GERMANS, SOUNDLY BEATEN, MAKE NO EFFORT TO WIN BACK GROUND LOST ON TUESDAY

Content To Send Over Shells During Last Night

British Hold Their Gains; German Attack in Argonne Beaten Off by French Fighters; American Aviator Has Nine Air Fights in Two Hours

London, Oct. 31.—The Germans made no attempt during the night to regain the ground won yesterday by the British on the Ypres front. The official statement says:— "The German artillery developed some activity during the night on the battle front against the positions captured yesterday, but no counter-attacks occurred. "There was nothing of special interest on the remainder of the front."

HUNS FAIL IN ATTACK ON FRENCH

Paris, Oct. 31.—A German attack in the Argonne last night was beaten off by the French. An artillery battle is in progress over the front of the recent French attack north of the Aisne. The announcement follows:—"North of the Aisne there was artillery fighting on the whole sector between Vauxaillon and Pinon, and along our new positions in the region of Froideval which attempted to capture our small posts north of the Louve, in the region northwest of Rheims. "In the Argonne, in the region of Bourcelles, the Germans made a surprise attack. After a spirited engagement they were compelled to return to their lines, having suffered considerable losses. "There is nothing to report from the remainder of the front. "Enemy aviators threw down thirty bombs last night on Danikir. Neither seems nor important material losses have been reported up to the present."

Was Kept Busy

Paris, Oct. 31.—Nine flights in the course of a two hour patrol fight is the record established by Sergeant D. M. Peterson, of the Lafayette Flying Squadron. He drove one of his adversaries to earth.

KERENSKY STAYS DEATH PENALTY

Petrograd, Oct. 31.—The ministry of war has been authorized to provide armistice guards for passenger and freight trains because of a report that stations and freight trains had been looted and passengers robbed.

The request of the Siberian Cossacks that they be given representation on the jury which will try General Korniloff, leader of the recent abortive revolt, has been granted by the government. The request was based on the ground that the general's father was a Siberian. A supplementary inheritance tax has been approved by the minister of finance. It is estimated it will produce about fifty million rubles additional revenue annually.

Alexander D. Protopopoff, former minister of the interior, and one of the chief reactionaries of the imperial regime, has been removed from the post of St. Peter and St. Paul to a hospital on account of ill-health. After his removal he was threatened with lynching by a group of soldiers who broke into the hospital and demanded to be assured of the truthfulness of reports that his condition was serious. The hospital authorities succeeded in placating the soldiers and Protopopoff was not harmed.

Petrograd, Oct. 31.—The newspaper Rabotchnaya Gazette reproduces the text of a telegram sent by Premier Kerensky prohibiting until further orders the carrying out of death sentences at the front.

WON MILITARY MEDAL

Mr. and Mrs. T. M. May of Hoyt Station, N.B., have received word that their eldest son, Corporal Arthur M. May, has been awarded the military medal for an act of bravery while at the front in France.

Corporal May, who was with the C. P. R. at McAdams before enlisting, went overseas with No. 1 construction battalion and was in France for fourteen months. He was wounded about four months ago and still was in the hospital when the award was made. His only brother went overseas at the same time.

MISKE WINS

Boston, Oct. 31.—Billy Miske, of New York, put Wilbert Kenny, of New York, into such distress in the fifth round of their bout here last night that the referee stopped the fight. The bout was scheduled for twelve rounds.

BRITISH BOMBS DROPPED INTO GERMAN TOWN

London, Oct. 30.—"Twelve British machines yesterday attacked Pirmasens, twelve miles beyond Saarbrücken, Germany," says an official statement issued last night on aerial operations. "Bombs were seen to burst on factories and gas works with excellent results. "Last night British machines bombed the railway station and lines around Saarbrücken."

THOUSAND NATIVES AT DURBAN DROWNED

London, Oct. 31.—(Bulletin)—One thousand British-Indian natives are believed to have been drowned at Durban, Natal, according to a Central News despatch from Johannesburg today.

No details have been received from any source to indicate the nature of the calamity reported in the Johannesburg advices.

WIDESPREAD DAMAGE IN GALE THAT ONE TIME WAS OF 64 MILES VELOCITY

Ballast Wharf Is Wrecked In Storm

Freight cars overturned. Much other damage along waterfront and elsewhere in city—Reports from outside places tell of devastation wrought.

A wind and rain storm, which swept over the city last night, combined with an unusual high tide, caused thousands of dollars' worth of damage along the harbor front. The wind, which had been blowing a gale during the early part of the night, increased in violence about eleven o'clock and maintained a velocity of forty-four miles an hour. At twenty minutes after eleven it increased to sixty-four miles, but remained at this velocity for only a few minutes and continued to vary from thirty-four to forty-four miles.

The storm in itself was not considered very severe, but combined with the exceptional high tide, brought conditions which were not to be repeated along the waterfront for many years. The wharves along the entire eastern side of the harbor were all more or less damaged, and the planking on nearly all was torn loose and some washed away.

At the Ballast wharf many thousands of dollars' damage was done. The large cranes crashed into the wharf, and the harbor and stripped the outer sea wall, leaving the wharf a wreck. More than \$10,000, it is estimated, will be required to repair the damage.

The wharf is at the most exposed place in the harbor for a storm from that direction, and the wind and waves spent their full fury on the structure. The fact that the inner wall had been heavily ballasted with rock from the sugar refinery excavations, saved it from being swept into the harbor.

The full force of last night's storm struck the Ballast wharf at the entrance to the harbor and stripped the outer sea wall, leaving the wharf a wreck. More than \$10,000, it is estimated, will be required to repair the damage.

The wharf is at the most exposed place in the harbor for a storm from that direction, and the wind and waves spent their full fury on the structure.

Across the slip the new sugar refinery wharf also shows the effects of the storm, where tide and waves lifted the top of the structure at one place.

The city wharves along the eastern side of the harbor also felt the effect of the storm, and today torn timbers and missing planking are evidence of its force.

The extreme end of North Market wharf was damaged the most. The chief damage was to the top planking, and it is estimated that the cost of replacing the planks will be about \$2,000.

Lawton's wharf, so-called, at the foot of Duke street, Pettigrew's wharf, and the Reed's point wharf also suffered damage to the decks of the wharves, about \$3,000 worth of damage being done.

It will take about \$1,000 each to put the east and west side ferry wharves in good condition again. The only loss the city suffered at the West St. John was some damage to the top planking of No. 1 wharf.

Kane & Ring's work of reconstruction at No. 5, West St. John, escaped without damage.

In lower cove, Quinn's wharf, owned by the city and leased to George Dick, was badly smashed up at the outer end, one of the wharves on the wharf also suffering damage. About \$2,000 will cover the loss.

The extensive damage to harbor properties led to much discussion around the city today regarding the need for better reconstruction at No. 2, fifth column.

Governor Of Province Dead

Hon. G. W. Ganong Passed Away Early Today

ILL BUT FEW WEEKS

Had Come at Half Past Two, Following Ill Turn Early Last Evening—Successful in Business and Politics—Was Born in Kings County 68 Years Ago

(Special to Times)

St. Stephen, N. B., Oct. 31.—Governor Ganong passed away at his home, Lionora Hall, this morning at 2:30 o'clock, after an illness of little more than two weeks. He was seized with illness on Sunday, the 14th instant, and Dr. Deinstadt was called in. As his patient did not improve, he called in Dr. Hamilton, of Montreal. The disease was pronounced intestinal toxemia with kidney complications.

Governor Ganong made a brave struggle, some days with marked improvement, and other times his case seemed critical. Last evening about six o'clock he was seized with a sinking spasm and did not rally.

He leaves his wife, who was Miss Maria Robinson, daughter of the late John B. Robinson, of this town, and a sister, Mrs. Perkins, of Ottawa. J. E. Ganong, of Toronto, Professor W. F. Ganong, A. D. Ganong, of this town, and W. K. Ganong, of St. John, are nephews.

Gilbert W. Ganong was born in Kings county, N. B., sixty-eight years ago, and with his brother, James Ganong, arrived in St. John more than forty years ago, and since then he has been a prominent figure in the business life and activity of this place. He had been president of the firm of Ganong Bros. confectionery firm for a number of years, and to his ability as an executive head was marked. Hundreds of people have been recipients of his many acts of his generosity. Mr. Ganong served this county one term in the House of Commons, and in last July was sworn in Lieutenant-Governor of this province, which office he held at the time of his death. He was a regular attendant of the Union street Baptist church, and in politics was a Conservative. No funeral arrangements have yet been made.

The late Governor Ganong represented Charlotte county in the Dominion parliament for two terms. He was elected in 1900 and again in 1904, but was defeated by W. F. Todd, Liberal, in 1908. He was appointed to the office of lieutenant-governor of the province on June 29, and his inauguration took place in Fredericton on July 4. He thus served in that capacity for less than four months, the shortest period in the history of the office. The last lieutenant-governor to die while in office was Hon. John Boyd, who died in 1898.

At the time of Governor Ganong's appointment it was hailed as one of the most popular which could have been made. He was held in the highest esteem throughout the province and even those opposed to him politically welcomed the honor which had been conferred on him.

In commercial life he was a figure of outstanding prominence throughout the Dominion, his name being known from one end of the continent to the other as a result of the successful business which he had built up in St. Stephen. Ganong Brothers, Ltd., with their immense confectionery factories is the principal industry of the town. He was also largely interested in the St. Croix Soap Manufacturing Co., Ltd., in the same town.

As a citizen he showed great public spirit and always was to the fore in any movement for the good of the community. During his last illness, intense interest in his chances for recovery has been shown throughout the province and the news of his death was received with deep regret.

THE LATE HON. G. W. GANONG

THEFT CHARGE BRINGS STORY OF CONSPIRACY TO ORGANIZE STRIKES

"Doctor" Edwards Says He Was Offered \$1,000 a Week to Make Labor Trouble in States and Canada

New York, Oct. 31.—"Doctor" Carl Van Edwards, on trial here on a charge of having stolen \$35,000 in jewelry and \$800 in money from Mrs. Minnie K. Strangman, wife of a Buffalo, N. Y., brewer, testified yesterday that he had been offered \$1,000 a week to undertake a mission of strike organization in the United States and Canada in behalf of the German government.

