Appeal Made Through Anglican Churches For Famine-Stricken Peoples

SUFFERING IN SOME PARTS OF EUROPE SAID TO BE VERY SEVERE—PASTORAL FROM BISHOP OF NIAGARA ALSO DRAWS ATTENTION TO SERVICE OF CHRISTIAN MINISTRY—FORWARD MOVEMENT IMPORTANT.

In the Anglican Churches of this city yesterday morning, and no doubt in all of them throughout the Niagara Peninsula the following message was read by the Rectors. It is from Ven. Dr. Clark, Bishop of this diocese as a pastoral:

To the members of the Church of England in the Diocese of Niagara. Dearly Beloved: There are several matters of importance to us all as Church people which I must at this season bring to your notice. 1.—The Archbishop of Canterbury cables as follows to the Archbishop of Rupertsland, who forwards the message to me:

"Appeal is being made by the Archbishops, together with Free Church Leaders, and contemporaneous appeal by the Pope, for collection on Innocent's Day, December 28 for relief of famine stricken areas, especially children."

May I suggest that on the above date, collections be made for the purpose named in the Archbishops' message? In no better way could we devote our offerings on the last Sunday of the year than to relieve the sick and needy in lands where great suffering prevails. I trust the offerings will be large and generous, and will be forwarded to the Synod Office without delay.

2.—The Missionary and Diocesan Appointments.

I am most anxious that our Appointments should this year, as in past years, be made up in full. Many of the Parishes have responded nobly but I am concerned about some others. I do not want to hear of hopeful work abandoned and faithful laborers bidden to return by reason of our remissness. I beg, dear brethren, suggest that your offerings be presented and forwarded here at your earliest convenience, and not later than January, the 7th.

3.—The Supply for the Sacred Ministry. The season of Advent brings to our minds this important subject. It is the business of the whole Church to provide material. The work of a Bishop is to see that the unworthy do not intrude upon the ranks of the Ministry. The Clergy and Laity should encourage young men to seek this calling. They should do it not by disgusting any of its hardships, and responsibilities, but by setting these aside by side with the heroic impulse.

When the young men of the country were wanted for the service of the war, they were not approached by representing to them that it would be a fine thing to command men, and to wear the uniform of a soldier, and that easy posts and good pay were the prizes. The appeal went forth to the highest and most heroic impulses. It was in spite of wounds, privations, imprisonments that they were to venture their young lives and best hopes, because their King and Country had need of them.

If parents would take the same course. If the Call of the Church was addressed to the noblest dreams and desires of young men, the ideal of self sacrifice, more and perhaps better men, would after turn towards the ministry. I have faith in appealing to the highest motives. If case, and good positions, and lives shielded from the sternest conflict are the only attractions which will move our young men, then the Church may as well give up the idea of continuing such a Ministry. The work of the Ministry does not mean worldly success; or worldly comfort, or conspicuous places. Its chief satisfaction must be found in things which cannot be talked about or glorified in, in this world.

The call to the Ministry is the trumpet note of the highest heroism. If our young men have not wholly lost the heroic impulse, surely it should not be sounded in vain.

4.—The Forward Movement. I have refrained from adding to the pages of literature on this subject of an educational and inspirational character, which have been forwarded to you. The Movement, I need not assure you, has my warmest sympathy. Its aim is to secure for the Church that equipment of every kind which alone can make it

possible for the Church to do its best work in the great wide world, as well as in our own land. The needed equipment is of several kinds: Spiritual equipment, i.e., the deepening of the spiritual life of its members, and a new sense of stewardship and service for God and His Church; living agents, i.e., men and women missionaries in the home and foreign field; and additional workers in our own Parishes; and financial equipment, i.e., money to support the workers and to provide Churches, Schools and Hospitals. These and other financial needs amount to \$2,500,000.00 which will be appealed for in February next.

The greatest of these needs is a spiritualized Church, the members becoming imbued with Christ's Spirit and becoming witnesses for Him.

We are very grateful to the Laymen of our Synod, who took up this matter. They are fully realizing the great responsibility which God has placed on them at this time. I appeal to you to read the literature that has been sent out, and to help the movement by your prayers, your service and your offerings.

5.—Christmas. In God's gracious providence, we are fast approaching once more the blessed and joyous festival of Christmas, when the Message comes afresh to us, "Unto you is born this Day, in the City of David, a Saviour, which is Christ the Lord."

It is precious thing, year by year, to study anew the external earthly features of the Son of God taking of Himself our human nature, and from these externals to pass to the greater fact which is clothed in them.

Who would be without such a Day as this? Who is there that, celebrating yearly his own birthday, will not refuse to mark with thanksgiving and holy services and joyful festivities the coming of the Son of God!

There could be no greater reason for thankfulness than this coming of the Son of God, whether we consider on the one hand the greatness of the benefit conferred upon us, or, on the other, the greatness of the gift of the love which prompted it. "God so loved the world that He gave His only begotten Son." Was there ever love like this, that the Son should willingly empty Himself of His glory, and take upon Himself our weak human nature? It is a love which passeth man's understanding. It is the love of the Father toward us, endeavoring to kindle in us a love towards Him. It is the Son willingly offering Himself that He might come to us to draw and lead us back to the Father Angels, to whom no such gift has ever been given, shouted hosannas at the descending of the Son of God to earth. Shall we not welcome Him with loving hearts? "Blessed be the Lord God of Israel, for he hath visited His people."

It is sometimes said that the Christmas Communion is not fully attended because of family and social hindrances. This ought not so to be. It is one of those days when every communicant, not hindered by sickness, ought to try to be present, and all other cares and duties of the day should bend and give place to this.

Commending you and your families to the loving and gracious care of Him who, as at this season, helped us with the precious and priceless gift of His only Son, and pleading for the members of the Church the manifold gifts of the Holy Spirit, I am, my dear Brethren, Your affectionate friend and Bishop, WILLIAM NIAGARA. Hamilton, Dec. 18th.

BETTER SHOWS COMING

The Grand Opera House of this city has just completed its arrangements with the Trans-Canada Theatres Ltd. which books theatrical productions from coast to coast. This is a very wealthy corporation and as a result of the deal the Grand has been put on route number one, first-class theatre and will receive the same shows as play in Ottawa, Hamilton, London and elsewhere.

Mr. Odium the manager states that more and better shows will come here as a consequence of these bookings. Among the performances that will be shown here in January are "Fiddlers Three" on the eighth, "Maytime" on the 12th, and "Friendly Enemies" on the 19th.

IMPORTS OF LIQUOR AGAIN ALLOWED; ALSO BETTING ON THE RACES

OTTAWA, Dec. 22.—Whatever the rest of the world does, the Dominion Government is repealing all but a few war orders in Council, so as the Minister of Justice puts it, "to bring about once more a condition of peace in Canada, no matter how long, technically speaking, the duration of the war may be."

