JOHNNY EVERS IS NOW ON THE FENCE

Federal Want Deposed Manager of Chicago Team

MAY BE TROUBLE FOR MURPHY

Talk of Plans For Elimination of Chicago Owner From Baseball—Annual Meeting of the Trotting Association

Canadian Press.—New York, Feb. 12.—Whether or not Johnny Evers will jump from organized baseball seems likely to be decided today, when the persuasions of National League officials on the one side are pitted against the tempting offers of the Federal League on the other.

Chicago's head manager of the Chicago Cubs is inclined to remain with the organized baseball forces if he can do so on terms which he considers fair to himself, he has declared that he would listen with more than ordinary attention to the offers of the outlaws if he were slated to stay with the Cubs, or made to figure in a deal by which Charles W. Murphy, president of the Chicago Nationals, would benefit.

While the forces of the organized game were weakened today by the absence of Governor Tenney, president of the National League, who has gone to Harrisburg leaving his proxy with Secretary Heyler, the outlaw ranks were in a way to be materially strengthened for the clash by the expected presence of Joe Tinker, head manager of the Chicago Federal League club, who helped to make the famous "Tinker-Evers-Charles" combination in the old Cubs field, and who is expected by the Federalists to be able to bring more than ordinary influence to bear on Evers in the way of turning toward the new league ranks.

The Evers incident brought forth rumors today that plans for the elimination of President Murphy from baseball were being considered by National League club owners, who are said to resent his attitude in several recent matters affecting the interests of the league and of organized baseball as a whole.

New Horse-Racing Rules.—New York, Feb. 12.—Nearly 400 members representing all the district boards of the National Trotting Association were present here yesterday in person or by proxy at a congress which adopted racing rules to conform with those of the American Trotting Association.

The changes which came up for consideration on that of which was thrown out, were those recommended at a meeting of a joint committee of the organizations in Chicago in last December.

The National Association re-elected its officers including P. J. Johnston of Lexington, Ky., as president, with the exception that John C. Welly of Canton, Ohio, was elected vice president in place of P. H. Wall of Ottawa. Mr. Wall was elected a member of the Eastern district board for a term of six years.

One of the amendments adopted reads: "When a series of races is given for one entrant for each heat or race, the winner of each heat or race, shall acquire a record or bar, which shall be considered in determining eligibility to compete in public races."

It was provided however, that time made in preliminary or trial heats of handicaps does not constitute a record or bar, unless a portion of the premium is awarded winners of the same.

A ruling bearing on eligibility was passed providing that in determining the right of horses to compete in public races, only the records made by the winners of races, shall be considered. This bars out any consideration of time made by horses in performances against time and by non-winning horses in public races.

It was decided that a horse with a record, shall be allowed one second for each year, if raced, in which he fails to equal or reduce his record or win a race, if claim is made by the nominator when making the entry.

The rule committee of the American Trotting Association will meet next week in Chicago and it is expected the rules of both organizations will be nearly uniform thereafter.

Object to Advance in Rates.—Washington, D. C., Feb. 12.—Protests against the proposed general five per cent. advance in freight rates at which would affect the iron and steel industry, were submitted to the Interstate Commerce Commission yesterday.

Very Severe Again Tomorrow; Today Worst Since The "Cold Friday"—20 Below Official

Twenty-Eight Under Cipher in Manawagonish Road—Weather Man Holds Out Little Hope—Only Once so Cold in the Last 53 Years

THE GOLD RECORD

Twenty below was the lowest official temperature. Has not been so cold for forty years. Has not been colder for fifty-three years.

The thirty-mile gale, accompanying the cold wave was very biting. Twenty-eight below reported from the vicinity of the city and some of the places along the railway lines even colder than that.

Probabilities—Strong northwest and north winds, clear and very cold today and on Friday. We may have it down a few more notches tomorrow, although the general public is hoping for a break.

None however is directly at hand though Toronto gives a little hope.

Worst Since Cold Friday.—Never since what is known as the Cold Friday, February 8, 1861, has the thermometer in the city dropped as low as it did this morning, to twenty degrees below zero, and only once was this record equalled, on January 27, 1874, when twenty below was also registered.

When through the day yesterday the weather began to moderate slightly, after the mercury had dropped as far as sixteen below, it was thought that the cold spell was broken. But Jack Frost came back stronger than ever and forced the fluid down in the glass four degrees below the lowest reached yesterday.

And to make things even more disagreeable, a strong breeze sprang up from the north-west, increasing to a thirty mile gale during the night.

Although the official record for today was 20 below, other thermometers about the city showed as low as 22 below.

When through the day yesterday the mercury went to this figure while the temperature at Partridge Island was said to be twenty-five below. Mount Pleasant had one glass as low as twenty-four.

A thick vapor rising from the harbor made traveling very disagreeable for those who came to the city from the West Side.

The following table will show a comparison of the lowest official temperatures, below fifteen, during St. John's history, so far as recorded. Only once was this morning's figure exceeded.

Table with 2 columns: Year and Temperature. 1861... 20, 1874... 20, 1875... 17, 1876... 15, 1877... 15, 1878... 15, 1879... 15, 1884... 15, 1885... 15, 1886... 15, 1887... 15, 1888... 15, 1889... 15, 1890... 15, 1891... 15, 1892... 15, 1893... 15, 1894... 15, 1895... 15, 1896... 15, 1897... 15, 1898... 15, 1899... 15, 1900... 15, 1901... 15, 1902... 15, 1903... 15, 1904... 15, 1905... 15, 1906... 15, 1907... 15, 1908... 15, 1909... 15, 1910... 15, 1911... 15, 1912... 20.

Shelter in Police Station.—Twenty-two men, most of whom formerly lodged in the Salvation Army Metropole, spent last night in Central Station, and were turned out before six o'clock this morning.

It is fortunate for these men that they were allowed shelter by the police or they must have suffered severely, as they would otherwise.

Plan Empire Tour For The Prince of Wales.—Preliminary Schedule Being Arranged—Prince Albert May Accompany Him.

London, Feb. 12.—Preliminary plans have been drafted for a tour of the British Empire to be made by the Prince of Wales in 1914. It is said in official circles to be possible that Prince Albert, the second son of King George, may accompany him.

As at present arranged the prince will go first to Australia and New Zealand, returning to England by way of Canada and the United States. His visit to India has been reserved for a later date.

HOUD-UP MEN ROB RESTAURANT PATRONS; THREE ARE ARRESTED

Italians Identified by New York Victims—Man Stabbed; Woman Felled By Blow

New York, Feb. 12.—Six hold-up men entered a lower East Side restaurant today and with drawn revolvers backed five men and a woman patron against the wall and robbed them of \$2,000 in money besides jewelry. One of the victims, who remonstrated, was stabbed and the woman, who ventured to scream, was felled with a blow.

Three Italians, identified as being in the robbery party, were subsequently arrested and part of the stolen property was recovered.

Antonio Colaninno was the man stabbed. His condition is serious. It was his wife whom one of the robbers knocked down.

ANNUAL MEETING OF SHIPPING FEDERATION

"This Has Been Tramp Steamer Year," Says Andrew Allan

Montreal, Feb. 12.—The number of sea-going vessels which arrived at Montreal during the last year was 893, an increase of eighty-four over the previous year, with an increase of 288,422 tons.

The figures were reported at the eleventh annual meeting of the Shipping Federation yesterday. Of grain 53,861,888 bushels were shipped, an increase of 15,051,888 bushels.

"This has been, more especially the tramp steamer year, and tramp steamer companies have been making large profits, and showing good dividends," said President Andrew Allan.

CAN IT BE TRUE?

Shocking Report That Halifax Harbor is Frozen Over

A commercial man who reached the city this morning on the early I. C. R. train, reported that the harbor at Halifax from the viewpoint of those who are pessimistic, is frozen over.

"No longer a frozen harbor," the claim is asserted that the harbor is "open all the year, and entirely unobscured by ice," for according to the traveler, the harbor was frozen over yesterday.

"When I just think! The pride of our navy minister, Hon. J. Douglas Haysen, actually frozen over. It's enough to give Premier Borden an attack of chills."

