**ORIGINALS IN "STEPPING OUT"
HERE FRIDAY AND SATURDAY.**

**Famous Merry-Makers At The Opera House For
Two-Days Engagement June 12-13th—Theatre
Patrons Promised a Rare Treat.**

The Originals, formerly "The Dumbbells" these incredibly gay and festive spirits who have warmed the hearts of Canadian theatregoers for the past several seasons, will be in town Friday and Saturday at the Opera House with the finest aggregation of talent since they started on tour immediately after the war. "Stepping Out", the first of which includes many Original Dumbbells, is the tempest of laughter, song and verve, and it includes everything from a scene in a war time Eastmain to the Drawing room of the beautiful Duchess of Dishwater (Donard Young), with a great number of sparkling songs and a thousand funny situations thrown in for good measure.

The first act in "Stepping Out" centres around the matrimonial troubles of John Willie Sauffelotom, played by the inimitable Bob Anderson, the brilliant Lancashire comedian. There is lots of clever fun and buffoonery and a number of songs which in which the excellent voices of the company show to advantage, not to mention the unfortunate bridegroom who was found in the river "With his toes turned up", this is one of Mr. Anderson's big hits of the show, which he has recorded with the Apex Records. There are a score of scintillatingly funny situations right here; Norman A. Blume plays the role of the aristocratic Colonel Soake, while the incomparable Originals Quastette Bertin Langley, Jerry Brayford, Thomas Dunn and Gus McKinnon, offer some unexcelled numbers including "Gee Along Jumper" and "Rolling Down to Rio," Mr. Anderson, who appears at different times, as a care free man about town, a gay widow whose husband treated her "More like a friend," the butt of the Battalion's jokes, and the perfectly attired Butler in yellow breeches and red coat in the home of the Duchess of Dishwater, the final setting of the revue, whereas every member of the company in the finale as a Grand Opera Star.

We have yet to hear of a female impersonator who can sing, as well as dance, the role of a great Diva such as Gene Pearson, of the company's "Male Gull Gull". His amazing soprano voice carries above the male choir of ten men and his latest musical hits are "Love Will Come Back", "The Dancing Lesson", "The Love Trail", and "Mighty Like a Rose". One of Mr. Pearson's new songs is an entirely of white Rhinestones which he has insured for a large sum of money, it is called "The Dust of Stars" and was designed and executed by "Kari" in New York. Alan Murray, the popular dancer, does some lovely "Tersichoreah" "Stunts", right with Jerry Brayford, and again with Thomas Dunn when they also sing "I'll take you back to Italy"; Lionel Broadway, the much heralded juvenile, signs a smashing new hit "In the night time" which is a distinct hit, his real voice and magnetic personality have already made him a strong favorite; Thomas Dunn sings "The Polka from 'I Pagliacci'" in a spirited manner, and it is one of the popular features of the show.

All the scenes in "Stepping Out" are carried out with superb color and lighting effects and the whole show is produced in that quick snappy manner that keeps the audience delighted from curtain to curtain. When Bob Anderson, as the inimitable Butler, enters the dress rehearsal in the Duchess' drawing room, the audience simply rocks with laughter.

**POISON GAS TO BE
OUTLAWED IN WAR**

Geneva, June 6.—Canada yesterday rallied to the idea of a conference to be held in Washington with a view to outlawing the use of poison gas in warfare, the suggestion having been advanced by T. E. Burton, the United States representative at the present conference on the control of arms. The Canadian delegate, Dr. Walter A. Riddell, supported the proposal of Mr. Burton. He recalled the fact that it was the Canadian troops, the first Canadian division, who had stood the first shock of poison gas when it was projected from the German trenches at Ypres, in April, 1915, thus emphasizing Canada's interest in any

and suppression of this method of warfare.

JUSTICE A. T. LeBLANC

Was together with Premier Veniot and Hon. Justice Arsenault of P. E. I. had the Honorary Degree of Doctor of Laws conferred upon him by Laval University last week.

**BAD FOREST FIRE
ON NEPISIGUIT**

**A Square Mile of Timber Limits
and a Lumbering Camp
Destroyed.**

Bathurst, June 6.—More than a square mile of timber limits and a complete lumbering camp and equipment have been destroyed by fire at Nine Mile Brook, about 30 miles up the Nepisiguit River. According to advices available, the fire was discovered late Thursday afternoon. Fire Wardens Edward Baldwin and Peter Boucher have a crew of men on the scene and reports this evening state the fire is under control.

The high winds prevailing yesterday and last night fanned the flames and made it practically impossible to check the advance. The camps and storehouses destroyed are the property of the Bathurst Company, Ltd., and were operated last season under Foreman Gideon Theriault, who was drowned at Nepisiguit Falls a few weeks ago. The site is about one and one-half miles from where Nine Mile Brook empties into the main Nepisiguit.

The dwelling owned by Miss Bridget Holland, St. Andrews street, was destroyed by fire 46s evening. The origin is a mystery. The building was enveloped in flames when noticed and before the firemen arrived the blaze was too far advanced to save anything.

**ST. STEPHEN MAN'S
BODY RECOVERED**

Machias, Me., June 1.—The body of Bernard Campbell, a riverman, who was drowned May 11 on the Machias river spring drive, was found Saturday morning in the river in Weesley, about one and a half miles below the place where the accident occurred. The men of the Machias Lumber Co. have been keeping up a search along the river since the accident. Mr. Campbell's home was in St. Stephen, N. B.

**WILLIAMS-TAYLOR
HISTORIC PRIZES**

The Maritime Library Association has been enabled by the public spirit of Sir Frederick Williams-Taylor kt., to offer the following prizes for the best essays on the history of any parish or town in the Province of New Brunswick viz:

Honored By Quebec College In Recognition Of
Part Acadia Has Played In National Development.**

OBITUARY

James Pollock

The death took place at Flatlands on Wednesday evening, June 3rd, of James Pollock, a well known, highly respected citizen, and life long resident of the district. Ever since suffering an attack of pleurisy in the late autumn the deceased had been failing, but until a day or so before death came, had been able to be upon his feet. Mr. Pollock from early boyhood had been identified with the logging industry upon the Restigouche, and his knowledge of the river and of river work was unsurpassed. A man of few words, rugged kindness, and of sterling integrity he had won the esteem of all, and the funeral services attended by all classes and creeds bore tribute to the memory of one who had won a place in many hearts. The sympathy of all goes out to the widow, a daughter, Mrs. Irving, and a son Mr. John Pollock of the Sydney Lumber Co., of Sydney, C. B.

CAMPBELLTON, N.B. JUNE 11, 1925.

