Conference At Ottawa

As our readers are aware, a meeting of Provincial Premiers was held at Ottawa during the week ending November 23rd. Provincial Premiers and associates were invited to this conference by the Minister of Canada...

The program of the Federal Government was freely disclosed and objections and criticisms were invited. The Federal Government desired, in the first place, to lay before the representatives of the Provinces full and detailed statements of what was proposed to be done in matters pertaining to Demobilization Settlement of Soldiers on land and Land Settlement as it affects immigrants, Reconstruction and Labor questions.

After a preliminary conference of Premiers of the Provinces and the members of the Federal Government on the question of the transfer of lands and natural resources to the Western Provinces the Provincial representatives were given an opportunity to discuss the matter among themselves. Several meetings were held on the subject but from the outset a distinct line of cleavage developed which subsequent conferences only accentuated.

Island should be treated in the same way and should receive subsidy in lieu of lands based on an assumed population of 250,000 which would amount to \$375,050 per year. This claim is well founded and in justice and equity cannot be successfully contradicted.

On the question of Demobilization, Prince Edward Island is to be made dispersal Area No. 1. On landing at Halifax Island troops will be sent directly to Charlottetown where proper accommodations will be given them.

Resolved: That the representatives of the following provinces, namely: Ontario, Quebec, Nova Scotia, New Brunswick, Prince Edward Island and British Columbia desire to put themselves on record as declaring that in the event of the special allowance in lieu of lands provided for by the Acts of Parliament being maintained in whole or in part, a proportionate allowance calculated on the basis indicated in the said Acts be granted to each of the other provinces of Confederation—reserving, however, any special claim on the part of any province in respect of the proposed transfer or arising out of the Acts of Parliament, or upon any other ground whatsoever, and the representatives of the maritime provinces asserting their right to have their special claims referred to herein adjusted at the same time as the lands and natural resources are transferred to the provinces of Manitoba, Saskatchewan and Alberta.

The latter part of this resolution was added at the suggestion of Premier Arsenault, who considered that if the Western Provinces received their lands and natural resources and retained any part or the whole of their subsidies a special claim peculiar to P. E. Island alone would arise. Prince Edward Island, like the Western Provinces has no public lands or natural resources and, as in the case of the Western Provinces, receives a subsidy in lieu thereof.

Before leaving Ottawa the Premier filed a memo setting out the Island's case fully. In the memo is pointed out the fact that the subsidy in lieu of public lands paid to the Provinces is paid on the basis of population and for that purpose these Provinces, at a time when the joint population of Saskatchewan and Alberta did not exceed 162,000, they were paid subsidy in lieu of public lands on an assumed basis of 150,000 of a population each.

Siberian Force Goes Forward

Montreal, Nov. 29.—A special despatch to the Star from Ottawa, says: The Canadian expedition to Siberia is going forward to its destination. The government has so decided, and instructions to that end will go out. Since the armistice was signed there have been doubts as to its effect upon the expedition, and cables with the war office have been exchanged. On the strength of the advice which have been received, the force still remaining in Canada will be despatched as soon as possible to join the advance party already there, and another section on en route. Certain conditions will apply however. Any member of the force who wishes to return will be free to do so at the expiration of a year from the signing of the armistice. In the meantime it will be decided whether as a matter of policy the whole force should longer continue.

A Memorable Launch

Yesterday saw the initiation of the Canadian government's merchant fleet on the St. Lawrence when the first cargo steamer built under the comprehensive programme recently announced by the Minister of Marine and Fisheries, Hon. C. C. Ballantyne, was launched at Montreal. The act of christening the S.S. "Canadian Pioneer" fell to Lady Borden, in the absence of the Premier overseas, was invited by the builders to perform this ceremony. The Canadian Pioneer is the first of a group of thirty-seven steel vessels which are being built to the order of the Canadian government so that, within a year or so, Canada will no longer be entirely dependent upon Great Britain or any of the Allies for her shipping.

