

I.C.R. MANAGEMENT HAVING TROUBLE

Midnight Session Held to Inquire Into Resignation of Supt. Joughins—Strike Threatened—Canadian Club Meeting

Special to The Standard. Moncton, Nov. 4.—The board of management of the Intercolonial including Deputy Minister Campbell, met here today and was still in session at a late hour tonight. Nothing is given out but it is understood that the principal matters up for consideration were the differences that led to the recent resignation of Mechanical Supt. Joughins.

It has been said that General Supt. Brady censured Mr. Joughins for the alleged inefficient state of the rolling stock and that the latter contended it was due to reduction in the workmen on the mechanical force. Chief Engineer of Maintenance Burpee is understood to sympathize with Mr. Joughins.

Several deputations of employees are here to meet the board and expect to be heard tomorrow.

Strike Threatened.

The I. C. R. management has another difficulty on its hands in a threatened strike of employees on the Cham-Fredericton branch.

The trainmen have asked for the adoption of what is known as the standard schedule of wages which exists on the systems east of the Mississippi in the United States and throughout Canada and some new conditions have also been named. To have their requests granted the trainmen are prepared to make a hard fight and have openly stated that they will strike if not granted the increase in wages so as to put the road on the standard schedule.

Canadian Club.

The annual meeting of the Moncton Canadian club took place this evening preceded by a very enjoyable luncheon at 6:30 o'clock. The president, R. A. Borden, K. C., read an exhaustive report, referring to the increase in membership and other matters. He spoke of the very valuable efforts of the club for preservation and restoration of the ancient Fort Cumberland, and in this connection referred to the splendid work that had been done at the old fort at Annapolis.

Mr. Borden also referred to the question of a more appropriate celebration of Dominion Day, and suggested that the women of Moncton should follow the example of those of St. John and organize a women's Canadian club.

The secretary, E. J. Payson, reported a membership of 231, an increase of 73 during the year. The work of the club had been very successfully carried on. Eight general meetings had been held.

Resolutions were adopted at the meeting to co-operate with the Amherst club and Historical Society for the preservation of Fort Cumberland. During the evening a choice literary and musical programme was carried out, including addresses from H. J. Logan, ex-M. E. of Amherst, and F. G. Hanney, of Botsford.

The following officers were elected: Honorary president, Senator Wood; president, Chas. F. Burns; 1st vice-president, S. W. Irons; 2nd vice-president, H. F. Hamilton; secretary, E. J. Payson; treasurer, W. B. Logan; archivist, W. A. Cowperthwaite; executive, the officers and Mayor Kelly; Geo. J. Oulton, Owen Cameron, Dr. Purdy, B. A. Bourgeois, J. E. Masters and A. E. Williams. Auditors, B. E. Smith and M. B. Jones.

Engagements made for the ensuing season are addressed by Prof. McDonald, of McGill; Prof. Grant, of Queens; Lieut. Gov. Tweedie; H. A. Powell, of St. John, and Rev. W. B. Sissam of the Moncton Club.

DEMENTED WOMAN SHOT HER DAUGHTER

With Husband and Son In Hospital Mrs. Harriet Turner Kills 17-Year-Old Girl and Tries Suicide.

Seranton, Pa., Nov. 4.—Mrs. Harriet Turner, 40 years old, shot and killed her 17 year old daughter, Margie, last night and then sent a bullet into her own breast, inflicting what physicians believe to be a fatal wound. A milkman today found Mrs. Turner half buried in 15 inches of snow on her front porch. Her head was resting on a pillow.

Mrs. Turner's husband, William, and her son, Willard, are in the University of Pennsylvania hospital at Philadelphia. The husband is in a critical condition from asthma and the son is being treated for blindness in one eye. The authorities believe that worry over her family troubles temporarily deranged Mrs. Turner's mind.

An 11 year old son who was in the house when Mrs. Turner fired the shots was not harmed. In a lucid moment Mrs. Turner told the doctors that she loved the boy too much to kill him. But she thought the daughter would have too many troubles in life and decided to shoot her.

WILBUR WRIGHT OFFERS PRIZE FOR ALTITUDE

Wilbur Wright Anxious To Have One Of Staff Make Flight Of 10,000 Feet—Damage By Storm.

Baltimore, Md., Nov. 4.—Order is very rapidly being brought out of the chaos wrought by last night's storm at the Baltimore Aviation field, and there is manifested a spirit of determination to make the meet even more noteworthy than it would have been had there been no wrecking of aeroplanes and hangars.

The members of the local committee are working hard to get everything ready for a new start. Tonight the prospect seems rosy that this will be next Monday.

Added interest was given the events to come when today General Felix Agass offered on behalf of his papers, "The American" and "The Star," a prize of \$2500 for the first aviator to reach at this meet an altitude of 10,000, creating a new world's record for height. It is said tonight that Wilbur Wright is anxious to have one of his men win this prize, and that it is exceedingly probable that Hoxsey will go after the record.

Private advice received here tonight are to the effect that H. N. Bourassa has decided to oppose Sir Wilfrid Laurier in Quebec east at the next general election. This news is of the most significant character, for it will be remembered that after Mr. Bourassa left the federal house and went into provincial politics he entered the lists against Sir Lomer Gouin, the Quebec premier, in the St. James division of Montreal, and actually defeated him in an enormously strong government constituency. Since then Mr. Bourassa has grown much stronger.

Admits Weakness.

The Free Press, the local government organ, admits the situation in Quebec in the following editorial:—"There is no use blinking our eyes to the fact that the government's hold on Quebec is weakening, but unlike the case in Drummond, there is time to repair the damage before it is too late. A systematic campaign of education must be started now, instead of running about the world participating in the wedding of the Empire."

