## The Most Surprising Thing in Our Banking Law.

A very surprising thing has developed in connection with the Farmers' Bank that is well worthy of the consideration of the public who do business with banks. Let us try and explain what it is.

The public put in several hundred thousand dollars of deposits in the Farmers' Bank. They thought they could withdraw that money, but when the bank suspended they found out—perhaps it might be better to say they found out the day before yesterday only, when the liquidator addressed Sir William Meredith, the investigating commissioner—that their deposits in the bank were security for the note circulation of the bank, and that such deposits in the bank are never being used to pay off the notes issued by the bank.

To put it in another way, there are today in a strong box of one of the trust companies of this city, some \$250,000 of the bank notes issued by the Farmers' Bank, and which were temporarily cashed by the surviving banks. The latter did this in order that these notes should not come against the note redemption fund made up by the banks; and they are in the trust company strong box, where they draw three per cent. interest until such time as the liquidator realizes on the assets of the bank, including the deposits, and pays off these notes of the bank that took deposits.

In still other words, the depositors of the bank are a wall of protection to the redemption fund which was supposed to have been created primarily for the protection of the notes of the bank, but which deposits as a matter of fact are a protection to the other banks from having to take care of the circulation of the defunct institution! How many people who are depositing in banks know that the first charge on their deposit is the circulation of the bank? Or, to put it still another way, how much rather would a man make his deposit with a bank that had no note circulation, and which used for its business national notes or gold? In that case the depositor is absolutely free from any liability for the circulation of a bank.

In Canada the first charge against the deposit assets is the bank's own circulation. In that a sound condition of affairs, and a fair deal to the public? This will bear consideration.

We venture to say that not one man in a thousand knows that when he puts his money in a bank a lien is immediately fastened on it in the shape of the note circulation of the bank; and that this is the experience of those who deposited money in the Farmers' Bank. They thought that at least the redemption fund would stand between them and the notes of the bank. On the contrary, the lien is between the public and the notes of the bank, and between the bank's notes and the bank's redemption fund! We do not know of any other country in the world where such a thing exists. It is the most unique thing in banking, and it is so unique that it is worthy of the consideration of Mr. W. E. White, minister of finance.

And the more you consider the banking situation in Canada, the more it is forced upon you that a very abnormal condition of affairs is created the moment we allow the banks to furnish the circulation medium of the country. We believe there ought to be in some way a national note supplied by the country, secured by a gold reserve, and which never has to be taken out of the assets of a bank that happens to get into difficulties.

Why should a man's savings deposited with a bank be liable for the debts of the bank in the shape of its own note circulation? We leave this question to the public for their consideration, and we will be glad to get any further light on it from those who are prepared to give it.

And why should the depositor in a bank have put upon him the onus and duty of maintaining the currency of the country? Somebody else ought to undertake that duty, and it must be done in an ample and satisfactory way. The depositor in a bank in Canada today is the man that maintains the currency and guarantees it, and he stands as a buttress and protection to the so-called redemption fund that was especially created to secure the note issue of the banks. That is, the depositor assumes the responsibility that the government of the country ought to assume and discharge. The country must supply the currency, and it is unquestioned, current at any time, and in all circumstances.

**W. E. M.**  
**Difference in the Price of Straws.**  
If you are going to purchase a straw hat, it would be a wise thing for you to get the best value offered. The difference in price is so small that it is not worth considering. The Dineen Company, 140 Yonge street, is sole Canadian agent for the great Dunlap straw seller and Alpine for men, made by Dunlap of New York, and for those manufactured by Henry Heath of London, England, who makes hats exclusively for the King. Besides these Dineen has on sale the exclusive ones by Christy of London, England, who figures as the oldest of the world's great hatters.

VOL. XXXII—No. 11,625

## FARMERS BANK INQUIRY IS ALMOST CONCLUDED

**Commissioner Will Go to Ottawa to Take Evidence and Report Will Then Be Presented—Mr. Clarkson Told of Repayment of Loan to The World.**

The enquiry into the affairs of the Farmers' Bank proceeded yesterday morning before Sir William Meredith, and about noon F. E. Hodgins, K.C., announced that he was practically thru except for the examination of witnesses to be conducted at Ottawa, and some testimony to be given by officials of the Trust and Guarantee Company. Col. Greenwood, W. H. Greenwood, W. R. Travers, H. N. Clarkson and W. J. Lindsay were examined. Mr. Hodgins became involved in a rather disagreeable wrangle with the last named witness. Respecting the disposition of certain moneys received by the latter as commissions for selling stock of the Farmers' Bank, Mr. Lindsay stated that he had given \$3000 of this money to his wife and refused to say what disposition she had made of it. His lordship in the end sustained the witness, who protested that Mr. Hodgins was treating him unfairly.

"I am willing to admit that you imagine you are telling the truth," was the lawyer's parting shot. Mr. Clarkson, the liquidator, put on record a statement respecting his attitude toward the Keeley Mine proposition and the advisability of the stockholders and depositors taking over the same.

**Never Feared Loss.**  
Mr. Hodgins: "I understand that the indebtedness of The World newspaper to the Farmers' Bank has been paid off."

Mr. Clarkson: "Yes sir."  
Mr. Hodgins: "So the bank will lose nothing by that transaction?"

Mr. Clarkson: "Certainly not; I never feared any loss on that claim."

W. H. Greenwood and Col. Matheson, provincial treasurers, were examined respecting loans made to The World and deposits of money made by the province. Mr. Greenwood said, and the books of the bank corroborated his testimony, that The World had discounted obligations of customers with the bank as early as Dec. 31, 1906, and had done business with the bank from that date until the latter part of 1910. Two letters written by Mr. Greenwood to Col. Matheson, requesting the latter to deposit with the bank, were produced, but were dated June 20 and 21, 1908. Mr. Greenwood evidently believed that these letters had had some influence in procuring a deposit of \$10,000 with the bank by the provincial treasurer, but in reply to questions by his

## RETAILERS ORGANIZE TO FIGHT WHOLESALERS

**Retail Grocers Claim They Are Defrauded by Wholesale Men Dealing Directly With Public—Backed Up By the Dry Goods Men.**

To reduce the high cost of living and protect their own interests, the grocers' section of the Retail Merchants' Association, at their annual meeting, held last night, decided to put up a big fight against the action of the wholesalers in dealing with the public.

The retail grocers are being backed up by the dry goods merchants of the city. With this special object in view, an organization meeting was held yesterday and a dry goods section of the Retail Merchants' Association organized.

W. C. Moyer, the retiring chairman of the grocers' section, in an address last night, charged that the wholesalers and jobbers were trying to defraud the retailers and the public at the same time by selling directly to both. They are charging the retailers the same prices at which they sell direct to the public, and in this way, he said, the proportion of the public buying from the retailer are paying more for the article than it is worth, and they thus do no good.

**A Direct Bribe.**  
It was also pointed out that the public should be warned against buying packages of food containing prizes. This, it was charged, is a direct bribe to the public to buy that particular article. The public have to pay for that bribe in the price of the article, and here again is another way in which the high cost of living is being boosted. Legislation will be sought to put a stop to this sort of thing.

## STRAWS SHOW WHICH WAY THE WIND BLOWS

## CITY REGIMENTS GREATLY UNDER STRENGTH

**Jobs Hold More Allurements Than Niagara Common, and Four Cities Muster But 1500 Men—Fine Weather Favors the Opening of Five-Days' Encampment.**

(By a Staff Reporter).

NIAGARA-ON-THE-LAKE, May 30.—This little lakeside town to-day revels in color. From a peaceful, slumbering hamlet, where history was made just a century ago, it is converted into a miniature Aldershot. On the historic Niagara commons are encamped over 1500 troops for five days, a small portion of the militia of four cities, Toronto, Hamilton, Brantford and St. Catharines.

The town was awakened by martial music in the early morning and now the greater portion of the population are soldiers.

Every boat and train arriving until late in the afternoon brought militiamen. Several hundred tents were pitched, awaiting the arrival of the regiments. The Toronto 48th Highlanders, who disembarked at 9.30 a.m. from the Chicago, were first at the camp grounds, followed shortly after by the four regiments from the other cities, which traveled by special train.

From the steamer Corona the Queen's Own and Grenadiers landed shortly after 11 o'clock, and hardly had the men enjoyed their first meal under canvas when the bugle sounded the fall-in. Thereafter it was a grueling two hours' drill in the hot sun.

**Weather of the Best.**  
The weather was ideal for maneuvering and all the men in the ranks were tickled by this to no small degree. The sun shone from a cloudless sky during the afternoon and on the grassy hill where the troops practised there was a breeze from the lake that was good and wholesome. The grass was practically dried out and, if the rain holds off, the camp promises to be the best yet.

Those who joined the ranks in the expectation of a huge outing are cursing their fate. There will be no looking about during the day. The officers are drilling the men in heavy quantities. Four hours of company drill and attacking constituted the afternoon's and evening's grind—and a grind it certainly was. Three or four men succumbed to the heat and were assisted to the shade of tents.