On the question of Reconstruction and Labor arises the problem of not only the subject of re-establishing the Returned Soldier in Civil life but also the placing of men who would be taken out of employment by reason of the closing of munition factories and other war industries. For the purpose of dealing with this question Labour Bureaus and Organizations will be established in all the Provinces and some Central bureaus established in the east and west which will act as clearing houses for the purpose of distribution of labor where it is needed in the different provinces.

These Labor Bureaus come under the jurisdiction of the Department of Labor of which Senator Robertson is the head. The Soldiers' Employment Bureau, however, will be a different organization and will come under the Department of the Soldiers' Civil Re-establishment Department of which Senator Loughheed is head. The matter of a Federal Grant for Highway Construction also Technical Education was also the subject of discussion, and the subjects along this line were very favorably received by the Dominion Government and there is every reason to believe that at the next Session of Parliament some action will be taken along these lines.

The Market Prices

Table listing market prices for various goods: Butter, Eggs, Fowls, Chickens, Beef, Mutton, Pork, Potatoes, Hay, Black Oats, Hides, Calf Skins, Sheep Pelts, Oatmeal, Turnips, Turkeys, Straw, Ducks.

A SENSIBLE MERCHANT

Milburn's Sterling Headache Powders give women prompt relief from monthly pains, and leave no bad after-effects what ever. Be sure you get Milburn's price 25 and 50 cts

Local and Other Items

It is reported from Paris that an agreement has been reached by the Allied governments for the issue daily during the peace congress of an official communication regarding the deliberations.

A despatch from Stockholm says it is reported that negotiations entered into with Russia representatives have resulted in formation of an all Russian Government under protection of the Entente and supported by a voluntary army.

Infernal Machines On Beach Huns

With the British-American Armies, Dec. 1.—German devilry seemed to know no bounds in the last days of the fighting on the British front after the Hindenburg line had been shattered. They attached grenades to the bodies of the dead Huns left behind in the German retreat, so that when the bodies were lifted the grenades exploded, killing or wounding the bearers.

Near the town of Le Cateau, a number of Australian stretcher-bearers were killed by these grenades in attempting to remove some German dead from the field in front of an American machine-gun position. Thereafter no Australian would put a hand on a dead German. In some cases the bodies were dragged to their burial places by means of long ropes which allowed the stretcher-bearers to keep out of range of any exploding hand-grenades.

The Americans, on the other hand, hit upon the plan of making the German prisoners bury their own dead. In one instance a Boche prisoner was summarily shot because he refused to remove the body of one of his dead companions. An examination of the body later led to the discovery that it was mined. The German was aware of this fact and refused to touch it.

Another officer picked up a pair of field-glasses left by the Germans and was adjusting the focus when the glasses exploded in his hands and blew away a part of his face.

The Huns had become adept in the nefarious business of making infernal machines, mines and time fuses, and there was scarcely an area where the electrical and engineering experts of the Allies did not find some new form of their fiendish ingenuity.

King George in Paris

Paris, Nov. 28.—King George, accompanied by the Prince of Wales and Prince Albert, arrived in Paris at 2.30 o'clock this morning. His Majesty was received at the Bois Du Boulogne Station by President Poincare, Premier Clemenceau, Foreign Minister Pichon and other cabinet ministers, and the presidents of the Chamber of Deputies and the Senate. Enormous crowds thronged the streets in spite of the bad weather, all the way from the railroad station to the Quai D'Orsay, where the royal party arrived at 3.30 o'clock. Troops lined the entire route, and they had difficulty in handling the throngs. The crowd was so great in front of the Quai D'Orsay that it broke through the line of policemen, the Parisians frantically shouting: "Long Live the King," "Long Live France," "Long Live England," and "Long Live the Republic."

DIED

McISAAC—At Goose River King's County, on Nov. 8th 1918, after a lingering illness Hugh McIsaac, aged 67. R.I.P.

