The copy filmed here has been reproduced thanks to the generosity of:

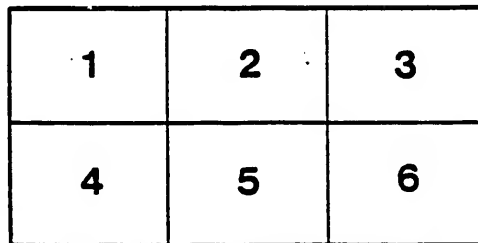

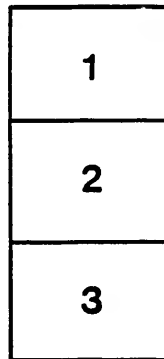

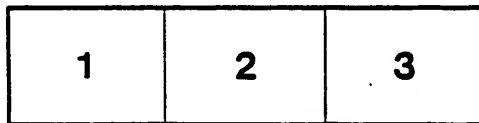

Archives of Ontario  
Toronto

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol  $\rightarrow$  (meaning "CONTINUED"), or the symbol  $\nabla$  (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Archives of Ontario  
Toronto

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole  $\rightarrow$  signifie "A SUIVRE", le symbole  $\nabla$  signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

Industry.

That whereas a number of persons have been committed to the House of Industry capable of performing quite a considerable amount of work :

And whereas those the best able to work have been discharged by order of the various Reeves committing them to the Home, and this is done at opening of the season, when their labor would be valuable on the farm :

And whereas it is necessary to hire other labor or cultivate less land, thereby increasing the expenses of maintaining the Home :

Be it therefore resolved that no inmate be allowed to leave the Home in the spring, whose labor would be of value to the County, unless the Reeve or Reeves giving such orders have a good guarantee that they will not again apply for admittance to the Home in the fall. Carried.

The hour of adjournment having arrived, the Warden left the chair.

#### REPORT OF INSPECTOR OF HOUSE OF INDUSTRY.

*To the Warden and Councillors of the County of Welland, in Council  
Assembled :*

I take pleasure in submitting the following report as Inspector of the House of Industry of the County of Welland for the year 1889.

In my last report, presented at January Session of '89, I ventured to say that at the end of the year the report to be made for the year would be very much better than for the broken year 1888.

which shewed the weekly expenditure for the first six months the Institution was open at \$2.31 1/2 each. My assertion has been borne out fully to my expectation. Everything has moved along in a pleasant way generally during the year, with the exception of the investigation, which, for the slight interruption it would necessarily cause, and probably to the general interest of the Institution: all in connection with the Home have devoted themselves to the interests of the County, and have as the fruits of their labor the satisfaction of being able to assist me in presenting a report which will compare favorably with any similar Institution.

We have had pleasure in receiving 1193 visitors during the year, all of which have spoken very complimentary of the way the Institution was conducted.

The following particulars required under the By-law governing the Institution I beg to submit:

Number of inmates in the Home at last report . . . . .	58
Number admitted during the year . . . . .	42
Number of vagrants committed . . . . .	1
Number born in the House . . . . .	1
Number of deaths . . . . .	11
Number of children sent out on trial . . . . .	1
Number absconded from the Home . . . . .	3
Number discharged during the year . . . . .	22
Number now in the House . . . . .	49

Number of inmates admitted from the several Municipalities within the County during the year as follows:

Bertie Township . . . . .	1
Humberstone Township . . . . .	2

Fort Erie Village . . . . .	3
Niagara Falls Village . . . . .	6
Niagara Falls Town . . . . .	1
Sent from the Jail . . . . .	1

The various causes of pauperism of persons admitted during the year are infirmity and vagrancy.

The number of inmates from each Municipality and number of days in the House :

The foregoing particulars I trust may be found satisfactory, as I have endeavored to give all information which will be found necessary to form an intelligent opinion of the working of the institution for the year 1889.

In conclusion, I wish again to draw the attention of Council to the great importance of procuring water supply before another season. There are now 30 or 40 or more men in Jail being kept at the County expense, when they could be laying water-pipes from the Home, and pipe can now be bought very, reasonably; besides having a supply we could have fire protection. It would be a very sad matter

indeed to have a fire occur at the Home, and no means of helping ourselves ; and with so many old people as are there, it seems to me at least the County are morally bound to protect them.

