TWELVE PAGES—FRIDAY MORNING MAY 7 1909—TWELVE PAGES

29TH YEAR

PUGSLEY IS EUCHRED MAJORITY OF 27 ONLY SUSTAIN HIM OUT OF A DEFENCE

His Solicitor, Carvell, Primed With a Special Brief, Was Afraid To Let Foster Follow Him and Suddenly Found Himself Out of the Game.

CROCKET TALKED 5 HRS. USED STRONG LANGUAGE

OTTAWA, May 6.—(Special)—A remarkable incident occurred in the commons this afternoon. The debate on the New Brunswick Royal Commission charges against Hon. Wm. Pugsley came to an abrupt termination; the motion was put by the chair and the government sustained its minister of public works by 27, the smallest majority since 1896.

The story of the incident is interesting. When Crocket of Fredericton concluded a five-hour reply to Mr. Pugsley, it was anticipated that Mr. Carvell would speak next and that Mr. Foster would follow him for the Conservatives. Not feeling very enthusiastic about having Mr. Foster come after him, Mr. Carvell arranged with the Liberal whips to have another speaker take his place. Accordingly, the government put up Mr. Turgeon of Gloucester, who made the situation one of complete confusion for his friends by warmly endorsing Judge Landry, chairman of the commission. Of course, he had kind words also for Mr. Pugsley.

Waited To Log.
 This being no reply to Crocket's criticism, the opposition awaited Carvell. But Mr. Pugsley's solicitor, to whom the minister had left several important matters in the commission's report to be dealt with, lost his head, and kept nothing across the chamber to Mr. Foster. But the member from North Toronto was too old a campaigner for that, and rested easily, in a characteristic attitude, with his chin on his right hand.

In the painful silence which prevailed, someone called "question," and the speaker put the question to the government. Amid the uproarious laughter of the opposition, Mr. Carvell half rose to speak, but realising that in jockeying for position he had allowed the government to be beaten, he sank in a disconsolate heap into his chair.

The debate had therefore resolved itself into this: that Mr. Crocket and Mr. Carvell for the opposition had made their impeachment, while not a single member on the government side had said a real word in defence of the minister in the stocks.

The premier rose in the chamber and seriously surveyed the benches behind him. There were many empty places. The whips stayed in the lobbies their allotted time and the sergeant-at-arms went after them. They fled, and the count was taken. It showed: for the motion; 90; for the amendment, 62.

Beat Showing Since '96.
 When the majority of 27 for the government was announced, which is the best the Conservatives have done since 1896, their cheers were long and loud. While the vote was being taken Mr. Ethier sang a solo, but it fell flat.

"GYPSY" SMITH. A famous evangelist, who opens a series of services to-morrow and Sunday.

A WOODSTOCK STUDENT KILLED BY LIGHTNING

James Merrigold of Hamilton Struck Down on Campus—Companion is Badly Hurt.

WOODSTOCK, May 6.—(Special)—Lingering too long beneath a tree on the college campus, while the other student football players rushed for shelter to the building, James Merrigold, aged 15, of Hamilton, was struck by lightning during a severe electrical storm, late this afternoon and killed.

His companion, Edgar Knight, was also badly injured, but to-night it was said that he would recover.

Both young men were playing in the inter-year college football game with a lot of other players and spectators. They took shelter beneath a tree while a conference was held as to whether or not to postpone the game. All but Merrigold and Knight rushed to the building, and they had no sooner washed it than a bolt struck the two young men who had remained behind.

Merrigold lived only a short time. He was a son of Robert Merrigold of Hamilton, Knight, who is 18 years of age, is from Burke's Falls.

The tree under which they were standing was not struck.

LIFE SPOILED BY AUTOS

Frenchman Leaves Fortune to Masses For Motor Car Victims.

PARIS, May 6.—M. Gilbert, a retired merchant whose declining years have been made miserable by speeding automobiles, has bequeathed his entire fortune to churches in certain French cities for masses for the repose of the souls of the victims of the "diabolical machines which have poisoned my last days."

His Honor the Lieutenant-Governor of Ontario, Col. J. M. Gibson, "shoots" the first ball.

MAJORITY OF 27 ONLY SUSTAIN HIM OUT OF A DEFENCE

Proposal To Improve Main Artery of City Meets With Almost Unanimous Approval.

"A wider Yonge-street is the accepted slogan of the business interests, judging by the almost unanimous approval of the project shown at the meeting of the city improvement committee, in the city hall last night. Sir William Meredith presided and there was a satisfactory attendance of property owners and business men.

The prevailing sentiment was that Yonge-street, to retain its position as the leading thoroughfare, must move with the times. The original proposition to move back the building line from Queen-street to Wilton-avenue, didn't seem to strike the meeting as broad enough, and the plan to be considered at the next meeting, Thursday evening, May 20, takes in the whole of the east side of Yonge-street from King-street to Bloor-street. As both sides of the street will benefit, it was agreed that both should pay for the cost of the widening, but the question of how the cost of reconstructing the buildings should be apportioned will be taken up later.

Ex-Mayor Urquhart presented the report of the executive committee, suggesting that the city seek legislation, if necessary, for power to expropriate property in the rear of the Yonge-street properties, from Queen-street to Bloor-street, so that the city could offer to property holders land in the rear of their premises of a depth as great as the number of feet the buildings would be moved back. The report proposed that the street be widened by from 16 to 20 feet. Mr. Urquhart thought that the only present buildings which would interfere with the complete carrying out of the plan were Massey Hall, O'Keefe's brewery and the Hyslop garage. His personal opinion was that Victoria-street should be extended thru Bloor-street, and that the city should expropriate all the property facing on the west side of Victoria-street. He believed that the enhanced value would not only compensate the city for its expenditure in making over the strips to owners, but would yield a very considerable profit. He gave warning that unless Yonge-street were widened, the congestion of traffic would cause such inconvenience that business would be drawn away to other streets.

James Ryrie's opinion was that there were not 20 feet between Yonge-street and Bloor-street, which would not be rebuilt in 20 years.

The only opposition was expressed by John C. Brady, who is a member of the committee of arrangements for the monster labor convention here in November, at which he is to preside, "if—and some folks think it is a big 'if'—spelled with a capital letter—'if I'm not in jail.'" as the president of the A.F.L. smilingly said to The World at the Boarding House last night.

There is no extra ceremony or side put on by the biggest gun of organized labor, Mr. Gompers was at the door, shaking hands with the interviewers and talking straight business in an instant. Thick-set, short and husky, frank, or as reserved as the sphinx; as the interests of labor demanded, he said: "I am here with Mr. Morrison to consult with the committee about the arrangements for the meeting of the American Federation of Labor here in November. We have seen several halls already and also hotels, to see where we could have a meeting, and hold the meeting. We have come to no decision as yet."

Asked respecting labor conditions in the United States, Mr. Gompers said that the statistics available were only up to the end of December. They showed at least 10 per cent of the metal workers out of employment. Conditions were, he believed, improving.

The declaration at the time of the shaking hands with the interviewers and talking straight business in an instant. Thick-set, short and husky, frank, or as reserved as the sphinx; as the interests of labor demanded, he said: "I am here with Mr. Morrison to consult with the committee about the arrangements for the meeting of the American Federation of Labor here in November. We have seen several halls already and also hotels, to see where we could have a meeting, and hold the meeting. We have come to no decision as yet."

President Gompers said he might talk to-night on the dominant labor issues. After to-night's meeting he would go to Philadelphia.

Referring to the sentence of imprisonment for alleged contempt of court hanging over himself, John Mitchell and Secretary Morrison, he said: "We shall be here in November if we are not in jail. A decision is to be rendered in October. I am advised by counsel that I can in the meantime proceed to Europe to investigate the industrial conditions prevailing there. I expect to sail in June."

The federation president then returned to his conference with the local committee.

LIBS. CHALLENGE COWAN

Want Him to Resign Seat and Fight a Test Election.

VANCOUVER, B. C., May 6.—(Special)—At a joint meeting of the senior and junior Liberal Associations today, it was decided to wire Ralph Smith, M.P., that Vancouver Liberals accept the recent challenge of George H. Cowan, M.P., when he a fortnight ago offered in the house of commons to resign and contest his seat in Vancouver. The Liberal associations, therefore, call on Cowan to resign, when a candidate will be named to oppose him.

Vancouver Libs. seem to be cheap sports. It was Cowan's idea that both he and Smith or Laurier should resign and fight the issue out at a by-election.

DISASTROUS PRAIRIE FIRES

Four of Family in Critical Condition, With One Child Dead.

SWIFT CURRENT, May 6.—(Special)—A disastrous prairie fire has raged about forty miles north the last two days. A family named Klien were burned out and four of them are in a critical condition. A child perished in the flames. South about twenty-five miles the entire township is burned over and only a few thousand acres of pasture left. The fire started from a German village, Johannes Hadick, 64, a Hollander, out fighting flames, can't be found. Mounted police are so busy prosecuting fire, can't attend to all complaints. Sergt. Bottley's men are played out. Hay is scarce and now settlers are deprived of pasture.

THE EARLY WORM.
 Not every early worm is caught. There is that human worm who goes to bed at 8 p.m. and arises in his night at 8 a.m., only to appear in his front yard on a crowded, semi-detached residential street and with spade in hand break through a row of weeds, law-abiding persons, whose backs keep them, why isn't this thief of other people's peace and time caught and sent to jail? If the truth be told, how many times out of ten he is a domestic nuisance, tolerated under his own roof only thru necessity.

BOBBY BORDEN: Say, talk 'bout yer hard luck—

GOMPERS, LABOR CHIEF HERE TO SEE CONFREERS

Arranging for Annual Meeting of A. F. of L. in Toronto in November.

Samuel Gompers, president of the American Federation of Labor, arrived in Toronto from Chicago yesterday. He had left the Union Station before he was held at it with the local committee of arrangements for the monster labor convention here in November, at which he is to preside, "if—and some folks think it is a big 'if'—spelled with a capital letter—'if I'm not in jail.'" as the president of the A.F.L. smilingly said to The World at the Boarding House last night.

There is no extra ceremony or side put on by the biggest gun of organized labor, Mr. Gompers was at the door, shaking hands with the interviewers and talking straight business in an instant. Thick-set, short and husky, frank, or as reserved as the sphinx; as the interests of labor demanded, he said: "I am here with Mr. Morrison to consult with the committee about the arrangements for the meeting of the American Federation of Labor here in November. We have seen several halls already and also hotels, to see where we could have a meeting, and hold the meeting. We have come to no decision as yet."

Asked respecting labor conditions in the United States, Mr. Gompers said that the statistics available were only up to the end of December. They showed at least 10 per cent of the metal workers out of employment. Conditions were, he believed, improving.

The declaration at the time of the shaking hands with the interviewers and talking straight business in an instant. Thick-set, short and husky, frank, or as reserved as the sphinx; as the interests of labor demanded, he said: "I am here with Mr. Morrison to consult with the committee about the arrangements for the meeting of the American Federation of Labor here in November. We have seen several halls already and also hotels, to see where we could have a meeting, and hold the meeting. We have come to no decision as yet."

President Gompers said he might talk to-night on the dominant labor issues. After to-night's meeting he would go to Philadelphia.

Referring to the sentence of imprisonment for alleged contempt of court hanging over himself, John Mitchell and Secretary Morrison, he said: "We shall be here in November if we are not in jail. A decision is to be rendered in October. I am advised by counsel that I can in the meantime proceed to Europe to investigate the industrial conditions prevailing there. I expect to sail in June."

The federation president then returned to his conference with the local committee.

TO PUT RESTRICTIONS ON RAILWAY CHARTERS

Sen. Davis Says That Too Many Promoters Are in the Game for Speculation Only.