The immediate effect will be that after January 1, 1920, a mere matter of ten days, strong drink may again flow along the recognized channels of trade across Provincial barriers into the homes of those who forego sooner or later the triumph of the "drys," and who will wish to stock up against the day when the

Provinces, one by one, avail themselves of the referendum legislation passed at the last session of the Federal Parliament.

Betting at racecourses no longer will be taboo, although it is said that in the next session of Parliament legislation to curb the evils connected with this sport will also be introduced in the House.

Stormy Period For 1920.

Therefore 1920 promises to be a stormy period of fighting between the wets and the drys and between those who think the race course promotes horse breeding and those who think that it must be separated absolutely and for all time from the

gambling features which have become attached to it.

It was understood during the last session of Parliament that the two prohibition bills placed on the statute books could not have survived both Houses if it had not been for members of the Government who pointed out to certain refractory Ontario Conservative members that under the new legislation there would be an interregnum between the end of the war and the disappearance of the prohibition order in Council so that depleted cellars could be restocked before Provincial action would stop transportation of liquor once again to their Province.

Soldier Wearing Mons Medal, Also Two Others, Caught Trying To Break Into a Grocery Store

The record of Daniel Pyburn, returned soldier, who was caught trying to break into Bradley and Son's grocery store, early this morning, is to be enquired into and a police court today Magistrate Campbell remanded him for a week on the request of Chief of Police Greene.

Pyburn, lost his right leg in battle and wears the Mons Medal, the Military Medal and the Service Medal. He was caught by P. C. Howden propped up by his crutches industriously chopping away at the back

door of Bradley and Son's East End grocery. He was using two chisels and had cut away the lock but failing to gain entrance thereby had started to cut out the door panel.

He seemed determined to get in. When questioned by the Magistrate Pyburn said he had been working in Northern Ontario and came down to Kingston in September 1915 to enlist. He was in France in December that same year, he said. He said he was taking vocational training at Jencks here and was getting

\$85 a month from the Government. That means he is a married man though he gave his age as only 20.

He is a nice looking youth and there was considerable sympathy felt for him by those in court because of his deformity. He didn't give any very definite reply when asked why he was trying to get into the store saying merely that he had taken a crazy freak. He said he had been in Buffalo for some time after returning to Canada a year ago last month. He wore his uniform today.

Biggest Xmas Business So Far at Local P. O.

Posties and Clerks Are at Their Wits' End to Handle All the Christmas Letters and Parcels.

The only consolation the letter carriers have in connection with the situation at this cheery Christmas time is that there are not big snow drifts to wade through in delivering the big bundles of letters and Christmas parcels. Otherwise they are at their wits' end to handle the business and so is Postmaster Carlisle and his aides inside the building.

Even the stamp department at this post office is crowded to capacity and if you want to buy stamps you have to get in line and await your turn. That sometimes means a wait of half an hour or even longer. Many parcels must be weighed, you know, and that takes time.

So, if you happen to be in a hurry, get somebody else to buy your stamps up to Thursday night.

The posties are handling things pretty well in spite of the rush, each man taking a boy or so along to help out. No doubt newspapers will be missed in the hurry and rush but that has to happen in the good old Christmas time.

Postmaster Carlisle says it is the busiest Christmas season he has ever seen and if you go into the post office you'll have no trouble convincing yourself that Mr. Carlisle is a man of truth.

APPEAL DISMISSED

In the Court of Appeal judgments given out last week appears that of the Dominion Government versus the Thorold Pulp Co. H. H. Collier, K.C., appeared for the defendants. T. F. Battle, Niagara Falls, for the plaintiff. The appeal was made by the defendants from the judgment of Chief Justice Falconbridge on November 3. The appeal was dismissed with costs.

SUPREME COURT SITTINGS

An announcement is made of the Supreme Court sittings for Ontario from January to June. Locally they are as follows:

St. Catharines, jury, March 1st Chief Justice Falconbridge. St. Catharines, non-jury, Mr. Justice Logie.

In Welland the jury sittings will be March 29, Mr. Justice Logie and the non-jury sittings June 1st, Mr. Justice Litchford.

Increased Train Service on G.T.R. December 28th

Winter Coal Situation Permits Railway to Relieve Passenger Accommodation.

The announcement made Saturday at Toronto by the Grand Trunk Railway that the train service in Ontario would be resumed on December 28th as a result of the freer entry of bituminous coal will be welcome news. Extra trains are to be put on to take care of the Christmas traffic.

This increase in accommodation is just what Mr. C. E. Horning of the G.T.R. informed the Mayor of this city would be given as soon as the coal problem was overcome. Representations were made to Mr. Horning about ten days ago by His Worship that the reduction in the train service was a serious handicap.

THE WEATHER

TORONTO, Dec. 22.—A depression appears to be forming off the coast of Florida while pressure is now highest in the Maritime Provinces. Fair weather prevails over the Dominion with no very low temperature in evidence.

FORECASTS—Generally fair to-day and on Tuesday. Not much change in temperature.

GUARD LOYD GEORGE

Precautions to Protect Him While Speaking in Ireland.

LONDON, Dec. 22.—Precautions are being taken by the Scotland Yard officials against possible attempts to attack Premier Lloyd George or prominent members of the Irish Office in London. On Monday there will be a careful scrutiny of persons entering the House of Commons to prevent the possibility of trouble on the occasion of Premier Lloyd George's announcement on the Government Home Rule Measure.

MUCH REJOICING OVER BAN LIFTED

There was rejoicing in the city over the announcement of the lifted ban on booze import and horse racing. Not so much for the return of horse racing as for the return of booze privilege. After the first of the year it will be all right to bring your bottle back across the River providing you can find one over there it is the general belief. Prohibitionists consider it a set back and express the hope that the Ontario government will make a quick move to quell the joy of the booze fans.

Dominion Electric Plant Destroyed by Fire at Early Hour on Sunday Morning

LOSS OF ABOUT \$15,000; FIREMEN PERFORMED GOOD SERVICE IN SAVING NEARBY BUILDINGS; LITTLE OR NO WIND WAS BLOWING AT THE TIME.

The firemen were glad the weather had moderated a bit and that there was little or no wind blowing early Sunday morning, when about three o'clock they were called out to a fire in the Dominion Electric Company's factory at Church and Niagara Sts. The residents of that district may be thankful, too, that there was no wind, otherwise they might have been driven from house and home.

