W. S. Fisher of St. John Discusses Canadian Issues at C. M. A. Banquet

### CO-OPERATION NEEDED TO BUILD NATION

Welcome the Immigrant Who Intends to Become a True Canadian.

Quebec, June 9.—The fiftieth annual convention of the Canadian Manufacturers' Association came to a conclusion this evening with a banquet in the Chateau Frontenac. The chair was taken by the new president, W. S. Fisher, of St. John, N. B., and the speakers of the evening were Sir Charles Fitzpatrick, Lieutenant-Governor of the Province of Quebec; Sir George Foster, acting Premier of Canada and minister of trade and commerce, and James E. Emery, Washington, counsel of the national association of manufacturers of the United States.

Mr. Fisher, in the course of his remarks at the banquet, said that if their ancestors won this country from nature, and if men of the present generation defended it from a worse enemy, surely succeeding generations could keep it. Canadians have three kinds of interest—national affairs, the affairs concerning the group of nations which comprise the British Empire, and, thirdly, international affairs. Everywhere the forces of separation, rebellion and unrest, in other words the forces that tear apart had been working and Canada had not escaped. Here, too, they had had dissension, strikes, disputes, hostility to constituted authority; a desire to have everything new and to put away everything old was not new; an extraordinary amount of ignorant babbling from press and platform, and even the pulpit, about subjects which have passed mankind for centuries, and which, each would settle immediately according to his own plan.

What could mend this situation but the contrary influences of moderation, fairness, conciliation and co-operation. What could make it progress except the united effort of moderate-minded men and women, who were not easily swayed by every new theory and yet whose minds were not closed to new ideas, who wished to proceed carefully, to regard the teachings of experience and to build on sure foundations. Let them welcome the immigrant and help him to settle in Canada's great agricultural lands. As Canada could not depend entirely on a natural growth of population, immigration had to be encouraged. But they did not want more unemployment. Hence, they required wise immigration laws.

## BRITAIN PLANS SILESIAN DRIVE

Would Advance Neutral Line in Many Places and Push Poles Back.

London, June 9.—Great Britain is now urging on France the insincerity of the neutral zone in Upper Silesia, and the necessity of re-establishment of the authority of the central commission throughout the entire zone. This would involve pushing back the Poles on an extensive scale. It has already been begun by British forces, and of making a slight adjustment of the German line. This proposed action against the Polish insurgents, it was stated today in official circles, is the logical sequence to the ultimatum sent to Germany demanding the withdrawal of the troops of General von Hofer, leader of the German defense forces. It was reported yesterday that Germany had acquiesced in this demand.

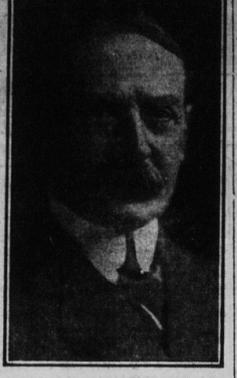

### UNION TO ACT.

Sydney, N. S., June 9.—If it can be proved that striking railwaymen at Sydney mines had anything to do with yesterday's attempt to dynamite a Nova Scotia Steel and Coal Company passenger train with 200 miners on board, the offenders will be expelled from the railway brotherhoods, which will make no attempt to save them, nor to restore them to their former positions when the strike is finally settled.

### KING GEORGE DESIRES INVITATION TO DUBLIN

London, June 9.—A high official in Belfast is quoted today by the correspondent in that city of the Evening News as stating that a hint has been given those connected with the Southern Irish parliament that King George, if invited, would visit Dublin to participate in the opening of that body.

## New C. M. A. President

W. S. FISHER.

St. John business leader, who has been elected president of the Canadian Manufacturers' Association at the annual meeting at Quebec.

## QUEBEC PREMIER OPPOSED TO ALL CANADIAN CODE

"Your English and Our French Laws" Will Not Blend Says Hon. Mr. Taschereau.

### PRIVY COUNCIL SAVES MINORITIES

But Questions if Sometimes Imperial Judges Know Much About Canada.

Toronto, Ont., June 9.—Speaking in acknowledgment of the honorary degree of doctor of laws, conferred upon him this evening by the University of Toronto, Hon. A. L. Taschereau, prime minister of Quebec, said that he was sure it was the intention of the University to mark thereby the good relationship that exists among the leagues of nationality and the respectability that all true Canadians were happy to see was maturing between the two great provinces of the dominion, Ontario and Quebec.

He made a special plea against the throwing into the melting pot of "your English and our French laws." They would not blend and the result would be unsatisfactory to both provinces.

### Privy Council Appeals

Speaking of appeals to the privy council, the premier asked "why leave the ultimate interpretation of our laws to men who often know very little about Canada?" but pointed out that objections to these appeals do not, as a rule, come from the French province of Quebec. Nevertheless, he thought the privy council was a protection for minorities.

### In regard to an all-Canadian code of law, Premier Taschereau thought that his advocates were chasing a mirage about Canada" but pointed out that Canada inhabited by two great races, each retaining its ethical traditions and ideals, uniformity of laws was an impossibility.

## 'Longshoremen End Halifax Meeting

J. C. Tighe of St. John is Elected a District Vice-President.

Halifax, N. S., June 9.—The Atlantic division of the International Longshoremen's Union will hold its annual convention in Montreal, it was decided in the session of the 1921 convention of that board here this afternoon. Election of officers for the division resulted as follows:

President—Joseph P. Ryan, New York, (re-elected.)  
Vice-President—Bernard Cavanaugh, New York, (re-elected.)  
Secretary-Treasurer—William F. Dempsey, Boston, (re-elected.)  
District Vice-Presidents—Michael D. Colten, Halifax; James E. Tighe, St. John, N. B.; Michael McDonough, Portland, Me.; John E. Mullen, Boston; Thomas McGrath, Brooklyn, N. Y.; George Briegerman, Baltimore, Md.; George W. Millen, Hampton Roads.

## Claim Grand Trunk Not in Good Repair

Montreal, June 9.—Detailed evidence was furnished today before the arbitration committee sitting to enquire into the value of the Grand Trunk System prior to its acquisition by the Dominion Government, tending to show that the line was not in such good shape as the company's experts had indicated and this evidence took up the whole of the day, most of it being very technical. It dealt with local conditions at a number of Ontario points and was supported with photographs showing each spot touched upon.

## SHIP PIERCED BY BERG MAY GO TO BOTTOM

'Charlot' Reports Water is Now Rising in the Engine Room of Vessel.

### FIRST VICTIM IS SAFE AT ST. JOHN'S

Dense Fog Hides Numerous Bergs Floating off the Gulf.

St. John's, Nfld., June 9.—The United States freight steamer Charlot, which struck an iceberg about 200 miles off the Newfoundland coast last night, reported late tonight that the water had reached the fire room and asked the nearest steamer to stand by.

### Seapool in Port

The British steamer Seapool, which struck a berg early Tuesday morning 300 miles off the coast, arrived here tonight with word that when nearly 100 miles east of this port she had picked up a message from the Charlot asking for assistance. The Seapool's master expressed the opinion that the steamer was probably sinking, but that the berg would be rescued by ships in the vicinity. A dense fog and numerous icebergs off the coast make navigation very difficult.

## SETTLE HALIFAX MILK STRIKE

Two Cent Drop in Price Split Between the Farmers and the Dealers.

Halifax, June 9.—The "milk war" which has curtailed this city's supply of milk since the first of June, came to an end today when representatives of the producers and distributors at a conference called by Mayor J. S. Parker, agreed in the matter of prices.

Beginning tomorrow morning regular deliveries will resume, consumers paying fourteen cents per quart, of which eight and one-half cents will go to the producers. This agreement is a compromise between the dealers who refused to pay more than eight cents per quart, and the farmers who insisted upon a nine cent payment. The agreement is to stand for twelve months, unless there should be an increase in the price of feed for cows.

## Suggests Zone Plan For Maritime Rails

Ivan C. Rand Against Insularity of the Atlantic Coast Provinces.

Halifax, N. S., June 9.—Strongly scoring the politics "which corroded Maritime affairs" and urging united action on the part of the Maritime Provinces, Ivan C. Rand, official representative of the New Brunswick government on the Maritime freight rates delegation which recently visited Ottawa, addressed the Halifax Commercial Club at its weekly luncheon here today. He pointed out that the railway question in Nova Scotia and New Brunswick, Mr. Rand, decidedly opposed a divorce of the intercolonial system from the trans-continental lines.

### Suggests Zone System.

He suggested that some solution of the freight difficulties might be found in the adoption of a zone system. He pleaded against insularity.

## Sinn Fein Activities Are On The Increase

Twenty-Four Members of Crown Forces Killed in Past Week.

Dublin, June 9.—The British military headquarters today reported that troops proceeding by train from Tralee, County Kerry, to Killarney, were ambushed, and that one soldier was killed and three of the attackers were seen to fall. The official weekly review today reported a large increase in rebel activity, throughout the country. Casualties among the crown forces amounted to 27, including 24 deaths, the highest record of a week since 1914. Eleven attacks occurred in Dublin during the week, and there were five murders of civilians, which the report attributed to Sinn Feiners. The report said that there had been 54 raids on government mail during the week.

## World News Today

### CANADA

W. S. Fisher of St. John is elected president of the Canadian Manufacturers' Association. Messrs. Stewart and Diotte, Conservatives, are declared legally elected in Restigouche Co., by the Court of Appeal. Premier Martin, Liberal, is returned in the Saskatchewan provincial elections but probably with a reduced majority.

### UNITED STATES

Toledo murderer who barricaded himself in house is killed by bombs and machine guns.

### NEWFOUNDLAND

Steamer "Charlot" that hit a berg yesterday is sinking off St. John's; S. S. Seapool, in similar accident, reaches that port safely.

### BRITISH ISLES

Discovery of documents proving that Irish sought aid of the Russian Soviet. King George would visit Dublin if an invitation is extended.