**Novelty for City Soldiers.**  
This is the first time that Toronto regiments have been at Niagara camp as a unit. And for a starrer the showmen had the hardest luck only getting a turnout of some 80 men, and their full strength is in the neighborhood of 600. The Queen's Own had about 250 and the Highlanders 150. Without a doubt the officers were displeased, but decided that the men rarely come out because of unwillingness to lose their jobs.

## MAY BE FROST

It was announced at the observatory last night that there was a slight possibility of a light frost affecting the lands in the higher levels in Ontario. Toronto and the neighborhood, however, was not considered to be in any danger. If any frost occurred, it was expected early this morning. The temperature last night was 46, and there was a chance of a drop to 40. To-day, however, it is expected to be warmer.

## SCHEME MAY NOT SUCCEED

**Wike-Pulling Campaign is on Foot to Place One Man in Charge of Toronto Schools.**

"It is by no means settled yet who will succeed J. L. Hughes," said a local educationist to The World last night. Then he explained how the scheme was hatched to pitch-fork a nominee of the department of education into the job as a reward for the diplomacy displayed in the preparation and timeliness of presentation of a certain historic report.

The name was passed on to the inspectors on the board as having been recommended by Inspector Senath. Then a little luncheon was arranged for at McConkey's, where additional trustees were "put wise," as shown by the report in The World yesterday. Something got on the nerves of the pliant clique before the special committee had a genuine meeting, as it was not deemed politic to propose the name of the department's official as a recommendation to the board. It was considered more sagacious to depend on a wire-pulling campaign between Wednesday night and the next board meeting.

## POLITICITNS—"DRAGOONED" BY METHODISTS.

WOODSTOCK, May 30.—(Can. Press.)—Rev. J. W. Cooley of Port Elgin was elected president of the Hamilton Conference on the first ballot to-day. Rev. W. B. Smith of Hamilton was elected secretary.

Rev. Dr. Cawp, general superintendent, addressed the conference and declared that Methodism having "dragooned" the politicians into an "abolish the bar" policy in Ontario, must now support them, otherwise it would deserve the contempt of both parties.

## ACCLAMATION IN KOOTENAY.

VANCOUVER, May 30.—(Can. Press.)—R. J. Green, Conservative, was elected by acclamation in the Kootenay by-election to-day.

## COURT DIVIDED ON FEDERAL POWER?

**Observers of Forensic Battle on Lancaster Bill Do Not Anticipate Unanimous Judgment—While Opponents Profess Confidence in the Outcome.**

OTTAWA, May 30.—(Can. Press.)—Contrary to expectations, the hearing in the supreme court on the reference of the Lancaster marriage bill questions submitted by the government, did not conclude to-day, although the court sat an additional hour in an endeavor to complete the hearing. All parties represented have now been heard, Mr. Hellmuth and Aime Geoffrion, for the Province of Quebec, have asserted the province's objection to the passing of the bill.

Hon. Wallace Nesbitt, late this afternoon, made his reply, and only Eugene Lafleur, for the promoters, and E. L. Newcombe, deputy minister of justice, for the attorney-general of Canada, remain to be heard. It is now expected that the hearing will conclude to-morrow morning.

To-day's hearing was of a decidedly interesting nature, in that the attitude of the two great provinces of the Dominion was revealed. Quebec, from the assertions of its attorneys, is unalterably opposed to any change in existing conditions, while, on the other hand, the Province of Ontario was, if anything, favorably disposed towards the bill.

## MILLION DOLLAR CHURCH FUND

**Record Budget to Be Adopted by Presbyterian General Assembly at Edmonton.**

Rev. Dr. McKay, moderator of the Presbyterian General Assembly, and a number of other Toronto commissioners to the gathering, have left for Edmonton. After the general assembly Dr. McKay will attend the meeting of the Woman's Missionary Board at Vancouver.

The general assembly will have the largest church budget in the history of the church. Rev. Dr. Somerville, financial agent, will propose that the congregations be asked to raise one million one hundred thousand dollars for missions, educational purposes and the superannuation funds.

## DENISON FOUGHT FOR HIGHER SALARIES

**Police Magistrate Wanted First-Class Constables to Get More Pay, But Was Over-ruled by Other Commissioners—What Men on the Beat Have to Say.**

At least one of the three police commissioners had no part in the cutting of the meagre which gave proportionately large increases to officers while the first-class constables were denied any share in the advance. Police Magistrate Denison bitterly has told a man close by in his confidence that he fought the unequal division all along the line and still regards it as an unwise and an unfair disposition of the money voted by council. The Colonel fought out the battle at each meeting of the board but was outvoted and finally vanquished.

The men resent as unfair the statement made yesterday by Chief Grasett that only one first-class constable has resigned since the first of the year. They admit the fact but declare that it is the undesirable condition of the men in this class, which must be the ultimate birth of nine-tenths of those joining the force, which leads the younger men to quit. They point out that when a man has paid out seven per cent. of his meagre wages into a benefit fund, he hesitates to jump the job, but that the younger men, seeing the hopeless conditions ahead of them are continually looking out for a change.

**Some Discontent.**  
Crown Attorney Corley was asked yesterday if he had seen any indications of discontent among the rank and file of the force. He declared that many of the younger men had told him that they were just waiting to go west. These are the unmarried men who can live tight for a few years, save a little money and then break for the west and opportunity.

**What the Men Say.**  
The men on the beat feel that they are the fellows who do the work and even the second and third-class men are not satisfied, that the raises should go to these classes, as they point out that a man only remains in these classes for three years and then he comes in as a first-class man for the rest of his working life, barring the slim chance of promotion, and they say they would rather live for three years on the little pay if they could look forward to a comfortable salary when they become first-class constables. They say that another point in favor of this view is that the pension of a man who does not rise from the beat is based on the pay of a first-class constable as the service in the ranks does not entitle a man to pension, and that if the lower classes were robbed for the benefit of the first-class, the pensions would be better worth having.

Controller Church moved in the board of control yesterday for a statement from the board of police commissioners showing the sum necessary to advance the first-class men \$50 a year and the men are hoping that even this relief may be granted.

## CHILD KILLED WHILE AT PLAY

**Lewis Samuel Fell Under the Wheels of a Lorry on Front Street and Was Crushed to Death.**

Lewis Samuel, a youngster whose home is at 71 Sullivan street, was killed on Simcoe street, near Front street, yesterday afternoon by a lorry owned by the Dominion Transport Company. He was stealing a ride, or endeavoring to get on the wagon, when he slipped and fell beneath the wheels which passed over his body killing him almost instantly. His body was taken to the morgue where an inquest will be held by Coroner Singer at noon to-day.

**Application to Railway Board.**  
Application was made to the Ontario Railway and Municipal Board yesterday by St. Thomas and Palmerston for ratification of their agreements with the Bell Telephone Company.

## DREDGES FOR KEATING'S CHANNEL

Manufacturers Cannot Get Products Marketed Because of Lack of Transportation by Water—Comprehensive Plan of Suburbs Needed by Assessment Department.

Claiming that the industries at the foot of Leslie-st. and Carlaw-ave. on the water front were being denied the privilege of removing their products by water owing to the harbor commission's refusal to dredge Keating's Cut, W. E. Raney, K.C., and a large deputation appeared before the board of control yesterday morning and asked for some relief. The commissioners, they claimed, had not only refused to dredge this project, but had announced their intention of closing it altogether, which would result in great injury to their property and factories. The board, however, stated that the matter was entirely under the jurisdiction of the harbor commissioners, to whom the case would have to be referred.

Mr. Raney contended that the industries in that section had been established because of the communication by water. The city had hitherto kept Keating's Cut dredged, but the harbor commission persisted in their refusal to do the work, the factory owners were willing to undertake it themselves. The largest manufacturing establishment in the Dominion was located there, he said, and at the present time the company is unable to get its boats on the market because the usual outlet was closed. He urged that the city take the matter up, because, as he claimed, the industries affected had a right to look to the city for protection. It was finally agreed, however, that the facts should be presented at the next meeting of the harbor commission. A deputation from the local Stone-masons' Union asked that a member of that trade be engaged as an inspector by the city architect's department. They claimed that a practical man in this line was needed. The board agreed and sent a recommendation to this effect to City Architect McCallum.

**Motorcycles for Inspectors.**  
City Architect McCallum's recommendation that his department be permitted to purchase three motor cycles at a cost of \$275 each for the use of his inspectors, was approved by the board yesterday. Controller Foster, however, argued that bicycles would serve the purpose.

**Policemen's Pay.**  
The board passed Controller Church's motion that the police commissioners be requested to furnish the board of control with an estimate of the cost of giving a reasonable increase of \$50 each to those members of the rank and file of the police force who did not receive an increase this year.