Members of the cabinet will have to stay at home and set to work welding Canada, nor must this campaign be confined to Quebec. The war must be carried into Ontario, and the other provinces, otherwise the government may receive another painful awakening.

The members of the Liberal party must realize their responsibility. The Free Press has already deplored the fact that members of parliament have practically asked no opportunity of explaining the naval bill given them by the recess.

"They will have to wake up. That is the lesson of Drummond, and it is not Laurier's lesson nearly so much as it is the Liberal party's lesson."

DEADLOCK IN EXPRESS STRIKE

Men Stand Firm In Demand For Recognition Of Union—Situation More Severe Than Two Days Ago.

New York, N. Y., Nov. 4.—The quarrel between the six transcontinental express companies and their employees in the metropolitan district reached a deadlock today. Indirectly but with good warrant for belief the men received assurances from the state board of mediation that their grievances would be favorably listened to if they would consent to forego their cardinal demand for recognition of their union—the international brotherhood of teamsters. But in a mass meeting tonight the men unanimously resolved that they stay out until the union was recognized. Their action was the one positive development of the day.

Elsewhere there were conferences among the labor leaders and between Mayor Gaynor and Francis S. Bangs, counsel for the Adams Express Co. and Vice-President Stockton, of the Wells-Fargo Company, but no final word issued from any of them. The only action taken by the mayor was to uphold the city ordinance requiring that all express drivers must be licensed by the city—a requirement that bars the employment of strike breakers. Altogether the situation if not more threatening grew certainly more obstinate, although in form it altered little from its appearance yesterday.

"The situation is more serious than for the past two days," said Wm. C. Rogers, of the State Board of Mediation and Arbitration tonight, "but we are not without hope of a speedy settlement."

The adoption of the resolution to continue the strike until the recognition of the Union was won, was the answer to the speaker.

Announcement was made that two of the large department stores had signed agreements with their drivers now out in sympathy. Tonight a meeting of the local leaders and inter-union officers was held to outline plans for continuing the strike.

GUILTY OF MURDER.

San Francisco, Nov. 4.—Dr. Robert Thompson, charged with the murder of Eva Swan, was found guilty tonight of murder in the second degree. The body of Miss Swan, who died from an operation, was found two months ago buried under the basement floor of a deserted cottage.

Fielding Greet Reciprocity Envoys from the United States

Ottawa, Ont., Nov. 4.—Messrs. Chas. M. Pepper and Henry M. Hoyt, the United States tariff reciprocity commissioners, were presented to Earl Grey at Rideau Hall this afternoon and this evening they were the guests of Hon. W. S. Fielding at the Rideau Club at dinner. The Conference with Mr. Fielding and Mr. Peterson takes place tomorrow.

BOURASSA WILL OPPOSE LAURIER

Nationalist Leader Will Throw Down Gauntlet in Quebec East to Liberal Chieftain Whose Hold is Weakening—Government Organs Admit Personal Defeat of Premier.

Ottawa, Ont., Nov. 4.—Private advice received here tonight are to the effect that H. N. Bourassa has decided to oppose Sir Wilfrid Laurier in Quebec east at the next general election. New York, Nov. 4.—Word was received at the District Attorney's office here today of the arrest in Philadelphia of Arthur A. Dunphy on a warrant issued here charging him with the larceny of \$15,000.

The complainant is the Anglo-South American Bank, which accuses Dunphy of obtaining a loan on securities that had already been pledged. At the district attorney's office unusual importance was attached to the arrest and it was intimated that a number of financiers are implicated, whose exposure would cause a sensation.

House-breaking and theft were the principal offences. The number of female convictions in 1909-10 was 556, an increase of 63. The number of female offenders decreased in every province except Ontario and Manitoba. The chief offence was assault. There were no female convictions in Prince Edward Island.

General Strike Feared.

Madrid, Nov. 4.—The decision by the strikers at Sabadell to march to Barcelona leads to the fear that if it is carried out collisions between the workmen and the police will occur. It is likely that such an outcome would be followed by the declaration of a general strike in Barcelona, and possibly in Catalonia; but it is considered unlikely that any of the other provinces would be affected.

DERELICT IN BAY REPORTED

Waterlogged Schooner Sighted By Flora M. Probably The Maggie Which Was Abandoned At Quaco Head.

Boothbay Harbor, Maine, Nov. 4.—A waterlogged two-masted schooner, of about 100 tons register, lying on her broadside, was passed twenty miles south-west of St. John, N. B. at 4 p. m. yesterday, by the British schooner Flora M. Captain Ogilvie, which arrived today on her way to New York, from Windsor, N. S.

The spars were standing and there was some wreckage about the vessel, but there were no signs of life on board, and the crew could not make out the name of the vessel. The derelict is a dangerous obstruction to navigation. This may have been the same derelict sighted by the steamer Venango, and reported yesterday after her arrival at New York.

This is probably the Maitland schooner Maggie, which left St. John on October 28th, bound to Alma, N. B., and disaster overtook her, the vessel going ashore on Quaco Head. The next day she floated off the rock and went adrift in the Bay of Fundy. The crew, including Theodor Hinnott, her owner, on board as a passenger, were all saved. The vessel has been floating about the bay for some time. She was built at Noel, N. S., in 1888. The government steamer Stanley has been in port, but no effort was made to locate the derelict.

BLANK CARTRIDGES FIRED AT DIRECTOR

Lunatic Caused Great Excitement In Philadelphia City Hall By Discharging Hammerless Revolver At Official.

