St. John Men Get Highest Posts From Maritime Pythians

U.S. AND CANADIAN BORN MEN HOP OFF

BAYARD STILWELL CHANCELLOR OF MARITIME DOMAIN

Capt. J. Arnold Mowray Elected to Pythian Grand Vice Chair.

RECALLS TRAGEDY

Latter Chosen to High Office on Anniversary of Disaster in Bay.

Fresh honors were conferred upon St. John today by the election of Bayard Stilwell of this city, a Past Chancellor of New Brunswick Lodge, No. 1, to the exalted position of Grand Chancellor of the Grand Domain of the Maritime Provinces, Knights of Pythias. Additional honor comes to this city—and happily distributed between the main city and North End—in the promotion of Capt. J. Arnold Mowray—St. John Lodge, No. 30—to the grand vice chair of the order. Both men are well known to all Pythians, and their election struck a popular note at this morning's final session of the Grand Lodge convention in the Castle Hall, Union street.

The new Grand Chancellor has been a member of the Pythian fraternity for more than 20 years. He was worked assiduously in the best interests of the order since winning his position and has had much to do with its constructive deliberations, both on the floor of his subordinate mother lodge and the grand body. Mr. Stilwell has always shown a special capacity for legislative work, besides being a master of routine and detail. As a ritualist he has been a most useful member also. Therefore the St. John man's assumption of the maritime chair will doubtless prove a most successful function throughout the three provinces.

The duties of a grand chancellor are numerous and constant. He is expected to make systematic visitations to all lodges in the grand domain and to foster and encourage the benevolent work of the order. At this juncture Pythianism is a popular form of fraternity, since it coincides with the life of our young nation and encourages a vigorous, healthy national outlook, with friendly citizenship and loyal to British institutions. It is therefore incumbent upon the chief of the order in each domain to hold aloft the ideals of the brotherhood not only for its own usefulness in its charitable work but for the well-being of the nation and its unity as among classes and creeds. The ideals of the valiant Christian knights of chivalry are the ideals of true Pythians, the new Grand Chancellor proclaims.

Captain Mowray, who will be the grand chancellor's first supporter and who will assume the chair itself when the grand vice is unable to function, is shore captain for The St. John Drydock and Shipbuilding Co., and is a familiar figure not only on the harbor front, where he handled tugboats for years, but along the maritime shores and farther along the coast. The new grand vice chancellor remarked today that this occasion of his fraternal promotion recalls a tragic anniversary in "Maggie M" of St. Martins Head 90 years ago almost to a day. In that fatality Captain Mowray lost his father and two uncles and was himself tossed about by the sea for six hours before rescued. The captain trusts that his widened sphere of usefulness in the benevolent order may give him the opportunity to help repay a kind Providence that spared him in that notable accident.

The North End official is one of the charter members of St. John Lodge No. 20, which meets in Temple of Honor Hall, Main street, and has been one of its most active promoters for the 18 years of a useful career. He has passed through the various offices of his subordinate lodge, as has also Mr. Stilwell of New Brunswick lodge, and in Grand Lodge circles entered the official circle at the master at arms station. Up to this election today he has been the grand prolate. The election of two St. John men to the first positions of the Maritime Grand Chancellor Stilwell, while still grand vice, was willing to defer to a brother from another section of the domain if such were nominated, so that

Mayors of Moncton and St. John Address Opening Session.

MEET IN MONCTON

Get-together is Urged for Benefit of People of Three Provinces.

(Special to The Times-Star.)

Moncton, N. B., Aug. 21.—The annual meeting of the Union of Municipalities of New Brunswick opened here this afternoon with Mayor N. C. McKay, Campbellton, presiding. Mayor J. Fred Edgett, Moncton, delivered an address of welcome and Mayor Frank L. Potts, St. John, replied on behalf of the delegates present. Practically every county in the province was represented.

