The operation lasted over two hours during which time the patient never suffered any pain from the operation. After the operation, the incision was sewed up, and the patient was placed n the ward.

The operation was highly successful from every standpoint, and it is thought the man will recover.

No After-Effects.

There were no violent after-effects from the use of the anaesthetic, such as is the case in chloroform or ether. There was neither vomiting nor nausea, and so far as could be observed it could not be detected that the patient had been under an an-

aesthetic at all. "Local anaesthesia was first used in London, Eng., I think," said a prominent surgeon to The Advertiser. "Of Toronto course, local anaesthetic had been used for many years for extracting teeth and such, but it was not discovered to be of any value in difficult operations until a short time ago, when a surgeon in London, Eng., made use of it. Ald. Beattie did not think the city engineer had any right to violate instructions given by the council.

Different Opinion. Ald. Armstrong thought the present service was much superior to the old. There was greater safety, and the cars maintained a better schedule. It was the concensus of opinion, so far as he could learn, that the present service was much the better. He considered it would be detrimental to the citizens along the Ridout street line to change the present service, and he

would oppose the change. Ald. Beattle moved that the service as granted by the bylaw passed in June last be resumed. Ald. Parsons seconded the motion.

The repairs to the east end hall were discussed at some length.

City Council Takes Action On Ald. Armstrong differed from City Architect Nutter's recommendation that the walls be papered, and suggested that they be painted. He pointed out that the building is in

bad repair, and that something should be done at once. Ald. Greenlees thought the report should be filed for reference. It would spend on this hall. This building had been condemned many years ago, and

Ald. Saunders thought that it was a question whether the building was The Ridout street cars were again worth while. It had been condemned, before the council, when the recom- and the council had considered sellmendation of City Engineer Graydon, ing it. It would be just as wise to let that the present service on that line it stand as it was at present. It would cost two or three thousand doilars to put the building in the repair suggested by Mr. Nutter, and he did not think it wise to spend to much

Repairs Opposed. Ald. Stevenson also opposed the repairs, as the building had been conneed of spending this money, unless a sufficient sum of money was spent to make the building safe.

There were three motions. Ald. Gerry moved that the clause be sent to No. 2 committee: Ald. Moorhead moved that the re-

pairs suggested be made, and Ald.

All three motions were put, but as none carried, the matter dropped.

filed for reference.

Lighting Contract. Ald. Greenless read the report of No. 3 committee, renewing the contract for street lighting with the Lendon Electric Company for five years, with the option of terminating it on three months' notice.

Ald. Moorhead moved in amendment that the matter be referred back to No. 3 committee for consideration. There was no need to hurry, and a little more time for consideratien would do no harm. It might be possible to make better terms with the company in a few months. The advent of natural gas might make a considerable difference. Ald. Armstrong seconded the amendment.

Ald. Booth thought that as the contract could be terminated within three months, it could easily be terminated. It would then be an easy matter to make a change if anything better presented itself.

The original motion carried on the following division: Yeas-Ald. Ferguson, Stevenson. Parsons, Greenlees, Booth, Stewart and

LONDON, TUESDAY, APRIL 7, 1908. WHITNEY'S "SQUARE DEAL."

Henceforth, let no admirer prate of the honesty, courage and straightforwardness of Hon. J. P. Whitney. That myth has been exploded. Yesterday the Premier had the effrontery and hypocrisy to characterize his redefended and championed the whole miserable business. Mr. Whitney's bluster and bravado have been misgerrymander is the weapon of a coward. A Government that uses it stabs its opponent in the back.

The case of Essex County is an example of his "square deal." North Essex has a population of 32,788, and sented foreign trade, and the remain-South Essex of 26,188, according to der inter-imperial trade. The United the municipal census of 1906, as fol-

ESSEX NORTH. Municipalities. Population. Sandwich West 2,294

To equalize the population it would be necessary to transfer one or more municipalities from the north to the should govern the case, has increased the disparity by switching North Tilbury from South Essex to North Essex. The only object is to wipe out the Liberal majority in the south riding. The mere figures are damning to the Government:

A disp	parity	of			6,600
				rop	ulation.
North	Essex	, 8	erryman	dered	34,680

South Essex, gerrymandered., 24.296

A disparity of 10.384 North Tilbury gave Mr. Auld, Liberal, a majority of 140. The whole riding of South Essex gave him a majority of 139. The gerrymander leaves him in a minority of one.