I also wish to draw the attention of the Council to the importance of defining more particularly the class of inmates to be admitted, otherwise it will soon be an asylum, which as I understand it was not the intention. There are several persons now in who should be at a Provincial Asylum, for which the County pays their proportion.

There is no reason why, if the County see proper to keep this class of persons, they should not do so ; but to do so some provision will have to be made by way of separate cottages, where they can be confined and cared for. The man Ward, sent by Niagara Falls, was admitted upon condition that the physician reported that he was a fit and proper person to be admitted. The physician reported adversely that he was a fit and proper person ; the Town was notified accordingly, and they object to remove him. It would be well to know who governs the Institution, so that we will not be running into contact with any person in trying to fulfil our duty. The By-law governing says that admission from Niagara Falls shall be by arrangement by the Committee, for the time being, and the Town of Niagara Falls.

On behalf of myself and those who have to go frequently to and from the Home, I ask that we may have a one or two-plank walk, as it has been almost impossible to get to the Home during the Fall and this Winter thus far. The walk can be put down by the inmates ; the expense would simply be the planks.

After the experience of the last year, I can only add to my good opinion of the Keeper and Matron of the Institution, and would recommend an increase of salary for the Matron, as I think she justly deserves it.

As many new members are in the Council this year, I would respectfully extend an invitation to all to visit the Institution, which would enable them to speak with more precision when matters relating to the Home are brought forward before Council than they otherwise could.

REPORT OF SPECIAL COMMITTEE APPOINTED TO  
CONSIDER COMMUNICATION FROM I. P. WILSON.

Your Committee appointed to consider the communication of Mr. I. P. Wilson, beg leave to report as follows :

Your Committee met Mr. Wilson, who suggested that an additional window be cut through the Court House wall in the west side of his room. Your Committee are of the opinion that this would be inadvisable, but beg leave to recommend that a full-length glass window or glass door be substituted for the present wooden and glass door in the said room, with the view of increasing the supply of light as he desires.

All of which is respectfully submitted

REPORT OF JAIL COMMITTEE ON HEATING.

*To the Warden and Council of the County of Welland, in Council Assembled:*

Your Jail Committee, who were instructed by resolution of your Honorable Body to advertise for tenders for the heating of Turnkey's residence by connection with the system already in use, and the heating of Jailer's residence by hot air furnace, beg to submit the following report thereon:

Tenders were duly advertised for, as instructed, and the under-mentioned received:

## TURNKEY'S RESIDENCE STEAM HEATING.

R. F. Carter & Co., excepting bath-room . . . . .	\$150 00
Thomas Mains . . . . .	275 00
Thompson & Co. (steam and hot air) . . . . .	368 00
Gross & Son . . . . .	268 00
W. B. Chambers . . . . .	365 00

## JAILER'S RESIDENCE HOT AIR FURNACE.

W. B. Chambers . . . . .	200 00
Cole & McMurray, Monarch furnace . . . . .	122 00
Cole & McMurray, Pease furnace . . . . .	170 00
R. Garner & Son, Monarch . . . . .	139 00
P. McMurray, Monarch . . . . .	124 50

The tender of R. F. Carter & Co. for heating the Turnkey's residence, being the lowest, was accepted by your Committee, and they were ordered to proceed with work at once.

Your Committee at same time gave Carter & Co. orders to heat bath-room, which has been done at a cost of \$17.00.

Mr. Carter being present advised your Committee to have main steam pipes and return pipes under the floor felted and covered with asbestos paper, which would materially save fuel and heat, and that the cost of such work would be saved this season. He gave your Committee an estimate of the cost thereof, and they considered it would be economy to carry out Mr. Carter's suggestions, and therefore they concluded to have the work done.

There has been covered with asbestos, felt and canvas about 500 lineal feet, running from 1½ inches to 4 inches in diameter. There yet remains about 30 feet of 2-inch pipe to be done in Turnkey's room in basement, also return pipes under the floor of main building. The return pipes under Turnkey's residence are covered with asbestos, felt and gauze-wire instead of canvas, to prevent rats from tearing off the felt.

In the opinion of Mr. Thomas Mains, the person who did the work, and who has been employed around the jail at various times, there is saving of fuel since pipes were covered, notwithstanding the

extra amount of steam used in heating Tarnkey's residence, amounting to about 200 square feet of heating surface exclusive of pipe, of about one half ton of coal per week.

