## BRILLIANT SCENE AT THE RECEPTION

### Government House was Again the Scene of a Large and Brilliant Assemblage.

The reception at Government House last night was a most successful function. Over two hundred persons were present, all Alberta being represented in the brilliant gathering. Only one member of the Legislature was absent—Mr. Brick, of the somewhat remote Peace River district. The large number of officers attending in uniform, and the presence of several clerical lent additional interest to the occasion.

The guests were received in the white and green reception room, Major Thibault, A.D.C., and Mr. Babin, His Honor's private secretary, being in attendance upon the Lieutenant-Governor, Mrs. Sifton, of Calgary, a guest at Government House, received with Mrs. Bulaya. The guests, after their first reception by their host and hostess passed on through the brilliantly lighted rooms, which were on each floor thrown open to the guests.

In the hallway above the Phillips' orchestra played several delightful selections during the evening. In the ballroom upstairs the cosy nook into which each window bay has lately been transformed were always filled with people who looked on at the moving streams of people. The supper room was beautiful with decorations of golden daffodils and asparagus, the whole lit by yellow shaded candlelight.

### Has It Been Disgraced?

Victoria, B.C., January 17.—According to advice brought here by the Alki Maru, Admiral Baron Y. Ho, of the supreme naval council, who recommended the Japanese navy in the war with China, has been dismissed from the service because of a scandal which involved him with the wife of a workman in the Tokosaki navy yards, Admiral Ho was appointed vice-admiral and commander-in-chief of the united squadron in 1930. He commanded the squadron with signal success against the enemy's fleet in the Japan-China war, which broke up in the 19th or 20th year. He was promoted by creating him a peer with the rank of viscount. Admiral Ho was made admiral of the fleet on December 31st, 1936.

### May Not Be Rate War.

London, Jan. 16.—The fact that last night that the Cunard Steamship Company had responded to the White Star's further cut in the rates leads to the idea in some quarters that the former may be considering the advisability of agreeing to a compromise based on slight different rates with respect to the Lusitania and the Mauretania. It is noted that the White Star circular does not affect the Canadian rate. This is supposed to have as its object, the averting of a cut in rates by the direct Canadian lines who is said to have contemplated.

### Awarded \$10,000 Damages.

Buffalo, January 17.—Harry E. White, a former Washburn engineer, of St. Thomas, who sued the New York Central for \$15,000 for injuries received in a wreck in the yards here, was awarded \$10,000 and costs by a Buffalo jury.

267 Jasper Avenue East.

## IMMENSE INCREASE IN THE IMMIGRATION

### To Canada During Ten Years—Com- parative Figures Given by W. D. Scott, Superintendent of Immi- gration, Who is Here for Inspec- tion of Agency.

W. D. Scott, superintendent of immigration, Ottawa, was in the city yesterday in the course of a trip through Western Canada, looking over the agencies. The department expects a heavy immigration during the coming summer, particularly from the old lands and the United States. From the latter country enquiries are more numerous than ever before, and the class of prospective immigrants the most desirable.

During the seven months ending with October Canada received 211,850 immigrants. Of these 67,331 came from the continent of Europe, 39,664 from the United States, 79,295 from England and Wales, 19,889 from Scotland and 5,680 from Ireland.

The Immigration act came in force in December, 1902. Since that time 14,776 persons have been detained at ocean ports for additional inspection and treatment and 2,694 have been refused admission to the country. In the same period 890 immigrants have been deported.

More people entered Canada during two weeks of last March than during the entire fiscal year of 1900-01. There are more immigrants now landed at American ports destined for Canada than the total number who came by the Canadian lines ten years ago.

In 1897 only 2,384 homesteads were granted; during the seven months of the last fiscal year the number was 21,372. Only 300 English immigrants secured homesteads in 1897; 3,441 from the same country took land during the seven months ending with October last. In 1897 Scotch immigrants were granted 83 homesteads; newcomers from that country were granted 724 homesteads during the seven months from April to October. Irish immigrants took 33 homesteads in 1897; in the seven-month period under consideration 245 new-comers from the Emerald Isle secured land in the west.

One hundred and sixty-four American new-comers were granted homesteads in 1897; the number for the seven months was 5,029. In this ten year period the average annual increase in the number of homesteads granted to various classes of immigrants were: Scotch, 40 per cent; English, 20 per cent; Americans, 14 per cent.

## GREAT DAM IS AT THE BREAKING POINT

### The 4,000 Residents of Struise Are Leaving the Town in Face of Threatened Death—Only Dam Must Break.

Youngstown, Ohio, Jan. 18.—Already one of the four thousand residents of Struise, a town six miles from here, have fled and thousands have spent the first night packing their household goods to escape threatened death in the impending bursting of the huge dam of the Mahoning Water Co., across Yellow Creek just above the village. The rushing waters have filled the reservoir and the spill cap of the dam cannot carry the overflow. The water is pouring over the dam's sides and engineers have been laboring desperately all night to fortify the supports, but it is being carried away each moment, and it is a matter of a few hours only the engineers believe until the 85 foot dam will fill and a wall of water rush down into the village. The interval is being employed in warning the people all down the valley.

### Notorious Card Sharp Sentenced.

London, Jan. 17.—George Gleisher, alias Vernon Cecil Ellingworth Musgrave, who is said to be known in all the capitals of Europe as a card sharper, and crook, has been convicted of the charge of cheating Cambridge undergraduates at cards and sentenced to nine months' hard labor, cessary.