**Don't Want Garage.**  
To protest against a garage on the north side of Huntley-st., Ald. Rowland introduced a large deputation to the board, who claimed that the site was a dangerous one, and that the district was already served by a garage on Yonge-st. E. W. McKeown, acting for E. S. Boone, who had received a permit for the garage previous to the recent building by-law being passed, claimed that building operations had not begun because of some modifications being made in the plans. The board, however, decided to look over the situation themselves.

While in Toronto call on Authors & Cox, 135 Church-st., makers of Artificial Limbs, Trusses, Deformity Appliances, Supporters, etc. Oldest and most reliable manufacturers in Canada.

**JOKE'S ON HON. THOMAS**  
His First Name is Wesley, Tho' Parliament Records Say It's William.

OTTAWA, May 30.—(Special.)—Hon. W. T. White was not elected in Leeds; at least, Wesley Thomas White was not. This amusing and somewhat interesting mistake has just come to light.  
Mr. White was christened Wesley Thomas. Somehow, his name on the electoral list of Leeds appeared as William Thomas, and the minister of finance was gazetted as William Thomas, and his name is recorded as such in the parliamentary guide. Now it has been discovered that the name is Wesley, not William, and Mr. White's friends are enjoying the joke immensely.  
Mr. White was the first to discover the serious mistake.

**GETS SIX MONTHS.**  
For stealing \$888 from the receiver-general's department, John M. McCarter, a one-time clerk in that department, was sentenced to spend six months in central prison as a penalty for his crime. Three hundred dollars of the stolen money had gone towards the purchase of a motor car. E. M. Green, the seller of the machine, agreed to pay back the money received in the sale.

**Cured of Piles After 20 Years**  
Many people have got the impression that piles can only be cured by a surgical operation, with all the attendant suffering, risk and expense. There is an easier way: by using Dr. Chase's Ointment. No risk, no danger and little expense is attached to this treatment, and results are highly satisfactory.  
Mr. John M. Bates, gardener, St. Laurent, Que., writes: "I had piles for twenty years, and tried all kinds of ointments and medicines, but they did me no good. I was getting worse and suffering more from the dreadful itching all the time. I used three boxes of Dr. Chase's Ointment, and to-day I am perfectly cured. There has not been a sign of the old trouble for six months, and it leaves me in perfect health to-day, whereas I was in agony for about twenty years. I can highly recommend Dr. Chase's Ointment as a positive cure for piles."

## 1812 MEMORIAL SHOULD BE STARTED

Empire Club Placed Itself on Record as Being Favorable to the Erection of Suitable Monument—Bishop Sweeney Is New President—Retiring President's Address.

The Empire Club held their annual luncheon and election of officers in the St. Charles yesterday afternoon. The following notice of motion was read by Rev. Canon Macnab, and approved by the members:  
"That this club desires to place upon record its deep sympathy with the movement of the 'Memorial to the Heroes of 1812' Association, and others looking toward the erection of a suitable memorial in Canada to commemorate the heroes who fell in that conflict, as well as the many victories achieved by the Imperial and Canadian troops in that war, which victories preserved Canada to the empire, and thus made possible the Canadian federation and the future consolidation of the empire."

In view of the universal sympathy which undoubtedly exists throughout the whole of Canada and the empire at large with this object, the Empire Club is of the opinion that it is the duty of the governments of this country to see to it that this memorial shall be commemorated forthwith, and its execution prosecuted with all reasonable vigor, and that any remissness in this regard might well be looked upon as a shame and disgrace.

**Bishop Sweeney Present.**  
His lordship, the Bishop of Toronto, was elected president for the coming year, and the hearty applause which greeted his name testified to the good will of the members toward their new president.

Mr. Fetherstonhaugh, past president, accepted gracefully the many tributes the energy and tact with which he had led the club during the last year has more than doubled its membership, and has had the best financial year in its history.

**Office Abolished.**  
A motion that the office of organizing secretary be abolished, the work to be carried on by a sub-committee, was carried unanimously. The ex-president, in his address, reviewed the work accomplished during the last year, and his satisfaction over what has been the best all round year the club has experienced. He commented upon the success of the empire dinner with his royal highness as guest of the club, on Empire Day.

A motion that the office of organizing secretary be abolished, the work to be carried on by a sub-committee, was carried unanimously. ## HALF HOLIDAY FOR LNMEN?

That is Question That is Worring Civic Hydro-Electric Commission—Said to Be Too Much Red Tape.

Are hydro-electric linemen to have Saturday afternoon a holiday or are they not? was the question that caused many to devote considerable time in the three commissioners of the commission at their regular weekly meeting held in the city hall yesterday afternoon. Other business was gone into, too, but the main question on tap was the request of the linemen that they be given Saturday afternoon to themselves. The three members of the commission could not agree at yesterday's meeting, as the linemen will have to wait another week before they will know whether or not their wish is to be granted.

There are many factors that must be taken into consideration in connection with such a request as that of the linemen was the opinion expressed by the members last night. His high standard of excellence, then the men must work Saturday afternoon. But, on the other hand, should one half day a week not impair in any way the present high standard of efficiency, then their request will be granted.

**Too Much Red Tape.**  
It has been mentioned at various times that in their manner of doing things, the hydro-electric commission's system is inadequate; that there is too much red tape. Some have gone so far as to say that it greatly impedes matters in an employee, when wishing an increase in wages, would resign and be hired back, rather than have the matter go thru the regular channel, where some thinking to do before they can give a decisive answer to the requesters, who decided on the merits of the application as set forth by the department head thru which the communication came, and acted accordingly.

One of the commissioners' disagreements with this fact absolutely. He says that just as soon as the heads of departments have recommended a man for an increase in salary, at the first meeting of the board the recommendation is acted upon straightaway, and that very rarely has he to wait any length of time for his increase.

**STIFF SENTENCE.**  
A pretty stiff sentence was doled out to Frank Smith, a young man of about 24 years of age, who, for stealing \$5 in cash, a gold locket and a silver star, and for carrying a revolver, must spend five years in the Kingston penitentiary.

**Our Kodak Printing and Developing is Complete**  
We do the kind of work you want, but seldom get.

**SUED ON NOTE.**  
E. R. Reynolds, barrister, was sued in the county civil court yesterday for payment of a promissory note amounting to \$312.40. The plaintiffs were the Beverly Wood Specialty Company. Reynolds counterclaims for \$178, saying that the note was not to be paid until some work the plaintiffs had agreed to do was finished. The Spectator denies any such agreement, and maintains that the contract has been completed, and was complete when the note was given.

**LICAR'S BAND AT HANLAN'S.**  
Maestro Pietro Licari and his local Italian band will render the following program on Saturday evening, Sunday afternoon and Sunday evening at Hanlan's Point. Maestro Licari is a very capable leader and negotiations are being made to have this band number among the other city bands.

**TOURISTS' BEST TRIP**  
There is no other trip that Tourists enjoy more, because of the beautiful scenery, the world-famous points of interest, the health and salt sea breezes, than that of the **BLACK DIAMOND S.S. LINE**  
For the individual or family it is ideally perfect. The excellent cuisine, the good service, the restaurant, music, etc., make it to be really desired.  
\$60.00 and up, including meals and berth, return fare. Two Weeks' Trip.  
Write to-day for hand-somely illustrated booklet W of this trip, sent free.  
A. T. WELDON, G.F. and P.A., 112 St. James St., Montreal.  
R. M. MELVILLE & SON, cor. Toronto and Adelaide Sts., Toronto.

**TEAMSTER KILLED.**  
Walking out on the tongue of a heavily loaded wagon, E. W. Bradford, 434 Symington-ave., a teamster employed by the Grant Contracting Co., slipped, and the horses becoming startled, began to run away. Bradford fell directly in line with the wheels, which passed over his chest, crushing it terribly. The accident occurred near the corner of Lansdowne and Royce-aves. After the wheels had passed over him, he was taken into a store near by, but died in a few minutes. His body was taken to the morgue, where an inquest was opened on it last night.

**FLOODS ENDANGER BIG MILLS.**  
QUEBEC, May 30.—(Can. Press).—As a result of heavy freshets in the Riviere Au Sud, at Montmagny, the mills of Price Bros. have been endangered. The guy ropes of a boom broke yesterday and 15,000 logs were carried away.

**THREE DROWNED IN RAPIDS.**  
ST. JOHNSBURY, Vt., May 30.—(Can. Press).—Three young people of prominence here, Miss Hattie Ellis, Miss Helen Smythe and her brother, Herbert W. Smythe, were drowned in the Passumpsic River to-day, when canoe in which they were attempting to navigate the rapids overturned.