The man who made the offer, he declared, was known to him as Carl Hanemann, who was described as secretary to Count Von Bernstorff.

KING'S APPRECIATION OF FIRST SUPPLIES FROM CANADA FOR TROOPS

Montreal, Oct. 31.—At a banquet held here last night in celebration of the third Canadian national fish day, one of the speakers was Major H. A. Green of the quartermaster-general's staff with the Canadians, officer in charge of fish supplies to the imperial forces. He had a letter from King George expressing appreciation of the efforts to supply the troops with fish, and also his royal approval of a sample which had been supplied for his personal consumption.

GERMAN PATENTS IN STATES AVAILABLE FOR U.S. MANUFACTURERS

Washington, Oct. 31.—The vast store of German scientific information in the United States was opened yesterday to American manufacturers. Regulations issued by the federal trade commission provide that enemy-owned patents and copyrights will be licensed for manufacture by citizens of the United States.

When the regulations had been made public, the commission met a group of medical men to consider licensing the manufacture of certain drugs, principally salvarsan, used in virulent blood diseases and non-toxic substitutes for local anesthetic, the supply of which in this country has run dangerously low since the war interrupted commerce. Approximately 20,000 patented and copyrighted articles are said to be affected by the commission's order.

BRITISH STEAMER LOST IN FIVE MILLION DOLLAR FIRE

Incendiary Work Near Baltimore Causes Loss of Vessel, Piers and Goods and Probably Four or More Lives

Baltimore, Oct. 31.—A disastrous fire last night, which wrecked two of the finest of the Baltimore and Ohio Railway terminal piers at Locust Point, spread to a British steamship which had just docked and caused it to burn and explode with loud reports when the ship took fire and it was not long after the ship had been towed into the stream that she sank.

Chief of Police Leigh of the Baltimore & Ohio Railway began an investigation of the report of the pier watchman that he saw five or six men jump from Pier No. 9 just as the flames broke out. The piers have been under armed guards for some months.

LATER Baltimore, Oct. 31.—The ten stevedores who had been on the ship and were thought to have gone down, were all accounted for today.

HEAVY SNOWSTORMS

Quebec, Oct. 31.—A severe snowstorm swept the whole of the North Shore last night after hitting Quebec and the district and at many points the telegraph wires are down, so that no reports are available. A rumor said the schooner Daisy, Captain J. Blais, of Lauson, had been lost, but reports came today that she is safely harbored at Whale Head, below Father Point.

Montreal, Oct. 31.—Severe snowstorms visited Quebec and the maritime provinces and adjacent points in the United States last night. The telegraph system connecting Montreal and Atlantic cities had been repeatedly suspended.

GERMANS GUARDING COLOGNE CATHEDRAL

Amsterdam, Oct. 31.—Stained glass windows of the Cologne Cathedral, according to German newspapers, are being replaced with plain glass as a precaution in case of air raid.

The Cologne Cathedral is one of the most magnificent gothic edifices in the world. Some seven stained glass windows date from 1805, but most of them are modern.

SAYS ELECTION IN FIVE OR SIX WEEKS

Vancouver, Oct. 31.—In an address here Hon. Mr. Burrell said the elections would be held in five or six weeks.

SUNBURY MAN IS NEARLY 107 YEARS OLD

Fredericton, Oct. 31.—Patrick Farrer of North York, Sunbury County, says he is the oldest resident of New Brunswick. If he lives until next April he will have completed 107 years. Mr. Farrer is a native of Ireland and says he is a veteran of the Crimean War.

LOOK FOR MERRY TIME IN WASHINGTON TONIGHT

Washington, Oct. 31.—At midnight the national capital goes dry. Washington is planning a farewell celebration and the usual carnival scenes probably will be enacted as the closing hour approaches.

WEATHER REPORT

Issued by Authority of the Department of Marine and Fisheries, R. F. Stupart, director of meteorological service

Good Things Coming
Theatres of St. John

DEATH FACED DAILY BY VITAGRAPH STARS IN ACTING OUT OF THRILLING SCENES—95 P. C. OF PICTURES TAKEN OUT OF DOORS.
"The Fighting Trail," the Greater Vitagraph serial which will start at the Imperial Theatre on Friday and Saturday next, is declared to be the most remarkable picture ever filmed. It is one of the most exciting melodramas ever filmed.

"THE BRAT" SALE OPENED STRONG

There were a large number of people on hand at 10 o'clock this morning when the box office was opened at the Imperial Theatre to secure choice seats for "THE BRAT," Maud Fulton's sparkling and slyly comical, booked for presentation at the Keith house next Wednesday and Thursday. This story is not a problem play, and is not what might be called heavy. It gives an opportunity to discerning folks to see the contrast between the underworld girl and uppercrust of society, and some surprising discoveries can be made, not always to the credit of the so-called elite.

AT THE OPERA HOUSE

Some funny fellow is that elongated comedian, Frank Douglas, at the Opera House this week. Lots of good hearty laughs in his little stories and quips—all clean, too, and very enjoyable. The Five Musical Sailors have two clever little kiddies—there are three other good acts on the programme and for tonight, tomorrow and Friday, the fifth chapter of "The Red Ace," a stirring dramatic serial story of the Canadian northwest and the Northwest Mounted Police, which is full of adventure and gripping scenes and situations in the "Big Woods."

Novelty Halloween Photographs

Of Pearl White Given Away At The Unique Theatre Tonight
A delightful novelty and souvenir will be given to patrons of Unique tonight in the form of a photograph of the popular serial star, Pearl White. Excellent programme.

MORE GOOD ONES AT GEM

On Page 11 you will find details of the Gem's new programme—and it's an excellent one. Carlyle Blackwell is the hero in "The Clarion," a big, gripping story of capital and labor. There is a good comedy juggler and the Kentucky tip of colored entertainers promise a big hit.

LOSS TO FISHERMEN

Word was received in the city this afternoon that the fishermen at Point Lepreau met with heavy losses last night during the storm. Their boats were swept away and sunk. It is estimated that the damage will aggregate several thousands of dollars.

ST. JOHN BUILDING WORK

Building permits issued during October show a total value of \$6,100, as compared with \$88,100 for the corresponding month last year. The number was three, as compared with six. Since January 1 the total value of the permits is \$521,250, as compared with \$447,850 for the same period in 1916.

BRITISH TURN DOWN I. W. W. GOVERNMENT READY TO ACT
London, Oct. 30.—In the house of commons today Sir George Cave, the home secretary, said an attempt had been made to establish a branch of the Industrial Workers of the World in London, but that it had received little or no support.

The home secretary added that all necessary steps had been taken by the government to deal with the matter.

AN OFFICIAL PRONOUNCEMENT ON THE MATTER OF UNION AND ELECTIONS

Ottawa, Oct. 31.—The following official statement was issued today: "On behalf of the government, the prime minister desires to emphasize the considerations set forth in his publication of 22nd—
"Men prominent in public life in both political parties have unselfishly stood aside in order that union might be achieved. The members of the present administration have sunk their party differences disregarded all minor considerations and united in an earnest effort for a supreme national purpose. They feel that it is not too much to ask the people of Canada, of whatever party allegiance, to pursue the same course, to unite in the same spirit, and thus to aid in the same purpose.
"The government has no desire or intention of interfering with the rights of the people in each riding to select the contestant of their choice, but they desire united endeavor in making the selection. It is hoped that the women in each riding will be invited to co-operate for that purpose. Those who are prepared to support union government, naturally expect that they shall have a voice in the selection of union candidates. A course which prevents this is liable to provoke and undermine unity of effort when it is most needed."

SEVERE RHEUMATIC PAINS DISAPPEAR

Rheumatism depends on an acid which flows in the blood, affecting the muscles and joints, producing inflammation, stiffness and pain. This acid gets into the blood through some defect in the digestive processes, and remains there because the liver, kidneys, and skin are too timid to carry it off. Hood's Sarsaparilla, the old-time blood tonic, is very successful in the treatment of rheumatism. It acts directly, with purifying effect, on the blood, and through the blood on the liver, kidneys, and skin, which it stimulates, and at the same time it improves the digestion. Get Hood's Sarsaparilla today. Sold by all druggists.

Montreal, Oct. 31.—A petition has been entered in the superior court to have the military service act declared unconstitutional.

LATEST WORD FROM THE CANADIANS

(By W. A. Willison, Special Correspondent of the Canadian Press)—Canadian Army Headquarters, Oct. 31.—As they stormed the outer defences of Passchendaele when they captured Bellevue spur, so the Canadians in a rush on Great Farn at Mescheke have attacked the enemy's strongest inner defences before the village itself and have gained a further footing on the Passchendaele Ridge. Our front line is now well established, and is within 500 yards of the ruined village on the summit of the northern fringe of Passchendaele Ridge. Since six o'clock this morning, when our artillery began, an hour and a half barrage until the time of writing at three p. m., continuous fighting has been going on, the enemy forces launching one counter-attack after another in a vain attempt to regain his treasured positions.

FAIL TO AGREE

THE NEW CHANCELLOR

Copenhagen, Oct. 31.—Count George Von Hertling, who has been appointed to succeed Dr. Michaelis as German imperial chancellor, was for long years the leader of the Catholic centre in the Reichstag. He was one of the few forcible and first grade personalities among the non-Socialist representatives. The new chancellor's name has been anathema to the pan-Germans of the extreme right, owing to the belief that he is not their man as far as the annexation programme is concerned.

THE POLICE COURT

Miss Mary Carey was in the police court today on charge of stealing clothes from Mrs. George P. Hamm of Main street, to the value of \$18. Miss Carey said she had taken some of the clothes in mistake for her own. The case stands for trial.

WALL STREET, NOON

New York, Oct. 31.—Liquidation of industrial and railroad securities under the new law touched 99 3/8. Allied stocks broke 2 to 8 points, and trans-continentals and coalers were at lowest quotations for the current movement. Among less representative issues declines ran from 8 to 10 points, the movement halting slightly toward noon. Sales during the morning approximated 60,000 shares.

protection for the harbor. It was argued by many that the extension of the Negro Head breakwater to Partridge Island, particularly if supplemented by the proposed breakwater running from the eastern side of the island, would have afforded sufficient protection to have averted much of the loss. The direction of the storm allowed it to strike the harbor from the least protected quarter, and the need for additional safeguards for the wharves and shipping was strongly commented on along the harbor front today.