The fire in the Dominion Company's plant which used to be the old Congregational tabernacle, was discovered by Arthur Kelly, whose house adjoins the building on the west side had caught fire also. Kelly sent in an alarm from Box 35 and the firemen responded promptly. Chief Ear-

ly had his men soon playing three streams on the Kelly house and the factory building and by dint of extra effort on the part of the fire fighters the blaze in the Kelly house was

swamped out and then that in the factory. There was little to be done in the case of the factory building except to save neighboring buildings, and the firemen worked heroically. Their good work was commented upon generally. Had any considerable wind been blowing the flames could easily have swept the section. The water pressure was exceptionally good.

When the fire was finally out, the building was practically destroyed. The roof was burned off and the centre of the building was well burned away.

The fire evidently started in the centre of the building where the testing bench is located.

The building is owned by the Jas. Hawkins Estate and the loss on the building and contents is estimated at about \$15,000 partly covered by insurance.

PRONOUNCE IT

ALL SMALLPOX

Dr. McCleehane and Dr. Bell of the Provincial Health Department are in the city today examining the cases of disease here. They unhesitatingly pronounced all the cases smallpox.

LARGE FIELDS EXCISED IN ALL CIVIC RACES

Tomorrow is nomination day and a lively time is expected at the City Hall from ten o'clock until one when the nominations close. Deputy Returning Officer J. Albert Pay, will be in the Council Chambers promptly at ten o'clock to take nominations for the office of Mayor, Public Utility Commissioner and for Water Commissioners. Nominations for these offices will close at eleven o'clock and then the respective Mayoralty candidates will be given ten minutes each in which to address the electors.

At twelve o'clock nominations will be received for Aldermen and for the new Board of Education, and all the papers must be filed by one o'clock when nominations close. All candidates will then have twenty four hours in which to qualify.

That there will be a large number of nominations for all positions is assured. The largest field in many years will start in the Mayoralty contest which will have four and possibly five entries. For the Council it is expected that there will be from twelve to fifteen nominated while the largest field of all will be that of the Board of Education which may comprise twenty names. Just who will run is hard to say but from the present indications the ratepayers will have plenty of material to select from on January first.

RIOTING AGAIN IN EGYPT

Incipient Disturbances in Cairo Where Lawyers go on Strike—Govt. Employees May Follow Suit.

LONDON, Dec. 22.—Serious rioting occurred at Alexandria, Egypt, on Sunday, one Egyptian policeman being killed, according to belated cables from Cairo.

This is the first recorded disturbance since the arrival of the British mission headed by Viscount Milner. The operations of this mission, correspondents declare, are wrapped in mystery, and the people are represented as becoming disgusted.

Incipient disturbances occurred in Cairo on Monday and Tuesday, especially in the native quarters, where tramcars were stoned, but the police were successful in preventing serious disorders.

After Fourteen Years in Jail He Enters University At the Age of 70 Years

PHILADELPHIA, Dec. 22.—Luke Dillon of this city, seventy years old, will enter the University of Pennsylvania next year as a freshman. Mr. Dillon recently earned a scholarship offered by The Irish Press, a weekly paper, published in this city in the interest of the Irish Republic.

Dillon is the Irishman who served fourteen years in a Canadian prison for dynamiting the Welland Canal in 1900.

He was sentenced to life imprisonment, but was paroled, and returned to his home here in 1914.

EDITORIAL NOTES
 There have been no facts produced yet to disprove any of the statements recently made in a letter published from the Mayor on the Railway situation. The development of the city in industrial and transportation departments will be the one way of solving some of our financial problems and the way to get the railway improvements at once are by getting extensions of government owned and controlled road the N.S.E.T. Public prejudice may for a time prevent a legitimate and necessary improvement but public necessity and good sense always triumph over prejudice. This city wants roads and wants them right away. Those who oppose them are carrying a lot of responsibility.

The Journal has received from the New York World a very fine photo reproduction of His Royal Highness the Prince of Wales. It was issued as a supplement on fine paper and 825,000 copies were printed and distributed. The print is a credit to the World's presses.

The yarn is being started that the Mayor is an enemy of Hydro. If some of those who are circulating this story had done half as much for the Hydro cause as the Mayor has done, they would be broader and more intelligent in their comment.

Disturbances in Alexandria, Egypt after the arrival of the Milner Mission were stirred up by native students.

**KEEPS CHILDREN WELL
 MAKES THEM ROBUST**
 Here is Good Advice for the Head of Every Family.

Rapid growth, work at home and in the school room, are sure to tax the strength of every child, and often prove the beginning of a chain of weakness that lasts through life. Give your sons and daughters a fighting chance. Give them good home surroundings, fortify them with education—but above all else do everything possible to insure for them perfect health in years to come.

In no way can you destroy weakness and build up health so surely as with Ferreroze. It's the concentrated nourishment in Ferreroze that enables it to do so much good. It contains the very elements that are needed in building up bone and sinew, in vitalizing and strengthening the blood. The appetite Ferreroze brings will gladden any parent's heart, and when color, spirits, vim and energy increase day by day then you know what grand work Ferreroze is doing. Because it makes and keeps you healthy, because it is pleasant, harmless and sure to do enormous good—you and your children should use Ferreroze every day. Sold by all dealers in 50c boxes, six for \$2.50, or direct by mail from the Catararzone Co., Kingston, Ont.

BEAUTY SECRETS!
 Where she gets her good looks, her healthy skin, her pink cheeks, is known to every one, because it is apparent that it is not due to cosmetics, paint and powder. But the true womanly beauty comes from good health, and this good health is a woman's secret.

Health comes with good physical machinery and good spirits, an active digestion. A body free from pains and aches comes with a tonic known for over fifty years as the best "temperance" tonic and neryne for woman—namely, Dr. Pierce's Favorite Prescription. It can be obtained in any drug store in liquid or tablet form, or send 10c to Dr. Pierce Invalids' Hotel, Buffalo, N. Y.

Cleansing of the intestinal tract is important. Take castor oil or select a vegetable pill. Such a one is composed of May-apple, leaves of aloë, root of jalap, and made into tiny sugar-coated pellets, to be had at every drug store as Dr. Pierce's Pleasant Stools.

CANT SEE HEARST'S ENTRY
 Suggestions He Enter Borden Cabinet Not Taken Seriously.
 OTTAWA, Dec. 19.—The suggestion that ex-premier Hearst be a member of the reconstructed Federal Government is not taken seriously here. Apart from the fact that Ontario is already very heavily represented in the Cabinet, it is not considered that the inclusion in that Cabinet of a newly overthrown Provincial Premier would constitute any accession of strength.

BILLION DOLLARS COLLECTED
 NEW YORK, Dec. 19.—The total amount collected this year in income and excess profits taxes in the second federal reserve district, which includes Greater New York, is \$1,145,976,000, the federal reserve bank announced. About \$20,000,000 is yet to be collected.

"Pipe Dreams and Prizes" has been selected by Vitagraph as the title for the next "V" comedy, in which Harry Mann is the star. It has just been completed at the West Coast Studio under the personal direction of the comedian.