**Lace Curtains and Portières CLEANED**

[illegible]

after having just scored a clutch victory for the Saints, who were 5-1 at the time, after the visit to the Shrine. The victory compelled him to retire after scoring four runs. Brannan was also in hard luck. He had pitched a perfect game for the Saints the last time he pitched for them. The Saints feel the loss of Shorter. Forcuz, as the whole infield has to be replaced, and the outfielders have to work well together. Edw. who has been hitting was a double today. He got a triple, two doubles and a triple out of the game. The Saints are in a position to start, but settled down and got back into the game to end and play well. Joe Johnson, the utility man, went to right field, and Gurney to second. Then to score:

000	100	100	200	0	1	2	3

**O. Y. B. Baseball League.**

The grand opening game of the O. Y. B. Baseball League will be played between Lodge No. 123 and No. 97 on Saturday, June 1, on the Don Flats at 3 o'clock. The game will be presided over by the referee to officiate, among whom are Hon. A. Kemp, ex-Ad. George R. Sweeney, T. J. ...

# Baseball Toronto 1-3 Athletics School Games Trotting Trials at Dufferin Rochester 0-5

## Fast Call For Tickets For the GREAT EATON A. A. FIELD DAY, SATURDAY, JUNE 1st

THE 1912 EATON A. A. Field Day promises to eclipse anything like it ever held before in Canada, for not only are the greatest athletes in America going to be present, but there are extra special attractions that will make this event a source of great enjoyment. There's Marceline, the famous clown from the Hippodrome; there's a racing ostrich, and brass quartette; and was there ever such a line-up of athletic stars as are in this list? Get over early—make a big day of it—everything bids fair to a glorious field day.

Following are some of the athletes and attractions that will be in attendance:

CLOUGHEN, New York  
MEYERS, New York  
LUKEMAN, Montreal

KERR, Hamilton  
BEASLEY, Vancouver  
SHERIDAN, New York

GOULDING, New York  
MC CONNELL, Vancouver  
ROSENBERGER, New York

GISSING, New York  
KIVIAT, New York  
SHEPPARD, New York

GILLIS, Vancouver  
ARCHIBALD, and a host of other athletic stars

MARCELINE, Clown

NEW YORK COLUMBIA FOUR BRASS QUARTETTE

HURRICANE, Famous Trotting Ostrich Hitched to Sulky

TICKETS, 50c, 75c and \$1.00

### Note and Comment

The bow of the Leafs to the populace in the stronghold of the champions was satisfactory to us at home, especially the president. The way they performed at Montreal did not buoy the followers of the Klonters with hope for a clean-up on opening day. However, the Hustlers, after being whitewashed in the morning game, failed to score in the afternoon until the seventh, when they pulled themselves together, scored a run and then stated to do the hurting, and Toronto may thus quit up the series, allowing a defeat for Saturday.

Cy Young, the grand old man of baseball, dean of major league players, model of young athletes, and one of baseball's greatest pitchers and finest characters, probably has worn a uniform for the last time. In his twenty-three years of major league playing he has never seriously complained of a sore arm; now he has out the Boston Nationals because, as he says, "the old whip simply won't work." He may get into shape again, but the chances are the other way.

A minor league sensation in Ralph Capron, of the Milwaukee Club. He is hitting over .400, and some followers of Milwaukee fans declare that he runs bases so fast it hurts their eyes to watch him. Capron will join the Pittsburgh Nationals, and when he does there will be weeping and gnashing of teeth in Milwaukee.

The horses start Saturday at Blue Bonnets, where the sporting end of the Canadian Circuit closes up for the season. It will be next to Hamilton, where the jockeys are generally in charge of the betting ring and the gamblers hold carnival for seven days.

The Scottish curlers had a formal welcome home by the Royal Canadian Curling Club, Colonel Robertson-Alkan, who was captain of the team that won the world championship. He referred to the great hospitality they failed to win a majority of matches, but they had not lost a match, and he said they had put up no mean record. (Applause.) They lost all the four test matches, and Montreal and Toronto they were well beaten, but at Toronto they thought it was a very fine performance on the part of the Canadians, been able to run the Canadians so closely as they did. While they lost the test matches, he did not think they were so much outplayed as would appear from the figures. As to the other results, they played 10 matches, of which they won 22, lost 38, and drew 2.

A Scottish Canadian writes concerning the dinner and the trip. As a Scotman I feel humiliated at a series of such events, the team was by no means representative of Scottish curlers. To carry with them the responsibility of the national honor and pride of Scotsmen in their national sport, and to read into it their own presumption. When I am here I am a Canadian, I love the country and the people I read into it the future a prosperity harking the imagination of man, but I do not like to see my nationality unnecessarily humiliated by this so-called representative team of Scottish curlers.

The following Parkview juveniles are requested to be at Jones-avenue on Sunday, June 1, to represent Parkview F.C. against Riverdale: F. Martin, Dierden, Pettit, A. Leslie, Deas, G. Moore, G. Dixon, W. E. Stewart, W. Allen and W. Waring. Manager Goldworth wants all the boys on the job in good time. Meet at Jones-avenue 2:30 p.m.

All players and managers of Parkview F.C. are requested to attend a meeting in the clubhouse on Saturday night. The following players are requested to be at Parkview grounds against Scots on Saturday, kick-off at 2:30 p.m.: J. Riddle, McClymont, Towley, J. Brown, A. Adams, W. Forsyth, A. Davies, A. Whitford, H. Turner, Leach, G. Forsyth, M. Robinson. Take a car from car to Lappin-avenue.

## SLATER SHOE STORES

Open  
EveningsA Manufacturer's Factory Clear-Up of  
MEN'S BOOTS AND OXFORDS

Was offered to us at so tempting a price we couldn't resist it and we're making the price to you so attractive that you'll appreciate them as a genuine bargain in Fashionable Summer Foot wear.

Every pair is the ultra in style—some extreme lasts for the fellows who will follow styles to the last stitch or kink—and yet lots and lots of the more conservative lines for the men who put the emphasis on a shoe where it's really the most sensible—

the comfort and good wearing qualities. High laced and buttoned and low laced and buttoned—all Goodyear welted—military and low heels—high toes and receding toes—broad toes and narrower toes—and all leathers. Correct tans and bright and dull black. They're worth \$5 to \$6. They're to be sold at . . .

SLATER SHOE STORES 117 Yonge St. and  
Cor. College and Yonge Sts.Harness Horses Work  
Out at Dufferin Park

Never in the history of harness racing in Toronto have there been as many trot and at the one spot a there are now in and at the one spot as there is now in active training at Dufferin Park in preparation for the opening of the Canadian circuit, which opens at the above-named track next Tuesday, June 4, and which will be a most important event in the racing season.

At the meeting held at the course this afternoon for the purpose of the inauguration of the season, the following were the winners of the cup:

At the meeting held at the course this afternoon for the purpose of the inauguration of the season, the following were the winners of the cup:

his good trotter, Gertie T. 2:15, by Octob. 1911, out for an spring, and she looked awful good to many of the sightseers. He also has a good green pacer in Dr. Hanson, ch., by Belmont Chief. This fellow showed some flights of speed on the back stretch.

Chas. Birrell of Parkhill is expected any day to win with his stable. He generally has his horses ready when the word is given.

Another feature that will be added to the list of events, President Woods is donating a silver cup to the driver of the winner of the 2:30 race, and Mr. J. T. Hutton, owner of Margot Leonard, 2:17, is also giving a silver cup to the driver of the winner of the 2:30 race. Mr. Robert Robertson will donate the winner of the 2:30 race with his floral horseshoe, and S. A. Proctor of Harold H. (2:14) fame will do likewise with the winner of the 2:30 race. This should create a rivalry among the drivers, and the result should be the most exciting races ever held over Dufferin track.

Bandmaster Hartman will be in charge of the band of the 12th York Rangers, and will present a suitable program each day.

OTTAWA, May 30.—Besides competing in the Canadian Henley meet, which opens at St. Catharines on July 3, the Ottawa Rowing Club will also take part in the American National Regatta, which is to be held at Peoria, Ill., on Aug. 9 and 10.

## Trinity College Wins at Guelph.

GUELPH, May 30.—The touring Trinity College cricket team won from the Guelph team yesterday in an exciting game. The features were Campbell's batting and Martin's bowling for Trinity. Campbell for Guelph played a steady innings for 22. Score:

Kirkwood, bowled Benson . . . 0  
Boddy, bowled Benson . . . 0

YACHT RACING  
SEASON OPENS

R.C.Y.C. 14-Foot Dinghies,  
Members of L.S.S.A., Con-  
test on Saturday—  
The Rules.

The Royal Canadian Yacht Club opens the season on Saturday with a 14-ft. dinghy race open to all L.S.S.A. dinghies. The prizes are as follows:

First prize—Sterling silver cup and flag, to become the property of the winner, flags to second and third.

The race must be sailed under the rules of the L.S.S.A. and all dinghies must be under way before the firing of the preparatory gun.

Entries must be in the hands of the secretary of the R.C.Y.C. on or before Friday, May 31, 1912.

The first three dinghies must present themselves for measurement to the starter, immediately after the race.

The official time must be taken from the clock placed at the end of the R.C.Y.C. wharf.