Philadelphia, Nov. 4.—Harry Clark, a demented man, 55 years of age, caused great excitement in the City Hall today when, in the presence of Director of Public Safety Clay he drew a hammerless revolver of the smallest calibre and fired three shots while conversing with the director. A hurried examination revealed that the tiny weapon contained blank cartridges.

Clark, who lives in the same ward with the director, had called to ask permission to sell a novelty on the streets. Mr. Clay told him to make application in the usual way. This seemed to excite the visitor and he drew the revolver and fired. Clark was sent to the Philadelphia hospital for the insane.

BRAKEMAN KILLED AT GARDNER, ME.

Gardiner, Me., Nov. 4.—Edmund B. Bent, aged about 40, a Maine Central brakeman, on freight No. 28, was killed at the station here at 5:30 tonight, by falling under the cars while coupling the air hose. Relatives reside in Portland where the remains will be taken in the morning.

SNOWFALL.

Was Reduced to a Skeleton GIVEN UP BY THE DOCTORS AND PREPARED TO DIE "FRUIT-A-TIVES" SAVED HER LIFE

The days of the miracle have not passed away. Every day—almost every hour—"Fruit-a-tives" is performing miracles of healing in some part of our country. One does not ordinarily think of miracles in connection with fruit juices—and yet it is fruit juices that are changing sick, helpless, and sometimes dying, people into happy, healthy men and women. Here is just one case in which the cure made by "Fruit-a-tives" was nothing short of a miracle.

MADAME ARTHUR TOURANGEAU.

Madame Tourangeau suffered for eleven years and was finally given up to die by her physicians. Yet "Fruit-a-tives"—the marvellous remedy made of fruit juices—completely cured her and restored her to health. Here is her letter—read it—and it—profit by it.
Riverside A Pierre, Co. Portneuf, Que., May 9th, 1910.
"I look upon my recovery as nothing short of a miracle. I was for eleven years, constantly suffering from Chronic Dyspepsia, and Indigestion with Constipation. The last two years of my illness, I was confined to my bed nearly all the time. I was treated by several doctors and they simply did me no good. During the latter part of my illness, I was so thin that I weighed only 90 pounds, and I vomited everything I ate. Even water would not stay on my stomach.
"The doctors gave me up to die as the stomach trouble produced heart weakness and I was frequently unconscious. I received the Last Rites of the Church and looked forward to death in a short time. I was reduced to a skeleton.
At this time, a lady friend strongly urged me to try "Fruit-a-tives" and how thankful I am that I did so. When I had taken one box, I was much better and after three boxes, I was practically well again and had gained 20 pounds. I have taken 13 boxes in all and now weigh 130 pounds and am absolutely well—no pain—no indigestion—no constipation—my heart is sound—and complexion clear.
"For the sake of other sufferers, I give you permission to publish my letter and photograph."

MADAME ARTHUR TOURANGEAU.

The stomach is a bag about a foot long and six inches wide, covered by a muscular coat and lined with delicate membrane. This lining membrane should pour out for each meal about a pint of Digestive Fluid called Gastric Juice, which dissolves or digests the food.
If the food is not dissolved properly, or if the Gastric Juice comes from the blood—and the only way to have strong, active Gastric Juice is to keep the blood pure by keeping the bowels and kidneys regular, and the skin active.
"Fruit-a-tives" will always cure Indigestion, Sour Stomach and Chronic Dyspepsia because the fruit juices act on liver, bowels, kidneys and skin, purifying the blood. "Fruit-a-tives" relieves any irritation in the stomach—strengthens the muscular coat—and ensures the Gastric Juice being full strength and abundant. If you have any Stomach Weakness or Trouble of Digestion, by all means take "Fruit-a-tives." 50c. a box—6 for \$2.50—trial size, 25c. Sent on receipt of price, if your dealer does not handle them, by Fruit-a-tives Limited, Ottawa.

WILL BRING SUIT AGAINST THE CITY Upheaval in Market Likely to Find its Way Into Courts— Mr. Williams' Goods Practically Destroyed.

The city authorities yesterday had the goods of Wallace Babkirk removed from one of the rental stalls at the head of the market to the Germain street end. The removal was made by Clerk Dunham, acting on the instructions of the higher officials. The goods belonging to the F. E. Williams Company, now at the lower end of the market have been practically abandoned.
Mr. Williams stated last evening that his goods had been seriously damaged by being thrown into the street and back into the market a number of times, and that he would look for compensation to the parties responsible for their removal. He stated that

he rented the stall from Roy L. Potts the lessee of the market tolls, and that he considered the action of the city authorities high handed and unlawful. He thought that when legal proceedings were instituted Ald. Vanwart, chairman of the safety board, would be obliged to satisfy his claim for damages.

HELP NEEDED IN TUBERCULOSIS FIGHT St. John Association Doing Good Work, but is Hampered by Lack of Funds and Want of Suitable Rooms.

An idea of the work which the St. John association for the prevention of tuberculosis is doing in this city is illustrated by the report of the association for the month of October, just closed.
On October 1st, there were 14 patients receiving treatment and during the month 12 were admitted to treatment. Of these patients 12 were adults and 14 children. The total number of visits paid to the dispensary by all patients was 25 and of these 3 adults and 2 children were discharged, it being found that they were not suffering from tuberculosis.
The nurses in the month paid 62 visits to the homes and there were 69 visits of "co-operation."
The doctors assisting at the dispensary during the month were Dr. Smery, Dr. Skinner, Dr. Kenney, Dr. Pratt and Dr. McAvenny.
During the month the association received the following subscriptions: Mrs. L. MacLaren, \$10; Miss E. Sydney Smith, \$10; 10 Main street Baptist church, \$5; C. H. Ferguson, \$2.
Other donations received during the month were requisites and drugs for the dispensary from A. Chipman Smith and George A. Moore, a dozen eggs and a blanket, and wraps for outdoor use.
Immediate Needs.
The immediate needs of the association are summed up in the report as follows: Suitable rooms, the rooms at present being available but for two hours weekly. An unfailing supply of sputum cups and fresh milk and eggs is also most necessary. Warm wraps are also required. The items of milk, eggs and wraps are required for the patients who are in need of assistance in taking the treatment of extra diet or of fresh air.
The committee is much encouraged by the way in which people are responding to the visits and suggestions of the nurse and also by their coming to the dispensary to be examined and treated by the doctors in attendance.
They hope that very soon they will be able to secure suitable rooms where the work can be more successfully carried on. There is a great work to be done in this city and the committee welcome assistance as the needs of the association are not sufficient to carry on the work as is desired.

