INVALID CANADIANS ARRIVE AT MONTREAL

MONTREAL, May 16.—The Allan liner Scandinavian arrived in Montreal tonight with a number of Canadian officers who had not left the vessel at Quebec this morning.

WAR SUMMARY THE DAY'S EVENTS REVIEWED

THE specific gravity of the war has shifted from Verdun to Mesopotamia and Armenia, where the Russians have been having it pretty much their own way in recent fighting. It is believed in London that the Russians have already cut the Bagdad railway at Mosul, altho their official statement, which is two or three days late, only says that their advance on that city continues.

Let the Electric Vacuum Cleaner Do Your Housecleaning

*The Greatest Device Known for Cleaning All Household Furnishings
Thoroughly, Quickly, and With Ease*

THE DAY HAS COME when all the drudgery and labor of housecleaning has disappeared—no more turning the whole house upside-down, moving heavy furniture about, ripping and tearing carpets and rugs from the floors and taking them to the yard where, in a cloud of dust, someone struggles to clean them.

The Greatest Labor Saver of the Century is the Electric Vacuum Cleaner, and One of the Most Convenient, Most Satisfactory and Most Economical is This We Feature TODAY

ON THE FOURTH FLOOR is an array of vacuum cleaners that include the light, easy running hand carpet sweeper up to the powerful electric suction and blowing cleaner.

Some of the Reasons Why This Electric Machine Does More Work and Better Work Than Any Other

MOTOR—A reliable, high speed, cool running type that propels the fan and brush at the rate of thousands of revolutions per minute, thus quickly gathering up the dirt, raveling, lint, etc.

DUST BAG—Is double, preventing dust from escaping. Has patented check valve which prevents dust from dropping back into fan chamber. It is easily and quickly emptied.

NOZZLE — Opening enables the large volume of air rushing through to remove dirt from all corners without using any special attachments.

BRUSH—Positively belt driven rollers, aluminum shaft and strong, stiff, durable bristles.

OPERATION—Fitted with full switch. Starts or stops simply by raising the handle—no danger of shock.

ADJUSTABLE DEVICE—Small running wheel underneath machine is adjustable to raise or lower the nozzle to suit the thickness of the carpet.

FINISH—Attractively finished in aluminum and nickel.

EVERY MACHINE has been subjected to several hours' endurance test which ensures the purchaser receiving a proven and correct machine.

Upon request we will send a man to demonstrate the machine in your home.

OUR LEADER IN VACUUM CLEANER VALUES is this electric cleaner called the Ohio. It is a combination suction cleaner and carpet sweeper that can be attached to any electric bulb and applied to any part of the household furnishings, no matter what it is, and in double quick time all dust and dirt is removed from the article.

No dust is whirled and swished through the air to lodge on other furniture. The high speed motor propels a fan at a speed of about 10,000 revolutions per minute, sucking up the dirt with amazing quickness and depositing it in the dust bag, where it cannot again escape.

Its Different Attachments Provide for the Cleaning of Every Possible Piece of Household Furnishing

The machine as it appears in large illustration on the left is used for cleaning rugs, carpets and floors. It glides over the thickest rug with the slightest touch and its lightness enables easy moving from step to step when cleaning the stairs.

So useful and handy is it too, that crumbs are quickly gathered up from the floor after each meal, lint and thread from the sewing room, or all signs of a house party are soon removed.

The small illustration above shows how it is used for conveniently bringing the dirt from the very depths of upholstered chairs, chest of drawers, etc. This same attachment can also be applied to curtains, portieres or for extracting dirt and dust from mattresses, etc.

Another very handy and useful attachment is a brush that can be connected and used for cleaning clothes, cushions, blinds, curtains, etc.

There is still another accessory to this machine that can be attached and used for reaching under radiators, stoves, heavy furniture, beds, pianos, etc. This same connection is also used for blowing and airing pillows and cushions.

The price of this machine, complete, with all attachments is

\$50.00

HARD SLAMS ARE GIVEN OUT FREELY

North Enders Flay City Council and Score Transportation Plan.

HYDRO COMMISSION

Does Not Escape Criticism for Delay in Trying to Solve Problem.

Not in months has any proposition submitted to the North Toronto Ratepayers' Association evoked more vigorous comment than that presented by the Deer Park Transportation Committee, in Eglington town hall, last night. The scheme which in the initial stages in the Deer Park School, and again at a meeting of the executive of the Central Business Men's Association was favorably received, last night was unmercifully criticized, the consensus of opinion being unmistakably hostile. Moore Park, which was expected to look favorably upon the proposal to switch the Metropolitan Railway from Yonge street to Mount Pleasant road, objected to the scheme judging from the attitude of the representative present, while North Toronto frowned upon it.

The scheme was outlined by J. M. Skelton, chairman of the committee and H. H. Hathaway, both of Deer Park. The fact that the city had voted to expend more than \$200,000 on the building of a civic car line on Mount Pleasant was urged as a reason why the Metropolitan should not be allowed to run down that road to a terminus. The extension of the civic car line on Mount Pleasant to the city limits was re-affirmed as a principle, which would not be given up and the board of council and city council were scored for delay in the matter.

The Ontario Hydro Commission came in for criticism in the delay in opening negotiations with the Metropolitan railway in an effort to buy out the line and the opinion was expressed that the only real solution for the trouble in the northern part of the city was to double-track Yonge street, buy out the Metropolitan and retain it on Yonge street. The city council was characterized as an extravagant body and strong was the exception taken to the expenditure of money for an eastern entrance into the Exhibition park.

ST. HILDA'S, FAIRBANK HAS MANY AT FRONT

In proportion to the number of eligible men in the congregation, St. Hilda's Anglican Church, Fairbank, sent more men to the front than any parish in the City of Toronto, said Rev. H. R. Young, discussing the question of recruits last night. "We have 130 names on our honor roll of men who have gone overseas. Of this number, five paid the supreme sacrifice. One is a prisoner of war in Germany, and a large number have been wounded. We keep adding new names to the honor roll to the number of two and three each week.

"Owing to the departure for the front some months ago of the scoutmaster of our troop of Boy Scouts, Stanley Lowe, the company has been disbanded for the present."

PTE. STEPHAN DIED AT SEA.

Mrs. Stephan, 204 Symington avenue, has been notified by cable of the death of her son, Pte. Joseph Stephan of the 1st Battalion. He died at sea yesterday morning. He had been previously enlisted, an employee of the Barclays branch, Dominion Bank.

FIX ASSESSMENT FOR NEW FACTORY

A special meeting of York Township Council will be held at 2 o'clock tomorrow afternoon, to discuss the levying of assessment and the number of years for which it will be fixed for the proposed new factory to be erected by the Russell Motor Company on the site at Dufferin street, Weston. "The York Township Council are anxious to encourage manufacturers and others to erect factories in any part of the township," said Deputy Reeve W. M. Graham, yesterday. "We are willing at all times to discuss matters regarding sites, railway facilities, assessments, and will assist in every way to promote the welfare of the township," he said.

AT PRAYER MEETING.

Editor World: In today's issue of The Toronto World there appears a paragraph under the heading, "Street Preachers' Object to Recruiting." The various statements in the said paragraph are very far from representing the facts of the case. There were in that company of brethren six men of military age and at least three of them are physically unfit; besides them were two men who have years ago passed the military age limit. It is true we sang a hymn, but we did not "call upon passers-by to join in prayer." It was not stated by any one of the brethren that we "strongly objected to recruiting," nor did we adjourn the meeting, but, immediately order was restored, continued to proclaim "The Gospel of God concerning His Son Jesus Christ our Lord as that is found revealed in the Holy Scriptures." We deeply regret that one of our number was so indiscreet as to interrupt the somewhat unceremoniously aggressive and supercilious military officers present. Trusting you will see your way to grant us at least British fair play.

SPLENDID VOCAL RECITAL.

A vocal recital of brilliant talent was given in the Toronto Junction College of Music last evening by the pupils of Mrs. and Miss McGill. Those who participated in the recital were: Mrs. Mason, Miss Mary Treadwell, Miss L. B. Moore, Miss Loretta Brown, Miss Lella B. Moore, Miss Nellie Curtis, Miss Jessie Grice, Miss Clara Stein, Mrs. Chas. Stein, Mrs. Mona Bott, Mrs. Greig, Miss Gertrude Thompson, Miss Vera Smith, Miss Irene Hickey, Miss Mabel Hicks and Miss Lyla Armstrong. The solos were all classic compositions, taken from renowned artists, which testified the pupils' ability, and which also denoted their skilled training. Miss Stella Kowitree, pianist, assisted with selections by Chopin and Cyril Scott.

