Sir H. Kaye-Shuttleworth, Parliamentary Secretary of the Admiralty, replied that the facts of Russia's naval development were necessarily being observed by the Admiralty, but he added, it is not desirable that an official statement be made at any rate until the British estimates for the coming year are completed.

Sir Ellis Ashmead-Bartlett then asked it was a fact that the Russian fleet of 1890 in France and Russia would build 10 new battleships, while England would build only three this year, etc.

CAN THREAD A NEEDLE AT 100.

A Remarkable Old Lady Who is Now Visiting Her Son-in-Law in This City.

As a general rule ladies who have passed their 100th birthday are not given to travelling about the country.

Although born a decade before the 19th century, she is still hale and hearty, and is now in the city on a visit to her son-in-law, George Evans, caretaker of the Traders' Bank building.

Mrs. Martin was born near Belfast, Ireland, about 1792. In 1834 she came to Canada, and with her husband settled near Toronto.

When a World reporter called upon Mrs. Martin yesterday she was surrounded by her children. Still vigorous, and without any of the defects that age generally brings, she does not seem to have reached more than the allotted three score and ten.

PRETTY TOPSY IS MISSING.

And Boyer is Hoping and Lonesome in Consequence—Old Mad Eyes That Her?

Toppy, half grown and grey, is astray in the big city, swayed up in the great ocean of life that seethed harmlessly about her from day to day while she was secure in familiarity and comfort.

She is only a Maltese toby to be sure, but that does not mitigate the anxiety felt concerning her, as an advertisement in an evening paper shows.

When The World was first published, the children of the neighborhood were crying for their pet.

"Have you lost a cat?" enquired the reporter of the lady who answered the bell.

"Oh, you know something about Toppy," said the lady, and she was much disappointed to learn that The World knew nothing of the whereabouts of her cat.

Two months ago she strayed into the family residence, which was then in St. George-street. The family dog, which is a pug named Rover, at once recognized her, and Toppy and the dog became fast friends.

When Toppy disappeared on New Year's Day, Rover was greatly affected, and ever since has been lonesome and moped continuously.

Mrs. Thomas Ellis of No. 187, next door, was very much attached to Toppy, and she is the putative owner of the cat.

"Something about the cat" was the exclamation of the lady who opened the door at 187, when the reporter rang the bell, and asked, "Has the cat come back?"

A young woman hastened to the door, and she said that she had seen the cat in the neighborhood of the house, but she was not sure if it was the same one.

The supposition is that Toppy was stolen by bad boys in the neighborhood.

A GAME THAT DIDN'T WORK.

A RASCALLY PIECE OF BUSINESS FRUSTRATED.

An Attempt to Secure a Valuable Franchise Defeated by the Breaking Up of the Quorum at the City Council Last Evening—Where Eight Bidding Aldermen Showed their Hands.

Never in the history of the City Hall has there been such an ending to the life of a council, which the citizens claim has been one of misrule and mismanagement; never in the history of the Hall was such a barefaced attempt made by a council in its dying moments to grab a valuable franchise from the city.

To the Mayor, Ald. Saunders, Shaw, Hallam, Stewart, Bailey, Crawford, Lamb, Davies and Burns belong the credit of saving the city's interests and credit. What makes this attempt more contemptible than it would otherwise be is that eight of the men who voted in favor of the franchise were members of the council.

Never did the city have such a narrow escape from being placed in the power of a band of franchise bidders. At the final moment, when everything looked dark for the city, Mayor Fleming, Ald. Stewart and Davies jumped into the breach and the band of philanthropists who were going to sell the franchise to the city (in their minds) and grab the water franchise, all for the good of the city, were defeated because there was no quorum.

These are the men who wanted to give up the franchise: Ald. Small (defeated), Bell (retired), Hill (retired), Murray, Joliffe, J. E. Verrill (defeated), Kelly (defeated), Mitchell (defeated), Carlyle (retired) and Hewitt.

When report 62 of the Executive Committee was read, containing the proposed agreement between the canal company and the city, as amended by the City Engineer and Solicitor, the Mayor, Mr. Wilson (Dem., W. Va.), the chairman of the Executive Committee, which had been sent to the Executive Committee by the Council, moved that the Mayor be authorized to sign the agreement.

AMERICAN FARMERS MUST BE PROTECTED AGAINST CANADA.