LETTING THE WORLD KNOW

Newspaper advertising is an accurate barometer of the progressiveness and enterprise of the community. The enterprise of the individual merchant may also be measured by the intensiveness and quality of his newspaper advertising. The prosperity of the community depends upon the prosperity of its business and the prosperity of any business depends in great part upon advertising.

Merchants long ago learned the wisdom of inviting the buying public into their stores. From the merchant's experience communities have learned the value of inviting strangers to visit them. Through advertising the merchants and communities have succeeded in attracting buyers and visitors.

To succeed in business one must have more than just something to sell. He must let the buying public know what he has for sale. Here again the community has learned something from the merchant and invites new citizens by appraising them of what it has to offer.

But from the community the merchant has learned one of the secrets of advertising. The city or town seeking to expand its business and increase its population does not confine itself to praising one of its many civic achievements or institutions. It advertises them all. So the business man knows that, while his small ad in the newspaper will be read and bring him its fair share of new business, the large display advertisement will bring him more buyers.

WHAT IS YOUR NORMAL?

Figures do lie. We have it on the authority of Dr. Henry P. Kallenberg, of the Physical Department of the National Council Y.M.C.A., who says we are not to place too much faith in the tables of heights and weights on scales.

These charts, Dr. Kallenberg points out, are made from statistics gathered from measurements of individuals of different nationalities and of different build. They ignore the fact that there are at least six physical types within any one nationality. If you are rather narrow shouldered, your weight will be less than that of a man of the same height of more stocky build. And the fact that you do not weight what the scales table says you should is not always authoritative evidence that you are under weight.

So, if you find that you weigh ten pounds more or ten pounds less than the "normal" of the charts, don't start cutting out the starches or drinking two quarts of milk a day. Study your structure try to discover at what weight you find you are feeling best; at what weight you do not tire quickly, get up in the morning most ready for work, are not easily irritated, sleep well, do not catch cold easily. That weight, according to Dr. Kallenberg, is your normal weight.

TWENTY YEARS AGO

Here are some interesting comparisons from Printer's Ink as between the present day and twenty years ago, which, although they refer specially to the United States, are true proportionally for Canada.

The size of the average family is about one-half persons less.

The per capita wealth is about two and one-half times as great.

The percentage of gainfully employed is about the same.

Women are spending ten times as much for hosiery as they did twenty years ago.

There are at least three times as many students in colleges and universities.

The amount of life insurance in force appears to be about five times as great as it was twenty years ago.

There are about 100 times as many phonographs in use.

While the average savings account is only slightly greater the number of depositors has doubled.

There are about ten times as many public paid boys fifty times as much money to see the Dempsey-Carpenter fight as they paid to see Jeffries fight Fitzsimmons back in 1902.

A border parish minister, in the old days, complained to a farmer who was one of his parishioners that he could not keep the crows from destroying the potato crop on the manse globe. The man, who was a bit of a wag, replied:

"Well, minister, if I were you, I wad tak' a wheen o' they auld berran o' yours an' stick them on a cord across the field. If they frishin awa' the deli, they'll charely frishin awa' a wheen crows."

WEDDINGS

CRAIG-GRAVES

Moncton, June 8.—A wedding of much interest took place in the presence of about fifty invited guests at one o'clock Saturday afternoon at the residence of Mr. and Mrs. James C. Graves, 187 Gordon St., when the Rev. G. W. F. Glendinning solemnized the marriage of their daughter, Miss Vivian Beatrice Graves and Mr. D. Gordon Craig, of Campbellton.

The bride who was given away by her father, wore a gown of blonde crepe de chene and moire with hat and shoes to match and carried a shower bouquet of ophelia roses and sweet peas. The wedding march was played by Miss Isabel Keith.

The drawing room was tastefully decorated with apple blossoms and carnations and the dining room with cut flowers. After the ceremony a reception was held and buffet luncheon served. Mrs. Mary McLeod and Mrs. W. W. P. Starratt poured and cut and Mrs. L. F. Avar and Mrs. Frank Gibson replenished. Those who assisted in serving were the Misses Ila and Catherine Andrew of Campbellton, Isabel Thurston, St. John, Hazel Alward, Muriel Gibson, Georgia and Alice Graves of this city.

The out of town guests were, Mrs. J. F. Andrew, Mrs. Wm. Cook, Mrs. W. H. Miller, Mr. and Mrs. H. B. Dryden, the Misses Ila and Catherine Andrew, Lillian Hamilton and Messrs. James Craig, Raymond Andrew, Lester Sullivan, all of Campbellton; Mrs. Robert G. Thompson and Misses Isabel and Grace Thurston, St. John; Mrs. Asenath Keith, grandmother of the bride, Mr. and Mrs. Percy E. Keith, Mrs. B. R. Keith and Miss Vivian. Perry of Havelock; Miss Mabel Mills, of Harrisville, Mrs. H. S. Mercereau and Miss Mildred Mercereau of Russiagnon.

Mr. and Mrs. Craig left Saturday afternoon on an extended trip to New Hampshire and Vermont. Going away the bride wore an ensemble costume of senora popeline and crepe de chene with hat and shoes to match.

The bride is a graduate of the Royal Victoria Hospital, Montreal, and has been Assistant Superintendent of the Soldiers' Memorial Hospital, Campbellton, since its opening three years ago. On their return Mr. and Mrs. Craig will take up their residence in Campbellton where the groom is the representative of a large Toronto business firm. Many beautiful presents were received.

LUMBERMEN ASK SOME CONCESSIONS

Large Delegation Met Local Government Last Week at Fredericton.

Fredericton, June 6.—The New Brunswick Lumbermen's Association have been promised a reply within thirty days to their requests for a reduction in stumpage charges on lumber cut upon the Crown Lands, the introduction of the Quebec scale and a rebate upon charges for the past year. With delegates from various Boards of Trade the delegation met the Government here, there being a number of spokesmen. Objection was taken to some of the comparisons of stumpage charges which were made by the delegation and at the conclusion of the interview it was stated that an answer would be given within thirty days.

While the Government meeting closed yesterday Premier Veniot and some other members of the Cabinet remained here to-day. Contracts for roads and bridges are being awarded this afternoon and a number of contractors are in the city.

ENOUGH TO GET MARRIED
 Tyndeman—I wish I had enough money to get married.

Climpson—What would you want to do that for?
 "I wouldn't. I'd buy a car."

"Pa," said Clarence, "what becomes of a ballplayer when his eyesight begins to fail?"

"They make an umpire out of him," growled his dad.

Wednesday Presbyterian and Methodist churches, Campbellton became merged in the United Church of Canada under the Act of Parliament providing for the union of the Presbyterian, Methodist and Congregationalist bodies of the Dominion, passed at the last session of Parliament and effective yesterday.