OTTAWA, May 6.—(Special)—In the upper house to-day Senator Davis moved the second reading of his bill respecting the incorporation of railway companies. The bill proposed, he said, to do away with the incorporation of railways by parliament, and to give the work to a state department on recommendations from the railway board. He did not expect the bill would pass this session, and anticipated that it would be amended with improvement before it did pass.

As to the principle of granting railway charters to Canada was a sudden and surprise. Committees of the senate or parliament could not get information required about routes, bonding powers and stock-issuing powers under the present system. The promoters' word had to be taken for everything connected with the proposal.

His bill would discourage charter-mongers and would save the time parliament had been giving to gentlemen who were after charters, not to build but to sell. In the past nine years parliament had granted 15 railway charters outside of those given to three big companies, the C.P.R., Grand Trunk and Canadian Northern, and there was authority to build 57,362 miles of railway, but only 1,000 had been built, and that had been done by only fifteen companies.

The bill he proposed would follow the American plan and would give the railway board control of the bond issue and authority to see that it went into the pocket, and did not leak into some one's pocket, as he believed was frequently the case at present. It would prevent unnecessary bonds, imposing needless interest charges on the road.

Senator Davis explained the provisions in his bill relating to publicity of the intention to build and examination of the route and other features by the railway commission. Senator Davis at 8 o'clock adjourned the debate until Tuesday.

Third reading was given to bills granting applications for divorce by F. H. Ward, A. W. M. Campbell, J. C. Coward, and Laura McQuig.

FRENCH POSTAL SERVICE HEADING FOR A STRIKE

Postmen's Association Executive Declare For a Syndicate and Ask For Support.

PARIS, May 6.—The famous P. T. T. that is the Posts, Telegraphs and Telephone Employees Association, to-day threw down the gauntlet of battle to the government by transforming itself into a syndicate, or union, under the law of 1884, thus placing the association on the same footing with workmen's unions having the right to strike against the state employer, and the workmen have the privilege of doing against private employers.

This defiance, which is nothing short of open revolt, came as a sudden and sensational sequel of Premier Clemenceau's failure this afternoon to receive a deputation of postal employees, who called to present demands for the redemption of promises which they claim the government made when the recent strike was declared off.

The premier was ill and confined to his room, but the delegation pretended to believe that his indisposition was simulated.

DEER PARK ANNEX IS ATTRACTIVE BUYING

Location Off St. Clair Avenue Shows Varying Prices of City Real Estate.

The price of real estate, as does everything else, varies. A striking example of this off St. Clair-avenue, in North Toronto. Just at that avenue there are lots which can be bought at \$25 a foot and not a hundred yards away there are lots at \$75 and over a foot.

The location is exceptionally favorable. There are ten acres overlooking the reservoir, not five minutes walk from the Yonge-street cars.

Over on Clarence, directly behind this 10 acre field, lots are selling at \$50. That is the lowest, with the exception of the \$25 lots off St. Clair-avenue.

This field is level, it overlooks the city, its location is quiet, it's in a neighborhood where substantial houses are already built and there is a restriction on builders that prevents anything less than a \$2500 house going up.

Furthermore it's right in the city with all the modern conveniences of a city.

At one time, residents are enabled to enjoy country air and metropolitan privileges.

The price of the clear open fields that are still left in the city limits.

FOR COLONIAL PREFERENCE

Montreal Board of Trade Adopt a Resolution.

MONTREAL, May 6.—(Special)—At a special meeting of the board of trade several resolutions regarding the coming congress of the chambers of commerce of the empire, to be held in London, Australia, in September next, were submitted for consideration.

Mover by R. Melghe, a resolution was adopted: "That on imports and exports of produce and merchandise the component parts of the British Empire should protect themselves against the producers of foreign countries, and that with this in view the government of Great Britain and of the colonies should grant to one another a substantial preference in duties, and that in so far as their respective revenues will permit, the principle of free trade within the empire shall remain; and, further, that each organization represented in this congress hereby pledges itself to press its government to take such action as will give effect to the principles advocated in this resolution."

OPPOSED TO LAND GRANT

Western Liberal Members of Commons So Decide.

OTTAWA, May 6.—(Special)—A caucus of Liberal members of the Privy Council of Manitoba, Saskatchewan and Alberta to-day decided that it was not in the best interests of the west that the request of a delegation for a land grant of a quarter of a million acres to finance the proposed world's fair in Winnipeg in 1913 should be complied with. The caucus was not averse to a cash contribution.

STATIONS OPEN TO ALL PHONES

Railway Board Issue an Order That is Culmination of Years of Endeavor.

OTTAWA, May 6.—The railway commission to-day handed out a very important judgment defining a general rule under which independent telephone companies may be allowed to install their lines in railway stations without regard to the fact that such are already served by the lines of another company.

The question has long been agitated, the railways, most of them served by the Bell Co., opposing the independent lines being admitted. The judgment is a win for the independents.

The application came from the People's Telephone Co. of Sherbrooke, and Caledon, Ont., Telephone Co., for orders compelling the railways to permit them to place their telephones in the stations already served by the Bell Co.

In the judgment prepared by Assistant Chief Commissioner Scott, reference is made to the power of the board to grant such an order without reference to any exclusive privilege given by the railway to another company.

The general principle is laid down that if a telephone company's instruments are in general use in the district surrounding the station, and if it would be of substantial convenience to the public having business with the railway, while not unduly oppressive to the latter, the applications should be granted subject to an agreement, the general form of which is prescribed.

It provides that the charge for the privilege shall be \$1 a year, that the railway company shall have free use of the instrument that the telephone company may remove the line on 30 days' notice.

In case of more than two companies seeking such privileges, a special application to the commission is required.

Years ago, The World began the battle for this privilege, when the application of an independent telephone company for a local line in the C. P. R. station at Locust Hill became, thru the efforts of this newspaper, a cause celebre. The struggle thus complete victory was crowned with complete victory.

OSLER ATTENDS EX-NURSE

Delays Visit to His Mother and Has to Attend to His Bedside.

BALTIMORE, Md., May 6.—Dr. William Osler, the noted physician, on arriving in New York last week on his annual trip to visit his brother in Canada, learned that Mrs. Osler, who had been before her marriage often called in as nurse in his most delicate cases, was ill at her home, in Larchmont. He immediately changed his plans and hastened to the bedside of Mrs. Osler, who was being attended by Dr. J. M. L. Finney and Howard A. Kelly, two of the leading surgeons of Hopkins Hospital staff. The three physicians worked hard, but death won.

Mrs. Osler was the wife of Dr. Eugene Osler, who was the Johns Hopkins Hospital and now pathologist at the Rockefeller Institute, New York.

EXONERATED OF MURDER

Girl Who Shot Faithless Sweetheart is Set Free.

JACKSONVILLE, Fla., May 6.—Two sensational killing episodes were ended here to-day when the grand jury ordered the release of Miss Jessie Brown, and R. A. Humphreys, who had been charged with the murder of Miss Brown shot and killed Earl P. Adams, her sweetheart, following the announcement of Adams' engagement to another woman.

Humphreys shot and killed both his 16-year-old wife and Thom, McManus, who had been the two together in the home. The mother of Mrs. Humphreys committed suicide because of grief over her daughter's death.

Shoots Daughter's Abductor.
 WASHINGTON, May 6.—Irving Beck of this city was shot to-day, fatally it is believed, by Albert Willard, with whose 14-year-old daughter Beck, who is 23 years old, recently eloped. Beck refused to let Willard know where he was keeping his girl wife.

COMING TO ST. PHILIP'S

Rev. J. H. Teney Appointed by Bishop of Toronto Yesterday.

The Bishop of Toronto announces that Rev. J. H. Teney of Omemee has been appointed rector of St. Philip's Church.

The new rector of St. Philip's is a gifted preacher who works enthusiastically with his clerical brethren of other denominations. He has been in Omemee for seven years. He is a native of Ontario and only in his 43rd year. His wife and daughters, who are accomplished musicians, will be an acquisition to the St. Philip's activities. His son is a bank clerk at Winnipeg.

Rev. Mr. Teney succeeds Rev. Philip's Bishop Sweeney as rector of St. Philip's.

MR. KINRADE STILL A SCHOOL TEACHER

Paying His Substitute Liberally—Monday, Aug. 2, Civic Holiday—An Arrest for Bigamy.

HAMILTON, May 6.—(Special.)—At the meeting of the school management committee this evening, Truste Holden stated that many people had asked him if T. L. Kinrade had resigned his position as principal of the Cannon-street school. Thomas Hobson, chairman of the board, said that Mr. Kinrade had not resigned. Mr. Holden thought that Kinrade's salary was \$130 a month, and he did not think public opinion was in favor of the board paying him his full salary while he was off duty. Mr. Hobson explained that Mr. Kinrade's salary was \$130 a month, and out of that he was paying his substitute \$120. No action was taken. Fred Taylor was appointed manual training instructor at the Wentworth-street school at a salary of \$800 a year. Sergt.-Major Huggins was given leave of absence to accompany the Blesley team.

Monday, August 2, was selected as civic holiday by the finance committee this afternoon. The by-law to raise \$20,000 for the purchase of a new hospital site was sent to the council. The Cataract Power Companies offer to light Gore Park for \$50 every night from May 24 to September 30 was accepted. This blocks the scheme to remove the park fence and to install ornamental lamps.

Y.M.C.A. Ladies.
Mrs. R. E. Gallagher, after serving seven years, resigned the position of president of the ladies auxiliary of the Y.M.C.A., and the following officers were elected at the annual meeting this afternoon: Mrs. Wickins, president; Madames W. A. Robinson, W. J. Haugh, Wolfkill and James Dunlop, vice-presidents; Mrs. Rutherford, treasurer; Miss Davis, secretary.

The Mikado was put on by amateurs at Bennett's Theatre this evening under the auspices of the Daughters of the Empire. There was a fair attendance. The performance will be repeated Friday and Saturday evenings. The principals are: Mrs. Wickins, president; Mrs. Rutherford, treasurer; Miss Davis, secretary.

George Pearce, a young man about 25 years of age, was arrested this afternoon for Toronto on a charge of bigamy.

Walter Hill, North Ferguson-avenue, was arrested this evening charged with assaulting his wife.

Police Magistrate Jells announced today that his colleagues on the board of police commissioners had decided in favor of holding all their meetings behind closed doors. The magistrate is opposed. As to the meeting yesterday, Mayor McLaren gave out a statement, in which he says the commissioners came to the conclusion that Mrs. Buswell believed that a bona fide offer to square the case had been made by Detective Bleakley, but that there was no authority for such an offer. He says that the commissioners have no sympathy with methods that leave such impressions.

A second match between Frank Carroll, the Toronto boxer, and Jack Martin, Buffalo, is being arranged at Niagara Falls, for May 23.

The fire and water committee is talking of reducing the water rates by 25 per cent.

Bert W. A. Johnston, an actor, was acquitted this morning of a charge of intimidating non-union men working at the Gurney-Tilden foundry.

W. L. Ross and his officers will be at the drill hall Saturday afternoon and evening, to enroll recruits for C squadron, 2nd dragons.

Owing to illness, Gypsy Smith was unable to keep his engagement with

GYPSY SMITH IN TORONTO TO BEGIN GREAT REVIVAL

Says He Will Appeal First to Conscience, Then to Intelligence—First Meeting Saturday.

Gypsy Smith, who is to lead a 15 days' revival at the Massey Hall from Saturday night, has arrived. He is the guest of Rev. Dr. Elmore Harris.

