Reported missing May 16th, Now reported by Germans as killed of wounds.

On Friday last Mr. M. M. Mowat received the following cablegram from the War Office:

Lt. Morden Mowat of the Royal Flying Corps was reported missing since the afternoon of May 16th, and although enquiry had been made through every available channel, including the American officials at Berlin and Madrid, the sad tidings were only received Friday. Deceased was 24 years of age, his birthday being December 6th.  
According to information gathered Lt. Morden Mowat left his hanger at five o'clock p. m. on May 16th. He was seen a little later by a fellow scout flying toward the German lines. Al-

lead, where he is reported to be buried is about seventy five miles beyond the German lines.

The following letter was received by Mr. Mowat shortly after Lt. Mowat was reported missing:

Dear Mr. Mowat,  
I am extremely sorry that I have no news to give you of your son as yet. But I hope that no news is good news and that we may shortly hear of his safety. I fear he is a prisoner. He went out in his scout on patrol on the 16th at 5 o'clock in the evening, was sighted once by another of my scouts, but since then has not been heard of.

I am exceedingly sorry to lose him. He had only been in this squadron a very short time, but had proved himself to be a most fearless flyer.

Please accept my great sympathy I will write again directly any news of him is received and I trust I shall have some good news to send you soon.

This letter was signed by the Major of the 11th Squadron in France.

Pte. Astles enlisted here with the 55th Battalion but was transferred to the 26th Battalion stretcher bearer section in which he has been for over a year. He was twenty-two years old in September last and besides his mother, Mrs. Mary Astles, is survived by one brother at home.

Meeting of Provincial Government Supporters Arrive At Decision.

QUEBEC, Dec. 6.—The Province of Quebec will abolish the bar after May 1st next. On that date the Gothenburg, or cafe, system will be in vogue. Such was the decision arrived at on Tuesday by the Liberal caucus, after a somewhat stormy and contentious session. The matter was regarded from every angle, and the various arguments pro and con as regards prohibition received full consideration. While it was pointed out that prohibition in certain other provinces was not a success that it was made out to be, and that it had not only resulted in a decrease of necessary revenue but had also proved costly in operation, and, besides creating a number of evils and acting as an inducement to hypocrisy, had also been ineffective in certain instances, it was also added that there was a very great demand for drastic restrictions, and this especially during the period of the war.

The decision of the Gouin government is largely along the lines advocated by the license commission in its report on the liquor question in Quebec.

**OBITUARY.**

The death of John Sansom took place here Saturday, Dec. 2nd, after a short illness of typhoid fever.

Deceased, who was 48 years of age, was born at Hamtown, York Co., but for about twelve years previous to removing to Campbellton resided at St. Marys. He came to live here three years ago.

He is survived by his mother, Mrs. Mary Sansom, one sister, Mrs. John Richards and five brothers, Thomas, George, Havelock and Howard at Campbellton and Clarence of Calgary, Alberta.

The funeral was held Monday afternoon at 2.30 o'clock and was very largely attended. The services at the house and grave were conducted by Rev. W. Camp, assisted by Revs. H. Miller, G. M. Young and J. E. Purdie. The pall bearers were the four brothers, Thomas, George, Havelock and Howard.

We record the death of Mr. John Ferguson which occurred at his residence, Desdise, on Sunday morning at the advanced age of 76 years. Deceased leaves to mourn the loss of a kind and devoted husband and father a bereaved widow, one daughter, Mrs. John Wyres of this town, and two sons Robt. of Matapedia and David at home. The family have the heart felt sympathy of the community in the great loss they have sustained. The funeral which was held Tuesday afternoon at Matapedia, Rev. Mr. Miller officiating, was largely attended.

The death of Francis L. Fraser, son of Mr. Frederick Fraser of Cross Point took place at his home on Thursday morning, Nov. 23rd. Death was due to tuberculosis, after a long and painful illness of nearly two years of which he suffered the loss of a foot hoping to prolong his life, but had been gradually failing since.

