

GREATER HAMILTON'S MOST RELIABLE NEWSPAPER

POISONED ALE FOR DOCTOR.

Philadelphia Physician Believed to be Victim of Poisoner.

A Good Spender and Had Practice Among Wealthy Women.

Ale Sent to Him With Request to Sample It.

Philadelphia, June 30.—The police of this city hope to be able to make an important move to-day in the case of Dr. William H. Wilson, who died suddenly last Friday night, after drinking a bottle of ale, and who is believed to have been poisoned. It was at first thought that the doctor had died from natural causes, but there were so many suspicious circumstances surrounding his death that the coroner investigated. This resulted in an expressed opinion that Dr. Wilson had been poisoned, and that he did not administer the poison himself.

Anticipating a murder verdict by the coroner, the police soon after the death of Dr. Wilson began an investigation into his life and habits. At the North 7th street house, where Dr. Wilson had lived for about ten years, there was no sign indicating that a physician lived there. He did not do a general practice in the neighborhood. He had patients, however, and they are said to have been principally women who were able to pay well for his services. The line of practice the doctor had was highly remunerative, for he was noted as a "good spender," and he had a summer home at Cornwall, near Philadelphia, a steam launch and an automobile.

The motive for the supposed murder is believed to be hidden in Dr. Wilson's medical practice. The theory of the police is that a male friend or relative of a woman who is believed to have died after receiving medical attention at the hands of Dr. Wilson sent the poisoned ale.

Frank Paul, the coroner's detective, left the city to-day to run out what is considered a very important clue. Before leaving he said there was no doubt that the ale contained cyanide of potassium. The ale was delivered by express and it has been traced to a certain place, which is now under surveillance.

Dr. Wilson's wife had a narrow escape from death. When Dr. Wilson opened the pint bottle of ale he poured half of it in a glass and offered it to Mrs. Wilson. The doctor took the first drink, and noticing something peculiar in the taste, told his wife not to touch it. A few minutes later he took sick and died on the way to the hospital. The day the ale came by express Dr. Wilson received a letter purporting to have come from a prominent Philadelphia brewing company, notifying him that the ale had been sent to him and asking him to try it. Investigation showed that the brewing company does not brew ale.

HANGED TWELVE.

How the Shah Gets Rid of His Undesirables.

More Power For Laikhoff—A Seven Days' Fight.

St. Petersburg, June 30.—A despatch received from Teheran says that twelve members of the National Council condemned by court-martial have been hanged.

Fears Massacre. London, June 30.—A special despatch from Teheran to the Times says that Gen. Laikhoff, commander of the troops in that city, has issued a proclamation making his power more absolute than ever. The royal entourage is perturbed by the reported disagreement between General Laikhoff and Amir Bahadur. The Shah is hurrying reinforcements to the aid of the defeated reactionaries at Tabriz, a wholesale massacre and looting being feared.

Asks Shah's Pardon. Berlin, June 30.—A special despatch from Tabriz says that after seven days' heavy fighting, the constitutional party at that place has yielded and seeks the pardon of the Shah through the inter-mediation of the Russian Consul.

STATION SITE.

Police Commissioners Favor Corner King and Queen.

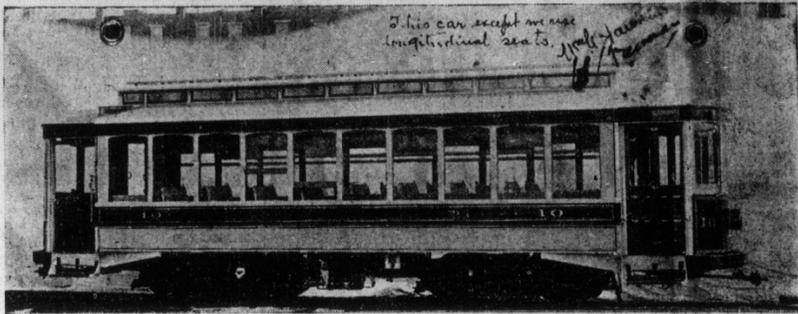

The Police Commissioners this morning decided on the lot at the northeast corner of King and Queen streets as the place they would build the new west end station, and as an offer has been made to the owners, which was rejected, it was decided to let the Council make one more offer and then, if that is refused, to expropriate.

Despite the protests of Ald. Nicholson, who was present as chairman of the Markets, Police and Jail Committee, the commissioners decided to sell the old lot on Napier street, take the lot on King and Queen streets, and build a modern station, the building to face on Queen street. This will leave a fairly deep lot with 75 feet frontage to sell on King street.

Ald. Nicholson said that his committee were in favor of building a new place on Napier street, as the money at their command would do nothing more than this. Judge Snider said that putting a building on King street would harm property in that neighborhood, and he would not agree to taking the proposed site unless the station was put on the back of the lot facing Queen street.

This was finally decided upon. A demand for Alexander Forest for a policeman night and day on Garth street south was up for consideration, and it was laid over until Chief Smith has a chance to interview Forest.

The chief was given permission to appoint the man next highest in rank to take his place while he is away on his holidays. Sergt. Pinch is the man in line.

Type of Double Truck Car Agreed Upon for Hamilton Street Railway.

This is a picture of the new modern double truck cars with which the Hamilton Street Railway will be equipped if the ratepayers endorse the by-law under which the city guarantees a bond issue of \$300,000 and reduces the percentage from 8 to 6 per cent on all earnings over \$316,000, the company undertaking to build a complete new railway system and extensions.

Yesterday afternoon the conference

sub-committee and the company's representatives agreed upon the specifications with the exception of the seats. The city wants cross seats. The company insists on the long seats.

The cars are manufactured by the J. G. Brill Company, of Philadelphia, but will in all probability be built in Canada. The company is to put on twenty-five double truck and twenty-five single truck cars within seven years. The new single truck cars will be much larger and wider than the present cars, much

more substantially built and in every way more satisfactory.

They will be 20 ft. 8 in. in length with a vestibule 4 feet, 6 in. and double sliding doors. The inside finish will be of cherry with ceilings three ply birch veneer. The single truck cars will have eight windows and will have seating accommodation for thirty people.

The double truck cars will be of the same construction, being twenty-eight feet in length, with ten windows, a vestibule 4 ft. 8 1/2 in. and will seat forty people.

Beamsville Has Another Mystery

Fritz Madge Disappeared Last Wednesday and Friends Are Much Alarmed.

(From Times Grimsby Reporter.)

Grimsby, June 30.—Rev. W. J. Andrews, of this place, is much concerned over the strange disappearance of Fritz Madge, who left his house, "Lakelands," near Beamsville, on Wednesday, June 24, intending to go to Grimsby to the photograph gallery, the shoe store and several other places. The perplexing part of the affair to Mr. Andrews is that Madge did not go to Grimsby at all, but went in the opposite direction, and was last seen in Beamsville, where all trace of him is lost.

Mr. Andrews at first thought possibly the young man had gone to Niagara Camp, as he was anxious to see the volunteers, but since the return of the soldiers he has not showed up.

Mr. Andrews has enquired of the different business places here, and finds he has not been in at all, and feels very much concerned for his safety, as he cannot account for the strange action.

Fritz Madge is 18 years old, about 5 feet 6 inches high, pale face, dark eyes, and reddish brown hair. When he left "Lakelands" he was wearing a dark tweed suit and white straw hat. He wears glasses, and has a peculiar walk. He is English by birth, and has been in Canada about a year and a half. He often talked of going home for a visit, but seemed quite content with Canada.

The many friends of the young man are very anxious for his safety, as the similar disappearance of Harry Lewis a few months ago has never been accounted for.

THE MAN IN OVERALLS

Every time I see Pat Ronan feeding those pigeons on the Market Square I feel satisfied that Pat will go to the good place when he gets good and tired of his floor and feed business.

You should have seen the Mayor this morning.

Live wires seem to be more dangerous than lightning. These are the kind of wires you mustn't pull.

No Times to-morrow. Day off.

Chief Smith might drop Detective Huckle a picture post card if nothing else.

The mountaineers are getting more or less annoyed about the "hitches" in fixing the Wentworth street steps, and they hope there won't be any more.

When a man refuses to prosecute, can't the Crown do it, if it has the evidence?

It's too bad, and Adam Beck away in the old country.

A Government job may be all right for some people, and some deserve one, but the young man who is not afraid to go out in the world and hustle for himself can do better.

If you go on the water to-morrow be careful. The water is quite wet.

