U. S. Senate to Ask Wilson to Declare Himself on Peace Pact Mackenzie King Threatens Dominion-Wide Fight for Election

MAJOR G. W. ANDREWS STATES HE WILL GO TO CROSS-BENCHES

Leaves Unionists—Dr. Clark Names Farmers, "National Progressive Party."

WILL VOTE WITH KING

Ottawa, March 5.—(By Canadian Press.)—Cross-benchers in the house acquired today a new name and a convert. The "National Progressive party"—so Dr. Clark of Red Deer referred to the movement led by Mr. Crerar, and speaking a little later, Major G. W. Andrews, Winnipeg, announced his intention of voting in opposition amendment, then of passing over to the cross-benches. On several occasions last season Major Andrews took his seat on the cross-benches. He told the house today how, when last he cast a vote against the government, he placed his resignation in the hands of his constituents. They declined to accept it. They gave him a free hand. Now, therefore, although he "did not like this sort of thing," he would join the cross-benches. He would feel freer there, Major Andrews. It may be added, is the first government member to announce his intention of supporting the amendment.

Class Legislation

Previously, Dr. Clark strongly disclaimed any intention on the part of the "National Progressive party" of class legislation. "Had there been no class legislation before," Dr. Clark asked. Yet there was "holy horror" when farmers began to talk. What about the Canadian Manufacturers' Association? Dr. Clark replied: "So far as I have been able to see, Dr. Clark went on, 'nine-tenths of the activities of that body are political activities.'"

Mr. Middlebro of North Grey introduced a question: "Would you approve of the C.M.A. putting candidates in the field?" He questioned sharply a ministerial member. There were counter-cries from the cross-benches as Dr. Clark replied: "The C.M.A. always had candidates in the field." Members in the house.

Favors Election Amendment

Mr. Middlebro stated that the answer was no reply on this, Dr. Clark responded that certainly he was not in favor of the C.M.A. putting candidates in the field. But were there not already "interests" in the field? The battle of the farmers was the outcome of conditions under which they lived, and "surely it is time for a little more honest democracy at home." Dr. Clark announced that he, too, would support the amendment.

HOLLAND REALIZES DUTY TO ALLIES

Cannot Surrender Ex-Kaiser, But Will Take Every Precaution to Guard Him.

The Hague, March 5.—The Dutch government today for the second time refused to deliver the former German emperor to the allies for trial. In a note addressed to David Lloyd George, the British premier, however, the government promised to take all necessary measures to minimize the liberty of Wilhelm and prevent him from endangering the world's peace.

Paris, March 5.—France has neither signed nor approved the declaration regarding the economic situation of Europe, which the allied supreme council has proposed to make, it was declared here today.

Japan Delivers Refined Sugar To Mediterranean Ports

Berlin, March 5.—Japan has succeeded in delivering 40,000,000 pounds of refined cane sugar to European Mediterranean ports in the last few months, according to the Allgemeine Zeitung, which states that the West Indies islands are strongly against the United States purchasing them from Britain. He also said that the people were anxious for a much freer trade with Canada.

SPEEDY SETTLEMENT OF ADRIATIC ISSUE URGENTLY NEEDED

Allied Premiers, in Reply to Wilson, State Delay is Threatening Europe.

TEXT OF NOTE ISSUED

Washington, March 5.—The text of the note from the British and French premiers on the Adriatic situation, to President Wilson's reply was delivered in London today, was made public tonight by the state department. It conforms closely to the summary published from London on Feb. 27, and emphasizes the importance attached by the premiers to the fact that Mr. Wilson had previously "expressed his willingness" to accept a settlement arranged by direct negotiations between Italy and Jugoslavians.

THIRTY MILLS FOR CITY TAX RATE

Is Prophecy of Clairvoyant Members of Toronto Council.

The clairvoyant members of the city council are now busily prophesying that the tax rate for 1920 will be at least 30 mills on the dollar. The estimated expenditure for the year is in the neighborhood of \$19,000,000, and a tax rate of 30 mills on the city's assessment of \$64,000,000 would raise \$19,200,000.

FRANCE WILL SIGN WITH RESERVATIONS

SINN FEINERS HAVE 200,000 PREPARED TO COMMIT MURDER

Secretary for Ireland, in Commons, Says Britain is Up Against a Tremendously Dangerous Situation.

London, March 5.—Ian MacPherson, chief secretary for Ireland, rebutting in the house of commons last night attacks on the Irish administration, said: "It is obvious we are up against a tremendously dangerous situation in Ireland." He added that the Sinn Fein had at least 200,000 men prepared to commit murder at any hour of the day or night. Secretary MacPherson asserted he had received letters from Loyalists in the west and south of Ireland, begging the government to take steps to save them out of the country. The Easter rebellion of 1916 had not been stamped out, he said, and had left behind it a spirit more malignant and revolutionary than Ireland had ever known.

CANADIAN DOLLAR HAS GOOD RALLY

Pound Sterling Continues Upward, Tho Impending Gold Shipments Are Denied.

The Canadian dollar, as well as the pound sterling, showed notable firmness in New York yesterday. The former was quoted as high as 86c, compared with 85c on Thursday, and a low point in the first week of February of 85c or less, while demand sterling touched \$2.70, about 12c above the highest of Thursday, and 51c above the low record of February when the pound made its sensational break to \$2.10.

He also said that the people were anxious for a much freer trade with Canada.

ALLIES MAY OCCUPY CONSTANTINOPLE

Britain Determined to Act, in View of Treatment of Armenians.

London, March 5.—The Daily Telegraph today makes a feature of a report that the allies have decided on the military and naval occupation of Constantinople in consequence of the treatment of the Armenians by the Turks. The newspaper's version of the report represents Great Britain as determined to occupy the Turkish capital, and says she has invited France and Italy to co-operate and that their replies are awaited.

H. H. DEWART INSISTS ON ONTARIO HAVING HONEST GOVERNMENT

W. L. M. King Tells How Grits Would Force Election.

"TRUSTS THE PEOPLE"

Ottawa, March 5.—(Special.)—Lady Laurier was the guest of honor here tonight at a public meeting in St. Patrick's Hall under the auspices of the Eastern Ontario Liberal Association. Hon. W. L. Mackenzie King, Hon. Sydney Fisher, Mrs. Dr. McPherson, Toronto, and quite an array of prominent Liberals were present. That the amendment calling for a general election is the only one the government when the vote is taken, probably Tuesday night, the Liberals would sweep across the country from the Atlantic to the Pacific and expect the people to rise up with them and demand that the government resign, was the statement of Hon. W. L. Mackenzie King, leader of the opposition. Declaration by King.

"The people of Canada have been grossly deceived and they are asking today for a chance to express themselves. Any member of the house who votes for a continuation of the present government is defaming the name of Liberalism, no matter what the excuse he may seek to give," Hon. Mr. King declared. "The people are in a state of unrest, mainly because they want a change in government. This right to govern themselves is one of the fundamental principles of Liberalism. I am prepared to trust the people and I believe with Gladstone that the true meaning of Liberalism is to trust the people and qualify it with produce. Today we have on Parliament Hill what Gladstone described as the opposite of Liberalism, 'mistrust of the people and interest in fear.'"

POLICY OF DRIFT BORRIES MEMBERS

Ottawa Busily Discussing Call for Return to Parliamentary Practice.

SAY POLICY A NECESSITY

Ottawa, March 5.—(Special.)—The demand made by W. F. Maclean, M.P., in the house of commons yesterday for a return to parliamentary practice and responsible government has been the theme for general discussion here today among members of parliament. Mr. Maclean only expressed on the floor of the house the other day that every turn in the lobbies and out at every turn in the corridors of the parliament building no feeling against Sir Robert Borden, on the contrary, there is greatest sympathy with him in his illness, but his colleagues should not have placed him in a false position by persuading him to withhold his resignation. Government supporters are becoming uneasy over the present conditions of affairs. They feel that the government has no power to add to its prime ministers, because there is no attempt to select new members, and second, because the government, as at present constituted, cannot carry any by-elections. At the caucus to be held next week a good deal of plain speaking will be heard, and there will be a demand for some sort of showdown.