"Well, we've got something to freeze over, anyhow," was the sour and disappointed response made yesterday by a Halifax man to the man who brought the fright news to town today.

HALIFAX GAINING AGAIN AT EXPENSE OF ST JOHN

St. John is getting some adverse advertising these days. A Montreal man who has invested considerable money in the fact that some of the suburban trains were being taken off and remarked that this would certainly have the effect of driving real estate values in Robtsey.

THE STEAMERS

Royal mail steamer Royal Edward, of the Canadian Northern S. S. Line, Captain P. M. Watson, N. B., sailed from Bristol last evening at seven o'clock for St. John direct. She has on board thirty-two first, 127 second and 419 third class passengers, 1,600 bags and 812 packages of mail and a cargo of general freight.

White Star Liner Teutonic, scheduled to sail from here this morning, has not yet got away owing to the thick vapor. She has about sixty cabin and 200 third-class passengers and a cargo of mail and general freight.

R. M. S. Victoria, of the Allan Line, from Liverpool for this port direct, was aboard Cape Race at 4:20 o'clock last evening.

The steamer Liner Rappahannock sailed this morning from London for St. John via Halifax with general cargo. The Manchester Importer left Halifax last night and is due in St. John this evening.

Allan Liner Sicilian is due to sail today from Boston for Glasgow.

White Star Liner Teutonic, scheduled to sail from here this morning, has not yet got away owing to the thick vapor. She has about sixty cabin and 200 third-class passengers and a cargo of mail and general freight.

METHOD PRESBYTERIAN CHURCH BURNED DOWN

Fire Leaves Only Foundation Walls of Handsome Brick Structure—Firemen Narrowly Escape—Loss About \$30,000; Insurance \$22,500

Moncton, N. B., Feb. 12.—St. John's Presbyterian church was destroyed by fire this morning. The beautiful brick structure is a total loss, the fire having broken out about seven o'clock and spread with startling rapidity and the entire building soon was a mass of flames. The firemen fought thickly and saved the adjoining buildings.

The fire was first seen by a man who was passing just as a terrific explosion hurled fragments of glass windows in all directions. Flames were soon shooting skyward, indicating that the fire had been burning unnoted for some hours.

A little after eight o'clock the entire shell of the building collapsed, giving one or two of the firemen narrow escapes. When the fire was at its hottest, the Rev. J. B. Robinson, in the German-American carried \$1,000 on the furniture of A. J. McQuarrie, who also suffered by the fire, his house being partially damaged.

The origin of the fire is unknown. The loss is estimated to be more than \$30,000. The insurance on the building and contents is \$22,500. The church premises, contents and site were valued at about \$40,000. The church was rebuilt in 1894 and it is a few days more than twenty years since a former fire occurred.

Part of the insurance is held in St. John. T. B. & H. B. Robinson in the Rochester Fire & Marine Co., Ltd. \$2,500; Knowlton & Gilchrist, \$2,500 in the Springfield; the Fidelity Underwriters, \$1,500; the Queen, \$5,000; Hudson Bay, \$2,500; Law, Union & Crown, \$2,500; and the New York Underwriters \$1,000. T. B. & H. B. Robinson in the German-American carried \$1,000 on the furniture of A. J. McQuarrie, who also suffered by the fire, his house being partially damaged.

W. W. HUBBARD AND MISS JACK MARRIED

Ceremony This Morning in St. Paul's Church

An interesting nuptial event took place in St. Paul's church at 10:30 this morning, when Miss Louise Jack, daughter of the late Henry Jack, was united in marriage to W. W. Hubbard of the provincial department of agriculture.

The bridegroom was supported by John Mackenzie and Miss Agnes Hubbard, sister of the bridegroom, was bridesmaid. The bride was given away by Rev. James W. Millidge, and it is rather interesting to note that his father was married. Rev. J. B. Hooper performed the ceremony today.

The bride wore a going-away gown of soft, white tulle and cut to match, and black hat with large ostrich plume. Miss Gwendolyn Gandy played the organ, and the hymn "O Perfect Love" was sung during the service.

After the ceremony the bridal party drove to the residence of Dr. Thomas Walker, Princess street, where a dainty wedding breakfast was served. Mr. and Mrs. Hubbard left on the Halifax express for a short honeymoon trip through the maritime provinces. They will reside at Burton, N. B.

NO DECISION AS TO A THIRD POLITICAL PARTY IN THE WEST

Moosjaw, Sask., Feb. 12.—The Grain Growers' Association of Saskatchewan adjourned last night with the question of the formation of a third political party still unsettled.

FREDERICK SUTHERLAND DEAD; ILL ONLY A DAY

Frederick Sutherland, aged 41 years, died this morning at the home of his brother, John Sutherland, 244 Union street. He had been sick only since yesterday. About noon he complained of not feeling well but last night was improved so that he expected to return to work as wine clerk in W. H. O'Keefe's, Union street, this morning.

About 4 o'clock this morning he died. He was forty-one years of age and was well known to many friends. He was a member of the local nest of Owls. The funeral will probably be held on Saturday.

WILLIAM McQUEEN DEAD

The death of William McQueen occurred last night in the General Public Hospital after only a few days illness. He was taken there on Monday last, and death was due to pneumonia. He was twenty-three years of age, and is survived by two brothers, James and Leonard, both of this city. Mr. McQueen who was in the employ of the D. F. Brown Paper Box and Paper Company, was a corporal in "B" Company, 62nd regiment, and had many friends about the city. The funeral will be held tomorrow from his late home, 9 Ann street.

WAS IN COPENHAGEN

On the trip from which he has just returned Alfred Porter, of the steamship company, the American line Nooderdijk, from Rotterdam for Boston, put in here last night for coal. The steamer had been out since January 24 and met stormy weather. The United States revenue cutter Androsouggan came into port after midnight and anchored in the stream.

Motor Liner Launched

Glasgow, Feb. 12.—The Mississippi, the first motor liner of 5,000 tons built for the Atlantic Transport Line, was launched today. The vessel is 898 feet long and is fitted with two main engines of 1,600 horse power each and two auxiliary engines.

RUSSIA STIRRED BY BOY MURDER

Another "Ritual Slaying" Case Is Expected

LAD KILLED NEAR KIEV

Second Inquiry Shows Him to Have Been Christian—Thirteen Wounds in Neck—Jewish Tailor Is Arrested

(Canadian Press.) London, Feb. 12.—A Central News despatch from St. Petersburg reports the arrest of Pashkoff, a Jewish tailor at Fastoff, forty miles from Kiev, in connection with the murder of a boy known as Yeshel Pashkoff and supposed hitherto to have been his son. The boy was found murdered on December 9, and was buried after a postmortem examination. Rumors of "ritual murder" were then spread and the exhumation of the body was ordered. At the second examination, last week, the Central News says, it was found that the boy was a Christian.

A woman called as a witness, said that the lad was really the son of a Christian law court official named Tansherlich, employed at Vitomsk from which place the boy had fled. The arrest of Pashkoff followed.

It was said, after the exhumation, that thirteen wounds had been found in the boy's neck, between the right and left ears.

Kiev, Russia, Feb. 12.—Great excitement prevails here over the alleged ritual murder in Fastoff. The city is in ferment, and the case is expected to create even more widespread interest than the Belis affair.

POPE PIUS RECEIVES THE GIANTS AND ATHLETICS

Wished Latin Countries Would Adopt Baseball and Give Up Tango

Rome, Feb. 12.—After granting an audience to the baseball teams making a tour of the world, Pope Pius said to Cardinal Bialletti that he wished all the Latin countries would adopt the American national game and waste no more time on the tango.

The Pope praised upon air games to strengthen the body and advised the baseball players to follow religious practices to strengthen the soul.

WHEN DO WE HEAR DECISION ON MATTER OF SUBURBAN TRAINS?

Just when is Manager Gutelius planning to make an announcement with bearing on the suburban trains? This is the question agitating more than one suburbanite. If he is planning on restoring the noon train, they say he is taking the best from a good intention by the long delay.