He was a young man of sterling qualities and will be much missed not only by his own family, but by all who knew him, for his bright genial disposition and kind heartedness, together with the great patience and Christian resignation with which he bore his long illness endeared him to the hearts of all.

Deceased was 21 years of age and was a member of the Catholic O. O. F. The funeral was very largely attended to the church of St. Anne de Restigouche, where Requiem High Mass was celebrated by Rev. Father Pacific. The church was very nicely draped. The pall bearers were Michael and Thomas Keane, Gus Geraghty, Gordon Harper, Peter Quinn and John Johnson. He leaves to mourn the loss

Fate of Roumanian Army in Doubt—Lloyd George is Premier.

LONDON, Dec. 7.—Bucharest has fallen. The fate of the Roumanian army is in doubt as Ploesti railway junction to the northwest has been captured. This cuts off line of retreat. Almost half of Roumania is now in the hands of the enemy.

Lloyd George accepts premiership. Lord Northcliffe and Carson are in new cabinet.  
Serbians capture heights.  
Germans have attacked at Meuse.

London, Dec. 7.—French troops carried out a surprise attack on trenches of enemy east of Metz, Alais, and brought back many prisoners. Nothing of importance from remainder of front, says Paris War Office.

Occupant of Flat Overturns Lighted Lamp and Fire Resulted Therefrom

An alarm of fire was rung in from box 12 about midnight Tuesday night for a bad blaze in the flat over F. S. Titus' store Ramsay street.

The flat is occupied by Amie Dine. He was going to the kitchen with a lighted lamp in his hand to procure a cup of water for a child, when he stumbled over a child's chair, throwing the lamp to the floor and breaking it. The oil immediately caught fire and spread rapidly, setting the floor and walls afire.

The fire department responded promptly and had the blaze under control in a very few minutes. The back part of the building was considerably damaged.

Mr. F. S. Titus occupies the lower part of the building as a general store. A number of willing helpers carried stock, which was being damaged by water into a neighboring store.

The damage was not great and is partly covered by insurance.

CASE TWO

REPORT OF DALHOUSIE WOMEN'S INSTITUTE

Good Work Done by Shire Town Ladies for Red Cross. Money Subscribed.

The Dalhousie branch has now been in existence for two years. Organized shortly after the outbreak of the war, the members realized that there was a unique opportunity for carrying out the motto of the Society, and that they would best prove their loyalty and devotion to both home and country by doing what lay in their power to help. Accordingly they took up the work of providing supplies for the Red Cross and for the men in the trenches, as well as for the suffering Belgians.

The following brief summary will give an idea of the work that has been done in the last two years:— From time to time shipments of socks have been made to the soldiers in the trenches amounting in all to about three hundred and fifty pairs. Over three hundred dollars was expended in buying materials for hospital supplies and cots. One hundred dollars towards Belgian Relief Fund. Now although this looks like a good deal, it seems to us that much more might be accomplished. During the first year interest was keen, enthusiasm ran high, but of late there appears to be a falling off both in attendance at the meetings and in the interest shown by the people in general. Before going further it will be only right to say a word in commendation of the faithful few. There are those who have come to the work-rooms day after day winter and summer, and the encouragement they have thus imparted as well as the amount of work they have done has been wonderful. One member with the help of a sister who is unable to leave home has knit sixty five pairs of socks, besides assisting at socials, suppers, etc., and all this in addition to her regular daily duties. There have been forty-nine names on the membership roll of the Institute. The average attendance now at the weekly meetings is only about ten. Think what could be done if all came and worked. We only ask for three hours a week. Can you not spare that time for the boys at the front, for the sick and wounded in the hospitals of England and France. The war is not nearly over. The battle of the Somme was terrible, and our Canadian boys fought, and suffered, and died, many of them gloriously; but that was only the beginning. There will be another winter at least in the trenches, and in the winter there is so much suffering, so much need, and as fresh attacks are launched against the enemy, the casualty lists will grow long again. Think of what our boys are doing, what they are enduring; can we continue selfishly to seek our own ease and pleasure? This is woman's opportunity. We cannot go and serve as nurses or munition workers. But if we cannot go to the front let us at least stand united behind those who do. Let us do our "bit" to help supply the needs and comforts of those who are over there, or who are on their way to fight our battles and win for us liberty and peace. We do not ask all to join the Institute, although your presence would certainly be encouraging and the fee small as it is (only twenty-five cents) would be a help. We know there are some who are not in a position to attend meetings, but there must be a number who could do sewing or knitting at home and our hands would be strengthened and our

