Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole \rightarrow signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. # CONSTITUTION

OF THE

## **Church Society of the Diocese of Toronto;**

INCORPORATED BY THE STATUTE OF CANADA,

7 VICTORIA, CAP. 68.

FOR PROMOTING THE FOLLOWING OBJECTS :

**FIRST**—For the encouragement and support of Missionaries and Clergymen of the United Church of England and Ireland within the Diocese of Toronto, and for creating a fund towards the augmentation of the stipends of poor Clergymen, and towards making provision for those who may be incapacitated by age or infirmity, and for the Widows and Orphans of the Clergy of the said Church in the said Diocese.

**SECONDLY**—For the encouragement of Education, and for the support of Day-schools and Sunday-schools in the said Diocese, in conformity with the principles of the said Church.

**THIRDLY**—For granting assistance, where it may be necessary, to those who may be preparing for the Ministry of the Gospel in the said Church, within the said Diocese.

**FOURTHLY**—For circulating in the said Diocese the Holy Scriptures, the Book of Common Prayer of the said Church, and such other Books and Tracts as shall be approved by the Central Board or Managing Committee of the said Association.

**FIFTHLY**—For obtaining and granting aid towards the erection, endowment, and maintenance of Churches, according to the establishment of the said Church, in the said Diocese; the erection and maintenance of Parsonages-houses; the setting apart of Burial-grounds and Church-yards; the endowment and support of Parsonages and Rectories, according to the same establishment, and the management of all matters relating to such endowment.

### I.

That before the Society shall enter upon business at any of its meetings, the following prayers be said :—

“**PREVENT** us, O Lord, in all our doings, with Thy most gracious favour, and further us with Thy continual help; that in all our works begun, continued, and ended in Thee, we may glorify Thy Holy Name, and finally by Thy mercy obtain everlasting life, through Jesus Christ our Lord. *Amen.*”

"O GOD, from Whom all holy desires, all good counsels, and all works of piety and charity do proceed, we beseech Thee to visit with Thy favour our Sovereign Queen VICTORIA, and so rule her heart, that she may in all things seek Thy honour and glory. Prosper with Thy blessing the designs of this Society. Comfort with Thy grace those benefactors who contribute to its support. Bless the ministry of Thy servants, the Clergy; the endeavours of all who are engaged in spreading the knowledge of true religion in this Province, and the labours of those Missionaries who are promoting the same in foreign parts. And may Thy Holy Spirit direct all our consultations to the advancement of Thy glory, and the good of Thy Church, through Jesus Christ our Lord. *Amen.*

"O MERCIFUL GOD, who hast made all men, and hatest nothing that thou hast made, nor wouldest the death of a sinner, but rather that he should be converted and live: have mercy upon all Jews, Turks, infidels, and heretics, and also upon all those heathen nations upon whom the light of Thy glorious Gospel hath not yet shone; especially the Indians of this continent. Bless the means used for their civilisation and conversion, and take from them all ignorance, hardness of heart, and contempt of Thy Word: and so fetch them home, Blessed Lord, to Thy flock, that they may be saved among the remnant of the true Israelites, and be made one fold under one Shepherd, Jesus Christ our Lord, who liveth and reigneth with Thee and the Holy Spirit, one God, world without end. *Amen.*

"OUR FATHER, which art in Heaven, hallowed be Thy Name. Thy kingdom come. Thy will be done in earth as it is in Heaven. Give us this day our dally bread. And forgive us our trespasses, as we forgive them that trespass against us. And lead us not into temptation; but deliver us from evil; for thine is the kingdom, the power, and the glory, for ever and ever. *Amen.*"

AND WHEN BUSINESS IS ENDED:

"ALMIGHTY GOD, Father of all mercies, we thine unworthy servants do give Thee most humble and hearty thanks for all Thy goodness and loving-kindness to us and to all men: more particularly for the providential support by which this Society hath been enabled to spread abroad the knowledge of Thy sacred truth. But above all, for Thine inestimable love in the redemption of the world by Thy blessed Son; for the means of grace, and for the hope of glory, which Thou hast given us, in the same our Lord and Saviour Jesus Christ; to Whom with Thee and the Holy Ghost be all honour and glory, world without end. *Amen.*

"The grace of our Lord Jesus Christ, and the love of God, and the fellowship of the Holy Ghost, be with us all evermore. *Amen.*"

THIRTEENTH ANNUAL REPORT  
OF  
The Incorporated Church Society  
OF THE  
DIOCESE OF TORONTO;

PRESENTED AT THE ANNUAL MEETING AT TORONTO,

HELD ON WEDNESDAY, JUNE 6TH, 1855.

---

THE Society's thirteenth year, which has just closed, has been rendered memorable by an event in which future generations of Canadian Churchmen will recognise an important crisis in the history of our branch of the Catholic Church of Christ. The consummation of the long-agitated plottings for the secularization of property set apart specially for religious purposes, has stamped the times with the indelible mark of a sacrilegious age. Yet amidst the storm of irreligious violence, the voice of justice has not been wholly overpowered; that which would have been utterly denied to the cause of God has been partially yielded to the claims of men. Hence, in the Providence of Him who is over all things to the Church which is his body, there has been preserved, through the commuted claims of individuals, a fund, not adequate indeed to the extension of our Zion, nor yet equal to the maintenance of even her present limited ministry, but still of vast importance as forming a permanent nucleus, round which the contributions of her children may accumulate. While we humbly bow before the will of the Great Head of the Church, who has permitted for wise ends an act of spoliation, we cannot but give glory to him also for having raised up energetic and zealous friends in perilous times, to stem the torrent of vindictive covetousness which threatened to sweep away the whole provision for the support of the ministry. Nor has the secularization of the Church's property been in itself an unmitigated evil; for here again we must acknowledge with grateful hearts a gracious over-ruling Providence which has removed for ever, from the clamour of party, the funds, which, however diminished, from this time will form the basis of the maintenance of the Church in

Western Canada. Furthermore, the hearty goodwill with which the clergy have united in commuting their claims for the benefit of the body, at a time when it was a matter of doubt with some whether the assertion of their claims, separately, would not have been better for their private interests, has afforded to this Society subject of deep congratulation in this tangible proof of zeal and unanimity.

A new duty now devolves on this Society, and calls for increased exertions on the part of its officers and members—the proper administration of the Commutation Fund. We may humbly and confidently hope that the same Divine Power to whom we gratefully attribute that measure of success which has attended the efforts of those who have so nobly battled for the rights of the church, will give also such sound judgment to this Society in the management of the Commuted Fund, that it may remain a partial endowment of the Church for ever—a lasting monument of the goodly portion originally bestowed on her by a pious Government, and an enduring memorial of the energies of those who under God have saved this remnant for her.

Your Committee regret to say, that those Clergymen who have been added to the list since the passing of the Imperial Act of 1853, have as yet been unable to obtain a commutation of their claims on the Clergy Reserve Fund. The injustice of this will be apparent when it is considered that, if the Canadian Government, by withholding immediate action on that bill denied the Church the instant benefit of the Commutation of its then claims, they should not in common fairness have objected to meet any new claims consequent upon the legitimate growth of a living body, during the interval of their inaction, and this injustice will be the more palpable when it is considered that those whose claims are disallowed were for the most part appointed to supply the immediate wants of the Church and to fill the places of those who have since demised, but who were serving the Church in 1853.

With this allusion to the wrongs which the Church in this Province has sustained, your Committee would now recommend the Society to forget the injury in the earnestness of action to repair it.

Your Committee is unhappily not able to report any increase in the general income of the Society for the past year. Perhaps the storm which was lowering on the temporal interests of the Church, may have had a depressing effect upon some, so as to cause them to withhold their support for a while. Perhaps, as in the awful moments which precede the encounter of mighty hosts, “the bravest hold their breath for a time;” so Churchmen may have been waiting the result with expectation too anxious for

energetic action. But now that the crisis is past, now that the ship has outridden the storm, your Committee would call earnestly on Churchmen not only to return devout thanks to Him who has preserved from alienation a portion of the temporalities of the church, but to show the reality of their gratitude by taking effective means to replace what has been lost, enabling the Society to pay all the stipends of the Clergy who have commuted, and so far as human prudence may, to prevent those evils which might threaten the Church in days to come, if her necessities compelled her to diminish the capital so generously contributed by the clergy.

The Church is a *perpetual* Society, is a *living*, and therefore a *growing* Society. In providing for the temporal wants of such a body we must not consider merely the *present* day, the *present* generation; we are led by the consideration of the *immortality* of the Church, by that looking *forward* which characterises those whose highest hopes are placed in futurity, to provide for a *future* generation, trusting that that generation will in its turn provide for those who are to follow, even as we ourselves have benefited and are benefiting by the labours and bounty of those who have gone before us.

The following details will on comparison show that in many parishes the amounts raised have not been equal to those of the preceding year.

The income of the Parent Society, exclusive of monies received for Special Trusts, the noble bequest of the late Dr. Burnside, of £1750, and the sum of £156 belonging to the previous year's income, and acknowledged in the Appendix though received too late for the audited accounts, amounted

The income of the Society last year, inclusive of the bequest of the Hon. W. Allan, (£200), amounted to £5419 4s. 7d., so that if we add the bequest of Dr. Burnside (£1750), the income of the

Society will appear to be much greater this year ; but your Committee cannot, considering all the circumstances, represent the case in any other light than as an actual falling off of income, and a result far different to what they might have expected, considering that new Branches had been organized, that some Branches remitted in full, and the great prosperity of the country, particularly in the rural districts. While other countries are being desolated with war, or drained of men and money to supply its insatiable demands, and while in the Mother Country an increased taxation weighs heavily upon the people, our favoured land has been receiving large accessions of population, capital has flowed into it profusely, the harvest has been bountiful, agricultural industry has been rewarded in an unprecedented degree, and property has in most places risen in value beyond what the most sanguine could have expected. In all these general benefits, Churchmen have fully participated, and your Committee would earnestly call on them to consider seriously from whom this prosperity flows, and to honour with their substance in increasing proportion, Him to whom we owe it all. "Honour the Lord with thy substance and with the first fruits of all thine increase, so shall thy barns be filled with plenty, and thy presses shall burst out with new wine."

#### DEPOSITORY.

A large sum is apparently still due to the late Depository ; and the Society, out of its General Purposes Fund, has, during the past year, paid all the liabilities, amounting to £182 1s. 9d.

#### SERMONS.

The proceeds of the Quarterly Collections remitted during the past year amounted to £1,316 8s. 6d., and were taken up at 725 stations ; last year £1291 9s 7d., was received from this source, and the number of collection reported were 868. Some of the Collections on account of the Students' Fund are yet to be received.

#### MISSION FUND.

Your Committee are gratified to find that the Mission Fund Collections exceed those of the past year in amount by £135 18s. 11d. ; this may be accounted for by the fact, that they were taken up at 45 more stations. On this Fund the Church must now chiefly depend for the maintenance of her Missionaries, and your

Committee feel confident that the Missionary cause has only to be prominently brought forward in every Parish from the pulpit, and at parochial meetings, to ensure to it the hearty sympathy and co-operation of every one, as even the most careless can readily be made to feel the miserable position of those who are, especially in times of sickness or calamity, debarred the comforts, which they know can then only be derived from God's Holy Word and Sacraments, and it may be hoped that some may thus be led to follow the example of the late Dr. Burnside, who bequeathed the sum of £1,000 for the furtherance of this object. £238 has been paid out on account of salaries to Missionaries, Catechists, School Masters and Interpreters, chiefly for the benefit of the Indian Missions.

#### WIDOWS AND ORPHANS' FUND.

Your Committee cannot forbear to express their surprise at the falling off which there appears to have been in the number of stations at which collections were made for this object; the previous year collections were reported from 227 stations, whereas during the past year, it appears that they have been taken up at only 192 stations. The amount remitted being only very little less than that of the last year, your Committee are led to believe that had the collections been made at the same number of stations they would have had to report a large increase of this fund. There is now invested on account of this object the sum of £6,369 16s. 10d.; including £750 bequeathed by the late Dr. Burnside. Four widows and fourteen orphans are on the relief list.