It is said by suburbanites that there is no necessity of a new time-table being printed, if that is given one of equal or better service. The same course could be taken as when the announcement of the trains was announced, and the old time-tables used, for there would be no need of changing the hour of departure or arrival. A little more precision and prompt action on the part of Mr. Gutelius would be appreciated.

Bail For Lawyer Arranged.—Winipeg, Man., Feb. 12.—Percy E. Hagel, a young lawyer awaiting trial on charge of assisting his client, Jack Krafchenko, to escape jail, may be released on bail from the provincial jail.

Mr. Justice Paterson yesterday decided that Hagel might have liberty on giving own bond for \$5,000 and two others for \$2,500 each. It is expected the securities will be forthcoming.

Advertised Goods Are Usually of Better Quality

When a man puts an article on the market and advertises it he is giving it his personal endorsement. He is creating a standard that he must live up to for all time if he expects to succeed.

He must fulfill all his advertising promises—and if he is a wise advertiser he will do a little bit more.

His hope of profit is the steady demand he wishes to create, and this can only come to an article with real merit.

The great advertising agencies which are expert in planning big campaigns frequently advise would-be advertisers to wait for months or years until they bring their product to a point where it is ready for exploitation.

All things being equal it is a safe rule to choose an advertised brand rather than one that has no particular sponsor.

It will generally assure you more satisfaction for your money. It's what you get for what you pay, that counts.

SCOTT AND GUTHRIE NOMINATED TODAY

The Contest in York—Percy Gregory Dead in the States

Fredrick, N. B., Feb. 12.—James M. Scott, Independent Conservative, and Percy A. Guthrie, Conservative, were nominated here today in the bye-election in York county. The sheriff's court closed after 2 p. m., after which speeches were made by the candidates and their supporters.

Word received here tells of the death of Percy Gregory in New York on Feb. 1. He was a member of the Young American national game and waste no more time on the tango.

CARNEGIE LIBRARY IS BURNED TO THE GROUND; SUFFRAGETTES DID IT

Birmingham, England, Feb. 12.—The Carnegie library at Northfield, Worcestershire, six miles south of Birmingham, was today destroyed by fire set by an "arson squad" of militant suffragettes. All the books were burned and only the shell of the building was left standing.

Papers were found strewn around the place bearing the words: "To start your new library" and "Give women the vote!"

CONDENSED DESPATCHES

The British government has again declined to participate officially in the Panama canal project.

The Portuguese government will ask parliament to grant amnesty to all political prisoners except those accused of felonies.

King Ferdinand of Bulgaria hopes to visit the United States in April.

The Aero Club of America will not sanction the proposed round-the-world flight until given fuller information.

Miss Esther Jones, of Sarina, Ont., has been appointed city clerk of Lethbridge.

The U. S. naval tug Potomac has been sighted, jammed in the ice near Lobster Head, Nfld. She is short of coal and provisions. The crew are all well and several went ashore over the ice.

It is reported that Emmerich, capital of the province of Esmeraldas, Ecuador, which has been in the hands of the revolutionists since December 15, was recaptured by the government forces.

An El Paso report says that Maximo Castillo, the Mexican bandit, who planned the tunnel horror, which cost forty lives, including some Americans, has been shot by rebel soldiers.

There is as yet no announcement of the findings in the Quebec graft inquiry. One man was killed and five were injured in Hamilton, Ohio, two probably fatally, when a taxicab ran into a switch engine at a street crossing.

Inefficiency at Port Nelson

Ottawa, Feb. 12.—The Liberals opened fire today on the government for its extravagance and waste in the operations at Port Nelson, after a motion by A. K. McLean of Halifax, for the production of papers bearing on the work there. He accused the government of causing a delay in the Hudson Bay railway project by its inefficiency in the work at Port Nelson.

Into Halifax for Coal

Halifax, Feb. 12.—With her bunkers almost empty, the American liner Nooderdijk, from Rotterdam for Boston, put in here last night for coal. The steamer had been out since January 24 and met stormy weather. The United States revenue cutter Androsouggan came into port after midnight and anchored in the stream.

Russian Premier Resigns

St. Petersburg, Feb. 12.—Vladimir N. Kokovsov, Russian premier, resigned yesterday. He was finance minister in Stolypin's cabinet and succeeded to the premiership after the assassination of Stolypin in 1911.

 Berlin Women's Plea Treated as a Joke  
 Berlin, Feb. 11.—German women's latest move in the campaign of emancipation is a demand for admission to the floor of the stock exchange. Their ambitions have just come to light through a circular letter addressed to the bankers and financiers by the Berlin Women's Capital, a new financial weekly, which has been started by the Berlin Women's Bank. The letter sets forth that the rules of German bourses now bar women, children, idiots, bankrupts, criminals, and persons affected with contagious diseases. German financiers are asked to express an opinion whether the time has not arrived for an amendment to the rules as far as women are concerned. The successful administration of the Women's Bank, which has just celebrated five years of dividend-paying existence, is cited as a proof that the fair sex knows a thing or two about finance.

The National Zeitung, which has influential banking affiliations, dismisses the proposal as a premature April fool's joke.

John M. Hannibal of St. Louis is planning to marry the mother of the man who recently married his daughter. This he will become the stepfather-in-law of his own daughter, while the younger bride and groom will become stepbrother and sister.

**WEALTHY WOMEN AID UNEMPLOYED GIRLS**

Open Sewing Room to Furnish Work and Will Sell the Product

(New York Sun)  
 The conference that was begun more than a week ago by wealthy women cooperating with the Women's Trade Union League to adopt measures by which unemployed women can be provided with work effected permanent organization at a special meeting yesterday at the rooms of the league, 48 East Twenty-second street.

Mrs. Peter Cooper Hewitt presided and plans to meet the present conditions among working girls were discussed. It was announced after the meeting that the conference had started a sewing room to furnish remunerative and useful work, the product of which the conference will sell.

An appeal was issued to the women of New York city urging them to contribute to a fund for this purpose. Any sum, large or small, will be welcome. Contributions and offers of employment may be sent to Mrs. J. Sergeant Cram, 3 East Thirty-eighth street.

The conferees found that many retail clerks, stenographers, secretaries, house servants, needle workers and others "sat themselves for the first time in the ranks of the unemployed. Among the kimono makers alone 46 per cent are idle. The problem of unemployment among women is even more acute than among men. The danger to women in loss of work is grave. The conference has also established a free bureau to find work for women in the league's headquarters.

Among the women who signed the statement were Mrs. Peter Cooper Hewitt, Mrs. J. Sergeant Cram, Mrs. Amos Pinchot, Mrs. Egerton L. Winthrop, Mrs. Helen Hart Jenkins, Mrs. Willard Straight, Mrs. Walter Weyl, Miss Lillian Ward, Miss Mary E. Dreier, Mrs. Walter Maynard and Miss Anne Rhodes.

**LOCAL MEN BUY FROM HON. MR. BIGNY**

Hon. S. O. Bigny, of Attleboro (Mass.), has disposed of his Canadian patents covering the manufacture of the celebrated Sild Suspenders, to Dr. T. E. Bishop, M. B. Innes, and others, who will start the manufacture of these goods here early in the spring. The principal feature of the new suspender is elasticity without rubber, a concealed ball-bearing spring furnishing the extension. The introduction of this new industry should mean a lot to St. John as no doubt there will be a great demand for these suspenders and garters.

**BADLY ULCERATED LEG**

Zam-Buk Cured Her When So Bad She Had to Use Crutches  
 For varicose sores, bad leg, or chronic ulcers, Zam-Buk is without equal as a healer. A proof of this is just to hand from Montreal. Mrs. T. Edwards, of 164 Amherst St., writes: "Some time ago a bad sore broke out on my left leg near the ankle. For a week or two I did not heed it, but it got so bad that I could hardly walk. I sent for a doctor, and he told me that I would have to lay up with the wound. I did so for three weeks. At the end of that time the ulcer healed a little, but I could only move about by using crutches."

