MAIL ORDERS

We solicit out of Town orders, which receive our personal attention. The length of time taken to fill orders is governed very largely by how busy we are in the department of our factory in which the particular goods are made. While we have exceptional facilities for promptly turning out goods, it is important to place orders as far ahead as possible. Orders are filled by us in the rotation in which they are received, and customers can always depend on our doing everything in reason to give prompt despatch.

THE AMATEURS HAVE GOOD SHOW

The Campbellton Dramatic Club Present Good Play at Opera House.

THE CAST

On Monday evening the Campbellton Dramatic Club scored another success when they presented the melodrama "Botany Bay" at the Opera House. Notwithstanding the bad weather a good attendance approved of the efforts of the amateurs, the various parts being well taken care of. Pleasing specialties and songs by the far famed Leahy

relieving the waits between the acts. The scenery was all new and specially prepared by the members of the club for this production. Miss Redden's orchestra added greatly to the enjoyment of the patrons this musical quartette making great strides lately and are good as any in the province. The club purpose staging this play in neighboring towns, and should prove a drawing card, the entire production being worth seeing. The full cast on Monday night was: Bill Jarvis, a convict, K. D. Young; Sydney Carton, the villain, H. A. Daley; James Carton, a lawyer, L. F. Wallace; Dick Hazelton, S. Daley; Andrew Hazelton, S. Keays; Dr. Lillywick, Jas. Leahy; Sergeant Flint, F. Pinette; Gregory, a servant, Miss Irene Murray; Florence Wayne, Miss M. Culligan; Mrs. Jenkins Stork, Miss M. Sutton; Madge Featherstone.

THE NEW OFFICERS FOR ENSUING YEAR

Campbellton Masons Elect New Officers who will Installed on St. John's Night

THE LIST

At the last meeting of Campbellton Lodge the new master was elected and the officers appointed by him for the ensuing year. Much gratification is expressed among the brethren at the progress the lodge is making and much thanks is due the Bachelors for their worthy efforts to assist the lodge materially. The list of officers is as follows: W. M.—Bro. F. E. Shephard; S. W.—H. A. Marquis; J. W.—A. A. Andrew; Secy.—M. A. Kelly; Treas.—J. R. Mackenzie; S. D.—E. E. Clark; J. D.—H. B. Anslow; S. S.—H. M. McLennan; J. S.—E. H. C. Laskie; D. of C.—Chas. A. Alexander; Chap.—Rev. T. P. Drumm; Tyler—Don. Currie.

The officers will be installed on St. John's night 27th December in the Masonic Temple, at which a banquet will be held. Preparations are already on foot by the Bachelors for their next dance which will be held at the end of January when they expect the success attained at their last effort will be greatly eclipsed at this next one.

TWO NEW BANKS FOR RESTIGOUCHE CO.

Would Look as if Back to the East Movement Was Taking Hold.

Since the advent of the Bank of Commerce opening a branch in Campbellton persistent rumors have been heard that two other banks would follow suit, and open up either in Campbellton or Dalhousie. It now transpires that the Bank of Nova Scotia will open a branch in Dalhousie, premises having been secured and the contract for renovating the building given to D. A. Stewart of Campbellton. We are also informed on good authority that the Bank of Montreal will open a branch here very shortly, which is thought to be a direct result of the late change in the management of the divergent sections of the Intercolonial. If these things be true it shows an assured future for our town as financial institutions do not as a rule take hold in places which they do not consider winning propositions.

CANADA'S NAVAL EMERGENCY GIFT

Three Super-Dreadnoughts to Cost 35 Million Dollars.

BRITISH BUILT

In the House of Commons yesterday the Government introduced their emergency naval policy. The main proposals are: That Canada shall contribute three battleships to the Imperial Navy, at a cost of thirty-five million dollars, for Canadian participation in the defence of the Empire. These ships would be at the disposal of His Majesty the King for the common defence of the Empire, to be maintained and controlled as part of the Royal Navy. That they had the assurance of the Imperial Government that if at any time in the future it should be the will of the Canadian people to establish a Canadian unit of the British navy, these vessels can be recalled by the Canadian Government to form part of that navy, in which case they would be maintained by Canada and not by Great Britain.

In the meantime, Canadians will be given special opportunities to serve as officers on board these ships; and that this policy was meant only to deal with the emergency revealed in the statement from the Admiralty, which was presented to the House.

Mr. Borden declared that the Imperial Navy must once more assert its supremacy along the Pacific and Atlantic seaboard of Canada; but that is not its general supremacy which constitutes the chief safeguard of the Overseas Dominions. Then he launched his definite scheme for aiding the Imperial Government to obtain a fleet which would be equal to the requirement of the emergency.

"In presenting our proposals," he said, "it will be borne in mind that we are not undertaking or beginning a system of regular and periodical contributions, which agrees with the resolution of this House in 1909 that the payment of such contributions would not be the most satisfactory solution of the question of defence.

"Upon the information which I have disclosed to the House the situation is in my opinion sufficiently grave to demand immediate action. We have asked His Majesty's Government in what form temporary and immediate aid can best be given by Canada at this juncture. The answer has been unhesitating and unequivocal. Let me again quote it:

"We have no hesitation in answering after a prolonged consideration of all the circumstances that it is desirable that such aid should include the provision of a certain number of the largest and strongest ships of war which science can build or money can buy."

Upon inquiry as to the cost of such a battleship we are informed by the Admiralty that it is approximately two millions three hundred and fifty thousand pounds, including armament and first outfit of ordnance stores and ammunition. The total cost of three such battleships when launched will be the most powerful in the world, would be approximately thirty five million dollars, and we ask the people of Canada, through their Parliament, to grant that sum to His Majesty the King of Great Britain and Ireland and of the Overseas Dominions in order to increase the effective naval forces of the Empire to safeguard our shores and our sea-borne commerce, and to make secure the common heritage of all who owe allegiance to the King.

Three ships will be at the disposal of His Majesty the King for the common defence of the Empire. They will be maintained and controlled as part of the Royal Navy, and we have the assurance that if at any time in the future it should be the will of the Canadian people to establish a Canadian unit of the British Navy these vessels can be recalled by the Canadian Government to form part of the navy, in which case, of course, they would be maintained by Canada and not by Great Britain. In that event there would necessarily be reasonable notice and indeed Canada would not desire or suggest the sudden withdrawal of

ORGAN RECITAL IN CAMPBELLTON

A Musical Treat is Heard in St. Andrew's Presbyterian Church

GOOD PROGRAM

On Tuesday evening under the auspices of St. Andrew's Club, an enjoyable organ recital was given in St. Andrew's Presbyterian Church by D. Arnold Fox, St. John. The various numbers were listened to with rapt attention, the audience receiving a musical treat well above the average. Mr. Fox is a player of high excellence, his masterly handling of the organ showing marked ability. He was supported by Mrs. Walter J. Miller of Charlco, who sang "The Rosery" and "Absent" with her well known charm and the choir of St. Andrew's Church who rendered the anthem "Behold how good and joyful" by Clark Whitfield accompanied by the organist of the church Mr. John G. MacColl.

- The program is as follows:
1. Processional March, Queen of Stables
 2. (a) Pastoral, Lenore; (b) La Ciriquantaine, Gabriel Marie
 3. Overture to Tannhauser, Harold
 4. Solo, Selected, Mrs. W. J. Miller
 5. Prelude to Parsifal, Wagner
 6. (a) Original Music to Faust, Gounod; (b) Nona Intermezzo, Debussy
 7. Overture, La Sirene, Auber
 8. (a) Meditation on 1st Psalm, Gounod; (b) Fugue a la Gigue, Bach
 9. Anthem, "Behold How Good" is the Choir, Clark
 10. Humoresque, Dvorak
 11. Impromptu on "Rocked in the Cradle of the Deep," Rossini
 12. Overture, William Tell, Rossini
- God Save the King.

