PRINCESS MAY BE THE HOSTESS

Duchess of Connaught May Not Come to Canada

PLANS OF THE DUKE

Will Regard Term in Dominion as Ending His Public Career and Will Devote Himself to Raising Horses for Army

(Canadian Press)

London, Aug. 26.—According to the Daily Graphic, it has now been virtually decided that Prince Arthur of Connaught is to succeed his father as governor-general, when the duke relinquishes that office in September of 1914. The Graphic says it has the statement of good authority. Prince Arthur left London yesterday for Balmoral.

Many important official duties await the duke on his return to Canada, where he expects to visit many important centres before the end of the year. He then will stay for some months in Ottawa. Princess Patricia will travel with her father. The party on the journey from Liverpool to the capital will stay a few days in Quebec, Toronto and Montreal.

It is by no means certain that the Duchess of Connaught will accompany the duke and her daughter as the ceremonial of her son's wedding entail a considerable strain. It has been arranged that the duchess will remain seated during the ceremony.

Should the duchess stay in England, it will be necessary for the Princess Patricia to act as hostess at official ceremonies and to accompany her father on his extensive farewell tour throughout the dominion.

On leaving Canada, the Duke of Connaught will regard his public career as ended and will settle at Bageshot Park, devoting his time to the raising of stud horses suitable for army purposes, a project considered after years of close study of stock raising in Canada.

SAYS UNITED STATES BENEFITS BY THE NEW ZEALAND PREFERENCE

London, Aug. 26.—The British trade commissioner for New Zealand, in a report to the government, says that the United States benefits by the preferential treatment accorded to Canadian goods by New Zealand. He says that Canadian manufactures resemble American, in that they are cheaper, lighter and less durable than British, and the appearance of Canadian goods in New Zealand has broken down the prejudice which formerly existed against American manufactures.

He adds that these would now probably still be imported direct from the United States even if the preferential duties were cancelled.

ALL MUM ON THE ROBBERY CASE

Great secrecy is being employed by those most interested in the burglary which was committed recently at the residence of R. D. Paterson in Carleton street. When Chief Clark was asked this morning, he said, "I am saying nothing about the case whatever." He is offering to say whether or not the reward he is offering at Moncton and other provincial points for the arrest of the thief who stole the articles mentioned in the Times and Star, was connected with the Paterson robbery or not.

Deputy Chief Jenkins was just as reticent, referring all enquiries to the chief. Mr. Paterson likewise refused to affirm or deny whether the articles mentioned in Chief Clark's circular were those stolen from him. "The matter is wholly in the hands of the police," he said, "I am sorry but I can tell you nothing."

Not Coming to Canada
Moncton, N. B., Aug. 26.—Word has been received here to the effect that F. Williams Taylor, a former Monctonian, and now manager of the Bank of Montreal in London, has been obliged to cancel his proposed visit to Canada during September. His son, Travers, has arrived from London and proceeded to Kingston, Ont., where he is attending the Royal Military College.

ST. JOHN BOYS ARE AMONG ENGINEERING STUDENTS IN CAMP

Thirty on the Drill Grounds at Sussex—Survey Work on I. C. R. Tracks

(Special To Times)

Sussex, N. B., Aug. 26.—About thirty of the engineering students of the University of New Brunswick, under the supervision of Prof. J. A. Siles, dean of the annual engineering camp, which opened this morning. They are camped on the drill grounds near the staff lines. Among the St. John boys present are: J. Chip Morrison, C. W. Brown, Aubrey Murphy, Otis Bender, Fred J. Bowes, John Flood, and John Mooney. Besides Mr. Bowes and Mr. Morrison, the following seniors have charge of instruction—Frank Flett, Clatham; Horace Vanwart, Frederick; Ralph Murray, Sussex; S. R. Weston, and John Brewer. Professor Siles is accompanied by his wife.

Dr. C. S. McGinnis, professor of electrical engineering, is visiting the camp for a few days. The students were given some survey work along the I. C. R. tracks this morning.

WELL WITHIN HIS TIME ALLOWANCE

Progress of Aviator Who is Flying Around England and Scotland

Beadnell, Eng., Aug. 26.—Aviator Harry G. Hawker, today resumed his attempt to fly round the coasts of England and Scotland in his hydro aeroplane for a price of \$20,000 for which he is the only contestant.

Hawker, who started yesterday morning from Southampton on his 1,600-mile flight, succeeded on the first day in covering 945 miles in 538 minutes. The time limit for the entire distance is seventy-two hours.

He made descents on the water at the control stations at Ramsgate, Yarmouth, and Scarborough and while on the fourth stage of his long journey, which would take him from Scarborough to Aberdeen, he was compelled to descend at Scarborough Harbor, owing to motor trouble. This he repaired and came on to Beadnell, whence he ascended again at five minutes past six this morning and proceeded on his way north in fine weather.

Although his actual flying time yesterday was 538 minutes, he has, according to the rules of the contest, taken up 528 minutes of flying time. This is owing to the descent near Seaham Harbor in order to refuel his engine, Seaham not being one of the Royal Aero Club controls.

Hawker's British engine behaved excellently throughout the flight, the main object of which is to encourage the development of British engines for air travel. His average speed was more than fifty-three miles an hour. He has 1,108 miles to go, and to win the prize he must arrive back in Southampton by 9.30 a.m. Thursday, allowing for a stopping time of thirty minutes at each of the eight controls.

WEDDINGS IN CITY

Loeb-Philp
The wedding of Herbert Loeb to Miss Alice Maud Philp took place last evening at the residence of the bride's father, Frederick Philp, 118 Pitt street. Rev. W. O. Raymond, rector of St. Mary's church, officiated. Only immediate relatives were present. Mr. and Mrs. Loeb will reside in Pitt street.

Smith-McKenzie
At the home of Rev. A. J. Archibald, yesterday afternoon, Miss Clara D. McKenzie became the bride of Harry J. Smith. A few intimate friends and close relatives witnessed the ceremony, which was performed by Rev. Mr. Archibald, after which Mr. and Mrs. Smith left on a short trip to Boston. They will make their home in west St. John.

How Would You Like a Suburban Home?

Look carefully at this picture. It illustrates splendidly what a fine piece of property can be made of a suburban home and how an investment of this kind pays big interest, not only in the money return, but also health and happiness. Bargains in homes like this are constantly being offered in our Want Ad section. If you are interested in a suburban home, turn to our Classified Advertisements now and read the opportunities there. If you have a home or other property you want to sell, a little Want Ad will find a buyer.

ANOTHER ROYAL ENGAGEMENT SOON

The charming Princess Alexandra (left), Duchess of Fife, is now engaged to Prince Arthur of Connaught. In the center is her mother, the Princess Royal, daughter of the late King Edward VII. On the right is another daughter, Princess Maud, whose engagement will be announced soon.

WILSON HOLDS BACK; HUERTA ASKED FOR DAY

President's Message to Congress Deferred Until Tomorrow

THE AMERICAN POSITION

Four Proposals Were Presented to Huerta by Mr. Lind, Including One for an Election With the Provisional President Barred as Candidate

(Canadian Press)

Washington, Aug. 26.—At ten o'clock this morning an official message was received from the Huerta government asking President Wilson to delay his message to congress for another twenty-four hours. His action was taken at the request of a conference between the President and Secretary Bryan.

President Wilson later postponed until Wednesday, delivery of his special message to congress on the Mexican situation. His action was taken at the request of Senor Gamboa, Mexican minister of foreign affairs.

It was officially stated that in no case would the United States withdraw from the basic principles of its position, paramount among which is a consistent refusal to recognize Huerta.

President Wilson was ready to deliver his message at 3 o'clock this afternoon. The one last failed, and the United States had determined to appear personally before congress on a question of foreign policy. So clearly was the president's message guarded that no copies were given in advance to the press, as has been the almost invariable rule with such documents.

HE DECLARES HIS INNOCENCE

Moncton, N. B., Aug. 26.—A. R. McKinnon, of Montreal, a former C. P. brakeman, arrested here on Saturday night on a charge of forgery, remained in a cell today awaiting arrival of an official from Montreal. He will leave by C. P. R. tomorrow afternoon for Montreal with McKinnon, accompanied by his young bride, whose visit to her parents here was suddenly interrupted by the husband's arrest.

McKinnon takes his arrest coolly and refuses to say anything further than that he is innocent.

