30TH YEAR

VICE-PRESIDENT IN A BRIBERY SCANDAL

Blind Senator Gore Names Sherman as "Man Higher Up" Involved in Big Commission Deal in Oklahoma Lands.

MUSKOGEE, Okla., Aug. 4.—What happened in the private office of United States Senator Thomas P. Gore of Oklahoma, at Washington at noon last May 6th, formed the basis of sensational charges, involving the names of Vice-President Sherman, Senator Chas. Curtis of Kansas, Congressman B. S. McGuire of Oklahoma and others, in a hearing before a special congressional investigating committee here to-day.

Vice-President in It. Vice-President Sherman was mentioned by Mr. Hamon, Senator Gore testified, as being interested in the land deal to the extent of favoring the deal.

THOMAS P. GORE, Oklahoma senator, who charged in the United States Senate that an attempt was made to bribe him to withdraw objections to the 10 per cent. attorneys' fees in the sale of the Five Tribes lands in Oklahoma.

proval by congress of what are known as the McMurray contracts with the Indians. "When I scoffed at the offer of a bribe, even if it was raised to \$50,000, as Hamon suggested it might," testified Senator Gore, "my visitor (Hamon) at my office in Washington, went on to say other members of congress were interested in the contracts. He said Senator Curtis was interested and Congressman McGuire of Oklahoma was interested, and then he mentioned the name of a man higher up in the government. I was appalled when I learned that the name was Sherman."

Another Who Wouldn't Bite. What happened in another private room in Washington, where also, it is alleged, Hamon made more overtures relative to the land deal, was told by Congressman C. E. Creager, of the third Oklahoma district. Congressman Creager supplemented the testimony of Senator Gore.

He said that on June 16 last, he was invited by Hamon to meet him in a private room at the Occidental Hotel in Washington. Having gone there, Mr. Creager testified, he was informed he could have a substantial interest in the land deal if he would withdraw his opposition to the approval of the Murray contracts by congress. Asked the question, "Hamon as he had already gone on record as being firmly opposed to the granting of such an enormous fee to attorneys," who was charged by Senator Gore with being "interested" in the McMurray contract, was said by Mr. Creager, in his testimony, to have been at the time of his visit, an occupant of the suite of rooms that Hamon and McMurray had at the hotel.

Drowned in the Lake

Merton Kent of Argonaut Rowing Club, who lost his life yesterday.

Three Torontonians perished yesterday in the water. Merton Kent of the Argonaut R.C.C. son of the late H. A. E. Kent, was drowned from a launch under unusual circumstances while on his way to the regatta at St. Catharines. Harry McBratney, aged 20, was upset with a companion while sailing off Oroharo Beach, Lake Simcoe. Fred Swift, a ship's cook, fell into the bay while intoxicated.

DANFORTH AVE. WIDENING IS TAKEN UP IN EARNEST

Ald. Chisholm is Losing No Time in Efforts to Prepare For Thorough Improvements.

There will be no delay on the part of the civic officials in getting down to business towards securing the strip of land along the north side of Danforth avenue necessary to effect the widening of that thoroughfare to 100 feet.

Ald. Chisholm, chairman of the works committee, intends petitioning the board of control this morning to have the city architect instructed to issue no more building permits along the north side. He was rather vexed that a permit for a moving picture theatre had been lately granted, and he will try to have the city architect prevail upon the proprietor to build the requisite distance back from the street line. Mr. Chisholm has already called upon Assessment Commissioner Forman and City Engineer Rust with a view to furthering the widening scheme as rapidly as possible. He instructed the former to proceed without delay to ascertain the value of the properties, and the latter, to have blue prints prepared of the houses of buildings if it will be necessary to move and the cost attending such an operation.

The works committee met on the 29th inst. Ald. Chisholm expects both these departments to report progress to that meeting. He told The World yesterday that he wants the properties purchased or expropriated immediately.

Mayer Geary was also interviewed and he said the council had by no means set sight on the issue, nor the widening of St. Clair-avenue. "We are going ahead with the work as fast as we can. The preliminaries are being shoved, with all possible speed. We can do nothing more than we have already done until the assessment commissioner has finished his report. My attitude is to proceed as soon as possible, so it can be done cheaply. It will be done quickly and done well."

ANOTHER TAG DAY

Newsboys to Have One for Their Home on August 27. It was decided last evening at a special meeting of the Newsboys' Union, held in the Labor Temple, to hold a second tag day on the 27th of August.

B.-P. IS IN CANADA

Reached Montreal Yesterday, But Goes on to Coast. MONTREAL, Aug. 4.—(Special.)—General Sir Robert Baden-Powell, who arrived at Quebec to-day in the Empress of Ireland, passed thru here to-night for Vancouver. He will organize the boy scout movement on the Pacific coast.

APPLE PIE A MEMORY

Cold Storage Has Put the Fruit in Luxury Class. NIAGARA FALLS, N.Y., Aug. 4.—Because of the tendency to place apples in cold storage for long periods apples have become a luxury and are in competition with bananas and oranges, declared Emory C. Cook of Buffalo before the International Association of Apple Shippers here to-day.

WHAT C. P. R. IS TO MONTREAL

Has Eleven Thousand Employees Averaging \$3 a Day Each. MONTREAL, Aug. 4.—(Special.)—The C. P. R. have completed a census of their employees in Montreal. The number is 11,092, which includes office hands, workmen and trainmen. The average pay to each employe is put at \$3 a day.

WATER HAS THREE MORE TORONTO VICTIMS

Merton Kent of Argonaut Rowing Club Loses His Life in the Lake When Thrown Out of Disabled Launch in Tow of Steamer.

Victims of the Water. MERTON KENT of the Argonaut Rowing Club, in the lake. HARRY McBRATNEY, 255 Palmerston-avenue, in Lake Simcoe. FRED SWIFT, in the bay.

Three Torontonians perished yesterday in the water. Merton Kent of the Argonaut R.C.C. son of the late H. A. E. Kent, was drowned from a launch under unusual circumstances while on his way to the regatta at St. Catharines. Harry McBratney, aged 20, was upset with a companion while sailing off Oroharo Beach, Lake Simcoe. Fred Swift, a ship's cook, fell into the bay while intoxicated.

The drowning of "Mert" Kent came as a great shock to his many friends in athletic and social circles. He was thrown into the water when an accident to the tow line, by which his disabled launch was being towed by the steamer "Garden City," caused the small craft to lurch suddenly. With Al. Poynton, he had started at nine o'clock yesterday morning for Port Dalhousie in a 28-foot launch. The lake was rough. After they had got within a dozen miles of Port Dalhousie the engine stopped and for some time they drifted. When the "Garden City," on its afternoon trip from Port Dalhousie, hove in sight, they gave signals of distress, and Capt. Maddock turned in his course and took the launch in tow.

The two young men stayed in the boat while it was being towed, but when the steamer began to get up side the launch swung from side to side in its wake. It was when the craft suddenly lurched around, owing to the tow line, which was fastened to the bow and stern of the launch, breaking away from the bow, and it was the sudden jerk which threw Kent into the water.

The Captain's Account. "I was about ten miles out from Port Dalhousie, when, about 12:30 p.m., I noticed two men in a small boat making signals of distress," said Capt. Maddock when he reached the city. "They were about two miles away from me, but I went to them out of my course. I noticed that something had gone wrong with the gasoline launch that they were in. 'I threw them a line, which they fastened to a cleat in the front part of the boat. They carried the line to the stern and made it fast to another cleat, and when the steamer started forward the front cleat gave way, and as a result the small boat swung round and Merton was thrown into the water. 'I noticed that something was wrong and immediately reversed the engine with the intention of getting as close to the young men as possible, but we were too late to save his life. 'In the meantime his companion in the small boat, Poynton, threw him a life preserver, which went within two feet of him, but the young man did not seem to have power to grasp it and sank. 'Both young men refused to come on the Garden City at first, preferring to remain in the launch. After the drowning, however, Poynton was taken into the Garden City and was brought to Toronto. 'The launch broke loose and was allowed to drift out into the lake, and is still at large. 'Merton Kent, who was one of the best known athletes in the city, was 22 years old, and was a member of the Argonaut Rowing Club. He was employed with Denton, Mitchell & Duncan, wholesale drygoods. He lived at 370 Huron-street. His death may mean the breaking up of the Argonaut sculling four and senior eight, of which his brother is also a member.

FAVORS CANADIAN UNION

Does Montreal Builders' Exchange, Now Bothered by Strike. MONTREAL, Aug. 4.—(Special.)—The builders' exchange announced that in view of the deadlock between the master masons and bricklayers, the journeymen masons and bricklayers they are not opposed to national unionism, which is responsible for its engagements to Canadian laws. Accordingly, negotiations have been opened with the Canadian Federation of Labor, to establish branches in Montreal. The Canadian organization has already a branch in Ottawa. The masons and bricklayers, who are in difficulties with the builders' exchange, are affiliated with the International Union of America.

AT CONTROLLER FOSTER'S PICNIC—Some of the 9000 children who were his guests at Island Park yesterday. The little girls sitting down are contesting the boot and shoe race.

Were the Men Hayforked?