Schooner in Trouble

The two-masted schooner Onward was driven ashore in Lower Cove slip, and was successfully pulled free this morning by the tug Alice R. and Neptune. During the height of the gale the schooner broke away from her moorings and drifted up the slip. Her bowsprit caught the masts on an adjacent schooner, the Torsted, owned by Daniel Cameron of Dipper Harbor, and swept them off like pipe stems. She then grounded at the head of the slip. The stern of the schooner was quite badly damaged, but fortunately she sustained no serious damage to the hull.

In Nova Scotia

Digby, N. S., Oct. 31.—Last night's gale in Nova Scotia caused another washout on the D. A. R. to the west of Annapolis and made it impossible for trains to pass. The shunting engine and morning freight are still at Annapolis and although the east bound train came through from Yarmouth there is no probability of its getting to Halifax. The boat from Boston had not been heard from when the train left.

The sea wall of the Digby neck is practically destroyed and for a distance of 500 yards what was simply a mass of rocks, dories washed up from the bay and debris. Buildings, trees and telephone poles are scattered in all directions and it is feared many small boats will have suffered.

IMPROVEMENT AT C. G. R.
The management of the C. G. R. has decided to keep the full staff of telephone operators on the board in the station every night up until eleven o'clock. Heretofore the board was shut off at six p. m. and this proved inconvenient to the public as it was practically impossible to ascertain after six o'clock just how the trains were. Now that the good work is started it is possible that before long the baggage transfer office, which was sometimes ago built in the station, will be opened to the public. The office has been nicely painted but as yet no clerk is at the desk.

Stinging Defeat for Forces of Crown Prince Rupprecht Canadians and British Strike Blow at Pride of Bavarian

Fierce Resistance Makes Casualty List Probably Lengthy One; A Vivid Picture of the Fighting; Dominion Troops Only 400 Yards From Passchendaele

British front in Belgium, Oct. 30.—(By Associated Press.)—The forces of Crown Prince Rupprecht of Bavaria today suffered another stinging defeat when the British reached out across a sea of mud and wrenched away still more of the remaining defences in the enemy's Passchendaele system.

It has been another proud day for Canada. Her troops this afternoon were sitting almost at the gates of Passchendaele and from their positions astride the Broodseinde-Passchendaele highway along the ridge they could see only 400 yards away the great church which stands in the centre of the village.

While the Canadians were battling their way forward in the face of fierce resistance from the Bavarians, comrades of their left were hammering their way along the Meetele or Bellevue spur, to points which seem to have carried them well beyond the hamlet of Meetele and the numerous machine guns with which that elevation was covered.

There was sanguinary fighting in both sections. The German losses were heavy and the men from overseas did not achieve their triumph without some cost in casualties.

Meanwhile British home troops on the left of the Canadians had undertaken the task of crossing the Paddelbeck river and the morasses, in order to bring their line forward and protect the Canadian flank. The men from the British Isles knew that this must be done, and they did it. How they accomplished this drive through the clinging mud probably themselves could not tell.

One heavy counter-attack delivered by the Bavarians as early as 8:30 o'clock from Masselmarkt against the Canadians was caught by artillery and machine gun fire and smashed. The gain on the Canadian front averaged between 800 and 1,000 yards along most of it.

The Canadians encountered a stiff position early in the advance at Friesland Cope, a machine gun defence lying in the valley of the Ravebeck, which runs down the slopes at the junction of the Meetele spur and the Passchendaele Ridge.

The infantry working eastward along the crest of Passchendaele Ridge toward the village progressed rapidly although they sustained a severe fire from many points.

Crest Farm, just north of the highway, put up strenuous resistance and a hard struggle was staged here. The farm was armed heavily with rapid fire guns and the Canadians attacked it with rifles and bombs.

Well Done Artillery While the British were struggling with the enemy at Crest Farm, the troops on their left were meeting with trouble from the enemy guns, which concentrated their fire on them. The British artillery came to the rescue with such an intense fire against the German batteries that the hostile shelling decreased greatly.

The Canadians at Crest Farm, 1,000 yards south of Masselmarkt, were the first to see this threat developing against their comrades. Some captured enemy machine guns were brought into play against the advancing Bavarians with disastrous result.

At the left, the Canadians and English pushed rapidly across the Paddelbeck river and assaulted numerous enemy defences on the eastern bank. The ground was in very poor condition, but the whole country surrounding was a marsh in which the men floundered miserably.

To add to their troubles there were hundreds of great shell holes filled with water, into which they often plunged, and from which they were extricated with difficulty.

SIX PROVINCES OF CANADA REPRESENTED IN ADVANCE

Canadians' Work on Western Front—Nova Scotians in the Fighting—Conditions Never Worse in Whole History of War

Canadian Headquarters in France, via London, Oct. 30.—(By W. A. Willison, Special Correspondent of the Canadian Press.)—Satisfactory progress has been made by our forces all along the line in a day of desperate fighting. The Canadian infantry, by the latest reports, had taken both Crest Farm and Meetele, and, with the splendid support of our artillery, had repulsed two counter-attacks. Meetele was the enemy's last stronghold in front of Passchendaele.

Scrambling over hastily constructed trenches which marked the forward line reached by the second attack, the Canadians at dawn today pushed forward again along Bellevue and Passchendaele ridges in an advance which stretched ahead and storming their way to the village of Meetele. A violent struggle occurred at close quarters among the cottages in this little place.

The Canadians at Crest Farm, 1,000 yards south of Masselmarkt, were the first to see this threat developing against their comrades. Some captured enemy machine guns were brought into play against the advancing Bavarians with disastrous result.

To add to their troubles there were hundreds of great shell holes filled with water, into which they often plunged, and from which they were extricated with difficulty.

Such strongholds as Sourd Farm and Couric Farm maintained a heavy machine gun fire against them from the moment the advance began. In spite of these difficulties they pushed their line forward and established contact with the Canadians on their right.

NEW CONCERN ON KING SQUARE Claim They Will Do Business Like Large American Companies

A new firm is opening business at 5 King square on Friday morning. They are carrying a line of men's wear only, but their methods are said to be entirely different from the average dealer.

Speaking yesterday the manager claimed that his firm had purchased a large stock of men's shirts, sweaters, overalls, underwear, socks, etc., before the war at a bargain, but they were not in the retail business and so never offered the goods for sale.

We have now determined, said he, to clean up on the speculation. As we bought the whole stock for a lump sum we are not governed by any standard of prices to make profit like the other merchants. We have set out our own prices, and if they seem ridiculously low that is entirely our own affair.

You read of sales in big American cities where price values are not considered. That is the way we do business. This is really like a sale you might go to in Boston. The Times tomorrow will have our opening announcement.

ITALY HAS A NEW CABINET

Orlando Quickly Forms His Government Strong Union Formed

Party Differences Wiped Out in Face of Attack by Enemy Fighting Spirit of Italians More Pronounced Than Ever

Rome, Oct. 31.—King Victor Emmanuel yesterday received from Vittorio Orlando, minister of the interior in the Bosselli government, who agreed to undertake the formation of a cabinet and took the oath as premier.

Premier and minister of the interior, Vittorio Orlando; foreign affairs, Baron Sonnino; colonies, Signor Colosimo; justice, Signor Sacchi; finance, Signor Meda; treasury, Francesco Nitti; war, Gen. Affier; navy, Vice-Admiral Debono; munitions, Gen. Alfredo Dall'olio; military and war pensions, Signor Dissolad; education, Signor Barenini; public works, Signor Bari; agriculture, Signor Miliani; commerce and labor, Signor Giuffrè; posts, Signor Fara; transports, Signor Bianchi.

The wiping out of party differences and the strengthening of Italy's morale in the face of the present military effort by the Austro-German coalition is exemplified in the statements issued by two of the political parties, the Catholics and the Socialists. The statements declare that no party sentiment must be recognized in this time of trial.

One effect of the participation of the German troops in the offensive has been the elimination of the few remaining sympathizers with the Germans with the arousing of the fighting spirit to the general.

BRAVE CREW OF SLAVA BETRAYED BY SOLDIER COMRADES

Six Hundred Landed on Oesel and Drove Back 6,000 Germans a Distance of Fourteen Miles; Soldiers Refused to Fight

Petrograd, Oct. 30.—Detailed accounts are now at hand of the last four days of the battleship Slava and the fighting on Moon Island.

Members of the Slava's crew state that on October 17 it was reported from Werder that the enemy fleet was approaching the southern entrance of Moon Sound. The Russian squadron was in fighting order and at once raised anchor and steamed out to the mine fields.

At a range of 112 cable lengths, the Russian shells opened fire. The German dreadnoughts, under cover of a smoke curtain, rapidly advanced and a fierce battle began. The Russians hit the bow of the leading German dreadnought, while the Merandinn and dreadnoughts, were struck by the Germans, but not seriously damaged.

Finally the ship was concentrated and the enemy, having received seven-hundred-inch shells in her starboard bow, began to heel over.

In addition to the continual fire from enemy ships, the Slava was attacked by the Oesel Island and the fighting was very hot. The officers and crew worked with perfect harmony and magnificent energy. Finally the ship was sighted, but, in view of the great superiority of the enemy, orders were given to retire and the squadron slowly steamed northward, with the Slava in the rear, exposed to the full force of the enemy.

Water gradually filled her hold, and she slowly sank. Destroyers came up and took off the surviving officers and men. The Slava, whose name means Glory, went to the bottom with her heroic dead. The sailors had fought marvellously.

Sailors Were Betrayed. Some volunteers from the Slava landed on Oesel Island to defend it, and for hours held the mole between Oesel and Moon Island. Infantry, however, betrayed them. The sailors begged the soldiers to do their duty. "It doesn't matter when you die, comrades," they said. "It's a shame to give the island to the enemy." The soldiers refused to listen, and hurried across to Moon Island.

The sailors state that if the soldiers of the garrison had not been so cowardly the Germans could never have landed troops on the island. To prove this, they pointed out that the Slava sailors, with a volunteer detachment from the Oesel, had driven back 6,000 Germans and drove them back fourteen miles.