PIANO CONTEST NEARING THE END

The Graphic Piano contest has only one week more to run the vote closing on Saturday the 14th inst. at 8 p. m. Now that the weather is good a great finish is expected the rivalry doing very keen between the contestants. Miss Hamilton of Point la Pique is now leading, and we look for quite an exciting time next week. In order that contestants may take advantage of every minute of the contest time votes mailed and postmarked Saturday, Dec. 14th will be counted. This will give all an equal chance. The standing up to Thursday night was:

Miss Ella Hamilton,	31,500
Point la Pique	
Miss Lydia Grenier,	26,750
New Carlisle	
Miss Juliet Cyr,	19,500
Russseau LeBlanc	
Miss Ruth Donnelly,	9,625
Jaquet River	
Miss Alice Robertson,	2,000
New Richmond	

so powerful a contingent from any important theatre in which the naval forces of the Empire might be exposed to severe and sudden attack. In the meantime, I am assured that special arrangements will be made to give Canadians the opportunity of serving as officers on these ships. These ships will be built under Admiralty supervision in the United Kingdom for the reason that at present there are no adequate facilities for constructing them in Canada. The plant required for the construction of a Dreadnought battleship is enormous and it would be impossible at present to maintain shipbuilding in this country on such a scale. In any case only the hull could be built in Canada because the machinery, the armour and the guns would necessarily be constructed or manufactured in the United Kingdom. The additional cost of construction in Canada would be about twelve million dollars for the three and it would be impossible to estimate the delay. No one is more eager than myself for the development of shipbuilding industries in Canada but we cannot on any business or economic considerations begin with the construction of Dreadnoughts and especially we could not do so when these ships are urgently required with in two or three years at the outside for rendering aid upon which may depend the Empire's future existence.

Miss Christmas Shopper.

Do Your Buying Early!

We are now in a better position than ever before to look after the requirements of Christmas Shoppers.

We have always strongly urged early buying as a medium for reducing the eleventh hour rush with its attending discomforts to both the customers and the salespeople.

Expecting a very large increase of business this Christmas over last, we have prepared accordingly and the many articles we are displaying for men and boys fit the idea of present day progressiveness, which

wants something appropriate for an acceptable Christmas gift and yet is a useful article of dress as well.—Something that Hubby or Brother will appreciate for its intrinsic value, as well as for the pleasure of receiving it from you.

OLD SANTA HAS ARRIVED At the Big Department Store!

Old Santa has made his appearance with a various stock and overwhelming supply of Toys for the Children and fancy goods for his friends.

Never before has this old Gent visited town with such a load of Toys and Presents as this Year.

HURRAH FOR GOOD OLD SANTA!!

It would be worth the time and expense to come miles to see the mammoth assortment he has on display at our store. We ourselves were at a loss to know where he intended to put them, and what he intended to do with them, but that wise old head of his soon had all arranged and has already disposed of a lot.

Among the Toys on show he has Dolls in large and small sizes, Fur Animals, Horses, Elephants, Mechanical Toys, Pianos, China and Tin Tea Sets, Violins, Autos, Trains, Tops, Horns, Nodding Figures, Bath Tubs, Watches, Steam Engines, Beds, Books, Games, Drums, Trunks, Wash Sets, Rocking Horses, Stoves, Sleds, and many other things too numerous to mention.

As for our display of Fancy Goods for Christmas Presents, we would like you to call and inspect our large and carefully selected range.

Old Santa's one request is bring the little ones to see his monstrous display at The Big Department Store.

MARQUIS & CO.

FOR THE WOMAN WHO CAN CROCHET.

Christmas Gifts That May Be Fashioned by Her Needle.

The girl who crochets has a great opportunity to display her skill, especially in this day of beautiful hand work.

A young girl will be delighted to receive a crochet party bag for Christmas. The one illustrated is crocheted of rather heavy cotton and finished at the corners with hand-made balls of the cotton.

The bag may be mounted over a lining of silk or satin in any color that is preferred. It is made to accommodate the fan, buttonbook and other dainty trifles that a girl is likely to require at a party or at the dancing class.

Charming For a Young Girl. In crocheting a bag on this order it is not necessary to adhere to this pattern. Any motif used in Irish crochet may be substituted for the hose shown here. By the use of judiciously adjusted chains re-enforced with rows of double or triple crochet made to look like scallops it may be worked out to form an oblong piece of crochet. This supplies one side of the bag.

Rows of chains or scallops are run around the edge when the two sides have been drawn together with the crocheting needle in a row of single crochet.

To Keep Handkerchiefs Neat. This little handkerchief case may be made in a short time and will prove a most acceptable gift to any friend, man or woman. It is fashioned of coarse crochet of silk. The pattern is a diamond shape achieved by crocheting a chain of seven and catching it in the center of the chain beneath it.

A square is first crocheted of these chains, and then the sides of the bag are crocheted around and around that. A piece of cardboard padded and covered with silk is tacked to the bottom of the bag. This square is scented and made the same size as a folded handkerchief.

Ribbons are run through the top of the bag so that it may be drawn to

close.

Useful Crochet Gifts. Irish crochet belts lined with a soft white ribbon are pretty accessories to a white toilet. Buckles to finish off a pretty necktie can also be crocheted. Handkerchief bags to match the Irish belt are also charming, and open bags are made of lace.

FLITTING IN CANADA

Some Curious Mis-statements in an English Journal.

Some curious statements about the habits and customs of one country are sometimes published in the newspapers of another. An English publication, "Ideas," has an article about "flitting," or moving, in Canada. The readers of that journal are informed that in Canada we do not fit, we do not move from one home to another, do not engage in house-hunting, furniture packing, and that we do not employ furniture removers. The way we do it in Canada is thus described: "When a householder decides to move to another locality, if it is within a reasonable distance, he locks his door, puts the key in his pocket, and walks or drives to the spot he has chosen for his future home, and leaves the house to be brought after him."

This is made possible, it is explained, because the houses are of wood. Everything is left in a house just as it was occupied. It is hoisted on jacks, moved on rollers, and is taken to its new site without cracking the plaster or shaking the pictures from the walls. All this is very interesting, and no doubt some frame houses and shacks are moved from one site to another in this way. But one is as likely to see the residences of London or Liverpool on skids as those of a Canadian city.

SECRETS OF THE CRAFT.

Side remarks by Distinguished Author while composing the Novel of the Decade:

(a) "For heaven's sake, Mary! Can't you stop that child crying without singing at the top of your voice. How is a man to get anywhere with all that noise going on?"
(b) "Yes, yes, yes, yes, take the paste, take the shears, take the paper, take the ink, take the stamps, take everything, but let me work in peace!"
(c) "Oh, if you say so, I suppose we must pay that fool call, but I do wish you'd remember that every minute taken out of my working day cuts down our income by just so much!"

From the Dedication Page of the completed Novel of the Decade:

MY WIFE, MARY, without whose gentle inspiration, true companionship and constant helpfulness these pages would never have been written, I gratefully inscribe this book.

Arthur Guiterman in Life.

MR. LOUIS CODERRE who was selected by Rt. Hon. R. L. Borden to enter the Cabinet as Secretary of State.

MASTEDON SKELETON FOUND

Tusk Measures Seven Feet in Length, Weighs 175 Pounds

The skeleton of a mastodon was found by Mr. Leaman Hawley on the second concession of Malahide, near Aylmer, Ont. A tusk was uncovered which measures seven feet in length by eight inches in circumference, and weighs about 175 pounds. The ribs measure five feet in length, the vertebral joints are as big as a small-sized frying-pan. The upright bones from the vertebrae joints measure from eight inches to sixteen inches in length. One tooth was unearthed which weighs four pounds, and is fourteen inches around. The skeleton was found on the banks of a ravine.