CONTRACT LET

The contract for the new Bathurst Grammar School has been awarded by the Board of Trustees of J. E. & D. P. Connelly of Bathurst, the price being \$75,000. The contractors are to take the Mehan house from its present site and a lot 50 x 100 feet in King street, next to Rene Frenette's lot, for \$3,000 to apply against the contract. The new building will be 77 x 82 feet with two storeys and basement and will be built of native granite. They will begin at once. Froehle & Foeney, of Moncton are the architects.

TOWN COUNCIL

A meeting of the Town Council will be held in the Council Chambers Friday evening.

FINE GROWING WEATHER

The warm weather, with rain, of the past week have combined to make ideal growing weather throughout this district.

TENDERS SOON

The N. B. Electric Power Commission will probably issue the call for tenders for the first construction work in connection with the development of Grand Falls about June 20.

PIANO TUNING

Mr. Arch. McEachern the old reliable piano tuner is in town and is prepared to put that instrument of yours in proper shape. If you phone a dealer for a tuner, specify McEachern. Phone all orders to 24. June 10-12pd.

NOT W. J. ARSENAULT

Friends here will be glad to learn that the news despatch stating that Walter J. Arsenault had been drowned at Harmon Pond, Maine, was not true. Although his sister identified the remains as his, he has been located at Portland, Me. safe.

KINDERGARTEN CLOSING

Miss Marion Lunan wishes to announce that she will hold her Kindergarten closing on Saturday June 13th in Miss McKay's classroom in the Grammar School at 11 a.m. A full programme of Kindergarten work will be given and a cordial invitation is extended to all parents and friends interested to attend.

QUI VIVI CLUB

The monthly meeting of the Qui Vivi Club takes place on Monday evening at 8.30 sharp. All members are especially invited to attend. A lecture is one of the attractions.

RED CROSS MEETING

The Annual Meeting of the Red Cross Society will be held in the Town Hall on Tuesday of next week. Dr. Melvin, Chief Public Health Officer for the province will be here and will address the meeting. At this meeting reports of the Society's work will be presented and a large attendance is hoped for.

WEDDINGS

JAMIESON-MURCHIE

The marriage took place at the Methodist Parsonage, Newcastle, on Thursday, June 4th, of Hazel Edna daughter of Archibald Murchie, Neash Creek and William Calderwood Jamieson, youngest son of Mr. and Mrs. W. R. Jamieson, Charlott. The ceremony was performed by Rev. A. W. Brown. The bride was becomingly attired in a dress of navy canton crepe with hat to match and wore a stich choker, gift of the groom.

Mr. and Mrs. Jamieson left on a motor trip through the province and will make their future home in Charlott. A host of friends join in wishing Mr. and Mrs. Jamieson much joy.

"THREE PEGS"

The three act comedy "Three Pegs" presented last evening, by the Philistines Class of the Baptist Church, under the direction of Mrs. Charles McIntosh, was a decided success.

The cast of characters follows: Emily, a wealthy maiden lady—Miss Edith Jones. Euphelia, an aunt of Emily—Miss Winnifred Delaney. Sarah and Lizzie, two Irish maids—Miss Chestnut and Miss G. Lewis. Mrs. Barclay—Miss Verna Lebars. Mrs. Conti—Miss Geneva Rogers. The "Three Pegs"—Misses Ima Currie, Helen Mosher and Inez McCallum. During intermission a violin duet was rendered by Misses I. Currie and E. Chestnut, Miss Bertha Boucher accompanist.

An enjoyable number on the program was a reading by Mr. Lyman Gilker which received hearty applause. The sum of \$45.00 was realized.

AN ATTRACTIVE FOLDER

"The Gaspe Vacation Land" is a very attractive folder, well illustrated, with fine engravings of Campbellton, Restigouche and Bay Chaleur scenery. The descriptive articles are well written. Hundreds of these folders should be sent to prospective motor tourists. We have sent many free of cost and now private citizens should do their share. We have placed the price below cost of production to encourage a large circulation. These prices are:

1 for 15c.
2 for 25c.
6 for 60c.
12 for \$1.00.
Remit either silver, stamps or post, at note to THE GRAPHIC, LIMITED, Campbellton, N. B.

Magnificent Enlarged Kellogg Plant at London Ontario, Now Produces Over a Million Breakfasts a Day

POPULARITY OF PEP.

The arrival of a new food is always something of an event and hence we are looking forward with considerable interest to the introduction of "Pep" in Campbellton on Saturday next.

"Pep" is the latest member of the Kellogg family and has won instant and amazing popularity wherever it has been introduced.

"Pep" is made in the wonderful new plant at London, Ontario, which has just been recognized and related to that now it produces over a million breakfasts every day.

Some idea of the producers capacity may be gained from the idea of the box factory which can turn out 10,000 cases a day and 25,000 cartons an hour. The Kellogg plant consumes 4,000 bushels of corn every day apart from the vast output of Corn Flakes, Bran, Krumbles and now "Pep." It produces for example, 700 bags of hominy feed and 800 bags of white corn flour a day.

To see this huge plant at work, use the army of white uniformed employees, it is really the enormous popularity of Kellogg's products and to pay tribute to the success won by Kellogg's through their triple watchword, QUALITY, FLAVOR and VALUE.

the new bran food with the bran' new flavor

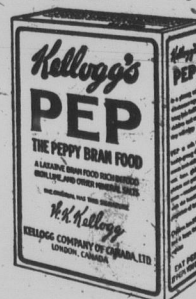

Radiant body! Agile—alive! Pep gives you energy! Marvelous flavor!

YOU'LL revel in the flavor! One spoonful makes you a Pep fan. It's gloriously good. It's new—the latest food from those wonderful Kellogg kitchens. So good that you want it again and again. Pep—the peppy bran food. Ready-to-eat with milk or cream. Just taste that flavor!

Pep really feeds you. Feeds your muscles. Your energy. Your vitality. Your stamina. It puts power in you—snap, dash, vim and vigor. For Pep is full of the wonderful health-building elements that nature puts in foods. It's great!

Kids love it. They're wild about the flavor. And it's one of the best foods you can give them. It's rich in bran. Keeps them free from constipation. Mildly laxative for all. Keep health in the family with Pep. At your grocer's.

**No Satisfactory Substitute for
Knitted Summer Underwear**

EACH season brings new under-
wear ideas and innovations, yet
knitted underwear—Penmans Bal-
briggans—still leads in underwear
value.

Penmans Balbriggans can be obtained
in all styles including loose-fitting styles,
so desirable for summer. These loose-fitting
garments have all the advantages of
slim summer underwear, with twice the
strength and three times the wear. They
do not tear.