By-law or no by-law, the Jolley Cut will have to be fixed up, and that decently.

Now, over here, Mr. Studholme never refuses an invitation to Government House. And he is as much entitled to a square meal as the best of them.

I hope the Herald won't do anything rash. Life is still worth living.

This new Hudson Bay Railway that is to be built is another evidence that the Laurier Government does things.

Do I understand that Hon. Mr. Foy is trying to shield the Barton murderer?

In the matter of Sunday school picnics, I think the nearer home the better.

The manufacturers apparently know a good thing when they see it.

Some imagine that Mr. Foy's tactics with the tack combine does not show much tact. Of course, he does not pretend to be a tactician.

I don't like the look of that fountain in the Gore Park. As it is, it is certainly not much of an ornament.

The fact is, Ald. Jutten can't understand it, can't explain it. It's beyond him.

The North End Improvement Society might hold a bee some Saturday afternoon and see what they can do to fix the North End Park.

Would Chief Ten Eyck like a few or wagons to relieve the horses of their hard work?

If you are going away on your days, arrange about getting the sent to you while away.

Are you going to have any school? Anything to keep John off the street during the holidays?

Then there is the Sothman also to pay.

PHONES FOR CHATHAM. Chatham, Ont., June 30.—An enterprise telephone company will have an entrance in this city. This year franchise of the Bell company will be renewed. At the same time Bell and South Merwick County, successful local concern, will seek to buy, or, rather, centre in Chatham. Cheap phones are promised.

Change of Time. Take notice that steep Turbina will begin her new schedule of two round trips per day, commencing Thursday, July 2nd. Daily, at 8:15 a. m. and 2 p. m. Saturdays to Hamilton 10:30 a. m. and 5:30 p. m.

SCOTCHMAN DROWNED. Owen Sound, Ont., June 30.—A man named Scotty Morrison, native of Aberdeen, Scotland, fell off the dock about midnight last night, and was drowned. His body was recovered this morning. He had been to Niagara Camp with the 31st Regiment.

BISHOP POTTER DYING. Copperstown, N. Y., June 30.—Bishop Potter, of New York, is not expected to live through the day. He passed a restless night, and was reported very low this morning.

More Fun Than at a Circus. Children's Day on the Turbina will be greatly enjoyed by all the children. Plenty of balloons for all. Come and bring your children on 2 o'clock trip Thursday, July 2nd. Home at 8 p. m.

THIS OUGHT TO CLING TO IT.

Cataract Will Bind Self For Twenty Years

Aldermen In Ignorance of This Last Even

Although Letter In City's Hands Hoursore.

Any doubt as to the worth of time for which the Cataract Company is willing to bind itself, the offer to supply the city with power on terms to be fixed by the aldermen, and in-adequate lighting 10 per cent. less than Toronto will get it, the Hydro plan, was disposed of, morning, when the company made a letter sent to City Clerk Kent at 10 o'clock yesterday afternoon. The men last night were in ignorance of the letter, although City Clerk Kent declared this morning that he had it with the other communication in the evening, and that it referred by the Mayor with the other correspondence to the Power Committee. It is thought the aldermen passed this was the offer made yesterday, but if Mayor Stewart were the contract would be the subject of the evening that the Cataract's offer for five years only, beyond any doubt. The only point on which number of the aldermen seemed to last night was the length of time the contract would run. Ald. Dickson's Garden declared that if it was for five years they would not support Cataract.

The company's letter to Mr. Kent is as follows: "We sent the Solicitor the other day additional offer to go into the proposed agreement between the city and Cataract Company, and in the letter sent by the company to the city about a week ago, and indicated to the City Solicitor where should be inserted in the agreement."

"With regard to the company's rates for incandescent lighting, a clause was also sent to the Solicitor providing for arbitration in any case being 10 per cent. less the rates which may be given in Toronto under a Hydro-Electric contract. The company also proposed that the alternative option in the twentieth paragraph might be amended if the city so desired, changing ten years to five years."

"We are authorized to say in reply to enquire that have been made by some members of the Council that the city will be willing to renew its contract for lighting and power at the end of five years for another five years, and at the end of such further five years, on a renewal which will be satisfactory to the City Council."

"If in opinion of the Council a contract of five years be made with the Cataract Company, the city will be in a position to accept of the alternative proposals if made, and the final part of the contract can easily be settled."

One point which Aldermen McLaren and J. will insist on being made in the street railway agreement is that of Hamilton shall be given preference employment by the company, the work on reconstruction for power for the city only. A. Lavy, of J. W. Waddell brings in his written offer, as he is instructed to do by Council last night, on the new agreement that there will be another clause, Waddell is anxious to have a clause in the new agreement which will give the city one or two points in the agreement which are very much in its favor. It is something that the company will not agree to under circumstances. Colonel Gibson very firm stand on this during negotiations and if it came to a show of some of the aldermen are satisfied that the company would call negotiations off rather than submit to the imposing this condition.

Mayor Stewart said to-day that while Cataract had no doubt greatly strengthened its case by its latest offer, he was still of the opinion that by-law should be submitted to the people. Some of the Hydro advocates are trying to split hairs to-day, and he thought that the twenty-year contract for power for the city only. A. Lavy, one of the solicitors of the company, stated most emphatically to-day that the twenty-year contract included the incandescent lighting.

City Engineer Barrow, City Solicitor Waddell and Chairman Clark, of the Fire and Water Committee, went to Toronto to-day to appear before the Railway Board this afternoon in connection with the application of the mountain residents for annexation.

A meeting of the special salary committee will likely be held on Thursday afternoon, so that the matter can be dealt with at the meeting of the Internal Management Committee at night. The manual training teachers are applying for an increase, and the kindergarten teachers want to be put on the same basis as the public school teachers.

Building permits were issued to-day as follows: James McNeil, brick house on Bold street, between Bay and Caroline streets, for W. C. Vansickle, \$3,000.

E. B. Patterson, brick house on John street, between Ferris and Pictou streets, for J. McQuillan, \$1,300.

James Somerville, alterations and additions to store building, corner of Wentworth and Wilson streets, for Jas. Laurie, \$375.

Alanson Mote, two brick houses on Ontario avenue, between Main and Stinson streets, \$5,000.

Fine English Briar Pipes. B. B. B. stamped on a pipe is an absolute guarantee of material and workmanship. They are made in England and sold in this city in all sizes, and shapes, at peace's pipe store, 107 King street east.

Lost His Hand

New York, June 30.—The World says: Charles Cleveland, 19 years old, a piano player of considerable ability, who had planned to make his living by music, lost one hand and part of the other at the Ridgewood, N. J., golf club links last night. Cleveland lighted a giant cracker, which failed to explode, and he picked it up, thinking the fuse had gone out. As he lifted it it exploded. His left hand was torn away, and his right hand so shattered that the thumb and first two fingers had to be removed. He was taken to the General Hospital in Paterson.

GUELPH YOUNGLADY

AFTER MANY YEARS FOUND HER MOTHER AND BROTHER.

Did Not Know Her Own Name—Once in St. Joseph's Convent Here.

(Special Despatch to the Times.) Guelph, Ont., June 30.—To live for twenty-seven years without a knowledge of her own name and under the impression that she had not a relative living in the world, has been the startling experience of a young lady of this city, who has now discovered her name as well as her mother and brother, who have arrived in the city. They are Mrs. J. Daly, of Buffalo, and her son Mr. J. J. Daly, of Chicago, and the daughter and sister who has so long been separated from them is Miss Theresa Daly. The young lady has for the past twenty-three years lived with Mr. and Mrs. H. Harnett, and was always known as Miss Harnett. They did not know anything of her name or her parentage, having taken her from St. Joseph's hospital when she was but four years old.

When very young, Mrs. Daly, it now develops, placed her child in St. Joseph's Convent at Hamilton, being a resident of that city then. Shortly after she went to Buffalo and was very sick for many months, during which time it was thought she was dead, and the child was brought to this city by an old lady, who died a couple of years later, and then the child was taken to the hospital, where she was secured by Mr. Harnett. The discoveries have taken place as the result of an investigation conducted by the brother from Chicago and the police of Hamilton and Guelph.

Interfering with a constable, whether a civic officer or working for a private concern, is something to steer clear of. Last night John Berlinghoff, constable at the Terminal Station, was arresting a man when a well dressed young fellow walked up and interfered in such a manner that he had to leave the prisoner to nab the stranger. He was allowed to go on deferred sentence on payment of the costs of the case, as the Crown Attorney said that the company did not wish to press for a sentence.