SCHEME ARRANGED BETWEEN NORWEGIAN AND ASBELL TO CONVICT SUSSEX DOCTORS

This is Told in Scott Act Case Today—Star Witness Former Temperance Lecturer—Dr. Gilchrist Gives Evidence

(Special To Times)

Sussex, N. B., Aug. 26.—It was brought out in the police court this morning before Magistrate Follins in the evidence in the case of alleged violation of the Canada Temperance Act against Dr. John B. Gilchrist of this town, who is charged with illegally giving prescriptions for liquor, that Anton Gjerde, the star witness for the prosecution, had travelled through Norway as a temperance lecturer and came to this part of the province to try to convict persons of violations of the act.

He also told the court of a scheme arranged between himself and W. G. Asbell, Scott Act inspector, whereby he was to represent himself to the doctor as a travelling man from Norway, who was here to look for lumber lands, and that he had given him a prescription for a bottle of whiskey, which he was to use as a sample.

Dr. Gilchrist through his counsel, George W. Fowler, M. P., pleaded guilty to the charge. Gjerde was first on the stand and told of going into Dr. Gilchrist's office and asking for a prescription for a bottle of whiskey. "I told him I was here in the lumber business. He said he would have to be careful and not let anyone know that he had given it as it was against the law, except in cases of sickness. I did not tell him I was sick, but he gave me the prescription."

This concluded the evidence in this case. There are some others to come up this afternoon.

DEVLIN LOSES IN THE BATTLE WITH YOUTH

Another Veteran of Major League Ball Goes to International

Boston, Aug. 26.—The passing of another veteran ball player from major league baseball, was recorded when President James Gaffney of the Boston Nationals announced that Arthur Devlin, third baseman, had been released to Rochester, of the International league.

Devlin was one of the old New York National League stars, whose great work helped the Giants to win several league championships and one world's championship, that in 1903.

BEAVER AND FISH BUT NO PRECIOUS METALS

Prospectors' Trip in North Quebec Fails in Main Object

Toronto, Ont., Aug. 26.—"Plenty of beaver and fish, but no precious metals," was the comment of Alex Gillies, one of a party of prospectors who left Toronto some three months ago to investigate the mining possibilities of undiscovered areas in Northern Quebec. The party also included Pete McDonald, Sam O'Leary, and Ernie Holland.

The purpose was, by way of lakes and rivers, to reach the headwaters of the East Main River, where it was thought the rock formation contained mineral wealth.

The country is sparsely inhabited by Ojibway Indians. The more northerly sections are bare even of trees, which makes it of little value even for hunting. Wherever there is water, there are trees and there the beaver thrives in liberal numbers. The land in southern Allibird through which the Transcontinental is to pass, and a wide belt to the north of the right of way, is excellent for agriculture.

TWO TRY TODAY TO SWIM ACROSS THE ENGLISH CHANNEL

(Canadian Press)

Dover, Eng., Aug. 26.—Henry F. Sullivan, a long distance swimmer, of Lowell, Mass., started this morning on his first attempt to swim the English Channel, a feat hitherto accomplished only by the late Captain Matthew Webb in 1875, and by Wm. T. Burgess, an Englishman by birth, but a naturalized French citizen on Sept. 6, 1911.

Sullivan started from a motor boat near the South Foreland at 8.45. He was accompanied by his father, by Joe Conland, his trainer; by Workman, a well-known English amateur long distance swimmer, left the French coast near this headland, the nearest point to the English coast, at five o'clock this morning, in an attempt to swim across the English Channel.

THIRD DEGREE MATTER TO BE TAKEN UP BY BAR ASSOCIATION

Minority Report Holds That The Method of Gaining Confessions From Prisoners is Wrong

(Special To Times)

St. Louis, Mo., Aug. 26.—The American Bar Association's committee on jurisprudence and law reform, of which former Judge Chas. Clifton Allen of St. Louis is a member, will make a report at the association's annual meeting in Montreal on September 2, on the subject of the "third degree."

Its report, in substance, will be that "there is no such thing" but one method of the committee, who takes the view that there is, may make a minority report. He introduced in the committee a resolution charging that the police departments of many municipalities were disregarding the rights of prisoners and calling on the association to act.

His resolutions set forth that confessions of accused persons should not be accepted in evidence unless they had been made voluntarily in the presence of another person, selected by the accused, and after the warning to the accused that his statement would be used against him.

The committee disapproved this resolution on the ground that the present law governing the admissibility of confessions affords safeguard for the accused.

TRUCE UNKNOWN OR EARLY DISREGARDED

Country House and Farm Buildings on Several Estates Burned by Suffragettes

London, Aug. 26.—The news of the truce between the militant suffragettes and the British government evidently has not reached the districts outside of London, as a fine country house in the suburban town of Finchley was burned down early this morning by suffragette sympathizers. They left a quantity of suffrage literature among the ruins. The place was occupied only by a caretaker, the family having gone away for the summer.

Thousands of dollars damage was done in Surrey yesterday by incendiary fires set by militant suffragettes. The women set fire to several farm buildings on big estates and all were destroyed with their contents. Constables learned that three women had been in an automobile in the neighborhood of the fires. They are believed to have ridden from London.

"Do not forget that women want to vote," was printed on one placard left at the ruins.

STRANGERS IN HIS BARN CAROUSING

North End Man Makes Discovery at Three O'Clock in Morning

It has been noticed at various times during the present summer that what were supposed to have been incendiary fires occurred to a great extent in barns throughout the North End. Undoubtedly some of these fires, judging by facts presented, were deliberately set but a way in which some might have caught was found this morning.

About three o'clock a resident of North End who has a store in Main street not far from Douglas avenue, and who has also a barn in Elm street, in the rear of his house, heard his horse stamping. He decided to investigate. Going into the barn he found three or four men in the hay-loft, but they made a hasty exit upon his approach. Evidence that they had been carousing and smoking was found, and there were some empty bottles lying about. The men had gained an entrance through an opening at the rear. He did not know any of them. It is of the opinion that it may have been in this way that some of the many barn fires in North End arose this year.

LITTLE INTEREST IN THE REFERENDUM, TO JUDGE BY THE VOTE

Very little interest seemed to be manifested in the referendum being held today upon the civic by-law regarding the erection of three-story houses. The polling booths were open at the accustomed hour but there was at no time a rush of voters.

It was expected that in North End there would be a larger vote polled than in the city, speaking proportionately, as it was there that the petition against the by-law had a start. There was but little canvassing, and in one of the largest wards up to noon only seven votes had been cast. The returns will be known very soon after the closing of the polls.

GREEK KING MAY VISIT THE KAISER

Berlin, Aug. 26.—It is probable that King Constantine of Greece, a brother-in-law of the Kaiser, will attend the grand maneuvers of the German army in September. King Constantine led his troops in many victories at the outbreak of the Balkan war, when he was the crown prince, and Emperor William would like to have him present at the grand reviews.

Masonic Grand Lodge of New Brunswick Meeting Here

(Special To Times)

The annual meeting of the Grand Lodge of New Brunswick, F. and A. M., opened this afternoon at three o'clock in the Masonic Temple, the retiring Grand Master, F. J. G. Knowlton, presiding with representatives present from all parts of the province. The reports presented, which follow, show an increase in the membership of the order in this province and also a satisfactory condition of the financial affairs.

Among the matters of importance which will be discussed will be the purchase by the grand lodge, of the balance of the stock of the Masonic Temple Company, owners of the local temple, which is lodged in the headquarters of all the lodges in the province. The recommendation is also made that a fund be provided for the payment of a lecturer to give instruction to lodges in the ritual.

The reports follow:
Brethren of Grand Lodge:
I welcome you cordially to this forty-sixth annual communication of grand lodge, and trust that your deliberations will prove of profit to all and make for the strong, firm upbuilding of the craft in this jurisdiction.

Since we met last August, the sickle of the grim reaper has gathered a plentiful harvest. Many have passed from our midst and entered the Celestial Lodge above.

BRITISH SUBJECT AND GERMAN ARE MURDERED

Robbed and Slain in Mexico and British Minister Takes up Matter

Mexico City, Aug. 26.—The murder of Arthur Latvort, a British subject, and Eric von Thaden, a German, on Senator Eduardo Lurdes' ranch in Western Michoacan is officially reported. The British minister has sent notifications to his home office.

Latvort was well connected in England. He was a son-in-law of Mrs. Zelia Nuttall, a noted archeologist, formerly of San Francisco, and now of Mexico, who holds the honorary professorship in archeology of the National Museum.