"I FEEL LIKE A NEW BEING"

"FRUIT-A-TIVES" Brought The Joy Of Health After Two Years' Suffering

MADAM LAPLANTE  
35 St. Rose St., Montreal, April 4th.  
"For over two years I was sick and miserable. I suffered from constant Headaches, and had Pimples of the Face to such a degree that I would die. There seemed to be a lump in my stomach and the Constipation was dreadful. I suffered from Pain in the Back and Kidney Disease. I was treated by a physician for a year and a half and he did me no good at all. I tried 'Fruit-a-tives' as a last resort. After using three boxes, I was greatly improved and twelve boxes made me well. Now I can work all day and there are no Headaches, no Pimples, no Heart Trouble, no Constipation, no Pain or Kidney Trouble and I feel like a new being—and it was 'Fruit-a-tives' that gave me back my health."

hearts cheered by the knowledge that we have the active sympathy of the community in our efforts on behalf of our soldier boys. The executive and members of the Institute feel deeply grateful and wish to extend their sincere thanks to all who so generously donated towards the funds for their patriotic work. Special thanks are also due the collectors, many of whom though not members kindly offered and freely gave their services.

THICK, GLOSSY HAIR—FREE FROM DANDRUFF  
Giriel Try It! Hair gets soft, fluffy and beautiful—Get a 25 cent bottle of Danderine.  
If you care for heavy hair that glitters with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine. Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff. You can not have sleek, healthy hair if you have dandruff. This destructive scour robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots flake, loosen and die; the hair falls out fast. Surely get a 25-cent bottle of 50 Knowlton's Danderine from any drug store and just try it.

JUDGMENTS DELIVERED IN SUPREME COURT

Restigouche Cases Disposed of at Recent Sitting of Court

The important judgments in Restigouche county cases were delivered by the Court of Appeal, at Fredericton, recently.  
In the case of The Antinori Fishing Club vs. Robert L. Myles, the case had been tried last January before Squire McAlister, at Jacques River and had resulted in a verdict against Mr. Myles for about \$100.00. Mr. Myles appealed to the judge of the Restigouche County Court and Judge McLatchy set aside the verdict against Myles and ordered judgment to be entered for him. From the latter judgment The Antinori Fishing Club appealed to the Court of Appeal at Fredericton. The case was argued last September and judgment reserved. The Appeal Court, last Friday, delivered judgment upholding the decision of Honorable H. F. McLatchy and dismissing the appeal. P. J. Hughes appeared for the Club and Arthur T. LeBlanc, of our town, for Mr. Myles. Mr. Myles is receiving congratulations from his friends.

The other case was that of The Dalhousie Lumber Company, Limited against James P. Walker, of Weyer's Brook. The case was tried in Dalhousie, last April, before Mr. Justice Crockett. The Dalhousie Lumber Company appealed with the result that the Court of Appeal, after deducting \$14.40 from the amount found by Mr. Justice Crockett, a slight error purely clerical, dismissed the appeal with costs. Messrs L. J. Tweedie, K. C.; and A. J. Gregory, K. C.; acted for the Dalhousie Lumber Co. and Arthur T. LeBlanc, for the defendant Walker.

WOUNDED IN FRANCE.  
Lance Corporal Edward Audet, a former Campbellton boy has been wounded. We print a letter received from him while in hospital. Lance Corporal Audet was born here but went to Nelson, B.C., where he enlisted with the 54th Battalion, going overseas about one year ago. He is a son of ex-conductor A. Audet of Mont Joli. Hospital, France. October 29, 1916.