Hospital for Sick Children
 TORONTO
 Upkeep of Big Charity Requires Fifty Cents a Minute.

Dear Mr. Editor:
 The 44th annual report of the Hospital for Sick Children, Toronto, shows a notable advance in every department of its services to the suffering and crippled youngsters of this province. The ward accommodation has been taxed to its capacity, and the summer annex, the Lakeside Home, was opened for the first time since the outbreak of war.

The daily average of out patients has increased during the year from 192 to 223, including children from practically every county in Ontario. Even had the cost of supplies and labor remained stationary, the substantial increase in the number of patients would alone account for the addition to the charity's debt, which at the close of the fiscal year was \$109,000. This debt has become an embarrassing burden. Further increase must threaten impairment of an enviable efficiency.

The Hospital is in the forefront of all institutions upon this continent devoted to the care of sick children. It cost \$335,399 to maintain last year. This great sum not only puts at the service of the children of Ontario all the resources of medical science, but, in addition, provides for a training school for 120 nurses and for unsurpassed clinical facilities for the University students who are preparing to engage in their profession throughout the province.

The income which must be forthcoming to finance this absolutely essential work figures out at seven hundred dollars a day; and, as there is no endowment fund, all but a fraction of that amount has to be derived from individual benevolence. Therefore the Trustees are making a Christmas appeal to every lover of children to foot the bills for some period of time, no matter how short it may be. A minute of mercy costs fifty cents.

For churches, societies, lodges, etc., who have more ample funds wherewith to assist the youngsters to a fair start in life, the naming of cots is suggested. A number of memorial cots have been thus dedicated in honor of the overseas service of fellow-members. This privilege is extended in recognition of gifts of \$2,000 to the Main Hospital or \$500 to the Lakeside Home, which can be paid in annual instalments if so desired.

Literature, illustrative of all branches of the past year's work, together with any other information desired, will be gladly furnished on application to the Secretary, the Hospital for Sick Children, College Street, Toronto. Contributions should also be addressed to the Secretary.

IRVING E. ROBERTSON,
 Chairman of Appeal Committee.

CURING LYMPHANGITIS
 The "Monday Morning Disease"
 Ailing Horses.
 Symptoms Described, and a Course of Treatment Suggested for Alleviating and Curing the Trouble—Working Over Asparagus and Rhubarb Beds.
 (Contributed by Ontario Department of Agriculture, Toronto.)

LYMPHANGITIS, commonly called weed, a sort of greater or Monday morning disease, is a common ailment in horses. Some horses are predisposed to the trouble and suffer after being exposed to slight exciting causes. It occurs in horses that are accustomed to regular work and high feeding, when such are given a rest for a day or longer and in the meantime receive their regular ration of grain, hence the name "Monday morning disease." It frequently being noticed on Monday morning in work horses that have stood idle and been well fed since the Saturday evening preceding.

It consists in inflammation of the lymphatic glands, usually those of the hind limb or limbs, but it is not uncommon for the fore limbs to be the seat.

Symptoms.—The first symptoms usually are fever (shivering) followed by well marked increase of temperature; but as those symptoms usually occur at night they are not often noticed. The first symptoms usually noticed are well marked lameness and lameness, usually of a hind limb. From reasons not understood the right hand limb is more frequently involved than the near one. Pressure upon the inner surface of the hump from the sheath or manimal downwards reveals well marked soreness, and at first a beaded condition to the touch. If a fore leg is the seat this condition will exist on the inner surface of the fore arm. There is usually well marked increase in temperature, a full, rapid pulse and often more or less well marked labored breathing. Appetite more or less impaired, and in some cases colicky pains are noticed. The swelling of the parts usually increase rapidly and the beaded condition disappears, and there is usually a decrease in soreness and lameness. Exercise reduces the swelling and lameness, but they reappear during the night, and as each time this occurs there is a tendency to organization of some of the exudate which may result in a chronic big leg, hence it is not wise to exercise or work until the acute lameness has disappeared.

Treatment.—If colicky pains be well marked give a colic draught, as one oz. each of laudanum, sweet spirits of nitre and tincture of belladonna in a pint of water. Follow up with a brisk purgative of 7 to 10 drams aloë (according to size of patient) and two drams ginger. Give the purgative at first if colicky pains are not well marked. Follow up with four drams nitrate of potassium twice daily for two days. Keep the patient in comfortable stall excluded from drafts and bathe the affected leg frequently with hot water and after bathing rub well with a stimulating liniment, as one made of 2 oz. oil of turpentine, 1 oz. tincture of iodine, ½ oz. gum camphor, 6 oz. alcohol, and water to make a pint. Feed bran only until purgation commences, then feed reasonable quantities of hay, but no grain. Continue treatment until the acute soreness and lameness have passed, then give regular work or exercise. The swelling will disappear at night for a few days. Prevention consists in either materially reducing the grain ration on days that the horse is not working, or seeing that he gets exercise in some way. Repeated attacks usually result in a chronic big leg, called elephantiasis, which is incurable.—J. H. E., Ontario Agricultural College, Guelph.

Working Over Asparagus and Rhubarb Beds.
 The handling of asparagus and rhubarb beds in the spring of the year is largely dependent on the situation of them and the time that the owner has at his disposal both in the fall and spring.

Where properly handled the asparagus beds in the fall of the year should have had all tops removed and buried and the soil ploughed over the top of the row so that a furrow would be left to remove the water.

In the spring of the year the asparagus bed, if ploughed in the fall, should be ploughed back and then given a thorough disking so that the soil would warm up quickly, especially around the crown of the plant. After this operation should be practiced until the 1st of July when cutting should cease and the bed receive a heavy coating of good manure and a considerable quantity of commercial fertilizer.

Rhubarb beds in the fall of the year should be manured heavily with well-rotted manure after the tops have been removed. Rhubarb beds in the spring of the year are generally given a cultivation and much of the rougher manure carried from the roofs of the plants and the crown. This permits the warming up of the soil and consequent early growth.—A. H. McLENNAN, Vegetable Specialist.

Clover Seed and Hay Crop.
 A crop of seed and of hay can be made from the second crop of clover just as well as only one crop, according to the experience of a Pennsylvania farmer. In his practice the crop is cut when most of the heads are filled and brown. It is then cured in the usual way for hay and when good and dry the huffers will get out all the seed as well as if the stalks were dead and weatherbeaten. The resulting hay, while not of the best quality, is very good and the cattle will eat it even to the last bit.

Seats in the Proposed Indoor Curb Market in New York have been bought by 98 brokers for \$5,000 each.