The men had in their possession a large amount of money for the payment of the ranch hands. They were robbed by their assailants, who are characterized as bandits, not rebels.

The government has promised the British minister that the murderers will be punished.

AMERICAN CONSULAR AGENT STABBED BY CRAZY MAN

Huelva, Spain, Aug. 26.—While working at his desk yesterday, the consular agent of the United States at Huelva, William J. Alcock, was stabbed in the back by a madman, a Spaniard, named Belarmino, who apparently was suffering from the delusion that Americans have stolen patents of an important invention belonging to him.

REBELS LOSE NANKING

London, Aug. 26.—An Exchange Telegraph Company's despatch from Shanghai announces that Nanking has fallen, depriving the rebels of their last strong hold.

Are Women Smarter Than Men?

It is admitted that a woman knows how to buy more for a dollar than a man does. Let the average married man do the household shopping for a week and see how the cost of living will jump.

Women are more constant readers of advertising than men. Women read advertisements because they appeal to their innate sense of values. They take pride in getting the most for their money.

They like to shop—and before actually visiting the stores they read the newspapers to see what the stores have to offer.

Yet mere man "throws out his chest" and prates of his superiority.

Read the advertising in today's Telegraph and Times, and see what an index it is to your immediate needs.

An Interesting Announcement To The Ladies

ANY article in everyday use does interest the Lady of the Household particularly one in as constant use as Laundry Soap. IVES-AMMONIA SOAP is prepared of the purest ingredients possible to obtain and in addition has combined with it Household Ammonia, giving a soap that excels all other laundry soaps on the market as a water softener, a producer of whiter white clothes, brighter colored clothes makes everything it is used on absolutely clean and sweet and is a benefit to the hands.

One trial of this soap is more convincing than pages of newspaper argument and every lady really owes it to herself to put our claims to a test.

IVES-AMMONIA SOAP

Means Less Work - - Less Cost

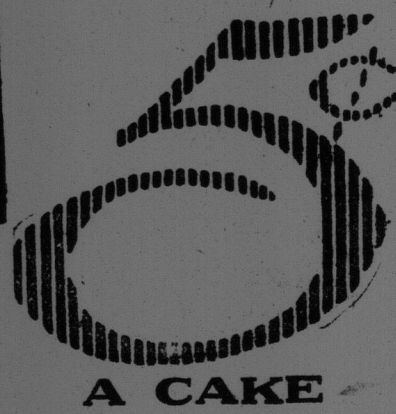

We don't have to convince you that Ammonia is a great cleaner, the best of household assistants and peculiarly adapted to work in which the hands are required to work in water.

Stop and consider what it means to have a combination of Ammonia and Laundry Soap! It means that you no longer dread wash day with its attendant wrinkled hands. It means that hard rubbing is no longer necessary to make clothes clean; and it is just as superior in all things for which a house soap is used.

IVES-AMMONIA SOAP costs no more than ordinary soap—a full weight cake for 5c.

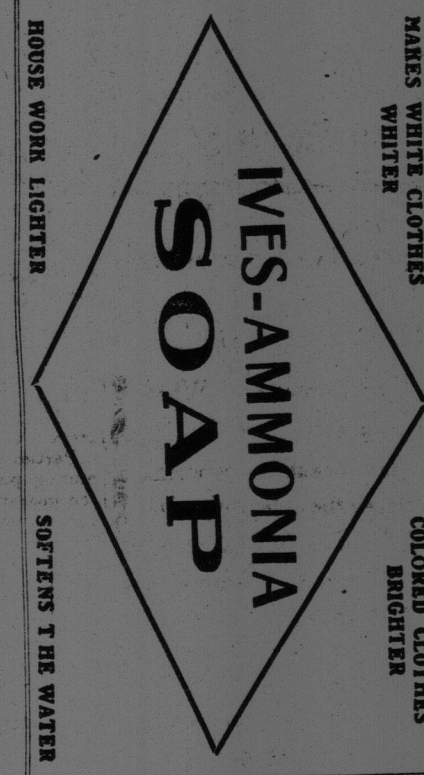

Order a cake or five cakes from your grocer—we claim it to be the best in the world, a broad statement but we are willing to leave the verdict with you.

Nation Trembles With Slit Skirt Shocks; Garment Giveth Myriad of Laughs and Gasps

Fashionable "Escape Valve" on Tight Dresses Makes Joy and Trouble in Life's Theatre and Invites the Attacks of Uncompromising Foes

modestly dressed compared with some of her slit-skirted diaphanous daughters. "The slit skirt shows a cracked brain and an empty heart. "Clothes are an index of character. What a woman wears shows what she is. "Slit skirts are open doors to hospitals here and hell hereafter!"

Slit Skirt Tax Urged
Cincinnati, O., Aug. 25.—Moving picture shows pay a license fee. So do dog shows. They are public exhibitions. Merciless logic drove Assistant City Auditor Mullane to one conclusion: THE SLIT SKIRT AND THE TRANSPARENCY SHOULD ALSO BE TAXED.

"Is it just that one public exhibition shall be taxed and another not?" he asks. "Assuredly not!" "Do not suppress the slit and transparent skirt. Rather make them useful by taxing them under the public license law."

"If, for instance, we today taxed each wearer of one of these elegant garments \$1, there would accrue to our city treasury about \$100,000. "Thus we could with one year's slit skirt revenue, establish two city playgrounds, or we could build a school which we could dedicate to the teaching of modesty among our girls."

Dress Crusade Wins Skirmish
St. Paul, Minn., Aug. 25.—Letters from large suit manufacturing firms announcing the intention of modifying styles are gratifying members of the fourth district of the Federation of Women's Clubs. The organization recently started a crusade against slit skirts and other novelties.

The first vigorous move was to address letters to all large manufacturing concerns of women's clothes, pleading for a greater degree of modesty in styles for the coming fall and winter. Replies received by suit makers state that skirts would be wider at the bottom and of proper length.

Bars the Slit Skirt
New Britain, Conn., Aug. 25.—The slit skirt and hobble and diaphanous garb are things of the past among young women employed as stenographers and clerks by a large manufacturing concern here.

The management has issued an edict to the young women that they will be expected to garb themselves with decorum. The polite hint that they must change

their style was conveyed by means of a note to each girl found in her pay envelope.

Slit Skirt Saves Girl
New Rochelle, Aug. 25.—A pretty young woman about twenty years old, who wore a thin lavender silk hobble dress with the skirt slit some distance toward the knee, a white silk petticoat, lavender silk stockings, white kid pumps and a large white lace hat and who said she was Miss Loretta Mandeville of Franklin avenue, The Bronx, saved herself from drowning in Long Island Sound near Davenport Neck when the canoe in which she was paddling upset.

The girl, finding she could not swim in her hobble skirt, reached down and tore it from the slit up to the waist. Then she struck out for Glen Island, refusing to be taken aboard a launch.

Thin Dress Costs Girl \$50
Savannah, Ga., Aug. 25.—Miss Beacie Carter, a summer visitor at Tybee, was fined \$50 by Recorder John Schwarz for appearing in the streets in a thin skirt abbreviated from below about as far as possible. The arresting policeman testified that he could see through the gown, and that there was a pair of bright red stockings.

Fairmount, W. Va., Aug. 25.—When Myrtle Hamilton and Helen Gosling of Fairmont in transparent gowns went tripping down Main street, Haze Morgan, an attorney, called a policeman and had the young women arrested. Mayor Cole, however, discharged them, saying their costumes were "becoming and very artistic."

Tango Gown Soon in Town
Chicago, Aug. 25.—The American-made "tango gown," designed to accommodate fair victims of the modern dance craze, is far superior to the latest Parisian creations. At least this is the opinion of some 1,200 buyers of women's clothes who recently gathered in Chicago from many cities.

At a large hotel banquet the speaker lauded the merits of American sartorial art and asserted that in the Yankee gown of 1914-15 was the masterpiece.

At a style exhibit held by the Chicago Garment Manufacturers' association the living models donned the new tango styles and danced so that out-

Those high slit skirts are all the rage. They glow on every fashion page. "The fashion triumph of the age." "Ain't it shocking, Mabel?"

In Paris, France, and Muscatine, The make-out dress is seen. The women think it takes the bean. Ain't it shocking, Mabel?

No longer do they walk the chalk. The turkey trot is all the talk.