This afternoon, it is expected that papers by Dr. G. J. Trueman and S. R. Weston will be read. Tomorrow's programme calls for addresses by Hon. Dr. W. F. Roberts, Minister of Health, Dr. H. A. Parris, J. King Kelley, K. C., and Dr. W. C. Kierstead. Premier Veniot arrived here this morning and will attend today's session.

Appeal For Babies Brings \$92 In The First Day's List

The appeal in behalf of the babies of St. John who must be supplied with milk to save their lives is bearing fruit. The Times-Star prints below the first instalment of contributions, and desires to express the hope that the example set will be followed by great numbers of citizens. Do not be deterred by inability to give a large sum. Every dollar and half dollar counts, and the cause must appeal to every heart. The list to date is as follows:

Purchases a Home While on High Seas

Westport, Conn., Aug. 21.—Consummation of a deal, begun in wireless communication between two transatlantic liners by which Mrs. Albert Bleck, sister of William H. Hart, the well-known moving picture actor, purchased the home in this place of Dr. Clyde E. Ford, prominent surgeon, has just been announced here.

'Twill Be Great Day For Newsies

Boys are to be Given Picnic Saturday at Torryburn.

With the kind assistance of the man who controls the weather, the boys who form the link between the publishers and the news-reading public in St. John will, on Saturday afternoon be the guests of the delegates present at the Bishop's grounds at Torryburn.

This event has been the subject of keen interest on the part of the newsboys and of fevered preparation on the part of the big committee which has the details in hand and a gala day should result. Preparations are being made for the entertainment of about 400 lads.

Chancellor Appeals for Further Assistance on the Dawes Plan.

COURAGE NEEDED

Teuton People, He Says, Will Work With Renewed Energy.

By FREDERICK KUH (United Press Staff Correspondent. Copyright, 1924.)

Berlin, Aug. 21.—An appeal to the U. S. not to regard her work as completed with the mere creation of the reparations plan adopted by the European powers in London last week, but to assist in building the structure that must be erected on the foundation that has been laid, was voiced by Chancellor Marx in an exclusive interview with the United Press today.

He believes it will instill new life into Germany. But he made clear that he regards American assistance in the form of loans as one of the vital factors necessary for ultimate success.

Fliers Away Today On 825-Mile Jump To Greenland Port

Leave at 7.10 a. m. After a Fortnight's Delay at Reykjavik.

WEATHER CLEAR

Army Aviators Now Hope to be in Boston by Sept. 1.

(By United Press.)

Reykjavik, Iceland, Aug. 21.—Lieutenants Lowell Smith and Eric Nelson, U. S. air globe-trotters, got away at 7.10 o'clock this morning, and, with clear weather favoring them, disappeared into the southwest, headed for Fredericksdal, Greenland, 825 miles away.

The Americans were accompanied by Lieutenant Locatelli, Italian round-the-world flyer. There is a possibility the fliers may not make an extended stop at Fredericksdal, Smith declared before hopping off. Present plans call for an overnight halt, but there is a chance the three airmen may wing on to Igvut, on the western coast of Greenland. This is dependent upon weather conditions at Fredericksdal. Igvut is the last stop in Greenland for the fliers, and is up the western coast, 150 miles from Fredericksdal.

Lord Beaverbrook Visits Birthplace

Toronto, Aug. 21.—Sentiment for a look at the house in which he was born and in which he lived for the first three months of his life drew Lord Beaverbrook to the village of Maple, 29 miles north of Toronto yesterday. Driving up to the house, which is now unattended, for several minutes he gazed at the now dilapidated structure and was driven away before any of the villagers had an opportunity of seeing him.

Lord Beaverbrook Visits Birthplace

The fliers passed the U. S. cruiser Richmond, on patrol about seven miles off the coast from Iceland, at 9.35 o'clock. Lieutenant Locatelli was leading his companions by five miles.

THE PACIFIC PORTS.