## VOTED EXACTLY AS HE TOLD THEM

### Dauphin Voters' List Affair Before Manitoba Legislature. Govern- ment Refuses Documents.

Winnipeg, Jan. 17.—In the legislature yesterday the Dauphin voters' list affair was again ventilated. The premier began to interrupt J. Campbell, as soon as the latter moved for a return of the documents and the new member appealed to the chair for protection. Geo. Walton, of Embo, showed that the Election act had not been complied with. He asked of the government to communicate with Judge Ryan in respect to the missing papers. The attorney general advised the government's supporters to vote the motion down, which was done, the vote being 12 against the motion and 12 for.

The debate on the address in reply to the speech from the throne was concluded this afternoon. The opposition's amendment for the submission of the Bell contract to the legislature for a referendum vote was negated. The attorney general made a long speech. The members requested the premier to bring down and lay on the table the papers, and the order in council defining the duties of the telephone commission. The minister of finances replying, undertook to telegraph the order in council.

The premier presented petitions protesting against any change in the boundaries of the municipality of Dufferin. The provincial secretary gave notice that on Monday he would ask leave to assess, municipal and county assessment, municipal and county court acts.

## MUST BE CONVICTED.

### Gallant Defender of Port Arthur Has No Hope of Escaping.

St. Petersburg, Jan. 16.—The trial by court martial of Lieut. General Stoosel for having surrendered the Port Arthur fortress to the Japanese is nearing its end, and a verdict is expected early next week. The belief prevails that the general will not be found guilty, and to-day Deputy Strydom, General Stoosel's attorney, intimated to various classes of the Associated Press that he had no hope of acquittal on the main charge of surrendering the fortress.

## Serious Earthquake.

Port Prince, Hayti, Jan. 16.—A serious earthquake has occurred at Gonaves, sixty-five miles northwest of this city. A few houses have been destroyed and others were damaged. No news of lives lost has been reported. Communication with the town is broken. The shocks continue. The first was followed by a tidal wave. Among the buildings destroyed are the commercial houses of Herrmann, Ador and Joliber. Gonaves is one of the most thriving towns in the Haytian republic. It is the residence of a bishop's see, and has a population of about 18,000.

## Leaders in Japan Are Uneasy.

Tokio, Jan. 16.—Incoming cablegrams indicating an overwhelming sentiment in America in favor of an exclusion act are causing much uneasiness to leaders of all shades of opinion, who have repeatedly expressed the conviction that the Americans did not desire to discriminate against the Japanese and would accept the attitude of the Japanese government as evidence of its sincere desire not to embarrass the American government and at the same time to save the amour propre of the Japanese. Uneasiness has been intensified by the delay of a reply from Washington to the Japanese note of Dec. 31.

## Baronet to Turgoon.

Prince Albert, Jan. 17.—Last night the Liberals of Prince Albert city tendered Attorney-General Turgoon a banquet at the Queen's hotel in honor of Judge Johnston's recent decision giving him a majority of 54 in the by-election held some months ago. A large number of guests were present from Regina, Saskatoon and other points.

## COMPOSITION OF THE LEGISLATURE

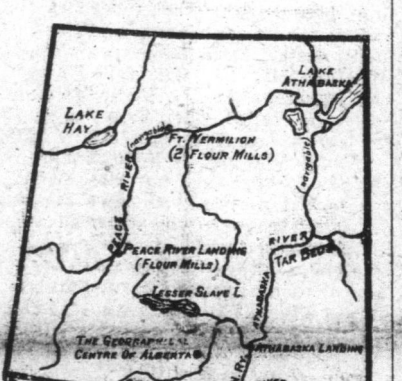

Member.	Occupation.	Constituency.
Hon. A. C. Rutherford	Lawyer	Strathcona.
Hon. G. W. Cross	Lawyer	Edmonton City.
Hon. W. H. Oushing	Manufacturer	Calgary.
Hon. W. T. Finlay	Merchant	Medicine Hat.
Charles W. Fisher	Merchant	Banff.
J. R. Boyle	Lawyer	Sturgeon.
F. Walker	Farmer	Fort Saskatchewan.
W. C. Simmons	Lawyer	Lethbridge.
John T. Moore	Capitalist	Red Deer.
J. P. Marcellus	Rancher	Pincher Creek.
Fletcher Bredin	Beloved Fur Trader	Athabasca.
John W. Woolf	Rancher	Oradoun.
M. McKenzie	Lawyer	Macleod.
E. H. Heller	Rancher	Gleichen.
T. A. Brick	Farmer	Peace River.
H. W. McKenney	Capitalist	St. Albert.
A. S. Rosenroll	Realty Agent.	Wetaskin.
W. F. Puffer	Merchant	Lacombe.
J. R. McLeod	Physician	Ponoka.
John A. McPherson	Farmer	Stoney Plain.
J. B. Holden	Farmer	Vermilion.
John A. Simpson	Farmer	Innisfail.
B. T. Telford	Merchant	Leduc.
A. J. Robertson	Opposition.	High River.
C. D. Hiebert	Merchant	Rosebud.

## PANIC FOLLOWED FIRE.

Scranton, Pa., Jan. 17.—One girl was killed outright, four others will die, and thirty were terribly injured in a fire followed by a panic, which broke out this morning in the Imperial Underwear Co. factory. Eighty girls were working on the top floor, when the fire broke out. Instantly a panic ensued, when it was found the flames cut off the exit. The girls rushed to the windows, and many jumped to the pavement forty feet beneath. Several are missing. The firemen are searching the ruins.

## A LITTLE LESSON IN GEOGRAPHY.

The term "Northern Alberta," so often used locally and throughout the Province as applying to Edmonton and its surrounding territory, is a misnomer that cannot be abandoned too quickly in the interests both of the truth and of Edmonton. The northern boundary of this Province lies some 450 miles north of this City. While its southern boundary lies some 350 miles to the south. In other words the actual geographical centre of the Province of Alberta lies about fifty miles to the north and a little to the west of the City of Edmonton. To emphasize this fact more clearly, The Bulletin publishes a small cut of the Province, drawn to scale, on which appears a round dot showing actual location of the geographical centre of the Province.