"The sore then broke out badly, and the doctor told me that the only thing that would cure it would be an operation, and that I should have to lay up for a year. This, I knew, was impossible, as I had a family to attend to. My son had cured a bad cut on his finger by using Zam-Buk, and he advised me to give this balm a trial. I did so, and in less than a week's time it gave me wonderful relief. It stopped the pain, which had been so bad that many nights I did not get a wink of sleep. In a very short time the wound was so much better that I had no more sleepless nights and was able to move about and do my work. I persevered with Zam-Buk, with the result that the wound is now perfectly cured, and the limb is as sound and strong as ever. To any person suffering from ulcerated sores I would say, 'try Zam-Buk.'"

Zam-Buk is just as good for piles, hemorrhoids, boils, scalding sores, blood poison, festering wounds, cuts, burns, scalds, bruises, eczema, eruptions and all other injuries and skin diseases. All druggists and stores 50c box, or Zam-Buk Co., Toronto, for price. Refuse harmful substitutes and imitations. Have you tried Zam-Buk Soap? 25c tablet.

**FOUR SISTERS MARRIED TO FOUR BROTHERS**

An Interesting Family Reunion in a Maine Town

Biddeford, Me., Feb. 12.—The record of most remarkable family marriages in this vicinity is believed to be held by the four Jansen brothers of Biddeford, Maine, Epping, N. H., and St. Bernard De Micaudville, P. Q., who married four sisters, and the husbands and wives are all living.

This week they held a family reunion at the home of Joseph Jansen, one of the city's big ice dealers. The parents, children and grand-children, with other members of the immediate families numbered 25. It was the first time these relatives had been together in eighteen years. The Jansen brothers were born in St. Denis, Canada, and their wives, the Blais girls, were born in St. Christophe, and were noted for their beauty. Joseph Jansen came here between nineteen and twenty years ago. He married Elsie Blais and they have five children, Augustus Jansen came to the United States about the same time, but he settled in Epping, N. H., where he engaged in the brick-making business. He married Clara Blais, and they have two children, Henri Jansen, until within a few months ago lived in Canada, coming to Biddeford last fall, and has been employed since by the Peppercell Corporation. He married Evelyn Blais and they have three children. Albert Jansen lives on the father's old farm in Canada, St. Bernard De Micaudville, in Hamilton county, Ontario, where the Jansens moved from St. Denis many years ago. He married Alma Blais, but they have no children.

 A coal bunkering barge of the Dominion Coal Company capsized in the north dock of the company's wharf yesterday afternoon. The barge was receiving some minor repairs, and an unusually low tide caused her to rest on the bottom. This position forced a body of water under the stern which combined with the weight and height of the tower, caused the barge to capsize in an instant.

**Pepps**  
 What are they?

Pepps is the name bestowed upon a new scientific preparation put up into tablets or capsule form which provides an entirely new and effective treatment for coughs, colds and lung and throat troubles.

Did it never occur to you as peculiar that when you have a cough or a cold, or any chest trouble, you should apply medicine—not to your lungs, but to your stomach?

Look at it the other way round. Suppose you suffered from some stomach complaint—indigestion or ulceration. How strange you would think it if you were asked to take a medicine which had to be breathed in, and which went—not to your stomach, but to your lungs and breathing passages?

Pepps—this newest remedy for coughs, colds, and lung troubles—goes to the lungs and breathing tubes, direct. Pepps are really pure flaves, and certain highly beneficial medicinal extracts specially prepared by a new scientific process and then condensed into tablet form. It is like making a breathable gas solid!

You put a "Pepp" on your tongue and let it dissolve. As it does so, the healing essence it contains turns into vapor, and you BREATHE them direct to your lungs and air passages!

Just as the old-fashioned treatment for consumption—the "breathing" treatment—is now admitted to be the only rational treatment, so the "Pepps" treatment for colds and lung troubles is the only rational home treatment.

Pepps cure catarrh, coughs, bronchitis, sore throat, tightness or itching across the chest, difficulty in breathing, night cough, hoarseness, asthma, laryngitis, smoker's throat, etc. Best for children, because free from opium, morphine, or any poison.

All druggists and stores sell Pepps at 50c. a box or 3 for \$1.25.

**FREE TRIAL**

Put out this article, write across it the name of your paper, and mail it to Pepps, Co., Toronto, or 62 Princess Street, Winnipeg, enclosing 1 cent stamp to pay for return postage. A free trial packet of Pepps will be mailed you by return. If you have a cough, cold, or any throat or lung trouble, hand this on.

**PROVINCIAL PERSONALS**

Moncton Transcript—Miss Daisy Reid left last night for a trip to Montreal, Toronto and other Upper Canadian cities. Miss Pearl Sherwood returned home last Wednesday from Dorchester, Mass. She was called home through the serious illness of her little sister, Ella. Friends of Joseph Moore of Shediac learn with regret that his condition has been more serious during the past few days. His sons, Fred, Charles and Ernest, all of Moncton, are at his bedside.

Miss Stella Hawkins, of Douglas, York Co., was married in Boston a few days ago.

Mrs. (Rev.) D. C. Lawson, is quite seriously ill at the home of her son, Rev. G. A. Lawson, Moncton.

Miss Blanche Whitehead of St. John, was called to Houlton Monday by the serious illness of her sister, Mrs. B. J. Rideout.

Fredericton Mail—Earl Scott, of Douglas, son of Murray Scott, surprised his many friends by bringing home a bride a few days ago. Mrs. Scott was Miss Yvonne of the Mouth of Keweenaw.

Mrs. John Ash of Fugwash, is visiting her daughter, Mrs. D. P. Lewis, in Norton, N. B.

**Daily Hints For the Cook**

**Salad Dressing.**  
 Bring one-half cup of vinegar to a boil; add one egg well beaten, one scant teaspoon of flour, one-half teaspoon of salt (scant), dash of cayenne pepper, one-third cup of milk. Boil till consistency of cream; take off stove and add two tablespoons of sugar and two tablespoons of butter.

**Astor House Rolls**  
 One pint of sweet milk boiled and while still warm put in a lump of butter the size of an egg, 2 tablespoons of sugar, a little salt, one-half cake of compressed yeast. When light, mold 15 minutes, let rise again and cut into round cakes. Spread each half with butter and fold over on the other half, put into pans and when light bake in a quick oven.

If wanted for tea mix in the morning instead of night.

of twenty packages. It costs less—of any dealer—and stays fresh until used.

**Tea and Coffee vs. POSTUM**

Any analytical chemist can prove by analysis, that tea and coffee contain two harmful drugs—  
**Caffeine**—an alkaloid that irritates the heart, liver and kidneys, and upsets the nerves.  
**Tannin**—a drug which produces an astringent action upon the tissues of the stomach and bowels.

But the greatest test of all is made in thousands of homes where it is daily proven by personal experience that headaches, biliousness, indigestion, heart irritation and nervousness are very often caused by tea or coffee drinking.

An ordinary cup of tea or coffee contains from 1 1/2 to 3 grains of caffeine, and from 2 to 7 grains of tannin.

Therefore, the simple, easy way out of tea and coffee troubles is to quit these harmful beverages and use the pure food-drink

**POSTUM**

It is absolutely free from these drugs or any harmful substance. Made only from prime wheat (roasted) and a small per cent. of molasses, Postum contains the rich, nutritious values of the grain—is a genuine food-drink.

Postum comes in two forms:  
 Regular Postum—must be well boiled. 10c and 25c packages.  
 Instant Postum—a soluble powder. A teaspoonful stirred in a cup of hot water, with cream and sugar, makes a delightful beverage instantly. 30c and 50c tins.

The cost per cup of both kinds is about the same.

**"There's a Reason" for POSTUM**  
 —sold by grocers everywhere.

W. F. Burditt Cites Instance of Piecemeal or Haphazard Methods—The Need of Town Planning

W. F. Burditt, being called upon by a Times reporter, for information as to what progress was being made in St. John in the matter of town planning, said that he thought it was up to the city council to make the next move, but that he was glad, in the meantime, to see that the Times and other papers were directing attention to the matter, as the commissioners would no doubt take some action as soon as convinced that there was sufficient public demand for it.