"This is my first piece of work in Canada," said the Romany apostle to The World last night. "Of course I have not been in Toronto before, and I feel very much at home under the British flag, you know."
The noted revivalist is a dashing-looking man, with jet black hair and keen eye. He is one of the most genial of men and spoke with enthusiasm of his meetings in the United States, which began on July 25 of last year. Since then he has addressed 3,000,000 people.

Appeals to Conscience.
Gypsy Smith said yesterday: "I seek first to appeal to conscience, then to intelligence, then to the will, and then to the emotions. But the emotions are the means by which we may best stir and stimulate the will."
"Let a great actress appear before you on the stage in a certain play. If she is truly great, and the play is good, she wins the whole heart of her audience. She can do with it what she likes. She may pick it up and stick it under her arm like an old umbrella and carry it away with her. But it is not the intellect that has been aroused, but the emotions. After the emotions comes the intellect, but with that actress in that play it was emotions first."

"Now, in this work of conversion you have to deal with a man's intelligence. His intelligence and his conscience are the bricks and mortar. The mortar is his emotions—his heart. Without the mortar you cannot build your wall; without the emotion, without touching and reaching into the heart of your man, you cannot build your Christian."
"Sometimes I make my hearers angry—I know I am going to make them angry, and oftentimes I tell them so, but I go right ahead, nevertheless. I tell them the plain truth, and I try to touch their hearts—I try to reach their emotions. I get their sympathies; there is a bond between us. Their hearts soften, and my heart, too, softens. I, too, am affected. I give out my whole soul to them. My energies, my life, my being seem to ooze out at my very finger tips. I give the best that is in me. I feel the response from the people."

Sermons to Trees.
"My first sermon," he said, "was delivered to the turnips in the field. I talked to the trees. I talked to the stones. I talked to the birds. I was between 15 and 17 years old when the desire came upon me to be a preacher."

In Aid of Adana Sufferers.
A subscription has been opened under the patronage of Byron P. Wood, Rev. Dr. John Nell of Westminster Presbyterian Church, and Rev. John MacNeil of Walmer-road Baptist Church, in aid of the survivors of the massacre of Christians in the Province of Adana in Asia Minor. Contributions will be received by the manager of the Bank of Commerce.

How would you like to secure a house and lot worth \$4000? Keep your eye on the contest The World is putting on and you will see how this can be easily done.

BIG PROPERTY SALES IN NORTH TORONTO

Sewage Committee will Confer with Engineer on Saturday Night—Suburban Notes.

NORTH TORONTO, May 6.—(Special.)—The special committee to deal with the sewage system will meet in the council chamber on Saturday evening to discuss informally the whole matter, when Taird Murray, an expert on sewage matters, will be present. Mr. Murray has already submitted a voluminous report and the whole matter, but it was deemed advisable to secure his attendance in person. The report as submitted by Mr. Murray for the installation of a biological system, calls for an expenditure of \$131,241, and in the event of connection with the city system, exclusive of city rental, \$241,541.

The Hewitt property, which is ten acres in extent, near Upper Canada college, will be sub-divided into building lots and will be placed upon the market at once.
The presumably new cars for the Glen Grove route arrived yesterday over the C.P.R. and will be put into service without delay.

Davisville won the five mile inter-ward relay race yesterday against the Eglington team.
A meeting of the building committee of Christ Church, was held to-night, at which it was decided to raise a loan to provide funds for the new church, work on which will be started at once.
The funeral of Edith, the second daughter of T. Brennan of Soudan-avenue, took place this afternoon from the family residence to Mount Pleasant cemetery.

A. C. Jennings of Deer Park, the well known real estate man, put through two important deals today.
One of these is the property of Wm. McCrea—on Rheo-park-avenue to John's family residence to Mount Pleasant street butcher.

SENTENCED FOR SEDITION
Two Indians to Die and Ten Go Down For Life.
CALCUTTA, May 6.—Sentences were handed down today in the court of Allpur, a suburb of Calcutta, in the cases of the thirty-five natives who were arrested here last summer charged with complicity in the anarchist conspiracy of May, 1908.

Two of the men were condemned to death, ten to transportation for ten years, three to transportation for seven years, while seventeen were acquitted. Ashutosh Biswas, a public prosecutor, who was engaged in the conduct of the cases, was shot dead in the Allpur court last February.

Week-End Trips.
After your week's work and worry is over, there is nothing more refreshing to both mind and body than a five-day pleasure trip. The Grand Trunk Railway System will issue return tickets to a great many points in Ontario at single fare, with ten cents added, good going Saturday or Sunday, returning any train Monday. For tickets and full information, call at city ticket office, northwest corner King and Yonge-streets. Phone Main 4208.

Woman's Suffrage Meeting.
Owing to the unfavorable weather conditions last night, a very few of the valiant members of the Woman's Suffrage Association attended the monthly meeting held at Zion Church, in fact, there was almost as many males as females present. The meeting, which was presided over by Dr. Margaret Gordon, with Miss Ives as secretary, was addressed by Rev. Charles H. Pennoyer, Rev. Mr. Billings and Louis A. Kerwin, all of whom spoke in favor of the movement.

In Aid of Adana Sufferers.
A subscription has been opened under the patronage of Byron P. Wood, Rev. Dr. John Nell of Westminster Presbyterian Church, and Rev. John MacNeil of Walmer-road Baptist Church, in aid of the survivors of the massacre of Christians in the Province of Adana in Asia Minor. Contributions will be received by the manager of the Bank of Commerce.

How would you like to secure a house and lot worth \$4000? Keep your eye on the contest The World is putting on and you will see how this can be easily done.

SAVED LIVES AND PROPERTY ARESAVED BY USING Eddy's Silent Safety Parlor Matches

A bad shaking up generally. W. H. Shaw, 185 Crescent-road, whither Mr. Stiver was taking the road when the accident happened, was unwritting in his attentions to the latter.

UNIONVILLE.
Newly Notes of Interest From the Hub of the Township.

UNIONVILLE, May 6.—Delos Harrington is completing the exterior work of a commodious house on Main-street south.
One of the growing industries of the village is the manufacture of cement blocks and sewer pipes carried on by Frank Priestly, and which has assumed large proportions. Not alone the municipality of Markham, but the farmers generally, are fast appreciating the old style of wooden culvert with the modern cement ones.
A number of local disciples of Isaac Walton have made some good catches of bass in the stream north of the village.

Mrs. Robert Goodyear is seriously ill.
Mrs. W. A. Noble held her first post-nuptial reception on Wednesday, which was largely attended.
The Bell Telephone Company are extending their lines from the village westerly along the sidewalk to the 5th concession, where, among others, Henry Smith, Thomas Ogden, Nehemiah Ogden, Reuben Stiver and James Lanan will have phones installed in their residences.
Ross and Otto Summerfelt, "Teddy" Stevenson, and W. Lunan, all baseball enthusiasts, drove to the city this afternoon to be present at the opening ball game at the Island.

GREAT SPRING CHICKENS.
York County So Far Leads in Early Spring Poultry.

As an evidence of what can be accomplished by strict attention to business and a knowledge of the poultry industry, W. G. Renick of Agincourt, the well-known Scarborough farmer, is a striking example.
Mr. Renick sold five spring chickens of the Orpington breed to Swan Bros., the King-street grocer, for \$1.30 each, or a total of \$6.50. Some of the best or ones Mr. Renick still retains. Can any York County or other farmer beat this record?

Berlin Canadian Club.
BERLIN, Ont., May 6.—(Special.)—Hon. A. E. Morin of Toronto delivered the closing address of the season at the Canadian Club luncheon here this evening on "Newfoundland." The club has a membership of nearly 200.

CURE FOR ALCOHOLISM
It is the Discovery of a Canadian Chemist, Too.
LONDON, May 6.—(C.A.P.)—Owen Seaman, editor of Punch, addressing a meeting at the Normy Treatment Association explained that the formula which constituted the treatment was the outcome of the research of Huton Dixon, a Canadian chemist. It was impossible for the association to raise enough money for the purchase of the formula, and they had entered into an arrangement with the inventor. The Bishop of Chichester said they had found in the normal treatment for alcoholism something for which they had been looking for a long time.

British Soldier's Suicide.
NEW YORK, May 6.—Enquiries concerning the identity of George P. Armstrong, who was found dead in his cot-

tage in East Rutherford, N.J., a soldier from gas, indicate that he was formerly a captain in the British Royal Artillery, and had won a medal for gallantry for service under Gordon in the Sudan, and had carried himself off with credit in India. His suicide followed the departure of his bride to New York Friday evening.

SIMPSON COMPANY LIMITED

OF INTEREST TO WOMEN

MENUS FOR THE WEEK

For Saturday.
 Breakfast—
 Oatmeal. Tomato omelet. Orange marmalade. Coffee.
 Lunch—
 Puree of lentils and tomatoes. Pulled Bread. Chocolate eclairs.
 Dinner—
 Mock Bisque soup. Stewed leg of lamb. Capers sauce. Baked potatoes. String beans. Peach pie. Crackers. Cheese. Coffee.

Recipes for Saturday.
 Mock Bisque Soup—1 can of tomatoes, 3 pints milk, 1 tablespoonful flour, 1 tablespoonful butter, 1-2 teaspoonful baking soda, pepper and salt.
 Stew tomatoes until pulp is tender. Put in milk in a double boiler to boil, and stir mixed with a little cold milk, and cook for 15 minutes. To the tomato add soda; stir well, and rub thru a strainer. Add butter, salt and pepper to the milk, and then the tomato. Serve at once.
 Chocolate Eclairs—Put 2 ounces butter into a saucepan, add 1/2 pint of water, bring to boiling point; add quickly 1-2 pint flour, pinch of salt and 1 teaspoonful sugar; stir well with wooden spoon till mixture leaves sides of pan, remove from fire, allow to cool, but not become cold; add 4 eggs, beating each one thoroughly in. Put mixture into pastry bag and tube and shape in strips 3/4 inches long and 1 inch wide, on buttered tin. Bake 20 to 40 minutes in hot oven. When ready and cold fill with whipped cream.

The many friends of Miss Georgia Rodgers, the popular soprano, formerly vocalist at Clinton-street Methodist Church, will be glad to learn of her appointment as vocalist at Central Presbyterian Church.

The following are passengers on the Empress of Britain for Canada: Lady Shaughnessy, Miss Alice Shaughnessy, Sir Richard and Lady Musgrave, Major A. Y. Boucher and family, Captains J. Bates, A. J. Fraser, H. Chaplin, Hon. Judge Chauveau, the Earl and Countess of Clanwilliam, Col. Campbell Gardner, Commander M. J. Harrison, Toronto, and family; Revs. Rathbone, Hayles and G. Wells Fisher, Dr. Paul Livermore, Major Bryson Saunders, Mrs. Charles F. Sharpe, 323 St. George-street, will not receive again this season.

In Society

Mr. and Mrs. John Walker will spend the week-end at Walkerton, before leaving for New York, whence they will sail for England and the continent. Mr. and Mrs. C. W. J. Woodland are going over on the same boat.

Miss Alice Cavendish of London, Eng., who is on a tour in Canada, is at present the guest of her brother, Mr. W. D. Cavendish, 309 Avenue-road.

Mr. Britton Francis is visiting Mr. and Mrs. Percy Bath at Oakville.

Mr. and Mrs. G. A. Reid of Wychwood Park are in Ottawa attending the opening of the Royal Canadian Academy.

Mrs. D'Arcy MacMahon is in town from Ottawa for a few days, the guest of Mrs. Bruce Macdonald.

Mrs. Cockshutt, who was the guest of Mrs. A. Allan, has returned to Brantford.

Mrs. Deacon and Miss Florence Deacon have returned to the city from the south, and are with Mr. and Mrs. H. Deacon in Crescent-road.