Dear Parents:  
A few words to let you know that I am getting along fine, and except to leave for England to-morrow, my wound is not very big and not dangerous, but my thigh is sore, and stiff, it makes it very hard for me to walk. I do not have to walk unless I want to, I generally get up once a day, in the morning while they make my bed, everybody is very good and kind to us, they have boys helping that have been wounded and are near better.

This is a Canadian Hospital, Canadian doctors and nurses, Sisters as they call them here, if you speak to one of them you would say sister, the doctors most all rank as Capt., the sisters as Lieut., and mostly all from Ontario. From your loving son,

Campbellton, N. B.

Dear Santa:  
I am a little girl what lives near the river, and I want a pair of Skates or Sled. I would like a warm coat and cap. I will hang my stocking up as usual, and I know Santa will find it. I am writing this to the Graphic as dad says Santa reads it every week. We do and we like it. SARAH

The letter with the full name has been mailed to Santa. Girls and boys writing are asked to make their letters very short as Santa is a busy man just now and has not time to read long letters.

### WOUNDED IMPROVING

A postcard from Lieut. O. J. Larsen from England states that he is slowly improving from his wounds, but is still in hospital. Many friends here wish for a full and speedy recovery.

### NOT FROM ST. JOHN

The St. John papers had W. M. Lingley, 9th Siege Battery as a St. John boy, we wish to correct this as W. M. Lingley is a son of Mr. and Mrs. S. H. Lingley of this town and was a popular employee of the Bank of Nova Scotia here. Previous to his departure last week the Bank staff presented him with a handsome wrist watch.

### MORE WOUNDED

Pte. Richard Flowers of New Carlisle, reported wounded, Sept. 15th, is now in hospital in England.

Pte. John Caplin, son of John Sock Caplin of St. Anne de Restigouche was reported wounded. His father received a telegram, Monday evening saying that he was in hospital suffering from shell shock.

### DIED

The death of Mrs. Andrew Carr took place last week at her home, Point la Garde. Deceased is survived by a husband and a grown up family. She was one of the old residents and was respected by all. The funeral was held Saturday afternoon, interment being at the Mission Church burying ground.

### SANTA CLAUS HAS ARRIVED

Santa Claus has arrived and has taken up his quarters at F. E. Shepherd's & Co's store. Each afternoon and opening nights he will be in the window. The Santa Claus window is a very attractive one and represents a cozy room with fireplace and Christmas tree, upon which are displayed gift goods, and Santa is looking in at the window. He is always smiling a welcome to all. Take the children up to the Santa Claus to see him.

### ST. ANNE DE RESTIGOUCHE

Although we are about ten miles from Campbellton, through lack of a bridge, things are running about as usual. We need a traffic bridge here and hope that it will soon be built.

Rev. Father Ferdinand left Monday evening for Rimouski to consult a specialist in reference to some throat trouble.

Indian Agent Jeremiah Peters, who has been severely ill is, we are glad to report, able to be about again.

The Rev. J. E. Purdie is preaching a course of sermons covering the Advent season. In the morning he will speak on the "Person of Christ". Last Sunday morning he gave the introductory one—"Christ—greater than Jonah".

December 3—"Christ—greater than the Temple".

Dec. 10—"Christ—greater than Solomon".

Dec. 17—"Christ—greater than Aaron".

Dec. 24—"Christ—the Son of God".

During the evenings of the same Sundays the Rector will speak more directly on Christ's second coming.

### NOW ON RETIRED LIST

Although the date set for Mr. W. J. Appleton's retirement to the provident fund was set for Nov. 1st, by special request he worked an additional month at the work as superintendent in the I. C. R. shops here. On Thursday evening, Nov. 30th, just before knocking off time, Mr. Appleton was called into the office, where every member of the mechanical staff had assembled and an address was read and a purse presented to him. Mr. John Devereaux read the address and made the presentation. Mr. Appleton was taken completely by surprise, and feelingly replied to the address. Mr. Appleton entered the employ of the I. C. R., at Halifax in 1871, and with the exception of a year off on leave of absence has been at this work ever since. Thirty-nine years ago last March he removed to Campbellton and has been a resident of this town continuously. He was always much respected at his work and the token of good will on behalf of all the employees speaks of the respect of those under him. Mr. Appleton will take a much needed rest.