Referring to the editorial review of the pamphlet issued by the Conservation Commission, "A Plan for City Planning-Organization," which lately appeared in the "Times," Mr. Burditt pointed out that one of the principal requirements urged by the author of that address, G. Frank Beer, president of the Toronto Housing Company—namely the need of legislation to enable cities and towns effectively to control the laying out of extensions—had already been provided for in the New Brunswick town planning act passed by the local legislature in April 1912 as a result of the activities of the board of trade, town planning committee, New Brunswick was the pioneer province in the enactment of such legislation, and it was only rested with the city council to avail itself of the powers thereby conferred.

Asked more particularly as to the object of such legislation, Mr. Burditt spoke of what he termed "piecemeal planning," as opposed to comprehensive planning citing an instance lately reported in the newspapers, in which the owners of a certain subdivision in the suburbs had opened negotiations with the owners of adjoining property for the purpose of obtaining an outlet for the streets which had been laid out without reference to any general plan and solely with regard to the advantageous subdivision into building lots of their individual holding.

A DISCERNING CRITIC ON LORD STRATHCONA (Manchester Guardian) To Lord Strathcona, more than to any other single man, must be ascribed the degree, unparalleled elsewhere in the world, to which Canada has staked her credit as a nation on her railway enterprises.

Make the Liver Do its Duty CARTER'S LITTLE LIVER PILLS

A CRIPPLE FROM RHEUMATISM

Tortured Four Years Until He Took "Fruit-a-tives"

Ridgetown, Ont., May 21st, 1913. "Your 'Fruit-a-tives' cured me of Rheumatism. It was the only medicine that made any impression on me. I was laid up for four winters with Sciatica and Muscular Rheumatism, and was a cripple completely, not being able to do anything. I doctored with four different physicians, but they did not help me. Other advertised remedies were equally unsatisfactory, and I have taken several.

W. T. RACHER If you are subject to Rheumatic Attacks, Sciatica, Lumbago, or Neuralgia, take 'Fruit-a-tives' right now and start the permanent cure which 'Fruit-a-tives' will complete if taken faithfully, 60c a box, 6 for \$2.50, trial size, 25c. At dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

How far the process for which he is responsible has gone may be gathered from the futile efforts which have been made during the last ten years to recover the sovereignty which has been bartered away to the directors. But for his first bargain, valuable land which is now owned by the companies would be none of the complaints which have been made and are being made in Canada that while the people by their cash grants and loans create the railways, the profit as well as the honor, goes to "titled, Empire-building millionaires." Criticism in these terms has been explicit in Canada in the lifetime of Mr. Borden's government. More must be heard of it in the future, and the issue of it must determine the position of Lord Strathcona in the estimation of his fellow-citizens of the dominion.

TAKE SALTS TO FLUSH KIDNEYS

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, clearing out a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, the urine is cloudy, full of sediments, the channels often get irritated, obliging you to get up two or three times during the night.

Thin People Can Increase Weight

Thin men and women who would like to increase their weight with 10 or 15 pounds of healthy "stay there" fat should try eating a little Sargol with their meals for a while and note results. Here is a good test worth trying. First weigh yourself and measure yourself. Then take Sargol—one tablet with every meal—for two weeks. Then weigh and measure again. It isn't a question of how you look or feel or what your friends say and think. The scales and the tape measure will tell their own story, and most any thin man or woman can easily add from five to eight pounds in the first fourteen days by following this simple direction. And best of all, the new flesh stays put.

**STRANGE TURN TO SHOOTING CASE IN NEW YORK HOME**

**Life of Four Year Old Boy May Have Been Given For That of His Mother**

New York, Feb. 12.—Peter Lacorte, four years old, who shot through the head on January 26 in the home of his parents, 117 Reobling street, Williamsburg, Mrs. Rosie Lacorte, the boy's mother, told the police that the child had shot himself accidentally and they believed her.

Peter, a sturdy youngster, clung to life until last Saturday. Then he died. From the moment of the shooting until his death he was unable to speak, although he was intermittently conscious.

Soon after the little fellow died, Dr. Lester Volk, a coroner's physician, performed another person in the room. He reported that the boy did not shoot himself, accidentally or otherwise.

Coroner Ernest Wagner of Brooklyn got Dr. Volk's report yesterday morning. He waited no time. The Eastern District Hospital attendants who had attended Peter, the ambulance surgeon, Dr. Guttmann, who first dressed the wound, and the father and mother were questioned.

The upshot of these details was a rather astounding statement from Coroner Wagner.

"From my investigation of the case," said he, "an astonishing combination of circumstances forced me to the conclusion that the boy did not shoot himself, but that he was killed and that his mother had been murdered."

"But how? The child was only—"

"Exactly. Four years old. Peter, a small living room on the second floor of the tenement at 117 Reobling street. The four-year-old boy is playing on the floor, two-year-old girl is lying in a crib near by."

"There is a quarrel between the mother and another person in the room. The latter grabs a revolver."

"Thoroughly frightened the mother turns to flee. At that instant the revolver is discharged. The mother enters the child's head, but his mother's life is saved."

Coroner Wagner did not care to say whether by what combination of circumstances he had been forced to this conclusion. He said, however, there were no powder burns on the face, a fact proving conclusively that the child had been at least three feet from the weapon which killed him.

In his report Dr. Volk said that it was impossible for the boy to have shot himself for three reasons. One was that he could not have aimed the revolver in such a way as it must have been aimed for the bullet to follow the course it did. Another was that the boy had not strength enough to pull the trigger. The third was that there were no powder burns on the face, a fact proving conclusively that the child had been at least three feet from the weapon which killed him.

**PERSONALS**  
Alex. R. Campbell left last night on a visit to Boston.

Frank J. Scully, of West St. John, returned to the city yesterday morning after a trip to Digby in the midday examinations for second year medical students of McGill.

Frederic Fleming arrived in the city from Woodstock this morning and registered at the Victoria hotel. He was slightly indisposed this morning and remained in his room.

W. W. Hubbard arrived in the city yesterday morning. He is on his way to St. John.

C. W. Fawcett of Sackville is in the city.

Major E. C. Dean and Captain A. C. Law of Halifax arrived in the city last night on a visit of inspection.

Miss Alice F. Kerr left last evening to visit friends in Boston, New York and Philadelphia.

Major General W. H. Cotton returned to Ottawa last evening, after a few days in the city on departmental business.

**TAXATION IN HALIFAX.**  
The Halifax board of control discussed taxation at its last meeting.

Controller O'Connor suggested the board deal with its taxation report, agreeing with it or otherwise, and have it go into the council for discussion.

Controller Hoben urged adoption of the Somers system of valuation and thought its inception would develop the next steps necessary.

Controller O'Connor said the system could not go into effect until 1915. He felt homes should be made cheap, possible carried on with the least possible charge, manufacturing encouragement, and the residue of the taxation should then fall upon land.

Controller Scanlan said a corner on a principal street covered with shack-like looking buildings was being held for \$100,000, while owners of other corner properties who put good structures on their properties were taxed up to the hilt.

Controller Hobson said no more taxation could be put on the poor man of the city.

**AGONY ON OPERATING TABLE**

**Did Not Remove Stone in Bladder GIN PILLS Passed It**

"During August last, I went to Montreal to consult a specialist as I had been suffering terrible with Stone in the Bladder. He decided on an operation and was assisted by another doctor. They said the calculus was larger than a bean and too hard to crush and they could not take it out."

I returned home suffering greatly and did not know what to do but was recommended by a friend to try GIN PILLS. I bought a box and found relief from the pain at once. I took a second and third box of GIN PILLS after which I went back to the specialist. He told me the calculus was reduced in size, still he could not remove it if it although he tried for two and a half hours.

I returned home again and continued to take GIN PILLS as they reduced the pain very much, but I did not expect that they would relieve me of the stone, but to my great joy, I passed the stone on October 3rd and now am a well man.

I am sending the stone in to you so that you can see for yourself what a great work GIN PILLS did for me. GIN PILLS are the best medicine that the world and because they did so much for me, I will give you my name."