Must Have a Policy

Major Mowat's declaration in the house the other day that the government supporters did not constitute a party, caused some of the old line Conservative members to inquire what they do constitute and how they can prepare for a general election. They feel that a policy of some kind must be enunciated and that a leader must be chosen, but many of them believe that whatever is done by the Unionist caucus should be later submitted to and ratified by a national convention.

REPORT A COAL FIND IN WEST, AT LAMPMAN

Winnipeg, March 5.—A local paper states that the discovery of a coal mine which, it is claimed, produces a semi-bituminous coal, was reported today to the resources department of the Canadian National Railways. The mine is located at Lampman, Sask. A coal seam 12 feet deep has been revealed, and farmers in the vicinity are forming a company capitalized at \$500,000 to operate the mine.

WILL CONSULT WITH WILSON TO LEARN VIEWS ON TREATY BEFORE DECISIVE VOTE TAKEN

Democrat Senators Wish to Know How Far He Will Go in Endorsing Compromise—Letter Sent to White House Asking for Conference—May Meet Representatives of Both Parties.

Washington, March 5.—With another failure to ratify the peace treaty impending, Democratic senators decided today to seek personal consultation with President Wilson before the decisive vote is taken. They wished to know definitely how far he would go in endorsing a compromise, and also to have a clear understanding of his views on the treaty as a campaign issue should another senate deadlock force it into politics.

Some democrats were understood also to wish to know what measures the president would expect congress to take to relieve the military from a war status while a decision at the polls on the treaty was awaited. The move for such a conference, initiated long ago among some elements of the party in the west, took definite form when Senator Hitchcock of Nebraska, the Administration leader, sent a letter to the White House, asking that the president talk over the senate situation with Senator Simmons of North Carolina, who is in charge for the Democratic side of a new movement to negotiate a treaty compromise.

CODY CONSIDERS RESIGNING SEAT

Feels He May Neglect Duties as Pastor of St. Paul's.

The resignation of Dr. H. J. Cody from the provincial legislature as pastor of St. Paul's Presbyterian church, which he has held since 1914, is being seriously considered by the minister of education, Hon. G. Howard Ferguson, leader of the Conservative party. Dr. Cody is a member for North-East, Toronto, in the last provincial election. Resignation from the legislature is a somewhat complicated matter, and as the Conservative leader is minister of education for Ontario, his resignation, and is in communication with Hon. G. Howard Ferguson, leader of the Conservative party. Dr. Cody is a member for North-East, Toronto, in the last provincial election.

Article Ten the Crux

The new negotiations have centred about Article 10, the hardest nut to crack in the treaty controversy. But such progress has been made that the outcome is regarded by many senators as depending now on the words of the president. Democratic senators do not want to vote for a ratification which the president later would reject, nor do they want to turn down any reasonable offer of compromise unless they are certain it is unsatisfactory.

FRENCH IS BLAMED FOR IRISH TROUBLE

British Papers Declare He Has Failed to Do That Which He Was Appointed For.

London, March 5.—The speech of Sir Horace Plunkett at Dublin last night, in which he sharply criticized the new Irish home rule bill, taken with Ian MacPherson's defence of the Irish administration in the house of commons, formed the basis of comment in some of the morning newspapers.

Employes Return to Work On Niagara-St. K. Its Line

St. Catharines, Ont., March 5.—(Special.)—By a majority of ten, the employees of the Niagara, St. Catharines and Toronto Railway today decided to accept the agreement based on the result of the conference between a committee of the men with officers held at Toronto Wednesday and Thursday, providing for an increase in rate of pay from three to five cents per hour, the new maximum rate for passenger crews to be 59 cents per hour for freight crews 52 cents per hour. A strike is thus averted.

PNEUMONIA CLAIMS LEADING LAWYER

S. D. Biggar, K.C., Passes—Had Been Mayor of Hamilton.

Hamilton, March 5.—Death removed from the business and professional life of Hamilton this afternoon one of its leading figures, when S. D. Biggar, K.C., of the law firm of Biggar & Treleven, passed away of pneumonia at his residence, 232 Park street south.

Sanford Dennis Biggar, who was of United Empire Loyalist ancestry, was born in the township of Saltfleet, in the county of Wentworth, on Nov. 5, 1831. His early education was received in the schools near his native place, and when 19 years of age he came to this city to live.

Mr. Biggar took a very lively interest in civic affairs, and gave splendid service to his city as alderman from 1901 and 1904. In 1905 he was elected mayor, defeating W. M. Findlay.

WARM TESTIMONY AT KAPUSKASING

Horses Starved Because Feed Withheld, Says Witness—Big Storm in North.

Kapuskasing, Ont., March 5.—An allegation that Col. Innes, a former superintendent of the soldiers' and sailors' settlement, allowed the horses to starve, refusing to purchase hay which the witness said he could have procured, was made by Daniel Cunningham, in giving evidence before the Kapuskasing commission this afternoon.

A settler named T. C. Boyce, said the \$800,000 bond on the settlement would have placed the settlers on a part of Ontario, where he would be producing instead of consuming.

Boyce said these settlers had been grouped for the movies "and were represented to be applauding a proposal for building a pulp mill, when in reality the speaker was selling German ships interned in New York harbor."

He had also been filmed in his unflattering house, where he was asked to "strike an attitude of hanging up his mother-in-law's picture." The moving picture outfit belonged to the government.

The worst blizzard of the winter visited the district overnight and a strong gale has piled the snow into drifts six feet deep, while the thermometer is below zero.

HAMILTON

Hamilton, March 5.—At the annual meeting of the Originals' Club, W. C. Stevenson was re-elected to the presidency.

The campaign to raise money for a war memorial for the soldiers, nurses and war workers who made the supreme sacrifice in the world struggle is to be held in this city this week in October.

W. Bruce Riddell, son of John E. Riddell of this city, is the winner this year of the Boston Society of Architecture's special prize for proficiency.

The building committee of the board of education has accepted plans for a large extension of the Picton Street School, submitted by W. P. Witton, architect.

Another chapter is about to be written in the cemetery site story. Dr. R. W. Bell, chief inspector of the provincial health department, and Dr. D. A. McClenahan, district officer of health, are coming to Hamilton early next week to make an inspection of the Carroll's Point project.

The annual assault-at-arms was held at the collegiate institute this evening. A large crowd attended.

Benjamin Sutton, a well-known cabman, died very suddenly at his home, 31 Elgin street, today. Mr. Sutton was sitting on a chair when he suddenly lurched forward and fell to the floor.

At the third of the Lenten services held in the interest of church unity, Rev. William Sparling, D.D., pastor of Centenary Methodist Church, was the speaker this evening in Church of the Ascension.

TOO MUCH TIME TAKEN OVER CAILLAUX TRIAL

Paris, March 5.—During a consultation at the conclusion of today's session of the Caillaux trial, several senators expressed the opinion that the case was taking up too much of the senate's time. This time, they declared, was reserved for other things, notably the question of liberated regions, and one senator proposed that witnesses be asked only what they knew with regard to accusations made against the defendant since the outbreak of the war.

Leon Bourgeois, president of the court, pointed out that as the preliminary investigation had dealt with the war facts, the defence had the right to refer to them. Hence, he said, it was impossible to bar pre-war questions from the case. The senators then expressed agreement with the views of M. Bourgeois.

GEDDES DECLARES HE WAS MISQUOTED

Never Said Sinn Feinism Was Designed to Secure Power for Catholic Church.

London, March 5.—April 1918 had been tentatively fixed as the date of departure of Sir Auckland Geddes, the new British ambassador to the United States, for New York.

Sir Auckland told the Associated Press this morning that he had been misquoted in what purported to be an interview with him appearing in New York newspapers, in which it was declared he had characterized the Sinn Fein movement as "practically a religious scheme, designed to secure power for the Roman Catholic Church."