TURCO ARAB REVOLT
 Government Building Burned; Column Moving Toward Bagdad.
 LONDON, Dec. 19.—A Turco-Arab movement of considerable proportions has developed in Mesopotamia and there is danger of a flareup if the trouble should spread, according to the report stated. The Arabs are reported to have burned the government buildings at Rhezzoz, and appear to be still in possession of it, the report stated. Bedouins were encamped nearby and it is presumed they were brought in to help deal with the movement and get out of hand. A Turco-Arab column is reported moving down the Euphrates in the direction of Bagdad.

Antonio Moreno, Vitagraph star, is an ardent fight fan. One night every week he motors from Hollywood, California, to Vernon where several bouts are staged. He has picked up many good points on the art of self defense, judging from his snappy fight scenes in Vitagraph serials.

RECONSTRUCTION
DEMOCRATIZATION
REHABILITATION

The Globe

Not since the pre-Confederation days has the political life of Canada been so charged with so much uncertainty. Great events in Canadian politics are about to take place. The reorganizing and rehabilitating of great political parties is in progress. New leaders are appearing. The order is changing. All things are becoming new.

Coming Events Cast Their Shadows Before
 Not since the pre-Confederation days has the political life of Canada been so charged with so much uncertainty. Great events in Canadian politics are about to take place. The reorganizing and rehabilitating of great political parties is in progress. New leaders are appearing. The order is changing. All things are becoming new.

THE next two years will be a momentous period in the political life of the country. Reconstruction is a greater task than Confederation.

How will you take your place in the affairs of the nation? What opinions will you form? How will you cast your ballot intelligently if you do not keep in touch and inform yourself on the great questions of the day by reading a daily newspaper national in viewpoint and international in scope?

This is the task and responsibility of The Globe—to give all the news, progressive views, and space for opposing opinions. Such was the threefold purpose of George Brown. His ideal was a Great Family Newspaper with a place in every home. That is The Globe's ideal to-day.

It is not a party organ, but a medium for the development of

public opinion and an advocate of reform. It is the servant of the people from whose needs it draws its inspiration.

To be informed of the progress of events, you should avail yourself of The Globe's great news gathering organization. For an analysis of these developments, and clear, sober thought upon them, read its editorial discussions from day to day. They are written by close students of economics, politics, industry, commerce, social reform and religion.

And further, what The Globe has been in the past is a sure guarantee of what it will be in the future. The personality and ambitions of its founder ever dominate the activities of its publishers.

Therefore, nothing will be left undone to make The Globe the newspaper that George Brown would have it be and to earn a place for it in every Canadian home.

World of Sport

Playing the Ponies Still Popular Game

MANY WOMEN STEADILY FOLLOW THE FORTUNES OF THE BANG TAILS.

"Are they in yet?"
"Sorry, but I'm afraid they must have missed the first train. Should be in on the 10.25, though," was the reply.
She looked worried and went out. "Whose the swell dame?" asked the time killer, who was hanging round, "and what did she want? You both seemed to know what she was talking about, but it was a riddle to me."

"Don't know as I should tell you," replied the proprietor. "She might not like it."
The door opened—another lady—the same question and same reply. This happened three times in five minutes. The time killer got very curious.
"What's the game?" he asked.
"Might as well spill it; I'm getting interested. I like the look of your customers and I'm goin' to stick round. If you don't want me to develop into a private detective and spoil your business with these nifty skirts, divulge, old boy! divulge!"

The Reason.
"You couldn't spill my stand in with this bunch," laughingly replied the proprietor, "but, after what you have seen and are likely to see in the next half hour, I might as well be generous and whisper the reason of my numerous lady clients."
The time killer's eyes grew larger and larger as the story progressed. The calls of many and sundry well, shabbily and flashily dressed women during the telling of it added much to the reality of the tale, which, under other circumstances, might have been taken with the proverbial grain of salt.

"They're after racing forms. This morning the forms didn't come on the regular train, that's why they are disappointed. Hang around till they do come in, or come in tomorrow if you can't see how the women gloat over that sheet."

Game Girls.
"The women don't use it themselves," queried the time killer in astonishment.
"They do, and they are real sports," believe me. Notice that woman who went out a minute ago? She's a real game one. Knows the horses, owners, jockeys, all about 'em, can talk like a professional. The form is as vital to her as her meat."

Long Shots.
"It's great to make a study of these women. They are wonderful gamblers; like the rest of the sex they want to get something for nothing, and invariably play the long shots. If they win, next day they come in bubbling over; if they lose—well, there is nothing more depressing than a woman who plays a losing game. I can tell the moment the door opens what the pre-

vious day's luck was. Two or three days' luck usually produces something new—a hat, a piece of fur, a ring, a pin, new waist—always some personal adornment. A few days' placing their money on the wrong horse, and the swell jewelry disappears. That means they are patronizing the stores where the sign of the three balls is prominently displayed."

Every Class.
"What class do these women who play the ponies belong to?" asked the wonderful recipient of this amazing information.
"To every class that has a woman in it," came back the answer, "high, low, middle, cultured, uncouth, we have some of the swellest and some of the wildest in our clientele. They are all alike in one respect—they like the ponies. The amounts they place depend upon their purses, but they all get a lot of sport out of it—far more than the men."

How It's Done.
The proprietor was asked if he took the bets.
"Not on your life," he replied, "but I know from what the ladies tell me what they do and how they do it. Some of them do their own placing, others give their money and instructions to their men friends and believe me, the men don't get a chance to pull any game on them. They watch the sport pages of the papers and know just how the selections performed."

"Some of the women pick their starters by the name—a fancy name often attracts them—others are a bit superstitious and pick them in lots of novel and fool ways. Most of them select on past performances, and by the jockey. A few depend entirely upon tips."

Horse Sense.
"The real horseman has a great fund of knowledge. She knows all about the breeding, owners and tracks, can tell all the virtues of the various tracks, how the bangtails will perform on a mud track, and how on a fast one. These women frequently have such a preference for certain stables that they affect their silks in dressing—real fans. They visit the tracks as often as possible, too, and are eagerly looking to the day when racing will be restored in Canada."

"Just what Hon. Mr. Raney, the new attorney general in the U.F.O. cabinet, will do for racing is a topic frequently discussed by the ladies. After his finding of last summer, they figure he doesn't know much about horses or the pleasures of the track. On the other hand, they look to the Farmer government to do all possible to improve horseflesh and that surely means the restoration of the thoroughbred and the tracks, for one is dependant upon the other.
"It's great to hear them dope it out, and they have some ideas that are all right, too—but come in tomorrow, a bit earlier, and watch them. It's interesting!"

They're Off!
The time killer in relating the story remarked that it did him good to see the game way the ladies placed their bets, and the game way they took their losses, if they picked an also ran. "It is surely woman's age," he added, with a smile, "let her go to it."

