

THE MORNING ALBERTAN

CALGARY, THURSDAY, JULY 11, 1912

ELEVENTH YEAR—NO. 113

THEY ALL DO IT

MUNICIPAL TELEPHONE SUGGESTED

Dissatisfied With Service Given By Provincial System. Board of Trade Discusses a Municipally Owned Telephone

A MUNICIPAL telephone system may be used as a club to bring the tardy provincial government to a realization of the fact that Calgary must have a better service at once if suggestions heard yesterday at the board of trade meeting are taken up. Vice-president J. W. Campbell was the leader of the suggestions for a municipal telephone plant, in the discussion on the report of the telephone committee. The committee submitted correspondence with Premier Sifton covering some months tending to show that the government's promises had not been carried out.

Cites Other Municipal Projects

Mr. Campbell pointed out the success Calgary has had in operating other public utilities and suggested that the city might well go into the telephone business also. He questioned Alderman R. S. Whaley, who was present, as to whether the original Bell Telephone franchise purchased by the government, was a monopoly excluding other lines from operation. Alderman Whaley said he did not know. The alderman injected some humor into the discussion when he remarked:

"Judging from the statements in The Albertan and The News Telegram concerning the city government, the city can not handle its own business now."

Matter Will Be Considered

No action was taken on the suggestions but the committee will look into the franchise matter and more will be heard on the subject. While the committee report tends to blame Premier Sifton for the delay, all the members of the board of trade are not agreed on the subject.

"I voted for the committee's recommendation to lay all the correspondence before the public," said Mr. W. H. Berkinshaw, who attended the meeting, "but I think there is considerable to be said on the other side. It appears to me that the government has been doing all it can in the matter. Conditions are peculiar here in Calgary, with the city growing so rapidly and extensions demanded faster than they can be made. We must remember that the government has put in 1,000 phones this year, 500 for the central district and 500 to relieve the congestion in the west end. It is plain that no more extensions can be made until the new building is finished and I understand work on it is going right along."

The gist of the committee's report is contained in the following paragraphs: "In view of the conflicting statements and the uncertainty which attends such matters, your committee recommends individual and frequent applications for telephone service, and that the action be considered allowed to proceed to light through the usual channels, subject to the condition that nothing should be accomplished by re-opening our present application."

Reviews Premier's Promises

The report of the committee recites the occasion when a sub-committee of Premier Sifton on the subject visited Calgary in January and there says the following promises were obtained at that time:

"That 1,000 phones would be installed within six weeks of January 29, 1912, the date of the interview. That arrangements had been made for further facilities which would preclude any possibility of a further telephone famine in Calgary. Definitely that 2,000 new phones referred to in the preceding paragraph would be in Calgary by July 1912. The committee, realizing that the city correspondence showing that these promises were not kept. In this connection a letter sent on July 16, 1912, to Premier Sifton. This letter calls attention to his promises of January 29, and credits the same with the following statements at that time, as follows:

"You stated that half of the thousand and one phones now on order had been shipped, and that the other half would be shipped within the week. You said you had the promise of the shipping company that the entire 1,000 phones would be installed six weeks from date. You further said that the government had made such arrangements for further facilities as would preclude the possibility of another telephone famine in Calgary. Being pleased to explain in further detail the following information was given to you at that time:

"Our delegates received your renewed assurance of 2,000 more phones by July 1912, and regards this promise as the most concrete and valuable of its kind. This information was received with every expression of satisfaction. It is worthy of notice that at the time of this investigation, we learned that your Calgary office was in possession of approximately 100 contracts which were estimated to represent 500 to 600 actual persons desirous of having phone connections. The balance not put into your good money to lie idle for so many months."

"We know that there are 150 contracts in the Calgary office, and if we are to judge from past experience, the actual total needs today are five or six times that number, and certainly the expressions of dissatisfaction at this shortage support this assumption."

Congested Districts Pointed Out

"This board used your promises as outlined above to the fullest extent to satisfy the continued complaints, but it is very doubtful if they will be valued in face of these facts, namely: "That the 150 contracts are already ahead of other applicants. "That the old building is used up to its fullest capacity."

(Continued on page 9)

HE MIGHT NOW BE "COMMISSIONER WATSON" - OR EVEN "MAYOR WATSON"!!!!!!

"Of all sad thoughts of tongue and pen - The saddest are these: It might have been."

THREE MEN KILLED AND SEVERAL INJURED IN SPECTACULAR WRECK ON THE I.C.R.

Cars of Maritime Express Were Piled Up on Both Sides of Track, Two of Them Heaped on Top of Locomotive; Fireman Killed When Engine Rolled into Lake

ROAD BED IS SAID TO RESEMBLE A PLOUGHED FIELD

Halifax, N.S., July 10.—Three men killed and two more injured is the toll of one of the most spectacular wrecks in the history of the I.C.R. The Maritime Express smashed up at Grand Lake station this afternoon, and piled up on both sides of the track, the engine and express and mail cars taking a plunge in the lake, and the mail and baggage cars piling up at right angles, the first leading to the main road above the second, swinging with a dangerous angle over the bank.

On the locomotive, No. 406, were: Jas. Clarke and Fireman Peter McGill, of Halifax, who went to their death, Clarke being found in the cab of his engine, crushed and scalded and with his skull crushed in.

Man Under Engine

Fireman McGill's body has not been found, and it is presumed that he is under the engine in Grand Lake. A tramp, who was riding the blind baggage, lies on the roadside dead, his body being crushed and mangled. He had been put off at Shubenacadie and circled around as the train started, regaining his position on the blind baggage. The scene of the disaster baffles description.

The locomotive lies in a reverse position at the foot of the embankment, almost submerged, having taken a complete turnover and heading in the opposite direction.

The mail and express cars lie on top of the engine, trucks in the air, with the roof crushed in. A little further up, and hanging from the main line, head downward to the lake, is the baggage car from which Andrew McKim was taken, seriously hurt, cut in the head and over the eye, and suffering greatly from the shock. The express messenger was badly cut, his arm and thumb broken, yet he refused to leave his safe with its valuable contents.

Several Badly Hurt

Thomas Keith, postal clerk, of Halifax, was hurt, and a commercial traveler for the boot and shoe firm of Robert Taylor and company, Halifax, was seriously injured. He had just opened his sample case in the baggage car when the crash came.

DOMINION TELEGRAPH CO. HOLDS ANNUAL MEETING

Toronto, July 10.—Sir Henry M. Pellatt presided today over the annual meeting of the Dominion Telegraph company, at which all the old directors were re-elected. The financial statement indicated that the total assets were: profit and loss account of \$29,299,357, 962,284, leaving a balance carried to the profit and loss account of \$28,299,357.

Relief Trains Sent

Relief trains left Toronto and Halifax within twenty minutes of the receipt of the receipt of the news. On one of these were Superintendent Halliday, Trackmaster Ormiston and a crew of men. Men were picked up along the line, and Dr. McLean got aboard at Shubenacadie, and was busy attending to the injured at the wreck.

