31ST YEAR

LLOYD HARRIS, LIBERAL, DENOUNCES RECIPROCITY

Charges Sir Wilfrid Laurier With Breach of Faith—By a Secret Arrangement Two Men Had Tied the Hands of Parliament—Borden's Resolution to Defer Action Defeated by 111 to 70—Nationalists Vote With the Opposition.

MANY MEMBERS ABSENT WHEN VOTE IS TAKEN.

OTTAWA, March 8.—(Special.)—Two features in the reciprocity debate presented themselves to the house of commons to-day. One was the rejection of Mr. Borden's motion for delay pending action by congress, the other was a sound, well-reasoned, business man's speech by Lloyd Harris (Liberal, Brantford) opposing the entire scheme.

Mr. Harris charged Sir Wilfrid Laurier with breach of faith. The prime minister had promised there would be no revision of the tariff before a commission had made a thorough investigation. This was a secret arrangement in which two men had tied the hands of parliament.

He was not a high protectionist, and had no objection to a reduction in the duties where the government was aware of what it was about.

The rejection of Mr. Borden's amendment to the motion to go into committee on the reciprocity agreement to-day only emphasized the party allegiance. The vote stood 70 for and 111 against, giving majority of 41. The division came suddenly after 3 o'clock, and some members were unable to reach the house.

W. M. German was thus prevented from recording his vote with the opposition. There were eighteen pairs. Mr. Monk and the Nationalists voted with the amendment, also Hon. Clifford Sifton and Lloyd Harris. A. Verville, Liberal Independent, voted with the government. W. O. Sealey (Wentworth) has been talking of opposing the resolution, but lost his courage at the final test. His vote was received with derisive conservative cheers, and he now proposes to move that the fruit schedules be stricken out.

A Departure From Liberal Policy. Lloyd Harris (Brantford), on rising to continue the debate in committee on Mr. Fielding's resolution, said he regarded this as the most important question that had come before the country since confederation. He was not able to support the government since he considered it a regret. He claimed that it was a departure from the policy which he had thought was the policy of the Liberal party. This view, he said, was shared very largely by very many people throughout Canada, and they must not imagine that all the friends of Canada were within the four walls of the house.

Mr. Harris stated that he had refrained from making any public utterance regarding his position until he had heard the premier of yesterday the premier had made a magnificent speech. It had covered every aspect of the subject—except one. Sir Wilfrid had been frank and admitted that he had not discussed the business side, because he was not a business man. "Perhaps," said Mr. Harris, "I look at things from too practical a standpoint."

Four Reasons. Apart from the economic features of the case, the member for Brantford said he had four good and sufficient reasons for this opposition—to the reciprocity agreement. First he did not think the government had any mandate from the voters. The main argument advanced against this was that it was an historic policy. However, he thought it was wasted time to discuss this. He himself had no mandate from his constituency.

A voice: "Have you a mandate to oppose it?" Mr. Harris: "Every man has a right to oppose a thin he has no mandate to support." His second reason was the method of doing it. If there had been a mandate the method would have been correct, but there was no mandate. The members had not been called into consultation. The fact was simply that two men had gone to Washington, had come back to parliament and were trying to force this on the people. He personally could not support such an arrangement.

When Germany raised her tariff against Canada the way of the Dominion was to raise the Canadian tariff against Germany. In tariff dealings with the United States the Dominion should have given the same answer as was given to Germany. So far from having been consulted, the facts were that two ministers had returned from Washington on a Wednesday. He spoke to cabinet ministers about it and found that they knew nothing about it then he knew himself. The

Continued on Page 7, Column 3.

Mr. Borden's Resolution

That all the words after the word "that," in the proposed motion, be omitted, and the following substituted therefor, "that the reciprocity agreement embodied in the resolutions submitted to this house by the minister of finance on the 26th day of January last was also submitted on the same day by special message of the president of the Congress of the United States of America, which was then in session.

"That the said session has now expired, and congress has failed to approve and carry out the said agreement.

"That a considerable length of time must necessarily elapse before the said agreement can be dealt with by congress at a special session.

"That the fiscal changes proposed by the said agreement are of a far-reaching character, and constitute a substantial reversal of the policy which has been approved by the people of Canada.

"That in the opinion of this house the said resolutions should not be proceeded with until the electors shall have had an opportunity of pronouncing upon their merits."

MOTORMAN IS ARRESTED RESULT OF CAR ACCIDENT 'T WAS 90 BELOW ZERO SIX MILES FROM EARTH

Charge of Criminal Negligence—Three Passengers Hurt in Collision.

George Simmings, 38 Perth-avenue, was arrested yesterday afternoon by Detective Mitchell, charged with criminal negligence in connection with an accident yesterday morning at College street and Spadina-avenue, when his car struck a Belt Line car, injuring three persons more or less seriously.

The warrant, which charges that Simmings "did by unlawful omission and neglect of duty, endanger the safety of several passengers being in or upon a car of the Toronto Street Railway Co.," was sworn out by Sergeant of Detectives Mackie, and the man was arrested at his room.

The accident occurred at 8 o'clock yesterday morning at the intersection of the two lines. Simmings, who has only been employed by the company for two months, was driving his Coltrane car, No. 1380, east, when it struck Belt Line car, No. 334, in charge of Motorman Peter Lunnon, near the rear of that car. So hard was the collision that the car struck that it slewed completely about and wrecked the rear platform. A number of persons in both cars were severely shaken up and three of those in the Belt Line car were so severely injured that they had to have medical attendance. The front vestibule of the College car was wrecked. The Belt Line had to be taken to the repair shops by a wrecking crew. Traffic was blocked for a considerable time.

The most seriously hurt were: John Duncan, Wychoff, scalp wound and sprained ankle, taken to Grace Hospital; Miss May Street, 274 College-street, head out and shaken up; Miss George Smith, 1175 College-street, was severely bruised about the right arm. The two last named were attended by Dr. Silverthorn and then taken home.

Simmings left his car immediately after the accident and turned in his badge. He refused to work any more. Eye-witnesses say that he did not apply the brakes and was responsible for the accident.