In Huron the trickery is equally apparent. The present population of West Huron is 19,916, and of East Huron, 17,464. The Government shuffles some municipalities from the west to the east riding, and others from the east to the west. To equalize the population? Not at all. The municipalities switched from the west to the east have a total population of 8,364. The municipalities switched from the east to the west have total population of 8,456. The population of each riding is scarcely affected by this juggle, but the political complexion of West Huron is completely changed. A Tory majority of 179 is thrown into the west riding, and a Grit majority of 69 taken from it, and placed in the east, where the Grits are hived. By this device West Huron's Liberal majority of two is converted into a Conservative majority of 246. West Huron is to be renamed North Huron, and East Huron is renamed Center Huron, and this ejectric contract? new electoral map, stamped with fraud, is sealed with approval by that straightforward statesman, J. THE EMPIRE'S WONDERFUL GROWTH.

The marvelous growth of the popu lation and of the trade and commerce of the British Empire, and its wonderful productiveness, are concisely set forth in a report recently issued

With a total area of 11,323,000 square miles, the Empire possesses a opulation of 387,991,000. England, of couse, is the most densely peopled portion of the Empire, its population being 364.5 to the square mile. The most sparsely peopled portion is Australia, with but 1.5 to the square mile, Canada coming next with 1.6. London still leads by a long way all the cities, of the Empire, as well as of the world, distribution bill as a square deal. FOR LEADERSHIP

But England Is Guessing as To the Cabinet Make-Up.

OLD-TIMERS MAY STEP OUT

London Press Criticises the King for Being Away During Parliamentary Crisis.

London, April 6-Herbert H. Asquith the chancellor of the exchequer, who has been summoned by King Edward to Biarritz, crossed by the night boat from Dover to Calais tonight en route to that place to see the King, whose absence at a time when it was foreseen that Sir Henry Campbell-Bannerman's illness must lead almost inevitably to a cabinet crisis, provokes criticism in the English papers. There has been a rumor that the King would return to London on Sat-

urday, but it is very doubtful. In his letter of resignation to the King, Sir Henry advised his majesty to summon Mr. Asquith. The latter, in fact, has no rival for the leadership of his party and the Government. His accession to the premiership undoubtedly will sooner or later lead to sweeping changes in the constitution of the late ministry, but in the unprecedented circumstances of the British premier resigning during an important session of parliament it is quite possible that the new premier will content himself with the absolutely necessary changes, leaving further reconstruction until the weighty measures now before parliament are disposed of, this the more in view of the desirability of avoiding as far as possible by-elections which would be necessitated by appointing men to new offices.

Plenty of Material. The friends of Winston Spencer Churchill, who figures as a likely cabinet candidate, contend that he would the result of all previous by-elections, ministers. other pursuit, should be harassed, held particularly that at Peckham, no Lib-

A DAINTY CREATION IN ORGAN-DY AND LACE-6130.

This charming design is well suited for an evening waist, as the transparent lace yoke may be cut low and the lower part of the sleeve omitted. The blouse is mounted on a foundation, which may be omitted if desired. The graceful bretelles are quite a pretty feature of the mode; they are finely tucked over the shoulders, and the ends are gathered and finished by small silk tassels. The sleeves are bars, her voice quivered, and trembled lace, and are very modish in cut. The design would also serve nicely for the summer gown of organdy or lawn. Hon. Mr. Fisher stated that in view of the repeated presentations by the Canadian Government to the British Government and the persistent actions of the British Parliament in readian cattle into the United Kingdom, the appointing of a delegation suggested by the resolution would, in his opinion, be both futile and undignified. In this connection the correspondence includes a letter sent to Hon. Mr. Fisher by the direction of Earl Carrington, president of the British board of agriculture, under date of July 8, 1907, which says in

"The enormous losses which the British agriculturists have suffered during the last 30 years, mainly by reason of the increased pressure of colonial and foreign competition, make it more than ever necessary that every precaution should be taken against the introduction of diseases, consistent with the reasonable requirements of colonial producers and the interests of the consumer at home. The consequence of a recurrence of epidemics of diseases, such as have been experienced before, would be disastrous, and consumers, as well as producers. would be affected throughout the

KENSINGTON BIBLE CLASS WAS FORMED

Mr. Evans Chosen President at Meeting Held Last Night.