### TWO MORE MATAPEDIA

#### BOYS ENLIST

Matapedia has again given two of her best boys to fight the cause of freedom, James Fraser and James M. Adams. James Fraser, son of J. R. Fraser of this place, enlisted in the 171st a short time ago, he was at home here for a few days and joined his Battalion when it came through on the 22nd, went to Halifax and the following days sailed for England. James Fraser was one of our best young men and will be greatly missed by his many friends.

James M. Adams, son of S. M. Adams, Warden of the Co. of Bonaventure, enlisted in the 9th Heavy Siege Battery at St. John, he is one of our most popular boys, he graduated last year from the Campbellton High School and at the time of enlisting was a student at the U. N. B., Fredericton taking a course in Engineering.

Jimmie as he was generally called was quite a sportsman being a crack rifle shot, and one of the best fishermen on the Restigouche. Three other U. N. B. boys enlisted at the same time as he did, Lyman Richards and Whitney Stevens of Campbellton and L. Kilburn of Fredericton, since that time seven other U. N. B. have donned the khaki and enlisted in the same Battery, the many friends of these boys wish them God Speed and a safe return.

Indian Agent Jeremiah Peters, who has been severely ill is, we are glad to report, able to be about again.

## THE PRICE OF MILK

Campbellton was, so far as we can ascertain, the first town in New Brunswick to advance the price of milk from 8c to 10c a quart. It was also one of the first to increase the price from 10c to 12c, some years ago.

The Graphic is of the opinion that this increase of two cents is unwarranted and our contention is upheld by the action of the city and town councils in the province which are investigating this increase.

In St. John the matter is receiving the attention of the city fathers, while in Chatham a special committee of the town council has been appointed to investigate the matter.

The staple food of cattle, hay, is cheaper this year than for a number of years, and while the cost of production may have advanced a little, we do not think that it can be shown such increase warrants a twenty-five per cent increase.

Milk is one of the essential foods of the poor as well as the rich, and the increase in cost is a serious matter where there are young children.

This matter of increase of price should be dealt with at once.

## MORE ST. JOHN RECRUITS

In another column we call attention to the fact that W. Mott Lingley of this town has been entered up as a St. John recruit, although he had been signed on here. Another of the same kind has been called to our attention. Leonard Foley of Jacques River was duly signed on here for the 9th Siege battery. He was given military transportation to St. John, and upon receipt there is entered upon the St. John list. In this way St. John boasts its number of recruits and the total for the province is of course just so many more, as the recruit is also reported from Restigouche. If this is done with the same regularity from the other counties, then N. B. recruiting figures will have to be discounted about ten per cent. Surely St. John is large enough to get its recruits without endeavoring to steal the credit of them from other sections.

## WON PRIZES.

Mr. Allen Wheeler of Athol this week received a cheque from the department of Agriculture, Fredericton for \$22.00 as his prize in the standing crop competition for Restigouche Co. Mr. Wheeler told the Graphic that as this was the first year of the competition there were only nine entries. He had no particular as to what crop won prizes, and the local papers have not been supplied any particulars in the matter.

## MAIL ORDERS AND THAT SORT OF THING

### A Farmer's View of the Evil of Mail Order Buying—How it Kills Home Business

(Farm Journal)

We farmers need awakening to the fact that we unmistakably reached the period where we must think and plan, I am one of the slow farmers that had to be shown, and I am now giving experience that others may profit, for knowledge at the school of experience is more expensive now than ten years ago.

Twenty-nine years ago I began my farm career. I had an old team and forty dollars. Our furniture was mostly home made—chairs, cupboards and tounge made from drygoods boxes, neatly covered with ten cent crotonne by my girl wife. We rented eighty acres. Being a boy of good habits I got all needed machinery on credit until fall crops were sold. The first year was a wet season and I didn't make enough to pay creditors. I went to each on date of promise and explained conditions, paying as much to each as possible, and they all carried the balance over another year. They continued to accommodate me until I was able to buy a forty acre piece of my own. As soon as I owned these few acres the mail order houses began sending me catalogues and I began sending my loose change to them letting my accounts stand in my home town, where I had gotten my accommodation when I needed it.