### FRANCE

Naval programme before the Chamber of Deputies calls for the expenditure of over 1,450,000,000 francs.

## NAVAL PROGRAM OF THE FRENCH IS VERY GREAT

Seventy-Two Vessels of All Classes Are Included in Year's Work. COST WILL EXCEED 1,416,000,000 FRANCS

Some Critics Suggest Fewer Battleships and More Big Submarines.

Paris, June 9.—In presenting France's programme of naval construction for the next three years, Deputy Paul Doumer, reporter for the navy committee, advised in the Chamber of Deputies today the virtual abandonment of the building of battleships and battle cruisers and intensification of construction of submarines, torpedo boats, destroyers and airplane carrying ships.

The programme provides for the construction of six light cruisers, twelve torpedo boats and six big submarines, at an approximate cost of 1,416,000,000 francs.

### Change Big Ships.

M. Doumer asked the Chamber to vote for the transforming of five battleships, work on which was stopped during the war when the hulls were completed, into airplane mother ships. He refused to be drawn into a discussion as to whether he agreed with the British Admiral, Sir Percy Scott, that the day of battleships was past, but quoted Rear Admiral Sims of the United States navy and also British and German, as having a different opinion from Admiral Scott.

## Lloyd George Loses In Another Election

Labor Candidate Wins by 305 Votes Over the Government Nominee.

London, June 9.—The by-election in the Haywood division of Lancashire necessitated by the elevation of the Rt. Hon. Albert H. Hingworth to the peerage, the result of which was announced today, resulted in a defeat for the coalition, W. Halls, Labor, defeating Colonel England, Coalition Liberal, by the narrow margin of 305 votes. The vote was:—

Halls, 13,430; England, 12,125; C. Pickstone, Independent Liberal, 6,671.

### Alrahitp At Quebec

Quebec, June 9.—The flying boat P. 3, which left Riviere du Loup at 11:15 p.m. today, arrived in Quebec shortly after 4 o'clock. She circled over the river in front of the city several times and made a graceful descent into the St. Charles river.

### EDITORS REACH WEST.

Vancouver, B. C., June 9.—Three hundred editors, members of the weekly section of the Canadian Press Association from all sections of the Dominion, arrived here this morning, and met at 10 o'clock in annual convention. A civic welcome was extended to the visitors.

## LIBERAL WIN IN WEST BUT MAJORITY CUT

Estimate That Premier Martin Will Have at Least Twenty-Five Opponents.

### PROVINCIAL POOL IS FAIRLY HEAVY

Midnight Returns Indicate Return of Liberals by Reduced Majority.

Regina, Sask., June 9.—Early returns of today's election in Saskatchewan indicated the return to power of the Martin Government by a decreased majority. Predictions were made that the independent and other opposition groups would total from twenty to twenty-five members in the House of 53. Premier Martin and Colonel Cross carried Regina City by large majority.

The Government elected one member out of two in Saskatoon and lost Moose Jaw to the Labor and Conservative opponents. Early in the night with the sixteen Government acclamations there were 21 Martin supporters elected, one Independent, one Conservative and one Labor. Returns from the country were coming in slowly but there were indications that the vote had been fairly heavy.

Hon. George Langly is being given a hard run in Redberry and the result is doubtful. His opponent is George Cockburn, Independent.

The following, all Government supporters, were elected by acclamation: Arm River, C. A. Scott; Battleford, A. D. Pickett; Cypress River, H. T. Aiverson; Estevan, Robert Dunbar; Humboldt, H. M. Therese; Jackfish Lake, D. M. Finlayson; Lloydminster, R. J. Gordon; Last Mountain, Hon. S. J. Latta; Moose Jaw County, Hon. C. A. Dunning; Milestone, B. Larsen; Yorkton, Hon. J. A. Maharg; North Qu'Appelle, J. G. Gardiner; Prince Albert, C. A. McDonald; Roseburg, Dr. J. M. Ulrich; Salt Coates—Dr. Mahiluk and Notahan, George Spence.

Government candidates elected:—Regina, Premier Martin and Col. J. A. Cross; Shellbrook, E. S. Clinch; Weyburn, Hon. C. M. Hamilton; Saskatoon, Hon. A. P. McNab; Battleford, Labor Candidate elected:—Moose Jaw, W. G. Baker.

Conservative elected:—Moose Jaw, J. S. Smeiter. Independent:—Saskatoon, Harris Turner; South Qu'Appelle, D. H. McDonald.

## CARDINAL LOGUE IS PESSIMISTIC

Sees "Times of Persecution" Coming from Those Controlling Ulster House.

Belfast, June 9.—Cardinal Logue, primate of Ireland, alluding to the opening of the Ulster parliament in an address at a confirmation service in Cookstown today declared that the future before the people of the northern counties of Ireland filled him with "fear and anxiety." He said: "I cannot lose sight of the fact that before the people of these northern counties there lies a future which is very doubtful and which fills me with fear and anxiety. If we are to judge by the public utterances of those into whose hands power has fallen in this quarter of Ireland, we have times of persecution before us."

### Condemns Force Use.

Referring to Irish affairs generally, Cardinal Logue said: "Those who have in their hands the temporal destinies at least of the country, seem to trust more and more to mere force than to justice. Hence, we have had a course of repression and coercion going on for some time in this country such as never has been witnessed, perhaps, by our predecessors since the days of general persecution."

### NARROWLY ESCAPED DEATH.

Charlottetown, P. E. I., June 9.—Earle McNevin, Lloyd Crockett and Wilfred Down, three Charlottetown young men, miraculously escaped death here yesterday when an auto mobile in which they were driving collided with a train at a railway crossing. With the exception of Down, who had a rib broken, the party were uninjured. The car was badly smashed.

## Anglo-French Pact Under Consideration

United States May be Sounded as to Its Attitude on the Agreement.

London, June 9.—Austin Chamberlain, the government spokesman, stated in the House of Commons this afternoon that the question of arranging an Anglo-French alliance, even without possible participation by the United States was under discussion.

Recently the French newspapers have been discussing the question of a closer alliance between France and Great Britain, and it was indicated that the United States government would be sounded as to its attitude toward such an alliance.

## POLICE USED MACHINE GUN TO GET THUG

Desperado is Killed After He Slew Two Who Asked for Board Bill.

### BARRICADED HIMSELF BEHIND CLOSED DOORS

Grenades and Machine Gun Demolished House and Killed Bandit.

Toledo, O., June 9.—Thomas Kelly, 48, of Oklahoma was killed by police this morning following a battle which had lasted two hours and in which machine guns and hand grenades had been used to dislodge him from his barricaded room in the attic of his boarding house at 611 Walnut street.

Before he himself was killed, Kelly shot and killed Patrolmen Harry Dowell and Harold Mossbrugger, who had been called to the house to subdue him after he had refused to pay a board bill and had flourished a revolver and threatened his landlady, Mrs. Nellie Key and her son Allen. Hundreds of shots were exchanged between the officers and Kelly. He was said to have a trunk full of ammunition.

### Ordered Machine Gun.

Chief of Police Herbert ordered two machine guns and a high pressure fire hose to the scene of the battle, and attempts were made in the meantime to drive the gunman out by burning sulphur candles on the lower floor.

At 10:40 a.m. the roof of the house was demolished by machine guns and hand grenades. Two newspaper reporters caught in the lower part of the house were unable to get out because of the continuous fire kept up by the police and the furniture and reported demolitions of the fight by telephones.

The scene of the battle being only a short distance from the main business section, thousands of persons were attracted by the noise of the shooting, watched the battle from points of vantage.

## ANTI-UNIONISTS QUIET FOR YEAR

General Assembly Assured There Will be No Split in Church at Present.

Toronto, June 9.—Assurance that there will be no split in the Presbyterian church, at least before the next annual assembly, was given by the leader of the "anti-unionists" at a conference with the Rev. W. Gordon, the Moderator, this morning.

Before the report of the Board of Education was adopted this morning, Dr. Pringle, of Sydney, made another effort to have the salary of the principal of Halifax College put on a par with that of the principal of Montreal College.

Dr. Drummond, chairman, pointed out that the Montreal salary has been raised by a 25 per cent increase and if the Halifax salary was made equal to it, adjustments would be demanded all along the line. The whole report was referred to the general board for consideration.

W. S. Fisher of St. John Discusses Canadian Issues at C. M. A. Banquet.

### CO-OPERATION NEEDED TO BUILD NATION

Welcome the Immigrant Who Intends to Become a True Canadian.

(Continued from page 1.) Also those not content to live under Canada laws should be kept out. Canadian law should be made so strict that those who do not intend to become Canadians as to how they should either govern themselves or conduct their lives. While empire affairs were not of such keen interest as domestic matters, there was an unmistakable determination upon the part of Canadians to remain one of the group of free commonwealths, whose people do not trouble themselves much with theories, forms, or documents or written constitutions, but lined up shoulder to shoulder when danger threatened one or all. In regard to international affairs, Canadians since the war realized that if they were to take their place in the world, they must study international conditions and become more familiar with the customs, traditions and peoples of other countries.

### FIRE IN MONCTON.

Moncton, June 8.—A two-story wooden building owned by John T. Hawkes, on Main street and occupied by J. W. Kieter, photographer, Harry Kish, boots and shoes, and W. Y. Several matters of routine business were disposed of. The following resolution was passed and will be sent to Dr. Stone: Whereas, Dr. Jane G. Stone was for the year 1920-1921 assistant physician at the St. John County Hospital, and Commissioner Schofield will have charge of the hospital during the months of June, July, August and September.

### Poles Driven Out of Rosenberg By British

Not a Shot Fired by Latter in Taking Possession of City.

Oppeln, June 9.—Five thousand Polish insurgents have been driven out of the city of Rosenberg, northeast of this city, by British forces, and last night the Poles were reported to be retreating in a southeasterly direction. At that time many had passed the city of Zablinitz, about ten miles from Rosenberg. The Poles made a show of resistance, but the British did not fire a shot in taking possession of Rosenberg.