## CAMPANY IS EXHONERATED.

Fairmount, Va., Jan. 16.—Late this afternoon the coroner's jury returned its verdict in connection with the investigation of the Monongah mine disaster. It finds that the explosion was due to either a blown out shot or to ignition of powder, which in turn ignited the gas in the mine. It finds that there were traces of gas in mines No. 8 and 8, but not in dangerous quantities; that the company complied with all the state regulations and took all reasonable precautions such as sprinkling for the keeping down of the coal dust, and practically exonerates the Fairmount Coal Company from responsibility for the loss of life. The jury also recommended that six additional state inspectors be appointed for a more thorough inspection of the mines in the state.

The jury also recommends, "That as there are many unsolved problems in connection with the coal mine explosions in the United States that congress make an appropriation for the establishment of a bureau of investigation and information to aid in the study of the various conditions under which explosions occur and as to how they may be prevented."

## Valuable Codices Stolen.

Herugia, Italy, Jan. 16.—Nearly two hundred previous illuminated codices of the second century, including the works of Cicero, have been stolen. The loss of these valuable works has created a great sensation.

## Appointment of Judges.

Ottawa, Jan. 16.—At today's cabinet meeting, Hon. J. D. Cameron, of Winnipeg, was appointed a judge of the high court of Manitoba, and C. Leboeuf was appointed to the Quebec bench to succeed the late Judge Champagne.

## THREE VOTE FOR IMPEACHMENT

### British Columbia House Would not Hear of Impeachment of Dunsmuir.

Victoria, B.C., January 16.—By a vote of thirty-three to three the provincial legislature, which opened today, within ten minutes after the conclusion of the speech from the throne, voted against the suspension of the trustee for the consideration of a motion in an effort to secure an impeachment of Lieut-Governor Dunsmuir. The motion was made by the Socialist member for Nanaimo, for an alleged unconstitutional act of the Lieut-Governor in withholding his assent to the Natal Act of last session. He declared that such an action of the Lieut-Governor, who had previously signified his assent to the 300 Japanese for the Wellington Collieries Company, of which he is president, would tend to destroy the confidence of the people in constitutional and responsible government.

Speaker Roberts ruled the motion out of order, it not being customary on the first day of the session to consider a matter unless of urgent public importance. He did not regard this as sufficiently urgent, as the government would not be asked to complete with white labor will be reduced to a minimum.

The former arrangements, which were being violated, principally by shipments from Honolulu, was that there should not be more than six hundred in one year. As a result of the present negotiations the arrangement is somewhat similar, although the full details are not given as yet. What Canada must rely on is the assurance of the Japanese government that those regulations will be carried out and that they are carried out, Canada can always resort to the abrogation of the treaty.

## RAILWAY COMMISSION MEET JAN. 23.

Ottawa, Jan. 17.—The Railway Commission will meet here Jan. 23, near Duluth-Winnipeg coal rate case. On the following day the Commission will hear the western boards of trade as to the new C.P.R. freight schedules in the west, and on Feb. 4th the Commission will hear several cases from various parts.

## MINING LEASES TO BE GIVEN ON NEW TERMS

New Regulations Concerning Mining Leases on School Lands Have Been Gazetted at Ottawa—Leases Will Be For 21 Years in Future.

Ottawa, Jan. 18.—New regulations are gazetted governing the leasing of school lands in the west for coal mining purposes. Hereafter 20 year leases have been permitted with a rate of 30 cents an acre and a royalty of 10 cents a ton. Hereafter these shall be for 21 years and the ground rent shall be 1 cent an acre and the royalty 5 cents a ton. The lessee must commence active operations within a year. No one person may lease more than 900 acres. The Gazette contains a notice of the application of the Bank of Commerce for permission to increase its capital stock by \$5,000,000.

## Must Give Day's Notice.

Washington, Jan. 17.—The president of Hayti has been notified by the government that he must give 24 hours' notice before bombarding a point in which there are American citizens and interests. The Haytian government to-day ordered the immediate bombardment of St. Marc to terrorize the insurgents, who have already seized Genaves and made considerable progress.

## South Ontario Conservatives.

Oshawa, Jan. 17.—The Conservatives of South Ontario this afternoon again nominated Peter Christie and Chas. Calder as standard bearers for the Commons and the legislature respectively.

## JAPANESE PROBLEM FINALLY SETTLED

### Japanese Government Has Received Word That Report of Lemieux is Acceptable to Dominion Govern- ment—Verbal Agreement to Re- strict Immigration.

Tokio, Jan. 16.—A settlement of the Canadian immigration problem has been reached, word having been received by the Japanese government that the report made to the government by Mr. Lemieux, is satisfactory to the Canadian authorities at Ottawa. The authorities accept the Japanese verbal promise to restrict the immigration of laborer, and relies on the Japanese government to enforce the regulations laid down in the memorandum. Only the exchange of these memoranda between the two governments remain for a complete settlement of the question.

Ottawa, Jan. 16.—It is stated officially tonight that the report from Tokyo that the Canadian government had advised the authorities that the Lemieux arrangement was satisfactory, is correct, so that the matter may now be considered as closed. It is understood that the arrangement between Mr. Lemieux and the Japanese authorities is that immigration from Japan to Canada to compete with white labor will be reduced to a minimum.

The former arrangements, which were being violated, principally by shipments from Honolulu, was that there should not be more than six hundred in one year. As a result of the present negotiations the arrangement is somewhat similar, although the full details are not given as yet. What Canada must rely on is the assurance of the Japanese government that those regulations will be carried out and that they are carried out, Canada can always resort to the abrogation of the treaty.