We then had one of the thriftiest little villages in the state—good line of business in all branches, merchants who were willing to help an honest fellow over a bad year, and a town full of people who came twice a week to trade and visit. Our little country town supported a library, high school, band, ball team and we had big celebrations every year. A farm near a live town soon doubles in value. I sold my forty acres at a big advance and bought an eighty, gradually adding to it until I had two hundred acres of the best land. I then felt no need of asking favors, and found it easy to patronize mail order agents that came almost weekly to our door. I regret to say that I was the first in the country to make up a neighborhood bill and it to a mail order house. Though we got a bit every once in a while, we got in the habit of sending away for stuff.

Gradually our merchants lessened their stock of goods for lack of patronage. Finally we began to realize that we needed a bolt quick for machinery, or clothing for sickness or death, we had to wait and send away for it, which wasn't so pleasant. One by one our merchants moved away to places where they were appreciated, and men of less energy moved in. Gradually our town has gone down; our business houses are "lucky" in appearance, a number are empty, our schools, churches and walks are going down, we have no band, no library nor ball team. There is no business done in the town, and therefore no taxes to keep things up. Hotel is closed, for lack of travel. Go down to the depot when the freight pulls in and you see the sequel in mail order packages.

Nine years ago my farm was worth one hundred and ninety-five dollars an acre; today I'd have a hard matter to sell it at one hundred and sixty-seven dollars an acre. It is "too far from a live town"—so every farmer has said that wants to buy. He buys a place near schools and churches where his children can have advantages. I have awakened to the fact that in helping to pull the town down, it has cost me \$5,000 in nine years. Like majority of farmers, I didn't figure far enough ahead.

This sort of business means the doing away with country towns. What will it mean to farmers who have only a few large cities at a distance of five hundred to a thousand miles?

What are we going to do when our children who are demanding even better advantages than we had.

Those cities we help to build, return no favors; they take our money but offer no credit in the time of need. If we want high schools, etc., we must raise the money and build near our

farm homes, or send our boys and girls to the cities at a great expense, amidst temptations of which the farm has no equal. Neither am I the only awakening farmer. These mail order agents that come to our homes every week are becoming a nuisance and making it unsafe to leave women and children alone on the farm. With farm cordiality we take these strangers into our homes, often as one of the family, and we are sometimes paid in having them educate our girls to the city.

These are some facts that need consideration, and I have decided that the safest proposition all around, is for the country people to look after their own interests, and build up their own country towns that bring value to their farms. Let those who want to patronize the city mail order houses go there to live, getting their living where they give patronage. The remainder of my life will be given to building up the home town that I helped pull down. Brother farmers, you can take my advice or get your knowledge the way I got mine.

## Our Indian Soldiers

That upwards of twelve hundred full blooded Indians have enlisted for overseas service since the war commenced, that one at least received the military medal for bravery that the various reserves have contributed upward of \$6,000 toward various patriotic funds, and that altogether the Indian population has evinced a gratifying spirit of loyalty are the most interesting features of the annual report of the Indians department just published. It is also interesting to note that the Indian population has increased from 103,537 in 1915 to 105,561 in 1916. In all about 1,200 Indians have enlisted. They are distributed as follows: Ontario 862; Quebec 101; Manitoba, 89; Saskatchewan, 57; Prince Edward Island, 24; British Columbia, 17; Nova Scotia, 14; New Brunswick, 12; Alberta, 9; and Yukon, 2.

## FIRE PAUL PROTECTION

Useful articles to have on the farm are buckets of water properly distributed around the barn. Fire buckets, with rounded bottoms, which, on account of their shape are inconvenient for general use, can be placed in a round hole cut in a shelf or bench; they should be covered and inspected regularly to assure their being kept full. To prevent freezing two pounds of fused calcium chloride per pail may be used. The buckets should be painted red so that they will be more conspicuous, a constant reminder of the danger of fire.