Made in bleached white and cream
shades with no sleeves, half sleeves or full
length sleeves, or in ankle and knee
lengths.

"The best known numbers are
222 and 44. The number appears
directly below the trade mark in the
small label attached to every garment.
Also made in lower priced
styles which, however, always bear
the Penmans Balbriggans name."

**TREASURE HUNT
LEADS TO FIND**

Rumors of Existing Wealth of
Retired Newark Engraver
Confirmed When \$25,000 in

Newark, N. J., June 9.—A treasure
hunt which led the hunters finally
to the hidden treasure was described
when it was announced that the secret
of George A. Morton, former 22-year-
old bachelor reclusé, had been solved.
Morton, who was in the engraving
business in Newark years ago,
suddenly retired and withdrew
himself from all contacts, leaving
with the lives of those about him.
Members of his immediate family
had either died or moved away and
Morton lived alone in the old-fashioned,
three-story, brown stone house,
a few steps from Military Park, and
the business center of Newark.
He lived there for twenty years until
his death in September, 1923. There
had been rumors from time to time
that Morton was wealthy, but no-
body ever saw any display of wealth
in the occasional glimpses they got
of the old man.

About 20 nieces, nephews and
cousins joined together to have John
R. Weeks, lawyer, appointed admin-
istrator of his estate. Weeks, search-
ing through the mass of old papers in
the house, came across an unfiled
income tax schedule "Hiding" \$25,000
in negotiable bonds and \$4,000 in
coupons. He began the search.

The coupons were found wrapped
in old newspapers in an empty stove
in an unused back of the house.
After much more searching the bonds
were dug up in an old ice cream
freezer which had been hidden in the
backyard. With the house valued at
\$75,000, Morton's estate amounts to
about \$100,000. A petition to have
it apportioned among his heirs-at-law
will be heard by Judge Caffrey in Or-
phans' Court.

IS CONFEDERATION A SUCCESS?

Recently when a staff editor of the
Financial Post was in the Maritime
Provinces he went to Charlottetown to
talk with Mr. J. E. B. McCready on the
promises and results of Confederation.
You know the spirit in which this na-
tion was conceived. Do you think that
Confederation has brought the results
promised? Mr. McCready was asked.
There was no hesitancy or
equivocation in this reply. Mr. Mc-
Cready does not think that the Mar-
time Provinces have benefited from
Confederation as have the larger and
central provinces. His remarks may
interest those who have at heart the
unity and welfare of Canada. The
unity and welfare of Canada. They
may serve too, to illustrate to many of
the citizens of Ontario and Quebec
who give little thought to what some
people in the East are thinking. He
said:—

"We, in the Maritime Provinces,
have not benefited from Confederation
as we might have expected. To
benefit because we have not been
given a fair deal. We are suffering
from the tyranny of the majority.
The other provinces have voted themselves
big grants of land to add to their
territory. They have added empires
to each province and we have not been
given an acre nor have we a chance of
getting an acre. They have created
economic conditions which take
away our trade. In the summer, trade
flows north of us. In the winter it
flows south of us, and out railways and
ports are left isolated. We are in the
doldrums; in a Sargasso sea of
stagnation and neglect, while the St.
Lawrence and the United States get
the Canadian trade. The West was
rail-roaded at the expense of the
whole country, and for what purpose?
To create an immense market of two
and a half millions of people for
Ontario and Quebec. We paid our
share of the cost of opening this
market, but we cannot get into the
market. What is the remedy? It is
simple enough. Instead of exacting
the last dollar from us that is neces-
sary, let the majority give us a chance
to live. Let our industries be given
economic conditions that will enable
them to prosper, whatever the cost.
We never questioned the cost when
we helped to open up the West, and
when we gave up Dominion lands for
the other provinces, without any re-
turn to us."

PLANTS TO AID THE FARMERS

Airplanes and aviators belonging to
the Royal Canadian Air Force are to
be given a new task during the com-
ing year. They are to be employed in
the west upon Puccinia Graminis, the
enemy of the farmers of Western
Canada, commonly known as wheat
rust. Wheat rust is a parasitic fun-
gus which in two of the three stages
of its life cycle attacks wheat and
other cereals. It is said by science-
men to pass the first stage of its
life cycle in the soil, the second stage
in the straw of the previous year's
crop, and the third stage in the grain
itself.

The investigation now to be made by Canadian
airplanes may indicate to what distance
spores of the wheat rust may be con-
veyed by the winds from the plants in
which the fungus passes the first
stage of its existence before attacking
the wheat and other grains. By so
doing it will reveal the scope of the
campaign to be undertaken against
wheat rust. It will be an addition
to the list of useful services which the
Royal Canadian Air Force has per-
formed.

Has a daughter was in love with a
pilot, and had promised upon the old
days to be his diamond bride, in a fan-
tasy of his own.

She was the first to be married.
Tatiana, Countess, and when she heard
of the marriage she was so angry that
she refused her mouth like a clump.
"What does he say?" she said, "Silly."
"What does he say to me?" she said.
"I don't know," I told her of her
out for me at Tatiana's country and
he never even raised his cap."

MAGIC BAKING POWDER

The Secret of
Successful Baking

Consists very largely of
choosing a baking powder
whose leavening
qualities are uniformly
reliable.
Magic Baking Powder
is the powder that never
fails you. This is the
reason why it is by far
the most popular bak-
ing powder in Canada.

MAGIC BAKING POWDER

As one of your
daily duties
shine up with
2 IN 1
Shoe Polish
keeps you
and your shoes
bright

of the common barberry. Its spores
are carried thence to the wheat, which
turns yellow and shows orange red
or rusty spots on stems and lower
leaves of the plant. These red spots
are caused by the production of
spores which marks the close of the
life of the fungus. In that stage the
fungus absorbs nutriment intended for
the wheat berries and prevents their
development. In its third stage, the
parasite causes black lines on the
stalks of the wheat. These are due
to the black spores from which the
dreaded black rust derives its name.
This rust has caused tremendous
losses to farmers in this country, and
the United States and have been the
subject of councils of war attended by
scientists and representatives of the
Departments of Agriculture of both
countries. During the present year,
such a conference was held with the
object of arranging for co-operation in
the search for an effective means of
combating the pest. Next summer re-
search work is to be carried on in this
country under the auspices of the
Dominion Government. In that re-
search work the airplanes and aviat-
ors of the Royal Canadian Air Force
will have a share.