#### GENERAL PURPOSE FUND.

The collections made for this object were, your Committee regret to say, taken up at only 176 stations, being 33 fewer than the preceding year, and as might be expected, the amount falls short by £64 7s.—only £299 7s. having been received; to which add £783 1s 11d., proportion received from the Parochial Branches, and the Society has only £1,082 8s. 11d. wherewith to defray all the expenses incurred in the management of all the other funds, and meet the numerous and urgent demands continually made upon it. During the last year grants were made from this fund amounting to £183 17s. 6d. Some of the branches appear to have lost sight of the alteration made last year in the by-laws of the Society, which requires the whole of the subscription of all incorporated members to be remitted intact to the Parent Society. It has been painful to your Committee to be forced to decline making grants sought for, month after month, by missions which had a right to expect aid from the Society; and to be unable even to attempt to carry on some important objects embraced in its constitution.

## STUDENTS' FUND.

A similar falling off has occurred in the receipts of this Fund, collections having been made at 138 stations, instead of 165, and the receipts have been made £201 4s. to £249 14s. 3d. in the former year. The same number of scholarships, namely eight, have been paid over to Trinity College.

---

Reports have been received from 93 Parochial Branches, extracts from which will be given in the appendix. Reports have been also received from the sister Societies in the other North American Colonial Dioceses as well as from the venerable societies at home, which give abundant cause for thankfulness that amid the many new calls which have been made within the last year upon the inhabitants of all parts of the British empire, those societies have all been enabled to carry on their great work with increasing vigor and success.

## DISTRICT AND PAROCHIAL BRANCHES.

### *St. James's Parochial Branch, Toronto.*

The Collector's return exhibits a total of £124 17s. 6d., but his work is not yet completed, and, when the whole is gathered in, it is believed that the amount will compare favourably with former years. Your Committee recommend that, after the payment of the usual proportion to the Parent Society, the balance applicable under the constitution of the Church Society to parochial purposes may be distributed in the same manner as before, to aid the Parochial and Sunday Schools and the Parish Library.

### *St. George's Church, Toronto.*

The past year has not witnessed any progress in Church labor in this parish which calls for special notice; but your Committee are glad to say that, at the same time, there has been no actual diminution in the receipts.

The collection for 1854 shewed a total of £87 2s. 6d., of which £20 16s. 3d. was paid to the Parent Society; £15 for the first year's rental of the schoolhouse lot; £5 10s. to the Sunday-school library; and the balance, less expenses, to the Church Debt Fund. Of this burden much still remains—guaranteed and arranged, it is true, in the way that former Reports have explained; but still not extinguished, or likely to be entirely closed until the Building Society shares (kept up by a few zealous members) are realized. This may not take place for a couple of years; meanwhile, the assistance derived from this Society, and the liberal response of the congregation to the annual sermon, have mainly enabled the Churchwardens to proceed with the good work; and although there are many objects connected with Church progress which your Committee would gladly have engaged in, still the paramount importance, nay, the sacred duty of paying the debt, has hitherto prohibited any other application of the funds. The rental of the schoolhouse lot, to which £15 was applied, it will be remembered was guaranteed by the Association when it was deemed desirable to secure the ground.

### *Church of the Holy Trinity, Toronto.*

After mature deliberation, the Committee resolved to apply the funds at their disposal towards the purchase of a lot of land, on which to erect a Parochial day and Sunday school, so soon as the necessary funds can be raised.

They secured 50 feet front by 112 feet deep, in the immediate neighbourhood of the Church, for the sum of £300, of which £50 has been paid, with the assistance of £25 added by the Churchwardens; but the many demands upon the funds of the Church will prevent any further aid from them, and the Committee feel that they will have to rely entirely in future upon the liberality of the congregation in contributing to the Parochial Association.

The following statistics connected with the congregation the committee are satisfied will prove very interesting:

|    |                                           |      |

The Secretary has since reported amount collected £36 16s. 3d. and paid to Parent Society £8 19s. 4½d.

*St. George's Church, Etobicoke.*

Total collected, £15 14s. 9d. Retained for parochial purposes, £8 8s. 6d. Remitted to Parent Society, £7 6s. 3d., and to be applied to the following purposes, as designated by the contributors, viz: General Purpose Fund, £5; Widows and Orphans' Fund, 15s.; Missionary Fund, £1 11s. 3d; Total., £7 6s. 3d.

*Christ Church, Mimico.*

Total collected, £3; remitted to Parent Society for the General Purpose Fund. Also, for Divinity Students' Fund, collected Sunday, May 9th, 5s.

Summary of the collections in Etobicoke and Mimico: From St. George's Church, £7 6s. 3d.; Christ Church, Mimico, £3; Divinity Students' Fund, 5s.; total, £10 11s. 3d.

*Weston.*

By this Branch the sum of £19 17s. 4d. was collected, and remitted in full to the Parent Society, as was the case last year, on the understanding that an application would be made, if necessary, for a grant of books and tracts.

*Thornhill and Vaughan.*

In presenting their Annual Report to the Subscribers, your Committee beg to state that the operations of these united Parochial Associations for the past year have proceeded with the same uniform steadiness and success which marked their progress during previous years, and do not offer any thing calling for especial notice or remark on the present occasion.

Notwithstanding a serious diminution in the number of the original subscribers to the funds of these associations by death or removal, your Committee are happy in being enabled to report that the amount of annual subscriptions has not in consequence materially declined, nor in any degree at all approaching the extent which, from this cause, might reasonably have been anticipated.

Of annual subscriptions to these associations for the past year, the gross amount has been £36 10s., of which the sum of £12 13s. was remitted to the Parent Society previously to the close of its fiscal year, as will appear from the Society's annual report; a sum considerably more than a fourth of the annual subscriptions within the year, and exceeding by a small fraction the remittance to the Parent Society, from the same source, for the year preceding.

The residue of this fund, after paying sundry small accounts properly chargeable upon it, was divided proportionably between the associations. The Thornhill managing committee have this year placed the proportion of their funds arising from this source, making a clear balance of £18 4s. 9d., to the credit of the Parsonage Building Fund, in accordance with a resolution passed some years since, appropriating the available balance of the three-fourths of the annual contributions to this branch to that purpose, as long as may be required, to secure the accomplishment of the object for which the fund was originated, viz., the erection of a parsonage-house within the limits of this mission. The Vaughan Association have appropriated the available balance of their funds, this year, amounting to £5 12s. 9d., to the repair of St. Stephen's Church, Vaughan.

*Christ's Church, Scarborough'.*

So far as the collections have gone there is an increase of subscriptions, and no doubt exists that the whole amount will be greater than that of last year. And certainly, when we consider the recent spoliation of the Church's property, which makes the extension of the Church beyond her present bounds entirely to depend on the voluntary offerings of her children, there is a call upon us all for increased diligence, lest the souls of our fellow countrymen in distant settlements perish for lack of spiritual knowledge.

This Branch has since reported £12 15s. 6d., and remitted £3 3s. 9d.

*St. Paul's and St. Jude's Churches, Scarborough'.*

The united contribution of the two congregations of St. Paul's and St. Jude's Churches is, as was to be expected, considerably larger than from St. Paul's alone; yet your Committee have the gratification of stating that the St. Paul's contributions alone are greater than they were last year, being £6 14s. 4½d. against £6 13s. 1d. cy. last year; and the St. Jude's Church contributions are £3 16s. 9d. cy. against nothing last year—a commendable mark of progress, which it is to be hoped will be repeated in every future year.

*St. Paul's Church, Newmarket.*

The annual meeting of this Association was held on Easter Monday, April 9, 1855.

It was resolved that after April 30, 1856, the entire sum collected by the association should be forwarded to the Parent Society. The receipts are not quite equal to last year, in consequence of demands of a local character.

Amount collected for the year ending April 30, 1855, £11 10s. 10½d. Remitted to Parent Society, £2 17s. 9d.

*Markham.*

In presenting the report of this Parochial Branch, your Committee have to announce that the amount collected is £8 4s. 4½d., being an increase over the income of last year of £2 15s. 7½d. This branch has determined to forward, as it did last year, the whole amount collected to the Parent Society, believing that the Society will never be able to carry out all its objects in a satisfactory manner until the whole Diocese pours its offerings into the common fund, and thus the strong will be enabled to help the weak. Under the present system of each parish retaining three-fourths, the more wealthy a parish is, the more it receives from the Society, while the poorer branches only receive in proportion

to their poverty a very small sum. This Parochial Branch is happy to be able to say that its offerings to the Parent Society do not interfere in any way with the carrying out of matters of local importance. Last year the congregation of St. Philip's Church purchased a melodeon; this year they are painting the church; while the congregation of the Church in Markham village are raising by local subscription a sum of money to pay off the debt of the church, and also to erect a fence around the churchyard.

#### *Lloydtown.*

The Committee, in bringing the affairs of the mission of Lloydtown and Albion under the notice of this meeting, would invite all to unite with them in giving expression to the gratitude due to Almighty God for causing his face to shine upon them, and blessing the means used for the attainment of so good an end. The past year has not only witnessed an increase of kindly feeling towards the Church, in the number and regularity in attendance on her ministrations, but the contributors to Church objects have increased in proportion; nor has this been the result of any particular exciting cause, but rather, as it is hoped, from an increasing sense of the responsibility to God as stewards of his gifts, leading the members of the various congregations to offer to God, through his Church, a portion of their substance as a thank-offering for mercies received. In the year 1850, as shewn in the accounts made up prior to the Easter vestry meeting, the whole amount collected through the cffertory, the parochial branch of the Church Society, and by churchwardens, towards the clergyman's income, amounted altogether to the sum of £81 17s. 11d. By the Easter accounts for 1854, the funds received from the same source amounted to £156 15s. 6½d., shewing an increase in the four years of £74 17s. 7½d. The regular services performed during the past year at the different churches and stations number 215. There have been 61 baptisms, 11 marriages and 11 burials. There are two sunday schools, one at Lloydtown with 70 children on the registry, the other at Bolton Mills with 39. The amount collected after the last diocesan and missionary meeting held at Lloydtown was £15 5s. 6d., £4 16s. of which was forwarded to the Parent Society; £10 0s. 4½d. was expended in paying off a debt on the shed and church, leaving a balance in the hands of the treasurer of 9s. 1½d. The amount collected in Albion was £23 7s. 11d., which includes what was obtained from Christ Church, Bolton, English Wilson's station, and Roley's station: to this must be added a balance of £8 6s. 9d. from former year, making altogether £31 14s. 8d. From this £6 4s. was forwarded to the Parent Society; £1 13s. 2d. expended in the purchase of rewards for sunday school children; £16 12s. 5d. for making

pulpit, painting the church, providing for the proper furnishing of the chancel, pulpit and reading-desk, leaving a balance in the hands of the treasurer of £7 5s. 1d.

At the station known by the name of English Wilson's, steps have been taken to obtain the funds for the erection of a church, the place in which the service has been performed being too small to accommodate the congregation. Notices are at present posted up, requiring tenders to be forwarded to the treasurer of the building committee for its erection.

At Lloydtown, steps have been taken towards providing the means for the erection of a parsonage-house; a portion of land of about  $4\frac{1}{2}$  acres has been purchased for the sum of £116 11s. 3d. A subscription list is open to receive subscriptions towards the parsonage-house fund. Taking all these matters under consideration, your Committee cannot but thank God and take courage. Much has been already done, but much remains to be accomplished; and as there are many who have hitherto done little or nothing towards the furtherance of the Church in this extensive parish, they take this opportunity to invite the cordial co-operation in works of piety and love of every professed member and friend of the Church. They would invite every one to be a co-worker with God; to devote a portion of their influence, of their time and of their property to the advancement of Christ's religion on the earth, remembering God's promise, That the liberal soul shall be made fat, and he that watereth others shall be watered also himself.

#### *Orillia.*

In making this report it will be necessary to notice some objects of a purely local character which have been advanced in the mission, as well as that more particularly connected with the Church Society, inasmuch as the one has a direct bearing on the other, and local undertakings must necessarily circumscribe the income of the Society.

Shortly after the appointment of the Committee, in February, 1854, the names of sixty-four subscribers were enrolled, and a total amount of £22 3s. collected, of which £6 was sent to the Parent Society at Toronto, and the balance (£16 3s.) applied to the liquidation of the debt upon the parsonage. This last amount was afterwards increased by £2 17s. from ten other subscribers, making £19, to which £5 was added by the industry of the ladies of the congregation, and the whole £24 sent to the Indian Department, through the Rev. T. S. Kennedy, Secretary of the Church Society, as an instalment on the parsonage. A second instalment of the same amount has since been paid by the laudable exertions of the Ladies' Industrial Society.

During the period to which this report refers, four collections have been made for the Church Society in the various churches of the mission, amounting to £8 4s. 3d.

The Committee also desire to call the attention of the churchmen of this parish to their indebtedness to the Parent Society for its generous aid in securing the parsonage house.