## SEED GRAIN TO BE GIVEN FARMERS

### Hon. Clifford Sifton asks Government to Finance Seeding Operations for Western Farmers.

Ottawa, Jan. 16.—The question of seed-grain for the western provinces was discussed in the House today. It was brought up by the Hon. Clifford Sifton who said: "Mr. Speaker, I have asked for leave to move an adjournment for the purpose of bringing to the attention of the government the question of seed grain in the western provinces. I have done so not for the purpose of expressing any positive opinion on the subject myself because I am not sure I am competent to give a reliable opinion as to the question, nor do I feel disposed to recommend any particular course. "I have rather brought the matter up for the purpose of calling the attention of this government to it and for the purpose of enabling the members who represent the northwest provinces and who are more familiar with the facts of the case than I am to express themselves and give to the government the benefit of their views. I read some correspondence a short time ago which led me to suppose that the quality of the supply of seed grain in our western provinces, particularly in the province of Saskatchewan was a serious and urgent question."

## Matter of Importance.

"I had occasion to be in the city of Winnipeg a short time ago and regarding the question as of great importance, I asked a couple of gentlemen to meet me there whom I thought to be well versed in the situation. The result of that conference would lead me to the conclusion that the position of the people in those provinces at the present time is a needy one of that they are under the necessity of asking for charitable assistance. That is not the position which I desire to bring before the government at all.

## Frost Spoiled Seed.

"On the contrary all things considered I think the position of the people in an excellent one and especially in view of the extremely unfavorable nature of last season, the position in which they find themselves is a great tribute to the agricultural possibilities of the country. In a considerable section of the country the grain suffered from frost and the result is that in those sections there is no any grain at all which is fit for seed. In some sections of the country there is a considerable portion of first class grain and where the shipping arrangements were favorable from many of these places grain has been shipped out so that even there, there is not a sufficient supply of first-class grain for seed."

## Handicap On Next Year.

"I am told that the fall season was extremely favorable and that a large quantity of land much larger than in any previous year is in condition for seeding when the season opens. I am further told that unless some steps are taken to assist the farmers in securing the necessary seed wheat—I am not speaking so much of the necessity for seed in Alberta—because I imagine that the minister of the interior is familiar with the situation in Alberta and will know about it personally but in regard to seed wheat I am told the probability is that a considerable portion of the remainder will be seeded with inferior seed."

"Now as I understand the position it is that the people need or desire anything in the nature of charity assistance. If matters were now as they ordinarily are, that is to say, if the ordinary chances for securing financial accommodations were open as they have been in previous seasons, I do not think any assistance would be required. A farmer in a remote portion of the country may be in a good financial position; he may have assets and very few liabilities and yet it may be entirely impossible for him to

## SEED GRAIN TO BE GIVEN FARMERS

### Hon. Clifford Sifton asks Government to Finance Seeding Operations for Western Farmers.

Ottawa, Jan. 16.—The question of seed-grain for the western provinces was discussed in the House today. It was brought up by the Hon. Clifford Sifton who said: "Mr. Speaker, I have asked for leave to move an adjournment for the purpose of bringing to the attention of the government the question of seed grain in the western provinces. I have done so not for the purpose of expressing any positive opinion on the subject myself because I am not sure I am competent to give a reliable opinion as to the question, nor do I feel disposed to recommend any particular course. "I have rather brought the matter up for the purpose of calling the attention of this government to it and for the purpose of enabling the members who represent the northwest provinces and who are more familiar with the facts of the case than I am to express themselves and give to the government the benefit of their views. I read some correspondence a short time ago which led me to suppose that the quality of the supply of seed grain in our western provinces, particularly in the province of Saskatchewan was a serious and urgent question."

"I had occasion to be in the city of Winnipeg a short time ago and regarding the question as of great importance, I asked a couple of gentlemen to meet me there whom I thought to be well versed in the situation. The result of that conference would lead me to the conclusion that the position of the people in those provinces at the present time is a needy one of that they are under the necessity of asking for charitable assistance. That is not the position which I desire to bring before the government at all.

## Frost Spoiled Seed.

"On the contrary all things considered I think the position of the people in an excellent one and especially in view of the extremely unfavorable nature of last season, the position in which they find themselves is a great tribute to the agricultural possibilities of the country. In a considerable section of the country the grain suffered from frost and the result is that in those sections there is no any grain at all which is fit for seed. In some sections of the country there is a considerable portion of first class grain and where the shipping arrangements were favorable from many of these places grain has been shipped out so that even there, there is not a sufficient supply of first-class grain for seed."

## Handicap On Next Year.

"I am told that the fall season was extremely favorable and that a large quantity of land much larger than in any previous year is in condition for seeding when the season opens. I am further told that unless some steps are taken to assist the farmers in securing the necessary seed wheat—I am not speaking so much of the necessity for seed in Alberta—because I imagine that the minister of the interior is familiar with the situation in Alberta and will know about it personally but in regard to seed wheat I am told the probability is that a considerable portion of the remainder will be seeded with inferior seed."

## Now as I understand the position it is that the people need or desire anything in the nature of charity assistance.

If matters were now as they ordinarily are, that is to say, if the ordinary chances for securing financial accommodations were open as they have been in previous seasons, I do not think any assistance would be required. A farmer in a remote portion of the country may be in a good financial position; he may have assets and very few liabilities and yet it may be entirely impossible for him to

The engagement is announced of Miss Boucher, Edmonton, a visitor here with Mrs. Millar, and Mr. Kelly...

Mrs. H. M. A. E. Taylor's mother, stayed with Mr. and Mrs. J. H. Knight here Sunday and Monday on her way out to her daughter's at Daysland.

VEGREVILLE.

The concert given in the Presbyterian Church by Mrs. Dickenson and Helen Badgley in aid of the Rolland Hospital was slumily attended.