"In the first place, I have granted no interviews since my appointment to the Washington post. What I was quoted as saying must have been founded on my conversations of Tuesday last, in which I employed the platitude that Sinn Feinism is an intensely national movement."

"I have always held that the Irish complexities more political than religious. I think my reported optimism over the new home rule bill is understandable, since I participated in its framing."

The ambassador said his reported espousal of a world loan to Germany was merely a reiteration of his conviction that one of the war's first duties was to help Germany to her feet, which sentiment he has frequently expressed in public addresses.

Sir Auckland said he would reserve comment on the Anglo-American situation and affairs until his arrival in the United States.

MAKES 180TH ESCAPE FROM CALIFORNIA JAIL

Los Angeles, March 5.—Roy Dickerson, charged with aiding in the robbery of a bank at Phoenix, Alabama, made what is said to have been his 180th escape from jail here today, when he used a crude key to unlock the cell in the city prison, climbed up a ventilator shaft and fled.

Dickerson's wife, who is in jail here, said her husband formerly was a vaudeville performer, making a specialty of freeing himself from handcuffs and other restraints. She told the police he had escaped 180 times, and that he never had been imprisoned successfully longer than two months.

LORDS RULE DRUNKENNESS NO EXCUSE FOR CRIME

London, March 5.—The house of lords ruled today that drunkenness is not an excuse for crime by convicting that convicted for murder be restored in the case of Arthur Beard, who was condemned to death for murdering a 12-year-old girl in Chester, thus reversing the decision of the criminal court of appeal, which reduced the crime to manslaughter.

Beard, while under the influence of drink, strangled the little girl and a piece of drunkenness was put in during his trial. It is understood that the death sentence will not be carried out.

DEMAND DISSOLUTION OF GERMAN ASSEMBLY

Berlin, March 5.—Demand for dissolution of the national assembly on May 1 is made at a joint session introduced by the Conservative and National Liberal parties. Both parties also call on the legislative assembly to introduce during the present session and to hasten the introduction of bills providing for new election laws and the election of a president.

YORK COUNTY AND SUBURBS

HOTELKEEPER RECEIVES SIX MONTHS' SENTENCE

At the county police court yesterday before Magistrate Major Brunton, Wm. F. Young of Mimico was convicted of an offence against the O.T.A. and sentenced to six months in jail, it being his second offence. On January 30 last Chief License Inspector Ayeart and Donald McKenzie, inspector for the county of York, paid a visit to Young's house at Mimico, and found concealed in a double partition in the cellar 64 bottles of liquor, which they seized. After several adjournments the case was finally disposed of yesterday. Young was not present in court and a warrant was issued for his arrest. S. W. Burns appeared for the defendant and Col. Greer, K. C., for the crown.

Earlscourt Storekeepers Demand Level Car Tracks

Storekeepers on West St. Clair avenue are agitating for the immediate leveling of the car tracks on St. Clair avenue between Lauder and Lansdowne avenues, which was promised by candidates at the last municipal election. So many auto accidents and collisions to citizens are reported here crossing the avenue, that it is felt that some action should be taken without further delay. The general expression is that the north side of the avenue is getting the cream of the business, while the south, which is only partly built up, is made to suffer both in loss of business and reduction in land values if the tracks were made level with the roadway, people would be able to cross to either side and take their choice of the stores. Mayor Church promised that this much-needed improvement should be taken in hand soon after the election, but so far no movement has been taken in this direction. Unless something is done, soon a deputation of prominent citizens will go down to the board of control and ask the reason for the delay.

EARLSCOURT FIRE HALL A MENACE?

Is Earlscourt as a whole satisfied with the promised \$16,000 new bungalow firehall for this district? The new firehall, which is to be built at the corner of Ascot and Boon avenues, is thought to be a menace rather than an improvement, in that should a fire occur the frame hall would soon be a mass of ruins. In and around the location where the new hall is to stand are hundreds of houses built of brick, and according to residents, to build a firehall of wood within the houses are of brick is a disgrace to the neighborhood. What are the aldermen of Ward Six doing that they should permit such a building to be erected, is being asked. The sum of \$16,000 for such a building in these days of high price building materials is considered anything but satisfactory. Earlscourt will try to get a larger grant from the city, so that a proper firehall, more suitable for the district, can be erected.

FRANK MAY LAD TO REST

An old Earlscourt resident and a returned soldier was laid to rest in the soldiers' plot in Prospect Park Cemetery yesterday in the person of the late Frank May, who formerly lived with his family on Harvie avenue, and who died in the Toronto Military Hospital from double pneumonia. He is survived by his widow and six little children. Rev. E. C. Hunter conducted the funeral service. Six of his former comrades acted as pall-bearers.

LECTURES ON EAST AFRICA

Alvin Clarke, late despatch rider in the Imperial Motor Transport in British and German East Africa, gave an illustrated lecture, with views taken by himself during his three years' service, in Hope Methodist Church, Danforth avenue, last night, before a large audience. The lecturer vividly described the life in the jungle land, and conditions under British and former German rule in East Africa.

A musical program was given by the Sneath Hawaiian Trio, and solos contributed to Miss Gladys Sinton and Mrs. Patterson.

RIVERDALE GRATIFIED.

Riverdale residents feel gratified, owing to the fact that the park department estimates have been slashed to pieces by the board of control at their recent meeting, yet the \$20,000 placed in the estimate for improvements to Withrow Park has been allowed to stand, which include a wading pool for children in the ravine, and improvements and alterations at the eastern end of the park.

MUST WIDEN DEVIL'S STRIP.

Realizing the seriousness of hastening the work of uniformly widening the devil's strip over the entire Toronto Street Railway system, as instigated by resolution of the Riverdale Ratepayers' Association at their last meeting, the Central Council of Ratepayers will take the matter up at their next meeting, according to the statement of the alderman Richard Honeyford to The World yesterday.

MOUNT DENNIS FACTORY DESTROYED BY FIRE

Mount Dennis, March 5.—Fire completely destroyed a small factory situated east of here on Keele street at 10 o'clock this morning. The building was 20 by 20 feet in size, and was burned to the ground. It was used to manufacture jardiniere stands and other articles of brick-and-brass and had been recently constructed. Owing to the lack of water, the blaze could not be fought, and the building burned like tinder. The loss will be at least \$3000.

A large gasoline engine had been installed on Thursday, and when it was started for the first time, this morning, it back-fired, starting a blaze in some shavings. So fierce were the flames that a nearby house was scorched, and as it appeared to be in imminent danger of burning into flames at any time, the villagers present removed all the furniture into the street. The property is known as the Beachborough Grange.

WOMEN'S MISSIONS

Eastern District Society Hold Most Successful Meeting in Their History.

The annual meeting of the Women's Missionary Society of the Toronto eastern district Methodist conference, which was held at Hope Methodist Church, Danforth avenue, yesterday, was pronounced one of the most successful ever held here from the number in attendance and the zeal and earnestness displayed throughout the proceedings. The special speaker of the afternoon session was Mrs. Dr. Killhorn, missionary from China, who gave an interesting account of the work among the Chinese.

Mrs. Gee presided and a general account of the work of all departments was given by the various delegates. Others taking part in the proceedings were Mrs. Shelton and Miss McGuffin. Delightful solos were rendered by Miss Wilson and Miss Bell.

Danforth Ratepayers Want Car Line Built by May

It is the intention of the local ratepayers' associations to organize a joint deputation in the future to appear before the board of control and the Ontario Railway Board, headed by Ald. Honeyford, to insist that the order of the railway board be carried out not later than April 15, re the commencement of the work of construction of the Pape avenue car line, as ordered.

Must Ship More Goods to U. S., Lecturer Tells Broadview Boys

Professor Cowan, lecturer on physical science in the University of Toronto, in an interesting talk on the exchange situation between the United States and Canada, before a large audience in Broadview boys' Y.M.C.A. auditorium, Broadview avenue, last night, pointed out that the fact that America is exporting more goods into Canada than Canada is exporting into America, leaves an adverse balance sheet of exchange in America, drawn on Canadian imports.