Slit Skirts Make Mosquito Lunch
New York, Aug. 26.—"All those in favor of slit skirts please stand up." Millions of full grown mosquitoes ran wildly out on the Flushing Meadows, about seven o'clock last night, and took part in the most rollicking barbecue ever held in the East.

Right in the middle of the salt grass waste were five cars of a Long Island railroad train, stalled. After the train had stood for a few minutes, out of the passenger cars poured the choicest morsels of humanity that the skeeters ever saw. There were stenographers, typewriters, cashiers, millinery attaches and buxom matrons. Slit skirts were numerous.

There is some style in the mosquito

GRAND LAKE COAL

Arrangements have just been completed by J. S. Gibbon & Company for opening up coal mines near the Grand Lake shore for shipment of coal by water.

A considerable portion of the coal needed at St. John and Fredericton can be freighted by water at a saving in freight of nearly a dollar a ton.

Persons who have inspected the coal-mining properties are securing some of the guaranteed eight per cent. debenture shares soon to be issued by J. S. Gibbon & Co. Ltd.

An opportunity to inspect the properties will be afforded on one who may desire to secure some of these guaranteed debenture shares yielding eight per cent. interest.

LETTER FROM MR. KANE

To the Editor of the Times:
Sir—Upon my return from Boston, where I had gone to attend the convention of the Granite Dealers' Association of America and the exhibition in connection therewith, I was surprised to find that some party had secured the publication in your paper of an article stating that Mr. Joshua Clayton and myself were associated in a new granite business on Westmorland road.

Now the instigator of this article could not have been actuated by any motive friendly to either Mr. Clayton or myself. Mr. Clayton, I know only as superintendent of Fernhill cemetery, and he, as superintendent, wishes, as I do, that it be distinctly understood by your readers who may have been misled by the article referred to, as well as by the fact that there is absolutely no business association between us; that Mr. Clayton and I were not even in Boston together, and that the article was inspired by some person with malicious intent.

To this person I would tender the advice that the best way to further his own interest is by careful attention to his own business, and by giving his patrons nothing but the best satisfaction possible rather than by spreading false reports regarding the business of others.

Thanking you, Mr. Editor, for this opportunity to correct whatever wrong impression may have been conveyed, I remain,
Yours truly,
M. T. KANE.

SERIES TO END WITH THE LABOR DAY GAMES HERE

Best Arrangement The Marathons Could Make With Fredericton—Perhaps Other Outside Teams Later

The best arrangements that the Marathons could make with the Frederictons for the series of games was as follows:
Monday in Fredericton.
Tuesday in St. John.
Thursday in Fredericton.
Friday and Saturday in St. John.
Monday, (Labor Day) two games in St. John.
The Fredericton team will disband on Monday night.

Manager Leonard is trying to arrange a series of games for next week with outside clubs and should this materialize, announcement will be made later. If not, the Marathons will also disband and wind up the season on Monday night.

It will be very much regretted if the baseball season is closed, as the St. John people would like to see a series of games here today for a two days sojourn, during which they will review the Fifth army corps and dedicate the new city hall, and the chapel in Posen Castle.

The Polish newspapers and the Polish nationalist leaders attempted to organize a general boycott of the festivities as a mark of their displeasure at the Prussian government policy for the Germanization of the Polish provinces. This, however, was only partly successful. The Polish aldermen of the city declined the invitations sent to them, but many of the Polish nobility have decided to attend the banquets. None of the Polish buildings are decorated with bunting and flags. Large crowds turned out to witness the Imperial display.

Two Aviators Killed
Versailles, France, Aug. 26—Lieut. Sauerer and Supper LaFargue were killed yesterday at Villacoublay while making an aeroplane flight.

MISTAKE IN ONE WORD MAY COST A FORTUNE

Panama, Aug. 26—The use of the word "and" instead of "or" in a contract is the basis of a claim that the Chicago House-wrecking Company has made against the government for an amount of machinery that may exceed \$100,000 in value. This is the company to which the government awarded a contract for machinery and metal left by the French canal builders at Panama.

The machinery sold was frankly junk and claimed to be nothing else, otherwise the price accepted for it, a little over \$200,000, would not have been considered. But the contract stipulated that all French machinery and metals "not already taken up on the property rolls of the Inter-Oceanic Canal Commission and credited to the French scrap account" was included in the sale. Much of the machinery now in use by the canal builders has been taken up on the rolls, but not credited to the "French scrap account." Therefore under the technical twist that the contractor gives to the contract he is entitled to an immense amount of material that was not believed included in the sale made in the fall of 1911. It is probable that the case will be taken to the court of claims.

The Mormon Invasion

Calgary, Aug. 26—This fall is expected to see a big Mormon trek into western Canada from Utah and Idaho, according to the prediction of R. J. Fitzgerald, of Salt Lake City, who is here on a business trip. Mr. Fitzgerald has figured it out that Uncle Sam is going to lose quite a few of his Mormon citizens within the next few years if the plans now laid out for the settlement of Southern Alberta by the Latter Day Saints are materialized. The church owns enormous tracts of land in Southern Alberta and is planning to buy more. Although this land was bought ten years ago and has increased enormously in price since then, the church sells it to members of the faithful at the cost price to encourage them to settle and colonize in Alberta.

Saskatoon Seeks Gas

Saskatoon, Aug. 26—The city council has decided to prospect systematically for natural gas throughout this district, and W. B. Martin, expert from Medicine Hat, has been engaged for that purpose. Mr. Martin will endeavor to trace the gas strata to where it comes closest to this city. Borings will then be made, and in the event of the discovery of gas, the practicability of piping it to the city will be considered. Calgary pipes her gas from Bow Island, a distance of 185 miles.

A VERY SERIOUS MATTER. St. John has not sufficient accommodation in its western harbor for the traffic which will come to its wharves next winter. There was serious congestion and loss of business last winter on this account, and nothing whatever has been done to provide increased accommodation for the coming season.

The New Brunswick farmers are beginning to harvest their oats, and the crop promises to be an excellent one. If there is not a record crop of potatoes, it will be at least a very large crop. The schools re-opened today, but there will be many children who will not return to their tasks until after Labor Day, and all the children might as well have been given the additional four days out of school.

Deafness Cannot be Cured. The Halifax Recorder says:—No more important announcement could be made than the announcement that the Liberal party intend to fight to the bitter end the battle for a Canadian navy, for Canadian shipyards, for Canadian crews, Canadian officers, the realization of Canadian ambitions, for Canadian ships, and for the utilization of Canadian materials, courage and skill to defend Canadian shores, and do their proper part in the general defence of the Empire.

Common Council Discusses Purchase of Wharf - Haymarket Square Fountain Repairs - Petition For Street Railway Extension

That there is no suitable place on the eastern side of the harbor of St. John to accommodate the steamer which the Red Cross Company, of New York, had hoped to run between the two cities, was the sum and substance of the mayor's report on the harbor situation made at the meeting of the common council yesterday afternoon. The question as to whether it would be advisable for the city to pursue a policy of buying wharves which would not pay for their own maintenance with interest on capital and sinking fund, was brought up by the mayor's proposal to buy the Lawton wharf, adjoining the McLeod wharf, in order to make room for the steamer.

Commissioner McLellan said that in view of the conditions at the McLeod wharf, he did not think it would be wise to buy the Lawton property. He repeated his opinion given recently that each wharf should be made to pay for itself, saying he thought the first thing the council should do was to revise the schedule of wharfage rates.

Commissioner Wigmore thought the Red Cross Company should not be informed in a hurry that there was no room for their boat on the east side of the harbor. He asked whether it would not be possible to ask the government if something could not be done to find accommodation for the boat at Long wharf.

No decision was arrived at in the matter, and it will probably be taken up again at a meeting to be held on Wednesday to call for tenders for the reconstruction of the wharf adjoining the ferry boats.

On the recommendation of the commissioner of finance and public affairs, Miss J. T. Wetmore was appointed to succeed Miss B. Wetmore, who has resigned the position of stenographer of the common clerk's office, the appointment to take effect on Sept. 1st.

The commissioner of public works reported that he had received a second tender from A. Kinsella for the reconstruction of the fountain on Haymarket square at a cost of \$335, or \$65 less than his first tender, which was accepted. The tender at \$335 was accepted.

Commissioner Agar moved that the request of the New Brunswick Telephone Company to lay a conduit on the south side of King square be complied with, the conduit to be laid to the satisfaction of the road engineer and H. E. Gould, and that the company be granted permission to lay cables subject to the approval of the commissioner of public safety, the work to be completed not later than Sept. 15.