### Paige Captures Hill-Climbing Records Galore

Dealers Pick Toughest Grades to Demonstrate Car's Unusual Power.

"The average motor car owner," says President Harry M. Jewett, of the Paige-Motor Car Company, "is personally and vitally interested in the power of his engine and the endurance of his car. Power and endurance mean more to him than even speed and if he lives in a territory of stiff grades the hill climbing ability of his car is of vast importance. When the Paige 6-66 Dayton stock model covered a mile in 26.01 seconds, a rate of 102.8 miles an hour, it demonstrated its power in terms of speed and we have thereby acquired a remarkable set of local records from all sections of the country. In fact, we have collected such a mass of interesting material we are publishing a book on the subject. We recently announced several of these local stunts. Here are a few more:

**Main Street Hills.**—The road up the San Antonio canyon from Pomona to Camp Baldy, California, is notoriously a stiff proposition for any motor car because of the grades, curves and other difficulties. A Paige 6-66 Larchmont II took the entire climb in high, against a 25 to 40-mile wind, without shifting gears. It is believed to be the first time a car has ever accomplished this feat.

### IRISH PLANNED TRADE TREATY WITH RUSSIANS

Pact Discovered When Raid Was Made on a Dublin Residence.

London, Jan. 9.—The government issued as a "white paper" this afternoon the text of what appears to be the draft of a proposed treaty between the Russian Soviet government and "the Republic of Ireland," which the government states was captured in Dublin. A covering letter, it was stated, captured at the same time signed "Derogant O'Higarty," described in the white paper as one of the Irish republican parliament's secretaries, addressed to Desmond Fitzgerald, Sinn Fein minister of propaganda. This letter is dated June 15, 1920.

### FUNERALS

Millville, N. B., June 8.—Owing to the non arrival of his son Harry, who was unable to make train connections at Boston in time, the funeral of Andrew T. Dunlop, which was to have taken place on Monday afternoon, was postponed until Tuesday afternoon. Services were held at the family residence, Rev. Mr. Lester of Marysville, officiating, assisted by Rev. Mr. Archer, of Millville and Rev. Mr. Brooks, of Upper Haynesville. Burial was made at Upper Haynesville. The funeral of one of the largest ever held in York county, many coming from distant parts to pay their last respects to one of our most worthy and best beloved citizens. He will be greatly missed in this district, as he was always ready and willing to assist all deserving causes. Many magnificent floral tributes were received, including a number from St. John, the whole requiring a team to convey them to the cemetery.

### AGREEMENT WRITTEN BY DR. McCARTAIN

Pledged Each Other to Help Each Other in Time of War.

The preamble of the alleged treaty is quoted as saying: "Dedulous of promoting peaceful and friendly relations between all nations, especially the peoples of Ireland and Russia, and striving to co-operate in the interest and advancement of the human race and for the liberation of all people from imperialistic exploitation and oppression, the government of the Russian Socialist Federal Soviet republic and the Republic of Ireland agree as follows:

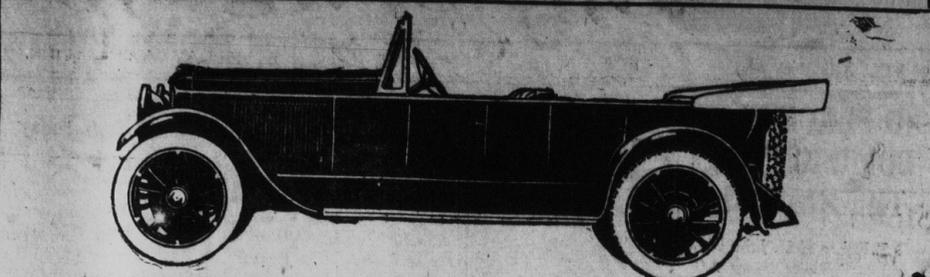

### Pledge Including Assistance.

The fifteen articles of the treaty include pledges of the resources and influence of the two governments to promote the recognition and sovereignty of each other by the nations of the world; their efforts to prevent the transportation of arms, munitions and military supplies for use against each country, and a few commercial agreements. Both parties declare in favor of universal disarmament and the formation of some kind of a league of nations for compulsory arbitration of international disputes. The duration of the treaty proposed in the document is a period of ten years. Dr. McCartain's memorandum says the writer would only consent to head the mission to Russia if accorded plenary powers, declaring Casement (Sir Roger Casement) who was executed in 1916 for treason, had not full powers from home, with the result that Devoy (John Devoy of New York, editor of the Gaelic American) constantly was undermining him from New York.

### Wants 50,000 Rifles.

"If I am sent," the memorandum continued, "I intend to ask for at least fifty thousand rifles to run into Ireland. I suggested this to their man here and he agreed it was a possibility." The memorandum adds: "I shall also discuss the question of hostages, that is, if England murders any of our soldiers, in or out of prison, they will agree to execute a Britisher as a reprisal. They have them." Dr. McCartain advises, "in order to get section cable Fawcitt (J. I. Fawcitt, known as the Irish consul general in New York. Dr. Patrick McCartain has been

**Climbing Uniontown Mt.**—A Paige 6-66 stock car, with top up and loaded with five passengers, climbed Uniontown Mountain, out of Pittsburg, Pa., in high gear and finished a 26-minute grind without a sputter or miss. Never was the speed allowed to get above 10 miles an hour and over the top. A newspaper observer, one of the passengers, described the effect as "that subtle something which seems to give one the impression of a

Brooklyn Has a Tough Test. "In Brooklyn, N. Y., climbing Miller Hill has been the topic of conversation between motor car salesmen and prospective customers since the inception of the automobile. Climbing this hill in high has been in later years the final test. It is about 260 feet long and has a grade of 18 1/4 per cent. It is difficult for a car to get a start because of street car and other traffic at the base. A Paige 6-66 took the hill in high, going over the top at 24 miles an hour.

### START STEEL WORKS.

Sunday, N.S., June 9.—The making of steel for government rail orders will commence on Friday at the local plant in spite of the strikes of the narrow gauge railway men, the management of the Dominion Iron and Steel Company announced tonight. Some of the open hearth furnaces are already in operation, 2,400 men are actively employed.

### MARRIAGE THIS MONTH.

Paris, June 9.—The Duke of Marlborough and Gladys Deacon, whose engagement was announced June, will be married late this month, probably June 25, in this city, says the continental edition of the Daily Mail. Miss Deacon, who is a daughter of the late Edward Parker Deacon, of Boston, Mass., has just taken a home at 16 rue Auguste Vaconiere, from which she will be married.

Sunday, N.S., June 9.—The making of steel for government rail orders will commence on Friday at the local plant in spite of the strikes of the narrow gauge railway men, the management of the Dominion Iron and Steel Company announced tonight. Some of the open hearth furnaces are already in operation, 2,400 men are actively employed.

### STEWART AND MEMBERS FOR APPEAL CO

By Unanimous Finding of Whose Election Was Their Seats in the Leg Sheriff Scored by the

Frederickton, N. B., June 9.—The Restigouche election petition case appeal court this morning pronounced judgment granting the appeal from the decision of Mr. Justice Barry which the election was set aside declaring the election of Stewart D'Almeida to be valid. The judgment of the court was set forth in a lengthy report prepared and read by Douglas Hazen, C. J., in which the peculiar circumstances of the case were reviewed and the principles set out by precedents and authorities were applied in an exhaustive analysis of the claims of the appellant on appeal. The reading of the judgment by Chief Justice Hazen occupied more than an hour and a decision was the unanimous one of the appeal court. The court eventually making a return in conformity with the finding of the Restigouche county court.

Election Confirmed. The appeal should be allowed costs and the election and return Messrs. Stewart and D'Almeida could not certify to any candidate duly nominated with a total vote of 2,109 for Stewart and 1,763 for D'Almeida. The remaining four ranging from 646 down to 1,063. The recount proceedings, which resulted in Judge Latchy declaring that on account of the irregularities in the election could not certify to any candidate returned and duly elected, was allowed by the sheriff sending a report to the provincial secretary eventually making a return in conformity with the finding of the Restigouche county court.

Before Judge Barry. A trial before Judge Barry of the Controversed Election Act, resulting in the ordering new election, and from this order matter came up before the appeal court. One point taken on appeal was that C. H. Lallois and A. Duncan, two Independent Liberal candidates, were not duly nominated. The appeal against this contention of discussing the circumstances of the election, the direction between the court and directory provisions of the election, setting forth that the judge was in error in declaring provisions to be otherwise than correct, stating that if otherwise in cases it would be in the power of election official to void an election. The point taken on appeal was that the court's judgment was along these lines, (not being called to the result of franchise of the county in question.

The court also remarked that the judge of the county court de

#### STEWART AND DIOTTE LEGAL MEMBERS FOR RESTIGOUCHE APPEAL COURT HAS DECIDED

By Unanimous Finding at Fredericton Two Conservatives Whose Election Was Voided Last Fall Are Given Back Their Seats in the Legislature — Second Return from Sheriff Scored by the Court.

Fredericton, N. B., June 9.—In the Restigouche election petition case the appeal court this morning pronounced judgment granting the appeal from the decision of Mr. Justice Barry by which the election was set aside, and declaring the election of Stewart and Diotte to be valid. The judgment of the court was set forth in a lengthy transcript prepared and read by Sir Douglas Hazen, C. J., in which the peculiar circumstances of the case were passed in review and the principles as set out by precedents and authorities noted were applied in an exhaustive analysis of the claims of the opposing counsel on appeal. The reading of the judgment by Chief Justice Hazen occupied more than an hour and the decision was the unanimous finding of the appeal court. The court commented pointedly upon the second return made by the sheriff, declaring that it was "an extraordinary proceeding and altogether unwarranted."

Election Confirmed. The appeal should be allowed with costs and the election and return of Messrs. Stewart and Diotte confirmed was the finding of the court.