"The only way," the lecturer said, "that Canada can discharge its obligations by shipment of gold or greater shipment of goods, and if we have not the gold to ship we must, necessarily, ship more goods to the U. S."

Major Mitchell, principal of Riverdale Collegiate, occupied the chair.

"A TRIP TO THE ORIENT."

"A Trip to the Orient," was the subject of an interesting lecture illustrated by lantern slides, delivered by Rev. A. E. Armstrong at Rhodes Avenue Presbyterian Church before a crowded audience recently. The lecturer, who spent some time in the east, gave first-hand information concerning the following countries visited, namely: China, Japan, Korea and Formosa. The views were many and unique in character. A musical program was contributed by Miss I. Alexander and Mrs. J. M. Phillips. Rev. H. A. Berlis, pastor, presided.

FIFTEEN MINUTES FOR PARKING CARS

Is Recommendation of Advisory Committee on Traffic Regulations.

The committee of representative men appointed recently to discuss traffic regulations with the police department, in efforts to arrange regulations for handling vehicular traffic on the downtown streets, met yesterday afternoon behind closed doors in the office of Chief of Police Grasset. The meeting was held in the office of Chief of Police Grasset, and the committee's recommendation will be sent on to the board of police commissioners, suggesting that a 15-minute period be allowed motorists to park their cars on downtown streets. Deputy Chief S. Dickson favored the elimination of the privilege of allowing cars or wagons to remain on the downtown streets for a longer period than to take on or discharge passengers or the unloading of trucks. He stated that owing to the heavy traffic on the streets between Queen, Church, York and Wellington, much difficulty was experienced by the police in handling the traffic, on account of the congestion caused thru cars being left standing at different intervals. "Certain portions of the intersections," he said, "should be free from standing vehicles."

Others present thought this would be dealing too drastically with the persons concerned, and the amendment that a period of 15 minutes for parking be allowed was made. The conference was then adjourned to allow the police to draw up new regulations, and a final meeting will be called by Col. Grasset. When regulations are drawn up that are approved by both sides, they will be forwarded to the police board to be made law. If the new scheme does not prove satisfactory, Deputy Chief Dickson said more drastic rules would be enforced. Among those who attended the meeting yesterday were, P. Hubbard, assistant manager of the Toronto Street Railway Company; J. Hobson, president of the Ontario Motor League; B. Morley, president of the Ontario Safety League; W. H. Alderson, vice-president of board of trade; A. Bennett, of the Rotary Club; Chief Grasset, Deputy Chief Dickson, Assistant Deputy Chief Geddes, Inspector Bond and Inspector Mackie.

PLAYS, PICTURES AND MUSIC

"Roly Boly Eyes."

The attraction at the Princess Theatre next week will be John Cort's musical comedy "Roly Boly Eyes," with Eddie Leonard, which comes to this city direct from a six months' run at the Knickerbocker Theatre, New York, with the original cast, chorus and production. There is no time for the serious affairs of the work-a-day world to intrude themselves on the minds of "Roly Boly Eyes," with music by Eddy Brown and Lewis Gruenberg. Lifting melodies, clever lines, graceful dancing, innumerable specialties, an ingratiating chorus, and a constellation of favorites—all connecting in a breathless rush. Heading the cast is Eddie Leonard, the black-face comedian, who has brought the lost art of minstrelsy to the American stage. In Bob Warren, the young hero, Mr. Leonard has a part well tailored to his measure, for one of the specialties of the piece is a minstrel show in which Mr. Leonard has an opportunity to sing and spin yarns and to take the audience into his confidence in a manner all his own. Traces in support of Mr. Leonard are May Boley, Queenie Smith, Margaret Edwards, Kate Pullman, Eddie Mazzer, Earl Gates, Grace Leigh, Hume, Chivers, Adora Andrews, Dan Kelly, Clark Ross, G. Clayton Frye, Henry A. Truax and George Pierce, and a chorus of 30 sirens of song and syncopation.

At Loew's Next Week.

"Sadie Love," adapted from the famous stage success of the same name, with Billie Burke in the stellar role, will be shown next week at Loew's Yonge Street Theatre and Winter Garden. The yaudiville comprises six all-star acts, presenting Julian Rose, foremost of all character delineators, portraying his famous Levinsky characterization; Marie Russell, in true Kentucky atmosphere and humor; the Al Golden Troupe, the Parisian marvels; Stuart Black and his Scotch players in "Sandy's Wedding Present"; Eckhoff and Gordon, the musical laughmakers, and Leonard and Wright, the versatile entertainers. Loew's Picture Weekly and the "Mutt and Jeff" cartoons will also be shown.

Sir Oliver Lodge at Massey Hall.

Sir Oliver Lodge, who will lecture in Massey Hall Saturday, March 13, has added his contribution to the popular discussion concerning the possibility of communicating with Mars. The eminent British scientist is convinced that not only is there a spirit world associated with the earth, but that most of the planets contain some kind of intelligent life. The seat sale opens Tuesday, March 9.

"The Unknown Purple."

With the credit of a year's run at the Lyric Theatre, New York city, and a three months' engagement at the Majestic Theatre, Boston, Roland West's tremendously thrilling mystery play, "The Unknown Purple," comes to the Royal Alexandra all next week, commencing Monday evening, with matinees on Wednesday and Saturday. The local engagement follows the Boston run of the play, and will bring here that sterling actor, George Probert. He will be remembered as having played here with William Gillette and William Faversham. His character of "the stranger" in "The Unknown Purple" is considered quite the best thing Probert has done. In association with him are such well-known artists as Miss Marion Rogers, Benedict MacQuarrie, Joseph Slayton, Henry Redding, Miss Vivian Allen, Miss Eveta Knudson, Arthur LeVein, Herbert Ashton, Grant Sherman and E. L. Duane, who is particularly requested that the patrons of "The Unknown Purple" be seated before the rise of the curtain on the prolog, as no one will be seated during the action of the same. The curtains will rise sharp in the evenings at 8:15 and matinees at 2:15.

Next Week at Gayety.

When Barney Gerard's 1919 edition of "Follies of the Day" opens at the Gayety Theatre next Monday the patrons of that popular playhouse will have an opportunity of witnessing one of the best attractions on the wheel this season, for Mr. Gerard has not only written an entire new book and score, but has also given his creation, which is entitled "Polly's Going Up," and is in two acts, an entire new dress both from a scenic as well as costuming standpoint.

At the Allen.

"Pinto," a western comedy of high order, and "By Right of Purchase," a drama of present day life, together with a very attractive musical program, are the offerings at the Allen next week.

Mabel Normand, who has established immense popularity in her recent horse-and-comedy productions, is

starring in "Pinto," while Norma Tal-scotte, equally popular in her class, is the principal in "By Right of Purchase."

Fiske O'Hara at the Grand.

"Down Limerick Way" is the title of the new Irish romantic comedy which will be presented by the popular Irish actor-singer, Fiske O'Hara, at the Grand Opera House next week. The new play is said to be the brightest comedy offering of his career, brilliant with wit and humor, and containing sweet interludes of sentiment. Mr. O'Hara has a role ideally suited to him, and the new ballads he will sing will be a joy to his admirers. Among the notable song hits are "Down Limerick Way," "Dear Little Angel From Heaven" and "If They'd Only Give Old Ireland to the Irish." The cast supporting Mr. O'Hara includes Patricia Clary, Nan Bernard, Mary Louise Malloy, Laurette Allen, Robert H. Irving, J. P. Sullivan, J. E. Miller, W. T. Sheehan and Norman Post. During the week matinees will be given on Wednesday and Saturday. The popular star has many admirers in Toronto, and so heavy has been the demand for seats that arrangements are being made to extend the engagement one more week.

Constance Binnie at Regent.