A petition signed by Joseph A. Likely and about 200 others, asking that the common council use its influence with the St. John Railway Company to have the latter extend its lines from the Marsh bridge along Robb's way avenue to the One Mile House, and thence back towards Kane's corner, so as to complete a circuit in the shape of a triangle, was referred to the commissioner of public works to take up with the street railway company. It was pointed out by the petitioners that this extension would help materially to develop the building of residences along the line.

Commissioner McLellan asked the commissioner of water and sewerage what steps were being taken to get ahead with the Marble Cove sewer.

Commissioner Wigmore said he hoped to make a report on the matter very soon. He said he had been finding out what prices were being asked for owners of property through which the sewer would pass.

MISS THURSTON AND MISS ASHE PLEASE NICKEL PATRONS

Very Fine Musical Attractions At the Carleton Street Picture Theatre—Good Pictures.

The Nickel opened the autumn season yesterday with a gala list of attractions. The two musical novelties were really delightful surprises. Neither Miss Lella Thurston or Miss Gertrude Ashe had been extensively billed in advance but it is safe to assume they are pretty well advertised today, judging from the splendid impression they made at their opening. Miss Thurston is truly "the queen of the xylophone," as the announcement states. She rendered Cavigni's exquisite intermezzo from Cavalleria Rusticana with taste and musical truth, which is sometimes a difficult thing to do on the wooden Russian piano. Then she played popular ballads and a mass of merry popular stuff. This talented little lady is directly from the new Imperial Theatre, Montreal. Miss Ashe is a summer student in St. John, captured her hearts from the outset with a brilliant rendering of Arthur Penn's Cantatas. She owns a superb soprano voice of great range and flexibility and sings in excellent taste. Miss Ashe is merely a maiden and niece of the late John F. Ashe, lawyer of this city. She is visiting relatives here.

The two-reel Pathé feature The Secret Formula was notable for some daring deeds of horsemanship, especially the overtaking of an express train and dismounting from horse to train platform. This is a story of intrigue in industrial circles. The Vitagraph comedy The Amateur Lion Tames with Hugh Mack was a scream. Tomorrow the Nickel will show Pathé's Weekly and on Friday the third of the great and absorbing "Mary" series will be shown.

MANCHESTER ROBERTSON ALLISON, LIMITED.

MORNING NEWS OVER THE WIRES

Sir Rodmond Roblin yesterday denied emphatically the rumor that he might be the successor of Lord Strathcona as Canadian high commissioner in London. An application has been received at Ottawa by Hon. C. J. Doherty, acting minister of labor, asking that a board of conciliation be established to investigate under the industrial disputes act, the grievances of the G. T. B. Co's operators, station agents, and dispatchers and the claims of the company. The dispute between the men and the company ranges over the entire system.

London, Aug. 25—It has been virtually decided, according to the Daily Graphic, that Prince Arthur of Connaught will succeed his father, the Duke of Connaught, as governor-general of Canada.

Sydney, N. S. W., Aug. 25—Evidence has come into the possession of the crown which makes it seem likely that B. S. Atkinson, who was supposed to have been killed by a fall from his buggy on the Mira road, a few miles from Sydney, was murdered.

RECENT WEDDINGS

Smith-McKenzie.
Harry J. Smith and Miss Clara A. McKenzie were married by the Rev. A. J. Archibald at the minister's residence yesterday afternoon, in the presence of the parents of the pair and several friends. The bride was dressed in a gray travelling costume and a white hat. Mr. and Mrs. Smith left on the Boston express for their honeymoon and on their return will live in West St. John.

So Easy to Have Smooth, Hairless Skin

(Beauty Topics.)

The new home treatment for removing hair or fuzz from the chin, lip or cheek is justly popular, because it is devoid of pain and requires very little time. Get an airtight package of delatone and mix enough of the powder with water to cover the hairy surface; apply and let remain for 2 or 3 minutes, then remove and with it will come every bit of hair. The skin should then be treated to take off remaining delatone and it will be soft, firm and free from blemish.

Thick, glossy eyebrows follow the use of pyroxin and if it be applied at lash-roots the eyelashes will grow long and have a delightful curl. Use caution and don't get any pyroxin where hair is not wanted.

ANNUAL CONVENTION OF CHRISTIAN CHURCHES

The annual convention of Christian churches, brought to a close Sunday night at LeTete, was one of the most interesting and successful in the history of the churches, and the reports of committees showed that church work and finances are in a satisfactory condition.

The seventy-five delegates who attended represented the following centres: Westport, Tiverton, Digby, South Range, Port Williams, Milton, Halifax, St. John, St. Stephen, St. George, Deer Island, Eastport, Lubec, Boston, Cincinnati (Ohio), Summerside and New Glasgow (N. S.). Letters from the various churches showed 150 additions during the year and 50 losses.

Receipts were reported as follows: M. C. M. S., \$1,200.00; C. W. B. M., \$800.00; Young People's department, \$200.00; while collections during the sessions were: For C. W. B. M., cash and pledges, \$133.00; for M. C. M. S., \$122.00, and special fund for the Digby church \$112.00.

Officers chosen at the convention are: For the M. C. M. S., president, O. C. Emery, Milton; vice-president, J. C. B. Appel, St. John; secretary-treasurer, J. S. Flagler, advisory committee—Rev. E. Ross, George Barnes, J. W. Barnes, L. A. Miles, Dr. H. B. Ford, L. H. Outhouse. The advisory committee notified the convention that Lowell C. McPherson had been engaged as evangelist for one year.

BIRD'S-EYE DIAGRAM SHOWS HOW THAW ESCAPED FROM MATTEWAN

Numbers Here correspond with numbers in illustration of Thaw's escape from the New York Asylum for the Criminal Insane at Mattewan. Harry Thaw (1) ate breakfast slowly and (2) went into the parcel room. Greeted by Attendant Buckley, he (3) rolled out into the exercise court, and (4) sauntered around the yard. For a while (5) he stood near the closed gate. Then Thaw stepped to the opposite side and, as the wagon passed between him and the attendant, slipped out, where (6) two men jumped from an automobile and caught the escaping Thaw and threw him into the auto and flew away (7) at full speed.

INTERNATIONAL MIX-UP IN THAW CASE?

(Canadian Press) Sherbrooke, Aug. 26—The arrival of William Traverser Jerome, Harry K. Thaw's old prosecutor, the assumption by ex-Governor William A. Stone of Pennsylvania of the position of spokesman here for the Thaw family pending the coming of Roger O'Mara, a Pittsburgh detective, and the injection into the case of renewed talk of it assuming international aspects are the chief developments in the Thaw case.

PUPILS TAX THE SCHOOL ACCOMMODATION; CHANGES IN THE TEACHING STAFFS

After nine weeks of happy holidays the school children returned to their studies this morning. For the first day the attendance was good although children from every room, especially in the lower grades will not be back 'till after Labor Day. As usual there is a shortage of room in some of the schools and it has been necessary to create a new grade both in the Alexandra and Albert schools. It may be necessary to form a fourth grade in the High School, where are at this time only two rooms for only 126. If this is done the new elementary school will be used for the new department.

DEATH OF MRS. DONOHUE. Margaret Donohue, widow of Dennis Donohue, died at the Mater Misericordiae Hospital, St. Mary's, early this morning. Her husband died about seven years ago and for the last five years she has been living in the home. She was more than seventy years of age and leaves no family. The funeral will be held tomorrow afternoon at 2:30.

NEW PARTNERSHIP. Messrs. Wm. J. Donahue, and his brothers, Harry G. and Kenneth T. Donahue, have formed a partnership and taken over the lively stable business in Coburg street formerly conducted by the first named with T. Short. They have an up-to-date equipment, and a well kept stable, and will conduct the business under the name of Donahue Bros.

NEW BAPTIST CHURCH. Newville Baptist Church, The Baptist church at Mt. Whalley will be opened on Sunday, August 31. Rev. George A. Lawson of the First Baptist church, Moncton, will preach the opening sermon. Rev. Mr. Lawson is a son of Rev. D. J. Fortin, who for forty years preached to the people of this section and it is quite fitting that his son should accept the pulpit of the new church on the opening Sunday. Rev. P. J. Stackhouse will preach in the afternoon.