Hubert Cullen, charged with conspiring to defraud Horton Lawrence of 90c or 81, was allowed to go this morning on deferred sentence on condition that he leaves town.

Ernest Shipman, 90 Hughson street north, and Job Godden, 182 Bold street, were charged with being drunk and disorderly. They were having a friendly little scrap when Constable Burch came along, and it just cost them three cases each.

Joseph Street, 106 Strachan street west, and James Morley, Aberdeen avenue, were each fined \$2 for being drunk and disorderly. Constable Wheatley arrested them at Walnut and Jackson streets.

Judgment was entered against William Forbes, 148 King William street, this morning, for \$46.88 wages. W. D. Curtis sued for \$40 and his brother Ernest for the rest of the amount, and as Forbes did not show up, the case went to the plaintiffs.

MEXICAN BANDITS Force Scattered and Several Arrests Made by the Troops.

United States' Troops to Watch Mexican Border.

Monterey, Mex., June 30.—A despatch to the News from Torreon says: The special correspondent of the News has just returned from a trip to Vesica with the Tenth Regiment from Mexico City. At the station of Galita information was received that band of about 100 men had just passed through there burning the bridge on the other side of Galita and cutting the telegraph wires both ways. The force hunting in the mountains captured four men. The four men stated that the bandits had dispersed, and were now scattered. At Vesica the troops made several arrests, among them being Moniciana Estrada, who was the principal instigator of the raid on Benito Ibarra, a merchant of Vesica, who took an active part in the raid, and was the chief of the band, and Albino Polendo, a tailor, who was second in command. These men are well known and are identified by all residents of Vesica.

U. S. on Guard. San Antonio, Texas, June 30.—By order of the War Department, federal troops of the Department of Texas, under command of Brig. Gen. Meyer, have been ordered to proceed without delay to the Mexican border for the purpose of preserving the neutrality law between the United States and Mexico.

Fight the Bandits. Monterey, Mexico, June 30.—Troops of the Seventh Regiment, which left Matamoros on Sunday in pursuit of the bandits who attacked that town, encountered them yesterday after several hours' pursuit. No details of the fight have been received.

For Camp and Outings. There is nothing half so convenient as Parke's Lemonade Powder. It makes a pure, delicious lemonade, 15c per package. Pure West India Lime Juice, in 15, 25, 30, 35 and 50c bottles. Montserrat Lime Juice, in 40 and 75c bottles. Batchelor's Lime Juice Cordial, 25 and 35c per bottle.—Parke & Parke, druggists.

WORK BEGUN. Operations on H. W. & G. to Protect Charter.

"Active operations" were begun on the Hamilton, Waterloo & Guelph Electric Railway to-day. It is not preceded by the promoters that the operations are as active as they would like. When the project was launched Mr. John Patterson and his associates expected to have the road in operation long before this. They were blocked on account of the route proposed, and then, when the council approved of a route the money market was flat, and English capitalists looked askance at the socialistic tendency of the Ontario Government, and the railway could not be financed to advantage. Mr. Patterson will return to England in a few days, and hopes to get capital interested in the company's bonds.

In the meantime a start must be made to protect the company's by-law, and that is what was done to-day. The by-law requires that operations be begun before July 1, 1908.

MORIN GETS OFF. No Direct Evidence of Theft Against Him.

Judge Snider held a criminal session this morning at the Court House. Through a doubt that entered the mind of his Honor, Vincent Morin, charged with stealing the pocketbook of Miss Gertrude Brick, was given his liberty. No one had seen him take the purse, and it was not recovered. Mr. George S. Kerr, K. C., appeared for Morin. There was an affecting scene between the mother and son when Vincent was released.

Joseph Leslie, charged with stealing \$13, pleaded guilty, and was let go after a lecture.

Charles Hartmann and O. Munson, who are charged with furious driving of an automobile, some time ago, were remanded until Tuesday next for trial.

The most of the morning was taken up with the trial of James McArdle, jun., charged with an immoral offence against Mrs. Margaret Wyatt. The offence is alleged to have been committed on July 27th, 1906, in Dundas. W. E. S. Knowles appeared for the prisoner, and S. F. Washington, K. C., for the Crown. The case was not concluded at press time.

LEATHER GOES UP. The price of heavy leather has risen four cents a pound during the past two weeks. Three classes of leather are included, harness, belting and sole leather. The advance is equal to 20 per cent. So far the increase has not affected the harness market, but it is certain it will unless it drops again soon.

SAFETY DEPOSIT BOXES. To rent at \$2 a year and upwards, for the storing of deeds, bonds, stocks, wills, silver and other valuables. TRADERS BANK OF CANADA.

MARGUERITE'S SECRET

"Ah! she has even too good health, it would make her wild. We have to keep her at home to tame her." "But see—I am housekeeping here to myself, almost. My dear father has placed my maintenance upon the most lavish footing, and Mrs. Houston has given to his requests in regard to me the most liberal interpretation. See! I may be able to visit or send for my friends at pleasure," said Margaret, with a transient feeling of girlish delight in her independence.

"You do not speak, Margaret?" "I have nothing to say, sir!" "Ah, dear heaven! I see that I must not prophesy smooth things to you, my girl. I must spare the truth! Listen, then, Miss Helmsstedt: Your name has become a byword in the village shops! What now will you do?" "It was on her pallid lips to say: 'I know of my own mind, and I know that, in addition to this, you have an ample income. These are all great and unusual privileges for a young girl like yourself, not past childhood,' said Mr. Wellworth, very gravely.

"JUDGMENT DAY."

A FAMOURITISH FLOGGING BE DEAD.

In a Single by Means of Short Sentences a Liberal Use of the "Cat, Swept, Liverpool of Its Hoop Gangs.

London, June 29.—The death is announced at the funeral of Sir John Charles Daynamous Judge of the High Court, 1882 to 1901. "Judgment Day," one of the very popular with the Bar, in spite of a rather gruff manner in court, a distinct partiality for taking out of humor and was had a rich humor and was well aware of the natural solemnity, not to say sanctity, of the bench, but with all his humor he never evaded the criminals who before him with such terror.

HOSPITAL BY-LAW DEFEATED. Orillia Ratepayers Decline to Spend More Money at Present.

Orillia, June 29.—The by-law to raise by debenture \$3,000 for the Orillia General Hospital was defeated today by a majority of nineteen votes. The hospital was opened a month ago, and was almost immediately filled with patients. The building cost \$16,000, all of which has been subscribed by the citizens except about \$3,000. The board hoped that the municipal grant would have obviated the necessity of mortgaging the property. The ladies paid for the furnishings and equipment.

WORLD-BEATING SKYSCRAPER. A Structure of 82 Storeys Planned for New York.

New York, June 29.—Plans for a gigantic building, to be the tallest in the world, overtopping by 200 feet the Metropolitan tower, were filed today by D. M. Burnham & Co., architects, of Chicago, acting for a local insurance society. The new building will occupy the block bounded by Nassau and Broadway, Pine and Cedar streets. With its tower, it will be 909 feet above the curb. This will be exclusive of the flag pole, which will run up 150 feet higher.

MUST NOT DROP TOW. Foreign Vessels Cannot Take It Up Again in Canadian Waters.

Ottawa, June 29.—The coasting regulations in respect of foreign vessels have been amended so that foreign vessels may take up towage or things from a foreign port to a Canadian port, or vice versa, but if they drop or part from any such vessel or thing in Canadian waters, they shall not again take them in tow for the purpose of moving them further in Canadian waters. This rule does not apply to an accidental breaking or other temporary damages, or if the parting takes place in consequence of moving the tow in any of the Canadian canals.

S. T. BASTEDO COMMISSIONER. Former Ontario Official Appointed to Joint Fisheries Board.

Ottawa, June 29.—Mr. S. T. Bastedo, for many years fisheries commissioner of Ontario, has been appointed to the joint Canadian and International Fisheries Commission, which will have control of the regulations governing fisheries in the boundary waters between Canada and the United States. The treaty recently passed between the two countries provides for a permanent international commission of families are homeless here as a result of the fire at the south of Stanford University, California, and he has been appointed to represent the United States.

WINNIPEG'S TAX RATE. Civic Estimates for the Current Year—May Increase Rate.