Toronto will be absolutely thrilled, amazed, delighted with Constance Binnie in "Erstwhile Susan" at the Regent Theatre next week. The success which attended Miss Binnie's performances in New York in this production has followed her and already Regent patrons are looking forward to this picture with great delight. "Erstwhile Susan" is the story of a modern Cinderella. The heroine is Barnabette Dreary, the only daughter of a stern, brutal farmer. Left motherless at a very early age Barnabette is known neither for laughter. Her time is too occupied with serving her father and her two brothers. Later, however, Barnaby marries and it is the stepmother who helps the girl blossom into glorious and beautiful young womanhood. The story is told in such a sympathetic way and the splendid humor is portrayed so well that this picture, from the novel "Barnabette," by Helen R. Martin, is bound to be a tremendous success here. As a splendid added attraction the sensational comedy success, "A Twilight Baby," will be presented in four acts.

At the Star.

All who go to the Star Theatre next week, when W. Thos. Beatty's "Oh, Frenchy" will be the drawing card, will spend two and one-half very enjoyable hours following the surprising adventures of the two comedians—Bert Weston and Mitty Devers—who are no let-up to the comedy, and

it is the spontaneous kind which forces the laughs from you whether you came in with the intention of maintaining a snore or not. In addition to the superior comedy, there are a great many entertaining musical numbers, in which a ravishingly beautiful chorus figures; several interpolated specialties which are out of the ordinary, and a scenic and wardrobe magnificence which is the acme of burlesque. Bertha Le Costa, the diminutive prima donna, heads the female contingent of principals, while Peggy Connors and Martha White are well known to burlesque patrons.

Alhambra Theatre.

Cecil De Mille's famous picture, "Male and Female," will be shown again today at the Alhambra Theatre. So great has the demand been by patrons of the theatre to see the great play that the management decided to extend the engagement, making it a week's run. There will be a complete change of program Monday, when Mary Miles Minter will be seen in "Ann of Green Gables," a story from the four Ann books. Miss Marjorie Stafford, soprano, will sing at every performance next week.

"The Passing Show."

Yielding to the unprecedented demand on the part of its patrons, the Royal Alexandra will play a special engagement of the big New York Winter Garden revue, "The Passing Show," week beginning Monday, March 15, with matinees Wednesday, Thursday and Saturday.

The cast now contains Willie and Eugene Howard, Roy Cummings, John Burke, Will H. Philbrick, Edward Basse, Helen Carrington and a score of others.

"In Old Kentucky"—Strand.

Today at the Strand Theatre the last showings will take place of the romantic mystery play, "His Wife's Friend," starring beautiful Dorothy Dalton. All next week at the Strand the great and spectacular drama of the south, "In Old Kentucky," featuring Anita Stewart, will be the notable attraction. This wonderful picture makes absolutely real all the thrills which the famous stage play could frequently only suggest. The race track scenes are the greatest which have ever been made, over 55,000 people appearing in them. Another exciting moment is when Anita Stewart, on horseback, leaps a 100-foot deep chasm. It is a play so tremendous in its scope that it simply cannot be described. It is essentially

a horse-racing drama, in which Madge Brierly, whom Anita Stewart characterizes as the lovable waif of the Kentucky hills, rides Queen Bess to victory in the great horse race scene. Then there is the excitement of the war of the feudists, the thrill of the night riders, the dynamite plot, the fox hunt, and over all is the wonderful atmosphere of southern romance. There are countless thrills in this stirring story of old days in the southland, of beautiful women, fast horses, and adventurous fighting men.

Oratorio Concerts.

Karleton Hackett, writing in The Chicago Post two weeks ago, speaking of the playing of the Detroit Symphony Orchestra, under Oesip Gabrilowitsch, says: "Yesterday afternoon in the orchestra hall we were taken on a great Russian adventure thru the Tchaikovsky Fifth Symphony by Oesip Gabrilowitsch and his orchestra from Detroit. It was not merely a brilliant display of the virtuosity of the modern orchestra under the hand of a master. This was to be expected, and I was prepared for a Slavic tone picture of striking force. But what we had was a kind of spiritual faring forth into strange land under the guidance of one who could illumine for us the very soul of another race. It was an extraordinary experience."

Oesip Gabrilowitsch is a born conductor. He has the faculty of instilling into his men something of the intensity of his own emotional reaction, and of moulding them into an instrument so responsive that their playing seems but the expression of his will.

Fine Bill at Madison.

It is a splendid double-header bill which will be presented at the Madison Theatre the first half of next week. One of the two features will be the great stage success, "The Lincoln Highwayman," with William Russell in the title role. The other attraction will be Larry Senon, "the comedy king," in "The Grocery Clerk."

Paulist Choristers.

One of the most unique bodies of singers in America, the Paulist Choristers of New York is booked to sing at Massey Hall on April 9. The choir is not only a great liturgical choir for the services of the church in a great basilica in New York city, but it is claimed to be the most famous virtuoso concert organization of men and boys on this side, and, perhaps, in the world.

GRAND RIVER ROAD TO IMPROVE LINE

Spending \$1,500,000 This Year—Faster Service and More Cars.

Galt, Ont., March 5.—(Special.)—

During the coming year the Grand River and Lake Erie and Northern railways will spend the sum of \$1,500,000 on improvements to their lines, according to an announcement made today by General Manager Matt Kirkwood. Plans for extensions and improvements amounting to this sum have been approved by head officials of the C.P.R. at Montreal, and work will be started immediately. A feature of the improvements is the changing of voltage operation of the Grand River to 1,500 volts to correspond with the L. E. & N., which will make it possible to operate a thru service from Kitchener to Port Dover and a half-hour service between Kitchener and Galt. Six hundred and seventy-one thousand dollars is to be spent in equipment, ten new passenger cars, two locomotives and one express car.

Revision of Locations.

There is to be a revision of locations in Galt and Kitchener, where the Grand River will run over private right of ways. Tracks will be taken from Water street in this city and at the head of Main street two lines will connect at a \$42,000 depot to include general offices of the companies will be built there.

As a result of increasing the voltage, a new overhead wire system will have to be installed on the entire Grand River system, a new power station built at Preston, while a \$15,000 addition will be made to the Preston car barns. From Preston, a subsection to the north of Hagey's Crossing the line will be double-tracked and this is a forerunner of more double-tracking. In the Kitchener end of the line the only expenditure will be \$60,000 on a new location. Manager Kirkwood announces that work on the new program will start at once and some work has already been contracted for, while tenders are being called for rolling stock and equipment.

GOT HEATING CHEAP.

George Filton was fined \$50 on one month in the season by Judge Costaworth yesterday for the theft of gas from the Consumers' Gas Co. Filton disconnected the gas meter and by means of a rubber pipe lighted and heated his house.

QUEEN'S HER LIFE

Theft of Gems, Poison in New Office.

March 5.—Antoinette, a woman known as "Queen," committed suicide by drinking poison after she had been arrested for the theft of diamonds valued at \$50,000. She was found in a room at the Hotel de Ville in Paris in 1914. She had been in the office of a jewelry dealer in New York, where she had been working for some time. VICTROLA ARTISTS AT MASSEY HALL

Original Concert Delights
Public and Experts in
Equal Degree.

It was something new in entertainment—the evening with the Victrola men at Massey Hall. As a concert it was the product of a wide range of ability, and the musical critic of high degree could find many expert things to say about it. But it was much more than a concert. It ended with the entire company of performers singing Auld Lang Syne—and there was never a truer Auld Lang Syne on so short a personal acquaintance.

The hall was packed with people who came to see friends whom they had heard but never seen. The evening began with a little curiosity, which soon disappeared, because the guests on the stage, which Eaton had dressed with palms and plants and had made homelike with sociable-looking furniture, combined artistic skill with a human touch, as apparent among themselves as it might have been with a band of brothers, and they knew how instantly to get on terms with all who faced them.