Where Divorce is Easy

As to divorce, neither Australia nor the United States leads the way, if we admit undeveloped tribes into the competition. Among some Siberian tribes, for instance, a man need only sever his wife's head and walk away; and the Eskimo has only to leave his house and stop away in pretended anger for a day or two. In Nepal a woman can divorce her husband at any time by simply placing a betel nut under his pillow and taking her departure. And two chopsticks broken in the presence of a witness are sufficient to divorce a couple in Cochinchina.

New Hoses Nozzle

A new hose nozzle for washing automobiles has a rubber tip that can be compressed with the fingers to form a spray, while the water can be shut off entirely with a valve controlled by a button resting in the palm of the hand.

WEDDING

HARCOUR, Dec. 2.—The prettiest wedding of the season took place on the 2nd inst. in the St. Andrew's Presbyterian Church, Harcourt, when Miss Mary Jane Hutchinson became the bride of Mr. Nathan Ward, of Spooner, Minn. The bride who was given away by her father John C. Hutchinson was becomingly dressed in a travelling suit of navy blue, white and black beaver hat with white osprey. The bridegroom wore a suit of navy blue serge and black velvet hat with blue trimmings.

The girls were met at the door and shown to the seats by the ushers Messrs. Hazen, Wylie and Bonar Mundie. The church was prettily decorated for the occasion with cedar and carnations. The bridal party stood under a beautiful arch and bell also arranged of cedar and pink and white carnations, the work of the girls friends of the bride. The ceremony was performed by Rev. Mr. Rennie, Millerton, owing to the absence of Rev. R. H. Stewart. Miss Maude L. Atkinson of Derby Junction acted as bridesmaid. The wedding march was rendered Lohengrin's wedding march very beautifully on the organ as the bridal party entered the church. The choir then sang "The Voice that breatheth Open Gates. After being segregated Mr. and Mrs. Ward left immediately for the Ocean Limited for the North Shore and after visiting relatives throughout New Brunswick, they will reside in Spooner, Minn., where Mr. Ward is engaged in business.

The bride received many beautiful and costly presents consisting of linen, silver and crochets. The groom's present to the bride was a handsome set of furs, to the bridesmaid a crown of tulle and in the groom's fountain pen. Among those who attended the marriage were Mr. and Mrs. Thomas Hutchinson, Mr. Charles Hutchinson, Lower Derby, Miss Bertha Barron, Mr. David Barron, Millerton, Miss Maude L. Atkinson, Derby, J. C., and Misses Margaret and Edna McEthern, Moncton.

Pretty Headgear and Bags Are
Useful Christmas Presents.

Here is a hood easily made and dainty
which will prove a useful gift for the
feminine motorist, whether she is
young or old. It is of cloth in brown
and white mixture combined with
plain white in basket weave cloth. The
white is for the band along the front of
the hood and for the flaring angular
piece at the back. Cross stitch in
coarse silk is used to decorate the cloth
at the back and on the sides of the
cap. Rosettes of ribbon at the sides
are adorned with large square buttons,
covered with silk. These, too, are fin-
ished off with cross stitch. Ribbon ties
fall from the silk rosettes.

CLOTH MOTORIST HOOD.
requirement of automobiling headgear
is that it should be comfortable and
stable. Hats, motorists or hoods that
can be displaced by the wind are worse
than useless.
For the outdoor girl there is nothing
in the way of outfit or accessories that
has made such a hit as the knitted
wool sets, consisting of cap, muff and
scarf.
Automobiling is so popular that most
of us have among our friends some-
body who motors, and any trifle which
adds to the convenience or comfort of
the motorist will be greatly appreci-
ated. For such "gifts" are not always to
be had in the shops.
First Aid For Motorists.
An emergency case, fitted out with
adhesive and court plaster, strips of
gauze, absorbent cotton, a small bottle
of peroxide and a few other simple
drugs useful in case of illness or acci-
dent may be put up in compact form
to be stowed away in one of the pockets
of the car, for accidents sometimes
happen when it is not possible to get
medical help. Then the emergency
case has its use.

A Beauty Bag.
The pretty bag shown here may be
carried on the arm. It may be design-
ed in colors to match the motorist
gown. Absorbent cotton, a small bottle
of peroxide and a few other simple
drugs useful in case of illness or acci-
dent may be put up in compact form
to be stowed away in one of the pockets
of the car, for accidents sometimes
happen when it is not possible to get

case has its use.

A BEAUTY BAG.
For extra antiseptic, bottle of
antiseptic ointment or toilet accessories likely
to be needed on an outing. Among
these might be child cream, a small
cake of soap for the hands and tiny
cumb.
Handmade Veils.
A handsome handmade veil with the
owner's initials embroidered on it is
a nice gift for the woman who motors.
The gift of the sort that cannot but
be useful in a set of handkerchiefs
rather larger than the ordinary ones
for women and with the owner's in-
itials embroidered on a tiny motorist's

B. Goodman
Wishes You a Merry X'mas.

MANY loving and thoughtful parents, brothers, sisters and friends are al-
ready planning for Christmas, making up lists, deciding gifts, etc., and
to them and the thousands in Campbellton and surrounding districts
I direct those few words.
Even more so than in previous years I have tried to make "Goodman's"
and its Christmas merchandise so serviceable, so satisfactory, that it will merit
not only the great holiday business, but double the trade of a year ago. I
have striven to make my stocks more helpful, more practical and more orna-
mental. It will pay you to come and take an early look at these beautiful
Gift Novelties, because they open up such a wide field of appropriate selection.
My welcome will be cordial, whether you buy or not.

A CHANCE

Some time ago there was a little talk of resurrecting the Y. M. C. A. scheme which has been hanging fire for a few years.

As the fact remains that the proposition of building and furnishing is to large to tackle at the present time could not the original committee get together and rent the building lately occupied by the Windsor Hotel.

This building surely could be rented at a fairly reasonable figure and there is sufficient funds on hand to furnish it out and make a start.

A rented place could do us for a number of years and preparations could be made for an aggressive campaign for funds.

This is worth looking into as the building is centrally located and being at present empty and liable to be so for some time it is not probable that rent would be exorbitant.

The promoters of the Y. M. C. A. are all agreed upon the necessity of such an institution, and if we are unable to finance the larger proposition we might begin with the lesser and grow.

UNJUST

The Moncton Transcript says:—The Halifax Chronicle, in discussing the advent of the C. P. R. with running rights over the Intercolonial Railway into Halifax, is scarcely to be congratulated when it uses the expression respecting the outlay on the Intercolonial Railway that "our good money has been sunk in the wastes of Northern New Brunswick and Eastern Quebec." As a matter of fact no good money has been sunk in the wilds of Northern New Brunswick by the Intercolonial Railway or in Eastern Quebec. Probably no section of the route served by the Intercolonial Railway has yielded in recent years with one exception, so much local freight out of all proportion to population as the very section of the Intercolonial Railway which The Chronicle seems to regard as waste. Between Campbellton and Metis, little towns have sprung into existence, whose stores with large plate glass windows, lighted by acetylene gas or electricity, show a bustle of prosperity, which other and more pretentious portions of the Dominion might well envy. There is scarcely a section of the Intercol-

onial Railway outside possibly of the Cape Breton district, which has shown so satisfactory a development in business as the very section of Eastern Quebec and Northern New Brunswick, which The Chronicle criticizes. Our contemporary, of course, is excusable for making the mistake, because it is basing its assertion upon conditions, which existed prior to 1896, but it should remember that the Liberal party with its progressive policy was in power for fifteen years up to a year or so since, and that has made all the difference. The Chronicle should correct its information respecting the Intercolonial Railway in Northern New Brunswick and Eastern Quebec.