TO LOAD AT HALIFAX. Halifax Chronicle—Pickford & Black are the agents for the two Hudson Bay steamers which are yet to load at Halifax. The cargo will consist of general cargo and will be taken on this port and will be here here this week to be loading for Hudson Bay. The other is the Alcazar, which is now somewhere bound out of the bay for Halifax. She has been to Port Nelson with one load and is returning here to make another trip before navigation closes. The cargo will consist of general construction supplies, a fair share of lumber being included.

Believed Alexander Gibson Died Poor Man

(Special To Times) Fredericton, Aug. 26—It is generally understood that the late Alexander Gibson died a poor man.

Nominations for the York municipal election took place yesterday. In King clear, Maryville, New Maryland Kingsford the councillors were returned unopposed. In Stanley Councillor in retired and ex-Councillor C. W. Pond was elected. In St. Mary's, ex-Councillor Forbes was nominated in opposition to the old councillor but it is not believed he will remain in the field.

In the list of winners of Governor Wood's medals, Miss Marion Ellis was given as the successful pupil from Gloucester. This was an error. The medal was won by Miss Hazel E. Baldwin of the Grammer School.

Ald. Thomas Robinson who has been keeping a boarding house for the Cotton Company has been notified to quit the premises on October 1.

WILSON HOLDS BACK; HUERTA ASKED FOR DAY

(Continued from Page 1) The message is understood to cite an almost parallel precedent in the difficulties between President Hayes in 1877 and Porfirio Diaz, who, after overthrowing President Lerdo, sought recognition from the United States. Though foreign governments recognized Diaz, the United States waited a year, not only until an election was held, but until it was satisfied that the government thereby set up could guarantee international contracts.

Reference to this precedent leads to the belief that, while it has hitherto been supposed that, immediately following an election held by Huerta, recognition would be extended. The likelihood was that the United States would not extend the hand of friendship to the existing government or its successor in Mexico for some time.

Official announcement was made of the original proposals by the United States presented to Huerta by Mr. Lind. 1. Cession of hostilities and a general armistice. 2. An early and free election. 3. Huerta to bind himself not to be a candidate.

4. Agreement by all parties to abide by the results of the election. Upon these proposals the Huerta government at the last moment, asked further time for consideration, and upon certain supplementary suggestions by Mr. Lind, the nature of which is not being divulged here, the request for a postponement was made.

Preparations at the Capitol, hurriedly made for a joint session of the house and senate, were called off.

President Wilson's message, a document of about 4,000 words, was locked up in the White House vaults awaiting the next developments.

Mexico City, Aug. 26—As an indication of the cordial personal relations established by Mr. Lind with General Huerta, the president placed his private car at the disposal of Mr. Lind, who accepted the proffer and will occupy the car today on the trip to Vera Cruz.

CUNARDERS TO CALL AT HALIFAX NEXT WINTER

(Halifax Chronicle) After an absence of fifty-four years from Halifax, its birth place, that mighty steamship organization, the Cunard line, will once more return to the home of its nativity. A cablegram was received at the local office of S. Canard & Co., late yesterday afternoon to the effect that the ships of the line which have during the last two summers conducted a service between Southampton and St. Lawrence ports, will make Halifax a port of call.

The magnificent new liners Andania and Alania, launched this year and constructed especially for the Canadian service will call at Halifax during the coming winter season. The Andania recently completed her maiden voyage home to London from Montreal, which is regarded as marking a new era in the shipping activities of eastern Canada. The Alania has not yet crossed the Atlantic and will make her maiden voyage across to Halifax. Another comparatively new ship is the Ascania, built in 1912. The three ships have all been built specially for this route.

The Tory Organizer

Charlottetown Patriot—Only last week we are credibly informed that an organizer from Quebec visited the Island and here and there in a quiet way gathered all the information he could from Liberal and Conservative circles regarding the outcome of an election in this province. Naturally he met with success, because he was in an exceedingly bad odor here, and that all the people were wanting was a chance to get at both governments, federal and provincial.

Jeff May Be a Poor Gambler, but He's a Good Investor

WELL, I GUESS THAT'S BAD. YOU'RE 222, 18 STEPPING ON CROSS BARS. THEY CAN'T STOP ME NOW. I'LL BE A MILLIONAIRE BEFORE THE END OF THE YEAR.

MEMBERSHIP IS MORE THAN 3,300

My immediate predecessor announced to you verbally last year the death of R. W. Brother David Dearness, past deputy grand master, and issued a summons for a special communication for the purpose of attending the funeral. Days after my installation, Grand Master Dearness was a member of the New Brunswick lodge, in which he was raised on 10th March, 1869, elected Master in 1875, elected senior grand warden in 1897 and deputy grand lodge in 1910. He represented the grand lodge of Queensland near this grand lodge. Brother Dearness was widely known among St. John Masons. His exact knowledge of the ritual was available to all, and many of those who have gained prominence in the craft owed it to his instruction which was freely given. He was a man of high character, a devoted and successful worker in the lodge, and a man whose life was a model of the tenets of a Mason's profession. He has therefore left an example which should be copied, and a memory which should be cherished.

appropriate, say \$180.00, for this purpose when to him it seems wise. In concluding my remarks regarding the committee on foreign relations, I visited for the courtesies extended to the Grand Lodges officers. In all cases, determined courtesy and successful efforts were made to contribute to the enjoyment of our visits. On the 28th October, a communication of grand lodge was summoned to mark the reopening of the Masonic Hall at St. John. The chief lodge room had been completely furnished and decorated by the St. John lodges, and is now a suitable room in every respect for all Masonic gatherings, and quite up to the standard hoped for by those who originally planned the building. The St. John lodges deserve all praise for their generosity in this respect, and their action will long continue to reflect credit upon those who so actively carried out the arrangements. The communication was much the largest I have seen. Degree work was exemplified by grand lodge officers under the banner of Albion Lodge, No. 1. The occasion was one which will long be remembered. On June 22nd of this year, being the largest annual festival of St. John of the Baptist, grand lodge assembled at the Masonic hall, in the city of Montreal, New Brunswick, to celebrate the 150th anniversary of the birth of John the Baptist, where divine service was held. This was in accordance with our custom, and the service was conducted and sermon preached by the very worthy grand chaplain, the Rev. A. D. Archibald.

and Carleton Union with 177, are next in order. There have been renewed interest in St. Martin's Lodge, and a gratifying activity to which some brethren of The Corinthian Lodge have given welcome aid. By the M. W. grand master's direction, and under the seal of grand lodge, commissions as grand representatives have been issued to the following brethren: W. Brother Frank Hoppman, Schenectady, near the M.W. Grand Lodge of New York, in the place of Moses Greenbaum, resigned. W. Brother Adolpho M. Dias, Havana, near the M.W. Grand Lodge Isla de Cuba in place of Fernando Loredo. The following brethren have been appointed grand representatives near this grand lodge, and their commissions received and delivered: W. Brother Alexander M. Rowan, P. G. M., by the Grand Lodge of Louisiana. R. W. Brother Robert Murray, P. D. G. M., by the Grand Lodge of Tennessee. W. Brother Frank A. Godoe, P. G. D. by the Grand Lodge of Nova Scotia. W. Brother Tuttle T. Goodwin, by the Grand Lodge of Wisconsin. W. Brother Herbert E. Good, P. G. D. of C., by the Grand Lodge of Maine. W. Brother John B. M. Baxter, P. G. D. by the Grand Lodge of Canada in Ontario. R. W. Brother Ralph A. March, P. G. M., by the Grand Lodge of Queensland, and W. Brother John W. Niles by the Grand Lodge of California. The grand lodge certificates, called for by the returns for 1912, have all been issued to lodge secretaries. An order for 300 certificates has recently been received from The British American Bank Note Co. (Canada), and about forty or so of these were needed for the last year. There are probably on hand sufficient for the year's accounts. T. TWING HARTT, Grand Secretary.

presented to a candidate when he receives the Master Mason degree. At the last communication, grand lodge sanctioned an amendment to the constitution permitting a petition, under certain circumstances, to be withdrawn before ballot. The board regards that amendment with regret and concern, as the rule that "a petition received by a lodge cannot be withdrawn" is well nigh a landmark of the fraternity. The board ventures to hope that grand lodge will reconsider its decision of last year and, to that end, has caused due notice to be given of an amendment which, if adopted, will restore the section to its original reading. Acting on the report of a special committee, the board recommends to grand lodge that an increase be made in the salary of the grand secretary. It is recognized that the duties of the office have grown of late years and require more constant attention, and that the existing salary has become inadequate. In dealing with this recommendation it might be remembered that with new officers coming along, grand lodge often in need of instruction, and it would be well if the grand secretary were to acquire the duties of a grand master when requests for visits of an instructor are received. The main instance of the grand master the board has quite fully discussed the general question of incorporation, and the relations of grand lodge, in a business way, to the Masonic building in St. John. The board has reached the conviction that matters should no longer drift along, but that well directed efforts should at once be made to acquire all outstanding stock in the hall company, and so vest in grand lodge the exclusive ownership of the property. The auditor's report is submitted by Wm. B. Wallace, A. R. Campbell and A. McNeil, declaring all correct. The report of the board concludes: Finally, Brethren, there must be some reference to the death of Past Grand Master Ellis. To grand lodge, to the whole craft, the loss is great not so much because he was the last one of that honored band of workers who laid the foundations of grand lodge, but because he was a man whose life was one so greatly endowed with the qualities which the three pillars symbolize, and these qualities were ever at the craft's service. To our grateful memory of what he was is now added our gratifying and encouraging bequest to the fund of benevolence.