Like in the Old Home Town, the crowd saw what the other end of the needle looks like. The artists were not giving themselves to plates of wax, but to men and women of like feelings with themselves, and there was no formality in the exchange. So far as one could judge there was a family of artists without the shadow of the artistic temperament—most of them big fellows enjoying themselves with the air of fine-hearted men returning to their old home town and being greeted by choruses of "Fancy seeing you."

It is always the audience that makes the orator's best speeches, and the audience last night did something for its favorites; perhaps, also because it was not on the whole burdened by artistic temperament. There were no critics, but a floor and two galleries full of just friends.

The straight singers were three tenors, a baritone and a bass. The story teller was the inimitable "Cohen," who also sings with a voice which is too much like himself to need a designation. Van Eps, the banjoist, compelled his hearers to keep time with their feet—clearer tribute to his genius and his strings. The accompanist, Frank Banta, who also soloed, and once duetted with John Meyers, was as perfect an accompanist who is clever enough to accompany without competing with the soloist.

Burr was Chief Star. There were eight pieces in each half of the program. Henry Burr's tenor, sweet, clear and saturated with exquisite feeling, won the chief personal triumph of the night. Alone, he was incomparable in appeal. In duet with Quartet, with either or all of Albert Campbell (tenor), John Meyers (baritone), and Croxton (bass) he was like a silver bell in a melodious peal. Croxton puts a character into his work and Meyers has an admirable range of expression, while Campbell, the least in physical size, reminds you of a grown-up boy with a voice that is a sort of matured, unbroken treble. Billy Murray, fitted as a humorous announcer, had two numbers of truly humorous songs, encored almost as heartily as Burr. Monroe Silver, alias Cohen, gives us the few words of perfect perfection. As became disc-workers, every man's articulation was an enviable example to all who use their voices in public.

As to the pieces rendered they do not matter. Record buyers who weren't there can imagine anything they like, and be sure that whether their favorites were given or not, they would have been delighted had they been there.

First reading of a bill introduced in the house of commons by J. E. Armstrong of Lambton East this afternoon to bring shipping on the Great Lakes under the jurisdiction of the Dominion Railway Commission. Mr. Armstrong presented a similar bill last session, but it was not adopted.

Mr. Mackenzie King asked if the government had any announcement to make as to appointments to the board of management of the Canadian National Railway.

Hon. Dr. Reid, minister of railways: "The matter has not yet been finally decided."

Mr. King: "When is it likely to be decided?"
"Not for a few days," replied Dr. Reid.

Dr. Clark in Debate.
Dr. Michael Clark, in opening his speech on the tariff, had the pleasure that chance had given to Sir George Foster the opportunity of leading the government during the first session in the new house.

A second is of checked gingham, in Blue or Tan, made with smart collar, belt and cuffs of white pique. The pockets also are topped with pique. In sizes 12 to 14 years. Priced at \$14.00.

The last of the trio is a charming little frock of plaid gingham in Blue or Tan, made with smart collar and cuffs of white pique. The waist is made of plain material. The skirt is made with a panel front. Sizes 8 to 14 years. Priced \$13.00.

COMMUTER TRAINS MATTER OF COST

Railway Board Shows Expenses Militate Against Public Convenience.

"Commutation" was the question propounded yesterday at the sitting of the board of railway commissioners. The public asked the question. The reply was offered by the railroad companies who said "Chairman Carvell many times pointed out to the contending parties to keep to principle. He reminded contestants that the government roads were being run at a big loss, the old C.N.R. requiring \$30,000,000 of public money for running purposes. A mass of figures offered by Mr. Bowker, general superintendent of the Grand Trunk, bearing on the cost and profit or loss to his line in running a train, seemed like the difficulties of a school boy endeavoring to master the fifth problem in Euclid. But, to make a long story short, and as an instance, he estimated that for the run from Hamilton to Toronto a train cost \$153.37, and to supply a better service between points would mean a loss to the company.

W. D. Gregory, from Oakville, made a big fight for Oakville residents, where there are 3000 people, and added that if proper service were given the population would be much more.

Premier Drury at this point, without personal knowledge, said the question should be treated on general policy. He suggested that an adequate suburban service would aid in taking care of the surplus population.

Chairman Carvell reminded the contestants in turn and again that the railways required more money. He enquired, Why should not the commuters

pay their share? In other words, were not the railroads entitled to increased fares to meet their present exigencies? Mr. Gregory's point was that there was not the same service from Oakville as was provided between Montreal and St. Annes, where thirty trains per day were provided. Mr. Gregory added that for years he had traveled from Oakville to Toronto, first by paying \$5.50 for 55 tickets, and now he is asked to pay \$10.39. Often out of 55 tickets he had 25 to 30 left over on account of lack of facilities.

Weston's Case.
Weston representatives were also present to state their case, and Mayor Gardhouse acted as special pleader for them. They paid \$2.15 for 55 tickets, and the proposed increase is to \$5.50. He submitted that the life of 55 tickets should be prolonged to three months, instead of thirty days, as at present. Weston people, he said, did not grumble so much about the cost as the inadequacy of the service.

Mr. Geary, for the city, said Toronto stands alone. The rates here must stand on their merits. If we go into railway earnings, it would open up a huge problem. He said Toronto has never had a really suburban service, and the railway companies would not be taxed to any appreciable extent by providing such a service.

Mr. Plimthoff, for the C.P.R., submitted a statement showing that there was a loss on passenger traffic. In 1914 passenger earnings had been \$32,000,000, while operating expenses totaled \$42,000,000. In 1915 the difference on the debit side was \$31,000,000.

In the course of the proceedings, Mr. Geary pointed out that there had been no attempt made by the railway companies to build up a suburban service, and he contended that if such a service had been provided the railway companies would have heaped their reward. He said that in making a business there must be an endeavor coupled with the laying out of money in the lean years, to get results, and in this respect the railways, as regards at least suburban

SPEEDY SETTLEMENT URGENTLY NEEDED

(Continued From Page 1).
were ready to withdraw their settlement proposals of Dec. 9 and Jan. 29, as they felt "that if the two parties principally concerned believe that the various allied and associated powers are committed to supporting them in any particular solution, it will be more difficult to secure a voucher for agreement between them."

In accordance with this feeling, President Wilson was invited to join the consideration in proposing that a settlement can be reached which will satisfy the aspirations of the Albanian people for full self government, while taking into consideration the vital interests of all other parties concerned, together with the necessity of assuring to Jugos-Slavia an outlet on the Adriatic in the region of Scutari. They are willing to urge upon the governments interested that they should bring their desires into line with the American point of view.

Italy's Loyal Co-operation.
The premiers reiterate that the treaty of London with Italy was kept secret for military reasons only, and with regard to their statement that should no amicable adjustment on the Adriatic be possible it would have to come into force say that their memorandum of February 17 covered this as fully as it was possible to do. In this connection, however, the note says:

"The Italian government have co-operated most loyally and assiduously with the French and British governments in endeavoring to substitute for the arrangements for the treaty of London, a settlement which would be satisfactory alike to them and to the consideration of the United States, France and Great Britain "with a view to arriving at concrete proposals" for settlement.

Mr. Wilson's stipulation that the settlement by direct negotiation would be acceptable to him provided its terms were not framed at the expense of the nationals of a third power, was duly noted by the premiers who said: "The French and British prime ministers desire further to record the

wording of appreciation of the interest taken by the American government in the future of the Albanian people. They assure President Wilson that they share to the full respect for the principle he here enunciates. They would state that they are convinced that by review of the Albanian question a settlement can be reached which will satisfy the aspirations of the Albanian people for full self government, while taking into consideration the vital interests of all other parties concerned, together with the necessity of assuring to Jugos-Slavia an outlet on the Adriatic in the region of Scutari. They are willing to urge upon the governments interested that they should bring their desires into line with the American point of view."