A number of the daily press are saying that the Grand Trunk men have returned to work, but are greatly disappointed at the terms of settlement as they find them out. We prefer to wait for an official statement from the leaders of the men's organizations. Our own idea is that the men have won in the main, that their position is improved, and will be improved, and that the company is most anxious to get them back. If, however, as these papers seek to convey, the men have been "hayforked," or faked, then they can hold Hon. Mackenzie King, Sir Frederick Borden, Sir Wilfrid Laurier, as among the parties responsible for any deceit. There is one thing we are sure, that Mr. Hays is on trial before the people of Canada, and his conduct will be closely scrutinized. If there is one particle of sharp practice on his part, it is the beginning of the end of his career in this country. We prefer for the present to give him credit for acting squarely in the matter. If things are as bad as they say, the whole business will be up again. We would not like to see such a situation arise.

SPAIN FACING INSURRECTION

Troops Have Been Dispatched to Basque Provinces, Where Outbreak Is Reported. SAN SEBASTIAN, Aug. 4.—An insurrectionary movement, it is reported, has started in the Basque Provinces of Biscaya and Guipuzcoa, and in the adjoining Province of Navarre. The government is despatching troops to the scene of the trouble. Priests Distributing Arms. MADRID, Aug. 4.—The government has learned that a priest in one of the Basque villages is distributing arms to the population. An investigation has been begun, and troops have been ordered sent to that territory. The government will also despatch troops and adopt extreme measures to prevent the proposed demonstrations at San Sebastian next Sunday. The minister of the interior has gone to Bilbao to settle the strike. Insist on Parading. SAN SEBASTIAN, Aug. 4.—In spite of prohibition placed by the government on the proposed demonstration of the Carlists here next Sunday, the principals are actively pushing their preparations. They declare that the manifestation will be held in the streets of San Sebastian on foot from the various outlying districts. They add that they will be responsible for order, they are not provoked by the anti-clerical factions. The leaders in the movement warmly criticized the government for compelling the railroads to refuse to furnish special trains, and have decided to send a telegram to the king protesting against the government's attitude. This message will be sent to England, where the king now is, by way of Bayonne, France, for fear it might be stopped in Spain. The Carlist Deputy Fein has issued a proclamation to the Carlists, urging them to send a delegation to take part in the manifestation "to show their adhesion to the Vatican and crush the attempt at de-Christianization."

Coming to Toronto

Archdeacon of Liverpool, Eng., who will visit Toronto this autumn, representing the Evangelical Alliance.

HAIL RIDPLES TRAIN WINDOWS

Local Between Prescott and Ottawa Was Badly Battered. PRESCOTT, Aug. 4.—The local train on the C.P.R. from Ottawa to Prescott, due here at 4:50 p.m., arrived to-night minus almost every pane of glass. About 3 p.m., when pulling out of Manotick, the train ran into a cloud-burst, accompanied by a terrific wind. The train could be felt rocking violently. The hail was so heavy that every window in the cars was broken instantly. One lady, who had her watch on her wrist, reported the hail having come thru the window, and in addition, had sufficient force to break the crystal on her watch. QUICK TIME WILL TELL. The great question is, will the projected railway into Porcupine be started within the ten days' time limit? If not, why not? If not, will the promoters be brought up with a start? Time will tell whether this projected railway is a job or a genuine thing, and soon. A TWELVE FOOT CUT. The improved Masse-Harris 4-horse pushbinder (used in South America) will be working in a fifty acre field of oats at Donlands (Don-rod), to-day and to-morrow, weather permitting. It cuts a swath 12 foot wide.

TAKING STRIKERS BACK ON JOB AGAIN

But Freight Service Employes Are More in Demand—Vice-President Fitzhugh Says That All Will Be Taken Back.

"I don't know where that information came from," said Vice-President Berry of the O.R.C. regarding a published report that the G. T. R. trainmen and conductors were likely to call another general strike if the superintendent of the company did not cease discriminating against them for the strikebreakers. "But," he added, "that's what is being done by the company just the same, for the purpose of aggravating the men. Still, I have not heard that feeling has run to such a pitch as to incite them to another strike."

It had come to his ears that a Pullman car conductor had been placed in charge of the Montreal express yesterday morning while a number of the old conductors were left standing on the platform. "Those things will not help matters anyway," he said. "I expect the officials will do all those small things, or at least will endeavor to do them; but they'll get over it." Vice-President E. H. Fitzhugh, manager of transportation, W. G. Brownlee and Divisional Supt. U. E. Gillen left the city yesterday in the "official special" on a tour of inspection over the line as far as Chicago. Mr. Fitzhugh minimized the reports that the strikers were being dismissed against in the matter of reinstatement. All of the men would be taken back to their former positions as soon as these could be made vacant. Terminal Superintendent Farrell reported that all of the freight trainmen were back at work and 117 yardmen practically all at work. The 100 strikers had been taken back in the middle division. He understood that a great number had been re-engaged in Montreal as well. "Traffic is going along nicely now," he said. "We are moving all the freight offered and the Mimico yards."

DECISION NEXT WEEK

Street Railway Arbitration Award Expected on Wednesday. Probably by Saturday the sessions of the board of conciliation in the street railway trouble will be ended and by next Wednesday the arbitrators may hand out their decision. After a week's adjournment the sessions were resumed yesterday morning, and at the conclusion of the afternoon session the argument of the company had been well gone into. The schedule of runs was considered more than that of the wages, and it is understood that Manager Fleming presented the company's case and spoke for more than an hour. Judge Barron, who has been ill, is almost completely recovered, and says he will be able to attend all the meetings. NEARLY APPHYXIATED. Mrs. J. Skellern, 70 years of age, 20 Oak-street, was taken to the General Hospital at 10:40 o'clock last night suffering from gas poisoning. She had turned out the gas in her room and must have turned the tap on again. She will recover. A GRAND TRUNK. A Macedonian was in the police court this morning for feeding newspapers to the Zoo elephant. (News item last night.) People judge the elephant can swallow any thing. Pebbles, fruit—or any kind of junk—they argue (do they argue?) At least they will assume. He CAN PAC away the HAY in his GRAND TRUNK! —G. T. B.

DEPOSITORS TELL OF ADVICE TO WITHDRAW

And Other Officials of Farmers' Bank Give Evidence in Charges of Conspiracy to Injure Brought Against Three Former Employes.

LINDSAY, Aug. 4.—(Special.)—"It is a serious matter. I want to look into the evidence carefully," said Magistrate Alexander Jackson this afternoon in deferring until Wednesday morning next his decision in regard to the accusations brought by the Farmers' Bank of Canada against three former employes. The formal charge reads: "That A. B. McGill, J. J. Fleury and J. L. Coulter of the Town of Lindsay, in the County of Victoria, and at other places in the Province of Ontario, in the year 1899, prior to the opening of the Farmers' Bank of Canada, did unlawfully and wickedly conspire, confederate and agree with one another, and each with the other, by deceit and falsehood, and other fraudulent means to defraud the Farmers' Bank of Canada, and to injuriously affect the credit and standing of the Farmers' Bank."

Magistrate Jackson declined to try the case, but held merely a preliminary investigation. Crown Attorney Devlin was assisted by H. H. Dewar, K.C., of Toronto, former county crown attorney there, and who is acting as counsel for the Farmers' Bank. Theo. Stewart, counsel for the accused, objected, but was told that it was only an enquiry, it was permissible. For the same reason the defence submitted no evidence. The court was crowded. The allegations that McGill, former local manager of the Farmers' Bank, Fleury, his accountant, and Coulter, former manager at Nestleton, conspired to resign from the Farmers' Bank and spread certain information calculated to cause depositors to withdraw, and to send their custom to the Home Bank into the service of which the defendants entered, the Home having but recently opened up a local office. It is claimed that the defendants approached some of the depositors late at night, and intimated that the bank and its management was not especially "safe." As a result, some \$20,000 was withdrawn from the Farmers' Bank and spread certain information calculated to cause depositors to withdraw, and to send their custom to the Home Bank into the service of which the defendants entered, the Home having but recently opened up a local office. It is claimed that the defendants approached some of the depositors late at night, and intimated that the bank and its management was not especially "safe." As a result, some \$20,000 was withdrawn from the Farmers' Bank and spread certain information calculated to cause depositors to withdraw, and to send their custom to the Home Bank into the service of which the defendants entered, the Home having but recently opened up a local office.

Mr. Dewar first examined J. G. Fitzgibbon, chief inspector of the Farmers' Bank, as to the soundness of the bank's management. He had never heard of it selling below 25. Evidence was later submitted that defendants had told certain persons it had been done in the past. The inspector said that not 100 shares had changed hands in the past four months. The stock paid dividends at 4 per cent. all around, the last dividend being July 4. An action for \$150,000 had been brought against the Farmers' Bank at Syracuse, N. Y., but it had been set aside, thrown out by the Federal court, no injunction or judgment being given against the bank. During the day several men told of having been advised to withdraw their deposits. Gordon Dickson of Belleville who succeeded McGill, said that on June 28, when he arrived at Lindsay, McGill had said the bank was in a bad way, and that he hadn't said a word against the bank. Dickson told of McGill coming into the Janetville office with a cheque and passbook belonging to a depositor, James Baxter, and demanding the money. He also said that Fleury, then in the Home Bank, brought in eight or ten cheques, signed by customers of the Farmers' Bank. Evans, now manager of the Farmers' Bank at Nestleton, said that Fleury, after going to the Home Bank, brought in fifteen or twenty cheques to the Lindsay office on accounts in the Farmers' Bank amounting to about seventeen thousand dollars. It was then Evans had informed the head office, which McGill had tried to prevent him from doing.