The following brethren from the Masonic Lodge A.F. and A.M., No. 25, attended the funeral of the late Mr. Knapp, prominent in the community...

What little snow that we had is melting and the local doctors greatly miss a public hospital.

John Inkester, who has been in the employ of the Fairland Co. for some time, has left their employ.

FORT SASKATCHEWAN.

Bulletin News Service. T. H. Mason, of Edmonton, is spending a couple of weeks in the Fort, the guest of Mr. and Mrs. J. J. Lilly.

Winifred Paul spent a few days in Edmonton this week and contributed a vocal number at the first fancy dress carnival of the season...

The first fancy dress carnival of the season was held on Friday night last on the Arctic Rink. There was a large crowd, and the ice work served the purpose for an enjoyable evening.

Among the many fancy costumes the following were awarded prizes: First prize (ladies), Miss Loin Carscadden, representing "Miss Canada"; 1st prize (girls), Miss Alma Morgan, representing "Fairland"; 1st prize (men), John Alton, representing "Indian"; 1st prize (boys), Alex. Baxter, "Santa Claus".

Word has been received in town from Dr. Robinson that Dr. Robertson, whose practice here he took over a year ago, has decided not to return as soon as he had expected, but will pursue his studies in London.

The amateur play, The Barriater, will be presented on February 4th by the local dramatic club, when the crowded house of last year will no doubt be repeated.

Mr. and Mrs. Rudolph Felling have moved into their new home at the corner of the street.

Gardner & Sons moved this week from their quarters in A. R. Fowler's shop to Kaiser's old stand, next East Side drug store.

RED DEER.

Bulletin News Service. A. A. Steed, of Calgary, is in town. Mrs. A. T. Stephenson entertained to \$600 last night.

Wilfrid Peterson, accountant at the Great West Lumber Company's camp, near Olds, has been in town for the past few days.

The preliminary hearing of a forgery and perjury case is now being held before Justice Wallace.

The fire brigade hockey team defeated the Wigwags in last night's City League game by the score of 9 to 0.

The game was too one-sided to be a good exhibition of hockey, and there was considerable rough work on both sides.

Houston scored the first goal for the firemen in five minutes, and from then on the firemen had a walk-over, scoring five more goals in the first half.

Several penalties were handed out. Richards, of the Wigwags, and Houston, of the brigade, being the chief offenders.

In the second half the firemen contented themselves by scoring three goals, the score 9 to 0 in their favor.

The line-up was as follows: M. Wigwam - Hambley, goal; Eyer, point; McCutcheon, cover; Brown, rover; A. Cornett, right; Reinhold, left.

Robinson is expected home to-night.

LOVDMINSTER.

Bulletin News Service. The annual meeting of the Public Hospital was held in the Masonic Hall on Wednesday, January 9th.

There was a large attendance of citizens. H. C. Lyle occupied the chair as Secretary Daley read the report, which was very complete and satisfactory, showing the hospital to be in good, sound financial condition.

The following directors were elected: Mayor H. B. Hall, Mr. Daley, H. C. Lyle, Mr. Kiv, R. W. Miller, Dr. Hill, Dr. Amos, George H. D. Range, James Cummings, Rev. Carruthers, and Mrs. Thompson and Mrs. Daley represented the ladies. A resolution was adopted requesting the town council to take over the hospital as a municipal institution, and Rev. Carruthers and Geo. H. D. Range were appointed to wait on the council and lay the matter before them.

Geo. Flannick was appointed auditor. Murray Miller is in Edmonton on business.

Robinson is expected home to-night.

EDMONTON BULLETIN

Harry Bowtell was in town on Saturday. The election for councillors in Local Improvement District No. 2544...

The ladies of St. Anthony's church are holding a shawl social at the home of Mrs. James Fitzgerald on Wednesday evening at half past eight.

The St. Vincent de Paul Benevolent society held a very enjoyable social last night in the Orange hall. There was present a large number of Englishmen and their friends who spent a very enjoyable time.

Work has been begun on the trench for the sewer from Main street to First street west, connecting with the Oddfellows' Building. About 25 men are employed under the supervision of George Gilliland.

The public works committee of the City Council have accepted the tender of ex-Alderman Hulbert for hauling 2,000 yards of gravel to the central part of the city.

H. Wapshot has bought the business of the Alberta Sales Stables and also the implement business of J. A. Coulson & Co.

A social in aid of the Holy Trinity Church of the home of Mrs. George Matthews' Hall on Friday evening. The town drilling wall No. 1 has been completed, and a splendid flow of water obtained.

Other wells will be sunk as soon as the weather permits.

The Rev. Mr. McLenahan spent Sunday in town, the guest of Mr. C. Anderson.

Waller & Sidwell have sold out their butcher business at the Strathcona Hotel. The concern and their lady friends are invited.

A pie social was given last evening by the ladies' aid of the Methodist Church in aid of the Strathcona Hospital. There was a large attendance of members of the society and a very enjoyable time was spent.

The Leap Year skate last night at the Strathcona rink was one of the largest attended of the winter. It is probable that another Leap Year skate will be given by the management before the end of the season.

STRATHCONA NEWS

Montreal Star: Those things which Hon. Mr. Lemieux has done and those which he has left undone will we presume, be officially matters of history written in a few lines of his biography with him, however in his indignation with the American Associated Press reports censuring his conduct in the case of the assistance and co-operation of the United States Ambassador at Tokio.