EXPLAINS HIS BUSINESS TO THE LICENSE BOARD

A. J. Collins of Canada House, 138 Sherbourne street, was before the license board today, to adequately explain the situation of his business to six creditors to whom he is indebted for \$4,000. Collins has receipts for April were \$1476, and the four previous months of this year were approximately \$1,000. Liquor purchases for April amounted to \$1075, but Chairman Flavell, calculating the profit, figured that the receipts should have amounted to more than Collins contended. Unable to prove a leakage, Collins is to meet the creditors today to further discuss the matter. He has been in the business for two years and purchased the property for \$65,000.

KNOCKED DOWN BY MOTOR.

Knocked down by a motor car driven by Ross Hulton, 176 Parliament street, opposite the city hall about midnight last night, Elizabeth Fox, 14 Edward street, had her face gashed. She was taken to St. Michael's Hospital in the police ambulance. As the woman complained of a pain in one of her shoulders, the hospital authorities have decided to make an X-ray examination of it this morning to see what injury has been done.

L.O.D.E. MEETING A HUGE SUCCESS

Three Hundred Delegates Holding Three Days' Session in Columbus Hall.

ENCOURAGING REPORTS

From East and West Comes Word of Great Work Accomplished.

"Tremendous" was the word which someone applied to the meeting of the Imperial Order, Daughters of the Empire, now known as the L.O.D.E., at Columbus Hall. Three hundred or more delegates are here from points enclosed by the Atlantic and Pacific, the different chapters of Toronto being well represented. Yesterday morning was given up largely to the work of registration of delegates, presided over by Mrs. John Bruce, the national treasurer, and her assistant, Miss Gertrude McLaughlin, the assistant secretary. The meeting was opened by Mrs. Murray Clark and Mrs. Ambrose Small. The meeting proper opened at 10 o'clock with Mrs. A. B. Gooderham, national president in the chair. The singing of the National Anthem and the raising of the standard gave the patriotic note, which was added to by the display of several flags about the platform. Delegates Welcomed.

The address of welcome, given by Mrs. R. S. Wilson, regent of the Municipal Chapter, relating to the meeting held last year in Halifax, she recalled that then it was hoped that the next national session would be held in days of peace. This hope had not been realized, and our men are still fighting and dying for the empire. She urged that the members give earnest attention to the agenda, and that the work of the meeting would be a clearer vision of the work ahead, and that all might return to their homes in peace and contentment, so that the ideals of the order might continue to be preserved throughout the empire. A note from the far-away was heard from a report from the National Chapter of the Bahamas was read, telling of the patriotic work of the women of those distant islands.

The afternoon session was devoted to the hearing of reports, ten minutes being allowed for each speaker. Most of the reports were read by the regent, and proved two things to those who listened. The first was that the women of Vancouver, led by Mrs. Beatrice Stewart and the west generally had done colossal things during the war, and the second was that the west develops good voices, for the speakers raised and expended for soldiers and sailors. It was noted that one-tenth of the field comforts delivered by the Canadian War Relief Commission had come from Vancouver, Daughters of the Empire.

Great Work Accomplished. Pine reports were given by Mrs. J. Elliott, regent of the United States, L.O.D.E., who said the 200 tons of supplies had been sent to British Columbia, and that the 100 ambulances, moreover a pro-silly atmosphere had been established in their area through the L.O.D.E. Newfoundland is represented by Lady O'Rourke, who stated that the 438-381 had been raised by the patriotic workers.

BUSINESS HOLD-UP
DECLARES O'NEILL

Toronto-Hamilton Highway
Asks Interest on Con-
tribution.

CONTROLLERS WRATHY

Refuse Payment Until Cor-
rect Statement is Re-
ceived.

According to a bill received by the
board of control yesterday morning,
the Toronto-Hamilton Highway Com-
mission requires \$18,750 from the city
for interest on the \$250,000 contrib-
uted toward the cost of the road.

Strong protests were made by the
controllers when the matter came up,
and Controller O'Neill claimed that
the whole thing was a business hold-up.

The board was extremely indignant at
the request of the committee, as the
interest asked is on the full amount
from Nov. 1, 1914. The city's first con-
tribution was \$150,000, and the addi-
tional \$100,000 was only contributed
after a discussion in the council quite
recently. The commission, however,
wants interest on the full amount of
\$250,000 from Nov. 1.

Want Correct Statement.
The members of the board refused to
allow the city treasurer to send on a
cheque for the sum until a correct
statement is submitted. They are pre-
pared to pay the interest on the \$150,-
000 from the time portions of that
amount were expended on the work of
construction.

In reporting upon the request, Finance
Commissioner Thomas Bradshaw
said that it seemed to him that to de-
termine the amount payable under the
terms of the agreement, it was essen-
tial to have a statement of the moneys
expended by the commission from time
to time, as the work progressed.

The commission's statement shows
that an amount of \$18,750 has already
been paid, leaving \$11,554.11 still owed
by the city.

CITY HALL NOTES

A great crowd of people gathered in
the vicinity of the city hall yesterday
morning for the final parade of the
96th Battalion. Headed by Lt.-Col.
Barkey, the unit marched past in fine
style, and the proceeding was witness-
ed by Mayor Church and the control-
lers.

The permit for the construction of
the large mail order building on Mu-
tual street, was yesterday given to
Robert Simpson Co. by City Architect
Pearce. The building, which will front
on Mutual street, will run to Dal-
housie street, and will cost \$400,000.

A permit has been granted Divens
Brothers to erect a brick house on
Lander Avenue, at a cost of \$8500.

As a result of the increased price of
marriage licenses which were intro-
duced yesterday, officials of the public
health department had a busy day.
The receipts of money taken in pay-
ment of new license forms request-
ed for by issuers of marriage li-
censes throughout Ontario ran into thou-
sands of dollars.

The appeal of the Canadian Pacific
Railway against the assessment upon
their ten-acre property, which was
once a part of the Central Prison, on
Stuehan avenue, has been withdrawn.
When the company bought the property
from the government the place was
immediately assessed by the city, and
a formal complaint was registered
against the assessment. The company
employed an expert Montreal valuator,
who decided that the assessment was
equitable, with the result that the ap-
peal was dropped.

MAYOR'S EXCUSE FOR
REFUSING TO PAY TAX

Says Provincial Government Has
Given Practically Nothing
to Aid Local Recruiting.

According to statements given out by
Mayor Church and Provincial Treasur-
er T. W. McGarry, in connection with
the discussion regarding the war tax
levied on Toronto by the Ontario Gov-
ernment by the provincial government by
\$2,707,643, while the government's list
of recruiting expenditures amounts to
\$10,800.

Mayor Church, yesterday, in referring
to the discussion, hoped that some-
thing would come of it in a practical
way. He pointed out that the govern-
ment had given nothing to help re-
cruiting in the Toronto home regi-
ments, and the battalions that were
the first to go overseas.

Through Sleeping Cars to Algonquin
Park for Fishermen.
To accommodate fishermen and
other visitors to Algonquin Park the
Grand Trunk Railway System are
running a through sleeping car from
Toronto to Algonquin Park, leaving
Toronto at 8.20 a.m. Fridays, arriving
Algonquin Park 10.25 a.m. Mada-
waska 11.45 a.m. Saturdays. Return-
ing through sleeping car leaves
Mada-waska 4.25 p.m., Algonquin Park
5.55 p.m. Wednesdays, arriving To-
ronto 7.30 a.m. Thursdays.

The Highland Inn is now open to
receive guests, and low round-trip
tourist fares are in effect.

For tickets, sleeping car reserva-
tions and further information phone
or call at City Ticket Office, north-
west corner King and Yonge streets,
Toronto.

NEWSPAPERMEN MEET
GREETERS' ASSOCIATION

Engaged in Scheme to Advertise
Toronto—Banquet at
Buffalo.

A party of newspaper men left To-
ronto yesterday afternoon to meet
the Greeters' Association of northern
New York State, who will be guests
in this city until Friday. The whole
party will arrive in Toronto at 2 o'clock
this afternoon. They will then parade
up Yonge street to the city hall, where
they will be received by the mayor.

The Greeters' Association is com-
posed of hotel clerks. The scheme is un-
dertaken for the advertisement of To-
ronto, to induce summer visitors to
Rochester and Buffalo to come over to
Toronto before they return home.

