A little girl from the age of 7 to 12 is sometimes as hard on shoe leather as the average boy of the same age. They don't want a heavy clumsy boot, but one which combining durability and good appearance will fit the foot equally as well as a more expensive one.

That's the reason why parents insist on having our Box Calf Boots for their girls.

ANOTHER WAR IN SOUTH AFRICA.

British Troops Sent Against the Basutos.

Flying Column Has Left Pretoria—Boers Alarmed, Are Pleading for Permission to Carry Arms.

NEW YORK, Sept. 28.—A special cable from London to the Sun says that it is stated there that a driving force left Pretoria on September 24th for the border of Basuto land.

Since the death of Lerthoff, the paramount chief, and the report of the last German defeat in Southwest Africa the Basutos have been restless and a war-like feeling has been simmering ready to burst out at any moment.

Young chiefs are traversing the country stirring up a sort of holy war that is aimed more at the Boers than the British. It is alleged that the British resident at Maseru has urgently appealed to the high commissioner to arm the farmers living on the border.

The Boers there are presently asking permission to carry rifles. The Pondo are also reported to be restless and anxious to join the Basutos. The story includes a statement that Great Britain is being urged to send more troops. Nothing official on the subject is given out.

FILIPINOS NOT FIT FOR INDEPENDENCE.

Gulf Between Natives and Americans are Widening—Uncle Sam's New Domain a Smoldering Volcano.

SAN FRANCISCO, Sept. 28.—Members of the Taft party who arrived from the Orient have summarized for the Associated Press their impressions as follows:

Congressman Cooper (chairman of the house of committee on insular affairs): "One effect of the trip will be, in a large measure, to take the question of immediate Philippine independence out of politics. Personal study of the situation has, I think, convinced the members of our party, Democrats and Republicans, that the inhabitants of the Philippine Islands are not now capable of free selection of government. This conclusion is admitted to be true by educated and conservative Filipinos themselves, though they like a majority of the other people of the islands, hope for an independent government when the inhabitants of the islands shall become fitted to maintain it."

Congressman Foss, chairman of the house committee on naval affairs: "I made this journey largely for the purpose of making a study of questions touching within the scope of the work of the committee of which I am chairman. The journey to the Philippines gave me every opportunity to see Cavite, Manila Bay and Subig Bay and return home more firmly convinced than ever of the importance of the establishment of an extensive and thoroughly equipped naval base in the Philippines."

Senator Patterson (Col.): "The Philippines, the more you know of them the more serious appears the problem. I am convinced that in its government we are getting farther and farther away from Secretary Taft's policy. The Philippines for the Filipinos and ultimate independence. The gulf between the natives and the Americans is widening. I fear the Philippines are a smoldering volcano."

FELL TWO STORIES; NOT A SCRATCH.

Marvellous Escape of the Two Year Old Daughter of William McColgan, of Rock Street.

The two-year-old daughter of Wm. McColgan, of Rock street, fell last night from a two-story window and is now as lively as ever, having in some marvellous manner escaped without any injury.

The little girl who was playing in a room on the second floor climbed up on a chair and pressed her hand against a window screen which was on hinges. The screen was unlocked and opened letting the child fall to the ground.

The child was picked up unconscious and carried into the house and Dr. Andrews of Garden street, was immediately summoned. No injuries were discovered and now, as stated before, the child is playing around the house.

FRANCE AND GERMANY SIGN TREATY.

PARIS, Sept. 28.—Premier Rouvier and Prince von Radolin, the German ambassador, at noon today signed the Franco-German accord concerning the Moroccan conference, thus definitely determining the difficult negotiations. Preceding the signature, Dr. Rosen, representing Germany, and L. Rivoll, in behalf of France, met at the foreign office and went over the final details of the protocol.

The official details of the accord will be given out later.

BANK OF NEW BRUNSWICK JOINS BANK OF MONTREAL.

Deal For Amalgamation Said to be Practically Concluded, Awaiting Only the Sanction of the Stockholders.

While the officials refuse to admit that the deal has been concluded the Star is authoritatively informed that details for the amalgamation of the Bank of New Brunswick with the Bank of Montreal have been practically arranged and await the sanction of the stockholders.

Ever since his connection with the Bank of New Brunswick it is understood that Manager W. E. Stavert has been an advocate of some such union, both on account of the competition under present conditions and also on account of the present distribution of tax conditions. The directors have apparently been brought to the same way of thinking, and it is said that the merger was practically settled during a visit of Mr. Stavert and a delegation of the directors to Montreal this week. What the terms are, when the union will take place or what the effect will be on the staff and stockholders of the Bank of New Brunswick is not yet revealed.

Of course nothing can be finally settled until the matter is referred to a meeting of the stockholders.

W. E. Stavert, general manager of the Bank of New Brunswick, when seen by the Star this morning, would neither deny or confirm the correctness of the report, although his manner without doubt pointed to the rumor being well founded.

Said Mr. Stavert: "The Bank of New Brunswick has from time to time had propositions for merging with other banks of Canada have had, but up to the present time they have not seen their way clear to accept any of the propositions that have been made to them. Whether such a proposition has been received from the Bank of Montreal, I am not in a position to say. "Supposing any proposition of the sort had been received and discussed by the bank, it would rest with the shareholders to accept or refuse it. A two-thirds majority being required."

"The Bank of New Brunswick has a capital of \$500,000, with a rest fund of \$500,000. The shares are \$100 each. The present price is \$250 to \$255. The bank was established in 1820, and for the last twenty years has paid a twelve per cent. dividend. Our bank has approached this dividend in recent years, but none have come nearer than ten per cent."

Asked whether the recent report as to his going over to the Bank of Montreal was not kind color to the Star's information, Mr. Stavert said: "I am not in a position to say anything about it. Keep on guessing."

J. M. Robinson, one of the directors of the Bank of New Brunswick, in reply to the Star's request for confirmation, said: "I suppose it comes out of Mr. Stavert's going over to the Bank of Montreal. As far as I am concerned I have nothing to say for publication. I can't say one way or another whether or not we have received any such a proposition. This is a private matter, and I have nothing further to say."

Col. Geo. West Jones, a director, said this morning that he had absolutely nothing to say for publication. The bank could not be sold without the consent of the shareholders, and as one he knew nothing about the talked of deal. Mr. Jones was well pleased with the showing the bank had made in the last few years and saw no reason why a sale should be made.

Frank Starr also one of the Bank of New Brunswick directors, informed the Star this morning that he had absolutely nothing to say on the matter one way or the other. To use Mr. Starr's expression he was "dumb."

The proposed union will bring together the two oldest banks in Canada. The Bank of New Brunswick is three years the junior of the Bank of Montreal, which was established in 1817. Some years ago the capital was reduced from \$1,000,000 to \$500,000, share holders taking cash for half of their holdings. Last June it paid its 16th half yearly dividend.