By the return as first sent by the sheriff to the provincial treasurer's office six candidates were declared duly nominated with a total vote of 2,109 for Stewart and 1,783 for Diotte, the remaining four ranging from 1,646 down to 1,063. The recount proceedings, which resulted in Judge McLachy declaring that on account of the irregularities in the election he could not certify to any candidates as returned and duly elected, was followed by the sheriff sending another report to the provincial secretary and eventually making a return in conformity with the finding of the judge of the Restigouche county court.

Before Judge Barry. A trial before Judge Barry under the Controverted Elections Act followed, resulting in the ordering of a new election, and from this order the matter came up before the appeal court. One point taken on the appeal was that C. H. Lablanc and W. A. Duncan, two independent of the four Liberal candidates, were not properly nominated. The appeal court ruled against this contention and in discussing the circumstances they defined the distinction between mandatory and directory provisions of the election setting forth that the trial judge was in error in declaring the provisions to be otherwise than directory, stating that if otherwise in such cases it would be in the power of an election official to void an election at will. The comment of the court's judgment upon the irregularities in general was along these lines, attention being called to the resulting disfranchisement of the county in consequence.

Method of Procedure. The court also remarked that when the judge of the county court declined to proceed further with the recount it was the right of the Deputy Returning Officer to have applied under the provisions of Sec. 148 of the New Brunswick Elections Act to a judge of the supreme court to call upon the judge of the county court to proceed with and complete the recount or final adjudge. The judgment concludes that although there were many irregularities there was nothing that substantially affected the result of the election. In the Legislature. On the opening day in March of the first session of the provincial legislature following the general provincial elections last October Messrs. Stewart and Diotte presented themselves with the members-elect to be sworn in. After an argument in which Hon. J. S. M. Baxter, leader of the opposition demanded that they be sworn in, and Premier Foster and Provincial Secretary Hetherington contended there was no return showing them to have been elected, Sir Douglas Hazen, who as chief justice was presiding at the ceremonies, decided that under the circumstances he could not allow them to be sworn in until the original return showing the count of the votes was presented.

How House Stands. The result was that Messrs. Stewart and Diotte were deprived of their seats in the legislature during the session. In the general election for the 48 seats in the legislature 24 supporters of the government were elected and the opposition—United Farmers and Independents, including Messrs. Stewart and Diotte in the opposition—also elected twenty-four members. During the session, however, there were representatives for Restigouche in the house and the four Independents from Northumberland supported the government and attended their caucus. Since then one of the Independents, Mr. Vanderbeck, has died.

#### Frank C. Young Drowned May 17

Former Resident of Tracadie, N. B., Lost off Booms Near Vedder River, B. C. Particulars have just been received by Mr. and Mrs. J. Raymond Young of Tracadie, N. B., giving the facts regarding the death by drowning of their eldest son, Frank, Cedric Young, at Sumas Lake, B. C., on May 17th and of recovery of the body on May 21st. The particulars were obtained by the parents in the following letter: "Chilliwack, B. C., May 22. "Searchers yesterday found the body of Frank Cedric Young who disappeared last Tuesday while working on a boom on Sumas Lake, near Vedder River, B. C. The police say it is a clear case of accidental drowning. Young, with a man named Philip Windsor, was working on the booming ground of the Sumas dyking scheme and at 4:30 on Tuesday afternoon Windsor left for the camp; returning ten minutes later he found Young had disappeared. The matter was reported to the police and dragging operations commenced at once. Early Saturday morning Police Chief A. Waddell of Richmond, B. C., was successful in locating the body. The drowned man was a constable under Chief Waddell for a number of years and was a personal friend of his. The late Mr. Young was a native of New Brunswick but had lived for a number of years in Richmond where he served several years on the police force. A wife and two children living in Steveston, survive him. The body was brought to Vancouver on Saturday evening and the funeral will take place today (May 22) at 2:30 p. m., to Mountain View Cemetery. "Frank Cedric Young was the oldest son of Mr. and Mrs. J. Raymond Young of Tracadie, N. B. He was in his thirteenth year. Besides his father and mother, wife and children, he leaves to mourn his tragic death five sisters, Gladys, wife of Edward Bourgeois of Tracadie, N. B.; Katherine, wife of Robert Haskins of Savoy, Mass.; Dorothy, Gertrude and Patricia at home and two brothers, John D. and Douglas, at home.

#### FIVE YEARS FOR THEFT.

Lunenburg, N. S., June 9.—A sentence of five years in Dorchester penitentiary was imposed on Percy Crouse convicted of house breaking, theft and arson before Judge J. C. Forbes, in the county court here this afternoon. Crouse gained some notoriety when in June 1920, while awaiting trial broke jail and escaped to the United States. He was recaptured in Maine and brought back recently to Lunenburg the authorities waiving extradition proceedings.

#### IRISH HOUSES ARE DESTROYED BY ORDER

London, June 9.—Houses to the total of 185 have been destroyed in the nine counties in Ireland since January 1 of this year by official order. Sir Hamar Greenwood, chief secretary for Ireland stated in the House of Commons today in answer to a question.

#### Forest Fires Rage In Amherst District

One Tract of 1,500 Acres of Wood Land Has Been Burned Over.

Amherst, N. S., June 9.—After burning over nearly 1,500 acres, the forest fire in the Sugar Loaf district, which has been raging fiercely for the past few days, is reported to be under control. The area burned over consisted of green land, which had been pretty well cut over this winter, but was nevertheless very valuable. The principal owners are Messrs. Chas. Bragg, Robert Baxter, Hingray and McNeill. The loss has not yet been estimated, but it is expected it will be a heavy one. Last night the flames were proceeding along the Sugar Loaf River with considerable rapidity, but the other end was said to be under control. From 7 to 100 men have been engaged in trying to beat the flames in their onward rush. The woods are dry as tinder in all directions, making it very difficult to battle against the flames.

#### Fires at Oxford.

Fires of a less serious nature are reported to be raging at Atkinson's Sliding near Greenville, and Hanstford, four miles east of Oxford. Two hundred acres are said to have been burned over in the Greenville locality, and a slightly less area around Hanstford. This fire originated near to the Dominion Coal Company's railway line, and burned the property owned by them and Mr. John Palmer. Large gangs of men are fighting the fires at both places, and the situation was reported to be slightly improved today. High winds have made the task of the volunteer firemen a very difficult one. Heavy patrols are being maintained at all the danger points.

#### Caught In Belt And Was Killed

Superintendent of Acadia Sugar Refinery Lost Life Yesterday Morning. Halifax, N. S., June 9.—Charles J. Curran, 56 years of age, house superintendent of the Woodside Plant of the Acadia Sugar Refinery, was killed this morning when he became entangled in a belt at the works. Several years ago a son, Gerald, was killed by a train near the Richmond plant, a widely known Halifax post office official, is a brother. During the war the victim of today's accident was employed in a munitions factory at St. John, N. B.

#### House Is Burned

Boston, N. B., June 9.—The home of Thomas Graham, at Kouchibouguac, Kent county, was totally destroyed by fire on the afternoon of June 7th. Only a few articles of furniture were saved, everything upstairs and in the cellar having been burned.

#### Dedicate Two New Churches

Anglicans Consecrate One at Prince William Yesterday and Magaguadavic Today.

Special to The Standard Fredericton, N. B., June 9.—The new St. Clements Anglican Church at Prince William was consecrated this morning with impressive services by His Lordship Bishop Richardson, assisted by Rev. George E. Treuman, the rector, and a large number of the clergymen of the diocese.

The church is of Gothic architecture built of concrete blocks, and is somewhat larger than the new church which was consecrated at Oranooko yesterday and replaces an old wooden edifice which was consecrated about 100 years ago. The new edifice is on a new site on the Fredericton-Woodstock highway and cost in the vicinity of \$2,000.

Four beautiful memorial windows have been placed in the church. One is in memory of Rev. Mr. Hannington, a former rector, another is in memory of Norman Grant, son of Mr. and Mrs. Robert Grant, the third in memory of the child of Rev. Mr. Lawrence, rector of Hampton and the fourth is in memory of Mr. and Mrs. Alex. Fraser.

At the Services Those present at the consecration services were: His Lordship Bishop Richardson; the rector, Mr. Treuman; Very Rev. Dean Nesles, Canon Smithers, Rev. A. F. Bates, of this city; Rev. H. C. Grey of Oranooko; Rev. Mr. Bennett of Richmond; Rev. H. P. Rigby, of Woodstock; Rev. N. Franchette, of Edmundston, who designed the church; Rev. Mr. Budd, of Southampton and Rev. Mr. Holmes, of St. Jude's Church, St. John.

Tomorrow morning another new church in Rev. Mr. Treuman's parish will be consecrated. This one is at Magaguadavic and is a wooden structure which will replace the old St. John's Church which was built 54 years ago. A beautiful marble font, the gift of John A. Henry, and an alms basin, the gift of a former rector, Rev. G. F. Scovil, have been placed in the church and the building will have an acetylene lighting plant. All the clergymen who assisted in the consecration services this morning will be present tomorrow, and they are being entertained by the people of Prince William.

#### Sir Sam Improves

Lindsay, Ont., June 9.—Physicians of Sir Sam Hughes stated today that the General is improving, sleeps well, and is a little stronger.

#### F-3 Making Great Flight To Ottawa

From Halifax to Riviere du Loup Without a Stop to be First Leg of Trip.

Fredericton, N. B., June 9.—The F-3 flying boat passed over St. Leonard's, N. B., at 10:25 a. m., Atlantic standard time, and shortly before 11 a. m. had crossed the New Brunswick-Quebec boundary, evidently intending to make the first stop at Riviere du Loup.

Ottawa, June 9.—The F-3 flying boat, which left Halifax at 5 o'clock this morning, is expected to arrive in Ottawa early tomorrow.

The flyers will, it is expected, spend the night at Riviere du Loup, or Montreal, and then finish their journey tomorrow morning.