It will not be the first time that the
Air Force which many people may
regard as simply a military organiza-
tion, has been used for such a pur-
pose. A year or so ago airplanes be-
longing to that force were utilized in
an investigation of the ravages of the
white pine blister, a parasite which
had caused damage to pine forests in
this country and elsewhere. In that
case the aviators duty was to obtain
evidence showing the distance to
which spores might be carried in the
air. The United States Meteorologic-
al Department employed airplanes to
determine the quantity of dust in the
air above certain large cities and a
new Orleans hay fever expert used
them to discover how far the pollens
of the long and short ragweed might
be distributed by the breeze. The lat-
ter made tests at heights up to 15,000
feet above the earth's surface by the
means of glass slides smeared with
glycerine or vaseline to catch the
pollen. Moreover, his investigation
explained some of the mysteries of
hay fever, for example, the reason for
occasional attacks of the distance far
from any growing ragweeds and for
the aggravation of patients' symptoms
in the evening and in cool weather.
Examination of the glass plates then
used also disclosed spores of some
varieties of fungi. The investigation
now to be made by Canadian air-
planes may indicate to what distance
spores of the wheat rust may be con-
veyed by the winds from the plants in
which the fungus passes the first
stage of its existence before attacking
the wheat and other grains. By so
doing it will reveal the scope of the
campaign to be undertaken against
wheat rust. It will be an addition
to the list of useful services which the
Royal Canadian Air Force has per-
formed.

ASTHMA

Has a daughter was in love with a
pilot, and had promised upon the old
days to be his diamond bride, in a fan-
tasy of his own.

She was the first to be married.
Tatiana, Countess, and when she heard
of the marriage she was so angry that
she refused her mouth like a clump.
"What does he say?" she said, "Silly."
"What does he say to me?" she said.
"I don't know," I told her of her
out for me at Tatiana's country and
he never even raised his cap."

**\$370,000 FOR
FISH CULTURE**

\$30,000 For The Building of
Fishways And Clearing
Waters In Streams.

Ottawa, June 6.—An estimate of
\$370,000 for fish culture was the cause
of some debate in the House of Com-
mons, when estimates of the Depart-
ment of Marine and Fisheries were
under consideration yesterday.
General A. E. Ross, Conservative,
Kingston, gave numerous instances
where fry and fingerlings had been
released by the fisheries branch in
small streams of Ontario only to be
destroyed by the larger fish or to
perish from lack of suitable food. He
thought that the time had come for
the department to take hold of the
business of restocking these streams
with fish in a sensible and practical
manner.

Hon. P. J. A. Cardin, Minister of
Marine and Fisheries, replied that the
Department was anxious to follow the
advice of the biological board. The
board had been asked to appoint men
to go into business of restocking de-
pleted waters. Resolutions adopted
by the board had been agreed to and
were being acted on by the Depart-
ment.

The vote carried in addition to a
number of other items in respect to
the fisheries branch of the department
including \$30,000 for the building of
fishways and clearing waters \$95,000
to assist in the conservation and de-
velopment of deep sea fisheries, \$2,000
for the maintenance of the fisheries
intelligence bureau and \$10,000 to pro-
vide for investigations into practical
and economic problems connected with
fisheries.

A MODERN AID OF NAVIGATION

A dependable guide for the perplexed
navigator, in all extremes of
weather, is the radio compass. With
a range of hundreds of miles it gives
warnings of dangerous points along
our coasts, or determines the position
of ships at sea with surprising ac-
curacy. Although a recent invention
there are today fifty-four wireless
compass stations in active operation
at strategic points along our coast.
It is not uncommon for a single sta-
tion to reply to one hundred requests
a day from ships, often far out at sea,
calling for their bearings or their
position. The possible error of these
readings, even over long distances, is
less than one degree.

Until the invention of the radio
compass, ship navigators on approach-
ing land depended for their bearings
or danger signals upon the familiar
lighthouse. The range of the most
powerful lights in clear weather is
but twenty miles, usually much less,
and in stormy or foggy weather the
signals are often obliterated. The
signals thrown out from radio com-
pass stations, however, are indepen-
dent of the weather. They can readily
work half-way across the Atlantic, al-
though in practice a range of 50 miles
suffices.—Review of Reviews.

THE TOWN'S REPRESENTATIVE

Lots of our people, including some
business men, do not appreciate their
paper as a thing of value except to the
owner of the paper, and that is
where the paper is of no use to them.
The newspaper "travels" and is the
town's only representative that is
always working at the job; and it
travels far and wide, too. As far as
our own paper is concerned, it might
be of interest to some of our readers
to know that not only does The Camp-
bellton Graphic cover the home terri-
tory—county and province extensively
but it "travels" to every province in
the Dominion—from Cape Breton to
Vancouver. It "travels" to Newfound-
land and to practically every state in
the neighboring Republic; while a
number of "representatives" travel as
far afield as England, Scotland, Ire-
land, South Africa, etc.

Now is the time to send this "re-
presentative" to your absent relative
or friend. A year's subscription to
the home paper makes a most accept-
able gift, and one that is not soon
forgotten as it reaches the recipient
throughout the whole year, bringing
to his or her mind the thoughtfulness
of the giver.

BIRD'S PAROID

The World's Best Roll Roofing

BIRD'S PAROID

has earned its enviable reputation during a quarter century because

1. It pays big dividends in wear and satisfaction for years and years!
2. It is distinctive—comes in three colors, slate red, slate green and bright gray.
3. It is extra heavy and pliable—will not crack in cold weather.
4. It is waterproof and sparkproof—gives complete protection.

Paroid Roofing is made by Bird & Son, Limited (Est. 1795), manufacturers of Neponset and Canadian Tarn Shingles, Bird's Art Craft Roll Roofing, Neponset Black Building Paper and Combination Wall Board. There's a Bird product for every sort of building.

We are headquarters for Bird's roofing, building papers, and wall board.

GEOLOGIST DEAD IN ALBANY, N. Y.

Professor J. M. Clarke, Beloved
Figure in Gaspe Peninsula,
Has Passed Away.

Albany, N. Y., June 2.—Many men prominent in the scientific world attended the funeral here yesterday afternoon of Dr. John M. Clarke, formerly of Quebec and late State Geologist and paleontologist.

The service was held at St. Peter's Church, among those present were: Prof. James S. Kempt of Columbia University, who conferred the Thompson gold medal upon Dr. Clarke, and Prof. Henry Fairfield Osborn, president of the American Museum of Natural History. Burial was in the Albany Rural Cemetery.

Dr. Clarke died Friday night a week after he had undergone an operation. He had been in the service of State of New York for forty years and was known internationally as a geologist and paleontologist.