During the period of Senator Lewis's and Mr. Schofield's management the Bank pursued an exceedingly conservative policy. While other banks were opening agencies throughout Canada, the Bank of New Brunswick did business only at the head office. Business in this limited field was found profitable and for a time the Bank took advantage of strong connections it had in Boston and elsewhere.

When Mr. Stavert took over the management he saw the necessity of establishing agencies throughout this country. He has in a few years opened branches in Carleton, North End, Campbellton, Sussex, Riverview, (Albert Co.) East, Florenceville, Grand Manan, Summerside, P. E. I. and Charlottetown, P. E. I.

GIRL'S ASSAULTER KILLED BY ENRAGED FATHER.

DETROIT, Mich., Sept. 28.—While protecting his 16-year-old invalid daughter from assault today in the yard in the rear of his residence on Michigan Avenue, William R. Harrington lost Charles Martin, a laborer who boarded at his home, so severely with a baseball bat that Martin died two hours later in a hospital. During the melee Ernest Bloom, another boarder, was also beaten by Harrington, and severely injured. Martin, it is alleged, by Harrington, had been drinking and attacked the girl when she stepped out into the yard early in the morning. Her cries aroused the father, who rushed to her rescue with a baseball bat. His blows fractured Martin's skull. Harrington mistook Bloom's endeavors to help him for an attack, and beat him also with the club.

EQUITABLE HAS PAID OUT \$24,000,000 IN SIX MONTHS.

NEW YORK, Sept. 28.—A statement was given out from the office of President Paul Morton, of the Equitable Life Assurance Society today saying that at a meeting of the directors of the society to be held tomorrow, Mr. Morton will report that the Equitable Society has paid out from January 1st, until Aug. 31, 1905, in death claims, annuities, endowments, purchased policies, and other benefits, the sum of over \$24,000,000.

"This," the statement declares, "is an average of more than \$115,000 for every working day and has been done in the regular course of business. The money all went to the beneficiaries of the society and in many instances was the sole reliance of those receiving it."

The mayor of one of the small towns near Paris has indicated a "yellow" laughter from assault today in the yard in the rear of his residence on Michigan Avenue, William R. Harrington lost Charles Martin, a laborer who boarded at his home, so severely with a baseball bat that Martin died two hours later in a hospital. During the melee Ernest Bloom, another boarder, was also beaten by Harrington, and severely injured. Martin, it is alleged, by Harrington, had been drinking and attacked the girl when she stepped out into the yard early in the morning. Her cries aroused the father, who rushed to her rescue with a baseball bat. His blows fractured Martin's skull. Harrington mistook Bloom's endeavors to help him for an attack, and beat him also with the club.

WITTE WARMLY WELCOMED HOME.

Populace Acclaims Russia's Greatest Statesman.

Crowds Received Him In St. Petersburg and Presented Him With an Address of Gratitude.

ST. PETERSBURG, Sept. 28.—M. Witte, the senior Russian peace plenipotentiary, returned to St. Petersburg today, and the enthusiastic welcome accorded by the waiting crowds fully demonstrated the great popularity of the statesman and public appreciation of the services he has rendered his country at Portsmouth. Cheers followed cheer as the plenipotentiary alighted from the train, and when later M. Witte replied in an intensely patriotic strain to the addresses of welcome, popular enthusiasm found full vent. The crowd had collected near where M. Witte would descend from the train, and when he appeared they broke out into long and loud cheers to which M. Witte bowed acknowledgment. The spokesman then advanced and read the address of welcome, and in the meantime standing bareheaded. It read:

"You have accomplished your difficult task and the nation is grateful to you. You have given the credit for your feat to Emperor Nicholas and President Roosevelt, Emperor William of Germany and to the press but you forgot yourself. We however appreciate your services to your country. The tree you planted at the Washington homestead at Mount Vernon will serve as a token of the union between the two nations. You have gained much. For ourselves and for those present we give you a hearty welcome."

When the cheers had died away M. Witte who was deeply moved by the sincerity of the welcome said:

"I was so little prepared for this kind reception that I must ask your pardon for the incoherence of my words. I have performed my duty well because I strictly obeyed his Majesty's instructions, because circumstances favored me, because the world is weary of this bloody war, because all classes of American society from President Roosevelt down were in sympathy with my and your cause, because I was true to my country and her and our interests."

M. Witte's last word was followed by further loud and hearty cheering, after which M. Witte shook hands with the deliverer of the address and his friends and former colleagues.

GRACE BEECHAM ARRANGED.

(Special to the Star.)
MONTCTON, N. B., Sept. 28.—Grace Beecham was arraigned in the police court this morning on the charge of setting fire to a barn owned by Flewelling Wilbur. After hearing the evidence of George Dryden, the man in charge of Wilbur's place, the case was adjourned till this afternoon. The Beecham woman besides setting fire to the barn assaulted a girl named Wilbur, who was stopping in Wilbur's house.

LONDON HONORS GENERAL BOOTH.

LONDON, Sept. 27.—The corporation of London, at a meeting this afternoon, unanimously resolved to confer the freedom of the city on General Booth, of the Salvation Army, in recognition of his great work for the moral and social elevation of the people. This is regarded as an unusual recognition by the city, which is accustomed to bestow the freedom only on members of royal families, military naval heroes or statesmen of marked preeminence.

SIR JOHN THOMPSON'S DAUGHTER MARRIED.

(Special to the Star.)
TORONTO, Sept. 25.—The marriage took place early this afternoon at the home of the bride's mother, Lady Thompson, of Mary Aloysia, daughter of the late Sir John Thompson, to Edmund Carlin Wragge, of Nelson, B. C.

The bride, who wore cream satin, was attended by her sisters, Helen and Frances, who wore pink crepe and pink hats. Ernest Cattenach was the best man.

Mr. and Mrs. Wragge will reside in British Columbia after their honeymoon.

DYNAMITE SHIP BLOWN UP SUCCESSFULLY.

FORT SAID, Sept. 28.—The wreck of the British steamer Chatham, which was sunk in the Suez Canal on September 6th in order to prevent an explosion of a large quantity of dynamite, which formed part of the cargo while the ship was menaced by flames, was blown up this morning.

The explosion was tremendous and the enormous displacement of the water was visible from a spot five miles distant, where the operations of blowing up the vessel were conducted. It is believed that the whole of the Chatham's dangerous cargo was destroyed. Engineers are investigating the damage done to the canal bottom. The explosion was not felt at Fort Said.

The Chatham had nearly ninety tons of dynamite and other explosives on board when she sank in the canal.

CANADIAN INSURANCE COMPANIES DEPUDED.

ST. JOHN, N. B., Sept. 27, 1905.
To the Editor of the Sun:

The public press has for several weeks kept up a running fire of exposure and criticism of the affairs of the large American Life Insurance Companies now under investigation, and the effect has been to create in the public mind a feeling of suspicion and distrust toward the business generally, without discrimination, and would not for a moment affect criticism where it is due, but it seems to me unfortunate that, as in the present instance, it should affect other companies than those to which it properly belongs.