BIG STEEL COMBINE NOT YET CONSUMMATED

Montreal, March 5.—Directors of the Dominion Steel Corporation, after a three-hour session here this afternoon, dispersed without arriving at any definite decision on the matter of the much-discussed consolidation of the company with the Nova Scotia Steel and Coal Company, or with respect to the recommendations of the expert English engineers involving an outlay of around \$25,000,000 on the plants and properties in Cape Breton and elsewhere. Pourparlers will be continued in the hope of arriving at a satisfactory settlement of the outstanding difficulties.

The water area of Canada is 125,155 square miles. This does not include Hudson Bay, Ungava Bay, the Bay of Fundy, the Gulf of St. Lawrence and all the other tidal waters, except that portion of the St. Lawrence River between the shores of Saguenay County and the foot of Lake St. Peter.

In the province of Quebec the public lands unsold have an area of about seven million acres. The average price of land during the past four years is about 50 cents an acre.

Reds Have Broken Thru To Shores of Arctic Ocean

London, March 5.—A wireless despatch from Moscow says the Red army has victoriously broken thru to the shores of the Arctic Ocean. It adds that the Murmansk Railway is free of the White forces, as far as Murmansk.

MARCH WEATHER DANGEROUS TO BABY

Our Canadian March weather—so dry bright, but sloppy, the next blistery and cold—is extremely hard on children. Conditions make it necessary for the mothers to keep the little ones indoors. They are often confined to overheated, badly ventilated rooms and catch colds which wreck their whole system. To guard against these colds and to keep the baby well till the better, brighter days come along, a box of Baby's Own Tablets should be kept in the house and an occasional dose given the baby to keep his stomach and bowels working regularly. The Tablets are a mild but thorough laxative which never fails to regulate the stomach and bowels and thus they relieve colds and simple fevers and keep the baby fit. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

SATURDAY MORNING, MARCH 6.

The Death of Mercy.

This derogated winter knows not justice and has slain mercy. Every time Spring comes out to play, and gurgles liquidly down the hillside road...

Following a more delightful fourth of March than ever dawned upon a president-to-be, yesterday was a January repetition, and today is promised to be as remorselessly devoted to the winter that seems to have acquired the key to everlasting life...

Hope long deferred natched the heart sick. A winter long endured shows that somewhere near the aurora borealis mercy has been killed. But it will rise again, for in spite of all the sun is taking the northern offensive...

Waxophones.

Last night there was a resurrection in Massey Hall. Thousands of people listened to voices that had risen from the dead. Makers of Victrola records, whom everybody had heard but nobody had seen, demonstrated that the science and Edison are mighty human life and blood are mightier still...

The Victrola, Grafonola and other olas have brought a new psychology, as well as a multitude of domestic enjoyments into music, and laughter and singing. And as those who have heard some of the latest saxophone records know, the modernized adaptation of the wax tablets on which Zacharias wrote "His name is John" has given melody even to sobbing.

Getting Ready for Tuesday.

Some people think Premier Drury was skating on thin ice in London, when, admitting his own and his followers' inexperience, he avowed fresh his intention to discard what has always been known as party discipline in the coming session. Party discipline has always been most effectively used on the new members of a house by the government they were elected to support.

Gray's Dream for the Red.

Mayor Gray is the reddest of the Reds of Winnipeg. He is bringing ocean-going steamers up the Red River, from Hudson Bay via York Factory, the Nelson River and Lake Winnipeg. The steamers will not dock alongside the Canadian National Railway station for about ten years. As faith is the evidence of things not seen, and Mayor Gray is an engineer when he is not mayoring—and is sure that five locks on the Nelson will make Winnipeg an ocean port, it may be wished that, according to his faith, the works will appear.

Make Speed to Mount Pleasant.

The board of control has done well in recommending the immediate construction of the extension of the St. Clair avenue civic car line easterly to Mount Pleasant road, and thence to the north city limit. The board is only carrying out the wish of last year's council, which conformed to an overwhelming vote of the electors in January, 1914.

The car line extension was recognized as a necessity six years ago, but during the war the local residents refrained from asking for their transportation rights. Ten thousand people will be served by the extension, as he is told. But not everybody, even on a government bench, is qualified to do as he likes. The electorate can supply its representative with a majority, but unless Providence has endowed him with judgment, a mobile mind and a discreet tongue, nothing but hard experience will make a parliamentary statesman of him.

and the visits of thousands to Mount Hope and Mount Pleasant cemeteries will be facilitated.

No other part of the city is so badly handicapped for transportation as North Toronto east of Yonge street. Many residents have to walk one and one-quarter miles to a Yonge street car, and then must pay a double fare to reach the city.

Have you ever noticed that those painted clock signs, swinging in the front of jewelry shops, all show the same time, something in the neighborhood of 20 minutes past 8 o'clock?

It has been observed during the course of this debate that the farmers are not quite willing to go to the length of absolute free trade. Even Dr. Clark, who is an academic free trader, declared today that he never expected to see free trade established in Canada.

Ottawa, March 5.—It was "Farmers' Day" in the house of commons this afternoon. Three members of the new party contributed speeches to the debate on the address in reply to the speech from the throne.

The membership of the house of twelve with a gain of seventeen members for the provinces west of Lake Superior, and a loss of five members to the provinces in the east. It is of course taken for granted that Prince Edward Island will retain her irreducible minimum of four members in the house of commons.

The Unionists were greatly disturbed by the major's defection. They are trying to explain it away by saying that he is a military man who believes that every member of a party should either obey orders or get out. He cannot see eye to eye with the freedom of the cross-benches.

Dr. Michael Clark spoke today from his seat in the Farmers' group and referred to Hon. T. A. C. Crerar, his leader. He said the government was urging economy on the people, but did not say who was to do the economizing.

It has been observed during the course of this debate that the farmers are not quite willing to go to the length of absolute free trade. Even Dr. Clark, who is an academic free trader, declared today that he never expected to see free trade established in Canada.

The farmers' party is also anxious to escape the reproach of being a class movement. Levi Thompson of Qu'Appelle, who spoke in today's debate, happened to be a lawyer, and he declared that the Farmers' party in Saskatchewan at least admitted all citizens of every occupation to its ranks.

A RUCE. CHAPTER 24. As a matter of fact, the way from the Fairbanks house to the postoffice led down Dexter street three blocks, then to the left four more, until a small park and the postoffice building was reached.

She hoped she would see him on the porch. It was after the supper hour, and he would be there smoking a cigarette, or else he would already be on his way around to her own house to see Alice.

What's the great mystery? David asked, puzzled by her manner. "Well, it's—I can't see you this evening, I'm going to stay with Clara this evening until you've gone home. You see, Mrs. Fairbanks thinks—and Alice thinks—she hesitated, looking at him appealingly.

CITY HALL NOTES

The estimates for Toronto Jail amounted to \$47,558, and were passed by the council without a cut. It includes \$25,619 for salaries, \$11,963 for care of prisoners, and \$9,976 for sundries.

Mayor Church's resolution was passed, that the city should hold with Sir George Foster, Sir Harry Drayton and the acting minister of public works, regarding the construction of a bridge across the western entrance to Toronto harbor. "This is with a view to having the work completed by the time the city takes over the Toronto street railway in 1921, thus providing a car service to the island.

The Toronto Housing Commission is still in existence and carrying on. Whether or not they will definitely resign will be known when they present their report to the board of control next week. They have 236 houses under erection, all in an advanced state. Mr. Allen Ross, vice-chairman of the commission, stated that every house they had started to build will be completed by the end of April this year, or within the next two months.

The city architect's department reported that yesterday was the best day they had had for some time. "It looks as if this is the opening up of the summer building boom," said one official. Applications for thirteen permits for dwelling houses were received, and twelve for garages for private houses.

answer the questions fired at her by eager interviewers, but her mother spoke for her.

"This is entirely a personal matter," she said, "and neither the papers nor the public have any right to be prying into it. Why can't you leave the poor little girl alone? She's nervous and broken up. Can't you see she's crying? This is just needless cruelty."