MARRIED IN HOTEL

Young English Couple in Haste to Have Matrimonial Knot Tied.

An unusual event took place at the Palmer House last night, when a young English couple met after a year's separation, and being too impatient to wait until to-day, when the church altar would be available, had Mr. Jos. Belanger, manager of the hotel, vacate his office, that the ceremony which would make them one might be performed there.

The principals of this romantic marriage were Ernest Pourpeart and Nora Jeffries, both of Twickenham, Middlesex County, England. Pourpeart came to Canada about a year ago, after making a satisfactory agreement with Miss Jeffries, that when the time seemed most opportune they should form a life partnership. True to her word, the young lady waited until her far-away lover felt the time had come and sent for her to join him here. She arrived in Toronto last night, accompanied by her brother and his wife, after making a rough passage on the ocean.

The bride was given away by her brother, and Rev. F. E. Powell of Chelsea performed the ceremony.

Ticket Agents Meet. A meeting of the executive of the Canadian Ticket Agents' Association is to be held at the King Edward this afternoon to decide upon date and place for the association's next annual meeting, to appoint a representative to the General Passenger and Ticket Agents' Convention at St. Paul, Minn., and other business.

A GOOD TIME TO LOCK THE DOOR.

INTENTIONS OF U.S. SCARCELY VEILED

The Official Washington Still Talks of "Manoeuvres." There is Little Attempt, Speaking Privately, to Conceal Object of Movement of Troops to Mexican Border—War Machine Works Smoothly.

EXCITEMENT IN THE DIPLOMATIC RANKS

WASHINGTON, March 8.—The officers who get the machinery going for the great gathering of U. S. troops and warships from end to end of the Mexican frontier to-day drew their first long breath in 24 hours and sat back to "watch the thing work." From all directions trains are carrying soldiers, horses, field guns and ammunition toward the places of rendezvous.

ACUTE SITUATION IN CHINA

Canada Asked to Give \$100,000 to Relieve Starving Millions. The following cablegram has just been received from Rev. D. MacGillivray, chairman of the committee in charge of the distribution of the famine fund in China. It tells its own story and makes its own urgent appeal.

"IT IS A FACT."

There are more untoward happenings and more incidents of public interest occurring on Saturday afternoon than on any other day in the week. This is accounted for by the fact that the majority of people are not engaged at their usual occupation—the greater number are on the streets or attending at some amusement or sporting event. It is also a fact that we all like to know what is happening to the other fellow, and we like to know quick. The way most Toronto people get it is thru the columns of The Sunday World, which is printed and distributed Saturday night. You can buy it from all newsdealers or newsboys, or you can have the last edition delivered to your home for five cents per copy.

A Loveable Criminal.

As a play "Raffles," which comes to the Princess next week is unquestionably the most interesting that has been written in the last generation. In the title role, Kylie Belew is a loveable criminal.

MANY HAPPY RETURNS.

To R. J. Score, born in Toronto, March 9, 1842.

EASIER ACCESS TO HYDRO POWER

Hon. Adam Beck's New Bill Compels Municipal Councils to Apply for Estimates on Single Ratepayer's Petition—Only Residents to Vote in Local Option Contests.

Another hydro-electric power bill was introduced in the legislature yesterday by Hon. Adam Beck, chairman of the commission. A lively debate on the "three-fifths clause" also afforded the well filled galleries consolation for the disappointment of those visitors who were on the watch for the anticipated reciprocity debate, which may possibly be reached this afternoon.

Hon. Col. Matheson announced a modification of the proposed tax on trotting horse race meetings. Instead of being required to pay a tax of \$10 for a one-day, \$40 for a two-day, or \$80 for a three-day meeting, the tax will be \$10 a day up to four days, a total of \$40, with permission for one running horse race each day. The tax for additional days would be \$200, the same as for the seven-day Jockey Club meetings.

HOCKEN PUTS IT UP TO PYNE

The Continuation of Bilingual Schools, He Declares, Rests With the Department of Education.

BARRIE, Mar. 8.—(Special.)—Twelve hundred people packed the Grand opera house to-night to hear the big guns of the Orange Grand Lodge for Western Ontario boom for the second time in this community in exactly 50 years. Hon. Dr. Pyne, Dr. Sproule, Hon. Jas. Duff, Mayor Geary and Controller Hocken of Toronto were all vigorously cheered.

NO FREE TRADE IN FISH

LONDON, March 8.—(Special.)—At a largely-attended meeting held to-night under the auspices of the Ontario Fish and Game Protective Association, the feature of the evening was the address by Kelly Evans, Toronto.

CHIEF OF POLICE RESIGNS.

WALLACEBURG, March 8.—This town is without a chief of its police force. Chief Best, who has been in charge, resigned to-day owing to friction arising over being asked to assume added responsibilities, and he has decided to quit. A successor will be secured at once. The position is worth \$700 and fees.

NEW COUNTY JUDGE.

CHATHAM, Ont., March 8.—Col. Fred Stone of this city has been officially notified of his appointment as senior county judge at Sault Ste. Marie.

YOUR SPRING SILK.

The Spring is the season for Silks, and when you are buying a silk hat it will pay you to remember that it is only the latest design that will prove a good investment. Get a hat with the name of a big maker on the inside band. The Dineen Company is sole Canadian agent for 'Henry Health' of London, England, and Dunlap of New York. —Main Floor—Centre.

DR. HASTINGS LAUNCHES PURE FOOD CAMPAIGN

Milk, Meat and Fish to be Rigidly Inspected—Clean Up of Back Yards.