So Says Dr. Herman in Congress—The Wilson Bill Especially Antagonistic to Agriculture—The Debate to Close Two Weeks From To-Day—A Full Day in the Senate.

WASHINGTON, Jan. 12.—The tariff bill was debated in the House to-day, a number of speakers taking either side of the question.

Mr. Read (Rep., Maine) will close the tariff debate for the Republicans on to-morrow afternoon, Saturday, Jan. 27.

Mr. Wilson (Dem., W. Va.), the chairman of the Ways and Means Committee, will perform a similar service for the Democrats to-morrow.

The vote on the bill will be taken Monday, the 29th inst.

Canada tells more than she imports. Discussing the Wilson bill in the evening session of the House, Representative Herman (Rep.) said:

The farmer is especially antagonized by this bill. The Wilson bill is entitled "A bill to reduce taxation, to provide revenue and for other purposes." It should be revised "A bill to reduce the revenue and to increase the tariff on raw wool."

Mr. Brookshire asked of Mr. Herman from what countries the importations of raw wool were likely to come?

Mr. Brookshire said the statistics of the Agricultural Department showed that in 1891 the American farmers sold to Canada more raw wool than the Canadian farmers sold to America.

Dr. Herman said he had later statistics that showed that the American farmers sold to Canada more raw wool than the Canadian farmers sold to America.

At 9:10 o'clock Mr. Herman's time expired and Mr. English (Dem., N.J.) was recognized.

Hawthorn Correspondence Held Back. The Cabinet meeting adjourned at 2:10 p.m. A statement was afterwards made, however, by direct authority of any of the Cabinet officers, that the resolution which was passed in regard to the Hawaiian correspondence was not sent to Congress and would not be introduced.

LOOKS BETTER FOR HOOPER.

PROF. ELLIS'S EVIDENCE IS AGAINST THE POISON THEORY.

Analysis Should Have Shown Frusate Acid Had It Been Used—Medical Testimony That Frusate Poisoning Produces Symptoms Similar to Frusate Acid Poisoning.

JOLIETTE, Jan. 12.—A sensation was caused in the Hooper trial this morning by one of the witnesses fainting; George E. Deslages, professional embalmer, of Ottawa, was in the box giving evidence, when suddenly he fell back in a faint. Several medical men rushed to his assistance, and he recovered in a few minutes.

The first witness was Mr. David Matheson, superintendent of the savings bank of the Postoffice Department, who testified on the day of his wife's funeral. He stated that death had been caused by heart disease, although she had suffered from cancer of the uterus. He added that he had seen a Pullman car, which the funeral service had been held in the Province of Quebec.

Mr. William George, undertaker, of Port Hope, gave evidence as to burying the body of Mrs. Hooper. The body was driven to the grave in a wagon, and accompanied by his sisters followed an hour afterwards. There was no service held over the body in Port Hope.

Mr. Deslages was giving evidence of having sold embalming fluid to accused on Sept. 28, but his evidence was interrupted by the fainting of the witness.

Mr. James Stewart, one of the professors of McGill College, swore that the evidence as to symptoms and appearance of the body already given, pointed to poisoning by frusate acid poison, although he could not be absolutely certain. Next to poisoning by frusate acid, some degeneration of the heart seemed most likely to have caused death.

Symptoms of Frusate Acid Poisoning. Mr. Deslages continued his evidence in the afternoon.

"When prisoner got embalming fluid from me, he said the body was badly decomposed and I told him how to use it," Cross-examined—"In the fluid is arsenic and saltpetre."

Mr. Deslages continued his evidence in the afternoon.

THE BOSTON RECORDER

IMPLIES ANOTHER BIG FAILURE IN TORONTO.

Special Notice Taken of a Toronto shoe firm—Is there any truth in the implication?

According to the Boston Boot and Shoe Recorder, the last week's publication, unless Guinness Bros. change their price for the shoes...

Guinness Bros., Toronto, have 'GIVEN UP THE FAULTED'.

This simply implies that when this firm is selling four dollar boots for two dollars, and these boots are manufactured by the celebrated firm of Gray Bros., Syracuse, it can only be a matter of time until they do fail.

The Monetary Times says again: 'Guinness systematically undersold every body' and now The Boston Boot and Shoe Recorder implies that selling at such prices as Guinness Bros. are now doing means eventually ending in failure.