Winnipeg, June 29.—Civic estimates for the current year will show a decrease of \$2,083,004.80 as against \$93,431.65 for the fiscal year which ended on April 30 last. The tax rate in 1908 is placed at fifteen mills. Controllers. There is an agitation, however, to increase the fifteen and one-half mills.

SHOT THE PRESIDENT. Head of Black Hand at Montreal Killed.

Montreal, June 29.—The president of the Black Hand Society is dead. Shot by a countryman, Vincenzo Marino is believed by the Italian interpreter and by the police to have been the local head of the society for some time, and they have tried to trap him, but without success. Last night there was a fight in a yard off Mountain street, and Marino came running to the street streaming with blood. The ambulance was called, but he died at 2 a. m. No arrest has been made.

ONE KID HELD OUT. Sunday School Anti-Cigarette Has One Opposer.

Belleville, June 29.—A union of the proceedings at Holloway Church Sunday School, this Sunday afternoon was a notable one. The teachers and the Sunday school on the question of the cigarette traffic were divided. A hundred and ninety-eight were cast, the vote standing in favor of the abolition of the only one in its favor.

EDUCATION. FRENCH LANGUAGE WEEKS. Free lectures, 7 to 8 p. m., Christian Association, 17 Main Street south. June 29th.

MARKETS and FINANCE

Tuesday, June 30.—There was a fair market this morning, especially with the market gardeners. Raspberries made their first appearance. What few were in sold for 15c a box. Saturday will about see the end of the strawberries, although the rains have been a great help to the crop. This morning some of them sold as low as \$1 a crate. Cherries were more plentiful, and the price ranged from 90c to \$1. New potatoes were plentifully offered this morning, which sent the price down to 65c to 80c per basket. Poultry and dairy produce prices were steady. Live hogs went up about 35c, and dressed hogs were firmer. Fish are rather scarce, but prices are about the same. Wheat continues to get easier, the top price this morning being 80c.

Table with columns for 'Poultry and Dairy' and 'Fruits'. Items include Creamery butter, Cooking butter, Maple Syrup, etc. with prices.

St. Lawrence sugars are quoted as follows: Granulated, 85 in barrels, and No. 1 golden, \$4.60 in barrels. These prices are for delivery; car lots 5c less.

OTHER MARKETS. New York Sugar Market.

Sugar—Raw firm; fair refining, 3.75c; centrifugal, 96 test, 4.25c; molasses sugar, 3.50c; refined steady; No. 6, 5.00c; No. 7, 4.55c; No. 8, 4.90c; No. 9, 4.85c; No. 10, 4.95c; No. 11, 4.70c; No. 12, 4.65c; No. 13, 4.60c; No. 14, 4.55c; confectioners' A, 5.20c; mould A, 5.75c; cut-loaf, 6.20c; crushed, 6.10c; powdered, 5.50c; granulated, 5.40c; cubes, 5.60c.

Winnipeg Wheat Market.

Following are the closing quotations on Winnipeg grain futures: Wheat—June 81.02 bid, July 81.02 bid, October 85.00 bid.

British Cattle Markets.

London—London cables for cattle are steady at 13c to 14 1/2c per lb, dressed weight; refrigerator beef is quoted at 10 1/2c per lb.

Montreal Live Stock.

Montreal—About 1,000 head of butchers' cattle, 173 calves, 100 sheep and lambs and 1,210 fat hogs were offered for sale at Point St. Charles Stock Yards this forenoon. The weather helped to depress prices in many cases. Grass cattle were lower, quality considered, while fat hogs have declined nearly 1/2c per lb. Prime beefs sold at 5 1/2c to 6 1/2c per lb.; pretty good cattle, 4c to 5 1/2c, and the common stock 3c to 4c per lb. Calves sold at 3c to 8c each. Sheep sold at 4c to 4 1/2c per lb. Lambs sold at 4c to 5c each. Good lots of fat hogs sold about 6 1/2c per lb.

Stocks and Bonds

New York, June 30.—Noon letter.—The early market ruled strong and firm. That there was considerable short covering included in the buying yesterday was shown by return of borrowed stocks. The buying of R. G., U. P., Copper and some others appeared to be of strong character. Most influential offerings were in U. P., N. P., and Steel common. Traders hear that a Standard Oil representative will be made President of A. R. That is rumor that the long discussion Burlington deal will be announced during the summer. The statement of May will, it is said, make a strong showing. Resumption of American extensions and improvement of Harriman lines stopped last fall is an item of interest. It is understood that the copper metal curtailment of operations in Montana, owing to flood and fire. The principal market interests take the ground that extreme ease of money, plus good crop prospects, will carry prices higher in due course.—Ennis & Stoppani.

NEW YORK STOCK EXCHANGE.

Table listing various stocks and bonds with their respective prices, including American Locomotive, American Sugar, American Woolen, etc.

Farmers' Market.

Receipts of grain to-day were about 500 bushels. Wheat is unchanged, with sales of 100 bushels of fall at \$1 to \$2. Barley unchanged, 200 bushels selling at 50c. Oats steady, 200 bushels selling at 50c a bushel.

Hay in fair offer, with prices unchanged; 30 loads sold at \$12 to \$14 a ton. Straw steady, two loads selling at \$11 to \$12 a ton.

Ladies' Hats and Novelties.

Miss Kennedy, the leading milliner, 33 King Street west, will continue the fire sale on Thursday morning. It is a rare vest of bargains for the ladies.

THE HAMILTON TIMES

TUESDAY, JUNE 30, 1908.

PUBLIC OPINION IS FELT.

The presentation of a petition, signed by a large number of the manufacturing concerns of the city, representing in the aggregate a capital investment of about seven and a half million dollars, to the Council last night, doubtless exercised some influence on the views of the aldermen who might be amenable to reason. The signers strongly advocated that the offer of power made by the Cataract Company be accepted, with proper provisions to safeguard the city. A motion in accordance with the prayer of the petition was offered by Ald. Lewis and Allan, but Mayor Stewart ruled it out of order on the ground that it had not been properly considered by one of the committees of the Council. Subsequently the proposal to refer the matter to the special committee was carried, and its report will be presented on Tuesday night.

It has become quite clear, within recent weeks, that the public has been taking an active and intelligent interest in the studying of this power matter, and that it has been trying to ascertain on what principles compatible with the conduct of business any aldermen could seek to plunge the city into such an untried and costly scheme as the Hydro-Electric advocates propose. The more it has been examined, the less has it appealed to the level-headed business men of the community, and the weaker has become the sentiment in favor of those Hydro-Electric aldermen, who have sought throughout no other end than the injury of the local concern, even at enormous cost to the corporation. There has been so much of the animus, shown in this ill-guarded expression of one of Mayor Stewart's supporters, "that he had never read the contract through, did not know anything about it, and did not want to," that other aldermen have been asking themselves what excuse they could offer to intelligent and honest citizens for pursuing such a course. Shutting their eyes to the facts of experience and of common knowledge; incurring a huge debt and obligation, and binding the city in a 30-year monopoly would be had enough had they a reasonable prospect of bettering our condition by so going. But when there was never any prospect of such an improvement, and when, in addition to the statutory protection in reasonable priced power from a cheaper source than the Hydro-Electric, the local concern voluntarily agrees to guarantee power and light both for public and private use at a lower price than the socialistic scheme can possibly do, there remains nothing which the Hydro advocates can plead save the desire to injure the Hamilton concern. In such a position it is not to be wondered at that the aldermen who have only the interests of the city at heart should object to being rounded up and driven by the Mayor to carry out his pet schemes.

Between now and Tuesday evening the Special Committee will be expected to give some consideration from a business point of view to this important question, and it is to be hoped that the Council, in disposing of it, will carefully safeguard the rights of Hamilton and her citizens. Without any action in the matter, Hamilton has still, for consumers as well as for the corporation, the portion of the Connee clauses of the Municipal Act, by which we could at any time compel arbitration. If, however, the aldermen secure us still better terms, the people will be thankful.

DOMINION DAY.

The Canada of July 1, 1908, is a very different Dominion from that whose name was modestly inscribed on the world's register on July 1, 1867, just 41 years ago. The earlier years of the Dominion were a series of slow upward struggle; but the Canadians had set out to build for permanency, and no discouragements were allowed to bar the way to success. Now the world acknowledges that Canada has fairly won a place among the nations. She has won it, not by powder and steel, but by the helpful and upbuilding arts of peaceful industry. Not that our people are without heart or ability to defend their native land, but each of them is a defender, whether from farm, shop, factory or office. We are a people not minded to meddle in the world's bickerings. We are builders, not destroyers. The result of the work of such a people is to be seen in the figures of our exports and imports, which astonish the world; in the growth and development of our industries, the extension of our railways, and the steady sweep of the wave of settlement which rolls over our western prairies. Canada is the magnet to which turn the home-seekers of the world, and we already find ourselves forced to a policy of excluding the unfit who would seek homes among us. What will Canada be in another quarter of a century if this building up be continued? Who can place a limit to her possibilities as a power for good among the nations of the world?