Time limit, 2:30 p.m.; preparatory gun, 2:50; starting gun, 3.

Course—Twice around the triangular course in the bay.

Buoys—The starting and finishing line to be between the buoy (white barrel with R.C.Y.C. burgee), bearing N.N.W., off the end of the R.C.Y.C. wharf and the starting buoy.

The official time must be taken from the clock placed at the end of the R.C.Y.C. wharf.

At Philadelphia—New York easily defeated Philadelphia in the morning game.

At Chicago—Chicago made it four straight victories over Cincinnati to-day by winning both games of a double-header, 2 to 1 and 3 to 1.

At St. Louis—St. Louis won the second game, obtained a lead of six runs and never was in danger of defeat.

At Cincinnati—Cincinnati won the first game, scoring a run ahead of him.

At Pittsburgh—Pittsburgh won the first game, forcing in another run. He then struck out Bliss. Score: R.H.E. Pittsburgh . . . 3 0 2 0 1 0 0 0—8 12 1

At St. Louis—St. Louis won the second game, forcing in another run. He then struck out Bliss. Score: R.H.E. St. Louis . . . 3 0 2 0 1 0 0 0—8 12 1

DRS. SOPER & WHITE, 25 Toronto St., Toronto, Ont.

At Brooklyn—After pitching six great innings this morning, Kent blew up in the seventh and Boston made five runs. Rucker succeeded him and Jackson got the only hit off Rucker, a home run to left field. Hess would have been able to pull the game out of the fire but his support was miserable and Brooklyn won by 7 to 5. The weather was threatening and the attendance under 2000. The rain came shortly after noon and the afternoon game was postponed. Score: R.H.E. Boston . . . 0 0 0 0 0 0 5 1—6 7 4

Brooklyn . . . 3 0 0 1 3 0 0 0—7 8 2

Batteries—Hess, Donnelly and Kling; Kent, Rucker and Phelps.

## JUST THE WAY RABBITS COME OUT OF A MAGICIAN'S HAT : By "Bud" Fisher

## COURT DIVIDED ON FEDERAL POWER?

Continued From Page 1.

enactment of the Lancaster marriage bill. The deputy attorney-general of Ontario contented himself with reading a clear and concise statement of the feeling of the provincial government, while the representatives of Quebec went into the whole question historically and to great length.

Would Nullify Many Marriages.

For the Province of Quebec, R. C. St. Laurent made the assertion that the enactment of the bill would, in effect, create a nullity of scores of marriages, a condition, he held, that was never intended under the provisions of the British North America Act, which he said was quite clear as to the rights of the provinces to control the solemnization.

From a layman's viewpoint the various questions put to the contending lawyers would seem to indicate that there will be a division on the decision of the court. Lord Dufferin, who is the bill and others seem to be clear that the court will divide with only one justice dissenting from the decision, and that the decision may be that parliament has not the constitutional or jurisdictional right to enact the law. In fact, Sir Charles Fitzpatrick, the chief justice, plainly intimated to Hon. Wallace Nesbitt that he had not been able to get any benefit out of the latter's following statement of the position of the province on the reference dealing with the marriage bill.

Where Ontario Stands.

At the morning session Edward Bayly, for the Province of Ontario, read the reference dealing with the marriage bill, largely reply to counsel opposing the bill.

While of opinion that it is difficult to give an unqualified yes or no to any one of the questions submitted in this case, and that the law on the subject is difficult to determine, Lord Dufferin of Ontario favors a uniform general marriage law for the Dominion if so framed that the legislative authority of the provinces in relation to the solemnization of marriage is not thereby violated, and the Province of Ontario adopts so much of the argument of counsel for the Dominion as is consistent with the view above expressed, and no more.

The Province of Ontario considers that an act of parliament which renders valid throughout the Dominion marriages performed in a province by persons legally authorized by such province would result in consolidating and perfecting provincial authority throughout Canada, and on this view the passing of such an act by the Dominion Parliament would not only be rather than an encroachment upon provincial jurisdiction.

Quoted Hon. Mr. Blake.

Justice Ilderton questioned Mr. Hellmuth as to the appointment of Church of England clergymen in Canada after the conquest in 1763.

Mr. Hellmuth—"They were appointed by the crown and the Bishop of London."

Counsel continued that solemnization for the validity of a marriage is the province of the province, and that the bill proceeded to read an excerpt from the decision of the late Hon. Edward Blake, delivered when that deceased's wife's bill was before the Canadian Parliament on Feb. 27, 1880.

TORONTO TAXES FOR 1912

The City Treasurer gives notice that the tax bills for 1912 are now in course of preparation, to be delivered to the various property owners according to law. But for the convenience of ratepayers who own various properties, and agents, companies, etc., in charge of the City Treasurer, on being furnished with lists, will cause the bills for such properties to be delivered at one address. The lists must be sent in not later than Saturday, June 8. After that date the City Treasurer cannot undertake to furnish the lists as they will then be in the hands of the tax collectors, who will be engaged in the work of delivering them throughout the city.

# THE WEATHER

OBSERVATORY, TORONTO, May 30.

Light winds; rain has continued to-day from Kingston eastward to the maritime provinces, while in western and northern Ontario the weather has been fine. Showers have been general and heavy in Saskatchewan and moderate and more local in Manitoba and Alberta. Temperature has been high in Manitoba, and comparatively low in all the other provinces.

Minimum and maximum temperatures: Victoria, 48-52; Vancouver, 44-52; Winnipeg, 45-50; Port Arthur, 42-52; Kamloops, 44-50; Moose Jaw, 52-58; Battleford, 50-56; Regina, 48-54; St. John, 44-52; Halifax, 50-56.

Probabilities:

Lower Lakes and Georgian Bay—Light winds; fine, with a little higher temperature.

Ottawa Valley and Upper St. Lawrence—Northwest winds clearing, with a little higher temperature.

Lower St. Lawrence and Gulf—Northeast and north winds; continued cool and showery.

Atlantic—Fresh winds; continued unsettled, with occasional rain.

Superior—Easterly winds; fair, and a little warmer.

Manitoba—Showery, becoming cool, with strong westerly winds.

Saskatchewan—Westerly winds; cool and showery.

Alberta—Westerly winds; fair, with a little higher temperature.

Street Car Delays.

Thursday, May 30, 1912.

9.25 a.m.—Load of iron stuck on track, Front and Bathurst; 7 minutes' delay to northbound Bathurst cars.

12.05—Held by train, G. T. R. crossing; 5 minutes' delay to King cars, both ways.

12.30—Held by train, G. T. R. crossing; 5 minutes' delay to King cars, both ways.

1.18—Load of iron stuck on track, Front and Bathurst; 15 minutes' delay to Bathurst cars, both ways.

2.45—Load of steel stuck on track, Bathurst-street, near Front; 10 minutes' delay to Bathurst cars, both ways.

BIRTHS.

GRAINGER—On Wednesday evening, May 29, to Mr. and Mrs. A. E. Grainger, 31 St. Clair-avenue, a son (Charles Oliver).

DEATHS.

BOURKE—At the residence of Mrs. Bourke, 368 West King-street, Clara Adelaide, beloved wife of William Bourke, aged 40 years.

Funeral Saturday, 2.30, to Mount Pleasant Cemetery.

CRATE—On May 30, 1912, at 55 Cherry-street, Besse Crate, beloved infant daughter of Mr. and Mrs. E. S. Crate, aged 1 year 15 days.

Interment Saturday, June 1, at Norway Cemetery.

KEEFER—On Wednesday, May 29, 1912, at Saranac Lake, New York, Ralph Delamer, second son of the late R. W. Keefe, in his 25th year.

Funeral at Ottawa.

ROGERS—At his residence, 177 Simcoe-street, on Wednesday, May 29, 1912, Alexander Rogers, in his 73rd year.

Funeral on Friday, the 31st inst., at 2.30 p.m., to Mt. Pleasant Cemetery.

Talked to Duke.

Events of human interest entered this phase of the visit. A middle-aged "trust" had previously requested Dr. Gilmour to allow him to have a short talk with his royal highness, which was readily conceded by the Duke. The man turned out to be Graham, the son of a late royal academician, named John Pettie. The poor fellow is well connected and educated, but it was stated that he "cannot control himself."

Meanwhile, the Duchess and Princess Patricia walked up and down between the tables, talking to first one man and then another, which brought forth an expression of deep satisfaction from those specially favored.

The Duke's Speech.

At this juncture, Mr. Hanna mounted a stool and informed the prisoners that his royal highness was going to address them. Instantly the dull murmur of the 270 odd voices ceased. The Duke said: "Mr. Hanna has asked me to address a few words to you, and I do so with great pleasure. It is indeed a great satisfaction to me to see this work established under such admirable lines, which does not crush out the self-respect of the men who have strayed."

Small Boxes FOR Week-End Trips

Nothing like a small box of goods to take on a week-end vacation. We have the best in boxes of twenty-five at all prices. Very convenient to slip in your grip when going away.