Whether Mr. Lemieux called upon the Hon. Mr. Mackenzie Bowden to resign when he called upon him, is more or less his own private affair. He has not been sent to Tokio by Canada for any such purpose. We do not feel it necessary to have our representative go to the court of the Hon. Mr. Mackenzie Bowden to get a great bird as the American eagle. The British Ambassador should be quite sufficient for us. We stand in somewhat different positions from our neighbors. Canada is one of the self-governing countries composing the British Empire. The United States is not. We have a commercial treaty with Japan; the United States has not. Our representatives sent to talk over with the advisers of the Mikado certain terms dealt with in our treaties with Japan. To have sought the co-operation of the United States—whether of a social or informal—any such conference would have been singular in its place. The mission of Hon. Mr. Lemieux's mission will be fair subject for criticism by Canadians when it is known, but we venture to say no great number of British subjects in this country will blame him for not asking the United States Ambassador to help him.

INFORMING THE FARMERS.

Ottawa, Jan. 17.—Seen today in regard to further seed tests, Dominion Seed, Premier McBride and six thousand bushels, containing detailed vitality tests of more than two thousand samples of western grain of the crop of 1907...

The death is announced of Mr. Frederick Stappole, A.R.A., at the age of ninety-four. Among the pioneers of the West, he was a member of the "Circle," Lady Butler's "Roll Call," and Holman Hunt's "Shadow of the Cross."

According to ancient custom winter was proclaimed at Colchester after the stroke of midnight on December 14th, by the town crier, who declaimed—"The trees are bare, the birds are bare. A pot and toad would be very well suit."

The Surrey education committee has inaugurated a scheme of trade scholarships, passed between Secretary of State Scott, Premier McBride and Lieut.-Gov. Dumsuir regarding the latter's refusal to sign the Natal bill of last session, may be brought down in the House early, Liberals having given notice that they will on Monday make this demand. It will clear up the question of venality between McBride, and Templeman, very here for six months. The Socialists will on Monday renew their attempt to impeach Dumsuir.

Webb in East Northumberland. Warkworth, Ont., Jan. 16.—At the East Northumberland Liberal convention here today, E. L. Webb, barrister of Colborne, was nominated for the legislature.

No Japs on Board. Vancouver, Jan. 16.—A cable from Honolulu today says: "No Japanese aboard Miowara, consequently new regulations will not be tested."

IN MERRY ENGLAND AND OLD SCOTLAND

The News in Scotland. The sum of 776 pounds has been raised for the Lochiel monument. There is an average attendance of 33,755 at the Edinburgh board schools.

The News of the Commercial Centre of the West. The Elsenham Sparrow club has killed 49,729 sparrows in 17 years.

The Prince of Wales hospital, Tottenham, recently received an anonymous gift of 2,900 pounds.

George Lawrence, a printer, shot and severely wounded his wife and then committed suicide at Leeds recently.

Since 1882 the gross membership of the Young Men's Christian associations of the United Kingdom has grown from 45,965 to 169,868.

Mr. John Wallace, ex-postmaster of Brixton, who was the oldest official on the post office pension list, died a few days ago, aged 92.

A stone, which geologists agree had been used by man to grind their teeth, has been found in the middle of a wheat rick at Colebrook, Devonshire.

The executive of the Essex Agricultural society has decided to offer prizes for Essex grown wheat at this exhibition, to be held at Colchester.

Mr. George Alexander is giving a special music at the Strathcona rink on Friday, January 17, in aid of the Provision of Meals for Children fund.

Messrs. Thornycroft & Co. have earned under their contract a bonus of 12,000 pounds from the admiralty by the successful work of their Tarter in her recent trials.

Testimony to the mildness of the season was given by the fact that Mr. Marsh, the oldest member of the Institute of Civil Engineers, died at Bath on the 14th ult., aged 89.

A retired wine merchant, Mr. Richard Boring, died at leaving behind him 3,000 pounds to the Shakespeare Memorial committee for the purchase of a memorial to the poet in London.

A tremendous gas explosion occurred at the works of the Birmingham and Manchester Railway Co. on Saturday last, when a large number of workmen were killed.

The engineer on an express train between St. Pancras and Manchester was killed by the collision of a passenger train on Christmas day. Two passengers fell across the track in front of the train and both were killed.

A number of suffragists disguised as men, attempted to break into the train and both were killed.

The death is announced of Mr. Frederick Stappole, A.R.A., at the age of ninety-four. Among the pioneers of the West, he was a member of the "Circle," Lady Butler's "Roll Call," and Holman Hunt's "Shadow of the Cross."

THE INDUSTRIES OF EDMONTON

The Alberta Milling Co., Limited.

There are doubtless many people in Edmonton and the surrounding country who are unaware that in this city a flour mill larger than any on the C. & N. R. railway line on the C. N. R. between here and Winnipeg. Such, however, is the fact and the shareholders of the Alberta Milling Co., Ltd., have the pleasure of knowing that their plant, which was built less than three years ago, is monthly growing in the amount of its production and the extent of the markets for its manufacture.

chopped for feed. The greater part of the market for this product is the local dairymen. In Middle Busy Season. The busiest season of the year is from September until May. In mid-summer the mill is usually closed down for cleaning and repairs. At times the rush is so great that the plant is taxed to its utmost capacity, and is compelled to run for the entire twenty-four hours.

The Alberta Milling Co., Ltd., put five grades of flour on the market. They are as follows in a descending scale of excellence:—Capital No. 1 Patent Superior Strong Bakers Straight Grade. The flour is put up in bags of 24, 49 and 98 pounds; no barrels are used. The market for the flour is found in the local trade, along the C. N. R., as far as Battleford, and in British Columbia.

SOVEREIGN BANK GOES TO WALL

Could Not Weather Financial Stringency on Top of Initially Reckless Policy.

Toronto, Jan. 19.—The enforced liquidation of the Sovereign bank announced yesterday as being forced by the anxiety of the depositors, and which was immediately followed by a statement on behalf of the Bankers' association that the assets would be taken over by other financial institutions, all liabilities paid, is the sole topic of conversation here this morning in financial circles.