The sum of £38 12s. 6d. had in previous years been advanced by the Society to the Indian Department; and in reply to a request made by the clergyman and wardens, the Society, in June last, with its usual liberality, consented to make this sum a grant to the parish, provided all future instalments were punctually paid.

Taking into account that, in addition to the local objects already mentioned, considerable sums of money have been raised within the mission during the past year for the completion of the Coldwater road and Oro churches; that the former has been opened for divine service, and the opening of the other will shortly follow; that a list has been subscribed for a new church in this village; and that the duty of providing for the support of the clergyman has been cheerfully responded to; the Committee feel that there is abundant cause for gratitude to Almighty God and encouragement to go on with zeal and faith in every good work that may tend to the promotion of God's service.

#### *Mono.*

As unscrupulous assertions have been occasionally made with respect to the decrease of the church here, and the corresponding increase of dissent, the Committee consider it necessary to make the following comparison of the census reports of 1848 and 1852, in order to shew the falsity of such assertions.

The Church, in 1848, numbered 1595 members; in 1852, 2190; increase, 38 per cent.

Dissenters, &c., in 1848, 2887 members; in 1852, 3751; increase, 30 per cent.

The Church has thus an increase of 8 per cent. more than Dissenters and Roman Catholics, within this mission.

As it may interest the members of this Association to learn the relative growth, through the province, of the Church and the different bodies of Protestant Dissenters having teachers in these townships, the Committee call their attention to the following published statistics of the numbers of those bodies at the time of taking the census in the years before mentioned.

|                           | 1848.   | 1852.   |                       |
|---------------------------|---------|---------|-----------------------|
| The Church .....          | 171,751 | 223,190 | increase 30 per cent. |
| Church of Scotland .....  | 67,900  | 57,542  | decrease 15½ "        |
| Free Church .....         | 64,729  | 65,807  | increase 6½ "         |
| Wesleyan Methodist .....  | 90,363  | 96,640  | increase 7 "          |
| Episcopal Methodist ..... | 36,893  | 43,884  | increase 19 "         |

But in order to ascertain the real growth of these denominations during this period, we should take into consideration the increase that they should have received from natural causes, which may be set down as  $3\frac{1}{2}$  per cent. per annum; and thus we shall arrive at the actual increase from extraneous sources. According to this mode of calculation, the increase of the Church, from immigration and other causes, is 15.19 per cent.; and of the Episcopal Methodists, 4.10 per cent.; while the other denominations decreased as follows: Church of Scotland, 30 per cent.; Free Church, 13 per cent.; Wesleyan Methodists, 7.5 per cent.

The amounts collected for church purposes in the mission, during the year, are as follows:

|                                       |          |
|---------------------------------------|----------|
| Subscriptions to Church Society ..... | £12 18 8 |
| Collection for General Purposes ..... | 0 14 4   |
| “ Students’ Fund .....                | 1 6 0    |
| “ Mission Station .....               | 1 6 3    |
| “ Widows and Orphans .....            | 1 10 0   |
| Towards Minister’s stipend—           |          |
| Subscriptions .....                   | £38 12 6 |
| Presents.....                         | 14 9 6   |
|                                       | 53 2 0   |
|                                       | £70 17 3 |

The above shews a very gratifying increase over the amounts collected last year for the Society, viz., £12 Os. 7½d.; but a trifling decrease in your minister’s stipend, viz., £1 9s. 1½d.

The number of services performed during the year was 192, at 14 stations; being an increase of 41 services and 3 stations over those of 1853.

The number of baptisms was 104, of marriages 21, and of burials 10; being an increase in the year of 19 baptisms, 13 marriages, and 2 burials.

As difficulties stood in the way of the survey of the Monò side of the village of Orangeville, the site of the church referred to in our last report was not given in till late in the year; it was however then presented in a very excellent situation, and Mr. Ketchum, in addition to giving it, has increased his subscription to £50; the foundation has been prepared and the stones raised, and, as the contract for the mason work has been let out, the committee trust that early in the spring the building will be commenced. Advertisements were published in one of our county papers, and notices posted up in the neighbourhood, requiring tenders for the erection of St. Luke’s Church, but none were received, consequently nothing has yet been done to it.

The committee acknowledge with thanks the receipt of a font for Trinity Church, from Mr. James Ekins, of Toronto, and trust that this act of considerate liberality on the part of a stranger may

induce some of the members of the different congregations in the parish to emulate his example, and provide suitable vessels for the administration of both sacraments, in their respective churches.

The lending library, at Mr. John Atkinson's, in connection with St. John's Church, has been revived, and an addition made to it of 23 books, making the number at present 181. Subscription to the library is fixed at half a dollar per annum.

Depositories for the sale of books of common prayer have been established at the following places: Messrs. Atkinson & Hutchinson, Mono; Mr. James Kelly, Orangeville; and Mr. John Little, Mulmur. An addition of 1d. per quarter dollar is made to the Toronto price, in order to pay for any expenses that may be incurred, and to assist in increasing the stock.

The state of the payments on the Glebe, which during the incumbency of the late Secretary of the Church Society had been neglected, has, during the last year, been looked into, and four additional instalments paid, leaving four still unpaid, with interest; towards the payment of which there is a small balance in the hands of the society.

*St. James's Church, Penetanguishene.*

Your Committee are happy to state that the proceedings of the two last annual meetings have shewn that the members of this branch of the Church Society are gradually preparing for that time (the time when they will have to provide the entire support for their minister) by appropriating the greater part of the Church Society funds at their disposal to the purchase of land; and they strongly recommend that this plan be persevered in till this important object (the endowment of the church) be attained. Though no land has yet been met with suitable for the purpose, yet the object of endowing the church has been steadily kept in view, and since the last annual meeting the churchwardens have petitioned the Government for the privilege of purchasing some town lots on certain terms which would bring the purchase of them within the means annually at our disposal.

Your committee have reason to think that the small assistance which we gave to the inhabitants of Victoria Hill, and the observations which were made in connection with it in their last report, have been the means of encouraging the inhabitants of that station to renewed exertions for the erection of a church. They have already about £16 on their subscription list, which is a proof that they are in earnest. Your committee would therefore recommend that the same amount which was awarded last year be given this year, provided the intended church be set apart for the Church of England, and be erected on land secured or to be secured to the

Church Society. As the collections for this year are not yet completed, your committee can say nothing definite with respect to them, but can only hope that they will not fall short of former years. As to other collections for church purposes, your committee take this opportunity of stating that the offertory collections for the year 1854, including the collections arising from the four annual sermons for the Church Society, amounted to £22 5s. 11d. They would also beg leave to mention that a lady of the congregation while absent from home raised subscriptions to the amount of £18 15s., with which she purchased a well-toned bell, and that the inhabitants have subscribed about £12 to build a bell-turret for it. Your committee, in concluding their report, would endeavour to impress on their fellow-christians and on themselves, the deep responsibilities which rest on the members of our Church Society, and the necessity of their using their influence to extend its usefulness by endeavouring to increase the number of subscribers; and they hope that all will bear in mind that the chief purpose of our meeting together on these occasions is to quicken our zeal in the cause, and to encourage each other in the pious work of extending, by means of this Society, the benefits of the Church of Christ to all around us.

The secretary has since reported the sum of £12 3s. 8d. collected, and remitted £3 10s. 8d.

*Barrie.*

The acting secretary stated that the following sums had been paid into his hands, making together £24 18s. 1½d.—viz., collected by Mrs. Bernard and Mrs. Gowan, £8 18s. 1½d.; collected by Mrs. Boys and Miss Ardagh, £11 2s. 6d.; collected by Miss Ardagh at Shanty Bay, £3 12s. 6d.; the annual subscription of the Rev. S. B. Ardagh, £1 5s.;—whereupon it was resolved unanimously—That the thanks of this meeting be presented to the committee of ladies for the zeal with which they have fulfilled the duties imposed upon them, and for the exertions which they must have made to secure such ample success.

Mr. Whitty moved, seconded by Mr. Lally, that three-quarters of the collection made be transmitted to the Parent Society, and that one-quarter be retained for parish purposes.

Dr. Boys moved in amendment, seconded by Mr. Georgen, that two-thirds of the amount collected be applied to the wants of the parish, and that the remainder be transmitted to the Parent Society, accompanied with a list of the contributors and the amounts they have severally contributed.

The amendment being put was carried.

Moved by Dr. Boys, seconded by Dr. Ardagh, that the two-thirds of the collection retained for the wants of the parish be applied,

first, to the payment of a small bill for printing, and the remainder to the liquidation of the debt on the schoolhouse.

Moved in amendment by Mr. Lally, seconded by Mr. Bernard, that, inasmuch as the appropriation of any portion of the amount retained towards the debt on the schoolhouse would be contrary to the constitution of the Church Society, the sum so retained be applied towards the payment of any small claims against this branch, and the balance applied to the debt on the parsonage-house.

The amendment being put was lost. The original motion being put was carried.

#### *Tecumseth.*

The great object which we have long kept steadily in view has been to relieve the spiritual destitution of those poor people who reside in the more backward townships of this county. Year after year we have hoped to obtain for them a missionary ; but, owing to the deaths amongst the clergy, and the pressing wants of other places, the bishop was unable to spare one. Whilst thus unable to procure a clergyman your committee engaged the services of a faithful catechist, and during the year 1853, T. Duke labored with much success in that capacity, until obliged by ill health to resign the appointment. During part of 1854 Mr. Brereton was temporarily appointed to perform the same duties, which he faithfully executed. Now your committee rejoice in being able to state that the Rev. J. Langtry, a graduate of Trinity College, lately ordained, has been appointed to labour in the townships of Nottawasaga, Essa and Cookstown, and the hopes we long entertained are about to be realized. "In due season ye shall reap if ye faint not," is the language of inspiration. We are about to experience the fulfilment of the promise ; may we learn from it ever to trust and not be afraid.

But the Lord hath ordained that those who preach the Gospel shall live of the Gospel ; and having obtained for our poorer brethren the blessing of the ministration of religion, the next important consideration is to support it. Hitherto very material assistance towards the support of travelling missionaries has always been afforded from the Clergy Reserve Fund : of that the Church is now deprived ; her lawful patrimony has been taken away, and her enemies indulged in the vain hope that by depriving the Church of her endowments she would soon be laid low ; but they remembered not that the Lord is with her ; she must go forth and prosper ; and it devolves upon the members of the Church in this Province to make up by their individual contributions the loss which has been sustained. We have ever devoted our Church Society funds to the furtherance of the Gospel, and now more cheer-

fully than before you will cast into the treasury of the Lord, with the knowledge that what you give will be appropriated towards the support of the travelling missionary; and the Church people of this and the neighboring township of West Gwillimbury have the gratification of knowing, that owing to their liberal contributions to the Church Society and the manner in which those funds have been appropriated, a duly ordained missionary is now about to go forth to preach to those long perishing for lack of knowledge the unsearchable riches in Christ.

It has been a source of much sorrow to your minister that during the past year the Sunday schools have not been in a prosperous state. The protracted and dangerous illness of one who had indefatigably superintended the female department, the want of suitable teachers, and the heavy Sunday and parochial duties of your minister, will account for it; in a little time it is hoped they will be resumed with energy; and qualified young persons, both male and female, are earnestly requested to take part in this good work.

The Sunday and week-day services in the different churches and stations have been kept up during the past as in the preceding year.

In pecuniary matters your committee have the gratifying fact to announce an increase of £14 on the subscriptions to the Church Society during the past year; this may be attributed to the more systematic manner in which subscriptions were asked for, increased love to the Church, and especially the activity and zeal displayed by our young friends who kindly acted as collectors.

There was received in the united parishes of Tecumseth and West Gwillimbury the sum of £64 12s. 11½d.; viz: in Tecumseth £41 18s. 11½d., and in West Gwillimbury £22 14s.

It is hoped that the subscriptions this year will again show an increase, so that the liabilities incurred for the travelling missionary may be readily met. Let your prayers accompany your contributions, ever remembering, that a Paul may plant, and Apollos water, but God alone can give the increase.

Since the above report was read at the annual meeting, held February 1st, the sum of £61 has been received in this township as subscriptions to the Church Society, being an increase of £19 over those of last year. £18 has been remitted to the Parent Society, and the remaining £43 is retained to meet our liabilities for the travelling missionary.

Thus we find in this purely rural parish the people give more willingly and liberally to the parochial branch of the Church Society, as they know that their contributions are applied, not to local wants, of which there are always many in every parish, but to relieve the spiritual destitutions of those poorer than themselves.