Look I Read I realize

We cater to the men's trade, and no other. If you were sick you wouldn't call to see a Tailor, or a Blacksmith, about the condition of your health. Of course not; you would call to see a Doctor?

If you wanted a Suit or an Overcoat would you go to see a Doctor, or a Shoemaker? Not at all. You would go to see a First Class Tailor.

WELL, there's where we shine !!! We study the business. We know what suits a young man, we know what suits a middle-aged man, and we know what suits the old gentleman—both in goods and in style. It does not make any difference whether you want your clothes Ready-to-Wear, or Made-to-Order. We are equally in a position to suit you. We do not let a suit or overcoat leave our establishment until it suits and fits the man who is buying. Our prices are always right when you take the quality into consideration.

Do not forget that we are sole agents for the famous W. H. Leishman & Co., Wholesale Custom Tailors. We have an elegant stock of Overcoats to show you at the present time.

Overcoats, Made-to-Order-from... \$30.00 to \$48.00
Overcoats, Ready-to-Wear,..... \$15.00 to \$36.00

Success Is a Habit

Our habits make us. We are creatures of habit. Whether we are a success or a failure is a question of how we do things without thinking. To Save is the only way to Success

Gloves

We have just the kind of Gloves you need, lined and unlined. Also Wool Gloves for this time of year. Suedes and Tans—both combination. Price.....\$1.00 to \$4.00

Underwear

Come and get your Underwear before it is all sold. We have all kinds—two-piece and light and heavy weight. Prices per suit \$1.90 to \$5.50

Three Squares A Day

Automatically, Kathleen's eyes sought her bookcase. At the end of the second shelf was the little copy of the Fables—yellow as a spot of sunlight

Pains in the Back

Are symptoms of a weak, tired or degenerated condition of the kidneys or liver, and are a warning of a serious condition.

Hood's Sarsaparilla

Cures kidney and liver troubles, repairs the blood, and builds up the whole system.

Kathleen swallowed. "That may be so," she said. "Peter was not actually fighting. He was a bit too young for that.

McKeen winced under the slashing of her words but did not speak.

"He gave his life," she went on "and you—you with a face like St. George of old—stay here and sell motor trucks!

The Immediate Future

"Apart from any action taken by the Government," says Sir Thomas White, "Canada's energetic and enterprising business men will of course use their most earnest endeavors to obtain export trade.

The Minister of Finance, we think, has indicated an imperative need. Next in importance to demand for prompt Government action to ward off temporary unemployment is need for our business men to get together in an immediate effort to shift our industrial life with a minimum of dislocation to meet conditions of peace.

What was done in face of the most discouraging obstacles of 1914 should be easy of achievement today. In 1914 our industries were passing through a period of depression and the future was unknown.

The Government we are glad to note, has already taken steps to use these organizations. Mr. F. P. Jones, Chairman of the War Trade Board, and Mr. Lloyd Harris, of the War Trade Mission at Washington, who are accompanying Sir Robert Borden to Europe, have, in conjunction with Sir Joseph Flavelle, done wonderful work for Canada.

"Splendid girl, Edith! I saved her life once."

"Poor Jones is troubled with hypo???"

WIFE'S OLD Husband's Bronchitis CURED BY DR. WOOD'S NORWAY PINE SYRUP.

Mrs. James Mack, Toronto, Ont., writes: "I suffered for several months with a bad cold. My friends told me about Dr. Wood's Norway Pine Syrup, and of the benefits it was to me. Before I had used two bottles I could get some rest, which I could not do before. I had tried everything, but Dr. Wood's was the only thing that gave me any relief."

"On the first sign of a cough or cold, get rid of it before it gets settled. Take a few doses of Dr. Wood's Norway Pine Syrup, and see how quickly it will disappear."

prices fixed by some controlling Government authority. So that it must necessarily follow, there will be need for some such organization to continue to the duties now performed by the Imperial Munitions Board and the War Trade Board.