The Defence. The defence as outlined was that McGill had persuaded his friends to withdraw their deposits. Continued on Page 2, Column 3. A RETROSPECT. Aug. 5, 1882—"The Royal William" left Quebec for London; this was the first ship, depending on the motion power of steam alone, that crossed the Atlantic. Aug. 5, 1887—The shore end of the Atlantic submarine telegraph cable was by the lord-lieutenant of Ireland, taken from the U. S. frigate "Niagara," and made fast ashore. BATTERY OF FOUR ELEVATORS. A new battery of four perfect elevators is being installed in the new Queen-street addition to the T. Eaton Co. store, which addition rapidly is being put into shape for handling the big business. NEARING THE CLIMAX. Great time at the summer resorts just now. The act of the big mid-summer drama is nearing its climax. Still there is time for any eligible young man to drop in and "rescue" the heroine. Are you going for your holidays? The only tip we can give you is to see that you are properly attired for the conquest. Neat clothes and a natty hat. The Dineen Company offer you some special inducements in the matter of hats, principally because the big alteration sale of men's summer hats is now on. The store at 140 Yonge-street is open every evening.

### SMALLER THAN HAND

When folded, the Camera is smaller than any hand—a wonder in construction and perfect mechanism, strongest and most durable, being metal made, simplicity itself to operate, producing positively perfect and delightfully satisfactory Photos, which can most easily be enlarged to Postal Size—is the

### "ENSIGNETTE"

The "Ensignette" has brilliant View Finder, takes Time and Instantaneous Pictures, has three sizes Diaphragm, Folding Rest for taking Time Exposures, carries six exposure films, is Nickel finished—and, considering results, costs less than any other Camera in the World.

 Also at Montreal, Ottawa and Quebec.

### HAMILTON HAPPENINGS

**CITY HALL EMPLOYEES ENJOY ANNUAL PICNIC**

The Officials Beat the Aldermen at Baseball—Sad News is Awaiting Frank Pierce.

**HAMILTON, Aug. 4.—(Special).—**The annual picnic of the city hall employees was held this afternoon at Oakland's Park across the bay. There was a large attendance, the guests including the members of the board of control, aldermen and a number of prominent men. A program of sports was run off, and a jolly time was spent. Two games of baseball were played between the aldermen and officials, in which the latter won by 3 to 5, and another between the married and single employees, the former won by 7 runs to 4. Speeches were made by Mayor McLaren, E. J. Stewart, M.P., and William McGill.

**A Lucky Boy.**  
 While playing on Guise-street this afternoon a young boy who lives at the corner of Hughson and Ferris-streets, was run over by one of Pearson's delivery wagons. He escaped with a bad shaking of the head, and was taken to Dr. Wallace's office in P. Christopher's automobile. From there he was taken to his home in a police ambulance.

**Chief Smith** received a telegram from Chief Williams of London tonight asking him to notify Frank Pearce, 141 North-street, that his brother Fred had died there. Pearce could not be found at the address given.

**Miss Letter From Crippen.**  
 W. Bruce, the well-known astronomer, has in his possession a letter written by Ethel Leneve and signed by Dr. Crippen in answer to an advertisement in a London paper about a cure for deafness.

The police to-day picked up David Slinger, 36 West King-street, a little lad who was hungry and sleepy. He came here looking for work and was unable to get it. He was returned to Toronto.

**Hotel Hanrahan,** corner Barton and Catharine-streets, Hamilton, conveniently situated and easily reached from all parts of the city. Erected in 1906. Modern and strictly first-class American plan. Rates \$1.50 to \$2 per day. The Hanrahan, proprietor. Phone 1465.

### KILLED IN RUNAWAY

**Gordon Lane was Fatally Hurt at Ivanhoe.**

**BELLEVILLE, Aug. 4.—**Gordon Lane, a school teacher at Lime Tank, was accidentally killed at Ivanhoe, 17 miles from this city.

He was seated in a buggy holding a ton of horses and tried to turn them round. He turned too short, the rig was upset and the horses ran away, dragging Lane for some distance. He received injuries from which he died shortly afterwards. He was 35 years old and unmarried. His home was in St. Catharines.

**Army Service Corps Band** will play on Turbina moonlight Friday night on Long Branch, leaving Bay-street 8:15 p.m. Tickets 25 cents. Do not miss this.

**Toronto Brokers Stung?**  
**MONTREAL, Aug. 4.—**About \$25,000 is stated to be the loss of a couple of Toronto brokerage houses thru the forgery in the number of shares represented in three American railway certificates, which were raised from one to fifty some slick artist in Winnipeg. The forgery was not noticed until the certificate reached New York for transfer.

**Mrs. and Mr. J. H. Baird** and family of 48 Phoebe-street are spending their vacation with friends in Orangeville.

**Australia's Labor Act.**  
**MELBOURNE, Aug. 4.—(C.A.P.)—**After a long debate in the house of representatives, the bill amending the Conciliation and Arbitration Act passed without division. The measure extends the power of the arbitration court to every industry, and provides for a compulsory preference to trades unionists.

**Dr. Chase's Ointment.**  
 Dr. Chase's Ointment is a certain cure for hemorrhoids, piles, itching, bleeding and protruding piles. See testimonials in the press, and your neighbors about it. You can use it and get your money back if you are not satisfied. Sole dealers: EDMANSON, BATES & CO., Toronto.

**SUNBURN Blisters.**

### SCOTLAND YARD DENIES CRIPPEN HAS CONFESSED

**Altho Daily Chronicle Prints a Circumstantial Statement—Defence Counsel Confident.**

### LONDON, Aug. 4.—

Superintendent Frost of Scotland Yard again to-day gave his personal assurance that not a single word had been received from Inspector Dew that Dr. Crippen had confessed. He added that if a confession had been made he certainly would have been informed.

Solicitor Newton, who has been retained to defend Dr. Crippen, made his first move to-day when he filed a formal application, asking the authorities to permit an independent physician to examine the bits of human flesh found in the Crippen cellar. Newton will contend that they cannot be identified as having belonged to the body of Belle Elmore.

"It seems to me, upon the evidence already available, that the case against Dr. Crippen is not one to discourage me in the smallest degree. So far as I can see, there is no kind of evidence that a murder has actually been committed," he said to-day.

The confession attributed to Dr. Crippen, and carried by The London Chronicle, is as follows: "It is quite true that I did kill my wife, but it was a mistake that I made in trying to hide it. We should not have done this. I meant it for the best, tho. I will say nothing of my wife's death until I return to England. Then I shall prove that she killed me. I was not a murderer. I make this confession in order to free Miss Leneve from suspicion. She, poor girl, knew absolutely nothing of my wife's disappearance except what I have told her."

Relatives have received the following cable from Miss Leneve: "I have just received your kind and thoughtful letter. Am returning home—Ethel."

The question whether Crippen and his companion have been married has been revived because of its bearing on the status of the woman as a possible witness against Crippen. To-day Superintendent Frost said that a exhaustive official examination had failed to produce any evidence of such a marriage.

The police now have a theory that Mrs. Crippen died while undergoing an illegal operation. An instrument said to have been used in the fatal operation will be produced at the coroner's inquest, which was adjourned until Aug. 15. This instrument was found at the Crippen home, 29 Hilldrop-crescent, North London, hidden under the floor of the coal cellar, where the dismembered and dissected remains of Mrs. Crippen were also concealed.

The police now assume that if Mrs. Crippen died, her husband cut up her body in a way only one who has studied anatomy and performed autopsies could do, hid the flesh in one place, and possibly burned the bones and trace of the bones having been found.

Crippen's object in this disposing of his wife's corpse, Scotland Yard authorities reason, was to destroy evidence of an illegal operation.

### DEPOSITORS TELL OF ADVICE TO WITHDRAW

Continued From Page 1.

deposit their savings in the Farmers' Bank and that they had certain rumors, he had become alarmed and had simply given his friends a warning. Coulter had also persuaded some of his friends to deposit in the bank so he helped spread the alarm. They felt that having got the men to deposit with them that they would be blamed if anything happened. McGill had heard that the stock was away down around \$11 per share. The par value is \$100.

He also heard about an injunction that had been filed in Syracuse, N.Y., against the bank for \$150,000. Added to information that alleged that some of the branches were not doing well, McGill thought the institution was in dangerous shape.

McGill had decided that the depositors would blame him rightly if, having heard those things, he did not put them in a position to protect themselves.

"McGill, in good conscience, resolved that, having persuaded his friends to put money in the bank and feeling doubtful as to the safety of the institution, it was his duty to put the men out of that position," said Thomas Stewart, counsel for the defendants. "They put their money there thru confidence in him, not thru confidence in the Farmers' Bank."

"Men are not sent for trial who had no criminal intent," said Mr. Stewart. The reason he stated the first they did was because they were afraid the bank would fail. In the beginning of his address Mr. Stewart said, "I am not here to answer my learned friends' diatribes on Mr. McGill. Whether he acted with good taste or bad taste is neither here nor there. We all know that banks do things now that they could hardly have been persuaded to do ten years ago. It is the rivalry that exists at present which makes them do now what they would not have done long ago. It is a race for accounts now."