*West Gwillimbury.*

The amount subscribed did not reach quite to the sum it did last year, but this was in a great measure owing to the heavy drain upon the people in support of the Patriotic Fund the week previous to our meeting; however, I may remark that the Church is steadily gaining ground in this mission. Our new church on Coulson's hill will be opened for divine service early in May.

The number of communicants at Trinity Church, Bradford, has much increased; and at the late vestry meeting four of the congregation undertook to liquidate the remaining debt of this church, so that we hope to have it soon consecrated.

The amount of money raised and expended on account of the church generally in this mission during the past year was £135 8s. 9d., besides the collection on behalf of the Patriotic Fund, £16 11s. 5d.

During the early part of last summer we were visited by a dreadful storm, which did so much damage to Christ Church that repairing the building is impossible; it is therefore in contemplation to pull it down, and erect a brick or frame one on the same site. To carry out this plan subscriptions have already been promised to a considerable amount, and we are only waiting for the drawings and specifications of the proposed new church before commencing active operations.

I would only further remark, that the three-fourths of subscriptions retained will be paid to our missionary stationed at Cremore Mills as a part of his stipend. Collected £21; remitted to Parent Society £7 0s. 5½d.

Meetings were held at York Mills, Yorkville, Burwick, Georgina and Springfield. For the particulars of subscription and amounts remitted, vide Appendix.

## GORE AND WELLINGTON DISTRICT BRANCH.

The twelfth anniversary of the Gore and Wellington Branch of the Church Society, your Committee are happy to report that they find its affairs in a sound, healthy, and efficient state.

The following is a comparative statement of receipts:—

|                         |            |
|-------------------------|------------|
| Whole sum credited..... | £570 4 10½ |
| Last year .....         | 559 12 10½ |

Increase..... £10 12 0

No report from Paris or Binbrook.\*

A lively interest has been exhibited in the welfare of the Society throughout the various Parochial Associations, where the usual

\* Saltfleet and Binbrook have since reported—amount collected £12 10s., and remitted Parent Society £4 1s. 3d.

Annual Meetings have been held, and your Committee desire to express their thanks to those gentlemen who have aided the resident clergy on these occasions, as well as to those who have come to assist this night in the proceedings of this anniversary.

Your Committee refer with mingled feelings of gratification and regret to the missionary operations of this association. They are gratified to think of the happy results which have thus far attended the self-denying labors of their missionaries, evinced as they are by increasing congregations, rising Church edifices, numerous baptisms and confirmations, and a growing feeling of attachment to the Church. They regret that the good work cannot be more widely extended and more efficiently carried on; that the crying wants of hundreds and thousands not a hundred miles from our doors cannot be satisfied; and that in one of their missions the work has been unfortunately suspended in consequence of the well-merited promotion of one of their missionaries to a settled charge, and the difficulty of getting another to fill his place. The only remaining Missionary, the Rev. Mr. Mulholland, of Owen Sound, whose Report will shortly be submitted to this meeting, implores additional assistance, and represents the destitution of the settlers as most deplorable. Your Committee are of opinion that this state of things cannot be permitted to continue, that some vigorous and important action must be taken. The allowance to travelling missionaries must be augmented, and experienced men brought into the field, if the Church expects to retain the affections of her people, and to keep pace with the rapid settlement of the country. Truly "the fields are white unto the harvest, but there are not laborers enough to send forth into the harvest."

The whole of the Parochial Reports are of the most gratifying nature, and shew that the hearts of the members of the Church are sound to the core:—

#### *Guelph.*

The large attendance at the annual meeting of this Parochial Association, and the liberal contribution to its funds, evince that the interest of the members of the Church at Guelph in the cause of the Church Society continues unabated. The sum of £55 10s. has been remitted to the Treasurer, being a small increase over the receipts of any former year.

#### *Galt.*

The Committee of this association have great pleasure in stating that the sum contributed to the funds of the Church Society in this mission is greater than in any preceding year, which is one of the best proofs that the members of the Church within the bounds of the association continue to feel the deepest

interest in the success of the society, and the accomplishment of the all-important object which it has in view. They cannot omit to state, however, that the increase in the sum contributed this year is chiefly owing to the liberality of the congregation which assembled in the church at Beverley, and the exertions made by the members of the Church in that neighborhood. The amount subscribed this year is £48 0s. 1½d.

*Elora.*

In presenting their annual Report the Committee have the gratification to announce a large increase in the amount of subscriptions, and, what is of far greater importance, a corresponding amount of zeal in the congregation of St. John's Church, as regards furthering the objects of the Society. There is a determination on the part of this congregation that the Church of England shall, so far as they are concerned, not be crippled by the recent act of the Legislature, which doubtless originated in a desire to weaken her influence. The more the Egyptians afflicted the Israelites, the more they multiplied and grew; and so will it be with our beloved Church.

The Committee are much indebted to the eight ladies who kindly undertook the task of calling at the houses of such members of the Church as profess to belong to this congregation, in order to solicit subscriptions. Everywhere, with the exception of one or two, they were received with a cordiality highly gratifying, and the most lively interest evidently taken in the success of their work.

It appears to be the general wish of the subscribers, in which the Committee most cordially concur, that the whole amount of subscription should be paid over to the Church Society, and no part expected back for local objects. The proceeds of the ladies' sale in October last amounted to over £50, which sum was appropriated to our own local objects. When it becomes necessary to raise anything more for ourselves, we would prefer setting on foot a subscription with that avowed object.

*Oakville.*

The Parish of Oakville reports—From Oakville, £27 13s. 4d.; from Palermo, £17 6s.; total, £44 19s. 4d.; being a considerable increase in both places over the collection of any former year.

*Nelson.*

The Committee, although they cannot report any increase over the last year, are glad to say that the same deep interest in all the affairs of the association continues to be felt by the members of the Church in this mission, and they rejoice in the success of a Society which, under the Lord's blessing, may largely aid in the

building up of Zion and amelioration of her wants. The sum collected is £32.

*Mohawk and Tuscarora.*

The Committee report a considerable increase, the amount being £32 5s. It is very satisfactory that this increase is owing chiefly to additional Indian subscribers; while most have contributed according to their ability, it is, but justice to make particular mention of the liberality of a small tribe of Delawares who, during the last few years, have been converted from paganism to the Christian faith, and brought into the Church through the zealous efforts of their excellent missionary the Rev. A. Elliott. On account of their recent conversion to Christianity, as well as their poverty, for they are very poor, it was considered inexpedient to call upon them for anything towards the Church Society till this year, and though their number is but small, they have contributed the sum of £7 5s.

*Barton and Glandford.*

The amount of contributions from this new Parochial Branch is reported to be £11 8s. 1½d. The completion of the second Church, the purchase of ten acres of land, and the erection of a parsonage-house, engage the efforts of the parishioners in this mission, and for the present hinder a larger donation to the Church Society.

*Ancaster and Dundas.*

The unavoidable absence of the Rector of this parish from home will readily account for the fact that no report has as yet been received from either of these associations, which have always held a respectable place in the returns of this Branch of the Church Society. The collections, it is conjectured, may have fallen off during the past year in Dundas, but a corresponding increase is anticipated in Ancaster, the other section of the parish. The Dundas congregation, the Rector remarks, have contributed £25 towards the purchase of a bell, and are called upon to raise that sum annually to defray the expense of the second Sunday service in that parish. Taking these matters into consideration, it is expected that the aggregate amount from the two parishes will be about £50.

*Norval and Georgetown.*

An association having been formed last month in Georgetown, the sum of £8 18s. 6d. has been collected, which, together with £14 4s. 4½d. collected at Norval, amounts to £23 0s. 10½d. The sum shows an increase of more than £8 over the collection of last year.

*Hornby.*

Owing to the severity of the weather the attendance at the annual meeting was small, but the few who attended shewed themselves to be zealous advocates of the Society. Immediately after the meeting the collectors visited each house, and notwithstanding the absence of some who were the largest contributors the past year, the amount collected exceeds that of the former year by £2 3s. 10d.

*Cayuga Heights and Mount Pleasant.*

The parochial associations of Cayuga Heights and Mount Pleasant conjoined have much pleasure in remitting to the Gore and Wellington District Branch of the Church Society the sum of £17 18s. 1½d. for the year ending in 1855. The sum exceeds that of last year; and the Committee of the above mentioned association are confident that much satisfaction and interest prevail within their mission as to the success of the Church Society, inasmuch as an inquiring and cheerful spirit was evinced during the time the collections were being taken up in aid of its funds.

*Ascension Church, Hamilton.*

The Committee, in returning the Report of their parochial association for the year just expired, have to state that, while the number of their subscribers has slightly increased, the amount collected continues about the same as that of last year. The sum of £36 5s. has been contributed for the general objects of the Society; at the same time their collectors have received the further sum of £80 3s.—the amount of subscriptions specially contributed towards the very pressing local wants of their own church. The amount available last year for local objects was expended in support of the Sunday-school and in completing the purchase of the lot of land adjoining the church. This lot is now free of debt, and secured for the erection of a schoolhouse—a want to which the attention of the congregation has been directed, and which they trust ere long to see supplied.

It may possibly at first sight appear that the sum subscribed for the general purposes of the Society is not so large as it might be; but when it is considered that the requirements of a new church such as theirs is are so very numerous, that many of these demand immediate attention, the Committee hope that the efforts of the members of their church will not be deemed unsatisfactory; for, while anxious to help forward every institution which has for its object the propagation of their most holy faith, they are of necessity constrained to direct their main exertions to the due ordering of the sanctuary in which they themselves assemble for worship.

It is not for the Committee of this association to eulogize the objects which are embraced within the constitution of the Church Society; they feel them to be the chiefest which engage the attention of men after they have fulfilled their first duty—the believing on Him whom God hath sent; and therefore they cannot but desire to co-operate with their fellow-Christians throughout the diocese in carrying into execution designs which so entirely accord with the precepts of the Christian faith.

*Christ Church, Hamilton.*

The amount collected by the parochial Committee is £121 10s. The diminution apparent in this as compared with last year's collections the Committee can satisfactorily account for—no less a sum than from £15 to £20 being lost by deaths and removal of old subscribers. Strangers newly arriving are not solicited until they have been upwards of one year resident in the parish. The congregation have likewise during the past year, with much liberality, added £150 to the income of their pastor, and presented the late curate with a purse of upwards of £60; they have likewise incurred large expenditure connected with warming and heating the new church, the furnaces and gas fittings requiring an outlay of between two and three hundred pounds; they have also purchased the property adjoining the church for £1250, of which sum £250 has been paid. Under these circumstances, and considering the fact that Hamilton, being a commercial place, feels most sensitively the fluctuations of trade and the scarcity of money, your Committee are not at all discouraged at the small falling off which appears in this year's collections. The funds returned to this parochial Committee for local expenditure were laid out in supporting the parochial school library. The former institution has for a time been suspended, but only that measures may be matured for opening it again on a larger and more efficient scale, and rendering it more nearly adequate to the wants of this populous parish.

Milton, December 5, 1854.

Rev. and dear Sir,—I beg to send you a report of the state of the Waterloo Mission at the time of my removal to another sphere of duty, and likewise an account of my duties therein during the past year.

The progress of the Church in this Mission during the past year has been very satisfactory and gratifying to the missionary. There has been a visible increase in almost every congregation, which should call forth the thanks of those interested in missions to the Almighty, in whom alone we may hope for permanent increase. A few years, if missionaries are continued in these townships, will, I believe, with the blessing of God, suffice to make many of them strongholds of the Church.

A more lively interest than formerly seems to be taken in Church matters, not only by churchmen, but also by dissenters, who are beginning to look upon the Church with more favorable eyes. Old prejudices against us, arising in a great measure from the peculiar situations in which many were placed at home, are fast dying away, and the last journey of the Lord Bishop through the mission seems to have aided much in loosing the prejudice of dissenters: his kindness and affability towards all have divested the minds of many of the idea so prevalent in the back townships, that pride and arrogance are the general accompaniments of the Episcopal office.

During the past year I have held regular services in nine townships—viz., Wallace, Maryborough, Peel, Wellesley, Woolwich, Egremont, Arthur, Garafraxa, and Erin. The stations are as follows:—

In these several places your missionary has held 167 regular services, and preached, besides many occasional services—such as baptism in private in case of sickness, or, when the distance was too great from the usual place of service, catechizing and preparing candidates for confirmation; in the performance of which duties the distance travelled was 3,936 miles. I have had about 150 baptisms during the past year, but very few marriages or burials. The Lord Bishop held confirmations at six stations, where those of the adjoining stations also assembled. At the six places 99 persons were confirmed.