The following is the amount of cost of said work :

415 square feet of $\frac{3}{4}$ hair felt at 9 cts.	\$37 35
13 " " " asbestos paper at 25 cts.	10 75
Freight and cartage	1 50
Thomas Mains, for 15 days' work for covering and painting pipes at \$2.00	30 00
Material for covering pipes I. E. canvas, wire, paint, etc	16 88
	\$96 48

Therefore a saving of one-half ton of coal per week, or say two tons a month for eight months, making 16 tons thereby : saving in fuel at \$4.80 per ton, the price per tender this year, of \$76.80, being within \$20.00 the first year of the cost.

Regarding the action of your Committee in not accepting any tender for the heating of the Jailer's residence by hot air, and deferring the matter to be laid before your Honorable Body at this session, we beg to offer in explanation the following :

On opening the tenders for heating Jailer's residence, we found one giving an estimate of heating by steam, from Carter & Co., at or about \$300.00. This sum being so far below the cost of such heating as anticipated by the Council at last Dec. session, and your Committee being largely in doubt from information as to a hot air furnace placed in said building, owing to its exposed condition, being capable of warming it without a much larger consumption of coal than a hot water or steam system would require, they, with the same view as prompted the covering of pipes, viz., economy of fuel and more heat, and in view of the Jailer agreeing to pay the rent of house occupied by him during delay occasioned by deferring the adoption of heating system, concluded to lay the matter before your Honorable Body, after advertising for tenders for hot water and steam heating, which was done, and the following ones were received :

Thompson & Co., hot water	\$284 00
R. F. Carter & Co., steam	330 00

Your Committee therefore recommend that the tender of Messrs. Thompson & Co. for heating by water at the sum of \$284.00 be accepted.

The heating of the Turnkey's residence is completed, and very satisfactory, the steam heating working like a charm.

Your Committee recommend the payment of the following accounts, and that the Warden issue his check for same :

R. F. Carter & Co., contract	\$150 00
Material for pipes, freight and cartage	49 60
Heating bath-room	17 00
Thomas Mains, covering pipes	30 00

All of which is respectfully submitted.

## REPORT OF COMMITTEE ON HOUSE OF INDUSTRY.

*To the Warden and Councillors of the County of Welland, in Council Assembled :*

Your Committee on House of Industry, to whom was referred the communication from Mr. Hemming asking for an increase of salary for the Matron, beg leave to report that they cannot recommend any increase at the present time, taking the view that though

the salary of the Matron may seem small, the combined salaries of the Keeper and Matron, together with board for themselves and family, medical attendance, medicines, etc., are sufficient remuneration for their services. If the proportion of division of salary as between Keeper and Matron is not considered proper, it might be adjusted by taking \$50.00 off the salary of the Keeper and adding it to that of the Matron.

REPORT OF JAIL COMMITTEE *RE* JAILER'S AND  
TURNKEY'S RESIDENCES.

*To the Warden and Councillors of the County of Welland, in Council  
Assembled :*

Your Jail Committee beg leave to submit their report *re* Jailer's and Turnkey's residences :

The Council at last December session having accepted the Inspector's report of the completion of the buildings :

Your Committee, after waiting the 35 days to guard against mechanics' liens, settled with Messrs. Dickenson & Sues for the erection of said buildings.

The balance due at date of last report to contractors was . . . . . \$809 00

The amount paid to them as follows :

Cash per cheque . . . . .	\$768 95
Cost of papering Jailer's residence [13] . . . . .	15 05
Amount retained to cover painting of roof, etc. . . . .	25 00
	\$809 00

The mantels for the residences have been received and placed, costing as follows :

Invoice price of mantel and hearth	\$ 50 00
Freight and cartage	1 66
Setting mantles and hearths	17 83
	\$69 49

The Jailer's residence has been papered in lower rooms and hallway at a cost to this County of \$30 10

The cost of papering and painting basement of Turnkey's residence is \$11 57

It has been found necessary to have the lower rooms in Turnkey's part of his residence, owing to paint stains on the walls, papered. It was thought they might be removed by fine sand or emery paper, but on trying to do so failed. The cost of same is \$12 10

Orders were given to Messrs. Dickenson & Sues to put picture moulding around the walls of residences, also a register in bath-room of Turnkey, which has been done, costing \$12 00

Your Committee would recommend the payment of the following accounts, and that the Warden be authorized to issue his cheque for the same :

Millichamp & Co., mantles	\$50 00
M. Vanderburgh, setting mantles	17 83
C. Tuft, cartage, etc.	1 66
H. A. Rose, wall paper	39 54
S. Heckadon, moulding	12 00

All of which is respectfully submitted.