J. ALBERT LESSARD.

What glorious news to those who are almost going insane from the pain of Stone in the Bladder! Here is ease and comfort! Here is relief! Here is a certain means of getting rid of the stone without being cut to pieces by the knives of a surgeon. GIN PILLS dissolve Stone or Gravel in Kidneys or Bladder. If the bowels are constipated and liver torpid, take National Laxative Pills, 25c. a box.

If your trouble is like Mr. Lessard's, follow his example and take GIN PILLS. Money refunded if they fail to give relief. At all dealers, 50c. a box — \$2.00. Sample free if you write us, mentioning this paper.

**VERY SEVERE AGAIN TOMORROW: TODAY WORST SINCE THE 'COLD FRIDAY'—20 BELOW OFFICIAL**

(Continued from page 1.)  
not have to worry about the price of gasoline for their motor cars for a while. The various "life saving stations" around the city, established with the permission of the board of liquor license commissioners, did a good business relieving those who were in danger of succumbing to the cold.

A milkman on his rounds this morning related with the morning milk a horrible story that the thermometer had gone down to sixty below and that three men were frozen to death on the ferry boat. His patrons are wondering whether he was having a little fun at their expense or whether he had been deceived by some other joker.

The story is told of one small girl who took a look at the thermometer hanging outside the window of her home and she said to her mother with the air of a would-be martyr: "Mamma, I think you are working too hard these days and I guess I will stay at home and help you."

It was a fine excuse but it did not save her from going to school in the cold.

The old-timers were on the job with caustic remarks about the modern generation and the way they worry about a little chilly weather now-a-days but were silent to pause when confronted with the official statement that there has been nothing colder since that "Cold Friday."

So intense was the cold this morning that the longshoremen working on the wharves at the West Side were compelled to knock off work. The men on the Mount Royal were at work, but in fewer numbers than yesterday.

Charlottetown—Fine, 17 below, cold; 14 at 9 a. m.

Eastport, Clear, 6 below.  
Montreal—Clear, northwest wind, 20 below.

Fredericton, N. B., Feb. 12.—The official temperature recorded last night was twenty degrees below zero. Other thermometers registered as low as twenty-five.

**Outside the Province**  
Boston, Mass., Feb. 12.—The cold wave enveloped all New England today with below zero temperatures. Readings for the night included 34 below at Northfield, Vt.; 30 below at Burlington, Vt.; 28 below at Concord, N. H.; 26 below at Concord, N. H., and Portland, Me.; 10 below at Hartford, Conn.

Montreal, Feb. 12.—It was more than a degree warmer at eight o'clock this morning than on Wednesday morning. The official thermometer at McGill said so, but a wind that was blowing half a gale effectively prevented the foot passengers from believing in the rise in the thermometer. With a temperature of only 28.8 below zero this morning the cold was felt much more intensely than yesterday.

One man has his hands and feet frozen, and more than 100 cases of frost bites were treated in the hospital. Last night saw a record night for protectionists in the police stations, while the night refuges were also filled to overflowing.

**DOCTORS OF BRITAIN CONFESS INSURANCE A BOOM TO THEM**

London, Feb. 12.—A dinner given here on Saturday night to Dr. Christopher Addison by representative British medical men in honor of his work in passing the insurance act, may be said to mark the death of organized medical opposition to that act.

Doctors, as Lloyd George in his speech predicted, have gained enormously by a measure which they declared would ruin them. Medical men, in poor districts, have had their incomes jumped four and six-fold. They ride in motor cars, and some are earning \$5,000.

Complaints come today not from doctors, but from poor patients, who say doctors are often bullying officials, who make a mere courtesy treatment and suggest any other way for dealing with corns.

Blue-jay is applied in a moment. From that time on you will not feel the corn.

Leave it on for two days, until it gently undermines the corn. Then lift the corn out. There will be no pain or soreness.

Blue-jay has ended sixty million corns. Nearly half the corns in the country now are ended in this way.

There is nothing else like it. And no man who knows will ever suggest any other way for dealing with corns.

The way to end corns is with Blue-jay. It stops the pain instantly. Then it loosens the corn, and in 48 hours the entire corn comes out.

FRY'S Cocoa—A Gracious Stimulant

NOT only is FRY'S a rich and delicious food beverage, but it possesses to the full that mysterious, elusive but very desirable "spirit of cocoa" which scientists call "theobromine," a quickener of the brain and nervous force, with no unpleasant after-effects. Exquisite in aroma, of sure purity, easy of digestion—FRY'S is the result of nearly two centuries' experience in high-grade cocoa making.

TO INVESTIGATE PROBLEM OF LACK OF EMPLOYMENT

The problem of finding work for the unemployed was discussed at a meeting of the Associated Charities yesterday and a committee consisting of W. S. Fisher, J. Hunter White and A. M. Belding was appointed to investigate methods used in other cities and to report with recommendations for the local situation. The housing problem also was discussed and the plans for the housing survey reported upon. In reply to a request for extension of the night school classes the board of school trustees replied that they must proceed cautiously. The secretary reported a busy month dealing with requests for work and assistance.

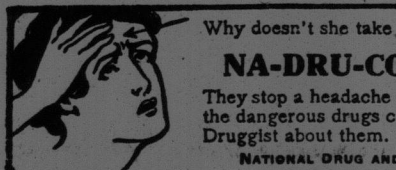

Indeed! "Here," said the author, indignantly, "I wrote the word 'marital' in my manuscript and you printed it 'marital'." "Oh, well," said the editor, "what's the difference."

FURLANA, NEW DANCE, MAY REPLACE TANGO

(Montreal Star) A substitute for the tango has arrived. It is called the furlana, and comes from Northern Italy by way of New York. The dance is not slow, nor is it by any means simple. The first exhibition in Montreal was given privately this morning by Prof. S. Laing. Learning that a dance rivaling the tango was being presented in New York Professor Laing went to see it performed and to look into its possibilities. The exhibition given by the professor this morning conclusively proved that it is not slow nor is it lacking in difficult and graceful movement. The suggestive features of the bunny hug, the grizzly bear, the Texas Tommy, the tango and other similar dances are eliminated. In dancing the furlana the dancers are not as close together as in some of the modern inventions laid at the altar of Terpsichore. As demonstrated this morning, the knees and shoulders of the partners never touch. For the greater part the furlana is executed with the dancers facing each other. The hands are held high above the head at times and are clasped or the fingers are snipped. A curious glide in a circle is the characteristic movement. The first move of the dance starts with the dancers facing each other and gliding forward on the outside foot, the inside foot being drawn up sharply on the second beat of the rapid music. Turning gradually in a small circle the glide is repeated. When the circle has been completed the dancers reverse, and with the same movement in the opposite direction execute the figure 8.

An actual dip. This follows a high spring forward, the dancers turning slightly to the right, so that they are nearly back to back. On the second count, the left toe reaches far forward, on three the dancer rises on both toes without changing the position and on four, sinks in a very rapid and extremely modern dip. On rising, the position is held for three counts. Then each whirls about to a single beat of the rapid music. As in the tarantelle, which is the dance of Southern Italy, the music is very rapid and emphatic, with 6-8 or 8-8 time. The dance is built up of the slide side spring and dip with variations.

CHILD ALMOST STRANGLED

You never know what minute a child will develop a bad cold or be seized by croup. For this reason it takes a great burden off every mother's mind to have at hand Dr. Chase's Syrup of Linseed and Turpentine. South Milford, Annapolis county (N. S.), writes:—"I have used Dr. Chase's Syrup of Linseed and Turpentine for my little boy with most satisfactory results. His throat would fill up with phlegm so bad that he could scarcely make a sound, and I thought he would surely strangle. He grew worse, and had frequent bad attacks, so I began using Dr. Chase's Syrup of Linseed and Turpentine. Scarcely half a bottle was used when the strangling ceased. This medicine had a wonderfully soothing effect, and when he had taken two bottles could not tell that he had any throat trouble. We have also used Dr. Chase's Ointment with equally good results. It is a grand medicine for salt rheum." There are imitations, but the genuine Dr. Chase's Syrup of Linseed and Turpentine bears the portrait and signature of A. W. Chase, M.D., the famous Receipt Book author.