The body of Driver Clark was conveyed to Halifax by Train No. 15, which was at Windsor Junction at the time of the accident, and returned to the city under the direction of the dispatcher, Conductor Berry, the Maritime Express, who, though injured, returned to the city on No. 13, Conductor James Buchanan transferring his charge of Train No. 15 to him. The accident is one of the worst in the history of the railway.

A Voice From the Tomb; J. Gravity Watson Almost Announces He Will Run for Mayor

By E. C. Dawson

WILL John Gravity Watson be a candidate for mayor? John Gravity refuses to be regarded as "Maud Muller." The things that "might have been," he says, "can be," if he chooses. He declines to pitch his moving tent among the "has-beens." If he wants to "come back" he can and he would like to see the man who says he can't. "Plain John," indeed! says Gravity. "I'm not so sure that I couldn't be 'His Worship the Mayor,' if I wanted." He admits an obstacle—not insuperable, indeed, but formidable. It is not impossible that John Gravity may be a candidate for mayor—but enough of vague hints. "Speak for yourself John," as Priscilla in the poem said to John Alden, who insisted upon speaking for Captain Miles Standish.

"I think I am stronger with the people now than ever," said John. "I am satisfied that the people ought to be satisfied that I resigned."

"If I had remained a member of the council I would have been placed on the investigation committee. Then, when the report was brought in, they would have said that it was Watson and that he was just out to knock those fellows."

"If I wanted the position of mayor I believe I have as good a chance of election now as ever." Now for the difficulty in the way! First of all there is the coy disinclination so characteristic of all candidates for public office; but let that slide and listen to John.

"I'm not sure that the people of Calgary are educated up to having me for mayor," said John. "I would certainly revolutionize things around that city fall in a way that was never dreamed of." John Gravity had also opinions to express concerning those officials who refuse to be "canned."

"I am surprised at Commissioner Clarke and Engineer Child," he said. "Their talk about being the victims of spite is baby talk, and serves only to show that they are incapable of filling the man's job which they are holding on to. They might at least have been expected to act decently and get out."

OSCAR BEEBE MUST MAKE ANSWER TO CHARGE OF PERJURY

(Special to The Albertan.)

Lacombe, Alta., July 10.—Oscar O. Beebe, the complainant in the now celebrated criminal case which was brought to an end in Lacombe yesterday, was today brought up on a charge of perjury in connection with the case.

After summing up the evidence produced, the accused was sent up for trial at the fall assizes. As, up to the present, he cannot arrange bail, he goes to jail. Crown Prosecutor Russell had charge of the prosecution.

CANADA HOLDS FOR ONE KING, ONE FLAG, ONE EMPIRE AND ONE NAVY, SAYS BORDEN

The Canadian Premier is Given a Great Ovation by Brilliant Assemblage Representing the Whole Empire; Makes Initial Speech

DECLARES NO JOY OF AUTONOMY WILL BE SACRIFICED

Says Naval Supremacy of the Empire is the Very Breath of Its Life and Without Which It Cannot Possibly Endure; Says Canadian French Loyal

LONDON, July 10.—Right Honorable R. L. Borden made an historic first speech tonight at a record breaking gathering of the Royal Colonial institute before a company numbering 270 and representative of the whole empire. With measured dignity, Mr. Borden enunciated the Canadian policy and deeply impressed the many British parliamentarians present and when he pronounced emphatically that Canada stood for one king, one flag, one empire and one navy, the cheering was vociferous and long continued. The applause was renewed when Mr. Borden added that no joy of Canada's duty won autonomy would be sacrificed.

Perhaps the two most impressive passages of the speech were a tribute to French-Canadian loyalty and the reference to the navy. The premier said that as regards both the immediate co-operation to meet the present emergency and a permanent basis of partnership in defence he would say that Canadian people came of races that had never failed to realize and act upon their responsibilities. The British public and men of long experience who were present agreed that no more remarkable demonstration ever greeted a colonial premier in this country than on the conclusion of Mr. Borden's speech.

In his introductory remarks the chairman, the president of the institute, made way for Mr. Borden. Many British M. P.'s of both parties were present, and about fifty Canadians, among whom were a fair sprinkling of Liberals, Mrs. Borden, Mrs. Pelletier, and Miss Doherty, were among the ladies present in the gallery. At the banquet, both Mr. and Mrs. Borden were the centre of congratulatory friends.

Many Notables Present

Other guests of honor were: Lieut.-Gen. Sir Bevan Edwards, presiding; Duke of Argyll, Lord Strathcona, Earl Stanhope, Admiral Bowden Smith, Earl of Glasgow, Lord Cowdray, Sir Hartman Jost, and all the Canadian ministers with the exception of Hon. J. D. Hazen; Rear Admiral Kingsmill, Hon. Mr. Sir Joseph Pope, and Sir Charles Ross, Norman Griffiths, and Hamar Greenwood.

The toast of "Our Guest" was made. The premier, after speaking of the progress and development of Canada, gave way to more important questions.

"We have the mandate of the Canadian people to discuss some matters of great imperial concern. In advance of the discussion it is not to be expected that I should make tonight any announcement as to our cooperation in naval defence. One or two declarations which were made many times in Canada may perhaps be repeated with advantage."

Must Maintain Supremacy

"It is a trite saying that the 'naval supremacy of the empire is the very breath of its life, without which it cannot possibly endure.' It has also seemed to us that this supremacy can only be maintained by one united navy. Our ideal is one King, one flag, one empire, and one navy, and in the day of stress or of peril to vindicate the flag and maintain the empire's existence. There are two considerations before us. The first touches a possible immediate gravity under existing conditions. The other touches more difficult and more complex questions of co-operation in the empire's defence upon the high seas. The second of these considerations raises in concrete form the question of the future constitution of the organization of the empire."

"It is sufficient at the moment to emphasize our view that any great dominion undertaking to share upon a permanent basis in the sea defence of the empire must have some voice in the policy which shapes the issues of war or peace. Canada does not propose to be merely an adjunct even to the British empire, she is resolved to stand today with a proud spirit, conscious of her problems, but equally conscious of her ability to solve them. Watchful and persistent she is determined that she shall be developed in the interests of her people."

"Mindful of her opportunities and her responsibilities, she is resolved to play her full part in maintaining the unity of the empire, in promoting its influence for the cause of civilization and humanity, and for peace among nations."

SASKATCHEWAN PROSPECT FOR GOOD GRAIN CROP IS EXCELLENT

Regina, Sask., July 10.—The prospect of a good grain crop of Saskatchewan according to the seventh telegraphic report issued by the department of agriculture, is excellent.

Crops sown on last year's summer fallow and on spring plowing are showing to the best possible advantage, and have not apparently suffered from the hot and dry weather of the last week of June. Grain sown on stubble has suffered somewhat from the drought.

BOARD OF TRADE WILL MAKE AN EFFORT TO PREVENT FALL CONGESTION OF GRAIN

Will Collect Data on Distribution of Cars and Place It Before the Dominion Railway Commission, Which Meets in Calgary on July 25

EVERY PRECAUTION TO BE TAKEN TO HANDLE THE CROP

Statement is Made that Canadian Pacific is Rapidly Removing the Grain Now Stored in the Elevators; the Prospective Bumper Crop Discussed

Taking early steps to avoid, if possible, a repetition of the congestion in the handling of the grain crop by the railways that caused so much trouble last year, the board of trade yesterday appointed a committee to collect data on the distribution of cars and lay it before the Dominion Railway Commission, which meets in this city on July 25, next.