The late professor was very well known throughout all the Gaspe Peninsula where he was wont to spend his summer vacations, and the news of his demise there will evoke many more expressions of profound sorrow. His love for the Gaspe region is perhaps best reflected in the fact that he had his summer home built at Percé and it has been his custom for many years to spend the summer months there.

His home in Percé was the rendezvous of many distinguished Canadians and Americans who, when in the district, fishing or hunting, never failed to avail themselves of his unfailing hospitality and gift for friendship. His home was a perfect treasure house of interesting geological and historical fragments, the majority of which were gathered in and about Gaspe. So devoted did he become to the place and so impressed with its beauties that he found expression for his sentiments in writing the well-known book "The Heart of Gaspe," which volume did more perhaps than anything else to bring to Canadians and Americans some sense of the enduring wonder of the place he had elected to call home.

As befitted a geologist of world repute, the late Professor Clarke was also a great lover of bird and animal life, and he spared no efforts to secure their preservation. As a matter of fact he is credited with the success which finally crowned his efforts to have Percé Rock made into a bird sanctuary. His large heartedness, however was not confined to works of that sort, for he enjoyed a reputation for generosity and tolerance with everyone who had the privilege of his acquaintance. One of his most remembered gifts took the form of a handsome window for the Roman Catholic Church in Percé.

POINT A LA GARDE

Mrs. Theophile LeBlanc of Carleton, P. Q. was the guest of her niece Mrs. P. Q. Doiron, last week.

Miss L. Calvert of Nouvelle was recently the guest of her sister Miss T. Calvert of this place.

Mr. Peter Pichette of Nouvelle passed through here last week enroute to Campbellton.

Mr. Octave Gallant paid a flying visit to Campbellton last week.

Following are the points obtained by each scholar of school No. 1 for the month of May.

1st. Division—F. Gaudreau.....	90
2nd. Division—E. Doucet.....	84
3rd. Division—G. Doucet.....	80
3rd. Division—L. Allain.....	61
3rd. Division—A. Paquet.....	60.4
3rd. Division—J. Paquet.....	60
4th. Division—J. Gaudreau.....	50
4th. Division—S. Perkinson.....	79

Those having perfect attendance: Eleonore Doucet, Joseph Gaudreau.

A very enjoyable little party was held at the home of Mr. and Mrs. J. Doiron on May 31st, in honor of Mrs. Theophile LeBlanc of Carleton.

Mr. Johnny Day of Cross Point was the guests of D. Gaudreau last week.

Messrs. David Gaudreau, Robert Gaudreau and Emile Pitre were visitors to Dalhousie last week.

While strolling about Battery Point, a few days ago, Mr. Jos. Doiron of this place, was the lucky finder of a canon ball believed to be about three hundred years old. The ball is of considerable size and weight and is considered as being quite extraordinary.

Every time you order shoe polish, specify "Nugget". It's the most economical in the end. Keeps all footwear looking "younger" and neater; feeds and preserves the leather.

Black, Tan, Taney Red, White Dressing (candy) and White Cream (liquid).

Good Hot Bread With Cold Meats For Summertime

Most people enjoy hot breads of different sorts quite as much in summer as they do in cold weather, especially with cold meats and salads. Shortcakes for the use of fresh fruits are always delicious, and the fruit pastry shells make quick dessert which is inexpensive, wholesome and easily made. The pastry shells are made of good short piecrust, shaped over jelly tins or small tins turned upside down and well greased. The shells after baking may be slipped off the tins, and when cool, or even warm, may be filled with the fresh fruit just before being sent to table. They may be topped with whipped cream. Tiny raised biscuit, broken open hot, then buttered and filled with fresh boiled chicken, chopped fine and moistened with mayonnaise, make most delicious sandwiches. The biscuits should not be larger than a fifty-cent piece.

RUSKS FOR TEA

Scald a cupful of milk, then cool it, and add a tablespoonful of sugar, a half teaspoonful of salt, a quarter cake of compressed yeast dissolved in the milk. Sift in two cupfuls of flour and set to rise. When light, work in a half cupful of soft butter, a beaten egg, and a half cupful of sugar. Let stand to rise again, and when it begins to puff shape into small pointed rolls. Let rise again, brush over with a little milk and egg, sprinkle with sugar and bake.

FRENCH DINNER ROLLS.

Sift eight small cupfuls of flour, add four teaspoonfuls of sugar, a saltspoonful of salt, a tablespoonful of melted butter and a cake of compressed yeast dissolved in two cupfuls of milk. Mix the sponge and set to rise. When it is light, knead well, shape into rolls, let rise again and bake in a moderate oven. The rolls may be made in any shape liked.

BREAKFAST BUNS

Dissolve half a compressed yeast cake in a cupful of milk. Add two cupfuls of sifted flour. Mix the sponge and let rise until light. Add three-quarters of a cupful of very soft, almost melted butter, and four beaten eggs. Knead and let rise again for about an hour. Mold into good-sized bun-shaped balls, pressing into each a few well-washed currants. Let rise fifteen minutes in a buttered pan, then sprinkle with sugar and bake. The sponge will have to rise over night if the buns are used for breakfast, or they may be used for luncheon if made in the day.

SCOTCH SCONES.

Rub a tablespoonful of butter into four cupfuls of sifted flour. Add a tablespoonful of sugar, a half teaspoonful of salt, and stir a half teaspoonful of baking soda into a cupful of buttermilk and stir into the flour. Roll into a thin sheet on a lightly floured board, cut into triangles, and bake thirty-five minutes on a floured tin. Just before they are done, brush over with milk and they will glaze nicely. The scones are also nice for tea and are not much trouble to make.

A Careless Cook
Mrs. Hanover had engaged a new cook. She was not uncommonly, and Mrs. Hanover feared for the tender hearts of the local guardians of the law.

"How convenient," she said to herself, "my new cook has no children because of her afflictions—I don't have to have any men in the kitchen."

Bridget commented to this arrangement, and all went well until one day Mrs. Hanover went through the culinary department on a tour inspection.

"Can you open the door of a large cupboard, and look at her surprise, a policeman concealed inside. She turned on a sudden eye on the cook. "Bridget," she said, "what's this?" "I don't know," replied Bridget. "He must have been left there by the last cook."

LIBERALS CARRY SASKATCHEWAN

Early Reports Show That Dunning Will Have Majority.

Regina, June 2.—While the returns from the provincial elections had been coming slowly with the exception of the urban districts up to eleven o'clock tonight, it was indicated at that hour that the Liberal party headed by Premier Charles A. Dunning, was receiving a heavy vote in the rural districts. The Liberals were at the head of the table with nineteen definitely elected and leading in twenty-four constituencies. Progressives were conceded eight seats and leading in one: Conservatives elected three and were leading in three, while independents had carried two ridings and were heading the polls in one.