Mr. McGill had gotten along well with the head office. There was no disquieting.

**For the Prosecution.**  
 H. H. Dewart, acting for the Farmers' Bank and for the county crown attorney, A. P. Devlin, declared that not only did they unlawfully conspire, but they conspired to injure the Farmers' Bank. From the first they showed concerted action. Their principal object may have been to help themselves and the Home Bank, he said. The defendants said, "I am not here to answer my learned friends' diatribes on Mr. McGill. Whether he acted with good taste or bad taste is neither here nor there. We all know that banks do things now that they could hardly have been persuaded to do ten years ago. It is the rivalry that exists at present which makes them do now what they would not have done long ago. It is a race for accounts now."

The Toronto World

FOUNDED 1854. A Morning Newspaper Published Every Day in the Year. WORLD BUILDING, TORONTO. Corner James and Richmond Streets. TELEPHONE CALLS: Main 5305—Private Exchange Connecting all Departments. Readers of the World will confer a favor upon the publishers if they will send information to this office of any news stand or railway train where a Toronto paper should be on sale and where The World is not offered.

MAIN 5305 Is The World's New Telephone Number. FRIDAY MORNING, AUG. 5, 1910.

LABOR HAS ITS PRICE.

Complaint is heard in some quarters to the effect that this strike business is an altogether arbitrary thing, and that workmen have no right to come to an employer and dictate to him what wages he shall pay.

People who talk this way do not reflect very deeply. If the argument is good, then no manufacturer or dealer of any kind has any right to go to the consumer and say that he wants so much money for the commodity he offers for sale.

What right has the manufacturer to put a price on his goods? Is he taking an arbitrary stand when he sets his figure? The working man does his labor to offer for sale. That is his commodity, and he has as good a right to put a price upon it as anyone else who has a commodity for sale. And the men who sell money in the banks are keenest against cutting prices on their goods.

AWKWARD ADMISSIONS.

Murder will out, it is said, and the garrulity of offenders frequently betrays them. "Oh, that mine adversary had written a book," exclaimed Job, possibly contemplating this fact.

The Financial Post of Canada has been advising investors in a series of articles, and this week attention is directed to traction companies. The Financial Post of Canada has, in fact, "written a book." Hear what it says:

"Now in perhaps the majority of traction companies, the road is built with the proceeds of bond sales, and considerable of the stock in new companies is generally given away as payment for promotion, commissions, or as an extra inducement to the bondholders in the shape of a bonus. In many cases, the stock at first is 'water'; that is, represents no capital investment. At the same time the franchise has a capitalizable value which may be taken into account. A stock which, with the bonds, amounts, in total capitalization, to less than a conservatively valuation of the property, plant, rolling stock, etc., may be purchased without misgivings, always provided that the earnings of the company are sufficient to pay the bond interest, and 5-12 or 6 per cent. on the market price of the stock, and show a steady increase over a term of years."

Watered stock is good for just what the company concerned can squeeze out of the public. The public first grants a franchise to a company, and then pays for the privilege of getting the benefit of the franchise in the service rendered by the company, and on top of that pays once more for "the capitalizable value" which must be taken into account," according to The Post.

The bond issue represents the true investment of the company, unless, indeed, the bond issue has been inflated also. But in any case the public has no right to pay for more than it gets, and the bond issue represents liberally all that the company usually gives. The company wants a great deal more than that, however, as The Post admits. The extra amount demanded by the company for watered stock would leave a generous margin for the more expensive service which The Post declares municipal ownership involves, and the service would be a much more satisfactory one in the end.

So we have the watered stock now to stand admittedly beside the greater expense, which is merely alleged by the companies, of public ownership.

VALUE OF GOOD ROADS.

Patent as are the arguments in support of the improvement of the road systems and urgent as is its necessity, no little difficulty is experienced in getting practical results. People are everywhere complaining about the increased cost of living and are ready to quote figures in proof of the considerable advance in the price of agricultural products. The fact is admitted, but a protest that does not go beyond its ventilation is of no avail. The problem demands a remedy and the simplest and most immediately effective is the provision of good roads. As Mr. Sulzer, a member of the New York Legislature, who presided at the opening of the third annual convention of the National Good Roads Congress, said, a reduction in the cost of transportation would enable the farmer to market his produce at a lower price and at a large profit at the same time. It would, he added, bring communities together and into closer touch with the centres of population. Ontario is the banner province of the Dominion in agricultural fertility. Easier transportation and co-operative methods of distribution would result in great gain both to the producers and the consumers.

Mr. B. F. Yoakum, chairman of the St. Louis and San Francisco Railroad Company, in his inaugural address to

the same convention, declared that on the basis of the U. S. Government's estimate of the present excess cost of fifteen cents a ton for hauling in that country, as compared with European countries, improved roads would have meant to the farmers on last year's crop an additional \$225,000,000, which would have increased their \$8,750,000,000 to \$10,000,000,000. The United States has 2,100,000 miles of public roads, and from the best information obtainable there are only about 44,000, or two miles out of each 100, that really reach a high standard, and not more than eight out of each 100 miles can boast any kind of improvement. Very little consideration is needed to realize that the poorest roads are the most expensive, and in no part of Canada should it need less argument than right here in Ontario. Nor are good roads of purely local advantage. The benefit is national and provincial quite as much as it is sectional. What is needed here, as Mr. Yoakum said of the United States problem, is concerted action on the part of the federal and provincial governments and the local authorities.

LET THEM GO.

Editor World: The postal department has decided not to pay the Toronto members of the postal service, who as members of the regiment desire to accompany the Queen's Own to England. There are but six carriers and two clerks who applied for leave and the answer of the department is, "We are pleased to grant leave without pay." Is this right or just? These are the men who at Christmas time and other days throughout the year when the mails are heavy, work many hours overtime for which they receive absolutely no remuneration. Even at the time of the year when the mails are the lightest the men are overworked, for whatever may be said to the contrary, the Toronto postal department is always short-handed.

All the firms of standing, and the provincial and civic governments are granting leave with full pay to their employees. No one doubts that the training, discipline and acquaintance involved in the trip will react for the better on the physical and mental faculties of every man going, yet the government says to her workers, "We are pleased" to refuse you any encouragement or help to accompany this "regiment, who under service conditions are going to train at Aldershot, that they may be better equipped to defend Canada should the need ever arise."

Was House Set on Fire?

WELLAND, Aug. 4.—Mystery surrounds the burning of the home of Mrs. Lamont, an eccentric old woman. She was helped from the burning building just in time to save her life, and declares that she heard some person running about the rear of the house shortly before the flames were noticed. She also claims that her lifetime savings were stolen or burned.

Wheat Cutting at Brandon.

BRANDON, Aug. 4.—Wheat-cutting will be fairly general in this district by Saturday. Some of the already started work. The crop will yield a fair average.

DR. CARMAN TO RETIRE?

May Be One of Results of Coming General Conference.

The coming general conference at Victoria, B.C., of the Methodist Church in Canada may end in the retirement of Rev. Dr. Carman, the veteran general superintendent, perhaps because of his pronounced views regarding the labor criticism. Among names already mentioned as a possible successor are Rev. James Allen, home missionary; Rev. Dr. Spaulding of Winnipeg; and Rev. Dr. C. Caven of Toronto. All three are former pastors of the Metropolitan Church, this city. Some instructive figures have been prepared by the Rev. George H. Corbish, official statistician for the general conference. His figures show \$40,000,000 in the Methodist Church at the present time, an increase of \$44 during the past year, and an increase of \$2,374 since the last general conference, four years ago.

In an interview yesterday afternoon Bishop Honda, from Japan, related the condition of Methodism in Japan. The bishop is himself a Jap, short and sharp, like most of his race. After traveling for over four months and visiting the American General Conference at Asheville, the World's Missionary Conference at Edinburgh and the recent Sunday School Convention in Washington, Bishop Honda is stopping over for a day or so on his way to the general conference which opens next week in Victoria, B.C.

The bishop considers it a big mistake for any denomination to send the unconverted Japs to this country to be educated here and then to be converted at home; because the strain is too great when he returns back to his friends and his relations. This policy of sending the unconverted Japs to this country to be educated has been advocated very strongly by several of the Canadian churches and the bishop considers it a great mistake.

BOOTH IS GENEROUS.

OTTAWA, Aug. 4.—J. R. Booth, the big lumberman, whose mills had to be shut down owing to the strike, has paid the men twelve thousand dollars for the time they lost.

Lightning Struck Six.

GALT, Aug. 4.—(Special).—The electric storm last night was the worst in years. The home of R. S. Dryden was struck, demolishing the interior of one bedroom and partially stunning six members of the household.

Wheat Cutting at Brandon.

BRANDON, Aug. 4.—Wheat-cutting will be fairly general in this district by Saturday. Some of the already started work. The crop will yield a fair average.

240Z. STANDARD WEIGHT BAKERS TO REQUEST IT

Will Ask Ontario Government to Amend Present Bread Act—Dominion Association Officers.

