

KEMAL FAST LOSING HOLD ON SOLDIERS

Turkish Leader's Hold on Coal Supply is Only Source of Revenue.

TROOPS DESERTING HIM EVERY DAY

Unless Bolsheviks Send Aid at Once the Nationalist Movement in Turkey is Bound to Collapse.

(Copyright, 1920, by Public Ledger Company.) Constantinople, Aug. 29.—Mustafa Kemal, Turkish Nationalist leader, is fighting for a lost cause and unless the Russian Bolsheviks can bring troops through Armenia to help him in time his power may be expected to collapse within a month.

Your correspondent had occasion to see reliable persons who have just returned from Mustafa Kemal's headquarters at Ankara. They report that the Turkish Nationalist movement rapidly is degenerating into a mere brigands' campaign. Thousands of men are deserting from Kemal's army. The deserters form armed bands that terrorize and lay waste the country, looting villages and ruthlessly burning down forests. The Nationalist chiefs have no authority over them. The nationalist government is further weakened by internal dissensions and intrigues.

The officers and officials of the Young Turkey regiment, who lost their jobs in consequence of Turkey's defeat, still constitute the backbone of Kemal's strength because the nationalist movement provides them with well paid employment; but their loyalty will last only as long as their salaries are paid. When Kemal's funds give out all will be over.

It is altogether characteristic of the present paradoxical situation in Turkey that a considerable portion of Kemal's revenue is being supplied by the Allies. The facts are these: Constantinople is almost entirely dependent for coal on the outputs of the Heraclea coal basin, which is controlled by Nationalist forces in spite of the presence of French troops. Kemal levies taxes of three Turkish pounds on every ton of coal, and the daily average of exportation is 4500 tons, Kemal's income from this source is more than 13,000 Turkish pounds a day, all of which goes to finance the Nationalist movement.

It is incredible but true that the Allies, although they have troops on the spot, have as yet been unable to make up their minds to clear Kemal out of the Heraclea coal basin and assume full control themselves. In reality so long as this state of affairs continues, Kemal by shutting off the coal supply can absolutely paralyze the economic life of the capital and deprive it even of electric light, street cars, etc. He has not done so yet because if he did he would lose his most important source of income.

Though the Nationalist movement is undoubtedly on the decline, Constantinople is practically blockaded and cut off from the interior by the general insecurity and anarchy reigning throughout the country. Even in the immediate vicinity of the capital along the shores of the Bosphorus, the thick columns of smoke rising skyward denote burning villages and forests set afire by the brigands.

At Bolou, a village near Heraclea, deserters and brigands have destroyed the Greek and Armenian in the Orthodox church, locked the doors and set fire to it, burning them alive.

Kemal is reported to have sworn that if he cannot achieve anything else, he will at least plunge Turkey into anarchy for the next twenty years and it looks as if he were going to succeed, thanks to the dissensions and jealousy among the Allies, which prevent them from taking effective military action against the hordes of brigands and cutthroats into which his disintegrating army is revolving itself.

THE CONDITION OF MAYOR MacSWINEY IS UNCHANGED

London, Aug. 29.—The condition of Terence MacSwiney, Lord Mayor of Cork, who is in Brixton jail on hunger strike, was officially stated today to be virtually unchanged. His sister, who visited him this morning, said he passed a restless night and was sinking and the doctors thought he might die at any moment. Mayor MacSwiney was still conscious, however, and told her "I am convinced I will not be released. It will be better for my country if I am not."

LITTLE PROGRESS MADE AT MINSK

Polish Delegates Complain of Treatment Received — To Shift Scene of Conference.

Warsaw, Aug. 29.—The Russian Soviet Government has accepted the Polish proposal for transfer of the Russo-Polish peace negotiations from Minsk to Riga-Lithuania. It was announced in a Moscow wireless message the Polish government received early today.

Definite indications reached Warsaw Saturday that but little progress had been made at Minsk conference, and that the Poles and Soviet representative agreed to a shift to the negotiations in the hope of bettering conditions generally. A wireless message from Minsk, by way of Moscow, to the Foreign Office complains further about the treatment suffered by Polish delegates. The message asserts the Commander of the Western Soviet Army placarded Minsk with posters labeling the Poles as spies and warning the people against associating with them. The message adds that the Commander destroyed the Poles' wireless, hindering communications with Warsaw.

TROOPS CALLED OUT TO QUIET RIOTS

Riots Among Striking Miners in West Virginia Necessitates Drastic Action Being Taken.

Washington, W. Va., Aug. 29.—A battalion of United States Infantry, numbering between 400 and 600, under command of Colonel Burkhardt, arrived today from Camp Sherman, Ohio, to Ohio.

A detachment of soldiers will be stationed at each mine in the strike zone from Kernit East to Dolomite, a distance of 15 miles, it was announced. Colonel Burkhardt was met by T. M. Davis, adjutant-general of West Virginia, representing John J. Cornwell, the governor, who yesterday asked the government for troops, because of the riotousness in connection with the coal strike in the Fingo field during the summer. They visited a number of points in the district and mapped out distribution of the troops. Of the sixty-five mines in the district, twenty or more have remained open during the strike, according to operators.

The retail price of sugar in Moncton has dropped one cent a pound since the decrease at the refineries has been announced. The price now is twenty-five cents. The thermometer in this city has ranged between 82 and 86 in the shade the last three days. The longest hot spell of the season.

SMALL HAMLET HARD HIT BY FIRE

Chatou Richer Almost Wiped out by Fire Starting in a Bakery.

Quebec, Aug. 29.—The peaceful little hamlet of Chatou Richer was almost wiped out this afternoon when a fire broke out in the Marquis bakery, and completely destroyed six houses. From the bakery the fire quickly spread. Without any modern equipment to combat the blaze, and with nothing but buckets to carry water the fire got considerably headway before the villagers could be recruited to stem its progress. In an hour while, however, there were many willing hands and these were further strengthened by people summing in the vicinity as by automobiles parties who were called by the firemen.

KING CALLS IT REACTIONARY TORY GOVT

Makes a Strong Bid for the Rallying of Farmers and Labor to Liberal Party.

JOIN DRIVES AND SAVE DEMOCRACY

His Plea for the Support of Farmers and Others at Brockville Meeting.

Brockville, Ont., Aug. 28.—(By Canadian Press.)—Addressing an open-air meeting, held under the auspices of the Leeds and Brockville Liberal Assembly, Saturday afternoon, Hon. W. L. Mackenzie King, leader of the Liberal opposition in the Federal House, made a strong bid for the rallying of Farmers and Labor to the ranks of the Liberal Party on the plea that it would be better for democratic forms of all classes and shades of opinion to unite against what he termed reactionary Toryism.

In laying down the Liberal platform, Mr. King stressed his claim that the right of the people to govern themselves. He contended that, at the present time, there is neither a representative parliament nor a responsible ministry.

Other speakers included a Hon. Jacques Bureau, who made strong protestations against the supposed cleavage between Quebec and other provinces, and sought to correct what he held to be misrepresentations of the oldest province. The Hon. G. P. Graham and H. J. Logan, ex-member of Amherst, N. B., also spoke.

Mr. King spoke of the war service that had been rendered by Presbyterian members and Liberal members of other parties, mentioning several by name, explaining that he did so because some of them who read the statement of Premier Mackenzie King, thought that the Union Government alone had saved the country. "In my opinion it is the worst of times in any man, especially the one who calls himself the Liberal, the country's duty to monopolize the honor of having saved the country in the war. The Liberal Party needs to see that these sacrifices are not in vain."

Shape Collector-General.