The party from Toronto was enter-
tained last night at a banquet given
in Toronto before the management of
the Hotel Statler in Buffalo.

ARRESTED ON TWO CHARGES.

James Black of Hamilton was ar-
rested by Detective Cronin yesterday
afternoon on a charge of theft and re-
ceiving, on the authority of Chief of
Police Whaley of Hamilton.

ARRESTED FOR MAKING BOOK.

Roderick McDonald, 41 Oxford st.,
was arrested on a charge of making a
handbook on King street, near Yonge
street, yesterday afternoon. Mortality
Officers Kern and Lowler made the ar-
rest.

ASSURED OLD FORT
WILL BE PROTECTED

E. B. Biggar Pleads for Pres-
ervation of Historical
Building.

SOLDIERS ARE NEEDED

Commissioner Harris Could
Use Returned Men in His
Department.

A plea for the preservation of histori-
cal buildings was made at the board of
control meeting yesterday by E. B.
Biggar, representing the Old Fort Pro-
tective Association, when he requested
that the proposed car line to the Ex-
hibition be not laid thru the grounds
of the Old Fort.

A lengthy discussion followed, in
which the controllers assured Mr. Big-
gar that the Old Fort would be in no
way impaired by the construction of
the car line, and the matter was left
over.

Returned soldiers are needed by
Works Commissioner Harris in his de-
partment, and yesterday he reported
that he had been forced to employ
civilians, as men returned from the
front were not available.

While he refrained from criticizing
the commissioner, Mayor Church was
of the opinion that there should be a
large number of returned men in the
city able to fill positions in the works
department. Mr. Harris stated that a
number of positions were vacant and
soldiers were needed to fill them.

A communication was received from
J. K. Macdonald of the Children's Shelter
on Simcoe street, welcoming an en-
quiry into the conditions prevailing at
the institution.

The board decided to pay Lt.-Col.
Vaux Chadwick of the 124th Battalion
\$2500 damages which were incurred as
the result of an action brought by him
against the city in connection with the
installation of electric pumps at the
high-level pumping station at his home
on Poplar Plains road.

CASE STILL BEFORE JURY.

The case of Mrs. Flora Sheron
against the C.P.R., in which the plain-
tiff is seeking \$10,000 damages for in-
juries declared to have been sustained
in a wreck, Sept. 2, 1913, at Ramsey,
in Sudbury, continues in No. 3 assize
court before a jury. The defence con-
tends that the woman was not injured
as seriously as she maintains. The
husband, John H. Sheron, who was
with her in the collision and who sued
for \$5000, had his case settled some
time ago.

FOR DISTRIBUTION
OF TAX TICKETS

Solicitor of the Treasury De-
partment to Make Arrange-
ments.
OFFERS FOR WORK
Have Been Received, But
There Are No Special
Appointments.

J. T. White, solicitor to the treasury
department, will take a journey, pos-
sibly at the end of this week, around
the larger cities of Ontario to arrange
for wholesale distributors of amuse-
ment tax tickets in the various parts
of the province.

In each case he will
work as they can send out rolls of
tickets with films and so avoid special
freight charges. All tickets are sold
by the government in Toronto.

Want Appointments.
Several theatrical firms which own
five or six theatres in the province
have written to the department ask-
ing to be appointed wholesale agents.
In that case they would get their one
cent tax tickets at 12 per cent. discount
instead of at a discount of ten per
cent. only, i.e., the act allows the whole-
saler to purchase one cent tickets at
12 per cent. discount while the retail
purchaser may buy them at a discount
of ten per cent. Where the theatre-
man is to be both wholesaler and re-
tailer, selling to himself, he would reap
an extra two per cent. profit. This
matter is receiving the consideration
of the department.

In some cases division court clerks
may be appointed wholesale distribu-
tors of the tax tickets. Until these
appointments are made, tickets will
be distributed direct from the department
here.

REMANDED FOR INSPECTION.

Stephen Major, who attempted to
convince his wife to go by inhaling il-
luminating gas from a tube at his
home, came up in the police court
yesterday and was remanded for the
jail doctor's inspection.

the central executive at 59 St. Peter
street, Montreal, Mrs. Arthur Pepler,
convener, reports for the week \$210.25.

SYNOPSIS OF CANADIAN NORTH-
WEST LAND REGULATIONS.

The sole head of a family, or any male
over 18 years old, may homestead a quar-
ter-section of available Dominion land in
Manitoba, Saskatchewan or Alberta. Ap-
plication must appear in person at the Do-
minion Lands Agency or Sub-Agency for
the District. Entry by proxy may be
made at any Dominion Lands Agency
(but not Sub-Agency) on certain condi-
tions.

Duties.—Six months' residence upon
and cultivation of the land in each of
three years. A homesteader may live
within nine miles of his homestead on a
farm of at least 80 acres, on certain con-
ditions. A habitable house is required,
except where residence is performed in
the vicinity.

Live stock may be substituted for cul-
tivation under certain conditions.
In certain districts a homesteader in
good standing may pre-empt a quarter-
section alongside his homestead. Price,
\$3.00 per acre.

Duties.—Six months' residence in each
of three years, after earning homestead
patent; also 80 acres' extra cultivation.
Pre-empt. Must patent may be obtained as
soon as homestead patent, on certain
conditions.

What Caused the Fire?

After all the declarations of the accidental nature of the conflagrations which destroyed the parliament buildings at Ottawa, it is encouraging to read the report of the commission appointed to consider the case.

It does not appear that they considered the theory of the fire which covers all the facts, not only of this fire, but of several others. The theory was laid before the government at Ottawa, we believe, by a member of the Ontario Government. It still stands. It may not be wise to give it general circulation, but it is of East Indian origin, and is known to the Germans.

Convocation Honors

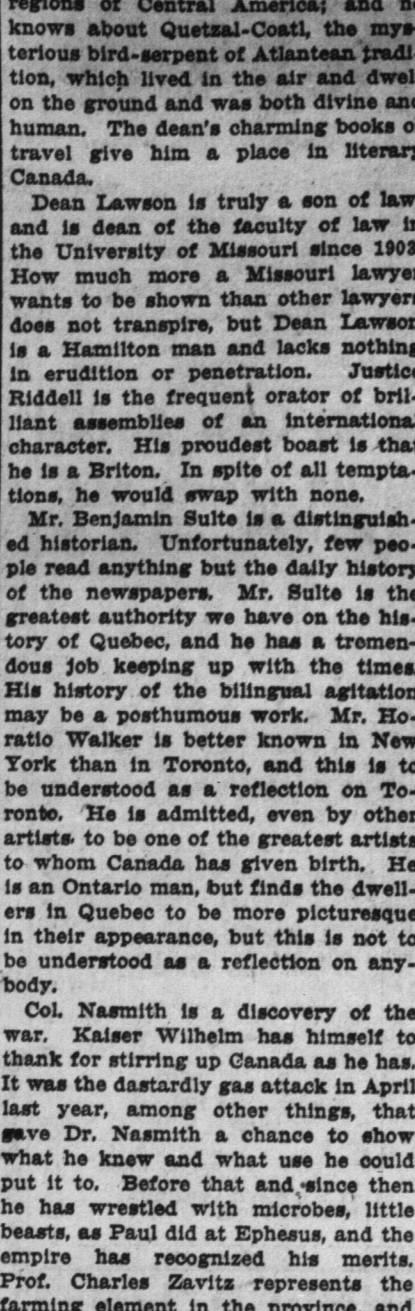

An unusually interesting list of honorary degrees is to be conferred by the University of Toronto at the approaching convocation. In more ancient days than Canada can boast, the life of the university was a real and vital part of the life of humanity on a higher level.

Ideals, principles, the fundamentals of action, are supposed to be kept in trust by the universities, to be produced when required. There is a feeling in some quarters, and possibly this may have given the impression that the universities keep them in cold storage.

The notable men to be distinguished on Friday are of varied accomplishments and eminence in widely differing departments of activity. Dr. Adams is one of the foremost among our geologists. It is too freely sufficiently recognized how much a country like Canada, perhaps especially Ontario, owes to geology.

Dean Harris is not so well-known as he ought to be. His presence is a benediction, but his word is a potent spell. He is wise about the ancients, the very ancient, the Toltecs and Aztecs, the Mayas and Quiches of Yucatan and Guatemala and other weird regions of Central America; and he knows about Quetzal-Cost, the mysterious high aspects of Aztec tradition, which lived in the air and dwelt on the ground and was both divine and human.

ROSS RIFLE UNFIT ALDERSON'S VIEW

Canadian Soldiers Discarded Them in Favor of Lee-Enfields.