Mrs. Watt has returned to the city, after visiting her sons in New York, accompanied by Dr. and Mrs. Purdy of Cobourg.

Mr. Douglas Burns has returned from Ottawa, where he was the guest of Col. Mr. and Mrs. Andrew Thompson.

Mr. and Mrs. Corby of Belleville are at the King Edward Hotel.

Mrs. John Burnand has postponed her visit to Ottawa.

FIRST SPADEFUL TURNED FOR NEW SHEA'S THEATRE

Building Operations on Toronto's Big Vaudeville House Commenced Thursday.

Five hundred spectators eagerly witnessed a scene unique in the theatrical history of Toronto yesterday afternoon. The throng was attracted by the announcement in The World that the first sod would be turned at the corner of West Richmond and Victoria-streets for the palatial new Shea Theatre. At 1.30 Mr. Shea, proprietor of the popular Yonge-street resort, escorted the Honorable Sisters to the site of the new building. They were accompanied by a number of his Toronto conferees in the profession. The other talent performing at the site at Shea's, and the members of the staff and orchestra were also present. The young ladies evoked applause by the deft manner with which they wielded their spades.

After the ceremony Mr. Shea was congratulated by a number of leading and representative Toronto business men on his energy and enterprise. The new theatre will have a handsome five-story solid brick front facing on Victoria-street. The frontage will be 92 feet, depth 168 and seating capacity 1900. The cost approximates \$200,000. Every effort will be made to open for the summer holidays. The interior architecture will be empire style. Holmes Bros. are the contractors.

The new theatre will be of steel and concrete, and strictly fire-proof. In addition to the front doors there will be three exits on the ground floor on the north and south sides. The contractors have been instructed to use every effort to secure the completion of the new theatre at the earliest possible date.

LABOR LEADER REPORTS MAJORITY OUT OF WORK

Sixty Per Cent. of American Metal Workers Among Army of Unemployed.

Frank Morrison, secretary of the American Federation of Labor, which will meet here in November, stated that he had visited yesterday in Toronto. Morrison stated that he will address a meeting to-night at Association Hall.

Speaking of the sentence of imprisonment issued against him, President Gompers and John Mitchell, Mr. Morrison explained that it was because they violated an order of Judge Gould of Washington, and had printed and spoken of the stove and range company as an unfair shop, and had placed it upon the "We don't patronize" list.

All three are out on bail. Mr. Morrison expects 400 delegates here in November. He states that he and Mr. Gompers' visit is in connection with arrangements for the November convention.

Everything is very quiet in labor circles in the United States, Mr. Morrison says. Although things are improving there are still, he estimates, 50 per cent. of the metal trade workers out of employment.

Mr. Morrison was in conference yesterday with the local committee, composed of William Block, president of the District Labor Council; Isaac Sanderson, treasurer of the District Labor Council; and E. W. A. O'Dell, representative of the boot and shoe workers; W. A. Vickery, representative of the brick and masonry workers; and D. A. Carey, chairman of the general convention committee of the A. F. of L.

A WORTHY CAUSE.
 A circular which has been sent out by S. C. Swift, M.A., secretary of the Canadian Free Library for the Blind, setting forth the aims, plans and requirements of the institution, draws attention to several phases of a splendid work. It states that there are over 4000 blind persons in Canada and that a great aid in educating these people and in helping them to earn a livelihood is the free library. What the operator is an expert of the highest attainment. And the machine and operator are "housed" in an asbestos blanket box device that is the standard in all the great cities of the United States and Europe, constructed in such a manner that the danger of fire is absolutely eliminated.

But the provincial regulations call for a box lined with asbestos. And the other day a policeman from Inspector Stephen's office inspected the perfect device, consulted with his book of rules, and ordered that it be taken away and replaced with "a box lined with asbestos." Protest was in vain. Mr. Policeman pointed out that the "re-stats"—otherwise re-stated, and the "con-doots"—or conduits, did not respond to the printed demands. And what he said had to go—even the perfect inventor's special representative had shortly before declared to be excellent.

VON BUELOW TO RESIGN
 Unless the Government Adopt His Financial Measures.

BERLIN, May 6.—The Naue Gesellschaftliche Correspondenz, which has excellent official resources of information, announces that Chancellor von Buelow intends to resign before the White-tide recess, unless the financial reform plans of the government are adopted.

COME WITH THE CROWDS McKENDRY'S, Limited 226 and 228 YONGE STREET

IT WASN'T PER THE BOOK POLICEMAN SAID "SCAT" And Moving Picture Asbestos Safety Device, Finest on the Market, Had to Be Replaced.

Owners of moving picture show-houses are disgusted with the new provincial regulations intended to eliminate the dangers of fire, and so are electrical experts, who say that lack of technical knowledge is woefully apparent.

Enforcement of the rules is confided to the police, and here's an illuminating instance of how it works out.

"This week, on one of the local theatres, there's a moving picture exhibition of the highest class. The machine is of the finest perfected type and the operator is an expert of the highest attainment. And the machine and operator are "housed" in an asbestos blanket box device that is the standard in all the great cities of the United States and Europe, constructed in such a manner that the danger of fire is absolutely eliminated.

But the provincial regulations call for a box lined with asbestos. And the other day a policeman from Inspector Stephen's office inspected the perfect device, consulted with his book of rules, and ordered that it be taken away and replaced with "a box lined with asbestos." Protest was in vain. Mr. Policeman pointed out that the "re-stats"—otherwise re-stated, and the "con-doots"—or conduits, did not respond to the printed demands. And what he said had to go—even the perfect inventor's special representative had shortly before declared to be excellent.

VON BUELOW TO RESIGN Unless the Government Adopt His Financial Measures.

BERLIN, May 6.—The Naue Gesellschaftliche Correspondenz, which has excellent official resources of information, announces that Chancellor von Buelow intends to resign before the White-tide recess, unless the financial reform plans of the government are adopted.

St. Elizabeth Visiting Nurses.
 The regular monthly meeting of the board of directors and convenors of the St. Elizabeth Visiting Nurses' Association will be held at 3 p.m. to-day in St. Vincent's Hall, corner Shuter and Victoria-streets, Doctor St. Charles will address the meeting.

Public Amusements

Jimmy Britt of San Francisco, after viewing the cinematograph pictures of the heavy-weight championship battle between Tommy Burns and Jack Johnson, which took place at Sydney, Australia, Dec. 26, 1908, says: "Contrary to general reports, the films disclose the fact that, also apparently beaten, Burns was not outclassed." Tommy Burns' fellow-countrymen will have a chance to judge for themselves when the pictures will be exhibited for the first time in Canada at the Princess Theatre all next week, with daily matinees. The seat sale is now open.

At the Gayety next week is "All Reeves' Beauty Show." No money has been spared to make it the talk of every city visited. Al Reeves, the principal comedian, has written a first part, entitled "The Merry Go Round," and the name implies the meaning—it's a review on all the New York successes. And also the burlesque, "Conology," a satire on society seeking noblemen for their titles.

Manager Shea has arranged another big vaudeville bill for next week. The bill will include Sydney Deane & Co., the Doherty Sisters, McConnel and Simpson, Howard's Poodles, Smith and Campbell, Rice and Provost, Christy and Willis and the kinetograph.

Another new bill of vaudeville features will be presented at the Majestic next week. Commencing Monday, a change in the performances will be made to meet the requirements of the public. Four shows will be given every day, two in the afternoon, between 2 and 5, and two in the evening, between 7 and 11. New motion pictures with instructive and humorous subjects will also be presented next week.

Thomas E. Shea as Mathias in "The Pella."
 Thomas E. Shea, who is at the Grand this month, is desirous of obtaining the opinion of the Toronto theatregoers as to the merits of his various productions.

The World will present a box at the Grand for Monday evening next to the person who will give the best reasons why "The Pella" makes such a popular stage offering.

Letters will be received up to Saturday by the Contest Editor of The World, and the successful writer will be announced in the issue Monday morning.

CHEMICAL CLOTHES CLEANING
 is the most perfect method known for cleaning fine fabrics of delicate coloring, such as ladies' dresses of silk or velvet, opera cloaks, waists, gloves, curtains, draperies, gentlemen's clothing, etc. By no other means can so varied an assortment of articles be thoroughly cleaned without destroying the color and original hang. Send for Our New Booklet "MY VALET," FOUNTAIN-THE CLEANER, 30 Adelaide St. West, Toronto. Phone Main 1900. 374

PEAK'S HAIR GROWER
 has become famous through its media. Does your hair gradually fall out, or does it fall out in large spots? We can cure you, or we will refund you your money, if it never falls. Call, write or phone to-day. The Peak Manufacturing Company, 129 Victoria Street, Toronto.

Baseball Toronto 3 Baltimore 1

Lacrosse C.L.A. Districts

Turf Trials at Woodbine

Note and Comment

Those who pretend to understand baseball came away from Hamilton Point yesterday thoroughly satisfied with the team of Joe Kelley...

Of the other comers Houser was the favorite. He had all over the tumblers and ways made good both at bat and in the field...

It was not necessary for Joe Kelley to work himself and Wedly proved the part as a valuable understudy. Rudolph was better than ever...

With Dickie Rudolph on the slab and Houser playing first, the team was looking for the worst. When the bases were almost loaded...

The World's triple baseball contest is two-thirds over. Circulation clerks were going thru the thousands of coupons all last night...

As Mahling tallied all thru the thousands of guesses were all awry. The World's mathematician figures that with 15 men available for the Toronto line-up the possibilities were upwards of a million...

The official paid attendance was 6430. As given last night by President McCaffery, a splendid treat of the public to Manager Joe Kelly and the directors.

ST. LOUIS, May 6.—Detroit won from the Browns today 2 to 1. Mullin worked for the champions and was never in any serious trouble...

ST. LOUIS, May 6.—Detroit won from the Browns today 2 to 1. Mullin worked for the champions and was never in any serious trouble...

ST. LOUIS, May 6.—Detroit won from the Browns today 2 to 1. Mullin worked for the champions and was never in any serious trouble...

Mahling Scores All Three Runs Rudolph Allows Only Three Hits

Houser for Toronto and Lewis for Baltimore Field Brilliantly—Incidents of the Opening Game.

The 1909 debut of the Leafs before the fans of their home town was all that could be desired, the team serving up such a choice article that last year's champions were obliged to take the crumbs, the score being 3 to 1 in favor of Toronto...

The opening formalities were decidedly short, as compared to other years, when we all rode round the block in carrying the "doings" yesterday being confined to walk around the grounds by Bledsoe's band...

The parade ended at the home plate, when the contestants were joined by Lieut.-Governor Gibson, who, after a few introductory remarks, which we could not catch, took his position in the pitcher's box with Hon. W. J. Hanna holding the bat...

It was not necessary for Joe Kelley to work himself and Wedly proved the part as a valuable understudy. Rudolph was better than ever...

With Dickie Rudolph on the slab and Houser playing first, the team was looking for the worst. When the bases were almost loaded...

The World's triple baseball contest is two-thirds over. Circulation clerks were going thru the thousands of coupons all last night...

As Mahling tallied all thru the thousands of guesses were all awry. The World's mathematician figures that with 15 men available for the Toronto line-up the possibilities were upwards of a million...

The official paid attendance was 6430. As given last night by President McCaffery, a splendid treat of the public to Manager Joe Kelly and the directors.

Bob Day Referee Bouts at St. Kitts H. McEwan Loses

ST. CATHARINES, May 6.—(Special.)—The city boxing tournament at the Phelps Street rink to-night was well attended, the various bouts being well contested and affording much amusement to the spectators...

The last event, between Jim Barnes of Merrittville, and J. Walsh Hamilton, 135 lbs., was the best of the evening, Walsh putting it all over Barnes in the last round...