Turning to the speech recently delivered by Hon. James G. Stewart, in regard to Mr. King's meeting, he expressed the opinion that the latter would find old-time Liberals pretty scarce in the Province of Ontario, the chief of the opposition retorted: "If all the old-time Liberals indicated by Mr. Guthrie were of the type of Liberalism that would forsake all their principles for the sake of office and power, then it likely they have disappeared, but if they were men like the Hon. G. P. Graham, who refused to go into the Union Government because he was a Liberal, and still held loyalty to his old chief, then old-time Liberals are one more than ever in the past."

There were also new-time Liberals, the speaker added, who were seeing in the present situation an appeal to nobler aspirations, and these were coming in hundreds and thousands to their banner. Everywhere were groups which had democratic principles, and these groups had in common with each other and with Liberalism that their leaders supposed, and in the long run should become one and help to put into the law the liberal principles that might be. What was wanted was a union of these forces in the face of a common enemy which was reactionary and needed to be overthrown.

Outlines Policy.

Mr. King proceeded to outline the policy of the Liberal Party, which he declared, stood first and foremost for the right of the people to govern themselves. "I contend that, at the present time, we have neither a representative parliament nor have we, in the true sense of the word, a responsible ministry."

The only hope was a new Parliament with a ministry composed of men who had not the war habit, but the peace habit of mind for carrying out peace policies. The right of Premier Meighen to claim credit for his Government for winning the war was carrying out demoralization was also challenged by Mr. King.

Mr. King added to his programme of tariff policy, which would be in the way of downward revision, peace policies for the encouragement of industry and the promotion of good relations between employers and employees and open diplomacy.

In conclusion, he made a strong appeal to Farmers and Labor to unite and demolish old and progressive Tories.

Hon. G. P. Graham warned the audience against insincerity in public matters, which, he declared, was at the root of much of the world's unrest today.

FRANK DOODY KILLED IN AUTO ACCIDENT

St. John Man, of Prominent Family, Receives Injuries Causing Instant Death.

THREE OTHERS IN AUTOMOBILE

One of Whom Was Seriously Injured, While Two Escaped Injury.

Palmouth, Mass., Aug. 29.—Frank E. Doody, aged 33 years, of 700 Commonwealth Ave., Boston, was killed today on a tour of the Cape when a touring car in which he was riding left the road at East Palmouth, striking a fence. Doody, who was in the front seat, being injured in the chest. He was knocked from the car and thrown fifty feet, being badly cut and dying almost instantly.

The car in which Mr. Doody was riding was owned and driven by Joseph R. Hills, of 447 Audubon Road, Brookline. With him were: J. M. Emerson and A. C. Harrison, both of Brookline. Mr. Hills was cut by glass from the windshield, but the other two men were not injured.

The four men had been staying at a hotel in Palmouth and were driving from their hotel down the Cape when the accident occurred. The family of Mr. Doody was the New England Truck salesman for the Locomobile Company, now the Hares Motor, Inc., of 700 Commonwealth Avenue. He came from Canada three years ago. He had been an aviator with the Canadian forces during the world war.

Mrs. James H. Doody, 17 Pagan Place, and family were shocked yesterday when she received word from Boston that as a result of an automobile accident, her son, Frank Doody, had been killed, and a companion, John Emerson, had been severely injured. It was reported that the men were en route to Boston, and just outside the city, their car collided with another. No further particulars were received. The family, a brother of the young man reported killed, accompanied by Dr. Frank H. Neve, of West St. John, left on the express for Boston last evening. The family got in touch by telephone with the father of John Emerson, who resides at Brookline, Mass., and, as near as could be ascertained at that time, Mr. Emerson had not received any word of his son's fate. The family, who are anxiously awaiting further word from Boston.

Head-on Collision Near Sackville

Frank Doody is a young man well known not only in this, his native city, but all over the province, and the news will be received with much regret by his many friends.

Frank Doody, during the war, enlisted in the Air service and was in Camp Borden training when the article was signed. After his discharge from the service, he went to Boston, where he became associated with Mr. Emerson in the automobile business.

Bont Special and Grave Train Came Together — Several Receive Minor Injuries.

Moncton, N. B., Aug. 29.—The boat train, which connected with the Prince Edward Island ferry at Cape Tormentine had a head-on collision with a gravel special, Saturday evening, at Vimy Ridge on the C. N. R., a few miles west of Sackville, and what might have been a disastrous wreck was fortunately attended by no loss of life and no very serious injuries to passengers or train hands. Brakeman C. G. Steeves, who suffered the most severe injuries, had one leg badly bruised. Some of the passengers on the express sustained slight bruises and a shaking up as a result of the impact of the train.

The engines on both trains jumped and escaped injuries. Both engines were more or less damaged and derailed, and the track torn up. The collision is alleged to have been due to the gravel special crew forgetting about the boat special, and being on the main line on her time. The gravel special was standing still, and the express was slowing down as the engines came together, which accounts for the collision not having more serious results.

Traffic was blocked at the point of the wreck, some eight or ten hours.

'LONGSHOREMEN'S STRIKE COLLAPSES

Pro-Irish Women Pickets Lost Their Grip on the Water-front Workers.

Bulletin, New York, Aug. 29.—The strike of Longshoremen to protest against the imprisonment of Terence MacSwiney, Lord Mayor of Cork, which began last Thursday when 2,000 workers quit, apparently has collapsed. Everything was quiet along the waterfront today, despite the efforts of pro-Irish women pickets. No difficulty was experienced in getting men to unload incoming British ships, steamship officials said.

CARDINAL LOGUE CONDEMNS ACTS GOING ON

Shooting of Policemen Doing Public Duty He Describes as a Guilt Before God.

EQUALLY CONDEMNS REPRISAL ACTS

Thinks Ireland is Living Under a Harsh Tyrannical Regime of Militarism and Brute Force.

Belfast, Aug. 29.—Cardinal Logue, Primate of Ireland, in a vigorous letter read in the Dundalk churches today, denounces impartially the shooting of Constable Brennan, who was assassinated at Dundalk a week ago by masked men, and reprisals by the crown forces recently in Southern Ireland. He says: "The poor wretch I know to have been a quiet, upright man who never gave offense to anyone in the discharge of his duties. Am I to be told that this is an act of war, that it is lawful to shoot at any one wearing a policeman's uniform and honestly discharging a policeman's duty? I prefer to call it by its true name—cold, deliberate, brutal murder. Hence anyone who plans, encourages, aids or even sympathizes with such an act participates in the guilt before God."

Equally condemning reprisals, the cardinal says: "I know we are living under a harsh, tyrannical regime of militarism and brute force, which invites and stimulates crimes that all pretence of legality has been thrown to the winds; that those professing to be the guardians of law and order have become the most ardent violators of law and order; that they have been overruling the country and making the night hideous by raids, rifle fire, burning and destruction of valuable property; that towns have been sacked, as in the rule warfare of the earlier ages, and that innocent men and women are shot at sight, and that reckless firing in crowded places has made many innocent victims."

"And when these things are reported to the authorities, either investigation is refused, but we have never heard of punishment. All this is unjust and often falls on the innocent. Crime does not excuse crime."

Saturday's Riots.

Belfast, Aug. 29.—Belfast Saturday night riot was the most serious and popularly known as the battle of Keshmire Road. Six persons were killed and nearly forty wounded, many of them seriously. All the killed were young men, the victims of gunshot wounds.

Pinched for Pinching Watch

C. P. R. Investigator Takes into Custody a Light-Fingered Frenchman.

Fredericton, N. B., Aug. 29.—Sheriff John B. Hawthorne on Friday evening brought in a man from Madam Junction on a charge of theft. This man, a Frenchman by name of Paul Bohey, was arrested by a C. P. R. Investigator, on a charge of stealing a gold watch from a man at Magog, Quebec, five days ago. When arrested, between Madam Junction and Magog, this culprit had the watch on his person, as well as a suit case filled with articles to the value of over \$100, which had been misused by another man.