APPENDIX C.

MEMORIALS.

*To the Honorable the Minister of Militia, Ontario*

The memorial of the Council of the County of Welland, in Council assembled,

HUMBLY SHewETH :

That the officers of the several Volunteer Corps in Ontario and other Provinces of the Dominion of Canada are from time to time compelled to place themselves in the embarrassing position of soliciting pecuniary assistance from local Municipalities and private generosity in order to complete the equipment of their men :

And whereas the Council is credibly informed that the present equipment of said volunteer force is in many respects antiquated and incomplete, and in some instances totally unserviceable :

Your memorialists therefore humbly pray that you may be pleased to have such a sum of money placed in the estimates as may be adequate to provide for the equipment of the said Volunteer Corps in a modern and serviceable manner.

And your memorialists as in duty bound will ever pray.

Passed in Council this 31st day of Jan., 1890.

APPENDIX D.

COMMUNICATIONS.

NIAGARA FALLS SOUTH, Jan. 9th, 1890.

*To Warden, County of Welland :*

DEAR SIR : -Would you kindly ask your Council to make the usual grant of \$25.00 to the Farmers' Institute. I enclosed a printed copy of our Constitution and By-laws. We endeavor to advance every branch of the farmer's business. We have about 75 members already, and have held three successful meetings recently. We expect to hold a meeting at Allanburgh on the afternoon of Feb. 8th, and would like to have the assistance of all of the members of your Council. Should any of your members have any doubts about the propriety of making this grant, I will be glad to make necessary explanations at a convenient time.

Yours truly,

(Sgd.) E. MORDEN,

Sec.-Treasurer Welland County Farmers' Institute.

COUNTY CLERK'S OFFICE,  
BRANTFORD, 10th November, 1889.

SIR: I am instructed by the County Council of the County of Brant to enclose to you a copy of a resolution of that Council as underwritten, and to ask the co-operation of your Council therein:

" Moved by Mr. Clark, seconded by Mr. Lapierre,

" Whereas, at the session of the Legislature of this Province, held in the year 1888, an Act was passed making all the stock of farmers, dairymen and stock-breeders exempt from taxation, thereby causing a great amount of injustice to a large majority of the ratepayers of this Province: Therefore be it resolved that the Clerk be authorized to draw up, and the Warden sign on behalf of this Council, a memorial to the Honorable O. Mowat praying that at the next session of Parliament he will introduce a measure and carry into effect that which will leave the assessing of stock in the same position as it was before the exemptions were made.

" And that the Clerk do get one hundred copies of this resolution printed, and mail one copy thereof to each County Clerk in the Province, and ask the co-operation of their respective Councils in the matter."

I enclose a copy of a petition to carry out the above resolution, for adoption by your Council, should it concur therein.

I have the honor to be, sir, your obedient servant,

(Sgd.) H. McK. WILSON,  
County Clerk, County of Brant.

To the County Clerk of the  
County of Welland.

HON. S. H. BLAKE,  
President.

S. E. ROBERTS, ESQ.,  
Secretary.

TORONTO, January 15th, 1890.

*To the County Clerk:*

DEAR SIR: I write, on behalf of the Prisoner's Aid Association of Canada, to solicit a renewal of the annual grant in behalf of the funds of the Association. We are extending a helping hand to prisoners from every County in the Province, and we trust that every County will, in turn, extend to us a helping hand. Copies of our Annual Report will be forwarded after the next Annual Meeting.

We also desire to secure the co-operation of the County Councils in the cause of prison reform. We are asking the Ontario Government to appoint a commission to look into the whole question of our prison system, with a view of adopting the best means of dealing with the criminal classes, and we are asking the County Councils to join us in this request. Blank petitions in duplicate are enclosed, which should be signed by the Warden and yourself, if so authorized by the Council. One of these should be returned to me, and the other might be sent either to the Government direct, or through a member of the Local Legislature.

In addition to this we desire the assistance of the County Council in the formation of a Local Society for the assistance of discharged prisoners after leaving Toronto. We would be glad if your Council would appoint a small Committee to co-operate with our Association in this matter.

Please bring these matters under the notice of the members of the County Council at its next meeting, and oblige,

Yours very truly,

(Sgd.) A. M. ROSEBRUGH, M. D.,

Treasurer Prisoners' Aid Ass'n.