The officials were: Referee Robert Day, Toronto; judges, Albert Vane, St. Catharines, James Kilby Welland; timer, Owen O'Neill, and nonner, J. Campbell; master of the ring, John Cameron. Finals will take place to-morrow night when Robert Day, Canadian heavyweight champion, will box three-round exhibition.

The officials were: Referee Robert Day, Toronto; judges, Albert Vane, St. Catharines, James Kilby Welland; timer, Owen O'Neill, and nonner, J. Campbell; master of the ring, John Cameron. Finals will take place to-morrow night when Robert Day, Canadian heavyweight champion, will box three-round exhibition.

ROSS RIFLE EXPERIENCE Overcomes Prejudice

Early in 1908, thanks to articles in the party press, it was almost impossible to secure a fair trial for Ross Rifles.

Young shots were using them somewhat, and old ones opened their eyes when, at the P.Q.R.A., Private Porter, with a Ross Rifle, won the tyro aggregate with a score only three points below the winner of the Canadian Aggregate. The wonderful success of the Ross Rifle at Blaisy, and the Canadian matches, has convinced rifle shots now that it is a hand-calc not to have a Ross. You will not find any justice to your skill this year unless you use a Ross Rifle.

ROSS RIFLE, MARK III. Write for Catalogue, which contains full description of the Ross Rifle. Ross Rifle, made in Canada, combining the accuracy and power of our military arm with great style and handiness.

James L. Hughes' Trips
Put Bees in His Bonnet

Striking Comments on Peregrina-
tions of Chief Inspector—
District Labor Council.

"Every time he takes a trip he has
a fresh bee in his bonnet," was the
bouquet handed out to Inspector
Hughes in the report of the education
committee of the District Labor Council
meeting last night. The lack of
thoroughness, the superabundance of "side-
lines" and the bad spelling of the pub-
lic school graduates came in for con-
demnation, and it was declared that
the school board as at present con-
stituted is not a responsible body.

The superintendent of teachers over
sixty years of age was advocated. Trustee
James Simpson objected to the re-
port as being too indefinite. The 60-
year limit on teachers also aroused his
ire, and an incidental reference in the
report gave him the opportunity for a
very denunciatory diatribe against the
report. The report was referred back for further
consideration.

The council endorsed the action of
the district council in prosecuting the
building of a sea wall.

Delegates Richards and Bruce will
be sent to the labor education convention
in Berlin on May 24.

MAKE EDUCATION FREE

James Simpson Opposes Continuance of
High School Fees.

The first meeting of the board of
education in the council chamber of
the city hall was held last night.

James Simpson objected to the senior
high school suggestion of continuing the
high school fees, on the ground that
there was not sufficient high school
accommodation now, let alone during
the rush that would come if free edu-
cation were in vogue. Mr. Simpson
believed that there was no room for them
in abolishing the fees, as it showed
clearly that we will see a still further
reduction in the number of licenses
before many years pass, and it is easy
to pick out the hotels that are bound
to go.

Trustee Davis objected to the ap-
pointment of a widow as teacher in
Dewson-street school, and advised that
single lady's name instead. Neither
objection was sustained.

Among the notices of motion were:
Smith: To abolish manual training
and domestic science in all the senior
high schools. Conboy: That dental
certificates be considered the same as
medical certificates in allowing teach-
ers leave of absence. Davis: To
change the name of senior principal to
superintendent.

The board has changed its mind
about making the first installment of
the Avenue-road School one storey high.
The specifications will be altered to
call for a two-storey building and new
tenders invited for the work.

Harper, Custom Broker, McKlendon
Building, Toronto.

THE WEATHER

OBSERVATORY, TORONTO, May 6
(5 p.m.)—The disturbance which was
centred in Wisconsin this morning is
now over the lake region, diminishing
in energy, and has been accompanied
by numerous thunderstorms. Elsewhere
in Canada the weather has been gen-
erally fine.

Minimum and maximum tempera-
tures: Dawson, 24—52; Victoria, 41—
65; Vancouver, 41—65; Kamloops, 41—
65; Calgary, 22—60; Edmonton, 32—62;
Medicine Hat, 30—56; Battleford, 30—
54; Qu'Appelle, 28—54; Moose Jaw, 28—
57; Winnipeg, 34—64; Port Arthur, 54
—67; Parry Sound, 42—67; London, 54
—80; Ottawa, 42—60; Toronto, 45—61;
Montreal, 44—57; Quebec, 42—54; St.
John, 40—54; Halifax, 48—56.

—Probabilities—
Lower Lakes and Georgian Bay—
Fresh to strong winds; a few local
showers or thunderstorms, but partly
fair.

Ottawa Valley and Upper St. Law-
rence—Showers and local thunder-
storms.

Lower St. Lawrence—Fine to-day,
followed by local showers or thunder-
storms.

Gulf and Maritime—Moderate to
fresh winds; fine; not much change in
temperature.

Superior—Fresh to strong westerly
to northerly winds; clearing; not much
change in temperature.

Yorkville, in his 78th year, from his
daughter's residence, 37 Isabella-
street, to-day, to the Necropolis at 4
p.m. Kindly omit flowers. Castbourne,
London, papers please copy.

BLAIR—At 42 Clarendon-avenue, May
6, David Blair, L.L.D., in his 77th year.
Funeral private.

HOLMES—At the residence of his son-
in-law, W. E. Hazelwood, 129 Dover-
court-road, Daniel Holmes, late G.T.
R. conductor, aged 82 years and
11 months.

Service at the house Friday even-
ing at 8 o'clock. Interment will take
place at Goderich Saturday on ar-
rival of the funeral train.

MARMON—On Wednesday, at Mus-
koka, Mr. A. G. Marmion, of the To-
ronto Showcase Company.
Funeral from his late residence, 628
Brimley-avenue, at 2 p.m. on May 6,
2.30 p.m., St. James' Cemetery, E. W.
ROSS—At his late residence, 93 Leg-
g-street, on May 5, 1909, A. C.
Ross, aged 80 years.

Funeral notice later.

TERRYBER—Suddenly, at 194 Ter-
ry-ber-street, May 6, William V. Terry-
berry, in his 77th year.
Funeral at Hamilton Saturday, May
8, on arrival of C.P.R. train at 1.15
p.m. Service at house at 11.30 a.m.
Hamilton papers please copy.

YULE—At Vernon, B.C., on Saturday,
May 1, Archibald, youngest son of
Mrs. Louise Yule of Whitby, Ont.,
interment at Whitby. Funeral pri-
vate.

HOTELMEN USE TO SELL
MAY BE A FURTHER CUT

Chairman Coatsworth's Advice to
License Holders in Out-
lying Districts.

Several hotelmen who were wiped
out by the license reduction bylaw are
said to be negotiating to buy out some
of their more fortunate brethren.

Others, who were left on, are looking
for a good price for their places from
the four who were ordered to move to
distant premises. Chairman Coats-
worth's advice to them is this: "Many
of the men who got their licenses, par-
ticularly those in outlying districts,
will be wise if they sell out whenever
they get a chance, or get out of busi-
ness some way. I think there is no
doubt that we will see a still further
reduction in the number of licenses
before many years pass, and it is easy
to pick out the hotels that are bound
to go."

Inspector Johnston says: "I
don't think we will see licenses selling
at such high prices in the future. The
business is getting too risky. I hear
that opinion from many of the trade."

FISHERIES ARBITRATORS.
LONDON, May 6.—(C.A.P.)—The
Hague Fisheries Arbitration Court
comprised Mr. Dr. Argentine; Lohman,
Netherlands; Judge Gray, United
States; Chief Justice Fitzpatrick, Can-
ada. The case will be heard at the end
of the year.

Are you preparing to visit one of the
valuable prizes which the World is
offering in the contest it has opened?
It will pay you to watch this great
event and to work for yourself or
someone else.

GRAND SUCCESS

Wonderful Growth in Sales During
1908.

The year just passed will long be re-
membered for the financial and com-
mercial depression. Business houses
all over Canada were affected. Most of
them show a loss over 1907. Some did
about as much business last year as in
the preceding one. A few—a very few—
show substantial gains. In spite of
"hard times" and "disappointments,"
the sales of "Fruit-a-tives" doubled in
1908 over 1907.

The National Drug & Chemical Co.
of Canada, Limited, bought "Fruit-a-
tives" in 100 gross lots (14,000 boxes).
Lyman Sons & Company of Montreal,
and Lyman Brothers in Toronto, also
ordered "Fruit-a-tives" in hundreds
of gross lots. These big wholesalers
bought such big orders simply because
the retail dealers ordered so many
boxes of "Fruit-a-tives" that the de-
alers had to keep "Fruit-a-tives" al-
ways in stock to supply the constantly
growing demand of people in every
section of Canada.

To-day "Fruit-a-tives" are the most
popular family medicine in the Do-
minion. In the big cities, in the ar-
dour towns, on farms and ranches, "Fruit-
a-tives" are the standby in curing all
forms of Stomach, Liver, Bowel, Skin
and Kidney Trouble, Rheumatism,
Headaches and Neuralgia.

Are you a sufferer from any of the
diseases? Don't hesitate a moment.
Get a box of "Fruit-a-tives" and
then according to directions and they
will cure without fail. 50c a box, 6 for
\$2.50, or trial size, 25c. At dealers, or
from Fruit-a-tives, Limited, Ottawa.

PUGSLEY IS EUGREED

Continued From Page 1.

when Mr. Foster called out: "Is that
the government's reply?"

Despite inclement weather, large
audience enjoyed the performance.
Mr. Maclean convinced the audi-
ence that public ownership is
bound to come in the system of public
ownership of telegraph, telephone and
railway systems in Germany, Denmark,
England, and practically all European
countries.

Mr. Maclean hopes that Niagara and
other electrical powers, made to
the hands of private corporations,
but would be publicly owned.

A cordial vote of thanks was moved
by W. B. Burgoyne, and seconded by
J. Robertson.

The following officers were elected for
the ensuing year: President, A. C.
Kingston; vice-president, E. J. Hoop-
er; secretary-treasurer, Dr. John She-
ehan; committees, C. G. McGhie, S. W.
R. Record, W. Monro, W. S. Lane, Dr.
Greenwood. A grant was made to-
wards the national monument move-
ment.

SAYS ALBERMAN GOT \$1000
For Helping to Have City Purchase
Building.

MONTRÉAL, May 6.—(Special.)—
That Alderman Crockett, chairman of
the police committee, received a thou-
sand dollars when the city purchased
a building from Pierre Leclaire, to be
converted into a police station, was
an sensational feature of to-day's evi-
dence in the civic enquiry.

The charge was made by Fred Le-
claire, police officer, who was formerly
a tenant of Pierre Leclaire, the man who
sold the building to the city at a price about
twenty times its value. The charge was
set value that could be placed upon it
by real estate experts. He swore that
Pierre Leclaire told him that if he
did not go to the city, he would be
killed.

Most serious of all charges, said
Crockett, was that \$30,000 had been
misappropriated out of the \$100,000,
which the province was to pay for the
building, a charge "to which there is
absolutely no answer." This charge,
said Crockett, if established, should be
sufficient to put Mr. Pugsley out of
the government.

"I ask you if any more serious
charge could be made against a public
man than to charge him with the mis-
use of money." Crockett went for his
proof to the record of Pugsley's evi-
dence, saying: "If the commission erred at
all, it was on the point of the money."
Mr. Crockett concluded his speech
at 4.30 o'clock.

Mr. Turgeon of Gloucester empha-
sized the respect in which he held
Judge Landry, but felt compelled to
dissent from the findings of the com-
mission. He said there had been two
attacks this season by the opposition
upon Mr. Pugsley, but it was impos-
sible to change the reputation of a
minister of public works, who was
held in high esteem all over the coun-
try. The vote was then taken.