The members of the committee named are Manager E. M. Saunderson of the Canadian Bank of Commerce, Manager L. P. Strong of the Alberta Pacific Elevator company, President W. J. Tregillus of the United Farmers' of Alberta, President E. A. Dagg of the Calgary Board of Trade, W. A. Geoghegan and W. G. Hunt.

Bumper Crop in Sight

The matter was discussed in detail, those present recognizing the fact that as a bumper crop is in sight in Alberta province, every precaution must be taken to handle it. Fears that there might be insufficient elevator capacity to handle the grain in this vicinity were allayed to some extent by a statement of Vice-President W. J. Campbell, presiding over the meeting, who quoted Mr. L. P. Strong as having said that the Canadian Pacific railway was rapidly removing the grain now stored in the elevators and expected to have them cleared in plenty of time.

Mr. Hunt thought that considerable of the trouble in the shortage of cars was due to the administration of the grain law whereby an individual farmer is entitled to an equal share in the distribution of the cars with an elevator which may represent the garnerings of 35 farmers, although it may take the farmer 10 days to load a car against 3 or 4 hours by the elevator. This is one of the matters that will be discussed with the railway commissioners.

Alberta Must Get Busy

It was also pointed out that unless Alberta province gets busy, this district is apt to feel a car shortage most of all for the reason that the Manitoba and Saskatchewan farmers are likely to have first call on the cars when they are distributed by the railways and any consequent shortage would fall most heavily on Alberta.

The committee will communicate at once with other boards of trade throughout the province and endeavor to get all possible information to lay before the railway commissioners.

FARMERS WOULD TAKE OVER ELEVATORS IN THREE PRAIRIE PROVINCES

That is the Scheme Contemplated in Leasing of Manitoba Elevator System

Grain Growers' Grain Company is Strictly a Farmers' Organization

Under the Saskatchewan Plan Political Manipulation is Impossibility

Effort Will be Made to Secure Local Legislation Similar to Saskatchewan Act

The proposed leasing of the 172 Manitoba elevators from the government to the provincial province by the Grain Growers' Grain company, which will be formally passed upon at the annual meeting, July 16, in Winnipeg, is part of a carefully planned campaign on the part of the farmers to secure control of the elevator situation in the movement in this province to institute a system similar to that now in effect in Saskatchewan, where the provincial government lends the dollar to the farmers in the building of elevators. The government loans 85 cents to every 15 cents on the dollar that is provided by the farmers for building elevators, the farmers, however, retaining in control of the elevators, thus eliminating the possibility of political manipulation, which resulted in the failure of the Manitoba government elevator system.

A strong effort will be made at the meeting of the next provincial parliament in Alberta to secure the passage of a bill similar in effect to the Saskatchewan act. Prominent grain growers in Alberta say that when such an act is passed, at least 100 elevators will be built under its terms immediately and many others will follow in a few years.

Company Plans to Use Elevators

The Saskatchewan farmers already have built a large number of elevators under this system. The Grain Growers' Grain company, which is the commercial organization of the United Farmers of Alberta, the Farmers' Association of Manitoba, and the Farmers' Association of Saskatchewan, plans to use these elevators in connection with the 172 which they constructed in the province.

(Continued on Page Eleven.)

TOO YOUNG TO BE A SENATOR

London, Ont., July 10.—Major Beattie, M.P., today declared there was absolutely nothing in the report from Ottawa that he would likely secure a senatorship. He says he is too young for the upper house.

WHAT THE GREAT WEST DID YESTERDAY

In Calgary: New ninety thousand dollar supply depot of the Canadian Pacific Railway dining car department ready for occupancy. Most elaborately appointed of any on the continent. Three hundred thousand dollars' worth of food supplied the Canadian Pacific Railway diners in Calgary today.

Mr. Daily, who farms three miles west of Strathmore, Alberta, extracted three samples of standing grain. One was wheat thirty-six inches tall, from Stanley Wheeler's prize seed. Average sample ten acres; Stanley's five hundred acres, both samples long heads, plump berries, headed well in samples; much later seed, ready to cut at the end of the month.

In Edmonton: Building permits issued last month included three hundred and forty-three residents cost over \$116,000, an average of \$290 each. Twelve garages, forty additions and alterations in structures, twenty-four stables; seventeen stores and office buildings; eight workshops, four warehouses, three apartment blocks, one church, the Salvation Army hall.

Firm preparing plans for equipment for the further development of the coal mines at Wabamun, forty miles west of Edmonton, designed production of 1,000 tons daily. The Edmonton Board of Trade is asking the Minister of the Interior to formulate regulations to permit cutting of pulp timber. Estimated two to five million dollars.

The Department of Agriculture from reports from eight hundred respondents, figures this year there will yield fifty per cent. more than last year.

In Kelowna: Irrigation is making vast strides in the Okanagan Valley, and there is a great increase in acreage under cultivation. One company this spring has 1,000 acres, has 2,000 bearing trees, and small fruits, berries, and currants, etc. District contributed largely to the Kelowna show, which carried off the thousand dollar trophy in collection. The land irrigation show, New West, is in Western Canada Territory, and is the largest in the West.

The Association convention here last week.

In Winnipeg: Commission of Immigration, Winnipeg, has five thousand applications from farmers for help. Farmers get ready for bumper harvest. Teachers have been called for a magnificent new school. A Chicago engineer is considering the construction of a half million dollar hotel.

DUKE OF CONNAUGHT NOW IN WINNIPEG PAYS FINE TRIBUTE TO SELKIRK SETTLERS

Winnipeg, July 10.—In officially opening the Winnipeg exhibition today, which is associated the Selkirk centennial, the Duke of Connaught paid a fitting tribute to the pioneers of Manitoba and the Canadian North West.

After saying how deeply the duchess regretted her unavoidable absence, he went on to express the pleasure it gave him to make his first official visit to Winnipeg on the hundredth anniversary of Lord Selkirk's settler.

"These settlers," he said, "were the first wave of civilization which lapped against the shores of Manitoba, and to them you owe part of the debt of gratitude for the security and wealth you now enjoy. They, and other pioneers who came after them, first carved out the rough road which led to the resources of the West. Do not forget them, but give from time to time to these courageous men and women, who first showed to the world what lay beyond the Great Lakes, the credit due them."

IS CARRIED IN A BOAT OVER BIG RAPIDS AND LIVES

Kettle Falls Man Has Seemingly Miraculous Escape from Death

Kettle Falls, July 9.—Edward Merritt had the ride of his life when he was carried through the Ricker or Grand Rapids in a small flat-bottom rowboat. Strange to say, he came out alive.

He was crossing the Columbia from this place, expecting to make a run on the other side a mile or so down the river, but owing to the swiftness of the current, he missed and before he was aware of it was drawn into the rapids.

As he plunged over one of the falls he struck on the bow and it seemed a miracle it did not fill and wash the occupant out.

H. W. Prosser, who lives near the rapids, saw the man and boat make their passage, and said it was an exciting and anxious scene and it did not seem possible a man could make it through that kind of water. The river is just now at its highest and very swift and perilous.

