THE RECRUITING POSTER

S I stroll through the streets where Britannia calls To her sons in a pageant of print, and conveys to the laggard, on hoardings and walls

A poster I see which appeals by its force,

For it voices the popular view,
"You're proud of your pals in the Army, of course, But what will your pals think of you?'

That's a blow that should beat the hot metal to shape, For it rings on the anvil of truth.

For the laggard who's false to his youth.

The pride of his manhood it taps at the source

njoying their annual outing. Strong influence is being used to get new wide road, built through the centre of the Island, which would be comparatively level and would open up a quantity of good land as well as furnish a short cut nd a wider road than we now have on the Island, and as there are a number of autos here the idea of widening the old roads would be hard to carry out and some places impossible

Miss Sarah Hunt, 50c.; Miss Katie Hunt, Miss Lottie Chaffey, of Eastport, People of Charlotte County Want to Spend Money

MONEY is for use, not for hoarding. Most of us want what money will buy more than money, so we are always spending our money. Also most of us do not make money enough to hoard it—we must spend it on necessities.

Much Charlotte County money is spent with firms outside of this community-with the big city mail.order houses: money that ought to be spent

More money would be spent in the County if more of our merchants would advertise, and if those who do advertise would advertise more

To the People in Charlotte County

Spend your money in the County. Sending money out of this community makes the community poorer for you and everybody else. Building up outside businesses won't help you any.