A FARM BENEFACTOR.

The death of Mr. Thomas Ballantyne, of Stratford, which took place yesterday, in his 79th year, removes from the scene of earthly activities a man who gave much public service to his fellow-citizens. He took an active part in municipal affairs and in Provincial politics, and the work he did for the dairy industry had the effect of laying broad and deep the foundations upon which its later success was built. The struggle for recognition of the industry and for Government teaching and investigation was practically won by Mr. Ballantyne's personal efforts, he even putting his hand into his own pocket and paying for the services of Professor Arnold to instruct the dairymen. His enthusiasm in the work has been amply justified. He was an ardent Liberal and sat in the Legislature from 1875 to 1894, being Speaker of the Legislature for the last four years of his term. He lived a busy and useful life, and was universally esteemed by his fellows.

IMPORTANT TO SETTLERS.

The late Government offered grants of immense areas of land to encourage the building of railways in western Canada. The present Government, when it took office, was not in accord with such a policy, and discontinued the practice of making land grants to railway companies. But, of course, it had to observe the obligations entered into by its predecessors, and those that were outstanding when it took office it has had to carry out. Practically all the lands capable of being earned, under the terms on which they were granted, have been earned; and the lands have been transferred. A land grant of 12,800 acres per mile was originally offered for the building of a line of railway from the Saskatchewan River to Hudson Bay, but, although the Canadian Northern Railway Company obtained a charter for the purpose, it has not built this section of the line. The Government is now proposing to finance such an undertaking by creating an additional source of revenue out of the sale of pre-emptions to homesteaders in the central prairie area, which lies in the heart of the territory, formed by the two new provinces, and is apparently an extension of a similar, but vaster, area across the international boundary. The stretch of country, outlined in the bill containing this proposal, comprises districts that have regular and sufficient rainfall, and districts where the conditions are intermediate between the dry and the moist.

From the area, outlined in the bill, the railway companies have selected some 6,000,000 acres in satisfaction of their land grants, but there remain 28,000,000 acres available for homesteaders and pre-emptors. A man who takes up a homestead of 160 acres will be able to have reserved the adjoining 160 acres for his future use. This reservation is what is called pre-emption. In order to pre-empt he will have to pay a fee of \$10, and then, at the end of three years, he will have to commence paying for the property. His first payment will be one-third of the price of the pre-empted land, which is to be sold at a rate of \$3 an acre. The railway to be built from the Passon on the Saskatchewan River to Hudson Bay will be 500 miles, and this, at the liberal estimate of \$30,000 a mile, would work out at \$15,000,000. The additional revenue thus provided is more than enough to meet the cost of the Hudson Bay Railroad, and no matter under what arrangement it is built it will, therefore, not cost eastern Canada a cent. The scheme will confer two benefits on Canada: First, it will open to settlement on advantageous terms a large tract of land which would not be attractive to settlers unless on such terms. Second, it will provide the funds to give the whole farming community of the west a cheaper route to the British market. Both are essential to the full development of the country. The bill, while providing for pre-emption by new homesteaders, gives old homesteaders, settled outside the area, the privilege of purchasing a homestead within it. The old homesteaders, already within the area, would also have the same right.

The "purchased homesteads" are to be sold on the same terms as the pre-emptions. Last year's land bill, which was withdrawn, contained a similar proposal, which was only different from the present proposal in the extent of its application. The Minister of the Interior then wished to open the privilege of a purchased homestead to all settlers who had not already acquired pre-emption. It was thought by many that this would have a disturbing effect on land values by inducing farmers to leave the older settled parts, and was strongly opposed by the Conservative party and by several of the Government's supporters. By a resort to their usual tactics of obstruction the Opposition were successful in preventing the bill of last year from becoming law, as the Premier's absence in England made it desirable that the session should be closed without undue delay.

The principle of settlement, with cultivation, implied in homesteading, is applied to both pre-empted farms and "purchased homesteads." So that the present proposal does not vary from the end which the Government has always had in view, namely, cultivation and settlement by resident owners, who will support and promote the social development of the particular neighborhood in which their interests lie.

EDITORIAL NOTES.

Hon. Mr. Foy announces that the cases of some of the combines "have not been dropped." Perhaps the combines will not worry much as long as the cases are not brought to prosecution.

A few days ago Chief Justice Meredith unburdened himself of the opinion that "a jury of twelve honest men is worth fifty lawyers or perhaps a dozen Judges." The Chief Justice sometimes condenses the pith of a long argument into a brief sentence. In the above remark, he expressed the wisdom of many years of careful observation.

It is to be regretted that there should be any ground for suspicion that the

Attorney-General, through red tape or other cause, should leave undone what would seem likely to throw upon the Barton murder. Hon. might spare sufficient time to look into an important matter himself.

Toronto is still in the Tory machine, faithful in defence of its past. When the huge vote is polled. When the people is sought on great questions, such as pure water, efficient sewerage, little heed and only a trifle over 4,000. Toronto takes her own course long taken her policies, or of course.

From Craubrook, a circular, issued by the Tory and Presbyterian ministers, pleading for action by the forcing the liquor toward the Attorney-General, entirely neglects its barrooms of the plausibly open on the Sundays. The Mayor offers that the hotels in town are likewise open on how many of the men of those towns "rooted" in the recent election campaign for keeping his rigorously enforce the license.

The Morden, Man., says that at the recent registration Mr. Sharpe, who was in actual charge of the lists, and the clerk at Kaleida, a Tory heel, back from the west, where he took his instructions from the Tories handed in to him, his course is clearly contrary to the act provides no way by which he can be reached.

If anybody feared that might be troublesome times ahead, he should feel reassured by the knowledge that Hon. J. P. has personally undertaken of rescuing British statesmen from their dilemmas. Some time ago to Telegram was heartless enough to remark that "you can throw through the window of any lawyer's office and hit a greater than J. P. Pliny Whitney." He has no small estimate of his ways of his own that will be Asquith to Hosea Biglow's relief, "Wal, it's a blessing we've so tell us.

The rights and the wrongs matters, I vow; God sends country lawyers wise fellows To start the world's team stuck in a slough."

NEED FOR THE CLOSURE.

(Toronto Globe) "A Government that is fit to say The Mail and Empire, "could be obstructed by a Parliamentary majority. The best Government in the world can be obstructed at any time under worst Opposition in the world under system of free discussion. All that is necessary to that undesirable end is the Opposition members to keep on the wing.

SUFFER FOREST FIRES.

Several South of Cobalt Lose Their Buildings. Cobalt, Ont., June 29.—A big fire swept through the country four miles southeast of here yesterday and wiped out the plants of a dozen or more mines. The Temiskaming lost their powder house, and the fire was up to their mine buildings at last report, but they will likely save these. The Columbus Cobalt mine lost everything. The Coleman Development Co. lost all their buildings, and the men barely escaped with their lives. At the Shamrock mine a diamond drill and a boiler was all that was saved. The Lumsden, Duchesne, Patterson, Progress, Cochrane and Fisher Epplett lost all their buildings and machinery. H. P. Davis, of the Davis Cobalt Silver Mines, stated this morning that he lost all his mine buildings and machinery, and the fire was still raging in the vicinity of Cress Lake. At the Beaver, the fire burned up to the office, but the men worked heroically, and managed to save their buildings. At the Badger mine, the hoist house and one shaft house were burned, but the rest was saved. Robert Bryce, of the Silver Queen mine, sent a large gang of men out to the Badger property to help in the work. The Rochester, next to the Badger, was saved. The men at all the mines deserve great praise for the manner in which they worked to save the properties. At the present time it is difficult to obtain authentic information, but the full report will be on hand to-morrow.

MILLSTONE BURSTS.

Buchanan, Sask., June 29.—Two Doukhobors were killed and another seriously injured at their communist village of Christiana, two miles south of here, this afternoon by the bursting of an old-fashioned millstone weighing over a ton, which these primitive folk still use. All three are heads of families.