A writer in the Montreal Star of last Saturday says: "The investigation into the affairs of the big life insurance corporations in the United States is being followed with close attention by insurance men in Canada. The evils and maladministration that exist in the big New York companies are fortunately not to be found in this country, where the companies are administered, as a rule, with prudence and economy by officers who are paid on a scale commensurate with the size and expansion of the business."

The recent examination of the pioneer Canadian Life Company by the Michigan Insurance Department justifies the article above quoted, and should go far to allay any feeling of doubt which may lurk in the mind of the most skeptical individual as to the business methods of that company.

Having been identified with Life Insurance in Canada for sixteen years, I can speak with some knowledge of the strict probity, wise economy and conservative policy which has characterized the management of the principal Canadian Life Companies during these years. Claims are met with great promptness, dividends are satisfactory, but the first essential, financial strength, is the rock upon which they are built.

While the disclosures of the "Big Three" New York Companies' affairs are to be deprecated, yet it must be borne in mind that they are wholly administrative as to their character, and in no way affect the soundness of Life Insurance as a system.

The investments of Canadian Life Companies come under the direct supervision of the Dominion Government, consequently no such opportunities for maladministration exist as are open to companies reporting to many different governments operating under widely different bases of calculation. Our Federal authorities have taken due precaution to surround the Life Companies of Canada with every safeguard along the lines of permanency and stability, practically prohibiting them from investing their policyholders' funds in securities of a speculative character, which only offer inducements to designing and unscrupulous managers, board or syndicates.

There has been erected by our Life Insurance Companies in Canada a stately structure of which we are justly proud. It now towers up to about four hundred million dollars of insurance upon the lives of good Canadian subjects.

The latest Government returns show the net amount of insurance in force in Canada to be \$57,880,790, of which Canadian Companies have \$38,640,190; American Companies \$19,240,600; and British Companies \$10,000,000. So that

noise when you shake them down.

But the Pandora, with its triple-gear shaker, works so easily, silently and effectively that shaking is the merest effort, which a small child can easily exert.

And this is only one reason why the Pandora is the very best range you can get.

SET FIRE TO BARN: LIVE STOCK BURNED

Serious Work of Notorious Grace Beecham

MONCTON, Sept. 27.—Grace Beecham, a notorious character, who formerly lived in Moncton but has for some time had headquarters in St. John, where she gave the police much trouble, created a sensation here this afternoon. She has been in town for a day or two and accompanied by another female character, named Salina Donnelly, drove out of town about five miles to a place known as The Gorge and deliberately set fire to a barn owned by Flawell Wilbur. The Beecham woman had been drinking, and when she reached Wilbur's place she accosted the man in charge and said she intended to fire the barn. The man paid no attention to her, but when she emerged she was followed by flames, and seeking could be done to save the barn, which was burned with all its contents, including a horse and calf, 75 tons of hay, a lot of oats, buckwheat, wagon and farm machinery. The Donnelly woman took no part in setting the fire. The Beecham woman had lived with Wilbur at different times, but so far as known they were not married. It is supposed she set fire out of spite.

Wilbur, who is better known as "Bert", was away from home at the time, in Fredericton attending the exhibition. He had a thousand dollars insurance on the building, but the loss will be two or three thousand. The Beecham woman was arrested and is now in the lockup.

ASSOCIATED CHARITIES.

A meeting of the board of management of the Associated Charities was held yesterday, the president, W. S. Fisher, in the chair.

The following report was submitted by Mrs. Hall, covering a period of three months:

Total number of applications . . . 300
Divided as follows:
Wanting employment . . . 105
Wanting relief . . . 85
Ladies wanting adult female help . . . 25
Ladies wanting young female help . . . 15
Persons wanting advice . . . 25
Individuals wanting cases investigated . . . 15
Persons seeking recommendations to employers . . . 20

Relief was provided for . . . 14
Referred to other sources . . . 14
Employment was found for . . . 48
These included 20 women, 10 men, 4 boys and 4 girls.
30 cases were investigated by the society.
150 letters were made.
The amount of work called for has been greater than in any previous summer. More than the usual number of persons asked for work. Richness was found in many homes, and the calls for help have been more numerous than in any previous season.

The annual meeting of the association is due next month. It is the wish of the board to have a large meeting and to increase the interest of the people in the work of this organization. The present intention is to hold the meeting before the carnival begins. The exact date has not been fixed, but will be determined in a day or two. It is hoped that the meeting may take place in the Church of England Institute rooms.

WANT DAUGHTER TO LEAVE HUSBAND.

HARCOURT, Sept. 27.—About a year ago the only child of a Belgian miner at or near Beersville, wife's family, the young man moved to Minto Mines and the young couple went also. Some time afterwards the son-in-law returned here alone. According to the parents, the young man agreed before marriage that he would live with his wife's family and become one of them, going back to Belgium even. Last Saturday, however, the husband drove to Minto, six miles, entered the father-in-law's house, asked the young woman to drive her here. Her parents followed on Monday's train, and yesterday they tried to interview their daughter but failed. Today they went to Moncton to seek legal advice.

MAIN STREET BAPTIST B. Y. P. U.

The monthly convocation meeting in the Main street Baptist church was largely attended last evening. The service was presided over by the president, L. H. Thorne. The subject for last night was Grand Ligne and the French Work. M. A. MacIntyre, B. A., in a carefully prepared paper told of The People to be Reached.

K. Patterson read a paper prepared by Miss H. Thorne in which was given an "early sketch of the mission." Miss Sude Gram sang a solo which was well enjoyed. Miss McCutcheon in an interesting address told "What the mission is now doing."

This was followed by a reading by Miss Enid Hutchinson. Miss Cowan in a paper spoke of "the difficulties and needs of the work" and the pastor, Rev. D. Hutchinson, gave a descriptive account of the mission as he saw it when on a visit there some time ago. The offering for mission work was quite large.

KING AND PARLIAMENT DISAGREE.

BUDAPEST, Hungary, Sept. 27.—The committee of the coalition has issued a manifesto to the nation in reply to the programme submitted to its leaders by the emperor king. The manifesto declares that some points of the king's programme are not confirmatory with the constitution, referring especially to his contention, that the question of the language of command in the Hungarian army must be entirely eliminated from discussion. It is asserted that this is equivalent to the abolition of the nation's right to control its officers for which there is no legal authority.

The newspapers characterize the statements of the Austrian premier, Baron Gauth von Frankenthurn, in the Reichsrath as unwarrantable interference with Hungary's internal affairs.

SUSSEX NEWS.

SUSSEX, N. S., Sept. 27.—The town council met in the council room last evening. The only business transacted was the passing of the labor bill for the week.

"Dr. Howard Curtis, who has been advertising his medicines here for the past week, left this morning for Pictou."

W. C. Bessond, editor of the Maritime Farmer, and A. B. Moore, on the staff of the Farmer, went to Charlottetown today, where they will attend the exhibition now being held in that city.

Mrs. C. T. White left this morning for Apple River, N. S.