NATURAL HISTORY SOCIETY JUNIORS RETURN FROM CAMP

Twenty-four young ladies, Junior members of the Natural History Society, who have been camping on the shores of the Grand Lake for more than three weeks, returned to the city on the May Queen last evening. The camp which was in charge of William McIntosh was held about two miles from Douglas Harbor, near Grand Point. The primary object of the outing was the hunting of historic relics, but swimming, boating, canoeing and campfire evenings a big masquerade ball was held in a house near the camp, which was given up for the occasion by the kindness of Mr. Weaver, the occupant, and Mrs. Ballantyne the owner. The girls on one of their trips made a good record for the female sex, rowing a heavy boat with no small list of good sized passengers, thirty-two miles in two days. During the time they were there the girls had several good views of moose and other wild animals, of whom they secured several snapshots. Among those who accompanied the expedition were A. Gordon Leavitt, secretary of the school board, and Mrs. McIntosh, who chaperoned the party. Splendid weather prevailed all through the trip. When the camp started there were ten who could not swim. During the camp seven of these learned the graceful art. Two girls from Dallas, Texas, Elizabeth and Grace Roberts, were guests of one of the members of the party during several days of the camp. The girls who composed the camping party, other than the Misses Robertson, were: Etta Bauer, Constance Coster, Ruth Coster, Julia Curry, Gladys Dodge, Norma Fenton, Gerda Holman, Dora Jones, Dorothy Jones, Ethel Keen, Beulah Knowlton, Hilda Krogstad, Jessie McLean, Nelly Melrose, Elsie Millidge, Alberta Nelson, Marian Peters, Hildre Simonson, Harlowe Simonson, Kathleen Walker, Dorothea Whittaker and Maude Willis. The camp was a great success from an archaeological point of view. Many important relics were found.

MORNING LOCALS

John Flood has been awarded the contract for the erection of a stone and brick building in Main street, North End, at a cost of about \$20,000, for the Royal Bank. The building is to be erected on the site formerly occupied by Wm. Lilley & Son. A large number of persons attended the pie social held at Prince of Wales last evening by the ladies of the church there. Amongst those going from the city was a motory party composed of Misses Ida Hickley, Emma Thorsen, Lulu Maharg, Emma Bryant, Alma Matthews, and Bertha Newcombe. Rev. H. S. Mahood, formerly pastor of the Congregational church, has recovered after his illness, and has accepted a call to a church at Sunnyside, Wisconsin. Postmaster Sears was in the police court yesterday afternoon to answer to a charge of violating the building law by making repairs on a wooden shed in the rear of his premises, facing street, without a licence. C. F. Innes, who appeared for Mr. Sears, and Commissioner McLellan argued the technical points of the case for some time and then an adjournment was made until this morning.

Mrs. F. M.: You can greatly aid to your beauty by applying pyroxin at last roots with thumb and forefinger. This makes them grow long and slightly curly. Rub little pyroxin on eyebrows and they will come in thick and lustrous. Be very careful and don't get any pyroxin where hair is not wanted. Interesting news to ladies—page 2.

CONFUSING.

A letter favoring the three-story tenement house which appeared in The Globe last night was signed G. M. A. Several people complained later that the signature was likely to cause confusion, as more than one man in the city could sign in the same way, and that it might give the false impression that possibly the writer was one of the largest manufacturers in St. John.

Do not suffer another day with itching, bleeding, or pouring eruptions on your face. See your Dr. Fowler's Extract of Wild Strawberry recommended. It cured it, and it thoroughly cured me. It is the only medicine I will now have for this complaint.

Grand Secretary's Report

To the M. W. Grand Lodge of Free and Accepted Masons of New Brunswick: The grand secretary presents the following report regarding the business of his office during the past year. The receipts have amounted to \$8,887.5, the largest income so far reported to grand lodge. These receipts fall under the following headings: Initiation and registration fees, \$910.00; Admissions, dispensations, sun-dries, 116.50; Annual dues, 2,800.90; Returns for the year 1912 have been received from 86 lodges of the 88 which are active. A synopsis of these returns reveals the following figures: Initiated, 234; Passed, 218; Raised, 214; Reinstated, 32; Joined, 33; Withdrawn, 51; Suspended, 20; Died, 124. Increase during the year, 138. Total membership, 27th December, 1912, 3,220. Woodstock Lodge, No. 11, is still the strongest lodge with 195 members, which with 191, St. John's with 188,

I am glad to inform you that the board of general purposes has completed a bill in the Masonic Hall which is now available for the reception of all old records of the jurisdiction. Records sent in by any subordinate lodge, will be carefully enclosed in a metal case, which

Seven Game Series. The Fredericton team will disband on arrival at the capital next Monday night so that the series of thirteen games has fallen through and the following schedule arranged: At St. John today, Friday and Saturday and two games Labor Day; at Fredericton, Thursday. The teams will take a holiday Wednesday as the players want a lay off after the grind.

McAvity's Team Won. McAvity's team defeated a team from the City Hall last evening on the baseball green, in a score of 8 to 0. The batter for the City Hall team was Meyers and Marsh, and for McAvity's Kierstead and Smith.

Fairville Game. A five inning game of baseball between the Fairville Thunders and Lightnings last evening was won by the former by a score of 6 to 5. A. Fox and L. McAvity were the battery for the Thunders with F. Fitzgerald and H. Hooley for the losers.

Fredericton Base Ball. Fredericton Gleasons—Producing a three-time pennant winner is a job which is not many cities able to boast of the same distinction which Fredericton thus enjoys. Baseball has been carried on in this city since the inception of the New Brunswick and Maine Leagues, not as a money-making institution, but as a matter of civic pride, in which different enthusiastic citizens have given freely of their time and attention.

National League. At New York—New York 2; Cincinnati 1. Batteries, Demaree, Crandall and McLean, Wilson. At Brooklyn—Chicago 4; Brooklyn 4. Batteries, Humphries, Lavender and Archer; Allen, Yingling and Miller.

American League. At Detroit—Detroit 6; Boston 5. Batteries, Cleveland and Stange; Leonard, Bedient and Nunnaker, Cady, Carrigan. At Cleveland—Cleveland 6; New York 2. Batteries, Blandine and Sweeney; Neill, McConnell, Fisher and Sweeney.

International League. At Rochester—Rochester 3; Newark 2. Batteries, Quinn and Williams; Atkinson and Higgins. (Second game)—Newark 6; Rochester 2. Batteries, Banger and McCarthy; Martin, Hoff and Jockisch.

The Round-Trip Trip. Managers Callahan of the White Sox and McGraw of New York have received telegrams from M. D. Bunnell of Chicago, director of the Giant White Sox world tour, saying that the latter had left Chicago for the Pacific coast.

Great Pitching. August has been a great month for the minor league pitchers. Pitcher Bunnell of the Toronto team, pitched 20 innings to a 0 to 0 tie against Jersey City.

Diamond Sparkles. Outfielder George Whiteman, of the Houston Texas league team, who had a trial with the Red Sox some six years ago, has been signed by the New York Yankees.

CRICKET. Toronto, Aug. 26.—By an innings and 147 runs the Australians annihilated the All-England team at Rosehill yesterday. The All-England's in their second innings realized only 78 runs and of this number nearly half were contributed by Morris of Philadelphia.