Hang up the lantern while working in barn or stable. Many barns are burned by lanterns being knocked over and starting fires.

## URGES USE OF FISH TO CHECK HIGH COST

U. S. Government Bureau Figures Show Nourishment Exceeds Show of Meat

(New York World.)

That fish an article of food is more nutritious than either meat or eggs, long has been known and if the people would get away from the time honored custom of eating fish on only one day a week they would do much towards reducing the present high cost of living. The Federal Bureau of Fisheries furnishes accurate data on the comparative food value of easily obtained fish and common hot blooded meats, rating the several respective protein percentages as follows.

"Whitefish 22.2; medium beef 19.7; black bass, lion beef 17.9; bluefish, 18.8; leg of mutton 17.8; cod steak 18.1; ribs of beef, 17; mackerel, 18.1; mutton neck 16.4; halibut steak, 18; pork chop 16.1; lake trout 17.3; ham 14.8.

Protein is the essential element of food. If reliable information of the of the general public, fish as an article of food would be more common than meat. It is very aptly termed the poor man's food. It may be bought at less cost per pound than butchered meats, and it also will supply more nutriment pound for pound. Why will a consumer pay, based on recent prices, 45 cents for eggs 35 cents for sirloin steak, 32 cents for mutton or 22 1/2

cents for chickens when an outlay of 16 cents for one pound red salmon will produce as much bone, muscle, blood and brain building material and body fuel? In consuming fish one has less volume of food to digest, with better nourishment. The question of transportation probably has much to do with the eating of fish being confined almost solely to Fridays. The trouble has been that fish in the past were not properly shipped, but with advent of cold storage there is no reason why everybody in the United States should not have fresh fish every day in the week. In New York, Boston, Balt-

The education of the shipper and fish retailer to this system is the thing most Retailers have been fearful of obtaining fish on days other than Fridays for fear they would not sell them all. The trouble is that they do not take proper care of the fish after receiving them, and this causes spoilage in the minds of public. Americans now are receiving fish from Alaskan coast which are served in as

### PORT DANIEL

Weather is mild now, rain and snow were in attendance all week, making travelling unpleasant.

A great number of fishermen are still busy at the job, the catch of cod is good and the price high. A fair catch of herring as also reported on Saturday last.

Mr. Allison, the popular manager of Nova Scotia Bank, Port Daniel Branch, has been transferred to New Waterford, N. S., his friends, and they are many, will miss his cheerful disposition and thoughtfulness. Of his successor, Mr. Wilkinson, much is told in the fact that he has experienced many months of trench life across the seas.

Quite a number of the invited friends met the bride couple and party at the station and escorted them to the home of the groom's brother, Mr. Edward Madigan, where a sumptuous repast was served. The bride (Miss A. Poirier, from Bonaventure) was the recipient of many presents. Mr. and Mrs. Madigan are now residing in their snug little cottage.

Mr. and Mrs. T. McGovern and little daughter, Gertrude, from Waterloo, P. Q., are guests of Mrs. McGovern's brother, Mr. Jos. Jones.

Mrs. Sweetman is now ninety years of age and is untiring in her work of spinning and knitting not only for two of her grandsons, who have enlisted, but for the general supplies as well. Perhaps Mrs. Sweetman does not know that her example in this line is a force in the community.

### RECRUITING IN GASPE COUNTY

A largely attended lecture was held in the Parish Hall, Gaspe, P. Q., on the 27th instant by the Rev. Father Freve, at present touring the Gaspe Coast recruiting men for the Dominion Overseas Contingents.

Rev. Father Freve in his speech thanked his sincere thanks to the people of Gaspe for having responded so generously to the cause, both in men and money, nearly three hundred men having already enlisted from only a small part of the County.

He spoke of the common sacrifice of life for the benefit of humanity and drew a lively contrast between the civilization and feeling of the Latin races and that of the "Kultur" of the Germans or German race.

His contribution to make another strong appeal for aid and was sincere in his wish and hope that the young men would respond to the call of Canada and the Mother Country for aid, and stated that the present was not the time to bring political ambition or old grievances to the fore, but that everyone should be unanimous in their desire to aid the right.