Dr. Hastings, medical health officer, yesterday presented a report to the board of control as to his proposed scheme for cleaning up the yards and cellars, and expenditure for laboratories and inspection of milk, meat and fish. He also asks for \$30,000 for the spring season. Twenty-five inspectors are requested for this purpose, as compared with 12 previously employed. During the past year, the milk inspection will involve an expenditure of \$5000. The inspectors will not only make a thorough investigation of the sanitary conditions in all places where milk is sold, but will also make enquiries as to the existence of communicable diseases among the employees. Inspections will be made once a week. In addition to this he asks for \$2000 for two veterinary surgeons to inspect the sources of meat, fish and bread he requests \$6000, in addition to the salaries of the two inspectors now employed. During the past year, the report points out, there were slaughtered at the Western Cattle Market 125,000 cattle; 194,200 sheep; 125,325 swine, and 29,474 calves. At the Union Stock Yards, West Toronto, the number of animals slaughtered was 165,586 cattle; 46,242 sheep; 47,481 swine, and 18,581 calves. Post-mortems were held on 1530 cattle, showing to some extent symptoms of disease. Of this number 25 were slaughtered at the abattoir under government inspection. The remaining 828 were slaughtered under the personal inspection of Dr. Saunders, city veterinarian.

There are in Toronto, Dr. Hastings points out, 22 private slaughter houses, in which are killed an average of 730 cattle per week, or 36,400 cattle per year. In addition to this there are 36,500 sheep, 24,000 hogs and 16,824 calves slaughtered annually. In the case of the cattle alone it was only possible to make 1894 post-mortems out of 36,400 slaughtered annually. Assuming that only one per cent. of the cattle slaughtered are diseased, enough to warrant their condemnation for food purposes, Dr. Hastings points out that there must have been 340 carcasses used in Toronto last year which should have been condemned.

SHEFFIELD CHOIR'S WORLD TOUR

A Briton, wherever he may be, whether he is of the old country, or whether he is a habitant of the dominions over the seas, is ever ready to admire pluck, and the enterprise of Dr. Harris. In inaugurating the great idea of a world's tour of the finest body of choristers ever brought together, it is bound to meet with the admiration and approval of those who have the great cause of musical advancement at heart. The credit for the inception of the idea is due solely to Dr. Harris, but without the cordial co-operation of Dr. Henry Coward, and the members of the Sheffield Choir, the successful carrying out of so great an enterprise would have been well nigh impossible. Ent when all the factors are equal, when all are equally determined on the success of the undertaking, there can be no doubt as to the eventual successful result. Music in itself has an elevating and at the same time a levelling effect, but levelling in the sense that it alone will prove that the great task which Dr. Harris has undertaken, will be of immense service to the various countries that are to be visited. The choir will be heard at Massey Hall April 4 and 5.

Central Conservative Association.

The Central Conservative Association of ward six will hold their regular monthly meeting in the Brosson, at the corner of Dundas and Brook-ave. to-night. It has been arranged that two or three members from New Ontario will address this meeting, and it is expected that they will show what effect reciprocity would have in this new part of Ontario, should the present reciprocity bill ever be carried into effect.

CHIEF HAD EASY SAILING

His Estimates Met No Opposition in the Fire and Light Committee.

The estimates of the fire and light departments calling for an expenditure of \$458,713.40 in the former, and \$164,281.45 in the latter, were taken up by the fire and light committee at a special meeting yesterday afternoon.

The fire department's estimates were passed with scarcely any comment, except on the requisition for \$20,000 for auto chemical and hose wagons. Controller Spence questioned whether the motor propelled vehicles would be satisfactory in the untraveled streets during the winter months. On the chief explaining that the hose wagons would prove satisfactory, the item was passed with the rest of the fire department estimates.

The estimates for lighting were all returned back in order to give the secretary an opportunity of conferring with the city's hydro-electric department. The request for appropriations were based entirely on the present system of lighting.

Chief Thompson had a special request for an additional increase in the salaries of the firemen other than provided for in the city bylaw governing increases in this department. The request was considered at the regular meeting of the committee when the special sub-committee is expected to be ready to report on the increases.

KEEN FOR LOUISA-STREET LINE

Street Railway Asks Ontario Railway Board to Grant Power.

The Toronto Railway Company has applied to the Ontario Railway and Municipal Board for power to build the line on Louisa-st., their request for which has been before the civic works committee and the board of control for a couple of weeks. They also ask that the city be enjoined from interfering with the proposed extension. The city solicitor has asked the board of control for advice on the matter, and the request has been before the civic works committee and the board of control for a couple of weeks. Action was deferred until to-morrow.

PREVENTION OF TUBERCULOSIS.

The Canadian Association for the Prevention of Tuberculosis will hold its eleventh annual meeting on Thursday and Friday, the 16th and 17th of May, in London, Ontario. It is hoped that a large number of the public will attend. It is especially hoped to interest certain air currents in the which are contemplating active work in this movement by the opportunity these meetings will afford of visiting the Queen Alexandra Sanitarium at London.

WON'T RAISE RATES.

MONTREAL, March 8.—Local transportation officers in this city today gave emphatic denial to a rumor which had gained currency to the effect that the steamship companies would raise the Atlantic passage rate on the eastern trip, owing to the largely increased traffic which will result from the coronation festivities in June.

Sending Out Balloons.

The balloon division of the Dominion meteorological service at the Toronto Observatory is now in operation. Kites and balloons carrying self-registering thermometers and other meteorological instruments are being sent up to ascertain the air currents in the higher atmosphere. The last balloon sent up alighted near Peterboro. In each case the finder is rewarded for the return of the high flier and its instrument.

True Bills Against Women.

True bills were returned by the grand jury in the case of Mira Ehrlich, for receiving a quantity of stolen brass, lead and iron from the Grand Trunk, and Bessie Campbell, accused of stealing from the T. Eaton Co. two fasciators, one silk tablecover, and one box of paste, and of receiving the articles.

W. D. Cotton Here.

H. D. Cotton, Boston, organizing secretary of the Monetary Exportation Company of New York, is spending a few days in the city in the interests of the work. He reports that The World interest will be brought up. According to Inspector Hughes, school children of Toronto have over \$100,000 deposited.

READY FOR JUDGE'S PROBE

Waterworks Engineer, Confident of Vindication—Mr. Leslie's Statement.

Waterworks Engineer Fellowes moved from the Island to the city yesterday to prepare for the opening of the investigation of his department, which is set for Monday morning before Judge Winchester. He says he welcomes the enquiry, and that he is confident the conduct of his department will bear criticism and inspection. He expressed a wish that the waterworks be put on a permanent basis. Mr. Leslie, who made the declaration shortly himself and Contractor Leslie, will be given an opportunity to repeat the statement before the judge.