Sir Thomas Lipton is Prepared to Challenge.

SIR THOMAS LIPTON.

London, June 30.—The Field, a weekly publication, announces that Sir Thomas Lipton is prepared to challenge again for the America's Cup under the following conditions:

First—The new yacht shall be entered and built under the present universal rule of the New York Yacht Club, the New York Yacht Club shall designate the size of the yacht it considers most suitable for the race.

It is no object, and I am willing to build under the universal rule. If I can get assurance that a challenge will be accepted I will issue it forthwith. It is understood that the intention of Sir Thomas, with the New York Yacht Club's permission, is to build two yachts of a class designated by that club after designs by Fife and select the better to compete for the cup.

Carroll's Little Minnie First at Windsor Yesterday.

St. Patrick's Club Colors In Front at Frontier Track.

Windsor, June 30.—Little Minnie, running in the name and colors of Billy Carroll, of Hamilton, finished in front of a good field in the first race here yesterday. Little Minnie was 8, 3 and even, and was cleverly ridden by Koerner, Mr. Carroll's colors are the same as St. Patrick's colors, red and green.

Byzantine won the steeplechase after a hard ride with Gault in the last part of the field journey. Flying Virginian, second choice, ridden by his owner, Mr. Kerr, broke down permanently after going one turn, and Mr. Kerr dismounted, and the horse will probably have to be destroyed.

ALL IN STRAIGHT HEATS.

Strafford, June 30.—The summer meet of the Strafford Turf Association opened here yesterday, with a fair attendance and fast track. The events, however, lacked interest, and favorites were easy winners in each race. Three events made the card, and each was won in eight heats.

HART-AGNEW FIGHT EXPENSES.

Albany, N. Y., June 30.—Two of the several racing associations in this State, the Coney Island Jockey Club and the Saratoga Association, filed statements with the Secretary of State yesterday, showing the money they expended in opposing before the Legislature the Anew-Hart anti-race track gambling bills, the total aggregating over \$13,000.

The statements are certified to by Secretary C. Fallows, for the Coney Island Jockey Club, and President F. R. Hitchcock, for the Saratoga Association.

The statements declare that the expenditures were for "retainers of counsel, fees and disbursements." According to the statements former Governor Frank S. Black, who appeared at one hearing before the Legislative committee in opposition to the bills, received over \$2,400, and Davies, Stone and Auerbach about \$4,500 from the two associations.

Secretary G. C. Fallows, of the Coney Island Jockey Club, certifies that its expenditures for retainers and disbursements were as follows: Davies, Stone and Auerbach, \$2,570.15; ex-Governor Frank S. Black, \$1,443.30; W. C. Perer, \$180.41; E. P. Coyne, \$2,298.28; R. C. Cummings, \$1,946.39.

Cricket Association Formed.

The Ontario was organized at a meeting at the King on the following of... H. S. Reid, Assessor—M. D. Mac... W. B. Wells, ... H. S. Reid, Assessor—M. D. Mac... J. F. Van Jaffray, Galt; W. H. Garrett, Peterboro; W. Saunders, Tohomberg.

The chief object of this association is to foster cricket throughout the Province by arranging district matches and getting the city clubs more in touch with the outside club.

The following will represent Toronto Cricket Club in the game with Hamilton here to-morrow: Saunders, Ferris, Rathbun, Ricketts, Fellows, Macdougall, Hynes, McDonald, Worsley, Wallace and Davidson.

Semi-ready Tailoring

A Greater "Lonely" Sale Than Has Been

On Thursday morning, July 2nd, we will place on sale some 325 "Semi-ready" Summer and Fall Garments.

These are the "Lonelies"—the left-overs from a big season's selling of the most-sought-after styles in the semi-ready models for the past season.

We are not going to talk quality—for you know that "Semi-ready" and "High quality" are synonymous.

Briefly, here are some "Lonely" chances:

- 53 Suits at \$20.00, nearly every size and physique type in the lot at \$15.00
67 Suits at \$18.00, to be sold at \$13.00
25 Blue and Black Serge Suits that have been selling at \$15.00, for \$11.00
50 Summer Tweeds and Tropical Worsteds, that were selling at \$15.00 and \$18.00 and \$20.00, your choice for \$14.00

Sir Joseph Ward being unable to attend in consequence of the pressure of Parliamentary business. The Government is hopeful of securing the co-operation of British, Canada and Australia for the establishment of an all-British fast line. The Dominion's naval contributions may be increased.

Mr. Bourassa is reported to be ill at Ste. Adèle.

Scores at Big Golf Tournament.

Montreal, June 30.—The second day of the golf tournament at Dixie consisted of the first round in the open championship. In dull but good going weather the first eighteen holes were decided this morning. The rain held off until half the players had completed the round, but the last eight men had to finish in a down-pour. Mural, of Outremont, had the best score, 74, and C. B. Grier, for amateurs, 76. Following are the scores:—Murray, Outremont, 74; Russell, High Park, 75; C. B. Grier, Royal Montreal, 76; Murray, Royal Montreal, 77; Cumming, Toronto, 77; Sargent, Ottawa, 77; A. E. SILVER WEDDING.

Thomas and Mrs. Lynch, of Smithville, Celebrate.

A very pleasant and enjoyable event took place at the beautiful residence of Mr. and Mrs. Thomas Lynch, Smithville, where about eighty of their relatives and friends assembled to celebrate the twenty-fifth anniversary received by the couple. The guests were received in the usual affable manner. The guests having assembled and congratulations being over, all were invited to the spacious dining room, which was prettily decorated in silver, green and white for the occasion. There a sumptuous dinner was served, during which the Silverdale orchestra played several suitable selections. After doing full justice a well loaded table, the guests returned to the drawing room, where music and singing was given by Miss Baker, Miss Carrie Lynch, the orchestra, Mr. T. Lovejoy of Hamilton, Miss Lavery, of Castor Centre, and Mr. Thomas Lynch. During the afternoon ice cream and wedding cake was served. The many beautiful and costly presents show the high esteem in which Mr. and Mrs. Lynch is held. The groom's gift to his bride was a cabinet of pearl handled knives and forks. Guests were present from Buffalo, Wheatley, Hamilton, St. Catharines, York and neighboring places.

LADIES' OUTING.

Companion Court Ideal at Ainslie Wood Yesterday.

The first annual picnic held under the auspices of Companion Court Ideal, Independent Order of Foresters, took place yesterday afternoon and evening from 4.30 to 9.30 o'clock. The beautiful woods of Ainslie Park had been selected for the event, and no more suitable spot could have been secured. There was a splendid turnout of the members, the attendance being augmented by the presence of several of the companions from the Dundas court. Although rain interfered with the outside arrangements about 6 o'clock it did not dampen the enthusiasm of the picnicers, as all gathered in the spacious pavilion, where tables were spread and laden with the contents of well-filled baskets. After all present had partaken of the delectable delicacies provided by the ladies, the tables were removed, and dancing and chorus singing were indulged in, and everybody forgot about the heavy pattering of the rain in the surrounding woods. Bert Powell presided at the piano, and the following ladies were responsible for the success of the picnic: Mrs. Hammond, Mrs. Lay, Mrs. Searles, Mrs. Patterson, Mrs. Thomas, Mrs. Allardyce.

FALLS WON BY JUST ONE RUN.

Tigers Beaten Yesterday by Score of 4-3.

Doctors and Lawyers Played Four Innings Prior to the League Game—Meeting of League Managers at St. Thomas.

The Hamilton Tigers should have won the game with Niagara Falls at Britannia Park yesterday afternoon, but they did not. They were defeated by a score of 4 to 3, the winning run was brought in by a hit by Frank Maxey, the Hamiltoner who joined the Yankees' team last week. A pretty fair exhibition of ball was provided, the game being played in 90 minutes with a total of three errors. Harvey Muir did the heaving for Hamilton and he was touched up for nine hits. He struck out five men, while his opponent succeeded in getting seven Tigers to fan. Muir made two bad errors in the fatal eighth, but otherwise his work was good. Fraser made a better showing than he did in previous games, his right wing returning to him. He made two nice hits, and gathered in everything that came his way. He was not able to throw very well, however, but another day or two will no doubt see him in condition again, as he is under the care of Sims Vaughn, the arm specialist. Curtis and Ward played great ball and Father Bradford was working all the time.