The average flying time between Halifax and Ottawa is about 14 hours for this class of aircraft. This is the same type of plane as was used by Col. Leckie on the eastern leg of the trans-Canada flight last year, after the crash of the Fairy machine near Fredericton, N. B. The machine is manned by Col. Robert Leckie, Capt. G. C. Johnson and Air Mechanic W. G. Chapman. The F-3 type has two Rolls-Royce eagle eight engines and two propellers.

#### ROBERTSON NOT GUILTY.

Truro, N. S., June 9.—Leonard Robertson, charged with displacing or interfering with a switch at Urquhart's Sliding in March when the short line express, from Oxford Junction to Pictou, was wrecked and Engineer John T. Ferguson lost his life, was yesterday found not guilty of the offence.

#### FINED FOR STARTING FIRE.

Chatham, June 9.—Theodore Arsenault, of Rogersville, was before Judge Connors, charged by Warden Fletcher with setting a fire on his farm. A fine of \$10 and costs was struck against the accused. The fire was only a small one. Two other cases will come up this week—one from Bartibogue and one from Laketon.

#### DROWNED IN MASHWAUK.

Fredericton, N. B., June 9.—John Conley, aged 13 years, son of Mrs. John Conley, a widow of Barker's Pt., stepped into a hole caused by dredging for sand and gravel in the bed of the river while he and another boy were gathering drift wood last night at the mouth of the Nashwaak river, a tributary of the St. John River opposite Fredericton, and was drowned.

#### DIED IN SWIMMING POOL.

Quebec, June 9.—Henri Gosselin, aged 21 years, lost his life yesterday in the Y.M.C.A. swimming pool. It is thought that death was due to heart failure rather than to drowning.

#### To Wear Thin Waists or Sleeveless Dresses

(Beauty Topics) With the aid of a delicate paste, it is an easy matter for any woman to remove every trace of hair or fuzz from face, neck and arms. Enough of the powdered acetone and water is mixed into a thick paste and spread on the hairy surface for about 2 minutes, then rubbed off and the skin washed. This completely removes the hair, but to avoid disappointment, get the delicate one in an original package.

### A Danger Signal—Tender and Bleeding Gums

Healthy teeth cannot live in diseased tissue. Gums tainted with Pyorrhoea are dangerously diseased. For not only the teeth are affected, but Pyorrhoea germs seep into the body, lower its vitality and cause many ills. Pyorrhoea begins with tender and bleeding gums. Then the gums recede, the teeth decay, loosen and fall out, or must be extracted to rid the system of the poisonous germs that breed in pockets about them. Four out of five people over forty have this disease. But you need not have it. Visit your dentist often for tooth and gum inspection. And keep Pyorrhoea away by using Forhan's For the Gums. Forhan's For the Gums will prevent Pyorrhoea—or check its progress—if used in time and used consistently. Ordinary dentifrices cannot do this. Forhan's keeps the gums hard and healthy, the teeth white and clean. If you have tender or bleeding gums, start using it today. If gum-shrinkage has already set in, use Forhan's according to directions, and consult a dentist immediately for special treatment. 35c and 60c tubes in Canada and U.S. If your druggist cannot supply you, send price to us direct and we will mail tube postpaid.

## LINOLEUM

Made in Canada

### Summer Floor Comfort

In summer it is more difficult to keep the house spic and span. Little feet track in the dust and dirt. But thousands of women throughout Canada have solved this problem by covering their floors with Linoleum. They have come to know how easy it is to keep a Linoleum floor bright and clean—an occasional mopping with a damp cloth is all that is required. They have banished tiresome sweeping and heavy washing from their homes by using Linoleum. Linoleum is comfortable and soft to the tread. It is economical, too, costing much less than other types of floor coverings, and it wears for years. There are so many attractive patterns on display at your dealer's now that you will have no difficulty in making a selection. He will gladly show them and quote moderate prices. Look for the strong canvas back when buying, and remember that because Linoleum and Linoleum Rugs are made in Canada they cost you less than imported goods and give better satisfaction.

#### THE RESTIGOUCHE APPEAL

The decision of the Court of Appeal in the Restigouche Election case is just what the majority of the people of New Brunswick expected it would be, and it will therefore be received with general satisfaction. The whole incident aroused considerable interest, because it was felt to be so unwarranted and uncalled for; and no one but a man crazed with partisan jealousy and smarting under the sting of defeat, would ever have thought of entering a protest against the Sheriff's return. True, the whole election proceedings were marked by a number of irregularities, but despite all these it was generally felt that they were not of such consequence as to render the return of the two Conservative candidates void, and that the election of those men truly represented the feeling of the majority of people in the constituency. That they should have been refused the right to take their seats at the late session of the Legislature was a gross injustice, both to themselves personally and to their constituents.

The attitude of Premier Foster in the matter caused considerable comment, some of it very severe, because it was felt that he went out of his way to do these men a wrong, in private and business life Mr. Foster is universally respected; he is a man of the highest integrity and his word is his bond; no man's private reputation could stand higher than his. Yet when he dabbles in political matters, he seems to lose his sense of honesty. He deliberately defrauded the people of Carleton out of one-third of their proper representation for four long years, simply because he felt it would be to his disadvantage to hold an election. Then when the Sheriff of Restigouche made a return that didn't suit him (the Premier), he took upon himself, on his own responsibility, to send it back to be amended. Then when Messrs. Stewart and Diotte presented themselves to be sworn in, Mr. Foster refused to allow it, because, he said, there was no return that they had been elected. This was no fault of the two candidates. The Sheriff had returned them as elected, and Mr. Foster ordered it sent back to him. He then deliberately delayed the date of the opening of the House, on the off-chance that the hearing of the election petition might result in the whole proceedings being set aside. He could just as well have called the House for the date originally decided upon and let the election case have stood over until after prorogation. The net result of the matter is now declared to be that the two candidates were properly elected and should have been allowed to take their seats. It is better to err on the side of fairness than otherwise, if one must err at all. Messrs. Stewart and Diotte have been deprived of their seasonal indemnity and the people of Restigouche of their representation, all in order that Mr. Foster might have two fewer opposed to him during last Session.

#### REVENUE AND EXPENDITURE

Of the two hundred statutes enacted by Parliament during the late session, the class of greatest interest to the people as a whole was that which dealt with the financial problems of the Dominion. In this class were the Acts which provided for the raising of additional revenue to meet the heavy commitments of the country this year and the appropriation Acts which authorized expenditures. Parliament voted to carry on the public services and to pay public obligations in all approximately \$1610,000,000. Sir Henry Drayton in his Budget statement estimated that the revenue derivable from then existing sources would amount in 1921-22 to \$272,500,000. On the other hand, he considered that of the year's expenditures \$435,500,000 should be met from current revenue. He thus faced the necessity of devising taxation measures which would add \$263,000,000 to the revenue this year. Tariff revision had been contemplated, but business and trading conditions and the fact that the United States and other foreign countries had not determined their tariff policies led to a postponement of action by Canada. Sir Henry Drayton, for the purpose of raising revenue, placed reliance chiefly upon an increase in the taxation of sales by manufacturers, importers, wholesalers and jobbers, and an increase in the taxation, customs and excise upon liquor. He secured the enactment of a measure to strengthen the sections of the Customs Tariff Act which is designed to protect Canadian producers against the dumping of foreign goods in the Dominion, and also an Act which provides that for the purpose

of valuing goods for duty depreciation in foreign coinage to a greater extent than 50 per cent of its face value shall not be considered, but that account shall be taken of appreciation of currency. This latter Bill will serve as a protection for Canadian producers and may also add to some extent to the customs revenue. Changes in the tariff were limited practically to those necessary to enable Canada to carry out her trade agreement with the British West India colonies. That agreement, and also the trade convention with the French Republic were ratified by Parliament during the session.

#### A GREAT DEMOCRACY

Class distinctions in Britain have been softened by the war; but even when they were implacable, it was always possible to rise by merit. Britain is a monarchy, and monarchies have used the people, not for betterment, but for cannon fodder; and yet under the monarchy the humblest may attain to the highest eminence. We need not go back to Dick Whittington—Lloyd George of late went suppers to bed when he was living with his cobbler uncle!

There is something thrilling in the life story of the Right Hon. William Crooks, whose death in London has just been recorded. He was a little grunter waif. He began to support his mother at the age of nine years—after having tasted the bitter chalice of the workhouse. He worked about the docks; he learned the cooper's trade; he showed organizing power in relation to a strike in 1889, and from that date Will Crooks became a public character. In 1903 he became a member of Parliament, and in that august assembly served the cause of labor for several years. He was the passionate friend of the toilers all his life; but he loved order. His word was his bond. He had statesmanlike qualities; he was greatly beloved. Will Crooks stood in the presence of Kings. The poor waif who was pitched out in the world at the age of nine, to sink or swim, was made Privy Counsellor. He dined with royalty. The boy who knew what it was to be hungry, as off gold plate, Britain has served in the most influential positions by men humbly born. Monarchical as the British political system is, cruel as have caste distinctions been, there is the fine feature—that merit will be recognized. Worth will be encouraged. One may rise from the meanest estate under a system which, though monarchical in name, expresses the greatest liberty in the world today.

#### A BIT OF VERSE

**HAYSEED IS RISING!**

We kin all of us remember, along about September, The papers used to tell us about the fair, And then fellows from the city used to come along to get a dollar in the fair.

On the feller with the duster what had hayseed in his hair, They had fun in legislators with the man what raised pertaters, If by any hook or crook, or chance elected and sent there, End the reputation of the feller used to comment on his whiskers, End the carpetsack of Billison, what had hayseed in his hair.

Yes, 'b'gosh, he rid his pass out, and he used to blow the gas out, End he used to drink hard cider when he went out on a tear; End he used to pinch a dollar till the buzzard cut to holier, End the man cut up ree-dickous what had hayseed in his hair.