The prisoner was examined by Luke Lawson, J.P., of Madam, and was sent up for trial before the high court. He will be tried under the Speedy Trial Act, probably on Monday and before Judge Wilson.

SINN FEINERS MAKE BOLD RAID ON BARRACKS

Belfast, Aug. 29.—In broad daylight today Sinn Feiners entered Ballycastle, County Antrim, barracks and decamped with all the arms and ammunition. A well-known Republican called at the barracks and engaged the garrison sergeant and three constables in conversation, when a motor dashed up and five men, revolvers in hand, leaping out, ran past the party into the barracks. The police were too surprised to offer resistance, and the raiders got away with the booty.

SECRETARY COLBY ANGRERS PICKETS

Represents the American Nation, Not Any Group of Citizens, and Will Keep Hands off MacSwiney Case

Washington, Aug. 29.—Three members of the American women pickets saw Secretary Colby Saturday and asked him to speak for the delegation, and against the imprisonment of Mayor MacSwiney, of Cork. The secretary said he would take the request under advisement. Mrs. Gertrude Corless, spokeswoman for the delegation, replied that unless an immediate answer was given, "the administration will lose the entire Irish-American vote."

Mr. Colby answered that he represented the American nation, not a group of citizens, and reiterated that he would take the matter under advisement. The women made public a telegram which, they said, had been sent to John W. Davis, American Ambassador in London, now in New York, saying that, unless MacSwiney was released and British troops withdrawn from Ireland, a boycott against British ships and trade would be carried to every dock and wharf of the United States.

"The objectionable aspect of Great Britain's activities as a warship-merchant in the American waters is the danger of a fleet of ten British warships by Chile and almost equally bound, by dictates of self-preservation, to initiate that costly example and perhaps outstrip it. The United States is opposed to anything of any kind that promotes this 'vicious spiral' policy.

There is no disposition in Washington to attribute ulterior motives to the British government, though it is described as unusual that a government, rather than individual shipbuilders, should go to the whole sale warship business. The most likely explanation is thought to be that Great Britain is anxious, as a good shopkeeper, to clear her naval shelves of a lot of superfluous goods. The staff is fairly new and it may be in some friendly fashion, to bring our views on the subject to the attention of the British Government.

The duty collected for the twelve months was \$208,001,705, as compared with \$177,049,372 in 1918, and \$164,924,971 in 1919.

SUCCESSFUL ENDING TO HALIFAX-OTTAWA FLIGHT

The Hydroplane Piloted by Capt. Wilson Reached Ottawa Saturday.

Ottawa, Aug. 29.—The Halifax-Ottawa hydroplane flight, probably the longest of flights yet tried in Canada, ended satisfactorily Saturday evening about seven o'clock when Captain H. Allen Wilson, of Montreal, the pilot, made a graceful landing on the Ottawa River at Rockcliffe.

Captain Wilson stated that the trip was a safe and pleasant one. The weather generally was favorable. He will remain in Ottawa for a short time.

While the planned flight was only from Halifax to Ottawa, it is now stated that in a short time the trip may be continued further west, just how far it is not stated. However, some officials believe that the trip may ultimately be extended through to Victoria, B. C. It is stated that the matter is now before the Air Board and that a decision to cross the country may be reached in a day or two.

SLAP ON THE WRIST FOR JOHN BULL

Washington is Real Angry at Sale of Warships to Chilean Republic.

UNCLE SAM SHOULD HAVE BEEN ASKED

U. S. Does Not Want the South American States to Have Navies of Their Own

(Copyright, 1920, by Public Ledger Company.)

By FREDERIC WILLIAM WILE. Washington, Aug. 29.—There is considerable interest in Washington, not unshared with disapproval, over the activities of Great Britain in the direction of warship sales to South American republics. To Chile the British government has recently sold an entire fleet. It consists of the 23,000-ton dreadnought *Canalra*, a battleship of the most modern type, equipped with ten 14-inch guns; two light cruisers, four destroyers, and three minelayers. To other South American states, it is understood, Great Britain has offered to sell as large an "order" or even larger, from the over-stocked naval yard with which John Bull finds himself burdened at the end of the late war. A British naval mission has been in Chile for some time and is engaged in reorganizing the Chilean navy from top to bottom along the lines which the naval mission to Peru, which left New York today, will pursue in that country.

The United States government has lately been asked by South American states to sell warships and naval armaments of various kinds, but we have refused to do so. America's attitude is based on the theory that the key note of our South American policy, the Monroe Doctrine, is the preservation of peace among the Latin republics. The United States, therefore, is not disposed to do anything, as a government, conducive to the fomenting of military or political rivalry among South American states. HIGHLANDERS SMASH WINDOWS

London, Aug. 29.—Cameron Highlanders, troops stationed at Queensdown, who broke quarters Friday night and invaded stores and dwellings of Sinn Feiners there, were induced by their superior officers about midnight to return to their tents, according to reports reaching here Saturday. These advisers stated that all the shop windows in the principal streets were smashed and there was much other damage.

There seems to be some misunderstanding about the price of The St. John Standard is two cents per copy, not three cents. And this applies to all trains as well as newsdealers and boys.

TIPPERARY
STORM CENTRE
OF IRELAND

Police and Military Must be on Guard Every Hour of the Twenty-Four.

THINGS QUIET ON THE SURFACE

Underneath a Seething Cauldron Which is Apt to Break Forth at Any Time—Situation a Serious One.

(Copyright, 1920, by Cross-Atlantic News Service.)
By HUGH CURRAN.

County Tipperary, Aug. 28.—There is perhaps no county in Ireland that has at the present moment a worse name than Tipperary. Here the first of the police murders took place over eighteen months ago. Here a police sergeant was shot dead a few nights ago. Tipperary is, therefore, the storm centre of the trouble through which Ireland is now passing, and by which every other county in the south and west, as well as some in the north, is affected.

It is, therefore, perhaps the last week in which anyone, except myself, would think of choosing for a holiday. A hospitable invitation, however, would brook no refusal, and a personal desire to go through the disturbed area made me a willing visitor. In the vicinity of a thoroughly prosperous town, I am writing this no light heart I undertook the job of transporting my family, for with the railway service held up every time an armed policeman or an armed soldier presented himself as a passenger, one was obliged to consider the possibility of being stranded at a way-side station for an indefinite period. As it turned out, I was able to reach the famous city of Cashel without incident, and by bicycle and motor to make the rest of the journey. The town to which I was bound is on a branch railway line, but as there had not been a passenger train for a week, it was useless to attempt to make the whole journey by railway.

Police are Active.

To the casual observer, the one thing that cannot escape attention is the constant and vigilant activity of the police and military. The police patrols appear to consist of four men, some of them being ex-soldiers wearing constabulary caps. Two carry rifles and the other two revolvers of a heavy pattern. When I came out from the railway station this morning, after making an inquiry, there was such a patrol standing outside the famous city of Cashel without incident, and by bicycle and motor to make the rest of the journey. The town to which I was bound is on a branch railway line, but as there had not been a passenger train for a week, it was useless to attempt to make the whole journey by railway.

To the casual visitor, the cause of these police movements did not seem apparent. There was no enemy to be seen, no threatening instance. That, however, does not prove anything. The Army of the Republic of Ireland is an extremely elusive force. It resembles as if by magic or the crossing of an electric button, delivers its stroke fiercely, audaciously and savagely respectively, and then again as if by magic, it melts into thin air. The police and military are obliged to be continuously on the alert. They know not when the stroke will fall, whether in dark or daylight, but they know by experience that fall it will. They know no rest and no escape from eternal vigilance. Hardly a day or night passes that some incident does not arise, a patrol is shot at or disarmed, a barrack attacked, or a mail car robbed.