STUNG TO DEATH BY BEES.

BUDAPEST, Sept. 26.—A man, a woman and two horses have been stung to death by bees at Parang, a village close to this city. A farmer named Makranski, returning home from a neighboring town, left his two-horse cart in the courtyard of his farmhouse. The horses, annoyed by the sun, shifted to a shaded corner. In doing so they kicked over eight beehives. The bees swarmed out, and began a furious attack on the horses. Makranski and his wife rushed to the assistance of the animals, but were themselves attacked by the insects. Their cries brought the farm hands to the spot, but it was found impossible to drive away the bees, and at last the fire brigade was called out and the horses were turned on.

When the bees were driven away it was found that both the horses were dead.

The farmer and his wife, terribly stung, were carried away to the infirmary, where they died the same evening from blood poisoning.

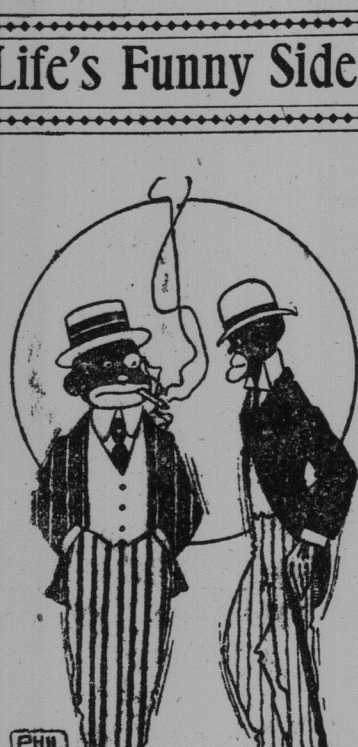

NEW APPEAL IN CUSHING CASE

Sir Louis Davies has refused the application made by Mr. Teed on behalf of the bondholders in the Cushing Sulphate Company case for leave to appeal from the decision of the supreme court at Fredericton granting a winding-up order.

The motion seems to have been refused purely on a technicality, the court taking the ground that as Judge McLeod had not signed the winding-up order at the time the case was referred to the supreme court, no appeal should be granted, as technically this would be appealing directly from the decision of Judge McLeod, which, under the statute, they have not the power to do.

It is understood that the case will be again taken to Fredericton, complying with this formality and another application for leave to appeal made.

Life's Funny Side.

"Who were the best man at the wedding last night, Sam?"

"I think it was Pete Smith; he done got \$5 for do' preacher and only got him one."

AMBIGUOUS.

Vanderteller—I am willing to pay you most any price, if you'll do me good.

Dr. Bontom—My dear sir, I'll do you good, all right. Of that you may rest assured.

NO WONDER SHE HAD THE SHIVERS.

Charles—Why do you shudder so every time you put your head on my shoulder?

Genevieve—I feel as if I were in a padded cell.

THE JUDGE—No, my conscience doesn't hurt me when I give a man a life sentence, if I'm sure of his guilt. But I suppose yours does?

The Preacher—How do you mean?

The Judge—Why, you sentence many innocent men for life and then collect a fee for doing it.

ALL IN.

She—What has become of Higlier's swell turnout?

He—He turned it in to his creditors.

WHAT DO YOU GAIN BY WAITING

If you expect to buy a good piano—one you would be proud to have your musical friends listen to and play on—why not come in here and take a good, careful look at our stock. Of course it is unwise to decide on an instrument in a hurry. We simply want you to find out all you can about all makes. We are confident that you will include ours in your list, you'll be glad to choose it. Come in, not merely once, but often.

The str Angola of the Mexican line takes 11,000 barrels of potatoes for Havana, besides other cargo, at Halifax for the West Indies and Mexico.

Pilot Stone left last evening for Halifax to bring around the Furness line str Gulf of Ancon, now expected at that port.

The three-masted schooner Manuel B. Cusa sailed from this port yesterday and was towed in from Pictou. Landed again about 4 o'clock by the tug Lord Roberts. The Cusa's foremast was blown away. She had gone only as far as Dipper Harbor when, in a heavy squall, the leach rope broke, and the sail was blown away. Capt. Shanklin expects to sail some time during today with a new sail.

WEDDINGS.

WOODSTOCK, Sept. 27.—A wedding in which many people in Woodstock and Andover were interested took place today in the parish church, when Yen. Archdeacon Neals united in wedlock D. Reed Beedle, a well known Andover merchant, and Miss Jennie E. Bull, daughter of Albert Bull of Lower Woodstock. A large number of friends and relatives of the young couple were in attendance at the church. The bride was attended by Miss Libben of Andover as bridesmaid and Frank Dixey supported the groom. Little Miss Emma Shaw was flower girl. The bride was given away by her father. Her brothers, LeBaron and Gordon, were ushers. After the ceremony the young couple took the 5:35 train on an extended wedding trip.

THORNE-TENNANT.

At the home of Mr. and Mrs. Robert Tennant of Brunswick street last evening a happy event took place, when their daughter, Nellie May, was united to Smith Thorne. The ceremony was performed by Rev. P. J. Stuckhole, pastor of the Tabernacle, in the presence of about fifty guests. The bride looked beautiful in a dress of white voile with trimmings of lace, and carried a bouquet of roses. She was attended by her sister, Miss Lettie Tennant who wore a dress of white muslin with lace trimmings and carried a bouquet of flowers. The groom was supported by Andrew Holder. The numerous and costly presents testified to the popularity of the bride. After the ceremony supper was served and a reception held. The happy couple will reside on Marsh street.

TRIFTS-GALE.

Miss Nellie Gale and Walter Trifts were married in St. Luke's church last evening by Rev. H. H. Gillies, of Lower Jernigan, Queens county.

The bride is the daughter of John Gale, of Young's Cove, Queens county, and the groom belongs in this city. The ceremony was performed at 7:30 o'clock. The bride wore a white dress, and the groom wore a white suit. The bride was attended by Miss M. Wiggins, of this city, and the groom was supported by W. C. Ramsay, also of this city. The bride was dressed in white voile, with veil and orange blossoms, and the bridesmaid's dress was of green silk with hat to match.

Mr. and Mrs. Trifts will reside at No. 75 Kennedy street, where a reception was held immediately after the ceremony.

WILL COST RUSSIA \$150,000,000 TO BRING THE SOLDIERS HOME.

PARIS, Sept. 27.—Some bankers expressed the belief that the cost of bringing home the Manchurian army and the internal reorganization of Russia would require more than \$150,000,000.

Although M. Witte denied any intention of discussing the question of a loan in connection with his visit to France and Berlin, while here he conferred with the president of the Credit Lyonnais and with Baron Rottinger, who formed the syndicate that floated the last loan. A member of the Berlin firm of Mendelssohn & Co. also visited M. Witte here and these conferences, taken in connection with the meetings between the Russian statesman and Premier Rouvier, who exercises a powerful influence with the banks, appear to have paved the way toward the floating of a loan.