Place the standard weight at one and a-half pounds, with the privilege of making the loaves any size they wish, was what the Dominion Master Bakers' Association yesterday decided to ask of the provincial government as an amendment to the Nickle Act. "The Nickle bread law is regarded throughout the province as the most discredited act ever put on the statute books of Ontario," said Mr. Parnell yesterday afternoon's session. "It is viewed by the public men of the country with sarcasm and disgust, and the feeling is that some of our 'highest officials need training in legislation."

"The men who made this law have just displayed their ignorance," was Al. Elliott's satirical remark. "It was the general opinion that the 20-ounce loaf was really the only practical one, and that in a 24-ounce loaf the best quality of bread cannot be secured out of a large piece of dough, while the 12-ounce loaf was not only too small, but created two prices. The meeting also adopted the recommendation that the executive be empowered to appeal whatever court convictions they saw fit."

On motion of Mark Bredin, the association decided to ask the authorities at Ottawa for a second time to make it compulsory for all Canadian flour millers to brand all their bags and packages of flour for home consumption, with the words "bleached" or "unbleached," as the case may be. Mr. Bredin delivered an address on "The success of an automatic bread plant as represented by an automatic feed and traveling oven," and Prof. F. J. Gallanough, veterinary inspector for the City Dairy, on "Best style of delivery horse—its feed and care."

Lightning Struck Six.

GALT, Aug. 4.—(Special).—The electric storm last night was the worst in years. The home of R. S. Dryden was struck, demolishing the interior of one bedroom and partially stunning six members of the household.

Mrs. Walter Jones, a resident of Moffat, who disappeared a week ago, is supposed to be in Toronto, where a search will be made.

ROGERS' COAL THE VERY BEST TORONTO BRITAIN'S POWER DOUBTED Hon. Elihu Root's Argument at The Hague. THE HAGUE, Aug. 4.—(C. A. P.)—Dealing with the first question before the tribunal as to the right of the United States to have regulations made for fisheries, Elihu Root said that the two nations approached this subject from entirely different points of view. Great Britain approached it from the standpoint of her sovereignty, while the States did so from their guaranteed right. It was for the tribunal to draw the line between what is competent for Great Britain to do in the exercise of her sovereign power and what was incompetent for Great Britain to do with respect to the modification of American treaty rights. He contended these rights could not be restricted or destroyed by regulations made by one who gave the rights, nor could the grantor alone be allowed to say what was reasonable, fair, appropriate and necessary for fisheries which the United States fishermen have been admitted to share in. About two inches of rain fell during Wednesday night.

DIARRHOEA DYSENTERY COLIC CRAMPS CHOLERA MORBUS CHOLERA INFANTUM SEASICKNESS SUMMER COMPLAINT, and all LOOSENESS or FLUXES of the BOWELS CURES NOTICE—We wish to warn the public against being imposed on by unscrupulous dealers who substitute the so-called "Strawberry Compounds" for Dr. Fowler's. If you want to be on the safe side ask for DR. FOWLER'S EXTRACT OF WILD STRAWBERRY, and insist on getting what you ask for. The original is manufactured only by The T. Miller & Co., Limited, Toronto, Ont. Price 35 cents. Mrs. HOLLIDAY, Box No. 88, Fowles, Ont., writes:—"I must say I have used Dr. Fowler's Extract of Wild Strawberry for over seventeen years, and have found nothing to equal it for all Summer Complaints, Diarrhoea, Dysentery, etc. Our house is never without a bottle of the Extract and I can recommend it to be kept in every home, especially where there are children."

VICE-PRESIDENT IN A BRIBERY SCANDAL

Continued From Page 1.

Hamon to frog-leg suppers at Washington, at which the Indian contracts were to be "talked over." These invitations, it was testified, were all "turned down." On one occasion, one of the clerks testified, Hamon said the Senator Gore was awfully hard on his friends.

Was to Be Hard Cash. Senator Gore asserted in his testimony that the offer of bribery went so far that Hamon said the \$25,000 or \$30,000 would not be paid over in the form of a cheque or marked money, but that "it would be all clean hard cash."

Sentator Gore also said that Hamon told him an employee of the department of justice at Washington was "interested" in the deal; that he (Senator Gore) knew the name of the employee but would not divulge his name or the name of his informant, especially because the latter would lose his position, and that ex-Senator Long of Kansas, acting as counsel for McMurray, went to President Taft on April 28, to urge the approval of the contracts, but that the president said: "It would take a good deal of argument to convince him that the amount of the fee asked by McMurray was justified."

The committee which heard the charges was appointed by resolution of the house of representatives to investigate the McMurray contracts, which are declared to have been made by McMurray individually with the Indians, each of whom agreed to turn over ten per cent of his profits from the sale of land, provided the contracts were approved by congress.

Sherman Denies It. BIG MOOSE, N. Y., Aug. 4.—Vice-President James S. Sherman issued the following statement to-night concerning the charges made by Senator Gore at Muskogee to-day: "This story that comes to me about the charges made by Senator Gore at Muskogee to-day is absolutely without the slightest shadow of foundation."

So Does McGuire. GUTHRIE, Okla., Aug. 4.—Representative Bird S. McGuire said to-day: "No man who is honest and responsible will say that I have now or have ever had any interest in any Indian contracts with McMurray or anybody else. "A man who would base a statement in the United States Senate on what some person may have told him in a matter like that is nothing more or less than a common slanderer."

Curtis Also. TOPEKA, Kas., Aug. 4.—United States Senator Charles Curtis made the following statement: "The use of my name in connection with the McMurray and Long contracts is without foundation. I am not and have not been interested with either of them directly or indirectly. I have taken the position that the Chickasaws and Choctaws did not need attorneys to assist them in the sale of their reserved land and asphalt lands, nor in the sale of their reserved timber lands."

Nicholas George, a Macedonian, was in police court yesterday morning for feeding newspapers to the zoo elephant. He was warned.

THE WEATHER

OBSERVATORY, TORONTO, Aug. 4, 8 p.m.—The disturbance is now centered near Montreal. Rain is falling in Quebec and the maritime provinces, in a moderate northwest gale is blowing on the great lakes. The weather is and moderately warm in the west.

To-night's Concert. The Queen's Own Band, under the direction of Bandmaster G. J. Timpson, will play the following program in Bellwoods Park to-night: March—Gallant Black Watch. Selection—English Airs. Characteristic—Two Steps. Irish Hearts and Paddy Quill. Overture—Jacobite Airs. Prince Charles of the 49th. Popular Melody—Pickle. Grand Selection—Scottish Airs. Bonheur (a) Flotador. H. Loney. (b) Reverie—Sicilian Chimes. Kerry Mills Overture—Humors of Downy Brook. March—Universal Peace.

DEATHS. HEAKES—On Thursday, Aug. 4, 1910, at 538 Sackville-street, Arthur F. Heakes, son of Mr. and Mrs. J. R. Heakes, in his 27th year. Funeral private, on Saturday afternoon at Necropolis. Flowers gratefully declined.

LUESLEY—On Thursday, Aug. 4, 1910, at his late residence, 1111, Thomas Luesley, in his 70th year. Interment Thornhill Cemetery Saturday, Aug. 6.

NORTH—On Thursday, Aug. 4, 1910, G. North, in his 89th year. Funeral at his late residence, 45 Wynter-avenue, at 2:30 p.m., Saturday, at Norway Cemetery.

ROBINSON—At Markham, on Wednesday, Aug. 3, 1910, Wesley Robinson, M.D., in his 61st year. Funeral Friday at 3 p.m.

Wade a Bad Bargain. William Wallace Simmons, a farmer from Rosebank, Manitoba, while looking for something for nothing in Adelaide-street yesterday morning, was disastrously surprised to get nothing for something.

He figured he had got a perfectly good \$100 bill from a stranger for \$20 in real money in mistake over change. He found later that he had purchased a confederate bill. He tried to pass it in York-street and was turned over to the police, to whom he explained. He was then allowed to depart.

Mr. Dew Here Today. MONTREAL, Aug. 4.—(Special.)—Inspector Dew of Scotland Yard, who left Quebec to get away from the reporters, was in town to-day as a guest of Capt. Kendall of the Montreal. To-night, the Inspector left for Toronto and Niagara Falls.

Lightning Hit Fire House. SCHEENECTADY, N. Y., Aug. 4.—A thunderstorm which broke over this city this afternoon wrecked a fire department engine house and unroofed several buildings, and while no one was seriously injured several received shocks.

Insuring King George. LONDON, Aug. 4.—The Canadian Associated Press learns that recently there has been a very large increase in the number of life policies on King George at Lloyds. The policies are taken for two years.

Vickers' Drydock Exempted. MONTREAL, Aug. 4.—Molsonneuve town council last evening gave Vickers Son & Co. a full exemption from taxes for twenty years on the drydock they are building and on which preparatory work has begun.

Would Build Our Navy. OTTAWA, Aug. 4.—Replies regarding the building of ships for the new Canadian navy have been received by the naval department from three Canadian and two British shipbuilding firms.

The Rainbow will sail for Vancouver on August 20, and the Niobe for the St. Lawrence during September.

A Boarder's Error. Grover Empey boarded with John Casaul at 188 Spadina-avenue, yesterday morning, it is alleged, he left early with \$46 belonging to the proprietor. He was later arrested, charged with theft of the cash.