Contractor Leslie stated that Pike was discharged before he complained of being ill. He seemed to have no bump of location at all. Mr. Leslie declares, as when told to place the pipe of the pump in a certain spot, he was believed to have made a mistake, and another diver was sent down to make investigations. He discovered that Pike had placed the pipe at the opposite side of the intake from where he had been instructed to place it.

Nothing could be done towards repairing the break in the conduit yesterday because of the strong wind blowing and the amount of ice floating in the vicinity of where the work is to be done.

GERMANY WARNS VATICAN.

BERLIN, March 7.—In a speech before the Diet to-day, Chancellor Von Bethmann-Hollweg admonished the Curia that a persistence in the recent tendency to the issuance of decrees affecting Germany without previous consultation with the government would lead to retaliation.

The chancellor announced that teachers taking oath of anti-modernism would not be permitted in the future to teach history or German in the middle schools. The government likewise, he said, would consider the matter of the oath-taking when filling other state posts.

Teaching Appointments.

At the meeting of the management committee of the board of education to-day the following recommendations from the board of inspectors will be brought in.

The Resignation of Miss A. A. Doner.

The resignation of Miss A. A. Doner, teacher in Strathcona school, has been accepted.

Miss E. Beatrice McCoy be transferred from St. Clair to Strathcona school.

Miss B. Redpath, now on the staff, be assigned to St. Clair school.

Request of the Queen-st. East Day Nursery for a kindergarten be granted.

Leave of absence from April 1 until the end of the term be granted Mrs. S. A. Spence, teacher in King Edward school.

Mrs. Florence Robinson be appointed to the Island school.

Missionary Meetings.

The Young People's Missionary Movement have arranged for an inter-denominational Missionary Institute in Winsham for the surrounding district on March 18th and 21st.

The speakers will likely be: Rev. A. E. Armstrong, Mrs. F. C. Stephenson, Rev. Canon Gould, Rev. W. C. Priest, and on March 21st an institute will be held under Y.P.M.M. auspices in Paris, when Rev. W. T. Gunn, Rev. A. E. Armstrong, Rev. J. G. Brown, D.D., Rev. A. C. Farrell, B.A., and Rev. H. C. Priest will likely be the chief speakers.

Penny Bank Banquet.

The Penny Bank of the public schools saving institution, will hold their annual banquet in McCorkley's to-morrow night. Representatives from Ottawa, London and several of the cities and towns of the province will be present, and many matters of interest will be brought up. According to Inspector Hughes, school children of Toronto have over \$100,000 deposited.

BOTH PARTIES WERE DESIROUS OF SECRECY

Reason Why British Manufacturers Were Not Consulted During Tariff Negotiations.

LONDON, March 8.—Every time reciprocity is mentioned in parliament there is a warm passage-at-arms. Mr. Balfour, leader of the opposition, and Sir Edward Grey, the foreign secretary, had a brush to-day in the house of commons over Ambassador Bryce. Mr. Balfour wanted to know what instructions had been sent to the ambassador, and why British manufacturers had not been consulted during the negotiations between the United States and Canada.

The tendency would be for the Americans to put pressure on Canada to raise the duties against the United Kingdom, said Mr. Balfour. The only bright spot, he said, was Premier Laurier's reiterated wish for imperial preference. "This question is not dead in Canada and I can assure the government it is not dead here," he exclaimed warmly.

The foreign secretary replied that the government had not sent any instructions to Ambassador Bryce, and did not propose to do so.

A Deep-Ceyd Mystery.

Hearing of a certain mysterious unidentified communication received by a number of principals and teachers of the public schools recently, calling a meeting in King Edward school yesterday, Superintendent of Buildings Bishop stated that no application had been made for the use of the school and it was closed up at 10 o'clock minutes before the hour the meeting was called for.

The Stomach Needs Help

The Liver, Kidneys and Bowels Must be Kept Active to Ensure Health.

DR. CHASE'S Kidney-Liver Pills

Not one person in a hundred can get along at this time of year without using something to enliven the action of the liver, kidneys and bowels. Too much eating of heavy artificial foods, too little outdoor exercise, this is the explanation.

The liver and kidneys are over-sold in their efforts to remove the poisonous waste matter from the system. They fail and become torpid and clogged. The bowels, becoming constipated and stomach derangements follow.

There is one medicine which will overcome this condition more certainly and more quickly than any other, and this is Dr. Chase's Kidney-Liver Pills. This medicine gets the bowels in action at once and by awakening the liver and kidneys ensures the thorough cleansing of the filtering and excretory systems.

With the poisonous obstructions removed, the digestive system resumes its healthful condition, appetite improves, pain and aches disappear as well as irritability and depression.

You can't imagine a more satisfactory treatment for biliousness, constipation, backache and kidney disease than Dr. Chase's Kidney-Liver Pills. One pill a dose, 25 cents a box, at all druggists, or Edmondson, Bates & Co., Toronto.

ALWAYS EVERYWHERE IN CANADA ASK FOR EDDY'S MATCHES

HEAVY INFANT MORTALITY

Dr. MacMurphy Makes Startling Report on Conditions in Toronto.

Dr. Helen MacMurphy, in a special report made to the government on infant mortality in this province, points out that in Ontario in 1000 births 125 die before they reach the age of one year. The rate in England is 109 per thousand births and in New South Wales only 72 per thousand.

"The time has come to act," she declares. "We cannot give everybody certified milk, but we must see to it that the poor man's milk is good enough for him to keep his baby alive."

"In Toronto," Dr. MacMurphy says, "there are houses as bad as existed in Scotland in the 18th century."

Dr. MacMurphy quotes Dr. Newsholme, chief medical health officer of the London County Council, to the effect that infant mortality is highest where under urban conditions of life, filthy privies are permitted, where scavenging is neglected and where the streets and yards are to a large extent unpaved.

WILL NOT SELL CHURCH.