A peculiar feature of the situation is that the settlement between Germany and France of the difficulties over Morocco promises to expedite the loan since it relieves Germany of possible complications with Russia over the Franco-Russian alliance, and also gives stability to the French market.

M. Witte's friendly influence toward the adjustment of the Moroccan situation is attributed chiefly to Russia's desire to clear a way for her access to the markets of Paris and Berlin.

as is cut off and carried away—the stalk left on the ground to decay. The bunches are then got to tide water, which is done by railroads, rivers, and canals, or when these are not available, on the heads of women. It is a common sight in Jamaica to see a string of a dozen or more women, each with a large bunch of bananas on her head, and these they will carry for several miles without stopping. The Jamaica negroes are educated from childhood to carry everything on their heads. School children are seen playing tag with books and even ink bottles on their heads. When a Jamaica belle goes to a social function she carries her shoes on her head and puts them on her feet when she gets there. Everything from a postage stamp to a Saratoga trunk is carried in this way.

JAPANESE BRIDES.

For some years in the marriage market. It is suggested, however, that the day of her glory has gone, and that "after the war" the Japanese girl may become the ideal bride. She has so many advantages over the American. For hundreds of years, as we gather from an authority named Takashi, her behavior has been governed by commandments to give the husband his rightful place in the household. On her wedding morning she is reminded that her husband is sole master, and that strict obedience to him is the noblest virtue a wife can possess. She is enjoined always to be amiable to her mother-in-law; never to get angry, though her husband be wrong; to be a good manageress, and to study economy; not to pride herself on her father's rank and fortune. American girls are not taught such beneficial lessons. From a masculine point of view, the superiority is all in the side of Japan. So far does the East surpass the West in wisdom.

Norman Berry, a respected resident of Victoria street, North End, has been dangerously ill for the past few days with a complication of typhoid and pneumonia. Two leading physicians are in almost constant attendance.

ST. JOHN, N. B., SEPT. 23, 1905.

JAPAN'S GREATEST TRIUMPH.

Though Japan has borrowed most of her tools from western nations she is giving the whole world lessons in the use of them. In medical science particularly have the little brown folk so far outstripped those who taught them that physicians and sanitary specialists the world over are frankly sitting at the feet of the Japanese doctors and learning how to apply the knowledge which they themselves furnished in the first place.

At the Association of Military Surgeons now in session in Detroit the medical triumphs of Japan in the late war are forming the chief topic of discussion. And to wonder, for never in the history of warfare were the lives of soldiers so successfully guarded from everything except bullets as in this conflict on the Japanese side.

In every war of history about 50 per cent of the death list has been due to disease. To one man who has fallen on the battlefield, four or more have died wretchedly in hospital or tent. In the South African war 5,774 men were killed in battle; 13,350 died of disease. In the Spanish-American war the percentage of deaths from sickness was far greater, more than ten being sacrificed to ignorance and incompetency to every one who died from bullets.

In the Japanese army, from February, 1904, to the end of April, 1905, only one-fifth as many died from disease as were slain in battle, a record 500 per cent, better than the average of history, and absolutely unparalleled.

This success, as was pointed out by one of the medical experts at the session in Detroit, was due pre-eminently to three fundamental causes: First, thorough preparation and organization for war—such preparation as was never made before; second, to the simple, non-dramatic, and easily digested ration of the Japanese troops; and, third, to the brilliant part played by the members of the medical profession in the application of practical sanitation, the stamping out of preventable diseases by the army—thereby saving its units for the legitimate purposes of war—the smashing of the enemy in the field. As a result the Japanese military surgeons can point to the astounding figures quoted above and to the equally wonderful fact that during the campaign, extending over a year and a half, with from 300,000 to 600,000 soldiers undergoing the severest hardships and privations of active service, not one of the Japanese army 38 men out of every 100 who have never reported at sick call; 38 men who never saw the inside of a hospital or were sick in quarters, a record also unsurpassed. The war has taught many lessons and destroyed many ideals in matters military, said one speaker, as in matters surgical, in surgical technique, even in the after-treatment of the wounded and sick, the Japanese have taught the foreigner comparatively little, but in the field of sanitary science and dietetics they have demonstrated what has never been done before, that preventable diseases are preventable.

MR. MURDOCH'S OFFER.

Superintendent Murdoch, who is not to blame for the fact that the new main cannot be laid along Marsh Road this year, says that, in spite of the lack of this pipe, which has been declared to be essential to the new water system, he can supply the city with a much better service than it had last winter. If the contractors finish the Lock Levee extension on time. What other engineers declare impossible, he says, he can do if allowed to do it in his own way, without interference.

Under the circumstances there is only one thing to do—let him go ahead. We need the increased water pressure badly, and if Superintendent Murdoch can provide it, even temporarily, with the appliances at his hand he will have done good service. If he fails, and if his experiment should, as some predict, work great damage to the present pipes, he will have clearly proved himself unfit for his position.

Sydney is an active city in many respects. The Record of that place is informed by a man who has taken the census of Sydney bar rooms that there are eighty places in the town where liquor is sold. Sydney has five wards. One ward has twenty-nine bars. The enumerator has classified these establishments, reporting sixteen hotels where liquor is openly sold, eight restaurants, and over fifty common bars. The other places are private houses, where liquor is sold only in small quantities and to certain people. These latter are said to be in the colored and foreign quarters.—Star.

The Ottawa Citizen remarks: "Time works wonders. The Liberal press used to denounce Sir Charles Tupper as the 'Great Stretcher' because he predicted that the Northwest would yield one hundred million bushels of wheat a year. Now they are dubbing Professor Mavor the prince of pessimists, because he predicts that the Northwest can only be dependent on for two hundred million bushels."

A SONG FOR SEPTEMBER.

The air is damp and raw and chill— Sing hey, the summer's close! We wear our saucy garments still, Our perforated hose; We cling to hats of braided straw, To us to put on wool and fur— To dress by the thermometer, Sing hey, it's coming fall!

The maple leaves are blasing red— Sing hey, it's coming fall! The summer roses now are dead, The birds are singing small, But still it doesn't quite occur To us to put on wool and fur— To dress by the thermometer, Sing hey, it's coming fall!

A few more days of warmth and then Sing hey, the autumn cold! But oh, how often foolish men These clammy facts are told! They go out in the same old way Until there's just the dew to pay— The demon of eczema— Sing hey, the autumn cold! —Chicago News.

HINDOO PRINCESS

BACK IN FAITH.

After Being a Christian Ten Years, Soobonagum Returns to the Brahmin Religion.

BALTIMORE, Md., Sept. 27.—A letter has been received in this city from Miss Grace Stephens, in charge of the Methodist mission work in Madras, India, containing the news that the young Hindoo woman Soobonagum Ammal has relapsed from Christianity and resumed the faith of her fathers. Soobonagum was one of the few converts to Christianity from the high caste Hindoos. Her conversion attracted much attention in the religious world.