Address 131 Church street, Toronto.

Huron County Council petitions in favor of permanent Railway Commissions for the Dominion, and request your Council to cooperate.

(Sgd.) PETER ADAMSON,

County Clerk.

TORONTO, Dec. 17, 1889.

*To the Warden and Members of the Council of the County of Welland, Welland :*

GENTLEMEN: I have recently published a work, very conveniently condensed, on Municipal Finances and Accounts. It embraces tables, showing: - The amount of sinking fund to be set aside yearly to redeem any issue of debentures, and also the amount of principal to be paid each year, in order to reduce to an equal sum the yearly amount to be levied to pay off both principal and interest.

The price of the book is \$5.00 per copy. It is selling freely at that price to City Corporations and Financial Institutions that can easily be reached. Every municipality visited has purchased the work. Some have taken as many as three copies. Every member of a Municipal Council should possess a copy. The work will speak for itself.

If I attempt to reach each Township Municipality separately, it will cost me nearly 40 per cent., or \$2.00 per copy, in expenses or agent's commission. I propose, therefore, to give the Townships and other Municipalities represented in the County Council, the benefit of the cost of sale, provided not less than one copy is ordered

for each of such Municipalities. That is, I would in that case sell the lot at \$3.00 each. The book can be mailed direct to each Municipality, or the lot sent to the County Clerk, as may be preferred.

I have forwarded a copy of the work to the County Clerk for your inspection.

I have the honor to be, your obedient servant,

(Sgd.) WM. POWIS,

WELLAND, January 29, '90.

*To the Warden and Council of the County of Welland, in Council Assembled:*

GENTLEMEN: I am instructed by the Public School Board of the Town of Welland to make application to your Honorable Body for the usual grant to County Model School.

I am, gentlemen, your obedient servant,

(Sgd.) JNO. McCAW,  
Chairman P. S. Board, Welland.

TORONTO, 15th January, 1890.

DEAR SIR:—By direction of the Council of the Ontario Rifle Association, I am instructed to solicit from the Municipal Corporations of the Province of Ontario the donation of ten dollars, which has for some years past been so generously given by them in aid of the Annual Prize Meeting.

This annual grant enables the Association to add to its pro-

gramme a special and additional match, open only to marksmen of this Province, and thus increasing the interest taken by them in rifle-shooting.

I am, dear sir, your obedient servant,

(Sgd.) W. GEORGE MUTTON,  
Capt.-Sec. O. R. A.

The Clerk of the County Council of Welland.

WELLAND, JANUARY 31ST, 1890.

*Mr. G. L. Hobson, Warden :*

DEAR SIR :—I have just heard that the Council have abolished the position of Messenger to the Council. If this is so, please remind the Council that my month ends to-day, and it will be necessary to inform the Caretaker that his duties will commence to-morrow.

I have been in the service of the County and the Government for 16 years, the longest term, I believe, any officer has ever served in this capacity, or in any capacity connected with the jail. I have been Messenger and Caretaker of the Court House, etc., for the past 6 years, and have always endeavored to do my duty to the best of my ability, and it seems to me this action of the Council is not such as my long services would demand.

I have the honor to be, sir, yours faithfully,

(Sgd.) JAMES A. GILCHRIESE.

PORT COLBORNE, Ont., Jan. 28th, 1890.

*To the Warden and Members of the Municipal Council of the County of Welland, in Council Assembled :*

GENTLEMEN : I beg to enclose an application from the Ontario Artillery Ass'n for a grant towards its funds, and request that your Honorable Body will consider the same, and make such grant as in your judgment may appear right.

I have the honor to be, gentlemen, your obedient servant,

(Sgd.) FRANK KING.

TORONTO, 28th November, 1889.

SIR : I have the honor to solicit from the Municipal Council of the Corporation of the County of Welland the usual donation of \$10, which the Council has in the past been kind enough to vote the Ontario Artillery Association in aid of its Prize List.

I have the honor to be, sir, your obedient servant,

(Sgd.) L. HUMPHREY IRVING.

Secretary Ontario Artillery Association.

The County Clerk,  
Welland, Ont.