To the Editor of the Graphic:—

In the Graphic of some weeks ago there was a letter published from the Liquor Inspector of Charlo and in case this matter was not impressed upon the minds of your readers I wish you would publish this.

If any women or man in Jacques River has information with reference to the selling of liquor they should send some either to the Inspector or Rev. G. J. Lambert, and be sure to sign their name to their information. Their name will not be made public in the prosecution as both these gentlemen trust all such information confidently but must have the correct name of the writer. Many letters are received with fictitious names signed and of course no action can be taken. Remember sign your own name.

A HIGHLY BRED COLT

A. R. Wheeler one of our progressive farmers and a great lover of horses, has just purchased a very valuable and highly bred filly, sired by "Rudy Kip" 2.04 1/2. Dam "Vick Mac" race record 2.30 1/2 and her breeding is from the best of trotting blood lines. "Rudy Kip" is one of the best bred horses in the Province, his sire "McEwan" 2.15 having 39 with record from 2.05 1/2 to 2.30, the dam of "Rudy Kip" is also the dam of "Helena Duplex" 2.05 1/2. "Rudy Kip's" dam is by "Brown Hal" 2.12 the sire of "Star Pointer" 2.30 1/2 and 95 others in side of 2.30. At the Maritime Horse Show, held in Amherst, 1912 "Rudy Kip" was a three time winner. He is the Standard bred Stallion, 1st in Roadster Stallions, and won the diploma for the best Standard bred Stallion of any age shown, which should add to the value of his colts very substantially.

OBITUARY

H. B. Anslow of the Graphic received word yesterday of the death of his step mother Mrs. Elizabeth Anslow, which took place at North Battleford, Alberta Thursday morning, at the home of G. B. Anslow. Deceased was the widow of the late W. C. Anslow of Newcastle, and a daughter of the late W. Witherell, being the last survivor of that family. She resided here for a year, then went west to live with another step son. Miss Mary Anslow was with her at the time of her death.

MINISTERS MEET

The Restigouche and Bonaventure Ministerial Association met at the Mansie, Campbellton at 8 p.m. on Monday, 2nd of Dec. There were five members present viz.—Rev. J. E. Purdie, T. P. Drumm, J. H. Jenner, C. A. Hardy of Moffats, N. B., and C. W. Squires. A paper on "The authority Inspiration of Scripture" was given by Rev. J. E. Purdie. The reader dealt with the subject from the standpoints of Sacrodotialism, Mysticism and Rationalism. The subject was handled in an interesting and able manner calling forth much discussion. The next meeting will be held in the Methodist parsonage the first Monday in January.

SIGNS OF THE TIMES

Once again it is our pleasure to remind you, that, in our opinion, you will be serving your own best interests in doing your Christmas shopping early.

QUITE AN ADVENTURE

A popular Campbellton railway man who is on a visit to Chicago had quite an adventure at Levis en route to Montreal. When the train was just to pull out, he saw a man walking away with a bar lined coat and a travelling bag which seemed familiar. He made a run for the stranger, grabbed his goods and in the scuffle which ensued was arrested. In the meantime his train had pulled out. At the police office the matter was straightened out, he getting his property and the thief going to jail.

"YOU'LL SUFFER ALL YOUR LIFE"

That's what the Doctor told him

"Fruit-a-lives Cured Him"

CAMPBELLTON, ONT., Jan. 25th 1912 "For over twenty years, I have been troubled with Kidney Disease, and the doctors told me they could do me no good, and that I would be a sufferer for the rest of my life. I doctored with different medical men and tried many advertised remedies, but none of them suited my case. Nearly a year ago, I tried "Fruit-a-lives". I have been using this fruit medicine nearly all the time since, and am glad to say that I am cured. I give "Fruit-a-lives" the credit of doing what the doctors said was impossible. I am now seventy-six years old, and in first class health."

GEO. W. BARKLEY. In all the world, there is no other remedy that has cured so many cases of so-called "incurable" kidney disease, as "Fruit-a-lives". This famous fruit medicine acts directly on the kidneys—beating and strengthening them—and ridding the system of the waste matter that poisons the blood. See a box, 6 for \$2.50, trial size, 3c. At dealers or sent on receipt of price by Fruit-a-lives Limited, Ottawa.

MICHAUD-MACDONALD Bathurst, Nov. 29—A quiet but pretty wedding took place at Bathurst Thursday afternoon at 5 o'clock at the Sacred Heart Convent Chapel when Mrs. Elizabeth Helen MacDonal was united in marriage to Dr. J. N. Michaud, a prominent physician of this place. The Rev. Father O'Leary performed the ceremony in the presence of the immediate relatives of the family. Beautiful music was rendered by the Convent choir. After the ceremony the happy couple left by the Ocean Limited for Montreal and other Canadian cities. The bride was the recipient of numerous and beautiful gifts. On their return they will reside in Bathurst.

HAIR HEALTH

If You Have Scalp or Hair Trouble, Take Advantage of this Offer.

We could not afford to so strongly endorse Resall "93" Hair Tonic and continue to sell it as we do, if it did not do all we claim it will. Should our enthusiasm carry us away, and Resall "93" Hair Tonic not give entire satisfaction to the users, we would give full refund to us and our statements, and in consequence our business prestige would suffer.

We assure you that if your hair is beginning to naturally fall out or if you have any scalp trouble, Resall "93" Hair Tonic is without question the best remedy we know of to eradicate dandruff, stimulate hair growth and prevent premature baldness. Our faith in Resall "93" Hair Tonic is so strong that we ask you to try it on our positive guarantee that your money will be cheerfully refunded if it does not do as we claim. Two sizes 50c. and \$1.00. Sold only at our store—The Resall Store Thos. Wran

COINS OF LONG AGO

Workmen Find 500 Silver Pennies Beneath Church Floor

On behalf of the Crown claim was laid to some 500 silver pennies found by workmen employed in removing Staggley's Church, on the Duke of Bedford's Woburn estate.

The coins, which are dated between 1248 and 1273, were concealed five feet below the present chancel floor and one foot below the sidewalk floor. It is thought that they were a votive offering in recognition of a safe return from abroad and placed before a statue of the Virgin Mary by Peter di Vitella, who was rector of the village from 1247 to 1273.

He who does not respect conscience will never find happiness in his path. The belief in virtue vanishes from his heart, the source of nobler actions becomes extinct in him.—Lutherberg.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the Eustachian Tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness caused by Catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

WAS DUKE'S ORDERLY

Fifty-Two Years Spent as Soldier and Game Keeper of Park

Gatekeeper John Burrows, one of the best-known of the Royal park-keepers, who is retiring after having served his country as soldier and park-keeper for fifty-two years, was practically the whole of his 106 days' foreign service the selected orderly of the Duke of Connaught, who was commanding the Brigade of Guards in Egypt.

Mr. Burrows is the possessor of the Egyptian medal, with a bar for Tok-el-Kebir, the Khedive's star for the same campaign, the medal for long service and good conduct, and the Coronation medal of King George. He had been a soldier for twenty-two years before he saw active service, having volunteered for the Egyptian campaign at the opening of the war in 1882.

"On arrival at Alexandria," he said in an interview, "I was appointed the Duke of Connaught's orderly, an appointment I held all through the campaign. When Sir Garnet Wolseley came out to Alexandria he found that Arabi Pasha had some troops near Ismailia, and we were re-embarked at Alexandria for that town, which was on the Suez Canal, and went up the desert after him.