It was reported last summer that "Sooboo," as she was familiarly called, had been kidnapped by a Hindu while carrying out her work for the Central Railway Commission. The story was with a woman companion she was driving in her bullock cart on July 13 when suddenly a band of men held her up in a public road, forcibly took her from the cart and thrust her into a closed carriage. This kidnapping story was believed and the most available place to learn it was at the Christian mission in Madras. Miss Stephens indicated that she was not to read the Bible, and it was not long before the young Princess began to read the Bible, and it was not long before the young Princess began to read the Bible, and it was not long before the young Princess began to read the Bible.

It was on Christmas Day, 1895, that "Sooboo" made known her intention of becoming a Christian. A deputation of Hindoos and a police official appeared at the Christian mission and entreated her to return home. When she refused they were followed by attempts on her life, which were defeated only when Miss Stephens intervened. "Sooboo" came to the United States in April, 1900, and remained until October of the following year. "Sooboo's" baptism in the Christian faith was followed by a three days' funeral over her effigy by Brahmin priests. The exercises culminated in a burial of the ashes of the effigy. Several years ago "Sooboo" appeared to be afflicted with a mysterious malady, which affected her health so much that there were fears that she would die. She was inclined to attribute the malady to the anathemas of the Brahmin priests.

"Sooboo" was the daughter of wealthy parents. Her father was reported to be a Hindoo prince. He was first to take a double degree at the University of Madras. When "Sooboo" was born her cradle glittered with jewels and fests were held in her native city in celebration of her birth. When ten years old Soobonagum was married to her nearest marriage relation. Ammal was added to her name when the wedding took place. It means literally "Maiden." But Soobonagum has a deep significance to the Hindoo, being a compound of the Sanskrit words "Sooboo," meaning "God of Wisdom," and "nagam," the cobra, which is the Hindoo type of deity.

GRIPPLE CONFESSES TO MURDER.

CHICAGO, Sept. 28.—Jacob Hart, who is without legs dragged himself into the court of Judge Barnes yesterday and whispered to Assistant State Attorney Barbour that he was anxious to enter a plea of guilty to a charge of murder. Mr. Barbour explained to Hart the seriousness of such a plea, and that the court had the power to inflict severe punishment on him. The cripple defendant, however, said he understood his position and the plea was allowed to be entered. Sentence will be imposed in his case on Friday.

LOCAL NEWS.

It is stated at the government office here that the number of game licenses issued this year is considerably in excess of that of last year up to this date, as are also the receipts therefrom. The returns seem to show a very successful moose season. The receipts so far have amounted to about \$8,000, and when this week's returns, which will be in tomorrow, are received, it is expected that this amount will be substantially increased.

It was reported about the city yesterday that one of the men concerned in the assault upon Mr. and Mrs. Lockhart at Miramichi has returned to work. This is, however, not the case. It appears that there were three men mixed up in the affair, two of whom were discharged by the mill management. Goake and the man whose name could not be learned were dismissed, but Maher was retained. He became suspicious, when the other men were let out, and decided to follow them. The whereabouts of the men are unknown at present.

The Young Men's Association of St. Peter's opened the season last evening with a reunion in their rooms on Douglas avenue. The president, Al- Douglas Everett, was in the chair, and made the opening address. The following programme was carried out: Selection by St. Peter's orchestra; solo, Henry McQuaid; cornet and piano duet, Prof. Heman and Cathbert Morde; piano solo, P. O'Hara; recitation, Owen Coll; speech, James McCarthy; dance, Leo O'Hara; address, Fr. Bergman. A bowling alley may this year be added to the association's rooms.

Eight men were fined \$1.50 each, the costs of the court, by Justice Masson at Fairville yesterday for trespassing on the C. P. R. tracks. They all pleaded guilty. Two others pleaded not guilty and were fined \$5 each and the latter will appeal. One boy failed to appear.

It is related that a well known suburbanite came to the city yesterday morning without any breakfast. He had been in the habit of putting all food supplies on his veranda at night to keep them from spoiling, and when his wife got up yesterday she found that the whole stock had been stolen. Commissioner George McAvity of the Central Railway Commission is in communication with the C. P. R. for a list of bridges they might be willing to sell. A girder bridge at the Long Wharf would be suitable for a place on the line to Chipman.

A PROBLEM SOLVED.

Ozone is ozone, and in buying it, the problem is to get the purest form. "Solution of Ozone (the coupon kind)" is the purest form in which Ozone is put up. In addition, each bottle contains a coupon entitling you to a package of "Celery King" free, and it is well known that you should take "Celery King" along with Ozone.

We put "Celery King" coupons in our Ozone bottles because no other can give "Celery King" with Ozone. By buying "Solution of Ozone (the coupon kind)" you get the purest form of concentrated form of Ozone, and in addition you save the expense of buying the "Celery King" to use with it.

No other kind of Ozone offers this advantage. Ask your druggist for it, or write to the Public Drug Co., Bridgeburg, Ont.

Dineen Pitched a Good Game Yesterday - Springfield Horse Ope the Money in Fredericton-Charlottetown Races

BASEBALL.

American League.
BOSTON, Sept. 27.-Dineen pitched a remarkable no-hit game today, Boston winning from Chicago 2 to 0, in the first of a double header. Seventeen visiting batters went out on easy fouls and flies, six on strikes, including a ruffed third strike on which the runner was retired at first, and four on easy grounders. In the second game the visitors took an impressive revenge, the score being 15 to 1, when the game was called for darkness after six innings.

AT OAKLEY PARK.

CINCINNATI, Sept. 27.-In the free-for-all race, the first event at the grand circuit races at Oakley Park today, Pan Michael won the first heat in a close finish by a neck from Nervola, going the distance in 2:08 flat, the fastest mile paced or trotted in a race this season. The Springfield horses could not navigate the turns better than any of her competitors, and though equaled on the stretches by Simease's bursts of speed, she took the first, second and fourth heats. The finish of the third was a desperate who-lacking recovered and she took the first, second and fourth heats.

FAMOUS ATHLETES OF OLDEN TIMES.

Strong men of all times have excited the admiration of their fellows and have always been objects of popular interest. The Bible celebrates the exploits of Samson. Greek mythology tells of Hercules as the personification of physical force, strength, bravery and generosity. In more recent days we have recorded some instances of extraordinary strength, says the Milwaukee Free Press.

CHARLOTTETOWN RECORD.

CHARLOTTETOWN, P. E. I., Sept. 27.-The success of the second day of the provincial exhibition was considerably marred by an intermittent rain and the cold weather that prevailed during the entire day. The attendance was not nearly as large as last year,

THREE SCHOONERS IN HARD LUCK.

The Avis Is Total Loss Near Bar Harbor.

A telegram reached the city last evening from McKimley, Me., near Bar Harbor, to the effect that the two-masted schooner Avis, Capt. Wilson, is ashore at that place and will likely be a total loss. The telegram read as follows: "Avis ashore, on beam ends, full of water, decked gone; may go to pieces tonight." The Avis is owned by Levi P. Rings of Carleton and was loaded with laths by Len Tuttle of Goose Creek. She was bound for Portland.