MONTREAL, March 8.—St. James' Methodist Church property will not be sold, notwithstanding the reports or tempting offers. At a meeting of the joint boards of the church, it was unanimously decided that altho they could dispose of the present property at a figure that would enable them to build a suitable church elsewhere, the most aggressive work could be done in their present building. It is said that an informal letter mentioned tentatively \$1,500,000 as a basic price.

Women's Historical Society.

The monthly meeting of the Women's Canadian Historical Society will be held to-day at 3 p.m. in the Canadian Institute. Papers will be read by Miss Richardson and Miss Chaucey Toote.

A Literary Wedding.

CAN'T EXPROPRIATE LAND

City's Request for Wider Powers Gets Setback at Queen's Park.

The municipal committee yesterday declined to accept Toronto's proposal giving cities of 100,000 inhabitants the right to expropriate land within 200 feet of the limit of any proposed road and to hold the land to sell it later at a profit.

H. L. Drayton for the city said the object in expropriating the land and selling it later was to help to pay for the local improvements.

The clause was referred to the private bills committee.

Toronto's request that the city have power to allow the city engineer to add to the cost of the maintenance to all tenders for pavements in competition with contractors was also voted down.

OTTAWA MAN APPOINTED.

Sir James Whitney announced yesterday afternoon that Hiram Pratt, barrister, Ottawa, had been appointed deputy clerk of the crown, clerk of the county court and registrar of the court of sessions for Carleton County, in succession to John B. Featherston, resigned.

ALLOWED ANOTHER YEAR.

A year's extension was granted yesterday by the railway committee of the legislature to the Toronto Suburban Railway Company, but its request to increase its capital from the present figure of \$1,000,000 to \$2,000,000 was struck out.

Handled Conductor Roughly.

C. H. Waters was charged with assaulting a conductor when he appeared before Magistrate Kingsford yesterday. It appears that when out with a party, including his wife and four other people, he by mistake paid his fare twice. Charles Nodder, said he shouldn't have been such a fool, and grabbed the man by the throat in a temper. The case was dismissed.

BELL TELEPHONE CHARGES.

MONTREAL, March 8.—The question of the Bell Telephone Company's charge of \$5 for the improved telephone instrument and the matter of telephone rates and tolls will be gone into before the railway commissioners at their meeting to be held in Montreal in April next.

Crown Attorney Arohaubault returned from Ottawa to-day and stated that the legal counsel of the Bell Telephone Company had asked the railway commissioners for a delay of one week, which had been granted, and that this left the time so short that it would be impossible for him to prepare his reply to the company's plea for the meeting on the 21st inst. at Ottawa.

Her Face and Body Were Litterly Covered With "BOILS."

Burdock Blood Bitters Cured Them.

Mrs. John H. King, Johnston, N.B., writes: "Last summer I was very much troubled with boils, and my face and body were literally covered with them. A friend advised me to take Burdock Blood Bitters. I got three bottles, and before I had taken all the first one my boils began to go away. I had just taken a few doses out of the last one when they all disappeared. My husband has also used Burdock Blood Bitters with much benefit."

Boils in themselves are not a dangerous trouble, but still, at the same time, are very painful. They are caused entirely by bad blood, and to get rid of them it is necessary to put the blood in good condition, and for this purpose there is nothing to equal that old and tried remedy, Burdock Blood Bitters.

CANADA AND IMPERIAL PREFERENCE

British Liberal and free trade organs have been gloating over the fact that the official agenda of the imperial conference contains no proposal for an inter-imperial preferential tariff...

REGENERATION BY GROUPS

Social regeneration by free groups is the remedy proposed for present human disabilities and to establish a new order. The advocates of this latest measure of regeneration state that the necessity of living is so dominated and confined by economic conditions that there is no chance for real living...

CHURCH UNION

It is unfortunate that the proposal for a federated union of the churches is being permitted to become a hindrance to the organic union, progress towards which has been carried so far. Federal union was brought up a few years ago in Montreal by Rev. John, now Principal, MacKay...

PUBLIC SERVICE PROFITS AND RATES

When the city council cold-shouldered Ald. McMurrich's proposal to fund \$500,000 a year out of the street railway receipts against the acquisition of that system, it acted with less consideration than the merits of the matter deserved. The question involved cannot be lightly dismissed...

ON THEIR OWN

Those who do not hold with the anti-reciprocity views supported by those who are organizing the meeting in Massey Hall to-night should organize one on the other side. The Globe and the Star ought to be able to pack a meeting with supporters of Sir Wilfrid if the benefits of the pact are so apparent, quite as readily as its opponents can pack one in protest.

THE SYSTEM AT FAULT

There is no use arguing about the merits of "the system" with a confirmed opponent of any other system than that in operation. If the present system was right there would be no complaint. There is no severer critic of the present system than its most express defender. The child that needs correction and whose parents refuse to chastise, save by scolding, is not being well brought up. Toronto's infantile "system" is in this condition.

Man is ever inconsistent

He will pay fifty cents to see a lady in trousers on the stage, and declares them intolerable on the street. Theft of Camera. Fred Brown, 124 Jarvis-st., was arrested yesterday by Detective Leavitt charged with theft of a camera from Fritz Hertz, 125 George-st. Brown and the camera departed from the George-st. house about the same time.

UNIVERSITY GRADUATE ON RECIPROCIITY

Editor World: I must plead your patience for "another of those reciprocity lectures" that go on and our government appears either to be inattentive or totally obtuse in regard to the almost universal opinion to which measure any friend of responsible legislation would feel impelled to take a hand.

St. John, N.B., Daily Telegraph

One or two spokesmen for the civic machine who do not want to see present conditions disturbed, continue to insist that the city's affairs are well administered. If they had been even reasonably well administered during the last year, there would be no talk of commission. Not only has commission become a proper cause, but unless its opponents resort to unfair means for the purpose of preventing the election from having their way, the new plan bids fair to be adopted by a large majority.