The rapids are fully a half mile long, a mass of spray and foam water. Mr. Merritt lost one oar and both oarlocks. The boat was about half full of water. He made the shore by putting with the single oar he retained when he was fortunate enough to strike an eddy after passing through the rapids. Many men have been drowned at this point.

GHOST EVIDENCE FAILS TO WIN A DIVORCE SUIT

English Jury Rejects Action of Archdeacon's Son; Restores Wife's Rights

London, July 10.—The jury today rendered a verdict in the cross suits of Capt. Colley, a son of Archdeacon Colley, and his wife. Capt. Colley sued for divorce on the ground of his wife's alleged misconduct with the Hon. Eric Upton, a son of Viscount Templeton, and a vaudeville performer named Clunes. Mrs. Colley's suit was for a restitution of her conjugal rights.

The jury gave a verdict in favor of the wife in the restitution suit, and also declared that she had not been guilty of misconduct with either of the respondents, Upton or Clunes. The judge granted Mrs. Colley's petition for a restitution of her conjugal rights and dismissed her husband's petition for divorce.

This is the case in which the Duke of Wellington was involved. Capt. Colley is a spiritualist, and in the stand he explained that his spirits had not been in observing evidence against his wife, but they had guided his finger, the archdeacon, who was also a famous controversialist with the Duke of Wellington as "old Nossy."

The captain while on the stand stated that his father had spiritual evidence that Mrs. Colley was being misled by herself, first with a negro minister and afterward with Alexander Clunes, a beach singer dressed in uniform. This was in addition to the charge of misconduct with the Hon. Eric Upton. The Hon. Eric Upton denied positively that he had been guilty of any misconduct with Mrs. Colley. The lady herself said Upton had simply written her some foolish "Yummy" letters based on Kipling's story of "Stalky & Co." for which she had reprimanded him.

As to Clunes, the beach singer, she admitted she had given him a small sum of money, but said it was a tokenary at the seaside for women who could afford it to make presents to the performers.

BOY WILL PERPETUATE THE NAME OF ISIDOR STRAUS

Eldest Grandson of a Titanic Victim Gets Permission to Change His Name

New York, July 10.—In order that the name of Isidor Straus may be perpetuated, Jesse H. Straus, eldest grandson of the late merchant and son of the Titanic victim's oldest son, Jesse H. Straus, obtained permission yesterday from Supreme Court Justice Coffey to change his name to Isidor Straus.

At the outset of the petition to the court for permission to assume the name of Isidor Straus the grandson said that there was no person upon whom the notice of his application could be served. He said the formal application for the change of name was made in his behalf by his father, Jesse H. Straus, as his guardian and best friend. The petitioner said that he lives at 49 East Seventy-fourth street and was twelve years old on January 15, last.

In his petition the boy says: "I am desirous of changing my name to Isidor Straus because my father is the oldest son of the late Isidor Straus and I am the oldest grandson. The members of the family of the late Isidor Straus are desirous that the name of Isidor Straus be perpetuated and continued in the family and be borne by the oldest grandson. "Four petitioners believe that the change will sufficiently promote the interests because the name Isidor Straus, Jr., holds the memory of his grandfather in such reverence that the name of Isidor Straus should be perpetuated about his life to keep that name sacred and honorable."

JULY CLEARANCE SALE

A SALE THAT IS CARRIED OUT IN EVERY SENSE THAT THE WORD CLEARING IMPLIES

SPECIAL! On Sale from 9 a. m. Until 12 a. m. Beautiful Corset Cover Embroideries, with heading edge for running ribbon through; some very handsome designs. Regular 25c yard. EXTRA SPECIAL, 15c YARD. Sale 9 a. m. to 12 a. m.

STORE CLOSURE At 5:30 p. m. every day Except Saturday

And the reductions in the following list are absolutely genuine, on that we stake our reputation. Our stocks this season have been more than doubled over other seasons, and although we have had the best season in our history, we still find ourselves a little overstocked. So to make room for fall stocks, we have to sacrifice these goods. Through our efforts to deal fairly with the public, and to offer nothing but high class and dependable merchandise for sale, we have won an enviable reputation, and the goods we now offer in this JULY CLEARING SALE are up to our usual high standard of excellence.

During this sale we shall have several special features, such as hourly and morning sales, at which goods will be put on sale at cost and sometimes below cost. These goods will only be on sale during the time advertised, so don't ask for these specials five or ten minutes after, because we cannot break this rule.

The sale will last for TEN DAYS during which time we intend to give some hitherto unheard of bargains. WATCH OUR ADS. AND SPECIAL WINDOW DISPLAYS. AND SHOP EARLY AND OFTEN.

Take particular notice of prices quoted on these high class Suits, Silk Gowns, Wash Dresses and Coats. We assure positively and finally that these prices have never been or will be equalled anywhere in Calgary. Everyone knows the high grade garments we carry, nothing cheap or shoddy. You also, of course, have seen the bargains we have been offering the last two weeks. Well, come prepared to get bigger and better price concessions than ever before. Everything down at the lowest ebb.

THE ATTACK ON AMERICANS AROUSES ANGER OF WASHINGTON

Political Revenge Seen in the Shooting of Unarmed Men in Panama

Washington, July 10.—That consequences most serious to Panama may result from the wounding and killing of American soldiers and marines in a fight with police in Panama city last night is the opinion here today following the receipt of official advices regarding the affair. It is now definitely known that eight soldiers of the Tenth Infantry and two also an American, were wounded in the attack by Panama police last night. One civilian was killed and two of the wounded soldiers were expected to die in a few hours when the reports sent to Washington were written. All accounts of the affair are confused thus far. It is believed, however, that the wanton use of firearms to

the extent of causing such casualties by the Panama police was wholly unwarranted. Investigation of the affair is being made at Panama by H. P. Percival Dodge, American Minister, and also by the commanding officers of the Tenth Infantry and the marine battalion stationed on the Canal Zone. Orders were sent from Washington today for the forwarding to this city of the results of these investigations as soon as they were completed. The authorities here are convinced that there was no necessity for the slaughter of Americans by the Panama police. The number of dead and wounded is considered outrageous, inasmuch as neither soldiers, marines nor soldiers are permitted to carry arms when on leave in any city. The fact is well known to the Panama police, it was said here today, and they could not have had any excuse for such extensive use of firearms against unarmed men. The Panama police carry revolvers and some of them even carry rifles when on duty in the city. Last night's affair took place in a section of the city where brawl and street fighting are not unknown. More than once Americans have got into trouble with the local authorities in connection with disorders in this particular district. Many here today went so far as to charge the Panama police with animus toward the men of the American services and with deliberate

NEGLECTED SON DIES; FATHER IS ARRESTED

Saskatoon, Sask., July 10.—John Karpon, a Russian farmer near Asquith, has been committed for trial for neglecting to provide necessary medical attention for his young son, George, who died recently. A number of similar cases among foreigners have been reported, and when it was found that the death had not been registered, the body was exhumed by Coroner McLeod of Saskatoon. It was found that the S.P.C.A. and the humane societies are having some fifty calls a day.

