The most important thing that the city council did yesterday in its eleven hour session was to approve of the hour session was to approve of the payments of the pensions to ex-Fire Chief Thompson and ex-Deputy Chief John Noble. Col. J. P. Langton, nom-inated for the position of fire commis-sioner by the board of control for the second time, was again turned down by council, and the matter of appoint-ment sent back to the board of con-trol for further consideration, and the bringing on of another name. The commissionership, has reached a point now where the council want a man that can command a unanimous vote and the board will have to look around before making another recom-mendation.

The Victory of Venizelos According to cable reports the Greek electorate by an overwhelming ma-

jority has pronounced itself as supporting the late prime minister, Eleutherios Venizelos, who resigned when King Constantine refused to sanction the entry into the war on the side of the allies. The court of Athens favors Germany, its attitude, no doubt being influenced by the fact that the queen is the kaiser's sister. Venizelos Gerrard and Sherbourne streets. This must have anticipated opposition in court quarters just as he knew his strength with the Greek people. Since his retirement to Egypt evidence that he would be returned to power has not been lacking. So strong were the public demonstrations in his favor that the elections were postponed and the country placed under a rule practically amounting to martial law, Venizelos ranks among the greatest statesmen of Europe today in the city far beyond the speed limits, and again menace civilization. children and he says: "The more legs that are under a table, the stronger is that table." Perhaps we do not agree with him here in Ontario, where the families are notably smaller. In

the United States babies had quite gone out of fashion, until Theodore Roosevelt delivered his scathing arraignment of race suicide. . Yet we probably have much larger families in Canada than they had in England say four hundred years ago. Froude, at

fed, watered and rested in transit for the British army. Receipts of fat cattle were moderate, compared with those of a week ago, but quite equal to the demands. The run not being as large, pflees were from 10c to 15c higher than on Thursday, as will be seen by the comparison of values paid on the two days. Stockers and feeders were not in much demand, and values were unchanged. One outside buyer being on the mar-ket had its influence by causing prices to be from steady to firm. Receipts of sheep, lambs and calves being light, caused prices to be very firm, but unchanged. Hogs were easier, on account of a lib-cated at Cherryvale, Kas, and has been in continual operation for nearly ten years.

WITHIN SEVEN THOUSAND FEET OF AN 8.000-BARREL PRO-DUCER. The Company has made a payment of a two-thirds interest in one hun-dired and sixty acres in nearly the cen-tre of the township that contains nearly all of the great Cushing (ii) wells. Even an 800-barrel well on this new property would mean a fortune to our company—as it is close to our mine the day and you must start your remittance at once or not later than that date, or it will have to be re-turned. Other advances will be cer-tain soon to follow. The future will prove that this is a real opportunity offer to you. There will only be one opoly in America and that will be The Uncle Sam Oil Company.

new property would mean a fortune to our company—as it is close to our pipe line and we could soon drill a dozen wells around it and soon put our pipe line and refineries at in-creased capacities. The chances are good for from a 200 to a 2,000-barrel well on our Ranch Creek properties. Why should 3,000 to 4,000-barrel wells be found in the Boston pool, five miles away, and nct some of the same in our Ranch

completed, The Uncle Sam Oil Com-pany may have a ten thousand barrel production daily. The fates seemed to have favored the Uncle Sam Oil Company, Injus-tice and persecution, when backed by the brute power of criminal money, crushes its way thru for a while, but always wins in the end. Therefore, The Uncle Sam Oil Company may soon succeed on a big basis and its fifteen thousand stockholders may be able to bring sufficient publicity to force justice and thereby the valida-tion of this vast Osage Uncle Sam lease.