But, by gum! if you've been reading, you observe a strange proceeding— It's the feller with chin whiskers that is slowly gettin' there, End it won't be too surprisin', if by slow organization, Old parties may waken up tew find the hayseed in their hair.

When the fashions change, you fellers will all carry green umbrellas, End trousers wide across the seat to make the dudeless stare; In them times if you pass muster, you must wear a blue duster, And if you want tew throw on style, put hayseed in your hair.

—A. T. Worden, in Judge.

In the social life of England there has been a levelling downwards since the war, and caste is less poignant; but there need never be despair of the Mother Land so long as merit wins the day. When Will Crooks espoused the cause of labor, the working classes found little allurements in their lives; but even then the common heart thrilled to the distinction the strong individual could express. Today, in a system which is virtually a great democracy, the individual, however humble, wins his way by merit, as a matter of right, and, with the ballot, makes and unmake governments. The King shakes the tabor; and Hodge rules the greatest Empire in the world by a voting paper. It is notable!—Montreal Gazette.

The despatch from Fredericton giving the result of the appeal in the Restigouche Election case announced that the judgment was not forth in a lengthy "rescript" prepared by Sir Douglas Hazen. This is an instance where a little learning may be said to be a dangerous thing. "Rescript" is a good word and sounds well, but it is not applicable to the case. It means according to the dictionary "an edict of a Pope or Emperor," which a judgment of the Supreme Court of New Brunswick is not; not that our general Chief Justice would not look extremely dignified in either Pontifical or imperial robes.

It costs \$40,000 a year to supply the Government departments at Ottawa with bottled water for drinking purposes.

#### WHAT OTHERS SAY

**The Liberal Platform.**  
 From now on the Liberal press in Ontario will have a fine time of it trying to justify the victory as a big general candidate in Yamasaka on a policy of fierce denunciation of the conscription policy. Racial appeal appears to be the chief reliance now of a once great party.—Guelph Herald.

**Penama Tolls.**  
 Great Britain had greater rights under the old treaty. She gave them up in exchange for only this, giving her ships and those of all nations equality of treatment, in conditions and charges with the ships of the United States. We cannot violate that solemn pledge without condemning ourselves before the coming world as a nation which refuses to keep its pledged word.—The Nation, New York.

**Politeness a Civic Duty.**  
 If visitors are treated with courtesy by salesmen in the stores they patronize, or if clerks and taxi drivers remember that civility is not only a personal grace, but a civic asset as well, these thousands will return to their homes ready to sing the praises of the city and the country, and the opportunity offers. It is worth while, any way one looks at it.—Cleveland Plain Dealer.

**The Backus Case.**  
 Mr. Backus has huge pulp and paper interests in Minnesota and Northwestern Ontario. He controls a big paper mill at Fort Francis. Most of the paper he manufactures goes to Chicago and Western American papers. Recently he was granted the orders of the Canadian paper controller and refused to supply the quota of paper to Western Canadian publishers. Recently he was granted timber limits in the Kenora district by the Drury Government. Along with these limits have gone valuable water power rights on the Lake of the Woods and tributary streams. Such power sites should have been earmarked for the Hydro-Electric Commission, but the Drury Government is evidently following in Northern Ontario the policy of the old Ross administration at Niagara and is giving away power rights to private interests.

The City of Winnipeg has a great public ownership power development scheme and feared that control by the Backus interests would seriously affect its power project, the water coming from the Lake of the Woods drainage basin. It was supported in its protest by the Province of Manitoba.

Rt. Hon. Arthur Meighen held a conference with Premier Drury and Premier Dwyer. It was decided to appoint a central board, Ontario and Manitoba Legislatures and the Federal Parliament passing control to lower authority in the province, but Premier Drury felt that the Dominion is fulfilling its compact with Manitoba by passing legislation which Premier Drury admitted was necessary. If there is no agreement, the Dominion's legislative right is merely invasion of the right to land over to an American plutocrat, who has shown no difference to Canadian interests, the control of Ontario's boundary waters.—London Free Press.

### Benny's Note Book

Yesterday in school Miss Kitty told the class we would have a examination in joggriffy today, joggriffy being one of my weakest things on account of the names of the places and the boundaries, and this morning I wook up thinking, Av heek, a examination in joggriffy.

And wile I was getting dressed I noticed the mark from my sore toe that I had last week, thinking, G, goah, I bet if I put all my weight on wem I waked I bet it would still make me limp, darn that joggriffy examination.

Wich I tried it to see, and I limped easy as anything, thinking, Holy smoke, this sore toe aint half better yet.

And I limped in the bathroom wem pop was shaving his face, saying, Hav, pop, wats you know, do you remember that sore toe I had?

My life has bin rich in events since that time but I have no doubt I could recall it to mind if I concentrated for a wile, and pop keep on shaving.

Well im still limping on account of it, pop, look at me, pop, I sed.

A sore toe stubbed and limped away will live to limp another day, and pop keep on shaving, and I sed, Maybe all it needs is a good rest, pop, maybe if I stayed home from joggriffy, I meen from skool, this morning, maybe the rest mite do it so much good maybe it mite never hert any more maybe.

Maybe is as maybe does, it sounds like a very brite deer, and pop keep on shaving. Me thinking, G, horray. Wich jest then all of a sudden pop stopped shaving, saying, Well can you beet that, I left a bag of candy out on the frunt steps last nite, I put it down wile I was getting out my door key and then I clean forgot about it. O well, if the days of miracles aont over somebody must have it by this time.

Ill run down and look, pop, ill run down and look, I sed all trotted. Wich I did, running down stairs as if I never had a limp and never expected to, and I opened the frunt door and looked and there wassent anything out there, me thinking, Holy heek, I bet pop jest made that up to see weather I had a limp or not. So I didnt say any more to him about the candy and he didnt say any more to me about my toe, and I went to skool and the examination could of bin worse, but not much.

#### Children Cry for Fletcher's

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

#### What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrup. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. **Henderson-Chase**  
 Fredericton, N. B., June 9.—A very  
 pretty wedding took place in the  
 Advent Christian Church, North Devon  
 when Charles P. Henderson, of West  
 Head, N. S., and Miss R. L. Chase, of  
 North Devon, N. B., were united in

marriage by the pastor, Rev. R. W.  
 MacGaal. The church was prettily  
 decorated for the occasion and the  
 many friends of the happy bride, who  
 was formerly instructor at the  
 Fredericton Business College, filled the  
 church to overflowing to witness the  
 marriage. Mr. Henderson, who has re-  
 cently accepted a call from the Advent  
 Christian Church of West Head, N. B.,  
 will be ordained to the ministry the  
 latter part of this month. The happy  
 couple left by C. P. R. from Devon  
 this afternoon to attend the Advent  
 Christian conference, which is being  
 held with the church at Zealand. On  
 their return they will stop a day at  
 North Devon after which they will  
 start for West Head, where they will  
 reside.

Tariff Matters Discussed at  
 Last Day of the Asso-  
 ciation.

**HON. C. C. BALLANTYNE**  
**NOON HOUR GUEST**

Business of the Body Con-  
 ducted Rapidly and With-  
 out a Hitch.

Quebec, June 9.—The Canadian  
 Manufacturers' Association in annual  
 session here at the Chateau Frontenac  
 this morning took up consideration of  
 the report of its tariff committee. This  
 report gave a review of tariff legisla-  
 tion introduced during the past year  
 in different countries, and observed:  
 "The general tendency throughout  
 the world has been to increase the  
 tariff rates designed to protect home  
 industries and to prevent dumping."  
 Discussing the situation in Canada  
 the report says:

"Although revision of the Canadian  
 tariff has been postponed owing chief-  
 ly to the lack of knowledge of the  
 provisions which would be contained  
 in the new United States tariff, it is  
 certain that revision of the Canadian  
 tariff cannot be deferred much long-  
 er and in that revision no departure  
 should be made from the national po-  
 licy of safeguarding and developing  
 all the industries of the country."  
 The report also deals with the sub-  
 ject of free ports, pointing out that  
 there was a movement last year to  
 make Vancouver a free port which got  
 considerable support on account of  
 lack of information. The tariff com-  
 mittee has collected a great deal of  
 data on this point, tending to show  
 that the greatest ports of the world  
 are not free, that advocates of them,  
 whether designed or not are playing  
 the game of free trade theorists, while  
 the customs cordons which would have  
 to be thrown around the free zone  
 would be more expensive than the  
 present system of warehouse.

W. S. Fisher Elected.

W. S. Fisher, St. John, N. B., was  
 elected president of C. M. A. at the  
 concluding session this afternoon of  
 its annual convention. Other officers  
 elected were—  
 John R. Shaw, Woodstock, Ontario,  
 first vice-president.  
 C. Howard Smith, Montreal, second  
 vice-president.  
 Thos. Roden, Toronto, treasurer.  
 The following were elected as  
 chairmen of the standing committees:  
 Tariff committee—Jos. Pickard,  
 Quebec.  
 Transportation committee—Arthur  
 F. Hatch, Hamilton.  
 Legislation committee—C. J. Mac-  
 Farlane, Toronto.  
 Membership committee—P. E. Jou-  
 bert, Toronto.  
 Insurance committee—Arthur Hew-  
 Mt. Toronto.  
 Industrial relations—S. R. Parsons,  
 Toronto.  
 Commercial intelligence—J. O. Mc-  
 Murray, Toronto.  
 Publishing committee—J. P. M.  
 Steward, Toronto.  
 Education—E. W. Coughlin, Mont-  
 real.

Resolutions, dealing with the tariff  
 and a number of other public matters,  
 were passed by the convention this  
 afternoon.

Protective Tariff.