People wonder whether the whole population is up to the neck in the conspiracy. That is a question which the casual visitor does not ask, and if he did he would not get an answer. Certain it is that whether willingly or not, as between the police and people there is a complete line of demarcation. The majority of the people preserve the most complete silence as to what they know, and they may know a great deal, and for this reason the police are absolutely at bay in their investigations as to various outrages. The position of the police and military in these circumstances cannot be other than humiliating. They are powerless to prevent outrages and they are powerless to punish outrages when it does occur. The situation is, therefore, grave and full of even worse possibilities.

FRANCE PUTTING BAN ON DUELLING

Proposed Legislation Making it a Crime for Men to Fight a Duel.

Paris, Aug. 29.—The duel, which still exists as a regular institution in France, will be made illegal if a bill, which has been brought before the Chamber of Deputies, passes into law. One of its supporters is General de Castelnau, formerly the French Chief of Staff.

The bill sets forth that during the war such great courage was shown by every class of Frenchmen that anyone, who to increase his reputation for courage, provokes or accepts a duel, really diminishes his own prestige. Arbitration is urged for quarrels on points of honor and the following penalties are proposed for duelling:—

Refusal of arbitration: Imprisonment from a month to a year and fines from \$20 to \$200.
Wounding adversary: Imprisonment from three months to one year, and fines from \$40 to \$400.
Killing adversary: Imprisonment from one year to five years and fines from \$50 to \$500.
Second and subsequent publishing reports of duels are also to be liable to penalties.

Open Letter To Sir Thomas Lipton

A. C. Ross Urges Famous Yachtsman to Withdraw His Intention to Compete Again in Favor of Canadian Challenger.

Montreal, Aug. 29.—A. C. Ross, proprietor of the scheme under which a yacht, publicly subscribed for by Canadians and to be designed, named and skippered by a Canadian, shall compete through a recognized yacht club for the America's Cup, has written an open letter to Sir Thomas Lipton, in which he urges the Irish baronet to withdraw his declared intention to compete again for the cup in 1921, in favor of a Canadian challenger, or to agree in a proposal to make the next race a triangular contest, and, at the same time, to mutually press upon the New York Club the great desirability for a change from a semi-inside to an altogether outside sailing course, and for an entirely different class of yacht for these races.
Mr. Ross adds that the failure of the "Shamrock IV." and "Resolute" to measure up to the requirements for a really stiff breeze have resulted in "winding public interest due to the 'lack' of both yachts on that one particular date when conditions offered an opportunity for a prime test of both construction and seamanship."

The Olympic Swimming Events

Norman Ross of States Won 400 Yards Free Stroke, Vermont, Montreal, Third—U. S. Swimmers Won Final of 600 Metre Relay and Race for Women.

Olympic Stadium, Antwerp, Aug. 29.—(By Canadian Associated Press.)
George Vernot, of Montreal, Dominion champion swimmer, was third in the final on Saturday for the 400 metres free stroke contest, which was won by Norman Ross, of the United States. His time was five minutes, twenty-six and four-fifths seconds, while Vernot's was five minutes, twenty-nine and three-fifths seconds.
Vernot kept up a good pace in the first lap and made great speed in the third lap, but failed to reduce materially the distance between him and Ross.
In the last twenty metres Vernot of the United States came up with a stroke and got home in the last yard ahead of Vernot.
Vernot's swimming greatly impressed the experts who predict a great future for him.
The United States swimmers won the final of the 600 metre swimming relay race here today, creating a new Olympic record of 10 minutes, 4 and 26 seconds. The team was composed of Duke Kahanomoku, Honolulu; Norman Ross, Birmoh, A. C.; Perry McGilverry, A. C., and P. Keolaha, Honolulu.
The Australian team finished second, and the English team third. The old Olympic record, 15, 11 1/2 seconds, was made by the Australian team in the Stockholm Olympics of 1912.
The final heat of the 400 metre relay Olympic swimming race for women was won by the United States team. The team hung up a new Olympic record for the event.

PETER FAREN AND LADY GRATTEN FURNISHED THE THRILLERS

Last Day's Racing Produced Close Finishes in the Free-For-All—Other Classes Went to Favorites in Straight Heats—Large Crowd Enjoyed the Sport.

The three days' racing programme at Moosepath was brought to a close Saturday, when several thousand fans gathered to witness the three events on the card. As in the previous days of racing, there were thrills for the crowd, Saturday, the free-for-all going to an extra heat, each heat proving of the hair-raising variety.

Free-For-All

There were only three starters, but there was enough of pep and excitement from the direct to keep the crowd on edge all the way. Peter Faren, Lady Gratten and White Sox came to the wire for the word. The St. John horse drew the pole, with the Montreal horse in second position, and White Sox, driven by Major McKinnon, an the outside. Peter was acting badly, and his driver, Brickley, was unable to steady the fast pacer on the turn, and he was thrown out of the race. Lady Gratten quickly took the lead. Peter closed up the gap on the home stretch, and was making a game fight for the lead, when he again broke on the last lap, and he was thrown out of the race. Lady Gratten to the wire.

QUAKER CITY DEFEATED

Toronto, Aug. 29.—The cricket between teams representing Philadelphia and Toronto was concluded Saturday afternoon and resulted in the defeat of the Quaker City eleven by an inning on 160 runs.

Second Race Meet In Doubt

Promoters of Last Week's Racing Undecided on Holding of Exhibition Races—Propositions Out and Matter Will be Decided in Couple of Days.

Whether or not there will be a second race meet here in the near future will not be decided on for a couple of days. The management of the Thursday, Friday and Saturday races informed the Standard last night that while there was a report going the rounds that a great amount of money had been cleared on the venture, it is a fact that the promoters only broke about even, as the expenses were rather high and it was only the fine weather and the large crowd of some two thousand people who attended on Saturday that pulled them out a hole. A proposition has been put to the Exhibition Association, but has not yet been fully accepted, and another proposition has been put up to the Commercial Club. It is also claimed that the street car service to and from Moosepath Park might have been better, for although a number of cars were placed on the route, a greater number would have proved more satisfactory.

White at Boston St. John Fan Had Pleasant Chat With Hughie Jennings Who Presented Him With Ball That Ty Cobb Hit for Three Bags at Game.

Walter R. Golding, of the Specialty Film and Import Company, has just returned from his annual baseball pilgrimage to Boston, where he witnessed some pit-edged ball playing. Being a great admirer of the Detroit tigers, Mr. Golding made his plans to be at the Hub during the time that Hughie Jennings and his team were playing east. Speaking of the game last week when the Detroiters cleaned up the Red Sox by a score of 4 to 0, Mr. Golding said that he was delighted, not only with the game, but for the reason that he had the pleasure of having a shake hands with the famous manager, Hughie Jennings. He found Mr. Jennings a very fine gentleman, and before leaving to take his place in the grandstand, he asked Manager Jennings for some little souvenir, and a short time after the game started Ty Cobb hit a three base hit and when the ball was returned and a new one had been put in play, Manager Jennings called on Mr. Golding, and after introducing the ball presented it to the St. John fan, a present which the local man prizes highly.

Ottawa, Aug. 29.—Davie Black, of the Shaughnessy Heights Club, Vancouver, B. NOTABLE VISITOR IS IN THE CITY

Professor Allen Hoben, M. A. Ph. D., of Chicago, is Guest of His Sister, Mrs. W. R. Robinson in West St. John.
 Professor Allen Hoben, M.A., Ph. D., of Chicago, is a visitor in West St. John, being the guest of his sister, Mrs. W. R. Robinson. Dr. Hoben is the author of several books on the training of children and an expert in Sociology. He is professor of that subject at the University of Chicago and in Carleton College, Minn. He is M.A. of the University of New Brunswick, Ph.D. of Chicago, and B.E. of Princeton University. He was formerly field secretary of the Juvenile Protection Association of Chicago, and co-operated in the great Chicago Welfare Exhibit. For some years he was judge of the juvenile court in Cook county, Ill. He has been overseas as head of the Chicago Y. M. C. A. during the war. It was fortunate coincidence that this expert in child welfare happened to be in St. John on the Sunday devoted to that important subject, and a large congregation listened with deep interest to a practical and forceful address from Dr. Hoben last evening in Laidlaw street Baptist church.