# PRISON FARM AND SEEN BY ROYAL PARTY

Duke and Duchess of Connaught and Princess Patricia Were Shown Over Grounds and Buildings at Guelph, and Took Great Interest in Work Being Carried On There—The Duke Addressed "The Boys."

(By a Staff Reporter).

GUELPH, Ont., May 30.—Splendid weather, a large crowd greeted the royal party here to-day, when they paid their first official visit to the Royal City Prison Farm and the Ontario Agricultural College.

At 10 o'clock the special train pulled out of the siding where it had remained since its arrival at 8 a.m., en route for the inspection of the prison farm and the Ontario Agricultural College.

By 10.30 Their Royal Highnesses the Duke and Duchess, accompanied by Princess Patricia, Miss Pelly, Col. Lowther and several aides, disembarked at the specially prepared siding. Hon. W. J. and Mrs. Hanna, Hon. James and Mrs. Norah Whitney, Warden Gilmour of the Central Prison, and several well-known Guelph and Toronto people were present.

The royal guests are evidently fond of walking, for, on leaving the siding, they dismounted and walked direct to the new concrete bridge over the Speed River, which, as Warden Gilmour said, "The boys" erected themselves.

The motor cars were then pressed into service, and an extensive tour was made around the outskirts of the farm, leaving by the main entrance, and along the York-road, skirting the school house, where the children were in waiting to cheer the party, returning to the main building which the guests "did" thoroly.

Interest was taken in the 75 Holstein cows, which were stalled and feeding, Princess Patricia being very much attracted by the calves, in a separate pen. The construction of the building received considerable attention from the duke, who exacted complete descriptions of the new cow stanchions, floor and the mechanical feeding apparatus.

Each individual building was visited and Dr. Gilmour was called upon to explain the general make-up of the administration buildings, which is to be the last word in the matter of office equipment, etc.

Not an Inch Wasted. The whole of the farm comprises 540 acres, and as an official said, "not an inch is wasted." The buildings are being erected solely by prison labor, with the exception of certain portions which entail the knowledge of properly qualified mechanics. Stone used in the buildings is extracted from the quarry on the farm, and what cannot be used by the masons, is crushed for concrete, and the most up-to-date time kiln, crusher and hydrating plant is being used. The method of transferring the newly mixed concrete from the mixer to the buildings attracted a deal of attention, it being the best equipped labor-saving device ever constructed. The concrete is elevated in a shaft to a platform, and on this it is poured into a wooden hopper, and thence a large pipe to the wooden forms, which take the shape of the walls and floors. By this means, the concrete can be transported to any part of the building by the simple method of having two men carry the hopper to where the concrete is to be deposited.

The Boys Were Happy. It was a gala day for the "boys," who thoroly enjoyed the novelty of performing their tasks for the special benefit of royalty, and when the dinner gong sounded, they soon proved that they had very material business on hand. The party then moved to the better point of vantage, where they could watch the prisoners, guards, and free labor trooping from all directions to the point of attraction, namely, the dining hall. After they had taken their places at the tables, their royal highnesses walked round the tables, inspecting the tables as they went, subsequently "taking in" the cook house in every detail, and, after introduction to the chief cook, submitted many questions.

Talked to Duke. Events of human interest entered this phase of the visit. A middle-aged "trust" had previously requested Dr. Gilmour to allow him to have a short talk with his royal highness, which was readily conceded by the Duke. The man turned out to be Graham, the son of a late royal academician, named John Pettie. The poor fellow is well connected and educated, but it was stated that he "cannot control himself."

Meanwhile, the Duchess and Princess Patricia walked up and down between the tables, talking to first one man and then another, which brought forth an expression of deep satisfaction from those specially favored.

The Duke's Speech.

At this juncture, Mr. Hanna mounted a stool and informed the prisoners that his royal highness was going to address them. Instantly the dull murmur of the 270 odd voices ceased. The Duke said: "Mr. Hanna has asked me to address a few words to you, and I do so with great pleasure. It is indeed a great satisfaction to me to see this work established under such admirable lines, which does not crush out the self-respect of the men who have strayed."

# Woman's Realm--the Household, Fashions and Society

Mrs. Albert E. Gooderham, the popular regent of the I.O.D.E., gave a very successful musical and reception on "Deancroft" last night in honor of the regents of the I.O.D.E. and visiting delegates to the annual meeting. The beautiful rooms were decorated with American beauties, palms, ferns and flags, and supper was served from a mahogany table arranged with orchids and lily of the valley. Mrs. Gooderham was in a becoming gown of white satin, veiled with geranium chiffon and gold embroidery, diamond and pearl ornaments, and was ably assisted by Col. Gooderham and her guests, Mrs. Collin Campbell of Winnipeg, Miss Botford and Mrs. Henshaw.

Invitations have been issued by the vice-chancellor and the chairman of convocation, with the corporation and the staff of the University of Trinity College, Toronto, to the unveiling of a portrait of the late Mr. James Henderson, M.A., D.C.L., in the convocation hall of the college at 4 o'clock p.m. on Saturday, June 1, and afterwards at a garden party in honor of the sixtieth anniversary of the founding and opening of the college.

The trustees and officers of the Toronto General Hospital are giving a reception this afternoon at the hospital to the graduates of the thirty-third graduating class at 3.30.

Mr. and Mrs. Bruce Macdonald have again taken "The Knoll" at Niagara-on-the-Lake for the summer.

Miss Marie Foy has gone to Cleveland to visit Mrs. Meade.

Mrs. Wilson, Niagara Falls, is at the Prince George with her mother, Mrs. Ferguson.

The lady principal of Bishop Strachan's School is giving a high tea to-day for the Old Girls' Association.

Mrs. (Dr.) A. E. Snell of Kingston, with her little son, is visiting her sister-in-law, Mrs. J. S. Brown, 53 Delaware-avenue.

The marriage of Miss Margaret Mathew of Montreal to Mr. Willoughby Smith of Toronto will be celebrated on June 17.

Bishop Reeve, Mrs. Reeve and family have left town for 350 Lake Shore-avenue, Centre Island, where they will spend the summer.

Mrs. Arthur, Mrs. Greene, Miss Betty Greene, Dr. and Mrs. Temple, Mr. and Mrs. and the Misses Parsons left for England last night.

The board of governors and the ladies board of the Toronto Western Hospital have sent out invitations to their graduating exercises on Friday evening, June 7, at 8 o'clock, at the hospital, Eastview-street. A reception will be held afterwards.

Mr. and Mrs. David W. Alexander have left for England and the continent.

The military ball takes place at Niagara-on-the-Lake this evening.

Miss Gladys Edwards has returned to Niagara-on-the-Lake, accompanied by Miss Ethel Webster, who will stay with her at Mrs. Williamson's for the week-end and Miss Garrett's wedding on Tuesday.

Mr. Donald Mann has returned from a visit to Vancouver Island.

Mr. J. K. Ross and Miss Casgrain have returned to Montreal.

Mrs. Louis Sutherland and her son, Mr. William Sutherland, sailed for Canada by the Empress of Ireland, Mrs. Sutherland promises opening her cottage for the summer at Little Metis about June 15, and until then will stay at her father, Sir Jamieson Irving, in Toronto.

Mrs. Rick is giving a dinner at Niagara-on-the-Lake this evening, and will give a dance next week for Miss Florence Smith.

Baroness von Selen, accompanied by her father, Mr. Alois Reinhardt, left May 28 on an extended tour thru Europe, joining her husband in Italy.

Mrs. B. Macdonald, 105 Concord-avenue, announces the engagement of her daughter, Georgina (Daisy) to Mr. James T. Eldridge of Passburg. The marriage will take place early in June at Winnipeg.

Miss Dot Fisher is at Lake of Bays, Muskoka, where she will spend the summer.

Mr. H. Woodrow and his son, Mr. F. E. Woodrow, 453 Pape-avenue, have left for a three months' trip to Bourne-mouth, England, Paris and other places of interest.

**BENEFACRESS TO GET \$100,000.**

NEW YORK, May 30.—In recognition of her services in securing the passage of the equal pay law, the women school teachers of the Interboro Teachers' Association have, it was learned to-day, decided to contribute part of their income to establish a fund for Miss Grace E. Strachan. It is believed the amount thus raised will be about \$100,000. Miss Strachan, who is president of the association, worked unceasingly for the measure for a long period.

IF THIS IS YOUR BIRTHDAY

Much good fortune will come to you this year, and you can add to it by moderation and careful planning. If you disagree too quickly with those around you the result will not be to your advantage. They will be fortunate and you will be. They will be generous and have intellectual ability. Success in literary or legal pursuits may be expected.

## The Daily Hint From Paris

Of Taffeta and Challis.

This dress is charming for a youthful figure. The waist and skirt are of white challis, showing a blue flower, which is exactly matched by the little taffeta vest. The vest is finished with cords and pleatings of the material. Narrow bands of taffeta cover the seams where the yoke of plain white net is set in.