The question of harbor commission, so often discussed and even voted on in St. John, is now agitating the city of Victoria. Vancouver has a harbor commission, and a movement was started in Victoria for the adoption of a like policy.

Improvements in the event of a Harbor Commission being appointed. It is quite possible a Harbor Commission would undertake these facilities, but the money would be provided out of the port dues levied by the Board, and those dues would have to be increased substantially over what they are at present if the money were to be found for capital expenditures in development undertakings.

An interesting feature of the case is that Victoria anticipates an important development as a result of the greatly enlarged traffic due to the Panama Canal, and that it believes by keeping its harbor rates as low as possible it will be able to get a good deal of business which would otherwise go to Vancouver.

THE CROP OUTLOOK.

(Toronto Globe.) Only three times in the history of the West has the harvest exceeded this year's crop estimate. If values as well as quantities are taken into account, the showing this year, if there is, no further setback, will be even better.

Less than ever can Western agricultural values be measured by wheat alone. The West, on the average, produces as much coarse grain as wheat, and this year there should be no lack of fodder. The area sown to corn is rapidly growing, and is already large.

Even handed justice to wit. Given money enough to employ an army of lawyers and alienists and stand experts and psychiatrists, and sob stuff artists, and murder trials in the United States may be carried to an absurdity.

Justice is supposed to be even handed, the same for the rich as for the poor. What a lovely demonstration of this supposition is that array of hair splitters and brain dissectors and word spillers now being seriously listened to and photographed and screened and broadcasted in Chicago!

MAGIC MEDICINE. (James Edward Hungerford in Forbes Magazine.) There's a heap o' consolation in the handclasp of a friend: It can wipe out desolation, An' bring heartaches to an end: It can soothe a troubled spirit Like no magic in the land: Heaven? You are pretty near it— When a good friend grips your hand! There's a heap o' satisfaction In a friendly shoulder pat: It's a simple little action— But a mighty good, at that! When firm fingers grip your shoulder, They put nectar in your cup— Makes you stronger, braver, bolder, An' more fit to run the race! ### MONCTON'S NEW MASONIC HOME

The new Masonic Temple in Moncton is now about complete and the workmen are putting the finishing touches on what is probably the finest building of the type in the city. The formal opening will take place on August 28, when the Grand Lodge meets here.

An interesting fact in connection with the site of the new structure is that it was built on the property of a former grand master, J. W. MacKenzie and that on the corner of Alma and Queen lived three officers of King's Lodge as it was constituted in 1868. They were Charles Holstead, who was at that time grand master, John MacKenzie, the senior warden, and John L. Harris, the junior warden, all of whom are now deceased.

90 CENT SPECIALS.  
Emerson Bros. have some very spec-

ial values in aluminum cooking utensils for Friday and Saturday. Such everyday necessities as saucepan sets, preserving kettles, sink strainers, cake-pans, etc. Shop early.

Yesterday afternoon automobile No. 5928, operated by Fred Emery, was in collision with street car No. 72 on the north side of King Square. While the collision caused some excitement the damage to the automobile was slight. It was able to continue its journey.

Is A Sale That Will Set The Town On Fire With Enthusiasm

STOP—LOOK—RUB YOUR EYES

You never saw prices as low as this, never such a sale, never such an opportunity offered by any single store, in the history of Business. Seekers after values at the season's lowest level of prices will find that Perchanok's is the place to go, as quality reigns supreme here, and prices lower than your fondest expectations can imagine.

The Waited Moment Has Arrived

You can now attend a value classic on nationally advertised lines of merchandise. It is our demonstration of the better values. You will find merchandise here that needs no introduction—but you've never met them priced as low as we have priced them for this event which begins Friday, Aug. 22, at 9 a.m. Every piece of merchandise sold during this campaign is measured by the standard of quality and prices are not only regulated by the standard of fairness but we have gone just one step farther than what our patrons would call fair and marked every article in this store at prices so low as to make our customers enthusiastic about stocking up not only enough for their use during the summer of 1924 but for the summer of 1925 as well.