NOT TO BE ENCOURAGED

Editor World: Referring to Rev. Dr. Hincks' discourse "Roman Catholics and Mixed Marriages," I would like to ask the reverend doctor, is it not better for the pope to do all in his power to forbid such marriages, or any other, reinforced by the religious views of the party differing? I would give only one instance of the mixed marriage and its failure. A young couple of opposite faiths were united in wedlock. The father, a high placed man, forgot his children, and let them manage as best they could. The family drifted away from the father, who always differed with them in every way or thought.

SALVADORE'S NEW HOME

The Reinhardt Salvadore Brewery, Limited, Will Build a Complete New Brewery. Plans have been prepared and tenders are being called for the erection of a complete new modern brewery, with all the necessary bottling and storage facilities, on the property of the Reinhardt Salvadore Brewery, Limited. The whole of the buildings will be entirely reproof of brick, steel and reinforced concrete, and will be one of the most modern plants in Canada.

Finding Mummies in Mexico

Mummified remains of persons who existed hundreds of years ago have been dug up in the work of excavating that has been going on in the old catcombs of Guanajuato, Mexico. The people whose bodies were discovered were of the Aztec race, and the settlement of the republic, and the finds have occasioned much interest among scientific men. Some of the bones were found with ivory trinkets that were in vogue before the coming of the Spaniards, so these people must have lived in this part of the country many centuries ago.

Peremptory list for jury assizes to-day at 10 a.m., is: 1—Wilkinson v. Mail. 2—Moore v. Murray. 3—Deane v. Toronto Railway. 4—Plunkett v. Toronto Railway.

Master's Chambers

Before Cartwright, K.C., Master. Hall v. Shiell—J. L. Ross, for defendant. F. Aylesworth, for plaintiff. Motion for an order for particulars of statement of claim before pleading. Plaintiff undertaking to give particulars of paragraphs 4 and 6 of statement of claim on amend, no order made. Time for pleading extended until eight days thereafter.

Single Court

Re Quigley and Township of Becharof and Burgess—K.C., for Peter Joseph Quigley, J. Hales, for the township. Motion by Peter Joseph Quigley to quash by-law of the township. Enlarged for two weeks by agreement between the parties. Walkerville Brewing Co. v. Downing—F. Aylesworth, for plaintiff. R. C. H. Casella, for defendant. A motion by plaintiff for judgment on the report. Re Canada Mail Orders (Meakin case)—C. J. Holmes, K.C., for executor. R. C. Leveson, for liquidator. Order for judgment on the report. Re Canada Mail Orders (Meakin case)—C. J. Holmes, K.C., for executor. R. C. Leveson, for liquidator. Order for judgment on the report.

McCarthy v. McCarthy—C. A. Moss for defendant. G. H. Watson, K.C., for plaintiff. An appeal by defendant from the judgment of a divisional court of March 7, 1910, allowing an appeal by plaintiffs from the judgment of Anglin, J., allowing in an action tried at Sarnia, Ontario, an appeal by defendant from the report of the local master at Ottawa. This section was refused by plaintiff to recover the sum of \$15,547.50. Balance claimed by plaintiff to be due by defendant on the accounts between them. The report found plaintiffs entitled to \$10,131.11. This was reduced on appeal to \$7,000.00 by defendant. On plaintiff's appeal to a divisional court the amount allowed by the report was restored. Judgment: Appeal allowed and judgment Anglin, J., restored with costs, Meredith, J.A., dissenting.

Before Moss, C.J.O.; Garrow, J.A.; MacLaren, J.A.; Meredith, J.A.; Sutherland, J.

McCarthy v. McCarthy—C. A. Moss for defendant. G. H. Watson, K.C., for plaintiff. An appeal by defendant from the judgment of a divisional court of March 7, 1910, allowing an appeal by plaintiffs from the judgment of Anglin, J., allowing in an action tried at Sarnia, Ontario, an appeal by defendant from the report of the local master at Ottawa. This section was refused by plaintiff to recover the sum of \$15,547.50. Balance claimed by plaintiff to be due by defendant on the accounts between them. The report found plaintiffs entitled to \$10,131.11. This was reduced on appeal to \$7,000.00 by defendant. On plaintiff's appeal to a divisional court the amount allowed by the report was restored. Judgment: Appeal allowed and judgment Anglin, J., restored with costs, Meredith, J.A., dissenting.

Before Moss, C.J.O.; Garrow, J.A.; MacLaren, J.A.; Meredith, J.A.; Sutherland, J.

McCarthy v. McCarthy—C. A. Moss for defendant. G. H. Watson, K.C., for plaintiff. An appeal by defendant from the judgment of a divisional court of March 7, 1910, allowing an appeal by plaintiffs from the judgment of Anglin, J., allowing in an action tried at Sarnia, Ontario, an appeal by defendant from the report of the local master at Ottawa. This section was refused by plaintiff to recover the sum of \$15,547.50. Balance claimed by plaintiff to be due by defendant on the accounts between them. The report found plaintiffs entitled to \$10,131.11. This was reduced on appeal to \$7,000.00 by defendant. On plaintiff's appeal to a divisional court the amount allowed by the report was restored. Before Moss, C.J.O.; Garrow, J.A.; MacLaren, J.A.; Meredith, J.A.; Sutherland, J.

McCarthy v. McCarthy—C. A. Moss for defendant. G. H. Watson, K.C., for plaintiff. An appeal by defendant from the judgment of a divisional court of March 7, 1910, allowing an appeal by plaintiffs from the judgment of Anglin, J., allowing in an action tried at Sarnia, Ontario, an appeal by defendant from the report of the local master at Ottawa. This section was refused by plaintiff to recover the sum of \$15,547.50. Balance claimed by plaintiff to be due by defendant on the accounts between them. The report found plaintiffs entitled to \$10,131.11. This was reduced on appeal to \$7,000.00 by defendant. On plaintiff's appeal to a divisional court the amount allowed by the report was restored. Judgment: Appeal allowed and judgment Anglin, J., restored with costs, Meredith, J.A., dissenting.

Before Moss, C.J.O.; Garrow, J.A.; MacLaren, J.A.; Meredith, J.A.; Sutherland, J.

MONTEAL, March 8.—At the Canadian Pacific Live Stock Market the receipts were 700 cattle, 200 sheep and lambs, 1200 hogs and 1000 calves.