'The question with us was, would it entail greater loss to remove the goods of the premises or sacrifice them at a nominal price? And we decided to do the latter, giving the public the benefit. We hope to reap our profit in the near future when we have completed the monster and Palace Shoe House of Toronto. We then expect to have the largest shoe house in the largest stock and to do the largest shoe business on the American continent.'

One cannot be surprised at the crowds which fill Guinness Bros' store, even in the dull times, when they are selling ladies' cloth overgaiters at 25c a pair, ladies' rubbers at 25c a pair, ladies' gaiters, ladies' astrachan dogskin boots, patent tips and facings, \$1.15; gent's cordovan congress, sewed, manufactured by Guinness Bros. \$1.15; gent's American calf lace boots, sewed soles, 85c.

The Recorder says, towards the close of their publication: 'It is a pity, a pity, a pity that such is not the case. However, I wish to state here that according to the best of my knowledge and belief, Guinness Bros. have not yet failed.'

direction of Messrs. Harvey Willis and Clark Armstrong, who are one of the attractions.

'Antigone' Seats. The 'Antigone' seats will be \$1.50 and \$2.00. Any class may be substituted for next Wednesday. The dates are Feb. 15, 16, and 17, in the Academy.

Notes. Pauline Johnson and Owen A. Emily will give the next W.C.T.U. Special Matinee on Thursday evening next.

James Whitcomb Riley, who with his less than a dozen poems, has made his name in this city in the Pavilion Jan. 20.

Minister Drayden Talks Sheep. An important address delivered before the New York Sheepbreeders Association.

Incidental to the production of 'Hands Across the Sea' next week at Jacobs & Sparrow's Opera House, there will be presented, between the first and second acts, what is known as the 'Grandest Novelty of the Season, Sergeant Simms' Columbian Cadets, consisting of a company of little negro boys from the Bahamas Islands, none of them over 12 years of age, who introduce a sensational sketch entitled 'The Hivoucas.'

The American Vandevilles. The American Vandevilles, which opens at the Grand on Monday for three nights and Wednesday matinee, will be the first and only company that has appeared at the Grand since the first and second acts, what is known as the 'Grandest Novelty of the Season, Sergeant Simms' Columbian Cadets, consisting of a company of little negro boys from the Bahamas Islands, none of them over 12 years of age, who introduce a sensational sketch entitled 'The Hivoucas.'

Manager Sheppard has engaged the famous Adeline Fisher and her company to give one grand operatic concert at the Horticultural Pavilion, Thursday evening, Feb. 1. Subscriptions lists will be opened at Messrs. Stocking's and at the office of the Grand Opera House next Tuesday morning. The price of seats will be from \$1.00 to \$5.00; first two rows of gallery extra.

The Toronto Ladies' Quartet. Music lovers will soon have the opportunity of hearing the celebrated Toronto Ladies' Quartet at their concert in the Association Hall on Thursday evening, Jan. 20. Mr. Quill will be remembered as the tenor who has sung with Patu all the world over. The Toronto String Quartet will also take part in this concert.

Academy of Music. All lovers of vanderlives should not fail to see the New York Stars, a company of artists, who will be seen all of next week at the Academy. It is replete with new acts, new features and new novelties.

The large number of attractions announced for the Music next week is a positive indication that at this popular house are being maintained. Among the many lectures hall attractions are Morley and Lamar, the world's greatest comedians, and second world artists. Miss Aimee will with comic and hidden power, tell and name every bird in the South and West to popular Eastern, and especially New York, estates and companies. It will be a thumbscrew and sponge of war in a time of profound peace. Equality of income and outgo can be had without it.

Looks like War in Europe. The war prophets have got their telescopes far ahead into the present year and in the distance they see Europe on the brink of war. For twenty years they have seen ominous signs and portents on the horizon, but the war they predicted, they have never ventured. No wonder, then, that the public have lost confidence in the war prophets. However, they assure us that the outlook to-day is most alarm-

IMPLIES ANOTHER BIG FAILURE IN TORONTO.

Special Notice Taken of a Toronto shoe firm—Is there any truth in the implication?

According to the Boston Boot and Shoe Recorder, the last week's publication, unless Guinness Bros. change their price for the shoes...

Guinness Bros., Toronto, have 'GIVEN UP THE FAULTED'.