**Churches.**—One church, the frame of which was up last year, has been covered in, and will I believe be fit for service this winter—viz., centre of Arthur. A church has also been contracted for at Arthur village, which is, according to contract, to be ready for worship this winter also. A subscription has also

been taken up for erecting one at Erwin's, Wellesley, next summer; and another subscription is on foot for the erection of one at Alanville, Peel.

This mission is now vacant, but will, I hope, be filled ere long. There should be at least two missionaries sent into it—one to be stationed at Alanville, and one at Arthur. This number is not, however, nearly sufficient to supply the mission. And besides these nine townships which have been mentioned, several others have during the past two years so increased as to need regular ministrations—viz., Grey, Elora, Harwick. Minto, on the southwestern side of the Owen Sound Tract, and, in another year, Luther, north of Garafraxa, will require to be visited. The people in these places are willing to aid in supporting those sent among them, and in some of the townships I think from £50 to £100 per annum could now be raised for that purpose. May God of his mercies grant a supply for their spiritual wants, for they "are as sheep without a shepherd."

I remain yours truly,

FRANCIS TREMAYNE.

Sec. Church Society, Toronto.

#### NIAGARA DISTRICT BRANCH.

Public meetings in furtherance of the objects of this association, and the very important object of making provision for the support of the episcopate after the demise of our venerable and indefatigable Diocesan, were held during the last autumn in St. John's Church, Stamford, attended by the Rev. W. Leeming, Rev. C. L. Ingles, and the Secretary; in St. George's Church, Drummondville, attended by the same; in Trinity Church, Chippawa, by the same, with the addition of the Rev. A. Nelles of the Mohawk Mission, and the Rev. E. H. Dewar, rector of Sandwich; in St. Paul's Church, Fort Erie, by the Rev. E. Grasett, rector, the Rev. A. Townley, the Rev. C. L. Ingles, the Secretary; in St. John's Church, Bertie, by the same; in St. Peter's Church, Thorold, by the Rev. A. F. Atkinson, the Rev. A. Townley, the Rev. T. T. Robarts, and the Secretary; in St. Paul's Church, Fort Robinson, by the Secretary; in St. Mark's Church, Niagara, by the Rev. T. Green, rector, the Rev. A. Townley, Rev. H. N. Phillipps, and the Secretary; in St. Paul's Church, Dunnville, and Christ's Church, Port Maitland, by the Rev. A. Townley, incumbent, and Rev. B. C. Hill, missionary at York and parts adjacent; and in January last at Christ's Church, Grantham, attended by the Rev. H. N. Phillipps, incumbent, and Rev. T. Green. These three last meetings the Secretary was unable to attend in consequence of indis-

position. It is deeply to be regretted that all the members of the church in this district do not, like the late lamented Colonel Kirby, make it a point of duty to attend in their own parishes, and, undeterred by rain, snow or mud, by their presence, if not with their voices, encourage and inspire those clergymen who, at no little inconvenience to themselves, endeavor to attend these meetings.

Your managing Committee believe that if this suggestion were followed up, and those who feel an interest in the Society would ask for information on points in regard to which they are ignorant, they would be well repaid for their trouble, and the ranks of the association would be greatly swollen and its funds vastly increased.

It has been a source of deep regret to your managing Committee to be obliged to report the district still destitute of the invaluable services of a travelling missionary. During the last autumn a gentleman recently arrived from Ireland, but who knew the country well, and who has been for many years a member of your association, placed in the hands of the Secretary the testimonials which a friend of his, a clergyman of some five years' standing in Ireland, had sent out by him for that purpose. The testimonials being of a high character, and the gentleman being willing to undertake (as your secretary understood from his friend) the duties of our travelling mission, your Secretary laid the testimonials before his Lordship the Bishop of the Diocese on the 10th of November last, and, in compliance with his lordship's wish and directions, addressed, on the 16th of November last, to the Rev. Mr. Mussen a letter, offering to him the situation of travelling missionary in this district, a copy of which is furnished to the committee. A few weeks previous to the last ordination your Secretary received a note from the Rev. H. J. Grasett, B.D., Secretary to the Lord Bishop, stating that his lordship wished to know if we had funds on hand to support a travelling missionary, and if so, desired the appointment of one, as it was thought that one of the young gentlemen about to be ordained could be spared for our district. Your Secretary felt himself bound to answer that, having, with the Lord Bishop's direction, invited the Rev. Mr. Mussen from Ireland out for that purpose, he did not think that the managing Committee would feel themselves at liberty to employ another gentleman until such time as they had heard from the Rev. Mr. Mussen, or that full time had elapsed to enable him to answer your Secretary's letter of the 16th of November. Your managing Committee regret to say that no answer has been received as yet from that gentleman. In connection with this subject your Committee have much pleasure in announcing that a worthy member of the Church, not by any means in affluent

circumstances, but a hard working farmer from the North of Ireland, now occupying a rented farm, has kindly offered to your Secretary to afford your travelling missionary his board and lodging, and provender for his horse, free of charge, if he would be satisfied with the best he could place before him. This is a spirit worthy of a churchman, and your managing committee desire it to be known, that others may emulate so good an example.

The following places have been supplied during the past year with occasional services:—Port Colborne once a month, by Rev. E. Grasett, rector of Fort Erie; Queenston once a month each, by Rev. T. Creen, rector of Niagara, Rev. T. B. Fuller, rector of Thorold, Rev. C. L. Ingles of Drummondville; the Junction once a month, by Rev. T. B. Fuller; and Marshville three times a year by the same.

The *Parish of St. Catharines* reports that the collections for the current year (including the sum of £2 10s. which goes to the Parent Society intact) amount to £52 10s. This is somewhat less than the amount collected last year; but the diminution is not so great as might have been expected, when the following circumstances are considered—namely, the death and removal of some regular subscribers, the extreme scarcity of money, and the pressure of local claims.

The *Parish of Niagara* reports the total amount of their collections for the past year at £50 15s. 1d. The parochial Committee attribute the diminution in the subscriptions of this parish to two causes—first, and chiefly, to the removal of the greater portion of the military, by whom the garrison was in former years occupied; and, secondly, to a liberal subscription-list which the congregation have entered upon for the erection of a parsonage-house.

The *Parish of Chippawa* reports that the subscriptions of this parochial association for the past year amount to £45 18s. 9d., being a slight decrease on the contributions of the preceding year, occasioned in part by the removal of some few of the subscribers to other parishes. The parochial Committee, however, have no reason to apprehend a growing indifference to the prosperity of the institution, but have every reason to hope that their association will continue to give it a gradually increasing support.

The Committee of the *Stamford and Drummondville Branch Association* (within the Parish of Chippawa) report, that while the subscriptions and donations do not amount to a sum which ought to have been raised by the united association (but which, however, will be found to be £2 11s. 6d. in advance of last year's amount); yet they feel assured that this does not arise from any want of confidence in the Society, or of interest in Christ's Holy Church.

£18 19 3

The parochial Committee assure the District Branch that great exertions are made to keep up the quarterly collections in this portion of the parish.

The *Parish of Thorold* reports that, owing to the failure of crops during the past year, and the stagnation of certain branches of business on which some of the contributors to this parochial branch depend, strong fears were entertained that there would be a large decrease in the collections for the current year; they have therefore the greater pleasure in reporting that, owing to the faithfulness of several of the collectors, this large apprehended decrease has been changed into the considerable increase of £7 2s. 6d. above that of last year, the amount for the current year being £39 13s. 9d., whilst it is believed that other contributions will yet be received. When it is taken into consideration that the people of this parish are engaged in erecting a very substantial, elegant, and costly church, it is hoped that this contribution to the funds of the Church Society will be received as a favorable omen of what will be done by them for the support of Church institutions, when they shall have been more fully taught their duty in this respect, and shall have realized more fully than they have yet done their privileges and their duties as Churchmen.

The parochial Committee of *Dunnville, Port Maitland, and South Cayuga* report that a portion of the largest subscribers having left Dunnville, and the heavy local depression commercially, leaves the absolute amount less than last year, when a special effort was made; still it is a steady increase upon most former years, and the subscribers more general. Port Maitland shows, on the contrary, an increase of about one-third, and is again, I trust, beginning to revive after its severe suffering in former years from removals and deaths. The hopeful little congregation of St. John's Church, South Cayuga, has again nearly doubled any previous year's subscriptions. The amounts are—Dunnville, £8 0s. 2d.; Port Maitland, £13 12s. 6d.; South Cayuga, £4 15s. 7½d.

The *Parish of Fort Erie* reports that the sum of £14 has been collected during the past year.

The *Parish of Louth* reports the sum of £3 10s., including the Rector's contribution to the Widows and Orphans' Fund.

*Grimsby* reported direct to the Parent Society the sum of £20 10s. collected, and remitted £8 10s.

Appended is the Treasurer's account of receipts and disbursements for the past year:—

GEORGE RYKERT, *Treasurer.*

St. Catharines, 26th February, 1855.

#### TALBOT DISTRICT BRANCH.

This Branch remitted the whole amount collected to the Parent Society.

#### LONDON DISTRICT BRANCH.

##### *Delaware and Caradoc.*

Meetings were generally held throughout this district during the past year with good results. Branches have been formed in the following places, and subscriptions forwarded for the first time, at Port Stanley, Warwick, Port Burwell, Stratford, and Mersea.

The Committee of the Delaware and Caradoc Church Association, in presenting their brief report to the members of this association, would remark, that although the subscriptions and quarterly collections have not been much less than those of the preceding year, yet they have every reason to believe from past experience that steady advances will be made in proportion to the growth and prosperity of this settlement. Hitherto contributions have been made to this association, with few exceptions, by the stated members of the congregation attending this church, who also have been contributing towards their minister's salary by pew-rent. Now, your Committee are of opinion, that since the majority of the population of this province have decided by their suffrages at the hustings, during the past year, that endowments from the Crown for the support and advancement of the Christian faith is injurious to the cause of divine truth, and that the voluntary system is better calculated to effect that end, your Committee therefore entertain the most sanguine hope that assistance will be afforded henceforth by the people at large, who will place the churches and ministers in a better position than hitherto, since the allowance from the Clergy Reserve Fund never gave the clergy, at least of this church, a half support.

In conclusion, the Committee are happy to add that the sum raised by this association during the past year, and which was remitted to the Parent Society without any deductions, amounted to—in subscriptions, £13 10s.; quarterly collections made at Christ Church, Delaware, and the Caradoc Academy, £11 8s. 2½d.; total, £24 18s. 2½d.

#### BROCK DISTRICT BRANCH.

A meeting of the Brock District Branch of the Church Society, Diocese of Toronto, was held pursuant to notice at the town-hall, Woodstock, on the evening of Thursday, the 1st of March. The attendance on the occasion was good, although smaller than it undoubtedly would have been but for the coldness of the weather. The clergy present were the Rev. W. Bettridge, B. D., chairman of the district; the Revs. Messrs. Palmer, Cronyn, Flood, Brough, Revell, Boomer, Marsh, Fauquier, and the secretary. The report shewed that a great amount of zeal exists among the members of this branch, a proof of which may be gathered from the fact that the subscriptions in the Woodstock Parochial Association alone exceed those of last year by £77 7s. 6d., the whole of which it was resolved to remit intact to the Parent Society.

#### *Woodstock.*

In transmitting the amount collected within this Branch, the Committee are thankful to be enabled to state that the number of subscribers to the Church Society, and also the amount subscribed by many individuals, has this year very materially improved. This evidence of increased interest in the operations of the Society may, it is to be hoped, be considered as a harbinger of still further exertions in so holy and good a cause.

This parochial branch has this year adopted the rule of sending the whole amount subscribed, without any deduction whatever, to the Parent Society. The amount of the subscriptions this year is £94 11s. 3d.; but, owing to the difficulty in obtaining money, the committee regret to say that of this sum £10 10s. yet remains unpaid; so that the whole amount remitted amounts to £84 1s. 3d.

The collections in Huntingford exceed those of the former year, and were remitted in full to the Parent Society. A branch was formed at Burford, and remittance made to the Parent Society.

#### WESTERN DISTRICT BRANCH.

A branch of the Society has been formed in Windsor, and a sum remitted, though the church has been only lately established there, and the congregation are struggling to erect a handsome stone church.