The Inspectors Had Busy Time

Inspectors Merryfield and White Arrested Two Men Friday Night Near Lepreauz—While Taking Prisoners to St. Stephen Merryfield Landed Two More Men Near St. George.
 Being steadily on the job from Friday morning until last night Inspector Merryfield met with considerable success although having practically no rest.
 From information he received Friday evening accompanied by Inspector White and assisted by Police Officer Thomas they journeyed by automobile hired from William Donahue to a point five miles east of Lepreauz. There the inspector found where a car had been ditched but not finding the car they journeyed further along the road to a point between Lepreauz and Little River, in Charlotte county, where they overtook a Red truck loaded with sixty cases of whiskey which were being shipped by a wholesale vendor to a retail vendor in Milltown. The inspectors found a bottle of liquor in the possession of Ernest Hyatt of St. Stephen and Howard McCurdy the owner of the truck also of St. Stephen. Inspector White arrested the truck and with the two men and the sixty cases motored back to St. John. The two men were placed under arrest while the truck and load of liquor were locked up in the jail yard. During the early hours of Saturday morning Inspectors Merryfield and White transferred the liquor to a place of safekeeping where it is still being held.
 On Saturday morning Inspector Merryfield took the two prisoners in an automobile and proceeded to the Border City. When about two miles west of St. George, the inspector found two men in an automobile apparently under the influence of liquor and they were placed under arrest and taken along to St. Stephen with the other prisoners being conveyed from St. John. On arrival at St. Stephen one of the men arrested near St. George and whose name is Cameron was charged with having liquor in his possession other than in his private dwelling, and was fined one hundred and fifty dollars and costs.
 The truck is still in St. John and Inspector Merryfield returned home by auto early yesterday morning.

Amdurs Establish A New Business

Last Night This Firm Confirmed the Report That They Have Taken Over the Premises Occupied by King Square Sales Company.
 "The good tree brings forth good fruit," and this is exemplified strikingly in the development of the Amdur institutions in this city.
 For the fourth time, including their initial venture in West St. John four years ago, Amdur's announce the establishment of a new business centre, a centre fairly and squarely in the heart of the city proper and in a commanding location.
 Amdur's last night confirmed a report that they have taken over the premises occupied at present by the King Square Sales Company, and have also purchased a greater portion of the stock contained therein.
 The latest Amdur venture involves the expenditure of \$50,000, making the deal one of the most important business transactions recorded in recent local financing.
 In view of the new system of operating the cars, whereby King Square is the "hub" of the street railway service, it will be instantly recognized that Amdur's have obtained a strategic position in the St. John business world that is of no small measure of importance.
 A brief review of the remarkable development of the Amdur's shops will serve both as an example and inspiration to other business houses and as proof positive of the opportunities in St. John awaiting merchants who have confidence in the city and who desire to advance their own and the city's interests.
 In 1916 Amdur's opened a store at the corner of King and Laidlaw streets, West End, in the premises formerly held by Parsons. Brick business from the start and a steadily increasing patronage from the city proper and the North End compelled the establishment of an East Side shop on Union street.
 Pressure of patronage in West St. John determined the purchase of Baikin's corner and the opening of a store in that commanding and historic location, and finally Amdur's have the start and a steadily increasing patronage from the city proper and the North End compelled the establishment of an East Side shop on Union street.
 Beginning September 15 next, Amdur's institutions will assume full control of the premises and stock of the King Square Sales Company and will at once commence renovating and improving their new centre, which is held under a long term lease.
 All four floors will be given over to carpenters, painters, etc., to be put in first class shape for the efficient operation of a business commensurate with the high standard of the Amdur institutions, and when finished will be strictly up-to-date in appointments and equipment. The top floor will be reserved as a stock room, and the remainder of the space will be devoted to the convenience and service of the Amdur patrons.
 The lighting system planned will make the new Amdur centre most attractive and will add considerably to the brightness of King Square at night.

WEDDINGS.

Hamilton-Cochrane.
 A wedding of much local interest was solemnized on Saturday at 7 a. m. in the Laidlaw Street Baptist Church, West St. John, when Miss Edminie Gertrude Cochrane was united in marriage to Hazea A. Hamilton, both of West St. John. The ceremony was performed by Rev. W. R. Robinson, pastor of the church, of which both are valued members.
 The bride was becomingly gowned in a traveling suit of navy blue serge, with hat to match. She was given away by her uncle, Andrew Harned. The wedding march was played by the organist, Miss M. E. Mullin. The church was artistically decorated for the occasion with autumn flowers.
 The bride was the recipient of many valuable gifts, testifying to the esteem in which she is held. Among the gifts were a silver cake basket from the Sunday School of the church, where she is a valued teacher; an umbrella stand from the Young People's Society, where she holds the office of president; and from the Relief Society, of which she is secretary, a beautiful silver casserole dish. The groom's gift to the bride was a substantial cheque.
 Mr. Hamilton received a gift of a silk umbrella from the Men's Bible Class, and from the Union Foundry Co., where he is a popular employee, a purse of gold.
 Immediately after the ceremony, Mr. and Mrs. Hamilton, followed by the good wishes of a host of friends, left for a short wedding tour of the province. On their return they will reside at 88 Laidlaw street, West St. John.

THE CANADIAN FORESTRY CAR

The Association Has on View at the Depot a Most Interesting Exhibit of Forest Products and Other Articles Having to Do With Forestry.
 The Canadian Forestry Association has now on view in their special car, which is standing in a siding at the Union Station, a most interesting exhibit of forest products and other articles having to do with forestry, which it is worthy of every one to call and look over. In view of the importance to the province of its forest wealth, it would be just as well for the public to be as well informed regarding forest matters as possible, and the presence of the car here will afford quite an education to all those who care to go and look through the various exhibits it contains. Those in charge will give any enquirers all the information they are likely to require. There is no charge attached.

Glad To Be Rid of Them.

 An improvement.
 "One-third of bathing suits" reads a morning newspaper advertisement. An improved design, no doubt.

OBITUARY.