Carleton Company Will Apply For Permission

The Carleton Electric Light Co. are still determined to invade the east side and expect to get a fair share of the business as soon as they are ready to handle it. Had it not been for the recent illness of A. H. Hamilton, president of the company, the matter would have been advanced by this time.

REV. MR. BURNETT'S RESIGNATION ACCEPTED.

A meeting of the Leinster street church congregation was held last evening to consider the resignation of their pastor, Rev. Christopher Burnett.

BANG OWN REQUIRE.

CHICAGO, Ill., Sept. 27.-Singing the words of "Abide With Me" as a breath-laid Miss Clara Butler, daughter of a prominent Morgan Park family and leading soprano in the First Baptist Church, died at the age of 21, on an operating table in the hospital at Blue Island today.

MANY INJURED IN HUNGARIAN RIOTS.

BUDAPEST, Hungary, Sept. 27.-Between forty and fifty were injured here this evening when Socialists and adherents of the Coalition parties, including students clashed opposite the Royal Hotel and for two hours there were scenes of tremendous excitement.

MUNICIPAL CONTEST IN WESTMORLAND CO.

MONCTON, N. B., Sept. 27.-The indications are that there will be a lively contest in Westmorland county for the municipal election which takes place next month. Thomas Hennessey of Irishtown, who served at the board for many years, but has been out of harness for some time, is being urged to run.

MONCTON PEOPLE CHARGED WITH ADULTERY.

MONCTON, Sept. 27.-Walter Bishop and a Mrs. Smart, living about two miles out the Salisbury road, and Wilbur Keith and Jane Betts, living out Mountain road, were arrested in the police court this afternoon on charges of adultery, but all the parties were allowed to go, as no person appeared against them. The parties were arrested this morning between midnight and three o'clock. Bishop is a married man and belongs to Albert county. He was arrested on information given by his wife. Keith belongs to Pettitodine and is also said to be married. The complaint against him was laid by neighbors. Why the complainants failed to appear is not known.

WILBOR STOCK CO.

At the Opera House for one week commencing Monday, Oct. 2nd, the Wilbor Stock Co. will appear in dramatic repertory. The following is the list for the week: Monday and Tuesday evenings, "Langdon McCormick's" comedy, "Out of the Fog"; Wednesday and Thursday evenings, the great labor play, "A Son of Told"; Friday evening, "Dumas' masterpiece, 'Camille'"; with Miss Isabel Pitt Lewis in the title. Saturday matinee and evening to be announced later. Each play properly presented, also refined vaudeville features including Edison's vaudeville with the latest moving pictures.

TWO PARADES FOR CARNIVAL WEEK.

Driving Horses to be Shown Around King Square

Among the many attractive features arranged for the summer carnival are a church parade and a horse parade. These events are being looked after by committees, and the present indications are that they will be well handled. The church wardens of Trinity church have granted permission for the South African memorial to be placed in that church, and it is likely that this tablet will be unveiled at the service to be held there during carnival week. Members of the militia appear to be perfectly willing to turn out for the parade, and with the marines from the warships which will be in port a splendid showing can be made. Horsemen are becoming enthusiastic over the idea of a horse parade, and it is thought that King square would nicely accommodate the throngs of people who would turn out to see the driving horses, and these might be kept moving around the square for an hour or so until all were properly admired. Members of the committee have so far seen only a few of the leading horsemen and will call on others as soon as possible. But all who have been seen think the idea a fine one.

RAILWAY COMMISSIONERS LEAVE TOMORROW.

OTTAWA, Sept. 27.-The dates of the Amherst winter fair are December 4th to 11th.

Red tape at the government printing bureau led to a ludicrous incident this morning. A new order providing that no employee may use the front entrance without a pass from the superintendent. At 8:30 the doors were opened to the public. One of the bureau engineers without a pass was refused entrance by the policeman on duty. Accordingly the man sat down and waited until 8:30, and in the meantime all the machinery in the big establishment was at a standstill.

LOCAL NEWS.

Pleasant, furnished rooms with board at Lansdowne House, King Square.

Accounts in the estate of John W. Nicholson were passed this morning in probate court.

MILLINERY OPENING.—At A. B. Forester's, 245 Waterloo street, on Thursday and Friday.

One of the rooms in the Union Point school, Fairville, had been dismissed this morning on account of the cold.

The means for heating will be in working order tomorrow.

The young people of the Carlton Presbyterian church will hold a Japanese evening tomorrow night in the vestry of the church. The decorations will carry out the oriental idea as well as a short programme.

The sale of sample umbrellas for women and children, which is to commence at Manchester, Robertson, Allison's Ltd., tomorrow morning will afford a rare chance to secure good, serviceable rain-excluders at about half price. Fine umbrellas for school children, too.

Evening classes will re-open for the winter months at the St. John Business College, Monday, October 2nd. The reopening of these classes is always eagerly anticipated by earnest young people, and the numerous inquiries recently made respecting them indicate large classes for the term beginning next Monday.

The banjo supposed to have been stolen from the baggage room at West St. John last April, and mentioned in yesterday's Star as being recovered by the police, is still at the police station. The police claim to know nothing further on the case and are doubtful if it has anything to do with the C. F. R. baggage man arrested in Quebec.

J. S. Edwards, Esq., No. 295, Manchester Unity of Odd Fellows, met last night and elected the following officers: G. P. Thompson, grand master; C. Thorne, noble grand; Charles Flewelling, worthy grand; Geo. Smith, recording secretary; H. H. Hutchinson, treasurer. The lodge was reported in prosperous condition, with a large increase in membership.

BEAUTIFUL MILLINERY.

Wilcox Bros., 64 to 68 Dock street, are making one of the finest displays of millinery ever made in this city.

This is the second year that Messrs. Wilcox have been in business and they are to be highly congratulated on the splendid showing they are making.

Hundreds of ladies have viewed their dainty and attractive creations and have had much pleasure in inspecting their large assortment of hats of all kinds as well as feathers, ribbons and ornaments, including all the latest novelties.

Among the many hats shown are some that attract so much attention that it is necessary to give them special mention. One is green, pan shaped, trimmed with dark and light shades of pink roses with green silk ribbon streamers. Another hat that has attracted much attention is of pale blue and green with green ribbon alternating with bands of Reseda green with a high top ornamented with pale blue and green poppies.

Everybody that likes a stylish hat in the latest style should call and see Messrs. Wilcox's display.

NEW CAR SERVICE RULES.

The council of the Board of Trade was in last session this morning previous to the regular meeting which will be held next week. Among other matters of interest discussed was the proposed car service rules that are submitted for approval of the Board of Railway Commissioners for Canada.

The rules will be placed before the public for approval, and if accepted will be passed, but if not so approved will be reconsidered by the board.

SECURING THE FOUNDATION.