Dr. Martel's Female Pills SEVENTEEN YEARS THE STANDARD Prescribed and recommended for women's ailments, a scientifically prepared remedy of proven worth. The result from their use is quick and permanent. For sale at all drug stores.

August, of very necessity, is to outdistance all previous selling in the great

REMOVAL PIANO SALE

of Ye Olde Firme of Heintzman & Co.

at 115-117 King St. W., Toronto

THERE is no choice with ourselves. We remain in our present premises on sufrage, delayed some by the contractors on our NEW WAREROOMS, 193-197 YONGE STREET, but compelled to move without much more waiting.

Other considerations are more influential than price. It means a few weeks of the greatest selling of pianos, player-pianos and organs ever known in the Canadian trade. Prices that may in truth be called sensational.

Terms of payment so easy that anyone may own a piano—a trifle down, a trifle monthly.

TAKING STRIKERS BACK ON JOB AGAIN

Continued From Page 1.

are handling everything on arrival." Reports from several outside places show that the freight men are being re-engaged by degrees. At London, all freight brakemen, conductors and yardmen are back at work, but none in the passenger service.

Some Being Taken Back. BROCKVILLE, Aug. 4.—(Special.)—The Grand Trunk trainmen and conductors who went on strike are being gradually taken back into the service. This morning union crews were called for the way freights east and west out of Brockville and six union crews were in charge of as many trains arriving from Montreal. The men are not, however, being taken back as quickly as they expected, and much uneasiness prevails in the ranks of the brotherhood. No passenger conductors nor brakemen have yet been called for duty. Several yardmen are back in their old places.

Troops Called Off. BRIDGEBURG, Aug. 4.—The troops that have been here for several days, guarding Grand Trunk property during the strike, left by special train this morning at 7 o'clock for Niagara Falls, Toronto and London.

None Re-employed at Ottawa. OTTAWA, Aug. 4.—(Special.)—Not one of the striking trainmen on the Ottawa division of the Grand Trunk has as yet been re-employed, nor has official word been received of the termination of the strike.

Getting Back at the Falls. NIAGARA FALLS, Ont., Aug. 4.—(Special.)—It was not till the midnight Chicago express pulled out to-night that a Grand Trunk passenger train left here manned by a crew that went on strike July 13. The regular crew was called to-night for the train. Other strikers will be given positions as soon as vacancies occur, officials at the station said to-night. The strike-breakers who have been acting as yardmen threw up their jobs to-day and strikers took their places.

Magistrate Was Kind. John Goddard was due to be married at 2 o'clock yesterday afternoon. If he kept the appointment he can thank Magistrate Denison's leniency for it, as he was in morning police court charged with theft of two cheap stickpins from a store. "What a senseless theft," said the magistrate. As Goddard's record was otherwise spotless, he was allowed to go.

Sunstroke Patient Had D.T.'s. COBOURG, Aug. 4.—The fact that a patient with delirium tremens was listed in the hospital as suffering from sunstroke has aroused comment because of its serious sequel.

A Great Railroad. The Grand Trunk with its double-track lines between Montreal, Toronto, Niagara Falls and Chicago, and its splendid train service, demonstrated that now the trouble is over, that it is the popular and favorite line, for its trains yesterday were well filled, Canada's best and fastest train, the International Limited, arrived from Montreal and left for Chicago on time.

The Montreal Express to-day was filled and extra cars had to be supplied. There is no doubt that a double-track line contributes to safety, and with its splendid equipment and reputation for having unexcelled dining car service, that the Grand Trunk old patrons will continue to use the line.

The New Navy Tea Rooms, 1141-2 Yonge-street, over Blackford's. A special 20c lunch served in gentlemen's smoking room from 12 to 3.30 p.m. and from 6 to 8 p.m. Tea room open from 10 a.m. to 11 p.m.

Harper, Customs Broker, McKinnon Building, 10 Jordan St., Toronto

ANGLICAN BICENTENARY PROGRAM FOR HALIFAX

Host of Distinguished Visitors Will Assist in Celebration of an Important Anniversary.

HALIFAX, Aug. 4.—(Special.)—Two hundred years ago the first regular services in Canada according to the Church of England were held at Annapolis Royal, Nova Scotia, where, after the capture of the fort by Gen. Nicholson, a service of thanksgiving for the success of her majesty's (Queen Anne's) arms was held by Rev. John Harrison, and a sermon preached by Rev. Samuel Hooper. To-day the Church of England in Canada has 22 dioceses, stretching from the Atlantic to the Pacific, and the bicentenary of its work in this Dominion is to be celebrated by special events at Halifax. The program of the day is as follows: At 10 a.m. the Bishop of Nova Scotia, the first week of September.

At Halifax, All Saints' Cathedral, to-day the finest church edifice in Canada, erected at a cost of some \$100,000, is to be opened on Sept. 3 as a memorial in stone of the bicentenary, and the three following days a great Canadian church congress to be held at which there promises to be a record attendance.

On Sept. 8 a special convocation will be held at King's College, Windsor, the oldest university in the British colonies, and on Sept. 9 special services commemorative of the first service will be held at Annapolis Royal. Every Anglican diocese in Canada is sending delegates to the congress, and the preachers and speakers include names of many of the great divines of the Anglican Church in England, Scotland and the United States, as well as Canada. Those from across the Atlantic will include the Bishop of London, the Bishop of Glasgow and Bishop Taylor Smith, chaplain-general of the British army, while from the United States will come the Bishops of Washington, Massachusetts, Duluth, Colorado, Central New York, Tennessee, Indianapolis, Idaho, Harrisburg and the Philippine Islands, as well as many leading priests and laymen.

The distinguished Canadian ecclesiastics who will take part include the Archbishops of Rupertland and Ontario, and the Bishops of Nova Scotia, Fredericton, Quebec, Montreal, Toronto, Ontario, Huron, Niagara, Algoma, Calgary, Moosehead, New Westminster and Columbia, while as for deans, archdeacons and canons, they will be there by the score.

A Great Railroad. The Grand Trunk with its double-track lines between Montreal, Toronto, Niagara Falls and Chicago, and its splendid train service, demonstrated that now the trouble is over, that it is the popular and favorite line, for its trains yesterday were well filled, Canada's best and fastest train, the International Limited, arrived from Montreal and left for Chicago on time.

SAYS LOW FREIGHT RATES ARE OF GREATEST GOOD

Doesn't Matter So Much if Passenger Travel Does Come Higher Than it Might.

MOOSE JAW, Sask., Aug. 4.—(Special.)—Sir Wilfrid Laurier and party arrived here this afternoon from Weyburn, after making short stops at Yellow Grass and Lang. The premier had his customary conference with the grain-growers, and that pressure against self-interest. Hugh McKellar, late public agent at Moose Jaw, in addressing the premier referred to this immense district of arable land, running west from Weyburn 400 miles, with a width of a hundred miles, absolutely without railway facilities. Mr. McKellar declared that a line thru this district is more important than the Hudson Bay Railway. Mr. McKellar suggested government aid for the projected line and that pressure should be brought upon the C. P. R. to hasten building.

Hon. Mr. Graham remarked that 25 miles built in one year was a result of government influence.

Graham on Rates. At a luncheon given by the Canadian

TEACHERS WANTED

TEACHER wanted for school section No. 6, West Gwillimbury; state qualifications and salary. W. J. Farris, Bradford, Ont.

Club in the evening to the members of the premier's party, Hon. George F. Graham spoke on the subject of transportation charges.

"We have heard a great deal in the press about reduced passenger rates—the matter of rates that is not the paramount question. Few people in comparison to the number of the population travel. More are traveling now than in the earlier days of the country because there are more people now in the country.

"Speaking generally, comparatively few people travel, but there is not a man, woman or child but who is interested in the rate at which the goods of the country are carried to and from the market.

"The greatest duty is, therefore, to control the rates on freight. Now the big problem is to furnish first transportation, and in the second place, to control the furnishing of the transportation.

Protecting Capital. Canada, continued Hon. Mr. Graham was offering inducements to capital, and to obtain capital it was necessary to give to those who invested it an opportunity to get a reasonable profit, otherwise capital would cease to flow into Canada and development would be retarded.

"We want to be fair to capital, but must not be unfair to the people of the country. Investments have been protected as fairly as in any country in the world," he said.

THE IDEAL TABLE WATER

Apert entirely from its palatability as a simple, natural table beverage, MAGI Water owes its popularity as a table water largely to its therapeutic value. Drunk before meals, the flow of the gastric juice is excited and digestion helped; drunk after meals, the acidity of the stomach is neutralized. MAGI is a natural mineral water and contains no added salts nor foreign solutions. It possesses the crystal purity and many tonic and restorative effects. Owing to the ingenious method of bottling, MAGI comes to the consumer below bed-rock to you, as pure and fresh as Nature made it.

## LIGHTNING KILLED THREE

Were In Field After Load of Hay—Horses Also Killed.

SCHENECTADY, N. Y., Aug. 4.—A special to The Union from Groome, N. Y., about eight miles east of here, says: Spencer Lockwood, aged 30, a farmer, and his two harvest helpers, Andrew Ecker and Simon Watson, were killed by lightning this morning. The team they were driving was also shocked to death. The three men were in the field after a load of hay. The wagon was not burned.