With the dress is worn a wide leg-horn hat, trimmed with a large bow of blue tulle.

**How to Care for Your Refrigerator.** The refrigerator is an important article of household furnishing which is frequently purchased without knowledge or forethought.

The best average size for a small family should be large enough to contain not less than 35 pounds of ice, rather narrow, so that it will fit into any house and with rounded corners and no trimmings. The ideal place for the ice is in a side compartment, as the refrigerating surface is largely increased in this position. This style prevails among the best refrigerators. If a side compartment is not available, choose a refrigerator with the icebox at the top, with side doors. That makes it possible for the ice to melt into the refrigerator, and the drip will drop the ice and often crack and bend the sides.

Several insulations are used—an air layer, mineral wool and charcoal being most common. Charcoal is used in the better refrigerators and furnishes the most cold-tight insulation, because it is firmly packed in and cannot settle, as does the mineral wool. The air space insulation is used only in the cheaper grade of boxes. Whatever the material, it is not giving good service unless it keeps the refrigerator at an even temperature of forty degrees, providing the ice compartment is kept full and proper care is exercised in closing the doors.

The inside lining may be of zinc, enamel, porcelain or glass. Zinc is used in the cheaper grades, and when it grows black may be covered with bathtub enamel. Glass and porcelain are both excellent linings, but their price is prohibitive to the average person. The shelves should be adjustable and be of wire, and no wood—not even the ice tray—should be used in the interior construction. The interior should furnish the fewest lodging places for bacteria, uncomplicated by the air currents or draughts largely determined by the worth of a refrigerator, and to ascertain this set in salt or rubber mats for a day. They are dry and removal of the refrigerator will be a dry one, not conducive to the growth of bacilli, and foods placed within it will keep much longer than in one which will not stand this test.

**Favored Linens for Suits.** While a few linen suits are used, those of the finer twisted thread are liked quite as well. Very little trimming is needed. The lace collar and cuffs and the finger tips and wrists suffice, tho, of course buttons and buttonholes, face and emblems of the finer figure are trimming.

The oddity of cut is, however, the only thing necessary for those who wish something different. It is surely different enough to have the back of the coat and skirt cut across on the bias or otherwise manipulated. Yet, such manipulations offer no difficulties to the laundress. These suits may be made coat and skirt fashion or in the coat and dress effect. Both styles have their good points, many considering the former the most economical, since a fresh blouse may be donned as often as the wearer pleases. And sleeves and necks do have a way of becoming soiled before it is necessary to send the entire dress to the laundry.

**Dresses, Too.** Many dresses are being made, too, in linen and kindred weaves. The severity of these all-in-one gowns is beginning to disappear. While the plain seen on taffetas are not available, there are pipings, inlayings and bands in contrasting fabrics.

Fancy linens, and linens with open-work borders are effectively utilized, the one who is at all clever at designing will be able to achieve very fine suits with the plain sorts. It's the design, cut and finish that counts, also the ribbon, the skirt and the blouse. It is to look smart in her white linen, this summer, the only color she is to wear is sapphire or coral, as the spirit may move her. Whether she chooses the blue or the old pink shades she will wear it in the shape of silk stockings, ribbon, watch and belt, and no other color will appear except sapphire, which carries a parasol in the color she is wearing.

## THE STORM CENTRE LETTER FOR DAUGHTERS OF EMPIRE

Written on high court of justice paper, with the official crest of the County of Huron, embossed on the top, a circular signed by Evelyn Brough Macdonald, regent of the County of Huron, and then again to be under the Imperial chapter formed upon national chapters, to meet in London, England, to discuss the storm centre letter.

Dear Madam.—Will you be present at the meeting of the regents of the I. O. D. E. in Toronto on the 30th and 31st of this month? If you can possibly attend, please make an effort to do so, as the discussion of the new constitution is most important to the out-of-Toronto chapters. These proposed amendments restrict the office-bearers and members of the executive to a residence limit of 25 miles from Toronto, virtually giving over the whole governing powers of the order to the residents of Toronto. Now, this is not fair to the members of this large organization, extending from coast to coast.

After consulting with several regents we have determined to insist upon the formation of a municipal chapter in Toronto, which will be composed of members of the executive to a residence limit of 25 miles from Toronto, virtually giving over the whole governing powers of the order to the residents of Toronto. Now, this is not fair to the members of this large organization, extending from coast to coast.

After consulting with several regents we have determined to insist upon the formation of a municipal chapter in Toronto, which will be composed of members of the executive to a residence limit of 25 miles from Toronto, virtually giving over the whole governing powers of the order to the residents of Toronto. Now, this is not fair to the members of this large organization, extending from coast to coast.

## DECLARES ORDER HAS GROWN UP LOP-SIDED

Mrs. Crerar Indulges in Some Pretty Plain Talk at the Meeting of the Daughters of the Empire—No Crisis, Says Mrs. Gooderham.

This order is handicapped by a wonderfully complex constitution and by that constitution not being carried out. The order has grown up all lopsided," declared Mrs. Crerar of Hamilton when the new constitution of the Imperial Order of Daughters of the Empire was under discussion at the annual meeting of the national chapter yesterday afternoon. "Canada, with its thousands of miles stretching from Atlantic to Pacific, cannot be governed by one small chapter in one city. It must be managed as our men manage our federal legislation. We in Ontario should not be allowed to say what should be done in Manitoba, Prince Edward Island, etc."

She moved an amendment to the clause under discussion providing among other things that a provincial chapter should consist of the regents and vice-regents of all the chapters in the province, that the officers should be chosen from the members of such provincial chapter, and should form an executive committee of the chapter.

**Should Be Businesslike.** "A big banking house, when it wants to decide some question of policy, does not call in twenty nice gentlemen in the town; it calls in the heads of departments. We should be businesslike, said she with reference to the section which provided that councillors should reside within a certain radius of the provincial chapter.

E. F. B. Johnston, K.C., who drew up the new constitution for the ladies, said that Mrs. Crerar's proposals would make an automatic chapter, whereas they should give for one that would be more representative of the public feeling of the order. The more representative it was, the stronger body it would be.

Mrs. Crerar declared that the meeting place should be removed from Toronto. She was greeted by cries of "Wanted with!" "You cannot have an unprejudiced and unbiased lot of people to vote on officers," she retorted.

**No Crisis.** "In this crisis all portions of the Daughters of the Empire should be represented," began a member, when the president, Mrs. Gooderham, interrupted with: "I must once for all declare that there is no crisis in the Imperial Order of the Daughters of the Empire."

Mrs. Hannington of Victoria, B.C., said they should bear in mind the interests of the whole of Canada. Mr. Johnston then suggested that each provincial chapter be left free to determine within what radius, if any, its councillors should reside.

Some discussion as to whether there should be ten or twenty councillors resulted in the larger number being favored.

Mrs. Crerar's amendment was voted down and the new clause providing that only the officers of provincial chapters should be by nomination papers sent out to all members of the order, was carried. Formerly only those who attended the meetings got a vote.

It was decided to allow members to represent other chapters near their own by proxy at the provincial chapters.

**Life Membership Fee.** On motion of Mrs. Collin Campbell of Winnipeg, it was decided to reduce the life membership fee from \$100 to \$50.

In her opening remarks at the morning session, the president said that the Duchess of Cornwall had expressed herself as in entire sympathy with the project to establish a home for girls arriving from the old country.

To-day the order will take up the question of dealing with tuberculosis. An address will be delivered by Dr. Chas. A. Hodgkiss.

**Duke of Leeds Coming.** LONDON, May 30.—The Duke of Leeds is a passenger on board the White Star liner steamer "Oceanic." This is his first trip across the Atlantic," he said, "and I am keenly anticipating my visit to America. I am going on a fishing expedition to the St. Lawrence."

**MISS MIRIAM GOULD** Of Lansdowne School, who was second in the elementary contest at the Empire Day school concert.

## Think this over! Is there any beverage that costs you less per cup than LIPTON'S TEA

GOES FARTHEST FOR THE MONEY

The Nursery

One must remember when beginning the training of the reason never to check the spontaneous joy of the child; but rather to make the impulsive action reasonable. The planning of a good time for to-morrow or next week, the finishing of some piece of work that requires some little time, all tend to teach the child to subordinate the joy of the moment for a more distant but better enjoyment.

The same thing applies to the spending and saving of money. Instead of allowing your child to cultivate a pernicious habit of spending every copper as he gets it, train him to save until enough coppers are acquired to purchase some desired object. If one could plant this trait deep down in a child's character, there would be no debt in his later life acquired by buying something before he had sufficient funds to pay for it.

Another method of teaching continuity in your child's nature is to show him simple workings of the law in mother nature. The rain that prevents him going out to play is giving food and drink to the trees and flowers, the sun that makes the heat unbearable, at times, for us is making grain and fruits grow. In such ways, even the most seemingly-wildful child will learn to look on things in a bright, happy, logical way. Only put the reason for things simply enough for the child to understand, and he will unflinchingly respond to it.