That on the tariff placed the Cana-  
 dian Manufacturers' Association on  
 record as urging the parliament of  
 Canada in the next revision of the  
 Canadian customs tariff, to provide  
 and maintain an adequate protec-  
 tion for Canadian enterprise and  
 industry, so as to encourage the in-  
 vestment of capital, facilitate the de-  
 velopment of natural resources, fur-  
 nish Canadians with employment and  
 retain and enlarge the market in Can-  
 ada for Canadian produce from farms,  
 factories, mines or other sources. The  
 other resolutions congratulated the  
 dominion government on completing a  
 trade agreement with the British West  
 Indies and asked it to try and negoti-  
 ate similar treaties with Australia and  
 other British dominions; asked for a  
 conference between the dominion gov-  
 ernment and provincial governments,  
 with a view to determining upon and  
 agreeing to a taxation policy which  
 would prevent overlapping; urged the  
 establishment by the Canadian govern-  
 ment of a direct steamship service  
 between Halifax and Vancouver, via  
 the Panama Canal, so that the products  
 of British Columbia, the maritime  
 provinces and the British West Indies  
 could be exchanged and expressed the  
 opinion of the association that the crea-  
 tion by the dominion government of a  
 research institute would be a measure  
 of true economy because it would tend  
 to increase national wealth.

Hon. C. C. Ballantyne.

Hon. C. C. Ballantyne, minister of  
 marine, addressed the delegates at a  
 noon luncheon. He remarked on  
 the smiling faces of the manufactur-  
 ers and informed them that the tem-  
 porarily hard times were not spoiling  
 their optimism.

He urged the manufacturers not only  
 to develop their home markets but  
 to go into foreign fields and draw at-  
 tention to other accommodations pro-  
 vided in government steamers for  
 travellers anxious to go to inaccessible  
 parts of the world.

A fresh, rosy complexion indicates perfect  
 health. To secure this in most cases all that  
 is necessary is to take one to three Royal Yeast  
 Cakes a day for a few weeks.  
 Yeast is a food. It supplies the water soluble  
 vitamins which the diet may lack. Scientists  
 tell us that this vitamin is essential to good  
 health. Yeast is highly beneficial in many  
 cases in which the system seems to be run  
 down. The yeast cakes simply add to the diet.  
 Dissolve a Royal Yeast Cake in fruit juices or  
 mix it with cereal and milk, and take it at  
 meal time. The chances are in a few weeks  
 the complexion will be clear. Constipation  
 and other ills will be relieved. For children  
 reduce the amount to one-half or one-quarter  
 of a cake with each meal.

Presbyterian Sessions Are At An End

Officers Elected for Ensuing Year and Chipman Selected as Next Meeting Place.

Following the devotional exercises of the report of the mission band secretary was presented by Mrs. George Gough of Scotch Ridge, who reported the best year in the history of the band. This report of the young ladies society, prepared by Miss N. Harpen, was also read by Mrs. Gough. Fourteen of these societies are organized and ten sent in reports.

Mrs. John Thomson referred to the loss sustained in the death of Mrs. Walter Craig, of Sussex, and the meeting went on record as sincerely regretting her loss.

The matter of allotment of articles to be produced and sent to Trinidad to be distributed by Mrs. Morton was taken up, and after some discussion Mrs. R. A. Jamieson and Mrs. James Armstrong were appointed to look after this work.

Miss K. E. Ford of Moncton read an excellent paper on mission band work. She said one of the greatest problems was getting the boys interested. The great responsibility was with the parents, and sincere prayer would accomplish much.

Mrs. J. A. MacKegan traced the work of the young ladies' society. She said that there seemed to be a slight lack of zeal in some quarters, and this needed attention. The importance of the work was not reaching the attention of the young people as it should, but there was no place in such a society for pessimism. She paid a tribute to the work of the Canadian Girls in Training, and said that much good material might be recruited there.

Miss Ford and Mrs. MacKegan were thanked for their papers and congratulated on the quality of their afternoon session.

The afternoon session opened with devotional service led by Mrs. W. W. Malcolm. Mrs. R. D. Ross took the chair. Mrs. W. W. Malcolm gave the report of the credential committee.

For the Courtesy Committee, Mrs. A. J. Miller expressed thankfulness to God for health and safety; to the ladies minister, session and trustees of St. Andrew's church and to the people of St. John for hospitality. Thanks were also due Rev. Mr. Spencer, the speakers and to the press.

Miss Janet Sinclair, treasurer, in her report stated total amount of money raised, \$8,038.68. The objective was \$13,000. It was explained that there had been confusion regarding thank offerings and many contributions had been given through church funds instead of through the W. M. S.

Totals of various funds was as follows: Foreign Missions, \$4,045.24; Thank-offering, \$127.61; Special Home Missions, \$577.61; General Home Missions, \$1,096.56; Bursary, \$100; Maritime and Sydney Homes, \$148; Minto, \$40; Deacons, \$76.76; Harrington Harbor Manse, \$29; Grace Deacon Memorial Fund, \$25; Life Certificates, \$125.

Mrs. R. A. Jamieson offered the dedicatory prayer. A list of causes to be donated to were read by the general treasurer, and from the \$1,606.36 to be given, the following sums were voted: \$100, work in Minto; Bursary Fund increased to \$100; the salary of the deaconess, Miss Cora Sinclair, and \$5 monthly for storage room for bibles; \$50 to the general treasurer; Maritime and Sydney Homes add to trust fund, making the donation \$100 to each; Scotchtown, \$100; Point-a-Trembles School, \$25; for Miss Ada Findlay's training, \$25; for the Grace Stevens' Memorial Fund; the residue to go to Labrador. A motion, introduced by Mrs. R. A. Jamieson, that the Presbyterian

Germans Depressed By Prison Terms

Sentence of War Offender to Jail Creates Great Dejection Among Officers.

London, June 9.—Sir Ernest Forster, the solicitor general, replying in the House of Commons to a question by Horatio Bottomley, Liberal, as to whether Sir Ernest was satisfied with the results thus far of the trials of war criminals in Leipzig, said it would be improper to make up a statement at this time. He said however: "Perhaps Mr. Bottomley might be satisfied to know that a sentence delivered in my presence caused great dejection among the military party of Germany and that the officers there certainly did not think it a small sentence to have one of their number sent to the ordinary prison in order to carry out a sentence of ten months among thieves and felons."

Referring to one of the accused who was charged with sinking a hospital ship and fled from Germany as soon as the list of accused men was published, the solicitor general said that every effort was being made to arrest the man and his property had been sequestered.

Referring to the former practice of entertaining delegates in their own homes, this motion passed. Chipman has invited the Presbyterian for next year in July and will billet delegates.

A vote of sympathy in her illness was extended to Mrs. Forbes. The decision of officers resulted as follows: Mrs. George MacFarlane and Mrs. James Ross, St. Stephen—Honorary President.

Miss W. Irvine, Moncton—President. Mrs. Clarke Elliott—First Vice President. Mrs. Craig, Stanley—Recording Secretary.

Mrs. Ade J. Caruath, Riverside—Corresponding Secretary. Mrs. Janet Sinclair, St. John—Treasurer.

Mrs. R. A. Jamieson, St. John—Home Mission Secretary. Miss Gertrude Reid, Stanley—Mission Band Secretary.

Miss W. A. Henderson, Stanley—Young Ladies' Branch Secretary for Moncton. Mrs. J. Bingham, St. John—Literature Secretary. Miss Cora Sinclair, St. John—Deaconess.

Mrs. C. B. Allan, St. John—Auditor. County Vice-Presidents: York—Mrs. Beil, Fredericton. Carleton—Mrs. Wm. Malcolm, St. Stephen. Kings and Queens—Mrs. Sears, North Westmorland and Albert—Mrs. MacDougall, Moncton. Victoria—Mrs. Graham, Grand Falls.

St. John—Miss Townsend, Fairville. Carleton—Mrs. J. T. Montgomery, Woodstock. Deaconess Committee: Carleton—Mrs. A. W. Fraser, Mrs. Percy Gulkhausk. Kings—Mrs. McLellan, Miss Alton, McLean.

St. Andrew's—Mrs. Trentowsky, Mrs. Simon. Fairville—Mrs. E. Moore, Mrs. Leggett. St. David's—Mrs. D. Willett, Mrs. J. S. Malcolm.

Mrs. Ross, retiring president, thanked the members for support, and led the prayer. A vote of thanks was passed to Mrs. Ross, and Mrs. Irvine asked for help and cooperation, urging members to progress in the work. Rev. Dr. Foote offered the closing prayer, which ended the session.

Jews To Observe Feast of Weeks

Shaboth, Festival of the First Fruits, Commemorates the Giving of the Decalog.

Shaboth, which is the Hebrew for the feast of Weeks, will be observed in all congregations of the Jewish faith Sunday, June 12th, and in more orthodox synagogues on Sunday and Monday, June 13th. This festival is one of the three pilgrim feasts which were observed in ancient Biblical times when the inhabitants of ancient Palestine made pilgrimages to the Holy Temple at Jerusalem and there in numbers vast, sang praises unto the Lord for His Mercies which endure continuously. In those days the ceremonial consisted in the offering of the first fruits and grains of the field and were brought as a thanksgiving token for the new crop that was being harvested (Deut. xvi. 16).

This feast of the first fruits like other ancient pilgrim festivals was gradually transformed and invested with a more spiritual significance, particularly after the Jewish people developed a historical consciousness. In later periods of their existence the Jewish people linked historical events with those institutions and festivals that were transmitted from remote antiquity. In the case of the Feast of Weeks the festival becomes a re-dedication of the people of Israel up to the service of God, which is a consecration of the Jewish people to solve that their deeds may be seen of men as deeds of justice and loving kindness.

By this association of the giving of the law with the Feast of Weeks the Jewish people developed a consciousness of their appointment as a priest-people at the altar of humanity in the sense that the Jew is dedicated to the service of God as the Universal Father whose children are all sons of man.

Reformed Ceremonies. The Reform Congregations have in later decades enriched Shaboth with new significance by designating it as the Confirmation Day. This ceremony possesses a religious character in that it aims to impress the Jewish children with their obligations to their religious heritage. Expression of their own accord their convictions, they pledge loyalty to a covenant of justice and humanity. The Confirmation services does not endow the confirmand with a belief in God's justice and truth as manifested in history.