Mrs. Leonard LeBlanc
 Many friends regret to hear of the death of Mrs. Leonard LeBlanc of Kingsville, which took place yesterday morning in the General Public Hospital, after a brief illness. She leaves, besides her husband, five sons, four daughters and one sister. A large circle of friends extend sympathy to the bereaved ones.
 Mrs. Emily M. Pershouse
 Sad news came Saturday to H. E. Wardrop, common clerk of the city, in an announcement of the death of his sister, Mrs. Emily M. Pershouse, widow of Frank Pershouse, which occurred on Aug. 15 in Cheltenham, England. Mrs. Pershouse was a daughter of the late John Wardrop of Manchester, England. Friends of the popular city official will deeply sympathize with him in his bereavement, especially those who had the pleasure of meeting Mrs. Pershouse when she visited her brother here some twenty-four years ago.
 Mrs. Annie M. Humphrey
 Many will regret to hear of the death of Mrs. Annie M. Humphrey, wife of Charles E. Humphrey, which took place suddenly at her home Friday in Winnipeg at the age of twenty-nine years. She was the eldest daughter of Mr. and Mrs. Andrew M. Storm, of 11 Pine street, St. John, who had left to see their daughter, but who had been reached and informed of the sad news. A large circle of friends extend sympathy to the bereaved one. Besides her husband and parents, Mrs. Humphrey leaves one brother, Frederick W. of the Toronto police force, and two sisters, Miss Jennie of the Canadian west and Mrs. Jennie of the North End. The body will be accompanied by the husband to the city where the funeral service will be held and interment made, but announcement of the funeral arrangements has not been made yet.
 D. A. MacKendrick.
 Woodstock, N. B., Aug. 26.—Many friends will regret to hear of the death of Mr. D. O. MacKendrick, last Sunday night, Aug. 22. He was very seriously injured early Sunday morning by falling down a flight of stairs in his home and although everything that science could suggest was done for him, he passed away the same day. It is thought that in going to the bathroom he had become faint and made a wrong turning, but this is only a surmise, as he never regained consciousness after falling.
 Mr. MacKendrick was born in Richibucto, Kent Co., in the year 1848, but has lived in Woodstock for the past 35 years. He was an old railroad man, having helped to build the old N. B. Railway, and later when this road became a property of the C. P. R. was engaged in different capacities with the C. P. R. for more than forty years, but had been retired for some time.
 He leaves to mourn their great loss a loving wife, two sons, Neil D. of Woodstock and Donald R. of Rockford, Ill., and two daughters, Mrs. Peter Clark, Conacord, and Miss Gertrude, at home, and six grandchildren, Donald Alan MacKendrick and Gordon and MacKendrick Clark, Harold, Gertrude, Mary and Ruth Clark.
 Prayers were held at his residence at 2:30 Wednesday afternoon, but the funeral services were held at 7 a. m. in the Laidlaw Street Baptist Church, West St. John, when Miss Edminie Gertrude Cochrane was united in marriage to Hazea A. Hamilton, both of West St. John. The ceremony was performed by Rev. W. R. Robinson, pastor of the church, of which both are valued members. BEARS RAIDED VOLATILE STOCKS

Were Successful for a Time, Driving Many Shares Down — Recoveries Made at Close.

New York, Aug. 29.—Bears tried to take advantage today of the absence of a large number of traders by raiding some of the more volatile stocks, especially those comprising the steel, equipment, oil and other popular issues.

They were successful for a time, despite being in the throes of a precipitated decline of almost 8 points. Related shares were depressed 1 to 3 points, but rallied briskly in the later dealings. Reversals marked the end of the recovery.

The clearing house statement fulfilled expectations in that quarter. Trading in bonds was fairly active, but featureless, a better tone ruling for most domestic issues, covering the foreign situation with steadiness to foreign flotations. Total sales, par value, aggregated \$2,925,000.

U. S. Federal Employees Claim Same Ruling in Regard to Political Activities Applies to Executive.

Washington, Aug. 28.—Strict enforcement of the civil service rule preventing political activity on the part of the Government employees should apply to cabinet officials as well as other workers in the Government service, according to the statement made today by Chas. RUSSIAN BALLET FIGURES IN PAINTINGS
London Exhibition Show Works of Mrs. Laura Knight.

EDMUND DULAC FAMOUS ILLUSTRATOR
Has Excellent Cartoons of Well Known Persons.

By MARK ZANGWILL
(Copyright, 1920, by Cross-Atlantic News Service.)
London, Aug. 27.—Water-colors by the late Alfred Parsons, R. A., paintings and drawings by Laura Knight, and cartoons and water-colors by Edmund Dulac are being exhibited at the Leicester Gallery, Alfred Parsons, R. A., who was also president of the Royal Water-Color Society, is represented by a number of pleasant landscape, bright and attractive in color, though rather obscured in the metallic, care in which detail is rendered. Nevertheless, they possess considerable charm. The other two exhibitions are much more stimulating.

The Russian Ballet.
With the exception of Mrs. Swankerton, Mrs. Laura Knight is England's most accomplished woman artist. She is very clever, and possesses exceptionally good facility and power of expression. Only in the matter of significant design is she at times unskillful. In her paintings of "The Russian Ballet," studied both before and behind the scenes, all the powers and limitations of her vivid and spontaneous art are displayed. Among the most successful is "Pavlova Taking a Cell," a harmony in green and gold; the slim figure of the dancing dancer is bent double so that only the back of her head is visible. "In Pavlova after the Performance," she is seen exhausted, clinging the green curtain, while her dresser lovingly folds a shawl around her. Kuravina is the subject of several pictures and sketches. "Kuravina and Maslennik," "Ouse de Feu" is the best of these.

The least interesting are the scenes behind the scenes, with their picturesque groups awaiting the call. There is a very charming touch in "Peeping Through the Green Curtain," a girl dancer in red surveying the audience through a crack in the curtain. Mrs. Knight's colors are always bright and harmonious, but her groups are often too scattered and mar the unity of design.

Somebody's.
Mr. Edmund Dulac, the famous illustrator, makes his debut as a cartoonist, and in a large number of pen and ink drawings, entitled "Somebody's," everybody who is anybody becomes the butt of good-natured humor. The drawings are very clever, for Mr. Dulac has a most expressive line, and his caricatures of celebrities are excellent; the physical characteristics of the various representatives of Politics, Labor, Science, Art, Literature, etc., being admirably hit off. Here are some examples of Mr. Dulac's humor: Conan Doyle, discovered by the acrobats of the circus, is here and crockery, while bells, concertinas and trumpets are active in the air, remarking, "Ready, my dear Watson—"; Dostoevski performing on the keys of the typewriter, producing a proclamation; across his grand piano meanwhile the speakers have spun; Mr. Baifour relaxing his long limbs on the grass at San Remo, with the Temple of Pax in the background, while a butterfly perches on his arm. Epstein, the sculptor, regarding a little "fleur-de-lis" a suggestion for a new masterpiece to represent the true Napoleon. Mr. Asquith and Lord French

as rival newboys, each shouting horrible rebuffs about the other; D'Annunzio flying a wooden Pegasus with aeroplane wings; Bernard Shaw sitting on the British Lion, reading Nietzsche. Lord Robert Cecil as Pygmalion, "Will she (the League of Nations) come to life." The drawing of Lenin and Trotsky's a masterpiece, barely more than a simple outline is employed in any of these cartoons. Other drawings by Mr. Dulac in the gallery are clever illustrations of Greek mythology. They are as busy in invention, design, and color, as his illustrative work always is.

D. Y. Cameron, R. A.
At the Elder-Gallery in Great Marlborough Street, there is an interesting exhibition of paintings, water-color drawings and etchings by D. Y. Cameron, who is one of the latest R. A.'s. It is a very distinguished collection, and his painting, if somewhat monotonous, being usually severely restricted in color. Possessing a quiet charm of its own. Most of his subjects are drawn from Greek scenery, mountains dark and dramatic, such as "Ben Volc," or quiet and solemn as "Bon Crucifix," near Looe, Ave. His water-color sketches of "Cassio's Tavern," "Covey," "The more joyous note," "Spring in Strathmore" is delightful in its pale, tender tones. His etchings of "Dinner Room" and "A Norman Village" are both excellent.

At 20,000 Guinea Raeburn.
At the Glencairn sale at Christie's, the extraordinary sum of 20,000 guineas (\$165,000 nominally) has just been obtained for Raeburn's picture of the Macdonald children. The canvas measures 58 inches by 44, and depicts the four Macdonald children. They are indeed precious youngsters. Twenty-five years ago the picture brought only \$15,000. Another instance of the remarkable fluctuation in value of picture works, at the same sale, is that of Reynolds's portrait of the Earl and Countess of Ely, which brought £25,000. In 1881 it realized only £20,000 (about \$3,000). Corv's "The River Meadow," painted in 1856, went for 3,600 guineas (\$18,000), a sum, as it has been remarked, probably more than the entire Barbizon School made in 1870.

HAS ADOPTED ORPHANS.
Mrs. Emmeline Pankhurst's Chautauk tour through the western provinces was continued recently and she has gone to Victoria, B. C., where she will be a guest at the James Bay hotel for some time. Mrs. Pankhurst's three adopted children, with their French governess, will join their foster mother at Victoria. The children are war orphans whom Mrs. Pankhurst has taken as her own. A fourth child is being taken care of by Miss Elizabeth Pankhurst.