The seamen were greatly incensed at the brutal treatment of wounded sailors and prisoners by the Germans. When the volunteer battalion drove back the Germans on Oesel Island they found one sailor lying with his eyes gouged out and four other seamen mangled.

Left to Submarine. It has long been a puzzle to students of German naval strategy that the enemy has neglected his opportunities in the Baltic. The naval force he has now brought to bear is probably five times superior to that of the Russians, and its application at an earlier stage of the war might have yielded important results.

HELP THE WAR LOAN

The October circular letter of the Canadian Bank of Commerce has an interesting article on the export trade of Canada, and points out that while the United Kingdom has been compelled to regulate her imports so that only the most essential are now admitted, yet Canada's share of the trade has rapidly increased.

with supply and demand. If drastic measures are necessary they should be taken without any hesitation whatever. The man who takes more than a reasonable profit is helping Germany.

Frequently we are given evidence of the seriousness with which the United States goes about its war work. The latest is the turning over of German-owned patents and copyrights in the United States to American manufacturers.

The Canadian are winning fame anew on the western front. And it must be remembered that the conditions are terrible, the ground cut up by shell fire and the battlefield made a swamp by torrents of rain.

The new Italian government takes up its duties with the backing of a united people more determined than ever that the Austro-Germans shall not rule the world.

SEIN FEINERS WANT A PEACEFUL ROAD TO AN IRISH REPUBLIC

Dublin, Oct. 31.—The proceedings at the Sinn Fein convention here brought to the surface the two currents of opinion in the movement, when it was proposed to impose a military test upon the membership of the organization.

Whether hedging now would satisfy in the long run the ardent spirits of the separatist volunteers remains to be seen. The pacifist elements look to Germany and Austria at the peace conference for satisfaction of their claims, but they have ceased to include America among their allies, since the evidences of the alienation of Americans by some of their friends in the States have been made public property.

The practical outcome of the movement seems likely now to be nothing more than an attack upon the Irish Nationalist party, whose existence, it is explained, bars the way to Irish representation at the peace conference.

Arthur Griffith made a speech to the convention in which he said that the position for which the Sinn Fein strove had been accomplished, namely, renunciation of the British parliament.

The object of Tuesday night's debate in America and England's Allies that the Sinn Fein meant anarchy and nihilism, not nationalism, but the Sinn Fein would outlive the premier's threats.

A peace conference was their immediate object to claim the same rights as Poland, Belgium and Serbia.

Would Give Last Province Representation and Help to Balance Parties—Hon. Martin Burrell Would Retire

Ottawa, Oct. 30.—While nothing yet has been decided pending further negotiations, it is understood in government circles here that union government may be rounded out so far as British Columbia is concerned and also in regard to the numerical balance of Liberals and Conservatives in the cabinet by the inclusion of Premier Brewster.

The British Columbia premier was a party to the union negotiations at the capital three weeks ago and it was reported then that he had been offered a portfolio as the representative of his province in the cabinet.

Hon. Martin Burrell, the present representative of British Columbia, is said to be anxious to retire from politics to accept a permanent government appointment. Mr. Brewster was in Ottawa a few days ago conferring with Sir Robert Borden.

Always Had Headaches Liver Was Torpid and Bilious Spells Brought Sick Headaches—Last Much Time, But is Now Completely Cured.

Newtown, N. B., Oct. 29.—Here is convincing evidence that however much you may suffer from liver trouble and consequent biliousness there is cure in the use of Dr. Chase's Kidney-Liver Pills.

Overeating is the most common cause of sluggish liver action. You lose your appetite, have distressing bilious spells, usually accompanied by headache and vomiting, the bowels become irregular, constipation and looseness alternating, digestion is upset and you get irritable and down-hearted.

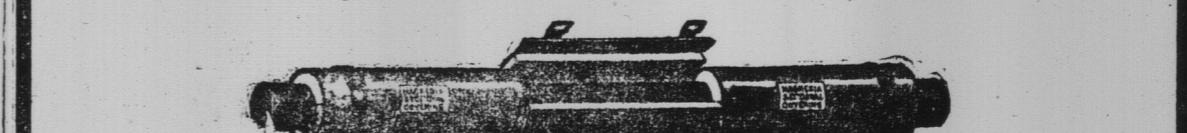

Mr. Charles R. Tait, Newton (N. B.), writes: "I was nearly always troubled with headaches, and would often have to stop work for a day or two. I lost many a night's sleep every month with bilious spells, and although I tried doctors' medicines and also many other patent medicines, it was without success. When I had these headaches I would vomit, and could keep nothing on my stomach."

I purchased a box of Dr. Chase's Kidney-Liver Pills from G. M. Fairweather, Druggist, of Sussex, N. B., and after taking one box I was so much relieved that I continued to take them until I am now completely cured. My advice to anyone suffering from sick headaches is to try Dr. Chase's Kidney-Liver Pills and be completely cured."

Dr. A. S. Mace, J.P., endorses the above statement, and says: "This is to certify that I am personally acquainted with Charles R. Tait, and believe his statement in every way to be true and correct."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25 cents a box, all dealers or Edmondson, Bates & Co., Limited, Toronto. Substitutes will only disappoint. Insist on getting what you are asked for.

TERRIBLY SICK WOMAN

Surgical Operation Thought Necessary, but Lydia E. Pinkham's Vegetable Compound Saved Her.

Madison, Wis.—"I was a terribly sick woman for over three years. I suffered with terrible pains in my back and was about to have an operation when a friend said to me, 'Before having that operation just try Lydia E. Pinkham's Vegetable Compound.' So I let the operation wait, and my husband bought me the Vegetable Compound and it has made me a well woman and we have a lovely baby girl. We cannot praise Lydia E. Pinkham's Vegetable Compound enough, and I hope this letter will lead other suffering women to try it."—Mrs. BENJAMIN F. BLAKE, R.F.D. No. 5, Box 22, Madison, Wis.

There must be more than a hundred thousand women in this country who, like Mrs. Blake, have proven what wonderful Lydia E. Pinkham's Vegetable Compound can do for weak and ailing women. Try it and see for yourself.

All women are invited to write for free and helpful advice to Lydia E. Pinkham's Medicine Co. (confidential), Lynn, Mass.

a decrease of £1,000,000 and the loss to credits £2,896,654, a decrease of £955,809. The principal failures were among grocers, bakers and saloon keepers.

ONE OF BRITAIN'S STANDARD SHIPS HAS BEEN LOST

London, Oct. 31.—In the House of Commons yesterday Sir Leo Chiozza Money, parliamentary private secretary to the minister of marine, announced that up to October 25 five standard ships of approximately 5,200 tons had been built, but that one of these had been lost.

SOUP PLAYS HAVOC WITH STOMACH

To Avoid Distress Take a Stuart's Dyspepsia Tablet After Meals—They Digest Anything

A plate of rich vegetable soup is a veritable mine of nutrition, yet it will cause untold misery in some stomachs. It will lay heavy, feel like a lump of lead, cause biliousness, bring on lip sores and other symptoms, such as a bloating sensation after eating, accompanied sometimes with sour or watery risings, formation of gases, causing pressure on heart and lungs and difficult breathing, headaches, hickie appetite, nervousness and general played-out feeling.

Stuart's Dyspepsia Tablets are one of the real staple articles in the drug stores, because a host of dyspeptics and those troubled with indigestion have found them the handiest, simplest, safest and most reliable corrective for such conditions as catarrh of the stomach, biliousness, sour stomach, heart-burn and bloating after meals.

ENGLAND NOW EMPLOYING 700,000 WOMEN ON MUNITIONS

London, Oct. 10.—(Correspondence)—There are now 700,000 women employed on munitions work in this country against 140,000 in 1915. The number of women employed shows an increase, during the same period, of 66.6 per cent.

The war office is calling for about 12,000 women a month for service at home and abroad, many being especially wanted in the aerodromes and airplane repair shops.

Arrangements are being made for the establishment of hostels for women all over the country. When they are passed through the selection boards they go to the hostels, get their uniforms and are then drafted into their camps. Pay varies from \$5 to \$10 weekly, with uniform.

Honored by Japanese Emperor
Tokio, Oct. 2.—(Correspondence)—Miss Julia N. Crosby of Yokohama, has been invested with the order of the Blue Ribbon by the Japanese Emperor. Miss Crosby is 84 years old, and for forty-six years has been engaged in the work of the Women's Union Missionary Society. The honor is conferred in recognition of her labors in the education of Japanese girls, as well as of her works of charity. Miss Crosby is the elder daughter of the late Prof. Henry William Crosby of New York.

Washington "Dry" Tonight

Will Be Only Great Capital in World Where Prohibition is Effective

Famous Places to Close

Private Individuals Permitted to Import Liquor for Their Own Use—27 States and District of Columbia Now Dry

Washington, Oct. 31.—At midnight tonight the national capital will become saloonless and enter the absolute prohibition zone, making twenty-seven states and the District of Columbia within which the sale of intoxicants is prohibited. Washington will be the only capital of a national prohibition amendment to be effective, as even in Petrograd light wines are now legally sold.

While the law enacted did not forbid the importation of intoxicants into the District of Columbia, indications are that the national capital will be virtually without any stimulants. Liquor cannot be dispensed in clubs, under the new law, but private individuals may have it shipped to them for their own use.

Before the next congress assembles Washington will have had more than a month of prohibition, and in the next session there will be a concentrated fight by exponents of prohibition for the passage of a national prohibition amendment to the federal constitution. No country in the world has undergone a more radical change than this in reference to the use of stimulants since the manufacture of whiskey has been prohibited and the president has authority to restrict the use of grains for the making of beer if he deems it necessary.

Washington has been the home of famous hostilities since the early days of the government. The today was a daily part of life, and history records that it was regularly used even by our early supreme court justices. This practice wholly ceased among a considerable part of the political population, but Washington is now to become the centre of a desert America.

Ends Custom of a Century.

After 100 years of cheer-giving hospitality and, incidentally, a good share of the troubles it has brought to some public men and their families, a good share of whiskey and its lesser alcoholic associates, will depart, so far as their legalized sale is concerned. As the funeral to John Barleycorn is coincident with Haloween, the obsequies are expected to be memorable and fitting. Additional police have been obtained for the occasion and some hotels, fearing a riotous and uncontrollable crowd, have already closed their bars. Many places, however, intend to offer cabaret shows for the farwell ceremonies.