IN MONTREAL MORTALITY OF INFANTS FROM HEAT HAS GREATLY INCREASED

Montreal, July 10.—The infant mortality rate continues to increase alarmingly. For the seven days preceding the heat wave, 92 deaths of children under five years were reported. Each day last week showed an increase, 112 deaths of children under water supply is causing anxiety. The big fountains in the parks have all been closed, and only the horse troughs are kept filled. Supt. Issac declares it may be necessary to close the seven public baths, which consume over a hundred thousand gallons a day. Three hundred citizens of Villiers are without a regular supply, and water is carried from the neighboring wells to the district. The long spell of heat has caused the death of scores of horses and the collapse of others. The humane societies of the S.P.C.A. and the humane societies are having some fifty calls a day.

MANY MILLIONS FOR GEMS

Imports into United States Last Year Estimated at \$41,000,000. New York, July 9.—During the 12 months just ended diamonds, pearls and other gems to the value of \$39,445,238 were brought into the United States through this port alone. Based upon the estimate that 95 per cent. of the total imports of the country are entered here, it took more than \$41,000,000 worth to satisfy the American craving for gems this year.

ENTHUSIASTIC RECEPTION TO DUKE OF CONNAUGHT BY WINNIPEGGERS

Winnipeg, Man., July 10.—Greeted by an outburst of enthusiasm, unprecedented in the history of Winnipeg, their royal highnesses the Duke of Connaught and Princess Patricia arrived here tonight. The streets blazed with lights and fifty thousand people crowded the thoroughfares along which the royal party passed, an imposing procession of soldiers, fraternal societies, veterans and boy scouts being one of the features. The special C. P. R. train bearing the duke and princess and party arrived at 8:00 o'clock. The royal visitors were driven to the city hall, where Mayor Waugh extended a civic welcome. In replying the duke expressed regret that the duchess had been un-

able to share in the wonderful reception. "It is difficult for me," he said, "to recognize the Winnipeg which I knew 22 years ago in the Winnipeg of today, for your history has moved very rapidly in that time. There have been periods of stagnation and discouragement which drew some of the less determined out of the field, but those who were not discouraged reached a rich reward, which your city today is the reward witness. I thank you, for you are your welcome, and in conclusion desire to express my hope and belief that you are now on a wave of prosperity, which nothing in the world can stop."

STEAMER TURNS TURTLE

Number of Passengers Have Thrilling Experiences Before Being Rescued. Memphis, Tenn., July 8.—The pleasure steamer Mattie Couch, operating between Memphis and the Arkansas side of the Mississippi river, turned over in mid-stream while outboard with scores of pleasure-seekers aboard this afternoon. None was drowned, although a number of passengers had thrilling experiences before rescue. The mayor said that the town is not yet over the excitement of the rescue. There is much to be said for the fine...

RELICS OF CONVENTION

Baltimore Police Return Goods Lost by Excited Delegates

St. Louis, July 10.—Sergeant John Fish, in charge of the property department at police headquarters, spent a busy day returning to various owners goods found by the police in convention hall.

Probably the most valuable article recovered was a gold watch and gold ring with a small diamond in it. It was claimed by John J. McGovern, a justice of the peace of New Jersey. McGovern was unable to say how he had lost it.

C. E. Decker of New York recovered an umbrella, as did Talmage S. Winn, who was a delegate to the convention. J. S. Leitch of Baltimore claimed his bag, which contained a lot of valuable papers. J. H. Groves and Mr. Jones of Louisiana each recovered two watches.

E. B. White recovered a Panama hat, a coat and a lot of letters. The police have even located the owner of a prayer book found in the armory. James J. Cunningham of this city is the party.

Stick Must Be Substantial To carry walking stick is not an affectation although the stick itself may be one if it is too slender, too ornate and too "dandyified." Sticks generally solve the problem of "What shall I do with my hands?" Moreover, they are an aid to walking with uprightress and repose. Bamboo is a wood that is much in vogue just now. "Partridge, snake-wood and the other families of woods are used as much and are as correct, for there is no settled fashion about it. The only thing that fashion ordains is that one's stick be substantial and look as though it were really of use, instead of being a slim and "switchy" absurdity. The decoration of a stick is a foolery of a fop, have been out of fashion for many years. The correct stick is firm and solid enough to bear one's weight. The decoration of the handle is, of course, a matter of preference, not propriety, though "gold-headed canes" smack of the vulgarian or the backstairs servant out on a holiday.

Belting Norfolks For sporting use the belting Norfolk jacket has never lost caste. It is quite in the "conflict" coat that one can wear in the field at the nets or on the links. Even for motoring motor boating, yacht and steamer the Norfolk is a capital coat, with an "air" all its own. It is the preferred sporting coat, and more Americans are taking it every year. The newest and "fashionable" type of Norfolk jacket is very loose and "loungey," with lapels that roll softly down to the belt. There are two deep lower patch pockets and two breast pockets. Usually, the material is durable tweed, serviceable flannel or fuzzy homespun. Being wholly a field coat, however, the Norfolk is "out of place" in town. Men who wear it in the city under the impression that they have "just rih up from the country" look lack even a prima donna's sense of fitness of things. The fashionable Norfolk never fits snugly, but is always loose and sometimes downright "baggy." It bulges over the chest and flares over the hips.

Black Evening Waistcoats It seems that evening fashions in the accessories of dress are veering toward a preponderance of black. For many years the white waistcoat has been an integral part of ceremonious clothes and even though dropped for afternoon dress, it has clung to evening dress and become a sort of badge of it. Of late, however, the black waistcoat has been inching its way into favor, and while its use is not yet general, the best-dressed coterie has taken it up. While the wane of the white waistcoat would despoil evening dress of much of its traditional "snowness," yet, after all, black is the richest and most distinguished of colors—the very "refinement of refinement." Black waistcoats of the same fabric as the evening coat are not tolerated, but black waistcoats of dull silk stuffs are new and smart for ceremonious dress. These are cut of both smooth and rough-rip fabrics and may be as simple or as elaborate as personal taste wills. A waistcoat typical of the new mode has satin-lined edges down the front opening, and like all fashionable waistcoats, must fit with "hourglass" tightness.

Fashion is scarcely a factor to be reckoned with in motoring. The paramount consideration is comfort. Hence, whatever is comfortable is sure to be fashionable. Moreover, motoring gear, equipments and accessories are always changing, and there is such a multiplicity of them as to baffle classifying. One motor cap unites two essential belongings of the sport, cap and goggles. Into one. There's less risk of malaying one's glasses and no need of pocketing them when alighting from the car, between stops. Motor dust coats are made in all sorts of fabrics, such as linen, alpaca, pongee, Shantung and waterproof silk. Then there are woolen, leather and rubber coats uncounted and uncountable. The only rule about motoring dress worth heeding is to wear garments suited to the weather and to the length and character of the run. For rough trips wear thick, rough clothes that shed dust and rain. For shirt trips wear any sort of comfortable clothes that give protection.

FORTUNE FOR POLICEMAN Member of Philadelphia Force Resigns With \$100,000

Philadelphia, July 8.—For the second time within a week fortune has smiled on a member of the Philadelphia police force. This time Lieut. Thomas Magee of the Twenty-sixth and York streets station is the recipient of wealth. He tendered his resignation yesterday because he had just dropped into a fortune of \$100,000.