Sermon by Charles T. Russell, Pastor Brooklyn Tabernacle
The Message of the Hour to the Church and to the World

"The voice of him that crieth in the wilderness, prepare ye the way of the Lord, Make straight in the desert a highway for our God. . . . And the Glory of the Lord shall be revealed, and all flesh shall see it together. . . . The voice said, proclaim, all flesh is grass, and the goodliness thereof is as the flower of the field. The grass withereth, the flower fadeth, because the spirit of the Lord bloweth upon it. Surely the people are grass."—Isaiah xl, 3-7.

London, Oct. 30.—Pastor Russell, of Brooklyn Tabernacle today addressed an audience of nearly 4000 people from the above text. His hearers were of all classes and very intelligent appearing. He had closest attention. He said in part: "The Lord has messages for those who have hearing ears at each great dispensational change in earth's affairs. These messages have generally been in the nature of forewarnings of coming distress and the reasons therefor. Such a message was given to our first parents when they were expelled from Eden—accused, scolded, and ground for their sakes. Thorns and thistles it would bring forth unto them. In sweat of face they should earn bread thereof until they should return to the ground from whence they came. Another great message went forth at the time of the flood; another before the destruction of Sodom and Gomorrah; another at the close of the Jewish Age, when Jesus and His Apostles called attention to the prophecies which foretold the Divine re-jection of the Jews. The Lord has spoken and declared that all things written in the Law and the Prophets concerning them would have fulfillment, quoting the prophecy which declared that the house would be left desolate; that they would have neither prophet, nor vision, nor priest, nor ephod for many years, but that eventually God's favor would return to Israel; that he would gather them again and fulfill to them everlasting blessings promised both to Abraham and to his descendants—"The servants of the Lord shall be called." A week ago we considered the prophetic message, "Comfort ye, comfort ye, my people, saith your God" (Isaiah xl, 1). We noted then that the due time has arrived for the fulfillment to Israel of this comforting message—that as people the appointed time for the return of favor to them is accomplished. The message of the Lord is that sin has been fulfilled. Thus our present day is clearly marked and the words of our text following imply that now is the time for a special message to all, in proportion as each may have the hearing ear.
It is the voice of God which calls now through various channels and agencies. It cries not from the "City of Babylon the Great." It cries not from the citadel of Christendom; but from the wilderness, from those who are poor or less favored, from those who have heard the voice of the Lord saying, "Come out of her, my people, that ye be not partakers of her sins, and that ye receive not of her plagues" (Revelation xviii, 4).
Prepare the Lord's Way.
The message of the hour to every hearing ear is, "The Lord whom ye seek shall suddenly come to his temple. . . . For ye desire that ye have been praying, 'Thy Kingdom come; Thy will be done on earth as it is done in heaven.' Now your prayers are as to be answered, from the month of October, when ye have prayed in sincerity or in hypocrisy. The glory of the Lord is about to be revealed. 'All flesh shall see it together.' It will not be revealed merely to one class, nor merely to one holy class. His glory will be revealed in flaming fire—in judgments. All flesh shall see it—the rich and the poor, the high and the low, the holy and the unholy, but as the Prophet Malachi declares, 'Who shall abide the day of His coming, and who shall stand when He appears, for he is like a fuller's soap (in its attacks upon grease and dirt) and he is like a refiner's fire, as it melts and separates the dross of sin and iniquity' (Malachi iii, 2).
The coming of a great earthly king to a city is the signal for a general cleaning up everywhere. And so the Lord is cleaning up the world of his fast-approaching Kingdom should influence all who have the hearing ear to make preparation. To each nation it means, Set your house in order. An earthquake, a fire, a flood, or other laws are just and equitable and that they are administered justly. The same message comes to each self-governing city, and lastly, and most important of all, this message comes to each individual, and especially to all who have named the name of Christ. Or, as St. Peter declares, this inspection of the King of the Lord and Lords must begin with the house of God (1 Peter iv, 17). And if the inspection be so searching that it must begin with God's saints, what could be expected of those who are not saints?—merely nominal Christians and then the world in general! Ah! we may expect just what the Bible advises us to expect, "since there will be such a nation" (Daniel xii, 1). The message of this hour, dear friends, elsewhere stated in Holy Writ, is, "Seek meekness; seek righteousness. It may be that ye shall be hid in the day of the Lord's anger" (Zephaniah ii, 2).