MONTEAL LIVE STOCK

New York Central Dividend Reduced to 5 Per Cent.

NO INDUCEMENT FOR SPECULATION.

World Office
Wednesday Evening, March 8.

Public interest in the Toronto market is still almost exclusively that of investment. More soft spots developed to-day, the chief actors being Toronto Rails, Rio and Toronto Electric. Declaration of the regular dividend for the quarter on Toronto Rails disturbed the Montreal pool, and the shares dropped nearly three points. Rio shares are still filtering thru from London, and, gradually, are effectively making an impression on prices. The adjacency of the Mackay dividends is somewhat of a factor, and the preferred shares are in good request. The market offers no inducement for speculation, and trading should reflect this.

THE DOMINION BANK

Notice is hereby given that a Dividend of Three Per Cent. has been declared upon the Capital Stock of this Institution for the quarter ending 31st March, 1911, being at the rate of Twelve Per Cent. Per Annum, and that the same will be payable at the Head Office of the Bank and its Branches on and after Saturday, the 1st day of April, 1911, to Shareholders of record of 20th March, 1911.

By Order of the Board.
C. A. BOGERT,
General Manager.

Toronto, 17th February, 1911.

Market Inclined to Weakness On Reduced Dividend Report

Action of New York Central Directors Calls Attention to Other Possible Reductions—Toronto Market Shows No Resiliency.

World Office.
Wednesday Evening, March 8.

Little interest was taken in the Toronto stock market to-day. There was occasional liquidation, and some issues were only steady because of short covering.

Toronto Electric Light and Toronto Rails receded rather sharply. In that no increase in the dividend of Toronto Rails has been made, the Montreal bulls were disappointed, and the stock sold down to 125 1/2, a decline of about 5 points from the high of two weeks ago.

Speculators in Toronto Electric are nervous and on any sign of weakness the shares are thrown over with alacrity.

Mackay shares were slightly firmer, not being influenced as on many occasions by the action of the Wall-street market.

Rio was put out continuously during the day, but in the support was tendered around 10, and the shares were steady at about that figure.

The Mexican trouble weakened the securities of companies interested in that country, the selling coming from nervous holders of short foresight.

The market shows no resiliency and with speculative interest concentrated on Porcupine, brokers are not hopeful of an early improvement in the prices of listed issues.

WALL STREET POINTERS.

London settlement begins.

American stocks in London irregular.

American Sugar deficit for 1910 \$1,427,800.

First dividend to the depositors of Carnegie Trust Co. will be paid April 20.

Eastern roads agree to withdraw rate schedule, as suggested by interstate commerce commission.

Calumet and Hecla stockholders vote to ratify merger; court injunction still stands in the way.

Industrial conditions generally show improvement ranging between 5 per cent. and 25 per cent., compared with maximum capacity.

Western Union earnings for quarter ending March 31, net revenue \$1,470,000, decrease \$225,000.

Sir Thomas Shaughnessy says Canadian Pacific will spend \$4,000,000 for new rolling stock and building 500 to 600 miles new track, principally west of Winnipeg.

U. S. Steel on Friday will make public its unfinished tonnage figures as of Feb. 28. It is expected there will be an increase of approximately 350,000 tons compared with increase of about 45,000 in January.

St. Louis—Howard Elliott, president of Northern Pacific, last night rejected his refusal to accept the presidency of the Missouri Pacific, to a committee of New York men representing the controlling interests in the road.

N. Y. C. Dividend Reduced.

NEW YORK, March 8.—The directors of the New York Central Railroad to-day reduced the quarterly dividend on the company's shares to 1 1/4 per cent. This is a reduction of 1 1/4 per cent. from the previous quarter.

The directors of the Lake Shore and Michigan Southern Railroad, which is owned by the New York Central, to-day declared an extra dividend of 6 per cent.

London Market Steady.

LONDON, March 8.—Money was scarce and in strong demand today. Discount rates were steady. The general settlement commenced on the stock exchange to-day, and already rates for American stocks were 4 per cent. The market had a steady undertone, and gilt-edged securities hardened, but console issued off in the afternoon. Home rails advanced on a squeeze of shorts, and better Paris support helped foreign securities and Kaffirs. Mexican rails were weakened by unfavorable reports from Mexico.

Texas Oil Issue of Bonds.

HOUSTON, Texas, March 8.—At a special meeting to-day the stockholders of Texas Co. authorized issue of \$20,000,000 six per cent. convertible bonds. Only \$12,000,000 will be issued now and stockholders of record March 10 may subscribe up to March 25 for an amount equal to 12-27ths of their holdings.

Dividends Declared.

Toronto Railway Co. declared the regular quarterly dividend of 1 1/4 per cent. payable April 1st, to shareholders of record March 1st.

Pacific Burt Co. declared the regular quarterly dividend of 1 1/4 per cent. on the preferred stock, payable April 1st to shareholders of record March 15th. Books do not close.

Wm. A. Rogers, Ltd., declared the regular quarterly dividend of 1 1/4 per cent. on the preferred stock and 2 1/4 per cent. on the common stock, payable April 1st to shareholders of record March 15th. Books do not close.

Ohio Elevator paid dividend from \$1 to 4 per cent. quarterly.

A dividend of 25 per cent. was declared on

the usual 1 1/4 per cent. extra, and 1 per cent. special dividend, same as previous quarter.

Western declared regular monthly quarterly dividend of 3/4 of 1 per cent.

Largest Earnings on Record.

Profits of the Toronto Electric Light Company for 1910 as shown in the annual report were the largest on record, the net income amounting to \$1,502,789, which compares with \$1,292,846 earned in 1909. After providing for interest on debentures, operating expenses, etc., a profit of \$677,200 is shown which figures about 15 1/2 per cent. on the \$4,000,000 of common stock. From the past year's earnings there has been added to profits and loss \$37,190, making the total carried forward to that account \$363,373. The chief items of the statement for 1910 show:

Income	\$1,502,890
Expense	885,600
Net profits	617,290
Assets	6,690,000

STEEL TRADE SLOWER.