"I was on the field with the Royal Highness during the battle of Tel-el-Kebir, but was never able to get into the fighting line. Next day we went to Cairo, and there the cavalry captured Arabi.

"We returned home in December, 1882. Without any loss of time I obtained my discharge and received the appointment of park-keeper at Regent's Park in 1883. After a time I was sent to Kensington Gardens; from there I went to Queen Anne's Gate, and finally they transferred me to Buckingham Gate, giving me the Prince of Wales's Gate lodge, at Hyde Park, for a residence." Mr. Burrows intends to spend the remainder of his life with his sister near Nottingham.

ARRESTED A LORD

Constable and Baron Act Unwittingly in Jasper Park

An amusing story of an English nobleman who overestimated the wildness of the west and nearly got locked up by the mounted police as a result comes from Fitzhugh, Alberta. It appears that Lord Congleton took a trip to the Rocky Mountains for a little shooting, and accidentally got into Jasper park in his quest for big game.

The noble lord saw a large mountain sheep within easy range of his rifle and potted the animal with ease. Encouraged by his success, he went on a little further, where he found another sheep grazing, and bagged his second one for the day.

DALHOUSIE

Dalhousie, N. B. Dec. 4th.—On Thursday morning last, in the conv. at chapel here, Mr. Alfred Renaault, of the Gaspe Navigation Co., son of Capt. Renaault, of Arich at C. B. and now of Campbellton, was united in matrimony to Miss Mary Baril, youngest daughter of Mr. Antoine Baril, of Grand River, P. Q. and now of Dalhousie, N. B., by Rev. A. A. Boucher, P. P. before a large congregation.

The bride who was given away by her father, was gowned in a white travelling suit of Alice blue broad cloth and wearing a black velvet picture hat with white willow plumes and pink fur trim. The groom was supported by his father. The convent chapel was nicely decorated for the occasion, and during the conv. the pupils played several selections and the choir sang. The happy couple after taking breakfast at the bride's home, left on the Ocean Limited for St. John, en route for Boston and New York, where they will spend a couple of weeks, the groom having spent a few years in Boston. On their return they will spend the winter in Dalhousie. When navigation opens, they will make their home in Campbellton. The bride who is very popular, received many pretty and useful gifts.

The large basement of the St. John's Presbyterian church, where the members of the Dalhousie Literary and Social Club, generally hold their meetings, was crowded on Friday evening last, to hear a talk on Scriptural Views, given by Mrs. Carr Harris of Bathurst. The views which were shown on canvas, were explained by her in a very interesting manner. There were also vocal music. Rev. J. H. Kirk proposed a vote of thanks to Mrs. Harris which was seconded by Thos. G. Scott.

Mrs. Carr Harris and her two boys were the guests of Mrs. A. G. McKenzie while they were in town.

Mrs. W. P. Walker has come to spend the winter at St. Omer, P. Q. where her husband is managing the Chappelle Bros. lumbering operations.

Mrs. J. B. H. Storer and child have returned from a two weeks visit to Bathurst.

Miss Emma Meagher of Halifax, who has been spending a few weeks here the guest of her sister, Mrs. P. H. Sheehan, was called home on Monday on account of the illness of a friend.

Mr. A. H. Hilyard who returned home last week from New York and Montreal, left here on Monday for Gaspe Basin P. Q. with his brother H. A. Hilyard to complete arrangements for the developing of the valuable lumber property they recently purchased, known as the Gaspe Lumber and Trading Company lands, which includes the wharves of the company and which command the best situation in Gaspe harbor.

Miss Jessie Dunn of Dalhousie Junction, who was the guest of Mrs. George Lamkie, to-day, attended the organ recital given in Campbellton, on Tuesday evening, by Dr. Arnold Fox, of St. John, in St. Andrew's church and speaks very highly of the affair.

Mr. and Mrs. Edgar Nadeau who arrived here on Thursday last from Fredericton, N.B. spent the day here the guests of their cousins, Mrs. Mercier.

Mr. Joseph McIntyre who has removed to Upper Charlo with his family, has resigned his position of alderman, of the town of Dalhousie.

Mrs. George Cole of Campbellton was in town on Monday.

Mrs. Wm. McNaughton and her son Gerald who have been the guests of Mrs. A. H. LaBilloy for some time left for Quebec Friday last.

Miss Ettie Coleman who has been confined to the house with tonsillitis, is able to be out.

Miss Josephine Hutchison entertained a few of her lady friends on Tuesday evening.

Mrs. J. B. H. Storer is entertaining the ladies sewing club this evening.

Mr. Albert C. LaBilloy, eldest son of Tion. C. H. LaBilloy, who has been at the head office of the Royal Bank of Canada, Montreal, is now at L'Epiphany, P. Q., where a new branch is being opened, and he will occupy the position of accountant.

Mr. J. G. MacColl, editor of the "Campbellton Graphic" was in Dalhousie on Wednesday. He was a guest at the Queen's Hotel.

When you have a bilious attack give Chamberlain's Tablets a trial. They are excellent.

MR. C. H. MILLS of Berlin, who was elected in North Waterloo to succeed Dr. Lackner as member of the Ontario Legislature. Mr. Mills is a Conservative.

AFRICAN FOLK TAKE WOOD ASH BATHS

Britain at War in a Savage Country Whose People Have Queen Customs

London, Dec. 2.—With the object of making peace between two strange African tribes about which little or nothing was previously known, Great Britain embarked upon a "little war" which may drag on for months—perhaps years.

The two tribes are the Anuaks and the Nuers, who live near the border line between Abyssinia and the Sudan, and who has been quarreling for years. The Nuers, it was explained by an official at the Colonial Office are entitled to British protection, but up to now, they have not needed it. In fact, so long as they fought the Anuaks with shield and spear against similar weapons, and this was so until quite recently, the Nuers, easily beat their adversaries, but sometime ago the Anuaks began to get hold of rifles and ammunition which has been discarded by the Abyssinian army, and learned how to use them.

Thus armed the Anuaks made a series of murderous raids on the Nuers, driving their old conquerors northward and carrying off their cattle and women. The British, as rulers, of the Sudan, let the two tribes fight for a while, but as it began to look as if the Nuers would be wiped out altogether, an expedition, numbering 350 men with seven officers, was sent against the Anuaks. In a pitched battle, the native force was killed off practically to a man, but the British losses numbered 43, including three natives and two white officers.

The advance on the Anuaks was made through the country of the Nuers, who are a strong, wiry race, and wear very few clothes. At first sight of the strange thing about the Nuers is the fact that though they naturally are very dark brown in color they appear to be white.

This illusion is the result of about the strangest "baths" on record. In front of every hut is a pit with white wood ash, and in this every day first the men and then the women roll, covering themselves with a coating of white dust which acts as a protection against flies and other insects. On great occasions, the ash, by the addition of an evil-smelling sticky substance is made into a paste, with which the Nuers smear themselves—having then the appearance of being painted with white enamel. They also dye their hair red and wearing it sticking out straight behind, where it is kept in place with mud.

DETECTIVES UNDER ARREST IN COBALT

Cobalt, Ont., Dec. 2.—Three detectives are under arrest at Porcupine, following an altercation with a group of strikers and strike sympathizers, near the Goldfield Hotel, in Timmins, yesterday. In the trouble the detectives drew their guns and shot into the crowd, wounding two men seriously, and one slightly.

JACK JOHNSON WILL MARRY TO-NIGHT

Moving Picture Concern Offers Five Thousand For Wedding Film

Chicago, Dec. 3.—Jack Johnson, negro pugilist, declared to-day that he would marry Lucille Cameron, the 19-year-old Minneapolis girl, whose mother caused his arrest on a serious charge, to-night. The impending marriage will not affect his case before the federal court, according to Johnson's attorneys. The prize fighter said a moving picture concern has agreed to pay him \$5,000 to make a film of the wedding, which is scheduled to take place at the home of his aged mother on the South side, the ceremony to be performed by the pastor of St. Mark's African Methodist Episcopal church.