A very enthusiastic meeting of the Bible class of Kensington Mission was day night, when Mr. McDermid gave an address on Bible class organization, when it was decided that more effective work could be done by affiliation with the Bible class movement of this city.

The following officers were elected: President, Mr. Evans; vice-president, Mrs. Howard; treasurer, Mr. J. Knight; secretary, Mr. T. Brooks; teacher, Mr. C. H. Joyce; membership committee, Mr. C. Pavey; devotional committee, Mr. J. Kempster; social committee, Mr. G. Chantler. At the close refreshments were

"Reparding a passenger service across the lake, Mr. Leslie pointed out that it was impossible to have such a service on the present coal steamers.' said Mayor Stevely. "He said that the boat was built for coal purposes only and consequently could not maintain a proper schedule. The boats rush into port, unload, take on their load and go out again. It is all done within an hour and a half, and the boat will not wait until passengers come or anything like that. The company does not know when the boat will arrive, as it follows no regular scheif passengers are taken aboard, there are constant complaints about the service. They will demand the best regardless of the fact that the boat is a coal boat, and only takes passengers as an accommodation to part of the province of Quebec, in pany formation left the barracks l them, not to the company. However, he intimated that if there was any possibility of a passenger traffic sufficient to warrant placing a steamer in commission on this route, his company would not mind taking the matter up. It is possible that a passenger service may be given in the near future."

IMPORTANT ANNOUNCEMENT!

C. M. Grover & Co., Canada's Greatest Bargain Givers

TO OUR FRIENDS AND THE PUBLIC: In June, 1906, we took charge of the Great Farewell Sale at Brown's Shoe Store, 199 Dundas street, and within 90 days sold the entire stock of Fine Footwear, Trunks and Leather Goods, amounting to \$15,000, to the people of London and surrounding country. This event in Shoe history surprised the oldest businessmen of the city, as such a thing had heretofore been unknown in Canada.

In the summer of 1907 we conducted for Wm. Morrison, 148 Dundas street. the most successful Shoe and Trunk sale ever ...ld in the city of London. This stock contained \$26,000 worth of Fine and Staple Footwear, Rubber Goods, Trunks, Bags, Suitcases, etc., and we cleaned out the greater part of it. The remainder included only the best, newest and most up-to-date goods in the stock.

In November and December, 1907, we conducted another very successful Shoe and Trunk sale at R. Neill's Shoe Store, 123 Dundas street, and in two months sold an immense amount of Footwear, Trunks, Suitcases, Bags and Leather Goods of every kind, carried by first-class business houses.

In March, 1908, we opened a twenty-one days' sale at Wm. Morrison's old stand, 148 Dundas street, and had a very gratifying success-gratifying to ourselves,

Mr. Morrison and his customers. In the meantime Mr. Morrison's store building was sold, and he purchased the well-known R. Neill Shoe Store, 123 Dundas street, and later sold C. M. Grover & Co. the entire stock in the old store, consisting of \$12,000 worth of Fine and Staple Footwear, Trunks, Bags, Suitcases, and Leather goods, also the Shelving, Fixtures, and Furniture complete. This stock embraced several thousand dollars' worth of New Spring Goods, and we have removed it to the remodeled store recently vacated by Smith Bros., plumbers, 265 Dundas street (south side), near the corner of Wellington street, have added to it \$10,000 worth of new, up-to-date Spring and Summer Footwear of every kind, from the leading Canadian and American manu-

facturers, AND NOW OFFER THE PEOPLE SUCH BARGAINS AS ONLY C. M. GROVER & CO., CANADA'S GREATEST BARGAIN GIVERS, CAN AFFORD TO OFFER.

We make the foregoing explanation to the people of London and Middlesex County, because whatever success we have won in our London sales is largely due to the people who patronized us. We have always prided ourselves in carrying out every promise made in our advertisements. We have stuck to the truth, for