Policeman John McGwiger received word on Tuesday that an uncle in Ireland had died and left him \$500,000.

A NOVEL CATARRH REMEDY CURES WITHOUT DRUGS

THE HEALING VAPOR OF CATARRHOZONE LOOSENS THE COUGH, STOPS ALL DISCHARGES, PREVENTS SNEEZING.

The real danger of Catarrh lies in putting off treatment. You may have Catarrh yourself, but you may not know it. Before the disease spreads from your nose to the stomach, lungs, or bronchia tubes, root it out—cure it with "Catarrhozone." Look over the following symptoms—then examine yourself!

Bad Breath Stuffy Nostrils Frequent Sneezing Ewey Headache Watery Eyes Hacking Cough Bad Taste Difficult Breathing

Don't continue to burden your system for another day with the germs of such a filthy, loathsome disease as Catarrh. Get Catarrhozone today—inhalable soothing vapor—fill your breathing organs with its balsamic essences, and all trace of Catarrh will forever depart. Read what Elwood S. Lee, of Sudbham, Ont., says of his cure with Catarrhozone.

"I was a chronic sufferer from continuous colds in the throat and nose, and for many years had frequently had Catarrh. I was recommended to try Catarrhozone, and find that by using the inhaler on the first touch of a cold or a gripe I am able to stay it in a few hours. I have been able to breathe through my nose freely since using Catarrhozone; in fact, I am completely cured. (Signed) ELWOOD S. LEE."

Once you try Catarrhozone you'll realize how indispensable it is—the large dose contains an indestructible hard rubber inhaler and sufficient medication to last two months. Beware of the substitute and imitations of Catarrhozone—use the genuine and you'll get cured. By mail from the Catarrhozone Company, Buffalo, N.Y., and Kingston, Ont.

be one if it is too slender, too ornate and too "dandyified." Sticks generally solve the problem of "What shall I do with my hands?" Moreover, they are an aid to walking with uprightress and repose. Moreover, motoring gear, equipments and accessories are always changing, and there is such a multiplicity of them as to baffle classifying. One motor cap unites two essential belongings of the sport, cap and goggles. Into one. There's less risk of malaying one's glasses and no need of pocketing them when alighting from the car, between stops. Motor dust coats are made in all sorts of fabrics, such as linen, alpaca, pongee, Shantung and waterproof silk. Then there are woolen, leather and rubber coats uncounted and uncountable. The only rule about motoring dress worth heeding is to wear garments suited to the weather and to the length and character of the run. For rough trips wear thick, rough clothes that shed dust and rain. For shirt trips wear any sort of comfortable clothes that give protection.

FORTUNE FOR POLICEMAN Member of Philadelphia Force Resigns With \$100,000

Philadelphia, July 8.—For the second time within a week fortune has smiled on a member of the Philadelphia police force. This time Lieut. Thomas Magee of the Twenty-sixth and York streets station is the recipient of wealth. He tendered his resignation yesterday because he had just dropped into a fortune of \$100,000.

Policeman John McGwiger received word on Tuesday that an uncle in Ireland had died and left him \$500,000.

Read This List and You'll Agree That Here Are Some Great Bargains

This July Clearance calls for drastic action, and so down drop the prices to the smallest figures of the year. Buying at this sale means buying with utmost economy.

Never Such Prices as These Ever Attempted Before on High Grade Table Linens

In many cases the prices are just about cut in half, and you must keep in mind that our stock of linens is the very best to be had. We go right across the water to buy our linens, and we buy direct from the mills, and by buying in larger quantities than the ordinary merchant, we get better prices. You have all this to consider when it comes to testing values, and comparing prices, and then this July Clearance brings prices on Table Cloths away down. A grand opportunity for every housekeeper, restaurant keeper, to stock up or refresh their linen supply now. Glance over these prices, and buy as early as you can, for some will buy enough to last them a lifetime.

Table Cloths All Ready for Use

Size 2 yards by 2 yards Assorted Patterns **\$3.75** for Cloths that sell at \$5.50

A SASKATCHEWAN TORY IS ARRESTED ON CHARGE OF PERJURY

Made Affidavit that Liberal Said if Elected U.S. Would Annex Canada

Saskatoon, Sask., July 10.—A despatch from Unity states that Fred Reinbolt and three others, alleged to be of the Roger's political forces, are under arrest for perjury as the result of a sworn statement issued by Reinbolt recently before F. J. Lange, a commissioner, while an affidavit has also been signed for the arrest of Lange.
Reinbolt's affidavit was to the effect that the Liberal candidate, J. M. Scott, in addressing a gathering, had declared that if elected he "would have Canada annexed to the United States of America," so that wheat and goods might pass over the border without paying duty.

U.S. WHEAT PRODUCTION FOR 1912 ESTIMATED 2,811,000,000

Washington, D.C., July 10.—The estimated production of wheat for the United States, according to the government report just issued, is 2,811,000,000 bushels, compared to 2,521,258,000 bushels last year and 2,886,260,000 bushels in 1910.
The estimated total production of barley is 124,000,000 bushels, compared with 122,288,000 bushels last year and 1,186,341,000 bushels in 1910.
The estimated total production of rye is 160,240,000 bushels last year and 173,822,000 bushels in 1910.
The indicated yield per acre of rye in 16 bushels compared with 15.6 bushels for the past five years. The estimated total production of rye, compared with 30,119,000 bushels last year and 34,897,000 bushels in 1910.

DRAGGED TO DEATH BY A RUNAWAY HORSE

Quebec, July 10.—Francis Page, son of the notary of St. Sphren, was dragged to death by his horse today.
Young Page had gone with a number of other friends to escort Manager Roy, when the horse which he was riding took fright and bolted. Page tried to jump in order to save himself, but one of his feet caught in the stirrup, and he was dragged for some distance and badly cut up. He died a short time after being rescued.

PORTUGUESE ROYALISTS ARE IN POSSESSION OF CABECEIRAS DE BASTO; BOMBARDMENT LIKELY

Lisbon, July 10.—The Portuguese Royalists today took possession of the town of Cabeceras de Basto. The government troops are preparing to bombard the town. The monarchists, commanded by Homem Rodrigo penetrated Portugal from Ciudad Rodrigo in Spain and according to the latest accounts are marching on the frontier fortress of Almeida. The authorities here have notified the newspapers to publish an appeal to the people and exhorting them to remain faithful to the king. The cruiser Alentejo Reis went ashore near the coast of Espandou, but was later floated. It was thought that the battleship Vasco de Gama had gone aground.

JUMPS OUT OF WINDOW

A Kansas City Man Sits Up After a 3-Story Fall and Asks for Drink

Chicago, July 10.—C. W. Stansell, a promoter from Kansas City, jumped through the window of his third story room at the Congress Hotel shortly after noon today. He struck against a hotel street sign, breaking off a score of incandescent bulbs, and crushed through the glass covered porte cochere over the Congress Street entrance. "Give me a drink," he said to the hotel doorman, when a half dozen persons rushed to him.
His only injury was found to be a fracture of his left arm.
Charles W. Stansell formerly was secretary of the Louisiana Intensive Farming and Drainage Company, 106 New England building, and lived at the Savoy Hotel. He married about 18 months ago and moved from the hotel. He is said to be wealthy. He is middle aged and is said to weigh nearly 200 pounds.