*To the Warden and Members of the County Council of the County of Welland :*

SIRS : The petition of the officers of the 44th Battalion

HUMBLY SHEWETH :

That the Band of the 44th Battalion is maintained by the officers of the Regiment, with the assistance of the members of the

Band themselves, and a small grant from the Government :

That the cost and expenses of maintaining the Band in an efficient state are very large, and entail an outlay on the officers much beyond the amount of their annual pay :

That this being an organization wholly within the County, whose services are often given for public entertainment free of expenses, your petitioners are of the opinion that an appropriation would meet with the approval of the tax-payers of the County :

Therefore your petitioners humbly pray that your Honorable Body will be pleased to make such an appropriation as will assist the officers in the purchase of instruments, etc., for the said Band.

*Re* MUNICIPAL SURVEY OF LINE BETWEEN 3RD AND 4TH CON.  
TOWNSHIP OF WAINFLEET.

SIR : Referring to the survey of the above line made by P. L. S. Kennedy on the petition of the County Council of Welland, and which on August 7th, 1884, you requested might not be confirmed for the present, and which Messrs. Willson and Reavely, under date April 27th, 1883, also requested might not be confirmed, I have to say that these gentlemen have, under date January 21, 1890, written this Department withdrawing their objection to the survey, and requesting that it may be confirmed forthwith, as they are anxious

to have a permanent line established. They state that they are acting with you in the matter : will you therefore be good enough to inform the Department whether the Council wishes the survey confirmed, or whether there is any litigation over the line. I may add that, as far as we can see P. L. S. Kennedy has acted as the law points out for such a survey.

Your obedient servant,

#### COUNTY SCHOOL INSPECTOR'S REPORT OF THE NUMBER OF SCHOOLS.

*To G. L. Hobson, Esq., Warden of the County of Welland :*

SIR : I have the honor to submit the following report of the number of schools under my jurisdiction for the year 1889 :

Number of schools in rural sections . . . . .	80
Number of schools in incorporated Villages . . . . .	4
Number of additional departments in rural sections and incorporated Villages . . . . .	11
County Model Schools . . . . .	1
Total . . . . .	96

Statistics of attendance, classification, etc., will be reported after the returns are complete.

I have the honor to be, sir, your obedient servant.

County Inspector.

Thorold, January 29th, 1890.

*To the Warden and Councillors of the County of Welland, in Council Assembled :*

GENTLEMEN : I beg to resign my office as Chairman of the Industrial Home Committee, as I feel that I cannot conduct the business of the Home in accordance with the views of a majority of this Council.

Yours respectfully,

(Sgd.) H. G. MACKLEM.

OFFICE OF THE HIGH COURT OF JUSTICE,

WELLAND, 20th January, 1890.

SIR : On the 22nd July last I had the honor to address a communication to the then Warden of the County of Welland, T. L. Stone, Esq., touching the manner in which the erection of the Jailer's and Turnkey's residences would affect the Light and other conveniences in my office.

I have the honor now to intimate that the circumstances then anticipated have been fully confirmed, and that, unless a remedy can be found, it will be necessary for me to seek other suitable and convenient quarters.

I desire respectfully to intimate that the difficulty can, in my opinion, be largely overcome in a very inexpensive manner, and shall be very glad to have the opportunity to suggest the plan to any committee of your honorable body.

I have the honor to be, sir, your obedient servant.

(Sgd.) I. P. WILLSON,

Local Registrar.

WELLAND, Ont., January 29th, 1890.

*To the Warden and Council of the County of Welland:—*

GENTLEMEN: I beg on behalf of the Matron to ask your Hon. Body for increase of \$100 on salary. I may add, gentlemen, we cannot find a Home in the Province of Ontario that is paying so little to the Matron, and also we cannot find one farm belonging to those Homes that has raised as much produce as has been raised this year on the County Welland farm. Yet in some instances these farms are nearly double in size, and have been running many years, and should therefore produce a great deal more. As the Matron was given to understand the grant would be dated back to June last, and as her duties have been and are so annoying and numerous, I trust, gentlemen, you will give this your most favorable consideration.

Yours respectfully,

(Sgd.) JOHN W. HEMMING,  
Keeper.

WELLANDPORT, Ont., Dec. 23, 1890.

*Mr. McGlashan, Treasurer County of Welland:*

DEAR SIR. I have received the grant of ten dollars from County of Lincoln Council to Monck County Farmers' Institute; also have grant from Haldimand County, \$10. Will you please forward to me the same amount as the other counties, and I will send you the necessary receipt. The roads are so bad that I could not get down to get it, and we want to use it. Please forward and oblige.