Surprise Upon Surprise

Is in store for you. The great array of bargains will create a stir in every home in St. John. This is our best sale, and they are sure real honest-to-goodness values as our values so strongly testify.

# Come On! Folks

Here's the facts. Sales have slumped and we want more business. Buyers must be won. Standard lines of ladies' wearing apparel such as we handle plus the low prices prevailing for the next ten days, will win the most thrifty shopper if you only take time to investigate.

We welcome you to the Feast of Bargains. We want every critical purchaser of merchandise who can get here to come and put us to the test. We have always kept faith with the people by giving them goods just as advertised, and this will be no exception.

We will fill your measure to overflowing giving you more for your money than you ever hoped to anticipate.

Attend our sale **FRIDAY, AUGUST 22, at 9 a. m.**

Your attendance will mean that you will come again and again.

By all means don't fail to get here and don't forget a pair of ladies' silk hose free along with the real honest values that we will offer.

We realize that big things must be done in a big way, therefore we have employed the personal service of Samuel J. Ross of the Supreme Sales System Limited, to help us make this sale prove the talk of the town.

THE EVENING TIMES-STAR, ST. JOHN, N. B., THURSDAY, AUGUST 21, 1924

## In the Financial World

PRICES ARE HIGHER HERE'S A WAY TO  
IN WALL ST. TODAY HELP MILK FUND

Standard Industrials Improve—Most of Railways are Heavy.

New York, Aug. 21.—Stock prices moved irregularly higher at the opening of today's market with the best buying taking place in the industrial.

White Motors advanced 1 1/4, U. S. Steel common, Baldwin and other standard industrials improved fractionally.

Southern Railway touched a record high for all time at 69 1/2, but some of the other dividend paying rails were heavy.

Montreal Stocks.  
Montreal, Aug. 21.—While trading on the Montreal stock exchange this morning during the first hour was not as active as in the corresponding period of yesterday, the turnover was moderate.

Spanish River assumed active leadership of the market and came out with an overnight gain of 1 1/2 points to 109 3/4. The preferred was up a point at 117. The balance of the papers were quiet.

Other price changes included: Smelters, off 1-4 to 43 1/2; Canadian Industrial Alcohol, up 1-8 to 35 1/2; and Steel of Canada, up 1-4 to 76.

Cable Transfers.  
Montreal, Aug. 21.—Cable transfers, 450 9-4.

Mrs. W. E. Raymond's Offer Furnishes an Attractive Method of Assisting.

The Women's Council has received from Mrs. W. Edmond Raymond \$100, from the sale of her book, Gathered Sheaves, in which she told the story of the annual convention of the Canadian Council of Women in Calgary two years ago; described her tour of the west, and gave much valuable information with portraits of prominent members of the Council. She advised the local Council when the book was published that all above the cost was to go to the babies' milk fund, and this \$100 is the first instalment. The book sells for 22 per copy and every cent of this now goes to the fund. If, therefore, anyone desires a copy of the book it can be got at McMillan's or Grey & Ritchie's, and the \$2 goes to the bank, which holds it in trust for the milk fund. Mrs. Raymond's work in writing the book is her contribution, and it represents a very notable individual effort to promote a good cause.

This, however, is apart from the appeal made by the Times-Star. The simple fact is here noted that every volume of Gathered Sheaves purchased means \$2 for the babies' milk fund, and there is no profit to the author, since the publisher's bill is already paid.