Following the confirmation services a reception is held in the home or in the religious school where friends and relatives of the confirmands and their parents receive greetings and felicitations on the eventful day in the life of the graduate.

Fundy Chapter Gives Assistance

Provide Garments for Labrador Mission—Vote Money to Salvation Army.

Five new members were elected at the regular meeting of the Fundy Chapter, L. O. D. E., held last evening in the G. W. V. A. rooms, the Regent, Miss Alice Fairweather, presiding. Members brought garments to be sent to the Labrador Mission, Miss Winifred Upham, convener for the committee.

The sum of \$10 was voted to the Salvation Army, and the action of committees in giving assistance in several needy cases was ratified. Miss Valie Sandall sent a report of the successful dance held in the Armory; Miss Harriet Smith reported on the tableaux at the Empire Day Pageant; Miss Grace Fleming, educational secretary, told of plans made to visit the school at Glen Falls, to which a prize will be presented, and the North End Kindergarten at their closing.

It was reported that the chapter had supplied waitresses for the ice cream booth at the G. W. V. A. Fair. Miss Frances Alward, secretary, gave an account of the Municipal Chapter meeting, drawing attention to the Memorial Workshop for soldiers and the necessity for patronizing "Made-in-St. John" goods.

The Regent urged all members to join the Red Cross, and through the summer to find ways and means to increase funds of the chapter so that assistance may be given to those in need. Miss Bertha Boyer, Miss Bernice Borden, Miss Alice Hatch and Miss Muriel Burn told of cases where help was required or had been given, and they were authorized to continue to assist these families.

Letters Read. Letters were read from Miss Agnes Sutherland, R.R.C., thanking the chapter for aid given a family, and from the Boy Scout Association expressing thanks for a done Municipal Chapter written by Mr. McClary, of their will to support the chapter.

The following new members were elected:—The Misses Simons, G.

GERMANS APOLOGIZE

Paris, June 9.—Dr. Mayor, the German ambassador here, called at the foreign office this morning, and presented the excuses of the German government for an attack upon the French troops in Siberia yesterday by the forces of Gen. Von Hofer, head of the German defence forces in the district.

Mr. Mayor said the attack was an error, the French having been mistaken for Polish insurgents.

This is the closing meeting of the chapter until September, business to be carried on by the executive.

TRIPLE-SERVICE (ECONOMIC-HYGIENIC-STYLE) Makes Nemo Corsets Indispensable. Illustration of women in corsets.

The Meaning of Nemo Corset Service

MILLIONS OF WOMEN DEPEND ON IT. Nemo Corsets comprise many hygienic features of great scientific value and are divided into three distinct services:

Hygienic Service—Style Service—Economic Service. Their Hygienic Service has become invaluable and indispensable from a humanitarian and health point of view.

Their Style Service is necessarily different from that furnished by other corsets. The scientific and hygienic results can be obtained only when Nemo Corsets fit the figure accurately, comfortably and properly.

Their Economic Service, on which the first two depend represents the long-wearing qualities of Nemo Corsets. No amount of ingenuity in conceiving these valuable inventions would avail if the corsets themself were not extremely durable.

Their intrinsic value production cost of the corsets features, although worth much given entirely free.

Catcher Dever Was Severely Injured

Collided With Stand During Game - Commercial and St. Peter's Play Tie.

About 2,000 people crowded into St. Peter's grounds last evening and witnessed the best game of the season in the West End League when St. Peter's went to a tie with the Commercial. The sports of loose play were few, and with a couple of double plays well executed and Case's home run in the last inning, which tied up the game, were the only features that made the large number of fans and spectators forget the few errors made.

Joe Dever Injured

An unfortunate accident occurred just five minutes before the game closed when Joe Dever, the star batsman for the Saints, was badly injured. The Commercial came in for the first half of the seventh inning. Leulian, the first batter, struck out. Evans, the pitcher, was next to bat and hit a high foul behind the plate. Dever ran hard for the ball, which was descending close into the grandstand. The plucky player caught the ball, but in doing so collided with the boards in front of the stand, striking his head, knocking him unconscious and at the same time he gave his body such a twist that he strained the muscles of his kidneys. He was carried from the field and conducted to his home, on Adelaide street, where he was attended by a physician who, on examination, stated that the player's injuries were not serious, but very painful and that he would be around again shortly.

## SHORTS HAVE GOOD DAY ON WALL STREET

Declines of from One to Seven Points Registered by Good Stocks of the List.

## REVERSAL HEAVIER AS SESSION ENDS

Foreign Exchange Situation and Export Tax on Mexican Oils Disturbing Factor.

New York, June 9.—Liquidation and professional pressure hit quotations in today's stock market. Leaders dropped one to three points, and many speculative issues forfeited two to seven points. In many instances, notably steels, equipments, fertilizers and chemicals, minimum prices were the lowest of the year.

Shorts Are Stronger  
Continued contraction of operations in the steel and motor industries, additional price cutting and more dividend omissions provided the aggressive shorts with fresh ammunition.

Money on call was easy opening at 6 1/2 per cent, the minimum initial rate of the last fortnight and easing to six per cent in the last hour. In the open market, floating offerings were made at as low as five per cent. Time funds were closely held, however, except for prime collateral.

## Raw Sugars

New York, June 9.—The raw sugar market was weak today and prices declined quarter cent below the last quotation, or at the lowest level recorded in over four years. There were sales of 7,400 of Costa Ricans in port at equal to \$4.25 duty paid.

Raw sugar futures were weak reflecting the lower ruling of the spot market and prices at midday were 16 points net lower under selling by trade interests and commission houses. No changes occurred in refined sugar. The demand was light and buyers were inclined to hold off owing to the unsettled feeling in the spot market. Prices ranged from \$4.25 to \$4.30 for fine granulated.

## Better Showing of The Montreal List

Canada Steamships Pfd. Sold Down Five and a Half to Fifty and a Half.

Montreal, June 9.—A feature of the market on the local stock exchange today was the better distribution of dealings, no issue showing an outstanding turnover and more issues being relatively active. In a price way the market was mixed with a pre-dominance of losses over gains. The largest loss was scored by Canada Steamship preferred which sold down 5 1/2 points to 50 1/2 and closed at the low. Macdonald lost 1 1/2 points at 17 and Spanish common a point at 64. British Empire Steel moved up a point to 30 and Howard Smith advanced a point to 76. In the balance of the paper group, Abitibi and Riordon were unchanged.

Two Papers Gain  
Brompton and Laurentide were up a fraction. Wayagmack and Spanish preferred were down a fraction. In the general list the cement stocks were steady. Breweries were down a large fraction and Shawingian down the same.

Among the banks Merchants was down four points to 170 to a sale of 24 shares. Prices in the bond list were unsteady with trading slightly smaller. Total sales, listed, 5,191; bonds \$249,100; rights, 159.

## Railway Passenger Earnings Increased

Big Increase in Amount of Grain Handled During the Last Year.

Toronto, June 9.—In the absence of President D. B. Hanna, the annual meeting of the Canadian Northern Railway was adjourned until Monday next. The report was released.

The report, which is the sixth annual one, covers the year 1920. Gross earnings, including elevator, etc., were \$88,541,353.42. Working expenses were \$82,533,978.60, with which equipment, higher taxes, etc., was added to \$2,836,264.75, thus showing an operating deficit of \$13,723,874.83. The addition of \$24,319,956.05 interest charges, raises the total deficit to \$40,043,830.88. Passenger earnings were \$12,694,546.83 up 17.31 per cent; freight earnings at \$49,948,946.52 showed a 25.2 per cent increase. Miscellaneous earnings, including express and telegraphs, were up 37.1 per cent. Freight tonnage increased by some two million tons, or 16.6 per cent, during the year. Grain handled exceeded by over 2,500,000 bushels, the total handled in the year ended June 30th, 1916, which included the record crop of 1915. The G. T. P. lines were worked in co-operation during the year 1920. Coal traffic increased 21 per cent.

## Eggs And Butter Cheaper But Fruits At Higher Rates

Lemons So Scarce Price Advances \$2.50 Per Crate Wholesale.

The market was comparatively quiet this week. Country produce continues to weaken and butter, eggs and potatoes bid rate to go even lower than pre-war prices. The farmer has some compensation in view of the fact that feeds have also slumped; hams dropped 4 cents and shorts 4 1/2 cents. They are now quoted at \$35 and \$38 per cwt. respectively.

Wholesale groceries were quiet, with the exception of a readjustment in prices. Ground cloves dropped 1 cent; ginger, 1 cent; nutmeg, 1 cent; allspice, 1 cent; cloves, 1 cent; ground ginger was reduced 4 cents a pound, it is now quoted at from 20 cents to 25 cents. They are now quoted at 35 and 38 per cwt. respectively.

A shortage of lemons in the American market sent the fruit up \$2.50 a crate. Lemons are quoted at from \$10 to \$12 per crate this week. Oranges advanced 50 cents to \$6.50 to \$8 a crate. Egyptian onions are up a half a dollar, present price, \$6 per cwt. Fresh mackerel, smelt and salmon were all lower this week. Calf skins and hides were easier and a slight reduction was recorded. There was no change in wholesale meats, or in oils.

Says No Trouble To Raise Esperanto

Halifax, N. S., June 9.—"If I were a few years younger, I would be out tonight on the sand bars of Sable Island, with divers and wrecking material, salvaging and bringing the Esperanto to the surface," was the statement of Captain J. A. Parthart, prominent steamship owner of Halifax last night. "Unless heavy weather prevails," he continued, "the task of salvaging the Esperanto would not be a serious one. I consider the cost would not be much over \$5,000. Added to this, there is the inducement to a wrecking company to save in that vicinity to secure valuable material from the wreck which caused the Esperanto to founder."