There is no concealment of the fact that organizations and people in Washington are preparing for one last happy revel. Some clubs have arranged programmes, at which drinks that heretofore were outlaws are put forward as a party to which each member will be entitled to bring one guest. The member and his friend may drink of wine and beer, but the clubs that will celebrate will have special programmes, and one has announced a "progressive drinker" night.

No opportunity was given the people of Washington to express themselves on the prohibition question. There is said to be much sentiment against the action of congress, which entered prohibition without a referendum. Congress rejected a proposition to submit the question to the people. One argument employed in debate was that more than one-third of the residents were negroes and therefore a vote would surely continue the Capital wet. The prohibition forces were in control in both houses, and they passed the law just as they legislate on all other matters for the District of Columbia. The action of Congress in this respect has revived the movement for suffrage in the district.

SHOOTS TWO ON DANCE FLOOR

Jealous Man Kills Woman and Fatally Wounds Her Escort

New York, Oct. 31.—Fifty couples were waiting at the dance of the Seino Circle in Central Hall, West Hoboken, when a man, elbowing aside some of the merry-makers, walked the length of the ballroom, pulled a revolver from a pocket, and began firing at two of the dancers. The first bullet hit Mrs. Nellie Kruck, a machinist, of 318 Paterson avenue, West Hoboken. He refused to tell why he shot Mrs. Wich and Raggio. His friends present at the ball said Kruck was jealous of the woman. He had been a boarder at the home of Mrs. Wich, 600 Hoboken street.

PARIS POLICE CHIEF PUTS SILENCE ON THE MOTOR SIREN TRUMPET

Paris, Oct. 10.—(Correspondence)—M. Huello, the new prefect of police, has decided that the motorists' contribution to the unnecessary noise of the capital shall be suppressed. The siren trumpet has been suppressed altogether. Other trumpets must be used only when necessary, under penalty of fine.

NEWS NOTES ABOUT PROMINENT BAPTISTS

(Maritime Baptist.)
Rev. B. D. Knott, of Mahone Bay, was the preacher at the First Baptist church, of New Glasgow, on Convention Sunday. A correspondent from New Glasgow writes of his sermons as inspiring and uplifting.

The sudden and severe illness of Lieutenant-Governor Ganong has called forth many expressions of sincere sympathy. At the time of writing this the latest report in regard to his condition is very encouraging. The threatened attack of typhoid seems to have been broken up. All wish him a rapid and complete recovery.

Rev. E. E. Daley has begun the seventh year of his ministry with the Tabernacle church, Halifax. If the wishes of the congregation are consulted another six years at least are likely to pass before the present happy pastoral relations are broken. The last charge 217 have been received into the membership of the church.

Rev. W. N. Hutchins, Ph. D., has been asked to write a series of articles for the Sunday School Worker, a new publication put out by the American Baptist Publication Society, dealing with the Methods and Principles of Sunday School work. This is a gratifying recognition of the scholarship and literary ability of the pastor of the Middleton church.

Rev. P. R. Hayden is resigning at Oxford, N. S., after a successful pastorate of more than five years. He has received a call to the Annapolis field, left vacant by the appointment of Rev. L. F. Wallace as home mission evangelist.

We have received a copy of the directory of the Second Baptist church of Bridgeport, Conn., of which Rev. F. C. Rideout is the successful pastor. The list of pastors of the church shows that the present pastorate of five and a half years is the longest in the history of the church. Since Pastor Rideout assumed the charge 217 have been received into the membership of the church, 103 of these by baptism. The present membership is 355. The pastor's salary has been increased three times, and recently a purse of \$100 was presented to him.

Rev. S. W. Stackhouse has accepted a call to the Moncton Suburban church, and will begin his work on his new field about the first of December. The church at Doaktown, of which he has been pastor for only a year and a half, has accepted his resignation with great reluctance. During his brief pastorate great progress has been made both materially and spiritually.

Recently Mr. and Mrs. Geo. E. Nichols, of East River road, New Glasgow, were surprised by their friends and co-workers of the First church on the occasion of the seventeenth anniversary of their marriage. On behalf of the company Pastor Archibald presented to Mr. and Mrs. Nichols an electric ringing lamp.

Rev. Josiah Webb, who during the winter enjoyed a few months of well earned rest, has again taken up the burden of the pastorate. He is now preaching on the Sabie River field, which is large enough to tax the strength of a younger man. But "Uncle Josh" (if we are revealing editorial secrets we hope to be forgiven) is young in spirit if not in years, and is not at all afraid of the hard work of an extensive rural field.

Rev. W. B. Crowell, after nearly fourteen years of service within the convention territory, is about to become an exile from his native land, having accepted a call to the United Baptist

MORNING NEWS OVER THE WIRES

The Montreal wholesale liquor house Scott & Co. was before the local court in Moncton yesterday. The defendant who was not present, was fined \$75. Fines of \$50 were imposed on the two Sledzie Scott & Co. violators.

The police in Fredericton removed about \$800 worth of liquor from one of the express offices in Fredericton yesterday.

Captain John A. Malenfant of Moncton who was well known in this city as quartermaster of the 165th Battalion arrived home from England this week.

Put Vim In Jaded Muscles

by stimulating and arousing the circulation with light applications of Absorbine, Jr., rubbed in thoroughly. This invigorating liniment acts quickly and surely. It is fragrant and pleasant to use—leaves no greasy residue on the skin.

As Absorbine, Jr., is a powerful germicide as well as a liniment, it is effective for prophylactic and aseptic uses; it destroys the germs in cuts and sores; it may be diluted and used successfully as an antiseptic and germicide for the mouth and throat.

Athletes will find it efficient for limbering sore, stiff muscles. A good formula for a rub-down is one ounce of Absorbine, Jr., to a quart of water or witch hazel.

It is composed of vegetable extracts and essential oils and is positively harmless. Get a bottle today and keep it in your desk, in your traveling bag, in your medicine cabinet, or in the side pocket of your automobile. It is health insurance of a high type.

REPEAT PERFORMANCE AT ST. ROSE'S BRINGS PLAYERS MORE HONORS

Despite inclement weather St. Rose's hall in Milford was packed last evening at the second performance of "The Dust of the Earth," presented under the auspices of St. Rose's Dramatic Club.

The play, a melo-drama with a pleasing blending of comedy and romance in four acts, was one of the most interesting productions ever staged by this clever group of amateur actors.

Prior to the first act a farce was presented by J. J. O'Toole and John U. Haggerty. It was titled "A Modern School For Acting," and abounded with ludicrous incidents and expressions. The acting of the participants kept the audience convulsed with laughter and they received hearty applause.

The clever impersonation of the principal characters in the drama evoked prolonged applause and won the admiration and praise of everyone present. Special mention should be made of the acting of Miss Blanche O'Brien and Miss Irene Malloy. These young ladies gave portrayals which would do credit to many on the professional stage. One of the most amusing character parts and one excellently done was that of Miss Arabella, "The Village Newspaper," by Miss Alma O'Toole. Miss Helen Gillis also acted her part well. W. J. Quigg as an aged farmer gave a clever portrayal. E. A. Drainer played the juvenile lead role excellently, while P. L. O'Toole as a colored man excelled himself. J. U. Haggerty as Dr. Templeton won new laurels and J. E. Fitzgerald also acted his part well. J. J. O'Toole as Jerry acted up to his standard and needless to say was a general favorite. On the whole the members of the cast acquitted themselves in a most commendable manner. The specialties were also well received, especially the singing of Miss Mildred French.

WAR WORK WITHOUT PAY
London, Oct. 10. - (Correspondence) - More than 850 of the men filling the higher posts in the British ministry of munitions are serving without pay. A report just issued by the ministry shows that the salaries paid to "men in somewhat equivalent positions" range from \$2,000 to \$15,000 a year, indicating that the saving to the government is very large.

RUSSIAN GUNS RAKE FRATERNIZING TROOPS
Cossack General Reports Inability to Combat Anarchy in the Mining Districts

Petrograd, Oct. 31. - (British Admiralty per Wireless Press) - Russian soldiers who fraternized with Germans were fired on by Russian artillery the other day. "In the reign of Illoostk," says the official statement, "several scores of our men fraternized with the Germans. The troops so engaged were dispersed by our artillery fire. The Germans also attempted to fraternize in the region of Kieve and near the village of Larovo, southeast of Baranovich."

General Kaleridnes, hetman of the Dn Cossacks, has telegraphed to the war ministry that it is impossible to combat the increasing anarchy in the mining

SINN FEIN FOOD CONTROL IN IRELAND

Circular Sets Forth Project De-signed to Avert Repetition of Calamity of 1847

London, Oct. 31.—The Sinn Fein or-ganization, according to the Morning Post, has started a food control de-partment in Ireland, independent of the government. The newspaper prints the text of a circular, which it says is being distributed widely, asking priests to help in making an inventory of food stocks as an initial step towards "retaining in Ireland sufficient food for the entire population and arranging to have it available for distribution whenever famine is to be dreaded."

The circular ascribes the danger of shortage to the excessive exportation of Irish food products and the consumption by the large garrisons there, and the submarine menace. It declares a wish to avert a repetition of the calamity of 1847.

C. P. R. AGAIN WAS UNDER PRESSURE

New York, Oct. 31.—(Wall street)—United States Steel featured the lower trend of prices at the opening of today's stock market, with a sale of 5,000 shares at 101 1/2 to 101 1/4 against yesterday's final price of 102 1/2. Later the stock fell to 101 1/4, but rallied fractionally. Cana-dian Pacific was under further pressure at a decline of 1 1/2 and Central Leather was the heaviest specialty, losing 1 1/2. The reaction embroiled General Motors, shipings and Pullman at recessions of one to two and a half points.

OBEY THE LAW!

Report at Once for Service or Claim Exemption

Under the Military Service Act, all men in Class One are soldiers today, absent with leave and without pay. Failure to obey the law amounts to DESERTION and can be punished as such.

Class One includes bachelors and wid-owers without children (not otherwise excepted) who were 20 years old on the 13th of October, 1917, and whose 34th birthday did not occur before January 1st, 1917.

DO IT TODAY!

The rush in the last few days may be such that in the hurry and stress a number of men may fail to comply with the requirements under the Act. That will not be recognized as an excuse, as every man is being given ample time to report for service, or claim exemption.