There is great activity on the lot next to Fowler's ex factory, City Road, where Ed. Riley is commencing the erection of a grist mill. The ground being of uncertain stability—as all the land in the depth of the Valley district is being filled with piling for foundation purposes. A large pile driver is at work and quite a crew of men.

DARING ROBBERY ON UNION STREET.

Penny-in-Slot-Machine Stolen on Crowded Street and Smashed Open in a Near-by Alley.

A daring robbery took place on Union street last night between nine and ten o'clock, when the street was thick with people.

In front of Mrs. Sweeney's cigar and grocery store was hanging an automatic slot machine. The box was seen there by Mrs. Sweeney shortly after nine o'clock, but when she was closing her store shortly after ten o'clock and went to the door to take the gun box inside, she was greatly surprised to find that the box had been removed. She spoke about the case to some people in the neighborhood, and Thomas Driscoll and Mr. Napier took a lantern and found the gun box in an alley in the rear of Mrs. Sweeney's store. The alley leads out into Waterloo street, and it was near the latter street, in a pile of sand that the box was found.

Large stones had been used in demolishing the lower front of the box where the money is kept. The box had only been refilled with gum yesterday, and the greater part of the contents had been stolen, along with about 25 cents in coppers. It is not thought that small boys are responsible for the burglary, as the box weighed about 50 pounds, and the smashing of the front was done by some person stronger than a mere boy. A narrow alley leads from near Mrs. Sweeney's store to Waterloo street, and it is thought that this route was taken by the thieves. The police have the case in hand.

PRETTY WEDDING

IN NORTH END.

The marriage will take place this afternoon at four o'clock, of Marshall D. Austin to Miss Georgie H. Maxwell, daughter of Samuel Maxwell, 533 Main street. The ceremony will be performed by Rev. S. Howard, at four o'clock. The bride will wear a gown of pale grey silk with silver trimmings. She was attended by Miss Miss Margaret Maxwell. Mr. and Mrs. Austin will make a short tour of the province, and upon their return will reside at 28 Cedar street. They received a number of handsome presents, including a beautiful silver scallop dish from the Jessie Chipman Band, of the Portland Methodist church, and also a life membership certificate and gold pin from the church.

NEW STORE OPENING POSTPONED

The work of fitting up J. N. Harvey's new store, in which he is to carry a full line of gentlemen's furnishings, has proved so much more extensive than was anticipated that it has been found necessary to postpone the opening until Saturday, as announced, to Saturday, October 7th. On that date the new store, which will be one of the most attractive in the city, will be opened with a sale that Mr. Harvey promises will eclipse in its attractiveness to bargain hunters anything he has previously offered. The sale will not be confined to the new store, but will also take place in the premises now occupied, which will be connected by a large passage way with the new place.

ST. JOHN PEOPLE GO WEST.

A large number of St. John people left last night's train for British Columbia. The party included Mr. and Mrs. James Mowatt and their family of Robtsey, but formerly of this city, who will in future reside in the western province making their headquarters at Enderby, on a branch of the Canadian Pacific in the Okanagan Valley in the Rockies. Miss Ada Dunn left on a visit to her sister, Mrs. John McDonald at Kaslo, B. C. Miss Beesie Fugleley, daughter of Mrs. Gilbert Fugleley and niece of the attorney general, left last evening for Fernie, B. C. to visit friends. Miss Sinder was also a passenger to the coast on a visit to her sister, Mrs. Short.

TRAVELLER ROBBED.

A man giving his name as J. Williams, of Pettesco, who arrived in the city yesterday, enroute to Portland, Me., was seen in the L. C. R. waiting room yesterday about noon under the influence of liquor and accompanied by a supposed friend. The men left the depot and afterwards Williams was found in an alley off Pond street, wandering about and complaining that he had lost his watch, a ticket for Portland, Me., and \$20 in cash. His would-be friend was not to be found, although Detective Killen and other officers only know him as a man wearing a dark suit and light hat. The police are still in the dark.

SUCCESSFUL HUNTERS.

Tom Fowle's sporting camp in the land of Canaan is prolific of game and Tom is a star artist in rounding up the animals that take the sportmen to the woods. On Monday morning shortly after seven o'clock Charles Damery, proprietor of the Park Hotel of this city, shot a large bull moose that the guide said weighed over eight hundred and fifty pounds. Mr. Damery was accompanied by his brother, Thomas Damery, a police inspector of Somerville, Mass., and they in writing to friends here give great credit to the veteran hunter and guide, Thomas Fowle.

ANOTHER STENOGRAPHER.

Miss Edna C. Johnston has been selected for position of stenographer for the Leona House Wholesale, by the situation department of the Currie Business University, Ltd.

THIS EVENING.

LATE PERSONALS

Miss Alice Close, of Kennedy street, and her cousin, Mrs. James Brown, of Hilyard street, went to Fredericton Tuesday to visit friends in St. Marys and take in the exhibition.

Mrs. G. F. Hawkhurst and daughter Maude, accompanied by Mrs. W. Edgar and daughter Lizzy and Mrs. McCavour, who were the guests of Mrs. Lapsett, of Fredericton, have returned from the exhibition.

Charles Lawack, of Essex, Mass., is visiting friends and relatives in St. John and Wickham, and will return home in a few weeks.

Silas E. Rice, of Millinocket, Maine, is spending his vacation with his parents at Wickham.

Mrs. George W. Rice, of Wickham, came down on the steamer Elaine Tuesday, and is the guest of Mrs. Wm. Eadie, Metcalf street.

Mrs. Richard Heffer, of the West Side, is visiting friends in Moncton.

Louis Kelley, who has been for two years in Vancouver, B. C., arrived home yesterday on a visit to his father, John Kelley, of Main street, Fairville.

DREDGE EXPECTED THIS EVENING.

The tug Lord Kitchener and Flushing, with dredge Beaver and lighters from Boston, have not been reported since going into Tennants Harbor a few days ago. The flotilla is thought to have been in harbor down the bay, but as the weather this morning was fine it is expected that the tug and tow will arrive this afternoon or this evening.

G. S. Mayes, the contractor, said this morning that he does not expect to see the tow until this evening. Mr. Mayes is having pipes laid from North Rodney wharf to the place where South Rodney wharf stood, so that the dredge Beaver will not be inconvenienced in receiving water while at work making the excavation for the new wharf.

FUNERALS TODAY.

The funeral of the late Mrs. Mary Ann Brayden took place this afternoon from Trinity church, Rev. Mr. McDonald conducting the service. The interment was in the Church of England cemetery.

The funeral of the late Jeremiah Shea took place this afternoon from St. Peter's church, where the service was conducted by the Rev. Fr. Scully. The interment was in the Old Catholic cemetery.

POLICE COURT.

At the police station this morning nine drunks were dealt with by Magistrate Ritchie. Seven were fined \$8 or 20 days jail, including two women, and two were fined \$4 each. An elderly man, found drunk on Brunells street about nine o'clock, was taken to the station on a sloop, but was too drunk to appear in court.