The Falls team worked well together and gave Doremus good support. The big pitcher displayed a fine brand of crooked goods, some of them being crooked-edged as an old-fashioned snake fence, and the Tigers were not able to do much with them in pinches. They found him for seven hits, but they were scattered. The Tigers got away to a flying start, scoring two runs in the first inning. Curtis led off with a hit and Ward and Brennan sacrificed, carrying the captain to third. Coyle made a hit and Curtis came home. Long made a single and Coyle galloped home. Bradford flied to the pitcher. The Hams scored once more, in the sixth. Ward crossing the plate.

The visitors got one in the first and one in the sixth, which they were to come to. They took two in the eighth, but were entitled to take one. Two errors by Muir enabled them to tie the score and get a second man under way. A hit by Maxey gave them the winning run and caused the small boys in the bleachers to call Maxey "Traitor."

Prior to the league game the doctors and the lawyers crossed bats, providing a curtain raiser in four innings. The game gave the players something to talk about, but it was not much to look at. Prior to the game, a motion was made before the Crown Attorney who was on the "bench," by the solicitor for the barristers, that Maxey be allowed to catch for the lawyers. It was not opposed by the physicians, and the pro. catcher was behind the bat for three innings. Joe McMahon was appointed receiver for the last inning. The less said about the game the better, as all the players are well connected. It is only fair to state, however, that the doctors won by a score of 4 to 2, costs in the cause. Bill Gleason was umpire, and the score was:

Niagara Falls	29	3	7	27	9	2
Wagner, 2b	4	1	0	1	0	0

BEAVERS WON THIS.

London, June 30.—With the best crowd that has turned out for a Monday game since the season opened and one of the nicest all round games of ball that has been played in the city this year, the Beavers commenced their onward march to the top of the heap yesterday afternoon by defeating the speedy and dangerous St. Thomas team 2 to 0. The rain came at the end of the eighth, but it was highly improbable that the full nine innings would have altered the score, as both nines were played airtight ball and the pitchers were strong.

Incidentally "Handsome" Dumond won his first game since he joined the team, and the port-sided Walkerville boy twirled an elegant battle. With men on bases he was exceptionally strong and pulled himself out of a couple of bad holes—Nicholls to Marmion to McGuire. As for the Beavers they went after Barry with some heartiness and had the right hand "Iron Man" in all kinds of trouble, part of which he yanked himself out of and part of which was productive of local runs. Score:

London	0	1	0	1	0	0	—2	8
St. Thomas	0	0	0	0	0	0	—0	4

INTERNATIONAL OUTLOOK.

From London Free Press: A deal was accomplished at the meeting of the International League directors in St. Thomas yesterday afternoon, held at the Grand Central Hotel. Flattering reports were received from all points of the circuit as to the prospects of the three other clubs, and the situation being put fairly and squarely before the delegation of St. Thomas business men who were present, they held out every promise of the Railroad City getting into line with the others, and local men, taking the project over. The floating of the stock company will be put in the hands of a St. Thomas stock broker, who will sell shares in the club at \$25 or \$30 each. Addie L. Richardson, of Hamilton, who was first on the ground yesterday morning, called personally on several of the leading baseball enthusiasts of the city, and was offered every encouragement from them.

ASYLUM WON FROM GRMSBY.

Three rinks from the Grimsby Bowling Club visited the Hamilton asylum and had a friendly game of bowls with the Asylum Club, in which they were defeated by 17 shots; the score was as follows:

W. J. Droop	H. Asylum	D. S. Yong
M. B. Smith	M. Burns	M. Burns

HAMS. OFF TO MONTREAL TO-DAY.

The Hamilton lacrosse team leaves tonight for Montreal, where it will meet the fast Nationals in an exhibition game to-morrow. Although the locals were defeated in the game with St. Catharines on Saturday, the match did much to make the game popular here, and it was ever played in Hamilton. The manner in which the team performed showed that the management used splendid judgment in selecting the players, and while Hamilton had the better team individually, it was the superior team work of St. Kitts that won the game.

The Nationals do not expect to be able to defeat the Nationals on their own grounds to-morrow, but when the French-Canadian team comes here on Saturday a great game is promised, and the locals will try hard to defeat the easterners. The Nationals defeated the fast Montreal team on Saturday, and as Montreal has a victory over its champion Shamrocks to its credit this season, it can be easily seen that the Hams will be up against one of the best teams in the world at Montreal to-morrow and here on Saturday. The team will be practically the same as played St. Kitts

International League Record

Following is the standing of the teams in the International League, as reported by the President of the League, who has included Sunday games:

	Won.	Lost.	P.C.
Hamilton	18	17	.514
St. Thomas	19	18	.513
London	18	18	.500
Niagara Falls	18	20	.473

Games to-day:
Niagara Falls at Hamilton.
St. Thomas at London.

EASTERN LEAGUE SCORES.

At Montreal—The Leafs were blanked this afternoon, 3 to 0, through their inability to hit opportunely and through disastrous errors at critical times. Some idea of their weakness at the bat may be gleaned from the fact that they had eight men left on the bases to Montreal's two. Stanley and Mitchell opposed each other on the slab and broke even on the matter of hits, each allowing but four, but Mitchell was not given the same support that Staley was and then again the Beavers hit wheningles meant runs, each of their doubles by Joyce and Corcoran resulting in tallies. Score:
Montreal 3 4 1
Toronto 0 4 2

Batteries—Stanley and McManus; Mitchell and Pierce.
At Providence—Newark 8, 8, 3; Providence 6, 12, 6.
At Buffalo—Buffalo 3, 4, 0; Rochester 0, 6, 1.
At Jersey City—Jersey City 4, 9, 2; Baltimore 2, 6, 5.

AMERICAN LEAGUE SCORES.

Washington 0, Philadelphia 4.
Boston 4, New York 1; 12 innings.

NATIONAL LEAGUE SCORES.

New York 7, Brooklyn 11.
Philadelphia 9, Boston 2.
Cincinnati 5, Chicago 3.

FOUL TIPS.

The British Cubans, otherwise known as the "Sunburn Brits," will play an exhibition game at Chatham on August 1. The Press Club will likely play the doctors' team at Britannia Park next Monday. A challenge was issued yesterday, at the doctors-lawyers game.

here last Saturday, and the game should do the locals a world of good.

The game last Saturday did not receive the patronage that it was deserving of, but it is thought that next Saturday's game will be the biggest attraction in the lacrosse line ever seen in Hamilton. It will be the first time in the history of lacrosse in this city that one of the big eastern teams has ever visited here, and the Frenchmen are said to be the fastest players and prettiest stick handlers in the big league, but they cannot go the pace off their own grounds.

COMMENT AND GOSSIP

Judging from his appearance, Cy Doremus did not take the southern cure for a snake bite.

Doremus says he would rather play with Tigers any day than snakes.

Frank Howe's one best bet yesterday was Little Minnie. And Little Minnie landed. Running in the colors of Billy Carroll, she won the first race at Windsor at 8 to 1.

The press box wag is responsible for the statement that Doremus must have been bitten by a rattler, as he pitched a rattling good game.

Bill Murray's team were on the job yesterday with both feet.

The Sullivan Yellows will not feel as small as their calibre warrants on the receipt of the official news that Tom Longboat's entry has been accepted for the Olympic Marathon. The campaign against the Indian has been both strenuous and underhanded, the latter part being most practised by Boss Sullivan's Toronto allies, who were diligent in sending alleged false information to A. A. U. headquarters. No one hereabouts ever expected that a fair British committee would do otherwise, and most of us are just as sanguine that Longboat will win the race.—Toronto World.

A correspondent writes as follows:

county were the best team of tug-of-war men in the world, winning that honor at Chicago. Dick Grant, of St. Mary's, was then looked upon as the fastest miler in America. Ontario's canoeists at that time were the best in the world, while the 48th Highlanders of this city swept everything before them at the Queen's Jubilee in military contest, not to mention the artillery teams from Canada who cleaned up in England in shilling ordnance. May history repeat itself with the men of the northern zone!

BIG SCORES BY ENGLISH

Playing in a county match vs. Leicestershire, recently, the shire cricketer team made the great score of 437 in one inning, while Leicestershire made 38 twice. The Yorkshire score was remarkable in that there was not a century in it. Wilkinson fell just one short, making 99 before he was bowled by King. Hurst made 89, Hardesty 84, Rhodes 50, Denton 40 and Neward 25. At one stage the score stood 328 for three wickets.

Surrey made 339 in one inning in a county match with Derbyshire, J. X. Crawford contributing 104.