The evening session was occupied
by the estimates of the department
of agriculture.

GIRL MARRIED TWICE

Ethel Sheehan, Aged 22 Years, Arrested
For Bigamy.

Ethel Sheehan, 22 years of age, 117
John-street, is an expert in marriage
if the old proverb that practice makes
perfect is not obsolete. Last night she
was arrested by Detective Cronin upon
a warrant charging her with bigamy.

It appears from the statement of her
husband, William Sheehan, 4 Logie
Place, who swore out the warrant af-
ter she had had him arrested for non-
support that he married Ethel when
she was Miss Hughes, November 15,
1905, they went to the house of Rev.
John Turnbull, 315 Bathurst-street, and
were married.

William says that she left him a year
later and was married by Rev. John
Pearson of Holy Trinity Church on
August 12, 1907, to James Means, once
more using her maiden name. He says
that she has tried to take her husband,
which he refused to do. She then had him to
court and he now returns the compli-
ment.

An Editor's Death.
NEW YORK, May 6.—Hammond
Lamont, editor of the Nation, died
to-night at Roosevelt Hospital, follow-
ing an operation which proved more
serious than was expected.

Governor Endorsed.
ST. JOHN'S, Nfld., May 6.—Governor
MacGregor to-day received a des-
patch from the Earl of Crewe, secre-
tary of state for the colonies in the
British Cabinet, endorsing the stand
taken by the chief executive in the
recent political crisis.

NIAGARA POWER FAILS

TORONTO IN DARKNESS

Electrical Storm Causes Break in
Transmission Line—Car
Service Tied Up.

Toronto was in "darkness" for an
hour and three-quarters last night.
Niagara power failed, the electrical
disturbance which passed over the
city on Tuesday evening being respon-
sible for a break in the transmission
line. The connection was broken about
an hour and a quarter at this time,
and when the lights went out for 27
minutes.

The cars were stationary for a part
of the time, with the trams and
streetcars running on the street and
house lighting circuits had power from
the Falls.

At the theatres only temporary in-
convenience was experienced. Most of
them have gas equipment, and the
theatres were soon illuminated by the
gaslights, permitting the perform-
ances to proceed. The Star Theatre
gets light from a separate plant in
the Star Building.

Are you a sufferer from any of the
diseases? Don't hesitate a moment.
Get a box of "Fruit-a-tives" and
then according to directions and they
will cure without fail. 50c a box, 6 for
\$2.50, or trial size, 25c. At dealers, or
from Fruit-a-tives, Limited, Ottawa.

PUBLIC OWNERSHIP

W. F. Maclean Addresses Canadian
Club at St. Kitts.

ST. CATHARINES, May 6.—(Special.)
One of the most interesting and in-
structive addresses delivered before
the Canadian Club at St. Kitts, was
that given last evening by W. F. Mac-
lean, M.P. of Toronto, on "The Pro-
gress of Public Ownership in Canada."

Despite inclement weather, large
audience enjoyed the performance.
Mr. Maclean convinced the audi-
ence that public ownership is
bound to come in the system of public
ownership of telegraph, telephone and
railway systems in Germany, Denmark,
England, and practically all European
countries.

Mr. Maclean hopes that Niagara and
other electrical powers, made to
the hands of private corporations,
but would be publicly owned.

A cordial vote of thanks was moved
by W. B. Burgoyne, and seconded by
J. Robertson.

The following officers were elected for
the ensuing year: President, A. C.
Kingston; vice-president, E. J. Hoop-
er; secretary-treasurer, Dr. John She-
ehan; committees, C. G. McGhie, S. W.
R. Record, W. Monro, W. S. Lane, Dr.
Greenwood. A grant was made to-
wards the national monument move-
ment.

REV. CANON WELCH ACCEPTS
VICARAGE OF WAKEFIELD

Rev. Canon Welch has been offered
by the Bishop of Wakefield the
vicarage of Wakefield parish church,
which is also the cathedral of the
diocese. Canon Welch has accepted
the appointment and will shortly
resign the rectorship of St. James'
cathedral here.

The above verdict was given last
night, at the morgue, at the inquest
which was adjourned from Friday
night.

CHIEF KIMBALL GOES FREE

Justice Teetzel Says That the Lesson
Has Been Learned.

CHATHAM, May 6.—Constable Kim-
ball was let off on suspended sentence
this morning after Justice Teetzel had
declared he was satisfied of the high
character of the ex-prisoner, Gilbert
Olivier. His conviction would be a
warning to all constables to be care-
ful with firearms. A large delegation
was present in Kimball's favor.

THIS ONE FIVE YEARS

STRATFORD, May 6.—Aloysius
Guerin was sentenced to five years in
Kingston Penitentiary this morning by
Justice Riddell, following upon the
conviction of the prisoner by the jury
of the charge of manslaughter of Alex.
Sutherland of East Zorra. The judge
intimated that he did not believe Guer-
in intended that the man should die
thru his neglect and this, coupled with
the fact that Guerin was under the in-
fluence of liquor, led him to lighten the
sentence.

CADETS FOR ENGLAND.

OTTAWA, May 6.—(Special.)—Sir
Frederick Borden has received a re-
quest by cable that two Canadian
cadets should be sent to England to com-
pete in the empire schoolboy shooting
contest for Lord Roberts' prizes. It is
probable that one Ottawa and one Dun-
das boy will be sent.

GUILTY.

MERCER, Pa., May 6.—James Boyle
was to-day found guilty of kidnapping
Willie Whittles. His counsel entered
a plea of non contendere, or a refusal
to offer evidence.

Mrs. Boyle was then brought to
trial. She showed a decided preference
for young and unmarried men as jur-
ors.

\$350,000 FIRE.

VANCOUVER, May 6.—Three hun-
dred and fifty thousand dollars' dam-
age was done by a fire early this morn-
ing, which wiped out the main build-
ings and sawmill of the Northern Pac-
ific Lumber Company at Barnett,
twelve miles up Burrard Inlet from
Vancouver.

The mill was owned by McLaren,
the Ottawa millionaire lumberman.

TORONTO BONDS.

LONDON, May 6.—(C.A.P.)—An ear-
ly flotation of \$375,000 Toronto 4 per
cent bonds at 102 1/2 is probable.

Church Was Struck.
CALEDON, May 6.—About 6.30 o'clock
during a heavy thunderstorm the Pres-
byterian Church in this place was
struck by lightning and damaged to
the extent of about \$200.

Visit Pellat Conservatorship.
The York Pioneer and Historical So-
ciety will visit the conservatorship of
Sir Henry M. Pellat at Casa Loma,
Wells Hill, on Saturday afternoon.

When "Slate" Means Slater Shoes

OBSERVE the "Sign of the Slate."
On a school slate the following words
—"The Slater Shoe."

That is a trade-mark worth several
hundred thousands to-day.

It is widely poached upon because it is
widely known as a standard of quality.

It now commands a market of a Million
Dollars yearly in \$4.00, \$5.00, and \$6.00
Shoes.

This is why there are so many substitutes
evasively offered as "Slater Shoes"—"Shoes
made by Slater"—and four other tricky ways
of trading on the name and merits of "The
Slater Shoe."

So,—to protect the Public we say again—
No shoe is a genuine "Slater Shoe"
unless it has the trade-mark picture of a Slate
stamped on it with the makers' price (this
letter to prevent overcharge).

Look for that Slate mark!

And, when you want a genuine 1869
"Slater Shoe" you can head off Smart Alecks
who would trick you into something as
"Slaters" which have never been within the
Slater Shoe Factory, if you will simply look
for the Slate as well as the name "Slater."

The quality of Slater Shoes is established. None but the best
materials and the best methods figure in their manufacture.
The Goodyear Welt system invariably used in making them,
insures the maximum amount of comfort and wear.

Sold only at:

THE SLATER SHOE STORES:
Chas. C Cummings, Limited, 117 Yonge St.; J. H. Wood, 528 Queen St. West.
THE SLATER SUB-AGENCY:
Thomas Powell, West Toronto

CANON WELCH ACCEPTS
VICARAGE OF WAKEFIELD

Rector of St. James' Cathedral To
Return to England To Be
Near Aged Father.

Rev. Canon Welch has been offered
by the Bishop of Wakefield the
vicarage of Wakefield parish church,
which is also the cathedral of the
diocese. Canon Welch has accepted
the appointment and will shortly
resign the rectorship of St. James'
cathedral here.

The above verdict was given last
night, at the morgue, at the inquest
which was adjourned from Friday
night.

CHIEF KIMBALL GOES FREE

COBALT--Temiskaming the Dominant Factor in Mining Markets--COBALT

MINING MARKET IS DULL LACK OF OUTSIDE SUPPORT

Rumor That Local Firm May Open Up Business With London in Cobalts.

World Office, Thursday Evening, May 6.

Local mining markets were dull to-day and on the narrow side. Offerings were not particularly well taken at average prices, but later when a lower level was reached traders were inclined to level up any short interest they had.

Temiskaming was again on offer; as far as could be gathered the selling came from men in the north who wanted money for other enterprises. This stock at present is a sort of barometer for the market, and certainly was the most up and down issue for some time; it closed 2 7/8 down from Wednesday.

Beaver was active but lower, and other low-priced stocks declined in sympathy.

La Rose and the other higher-priced stocks were firm. La Rose sold up 1/8 at one time on the New York Curb.

The newly listed stocks were steady with little doing in them.

Bookers were rather surprised at the lack of outside support at lower prices. The action of Temiskaming in the market is still a bugbear to the intending investor, and until a broader market can be found for Cobalts, such as in the London Exchange, the market is in the opinion of many, will not move with anything like precision.

It is rumored that a prominent firm of local brokers are hoping to open up business with the London market in Cobalts as soon as satisfactory arrangements can be made.

The market closed dull and, except for Temiskaming, featureless.

W. F. Currie of Toronto had the following letter forwarded to him, in reference to operations on the Otisse-Currie.

The letter is to Ernest Pitt of Montreal, president of the company, from F. M. Fleming, manager at the mines, and is dated Elk Lake, May 1:

"Dear Sir,—Report of work accomplished week ending April 24—I beg to report as follows:

"Cross-cut north has been driven 12 feet 4 inches; cross-cut south has been driven 13 feet 8 inches; total cross-cutting to date, 97 feet 4 inches.

"We are not making the headway in our development work that we should like to make, owing to the fact that the rock is exceptionally hard, and breaks much harder than if we were drifting on the vein.

"During the last week we have cut a vein of calcite averaging in width about six inches, which, no doubt, will be the result of a tremendous upheaval that shattered the surface formation in every direction.

"The output at Cobalt up to May 1 has doubled over the corresponding period of last year. The grade has been maintained, and, indeed, is slightly higher than last year.

"The visit of Mr. Newton, who is one of the most experienced mining writers in the United States, is important as his views are widely circulated and accepted as authoritative by readers from ocean to ocean.

"The output at Cobalt up to May 1 has doubled over the corresponding period of last year. The grade has been maintained, and, indeed, is slightly higher than last year.

"The visit of Mr. Newton, who is one of the most experienced mining writers in the United States, is important as his views are widely circulated and accepted as authoritative by readers from ocean to ocean.

COBALT HAS NO RIVAL

"I saw more silver at Cobalt than I ever saw before in my life," said Harry J. Newton, managing editor of The Denver Daily Mining Record. "I visited all the leading mines and can say without hesitation that there is nothing in the mining world to compare with it. The ores carry such high values that there is nothing in existence so far as known, in the same class.

