### The Hon. P. Mitchell at Rogersville.

The Hon. Peter Mitchell, M. P. for Northumberland, has been visiting his constituents and yesterday completed a tour of the county. He has everywhere received a most cordial welcome and has addressed the people at various points, completely refuting the groundless charges made against him and winning the approbation of his hearers by his frank, explicit defence of his conduct and policy in matters general and local, and especially in regard to railway affairs. Yesterday he visited Rogersville, an extreme point of the county, and a thriving village, bordering on Kent, and was met at the station by a large number of his constituents, one of whom, Reuben S. Cormier, Esq. on behalf of friends in the Parish, read the following address:

HONORABLE SIR,-It is with much satisfaction that, in the name of the inhabitants of the Parish of Rogersville, we welcome your presence among us. We feel that we would be lacking in the esteem which we hold towards you if we did not on this occasion express to you the entire satisfaction that your general conduct as our worthy re-presentative has given us. Though your abode is not permanent a mong us yet we feel and know that you are

It is, as its name indicates, a home magazine, and to those who are acquainted with it, needs no higher commendation than to say it is better than ever before. For ten years it has had a steady growth both in circulation and literary quality, and now is a most excellent home magazine, crammed full of good things, among which there is always something to amuse or instruct every member of the family.