*Clara Murray.*

**LIBRARY SCHOOL**

Second Summer Session Now in Progress at University.

The second session of the Ontario Summer Library School authorized by the minister of education, under the direction of the inspector of public libraries, is now being held in the library building of the Toronto University, and with every indication of being as great a success as the school of last year.

It was opened on Monday with an address by Mr. Walter Nursey. The school is conducted by Miss B. Mabel Dunham, B.A., Toronto University, Librarian-Berlin, as instructor, in charge. The other instructors are Miss Herbert Young, B.A., chief cataloger of the Toronto University Library ("Classification"), Miss B. M. Staton, children's librarian, Toronto Public Library, "Children's Work," Mr. D. H. Wood, Librarian, Brantford, "Bookbinding," Miss Dunham instructing in cat-

# Real Estate and Building--News and Opportunities

## USE OLD BELT LINE FOR CROSS TOWN TRAFFIC

Grand Trunk Expected Shortly to Declare. Plans That Will Make Old Road a Competing Force for North End Shipping and Suburban Trade.

Now that its rivals, the C. P. R. and C.N.R. have shown what they intend to do at the north end of the city, the Grand Trunk Railway is said to be getting ready an extensive scheme for the utilization of the old belt line road and to make it a strong competing force for north cross town traffic.

Only the north part of the line, so far as known, will be reconstructed. A cutoff from the C.T.R.'s northwestern line, just below Weston, would connect that important line up with the cross town route. The northern division already meets the belt line west of Fairbank. Rumor has it that running rights over the C. P. R.'s Islington cut off will be arranged. This would give connection with the line to Hamilton, south and west.

It is at the eastern end that difficulties may be met. Judging from the map, the two other roads have the Grand Trunk blocked from connecting up the Montreal line with the proposed cross town route, although the G. T. R. can demand from the railway board a right of way thru the C. N. R. properties. This would be expensive.

Owners of land along the north section of the old belt line are all astir over the talk of making the old road the G. T. R.'s uptown line. One man yesterday said he knew that the railway had plans ready for a station at Yonge-st.

## Resents M. H. O.'s Statement

Apartment House Owner Declares That the Dangerous Overcrowding is in the Ordinary Dwelling--No Tenements Here.

Editor World: I noticed an article in our paper of the 25th inst., headed "Apartment Houses, Slum Houses."

I am at a loss to understand the purpose of such a ridiculous statement, as it is misleading, unfair and against the best interests of this city, and a slur on a great number of very estimable citizens, living in apartment houses. The conditions referred to in the article do not and could not exist in a modern apartment house, or apartment hotel. These conditions existed before the apartments came to Toronto, and are the very conditions the modern apartments are setting to abolish. The article itself explains the conditions which exist in the overcrowded rooming houses of which Toronto is over-supplied, and which certainly should be very closely supervised, but why ignorantly class the condition under apartments why not put it where it properly belongs and make it plain? The dangerous and unhealthy overcrowding in this city is in the ordinary dwelling where two or three families are living together and using one bathroom, and that of a poor, out-of-date class.

There is also an ignorant public opinion prevailing among some of our city officials in considering the tenement houses of large American cities, of which we have none, with the modern apartment house of apartment hotel, and I think the recently passed prohibition of the erection of apartment houses or apartment hotels in residential districts, no matter how good a quality, is unwise and unfair and against the best interests of the city, and nothing short of class legislation, and depriving a great many people of the right and opportunity of obtaining a comfortable, healthy place to live, at a reasonable cost. This city at the present time needs all the comfortable, healthy living accommodations it can obtain in a fair business way, and I think it is about time that city officials got busy and passed some legislation to assist it.

I saw in the last building report from New York City that the rentals of a recently erected apartment house were ranging from \$15,000 to \$25,000 per year for apartments, and occupied by such people as Senator Root, etc. Do our city legislators think people of this class would pay these kind of rents and live in a factory district, or do they think they have a sane business right of dictating how his neighbor should live? I think it is time this question was intelligently understood and acted upon. New York City has the largest apartment population of any city in the world, and is also the healthiest, in proportion and cleanliness. These facts beyond question and deserving of fair and intelligent consideration, and the building of a good apartment house or apartment hotel in a good residential district materially increases the value of the surrounding property.

In conclusion, I contend if one man wishes to live in an apartment and another in a house it is entirely their personal affair and rights, so long as they live properly.

A. B. Coleman.

**LIFE SENTENCE FOR ATTEMPTING MURDER.**  
MEDICINE HAT, Alta., May 30.—(Can. Press.)—J. J. Lawson, home-stender, was given a life sentence by Judge Justice, today, on a charge of attempted murder. Lawson and Frank Harpell were neighbors on homesteads south of Seven Persons.

The former has just finished a term

## It's "Northward" Now

TORONTO'S finest residential section will be on the "Hill" above the city's busy life, away from the smoke and noise of industrial activity—where the air is fragrant and clear and the surroundings are of the country, and yet where the resident is in close touch with business.

HERE, north of the city, the greatest development making toward rapid transit and city services that has ever taken place in Canada is beginning. A few months more when new car lines are running, when the city limits are extended, when the great buying public comes to a realization of the residential potentialities of the district over the crest of the "Hill" all attention will be focused on the best properties, and the best for buying now is

## FAIRMOUNT PARK

ON one of the city's greatest arteries, Bathurst-street, above Eglinton-avenue, and opposite suburban additions on which costly and architecturally perfect homes are being built now. With the annexation of North Toronto and all the territory south of Eglinton-avenue likely in the near future, Fairmount Park offers substantial, safe investment.

LET us motor you, at your time and from your address, to Fairmount Park. Prices are reasonable, terms attractive, profits in sight. You'll like the location and the look of the property, too.

"WE SELL NOTHING WE CANNOT RECOMMEND"

# DANFORTH-WOODBINE PARK

Sales Have Been Phenomenal in Spite of the Weather Conditions  
Because Investors--Large Real Estate Dealers and Builders See in it  
a Property of Great Merit and an Investment That Will Pay Big Returns

## WE CONTINUE OUR SPECIAL OFFER TO-MORROW

A Good Proposition--Easy Terms--And an Assured Quick Profit

**BUY THIS WAY**  
**\$10 DOWN AND \$10 A MONTH**

**\$15 to \$30 a Foot**  
**NO TAXES THIS YEAR**

**OR BUY THIS WAY**  
**\$50 DOWN AND \$5 A MONTH**

**DANFORTH - WOODBINE PARK** is located south of Danforth Avenue and north of Gerrard Street—just west of Woodbine Avenue—3 minutes' walk from the Gerrard Street car line—between two civic car lines—Gerrard Street line now in course of construction and the Danforth Avenue line, on which construction will commence in a very short time—not a half hour ride from the City Hall.

**DANFORTH - WOODBINE PARK** will remain a reasonably-restricted property—no subdivision inside the city limits offers so desirable locality for the man of moderate income in which to build a home—its high and dry and transportation facilities could not be better—all city improvements are available—sewers—water—gas and electric light are expected to be in actual service inside of nine months—and it's easy guessing that the man who invests now can within that same period just about double his money.

**BRANCH OFFICE**  
**CORNER OF GERRARD AND GREENWOOD AVENUE**  
Open every Evening till 7 o'clock.

**AUTOMOBILES**  
**AT YOUR SERVICE ALL SATURDAY AFTERNOON**  
Representatives on the Property to give you all information.

**TAKE CAR TO CORNER OF GERRARD AND GREENWOOD**, where our Automobiles will meet you to drive you over the property—Tanner & Gates' Office on northeast corner.

## WINNIPEG MARKET QUIET HOLIDAY IN CHICAGO PIT

**Western Grain Exchange Developed No New Features--Speculation Inactive Pending Resumption of Trading on Big Markets--Prices About Unchanged.**

WINNIPEG, May 30.—On the wheat market to-day trading was extremely quiet and in options practically nothing was done. Prices were unchanged to a higher and held steady during the session, closing unchanged to a higher. The cash demand was fair with more active enquiry for No. 4, 5 and 6 grain, while offerings were heavy and export trade off at the moment. There was not much demand for oats, while flax bids were 1/4c lower for May and 1/2c for July. Receipts were 250 cars in sight for to-day's inspection. Deliveries thru the clearing house to-day were: Wheat, 15,600 bushels; oats, 2,200; feed oats, 2,500; flax, 12,000.

Cash grain: Wheat—No. 1 northern, 1.04 1/2; No. 2 do, 1.03 1/2; No. 3 do, 1.02 1/2; No. 4 do, 1.01 1/2; No. 5 do, 1.00 1/2; No. 6 do, 99 1/2; No. 7 do, 98 1/2; No. 8 do, 97 1/2; No. 9 do, 96 1/2; No. 10 do, 95 1/2;