PADEREWSKI'S STORY WRITTEN BY HIS WIFE.
Warsaw.—Miss Paderewski who has just returned to Poland after an absence of some months in Switzerland, has announced the completion of her work on the life story of the Polish statesman-musician, which she has entitled "My Husband." The book, which will reveal many intimate details of the first Polish Premier's artistic and political struggles, will shortly appear in the United States.

Fasteners for Ironing-Board Cover.
The metal clasps from discarded these supporters may be used for fastening the family ironing board cover by attaching a clasp to each end of a sheet piece of elastic. Several of these fasteners are prepared and applied to the edges of the cloth on the underside of the board. These fasteners can be removed almost instantly.

The world's at war with tyrants—shall I crouch?—Lord Byron.
There is considerable talk in England of a general sympathetic strike of all workers if the miners lay down their tools; but, in the opinion of this official, it will not be because labor, on the whole, is in sympathy with the strike, but because many factories would be forced to close down

FEATHER TRIMMING AT PETTICOAT HEMS
Sixty Dollars Asked for a Three-Piece Crepe de Chine Set of Underclothing—There is of it is Embroidered, Stencilled or Appliqued.

By LYDIA K. COMMANDER, (Cross-Atlantic Newspaper Service.)
London, Aug. 27.—Extraordinary in women's underclothing bids fair to beat anything they can wear on top. Sixty dollars is asked for a three-piece set of crepe de chine underclothing, and customers are asked to decide quickly, as there is such a demand for the sets.

It is true they are beautifully made—although there is not much making in them. The work lies in the embroidery, and this becomes more and more elaborate. Baskets of flowers in ribbon work are popular; so are roses, dotted all over the garment. Some garments are hand-painted, some stencilled, others have pink applique-work on a white ground. Petticoats have wide ostrich feather trimming round the foot. Fine garments trimmed with real lace as much as \$45 to \$60 is asked. Colors vary from steel pink to orange.

LABORITES OPPOSE STRIKE OF MINERS
English Workers Against Threatened Move, But Afraid to Interfere.

Special Cable Despatch (Copyright, 1920, by Public Ledger Co., London, Aug. 29.—Organized labor in England is, on the whole, opposed to the threatened strike of the miners. Its leaders are afraid to interfere, said one of the chief officials of the general Federation of Trade Unions today. He added: "Some of us have political ambitions and, not wishing to incur the enmity of the miners, we dare not speak our minds."

Young, Inexperienced Leaders.
He pointed out the impossibility of their being able to obtain nationalization by force and the elimination of competition as long as they have no control over internal affairs of other countries. He verified statements often made by the British press, which with one exception, opposed the strike, that miners now receive higher wages than the majority of other workers.

General Strike Not Probable.
There is considerable talk in England of a general sympathetic strike of all workers if the miners lay down their tools; but, in the opinion of this official, it will not be because labor, on the whole, is in sympathy with the strike, but because many factories would be forced to close down

Closing of The Playgrounds
Successful Season Was Closed Saturday With Short Programme—Exhibition of Handicraft and Presentation of Prizes.

Playground closings were continued on Saturday, Cantonment and Aberdeen ending a successful season with a short programme, exhibition of handicraft and presentation of prizes. At Cantonment, where Miss Trenkover and Miss McLeod are teachers, the exercises consisted of very pretty drills, a rainbow drill and a flag drill being creditably given by the children. Amy Williams received a prize for general efficiency. At the close of the programme, one of the children presented the teachers with a box of stationery. A special feature among the exhibit of handicraft was a cot quilt which was very neatly made. About fifty children attended.

Aberdeen.
Circus games, a flag and baby drills, relay races and stunts given by the boys made up an interesting programme at the Aberdeen grounds closing. There were some one hundred children present and all appeared to take deep interest in their work and play. A hooked mat was greatly admired by the visitors who praised the handicraft articles which were on view. Miss Fleet and Miss Mooney are the teachers at Aberdeen. Prizes were won by the following children: Ora McGilch, Gladys Grahams, Ralph Wannamaker, Arthur Wannamaker, Millie Parsons, Elizabeth Parsons. Mr. Peters treated the children to ice cream which was thoroughly enjoyed by the boys and girls.

Ancient Chivalry Totally Eclipsed
You have frequently read of the heroism and sportsmanship of the olden days among the Greeks. It seems like a real coincidence that, with the advent of the Olympiad, the ancient Greeks have been outdone in chivalry. H. Wieslander, of Sweden, who finished second to Thorpe in the decathlon, the recognized world's all-around athletic champion at Stockholm in 1912, was awarded the prizes and honor when Thorpe was subsequently disqualified, charged with professionalism.

The King's Hand-Me-Downs.
That story about King George buying ready-made is much more likely to be cut out of wholecloth than the suits themselves.

It may be alright for J. J. Morrison.
Secretary of the U. P. O. to go up and down Ontario defending the real system, but a whole lot of Farmer members wish it were applied to him.

MOVIE NEWS.
Al. E. Christie, maker of famous screen comedies, has just completed what he considers to be his masterpiece—the screen adaptation of "So Long, Laddy." The screen version of this celebrated comedy success was produced and personally directed by Mr. Christie in six rollicking reels. The picture will be released shortly by Robertson-Cole.

Mac Marsh, the whimsical comedienne of the silver screen, whose retirement from the screen two years ago was deeply lamented by her friends and admirers, will shortly be seen again. Miss Marsh has contracted with the Robertson-Cole Company to deliver four super-special productions a year for a term of years. Directed now by John G. Adair, who was behind the megaphone during the making of "The Wonder Man," the Georges Carpentier production, work on Miss Marsh's picture began this week at Hollywood, California.

AFTER THE POLO CUP IN JUNE 1921
The Polo Association of the United States never does anything by halves. It has challenged for the International Cup now held by England. The matches will take place at Hurlingham in June, 1921. Although one year away, the association believes in preparedness. It has appointed a committee to sum up its resources, which means players and mounts to do their share in equipping a team with the fastest bit of horses that can be procured in America. As for players a series of final or test matches are to be held during July and August on fields where the turf admiest of hard and soft play.

Corncobs Yield Rare Dyes at Little Cost.
Of importance to the dye industry is the recent discovery that furfural, or furfuraldehyde—a dye base—can now be extracted, like cellulose, from the common corn cob, and at a cost of only 10 cents a pound. This colorless, oily liquid has previously been obtained only in the laboratory, and at something like \$17 a pound. In consequence of this announcement the despoiled corn cob will take on considerable commercial value. In the hands of the chemists it will yield dyes of a vivid green, in addition to the rare brown and blue vat dyes.

The Only Dessert of This Kind
There are numerous forms of quick gelatine desserts. But Jiffy-Jell is the only one with the real fruit flavors sealed in glass. They crush the fruit, condense the juice and seal it. A bottle of the liquid fruit essence comes in each package of Jiffy-Jell. In a moment's time you can prepare a delicious fruit dessert. Sugar is used in Jiffy-Jell—not saccharine. And real-fruit flavors in place of artificial. It will give you a new conception of these delightful dainties. Jiffy-Jell is often used in place of jam, marmalade, etc. Additional sugar may be used to suit the taste.

(Continued from Saturday.)

By GEORGE AGNEW CHAMBERLAIN

They were very silent on their way to dinner at the Knickerbocker, but they exuded an aura of tense expectancy that made nothing of the barrier between them and the car pilot, who soon felt himself lifted and carried on his way. Something was cooking beyond a doubt and he had been determined to stick a fist into the door of the place just before the smell of burning.