COLEMAN WAS KILLED IN B.C.

Tragedy of the North Occurred Two Miles Over Border. Sergeant Anderson Reports.

There is every probability that Edmonton will in the next few months witness a big murder trial, in the charge against Fred W. Trumper, similar to that of Charles King some years ago, in which the witnesses will have to be brought from the far north to give evidence at great expense to the provision. No decision as to what action will be taken has yet been arrived at by the Attorney-General's Department, which will likely consult with British Columbia government before a decision is reached.

Sergeant Anderson, of Peace River Crossing, arrived at the R.N.W.M.P. barracks yesterday afternoon with the news that Fred W. Trumper, the murderer of George W. Coleman up north near Fort St. John, and close to the boundary between Alberta and British Columbia, had been shot and killed by Trumper. The location where Coleman was killed by Trumper, the latter claims in self defence, is situated about 175 miles in a direct line from Edmonton, but a much greater distance by the trail. Trumper was taken down to Fort Saskatchewan last night.

Last night Sergeant Anderson reported the facts to Major Constantine, who has command of the northern district. The facts are practically as before stated. Trumper claims that Coleman threatened to shoot him, and in self defence he hit him over the head with an axe. It was Sergeant Anderson that some three years ago arrested Charles King for the murder of his partner, Hayward. King was tried in Edmonton and afterwards hanged at Fort Saskatchewan.

French Financial Minister Talks

Paris, Jan. 16.—An interview with Financial Minister Caillaux has been made public, in which the French financial situation is contrasted with that of other countries. The minister calls attention to the enormous assets of the French government and the common sense held against their liabilities. "Within forty years," M. Caillaux declares, "these will be increased, by the escheating to the local authorities of valuable franchises, such as light-railways, and between 1950 and 1960 all the railroads will become the property of the nation."

THE NEW FRANCO-CANADIAN TREATY

Hon. Mr. Fielding Introduces Bill to Ratify Advantageous Commercial Treaty.

Ottawa, Jan. 14.—Hon. Mr. Fielding, introducing a bill in the House today to ratify the Franco-Canadian treaty, made an able and forceful presentation of the whole matter, and a lucid explanation of all the details in connection with the schedule accompanying it. There was nothing in his words that might be construed to take any credit to himself for the excellent work he had accomplished in securing for Canada so good a trade agreement with France, although he might very well have done otherwise. He rendered the negotiations by the Imperial authorities, although that assistance was purely of a commercial character. Nevertheless, it was prompt and valuable and the fact that everything was left to Canada was all the more to be commended.

The Sovereign bank was reorganized May 31 last, at the request of the foreign stockholders, who had become alarmed at the policy of the bank. The bank had been looking into it, and was discovered that the management had been unwise. After the affairs of the bank had been looked into it was discovered that the management had been unwise. After the affairs of the bank had been looked into it was discovered that the management had been unwise.

CHEAP RATES TO WESTERN CANADA

Burlington Route Announces Reduced Rates to Canadian Northwest.

Chicago, Jan. 18.—Something of a bomb has been thrown into the ranks of the Western Passenger association officials in the form of an announcement by the Burlington road, which is the road of its intention to run homeseekers' excursions in connection with the Great Northern and Northern Pacific, and W. R. Hayes, first in Northwest Canada on the points in north Tuesday of each month throughout the current year. Rates for these excursions will be a fare and a half, plus \$2 for the round trip.

ASIATIC QUESTION AN IMPERIAL ONE

Lord Elgin Forced To Approve Transvaal Legislation—A Rebellion, Threatened—Application of Act Creates Danger in India.

New York, Jan. 17.—The Sun has received the following cable despatch from London: The great problem of the mixing of the Asiatic and white races is coming to a speedier and graver issue elsewhere than in the dispute between the United States and Japan. A crisis in South Africa has already developed so rapidly that the Home government finds itself confronted by the most serious Imperial question it has yet encountered. The courts of Pretoria and Johannesburg imposed sentences of two and three months' imprisonment on Friday upon several prominent natives of India who had refused to furnish finger prints and other means of identification as a condition of remaining in the colony. Thousands of Indians in both cities have held mass meetings and processions in protest against laws applicable only to criminals or slaves. Resolutions were adopted setting forth: "We welcome the humane sentences as a test of Indian suffering; but for the sake of humanity and the Empire we deplore them. The sentences notwithstanding, we are resolved to continue the struggle which we have undertaken in the name of God."

ASIAN QUESTION AN IMPERIAL ONE

Threatened With Rebellion. The Indian portion of the community recently asked General Smuts, Colonial Secretary of the Transvaal, to receive a deputation, but he refused. There the matter rests for the any British Government to defend or moment, but it will not rest for long. The situation is an impossible one for

Winnipeg's High Fire Rates

Winnipeg, Jan. 17.—Winnipeg can expect no reduction in its fire insurance rates for some time to come, according to a statement made by W. H. Birch, secretary of the Manitoba and Northwest Underwriters. A query as to when the underwriters would put into force their verbal agreement to reduce rates on account of the installation of the high pressure system, brought back an answer from Mr. Birch to the effect that the members of the Manitoba and Northwest Underwriters, who had not taken over the plant, and the contractors were still operating it. The plant had not yet become

Locomotor Ataxia Cured by Dr. Williams' Pink Pills

Read the Strong Testimony of a Man Who was Helpless for Years and Whom Hospital Doctors Said was Incurable.