JAMMED TOO EASILY Official Report is Strong Indictment of Rifles From Quebec.

OTTAWA, May 16.—The Ottawa Citizen this afternoon publishes a communication from Gen. Alderson to the military department, in which the former commander-in-chief of the Canadian forces condemns the Ross rifle as an active service weapon, in comparison with the Lee-Enfield.

CASE WAS ADJOURNED.

George McSweeney, cigar dealer, 39 Colborne street, pleaded not guilty to a charge of keeping a common betting house at the above address when he came up in the police court yesterday. His case was adjourned till May 22. Arnold Gleason, accused of being "found in," was given the same adjournment.

"The experience of the battle showed that the Ross jammed so badly that I was obliged to let this order die a natural death," Gen. Alderson states. "When the division was reformed with the Lee-Enfield the men cheered loudly when hearing the news."

He denies that there is any organized attempt to discredit the Ross rifle and declares that if there were he would stop it. "But what I shall not stop," he declares, "is a bona-fide report against the Ross should it come in after any future serious action that any part of the corps may take part in. I should not be fit for my position if I passed over everything which endangered men's lives or the success of our arms."

HERE'S A CHANCE FOR WALTONIANS

Allcock, Lait and Westwood Co. Offer Prize for Largest Longe.

CAUGHT THIS SEASON

Keen Competition Expected Among Toronto "Knights of the Rod."

Hark ye, fishermen! Here's the chance to demonstrate the skill and dexterity in the art of fishing of which you have so often boasted. Here's the chance to prove, not only your ability to catch the elusive inhabitant of deep waters, but to obtain a suitable recognition.

The Allcock, Lait and Westwood Co., Limited, the only manufacturers of fish line rods in Canada and one of the largest in the western hemisphere, will announce in a World advertisement soon that it will give a twenty dollar outfit, including rod, reel and line to the fisherman catching the largest "longe" this season.

That the prize will warrant the entry of every fisherman in this vicinity and the keenest competition in the part of all contestants, is attested by the reputation for high quality goods carried by the company.

The firm is a branch of the Reddick, England, establishment of the same name, which has representations that are world-wide.

It is now in its thirty-third year in Canada, manufacturing between eight and ten thousand rods a year, besides having a warehouse so completely equipped in a fisherman's outfit that nothing, however small, is lacking.

They are the exclusive manufacturers of the silk-bound, split cane rod and the silk-bound steel rod. Both of these, which are everywhere acknowledged as the best rods now known and superior in every respect to others, are the patented inventions of Benjamin Westwood of the Toronto firm.

For forty years he has given minute study to the business and not only has a reputation as a manufacturer, but is an experienced and able fisherman himself. Expert fishermen who have thoroughly and impartially examined and tested the rods pronounce them to be the best.

DECIDE IF LANE IS PUBLIC PROPERTY

Baldwin Estate Seeks to Close Thoroughfare Running Off King St.

AT OSGOODE HALL

Mr. Justice Middleton Sets Aside Sale Under Mortgage.

The action as to whether the twelve-foot lane running between King and Pearl streets, east of York street, just to the west of the North American Life building, is a public lane, was heard yesterday at Osgoode Hall before Mr. Justice Middleton.

This action is by the Baldwin estate, represented by E. D. Armour, K.C., and J. W. Carrick against K.C. O'Brien, represented by W. N. Tilley, K.C., and Strachan Johnston, K.C.; the North American Life, represented by J. A. Paterson, K.C.; the Ross estate, represented by J. H. Moss K. C., John McLean and G. W. Verral. Defendants say that it has been a public lane since 1830.

Witnesses were called. Peter Green assured E. D. Armour, K.C., that there had been a fence along the side of the lane in the early days. He did not remember gates across the north end.

Mr. B. Taylor, secretary of the North American Life Company, remembered gates on King street from 1889. He also remembered gates at the north end of the lane. He further stated that the gates were generally closed thru the day, on Sundays, holidays and whenever they were not required to be opened for the company's tenants.

John Nolan, 87 years of age, remembered the lane. He used to ride horses down it, taking them to water. He had never been warned off and everybody used it.

Set Aside Sale. Judgment was given in the case of Annie Ward Ansell v. Sydney L. Bradley and A. J. H. Eckhardt by Mr. Justice Middleton. Plaintiff sought to set aside an attempted exercise of the power of sale contained in a mortgage made under the provision of the Land Titles Act, bearing date March 10, 1904, to secure the sum of \$1000, payable in six months without interest.

The amount actually advanced was \$900. A fire occurred in a house upon other property in which mortgagee resided. The sum of \$710 was received from the insurance company and this was paid on account of the mortgage, leaving a balance of \$290 to be paid. The mortgagee claimed to be entitled to \$58 for insurance premium paid. The balance of the mortgage was sold to co-defendant Eckhardt for \$1900. Notice of the sale had been given, but the absence of the signature of the mortgagee made it illegal. The judgment was that the sale must be set aside. Plaintiff should have transferred the trial of E. L. Baugh, accused of conspiracy and theft from the general sessions to the assizes, and the trial will be held in the general sessions court, probably before Judge Winchester.

particular maintaining notable self-possession and cheerfulness the greater part of the day. At the afternoon session of the preliminary hearing in the Casement case, the prosecution produced further testimony regarding events attending the arrest of Casement and Bailey. Much of this was corroborative of the testimony given by the Crown witnesses, and was determined to leave no detail uncovered. The case against Casement from Tralee to Dublin testified that the prisoner heard that a motor car was being driven by Casement, Castelnaine, and that two of the occupants were drowned, whereupon he said: "I am very sorry for those poor men. It is on my account that the car came here. They are good Irishmen."

Ship Held on Suspicion. The most interesting testimony of the day was the evidence of a German ship, Aud, which was sent out from Kiel with arms and ammunition in the month of August, 1914. The ship was held on suspicion of being a German submarine. The ship was captured by the British patrol ship Blue Bell, and was taken to Queenstown when she was sunk by her crew. Details of the capture and sinking were given by Sidney Waghorn, a signaller on the Blue Bell, who was on duty at the time.

When we got near Daunt's Rock, the Aud stopped her engines. The Blue Bell was then ordered to approach her, and she was seen to be a German submarine. We signalled her and asked who she was and where she was bound. She replied that she was bound for Bergen from Genoa. At that time we were about 120 miles west of Cape Horn.

"We ordered the Aud to follow us, but she did not do so until we fired a shell. Then she came to anchor. Crew Bank Struck. "When we got near Daunt's Rock, the Aud stopped her engines. The Blue Bell was then ordered to approach her, and she was seen to be a German submarine. We signalled her and asked who she was and where she was bound. She replied that she was bound for Bergen from Genoa. At that time we were about 120 miles west of Cape Horn.

At this point witness identified one rifle, parts of several other rifles, a bayonet case and cartridges he had brought away with him. During the afternoon the prosecution produced several other interesting exhibits. Among them was a handkerchief, which was found buried on the pinnacles between Casement and his companion. This bag contained the submarine flag which was shown at yesterday's session, and several maps of the coast of Ireland, two of which were drawn in 1870, and two of which were drawn in 1875. It is charged that these exhibits were taken from the prisoners in violation of the provisions of the act which was passed in 1914.

The little court-room crowded within five minutes after the doors were opened in the morning and many hundreds of men and women were unable to obtain admission. The defendant Quinn of Scotland Yard, who is in charge of the police arrangements, expressed his opinion feeling about the hearing when he said: "I have followed every notable case that has been known in many years, but the court has been so full of dramatic interest as the present one. The tense state of public feeling due to the war has of course been a factor, but the case in itself has features

Baseball Reports

RAIN STOPPED MANY GAMES YESTERDAY

Only One Fixture Played in International League—Four for the Phillies.

At Washington (American)—Washington overwhelmed Detroit, winning, 15 to 3, the third straight game of the series. Nine runs were scored by the home team in the first innings off Boehler and Boland. Erickson stopped the onslaught temporarily, but was batted freely before the game ended. Score: R.H.E. Detroit, 0 0 0 0 0 1 0—3 11 1; Washington, 15 0 0 0 0 0 0—15 15 2. Batteries—Boehler, Boland, Erickson and Stange; Baker, Gallia and Henry, Detroit.