### Morning Stock Letter

New York, Aug. 21.—The profit-taking in the last hour yesterday will act as some corrective to the technical position of the market. Stocks are at the highest levels since 1919, and, of course, when a market gets that high, it is always susceptible to bad news and corrective movements. However, there is no indication of enough distribution to indicate that this market is over yet and we expect new high prices for many stocks in the next several weeks. As we said yesterday we expect many repetitions of these markets in which the general list holds firm, while a few individual issues are given advances. The rally is now due for an advance, as the industrial has been going too far ahead of them. We would continue to buy Mop. Pfd. Klay Pfd. Central Southern, St. L. Southern Railway, Common, St. L., San Francisco Pfd. and the Northern Pacific. Texas Pacific will also work higher. Steel was an outstanding feature yesterday and we expect it to go considerably higher. Stone made its daily two-point advance here it reacted at the close. Buy it on recessions. May Stores is another stock which should be considerably higher. Buy CHM, M.M.O., "A," I.C.E., Am's Hide Pfd. and the Loco stock whenever they react. Coppers were off yesterday. Believe they can be bought for much higher prices.

### Comment On Smelters

New York, Aug. 21.—Bank of England rate unchanged at 4 per cent. Cities Service declared regular monthly dividend of 1/4 of 1 per cent. in cash scrip on common in addition to 1/4 in preferred stock on common and regular monthly dividend of 1/4 of 1 per cent. on preferred of preferred B.S., all payable Oct. 1, record Sept. 15. Pac. Motor declared regular quarterly preferred dividend 1/4, payable Sept. 15, stock Aug. 31. General Petroleum Corporation, year ended June 30, net income \$3,287,329, after income tax, depreciation depletion, federal tax and preferred, equal to 30 per cent. on average amount of common outstanding against 22 1/2 per cent. a year ago. American Stores Co. declares regular quarterly dividend of 25 cents. Domestic Corda production, week ended Aug. 16, averaged 2,023,000 bbls. daily, increase 18,700 over previous week.

### Brokers' Opinions

New York, Aug. 21.—Josephthal:—Would take advantage of any reaction to pick up good dividend-paying stocks. Houseman & Co.:—"Don't believe general distribution is occurring or taking place. The oil shows no surface signs, but we hold the idea that it is just about time to get to buy oil." Miller & Co.:—"The price trend continues distinctly upward." Hutton & Co.:—"We look for a continuance of the upward swing in Can. A.R. Western Union, I.C. and I.P." Hornblower & Weeks:—"Nothing to do but hold stocks."

### THE COURT HOUSE.

The work of clearing out the debris at the court house is progressing well, James Spruell, the contractor, said this morning. He declared that the work had been about completed on the two upper stories and that the men were now tearing out the partitions and clearing away the lower floor. The work of excavating for the basement is well under way. There was no work carried on this morning, owing to the weather, but Mr. Spruell has ordered the men to resume this afternoon. About 35 men and five teams are at present busy at this work.

# NOT "The Greatest Sale Ever"

## Just An Effort To Outdo a 93 Year Record

Offering 1924 Shoe Styles of Francis & Vaughan quality, we cannot claim this as the mightiest value event in Footwear that ever happened. Years ago, when a leading firm had a fire, bargain records were made that stand unbroken.

The Sale now on just happens to be the limit of our power in passing out low prices in the choicest qualities found under any roof in the city. Our Semi-Annual Clearance runs but half as long as usual, because twice as big in importance. As the senior shoe firm we have a 93-year reputation to guard, and so we have prepared more than this list promises.

## HERE TOMORROW ON TRADE BOOST

Prominent Virginian is to Meet Business Men of St. John.

Major Leroy Hodges, managing director of the Virginia, U. S. A. Chamber of Commerce chairman of the Virginia Penitentiary Board, and ordinance officer of the Virginia National Guard, will arrive in St. John tomorrow morning to inspect port facilities here. He comes in the interest of the Virginia Chamber of Commerce, and the inspection of the port will be to gain information which can be used to advantage in the development of Hampton Roads, considered the greatest port in the U. S. for natural advantages.

While in St. John, Major Hodges will get in touch with the business and shipping interests and discuss the establishment of closer trade relations between Canadian and Virginian manufacturers and shippers. Industries in St. John are such that it is believed by the Virginian that coastal trade with Hampton Roads can be greatly increased through the proper co-operation between the two ports and shippers of the two localities.

