appeared in court this morning to answer for the second time the charge of intoxication.

It was Monday last when Delinia first landed in St. John. She was then in unusually good spirits, and ravished the eyes of beholders with two large bottles of gin which she carried uncovered. She sank to the floor of the depot and had to be picked up by the depot police. Somewhat later she was put aboard the Boston train, but when she reached Vancouver the American officials would not allow her to pass. Delinia came back to the city on Friday and was found in the station house snoring on one of the benches and Officer Collins took her in charge.

This morning when asked what she had to say to the charge of drunkenness in the station, she said "I'm guilty."

His Honor gave her two months in the House of the Good Shepherd.

The trustees of the estate, who claim a donation mortis causa of \$4,750, receive \$5,500 to be divided equally among them, costs to be paid out of the estate. Executors, Bayles & Campbell, for C. H.