"When in New York a few days ago I had a lengthy discussion with a mining man on the Kein system at Cobalt. Now that I have seen the camp, I can say that there is no vein system at all. It looks to me as though the deposits were the result of a tremendous upheaval that shattered the surface formation in every direction.

"The output at Cobalt up to May 1 has doubled over the corresponding period of last year. The grade has been maintained, and, indeed, is slightly higher than last year.

"The visit of Mr. Newton, who is one of the most experienced mining writers in the United States, is important as his views are widely circulated and accepted as authoritative by readers from ocean to ocean.

ELK LAKE

Postoffice To Be Established at Silver Lake in Few Days.

EIK LAKE, May 3.—(From the Man Up There).—The World correspondent learned to-day on good authority, that a postoffice is to be established at Silver Lake, and that official announcement of same will be made within a few days. It is understood that the postoffice will be known as "Otisse-Currie." At present the people at Silver Lake, six miles from Elk Lake, have to come here for their mail, and when the roads are bad the service is very unsatisfactory to them. The new postoffice will be a great advantage to the Silver Lake district generally.

NEW YORK CURB

Charles Head & Co. report the following prices from New York:

Nipissing closed 10 1/4, high 10 1/2, low 10 1/4, 100; Bailey, 9 to 10, high 10, low 9 1/2; Bunting, 10 to 11, high 11, low 10 1/2; State Gas, 4 1/4 to 4 1/2; Cobalt Central, 4 1/2 to 5; high 4 1/2, low 4 1/4; Cumberland, 1 1/2 to 2; Crown Reserve, 1 1/2 to 2; Foster, 30 to 35; Harrgrave, 54 to 56; high 55; Meehan, 15 to 20; Kerr Lake, 80 to 85; low 80; King Edward, 3 1/2 to 4; high 3 1/2, low 3; McKinley, 88 to 90; Silver Queen, 40 to 45; Silver Lake, 12 to 13, low 12; Trethewey, 1 1/2 to 1 3/4; La Rose, 7 1/2 to 7 3/4, high 7 3/4, low 7 1/2.

Everyone Cannot Be a Prospector

But everyone can share in the big opportunities of the mineral wealth of New Ontario as a shareholder in an honest mining and exploration company.

SMALL JUDICIOUS INVESTMENTS IN MINING ENTERPRISES have resulted in immense returns. We confidently expect that this will result from investment in the PROSPECTORS' EXPLORATION AND DEVELOPMENT COMPANY. Every dollar put into this proposition will be used for the benefit of the shareholders.

The capitalization of the Company, \$350,000, in \$1 shares, no personal liability, is sufficiently small to admit of large dividends, and the price of the shares will admit of a big appreciation.

For the immediate purposes of the Company, 100,000 SHARES only of the Company's stock will be sold at 10 CENTS A SHARE.

THE PROSPECTORS' EXPLORATION AND DEVELOPMENT COMPANY has already acquired three mining properties in the rich Gowganda district.

It is the intention of the Company to acquire more claims by sending parties of prospectors into the northern silver fields immediately.

This Company does not propose to pay fabulous prices for mining claims, but to get them at first cost as a direct grant from the government.

This proposition will put investors in on the ground floor, and put them in the same position as those who can afford to equip their own prospecting parties.

The first 100,000 SHARES of the Company will be sold at 10 CENTS A SHARE, but we cannot predict what the value of these shares will be when the Company's prospectors have gone into the silver field and the results of their labors are known. This unusual offering should be taken immediate advantage of.

Send all applications for stock and for the Company's prospectus, which gives full particulars, to

A. J. BARR & CO.,

43 Scott Street, Toronto
Members Standard Stock Exchange. Phone M 5492-7748

The following information concerning the proposed Company is given pursuant to the Ontario Companies Act:

(1) The names, descriptions and addresses of the original incorporators and the number of shares subscribed for them respectively are: Wm. Everett McCarthy, Insurance Broker, Toronto, 500 shares; Francis C. Burnett, Electrical Engineer, Toronto, 500 shares; William Henry Hodgson, Electrician, Toronto, 500 shares.

(2) The number of shares fixed for qualification of director is five hundred shares.

(3) A. J. Barr & Co. have an agreement with C. P. Little to turn over to the company three claims known as GG 919, GG 920 and GG 925, in Gowganda district, for \$2500 cash and 250,000 shares of the capital stock of the company.

(4) The usual brokerage will be paid for the sale of the stock.

(5) The estimated amount of preliminary expenses is \$500.

(6) No cash or stock or other consideration will be paid any promoter.

(7) The agreement between C. P. Little and A. J. Barr & Co. can be inspected at any time at office of A. J. Barr & Co.

(8) The auditors of the proposed Company will be Wilton C. Eddis & Co., Continental Life Building, Toronto.

(9) The Company shall proceed to allotment when and so soon as the sum of \$2500 has been subscribed in addition to the amount necessary to pay for the properties at which time the Company will be incorporated.

INVESTORS, TAKE NOTICE

WE HAVE A FEW VERY EXCELLENT PROPOSITIONS FOR your consideration. These are well situated Mining Properties—in the rich Gowganda belt—adjoining native silver claims and in the rich ore-producing formation of the district. Owners will not sell outright, but circumstances compel them to raise money, and sixty per cent. interest can be obtained for a small cash consideration. We have made diligent enquiry regarding these claims and are advised they are in the same formation as the near by properties that have made the Gowganda camp famous as a producer of high-grade silver ore. Further particulars on request.

FAITH IN TEMISKAMING MADE THAT END OF CAMP

Pan Silver and Gifford Extension, Which Are Adjacent, Are Coming Properties.

COBALT, May 6.—(From the Man on the Spot)—Burr Cartwright's faith in Temiskaming was responsible for the development of that mine, and made it possible for every man who owned a prospect in that end of the camp to feel justified in asking for financial support.

The Temiskaming has more than made good. Mr. Cartwright always had an eye on the adjoining properties, and had several examinations quietly made. The result of these enquiries awakened a desire to secure something adjoining Temiskaming, but to the south rather than to the north. It is evident to-day that the south end of Coleman is making good. It is here that new shippers are being looked for.

The Pan Silver has 120 acres adjacent to the Temiskaming and has one of Temiskaming veins. One good one-shoot has been encountered at the 100 foot level and the development work is now planned to open up the fifteen veins located to date, at a depth of at least 200 feet or deeper down if necessary.

The Gifford Extension lies directly south of Pan Silver and both here and on the Ophir and Black, further south, good veins are now being worked. A good plant, consisting of an 80 horsepower boiler, a 3-drill compressor and a steam hoist, etc., have been installed, and good buildings, including power house, shaft houses, etc., have been erected. Thirty men are employed and have been working steadily for the last few months.

Six shafts have been sunk and the deepest is now down 180 feet. This is the main shaft and was sunk off the No. 4 vein, and is known as No. 4 shaft. It is a double compartment shaft, and a crosscut was run at the 100 foot level for 20 feet to tap the vein. This is a strong cobalt-calcite vein, well mineralized and carrying silver values. In places it widens out to 14 inches but has an average width of six inches. Drifting was done at this level for 380 feet, and a good one-shoot of calcite, cobalt, nicolite and native silver was uncovered. It was soon cut thru, and it was then decided to get down to the 200 foot level as quickly as possible.

No. 1 shaft was sunk on vein No. 1, to a depth of 140 feet. It is a strong calcite vein, 4 to 6 inches wide, with low silver values. The bottom of the shaft it had widened to eight inches. The vein has been traced on Lake, a small lake, in the property. Several other veins converge towards this lake, and it is here that Mr. Fisher looks for a good one-shoot. Drifting was done for 160 feet at the 100 foot level and two fair-looking cross veins were cut. A crosscut was also run at this level at right angles to No. 1 for 320 feet to the west, which connected with the workings at the first level from the main shaft.

Shaft No. 2 is sunk on vein No. 2 (originally called the stone-pile vein). It is down 106 feet, with drifts at the 100 foot level. This vein has been traced for 600 feet on the surface, up to the Lumden level.

Shaft No. 5 is down 80 feet and a drift was started last week at that level. This is the best showing to date in this section, what is an effort to pick up some of the Gifford-Extension veins.

The outlook for Pan Silver is good. It is being developed on broad and conservative lines, by the men who developed Temiskaming. They have the benefit of their experience, of that property and have peculiar familiarity with the formation and trend of Temiskaming veins, etc., may spring into being. The mine camp is a very fine mine. Deep mining is looked for.

The new finds at Black, Ophir and Extension may all be credited to the early development by Mr. Cartwright on Pan Silver. With 120 acres in good formation in this section, what is an effort to pick up some of the Gifford-Extension veins.

FIRM UNDERTONE A FAVORABLE SIGN.
World Office Thursday Evening, May 6.

No definite increase in speculative transactions occurred at the Toronto Stock Exchange to-day. Few of the listed issues were represented in the dealings, and only in a couple of instances was there any show of activity, these occurring in the two South American stocks. The market undertone continues to retain a firmness that is highly satisfactory, but otherwise than this there is nothing in the market to indicate that any betterment in prices is immediately possible.

SPECIALTIES THE FEATURE AT NEW YORK EXCHANGE

Local Market Firm—Transactions on the Small Side—Rio Bonds Fairly Active.

World Office, Thursday Evening, May 6. Similar operations occurred at the Toronto Stock Market to-day to those during the previous part of the week. Transactions as a whole were small, and the market was generally featureless. There was absolutely no news in connection with the market, and the only outside influence was continued strength of securities on Wall Street, and the still favorable conditions of the money market.

Rather free dealing transpired in Sao Paulo and Rio, at the morning session, and there was considerable trading throughout the day in Rio bonds, which sold up 1-4 from the opening price. The general run of semi-speculative stocks varied in their actions, but as a rule fractional losses occurred from recent high values.

Nova Scotia Steel was somewhat firm with sales as high as 62 1/2, but the improvement in price had no influence on outside dealers. The listed mining shares were strong. La Roca sold at \$7.10, and Crown Reserve at \$2.95, thus practically making new high levels for both these issues in this market.

Quincy remains the principal characteristic of this exchange, but there is no evidence of weakness of any section of the market.

American stocks in London irregular, without important change. Foreign shipments of copper for April largest since June 1928.

Copper prices firmer and electrolytic copper sold at 12 1/8, the highest level in current upward movement.

Denver & Rio Grande March gross increased \$36,582.

Bank of England rate unchanged. Chicago reports Patten back on the bull side of wheat market.

Rio Island makes fairly favorable report on crop conditions in its territory.

Progress of tariff bill very slow and some talk of no adjournment of congress until July 20.

Buying movement in pig iron extending from the south to the north and east.

Iron Trade Review says favorable developments are plentiful in nearly all branches of iron trade.

No action on O. dividend.

All grades of coppers advanced 1-8c. Steel bars advanced from \$115 to \$120 per 100 pounds.

It is understood that Harriman lines are in market for between 40,000 and 50,000 tons steel rails.

St. Paul Railroad ordered 60,000 tons of standard steel rails from U. S. Steel Corporation at \$23 a ton.

A pronounced improvement is reported by all of the leading producers in the copper metal situation during the past few days. It is stated that last week the United Metals Selling Co. disposed of 25,000,000 pounds at an average price of \$12.80.

Southern Pacific should moderate sharply any time. The Copper Producers' report next week should be favorable. Bull reports are revived on Chesapeake & Ohio, Union Pacific profit taking is noted, with support around 187. Steel may be bought on all reactions. Smelting is in a position where it can be put up sharply any time it suits the insiders. Car Foundry, Locomotive, Pressed Car and other equipments are likely to do better. The Gould stocks, Missouri Pacific, Wabash, etc., may spring into bullish activity any time on account of the progress of financing.—Financial Bulletin.