*Sarnia.*

The Committee have the satisfaction of presenting a favourable Report of this branch of the Church Society. The annual contributions to the general purposes of the Society amount to £11 5s. 3d. The quarterly collections during the past year have amounted to £9 9s. 10d., being in each case an increase over those of the preceding year; but these we believe might be greatly augmented. Much more would be contributed, both towards supplying the wants of the parish and maintaining the cause of the Church throughout the Diocese, did we occupy a different position from that in which we are at present placed. Although this is a rapidly increasing town, we are as yet without the advantage of a resident minister or a regular service; the consequences have been a feeling of discouragement, a growing apathy regarding the general interests of the Church, and the congregation has not increased proportionately with the increase of the population.

It has pleased Almighty God during the past year to remove from amongst us one, by whose devoted zeal and energy the Church in our neighbourhood was much benefitted, and whose loss many amongst us have deep reason to deplore. We trust that his deeds of kindness towards his neighbours and liberality towards his Church, the fruits, as we truly believe, of an humble and living faith in the Lord Jesus, may have the happy effect of prompting others to the performance of similar acts of love and mercy.

Through the liberality of the late Captain Vidal, the deed of a building erected for a church will be given to the Society as soon as the necessary arrangements can be completed, and thus every facility will be afforded, as far as the people can minister to their own wants, for the public worship of Almighty God. The church has been supplied with a handsome communion service by Mr. F. Vidal, the father of the late Bishop of Sierra Leone, with liberality books by Admiral Vidal, and with a stove, &c., by Mr. G. Durand.

All that has been done for the Church amongst us, has been done by our own people, unassisted by those at a distance; and while we can but count ourselves to be unprofitable servants, still we think that we have no reasonable ground for dissatisfaction in the fact that the contributions from this parish towards the general funds of our Church Society will bear comparison with many parishes in the Diocese far more favourably circumstanced.

*Moore.*

We have but little to report from this Branch. During the past year there has been a slight but satisfactory increase, both in the numbers of subscribers and in the amount subscribed. We trust, that as the people become more sensibly alive to the fact that the

Church, deprived of all endowment and external aid, depends entirely for support upon the exertions of her members, they will be led to be more active and zealous in maintaining the efficiency of the Church Society, as the proper agent for dispensing those funds which are employed in the extension of the ministrations of the Church.

Amount subscribed, £20 14s. 4d. Sent to the Parent Society, £10 1s. 6d.

#### NEWCASTLE DISTRICT BRANCH.

The limits usually assigned to a District Report, especially where the different missions consist of settled parishes, affords little scope for novelty of matter or variety of detail. Your Committee theretore now proceed to lay before you a financial statement of the proceedings of each Parochial Committee as far as they have been reported during the past year;—premising that no change in the number or appointment of the Clergy labouring within the district has taken place during that period. In the course of the winter parochial meetings were held in all the front townships, which were generally well attended; and the result, so far as yet ascertained, may be considered satisfactory. Your Committee deeply regret, that by reason of a heavy fall of snow, which for a time completely shut out the roads and rendered them impassable, they were unable to extend their visits to some of the townships; and the same cause prevented their brethren in those missions from attending the meetings on the front.

#### *Cobourg.*

Since the last Annual Meeting of the Church Society this parish has completed what was then in progress—the new Church of St. Peter. This handsome and substantial structure, capable of containing 1000 persons, and which it is expected will be sufficient for the congregation of the town and neighbourhood for some years to come,—was opened for Divine Service on the 15th October last. The whole cost, from the commencement of the tower, will exceed £4000; and this large sum, with the exception of about £180, has been raised entirely within the parish. After the best exertions on the part of the Building Committee, a debt of about £500 still remains to be discharged; but it is confidently believed that, by the application of a portion of the ordinary Church revenue, two annual collections in Church, and some aid from the local Church Society, this incumbrance can be entirely removed in the course of two or three years.

It would reasonably be anticipated that the very large expenses attending the undertaking would have the effect of partially diminishing the contributions for general objects: for, in addition to

the payment of subscriptions, the offering on Easter Sunday towards the building fund amounted to £70, and those on the day of the opening of the new Church to £53 11s. besides nearly £100 obtained by a sale of useful and ornamental articles furnished through the exertions of the Ladies of the parish. Notwithstanding this large outlay, the quarterly collections for the Church Society have nearly maintained their average; and the subscriptions for the present year amount to £90 6s. 5d.

The expenditure on the part of the Parochial Board since the last annual meeting has been

|                                                 |     |    |   |

| Total, .....                                    | £16 | 1  | 3 |

After making this deduction, and remitting one-fourth to the Parent Society, there will be a balance available of about £50, which it is proposed to apply towards the liquidation of the debt of St. Peter’s Church.

*Port Hope.*—From this Parochial Association no Report has been received.

#### *Grafton.*

Great exertions have been made during the past year to increase the funds of the Parochial Committee; and the appeals which have been made to the people have, with scarcely an exception, been met with the most generous and liberal spirit. A small congregation in the 6th concession of Haldimand, about eight miles back of Grafton, have shown their appreciation of the services which they occasionally receive, by very freely contributing to the support of the Church Society. And they have evinced a disposition to receive instruction from their minister in the principles and doctrines of the Church which is exceedingly encouraging, and may well stimulate us to further missionary exertion on behalf of our spiritually destitute brethren. There is one very gratifying feature in this congregation, which deserves to be noticed; and that is, that the men will lay aside their occupations and intermit their daily business on those occasions when their minister visits them, in order that they may attend Divine Service. Surely such people may humbly hope that the blessing of Almighty God may rest upon themselves and their families.

A venerable and highly esteemed member of the congregation at Grafton has also been exceedingly liberal in his contributions to the Church Society; and altogether this committee has been enabled to raise the sum of £31 15s., being a much larger amount than has ever been raised in the parish for similar

purposes. The proportion allotted to be expended for local purposes will be reserved to assist in making a payment upon a small endowment for the parish, recently purchased from the Hon. George S. Boulton.

When the smallness of the congregation is considered, the result of their contributions appears very satisfactory ; and it can be said with truth, that they abound in *good works*.

*Colborne.*

The people of this parish continue to be occupied in paying for their glebe ; and gladly avail themselves for this purpose of the proportion of the Society's funds appropriated to local objects. During the past year a large payment has been made to the Government on this land, which leaves yet due another and final instalment, which it is hoped will be paid off in the course of a few months.

The amount collected for the Society by this Parochial Committee during the past year is, £32 12s. 6d., being the largest amount yet contributed for this purpose. Those gentlemen who have kindly undertaken the work of collection in this parish deserve the special thanks of the Committee ; as, but for their untiring exertions during the last two or three years, many subscriptions which now appear on the list would never have been received by the Society. It thus appears that there has been raised in the Mission of Grafton and Colborne the sum of £64 7s. 6d. for the Society during the past year. If a few faithful and zealous members of the Church in each parish would only give a little time and attention every year to the promotion and duly carrying out of the various excellent objects of the Society, its income might easily be doubled or trebled ; and the efficiency and usefulness of such an institution, for all such purposes, be very greatly improved and increased.

*Clarke.*

This Parochial Committee have nothing of a special nature to report respecting their operations during the past year. Their exertions have been chiefly confined to the removal of the large debt still due upon the parsonage. When the parish shall have been relieved of this heavy responsibility, the committee will gladly turn their attention to the furtherance of those objects, both of a local and general nature, which come more properly within the scope of the Society's operations.

The subscriptions for the past year amount to £25 : the usual proportion of which will be transmitted to the Parent Society.

The Committee regret that their pledged engagements require all the available funds at their disposal for local purposes : as

they are thereby prevented from recommending the appropriation of a larger sum to the use of the parent Society, than the proportion required by the constitution. They regret this the more, because they are deeply sensible that the present position of our ecclesiastical affairs demands the united and vigorous efforts of the Church throughout the Diocese.

*Darlington.*

The Committee of the Darlington Branch of the Church Society have nothing special to record at the close of the present year. Impressed, however, with a deep sense of the vast importance to our common country and the Church of Christ in this land of the various operations of our noble Church Society, they have rejoiced to find that the contributions in aid of the funds of that institution within the parish during the year have far exceeded those which were obtained in the previous year. The sum collected is nearly £30. To the Ladies who voluntarily undertook the task of collecting, and who have succeeded so admirably, even in the midst of some opposition, great praise is due—and it is hoped as each succeeding year rolls round, that there will be those to be found who will nobly imitate their example, and address themselves in earnest to the blessed work of thus replenishing the treasury of the Lord.

In conclusion, your committee cannot help but remember that great responsibility rests upon the members of the Church generally in this Diocese, in relation to the Church Society. With *such* it rests to say, whether that Society shall be crippled and fall powerless to the ground, or whether it shall have such a place given to it in their prayers, and be so sustained by their exertions, that it shall prove the grandest auxiliary which the Church in this country has ever had.

*Cavan.*

The Churchmen in this mission have set a good example of Christian enterprise and beneficence; for, in addition to the sum of £24 contributed by the Parochial Committee, in £13 10s. from St. John's Church, and £10 10s. from St. Paul's, they are taking active measures to erect a Church in the thriving village of Millbrook. For this purpose the sum of nearly £400 has already been subscribed by the parishioners, about £300 of which is contributed by the inhabitants of the village. Besides these liberal contributions a suitable building site has been procured, valued at £100, the joint offering of three individuals.

During the past year the people of this flourishing township paid £100 towards their Minister's salary; and from what your Committee can learn, there is every probability of a like sum being contributed this year also.

Let us hope that the Divine blessing may rest upon the zealous labours of the Churchmen of Millbrook; and that they may soon be privileged to behold, in addition to other marks of prosperity, the *Village Church*, where they and their families may regularly assemble to worship God after the manner of their fathers.

#### *Manvers.*

In consequence of the severity of the weather, the annual meeting in this township was very small. The collectors of last year were re-appointed. The lists have not yet been completed; but the incumbent has been authorized to say that a sum not less than last year will be transmitted to the Parent Society.

The Committee have to report a very important local improvement, viz., the fencing of one side of the church-yard. This has been accomplished with a balance of £12, which remained in hand over liquidating the debt on the church. There are also funds in hand to fence the other side.

Up to this date, the sum of £6 17s. 6d. has been paid towards the salary of the clergyman for last year.

#### *Cartwright.*

The annual meeting in this township was well attended. Several of the laity present forcibly advocated the claims of the Society. The people came forward and paid down £6 5s. on the table. This sum has been increased to £8. One-fourth of this sum is now ready to be sent to the Parent Society.

The Committee have to report the painting and seating of the Church since last year. This has been done at an expense of £42 5s., one half of which has been collected in the township. The sums collected and expended in the township are as follow:

#### *Seymour.*

This Parochial Committee, in consequence of the heavy burdens still pressing upon the congregation, have not felt justified in

incurring any additional pecuniary responsibility, in the shape of contributions to the Church Society. Engaged almost exclusively in agricultural pursuits, and for the most part struggling to obtain a livelihood from such occupations, they have not at any time been capable of accomplishing very much for the advancement of true religion; but during the last year, especially, they have been rendered less able by the direct withdrawal of the bounties of Providence on what they particularly lean for support. There has been a general failure of their wheat crop, which is their staple article of commerce.

But, notwithstanding these drawbacks, they have been by no means niggardly in their contributions: for, in addition to paying £50 towards the maintenance of their missionary, they have expended upwards of £30 upon their yet unfinished church, which, until fully completed, must necessarily cause a heavy drain upon their very limited resources.

Your Committee have learned with sincere grief that it has pleased Almighty God to arrest the excellent and devoted missionary of this parish in the midst of his active and zealous labours, by a most painful visitation of severe illness, from which he has been suffering for many months past, and which has almost incapacitated him for active exertions, and consequently precludes him from that pastoral intercourse with his people which, under the Divine blessing, may be viewed as the mainspring of ministerial success. But, notwithstanding this sad and grievous affliction, your Committee feel warranted in cherishing the belief that, amongst the people of his charge there exists an increase of vital godliness and of warm affection for our beloved Church. And they earnestly hope and pray that it may please the Great Head of the Church to restore their brother again to health and strength, and enable him to labour with increasing success in the vineyard of our Divine Master.

#### *Rice Lake.*

This Parochial Association presents nothing calling for special remark; but the Committee have agreed to send to the Parent Society the sum of £2 10s. as their contribution for the past year.