Major Hodges came to St. John from Halifax, where he inspected the port and held several conferences with trade organizations and business men. From St. John he will go to Montreal, Winnipeg and Vancouver. Meetings with the business interests in these cities have all been arranged.

Besides the positions mentioned, Major Hodges is chairman of the allocations commission of the National Association on Prisons and Prison Labor in the U. S., and is engaged in the organization of a plan by which the manufactured products of prisons in the U. S. would be removed from competition with privately owned industries and their respective products. He is also a colonel on the staff of the Governor of Virginia, and president of the National Association for Women's Tax-Free Legislation. Major Hodges is an authority on army ordinance and has written several books on this subject which have been given wide recognition.

Before returning to Virginia he will make a tour of the entire North American continent and visit every port of consequence. He will return via the Panama Canal.

While here the Virginian hopes to meet prominent business men and discuss the possibility of an increase in the coastal trade with Hampton Roads. As the commercial metropolis of New Brunswick, St. John was included on the Itinerary. Reports on the fisheries and sugar mills and other industries greatly interested the visitor, and he hopes to make a brief inspection of these plants before leaving the city.

## CITY HALL BUSES ALL AWAY TODAY

It's a Unique Situation, Says Old Timer—Are in Moncton.

So far as a veteran observer could tell, the Times-Star today an unique situation obtains in St. John in that every one of the elected representatives of the people is absent from the city. All are attending the annual convention of the Union of New Brunswick Municipalities. On more than one occasion there has been only one of the five members of the council in the city, but it was said today this was probably the first time since commission government came into being here. Mayor Potts and Commissioners Wigmore, Bullock and Harding left this morning and Commissioner Frink left at noon for the convention. They will be away until Saturday. The sessions of the convention will last until Friday evening.

## ARTHUR TO MAKE LAST TRIP SEPT. 5

Eastern S. S. Liner to be Withdrawn From This Route.

That the S. S. Prince Arthur will make her last sailing from this port on Sept. 5 was an official announcement given out this morning by A. G. Currie, local manager of the Eastern Steamship Company. The Prince Arthur was placed on the St. John-Boston service early in the season and has since enjoyed a large patronage. She is looked quite heavily for all her remaining sailings.

She arrived in port this morning at 7:45 o'clock direct from Boston with 141 passengers, a fair sized general cargo and two automobiles.

Among the passengers who arrived were Mr. and Mrs. Clarence R. Needham of Malden, Mass. Mr. Needham is a former St. John boy who left here in 1901 for the U. S. and for five years resided in Brooklyn, N. Y. He then went to Malden, where he joined the permanent fire department force and is still associated with it under Deputy Chief Chadwick who was in St. John recently. Prior to leaving St. John he was a member of the Opera House staff. While here he will visit his brothers, Harry D. Needham of the Public Works department staff, and William H. of the C. N. R. staff; also his uncle, James P. Thomas, who is one of the veterans of the local fire department. Mr. Needham is well known and will be welcomed by a score of friends.

**MEMORIAL TABLET.**  
At the Sunday evening service in St. Mary's church, a handsome memorial tablet, 2 feet 7 inches, by 2 feet 6 inches, in memory of the late Venerable Archdeacon Raymond, who was rector of St. Mary's for 32 years, will be unveiled. A special service has been arranged. St. Mary's band will assist in the music. Venerable Archdeacon Crowfoot will be the special preacher.

J. M. Woodman, general superintendent of the C. P. R. New Brunswick district, left last evening on an inspection trip as far west as Megantic. He was accompanied by C. C. Kirby, district engineer.

### WANT GROUNDS.

As the Exhibition Association has taken over the Barrack Green, it was announced this morning that soccer matches scheduled for the City Soccer League for these grounds would be postponed until other grounds are available for these matches.