Further irregularity may be looked for in the market until to-morrow's government crop report is out of the way, but on any fair reaction we re-day copper stocks generally as purchases for a recovery of all the ground that may have been lost since the first of the week. Before long we look for new high levels to be established throughout the list, but the rise will, in our opinion, be accompanied by many setbacks, so that purchases on the reactions for turns will probably produce the best results. Excellent support appears to prevent successful rallies, while the marking up of steel preferred.

On Wall Street. Beatty & Glasco received the following at the close: The feature of the stock market again to-day was the absence of selling pressure of bona-fide holders. The traders offered prices down a little midway of the afternoon, when a business grew quiet, but they did not disclose any serious intentions. The buyers came in and prices rallied. The Harriman stocks were closely watched, with a view to ascertaining the attitude of the market. Investors identified with them. Shortly before the close they rallied with other stocks and there was nothing to indicate that the market was about to break much talk in the street about a possible move in Southern Pacific. Stocks promising carry higher by degrees. Hamilton 200 200 200

TORONTO OTTAWA WINNIPEG

ERIE TO INSTALL COMPLETE EQUIPMENT

Mine is Showing Improvement at the Seventy-five Foot Level.

COBALT, May 6.—With the advent of spring, the result of the winter work in different portions of the camp is becoming more evident. Information regarding a number of companies which have been quietly working indicates that the list of shipping properties will be considerably supplemented before long. A recent development has been the showing revealed on Erie Co.'s property, where values are being obtained which more than justify the early predictions concerning these holdings. The most satisfactory results have been secured in the No. 2 shaft at the 75 foot level. The showings at this level, together with the discoveries which have been made in the vicinity, support the theory that the district in which the Erie is situated will soon become one of the most prominent sections of the camp. As a result of the recent developments on the Erie property, the management is preparing for the installation of a complete equipment, the contract for which will probably go to the Hand-Jencks Co.

THE STERLING BANK OF CANADA.

Notice is hereby given that a dividend of one and one-quarter per cent. (1 1/4 per cent.) for the quarter ending 30th April instant (being at the rate of five per cent. per annum, on the paid-up Capital Stock of this Bank, has been declared, and that the same will be payable at the Head Office and Branches of the Bank on and after the 15th day of May next. The Transfer Books will be closed from the 15th April to 30th April, both days inclusive. The Annual General Meeting of the Shareholders will be held at the Head Office (corner King and Bay-streets) on Tuesday, the 15th May, 1935, at 11 a.m. By order of the Board.

A Great Selling of Suits the Feature for Saturday

Women's \$25, \$35, \$40 and \$45 Suits Clearing up at \$17.85

WE HAVE had a busy week of it. Our Suits especially have been in demand, presaging the popularity of our dresses, once the weather becomes warm.

Our suits have won a remarkable vogue. We are proud of them. They are worth their regular prices every cent and more. But we couldn't bother with broken ranges. The summary of the week's activity is expressed in these clearing lots for Saturday. These are the lines which have been the centre of daily popularity, and now the time has come to finish them up and make room for others.

THE FIRST OFFERING—Ladies' Exclusive Suits, \$25.00, \$35.00, \$40.00 and \$45.00 Suits, Saturday, \$17.85.

Numerous models of the latest types, absolutely correct to the last detail. In a large range of fabrics, including French serge, men's wear worsteds, shepherd checks, diagonal serges and Panamas. Lined through with silk and satins. Colors in black, green, brown, navy and soft greys. All are strictly man-tailored, in the newest cut coats and skirts of the season. We have all sizes, but there is only one size of each style. Regular prices, \$25.00, \$35.00, \$40.00 and \$45.00. Saturday, \$17.85.

THE SECOND OFFERING—Misses' \$16.50, \$18.00, \$20.00, \$25.00 and \$30.00 Suits for \$14.95.

Although reduced to \$14.95, they are perfect styles and specially designed for misses and small women, and sold regularly at the prices mentioned. Made of imported French serge, diagonal serge, Panamas, and some black and white shepherd plaid worsteds, black and the newest shades and colorings. Smart cut coats and skirts. In fact, all in this lot are the original New York models. Youthful models. Regular price, \$16.50, \$18.00, \$20.00, \$25.00 and \$30.00. Saturday, \$14.95.

LADIES' COATS.

A big delivery of these very successful Coats, smartly tailored, fine black vicuna, fawn, covert or striped tweeds, of grey tones, hip length, trimmed with buttons or strappings. Saturday \$5.00.

Strictly Tailored Coats, 3-4 length, in the new cutaway style; blacks are semi-fitting; special quality black broadcloth. Saturday \$10.00.

SPLINDID COATS FOR GIRLS.

Girls' Splendid School Reefers, of navy chevrot serge, with sacque back, side pockets, brass buttons, and emblems on sleeves. Ages 6 to 14 years. Special \$2.75.

Girls' \$2.00 DRESSES FOR 98c. A clearing line of Girls' Dresses, Canadian, New York types, sailor styles, jumper styles, etc. Light and dark prints and percales. Spotted, striped and plain. Jumper dresses, with white lawn guimpes, dark prints, dresses with collars and voice effects of embroidery; full gathered skirts. Ages 10 to 14 years only. Worth up to \$2.00. Saturday 98c.

Little Navy Dress Coats, of rich velvet, lined through with imported saaten, in navy, green, grey and fawn, turned down collars and revers, pearl buttons. Ages 4 to 5 years. A good coat for \$5.00. Marked \$2.85.

Girls' Dresses, in fine quality ginghams, a beautiful washing quality, in handsome stripes of pink and white, sky and white and green and white; new Dutch neck, and the cuffs and belt of plain matching to match predominant shades, finished with white pearl buttons. This is a very exceptional line. Ages 10 and 12 years. Worth \$5.00 to \$6.00. Saturday \$2.25.

Smart Imported Twill Serge Coats, navy, cardinal, new grey, new Dresden greens in smartly tailored styles, trimmed soutache braid and buttons, black velvet collars. Ages 4 to 14 years, \$4.75.

Oldiments of Spring Reefers, for girls from 4 to 16 years, sacque and semi-fitting backs, fine cashmeres, worsteds, merinos, Venetian and broadcloths, light stripes and checks, or navy, brown, green and grey. Worth \$3.50 to \$6.00. Saturday \$2.25.

Oldiments of Spring Reefers, for girls from 4 to 16 years, sacque and semi-fitting backs, fine cashmeres, worsteds, merinos, Venetian and broadcloths, light stripes and checks, or navy, brown, green and grey. Worth \$3.50 to \$6.00. Saturday \$2.25.

Oldiments of Spring Reefers, for girls from 4 to 16 years, sacque and semi-fitting backs, fine cashmeres, worsteds, merinos, Venetian and broadcloths, light stripes and checks, or navy, brown, green and grey. Worth \$3.50 to \$6.00. Saturday \$2.25.

The Clear-up of the Remainers of Rea's Petticoat Stock

We have grouped them for your convenience in the following way:

\$1.25 - Heatherblooms, with flounces of tucking, shirring, tuckings, strappings, all good useful colorings in this group, but not blacks. Were marked \$2.00.

\$3.95 - Silks of special heavy rustling qualities, mainly in black, navy, myrtle and brown, made with deep flounces of accordion pleating, stitching, tucking, some with panels of tucking and underpieces. Were marked \$5.00 and \$6.00.

\$1.50 - Heatherblooms, with deep flounces of accordion pleating, strappings and tuckings, and some embroidery; a few colored ones, but the majority black. Were marked \$2.00.

About 300 Skirts were marked from \$1.50 to \$20.00, taffeta, broche, etc., with handsome trills and flounces of fine net, silk and insertion, real lace ruching, silk embroidery, accordion pleating, tucking and fancy stitching, all beautifully made and finished, Saturday half marked prices.

\$2.95 - Rich Taffeta Silks, in sky and pink only, with deep flounces of rows of fancy tuckings and novelty headings, finished with accordion trills and underpieces. Were marked \$4.50 and \$5.00.

The Millinery Dept's Saturday Offer

THE preparation for the Saturday sale this week has centred on a charming lot of hats to sell at \$4.50. They will bear comparison with hats sold for dollars more.

125 Ladies' and Misses' Trimmed Hats, the very latest New York shapes, trimmed with beautiful ribbons and charming flowers. Every hat is distinctly different, and just as well finished as though double the price. Special Saturday, \$4.50.

\$5 to \$8 Boas and Stoles for \$3.95

THESE are the pretty little comforting kind of Boas one wears in the spring—this Spring particularly. Not expensive at all—the way we are able to offer them to-morrow.

350 Ostrich, Feather and Marabout Boas and Stoles, 54 to 72 inches long, black, white, black and white, pearl grey, natural. Regular prices \$5.00, \$5.50 to \$8.00. Saturday, \$3.95.

Corsets for Saturday

SATURDAY'S attraction means a saving of 50 cents a pair on a popular D. & A. Model. Phone orders filled.

300 pairs Ladies' Fine Corsets, fine white batiste, medium high bust, long hips and back, bias cut, filled with rustproof steel, four wide side strips, four fine plain elastic garters, lace and ribbon trimmed. Sizes 18 to 24 inches. Regular value \$1.25 a pair. Saturday, a pair, 75c.

Children's Wash Dresses

HALF-PRICE is the order of the day for these. They are well cut and well made. Bring the girls in on Saturday and fit them out for fine weather.

Dresses, fine navy or light blue print, round yoke, with frill of goods, lace insertion or collar, cuffs and yoke. Sizes 4, 5, 10. Regular value \$1.00. Saturday, 50c.

Dresses, fine gingham, small green, sky or pink check, daintily trimmed with fine embroidery, deep hem, belt. Sizes 1, 2, 3, 4 years. Regular value \$1.25. Saturday, 75c.

Dresses, fine plain chambray, blue, ox-blood and pink, round, with frill of goods and alternate insertions of white linen and material, finished with whip stitching. Sizes 4, 5, 10 years. Regular value \$1.25. Saturday, 50c.

Dresses, fine white linen; one style buttons on side, daintily trimmed with bias stripe gingham; the other has yoke and strapping of fine gingham in several plain colors. Sizes 4, 5, 10 years. Regular values \$1.75 and \$2.00. Saturday, each, \$1.00.

Infants' Spring Coats

A CLEARING purchase of the balance of stock of a well-known maker of infants' and little girls' spring coats. We secured the lot at about half its regular prices. Saturday they pass on to you at the same reductions. Phone orders filled.

Coats of fine white lawn, collar and skirt trimmed with ruffe and frill of fine embroidery, pearl buttons, or of fine natural color linen, with deep frill and wide insertion of very fine embroidery on collar. Lengths 22, 24 inches. Regular value \$1.75. Saturday at 75c.

Coats, fine white pique, one style has square sailor collar and belt, with insertions of fine embroidery, silk ribbon bow; the other is elaborately trimmed with fine embroidery, frills, medallions and insertions; silk tie. Lengths 20, 22 inches. Regular value \$1.75. Saturday at 75c.

For Women Who Make Their Own Blouses

"LUCKY woman—she has the time to sew."

Have you determined to make some Shirt-waists yourself this season, or have a sewing woman in to do some for you? It is one way of having distinctive things to wear, and a good way.

See the Blouse Frontings we have now. The Lace Department is always quick to have whatever is new and dainty.

New Swiss Blouse Frontings, in the finest of Swiss or mull, embroidered in the most exquisite designs, floral, conventional effects. Per yard, 85c to \$2.00.

New Embroidered Blouses, in fine handkerchief linen, worked in floral and conventional designs, in all the newest colors, with plain material to match. Each, \$2.00 to \$5.00.