Hidden Things to be Revealed.
The greatest Teacher the world has ever known, a Jew, eighteen centuries ago, declared prophetically of our day that every hidden thing shall be revealed (Matthew x, 26). We see his prophecy fulfilling. The secrets of nations are being exposed. Injustice in its every form is being brought to light as never before. Iniquity in financial institutions and in politics and in private affairs is being remorselessly nuckraked and brought to light. Expediency and policy might say, Hide these things from public gaze. But under Divine Providence the light is shown in making to mankind to require an accounting for the blessing of religion and of enlightenments granted to humanity in this, our day. Those who point out to mankind the straight paths do not seek to exalt themselves. Nevertheless, the great purpose of the Almighty is being accomplished in the exposures of sin and iniquity, whether made from the Christian pulpit or from the public press. The Divine edict is, "Make straight in the desert a highway for our God" (Isaiah xl, 3)—"prepare His path of righteousness; make it known to all the people.
We should remember, however, that it is one thing to know the path of righteousness, and another thing to walk therein. Let us, my dear hearers, see to it that we not only recognize the Divine standards of righteousness, but we proclaim these to all who have the hearing ear, but let us also take heed that we be not condemned in respect to those principles which we allow and acknowledge and proclaim as the Golden Rule to others. Alas for the hypocrites who proclaim the way of the Lord to others, yet ignore that way in their own dealings. We have every reason to believe that honesty is one of the qualities which our God most highly appreciates in His creatures; hence we may be sure that honesty is one of the most abominable qualities in His sight. Hearken to the words of the Great Teacher, "Woe unto you, scribes and Pharisees, hypocrites! * * * for ye love men to praise you as ye do; ye love to be called righteous, but ye refuse to be burdened with the burdens with one of your fingers" (Luke xi, 44-46).
Let all who have named the name of Christ; all who in any sense of the word profess to be God's people, put far from them the hypocrites which appear so abominable in others. Let us be honest. Let us practice more than we ever preached. Let all who belong to the Lord be indeed burning and shining lights in the world—examples of holiness and righteousness in their homes, in their neighborhoods, in the workshop and in the markets. Let us not only proclaim and act in making straight before our feet the pathway of our God, but let us conform our words and deeds and thoughts thereto. The general result of the uncovering of the hidden things of the world, and the bringing of them to light, and the proclamation of the straight way of the Lord, will have a great effect, and that effect is declared by the Prophet. It will be a Revolution—in symbolical language, an earthquake. Note the picture given: "Every valley shall be exalted, and every mountain and hill shall be made low; and the crooked shall be made straight, and the rough places smooth." Not in one instant will all this mighty transformation of society be accomplished. Not at once will all the degraded members of the human family be brought to the general standard or level. Not at once will the mountains and hills (the kingdoms and principalities of the world) be brought down to the common level. Not at once will this general equalization of society be effected. But it will be effected. "The mouth of the Lord hath spoken it."
"The levelling process already is begun. In Germany, for instance, one-fourth of the Reichstag is composed of Socialists, notwithstanding the fact that the wealthy have several votes to the poor man's one. Already we see the great mountain (or nation) of Russia yielding to the demands of the people and granting them a measure of civil rights. There we see a practical illustration of the lifting up of the valleys and the bringing low of the mountains. In Great Britain we see another wonderful raton of this principle; for here, more than in any other Kingdom of Europe, perhaps the distance between the mountain tops and the valleys is the greatest. Degradation, however, has been lessened, so that in Great Britain the change demanded by the new Kingdom, Messianic Kingdom, will be less than in many other countries. Here it has come gradually.
"The Time is at Hand."
True, these and similar exhortations have been made by the Lord's people from time immemorial. And yet the present proclamation is different from all others in that it proclaims, "The time is at hand!" "The Kingdom of Heaven is at hand!" Not an earthly kingdom with an earthly king; not a papal kingdom exhorting the world to righteousness in the name of the Lord! Not a Protestant ecclesiastical empire exhorting to godliness! But the real Kingdom of God's dear Son, so long promised, so long prayed for, is at hand! It will be a spiritual em-

SHEDIAC

Shediac, Nov. 4.—Morgan Johns, who for the last three years has been an official in the Bank of Montreal here, and has been promoted to a position on the staff of that bank in St. John, was tendered a banquet at the Weldon House on Wednesday evening by a number of his young friends. After partaking of the very sumptuous bill of fare, Mayor E. R. McDonald, who presided, presented Mr. Johns with a very eulogistic address and a very handsome leather lined traveller's companion on behalf of those present. In making the presentation Mr. McDonald referred to the many good qualities of the guest of honor which had made him so capable an official, and so popular a citizen. He expressed the loss the town would sustain by his removal, but his friends rejoiced that it meant promotion for him in his chosen profession in which they wished him all success. Mr. Johns made a very feeling and fitting reply expressing the happiness he had enjoyed while a citizen of the town and the kindness and hospitality of the people of Shediac.

J. F. McDonald, manager of the bank, also made a speech, referring in eulogistic terms to Mr. Johns as a bank official and stated that he believed him to have the personal qualities that would make him a very popular and efficient banker. Toasts were called for and responded to by a number of the guests. J. L. Melanson favored the gathering with a number of songs and the very pleasant evening was brought to a close by the singing of "He's a Jolly Good Fellow" and "Auld Lang Syne."

Thomas A. Edison did another wonderful thing

when, having brought his Phonograph to a point where not even the most critical could ask for improvement, he multiplied its entertaining ability by two.

He did this by producing a Phonograph Record that plays, sings or talks twice as long as the Standard Edison Records.

He did this without increasing the size of the Record, making it a Record that can be used on old instruments as well as new.

He did it without affecting in any way the clear, rich, musical tones for which Edison Records have always been famous.

He calls this double-length Record "Amberol."

PRODUCE PRICES IN CANADIAN CENTRES

Flour prices are inclined to be easier owing to the poor local and country demand. The demand from European sources for spring wheat flour is limited and the few bids coming forward are below millers' views.

WHEAT—Manitoba spring wheat patents, firsts, \$5.80; patents seconds, \$5.30; winter wheat patents \$5.10 to \$5.40; Manitoba strong bakers \$5.10; straight rollers \$4.70 to \$4.80.