There is nothing more stereotyped than a night run before the fever hours of New York. It is invariably a four-act play that starts with a single cocktail and a tasty dinner goes on to a show peppered with double meanings, thickens at the cabaret in the close harmony of booze and dance music and finally bursts "somewhere in the country."

The first act was easy for Randolph; he went on with the villain and the leading lady, but once the revolving doors of the hotel clicked on their backs, he had to withdraw on the wings and dope out a means of evolving from a super into a star of the first magnitude. He decided that it didn't much matter what the couple from dinner to the show, but that the next extract would hold the crux of the night's entertainment, for the cab that secured the freight for the night would stand a good chance of nailing it after the ball.

Consequently he was content to pick up a gutter-snipe and then trail his prey to the theater. "There is the play," he said to his ally, "suborned with the promise of two bits, cash on delivery, 'the John with the high hat and the dream-dame in smoke-colored chiffon.'"

"That's some name for a skirt, Cap," said the extreme youth admiringly, "an' some skirt, believe me. Nor! I won't forget 'em."

No sooner had Mr. Randolph said the words than the snipe, who had been down-burden on his arm, whistled down from the theater with the anxious look on his face of a man with three cars in his garage at home and no call number in his left-hand waistcoat pocket, than the imp was at his side.

"Say, mister, wanter taxi? Got one at the head of the line that I'd give up just to youse for a dime."

"Lead me to it," said Mr. Randolph, and having smaller change, never the less gave his mentor a quarter to add to the fee from the other side.

THE WEATHER.

Address Delivered In Ludlow St. Church

Last Evening Dr. Allen Hoben of Chicago Preached a Powerful Sermon on Subject "The Church and Child Welfare."

"The test of a city's civilization is the way in which it treats its children." "The church has fallen down in her own specialty." "Parental ownership is going by the board."

The sermon was entitled "The Church and Child Welfare," and Dr. Hoben showed that in the stupendous task before her the church is falling sadly in many things which have been especially entrusted to her teaching of religion. He stated that religious teaching, because of denominational divisions, is impossible in the public schools, and that only two-fifths of the children of school age are receiving moral education from the Protestant church.

AROUND THE CITY

DIVERS RETURN Fred Doyle and son, local divers, have returned from Dipper Harbor, where they have been working on weir bottoms and putting ledges out.

NO BRITAN ST. CARS On account of the city paving work on Prince William street, there will be no street cars run on Britain street for the next four or five days. All cars will proceed along St. James street.

MAP WANTED The board of trade of Bangor has written the secretary of the St. John board of trade asking for a map of the city and offering to exchange one of Bangor. The request has been complied with.

IS RECOVERING Friends of Henry McEachron will learn he is recovering from injuries received during a game of ball last Wednesday. He received several stitches in his knee cap. While recovering slowly, he will be unable to leave the house for a couple of weeks.

EARLY MORNING BLAZE The fire department was called out about 4 o'clock on Sunday morning to extinguish a small fire in the York Bakery on Franklin street. It is said that the fire started in some flour bags that were placed too near the oven. The fire was quickly extinguished, little damage being done.

PLENTY OF HAKE It is reported that the good run of sardine herring down the bay has slackened off considerably. While the run was good the fishermen were receiving five dollars per hoghead. At the present time there is a large run of hake, and the weirs are being filled with these fish.

A GENTLE HINT Last evening a citizen remarked that as many thousands of people would journey to the exhibition next week along Sydney street, that it would be a good idea to make some repairs to the sidewalk along that street from Queen clear down to the buildings, as he stated the walks were in rather bad condition.

VITAL STATISTICS The deaths reported by the Board of Health for the week ending August 28, numbered 9, as follows:

REGULAR FAIR VALE SUNDAY SERVICE

Large Attendance Yesterday Afternoon Listened Attentively to Sermon Preached by Rev. J. A. MacKeigan of St. Davids.

The regular Sunday afternoon service was held yesterday in the hall at Fair Vale. Rev. J. A. MacKeigan, of St. David's church, who so kindly came to Fair Vale, preached, and prior to the sermon stated that it certainly was a pleasure to address such a large congregation as that which was assembled in this hall today. He considered it a grand idea for the summer residents of Fair Vale to hold these meetings every Sunday, and reminded those present that he would be pleased to do so at any time assist in these services. Miss Blenda Thomson sang for a solo, "Nearer My God to Thee."

The preacher for next Sunday will be the Rev. Mr. Dowling, of St. Andrew's church. There will also be one or two soloists on this occasion. This will conclude the services at this popular summer resort for this season.

Presentation To Beloved Pastor

Congregation of St. John the Baptist Church Last Evening Showed Pleasure on Restoration to Health of Rev. A. W. Meahan, D. D.

A tangible expression of the pleasure that they felt on the restoration to health of their beloved pastor, Rev. A. W. Meahan, D.D., was given last evening by the parishioners of St. John the Baptist church, when they presented him with an illuminated address, accompanied by a substantial sum of money. The address was read by Thos. L. Killen, and the presentation took place immediately after the singing of the Vespers. Included in the large congregation present were a large number from the other parishes of the city, who rejoice with those of St. John the Baptist on Father Meahan's resumption of his priestly duties.

The following is the address in full: To Reverend Arthur W. Meahan, D.D., Reverend and Dear Father:—We, your parishioners, desire to give expression to our pleasure at having you again in our midst. We followed with anxiety the course of your illness, and feel deeply grateful that you have been so far restored to health as to permit of your resuming your priestly duties. During your long service in the Cathedral parish, all of us had occasion to admire the way in which you went about doing good; and most of us had the honor of your personal acquaintance. We were accordingly de-Blanc appointed you to his pastorate, and permit us to assure you that your year in charge of St. John the Baptist parish has been fruitful in rich results. Indeed your enlightening and sanctifying influence has penetrated far beyond the confines of this parish. Your eloquence, known over a large part of eastern Canada, has touched our hearts and improved our knowledge of our holy religion; the example you have set us of the true Catholic gentleman has been an inspiration to our young men, and your holy life an unspoken sermon to us all.

We sincerely hope and will pray that God in His goodness may grant you a speedy restoration to your old-time health and vigor, and that you may long continue to be, as you have been through the years gone by, our respected, beloved and devoted pastor.

As a mark of our regard for you, we hand you this gift from the people of St. John the Baptist parish.

THOS. L. KILLEN, DANIEL B. GRIFFITH, JOHN M. ELAIORE, Committee.

In reply Dr. Meahan said that he was very glad that he was sufficiently restored to health to be able to return to his parish, and he expressed his deep appreciation for this manifest expression of their esteem.

He had offered up his first mass since the eighth of July in the morning and he appreciated the fact that he was able to work once more for his people who had always shown him the greatest respect, obedience and love. During his absence they had offered up continually prayers to the Heavenly Father for his speedy recovery, and he assured them that, if God spared him, he would do all that he could to promote their spiritual and temporal welfare.

PENDER EMPLOYEES ENJOYED OUTING

Annual Picnic Held Saturday on Grounds of the Fair Vale Outing Club—Baseball Match, Supper and Dance.

On Saturday afternoon the employees of Pender's Nail Works Ltd., held their annual picnic on the grounds of the Fair Vale Outing Club. The weather was all that could be desired, but at one stage, of course, the sun being at its height made it rather warm. In the afternoon a ball game on Fair Vale's diamond was held between two teams from the Pender works, one from the office staff, and the other from the mechanical. Nine full innings were played, in which the office staff came out victorious. Supper was served on the club grounds, after which the office staff, who were victorious, challenged the Fair Vale boys to a game of ball. The challenge was accepted, and all hands proceeded to the ball ground; but it was so late that only two innings could be played, darkness coming on so rapidly that the ball players had great difficulty in seeing the ball. The score stood 4 to 4, after which the Pender men prepared for their home journey.