GO TO YOUR POST OFFICE TODAY and ask for a form for reporting for service or for claiming exemption. Under-stand, it is a matter of LAW that all the men in Class One must report for service or claim exemption not later than November 10th, 1917.

Issued by The Military Service Council

Generous Gifts Provided Fine Hospital Facilities

Through the kindness of Capt. (Dr.) C. M. Pratt, home on furlough, Colonel Murray MacLaren, C. M. S., sends to the people of New Brunswick an accounting for money subscribed towards No. 1 Canadian General Hospital, Haples, France, making possible the erection of three New Brunswick huts.

To the Editor of the Times: Sir,—On two previous occasions I had the pleasure of acknowledging, through the St. John press, many generous gifts made to No. 1 Canadian General Hospital, which I formerly had the honor of commanding.

As the money has now been expended I would like to complete the account and shall be much obliged if you will kindly publish the accompanying statement of receipts and expenditures for the information of the kind donors.

No. 1 Canadian General Hospital has a third New Brunswick hut ward built from these funds. Colonel Wylde gives the following description: "The hut is 160 feet by 20 feet. The sisters' room and scullery with stove and running cold water are in the centre. At each end are two small rooms; one is used as a lavatory. These rooms and the scullery have cement floors. The interior is lined with match wood oiled and varnished. There are doors at each end of the building and one opening out about the centre of each half of the ward. A shield with the New Brunswick coat of arms is in the centre of the side of the building facing west."

The enclosed picture is of the interior of the hut which is largely used for fractures, hence the apparatus shown about the beds. From the very handsome sum of two thousand three hundred and twenty pounds which was contributed three buildings have been erected containing a large number of beds, and affording great comfort to the sick and wounded. Many other comforts have also been provided with this money.

In addition to those previously acknowledged, useful articles have been sent by: The Women's Institute, Port Cumberland—Mrs. Kirk, Mrs. E. A. Goodwin. Ladies St. Stephen's church—Mrs. C. Shaughnessy, Miss McIntyre, Mrs. Daly, Miss C. A. Keim, Mrs. Low, Miss Jarvis, Miss May Harrison, Mrs. James P. Bliss, Mrs. Barclay Robinson, Mrs. W. C. Drake, Mrs. Irvine, Mrs. Davidson, Miss E. Lee, Mrs. C. Skinner, Miss K. Haydon and others.

I heartily thank those who have given to this hospital. They have accomplished a great deal by their kindness and generosity. Thanking you for your courtesy in publishing this letter.

Yours sincerely, MURRAY MACLAREN. Statement of Colonel MacLaren and his successor follows:

Table with columns: RECEIPTS, EXPENDITURE, and RECEIPTS. Lists various donors and amounts received and spent for hospital facilities.

LOOK AT CHILD'S TONGUE IF SICK, CROSS, FEVERISH

When Constipated or Bilious Give "California Syrup of Figs"

Look at the tongue, mother! If coated, it is a sure sign that your little one's stomach, liver and bowels need a gentle, thorough cleansing at once. When peevish, cross, listless, pale, doesn't sleep, doesn't eat or act naturally, or is feverish, stomach sour, breath bad, has stomachache, sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

You needn't coax sick children to take this harmless "fruit laxative"; they love its delicious taste, and it always makes them feel splendid.

The Murder Cases

Commissioner Says Police Still at Work and Developments Expected—Move Towards Change in Traffic Laws

At the common council meeting yesterday afternoon E. A. Farren was awarded the contract for replanking sheds Nos. 1, 2 and 6, West St. John, his tender of \$917.48 being the lowest submitted. The progress estimate of Kane & Ring, contractors reconstructing No. 5 shed, of \$7,978 was ordered paid. Commissioner McLellan who was responsible for holding the matter up when it was last brought to council, offered no objection to the award of the contract, which was sufficiently guaranteed by the amount of work done in the meantime.

THREE-MASTER LAUNCHED AT METEGHAN RIVER, N. S.

Digby, N. S., Oct. 30.—The Clare Shipping Company, who have recently built a line three-masted schooner at their yard at Meteghan River, had a very successful launching this morning about 10 o'clock in the presence of a large gathering of onlookers. The vessel, which is named the Racewell, has a trim appearance, and is fully rigged, her length, 189 ft.; depth, 12 1/2 ft., and breadth, 32.8 feet and about 260 tons gross. When the blocks were removed she took the water gracefully and was, without any mishap, safely moored to the wharf.

PAPE'S DIAPEPSIN FOR INDIGESTION OR BAD STOMACH

Relieves Sourness, Gas, Heartburn, Dyspepsia in Five Minutes

Sour, gassy, upset stomach, indigestion, heartburn, dyspepsia; when the food you eat ferments into gases and stubborn lumps; your head aches and you feel sick and miserable, that's when you realize the magic in Pape's Diapepsin. It makes all stomach misery vanish in five minutes.

If your stomach is in a continuous revolt—if you can't get it regulated, please, for your sake, try Pape's Diapepsin. It's so needless to have a bad stomach—make your next meal a favorite food meal, then take a little Diapepsin. There will not be any distress—eat without fear. It's because Pape's Diapepsin "really does" regulate weak, out-of-order stomachs that gives it its millions of sales annually.

Get a large fifty-cent case of Pape's Diapepsin from any drug store. It is the quickest, surest stomach relief and cure known. It acts almost like magic—it is a scientific, harmless and pleasant stomach preparation which truly belongs in every home.

fore going ahead with it, but the commissioner retorted that he had no time to waste and that the work was necessary. Commissioner McLellan asked on behalf of the management of the Clifton

House that it be permitted to erect a portable porch outside the front door. Look for Arrests

The Williams and Harris murder cases were both discussed yesterday at the common council when Commissioner Fisher asked the commissioner of public safety for a report in the matter, of what expenses had been incurred in the Harris case, and of what had been achieved in both.

The commissioner of public safety replied that he considered it unwise just at the present time to expose the hands of the police. As far as the Harris case was concerned, he said considerable money was spent and he would report on it when the proper time arrived.

"I do not believe," he went on, "that the work of the police in the Williams case should be read at every breakfast and dinner table and at sewing parties. I assure you the police have not given up in either case, and it is possible that something will develop soon. Should the police quit right now and expose their hands in the Williams case I think that many revelations would be made."

As to the Williams case, he continued, there never before was a case so hard to unravel. "In the Harris case, I have my opinion as to who are guilty. We still hope to bring to justice the murderers of Harris," he added.

Traffic Laws The traffic laws in St. John and in fact throughout New Brunswick have been a source of great inconvenience to motor tourists, because in almost any other part of the province, outside of this province and Nova Scotia, traffic is directed to take the right. In these two provinces it must take the left. With the growth of the motor tourist traffic this is felt more than ever.

A step toward the abolition of this inconvenience and to conform with traffic laws in general, was made yesterday at the common council when Commissioner McLellan moved that the council favor the change of compelling traffic to take the right instead of the

left in the streets of St. John provided that the New Brunswick legislature is willing to make such a change compulsory throughout the province. Commissioner McLellan told of an accidental conversation recently with P. W. Thomson, when the matter was brought up. The commissioner said he discovered there was a false impression that he was bound hard and fast to the present traffic laws. But his aversion to any change in the St. John traffic law in this respect, was because it would conflict with the laws of other counties in the province and bring about great inconvenience and trouble. If the traffic laws generally were changed he would certainly approve of it.

Later the commissioner was presented with information from Angus McLean of Bathurst, that the council there was going to recommend the shifting of traffic from left to right. Mr. Thomson believed that if St. John would recommend the change it might induce other places to fall in line, and ultimately the legislature would act. It also seemed that the Nova Scotia government would follow suit. Commissioner Wigmore seconded the

resolution and it was approved by all the other commissioners.

One of Four Brothers Wounded Grand Falls, Oct. 30.—Relatives here received official notice from Ottawa on Thursday that Pte. H. Chester Taylor has been wounded in France. Pte. Taylor went overseas with the 55th Battalion and was among the first of that unit to go to France. He has seen much severe fighting. He is one of four brothers who enlisted, sons of H. W. Taylor. One of the brothers, George, was invalided home from England; the other two, Harry and Walter, are overseas.

Private Taylor is a brother of Mrs. J. G. Kirkpatrick, whose husband, Major Kirkpatrick, is with the Forestry Battalion now overseas. Private Taylor's many friends here hope for his speedy recovery.

Why We Raise Money by Selling Canada's Victory Bonds WHY does Canada sell Bonds to help finance this war? Because that is the least burdensome, most expeditious and fairest way of raising money. Canada now has only two ways of raising money for the war:— First—by taxation. Second—by borrowing from her people. IF Canada were to raise by taxation all the money required the economic burden on the people would be unbearable. So much money is required to carry on Canada's share of the war that to attempt to raise all of it by taxation would be out of the question. Much of it, therefore, must be borrowed from the people. Canada asks her people to lend their country money in exchange for Canada's Victory Bonds. Within the next six weeks the people of Canada will be asked to supply, through the purchase of Canada's Victory Bonds, the money at present required to carry on the war. And because the purchase of Canada's Victory Bonds is voluntary, the hearts of all the people who buy Canada's Victory Bonds will be even more closely united in support of Canada, backing her up in the war. The active co-operation of each individual is as necessary to winning the war as any other one thing because it unites the whole people in patriotic determination. VICTORY bond financing spreads the repayment of the bonds to the rising generation and the next generation, so that this generation which is doing all the fighting, suffering most of the privations caused by the war, will not have to do all the paying. Generations yet unborn will reap the harvest of freedom this generation is fighting for and it is only fair that a portion of the burden of paying the tremendous cost should be borne by the future beneficiaries. But your money is not tied up. Buying a twenty-year bond does not mean that your money is locked up for that term. You can sell Canada's Victory Bonds at any time. There will be a market for them every business day in the year. And they will undoubtedly be worth more than their face value after the war. It is your patriotic privilege to help Canada win the war by loaning her your money through the purchase of Canada's Victory Bonds Issued by Canada's Victory Loan Committee in co-operation with the Minister of Finance of the Dominion of Canada

Dr. C. M. Pratt Tells of Work At The Front

Prominent among those who returned yesterday was Dr. (Captain) C. M. Pratt, of North End. Captain Pratt went overseas almost two years ago and has served through many of the prominent engagements on the western front.