At Cincinnati (National)—Philadelphia took four straight games from Cincinnati by winning yesterday's contest, 4 to 3. The visitors scored their four runs in the first innings off Cravath and Whitford. Schulte in the third, held them runless after that. Bancroft hurt the third finger on his right hand in the third inning, and he probably will be out of the game for at least two weeks. Score: R.H.E. Philadelphia, 4 0 0 0 0 0 0—4 2 2; Cincinnati, 3 0 0 0 0 0 0—3 2 2. Batteries—Mayer, W. Killifer, Behris, Knetzer and Clarke.

At St. Louis (National)—St. Louis won a ten-inning game from Brooklyn here, 1 to 0. Corbin opened the tenth with the first base on balls off Dell, went to second when Snyder singled to centre, advanced to third on Myers' fumble, and scored on Butler's sacrifice fly. Marquardt was hammered for three runs in the first and was replaced by Dell, who pitched excellent ball. Score: R.H.E. Brooklyn, 0 0 0 0 0 0 0 0 0 0—0 0 0; St. Louis, 1 0 0 0 0 0 0 0 0 0—1 0 0. Batteries—Marquardt, Dell and O. Miller, Jasper and Snyder.

At Buffalo (International)—Richmond batted Bader hard in the early innings and easily defeated Buffalo, 5 to 2. The score: R.H.E. Buffalo, 0 0 0 0 0 0 0—0 0 0; Richmond, 5 2 0 0 0 0 0—5 2 2. Batteries—Rhoades and Reynolds; Bader and Haley.

ADDIE RICHARDSON STRONG FOR LEAFS

Addie L. Richardson of Hamilton, one of Canada's greatest baseball fans, was in town yesterday. Addie paid a visit to baseball headquarters and had a fanning bee with local players. Addie is a firm believer that the local club will climb quickly. Richardson has issued a baseball percentage book which is worth having. The percentage of any club during any stage of the 1916 season can be secured at a glance from this 8-page handy booklet. It should find a ready market.

ST. MATTHIAS BEAT MIMICO

Reserves—H. Pidler, Sunderland; Cooper, Toronto St. Ry. Trainer—T. Dunnett.

BROADVIEW BOYS TRAINING.

The Broadview boys are getting down to real hard training for the Ontario league championships. Making it as good as ever at long distances, and by Chicago, will be in excellent condition for the meet. J. Cubitt, F. Chambers and W. Gassell are training hard for the one-mile walk. Cubitt has improved his style and speed considerably and looks like cleaning up this event. Other boys who are new to the game are out every night training, and from the way some go at it they will make good.

COPYING ONTARIO HYDRO.

Who are the oldest active ball players in the game today? This question was asked daily by the followers of the game. Until Rhode Wallace retired last season to accept a position as umpire he held that honor, but beginning this year Napoleon Bonaparte has been the oldest player in active service.

Lajoie joined the Philadelphia National League team in the fall of 1916, and he has never missed a year from the diamond, and today there are few ball players who can take his place, even if he is old enough to be the father of many who are in the game. Lajoie was 41 last September, and like Wagner, who is about the same age, they are the youngest old pair in the game. It was in 1897 that Wagner broke into the majors, and from then until 1910 many of the present day players started, and of these only a few are still in the game. Of all the players who have started since Lajoie began until the end of 1910 but 103 men remain. The following are the names of players, years they began and teams they started out with: 1896—Lajoie, Philadelphia. 1897—Wagner, Louisville. 1899—Crawford, Detroit. 1901—Mathewson, New York; Turner, Pittsburgh; Fland, Athletics. 1902—Tinker, Chicago; Doolin, Philadelphia; Evers, Chicago. 1903—Morarity, Chicago; Ames, New York; Bender, Athletics; M. Brown, St. Louis; Pattenberg, Pittsburgh. 1904—Ed. Walsh, Chicago; White Sox; Huggins, Cincinnati; Schulte, Chicago; S. Wagner, Philadelphia; Lohr, Pittsburgh; Reulbach, Chicago; Mowrey, Cincinnati; Hummel, Brooklyn.

EAST RIVERDALE BASEBALL.

East Riverdale Centre Baseball team had a good workout on Saturday. The intermediate open team defeated Elizabeth 5-2, in a splendid game. Batteries: East Riverdale, Taylor and Patterson; Elizabeth, Gintler and Conacher. The intermediate regular team won from Beverleys, Chicago, 10 to 0. Batteries: Riverdale, Elwood and Maddox; Beverleys, Goldstein, Lewis and Cluckick. The junior team won from McCormick, 7-6.

QUELPH LAWN BOWLING.

QUELPH, May 16.—A meeting of the Quelp Lawn Bowling Club was held tonight in the clubrooms, Victoria Park, to make arrangements for the Ontario lawn bowling tournament, which is to be held in Quelp next month. The date was set for June 20, commencing at 10 o'clock each morning.

WESTINGHOUSE STRIKE OVER.

PITTSBURG, May 16.—The strike of employes of the Westinghouse plants, which was called on April 22, affecting nearly 30,000 men, was officially called off tonight.

SEARCHING PARTY IS STILL AFTER MISSING

Lost Gentleman Has Big Posses Offer Him—Over a Score in the Chase.

A gentleman, who usually makes his home in Toronto, is missing. He was seen for a short while on Monday, but no trace could be found of him yesterday. A posse was organized on Monday to hunt the lost one and up to the hour of going to press the searchers had failed to unearth him. The searching party has been most thorough in their efforts to locate him, and the posse is composed of some well-known men. President McCaffrey, Manager Joe Birmingham and Money-counter Arthur Irwin, Jake Levine and a score of hunky young athletes of the Toronto Ball Club, are the searchers, and the hunted one is a warm old gentleman named Ed. Old Sol failed to turn up as expected on Monday, but nobody thought that he would stay away that long. His disappearance made it necessary to postpone the baseball opening on Monday and again yesterday. Surely he will be found before 2 1/2 this afternoon. If he appears the opening ceremonies as called for Monday will take place.

The Royal Canadian Horse Artillery men will attend the opening game at the Island today in a body. On hearing of the postponement yesterday, the corps went to the Star Theatre and saw the play, and the officers and men intervals enlivened the proceedings with their cheers.

Old Sol has not been seen in Montreal. They are watching for him in the eastern city.

Buck Freeman, who used to hit 'em over the fence with his iron in the mud, will umpire today in conjunction with Handbuck.

The Toronto players worked nearly two hours yesterday morning at the park, and were surprised at the good condition of the field. With a dry morning and a light breeze, the diamond will be in first-class shape this afternoon.

Manager Birmingham declares the field will compare favorably with anything in the major leagues.

Catcher McKee arrived yesterday from Detroit.

Pat Moran's Phillies are coming. Yesterday's game between the Blues and the Whites at Dunlop's Field tonight at 8.30. A good, fast game should result, as the boys will be on their mettle to try and earn a place on the team to play Montreal. The following have been selected: Blues—McAlpine, R.C.D.; right back, McKay; left back, Dobson; right half, Marshall, R.C.D.; centre half, Shepherd, Toronto St. Ry.; left half, Shaw, Baracas; outside right, Robertson, Thistles; inside right, Lindsay, H. & S. Trainer—Seymour, Major, Donnan, R.C.D. Whites—Goal, Galbraith, Overseas-H.; right back, Harding, R.C.D.; left back, Yeates, Dunlop; right half, Cardy, Uster U.; centre half, Lowe, Dunlop; left half, Tunstall, Toronto St. Ry.; outside right, Collins, Baracas; inside right, Campbell, Uster U.; centre, Sharp, Dunlop; inside left, Eddy, Old Country; outside left, Taylor, Overseas-Hearts. Reserves—H. Pidler, Sunderland; Cooper, Toronto St. Ry. Trainer—T. Dunnett.

The New York Yankee team is within the 25-player limit, due to the release of four prospects who have been sent to the club since spring. The men are: Luther A. Cook, of England, in the Pacific Coast League; Urban Shaber, of Toronto, in the International; and Charles Muller, of Toronto, in the International. Buffalo Internationals expect to get Muller.

George Morarity, utility infielder of the White Sox, yesterday signed to manage the Memphis team of the Southern Association, and will undertake his new duties at once. Morarity last winter for Detroit, played emergency man, but a pinch hitter and did not care to keep on the bench a man who had a chance to be manager.

Stevenson, J. Smith, Chas. Smoot, W. Ward, Fred Williams.

It looks like J. E. Seagram coming to his own this year at the Woodbine in the race for the guinea. With the likelihood of a mile increase, the "Big Ed" is returning the issue in the big feature on Saturday, Mandarin, Galt Day and Galt. Water should have them pretty much their own way, and it is suggested that the president may run 1-2.