Yours very respectfully,

(Sgd.) GEORGE STEWARD,  
Treas. Monck County Farmers' Institute.

THOROLD, Ont, Jan. 30th, 1890.

*To the Members of the County Council of the County of Welland :—*

GENTLEMEN :—I hereby tender for the County Printing, as per your resolution inviting tenders for the same, for 1890, as follows :—

Minutes, 200 copies, type, style, etc., as per resolution, fifty cents (50) per page.

List of Convictions, in paper four (4) times, and 50 extra copies each time, eight dollars (\$8.00) the year.

Other County Printing to go with contract at regular rates.

Respectfully, (Sgd.) JOHN H. THOMPSON,

Mgr. Thorold Post.

WELLAND, ONT., 31st January, 1890.

ST. CATHARINES, January 27th, 1890.

*Jos. C. Page, Esq., Clerk, County Welland :*

DEAR SIR : --Enclosed is a memorandum of the cost of survey of Town Line between the Townships of Pelham and Clinton made from instructions from the Department of Crown Lands for Ontario-- which you will kindly bring to the attention of the County Council. Report, Map, Field-notes, Evidences, etc., has been transmitted in triplicate to the Department in Toronto. A copy of which when passed upon by the authorities there will be enclosed to you.

For present information I might say that the north-east corner of Gainsborough was located at a very early date, and from this point as located a line was run south to the Chippawa. The Township of Gainsborough was laid off, abutting on this line, and a road allowance provided for east of it. The Township of Pelham was laid off at a later date.

From this same starting point, the north east corner of Gains-

borough, a line was run north. The Township of Louth was first laid out abutting on this line, and a road provided to the west. Clinton was subsequently laid out, and in doing so, provision for a road was made west of the originally surveyed line, thus leaving a jog to the west of one chain at the Gainsborough corner.

Yours truly,

(Sgd.) E. GARDINER.

Memorandum of the cost of survey of the Town Line between the Townships of Pelham and Clinton, and planting stone monuments at the ends of each concession line in the said townships abutting thereon, as per instructions from the department of Crown Lands of Ontario :

stone monuments at the ends of each concession line in the said Township abutting thereon."

Previous to commencing this survey, due public notice was given of the time and place of commencing operations, and all parties interested were requested to produce such evidence as they might be in possession of regarding the original survey.

The amount of verbal evidence so obtained is quite limited.

The written information regarding the first surveys made in this locality go to show that the north-east corner of Gainsborough was located at a very early date. The east boundary of Gainsborough was run from this corner, of which survey the field notes are of record. The Township of Pelham was surveyed from the east at a later date, and closed on this line. Provision was made for a road between the townships, east of the Gainsborough line, or outside of the lands first surveyed.

There was also from the north-east corner of Gainsborough a line run north at a very early date. Access to field notes of this line are not to be had, but a sketch by Abraham Fredell of a retrace of this line is of record, and the few measurements written thereon are sufficient to connect it with lines now found on the ground.

On this sketch is noted the position of "two posts, one chain apart, and number twenty-three on the east side." The last or west tier of lots in Louth is numbered twenty-three. This fact goes to show that when the Township of Louth was surveyed, it was bounded by this line, and no provisions made for a road to the east of it. The Township of Louth was surveyed before the Township of Clinton, and, as in the case of Gainsborough, it appears the intention was to place the road outside or beyond the land first surveyed. The dimensions of the lots on either side of the line also bear out this view, the width of those in Louth varying but little from that intended in the original survey, while those in Clinton contain a large surplus.

It does not appear from any source that more than one line was run in the original survey, and that line is now marked on the

ground and is undisputed. It started from the Gainsborough corner, and forms the west boundary of the Township of Louth.

The only dispute or difference existing between residents in the neighborhood is with reference to the position of the road in relation to the surveyed line. Those in Pelham claim the road should be west, and those in Clinton that it should be east, of that line.

In 1832 George Rykert, deputy provincial surveyor, under instructions from William Chewitt, Esquire, acting Surveyor-General, etc., made a survey of the "gore and adjoining lands in Clinton." A report of this survey, with sketch and field-notes, are of record in the Department. On the sketch is an indication apparently of the stone at the Gainsborough corner, and were no reference made to the location of this road in the report, the conclusion would be that Mr. Rykert found that it should be placed east of that stone, but reference to his report shows this view to be erroneous: the apparent indication of the position of the stone on the sketch must have been unintentional. The following paragraph is taken entirely from Mr. Rykert's report of this survey:

"There appears to be a doubt existing with some whether the allowance for road between the Township of Louth and Clinton should be to the east or west side of the marked line. There is only one marked line to be found, and the road now open is to the west, which I am inclined to think is correct, on the ground that Louth must have been completed before Clinton was commenced, and the roads being generally outside of the stakes governing the townships: besides, it is evident that the first range of lots in Clinton have still more than their usual width."