At Montreal, the storm of Wednesday night did damage estimated at \$20,000, principally to the electric light plant. Lightning struck several places. In addition to the accident in Golden-avenue, this city, reported in yesterday's World, lightning also struck the Dundas-street car barn, the roof of 655 Euclid-avenue, and the attic of 234 First-avenue.

**BAIT AT \$10,000 EACH.**

Justice Middleton yesterday demanded bail of \$10,000 each, when W. A. Henderson applied for the release of Percy Bell and W. J. May of Toronto from the Whittby Jail. They are alleged to have drugged with doped candy and then assaulted a young woman at Rosebank.

**Certified Milk Depots.**

The Canadian Household Economics Association, which has done so much for the poor in the way of medical attendance and certified milk, report that they have now four depots working at full blast at the following places: Canon Dixon's Church, Trinity and King; the Victor Mission; Euclid-avenue Methodist Church, and St. Barnabas' Church, North Riverdale. At the first named depot, there will be a clinic for sick children on Saturday mornings.

**Gamblers Fined.**

Three hundred and ninety perfectly good dollars, together with an additional sum for costs, were netted by the city from police court, yesterday morning, following the conviction of William Daly, for keeping a gaming house where cards and dice were the instruments, at 20 East Queen-street, and the conviction of a number of frequenters. Daly paid \$50 and costs and the others \$20.

Eight persons, seven of whom were city firemen, were injured in a fire which destroyed one of the Smith-McCord-Townsend Dry Goods Company's warehouses at Kansas City, Mo., and caused \$200,000 damage.

## WATCH THE MONTREAL FINANCIERS.

Montreal financiers are a pretty resourceful combination. They are alive to all the practices which have been tried out in other markets, and evolve new ones occasionally. It is essential, of course, to get the public, particularly speculators, into the markets if promoters are to make any money. For upwards of two years the Montreal leaders in finance have reaped rich harvests, but things have been getting dull down there recently, and it has been necessary to hatch a new scheme to attract the attention of traders on the eastern market, and likewise to bring in a few Toronto people if possible. The latest is a suggestion to purchase control of the Detroit United Railway at \$82 a share. The syndicate which is supposed to be formulating the deal does not propose, however, to buy up the stock, but only to take an option from the present shareholders, and to pay nothing, even for that option. After what has transpired in Dominion Steel and Nova Scotia Steel, and some other stock market promulgations, it is quite possible that the Detroit United Railway deal is nothing more than to get speculators into Detroit United, on the belief that they can get \$82 a share for their stock, while the shares are now selling 30 points below that figure. Toronto speculators will be well advised to keep outside of these Montreal financial propositions, and it will be just about as interesting to follow the wind-up of the Detroit United as was the much-talked-of contest for the control of the Nova Scotia Steel Co. When there is a real deal on for the purchase of control in a company it is usual to keep the information within the bounds of a few individuals who are putting the deal thru. Detroit United was 55 on Tuesday, and the best bid to-day was 49. Toronto traders will act wisely to steer clear of Montreal propositions.

## PASSING THRU PERIOD OF ADJUSTMENT.

The movement in local securities to-day was indicative of a desire to sell, as much as a desire to purchase. This, however, was changed in the matter of Rio, which showed definite weakness during the morning session, when sales were made over two points below those of yesterday. The buying power in the market at present is scarcely sufficient to take care of the realizing of absolute holders of securities, and supporting interests are much perturbed at this situation. While usually some regard may be paid to quotations, a certain amount of latitude should be given to the markets when real stocks are not on offer, and any upbidding after real sales have been made may be accepted as a part of stock market operation. The Toronto market is passing thru a period similar to that experienced on the larger exchanges, and many securities are liable to meet poor support when actual stock is presented for sale.

## Influential Interests Wait For Something To Turn Up

Small Gains and Losses on Wall Street, But Tone is Generally Heavy—Rio Liquidated in Local Market.

World Office, Thursday Evening, Aug. 4.

There was a little increase in activity on the Toronto Exchange to-day, but also dealings were of slightly better volume, there were no outstanding features to the market. The only issue which was at all prominent in the day's transactions was Rio which was subjected to heavy liquidating sales, and under this kind of pressure dropped 2 1/2 points from yesterday's low prices, touching 87 1/2. The weakness in the stock to-day was generally thought to be due to realizing engendered by the supposed collapse of the Pearson Syndicate in the Wall Street market recently.

The tropical traction shares up to to-day were apparently not at all affected by this incident, but that a decline was imminent has been realized for some days. The prominence given to the story of the franchise given to an opposition company to the Rio may have had some effect in depressing prices, but the fact that the company will have competition after 1913 is not generally taken as a factor of any material influence marketwise here.

Sao Paulo was only little affected by the drop in its co-partner. The shares lost half a point during the day, touching 137 1/2, but were slightly better at the close. Why the support was rendered this stock and not to Rio shares, was not quite apparent to local traders, but with the market in its present status, it is not hard to explain this account.

There were no material changes in the other domestic issues. Mackay made a small advance following the morning following the conviction of William Daly, for keeping a gaming house where cards and dice were the instruments, at 20 East Queen-street, and the conviction of a number of frequenters. Daly paid \$50 and costs and the others \$20.

## ON WALL STREET.

Erickson Perkins & Co. had the following: Stocks closed not far from yesterday's prices, with some gains and some small losses. Union Pacific, Northern Pacific and Penna. were three of the strongest. The market was heavy most of the day and the metal goods were weak. Trading was light all day. It is apparent that influential interests are waiting for something to turn up before proceeding further. What that is, is not certain, but the most important development in sight is the government crop report due next week. If the government showing for corn is up to expectations or above it, it would not be unreasonable to expect a substantial rise in stocks next week. This is always supposing that weather conditions in the meantime are reasonably assuring. If it should prove true that the condition of corn has fallen off only 1 or 2 per cent. the prospect for a good corn crop will be reasonably safe, unless we have more drought from now on. The increased acreage allows for a considerable deterioration and yet makes it possible to have crop as large as last year. As we intimate, U. S. reports from business centres are less discouraging, in fact, a little reassuring in some cases. The movement of western banks to curtail loans is expected, according to local bankers, to hurry grain to market and furnish a basis for some improvement in the steel market.

**Failures During July.**

The record of commercial failures during July as reported to F. G. Dun & Co., makes the total for both number and liabilities less than in 1909, also somewhat less than in 1908; there were 117 failures as compared with 1108 in July, 1909, 1232 in 1908 and 777 in 1907, and total liabilities for the month were \$13,700,753, comparing with \$3,577,433 in 1909 and \$4,222,126 in 1908. The number of failures in July was much larger than in June when there were 816 defaults and the liabilities nearly \$2,000,000 greater than in June. The market for failures in July was practically discounted the increase to 2 per cent.

**WALL STREET POINTERS.**

Bank of England rate unchanged.  
Good rains thruout Nebraska giving important relief to corn belt.  
Chicago reports general falling off in traffic of western roads.  
Northern Pacific management is now making economies in preparation for contraction of business.  
New York City building expenditures for July decreased 53.7 per cent., the largest falling off in months.

**MORGAN TO THE RESCUE.**

NEW YORK, Aug. 4.—It became known to-day that another great speculative pool had been released. Friends of Edwin Hawley are quoted in The World as admitting that the syndicate of bankers said to be headed by J. P. Morgan & Company have taken over 50,000 shares of Chesapeake & Ohio stock bought by them since the Pennsylvania Railroad and Kuhn Loeb & Company parted with their interest. Mr. Hawley's control, however, is said to remain intact. Chesapeake & Ohio has recently sold as high as 92, and the pool is said to have bought at an average above 80. Lately a dealing set in. Under repeated drives the stock touched 65 yesterday. Support developed and the price rallied to 70. Now appears the amounting deal. Morgan came to the rescue.

**ST. PAUL'S Opinion.**

James J. Hill says: "Crop estimates vary widely, but the most reliable estimates I have seen range from 65,000,000 to 70,000,000 bushels less wheat for Minnesota and Dakota than last year. It's early for final estimates. Rains have done good this month. Crops in general will probably turn out better than generally expected."

# FARMING AND STOCK MARKET

## New Crop Needs Soaking Rain But Condition is Not Critical

### Better Improvement in General Conditions, Says Price Current—Wheat Options Higher on All Markets.

World Office.  
Thursday Evening, Aug. 4.  
Liverpool wheat futures closed today 1/4 to 1/8 higher than yesterday; corn 1/4 to 1/8 higher; September wheat closed 1/4 to 1/8 higher than yesterday; September corn 1/4 to 1/8 higher, and September oats 1/4 to 1/8 higher.