The feature yesterday morning of the race was Old Pop's mile thru the mud in 1:50 2-5, with Guy Burns and 150 pounds, all told, on his back.

Last Spark, the Hendrie pater, and Seagram left in 1:53 2-5. The "Big Ed" shot galloped three-quarters in 1:27.

The Oakville pair, Armine and Beehive, went three-quarters in 1:32. The "Big Ed" pair, Captain B. and Barvard, three-eighths in :38.

Charles Miller's Tartarum covered six furlongs in 1:21. Fair Montague went three-quarters in 1:20 2-5. Shrovetide al. out in 1:52 2-5. Galt's Sun covered his six furlongs in 1:22. Luminata got three-eighths in :39 2-5.

The Barrie two-year-old, Play Time, went three-eighths in :40, and Tera Hena, three-quarters in :40. Curran romped an easy seven furlongs in 1:33. T. J. Bird's Tartarum, in company with E. J. Bird, L. L. went three-eighths in 1:07 2-5. Audrey Austin showed a half in :53 2-5.

Trainer McDaniel gave the Thorncliffe Stable pair, Fountain Fay and King's Four, a mile in 1:40 2-5. Hampton Dame went a mile in 1:40 2-5, a very creditable effort.

Other works were: Billy Frew, with Lady Spendthrift, three-quarters in 1:30, galloping; Melissa and Will Cash, three-quarters in 1:28 2-5, galloping; Marion Galt, five-eighths in 1:09 2-5; Birdland, three-quarters in 1:24; three-eighths in :39 2-5; and Tankard, three-eighths in :39. The last very good work was done by the two-year-old, ED Moore, including Bill Simmons and Jack Reeves, G. W. J. Bishop, with Demos, three-quarters in 1:28, galloping; and F. J. Pons, with Judge Wright, John Purton, Bonero's First and several other two-year-olds, are at the Woodbine.

The O.B.C. stake book was circulated yesterday.

Kingston Gunners All Round Athletes

C. Battery, R.C.H.A. of Kingston, now here on leave of absence, have a splendid array of players, and as a result of the most Canadian units, could select a Rugby team from their 250 men that would give a good showing in the "Big Four." As C. Battery will likely go overseas, the Kingston Gunners are not represented in the proposed soldiers' Union that will provide Rugby out with the public the coming autumn. Just now the Kingston artillery men are entering the summer playing season. Their team looks sufficiently strong to play a picked nine from the Toronto batteries and they may arrange a game shortly. Sergt. Buckle from Virginia is the manager of C. Battery's team and Bdr. George Campbell is the captain. Includes well-known performers from Toronto, Montreal, St. Thomas and the States, and is something like the following: Pitchers, Gamble, Douglas, Colligan, Bowen; catchers, Argubart and Russ; first base, Lieut. McArthur, R.C.H.A.; second base, Harry G. Garret; shortstop, Drake; left field, Goddard; centre field, Hargart; right field, McFetrick; manager and pinch hitter, Sergt. Buckle, R.C.H.A.

UNEXPECTED PRICES MAY BE SEEN FOR BAR SILVER

That the remonetization of silver is in practical rather than theoretical politics seems to be a fact when no less an authority than Moreton Frewen, one of the leading British financial authorities, is out in its support. Writing to 'The Westminster Gazette', Mr. Frewen recites the details in the Chinese metal, the standard silver piece, and shows how lucrative the eastern trade would be with the metal standardized in the ratio of 8 to one pound sterling. Further, he says, 'if we can lift the rate of exchange with all Asia to something more nearly approaching that at which Max Muller shows it stood for 3,000 years before Germany upset the "Ratio" in 1873—can anything approach that in importance?' Samuel Montague & Co. of London, Eng., the largest bullion brokers in the world, speaking of silver in their last circular, say: 'Given exhausted stocks, high expectations on the part of producing mines, and continuous purveys arising from the necessities of coinage, inquiries which can only be staved off, and for that reason, a reaction, when it comes, may be comparatively small and short-lived.' With conditions such as these the position of silver is a remarkably strong one, and unexpected prices for the white metal are likely to be seen. One who has made a careful examination of the Cobalt companies estimates that on 75c silver, the following prices are warranted for the stocks: Nipissing, \$12.50; Coniags, \$8.00; Timiskaming, \$1.25; Crown Reserve, \$1.00; Beaver, 75c; and Peterson Lake, 75c. All bull markets are usually set in motion by a spectacular rise in one or more stocks. McIntyre, which sold for less than 60c a share six months ago, changed hands yesterday at \$1.46, and this movement has made nearly \$5,000,000 for the McIntyre shareholders, and the movement is not considered over by any means. Other of the mining stocks are liable to repeat the McIntyre movement or even improve on the record. Mining investment and speculation is certainly spreading at a rapid gallop.

BIG SALES ARREST RISES IN STOCKS

Increased Profit Taking and Renewed Liquidation Depress Values.

RAILS LACK DEMAND

Crucible Steel Leads Upward Movement, and Partially Swings Back.

NEW YORK, May 16.—The up-swing to prices that marked yesterday's broad and active market was resumed at the outset of today's trading, but failed to hold, increased profit-taking and renewed liquidation, presumably for foreign interests, proving formidable adverse factors. Selling was most effective in Reading and U. S. Steel, the two issues that provided much of the strength of the preceding session. The stock issue of Reading and Erie, lacked their recent general outburst, the bulk of the day's operations being concentrated in a dozen of the highly volatile specialties.

HIGH GRADE SAMPLES ARRIVE FROM ADANAC

Some excellent samples of high-grade silver ore were brought from the Adanac mine yesterday from the new vein struck at the 250-foot level. This vein is an offshoot from the drift on the east wing and is running almost parallel with the first vein struck in the same wing. The new vein has been drilled on about ten feet and the wall rock is plastered with ruby silver. This latter is considered to be the best indication possible of the adjacency of a large ore shoot, and Mine Manager Randolph has every belief that a big ore body will be located in a few shots.

BULL MARKET IN PORCUPINE STOCKS

McIntyre Continues to Soar, Going Up Sixteen Points—Trading Active.

The trading in Porcupine stocks at the Standard Stock Exchange yesterday was very bullish in tendency being led by McIntyre, which stock made an advance of 16 points for the day. The volume of business showed a distinct increase over the preceding day and the biggest part of the 245,000 odd shares dealt in were gold issues. Silver advanced fractionally to 75c, but the Cobalt stocks showed no effect being pretty much neglected for the day. The market which is occupying public attention is expected to be active. Advances were made pretty well throughout the Porcupine group with the outstanding features McIntyre, Jupiter, West Dome Consolidated and Vipond. Not only has the advance in McIntyre—26 points in two days—awakened the market but it has also attracted attention, and heavy buying for American account is reported. Even higher prices yet are being talked for the day, and bets have been made to this effect. After a long period of comparative lethargy this public favorite has awakened with a vengeance and by its sky-rocket act will make a lot of money for speculators.

DOME ORE RESERVES SHOW BIG INCREASE

Operating Profits Materially Larger Than Previous Year's.

The annual report of the Dome Mines Company for the year ending March 31, 1916, indicates notable expansion in operations and earnings power. Net operating profits totaled \$912,379, compared with \$215,179 during the previous year. This was at the rate of 22.8 per cent. on the issued capital stock, as compared with 8.15 per cent. last year. This was after deducting \$216,221 for development work, as against \$172,319 a year ago. After subtracting appropriations for reserves, including \$178,992 for plant depreciation and \$191,528 for exhaustion of mining properties, the net surplus stands at \$541,861. Adding to this the surplus carried forward on March 31, 1915, the total was \$1,202,560. Three dividends of 5 per cent. each were paid, making \$600,000, thus leaving a surplus carried forward into the current year of \$602,560. This, with total reserves amounting to \$422,211, aggregates \$1,024,771.

Mining Notes

It has been reported from one in pretty close touch with the McIntyre, that the recent finds made on the property will increase the ore reserves of the company by \$6,000,000.

LONDON STOCK EXCHANGE.

LONDON, May 16.—Money was in fair demand today, and a large amount was paid to the Bank of England for treasury bills purchased for Holland. Discount rates were quiet. The stock market was moderately active, with a good undertone. There was a fair business in home and foreign rails and oil and special mine shares as rising prices. Shipping shares continued to burden under the lead of Peninsular and Oriental. American securities were rather active, as more stock is appearing as a result of the authorities' appeal to assist the mobilization scheme. The closing was firm.