Locomotor ataxia is a disease of the spine, characterized by peculiar disturbances of the gait, and difficulty in governing the motion of the legs. As the disease progresses there is a total inability to walk. One of the earliest signs is a tired feeling particularly in the knees and ankles. Often a numb feeling is associated with the disease. The doctors told me I had locomotor ataxia, and that there was no help for a period of years, the increase in my legs again. I returned home to my wife and children, and I was a helpless cripple, and that death only could bring relief. I gradually grew worse and worse. There was absolutely no feeling in my legs. I lost control of both bowels and bladder, and suffered great torture from a grinding pain about the waist. I was in fact a complete wreck and could scarcely sleep at night. Finally a friend asked me if I had ever tried Dr. Williams' Pink Pills, and on my saying no, he got me a supply and I began to use them. It was quite a while before I found any benefit, but finally relief began to come. The pains about my feet ceased. I slept better and my appetite was better. Then the feeling gradually returned to my legs, commenced. It is dangerous to delay taking the pills after the presence of the disease is recognized, although this medicine has wrought cures in many cases of long standing.

We give the following statement of Mr. Henry Farner, a well-known resident of Delta, Ont., in proof of the claims that I am making. This is a true story, and about our great benefit I have derived from the use of Dr. Williams' Pink Pills. Some years ago, while working on the Grand Trunk Railway, I injured my back \$2.50 from the Dr. Williams' Medicine Co., Brockville, Ont.

SKIN, HORSE HIDES AND GATTLE HIDES

and all other kinds of RAW FURS bought for spot cash. 10 to 20% more money for you to ship Raw Furs and Hides to us than for other buyers. All about our HUNTERS' & TRAPPERS' GUIDE A \$10.00 Best thing on the subject ever written. Illustrating all Fur Animals, 300 pages. All about trapping, and about our "Secrets." Write and how to hunt and trap. Price \$2.00. To our Shipments, Dept. of Agriculture, Ottawa, Ont.

W. H. Storey & Son, Limited, Acton, Ontario.

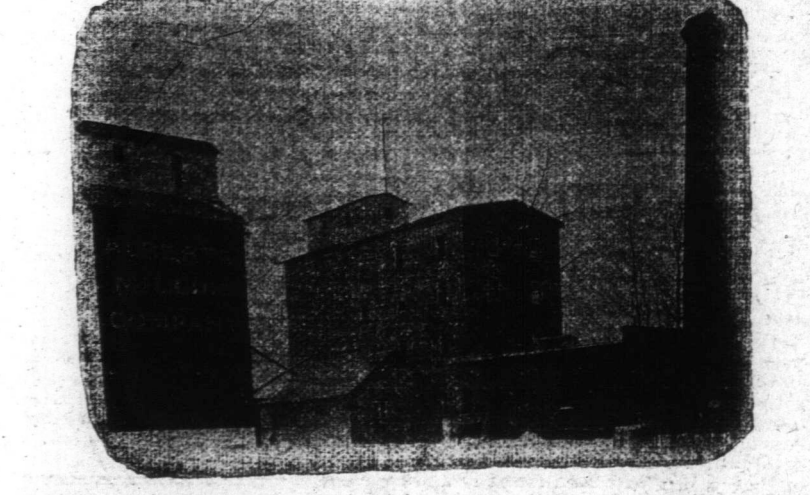

CANADA'S OLDEST GLOVERS

A lame horse is a dead loss.

It costs as much to keep a lame horse, as it does a horse in harness — and the cripple brings nothing in. You can't afford to support the stock. You've got can't afford to be without.

Kendall's Spavin Cure

It takes away the pain and stiffness from Sprains and Bruises—draws the soreness out of Strained Muscles and Tendons—CURES Spavins, Soft Bunches and Swellings. Used for two generations and thirty-four nations. I have used Kendall's Spavin Cure of a year standing, which has entirely cured the lameness in my horse. Another bottle of the Spavin Cure, I am sure, will complete the cure. Write to Dr. B. J. Kendall, 1000 Main Street, Montreal, Quebec, Canada. You will find a need for it every where. DR. B. J. KENDALL CO., ENOSBURG FALLS, VERMONT, U.S.A.

300 Barrel Mill and Elevators With Co. of the Alberta Milling Co., Ltd., Edmonton.

300 Barrel Mill

The new mill was completed and started operation in February, 1906. Its present capacity is 300 barrels a day. The main mill building is 54x34 feet, four stories high, with a brick annex for an engine house on the southern side. On the northern side is an elevator with a capacity of 40,000 bushels and a little distance removed is another with a capacity of 80,000 bushels. Power for operation of the machinery which is the most up-to-date procurable, is furnished by a 200 h. p. Wheelock engine.

ASIATIC QUESTION AN IMPERIAL ONE

Lord Elgin Forced To Approve Transvaal Legislation—A Rebellion, Threatened—Application of Act Creates Danger in India.

New York, Jan. 17.—The Sun has received the following cable despatch from London: The great problem of the mixing of the Asiatic and white races is coming to a speedier and graver issue elsewhere than in the dispute between the United States and Japan. A crisis in South Africa has already developed so rapidly that the Home government finds itself confronted by the most serious Imperial question it has yet encountered. The courts of Pretoria and Johannesburg imposed sentences of two and three months' imprisonment on Friday upon several prominent natives of India who had refused to furnish finger prints and other means of identification as a condition of remaining in the colony. Thousands of Indians in both cities have held mass meetings and processions in protest against laws applicable only to criminals or slaves. Resolutions were adopted setting forth: "We welcome the humane sentences as a test of Indian suffering; but for the sake of humanity and the Empire we deplore them. The sentences notwithstanding, we are resolved to continue the struggle which we have undertaken in the name of God."

ASIAN QUESTION AN IMPERIAL ONE

Threatened With Rebellion. The Indian portion of the community recently asked General Smuts, Colonial Secretary of the Transvaal, to receive a deputation, but he refused. There the matter rests for the any British Government to defend or moment, but it will not rest for long. The situation is an impossible one for