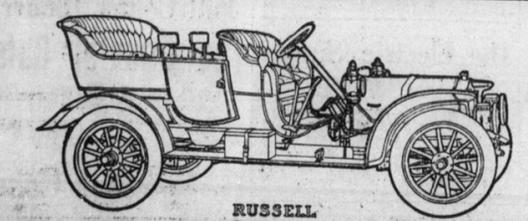

In Nottingham vs. Essex, Nottingham scored 373, A. O. Jones '90 being top score. For the winners' Wasd did remarkable bowling, taking eight wickets for 29 runs in the first inning, and 8 for 74 in the second.

Sussex also made a fine score of 410 in one inning against Middlesex, there being two centuries, Nawanganar 153 (not out) and Vine 119. In this same match Middlesex scored 358 for the loss of six wickets, L. J. Moon making 116 of them and P. F. Warner 96. These two went in together, first, and made 212 before the first wicket fell.

For Gloucestershire against Somersetshire G. L. Jessop put together 145 and his side made 332 in the first inning.

Harry Baker was killed and William Brooks seriously injured by an explosion in the Leonard engine works at London, Ont.

WOULD COST \$100 To Follow and Bring Back This Man.

Enquiries were made at the police office this morning re the issuing of a warrant for a man who is alleged to have skipped the town, with sundry small sums which do not belong to him.

The enquirers were told that to have a man arrested and extradited would cost them about \$100. As the man in question got only \$300 this was thought to be a little steep, and the warrant was not taken out. The man the warrant was asked for was described as "a red-headed Yankee." He was started in the refreshment business by George Wheeler, who put up \$85 for him. Programmes costing \$15 or \$20 were supplied and sundry other small accounts are still outstanding. He is believed to be in the United States.

CRICKET MATCH.

Canadian Team Begins Series of Games at Philadelphia.

Philadelphia, June 30.—A team of cricketers from Toronto began a match to-day on the grounds of the Philadelphia Cricket Club, it being the first of a series of five matches with Philadelphia teams. The match with the Philadelphia club will be concluded to-morrow. Two day matches will be played with the Germantown, Belmont and Merion clubs and a two-day match with a team selected from all the local cricket clubs.

The Hamilton Cricket Club will play its annual match with the Toronto Cricket Club to-morrow, at the local crease. Wickets will be pitched for 10.30. The following eleven will represent the H. C. C.: Dunn, J. L. Counsell, G. Ferrie, L. E. Fevez, K. Martin, D. Martin, S. W. Mills, T. W. Seagram, M. Townsend, W. R. Marshall, (Capt.), and R. R. MacDonald and S. F. Washington, K. C.

Henley, June 30.—The Henley regatta opened to-day with ideal weather and rowing conditions, but the effect of the absence of American and foreign rowers is seen in the comparatively sparse attendance both ashore and afloat. There are hardly a dozen house boats on the river, while the owners of the stands and the enclosures on the river banks are clamoring for customers.

One only novelty in the list of competitors is found in Eton's first appearance in the race for the grand challenge cup, the most desired prize of the regatta. In the first heat the Etonians won the popular victory by defeating Pembroke College, Oxford, by one length.

There will be two championship baseball games at Britannia Park to-morrow with the Niagara Falls team. The first game will be at 10.30 and the second at 3 o'clock. Long and Gleason will do the twirling for the Tigers, and Gianelli and Doremus will leave for the Yankees. Good fast games may be looked for.

At Victoria Park to-morrow morning the St. Patricks and Woodlands will play a league game. In the afternoon the British Cubans will play an exhibition game with the Senators.

The Sons of England will send the following team to Toronto to-morrow for an all day match with the St. Cyprian Club: Ribeiro, A. Back, Sen, A. Beck, Jun, H. Merinton, H. Ward, M. Skeddies, Pelkes, Reid, Bridgeland, Lee, Tomlin, Redwood.

The game will be played on the Exhibition grounds, and the team will go down by boat, leaving the wharf at 7.45 a. m. All attendance is requested at the cricket grounds this evening.

Kiel, June 30.—The Hevia, owned by O. Protzka, yesterday won the Armour Cup and the Emperor's Cup in the Sonder class events.

LONDON, June 30.—Cecil Faies, former professional court tennis champion of the world, yesterday defeated Johnson at Brighton for \$1,000 a side and a world's professional championship. Jay Gould, the amateur champion, announces his willingness to play the winner of the series home and home matches, in New York and London, for the open championship of the world.

FOR DETROIT. The Independent Oddfellows' excursion to Detroit will go via the T. H. & B. Railway to-morrow. See advertisement.

Wake Up and Look Around. Do not get in a rut with your clothing purchases. We know that there are no men's suits sold at \$10 which have the quality features which we are showing. Our offering at \$8.98 is especially choice. Know we are right or prove we are wrong. Fraick & Co., 13 and 15 James street north.

Holiday Edibles of the Best. Wednesday being Dominion Day, our stores will be closed all day. We shall be open until 10 o'clock to-morrow night for the convenience of those who cannot shop during the day, and who may be out at night to see the Spectators off on their trip to Europe. Canned meats and fish in abundance, a variety of fresh cooked meats, tomatoes and fruits; in fact, everything for the lunch basket. Peebles, Hobson & Co., Limited.

The monthly meeting of the Boys' Home will be held on Thursday, July 2nd, at 10.30 a. m., in the institution, on Stinson street.

ALTERATION SALE.

Begg & Shannon Will Have One Large, Fine Store.

Next Thursday morning, July 2nd, Messrs. Begg & Shannon, 40 and 44 James street north, will open a great ten-day clearing out sale in order to reduce their stock preparatory to the alterations which will take place in the store just south of their present one.

The changes planned will interfere with the July business, so that this growing firm has to do one month's trade in ten days. This means men's clothing, furnishings, hats and shoes at prices that will convince the customer at once that this genuine slaughter sale affords a chance rarely equalled to get high grade goods at practically his own price.

On Thursday morning from 9 to 10 o'clock they will offer men's 30-cent working shirts for 29 cents, and from 7 to 8 o'clock men's \$1 and \$1.25 cambric shirts for 69 cents. Men's 15-cent fourly collars will go at 10 cents; 50-cent suspenders for 39 cents; 50-cent ballbrigan underwear for 33 cents; men's \$1.25 working pants for 98 cents; and men's shoes, regular \$4.50 and \$5, for \$3.55. These with hundreds of other similar bargains will start this wonderful sale and it will pay the reader to look over the advertisement in this issue.

BY TURBINA.

Nine Hundred Soldiers Will Likely Go to Quebec.

Col. Logie announced this morning that he and Col. Moore, together with Mr. Goodear, manager of the Turbina Steamship Company, would in all probability close the deal for the transportation of the troops to the Quebec tercentenary, on the Turbina. The company has promised to look after the wants of the officers and men in a satisfactory manner. Both regiments, the 13th and 91st, will go on this boat, and an invitation has been extended to the 77th, 19th and 39th, of Dundas, St. Catharines and Brantford, respectively, to send a company each. Col. Logie expects that fully 900 men will take the trip.

Bandmaster Albert Slatter, of the 7th Regiment, London, has been chosen to lead the massed bands at the grand military tattoo, at the tercentenary.

THE WEATHER.

FORECASTS.—Light westerly winds; fine. Wednesday, moderate variable winds; moderately warm, and mostly fair, with local showers.

WEATHER NOTES. The depression which was over Ontario yesterday has passed to the St. Lawrence valley, and another shallow disturbance is approaching the great lakes from the west. Rain was pretty general last evening in Ontario and western Quebec, and heavy local showers occurred in the western provinces. High temperature prevailed again yesterday between Ontario and the Maritime Provinces, and a pronounced heat wave has set in over British Columbia.

Each tender must be accompanied by a certified cheque made payable to the Board of Education, of the city of Hamilton, for 10 per cent. of the amount of the tender. This cheque to be forfeited in case contractor fails to sign contract when called upon to do so.

Lowest or any tender not necessarily accepted. Plans and specifications may be seen at the office of A. W. Peene, architect, No. 2 King street west. June 24, 1908.

One Reason

Why so many men come here for their suits season after season? They know they will find what they want in our big assortment. Furthermore, they know we are continually crowding in quality and charging so fairly that to pay less is experimental and to pay more is extravagance.

Special values in Sovereign Brand best qualities this week at \$18.00. Some line worth just \$7.00 more, but \$18.00 is the price this week.