MORNING NEWS OVER THE WIRE

Ottawa reports say that J. Del Tache, of St. Hyacinthe, Que., is likely to get the position of King's printer. He is a newspaper publisher. Sheriff Tompkins, of Carleton county, is not in very good health and there is said to be a possibility that he may soon retire. J. R. Brown is mentioned as his successor. R. H. Starnes had a majority of 316 votes over Alex. Horne for the mayoralty of Charlottetown, P. E. I., yesterday. Politics entered strongly into the contest, the winner and those working for him being strong Liberals, while his opponent and followers were as strongly Conservatives. The Archbishop of Canterbury has decided in the Kiluyu affair in Africa that the two bishops, who, it was demanded, should be tried for heresy, acted in the right in a position of exceptional difficulty and manifested a sense of duty. He says that the question raised will be referred to a consultative committee, but that the final verdict will be with the church itself. Letters of incorporation have been granted to Palmers Ltd., capital \$20,000, with head office at Dorchester, to carry on business as general merchants. "They tell me that Jim Muggins is one of the directors in a big city corporation now," said the grocer. "Yes, I seen him las' time, I was down to town," said Mr. Meddersgrass. "He directs the envelopes for the firm."

THE OLD GRAND UNION

New York Hotel That Has Housed Many Provincials

IT MAY HAVE TO GO

Some Millions to Be Paid First. However, Says Smeon Ford, Before Subway Causes Sale of the Hotel

(New York Sun) The Public Service Commission has decided to curve the subway around the southeast corner of Forty-second street and Park avenue to connect with the Lexington avenue subway extension. As this curve will cut directly under the Grand Union Hotel, it was announced that in all likelihood the ancient hostelry would have to go. This would mean the disappearance of a landmark and the darkening of a lighthouse for the rural traveler. Simeon Ford, a well known golf player and after dinner speaker, who also runs the hotel, said yesterday that he did not know about all that. There were certain little details to settle before his establishment follows the old Astor House and leaves the Broadway Central Hotel as the last of the old time places of entertainment.

One little detail concerns the payment of something like \$3,500,000 or \$4,000,000 for the property, or arrangements for an easement and payment of the building, which would be torn down. Mr. Ford simply suggested that this must be settled before the wreckers attack his Flemish room or the vista garden or the old dining room or the new dining rooms, which are stuck up all around the place.

Refuses to Sing Swan Song "I am sure I don't know anything much about it," said Mr. Ford. "I have not had any notice of my doom from the Rapid Transit Commission or the Board of Estimate and Apportionment or whoever it is to give the notice."

"I see that the hotel is doomed by the newspapers. It really is a shame the way the papers are settling the fate of this hotel. They have been doing it at periodic intervals now for a long time. It has been raised in print several times and one time I saw pictures of its being done. It hasn't happened yet, and, so far as I know, it will not be done. "All these reports are very injurious to our business, let me add. The employees are getting restless and nervous, the old boarders are beginning to pack up and our friends at a distance contemplating a visit to New York are picking out other hotels. Worst of all, I have had to answer many phone calls from friends who call up to condone with me. You ask me for a history of the hotel, an obituary, so to speak, a eulogy. Well, there is not going to be any farewell, not just yet."

Hotel men were inclined yesterday to believe that the Grand Union Hotel is about the oldest of the larger hotels of the city—except, perhaps, the Eastern Hotel at the Battery. They know that an inn of some sort has stood on the site longer than any man can remember, and some of them go back more than sixty years.

Ford Married Owner's Daughter

Originally the old Westchester Hotel stood just on the corner. Early in the seventies the father of Samuel T. Shaw, one of the two owners of the real estate, bought the adjacent property and later on the Westchester Hotel itself. The senior Shaw was not a hotel man, but as he owned the property he kept the hotel open. This was the cause of the rambling arrangement of the interior, with rises and falls from room to room, noticeable today. Mr. Ford married a daughter of Mr. Shaw in 1888 and thereafter was one of the proprietors of the hotel. The hotel is regarded as one of the best paying establishments in the city. It has retained its out of town patronage and has built up a profitable business with New Yorkers themselves in its restaurants. A feature of the hotel is a collection of paintings by American artists. This is the private collection of Samuel T. Shaw, and is said to be the largest of its kind in the country. American artists who have made great reputations and those who are winning their way to fame are represented.

HOW MANY ENGINEERS ARE THERE?

(Engineering News) There is at the present time, and has been for some years past, an annual output of graduates from the schools of civil engineering in the United States amounting probably to 4,000 to 6,000 per annum. Besides this annual increment, there must be included the large number of students who take a partial course in the engineering schools and leave without graduation to take up engineering work. There is also the considerable number of men who work into engineering without the advantage of an engineering school course, adding to their practical experience on actual work such knowledge as they can gain from the correspondence schools' aid in home study.

What the total number of civil engineers in the United States may be at the present time, can only be guessed, especially since, as noted, there is no possibility of drawing a hard and fast line as to who is and who is not a civil engineer. It is probable, however, that those engaged in civil engineering work of one sort or another, not including, of course, those engaged merely as laborers or skilled workmen, number not fewer than 100,000 at the present time.

LOW SPIRITS FROM WEAK NERVES

Low spirits, depression, discouragement are a form of nervous disease. You worry over little things, and at the slightest ailment apprehend the gravest dangers and diseases. You form the habit of looking at the dark side of things. Indigestion is a frequent accompaniment, and you probably do not sleep or rest well. The cause of the trouble is to be found in the exhausted condition of the nerves. To get well you must build up the feeble, wasted nerve cells by use of such treatment as Dr. Chase's Nerve Food. This great food cure forms new, rich blood, and thereby nourishes the nervous system back to health and vigor. There is nothing like new nerve force to bring back hope and confidence to the weak and discouraged. This treatment works in natural ways to restore health, and, therefore, cannot fail to prove of benefit to you. Put it to the test and you will be surprised with the building-up influence that will result.

SAW BALL LIGHTNING Many Natives in France Witnessed This Rare Phenomenon. A singular instance of what seems to have been globular or "ball" lightning was recently reported in the French scientific papers. The lightning was seen in a place, where there was no storm at the time, although storm clouds were visible in the neighborhood. The appearance was that of two luminous, orange-colored globes, one above the other, and connected by a slender cord or chain, which emitted a feeble light and seemed granular in constitution. The two globes moved together horizontally toward the northeast, although at the place where the observers were, the wind was from the north. The upper globe, which was the larger, kept on its way steadily, while the other dropped slowly toward the ground. The connecting cord then disappeared and the globes moved on slowly, remaining visible for two minutes and finally disappearing silently. This phenomenon differs sensibly from the typical forms of globular lightning as described recently by Prof. W. M. Thornton of Armstrong College.

Mrs. John Eliff, St. John's West, Ont., writes:—"My little boy was very bad with whooping cough and severe cold. I went to two doctors with him, and they said he had Consumption. I could get no relief for him, he would cough all night long, with a dry hacking cough. I was persuaded to try Dr. Wood's Norway Pine Syrup, and was surprised to see the first bottle did him good. I have had five bottles, and they cured him, he rests well at night now, and is well and hearty. If he gets a cold we always give him Pine Syrup and he is soon better. I did not think I could raise him, but I am thankful to say Dr. Wood's Norway Pine Syrup saved him from being a consumptive. His loss will be severely felt by McGill. ATHLETIC Famous Athlete Dead. Montreal Herald—Eddie Irwin is dead. From 1886 to 1888 he was a leading athlete of the city, carrying off most of the honors in any event in which he competed. BASEBALL Lennox Gone Too. Philadelphia, Feb. 11—"Eddie" Lennox, of Camden, N. J., who played last year with Montreal, has signed a contract with the Baltimore Federal League Club. Lennox formerly played third base for Brooklyn and Chicago Nationals. International League Dates. The International League in session yesterday in New York adopted a schedule of 164 games. The season will begin April 21 and conclude on September 27. The opening games were announced as Montreal at Jersey City, Toronto at Providence, Buffalo at Rochester and Newark at Baltimore. Comiskey Ill. Charles A. Comiskey, president of the Chicago Club, of the American League, was taken seriously ill on the train on which the members of the Chicago and New York baseball teams were traveling from Naples to Rome. It happened that Dr. J. E. Jones, American consul-general at Genoa, was on the same train. He found that he was suffering from an acute attack of indigestion with marked cardiac symptoms. Dr. Jones gave what assistance he was able and remained beside the Chicago magnate until home was reached, and Mr. Comiskey was removed to a hotel. ATHLETIC Races in New York. New York, Feb. 11—At Madison Square Garden tonight in the one mile walk handicap, George Goulding, Canadian champion, conceding liberal handicaps to the other contestants, finished in third place. His actual time was 6:28.4-5. The United States relay team, J. E. Meredith, H. E. Baker, M. W. Sheppard, and Thos. J. Halpin, defeated the Canadians, J. Tressider, John Trail, H. Phil