The following prices were current:  
New apples, basket ..... \$0.25 to \$0.35  
Bananas, bunch ..... 0.20 to 0.25  
Beans, new, bushel ..... 0.20 to 0.25  
Beets, dozen ..... 0.20 to 0.25  
Blueberries, quart basket ..... 1.25 to 1.50  
Cabbage, crate ..... 0.20 to 0.25  
Cantaloupes, crate ..... 0.20 to 0.25  
Carrots, dozen ..... 0.20 to 0.25  
Celery, bunch ..... 0.20 to 0.25  
Cherries, basket ..... 0.20 to 0.25  
Cucumbers, basket ..... 0.20 to 0.25  
Currants, red, dozen ..... 0.20 to 0.25  
Egg plant, basket ..... 0.20 to 0.25  
Green peas, basket ..... 0.20 to 0.25  
Grapes, bunch ..... 0.20 to 0.25  
Gooberberries, crate ..... 0.20 to 0.25  
Honey, gallon ..... 0.20 to 0.25  
Lemons, box ..... 0.20 to 0.25  
Onions, Spanish, crate ..... 0.20 to 0.25  
Peas, green, bushel ..... 0.20 to 0.25  
Peaches (Cal.), box ..... 0.20 to 0.25  
Peanut butter, lb. ..... 0.20 to 0.25  
Pears (Ont.), basket ..... 0.20 to 0.25  
Pineapples, crate ..... 0.20 to 0.25  
Potatoes, bushel ..... 0.20 to 0.25  
Raspberries, bushel ..... 0.20 to 0.25  
Pumpkins, bushel ..... 0.20 to 0.25  
Squash, green, bushel ..... 0.20 to 0.25  
Tomatoes, basket ..... 0.20 to 0.25  
Vegetable marrow, crate ..... 0.20 to 0.25  
Watermelons ..... 0.20 to 0.25

**Argentine Estimates.**  
This Wk. Lt. Wk. Lt. yr. ago.  
Wheat ..... 1,700,000 750,000 4,000,000  
Corn ..... 1,000,000 500,000 3,000,000  
Soybean meal ..... 1,000,000 500,000 3,000,000  
Wool ..... 1,000,000 500,000 3,000,000  
Cotton ..... 1,000,000 500,000 3,000,000  
Oats ..... 1,000,000 500,000 3,000,000

**Crop Reports.**  
Snow's report on his own estimate of acreage indicates 2,000,000 bushels of wheat for Minnesota, 3,000,000 for North Dakota, and 4,000,000 for South Dakota. On basis of government acreage and usually accepted figures for par, his report indicates Minnesota 2,000,000 bushels; North Dakota 3,000,000 bushels, or a total of 4,000,000 bushels.

**Local grain dealers' quotations are as follows:**  
Manitoba flour—Quotations at Toronto are: First patents, \$2.20; second patents, \$2.10; third patents, \$2.00.

**Crops Need Rain.** Occasional showers have fallen over the central region during the past few days, but have not been sufficient to the growing crop, but have tended to retard threshing and hay making to some extent. There is still a deficiency of moisture, and while the general condition is not so bad as it was a few days ago, it is still necessary to maintain the present prospect of the crop.

**ST. LAWRENCE MARKET.**  
Receipts of farm produce were 200 bushels of grain and 7 loads of hay.  
Oats—Two hundred bushels old oats sold at 48c.  
Hay—Seven loads of new sold at \$18 to \$21 per ton.

**Chicago Market.**  
J. P. Bickell & Co. say at the close: "Wheat—Higher—Strong foreign cables and no exports of wheat for profit create support on all declines, forcing values back to 3c high. Receipts continue liberal, and receipts most of the week are raised. We continue to advise profit-taking on all bulges."  
Erickson Perkins & Co. had the following: "Wheat—The northwestern markets were again active, and the market was caused considerable buying here. Sea-board markets report no bids whatever from abroad in response to offers made last night. Country offerings fair, but cash demand very slow. The continued spotty on the part of millers and hands will tend, for the present, to make a large accumulation, which we think will be a weight on the market. Sea-board prices are so far below those at other points that any European demand which might come would naturally go where the wheat is the cheapest. We are, therefore, inclined to think that we may have a lagging market for a time."  
Corn—There were scattered showers again over the western corn belt with no extreme temperatures. The market opened higher in sympathy with wheat with the local crop bullishly inclined. No new arrivals of the buying. We can see nothing at the moment on which to advise purchase of corn side in a moderate way on strong spots.

**GRAIN AND PRODUCE.**  
Local grain dealers' quotations are as follows:  
Manitoba flour—Quotations at Toronto are: First patents, \$2.20; second patents, \$2.10; third patents, \$2.00.  
Oats—Canadian western, No. 2, \$1.25; No. 3, \$1.20; No. 4, \$1.15; No. 5, \$1.10; No. 6, \$1.05; No. 7, \$1.00; No. 8, \$0.95; No. 9, \$0.90; No. 10, \$0.85; No. 11, \$0.80; No. 12, \$0.75; No. 13, \$0.70; **Toronto's Best Furniture Sale**

The plain facts upon which this sale is based make it the best from every view-point of special benefit to the public. Here they are:  
We have lately completed arrangements that put us in closest touch with the finest chain of furniture factories in the Dominion.  
In other words, we are able to sell the products of these good factories at lower prices than anyone else.  
We make this statement in the hope that you will verify it. To us it is a matter of bookkeeping and discounts, consequently we know beyond all doubt. But to you it means careful comparison of values, backed up with sound knowledge and good judgment.  
You expect to live with your furniture a good many years, and it is bound to have some influence over you. If it is well designed and well wrought it will be a constant joy. If, in addition to this, it is well bought, it will be something to tell your children about. The only kind of furniture we want to sell is the kind you'll think of as "good furniture," whether for its design, its workmanship or its value. Isn't that the kind of furniture you'd like to own? Here is Saturday morning's list:

Buffet Sideboard, in birch and genuine mahogany veneer, two cupboards, three small drawers, one hand for cutlery, and one extra long linen drawer. August Furniture Sale price \$21.00.  
Dining Chairs, in quartered oak, golden finish, polished, panel backs and box seats, upholstered in genuine leather; sets consisting of five small chairs and one arm chair. August Furniture Sale price \$14.00.  
Sideboard, in hardwood, early English finish, mission design, with hammered dull brass trimmings, two large cupboards, long linen drawer and three small drawers. August Furniture Sale price \$18.75.  
China Cabinets, in solid hardwood, mission design, early English finish, clear glass door and ends, with three display shelves. August Furniture Sale price \$9.75.  
Dressers and Chiffoniers, in golden oak finish, best colonial design, easy running drawers, trimmed with locks and wooden knobs, oval or square British bevel plate mirror. August Furniture Sale price \$8.00.  
Dresser, in selected quartered oak, golden finish, top, two large and two short drawers, handsomely hand carved, with shaped bevel plate mirror. August Furniture Sale price \$25.75.  
Dressing Table, in quartered oak or mahogany, highly polished, exceptionally neat design, and well made, supplied with British bevel plate mirror, oval or square pattern. August Furniture Sale price \$12.00.  
Chiffonier, in solid mahogany, French shaped legs and swell front, large drawer space, with trimmings of solid brass, fancy shaped toilet, beautifully hand carved, and fitted with shaped plate mirror. August Furniture Sale price \$39.50.  
Sommers, in birch and genuine mahogany veneer, swell fronts and shaped double top, extra value. August Furniture Sale price \$4.50.  
Iron Bedstead, in pure white enamel finish, fancy scroll design, with three brass spindles in both head and foot end, heavy post with filling evenly distributed, 4 ft. and 4 ft. 6 in. size only. August Furniture Sale price \$7.45.  
Woven Wire Bed Springs, frames made of thoroughly seasoned hardwood, double weave steel wire, with cable supports, and copper edge wire, all standard sizes. August Furniture Sale price \$1.90.  
Hall Rack, in selected quartered oak, odd but neat mission design, early English finish, large seat, with box underneath, umbrella holder and four double hat and coat hooks, fitted with square bevel plate mirror. August Furniture Sale price \$13.00.

**SIMPSON**

**Our August Hosiery Sale**

There's no more welcome economy than what one saves on Hosiery, for you simply have to keep on buying stockings. No matter if it is out of sight, to be out at the heel or at the toe is fatal to self-respect, and a great strain on the nerves. What if a motor should run over one's foot, and the stocking had to come off then and there. The thought of the humiliation is unbearable.  
This early autumn sale of Hosiery has come to be an event with us, but not by any means a matter of course. Every year finds our position stronger, our demand for manufacturers' specials more imperative, and our ready money more eloquent. We are assured by Nottingham, Chemnitz and Canadian makers that we have the cream of their hosiery values, and their clearing prices mean little, impulsive, and buy ready money more eloquent. The proof won't be complete, however, till you put to the test of real wear the superb quality represented by these low prices. As in the past, we know your verdict will be: "SIMPSON'S FOR STOCKING."  
Women's Fine Imported Lisle Thread Hose, black, tan and all the newest colorings, also lace and silk embroidered. Regular 45c. Hosiery Sale price Saturday 25c.

**ALL READY FOR the HALF-HOLIDAY?**

We are ready for it, because we've prepared to do a whole Saturday's business in five hours. That means we've made shopping about twice as attractive as usual, as the prices on this page will show.  
If you want to enjoy the week-end devote a few moments NOW to checking off your needs with the items mentioned here—they're all summer stock, odds and ends you're sure to need. Inventory over, these goods now make their farewell appearance—and if it happens to be a benefit performance for you, be sure you don't miss it!—it starts at 8 a.m. to-morrow morning.

Immediately below we mention half a dozen items that will appeal particularly to our sport- and pleasure-loving customers. But whether it's requisites for outing and vacation trips, or things for home or personal use, if they're mentioned anywhere on this page, depend upon it the price is the lowest ever.