"I had a long talk with Miss Cameron yesterday," said Johnson. "I explained that I had been blamed for ill-treating her and that we might as well be married right away. She is alone in the world now. Her mother has left her and her stepfather is quoted as saying that he wants to have nothing more to do with her."

TWO POINTERS ON HOW TO CURE A COLD

When you begin to sniff and feel a burning sensation in the nasal passages, or when a tickling irritation in your throat starts you coughing, the first important thing is to act at once. It's the neglected cold that becomes troublesome and dangerous. The second important thing to do is to take Na-Dru-Co Syrup of Linseed, Licorice and Chlorodyne, and keep it up till the cold disappears entirely. Na-Dru-Co Syrup of Linseed, Licorice and Chlorodyne is absolutely free from harmful drugs, and can safely be given even to moderately young children. It is pleasant tasting and quick acting, promptly relieving the irritation of the throat and nostrils, loosening the mucus, promoting expectoration, and checking the cold. Your druggist has Na-Dru-Co Syrup of Linseed, Licorice and Chlorodyne in 25c. and 50c. bottles, or can quickly get it for you. PHANTOM SHIPS

The number of phantom ships is legion. Several of the vessels which were wrecked in close proximity to the scene of the Titanic disaster are even said to reappear in the same spot on certain occasions. The Packet Light is one of these, and the story runs that whenever a storm is threatened a ball of fire emerges from the spot where the ship sank, which presently forms itself into the shape of a vessel, and then sinks and disappears.

King George V. and his brother, the late Duke of Clarence, when on their cruise in the Bacchante from 1875 to 1882 are stated to have seen the phantom of the Flying Dutchman, and the Duke mentioned the fact in his diary under date of July 11, 1881. A three-masted brigantine is said to haunt the English channel in the vicinity of the Ower Lightship whenever a gale or snowstorm is threatened. Hundreds of people have declared that they have seen the apparition and heard the cries of the ghostly passengers. It is generally said to be the phantom of the training ship Eurydice, which went down off the Isle of Wight March 24, 1878, involving the loss of about 300 lives.

There are a host of vessels which have not been heard of since they sailed, but one of the most marvelous stories concerns the Marie Celeste, a French passenger sailing ship. She was sighted by the British ship Highlander October 1, 1872, and in reply to the signals gave the answer "All's well." Two days later when sighted she did not reply. She was boarded, but not a living or dead person was found on board.

Everything was in perfect order, luncheon was laid the saloon, the personal belongings of the passengers and crew were intact and a bottle of medicine was found upright on the captain's locker. The log had been kept down to the previous day, but there was no entry to account for the mysterious disappearance of all on board. Nothing was heard afterward of any of the passengers and crew.

SNAKE IN THE MILK

One of the Horse Hair Varieties and of Obscure Origin

Mrs. Magie Rosaire Lamothe, a Montreal woman, opened a bottle of milk and poured some of it into a tumbler to take a drink. To her horror she saw a small snake swimming around in the glass, and apparently looking at her. Mr. L. J. E. Leduc, city milk inspector, went to her house and took possession of the milk and the snake, which he killed. It proved to be what is commonly called a "horse hair" or "mane" snake. It was about six inches long, and had a well defined head and tail visible to the naked eye. Some of the health officers pulled off a part from the body and said its composition was like rubber. Some persons tried to revive the theory that this snake was derived from a horse's hair. But as no cases of spontaneous generation are on record this is unbelievable, said medical men.

THE DOCTOR'S QUESTION

Much Sickness Due to Bowel Disorders

A doctor's first question when consulted by a patient is, "are your bowels regular?" He knows that ninety-eight per cent of illness is attended with inactive bowels and torpid liver, and that this condition must be removed gently and thoroughly before health can be restored.

JACK RECORDS BURIED 250 YEARS

Historical Documents Found When Little Church in Montreal Was Demolished

After having lain untouched and buried from the light of day for nearly 250 years, two ancient glass bottles, musty and damp inside and out, but still containing what are now undecipherable copies of the records of the church and four religious medals of the period, were discovered when workmen engaged in the task of demolishing the little church of Notre Dame de Pitie, at Montreal, located the foundation stone of the old building, every stone of which teems with historical recollection.

Through all the long years, during which time there have lived and died twelve British sovereigns, Time has left his mark on the documents which, when they were buried, were believed to be hermetically sealed, and which baffle them was that glass was not porous.

Just a wad of decayed parchment containing the names of who knows how many makers of early Canadian history, perhaps, even the actual signatures of those who were among the original founders of the City of Montreal.

But if the papers are faded and unreadable, the four ancient medals found in the smaller of the two glass jars are in a very good state of preservation, though covered with a green deposit which prevents the inscriptions on the coins from being easily read. Two of the medals bear images of the Blessed Virgin, while a third, on its obverse, bears the image of Blessed St. Anne, the Mother of the Blessed Virgin. The impressions on the other medal are undecipherable.

The relics will be handed over to the Sisters of the Congregation, who sold the church property to the City to permit of the extension of a street.

VALUE OF ONIONS

Splendid Cure for Sleeplessness and Good for the Skin

"Onions are worth their weight in gold" from a health point of view. Such was the statement of Herman Senn, lecturer for the board of education in an address at London, England.

Onions, continued the lecturer, possessed an important medicinal value which could not be overlooked. They were considered a cure for the diseases and when eaten late at night are the finest form of antidote for sleeplessness.

Mr. Senn had a good deal to say on the subject of potatoes. Although there were known to be no more than 200 methods of cooking potatoes, the only methods practiced in English homes were boiling and baking and frying.

The main nutritive qualities of potatoes existed immediately under the skin and were often lost by careless peeling.

HAS MONEY TO BURN

Canadian Government Destroying Millions of Dollars in Old Bills

The Canadian Government has money to burn. During the past few months the stokers of the furnaces in the Finance Department have burned four and a half million dollars' worth of one-dollar bills, and over three million dollars' worth of two-dollar bills. And in eighteen months some twenty-seven and a half millions in small bills went up in smoke.

It may be explained, however, that this has nothing to do with the Government's attitude for "reckless expenditures." The money burned consisted of worn or dirty Dominion notes and they were replaced with crisp, new, clean sanitary bills. The Treasury really lost nothing except the small expense of printing the new bills. But a significant lesson the Government may be truly said to have "money to burn."

A Des Moines man had an attack of muscular rheumatism in his shoulder. A friend advised him to go to Hot Springs. That meant an expense of \$150.00 or more. He sought for a quicker and cheaper way to cure it and found it in Chamberlain's Liniment. Three days after the first application of this liniment he was well. For sale by All Dealers

BIG DEAL IN GASPE PROPERTY

Holdings of English Owner Sold for a Quarter of a Million.

An echo of the famous Atlantic, Quebec and Western Railway case came up at Montreal with the completion of an agreement by which Mr. H. Hilyard, of Dalhousie, N. B., acting on behalf of the St. Maurice Lumber Co., acquired all the properties of A. W. Carpenter, of London, England, formerly carrying on business at Gaspé Basin, under the title of the Gaspé Lumber Company. The purchase price is understood to be in the neighborhood of \$250,000.

Mr. Hilyard will immediately proceed to develop the property at Gaspé, and it is understood the construction of a large sulphite pulp plant will be commenced. Included in the property acquired are the wharves of the Gaspé Lumber and Trading Company, which command the best situation in Gaspé harbor. The Atlantic, Quebec and Western Railway, which Mr. Carpenter started, is now running in Gaspé Basin, and in a short time the Matane Railway will also reach the town. Mr. Meunier, Anticosti, is also arranging to build deep water wharves at the Basin to connect his steamers with the A. Q. and W.