BOY HITS MRS. ROOSEVELT

The Colonel Would Have Spanked His Thrower, but Could Not Find Him

New York, July 10.—An unidentified boy who threw a stone, striking Mrs. Roosevelt in the face, narrowly escaped the distinction of receiving a spanking from Col. Roosevelt.
Mr. Roosevelt was on his way back to Oyster Bay several days ago, and when his automobile was passing through Jackson avenue, Woodside, the boy hurled the stone at it.
Although Mrs. Roosevelt was not injured, her husband stopped the machine in front of William Breidenbach's hotel, and going into the place pointed to a crowd of boys who were scampering away and said:
"One of those little rogues threw a stone into my automobile. He ought to be chastised."
Accompanied by a workman, Mr. Roosevelt started to search for the stone-thrower. They questioned many boys, but were unable to find the culprit.

Watch Repairing of All Kinds—American, English and Swiss. Moderate charges, work highly guaranteed. Dickens, working watchmaker, 881 Eighth avenue east. "Just below the Queen's" Phone 8840. Open till 2 every night. 1912-13

ENGLAND WINS ONE OF GREATEST RACES IN HISTORY WHEN JACKSON, THE OXONIAN, FINISHES FIRST IN 1,500 METRES

Judges Had to Wait Until Picture Was Developed in Order to Decide the Victor; Decoteau an "Also Ran" in the 5,000 Metre Race

Stockholm, July 10.—The finals in six events were completed at the Olympic today... The United States and Germany had the honor of making a clean sweep in the weight putting and 200 metres swimming back stroke respectively.

England won the greatest race of the Olympic, the 1,500 metres run, in which the Oxonian, Jackson, broke the record by more than six seconds. Finland won the 5,000 metre by a splendid struggle against France, while the Canadian, Hodgson, brought glory to his Dominion by his victory in the 1,500 metres swimming contest, in which he hung up three records.

Perhaps never before have there been two such contests as the 5,000 metre and the 1,500 metre runs on the same day. In the latter it was a grueling contest from start to finish. Jackson all the way around the track... The opening of the race was a photograph of the finish was developed, then announcing the second and third men.

Two calamities so far as the Americans are concerned befell in the distance running and seemed to determine what British sportsmen have always contended—that however unquarrelable Americans may be in performance requiring quizzical, they are apt to meet their superiors when it comes to the test of endurance.

Whatever technicalities arise the general spirit of all the nations is "after you, sir." This is particularly true of the Swedish hero, Lieke. It is remarked today that the sportsmanship of the Swedish officers is the finest thing imaginable in the world.

The scores as announced tonight are: United States 92 points. Great Britain including the Colonies, 66. Sweden 57. Germany 48. France 42. Russia including Finland, 20. Denmark, 1. Norway, 7. Italy, 6. Hungary, 4. Belgium, Greece and Austria, 3 each. Holland, 2.

During the first mile of the race, George Bonhag took the lead... The race was a very close one, and the American runner, the Finlander and the Frenchman were five yards ahead of the field on the fourth lap.

This team defeated the Centrals yesterday afternoon and are strong contenders for the championship of the Calgary and District Lacrosse league.

BIG BILL BARENKAMP PITCHES BRONCHOS TO VICTORY

Umpire Longenecker Handled the Game and There Was Some Kicking. Good Crowd Watched Contest, the Score of Which Was Five to Three.

Basano, July 10.—Calgary took the game today 5 to 3. Up to the eighth inning the game was a close one.

The race in the last hundred yards was a magnificent one. Until the runners had reached within ten yards of the tape, the event might have belonged either to Jackson or to Abel.

At the beginning of the second lap the order was Jones, Kiviat, Sheppard, Taber and Jackson.

The hopes of the Americans ran high when they saw that Jackson was eight feet behind the first man but in the first stretch of the lap, Jackson went in to gain, which he continued to do to the finish.

The scores as announced tonight are: United States 92 points. Great Britain including the Colonies, 66.

At the beginning of the second lap the order was Jones, Kiviat, Sheppard, Taber and Jackson.

SPORTING FACTS AND FANCIES

"Imitation is the strongest kind of flattery" whines the dopester on an evening sheet, his claim of originality being the manner in which he sees fit to run the baseball scores.

Johnnie Mackin is certainly in the right when he demands that a thorough investigation be made into the charges which have been so freely made regarding the series in Edmonton which decided the championship in favor of Red Deer.

There is no half way about this thing. The Edmontonians were either crooked or straight. It's up to President Dewar to find which is the case.

Baseball fans in general were inclined to be sympathetic with Chesty Cox and Bassano until he came out with the threat that unless something were done immediately that his team would quit the league.

Whether the remarks made in this column yesterday morning had anything to do with it or not, modesty forbids us saying, but anyway President Savage announces that the fans who attend the baseball games will hereafter receive the courtesy that they deserve.

Red Deer and Edmonton played the second game of the season today. Red Deer won by a score of 9 to 8.

SASKATCHEWAN FIGHT WILL CLOSE AT THE POLLS TODAY

Little Betting on Vote Which Depends Largely on Foreign Vote and Reciprocity

Seats Contested by Leaders of Each Party Not Regarded as Very Safe

Regina, Sask., July 10.—Tomorrow will see the close of Saskatchewan's exciting election campaign. Fifty-two out of the fifty-four ridings will vote tomorrow. Two, Athabasca and Cumberland, being deferred, in forty-seven constituencies there are straight party contests, with no third candidates to complicate matters. In Vonda there is no Conservative candidate, although the Conservatives have endorsed an independent, J. Wright. The Liberals claim Wright, if elected, support the government. There is also a second independent in the field, a French-Canadian named P. Larue. Outside of carrying the solid vote of the anti-French colony, he is not considered a serious contender. A Galician Candidate.

Vonda is almost entirely foreign, and no one would pretend to predict what might happen. In Arm River there is a three-cornered fight, with two Liberals in the field, George Scott, a cousin of the premier, and John Gibson. The Conservatives think their candidate, F. C. Whitlock, has a good chance of slipping in.

In Lloydminster there is a grain growers' candidate, A. S. Langton, in the field, as well as a straight Liberal and Conservative nominees. There is a strange situation in Canora, where a Galician, Mike Galbraith, is running. There is a large Galician vote, and his presence in the field has upset calculations. Moose Jaw has a socialist candidate, who is not looked on as a factor.

Both sides tonight are predicting victory and claiming around 35 seats. As a matter of fact, neither side knows much about it. There is little betting. The result depends largely on two things—the foreign vote and the reciprocity settlement.

Both sides have made a desperate fight for the foreign vote. The Scott government has held it in the past, and if it swings to the Conservatives, it will change the government in many seats. The Liberals have staked everything on the reciprocity issue. If the farmers and grain growers who voted so overwhelmingly for the Scott government, it will go back to power. Whether they will or not, no one can tell.