Are Your Tires in Good Condition

to stand up against the wet and mud? Insure yourself from being held up at this time of the year. Goodrich Silvertown Cord Tires are the strongest constructed cable cord tires with the toughest black rubber and safety treads on the road today. Ask the man that is using them!

Goodrich Tires in actual use on road and pavement are to-day unfolding such matchless mileage, regularly in excess of previous adjustment basis, that Goodrich knows it has the strongest, most durable tire the rubber industry has produced.

SOMETHING ABOUT MILK

Mysteries and Marvels in Its Production and Life.

How Milk is Secured—Thunder Does Not Sour Milk, But Bacteria Does the Business—Agalactia, or Absence of Milk, Occurs More Frequently With Cows Than In the Females of Other Live Stock.

(Contributed by Ontario Department of Agriculture, Toronto.)

A CONDITION known as "agalactia," or absence of milk in the mammae at the time of parturition, probably occurs more frequently in cows than in females of other classes of stock. It may occur in a female in any condition as regards general health, general care and surroundings. The causes, or conditions to which it is due, are not well understood. It occurs even though pregnancy has been apparently normal and has reached full term. It is probably more frequently seen in females which have not bred for a long time, or in those which have produced their first young, though themselves aged. While it may occur in an animal under any conditions, there are conditions that appear to predispose an animal to the trouble. In such cases there appears to be a want of development in the lacteal apparatus, which may have been caused by previous or present chronic disease of the udder, a chronic lessening in bulk, called "atrophy" of the udder, exhaustion following disease, severe labor, insufficient food, either during or immediately after pregnancy, natural debility, emaciation, etc.

The mammae is usually small and soft, and attempts to milk produce only a few drops of a yellowish fluid, in some cases followed by a few drops of a whitish, watery fluid. Treatment is frequently unsuccessful. It consists in feeding liberally on easily digested milk-producing food, massaging the udder frequently and stripping the teats three or four times daily. Great attention should be paid to the digestive organs in order to keep them as normal as possible, and the patient should be kept so that she will take considerable exercise. The writer's experience has been that the administration of drugs is non-effective.

In many cases the gland becomes perfectly inactive, and remains so until, after the next parturition, when, in most cases, it becomes normal.—J. H. R., O. A. College, Guelph.

Antonio Moreno's new serial, "The Invisible Hand," will be released by Vitaphone this month. It is an entirely different sort of episode play, with a Secret Service theme. Pauline Curley is Moreno's leading woman.

27 MEMBERS OF I.W.O. GET PRISON SENTENCES

KANSAS CITY, Mo., Dec. 19.—Federal Judge John C. Pollock late yesterday passed sentence on 27 members of the Industrial Workers of the World, found guilty by a jury in the federal district court of Kansas City, Kan., of conspiracy against the government. The sentences ranged from 3 to 12 years in the federal penitentiary at Leavenworth, Kan.

NEARLY MAXIMUM COAL PRODUCTION ACCORDING TO CHICAGO OPERATORS

CHICAGO, Dec. 19.—Coal production is nearing the peak, operators said here.

Miners are swinging their picks with a will, they said, indicating a desire to live up to their agreement with Kansas, Indiana, and Illinois miners were back almost to normal production.

GOMPERS ASKS RAILROADS BE RETAINED TWO YEARS LONGER BY GOVERNMENT

WASHINGTON, Dec. 19.—A plea that the Cummins railroad bill now before the Senate be withdrawn and that the government control be continued for at least two years was made yesterday by Samuel Gompers, head of the American Federation of Labor, representatives of several farmers' organizations who appeared before the Senate interstate commerce commission.

The delegation of 25 will call at the White House later today in an effort to induce President Wilson to retain the roads two years longer, it was announced.

DOCTOR WARD, The Specialist

SPECIALIST IN THE TREATMENT OF NERVOUS CONDITIONS, NERVE EXHAUSTION, BACKACHE, LUMBAGO, RHEUMATISM, STOMACH AND LIVER TROUBLES, ACNE, SKIN DISEASES, CATARRH, ASTHMA, RECTAL TROUBLES, PILES, FISTULA AND BLOOD CONDITIONS. The knowledge gained from many years' experience in treating diseases just like yours is of much benefit to you and assures the alling man of prompt relief. When a man knows that he is again feeling well—that he is rid of his ailment—he feels that a heavy load has been lifted from his shoulders. I give every patient the benefit of the knowledge acquired through the long experience of a graduated, licensed and registered specialist, in order to bring about the most satisfactory results in the shortest possible time.

NERVE EXHAUSTION

A CONDITION AFFECTING MANY MEN—THE GREAT AMERICAN DISEASE—IT IS BROUGHT ON BY OUR MANNER OF LIVING—OUR WORRY AND HURRY—AMERICANS EXHAUST MORE NERVOUS ENERGY THAN ANY OTHER RACE OF PEOPLE.
There are a great many men who need treatment for their nervous system. These men do not know what is the reason they don't feel right—why they can't work like they used to—why they tire so easily and why they are irritable, nervous, despondent, weak, pale and lack ambition. These conditions require the expert knowledge and treatment of a specialist who has had many years' experience in just such ailments. A specialist learns by experience to know just the right treatment at the right time so that the patient can be dismissed at the earliest possible time. Men affected with nervous exhaustion have no endurance—no ambition—everything they attempt is an effort. Life to them appears as a long, gloomy future. Their appetite is poor and variable—they become irritable, cross and discouraged. They have pains and aches in various parts of the body and there is often indigestion and pains in the stomach. Sleepless, wakeful and restless nights follow.

RHEUMATIC AILMENTS

SCIATICA AND OTHER FORMS OF RHEUMATISM, LUMBAGO, PAINS IN BACK, SWELLING, ACHING, PAINFUL CONDITIONS IN ANY PART OF THE BODY—INFLAMED AND SWOLLEN JOINTS OF LEGS AND ARMS—MANY OTHER SYMPTOMS.
Hundreds of men are suffering with some form of Rheumatism. Many of these men go from day to day suffering untold agonies thinking they cannot be cured. They have tried liniments, rubbing, massage, salts and other treatments without experiencing any relief, and they are now going through life thinking they are martyrs to that burden called Rheumatism. If these men could only know how easy it is to get rid of many rheumatic conditions I know they would not suffer another single day. Then all sufferers of rheumatism would be strong and healthy if they could get rid of the condition. Rheumatic patients are nearly all strong and robust before being attacked by this ailment, and therefore it is so hard for the man to understand why he should suffer the agonies of such a condition. When a man gets rid of such a condition he feels that a heavy burden has been lifted from his life, and he starts right out to make up for lost time both in money and pleasure. When a man comes to my office suffering with the above condition he is given a most careful examination, and he is given treatment that he feels is giving him great benefit.