POTATOES—The market for potatoes is stronger and prices were marked up 1 1/2 cents to 5 cents per bag with sales of one lot of green mountain stock at 7 1/2 cents and in a jobbing way at 90c per bag.

EGGS—Receipts of eggs 163 cases compared with 59 a year ago. New laid are selling at 41 cents dozen and select at 38 cents dozen.

HAY—The local trade in choice hay is active. No. 1 \$11 to \$11.50; extra No. 2 \$10 to \$10.50; No. 2 \$9 to \$9.50; clover mixed \$7.50 to \$8; clover \$7 to \$7.50.

OATS—No. 2 Canadian western 38 cents; No. 3 Canadian western 36 1/4 to 37 cents; No. 2 local white 35 1/4 to 36 cents; No. 3 local white 35 1/4 to 36 cents.

BRADSTREETSON CANADIAN TRADE

New York, Nov. 4.—Sorting trade in Canada is of satisfactory volume, although it is not quite up to the mark in Ontario, where the weather has been unseasonable. However, the general turnover throughout the Dominion is favorable.

Preparations for a big holiday trade are being made, and travellers are going out from the east with spring samples. Business failures for the week terminating with Thursday number 22, which compares with 24 in the same week last year.

MR. THOMAS IS SOME RUNNER

Photo by Gauvin & Gensal & Dodge

MICHAEL THOMAS,
The Winner of the Halifax Herald Race.

Michael Thomas hails from Prince Edward Island and is some runner. He first made a name for himself in the Spring of 1909, winning several races in the Island province and coming over to Truro in May to take a ten mile race. He invaded New Brunswick the same season and won a race at Campbellton on July 1st, closely pressed by his own good friend "Vic" Cribbs. Just about this time an industrious press agent for the Indian got busy and papers were full of romantic stories of his running his heart out for the sake of winning the hand of the dusky daughter of the P. E. I. redskin chief. Whether or not Michael's legs are inspired by love, he certainly covered the ground in the Herald race and practically had the running to himself. He runs like Longboat.

TAIL-ENDERS REGAIN GROUND

Jokus-Schiller Team Come Up With Leaders in Six-Day Bicycle Race--Moran Makes Spurt.

Boston, Nov. 4.—The six day bicycle race at the arena was contested to-night by two equal divisions of five teams each, the Jokus-Schiller team during the evening having regained three laps, which brought them on even terms with four other combinations. This was made possible for them largely by the aid of the five teams tied for first place, the members of which effectually boxed the riders of the teams previously tied in the second division, and by the impetuous sprints of Jokus.

Moran, of the Kramer-Moran combination, made an attempt for a lap about 9 o'clock. From third position he uncorked a sprint which took him speeding past the leaders, and to a lead of nearly 50 yards, where he was relieved by Frank Kramer, the national sprint champion. The latter, however, coming onto the track cold was unable to work up the speed required to improve his lead and the fast following file of riders overtook him.

The score at 9 o'clock tonight, at the end of the 48th hour was: Kramer-Moran, 8 laps; Walker-Mitten, 7 laps; Palmer-Wright and Wiley-Lawrence, 6 laps; Demars-Williams, 5 laps; Thomas-McCarthy and Schiller-Jokus, 4 laps.

HOLMER AND MATE WINNERS OF TEAM RACE

New York, Nov. 4.—The American team of Hans Holmer and William Queal won the 20 miles international track race tonight in Madison Square Garden in the world's record time of 1 hour 23 minutes, 27 seconds, 4 minutes 23.45 seconds better than the previous mark. The Canadian team of Fred Meadows and Abbie Wood was second and the Swedish team of Gus Ljungstrom and John Evanberg was third.

"Having taken 2 boxes of your excellent GIN PILLS, they relieved me so much that I am quite satisfied with the results. I gave an order to a druggist about three weeks ago to send me some more. Nothing has come yet and I had to borrow a box from a lady friend who was also using GIN PILLS. I have none left, and am sending you \$1.50 for three boxes which I would ask you to send at once as I am not quite so well when I am without GIN PILLS."

ST. JOHN BOXER WINS BOUT AT LAWRENCE

Lawrence, Nov. 4.—Mickey McIntyre of St. John, N. B., required only five rounds to dispose of Jimmy Quinlan of Danvers at the Unity C. C. last evening. The bout was scheduled to go 12 rounds, but McIntyre landed some hard uppercuts in the first and second rounds which slowed up the Danvers boy, who looked somewhat over-inflated.

In the fourth round, Quinlan took the count of nine several times and shortly after the opening of the fifth, McIntyre got in some effective swings to Quinlan's head which floored the latter. The referee then awarded the decision to McIntyre.

In the semi-final eight rounds Johnny Gallant of Boston, and Kid O'Brien of Lawrence, went to a draw. Young Rockwell of Lawrence defeated Kid Fitzgerald in a six-round bout and Young Norton defeated Young McJuliffe in six rounds.

There was no other business at the meeting save of a routine character.

CHILDREN APPEAR IN SAN TOY AND PINAFORE

Another large and well pleased audience greeted the Lilliputian Opera Company in the Opera House last evening when the opera, San Toy, was repeated. In all respects the performance was more successful than any which preceded it and the work of the children was of exceptional merit.

San Toy will be repeated at the matinee this afternoon and as a feature of the afternoon performance, Baby Grace, the charming prima donna of the company, will hold a reception on the stage and meet all her little friends who attend. Every child in the house will be given a souvenir of the occasion.

Tonight the children will be seen in Pinafore the opera with which they opened their engagement in this city and an excellent performance is assured.