### CHEESE IS SCARCE.

The price of cheese is on the up grade. At a board meeting in Sussex yesterday the price was 17.7 cents, as compared with 16.1 at the last board on Aug. 2, an increase of well on to two cents. The increasing cost of feed is one of the reasons for the upward movement.

### MUST BE LICENSED.

Commissioner Harding said yesterday that he had been informed that certain unauthorized persons were operating taxi cabs in the city and he would appreciate it very much if any persons having knowledge that such was being done would report the matter to the police. They would see that the offender was dealt with according to the law.

### CAME OUT OF IT WELL.

A sedan car went over the embankment on the city side of the Keegan bridge about 10:30 last night and in falling about five or six feet it turned over on one side. Its two passengers, a man and a woman, were unharmed. A large number of automobiles collected and offers of help were numerous. Hartley Vanwart was able to get a good tow to the car in distress and pulled it back on to the road.

### THE OLD BURIAL GROUND.

The publication of the list of inscriptions on the grave stones in the old burying ground aroused much interest yesterday. The list has been made that an effort be put forward to raise a popular subscription to put this historic spot in better condition than it is in present. The opinion was expressed that a move of this nature, undertaken by the L. O. D. E., would meet with success.

### ABUSIVE LANGUAGE CHARGED.

Watson Powers appeared before Magistrate Henderson in the police court this morning, charged with using abusive and insulting language to William Crowley. The complainant was not present. Powers was called to Frederickton owing to the serious illness of his father, but his wife was in court and testified. The case was set over until next Monday morning at 11 o'clock and the defendant was informed he could put up a deposit of \$10 for his appearance at that time.

### FOR BRIDE-TO-BE.

Miss Evelyn Quinn was hostess at a delightful luncheon at her residence, 417 Main street, on Wednesday evening, in honor of the approaching marriage of Miss Ruth Hoyt. Covers were laid for 12. The guests included the young ladies of the Bank of Nova Scotia staff. A pleasing feature of the occasion was the presentation of an array of beautiful gifts to the bride-to-be by little Miss Mary Connor, who was daintily attired in yellow organdy as a miniature bride. Miss Quinn was assisted in receiving her guests by her mother, Mrs. Joseph T. Quinn, while Mrs. W. T. McCarthy and Miss Marion Quinn presided in the dining room, where the color scheme, yellow and white, was most effectively carried out.

### DIED SUDDENLY

**J. H. Lahey Passed Away at His Home in Sydney Street.**

James Hunter Lahey died suddenly at his residence, 207 Sydney street, this morning. He was employed with the St. John Dry Dock & Shipbuilding Company, and after returning from work last evening complained of not feeling well. At 6 o'clock this morning he arose, intended to go to work, but evidently did not feel able and went back to bed. At 8 o'clock he was found dead in bed by his wife. He was 60 years old and was a son of the late George and Jennie Lahey of Fairville. Besides his wife, he is survived by two children, Agatha and Leonard, and two sisters, Mrs. W. J. Linton of Manawagonish road and Mrs. Hazen McLean of this city. His funeral will be held on Saturday afternoon at 2:30 o'clock. The news of Mr. Lahey's sudden death was heard with keen regret by a wide circle of friends and heartfelt sympathy will be extended to the bereaved family.

## KINGS MILK MEN TO ASK 64 CENTS

Demand Coming on September 1—Meetings are Being Held.

A milk strike, which would tie-up the supply to this city, is looming up as a possibility according to information received from Kings County producers last night. Citizens now have pasteurized milk, certified milk and other milk but after Sept. 1, it was said, they may have no milk if the local dealers refuse to meet the demands of the Kings County Milk and Cream Producers' Association for 64 cents for an eight quart can for milk delivered at St. John.

Meetings have already been held by the producers at Sussex, Apohaqui and Norton and other meetings will be held at other stations during the next few days. It is reported that the association intends not only to tie-up the milk supply on Sept. 1, if their demands are not acceded to, but also to refuse to ship to any dealer cutting the price to any member of the association after once accepting the new price for the winter. The association will also, it was said, refuse to supply a pasteurizing plant that might continue to handle the milk for any dealer thus black-listed.