In its weekly summary of the steel and iron trade situation, the Iron Age will say: Some hesitancy has been noticed in iron and steel markets in the past week, attributable to political developments, and it has helped to emphasize the conservatism which buyers are showing in all lines. Pig iron production increased steadily in February.

The total of coke and anthracite iron for the twenty-eight days was 1,794,509 tons, or 64,000 a day, against 56,752 a day in January, a gain of 13 per cent. In rails a 17,000 ton purchase to be closed this week by the Pere Marquette is the chief item. The Nickel Plate has divided 5,000 tons between South Chicago and Buffalo. The Manitoba Railroad has bought 10,000 tons from the Lackawanna Steel Co. The Pan-American Trans-Continental Uruguayans intended as buyer of 45,000 tons has placed less than 5,000 tons and will not buy more this year. The sold-up condition of Canadian mills makes it certain that Canadian railroads will place considerable orders in this country. Car and locomotive buying is still light.

Copper Statistics.

The report of the Copper Producers' Association shows stocks on March 1st of 156,637,770 pounds, against 142,439,493 on Feb. 1st. February production was 109,828,237 pounds against 115,696,381 in January. Deliveries to the world, against 42,078,557. Foreign deliveries, 45,111,019 lbs., against 53,269,730. Total deliveries 55,639,017 lbs., against 95,287,388.

DIVIDEND NOTICE.

CANADIAN GENERAL ELECTRIC COMPANY, Limited
COMMON STOCK
Notice is hereby given that a quarterly dividend of 1 1/2 per cent. for the three months ending the 31st of March, 1911, being at the rate of 7 per cent. per annum, has been declared on the Common Stock of the Company.

PREFERENCE STOCK.
Notice is also given that a half-yearly dividend of 3 1/2 per cent. for the six months ending the 31st of March, 1911, being at the rate of 7 per cent. per annum, has been declared on the Preference Stock of the Company.

The above dividends are payable on the 1st day of April, 1911. The transfer books of the Company will be closed from the 16th to the 31st day of March, both days inclusive.

By Order of the Board.
J. S. ASHWORTH, Secretary.
Toronto, March 6th, 1911.

states places it in a position where it can easily supply the requirements of these markets. The company's progress, now that there is a greater opportunity for the industry with which it is identified, should be all the more rapid, because the men who have been identified with the company since its inception will continue, even after reorganization, to be both financially and actively interested in the company.

Two Grand Trunk Excursions to Buffalo, Saturday, March 11, leaving Toronto 9 a.m. and 4:30 p.m. Only \$2.10 for the round trip. Cotton Gossip.
Erickson Perkins & Co. had the following at the close:
An opening bulge in response to the improvement abroad met with profit-taking, and prices reacted during the balance of the session, with selling by the ring element and small longs about the only feature. Bull interests maintained the May-July difference, and the rumor continued to circulate that the deal had not as yet been completed. Statistically the market continued to improve. The local stock now stands at 12 1/2 to 13 1/2 bales, a decrease of 2,000 bales since the first of March. Bulls promise further shipments as soon as freight can be arranged. Spots are in good demand throughout the south, with white cotton scarce. The stronger position of the actual retailers the local market susceptible to squeezes during the balance of the season, and we favor conservative purchases on all weak spots.

OFFERING OF BONDS MEETS WITH SUCCESS
Spanish River Pulp Issue Accorded Good Reception by Investors.

The success that is attending the public offering in England and Canada of \$1,300,000 of 6 per cent. bonds of the Spanish River Pulp & Paper Mills, Ltd., by the Dominion Bond Co. of Montreal and Toronto, must be taken as an indication of the great future investors throughout the country believe there is in store for the pulp industry in Canada.

The Spanish River Pulp & Paper Co., with its plant and mills situated at Espanosa, Ont., is in a particularly advantageous position to share in the full development of both the pulp and paper industry, as its proximity to the markets of the middle and western

McDougall Claims Transferred to Alex. Gray of Montreal—Located Near Scottish-Ontario.

PORCUPINE CITY, March 6.—(From Our Man Up North.)—J. S. McArthur of the McArthur-Forest engineering firm of Glasgow, Scotland, who is interested in the Scottish-Ontario mine, terminated in the Scottish-Ontario mine...

There was a rumor around the city that the effect that the price of the city might be prepared to offer might be considerably in advance of the present market price of the shares, but it was not credited by any of the aldermen present.

PORCUPINE CITY, March 8.—(From Our Man Up North.)—It is announced that the McDougall claims, now known as the Leyson syndicate, which were taken over two months ago by Major Vane and associates, have been sold to Alex. Gray of Montreal, for \$50,000.

Q. O. R. CHANGES.

OTTAWA, March 8.—A militia order issued this morning announces the following changes: Second Regiment "Queen's Own Rifles of Canada," to be regimental adjutant, Captain G. F. Morrison, vice Captain J. George, who is permitted to retire retaining rank; to be provisional Lieutenant, Henry Gilbert Nobbs, gentleman, to complete establishment; Provisional Lieutenant J. Hutchison is permitted to retire; to be quartermaster, with honorary rank, Lieutenant, John Hutchison, vice J. O. Thora, transferred.

With the coming of Engineer McArthur added prestige is given to the district as a gold camp, for when here last summer Mr. McArthur thoroughly looked into the possibilities, so far as funds were then made and depth attained, of the known reefs making good as gold producers. It is known that he has a strong faith in the future of Porcupine.

In addition to engineering in chemical work, it is understood that Mr. McArthur will also act as a consulting engineer whenever his services are in demand.

At this season of the year Friday's Bargain Page should prove especially interesting. It contains three kinds of merchandise, namely, new goods just arrived, manufacturers' samples, and end-of-season goods newly priced. We have had such a run in some departments on spring goods that already the usual odd sizes have turned up for the next Friday. The manufacturers' samples are new 1911 goods; naturally they have been handled, but "soiled" would be too strong a word. The end-of-season goods we do not wish to carry over. Hence prices. These three classes go to make up this page of economies. Every item is great value for money.