FRANCE'S ALLIES BOUND BY TREATY

Paris, March 5.—The chamber of deputies, on the demand of Premier Millerand, today fixed March 18 as the date for interpellations on the foreign policy because of the approaching submission of the peace treaty to Turkey. Louis Barthou, chairman of the foreign affairs commission, did not oppose the government's request, but declared he voiced the sentiment of the chamber and country in asking that the government give necessary firmness to bear in execution of the Versailles treaty, which, he said, could not be submitted to revision. Revision, M. Barthou asserted, would mean a renunciation of her rights, which France did not wish. The speaker requested the government to make France's allies understand they are bound by the treaty, in the making of which they participated.

MARY PICKFORD WEEPS Stumbles From Train at Los Angeles and Flees Cameras and Interviewers.

Los Angeles, Cal., March 5.—Mary Pickford, weeping and worn, stumbled from the train here today on her return from Minden, Nevada, where she obtained a divorce decree Tuesday from Owen Moore.

Miss Pickford waited until the passengers had all left the car, then peered out, and seeing newspapermen and camera men, flanked by a crowd of the curious, she fled from the opposite side of the car. As she ran with tears streaming down her face she stumbled and fell. Her mother picked her up, and they fled to a waiting automobile and sped away. Miss Pickford would not pause to

KNIGHTS OF COLUMBUS
CLOSE HUT THIS MONTH

March 15, 1920, will mark the pass-
ing of one of the best-known and most
popular war-work institutions in the
city of Toronto, when the K. of C.
Catholic army hut, at the corner of
King and John streets, closes its doors.

will be well looked after by the of-
ficial departments.

A message from Lieut.-Col. Clarence
F. Smith of Montreal, comptroller of
the C.A.H., has been received by the
local hut authorities, in which the
thanks of the organization are ex-
pressed to all who have made use of
the premises for their exemplary con-
duct. All veterans, of all races and
creeds are assured that anything that
the Knights of Columbus and their
friends may have been able to do for
their welfare has been gladly done in
recognition, in part at any rate, of
their services overseas.

Toronto hut has a fine record, having
fed 279,070 men, and provided beds
of 62,557 meals and 15,957 beds.
The K. of C. work in the local hos-
pitals, and indeed in the military and
D.N.C.R. hospitals throughout the country,
will be continued as long as the
situation demands, and will be the
best feature of the activities to be
discontinued.

The suggestion of establishing sev-
eral co-operative stores throughout the
province for the use of G.W.V.A. mem-
bers and the general public, but un-
der the direct supervision of the as-
sociation, was discussed at some length,
resulting in a resolution being passed
instructing the provincial command to
take steps in this matter.

cuted for Fighting for His
Country.

Scored and ridiculed because he
declined to remain at home and amass
a fortune during the war, a returned
Jewish soldier has expressed his hu-
miliation and grief in an open letter
to the press. The letter is a human
document, describing the emotions of
one who volunteered for service,
fought for two and a half years in
France, was wounded and returned,
only to meet with sneers and con-
tempt from his neighbors and com-
patriots, and a lack of sympathy
everywhere.

He particularly laments the futility
of his efforts to secure a wife, and
has come to the conclusion that the
women prefer a husband who fed on
the fat of the land to one who sacri-
ficed his all to fight for a Christian
ideal. The sensitive Hebrew here fin-
ally lost courage and allowed himself
to be crushed under the iron heel of
persecution, unable to bear the slings

R. H. DEWEY SPEAKS AT RALLY OF LIBERALS

Whether or not it gets credit so long as legislation is introduced to protect the rights of every class of the people is secured.

Makes Pledges. He pledged himself that during the coming session some ill-bestowed grants of the mineral and forest wealth of the province should be restored.

Congratulates Association. Mr. Dewar congratulated the Eastern Ontario Association upon its vitality and upon the splendid business character of its members.

Ontario Enumeration Act. Not only in 1918 we had a new election act, Herod was out-Heroded.

Justice and Penal Laws. Eighty per cent of the power of dealing with the administration of justice and penal laws in the province.

Cost a Million and a Half. The policy of the preparation of the Acts by enumerators will prove to be the most expensive.

Jurisdiction in Government. In the more important cases of Dominion issues there is a danger of forgetting the importance of the provincial jurisdiction in government.

B.N.A. Act Has Stood Test. The British North America Act is the Magna Charta of Canada and of the provinces.

There is in the second place the power of direct taxation. To raise a revenue and to borrow money upon the credit of the whole assets of the province.

There is in the second place the power of direct taxation. To raise a revenue and to borrow money upon the credit of the whole assets of the province.

the imposing of direct taxation upon individuals, corporations, banks and financial institutions. This is an uncontrollable power so long as the impost is directly levied.

In the third place there is the power to manage, control and dispose of the public lands, the timber, the mines and the minerals of the province.

In the fourth place comes the power of institutional control. All our public hospitals, asylums, charitable organizations, the province's guardian of the wards of the state.

It is interesting to note in this connection that a government controlled by the F. O. with their Farmers' co-operative trading business in competition with all like business of the cities and towns of the province.

In the seventh place, I put the power over property and civil rights. The province is supreme in the control of real and personal property within its jurisdiction.

Eighty per cent of the power of dealing with the administration of justice and penal laws in the province.

The Liberal party, he said, has steadily stood for the fair demands of agriculture just as it has for a legislative policy that will be fair to every class of the community.

Asks the Conference of the Farmers. The Liberal party was entitled to confidence of the farmers as well as of the people of Ontario generally.

Wide Sweep of Penal Legislation. There is the power or control generally over all matters of a merely local or personal nature in the province.

The U.F.O. Movement. The U.F.O. movement in Ontario was urged upon the consideration of the members of the province because of the necessity as it was claimed to protect and promote the rights and interests as farmers.

Continuing, Mr. Dewar traced the origin of the U.F.O. movement in Ontario to the Union government. He touched upon its development in the province of Ontario owing to the dissatisfaction with Hearst's handling of the department of agriculture. He de-

PACKARD twin six, in excellent running order, with six cord tires, nearly new.

STUDEBAKER six Four car Streamline, D.S.O., assistant director of road work, four years in France and Belgium, told me the methods of road-building over there. Almost all the roads constructed by his department, were macadam, which was found to be best suited to the conditions. He strongly advocated that stone foundations for highways, and tried that work be not discontinued after construction is finished; gangs should be continually employed to maintain the roads and keep it up to a high state of efficiency. Col. Mackendrick also emphasized the value of drainage and the advantages of the open ditch for this purpose.

W. A. McLean, C.E., deputy minister of highways, provincial government, spoke briefly of the work accomplished and proposed by his department, "if the road is to be a highway," said Mr. McLean, "we will build the best system of roads on the continent."

Choicest of English Fiction
at 25c

The Products of Men Whose Names Are Famed for the Narration of
Romance and High Adventure

Who can excel the English novelist in the writing of fascinating fiction? Tales of
adventure in hot burning lands, where myriad natives gaze reverently on "The Meteor
Flag of England," symbol of the great King Father overseas; tales of chivalry and deeds
of derring-do in the years, not so far distant, when swords did not clink uselessly in
ornamental scabbards, and bright eyes challenged admirers to more stirring exhibitions
than fox trotting; tales which find a setting in the dewy April hedgerows of Kent or
Sussex and tell of delicate romances and their vicissitudes; tales of young men (whose
prototypes walked in the lobby of the House) striving to work out specific ideals of states-
manship while youth and its idealism still inspired them. What a charm of easy expres-
sion clings about these writings of Quiller Couch, H. C. Bailey, Hilaire Belloc, A. E. W.
Mason, Barry Pain and the score of others whose names might be mentioned.

Here is reading without the rich flavor of modernism, but dealing with high ad-
venture, the sterner virtues, the tender virtues, and things essentially wholesome and pri-
marily entertaining.

An offer difficult to duplicate. The flower of this fiction at 25c in the Nelson edi-
tion. Every book-lover has longed for this opportunity. These books will not stay long.