Enclosed herewith is a copy of an affidavit by George C. Bradt, who was born and brought up in the vicinity (on lot one, concession ten, Clinton). He speaks of a survey made by Mr. Rykert some twelve years after that made by him of the gore and adjoining lands in Clinton. It was made for the purpose of establishing the boundary between lots one and two in the tenth concession of Clinton. The division then made by Mr. Rykert is now to be found in 1832.

on that occasion he placed the road allowance west of the surveyed line.

The affidavit of John Moot, senior, is also herewith. He employed Mr. Rykert to locate lines for him, and the position of those lines as now found show that the road allowance was placed west of the surveyed line.

That the road should be west of the surveyed line is plainly the opinion of residents, as they have opened it in that position, and encroachments on the limit of the road allowance are small.

Having failed to find any evidence going to show that the road should be east of the surveyed line, and esteeming the reasons above given sufficient to warrant its location to the west of that line, I have placed stone monuments measuring from three and a-half to four feet in length, cut from Queenston limestone, squared eight inches at the top, and beveled, to mark the limits of a road to the west of the surveyed line, in the manner laid down for my guidance in the instructions I have had the honor to receive from the Department.

No dispute is found regarding the position of either of the concession roads on which monuments are to be placed. The one in Pelham is marked by a stone, which probably indicates correctly the position of the concession road, as the distance from the Gainsborough corner to it closely corresponds to the distance given on Fredell's sketch before referred to. Many years ago, however, when making a survey in the tenth concession of Clinton, it came to my knowledge that this stone had been heaved out by frost, and lay on the surface for a time. It had then been replaced, but did not range with other monuments marking the township line. I have therefore, in planting the stones for this road, put them on the line of monuments known to be reliable.

The southerly of two stones marking the road between the ninth and tenth concessions of Clinton, planted on the surveyed line between the townships by Mr. Rykert, has evidently been tampered with, or was incorrectly planted. The letter (R) which should indicate the concession road and be placed to the north, is turned east.

The letters (L. No. 1.) designating the number of lot in Clinton, and which should be placed west, are turned north, and the letter (X) for tenth concession, Clinton, which should face south, is turned to the west. The length of the tenth concession in Clinton is given by Mr. Rykert in his report of 1832 as fifty chains. To this stone it lacks six links of that distance; whereas to the north stone the distance corresponds to that laid down by Mr. Rykert. The stakes marking this road, therefore, have been planted, using the northerly stone.

William Pysher, who lives on lot 22, concession 8, Louth, is the only witness from whom information was to be had regarding the south-west corner of Louth. He knew of a stone when he was a boy going to school standing at this corner, but it has been gone for a very long time. Mr. Pysher's father and his neighbor to the east bought from Fretz, the owner of lot 23, a strip of land two rods wide, taken from the south end of this lot for a road. This two rods had been measured from the stone referred to. By reversing this measurement from the fence to the supposed position of the stone, it was found buried three or four inches below the surface, evidently having been lifted by the frost and fallen over. It stood on low and mucky ground, and had gradually sunk in the soft soil, being outside of the fence; as the road was improved it became covered to the depth at which it was found.

I feel justified in regarding this stone as marking the original corner of Louth, from the fact, as shown by Pysher's affidavit, that it was so regarded by his father. It was also so regarded by Fretz' father, who owned lot 23, as the corner of this lot. Pysher and Fretz are now both old men.

No road is opened between the townships of Louth and Pelham excepting on the rear of lots three and four of Louth, it is there opened outside the limit of Louth. As might be expected, no information can be got on the ground regarding a road between these townships. The maps of record show that a road allowance is con-

templated. There is, I think, no doubt that it should lie outside the limits of Louth.

The stones here have been planted in accordance with this view.

Enclosed Herewith is a plan of the survey, with field notes and copies of the evidences of the witnesses examined, all in triplicate.

I have the honor to be, sir, your obedient servant,

(Sgd.) E. GARDINER,  
Provincial Land Surveyor.