When seen last evening at his home in Main street, Captain Pratt said that he went overseas almost two years ago and attached. For a time he served with No. 9 Field Ambulance and was later transferred to the 60th Battalion.

was raised here for the 28th under Major Hannington. He went to France with that unit which was a railway construction battalion. He said that his unit built railways right up to Ypres in France.

Private Preston is today well over sixty years of age and would "be at it yet," if he had not been sent home for rheumatism. He expects to get his discharge soon and will leave for Fredericton to join his wife.

Private Riley said that he was only in the trenches for two months but he was out on several bombing parties. Asked what the duties of the bombing parties were, he explained that raids were carried out so that the artillery could figure out the number of the enemy's men and at the same time to get them in motion that they would be noticed and could be fired upon.

THE CANADA STARCH CO. MONTREAL, 17

WAR TIME AND THE FEEBLE-MINDED

To the Editor of the Times-Star:

Sir:—"The ocean of life is strewn with human derelicts of every kind. Some of these wrecks are rudderless, some water-logged, some have broken masts and spars and some are turned turtle; all are helpless crafts unable to pursue the voyage of life. All are sources of danger to other wayfarers. Their lives must be preserved, and the best must be done for them, sometimes at great cost and trouble to the competent and self-supporting members of the community. The forms of incompetency of the derelict are most varied, and their requirements multiform."

Among those contributing to the class of human derelicts the feeble-minded take a prominent place. Careful investigation discloses that in Canada we have not less than 15,000 who are mentally defective and that from sixty-five to eighty per cent. of these are so by heredity. From these, and principally from the feeble-minded, come many of our juvenile delinquents and dependents, our vagrants, criminals and those given to social vice. That the problem is serious none will deny. Experience has taught that neglect costs more than proper care.

An opportunity for training the feeble-minded to useful labor is afforded by the war-time demand for increased food supply.

At Rome, N.Y., a state institution for the feeble-minded has been training the better-grade boys and men to become farmers. This has been done, beginning ten years ago, under the supervision of a normal man and his wife, who know farming. All the work is done in the various colonies by the boys and the two people in charge, with the result that they are self-supporting including all expense and 5 per cent. on the investment.

During the period of training the boys help surrounding farmers in the busy season. The farmer pays ten cents an hour to each boy, who is frequently able to pay for his clothing, has some "pin money," and also puts some in the Savings Bank.

After living a year or two on these farms and making a good record, many of the boys are sent out to work for private farmers under contract. The important thing is the training the boys get from this kind of life. The wages received is a minor matter.

The time has come when the support of the defective and dependent classes must no longer be a burden to the state. And especially at this time when the labor of women, and school-boys is being proposed as a partial solution of the problem of food shortage, it may pay us to give heed to the experiment with these feeble-minded boys at Rome.

CONSERVATIVES MET DEFEAT IN KINGS

Hampton, Oct. 30.—The following are incomplete returns from the Kings county municipal election:

Cardwell—Biss Smith and Alfred Keith, former councillors, returned.

Hammond—Walter Alexander and Archie Sherwood, old councillors, returned.

Havelock—De Bow and Sterling Smith, Dr. Lamb was defeated.

Kingston—E. A. Flewelling and William Sleep, acclamation.

Norton—Dr. Gilchrist and William Reynolds, acclamation.

Rothsay—Henry Gilbert, 191: Thos. Gill land, 193; Harding, 56; J. M. Robinson, 56. Two former councillors returned.

Springfield—Fred. E. Sharp and Edward Keller, acclamation.

Studholm—H. R. Keith and Everett Fenwick, acclamation.

Sussex—Doe and John Armstrong, acclamation.

Uplun—David Floyd and Frank Sherwood, acclamation.

Waterford—J. H. Myers and W. J. McGarrigle, two former men, returned. Carr defeated.

Hampton—J. W. Smith (former warden), 205; R. Z. Flemming, 193; J. L. Coleman, 148. Two former men returned.

Westfield, Greenwich, Kars, not heard from.

The greatest interest seemed to have been taken in Rothsay, where the Conservative machine went out after Messrs. Gilbert and Gilliland, the old councillors.

Messrs. Robinson and Harding had the active support of H. V. Dickson, M. P. P.; Thomas Bell, H. F. Puddington and other well-known workers, but notwithstanding this were defeated by a vote of about four to one.

Yesterday's vote was said to have been the largest ever polled in the parish, and the majority much the largest ever given the present councillors.

COMB SAGE TEA INTO GRAY HAIR

Darkens Beautifully and Restores Its Thickness and Lustre at Once.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients, costing about 40 cents a large bottle, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of fuss.

While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By dating your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared.

After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet preparation. It is not intended for the cure, mitigation or prevention of disease.

THE LATE PRINCE CHRISTIAN

Prince Christian of Schleswig-Holstein who died at his London residence on Oct. 28, was born in 1831 and was married in 1866 to Princess Helena, third daughter of Queen Victoria. He was a member of the royal house which reigned in Schleswig-Holstein when it was a duchy belonging to the Danish crown.

The present head of the house, Duke Gunther, the only brother of the German empress, is now a German prince. He has no sons, and his heir is Prince Albert of Schleswig-Holstein, the only living son of Prince Christian and Princess Helena. Prince Albert, when the war began chose to throw in his lot with the Germans and is an officer in the Prussian army.

Prince Christian's eldest son, Prince Christian Victor, gave his life for Great Britain, dying of enteric fever at Pretoria during the Boer war. Despite the fact that Prince Christian was a Knight of the Garter and a Privy Councillor, both of which German honors in the House of Commons and the House of Lords sought to have him relinquish, he was included at the outbreak of the present war in a general class of Britain's enemies. He was said to have been the most congenial to Queen Victoria of all her sons-in-law.

Amsterdam, Oct. 30.—(British Admiralty, per Wireless Press) — Count George Von Hertling, Bavarian prime minister, has been appointed imperial German chancellor. Former Chancellor Michaelis has been named prime minister of Prussia.

All Want to Try New Drug That Dries Up Corns So They Lift Out

Good news spreads rapidly and druggists here are kept busy dispensing free-ome, the recent discovery of a Cincinnati man, which is said to loosen any corn so it lifts out with the fingers.

A quarter of an ounce costs very little at any pharmacy, but is said to be sufficient to rid one's feet of every hard or soft corn or callus.

You apply just a few drops on the tender, aching corn and instantly the soreness is relieved, and soon the corn is so shrivelled that it lifts out without pain. It is a sticky substance which dries when applied and never inflames or even irritates the adjoining tissue.

This discovery will prevent thousands of deaths annually from lockjaw and infection heretofore resulting from the suicidal habit of cutting corns.

In Recognition Of Hallowe'en

The social programme at the Y. M. C. A. for the coming season opened with a bang last evening with a Hallowe'en social by the senior men's classes.

The senior social committee was in charge of the arrangements and no fault could be found with the programme. The Young Ladies' League co-operated in making the affair a decided success.

There were nearly 100 members of the seniors and the Young Ladies' League present, and the fun and laughter grew fast and furious. The affair started at 8 o'clock, and the first event was a grand march in costume; the girls were dressed as witches and the boys as ghosts. The slogan for the evening was "Bring a sheet" and the watch word was well lived up to by all. A feature of the evening was the Y. M. C. A. orchestra, which included eleven pieces. The players are all accomplished musicians and the music rendered was first class. The scene of activities then shifted to the gymnasium, where, as each person arrived, he was presented with a peanut shell in which was a message telling him to which group he or she was to be attached for the evening. The game was to be a contest in guessing and also told him what occupation they were to represent in the next game. The paper also contained a number. The numbers were called out and

as each heard his or her number called, he went out in the middle of the floor and made a pantomime of the occupation which he was supposed to have, while the rest tried to guess what the occupation was. Then strings were placed in the hands of the merry-makers and they were required to follow the string and find their fortune at the end. In order to rest awhile, they watched a game of indoor baseball which was being played by the intermediates, and then, dividing into three groups, they played Sir Roger de Coverly. The picturesque costumes of the witches made an excellent showing in this number. Following the dance, basketball was played between the three groups. The captains were Ronald Edwards, Arthur Willett and Edmund Ketchum. Mr. Edwards' team were the victors. On their return upstairs, the whole assembly gathered around the fireplace in the lobby, which was appropriately decorated, and listened to ghost stories by Mrs. Bell, and S. K. Smith, who read a gruesome tale concerning the remains of a certain person, and, during the tale, the remains were passed around, much to the horror of the females present, whose shrieks when the hands of the departed touched them, will be the everlasting despair of the prima donnas on Broadway.

During the story telling the lights were put out and the darkness enhanced the success of the spook stories. After the story telling was over, refreshments were served. A number of songs were sung and one of the most pleasant evenings ever spent in the institution was closed by the singing of the national anthem.

At St. Paul's

In St. Paul's Sunday school room last night a Hallowe'en party was held by the older members of the Sunday school. The evening was pleasantly spent in games and other forms of amusements, and later light refreshments were served.

Prizes were presented to the winners of the different games and contests. Last Sunday afternoon a small stocking was given to each scholar in which he placed his donation for the soldiers' Christmas boxes, and when the stockings were gathered in last night it was found that the sum of \$25 had been collected in this manner. Yesterday afternoon a Hallowe'en party was given in the Sunday school to the primary department.

Boys Entertained

Last evening about twenty young ladies of Carmarthen street church made their way out to the Industrial Home and gave a Hallowe'en entertainment which was participated in by both the visitors and the boys of the home. A most enjoyable evening was spent with the entertainment consisting chiefly of a musical programme and the usual Hallowe'en pranks. Refreshments were served by the ladies, which was very inviting. The party was chaperoned

Drastic Change Will Be Made in Different League Territories

New York, Oct. 27.—When the National Baseball Association of the minor leagues meet next month at Louisville, drastic changes will be made in the different league territories. Changes in the International, American, Western league, Virginia league and New York State league will be brought about. Thus five leagues are involved in one of the biggest shake-ups ever made in baseball. The outcome will place Toronto, Buffalo, Newark and Providence or Baltimore in one section of a new organization, while the other four clubs will be Louisville, Columbus, Indianapolis and Toledo. The foregoing change may not all come to pass, but at present it is on the boards that such will happen and from an official source that cannot be

TO THE CITIZENS OF ST. JOHN:

The Russian Refugee Committee are starting their activities with a bazaar, and it is up to you, the worthy citizens of St. John, to try to help make that bazaar a success. As you all know, Russia has been stricken in many ways. We will not speak of all the facts, but we will just mention two of the most important. In the first place, that their previous government sold them to the enemy; and, in the second place, the most terrible one is the fact that those Kulturless Barbarians are fighting on their territory since the war started. Needless to say more of what destruction and ruin they brought to the Russian people.