CARLETON XV WILL PLAY AT ROTHESAY

The Carleton football team will play Rothesay on the latter's grounds this afternoon. The Carleton team will be composed of the following: Forwards: Bissett, McAloney, Humphrey, Montgomery, Knowlton, Campbell and Smith; quarterbacks, Simpson and Carleton; half backs, Lannegan, Friel, Fox, Keefe and Gardner; full back, Stewart; spare men, Hazlewood and Chittock.

Good Mutton and Potatoes.

R. E. Murray, Dominion meat inspector who is in the city, pays a tribute to the high quality of New Brunswick mutton. He has been in St. John for two weeks and in the mutton which he examined, he found very little trace of disease. Prince Edward Island mutton, he says, ranks as the best in Canada and the New Brunswick mutton is almost as good. This province, he says, possesses the natural qualifications to be a great sheep raising centre and he cannot understand why it is not more generally carried on. Mr. Murray was also much impressed by the quality of the potatoes seen here that he secured a supply for seed purposes on his own farm in Ontario.

Morrison a freshman from Woodstock, made a fine showing in practice yesterday.

HIS GRACE THE ARCHBISHOP OF QUEBEC Strongly Recommends The Dr. John M. MacKay Treatment For DRUNKENNESS

As His Grace says in the letter below, "I know there are many families that are indebted to you for the peace and happiness they at present enjoy." His Grace has seen for himself—and through the priests of his diocese—that the Dr. John M. MacKay Treatment is not only the best—but also the ONLY CURE—for Drunkenness.

Archbishop's Palace, Quebec.

Dr. J. M. MacKay:

Dear Sir:—Many reliable men, priests, monks and laymen, have often spoken to me of the splendid work you are performing with your treatment. I congratulate you on that work. If you have saved but one person from the vice of drunkenness I would say, "Thank you." But I know and have been able to ascertain myself that in Quebec, as well as in other parts of my diocese, there are many families that are indebted to you for the peace and happiness they at present enjoy. Therefore my heart is gladdened by the good you have done up to this time and I want to encourage you most strongly to continue your work, and even to extend it, if possible.

Yours, etc.,

(Sgd.) L. N. ARCHBISHOP OF QUEBEC.

You can rightly judge underwear by details. The securing of drawer straps—the fastening of buttons—the sewing; such details as these indicate a manufacturer's regard for thoroughness. Stanfield's Unshrinkable Underwear is made with but one idea in mind—to give you long wearing satisfaction. The drawer straps are securely attached on special staying machines. Nothing but best ply thread and utmost care are good enough for our sewing operations throughout. The buttons go on to stay. Every seam, every stitch is tight. Stanfield's Unshrinkable Underwear is dependable.

Drawer Straps put on to stay on.

Temple Fair Winners.

At the Temple Fair in the Temple building last night the bean board prize—a pair of gloves, was won by Mrs. M. H. The prize for a pair of gloves was won by St. Clair McKiel. In the shooting gallery contest Marshall Armstrong won a pair of gloves. Dr. Naso was the victor in the ping pong game and won a scarf. The door prize was not called for and the manager states that it was not called for on Wednesday night. The prizes are 10 pounds of tea and a pipe and the ticket numbers are 1582 and 2554. If the holders of these tickets do not put in an appearance at the fair this evening the prizes will be auctioned off. All the goods in the fair will be auctioned off tonight when the fair will close. Yesterday afternoon was devoted to the children and Haroldson won the boys' prize which was a watch, and Greta Akerley won a doll, they having held the lucky tickets.

The usual propaganda meeting of the socialist party will be held on Sunday, Nov. 6th at 141 Mill street, at 8.15 p. m. The principal speaker will be F. Hyatt, who will discourse on the subject of Work or Charity, which all are invited. Ladies can take part in the discussion. Questions and criticisms welcomed.

THE WEATHER.

Maritime - Strong easterly and north-easterly winds, cool with occasional showers.

AROUND THE CITY

Wife Beating Charged. About 3.30 o'clock yesterday afternoon Policeman Gosline arrested John McMullin, aged 29 years. The prisoner is charged with assaulting his wife. They reside at 214 Queen street.

Personal Workers. A special meeting of the personal workers connected with the Torrey campaign will be held Saturday evening, the 5th inst., in the Queen Square Methodist church, at 8 p. m.

Fair Closes Tonight. Temple Fair closes tonight. The shooting for the aggregate prize will take place and a number of other prizes have been set for other events. Good music is part of the evening's programme and a good supper. Temple Fair 1910, has been a success.

Gospel Temperance Meeting. There will be a Gospel temperance meeting in Granite Rock Division hall on Sunday evening at 8.15. Rev. H. R. Reed of the Torrey Presbyterian church will be the preacher, and the choir of one of the West Side churches will provide a programme of music. The public are cordially invited.

McAlpine Creditors. A meeting of the creditors of Hezekiah McAlpine was held yesterday afternoon in the office of S. B. Bastin, at which an extension of time was asked by Mr. McAlpine in order to allow him to do his best to meet his obligations. The creditors have agreed to give him an extension of 3, 6, 9 and 12 months in order to allow him to make four payments.

Society Grievances. There was a meeting of St. Joseph's society in their rooms Lenster street last night, and there was deep regret expressed at the death of Mrs. Duke, the mother of Rev. Father Duke, the chaplain of the society. The society sent a beautiful wreath of flowers to the home of the deceased. They decided that the society should not attend the funeral this morning in a body.

Amateur Production. Theodore H. Bird and a company of local players will produce the well known play "The Pearl of Savoy" in the Opera House on November 30 and December 1 and 2. Mr. Bird who is now in Freetown will arrive in the city on Monday and will start work at once on the new play. The first rehearsal has been called for Tuesday evening next.