From this abstract of the Society's labours in the different missions comprising this District, it will be seen that the result, if not equal to what might reasonably be expected, is, on the whole, encouraging. But, when your Committee consider the admirable constitution of the Society, and the various excellent objects which it is intended to promote, they cannot avoid expressing their regret that a more decided and united effort is not made on the part of both clergy and people to sustain and foster so valuable an institution. And they feel persuaded that this backwardness of which

they complain does not arise from any opposition on the part of our people, but from the want of a better acquaintance with its organization and working ; and from the fact, that their duties in this respect are not sufficiently explained and forced upon their attention. Our people must be exhorted to lay aside all sectional differences, to avoid party spirit, strife and contention, and to give their hearty and zealous support to those Church Institutions which have for their aim and object the advancement of the Redeemer's Kingdom, by promoting the edification and salvation of the souls of men.

We should feel deeply thankful, that in order to meet the pressing necessities of our Church and to unite all our people in missionary enterprise, we have established among us such an institution as the Church Society. And various instances are mentioned in this report, where individual parishes or missions gladly avail themselves of the medium thus afforded them of promoting and sustaining Church objects of a purely local character. For it is a most important feature of our excellent Society that, while it enables us to unite with the Church at large in promoting the general good of the whole, it also affords us the best means of carrying on in our respective missions the various objects which it was instituted to accomplish.

And here your Committee would venture to suggest, that the Church Society affords to every Parish or Mission in which a branch is established a most valuable means of procuring a small endowment or Glebe, which might be gradually paid for, by allotting from year to year the three-fourths of all monies raised within the parish, together with whatever donations and subscriptions might be collected for that purpose. It should be well borne in mind that in all great undertakings much may be accomplished by regular combination and methodical management. And none should feel themselves excused from assisting in the extension and support of Church ministrations, when we consider the peculiar and trying position of our ecclesiastical affairs at the present time.

That prosperity which was intended for the sustenance and extension of true religion has been alienated and applied to secular uses. This circumstance, therefore throws upon us the responsibility of averting, as far as possible, the direful results which might otherwise ensue from this act of cruel injustice. To fulfil this duty, we must all bear our part, both in securing to ourselves, and extending to others, the ministrations or that branch of the Church Catholic to which we belong. To carry out this noble design, and to give additional efficacy to our contributions in aid of this great work, we feel persuaded that we cannot do better than employ the agency of the Church Society : its organization

enabling it to give utility to the smallest offering, and to accomplish objects beyond the reach of individual effort. *In the present exigency lukewarmness would be a disgrace, and indifference a crime.* Something more is required from us than mere profession, or the scanty offering doled out by worldly prudence; and which is at once disproportioned to the magnitude of the object for which it is solicited and unworthy the cause to which it is to be applied

Rather, as God has prospered us, so let us give; and, as good stewards of his manifold gifts, let us be found faithful in the use and improvement of the talents committed to us. If we all do this, the cause of the Church will not languish; the enemy will not prevail against us; the destitute will not want spiritual nourishment, nor the vineyard of the Lord faithful and devoted labourers, to collect the scattered and wandering sheep in the highways of the world, and to labour among them in the word and doctrine.

#### VICTORIA DISTRICT BRANCH.

Emily is the only parochial branch existing in this district. The congregation are engaged in building a parsonage house and in paying for their glebe, but they have notwithstanding contributed as usual to the Society. In the Parish of Peterboro', and the Mission of Lakefield, the quarterly collections have been regularly made.

#### MIDLAND DISTRICT BRANCH.

The following parishes have reported the amount of their subscriptions and remitted their quota to the Parent Society: St. George's, Kingston; St. Paul's, Kingston; Bath, Adolphustown, Napanee, and Camden.

#### PRINCE EDWARD DISTRICT BRANCH.

The Secretary of the Prince Edward District Branch of the Church Society respectfully submits to the Annual Meeting his accustomed report, and in doing so rejoices to note the signs of improvement which have been witnessed in the several parishes of the county during the past year.

The Parochial Association of the St. Mary Magdalen Church, Pictou, state that the objects of the association have been advanced in the following manner—First, by the purchase of a new organ at an expense of more than £130 currency.—Secondly, by the gift of the former organ, valued at from £20 to £25 to the congregation of St. Philip's Church, Milford; and thirdly, by the purchase of a lot of land at an expense of £40 or £50, and by the erection of a shed thereon for the horses of the country attendants at the Parish Church, at a further outlay of £38.

The Maryburgh Parochial Committee "have great pleasure in being able to report great progress in our onward march for the church's good. Under God's providence, we have been able to stir up an interest among the church inhabitants of the Parish of Milford, which promises to eventuate in a great public benefit to the parish. St. Philip's Church needed repairs and enlargement, the sum necessary being £200, and your Committee have the satisfaction of being able to report subscriptions in hand for this purpose to the amount of £100.

"The Committee would also beg to direct attention to the fact that country parishes need the fostering care of the District Branch of the Church Society to enable them successfully to maintain their churches and the public worship of Almighty God within their bounds.

"The Parochial Committee of Christ's Church, Hillier, desire to express their gratitude to the Almighty Giver of every good and perfect gift, for the agricultural and commercial prosperity which its members, along with other inhabitants of the Province, have enjoyed.

"The said Committee take great pleasure in reporting the erection of a suitable and ecclesiastically correct building for the worship of God in Wellington—towards which many of our generous fellow-churchmen in various parts of western Canada have contributed, and that had it not been for the unprecedented severity of the weather, the said church would at this time be open for divine service—a result which they trust speedily to accomplish.

"A subscription for the building of sheds has been commenced, and it is believed that in the ensuing season they will be completed. The Committee, in closing, have to express their regret that nothing has been done towards rendering the vestry-room of Christ Church, Hillier, more suitable as a robing-room for the clergyman: but trust that before the inclemencies of another wintry season are upon us something may in this way also be accomplished."

The Clergyman recently appointed to Sophiasburgh reports the establishment of a Parochial Association, and that subscriptions to the amount of £3 15s. 0½d. were obtained and directed to be transmitted in full to the Parent Society.

#### BATHURST DISTRICT BRANCH.

##### *Perth.*

It will be remembered that this association has, after a discontinuance of eleven years, been only now resuscitated. The obstacles which accordingly present themselves are not only

various, but the circumstances under which the association is now called into existence are most untoward. There is, in the first place, a pressing debt of £100, also a large deficiency in the voluntary portion of the clergyman's salary; whilst "the times" are proverbially the hardest ever known in this section of the province. Feeling these difficulties, the Committee undertook their task of collecting more from a sense of duty than from any hopes of the least success; they accordingly beg leave to report a beginning, and hope, if spared for another year, the cause of the Society may gain ground, and the number of contributors be increased: at present they report 64 contributors, and the amount £15 15s. 7½d.; half of which they beg leave to transmit to the funds of the Parent Society.

#### *Ottawa.*

A subscription list was presented, all of which had been collected, amounting to £64 6s. 7d. currency; the sum of £1 7s. 6d. of this being specially given for the Widows and Orphans' Fund, leaves £62 18s. 1d. at the disposal of the subscribers for parochial purposes, after one-fourth has been remitted to the Parent Society. The sum of £15 15s., being one-fourth of the collection, and £1 7s. 6d., specially subscribed to the Widows and Orphans' Fund, was remitted to the secretary of the Parent Society.

Resolved, That in consequence of the inclemency of the weather, this meeting cannot, in justice to the absent subscribers, proceed with the disposition of that portion of the funds set apart for local purposes, but that a meeting be called for that object on Monday, the 16th instant.

The following parochial branches have all reported amounts collected, and remitted to the Society:—Carleton Place, Ramsey, Ennisville, Franktown, Richmond, North Gower, and Ashton. The sums collected, in every instance, exceeded those of former years.

#### *Pakenham and Fitzroy Harbor.*

It is now a little more than twelve months since the Secretary of the Parent Society visited the mission for the purpose of assisting the late incumbent in organizing a branch. Those who were present at the meeting then held and heard the character and objects of the society explained at large by the Secretary, and the immense benefits clearly laid before them that must necessarily result to the church in those places where a branch is established and continued in operation, could not fail to be deeply impressed with the importance of the subject, as well as with a sense of their own individual obligation to sustain so excellent a system by every means in their power. That such an impression was the

result of the Rev. gentleman's zealous appeal seems to have been very fairly evidenced in the amount contributed by the mission to this sacred cause.

The object for which the Secretary of the Society undertook the great labour of visiting us was not accomplished when that meeting dissolved. It was intended to secure a permanent result—a lasting effect. He merely put a ball in motion, and then left us to preserve that motion. This intention we are now met to execute, for the intention of the Society is that the members of each Parochial Branch shall meet annually to receive a report of its past operations, and devise such wholesome measures as may most conduce to advance the interests of the society.

The Church Society is not a body of which we hear much but see nothing; but it is a body with which we are acquainted intimately. We ourselves here assembled constitute a true Church Society, though in subordination to the Parent Society—we are a branch. The Parent Society is the stem or trunk from which we spring and by which we are upheld. It permits us not only to retain the three-fourths of our contributions to it for our own local purposes, but also lends us its aid when we require it and its funds permit. During the past year we have much reason to be thankful for the liberal grant by the Society of £4 worth of books and tracts to us, although not of even twelve months' existence as a branch. These books are at present in circulation throughout every part of this extensive mission; and I have been much gratified with the many assurances I have received of the pleasure with which they have been read, and of the great profit derived from them by the members of the Church. The Society has reason to be gratified with the response which this mission has made to its first appeal. I find on referring to its last annual report, that £36 5s. Od. has been raised for the Society, of which £10 5s. was forwarded to the Secretary, and the balance expended in the mission. With a portion of this sum, the church in Pakenham has been enclosed with a substantial fence, and serviceable additions made to the furniture of the interior; while Fitzroy Harbour has applied one portion of its share to the increase of the fund collected for the erection of a handsome stone church in that locality, and the other to the purchase of a Sunday School Library. These are visible, substantial, and permanent benefits, which we have already derived from a single collection. What future results may we not then anticipate from this Society when its objects being more fully known and appreciated by the members of the church amongst us, their contributions will increase, and grow more in proportion to these objects, and, it is to be hoped, to their own means? With regard to the amount above stated as the contribution of this mission for the last year to the

Society, it must be said that it was considerably swelled by the addition of the pew rents of the Pakenham Church. Members holding pews, handed in as their subscriptions the amount of their year's rent. This was not strictly correct, because, in the first place, pew rents should be appropriated by the vestry; and secondly, it gives a false estimate of the strength of the society in the mission, which should rather be tested by the direct contributions of its members, than by the application of funds derived from other sources to swell its income.

This mission is a most extensive one, and the members of the Church in it very numerous, numbering in the township of Fitzroy alone in the years 1852, 1,172. Taking these facts, in connection with their prosperous circumstances, it is not unreasonable to expect a proportionate expenditure upon religious objects. It will, then, be interesting to know what has been done during the preceding year. We will first give the figures, and then proceed to detail those projects in contemplation, and which are necessary for the more efficient ministrations of the church in the mission.

The entire sum contributed by the mission during the year 1854—that is, from the 31st of December, 1854, to the 1st of January, 1855,—exclusive of the salary of the incumbent and sundry sums subscribed towards the erection of the church in Fitzroy Harbor, amount to £75 10s. 1d. Of this sum, £13 15s. was contributed to defray the expenses of the delegates to attend the meeting of the Synod lately held in Toronto. As, however, this amount was not sufficient, the mission was represented in the person of the incumbent only, thus leaving the entire amount subscribed by Fitzroy Harbor, £4 6s. 3d., still on hand, to be applied to the same purpose whenever the Synod meets again, which, there is reason to suppose, will be some time during the ensuing summer. The offertory collections in the several stations stand thus :

|                             |                        |
|-----------------------------|------------------------|
| Fitzroy Harbour, .....      | £10 14 5 $\frac{1}{2}$ |
| St. Mark's, Pakenham, ..... | 7 5 2 $\frac{1}{2}$    |
| Ninth Line Church, .....    | 3 5 9 $\frac{1}{2}$    |

The sums collected for the special objects of the Church Society are as follow :

|                                             |                      |
|---------------------------------------------|----------------------|
| Fitzroy Harbour, Mission Fund .....         | £ 0 14 10            |
| W. and O. Fund, .....                       | 1 0 0                |
| St. Mark's, Pakenham, Students' Fund, ..... | 0 14 10              |
| W. and O. Fund, .....                       | 0 15 8 $\frac{1}{2}$ |

The balance, £37 5s. 0d., is composed of the Church Society Collection, of which, as was above observed, £10 5s. 0d., was forwarded to the Parent Society, and the balance applied in the way already stated.