Pirates Late in Getting Into Trim

Gave Giants a Scare Last Week—Tinker and His Troubles With the Cincinnati Team

By JOHN J. MCGRAW, Manager of the Champion Giants.

New York, Aug. 24.—Two things were responsible for the apparent slump of my club last week. The pitchers were not going very well, and we caught the Pittsburg team at its best time of the year and moving at the pace which was expected to win it a pennant before the season began.

It is a fact that the Pirates are terrible slow in getting under way, seldom really starting before late August or September. If they could break in to some league whose season began in September and ran through the winter months, the Pittsburg club would have a grand life chance.

The complaint against Mr. Lockhart which was brought by J. F. Belyea, was given several hearings about three weeks ago, and has since been under consideration by the magistrate.

SOLOMON CUP MATCH
Regarding the cash prizes reported in this match awarded by the 2nd Battery, attention is called to the fact that the individual cash prizes were supplied by the commander of No. 2 Battery for the competition of its members only, and were not connected in any way with regimental or rifle association funds. In the original report this was made quite clear and was merely to advise the winners, but in the course of reaching the press the wording was materially changed by mistake and a wrong impression conveyed.

C. MILES MOORE DEAD IN WOODSTOCK, HOME ONLY FEW DAYS AGO

Had Made a Name For Himself
In the Lumbering Business

(Special To Times)
Woodstock, N. B., Aug. 26.—C. Miles Moore, aged forty-eight, died this morning at his mother's home, following a short illness from cancer. He went to Vancouver a few months ago and died only on Wednesday last. He called rapidly until the end. He leaves, besides his wife, three daughters, one son, one brother and two sisters.
Mr. Moore was a member of a well-known lumbering concern, Fred Moore & Sons, who, at one time, had lumber interests spread over various parts of New Brunswick and Maine. His business career started in Meductic, where he became the junior member of the concern, and his ability gained promotion for him and he was recognized as a number man of exceptional capabilities. The funeral arrangements have not yet been completed.

DO NOT AGREE AS TO SEARS BUILDING

D. R. Jack and Fire Chief Differ
From Mr. Sears in Contention
as to Age of Structure

A case in which Postmaster Sears is charged with violating the city building by-law was given a brief hearing this morning. It has been Mr. Sears' contention that since his building in King street was built prior to the passing of the city by-law in 1877, it is exempt from the restrictions imposed by the law, and that if he cared to make improvements he might do so without consulting the building inspector.
D. Russell Jack and Fire Chief Blake both gave evidence. Mr. Jack appeared for the fire insurance people and from his personal remembrance said that Mr. Sears' building had not been standing at the time of the great fire, just after which the by-law had been passed. Chief Blake gave like testimony, saying that he had worked in the district in question at the great fire and did not remember that Mr. Sears' house was standing. There was then a general discussion by C. F. Incheb, who appeared for Mr. Sears, J. B. M. Baxter and Commissioner McLellan for the city. The magistrate suggested that Mr. Sears cover the house with a concrete preparation and put on a gravel roof and it was understood that if he complied the matter would be dropped. The case was adjourned this morning in order that those interested might inspect the building.

Sawmill for Gagetown

(Fredericton Gleaner)
Gagetown is likely to have a new industry next season. Luther B. Smith, having decided to erect a big lumber saw mill there.

Some time ago Mr. Smith's mill at Blissville, Sunbury County, was destroyed by fire and since then he has been looking about for the most suitable site for a new mill. He has lately about decided that Gagetown is the best site.
In the event of his deciding to go ahead with his project Mr. Smith will probably erect a large plant which will employ 100 or more men and will be one of the most up-to-date plants along the river. It will likely be fitted up as a band saw mill with rotary equipment as well and there will also be a shingle and planing department.
Mr. Smith has some timber limits on the Nepesis and believes that Gagetown will prove a convenient site for a mill because of there being good holding grounds in that vicinity and also because it can be easily reached from Grand Lake and other lumbering sections in the central part of the province.

The August term of the county court opened this morning with His Honor Judge Jonah presiding. J. A. Barry appeared in behalf of the attorney general. In addressing the grand jury His Honor commented upon the unusually large criminal docket, stating that he was unable to say whether it should be attributed to the growth and prosperity of the city or an outbreak of crime.
True bills were found in the cases of the King vs. Roy Thompson, the King vs. Robert Dickson, and the King vs. Frank Morrison and the King vs. John Travis. In the case of the King vs. Philip Home, the King vs. Alexander Differson, and the King vs. Charles Boylan, the defendants elected to be tried under the Speedy Trials Act. The docket was—

Criminal Docket
King vs. Thompson, indecent assault—A. A. Wilson, K. C.
King vs. Robert Dickson, attempt to murder—No counsel.
King vs. Morrison, theft—G. Earle Logan.
King vs. John Travis, breaking and entering and theft—D. Mullin, K. C.
King vs. Alex. Differson, doing actual bodily harm—Dr. W. B. Wallace, K. C.
King vs. Charles Boylan, assault—S. Ritchie.
King vs. Philip Home, non-support—No counsel.

Civil Docket—non-jury
1.—Shaw vs. Watson—Barnhill, Ewing & Sanford.
2.—Canadian Consolidated Rubber Company vs. Dams—Hannington & Hannington.
3.—McLeod vs. Green—Heber S. Keith.
4.—Belyea vs. Haley—George H. V. Belyea.
5.—Weatherhead vs. Daley—George H. V. Belyea.
6.—Bielenberg vs. Belyea—George H. V. Belyea.

7.—Currie vs. Geo.—Francis Kerr.
The grand jurors are Isaac Erb, P. A. Smith, John B. Hardisty, John W. Hornbrook, David Watson, Walter Bailey, Horace C. Brown, Chas. H. Kerr, Wm. G. Scovill (foreman); James W. Morrison, Robert S. Craig (absent), John S. Russell, Bert Evans, Thos. E. Dillon, Frederick Selby, Melvin T. Gibbons, George C. Kierstead, Wm. A. Steiper, Lewis Phillips (absent), Maurice D. Coll (excused), Beverly V. Millidge, Bayard Stillewell, Charles A. Conway.
The naturalization papers of John Sweeney, formerly of Paris, Tennessee, an engineer now of the Parish of Lancaster, were presented to the court by G. Earle Logan and the naturalization papers of Savus Kandaris, formerly of Athens, Greece, by MacIrae, Sinclair & MacIrae.
The court adjourned until 2.30 o'clock this afternoon.

W. J. McCAFFREY TAKES ANOTHER STEP AHEAD

(New York Journal of Commerce)
William J. McCaffrey, who has been general manager of the New Amsterdam Casualty Company for some years, has accepted an important position on the executive staff of the Globe Indemnity Company with the title of superintendent of the liability department. Mr. McCaffrey has resigned from the New Amsterdam Casualty to take effect as soon as agreeable to President Moore, and will, on or about September 1, assume his new duties with the Globe Indemnity.
In addition to supervising the liability department of the Globe Indemnity, Mr. McCaffrey will assist General Manager Reid in the general conduct of the business, and his appointment will thus enable General Superintendent F. H. Kingsbury to give more time to the executive and agency matters of the company.
Mr. McCaffrey commenced his insurance career with the Fidelity & Casualty Company, afterwards leaving to go with the United States Casualty Company, where he became one of the supervising underwriters of its liability department. In 1901 he resigned from that company to go with William F. Moore, who had then assumed the management of the New Amsterdam Casualty. He has remained with that company since then, being promoted to the position of general manager.
Mr. McCaffrey's many years' experience in liability underwriting, his recognized ability and popularity among brokers and agents throughout the field make his appointment an important addition to the staff of the Globe Indemnity, and General Manager Reid will undoubtedly be congratulated on having made such a valuable acquisition to the Globe Indemnity's executive and underwriting force.

In St. John, Mr. McCaffrey's native city, many friends will be pleased to hear of his continued success. He was very popular here when clerk in the Hotel Dufferin.

ENGAGEMENT IS DENIED
Gleaner: Miss Alice M. Parker, whose engagement to a St. John man was recently announced in the Gleaner, asked today to have announcement made that she was not engaged and that she had not been. The original announcement came to the Gleaner by mail in a communication purporting to be signed by Miss Parker's mother, who denies having signed or sent the notice.

INQUEST NEXT TUESDAY
The likelihood is that an inquest will be held into the death of Harry Coyte, Cornner Berryman said this morning that he expected to hold one next Tuesday evening, but as yet had made no definite arrangements.