NUMEROUS ATROCITIES IN MACEDONIA

Mohammedan Bands Take Part in the General Destruction Large numbers Slain.

Lon, 4th Dec.—A Saloniki despatch to The Times says:—"Macedonia is being drenched with blood as result of atrocities committed by Bulgarian irregulars. It is lamentable that responsibility for so many of these atrocities lie at the door of a Christian race.

"The Bulgarians, needing the regulars in Thrace, practically left Macedonia in the care of the irregulars. Beside the massacres already reported at Kavala and Serres, there has been an enormous amount of killing in the district of Arvethissar, where scarcely a single Moslem has been left alive.

"Mohammedan bands are adding their quota to the general destruction. Whole villages have been depopulated, as a result of their savagery. Turco-Albanian bands are also taking part. The Servians have a better record.

Apart from the slaughter of a number of Moslems, principally by irregulars at Uskup, little complaint has been made against them.

"I have been unable to trace any massacres to the Greeks, but it is stated that their bands are getting into action. The army up to the present, has been able to control the auxiliaries, and there is reason to believe that strong measures will be taken to check the movement before it has been given chance to make progress. Further light on the Kavala massacres, Armenians who joined the Bulgarian army as volunteers committed them, being led by a man whose family was killed in the Adana massacre."

You will find that druggists everywhere speak well of Chamberlain's Cough Remedy. They know from long experience in the sale of it that in cases of coughs and colds it can always be depended upon, and that it is pleasant and safe to take. For sale by All Dealers

Write Ideas For Moving Picture Plays!

YOU CAN WRITE PHOTO PLAYS AND EARN \$25. OR MORE WEEKLY.

We will Show You How!

If you have ideas—if you can THINK—we will show you the secrets of this fascinating new profession. Positively no experience or literary excellence necessary. No "flowery language" is wanted.

The demand for photoplays is practically unlimited. The big film manufacturers are "moving heaven and earth" in their attempts to get enough good plots to supply the ever-increasing demand. They are offering \$100, and more, for sidge scenarios, or written ideas.

Nearly all the big film companies, the buyers of photoplays, are located in or near New York City. Being right on the spot, and knowing at all times just what sort of plots are wanted by the producers, our Sales Department has a tremendous advantage over agencies situated in distant cities.

We have received many letters from the big film manufacturers, such as Vitagraph, Edison, Essanay, Lubin, Solax, Imp, Rex, Reliance, Champion, Comet, Melies, etc., urging us to send photoplays to them. We want more writers and will gladly teach you the secret of success.

We are selling Photoplays written by people who "never before wrote a line for publication."

Perhaps we can do the same for you. If you can think of only one good idea every week, and will write it out as directed by us, and it sells for only \$25., a low figure

BAGGED A HUGE LION

Member of British Parliament Had a Close Call During African Hunt

Captain F. K. Glazebrook, M.P. for South Manchester, had a thrilling escape from a lion whilst shooting in the wilds of Somaliland.

The story centres round the lion's fight against the rifles of Captain Glazebrook and his companion, Lieut. George Wilbraham. The honours ultimately rested with the sportsmen, and, as the arer of the first shot, Lieut. Wilbraham was able to bring home the largest lion that has fallen to the gun of a modern sportsman.

The lion made a night attack upon a donkey that had been used for baggage purposes by the travellers. Lieut. Wilbraham was in waiting in the sables, and, seizing his heavy rifle which was lying handy, he sent three shots into the beast. There was a terrible roar, followed by silence. Captain Glazebrook and his companion approached cautiously to where they believed the brute to be hiding.

When five yards distant they halted, and the Somal attendants, from behind the sportsmen, tried the effect of throwing stones at the lion, but it was too cunning. It still made no move.

Thereupon Captain Glazebrook, believing that it was dead, approached still nearer.

The lion saw his opportunity, leaped. The sportsmen however, maintained an admirable nerve. Both emptied a rifle into the angry beast, with the result that it rolled dead six inches from the foot of the member for South Manchester. Lieut. Wilbraham's shot pierced the heart, whilst Captain Glazebrook's entered the mouth, and passed through the head, smashing the skull into five pieces.

The total length of the lion before skinning was 10 feet 6 inches, or an inch longer than the previous record lion.

In accordance with the recognised rule amongst sportsmen, Lieut. Wilbraham became the possessor of the skin.

CANADA'S NEW FUEL—PEAT

The coal problem has so long vexed question in Canada that the success of the Dominion Government's experiments in peat-production is of timely interest. Last winter this fuel was sold to housewives in Ottawa at \$3.50 a ton, says J. J. Larkin, writing in December CANADA MONTHLY, and his account of the method used is worth reading. He says:

"There is little about the operation that would excite the curiosity of the ordinary sight-seer. A treeless, stumpless bog there is: stretching generally for miles with a gang of men at work, for all the world like a number of workmen engaged in excavating for building purposes—an aspect that is intensified by the fact that the ground has been carefully cleared of all underbrush, pieces of wood and rubbish.

"At the Government peat plant there are many trenches; cables running everywhere; truck-cars standing on an almost circular stretch of track and an engine—everything with that make shift appearance that characterizes construction equipment, as though it might be moved at any moment. And it frequently is.

"But a closer view reveals a perfect method of operation. Down into this bog, which has been carefully drained, dig a number of men who deposit the soft peat into iron boxes linked together in an endless chain in the fashion of a treadmill, and which reach from the bottom of this trench into the open side of a caboose on wheels above. Drawn into this caboose, these buckets of peat are overturned around a wheel when returning to revolve back to the bottom of the ditch and the peat is thus thrown into a larger receptacle. The latter is then drawn out on a cable from another side of the caboose at right angles to

the chain of buckets and it deposits its contents into a small truck car waiting on the tracks beneath.

"The moment this car is filled it is sent away along the semi-circular rails for perhaps two hundred yard. When it arrives where it is wanted, a lever on the side of the car is pulled and the wet peat is automatically dumped upon a platform where a number of men await it. Here it is thoroughly mixed and then spread out at uniform depth to dry. This is one of the most important features of peat protection—air-drying, the absence of which has meant failure to many of these enterprises.

"This completed, the peat, without being moved, is cut into blocks on the ground and when sufficiently dry, is hauled to the storage shed. It is now ready for use. The latest excavator produces from sixty to eighty tons daily.

"In order to manufacture peat on a commercial scale, hand-digging or mechanical excavators and the labor cost in general reduced as much as possible.

"Under the conditions at the Government peat bog, peat cannot be manufactured, including all expenses, for less than two dollars per ton stacked on the field but when mechanical excavators are employed and the output is reasonably large the above figure will be materially reduced, allowing the peat to be sold at a moderate price and still allowing good profits for those manufacturing and handling it.

"Peat powder is the latest development in the industry and it is not unlikely that the Government may before long start experiments in this connection. An extensive plant has been erected at the backpeat bog near Ljängley, Sweden, for the manufacture of this powder for heating purposes.

TO REDUCE THE CAR SHORTAGE

Railway Commission Makes Important Ruling

Ottawa, Dec. 2.—The Dominion Railway Commission this afternoon issued an order granting the application of the Canadian Pacific Railway, Grand Trunk Railway, Canadian Northern Railway and Michigan Central Railroad to increase their demurrage on freight cars from \$1 per day to \$2 and \$3. The increased rates, however, will be allowed only from December 15 of this year, to March 31 of next year. The railways asked for \$2, \$3 and \$4 for the first, second and third day respectively, after the free time allowed, but the \$4 charge was not sanctioned by the board, henceforth \$2 will be assessed by the railways for the first twenty-four hours after free time, and \$3 for each succeeding day.