PRICE OF SILVER

LONDON, May 16.—Bar silver is 76 1/2. Commercial bar silver is up 1/4c at 76 1/4c.

RICHEST GOLD MINE IN THE WORLD

THE NOW FAMOUS HOLLINGER CONSOLIDATED

To gain a stock-ownership in a property adjoining the Hollinger Consolidated, now acknowledged as the richest gold mine in the world, is the basic reason for making a mining investment which practically assures an exceptionally large profit-return. Every investment made in Hollinger has proven highly lucrative, and after a careful and thorough analysis we believe that

SOVEREIGN PORCUPINE MINES, LIMITED, has a most excellent chance of developing large and important ore bodies and

SHOULD PROVE TO BE THE SENSATION OF THE YEAR.

The basic factors in this Company, which bespeak a remarkably prosperous future and make this offering one of the most attractive to the Investing Public, are:

- SOVEREIGN OWNS ITS 160 ACRES OUTRIGHT.
- THESE SITUATED WITHIN THE PROVEN RICH MINERALIZED ZONE.
- NO COMPANY INDEBTEDNESS WHATSOEVER.
- ITS CAPITALIZATION IS THE SMALLEST IN PORCUPINE.
- A SUFFICIENTLY STRONG TREASURY ESTABLISHED.
- GOVERNED BY AN EFFICIENT BOARD OF DIRECTORS.
- PRODUCING GOLD MINES SURROUND SOVEREIGN HOLDINGS.

The principal holdings of the Company are surrounded ON THE NORTH BY THE HOLLINGER CONSOLIDATED; ON THE WEST BY PORCUPINE VIPOND, and ON THE EAST BY THE TRIUMPH MINES (SUCCESS). Another of its 40-acre holdings adjoins the famous Davidson property, which is absolutely proven to considerable depth as a gold mine. The remaining 80 acres are situated in the Hollinger section of Porcupine.

HIGH GRADE VEINS PROVEN ON ITS PROPERTIES.

In a total of 5000 feet of surface development work—stripping and trenching—several veins of substantial width have been exposed and high assays in gold obtained. Engineers of reliability, with reasonable certainty agree all required to quickly bring the SOVEREIGN PORCUPINE PROPERTIES to the producing stage is intelligent and aggressive development work. Arrangements for this important work to begin have now been completed.

ENERGETIC DEVELOPMENT STARTS FORTHWITH.

NEWS OF SPECIAL INTEREST TO WOMEN

ASPARAGUS CAME FREELY AND DECLINED IN PRICE

Business Was Comparatively Dull on the Wholesale Market Yesterday.

STRAWBERRIES BETTER

Two Louisiana Cars Arrived Yesterday—May Be Last From That State.

Business was very dull on the wholesale yesterday, owing to the wet weather. Asparagus came in freely and declined in price, selling at \$1.25 to \$1.75 per 11-quart basket, a few going at \$2 early in the day, but the bulk remaining unsold, as the demand was almost nil.

Cucumbers also remain scarce and sold at \$1.75, \$2 and \$2.25 per 11-quart basket, a few choice ones bringing \$2.50. Strawberries were of much better quality again yesterday, \$1.00 to \$1.25 per case of Louisiana arriving, which are expected to be the last from that state for this season.

White & Co. had a car of choice strawberries (Louisiana), selling at \$2.85 to \$3 per case of Cuban prices at \$2.85 to \$3 per case.

Wholesale Fruits. Apples—\$20 to \$25 per 11-quart basket. Bananas—\$1.75 to \$2.25 per bunch. Cherries—California, \$2 to \$2.25 per 10-lb. box.

ST. LAWRENCE MARKET. Hay, No. 1, per ton, \$22.00 to \$25.00. Hay, mixed, per ton, \$17.00 to \$18.00. Straw, loose, per ton, \$9.00 to \$10.00.

TO INCREASE THE FEES OF HELICONIAN CLUB

At Business Meeting Yesterday, It Was Also Decided to Move to Larger Quarters.

An important business meeting of the Heliconian Club was held yesterday afternoon, with Mrs. Leo Smith presiding.

Financial receipts for the year showed it had taken alert business methods on the part of the executive to make ends meet, and in addition, it was thought that the present quarters were too small to meet the requirements of the club in its present developed condition of 150 members.

It was therefore decided and acted upon to give notice of motion that the fee would be increased to \$5 a year, and that the club move to new and enlarged quarters, the place to be decided upon later.

Miss Marion Long was given appreciative thanks for her work as convenor of the art committee, through which a series of important art exhibits had been given in the club rooms, at a mere nominal expense. Miss Brush of the house committee was also given thanks. Mrs. Anderson, resident caterer to the club, sharing in the appreciation.

The Amateur Gardener

The plant that is hard to find and takes long to grow is always the plant that is most enjoyed. Immediately a thing is known to be unusual it becomes immensely popular, loses its rarity and soon its popularity. A few months ago a quaint doorknob was found. Today we are stumbling over reproductions at every door, and soon tomorrow will have dropped to the cellar.

Home Exercises That Help Improve Beauty of Your Back

By LUCREZIA BORI

Prima Donna of the Metropolitan Opera Company, New York.

A BEAUTIFUL back is an absolute necessity in these days of low-cut and sleeveless evening gowns. I feel sorry for the society girl who spends a fortune on her frocks only to appear next door to ridiculous, because they expose a broad expanse of

port by the heels and shoulders. I know that you will find this hard at first, but many attempts will soon bring success. A chair affords as much opportunity for gymnastic feats as any apparatus in the gymnasium. Try the following exercise—see if you do not derive great deal of strength from it: Place a chair with the back toward you, then step on the lower rung with your right and grasp the edge of the seat. Raise the left leg and extend the toes. Then raise the right leg and throw the shoulders and the weight of the body well forward so that the legs can be placed together on the chair's back. Your position will be so that the body is in a straight line. Take care not to stretch forward.

Another Chair Exercise. Sit erect on the chair, and brace the feet beneath some suitable object. Then place the arms back of the head and bend back as far as possible. The head will almost touch the floor. Again assume an erect position and repeat the entire movement ten or more times.

Avoid overexertion, but this does not mean that the exercise should not be muscularly vigorous. Vigorous exertion should not be sustained long enough to overtax your strength. After you have developed the muscles of your back and padded the bones with flesh, examine the skin with critical eyes to see whether it is in need of attention. Sometimes the skin is coarse-grained and rough because it has not been properly bathed. It is necessary to scrub the back vigorously with a bath brush and rub it well with Turkeash towel so that the blood will be brought to the surface and the skin kept in a healthy condition.

If your skin is brown apply the following lotion: Acetic acid 1 1/2 drams. Hot water 8 1/2 ounces. Powdered borax 1 dram. Glycerine 1/2 ounce. If this fails to bleach the skin you will have to coat it with liquid powder, composed of: Pure oxide of zinc 1 ounce. Glycerine 1 dram. Rosewater 4 ounces. Essence of rose 15 drops. Rub the zinc, dissolving it in just enough rosewater to cover it, then add the glycerine, and then the remainder of the rosewater and the essence of rose. Apply with a small velvet sponge.

Comparatively few women have beautiful backs, and for this reason—if for no other—you should try to improve the appearance of yours.

There are various movements which will develop the muscles of the back, keep the chest from sagging and improve the posture of the entire body. Three Fine Exercises. One of the most beneficial exercises can be practiced with two ordinary scrubbing brushes. The beginning have the palms empty. Place one in front of the other and stand with the toes touching the heel nearest you. Now bend at the waist and raise the first palm high enough to place it over the other palm from you. Put it down on the floor without changing the position of your feet. This will require great strength of practice, because the body must be well poised to do it. As you become more efficient, fill the buckets partially with water.

Some Chair Exercises. The muscles of the back will be greatly strengthened by stretching the body slightly on the floor and going through the following movements. Place the arms along the sides of the body, hold the feet together and let the toes point straight ahead. Now arch the back so that the weight is entirely supported by the heels and shoulders.

Big Number in Three Figures

What is the highest number that can be expressed with only three figures? Such is the question put by the Journal of the Astronomical Society of England, reports the New York World. At first glance, it would seem that the number was 999. But it is nothing of the sort; 999 is far away too small. What then is the number? 999, that is to say, the ninth power of the ninth power of 9. To ascertain what this number actually is, we must refer to a table of logarithms, for it would take several lifetimes to do the multiplication. The number contains 269,698,100 figures. To write it out we should have to fill 33 volumes of 800 pages each, with 14,000 figures to a page.