This simply implies that when this firm is selling four dollar boots for two dollars, and these boots are manufactured by the celebrated firm of Gray Bros., Syracuse, it can only be a matter of time until they do fail.

The Monetary Times says again: 'Guinness systematically undersold every body' and now The Boston Boot and Shoe Recorder implies that selling at such prices as Guinness Bros. are now doing means eventually ending in failure.

'The question with us was, would it entail greater loss to remove the goods of the premises or sacrifice them at a nominal price? And we decided to do the latter, giving the public the benefit. We hope to reap our profit in the near future when we have completed the monster and Palace Shoe House of Toronto. We then expect to have the largest shoe house in the largest stock and to do the largest shoe business on the American continent.'

One cannot be surprised at the crowds which fill Guinness Bros' store, even in the dull times, when they are selling ladies' cloth overgaiters at 25c a pair, ladies' rubbers at 25c a pair, ladies' gaiters, ladies' astrachan dogskin boots, patent tips and facings, \$1.15; gent's cordovan congress, sewed, manufactured by Guinness Bros. \$1.15; gent's American calf lace boots, sewed soles, 85c.

The Recorder says, towards the close of their publication: 'It is a pity, a pity, a pity that such is not the case. However, I wish to state here that according to the best of my knowledge and belief, Guinness Bros. have not yet failed.'

direction of Messrs. Harvey Willis and Clark Armstrong, who are one of the attractions.

'Antigone' Seats. The 'Antigone' seats will be \$1.50 and \$2.00. Any class may be substituted for next Wednesday. The dates are Feb. 15, 16, and 17, in the Academy.

Notes. Pauline Johnson and Owen A. Emily will give the next W.C.T.U. Special Matinee on Thursday evening next.

James Whitcomb Riley, who with his less than a dozen poems, has made his name in this city in the Pavilion Jan. 20.

Minister Drayden Talks Sheep. An important address delivered before the New York Sheepbreeders Association.

Incidental to the production of 'Hands Across the Sea' next week at Jacobs & Sparrow's Opera House, there will be presented, between the first and second acts, what is known as the 'Grandest Novelty of the Season, Sergeant Simms' Columbian Cadets, consisting of a company of little negro boys from the Bahamas Islands, none of them over 12 years of age, who introduce a sensational sketch entitled 'The Hivoucas.'

The American Vandevilles. The American Vandevilles, which opens at the Grand on Monday for three nights and Wednesday matinee, will be the first and only company that has appeared at the Grand since the first and second acts, what is known as the 'Grandest Novelty of the Season, Sergeant Simms' Columbian Cadets, consisting of a company of little negro boys from the Bahamas Islands, none of them over 12 years of age, who introduce a sensational sketch entitled 'The Hivoucas.'

Manager Sheppard has engaged the famous Adeline Fisher and her company to give one grand operatic concert at the Horticultural Pavilion, Thursday evening, Feb. 1. Subscriptions lists will be opened at Messrs. Stocking's and at the office of the Grand Opera House next Tuesday morning. The price of seats will be from \$1.00 to \$5.00; first two rows of gallery extra.

The Toronto Ladies' Quartet. Music lovers will soon have the opportunity of hearing the celebrated Toronto Ladies' Quartet at their concert in the Association Hall on Thursday evening, Jan. 20. Mr. Quill will be remembered as the tenor who has sung with Patu all the world over. The Toronto String Quartet will also take part in this concert.

Academy of Music. All lovers of vanderlives should not fail to see the New York Stars, a company of artists, who will be seen all of next week at the Academy. It is replete with new acts, new features and new novelties.

The large number of attractions announced for the Music next week is a positive indication that at this popular house are being maintained. Among the many lectures hall attractions are Morley and Lamar, the world's greatest comedians, and second world artists. Miss Aimee will with comic and hidden power, tell and name every bird in the South and West to popular Eastern, and especially New York, estates and companies. It will be a thumbscrew and sponge of war in a time of profound peace. Equality of income and outgo can be had without it.

Looks like War in Europe. The war prophets have got their telescopes far ahead into the present year and in the distance they see Europe on the brink of war. For twenty years they have seen ominous signs and portents on the horizon, but the war they predicted, they have never ventured. No wonder, then, that the public have lost confidence in the war prophets. However, they assure us that the outlook to-day is most alarm-