Needless Alarm. Shortly after eight o'clock last night some person saw a quantity of smoke issuing from the chimney of John Dean's house on Elliott Row and sent in an alarm from Box 8. Hundreds of people responded to the alarm and when the fire department arrived and a ladder was placed to the roof there was not even any smoke to be discovered. The alarm was another of those needless ones.

Record Plum Yield. The New Brunswick apple show in St. Andrew's Rink, which closed on Thursday night, furnished a good idea of what this province can do in the way of apple culture. What can be done in the growing of plums has been illustrated by Herbert Roberts, of Clarendon. Mrs. Roberts was in the city yesterday and is authority for the statement that from six plum trees on the farm they secured 53 palls of plums which found a ready market at the sum of \$1 per pall. Evidently apples do not represent the limit of successful fruit culture in this province.

Plans For Water Test. Aid. Lively, chairman of the water and sewerage board, has a conference with Chief Kerr, of the fire department, yesterday, and made arrangements for tests of the water service at high and low levels on Monday afternoon. Hose will be attached to hydrants in different localities. Later the dual water service advocated by Engineer Murdoch will be put in operation and tests made at the same hydrants. This will show whether the present service which is that demanded by the underwriters is better than the dual service which Mr. Murdoch believes would give a greater pressure for fire purposes on high levels. Chief Kerr will select the places where it is desirable to make the tests.

St. Luke's Social. At the congregational social in the school room of St. Luke's church, last night, there was a very large attendance and a most enjoyable time was spent by all present. The social offered a chance for those present to meet Miss Loretta Shaw, a returned missionary from Japan. Six years ago Miss Shaw left St. Luke's church for missionary duties in Japan and is now here on a furlough. Last night she held a reception in one of the rooms and exhibited to the large number present a number of articles that she brought with her from Japan. An orchestra was present and furnished a choice programme of music and refreshments were served.

Exhibition Matters. The executive committee of the Exhibition Association met last evening in their rooms and Secretary Porter submitted a draft of his annual report for consideration before submission to the annual meeting of the association to be held on Tuesday next. The report contained a resume of the year's work and a financial statement was appended. The statement shows that the Dominion exhibition was a decided success and that as a result the association will start the year with a surplus. It is understood that at the meeting a suggestion in favor of an annual exhibition will be considered and probably referred to the executive for further consideration.

\$457 DISTRIBUTED IN AWARDS AT FRUIT FAIR JUST CLOSED

President Vroom Goes Home Well Pleased With Result of Convention and Exhibit--Good Word for Department of Agriculture and Mr. Turney --The Prize Money.

C. N. Vroom, president of the New Brunswick Fruit Growers' Association who has been in the city for the past few days attending the annual convention of the association, and the apple show, returned to his home in St. Stephen last evening. To a Standard man he said that the apple show was the most successful ever held in the province. Mr. Vroom himself is a successful fruit grower and is much impressed with the possibilities of the province in the line of fruit growing.

"I am satisfied," said he, "that this province has a great era of development in the fruit growing industry ahead of it. The present government is thoroughly alive to the opportunity and is doing its utmost to take advantage of it by bringing out the wonderful possibilities of New Brunswick as a fruit centre. The engagement of Mr. Turney as provincial horticulturist is a particularly good thing for the fruit growers and for the province at large, as he has already been of great assistance in the development of fruit growing. The show in the rink and the success which it had in no small degree due to his work and to the praise worthy energy of the agricultural department. I am very much pleased with it."

The rink presented an almost chaotic scene yesterday. Most of the racks had been stripped and all the barrelled fruits had been removed by their owners. The fine collection made by the provincial government is still intact and will probably be sold on Monday. The method of sale had not been decided last evening, but an upset price will probably be placed upon each box and they will be disposed of in this way.

Opening of Torrey Campaign Tomorrow. First Session at 4 O'clock in Queen's Rink Addressed by Rev. Dr. Torrey and Rev. Dr. Jacoby.

Tomorrow afternoon at 4 o'clock the opening service of the Torrey Mission will be held at the Queens Rink, to be followed by a night service at 8.30 o'clock.

It is evident from the remarkable interest which is being manifested that the building will prove utterly inadequate to hold the vast audience which will congregate. Rev. Dr. Torrey and Rev. W. S. Jacoby, of Chicago, will address the meeting, and the mammoth choir which has been organized by John Bullock will lead the singing, under the direction of William McSwain, the famous Scotch tenor.

Great results are expected from the work of Dr. Torrey in St. John. Scenes such as were witnessed during the recent revivals before the fire under the leadership of the late John Allison, Rev. Dr. Addy, Dr. and Mrs. Phoebe Palmer, of New York, and the eminent Baptist preacher, Rev. Dr. Earle, may be expected.

The committee are under a sense of deep obligation to the Willis' Piano and Organ Co. for their great kindness in loaning for the entire time of the mission a magnificent Knabe grand piano, recognized as one of, if not the very best pianos in the world today.

This fine instrument will be heard at its best when played by Miss Anderson of New York, the accompanist.

Two Months for Stealing. In the police court yesterday afternoon John Pettley was sentenced to a term of two months in jail for stealing a pair of shoes from R. Jacobson's store on Main street. The theft took place last Tuesday evening. The lady clerk gave evidence that Pettley entered the store and asked the price of the shoes that were hanging up in the vestibule of the store, and when he went out he ran up an alley in the rear of Harley's saloon. The shoes also disappeared. The prisoner stated to the court that he did not know anything about the matter. Policeman Semple told about making the arrest, and the prisoner was sentenced.