Henri Coupin points out in La Nature that there are stars so distant that their light reaches us in 136,320 miles a second, takes a million years to reach the earth. Astronomers have taken this as a unit and called it a "million-light year." The number of atoms in a sphere of platinum that had that radius would be 269,698,100.

As a Fireman, Charlie Discards His Old Costume for Once. "The Fireman," second of the Chaplin-Mutual comedies, is nearing completion at the studios in Los Angeles, and goes to the public June 12. With but one or two exceptions, all the exterior scenes have been taken. The film, it is expected, will be ready for the cutting room within the next two weeks. Departing from his usual mode of procedure, Chaplin has worked into this production a number of unusually sensational scenes, which have been filmed on an elaborate scale. These scenes depict the burning of two houses, both of which had been condemned by the Los Angeles Fire Department. They were purchased outright by the management of the Chaplin-Mutual studios and destroyed by fire. For the filming of the "Fireman," the Mutual's comedian temporarily abandoned his usual screen make-up, and in practically all of the scenes he appears in the garb of a fireman, which, to say the least, is one of the most excitingly funny aspects of his kind ever witnessed on the screen. In the photographing of the scenes depicting the burning of the houses, as well as the numerous ones which take place inside a fire house, Chaplin had the assistance of several members of the Los Angeles Fire Department to help him out. One of the fire stations is located but a short distance from the

Walking Sticks

Walking sticks have been used by men from Bible times down to the present age. These have come in all varieties from the plain staff to the gold and silver mounted ones according to the fancies and customs of the age. When, in 1700, footmen attending gentlemen were forbidden to carry swords, these dangerous weapons were usually replaced by a staff with a large silver handle. This was called a porter's staff. Some 30 years later gentlemen began to discard their swords and to carry large oak sticks with three knobs, whereon were carved ugly faces. Before long a competition arose between long and short walking sticks. A writer of that time describes the long ones as "leaping poles," while others regarded a yard of varnished cane. This latter is still in vogue, ornamented to suit the taste of the wearer.

BUCKLED SHOES. Among the new spring footwear there comes a low priced shoe which is peculiar for its combination of style and comfort. It has the high cut instep and the French heels which make them so comfortable to wear in, but has added two or three narrow straps which buckle snugly over the instep, giving excellent support.

THE things money will buy are usually of the COMPLETING kind. Gold can't make the things whole while—but a checkbook may give them. There's the Easter Lady's happiness, for instance. It isn't the money that makes it, nor even the dress. The dress clothes her about with happiness, 'tis true, and the hat does crown it all. But it's the happiness in the HEART—which money can't buy—that's the REAL happiness. There's another side of the picture, too—that of the one who signs the check. His is a different kind of happiness—that of GIVING and yet receiving. For his happiness comes because of HER happiness, and her happiness is for HIM.

Little Stories Told in Homely Rhyme

THE OLD HOME AND THE NEW

THERE'S a little cottage standing on a grass-clad western hill, where the Missouri's roaring in the air. There are birds' nests in its gables, where the swallows coo and bill, and a pigsty with a porker in his lair. There's a smell of home-cured bacon every morn about the place. There's a garden nursing onions in its loam. In the kitchen is a mother with a sweetly wrinkled face. There— I've painted you a picture of my home. I am living in the city in a twelve by twenty flat, where the milkman takes delight in rattling cans; where the shrieks of autos taunt me, or the yowling of a cat cuts that thing we know as sleep outside my plans. There's the iceman with his clatter; there's the garbage fellow, too; there's the janitor with nothing in his home. There are other things that pester—oh, I've mentioned but a few—at this place that's a substitute for my home. When I get a lot of money (that's the same old, threadbare stall) I intend to leave the city—cut it out. I shall seek that rural haven where the grass is green and tall and the pretty little calves frisk about. No, I don't know when I'm going, but I'll surely take the trip. To the busy world I mean to close my ears. But don't wager on my leaving, for (just take a quiet tip) I've been saying this for nearly twenty years.

Odd Dinner China

The idea of a different china for each dinner course is growing more popular. It certainly allows one to use novelties which would not be as attractive if whole sets of the same pattern were used. The delicate cream-colored Bolek ware with pale-green crimped borders makes a delightful salad service. The blue willow ware is good for the entree or fish, for it has so many odd little covered baking dishes. This fashion has brought about a revival of the old-time game set, with birds painted in the centre of the plates and plates. The new ones, however, are done by handcrafters whose designs are far more beautiful than were the old-fashioned ones, and the designs are never duplicated. FAMOUS ELM DISAPPEARS. The famous big elm which stood in Independence Square, Philadelphia, has recently been cut down. It is said to have been planted by King Edward VII, of England, when he visited the United States in 1861.

Mabel Taliaferro has achieved an ambition of many years' standing in "The Snowbird," the next Metro wonderplay, in which she is starred. She plays the role of a boy in this production. Then the "man" finds out that she is a girl because her cap slips and her long tresses fall down over her face and shoulders. "The Snowbird" is a story of the north and the setting is in the Hudson Bay district. Edwin Carewe, who directs Miss Taliaferro in this production, and who was a well-known stage and screen actor before he was a director, plays the leading male role in "The Snowbird." He is especially fitted for the part, as the role is that of a French-Canadian, reared in the woods in a primitive state. Mr. Carewe is half Chickasaw Indian, and he gives a fine characterization of this typical man of the great outdoors, whose impulses and passions are elemental in their simplicity and force. Chaplin-Mutual studio, and in it numerous of the scenes were filmed. Chaplin's antics on the fire pole, used by the firemen in sliding from the dormitory to the main floor at the alarm signal, furnishes an avalanche of laughs, the comedian outdoing by far anything he has ever attempted in this particular line. Chaplin's entire company of players, which were engaged to appear in his support when he was signed by the Mutual appear with him in this production. Edna Purviance, his charming young leading woman, has been cast for an interesting and highly important role, which she handles with her usual ability. Eric Campbell, the "heavy" of Chaplin-Mutual comedies; Charlotte Minneau, Lloyd Bacon, Leo White and the others, add materially to the many situations arising throughout.

is one of the screen's foremost leading men. He was born in Brighton, England, Nov. 15, 1885, and he received his education in England and France. He is six feet tall, has brown hair and blue eyes and played successfully on the stage for seven years. He was with Selig in 1911, Bosworth in 1914, and with Universal in 1914, in "Damon and Pythias," "The Black Box" and others. HARD TO UNDERSTAND. Patience—It is said that a noted British entomologist recently paid \$1000 for a rare specimen of flea which he occasionally found in the fur of the sea otter. Patience—But I can't understand what the man would do with the flea, or what the sea otter could do with \$1000.—Yonkers Statesman.

Burton King, the director who is producing "The Spell of the Yukon," for the Metro program, with Edmund Brees in the stellar role, has only just been handed the scenario manuscript, despite the fact that he has made more than a score of the most important scenes in the production. When Mr. King learned that he was to make "The Spell of the Yukon," and knew there would be many scenes photographed in the snow, he suggested that they be made at once, as the belated spring was finally beginning in earnest. Mr. Brees is playing an important role in "The Fear Market," a notable Broadway play, and it was impossible for him to go very far north to remain for any length of time. However, Mr. King found that there was plenty of snow and local color at Fort Montgomery on the Hudson, and thither the company hied. Mr. King talked over the story of "The Spell of the Yukon" with Aaron Hoffman, who made the picturization from Robert W. Service's poem. He learned what some of the big scenes would be, and also the characters who would appear in them. He took copious notes and for three Sundays worked with Mr. Brees and a large company of players around Fort Montgomery. There is a strong supporting cast in "The Spell of the Yukon," including Christine Mayo, a newcomer on the Metro program; Evelyn Brent, Arthur Hoops and "Billy" Sherwood. One of the most pretentious settings is that of an Alaskan gambling house and dance hall. ASSISTANT TO OLD LADY WHO HAS HANDED IN A BADLY SPELLED TELEGRAM—What's this word, please? "Old Lady"—Never mind that, Miss; it's none of your business. They'll know at the other end.—Passing Show.

INGREDIENTS 4 ounces brown lentils. 1 pound carrots, 1/4-pound onions. 2 ounces butter. Pepper and salt. 2 tablespoons good brown sauce. METHOD Wash lentils and leave them steeping over night. Stew in 1 pint water until soft; scrub and wash carrots and cut them and the onions into slices; add the butter and steam until tender. Add the brown sauce to the lentils. Put in the centre of a dish with border of the onions and carrots.