CHRISTENING PARTY ENDED IN STABBING

One Man in Hospital at Point of Death and Another Under Arrest as Result of an Affray in House in St. Henry.

Montreal, June 2.—One man lies at the point of death in the Western Hospital and another man is under arrest charged with stabbing him as the result of a fight early this morning following a christening in St. Henry. Police say that beer flowed freely during and after the ceremony and that an argument developed into a general melee, in the course of which Fred Permenouky, aged 30, received severe wounds. The name of his alleged assailant was not divulged.

FATHER WAS IN ERROR

Suitor—Mr. Stinking, I have courted your daughter for 15 years.
Mr. S.—Well, what do you want?
Suitor—To marry her.
Mr. S.—Well, I'm hanged! I thought you wanted a pension, or something.

A WOMAN'S SUFFERING

Relieved by Lydia E. Pinkham's Vegetable Compound

Verdon, Montreal, Quebec.—"I am one of thousands who have taken Lydia E. Pinkham's Vegetable Compound and have great faith in it. I can safely say it has relieved my troubles and I shall never be without a bottle of it in my house. Since my last baby was born I suffered from pains and backache and would feel so tired I could not do anything in my home. Since I have been taking the Vegetable Compound and Lydia E. Pinkham's Blood Medicine I feel so different. I recommend it to all my friends and hope it will cure other women who are suffering from the troubles I had."—Mrs. T. H. GARDNER, 321 Evelyn Street, Verdun, Montreal, Quebec.

Lydia E. Pinkham's Vegetable Compound is a dependable medicine for the new mother. It is prepared from roots and herbs, contains no harmful drugs and can be taken by the nursing mother. Its worth in restoring the mother to normal health and strength is told again and again in just such letters as Mrs. Gardner writes.

A recent canvass of women users of the Vegetable Compound shows that 99 out of every 100 women taking the medicine are benefited by it. They write and tell us so. Such evidence entitles us to call it a dependable medicine for women. It is for sale by druggists everywhere.

SAYS HUMAN WELFARE IS NOW MENACED BY HUMAN FECUNDITY

Brighton, England, June 2.—"Human welfare is now menaced by human fecundity," declared Bishop Barnes, of Birmingham, in a sermon last evening before delegates attending a health congress here.

The Bishop suggested that the crowded state of Europe was probably the main underlying cause of the great war and that the catastrophe would recur "unless that altruism which limits the increase of population can be made to prevail." Large families are a hindrance to social progress, he asserted, and "civilization is dangerously weighed by the reckless reproduction that may submerge it."

Just a Week Later.

Boarder—I wish I had come here a week ago.

Proprietress—Ah that's very interesting to my establishment.

Boarder—Not at all. I should have preferred to eat fish there instead of now!

CLOTHING PROPOSITION

The advertisers are here to make with practical men for the SPECIAL ORDER CLOTHING (made-to-measure) in their wardrobe. This is an exceptional opportunity for the community, with knowledge of fashion and the ability to make the most of their energy is the proposition.

The firm wishes its customers with a large selection of fabrics and styles at low prices, and therefore requires reciprocal co-operation. Full particulars necessary; so inure reply. Write in first instance to P. O. BOX 105, MONTREAL.

SOCIAL & PERSONAL

Mrs. D. J. Bruce was in Fredericton last week attending a meeting of the Methodist Women's Missionary Society.

Miss Helen Crockett has returned from a visit to Moncton.

Miss Helen Stevens was hostess at an enjoyable tea on Saturday afternoon in honor of her sister-in-law Mrs. Jack Stevens of Halifax. Assisting in serving were Misses Grace Calder, Helene Tweeddale, and Irene Jardine. Miss Doris Buckley replenished the door and Miss Bessie Baird played pleasing piano selections during the afternoon.

Mr. David Champoux has returned from a trip to Sherbrooke and Montreal.

Mr. and Mrs. Alex. Esson are receiving congratulations on the arrival of a baby girl on Thursday last at the Soldiers' Memorial Hospital.

Mrs. R. D. McNutt of Fredericton is visiting her daughter Mrs. Oliver Dewar.

Miss Anna Malefant, the distinguished singer of Moncton, was entertained by Dr. L. G. and Mrs. Pinaut during her visit in Campbellton.

Friends are glad to know that Howard Downs who underwent an operation at the Hotel Dieu Hospital is doing nicely.

Mr. J. R. Edwards of Esquimaux, P. Q. spent Sunday and Monday in town the guest of his brother Mrs. Irvine Edwards.

Mr. Peter Fichette of Nouvelle, P. Q. paid a flying visit to Campbellton last week.

Mr. and Mrs. D. R. Allanach and Miss Jessie Allanach were in Halifax last week attending the graduation of Miss Gladys Allanach from the Halifax Conservatory of Music.

Miss Ian Currie has arrived home from St. Louis, Mo. to be guest of her parents Mr. and Mrs. Wm. Currie at River Charles, N. B.

Miss Marion Lunan, Rita Morrison and Trudie Titus entertained a number of their friends at the cottage on Friday evening in honor of Miss Marion McPhail of Woodstock who is the guest of Miss Lunan.

Mrs. Archie Newlands left on Saturday for St. John where she will visit friends for a few weeks.

Mrs. A. Gillis and Master Jimmy Wilson (St. John) spent a few days in Moncton the guests of friends.

The many friends of Mrs. Annie Cool, Y. W. C. A. Travelers Aid representative of Moncton who underwent an operation for appendicitis some weeks ago, will be pleased to learn that she has been able to leave the hospital for her home and is convalescing satisfactorily.

Mrs. D. Ross Kerr and Mr. Dudley H. Kerr of Montreal are at "The Bungalow" Charlo Station.

Miss Jerrie Wyers who has been attending McGill, Montreal, is the guest of Mrs. D. Ross Kerr, "The Bungalow", Charlo Station.

Mrs. W. R. Fitzmaurice and daughter, Miss Phyllis have returned from Montreal where they were attending McGill Convocation.

Mrs. Robert Baird returned home on Monday from a visit to Fredericton.

Dalhousie Personals

Rev. Charles D. McIntosh, who went to Nova Scotia last week, motored back to Dalhousie, with his automobile from Pictou and found the roads good. He was particularly delighted with

the scenery coming through the old Miramichi road.

Miss Margaret Duncan, who spent the winter months in New York, the guest of her brother Wm. D. Duncan and Mrs. Duncan, returned to Dalhousie last week to spend the summer in her native town.