Quick and Lasting Results Assured the Ailing Man

Everyone Should Drink Hot Water in the Morning
Wash away all stomach, liver, and bowel poisons before breakfast.
To feel your best day in an day out, to feel clean inside; no sour bile to coat your tongue and sicken your breath or dull your head; no constipation, bilious attacks, sick headache, colds, rheumatism or gassy, acid stomach, you must bathe on the inside like you bathe outside. This is vastly more important because the skin pores do not absorb impurities into the blood, while the bowel pores do.
To keep these poisons and toxins well flushed from the stomach, liver, kidneys and bowels, drink before breakfast each day, a glass of hot water with a teaspoonful of limestone phosphate in it. This will cleanse, purify, and freshen the entire alimentary tract before eating more food.
Get a quarter pound of limestone phosphate from your pharmacist. It is inexpensive and almost tasteless. Drink phosphated hot water every morning to rid your system of these vile poisons and toxins; also to prevent their formation.

Overdoing

How Women Break Down

Owing to the modern manner of living and the nervous haste of every woman to accomplish just so much each day, they overdo, and as a consequence develop ailments peculiar to their sex, as is indicated by backache, headache, nervousness, the blues, displacements and weakness.

Women who find themselves in this condition should slow down, and depend upon that good old fashioned root and herb remedy, Lydia E. Pinkham's Vegetable Compound, to restore them to health and strength, for there is no other remedy known that so quickly restores a healthy, normal condition.

Here is the Story of a Most Remarkable Recovery

Minneapolis, Minn.—"I was run down and nervous, could not rest at night, and was more tired in the morning than when I went to bed. I have two children, the youngest three months old, and it was drudgery to care for them as I felt so irritable and generally worn out. From lack of rest and appetite my baby did not get enough nourishment from me, so I started to give him two bottle feedings a day. After taking three bottles of Lydia E. Pinkham's Vegetable Compound I felt like a new woman, full of life and energy. It is a pleasure to care for my children and I am very happy with them and feel fine. I nurse my baby exclusively again, and can't say too much for your medicine."

Mrs. A. L. MILLER,
2633 East 24th St.

Surely this proves the curative value of

Lydia E. Pinkham's Vegetable Compound

WASHED UNIFORMS WITH TOILET SOAP IN HAND BASINS

Did Nurses—Mme. Pantazzi Tells of Sufferings Endured in Roumania and Russia

"The Bolshevists and Conditions in Russia and Roumania" was the subject of a vividly phrased address by Madame Pantazzi before a largely attended meeting of the Royal Canadian Institute, Toronto.

Roumania declared war on Germany at 5 o'clock of the afternoon of August 27th, 1916, and five minutes after midnight the first German Zeppelin dropped bombs on Bucharest, said Madame Pantazzi. The Roumanian artillery was useless to drive off the raiders, and the bombing and murdering of innocent women and children continued daily until the Germans entered the city. At one time eleven bombs fell in the vicinity of the Pantazzi home. One inmate was injured and six killed on the doorstep, and for a wide area around glass everywhere was shattered and doors blown off their hinges.

Early in the war Roumania's condition was pitiable, declared the speaker. Russia had failed to keep her promise in the matter of military co-operation. Munitions sent by France were largely defective and munitions sent by the British were lost through Russian carelessness. In all, the lives of a million Roumanians were lost in the war, and very largely around this time. Eventually the people had to flee from Bucharest.

Madame Pantazzi, with her children and her parents, escaped to Jassy, in Moldavia. The privations suffered here were too numerous to describe, declared the speaker. Contagious diseases were everywhere, their germs carried by armies of flees.

Several Canadian girls were doing duty there with a French hospital staff. Each had lost her personal belongings and had to use sheets which had not been washed for weeks. Their usually spotless white uniforms were gray through, being washed with toilet soap in hand basins.

Madame Pantazzi reached Odessa just a week before the outbreak of the revolution which overthrew the Czar.

The speaker went on to tell of the reign of terror which came later with the rise in power of the Bolshevists. Madame Pantazzi's husband was one of the wealthy Roumanians to be imprisoned for ransom, but he was finally freed through the efforts of the Canadian, Colonel Boyle.

With the coming of peace Rou-

mania found herself once more free, but, financially embarrassed and starving, the Germans having swept the country clean of its last grain of wheat, its last pair of oxen and its last pick and shovel.

The Canadian Red Cross sent 70 tons of surplus supplies from France, and then came Canada's loan of \$25,000,000. Roumania would always remember Canada gratefully for her kindness, declared Madame Pantazzi.

FATHER CLAIMS OWN SON STOLE HIS WIFE'S LOVE

WATERDOWN, N.Y., Dec. 19.—Alleging the alienation of his wife's affections by his own son, William H. Hyde, sixty-eight years old, has started an action against his son, Herbert H. Hyde, of the town of Rutland, to recover \$2,000. The plaintiff brought suit through Attorney John O'Leary of Clayton and the defendant is represented by Cobb and Cosgrove of this city, who have filed an answer in behalf of their client.

The plaintiff claims that he and his wife, who is about sixty-eight years old, were living happily together up to July 19, 1919, when, he alleges, during his absence at his work his son "unintentionally" enticed Mrs. Hyde to go to the younger man's home in the town of Rutland where, her husband claims, she has since been harbored by the son, despite the plaintiff's efforts to obtain her. The defendant claims that the mother, acting of her own free will, left the father and the grounds attributed in the answer are cruel and inhuman treatment on the part of the older Mr. Hyde.

CORONER'S JURY SAYS CAUSE OF RAND'S DEATH WAS COMPOUND FRACTURE

BUFFALO, Dec. 19.—Details of the airplane accident that resulted in the death of George F. Rand, chairman of the board of directors of the Marine Trust Company, near Caterham, England, were received in the city this morning. The coroner's jury after a careful investigation of the cause of the accident, gave out a verdict of death by accident. Mr. Rand was alive, but unconscious, when extricated from the wreckage. The exact cause of Mr. Rand's death, according to medical testimony, was a compound fracture of

Children Cry for Fletcher's

CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

ANTI-JAP AGITATION

Movement in China Proving Blow to Japanese Commerce

TOKIO, Dec. 19.—The spread anti-Japanese agitation in China, the subject of discussion by the bines. It is understood that it decided to forward a strong protest to the Chinese government.

Anti-Japanese feeling has spread throughout several provinces. An extensive boycott of Japanese goods is proving a serious blow to Japanese commerce.

YE OLDE FIRME

YOUR CHOICE OF THREE Which Shall It Be?

A Christmas Suggestion Worth While Considering

A Heintzman & Co. Piano

Let it be an Ionic or Classic or Empress or Louis XV. design. Each is a beauty in our Art Upright Series, while each, as with all the Heintzman & Co. pianos, stands first in tone, touch and singing quality. Surely a beautiful Christmas Gift.