It promises to be an election of surprises. One freak bet made, at long odds, of course, that both Scott and Haultain would lose their own seats. As a matter of fact, neither the premier nor the opposition leader are any too safe in Swift Current and South Qu'Appelle.

Both sides are making great efforts tonight to get in the vote tomorrow, and there promises to be a record vote, not only in Regina, but all over the country. So keen and tense is the feeling that both sides are anticipating trouble, and possibly even riots.

CONTRACTORS WILL MAKE NO CONCESSIONS TO CARPENTERS No advance will be made by the contractors towards a settlement of the trouble experienced with the carpenters, according to a statement given out at the close of a meeting of the builders' exchange last night, when it was stated that a resolution had been passed declaring the intention of the exchange to hold firmly by the agreement of last year. The contractors will therefore refuse to delete the word "competent" from the agreement, and will refuse the increase of five cents asked for. The offer of the stonecutters to concede to the stone masons the cutting of unaccounted rubble, leaving the question of cutting shoddy open, was also discussed and approved, the statement being made that this was essentially what the stone masons claimed in the first place.

INSURANCE RATES MAY BE REDUCED AS CITY HAS EXCELLENT RECORD

Total Fire Loss During Past Years from Fires Less Than \$20,000

Modern Apparatus and Eternal Vigilance Makes Best Canadian Record

On Account of This Showing Board of Trade Asks for Lower Rate

That so far as fire losses compared with fire risks are concerned, Calgary is the safest city in the Dominion of Canada, was brought out yesterday at a meeting of the board of trade, when a committee appointed for the purpose reported that it had applied to the board of fire underwriters of Western Canada for a ten per cent. reduction in the insurance rates. A feature of the report was the appearance before the board of Fire Chief Smart, who recited statistics showing that Calgary has a marvelous record in avoiding damaging fires. The chief pointed out that the total fire loss during the past year has been under \$20,000, a remarkable record in itself for a city of this size. But when it is recalled that in the buildings where these fires occurred, a total of more than \$3,000,000 was jeopardized, but saved by the prompt and efficient work of the department, the record is unique.

MUNICIPAL TELEPHONE IS SUGGESTED

(Continued From Page One) "That the work on the proposed extension has only just commenced and no more lines can be put into operation until this building is completed. The equipment has not yet been received."

This letter of July 14 to the premier concluded by urging the detriment to the city that resulted from the situation, especially as it affected the fast growing business section. No answer having been received, another letter was dispatched to the premier on July 2, last, in reply under date of July 4, the premier wrote as follows:

"In regard to the central office, it is impossible to make any more increases until the completion of the building now being constructed. This building is being rushed as fast as material can be got and the full supply of telephone materials is on hand waiting for installation."

"I have just received a report from the public works department that the building will be completed by the end of August and it is quite possible that by that time the installation will also be fairly complete."

Discussing this letter of the premier, the committee report says that 1,000 phones were received, of which 500 were installed in the west end exchange, and 500 in the central exchange.

"So far as your committee can learn, no other phones have been installed in Calgary, so that the premier's letter that 1,500 have been installed, apparently prove that he has been misinformed."

NORMAL SCHOOL TO COST \$100,000 FOR CAMROSE TOWN

(Special to Morning Albertan) Camrose, July 10.—Hon. J. R. Boyle was here all day Tuesday and before his departure announced the location of a new Provincial Normal school at Camrose. Several desirable sites are under discussion and a choice will be made so that work on the foundations may begin this fall. The school which will cost about a hundred thousand dollars, will be an asset to the town in conjunction with the Camrose Lutheran college, the building for which will be completed this fall.

BUILDERS OF THE CITY BEAUTIFUL TO MEET IN WINNIPEG

Local Planning Commission and Board of Trade Invited to Participate

Eight Hundred Invitations Have Been Sent Out; Duke of Connaught to Talk

Beginning on Monday next, and for the two days following, Winnipeg will be the scene of a gathering unique in the history of Canadian civic life. It will be the first Canadian Building Congress, an effort being made to show to the world that Canada is not behind her neighbor Uncle Sam in progressive city planning. Invitations to this national conference were received yesterday by the board of trade and the city planning commission from F. J. Cole, secretary of the Winnipeg town planning commission, who is anxious that Alberta and British Columbia may be well represented at the convention.

The housing and tenement house problem will be dealt with by the Duke of Connaught, Governor-General of Canada. Other subjects with speakers, are as follows: "The Social Aspect of City Planning," by George B. Ford of Harvard University; "The Principles of Town Planning," by G. W. Hayler, M.L.M.E., London, England; "The Financial Aspects of Town Planning," Mr. Whittall of Milwaukee; "Four Cardinal Points of Town Planning," Frederick Law Olmstead of Brookline, Mass., and Harvard University; "Traffic Problems," H. Haldeman, city engineer, Philadelphia, and "Beautifying the City," by Arthur Shurtiff of Boston, Mass.

"I have sent out individual invitation to over 800 people," the Winnipeg secretary of the Calgary commission. "I have secured splendid speakers. In addition, I am placed in the unenviable position of having to refuse speakers. We have only three days for the convention. I have enough speakers for six."

Calgary citizens who intend going to Winnipeg for the convention, do well to look in on this convention, of which full particulars may be secured from Secretary Lemon of the city planning commission, city hall.

As Mayor Mitchell, Secretary Miller of the industrial bureau, and several others, are to be in Winnipeg next week, an effort is being made to induce them to represent Calgary and the city planning commission at this gathering. Efforts to secure these gentlemen, an effort will be made to get Mr. J. H. Gordon, vice-president of the commission, to attend it.

QUEBEC GETS NO RELIEF FROM HEAT WAVE

Quebec, July 10.—Quebec still has no relief from the warm wave. As a matter of fact, today was the warmest of the spell, the mercury registering 83 1/2 at 3 p.m., while the humidity was 78 degrees. The wave has now lasted a week, and it has caused great suffering. For a time this evening it looked as if there would be a smart thunder shower, but while there was vivid lightning, no rain has fallen.

We are completing within one week from date three fully modern houses. Large bedrooms, separate bath and toilet, leaded lights, fireplace, burtop, dining room. Everything O. K. On 30-foot lots. Prices right and terms easy. Call and see us. Deal directly with the owners and builders, and save money.

AN IDEAL STOCK RANCH THAT MUST SELL

1440 acres of land located in Southern Alberta, set block loam, with small creek running through it and five springs. It is all fenced and has good improvements, house and outbuildings. A small amount has been broken and in crop. 1000 acres is steam plow land and 1400 acres can be cultivated. This fine tract of land adjoining over 25,000 acres of open range where stock can be handled on a large scale.

There are 300 head of well bred short horn Durham Cattle to be sold with the land. These cattle consist of 90 steers, 3 to 5 years old, 125 cows with calves, 15 2-year-old steers, 28 yearlings. Balance are mixed cattle.

The owner is leaving the country on account of poor health and on this account we have a price on this tract that is very much below the lands surrounding it. This is a rare opportunity to secure very choice tract of land with stock, at prices and terms that will interest you.

We will be pleased to furnish you additional details, prices and easy terms if you call or write us soon, as it must and will be sold without reserve.