We do not want much, only a bit of bread for those children, whose fathers died and are still dying, for the great cause, to crush German militarism.

Therefore, we ask you to meet our committee generously, to help make a success of that great bazaar that we are planning to have.

With many thanks to the generous public,
RUSSIAN REFUGEE COMMITTEE.

LOCAL NEWS

BURIED TODAY.
The funeral of Thomas Edward Godwin took place this afternoon from his late room at 1030 this morning after services were conducted by Rev. H. A. Cady. Interment was made in Cedar Hill cemetery.

TO COMMAND FOUR MASTER
Captain Wm. A. MacLennan of West St. John will leave on this evening's train to take command of the four masted schooner "Alice M. Kafka," about to be launched at Phillipsburg, Maine.

MRS. JEAN WILSON
The death of Mrs. Jean Wilson, widow of John Wilson and a daughter of West St. John at 1030 this morning after an illness of about ten weeks. Mrs. Wilson was sixty-eight years old and leaves one son, Walter J. R., a civil engineer in Pittsburg, and two brothers, John and Richard Lettack of the West End.

LEAVE FOR HALIFAX.
Mrs. E. A. Burlington-Ham, national immigration secretary, will leave for Halifax, N. S., on the afternoon train, accompanied by Miss Choate, for Halifax. Miss Choate is going to Halifax in the interests of travelers' aid work. On Friday Mrs. Burlington-Ham will leave Halifax for Quebec.

BIRTHDAY PARTY
Master Douglas Hannon, little son of Captain and Mrs. Hannon, of 21 Durham street, entertained sixteen of his small friends on Monday afternoon and evening. The occasion was his fourth birthday. A dainty supper was served and the evening was spent with games and magic lantern pictures. The young people left about nine o'clock, all wishing their little friend many happy returns of the day.

DEATHS OF CHILDREN.
Friends and relatives of Mr. and Mrs. Thomas Walker, 280 Bridge street, will be sorry to learn of the death of their baby daughter, Jennie Belle, aged three months. The burial took place this afternoon.

At the home of Mrs. Hugh Keheeler of West St. John her three year old grandson, Harold E. Cohen, died yesterday. The little boy was a son of Mr. and Mrs. John Cohen of Malden, N. B., and was paying a visit to his grandmother when death occurred.

BY-LAW MATTERS
Several traffic reports were taken up by Magistrate Ritchie in the police court this morning. Harry Reynolds was reported for running W. H. Barnaby's car without a rear light. He explained that going over a bump disconnected the light and that so soon as he had noticed it he repaired the damage. He was allowed to go with a fine standing against him.

E. J. Heatt was fined \$2 for allowing his wagon to stand in Southwark street all night without a light.

Leon Keefe was reported against Peter McIntyre for allowing a barrel to obstruct the sidewalk of Main street in such a way that he tore his overcoat on it. Settlement was made privately and the case for violation of the by-law was dropped.

WELCOME HOME FOR SOLDIER
Charles H. Callan, one of the returned soldiers who arrived in St. John yesterday, received a pleasant surprise last evening when a large number of his former friends called on him at his home in City road to congratulate him on his safe return. The evening was pleasantly spent with games and refreshments were served.

Mr. Callan saw considerable service in France, having enlisted in St. John with Colonel Harrison's ammunition column and serving continuously with that unit until he became ill a few months ago.

WIDESPREAD DAMAGE IN GALE
(Continued from page 2.)
In Fredericton.
Fredericton is isolated so far as long distance telephone communication is concerned and telegraphic communication is possible only in certain directions. At the meteorological observatory at the U. N. B. the highest wind velocity recorded was fifty miles an hour.

The New Brunswick Telephone Company's long distance line running out of Fredericton was broken in all directions. It is not known when the full service will be restored. The damage due in the majority of cases to trees which have fallen across the wires. In the city the lines also were damaged to some extent by falling trees. The telegraph wires were out of commission until late this morning. The Western Union got through to St. John at ten o'clock and to Woodstock later. The C. P. R. Telegraph Company say they are badly affected.

A house in Marysville occupied by Walter Saxe and family and others was unroofed by the wind during the night and chimney blown down and in to the interior of the building. No person was hurt. The house was of brick and was the property of the Canadian Cottons Limited. All along the Nashwauk the storm was much felt.

About Fredericton the principal damage was confined to the blowing over of trees. Near Christchurch cathedral a tree was blown down and its fall interfered with the fire alarm system, lighting wires and telephone system. On Forest Hill and in the university grounds several trees were blown down.

In Moncton.
Moncton, N. B., Oct. 31—Much damage was done in Moncton and vicinity by the storm. The upper part of the dome of Wesley Memorial Church was blown off. Electric light wires and signs were blown down and there was considerable minor damage about the city. The tide, backed up by the gale, was very high. Parts of lower Robinson street were under water. The tide came up on the old Pettit bridge, covering the floor several inches.

Driven by a gale the tidal waters of the Bay of Fundy rushed up the Pettit codiac River and in many places dykes were broken. In the vicinity of Moncton much damage was done. The water rose as high if not higher than during the flood a month ago. Much debris is scattered along the shores. The roads between Moncton and Leeger's Corner, also in the vicinity of Coverdale bridge were flooded and even today teams were driving through several feet of water. A barn near Coverdale Bridge was carried several yards. Great logs are piled on the stretch from Albert street hill to the Moncton end of the bridge.

BOY KILLED
Fatality As Result of Storm Last Night

Patrick Kirkpatrick Believed To Have Been Electrocuted While On Way To Rothersey School—Power Company Damage In Gale

The fierce gale which was raging across southern New Brunswick last night was responsible for the death of Patrick Kirkpatrick, aged nine years, this morning. The body of the boy was found this morning lying dead in front of Alfred Thompson's residence at Rothersey. Nothing is known of the nature of the accident, but just at that place a tree was blown down last night, taking the wires with it. It is supposed that, as young Kirkpatrick was going to school he picked up the broken ends of the wire and was instantly electrocuted. The wire was found hanging down just where the boy was found and it was evident that Kirkpatrick had suffered death from electrocution. The father, William Kirkpatrick, is overseas with the Canadian troops.

The New Brunswick Power Company were notified at 8.40 a.m. that the wire was down near Rothersey and the current was immediately shut off. At 8.45 word was received that a boy had been electrocuted. General Manager Hopper, Assistant General Manager McCormick and Superintendent Brown went out by automobile to the scene of the tragedy immediately.

The full extent of the damage to the lines of the N. B. Power Company is not yet known, but every available man has been put on the job of repairing the breaks. The street railway service has also suffered considerably. A tree in front of Albert McArthur's house in Paradise row was blown down and brought the trolley wire with it. Service has been maintained on the loop and the men are busy repairing that section.

There was a washout in Union street west and the trestle on which the car line crosses the mill pond was undermined for a length of nearly 350 feet. The company considered this unsafe to operate on and thus the Queen square loop has been affected. Repairs, however, are being made quickly as possible. Poles and wires are down in other parts of the city but the full extent of the disaster is not known. The buildings in the gas house plant were badly shaken, the operation of the plant was not interfered with. About one-third of the roof, 60 square feet, was blown off the fire house and also a portion of the vent pipe. The entire ventilator, as well as some plates were blown off the purifying house.

SERIOUS WASHOUT ON I. C. R. CAUSED BY STORM LAST NIGHT
A Moncton despatch says that a serious washout occurred on the I.C.R. near Upper Dorchester where the tide washed away more than 100 feet of track to a depth of four feet. There was also a slight washout near Aulac, but this was repaired during the night. Reports of other damage to dykes along the river bank have been received. No express, west bound, due at Moncton at three o'clock this morning, did not arrive until after twelve o'clock, having been held at Dorchester by the washout. A large passenger train completed for travel at eleven o'clock this morning.

No. 10 express, east bound, was held at Moncton for an hour and then proceeded to Dorchester where it waited for the track to be repaired. A train load of gravel left here early this morning to be used in the washout district. All other trains arriving at Moncton were on time or only a few minutes late. No. 4 Maritime from the north left Moncton on time and was held a couple of hours at the scene of the washout.

CLAUSE OF THE MILITARY SERVICE ACT IS ANSWERED
Since the issuing of the proclamation calling the younger men of Canada to arms, there has been some doubt as to what is really meant by the clause in the proclamation which states that those who were twenty years old on October 13, 1917, and were born in or since 1883 are liable under the act. The question which has been raised is if a boy came to be twenty years old today is he liable under the act. The answer is he is not liable. Only those who were twenty years old on October 13, the day on which the proclamation was issued.

VERDICT FOR \$1,000
In the case of Sanford Richardson vs. Dr. Goldwin I. Nugent, the jury this morning returned a verdict of \$1,000 in favor of the plaintiff. This was an action brought in the supreme court to recover damages alleged for malpractice. The evidence of the plaintiff was to the effect that he consulted the defendant in last February when suffering from a pain in his left side, and the defendant treated him for kidney trouble, later heart trouble, and later stomach trouble. The jury found that the plaintiff was suffering from pleurisy. There was a wide variance between the evidence of the plaintiff and that of the defendant in regard to the plaintiff's condition during the defendant's treatment of him. H. A. Powell, K.C., and J. F. H. Teed appeared for the plaintiff and Dr. J. B. M. Baxter, K.C., for the defendant. The plaintiff resides in Minto and the defendant in Chipman.

The case of Cunningham vs. Cunningham was to be taken up this afternoon. This is a slender case. The parties reside in Lorneville. D. Mullin, K.C., is the plaintiff's solicitor, and J. B. M. Baxter is solicitor for the defendant.