The Rev. Mr. Gomery supported the Rev. Father Freve very strongly in his remarks and spoke of the severe sacrifice of the Belgians in having given their lives and country to save the world in general from German brutality and "Kultur", he spoke also about the noble sacrifice of France and made a strong appeal to all eligible men in the community.

Major John Slous of Gaspe, a veteran and old campaigner spoke of the old war days and the difficulty experienced in recruiting then, and hoped that a new spirit had arisen in the younger generation so that they would answer the call of the Mother Country with the feeling that they were doing their duty and that by so doing would enthrone a feeling of unanimity of spirit and purpose in the generations to follow.

The lecture closed with an enthusiastic response to the speakers and a general feeling of those present to do the right thing in the right way.

On Tuesday, November 28th, instant the Rev. Father Freve continued his course of lectures in the Parish Hall of Gaspe Bay South a place which has very generously responded to the call, over three fourths of the young men having enlisted and more ready to follow.

Mr. Ben Patterson an old and prominent resident occupied the chair and thanked the Rev. Father Freve for his visit and trusted that the young men of Gaspe Bay South would do as much in the future as they had done in the past.

Rev. Father Freve was accompanied by the Rev. Mr. Gomery, Major John Slous, Lieut. Sherran and Sgt. Major Jones who were each and all a great aid to him in his work of recruiting.

The car was designed to be an efficient, economical, easy running and easy riding automobile for the man who does not care to invest in a six-cylinder model and it fulfills all these specifications admirably.

The specifications alone are sufficient evidence to the man who knows motor car values. Read them and compare them point by point with other makes of cars selling under \$1000.00.

We already have many orders for this model and our output for 1917 is fixed. The demand will doubtless be greater than the supply, but orders will be filled in rotation. Send for literature.

## THE SCOTTISH BAGPIPES

Fill yer bellows, tune yer chanter,  
Dirt up a Hielant strain  
Till the hills o' far-off Scotia  
Send yer echoes back again.

Music o' the glens and mountains,  
Stirs the blood o' ilka Scots,  
While the sojer lads are vauntin'  
Shall the piper be forgot?  
Ye hae sung the sang o' 'victory'  
When the kiltie laddies won;  
Ye hae ailed the lamentations  
When the widow mourned a son.

In yer music is the ripplin'  
O' the burnie doon the glen;  
Sang o' blackie and o' mavis  
Pipin' I the mossy den;  
Sanga o' mcorochie the meadow,  
Screams o' eagle I the lift;  
In yer music is the wailin'  
O' a Hielant hame bereft.

Aff I've heard ye in the Hielants  
Birrin' up a blithe strathpey,  
When the lassies an' their callants  
Reeled an' swung the leeling day,  
Sopops scattered when yer pibroch  
Skirled up afore Delhi;  
An' the hail waird heard yer slogan  
On the heights o' far Dargal.

Tak' yer pipes an' tune yer chanter,  
Dirt up a pibroch strain  
Till the glens o' bonnie Scotland  
Send yer echoes back again.

## TEACHERS TRAINING CLASSES IN BIBLE SCHOOL.

An appeal to the Workers in the International Sunday School Association of Restigouche and Bonaventure Counties.

Dear Fellow and Workers:—  
Will all Teacher Training Classes in the above counties report to me as early as possible?

Now is the time to start classes. Every school can have trained teachers after a time. Begin now and in a few years you will be reaping the benefit of teacher training work.

Books For Study  
Either (1) Herbert's Teacher Training Lessons or (2) Tralle's Sunday School Experiences. A good way to study the first named book is to divide it into two parts. Take part 1, part 2, part 3 as one division. After having gone over the first division apply for examination papers. Then take the rest of the book viz. parts 4 to 10, again apply for examination papers.

Tralle's work is not nearly so difficult, and is more up-to-date. It does not cover the same ground, but gives the teacher great help in his or her work.

Mrs. J. A. Sutherland of New Carlisle is my assistant.

We are ready to render any help we can to schools taking up this work.