The association has adopted this attitude, a producer said yesterday, owing to past transactions with certain dealers who would agree to pay a certain price and then, after a couple of weeks, notify one or two of their less determined producers that they would not continue to pay the price agreed. When they successfully secured this loophole they would notify their other producers that Mr. So and So was shipping them milk at the cut price and that the others would have to come to this price. Hence the producers, by their failure to take drastic steps through the association, this member said, would be compelled to yield each season.

The producers this summer have been getting 56 cents and in some cases 55 cents for an eight quart can. Already a local concern, a producer declared, had offered 61 cents a can after Sept. 1 for milk delivered at St. John. However, the farmers declare that with feed already selling at \$40 a ton and likely to soar higher in the near future they would be unable to ship milk at less than the 64 cents during the coming fall and winter. Several said that they were making more money at 56 cents this summer than they would next winter even at 64 cents.

Discussions in the city this morning set for the city and the producers had been getting 4 1/2 cents a quart for their milk and it had been retarding in St. John at 14 cents, thus allowing the dealers 9 1/2 cents a quart for expenses and profit. This man considered this a very excessive margin. However he said that this was a matter between the citizens and the dealers but he declared emphatically that 64 cents for milk delivered at St. John, if the producers could accept for their milk this winter with any hope of breaking even on the cost of production.

The manager of one of the local pasteurizing plants said this morning that they had made an offer of 51 cents to their producers and he thought that many of them were considering it favorably. He said they had received no official notification as yet from the producers but admitted he had heard rumors concerning the prices to be asked. He considered that 64 cents was far too high and that such a price would mean a big increase in the price which would have to be charged here. He expressed the hope that a settlement would be reached without any tie-up occurring as it would entail serious hardships on the citizens. However, he expressed the opinion that he personally would be in favor of refusing to pay that much for the milk this winter even if a strike resulted.

### VISITING MUSICIAN.

A distinguished musical visitor in town is Mrs. Merrill of New York, better known under her maiden and professional name, Rachel Sedor, who has just recently completed a long tour with Sousa's Band as violin soloist. Mrs. Merrill is a bride of two months and is visiting her friend and musical chum, Mrs. T. J. Gunn, King street east. Mr. Merrill, husband of the visiting bride, is leading trumpet with Sousa and one of the well known instrumentalists of America's inner circle of bandsmen. Mrs. Gunn, with true down-east hoop spirit, induced her friend to spend part of her vacation in this lovely country. She came to spend a week but has decided to stay several. Mrs. Merrill possesses a charming personality and her concert appearances are always marked with the warmest evidences of appreciation.

### As Hiram Sees It

"Hiram," said The Times reporter to Mr. Hiram Hornbeam, "I hear that you and Judge Ritchie had a fierce contest for a lady's favor at the Rotary picnic."  
"Well, now," said Hiram, "however said that don't know the judge an' don't know me. I got a pretty good conceit o' myself—but I'd no more think o' tryin' to cut him out than I would o' hittin' my head agin a stone wall. He's one o' the old school—the judge is—'n' Hanner says she'd ruther crack a joke with him than any o' the young fellers she knows. Him an' me ain't a gonto hev no scrap. I did hear the women hev some lively times tryin' to grab him for a partner at bridge—as as for the women at that there Rotary picnic—they wasn't payin' no attention to Hiram when he was round—no, sir. The last time he was out to The Settlement Birdie McWhat says to me—says she—'aint he the dear man.' An' Birdie ort to know—fer she's had her eye on men for a considerable spell—yes, sir."

## PAINT IN THE FALL

If you have any building that needs painting, now is the best time to do it, because at no other time of the year are wood surfaces in better condition to receive paint, for the summer sun has dried it thoroughly; another thing, rough winter weather is coming along and your property should be protected with a good coat of paint.