From these figures let us now turn to a brief consideration of the state of the mission in regard to its requirements. The

most obvious disadvantage it labors under is the want of Church accommodation. As respects one end, Fitzroy Harbour, there is much reason to hope, owing mainly to the persevering, well directed and energetic efforts of our Church Warden, W. P. Taylor, Esq., and the zeal of the building committee associated with him, that the numerous and respectable congregation which now attends divine worship in the school house in that village will shortly be enabled to assemble in a more suitable building. It were much to be desired that we could congratulate the mission on the equally near prospect of a Church in the vicinity of the Fourth Line. It is now generally felt that the necessities of the mission require one somewhere in that locality, as it is the most thickly peopled by the members of the Church. The Pakenham Church is most inconveniently situated for the great majority. An united effort will be required to erect a building of a character that will reflect credit upon the religious sentiment of the members of the Church, and contrast more favorably with their own substantial stone houses, than that which now speaks to them so reprovingly from its unpainted interior as well as from its black and neglected wooden walls.

The first difficulty usually felt in the erection of a Church is to secure an eligible site. This difficulty does not now exist with us, as Mr. Thomas McCormack has liberally offered to make a grant of one acre for this purpose, and to sell five acres adjoining, upon which to erect a Parsonage and for the purpose of a glebe. Mr. Robert Harris has, unasked, likewise expressed his intention to add one acre of well wooded land to the glebe from that end of his farm which adjoins Mr. McCormack's. No more suitable situation could be selected for both objects, and therefore it is to be hoped that these offers will be thankfully accepted.

#### EASTERN DISTRICT BRANCH.

The District Secretary, in forwarding this abstract of the several Parochial Reports, has the pleasure of stating that the contributions to the Church Society from this district exceed the amount reported last year by the large sum of £102 12s. 6d. It is the more gratifying to call attention to this increased liberality to the Church Society, inasmuch as the Episcopal Fund and local wants have in several parishes been liberally responded to without infringing on the claims of the society.

#### *Brockville.*

The Parochial Committee report £58 9s. 10d. as subscribed in this parish. Of this sum £2 10s. was specially given to the Parochial School Fund, and £2 10s. to travelling missionaries. Of the balance, one-fourth has been remitted to the Parent Society, as well as the rector's subscription.

The offertory collections for the society for the past year amounted to £67 7s. 8d., including £21 12s. 6d. collected on Thanksgiving day, and appropriated by the Rector to the W. and O. Fund. The total sum thus contributed to the Society being £125 17s. 6d.—exceeding that of the past year by £38 2s. 7½d.

It is a subject for congratulation and a motive for increased encouragement thus to record an increase in aid given to the Church Society, inasmuch as the local expenditure in this parish for the past year exceeded £700, exclusive of £600 subscribed to the Episcopal Fund.

It may not be out of place to mention that the thanks of the vestry were gratefully tendered to the children of the late Mr. and Mrs. David Ford, for the presentation of a handsome triplet window of stained glass for the chancel of St. Peter's Church, as an appropriate memorial of filial affection, and a grateful offering to the church of Christ. Thanks were also unanimously voted to Mrs. Sidney Jones, for the munificent Easter offering of (£100 to the Parochial School Fund.

#### *Prescott.*

The subscriptions made in the united branches of Prescott and Maitland amounted to £32 8s. 2d.—one fourth of which has been transmitted to the Parent Society.

The offertory collections for the Society amounting to £38 10s., as also the Rector's subscription, and £7 contributed for synodal purposes, have also been remitted.

#### *Cornwall.*

The Committee of the Cornwall and Moulinette Branch report that, owing to the death or removal of thirteen subscribers, there is a trifling falling off in the list of subscriptions. Among those whom Providence has removed by the hand of death, we have to regret the loss of one, an estimable lady who for 12 years had been a subscriber of £3 per annum, and a member moreover of a family most conspicuous for liberal contributions to the charity of the parish. Another cause of diminution may probably be traced to the fact that great exertions were made for the Episcopal Fund, nearly £400 having been subscribed, and £52 of this sum paid into the hands of the Treasurer.

It may be added that £30 was expended on the church-yard, fence and shingling the parsonage, objects embraced in the con-

stitution of the Society. May God's blessing rest upon the Society and all contributing to its funds.

*Merrickville.*

The Missionary at Merrickville reports £9 3s. 9d. as subscribed, the whole of which has been forwarded to the Parent Society. The offertory collections for the Society amounted to £5 0s. 9d. Total £14 4s. 6d.

*Elizabethtown and North Augusta.*

The Rector reports £10 2s. 6d. as subscribed in New Dublin, and £7 17s. 6d. in Augusta, one fourth of which, together with the Rector's subscription, has been sent to Toronto. The quarterly collections for the Society are—New Dublin, £4 4s. 6d.; Augusta, £4 1s. 11d. Total contributions to the Church Society, £26 6s. 5d.

The Rector adds, "a few trifling repairs were made upon the church at New Dublin, but the congregation at North Augusta have very creditably drained and enclosed with a good and substantial fence their church-yard, at an expense of £21 6s. 7½d., which has been paid. Elizabethtown has also subscribed £24 15s. to the Episcopal Fund, and Augusta £46."

*Hawkesbury.*

This Branch has raised £19 3s. 4d. for the Society's objects, including the Incumbent's subscription, and that of John Hamilton, Esq., an incorporated member. The quarterly collections made at Hawkesbury and Vankleek Hill were £7 14s. 4d.

The Incumbent reports that £110 has been contributed towards his stipend, of which sum £50 is subscribed by the Messrs Hamilton, who also provide a residence for him. These gentlemen have also offered £30 towards the completion of a spire for the church, when a similar amount shall have been raised by the congregation.

A lady at Vankleek Hill has obtained subscriptions of £25 towards procuring a bell for for St. John's Church, and by the aid of funds raised in Kingston and Brockville, together with £12 10s. from the Church Society, it is hoped that this church will soon be completed, the congregation having subscribed towards reducing the debt £12 2s. 1d. This mission has succeeded in procuring subscriptions to the amount of £150 to the Episcopal Fund.

*Kemptville.*

The Incumbent reports as follows : Subscriptions to the Church Society.

£73 15s. has been subscribed in the parish to the Episcopal Fund.

The missionary at Mountain reports £6 3s. 9d. as collected for the different purposes of the Society; and the Rector of Williamsburg £6 15s., the proceeds of the quarterly collections. The Rev. Mr. Tremayne reports offertory collections amounting to £2 2s. 1d., while £37 10s. has been raised towards finishing St. John's Church, New Boyne, and £40 at the several stations in his mission towards his stipend.

From the above Report the Secretary draws the pleasing inference that the Church is becoming more and more alive to her duties and responsibilities, while the increasing liberality of her members forbids us to doubt but that, notwithstanding the tyranny and spoliation to which she has been subjected, she will become more and more an instrument of good, more self-sustaining and blessed in her exertions. As a summary of the above Parochial Reports, we find that this district has in subscriptions and offertory collections contributed to the Church Society for the present year.....£352 2 2½

To this, add sums subscribed for local purposes,  
and which do not include the full expenditure  
in all the parishes ..... 2,419 9 10

## RESOLUTIONS

PASSED AT THE THIRTEENTH ANNUAL MEETING,

*Held at Toronto, on Wednesday, June 6th, 1855.*

THE HONORABLE AND RIGHT REVEREND THE LORD BISHOP OF TORONTO in the Chair.

Moved by G. W. Allan, Esq., seconded by Rev. Arthur Palmer :

*Resolved*,—That this Society adopt the Report, and desires thus publicly to acknowledge its gratitude to the Almighty Disposer of all things for any measure of success which has attended the operations of this Society, and more especially that he has been pleased to preserve to the Canadian Church, out of the wreck of her property, a small endowment to assist her in diffusing and perpetuating the blessings of true religion in this extensive Diocese.

Moved by J. W. Gamble, Esq., M. P. P., seconded by J. H. Hagarty, Esq., Q. C. :

*Resolved*,—That this Society, considering the greatly increased prosperity of the country, and the urgent necessity for prompt exertion consequent upon the imperfect provision yet made for the maintenance of even the present Ministry of the Church, calls upon Churchmen seriously to consider their responsibility, that as the Commutation Fund has been formed by the spontaneous action of the clergy, so the laity should do their part in the good work of endowment, by, with equal zeal, creating and maintaining a Sustentation Fund.

Moved by P. M. Vankoughnet, Esq., Q. C., seconded by Absalom Shade, Esq. :

*Resolved*,—That the thanks of this Society are warmly tendered to the Clergy of the Diocese, for their readiness in commuting their individual claims for the benefit of the Church—to all those who have in any way during the past year furthered the Church's interests ; and more especially to those who, in our Legislative Assembly, have maintained her rights.

Moved by Rev. E. L. Elwood, seconded by J. W. O. Clarke, Esq.,

*Resolved*,—That the earnest sympathies of this Society are with the sister societies of Quebec, Montreal, Nova Scotia, New Brunswick and the venerable Societies for promoting Christian

Knowledge and for the Propagation of the Gospel in Foreign Parts, and that we look with the same interest upon their efforts in the service of our common Lord and Master as we cordially believe they feel towards us.

Moved by the Hon. G. S. Boulton, seconded by Rev. B. Cronyn :

*Resolved*,—That an address be presented to his Excellency the Governor General congratulating his Excellency upon his assumption of the Government of this Province, and requesting his Excellency to be pleased to become the patron of this Society.

The hon. mover then read the following address, which was adopted :

#### ADDRESS.

*"To His Excellency Sir Edmund Head, Bart.*

"The Bishop, Clergy, and Laity of the Church Society of the United Church of England and Ireland in the Diocese of Toronto, take the opportunity afforded by their first annual meeting since your Excellency's assumption of the government of this Province, to approach your Excellency with the expression of their undiminished loyalty to the Crown, of their personal respect to yourself, and their confidence in the wisdom which has guided Her Most gracious Majesty in the selection of your Excellency to fill the high and responsible office which you now occupy.

"Although the course of legislation latterly pursued by the Imperial Parliament in reference to this portion of the Colonial Church, has not in its character been so favourable to what we deem our just rights and interests as we might reasonably have expected, nevertheless we assure your Excellency that our principles of loyalty to our beloved Queen and of attachment to the Mother Country have not been in any degree shaken, nor have we been led thereby to entertain with the slightest favor any prospect, however remote, of severing the ties which bind this Province in affection and in duty to the magnificent empire of which it is so favoured a portion.

"We would also assure your Excellency, that in whatever steps we have taken or may yet take to obtain and secure for the Church that amount of local self-government and internal self-regulation necessary for her well-being, we have not been actuated nor will we permit ourselves to be actuated by any desire to separate ourselves from the Mother Church of England and Ireland, which has indeed been a nursing mother to us, and to which we feel ourselves united by the bonds of a hallowed communion, which neither time nor distance should be allowed to obliterate.

"While we acquiesce with a spirit of Christian submission to the disposition which the Provincial Legislature has made of the

endowments of the Church, acknowledging that at least your Excellency's Government is relieved of an embarrassing question which has been made, however needlessly, to assume a difficult and disturbing aspect, we, at the same time, look forward with confidence to receiving at your Excellency's hands that protection in our guaranteed rights and that immunity from further oppression, to which every subject of Her Majesty is entitled.

"The course of events has precluded the United Church of England and Ireland in this Province from asserting or exercising any claims or privileges as an *established* church, with any especial preference or precedence; but no course of events can destroy her claims to a perfect equality in all respects with every or any other religious body in this Province; those rights we shall ever assert, but without prejudice to the rights or liberties, civil or religious, of any other denomination of Christians. In the preservation of those rights we look to your Excellency as to one to whom the interests of all classes of her Majesty's subjects here, and the maintenance of the great principles of justice inherent in the British Constitution, have been safely entrusted.

"We express our hope that your Excellency, by becoming our patron, will continue to the Church Society of this Diocese that countenance which it has invariably received from your predecessors; and while, in looking forward to the future, we cannot but participate in the anxiety with which the present war has overcast the minds of all reflecting persons, we will ever pray that the Sovereign Ruler of all earthly events may so guide all the acts and councils of your Excellency and your advisers that your Excellency's Administration may long be distinguished by the progress of true religion amongst us—by the growth of our Provincial prosperity, and by the stability of every institution conducive to the welfare and happiness of our community."

About half-past ten o'clock, His Lordship concluded the proceedings with prayer.