Mrs. William Wallace came back to Dalhousie last week after an absence of twelve years residing in Fort William. She was the guest on arrival of Mrs. A. G. Mackenzie, then going to visit her brother John McEwen and his family at El River Cove. Mrs. Wallace will go to Dorchester, N. B. to visit her two brothers, George and Lloyd McEwen, the latter being in poor health.

Miss Louise Barthe has returned home from Edmonton and will remain in Dalhousie for the summer.

H. J. Hubert spent the week end with his family in Dalhousie.

Mrs. Henry Disbrow, Jacquet River, is visiting Miss Eliz. Stewart at "Glen Cottage."

Miss Agnes Barberie, Campbellton, spent Sunday at her home in town, the guest of her parents, Mr. and Mrs. Andrew Barberie.

M. Earle Simpson, Oromocto, N. B. spent Sunday with his family in Dalhousie.

Stockton Barberie, Montreal, who has been with his mother for several weeks, has returned to Canada's Metropolis, to return to his native town, during the holiday season.

P. X. St. Laurent, and his son-in-law, Mr. Plamondon, Whites Brook, Restigouche Co., N. B., were the guests of Doctor A. St. Laurent during the week end.

Miss Alexandrine Lamoite, who is teaching in the Lower Balmoral School, was a visitor to Dalhousie, on Saturday. Miss Lamoite, is a native of Sandy Bay, P. Q., and is a very successful teacher in New Brunswick.

Professor Kent of the Presbyterian College, Halifax, N. S., spoke to a good meeting on Sunday afternoon in the Opera House, Dalhousie, on the Church Union question. Mr. A. B. McKinnon presided.

D. A. Stewart, M. L. A., and Mrs. Stewart of Campbellton, were visitors to the Shiretown on Saturday.

J. Allan LeBlanc and his sister Miss Bernice LeBlanc, Campbellton, were the guests of their parents, Postmaster A. J. and Mrs. LeBlanc on Sunday.

Miss Ida Barthe, who is teaching at Atholville, spent Sunday at her home in Dalhousie.

Mrs. John Lawlor was a visitor to Campbellton on Thursday.

Mrs. Donald McLean, River Charles, was the guest of her daughter, Mrs. L. D. Jones, recently.

Miss Greta Dawson, Maple Green, was a visitor to Dalhousie, on Monday.

Miss M. Bennett and Miss Marie Letourneau, Boston, have been spending ten days in Dalhousie, the guests of Miss Letourneau's uncle, Robert Letourneau and Mrs. Letourneau. They left on Tuesday for Boston.

Mrs. Willett, formerly Miss Norah Letourneau, St. John, N. B., has been spending a few days at her old home in Dalhousie.

A large Whist Party and Pie Social will be held on Thursday evening, June 18th, in the Convent Hall, Dalhousie. Proceeds to go towards the fund for the erection of the new wing to the Convent building, which is going ahead now with thirteen men employed. The entertainment will be held under the auspices of the C.W.L.

THE GOVERNMENT MEETING CLOSED

Lumbermen Promised Decision on Stumpage Matters Within 30 Days.

Messrs. W. H. Miller and A. F. Bisson were the delegates of the Campbellton Board of Trade at a meeting with the provincial government on Friday last when representatives of the New Brunswick Lumbermen's Association and ten different Boards of Trade throughout the province discussed the question of reduced stumpage rates with Premier Veniot.

The meeting was enthusiastic and largely attended and the Lumbermen's Association have been promised an answer within the next thirty days.

Following is a copy of the resolution presented on the meeting.

Whereas the Lumber Industry of New Brunswick now labours under acute depression which has already resulted in a very serious reduction in the number of operating concerns and thus deprived many workers of their normal source of livelihood; and,

WHEREAS the economic importance of our Lumbering Industry is fundamental in the most literal sense. Therefore, it follows that the adversity from which it now suffers is closely and most depressingly reflected, directly and indirectly, upon practically all other lines of business and thus upon the whole people of the Province;

AND WHEREAS the differential now existing in the rates of stumpage and present method of scale places the New Brunswick Lumber operators at a decided disadvantage with their competitors in the Province of Quebec as shown by the comparative statement attached:

THEREFORE BE IT RESOLVED that as delegates appointed by the following Boards of Trade of this Province—

Fredericton, Bathurst, Moncton, Newcastle, Saint John, Woodstock, Campbellton, Edmundston, Chatham and Grand Falls, representing the united financial and commercial interests of the Province, respectfully urge upon your Government the pronounced gravity of the above situation and hereby respectfully request that immediate and thoughtful action be given for all possible relief in the form of a reduction of the present stumpage rates and the institution of a more equitable basis of scale consistent with the size of logs now available for cutting so that our lumbering industry as a whole may be placed on a more equal footing in a common market with our Quebec competitors.

We are informed that the total difference in favor of that province on spruce on stumpage and scale rates is \$3.10 per thousand.

As Quebec and New Brunswick lumbermen are selling their product in a common market it must be apparent to all that our lumbermen cannot long continue in business in face of the above disadvantages in costs, and it is upon this basis we ask for a reduction in the rate of stumpage and that a more equitable method of scaling be adopted in order to place our lumbering industry upon an equal competitive footing with the Province of Quebec.

The present financial crisis in this most important industry makes it imperative that relief be granted to operators in this Province not only by adopting the Province of Quebec spruce, stumpage, scale and rate for future operation but that the reduced rate be made retro-active and applicable to the cut for the 1924-1925 operating season.

Dated at Campbellton this 9th day of June, A. D. 1926.

TWO SHOWS: 7.30 & 9.00

PUBLIC NOTICE

In accordance with the provisions of an Act of Legislative Assembly of the Province of New Brunswick, public notice is hereby given that the Assessment List of the Town of Campbellton for the current year is posted at each of the following places within the said Town:—

Ward One—Jas. Alexander's Store, Water Street.

Ward Two—A. E. Alexander & Son, Ltd., Store, Water St.

Ward Three—Thos. Ellsworth's Store, Roseberry St.

Any person thinking himself aggrieved by any assessment shall, WITHIN TWENTY DAYS AFTER SUCH COPIES ARE POSTED, as aforesaid, apply IN WRITING to the Chairman of the Board of Assessors for abatement or correction of his rating, which they are empowered to make, and he shall not maintain any appeal to the Town Council, unless he has first complied with the provisions herein specified.

Dated at Campbellton this 9th day of June, A. D. 1926.

J. L. ANNETT,
T. J. McDEVITT,
A. G. ADAMS.

Assessors for the Town of Campbellton.

For the convenience of the rate-payers the Board of Assessors will be at the Mayor's Office in the Municipal Building on every Monday and Friday evenings, from 7.00 p. m. to 9.00 p. m.—3 ins.

guest of Mr. and Mrs. Clement on Saturday.
