Hev. Mr. Galbraith, who followed, did not believe in drawing a line of demarcation between Jesuits and Roman Catholics. The fact was that such a line could not be distinctly drawn. The two bodies were now inseparable, for Romanism had adopted the great leading doctrines of Jesuitism. The late agitation had given birth in a very extensive organization—the Equal Rights Association. Every true Protestant and Orangeman should now record his vote against the Jesuit Estates Bill.

Ald John McMillan, President of the City Council, was roundly cheered. He advocated, the old lumbering saying in the backwoods: "Hew to the line, let the chips fall where they may." Party politics must go to the wind, but Orangemen must stand true to their principles.

Rev. Dr. Parker was the next speaker. Patriotic Canadians, said he, might difwhere they may. Party politics must go to the wind, but Orangenien must stand true to their principles.

Rev. Dr. Parker was the next speaker. Patriotic Canadians, said he, might differ on some points, but there should also be harmony and unity amongst them. He believed in the sentiment adopted by a recently organized society, "Eoual rights for all and special privileges for none."

Rev. Bro. Walsh, kate Grand Chaplain. stated that amongst some leading Orangement an uncertainty existed as to the course they should pursue. He looked into the faces before him and there discovered the thoughtful mind, but they were not clear as to their course relative to these critical Canadian questions now before them. He hoped when they went to the poils they would be clear. He also believed that the Roman Catholic Church was at present under the control of the Jesuits. They had reason to be thankful that press and pulpit were agitating this question, but they must remember that underlying all were the poople.

Rev. Thomas White, who has been lecturing throughout the country on Home Rule for Ireland from a Protestant standpoint, took occasion to introduce this question. "There are only six thousand Protestants in Ireland that at all favor Home Itula." said Mr. White. His address

A Chance for AH.

This is an age of progress. Science, art and literature have all made gigantic strides. The earth now wears Shakespheare's girdle. Maching-virbas been brought to a pitch of material as a measily-locking grass-covered plot with 40 foct frontage. It's there for keeps. No one can come along and carry it off. When a customer's financial standing comes up for consideration, the fact that he owns real estate gives him greatly increased facilities for obtaining credit over the man whose real estates is in the air.

To be free from sick headache, biliousness, consti-pation, etc., use Carter's Little Liver Pills. Strict > vegetable. They gently stimulate the liver and free the stomach from bile.

Mr. Alexander Robinson of Exeter, in writing about one of the most popular articles, and one that has done more good to the afflicted than any other medicine has during the short time it has been in existence, says: "I have used four bottles of Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure, and have been cured of Dyspepsia that troubled me for over ten years. Part of that time I had it very bad, and I was at considerable expense trying to get refilief; but this excellent medicine was the first and only relief I received,"

Perfect Hair Indicates a natural and healthy condtion of the scalp, and of the glands through which nourishment is obta When, in consequence of age and disease, the hair becomes weak, thin, and gray, Ayer's Hair Vigor will strengthen it, restore its original color, prom

rapid and vigorous growth, and impart to it the lustre and freshness of youth. I have used Ayer's Hair Vigor for a long time, and am convinced of its value. When I was 17 years of age my hair began to turn gray. I commenced using the Vigor, and was surprised at the good effects it produced. It not only restored the color to my hair, but so stimulated its growth that I have now more hair than ever before.—

IF YOU ARE SUFFERING from debility and loss of appetite; if your stomach is out of order, or your mind confused; take Ayer's Sarsaparilla. This medicine will restore physical force and elasticity to the system, more surely and speedily than any tonic yet discovered. For six months I suffered from liver and stomach troubles. My food did not nourish me, and I became weak and very much emaciated. I took six bottles of Ayer's Sarsaparilla, and was cured.

PARESIS.

The frightful

Why are they there?
Paresis!
Did it come on at once?
Not at all. It was a gradual but positive growth. They overtaxed nature. The drain on their vitality, their nerve powers, their brain tissue, was too great, and they gradually but surely sank under it. The things they did to bring this sad end about are precisely the same things that are being done by thousands of men and women to-day. It is not necessary to name them. They all end disastrously unless checked or regulated.

Prof. Phelps, of Dartmouth College, knew this fully when he began his experiments which resulted in the discovery of the wonderful Paine's Celery Compound. He realized that paresis (consumption of the brain) was our great National weakness. He knew that the brain and nervous system must be fortified to meet the great strains which modern life bring upon it. He saw that men were becoming debilitated and women weakened by the pressure and demands of life, and he sought and discovered the remedy Paine's Celery Compound, if rightly taken, will renew the brain and build up nerve tissues as fast as they become exhausted. It is not a narcotic. It contains no drugs, no nostrums. It is perfectly pure. It is absolutely harmless. The high character of its discoverer guarantees this, and the indorsement of the medical and chemical professions prove it.

Manufacturers of Refrigerators.
We the indersigned, thoroughly inspected the Butchers Refrigerator of Cooling Room you had in operation in the Carriage Buildings at the last industrial Exhibition, and have no hesitation in pronouncing it to be the best box we have ever seen. The box was in operation for the full time (two weeks), having large quantities of meat in it most of the time, and no sign of condensation. The provision chambet was perfectly dry and of extremely low temperature, and more surprising still, above the ice or upper colling it was as dry as below.

Our Large Pedal Organs and Chapel Styles

Are better for medium and small-sized churches than Pipe Organs or Vocalions and at half the cost. They contain Scribner's Qualifying Tubes, of which patent we have been the sole owners for 15 years past, and the patent having lapsed has now become public property.

All intending purchasers should see our instruments and get prices. Catalog free.