lips, and G. M. Brook in a one-mile international race; time 6:28.8-5. Hanes Kolehmainen, Irish American A. C. won the three-mile handicap by ten yards from the only other scratch man, Harry Smith, of this city, in 14:27.8-5. William F. Gordon of Yonkers outspurred Abel Kiviat, the Irish American Club's great miler, by a margin of six feet at the finish of the Baxter mile race. The time was 4:52.2-4. John B. McVey, a bachelor who died in Newcastle, Pa., bequeathed to nephew \$800 to be used for baseball education in case that he should decide to make a profession of that sport. It was provided, however, that if the boy chose another profession the money might be spent in any way which seemed desirable.

Nerves Were So Bad THOUGHT SHE WOULD GO OUT OF HER MIND. Diseases of the nervous system are very common. All the organs of the body may be sound while the nerve centres may be affected. Many women become run down and worn out by household cares and duties never ending, and sooner or later find themselves with the nerves shattered, and the heart action weakened. On the first signs of any weakness of either the heart or nerves, flagging energy, or physical breakdown, do not wait until your case becomes hopeless. Milburn's Heart and Nerve Pills will at once quieten the nerves, strengthen the heart and build up the entire system. Mrs. Archie Goodine, Tilley, N.B., writes:—"When I was troubled with my heart two years ago, I was very bad. My nerves were so unstrung that sometimes I would almost go out of my mind. I doctored myself with everything I could get, until at last I got four boxes of Milburn's Heart and Nerve Pills, and they have cured me. I cannot speak too highly of this wonderful remedy, and will recommend it to all sufferers." Price, 50 cents per box, or 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The J. Milburn Co., Limited, Toronto, Ont.

IS FREE George Drew, arrested yesterday on an old warrant charging him with stealing a set of harness from Samuel Jones about two years ago, was given his freedom this morning. Mr. Jones said he wished to withdraw the warrant, as he since had reason to believe that the prisoner was not guilty of the charge. An affidavit was made to this effect and Mr. Drew was given his liberty.

SURPRISE PARTY A pleasant surprise was last evening given Mr. and Mrs. J. A. Mills at their home in Sydney street when friends called upon them and tendered them a surprise party. They were the recipients of many valuable and useful remembrances, as the event took the form of a novelty shower. During the evening all present had a delightful time with music, games and dancing. Refreshments were served and the gathering dispersed a little after midnight.

LANCASTER STREET RAILWAY In the matter of the proposed street railway extension in Lancaster, the Times is informed that a delegation from the Lancaster board of trade interviewed the St. John Railway Company and the highway board and reported back to the board of trade. The board then passed a resolution asking the highway board to grant the St. John Railway Company the right to extend its line. The matter is now being referred to the highway board, and it is said the latter has been waiting to learn what would be done in relation to the Suburban Railway Company and its plans.

STANDARD RULES ON THE I. C. R. ON MAY 30

(Special to Times.) Moncton, N. B., Feb. 12.—An official I. C. R. circular says that the standard rules will go into effect on the I. C. R. on May 30 next. The following employees must pass written examination in the new rules before that date: conductors, engineers, train dispatchers, brakemen, train huggers, firemen, yardmasters, yard foremen, switch tenders, agents, operators, section foremen, bridge foremen and signal men. There will be instruction classes in each district.

FLIES OVER MONT BLANC Geneva, Feb. 12.—Parmelin, a French aviator flew over Mont Blanc yesterday from this city to Aosta. He rose to a height of 17,884 feet and suffered from intense cold. He used oxygen to withstand the rarified atmosphere.

TWO MORE HOLD-UPS

Revolvers Used By Highway Robbers on Ballast Wharf

Two more daring hold-ups are reported. The Ballast wharf was the scene. The circumstances are very similar. In both instances there were two highwaymen, each of whom carried revolvers. The first was a few nights ago, when about ten o'clock James Rogers, a young boatman, was going towards the Ballast wharf.

Suddenly there sprang towards him two men commanding him to throw up his hands and give them what money he had. Mr. Rogers was too quick for them however, and managed to make his escape, although it is reported that they tried to intimidate him by firing two shots. This was followed the next evening by another hold-up when the victim was William Trainor, another young boatman. With their revolvers the two men suddenly confronted him, but apparently they recognized him as not being the one for whom they were evidently lying in wait, and allowed him to pass unmolested. Search for the men later on, failed to reveal any sign of them, and their identity is unknown.

BLOOD POISON IN ONE CASE; FROST BITE FOR ANOTHER MAN

Care of Doctors Required For Two Men Taken In By Police

Frank McDermott was arrested last night by Sergeant Caples and Policeman O'Leary. He was found lying drunk in Pond street. It was found that the prisoner was suffering from a sore hand, and Dr. Dunlop was summoned to attend him, as it was feared that blood poisoning had set in. This was found to be the case, and the prisoner was removed to the hospital, where his injuries were attended to.

NINETY-FIVE TIMES IN THE POLICE COURT

Irvine There This Morning and Ordered Out - Arrest Saves Seaman From Death by Freezing

Andrew Irvine, who was before the police court on Tuesday and ordered out, was again arrested last night on being drunk in King street east. He was sentenced to pay \$8 or go to jail for two months, but was once more to get out of court. The magistrate said this morning that Irvine had been before him no fewer than ninety-five times on the charge of drunkenness, and he could not understand how any liquor dealer could have the heart to fill him up. He said he had no doubt, however, that the prisoner would continue to get supplied with liquor, but that the city could not be expected to keep in jail a man who was anxious to be sent there, so that he would not have to work for a living.

John Lowrey, a fireman on the steamer Cassandra was arrested on Rodney wharf last night charged with intoxication. In the police court this morning he was remanded to permit effort to find Howard found the man lying on the wharf, and if he had not been placed under arrest, it is believed he would have been frozen to death in the intense cold of last night. The captain of the Cassandra is anxious to have Lowrey released to return to his work.

S. HART GREEN MAKES A COMPLETE DENIAL

St. John Man Refutes Conservative Charges in Manitoba Legislature

Winnipeg, Man., Feb. 12.—Complete denials of charges of corruption on the part of Liberal members in the Manitoba legislature, were made in the legislature yesterday. S. Hart Green of North Winnipeg, one of the men mentioned in an affidavit produced by the Conservatives, classed the charges as a tissue of lies. He pointed out that he was not in the constituency at all, on the dates mentioned in the affidavit.

T. H. Johnson, of West Winnipeg, made a sharp attack on E. L. Taylor, who professes to be a prominent temperance man and an active advocate of the cause. He said he had been in three bars in the constituency when drinks were being bought by Conservative election workers.

"The only reason Mr. Taylor was not in more bars," said Mr. Johnson, "was because there were no more bars."

Mr. Green is a St. John man, son of Louis Green.

ST. JOHN'S PROGRESS. St. Andrew's Beacon.—No one who knew old St. John can walk through the streets of new St. John without being impressed with the fact that the old city prevailing depression, she is still moving onward to greater triumphs. In the character of the new buildings and industries that have been erected and created during the past few years, there is a suggestion of solidity and of permanency that is most satisfactory.