The order, however, is not to apply to cars held in transit at stop-over points under published tariffs which have been filed with the board.

Assistant Commissioner D'Arcy, Scott, who heard this case in the absence of the Chairman, H. L. Drayton, K. C., in the west issued the judgment and order.

The inventor states that the cost of manufacture will not exceed \$2.10 a ton and that the cost of a complete plant with a capacity of 20,000 tons annually will be about \$100,000 (not including a bog and the transportation of peat.)

DRUNKENNESS CAN BE CURED

Old Fallacy That Drunkenness Cannot be Cured Exploded.

Many men think who desire to stop the habit of drinking, however, has determined the constitution and created a craving that is not to be denied, and the man must have whiskey or something that will remove the craving and build up the system and restore the nerves.

Samaritan Prescription stops the craving, steadies the nerves, builds up the general health and makes drunk actually diseaseless and sane. It is tasteless, and odorless, and can be given with or without the patient's knowledge, in tea, coffee, or food. It is used regularly by Physicians and Hospitals. It has cured thousands in hundreds of homes.

Read what Mrs. G. C. Hall says of it and what it did for her:

"It is not months to day, since I started to use it, and I have followed the directions and had the best of results. One week after I started using it, my remedy the patient step had returned and has not drunk a glass of liquor since. I have never will accept my condition, because I hope that will help me to remedy whatever I may have."

"MRS. G. C. Hall, Que."

(Name withheld by request)

Now, if there is anyone in your town who needs this remedy tell them of it. Practical philanthropy can take no better form. If you have a husband, father, brother or friend who drinks, help them help themselves. Write today.

A FREE TRIAL PACKAGE of Samaritan with booklet, giving full particulars, directions, testimonials, price, etc. will be sent in a plain sealed package to anyone mentioning this paper. Correspondence strictly confidential. The trial package alone has often cured. Write today. The Samaritan Remedy Co. Dept. 77 49 Colborne Street, Toronto, Canada. Also for sale by Thos. SERGEANT BRUE WAS CHARMING

Much as it has been maligned, charming remains the only word in the English language adequately to describe the Pollard Opera Company, individually and collectively. And the audience that comfortably filled the Opera House last night fully appreciated the fact, as witness the warm and prolonged applause which greeted the production of Sergeant Brue. It is an agreeable vehicle for the Pollard's talent. Doubtless many of the audience last night turned out on account of the novelty of the actors' youth. Hereafter, they will regard these clever entertainers in much the same lights as they would any other first-class light opera company. The youth proved to be merely an incidental, albeit a valuable one. The players dashed through their parts with the zest of youth, sang with the fresh voice of youth, and danced with the abandon of youth; but back of that there was the solid background of long and careful training.

While collectively the company was charming, individually some members deserve special mention. Miss Eva Pollard, as a society leader, easily persuaded one to forgive the sins of the smart set; Miss Patise Hill played Aurora, and never was name more appropriate, for she was bright as the rosy morn, a sheer delight to the eye; as Gerald Treherne, Miss Nellie MacNamara made a good looking boy, and her melodious voice was all-conquering; Mildred (Miss May Poltard) has a voice of unusual flexibility and really fine technique, and was the best singer in a good bunch. In the strictly comedy parts, Daisy, the typical Cockney-servant maid (a la stage) fulfilled the traditions of her part to the legal limit. Teddie MacNamara was an excellent Sergeant Brue, while Will Bevan as Cookie Scruffs was screamingly funny.—from the New Westminister, B. C.—Herald, Sept. 17, 1912

MEETING OF THE PREBBTERY

Rev. J. M. McLeod, of New Mills, Accepts Call to P.E.I. Church—Other Business

Newcastle, Dec. 4.—The Presbytery of Miramichi met here yesterday forenoon, Rev. W. B. McCallum, of New Richmond (P. O.), being appointed moderator. Others present were: Revs. T. P. Drumm, Campbellton; C. A. Hardy, Tide Head; J. H. Kirk, Dalhousie; S. J. Macarther, Newcastle; T. S. Simpson, Douglastown; J. F. M. McCurdy, Redbank; I. Beaton, Blackville; A. Rettie, Millerton; George Wood, Chatham (St. Andrew's); J. M. McLean, Chatham (St. John's); A. D. Archibald, Rexton; R. H. Stavert, Herculot; J. R. Miller, Matapedia; J. M. McLeod, New Mills, clerk. The laymen present were Joseph Henderson, Bathurst; W. R. MacMillan, New Mills, and P. A. Forsythe, Redbank.

Rev. J. M. McLeod intimated his acceptance of a call from St. Peter's congregation, Prince Edward Island. His translation will take place after the 8th instant. A committee, consisting of Revs. Drumm, Macarthur and Archibald, were appointed to draw up a suitable resolution respecting Mr. McLeod's services in the New Mills congregation for the past seventeen years and his tenure of the clerkship for the last ten years. Deep appreciation of Mr. McLeod's and profound regret at his departure was expressed by all the members present.

Rev. J. M. McLean, of Chatham, was appointed clerk of the Presbytery vice Rev. Mr. McLeod, who is removing from the Presbytery. Grover Livingstone, student of Pine Hill College, Halifax, who has been supplying the pulpit at Millbank, was certified to the college for the continuation of his studies.

Congregation giving less than \$900 a year stipend were strongly urged to come up to the required standard. A letter was read from the hymnal committee of the general assembly suggesting the establishment of a suitable memorial to the late Dr. Robert Murray, editor of the Presbyterian Witness and author of some of the best hymns in the Book of Praise. The idea is to have a sum of money collected sufficient to provide an annual interest capable of paying for prizes for essays on the service of song.

It was agreed to give three burials of \$50 each to William Tweedie, of Kouchibouguac; Chester A. Richy, of New Bandon; and Robert Scott, of Rexton, who are students in arts in Dalhousie University preparing for the ministry. Rev. J. M. McLean presented the home mission report, showing excellent work being done in the various home mission fields, by student missionaries during the summer months. Five of the mission stations paid the expenses in full.

The annual budget for the Presbytery amount to \$8,323, distributed as follows: college, \$776; home missions, \$1,412; augmentation, \$900; foreign missions, \$3,175; widows' and orphans' fund, \$355; assembly fund, \$56 (general) and \$272 (travelling expenses); French evangelization on, \$130; Point aux Temble school, \$87; social service and evangelism, \$485; bursary, \$176; Sunday schools and young people's societies, \$212; synod fund, \$156. The total 1913 budget for the Presbyterian church in Canada is about \$1,300,000, the maritime synod to raise \$116,946. It is recommended that each Presbytery arrange for a visitation of each congregation to bring this matter definitely before them. The allotment of synod funds among the congregations of this Presbytery was fixed at 11 1/2 per cent. increase over that of last year. Each family's shares will still be less than \$4 a year, a little more than one cent a day.

In the evening a conference on young people's societies and Sabbath schools was held under the direction of Rev. Mr. Keigan, of St. John.

It was resolved to hold the next quarterly meeting in St. Andrew's Hall, Chatham, second Tuesday of March next.

PAPKE DEFEATS FRENCH CHAMPION

Paris, Dec. 4.—Billy Papke, the American fighter, tonight, defeated George Bernard, a French middle-

weight, for the middleweight championship, a big purse and an ivory belt especially designed for the occasion. Papke was awarded the decision by the seventh round when the Frenchman was unable to respond to the call feet within the ten seconds, but he was in such a state of collapse that when the seventh round was called he could not leave his chair and the referee counted him out.