A Heintzman & Co. Art Upright for the Parlor.

The great artist—the great musician at any time—must have a great piano—none other can possibly satisfy—the reason why De Pachmann, Friedhelm, Chernavsky Bros., Nordica, Calva, Tetrazzini and other world artists use exclusively a Heintzman & Co. Piano on their Canadian visits.

Heintzman & Co. Grand Piano—fitted for the finest drawing-room.

Anyone can play the Heintzman & Co. Player-Piano without knowing a note of music—fitted with the famous Heintzman & Co. Aluminum Action—impervious to all weather and climatic conditions.

Heintzman & Co. Player-Piano—For the living-room.

The temperature moderated considerably yesterday.

We buy everything you want to sell, McGuire & Co.

The Magistrate will hear a number of liquor cases this evening.

Victory Lodge Sons of England are arranging for a Whist Drive on the evening of December 30th.

Special carol music, reminiscent of Christmas was sung in St. Thomas church last night.

The annual Christmas entertainment of Welland Avenue Sunday School will be held Tuesday night of next week.

The weather moderating has given plumbers a breathing spell. Many water pipes were frozen during last week's cold spell.

The Municipal nominations take place to-morrow at the City Hall. There is going to be a long list of candidates.

Two services, one at 8 a.m. and one at 10.30 a.m. will be held in St. Thomas' Church Christmas morning.

Since the publication of the Board of Health order requiring that all school children be vaccinated, these doctors of the city have been kept busy, applying the needle.

Dr. McClellan of the Provincial department is visiting the city today in connection with the small pox cases. There were three more cases reported yesterday.

Several drunks were fined \$10 each in police court today. One of them, an aged man, got an agreeable surprise after he had decided to save the \$10 by spending fifteen days in jail. A woman came forward and paid his fine.

BREATHE DEEPLY, THEN LISTEN FOR THAT BRONCHIAL WHEEZE

Dangerous to Neglect Troubles in the Chest, Throat or Nose At This Season

Rough, wheezy breathing means danger ahead. Every day you defer treatment makes it harder to cure.

Don't delay. Bronchial and lung troubles are all too frequent. Start today with "Catarrhoxone," breathe in its pure balsamic vapor. Let its healing fumes do for you what stomach medicine never can. Nothing so certain as a Catarrhoxone Inhaler to strengthen a weak throat, to rid you of Bronchitis, to drive out catarrh, coughs and colds. Use Catarrhoxone to prevent, to cure you winter ills. Physicians endorse it, hospitals use it. Thousands swear by it. Two months' treatment, large size \$1.00; smaller sizes 25 cents and 50 cents all dealers or The Catarrhoxone Co., Kingston, Canada.

SUFFERED DAY AND NIGHT

The Tortures of Dyspepsia Relieved By "Fruit-a-lives"

LITTLE BRAS D'OR, C. B. "I was a terrible sufferer from Dyspepsia and Constipation for years. I had pain after eating, belching gas, constant headaches and did not sleep well at night. Finally, a friend told me to try 'Fruit-a-lives'. In a week, the Constipation was corrected and soon I was free of pain, headaches and that miserable feeling that accompanies Dyspepsia. I continued to take this splendid fruit medicine and now I am well, strong and vigorous." ROBERT NEWTON. 50c. a box, \$ for \$2.00, trial size 25c. At all dealers or sent postpaid by Fruit-a-lives Limited, Ottawa.

The older boys of the Y.M.C.A., held another sing-song in the association parlors yesterday afternoon. The affair was much enjoyed by a large number of young fellows.

Choice cut flowers, potted plants and floral designs, at all times at Walker's Florist, 104 St. Paul Street, Phone 763.

MRS GEO. SMITH GIVEN HEARTY WELCOME HOME Back From Trip to West For I.O.D. E. Memorial.

A hearty welcome was given Mrs. George H. Smith, of this city who is National Educational Secretary, Imperial Order Daughters of the Empire at the meeting of the National Educational Committee held immediately on her arrival in Toronto after a two months' trip in Western Canada. In that time Mrs. Smith travelled more than 7,000 miles, visiting many places in the Provinces of Manitoba, Saskatchewan, Alberta and British Columbia. In all of these addresses were given on the subject of the War Memorial.

Mrs. Smith spoke enthusiastically of the great interest and enthusiasm displayed everywhere in the War Memorial scheme.

The Mayorality Campaign Questions and Will Be No Show Which to Stage

That the citizens of St. Catharines are taking a lively interest in municipal affairs this year was evidenced this morning when the largest number of candidates ever known in the history of the city were nominated for the various boards and offices, six being named for the Mayorality; thirty three for the County twenty seven for the Board of Education; two for the Public Utilities Commission, while the present Board of Water Commissioners were elected by acclamation.

The Council chamber at the Hall was crowded at ten o'clock when Deputy Returning Officer J. A. Pay declared the meeting open, the filing of nomination papers of the office of Mayor, Board of Education and Public Utilities Commissioners. Two minutes after the hour first paper was filed and from on until the nominations closed eleven there was a steady stream of nominees coming and going. The nature of the meeting was the presence of many women who were present to nominate candidates for the Board of Education and when Returning Officer declared the nominations closed there was no less than seven ladies on the list. But hardly likely that more than of these will qualify.

A Record Field. The first nomination for the Mayorality was that of Ald. David Smith whose papers were filed at 10.15 minutes later the papers handed in for Ald. Westwood Smith. Ten minutes later, Capt. Elson's nominators filed his papers at 10.40 Mayor Elson was nominated. Shortly before time was up the returned the papers for E. C. Graves. For a time it looked like Park would be elected to the Public Utilities Commission by acclamation but at five minutes to the hour Mr. Stinson, the retiring member of the Commission was nominated for re-election which assisted contest for that position.

Later on in the morning Mr. Graves announced that he would be a candidate for Mayor but contest a council seat. That the Mayorality race to a field of Of the aldermanic nominees hardly possible that more than of the bunch will qualify but rate the electors will have a card to select nine men from same applies to the Board of Education which has a record of choice from. All candidates have until 11 o'clock tomorrow night to qualify. The Addresses.

After the nominations closing Returning Officer Pay announced the Mayorality candidates were given ten minutes each to address the electors. He first called upon Worship Mayor Elson who in the course of a splendid ten minute address said:

In the first instance my thanks are due to the gentlemen who have been kind enough to express their confidence in me by offering another nomination. Had my administrative duties seriously wanting I could have hoped for their public endorsement but it is only as a result of the nomination of many citizens of St. Catharines and stations that I have been elected to consider further civic duties and sacrifices. Like other I have my business and domestic affairs and if I were to consult my conscience I would abandon all civic duties for the enjoyment of my family, and my books. But my position in the City has been led and of which your permission, I shall treat
